Chapter 121: problem occurs!

After half an hour, the two of them crept back to the Dadu apartment. After a brief wash, they went back to their rooms to sleep.

Within a few minutes after Ye Chen closed his eyes, he realized that the door had been opened, and Sun Yi sneaked in with the quilt in his arms.

"Xiao Tatsuko, didn't you sleep."

"Not yet, you are..."

Sun Yi stuck out her tongue: "Ruoxue's sleeping situation is a bit poor, the whole bed is occupied by her, I can't sleep at all. Tomorrow she will get up early, I can't wake her up, I will only have a few with you hour."

Sun Yi was almost the earliest among the three, so don't worry about Xia Ruoxue finding out the next day, and she had slept with Ye Chen anyway, the same time and again, she also believed that Ye Chen would not surpass Lei Chi.

Raid: Shadow Legends! Play Now!

"All right." Ye Chen slept outside for a few minutes, leaving a place for Sun Yi.

Not long after, Sun Yi got in in her pajamas.

More than ten minutes later, Sun Yi heard Ye Chen's heavy breathing and called Ye Chen's name softly. Seeing that the other party did not respond, he hugged Ye Chen from behind and pressed her body tightly.

Because she didn't wear a bra, the soft peaks squeezed and deformed on Ye Chen's back. Then, Sun Yi fell asleep sweetly.

She has always been like this, she can only fall asleep holding things.

Ye Chen actually kept his eyes open, but turned his back to Sun Yi, and the other party couldn't find it at all. He felt the extremely soft thing behind him, not knowing whether to cry or laugh.

Is this Sun Yi encouraging him to commit a crime?

.....

Early the next morning, when Ye Chen woke up, he found that Sun Yi had been gone. The voice of the two girls chatting came from the living room.

"Ruoxue, why are your eyes so swollen? Did you cry yesterday?" Sun Yi asked in surprise.

"No...no, is it obvious?" Xia Ruxue hurriedly went to the bathroom and took a photo. As expected, her eyes were swollen.

Although it doesn't affect her beauty, it can't be tolerated by someone like her.

"Ruoxue, what happened, someone bullied you? Or what?"

"No, I was blowing on the balcony yesterday, and my eyes were a bit dry." Xia Ruoxue said.

When she saw Ye Chen coming out of the room, she looked at her more interestingly. She rushed into the room and said: "I am a little uncomfortable today, so I won't go to Tianzheng Group, but Ye Chen, I will list the development and operation plans of the group at home, and discuss with Sun Yi then."

"it is good."

Ye Chen agreed.

Now the group has Sun Yi and Shen Haihua, and it has excellent products, which is enough.

As long as the implementation is in place, the development of the group will inevitably be like a broken bamboo.

At nine o'clock in the morning, Ye Chen and Sun Yi left.

Sun Yi went to Tianzheng Group, and Ye Chen was going to see Wang Yuheng. In the morning, he also wrote the exercises in his mind that are most suitable for ordinary people to practice in his notebook, and prepared to give it to Wang Yuheng.

If he is really suitable for cultivation, this book is enough to give him the ability to protect himself.

After all, I can't help him forever.

When I arrived at Jiangbei University, the security guards looked pale when they saw Ye Chen scared, and the four security guards took the initiative to open the door for Ye Chen, their attitudes were simply different.

Ye Chen went directly to the bedroom to find Wang Yuheng. Since the incident happened yesterday, almost all the students of Jiangbei University had to lower their heads to change the way when they saw Wang Yuheng, for fear of offending this man.

Not long ago, on the roof of the boys' bedroom.

Ye Chen glanced at Wang Yuheng's left hand in plaster, and asked, "What did the hospital say?"

Wang Yuheng scratched his head: "I thought my hand must be broken, but the hospital said it was just a minor sprain. My mother didn't believe it. After three filmings, the doctor was almost annoying, and the result was the same. My mother said it was a miracle. , I went to the Bodhisattva Temple this morning, but I know very well, Brother Chen, this must be your reason."

"Oh, so sure?" Ye Chen was a little surprised.

"Brother Chen, I really feel that you are different. Regardless of temperament or strength, I heard my mother say that you went to the army five years ago?" Wang Yuheng asked.

Ye Chen did not answer, but looked at Wang Yuheng and said very seriously: "Do you want to be as strong as me? Like yesterday."

Wang Yuheng was startled, swallowed, and nodded fiercely: "Of course! If I have the strength of Brother Chen, I will not bully, let alone watch my parents get beaten but can't pay back!"

His other fist was clenched, he knew very well that if there was no Brother Chen last night, the consequences would be disastrous.

Ye Chen was very satisfied with the answer. He took out the booklet from his hand and handed it directly to Wang Yuheng: "If you want to become stronger, this book will give you the answer."

Wang Yuheng stretched out his hand tremblingly, his eyes fell on the top words of the book-"Ziyun Ben Lei Jue"

opened slightly, his eyes widened directly: "Brother Chen, how is it possible, is this..."

"You are right, that's the thing. If you follow the lines on the previous pages, you will naturally understand."

"Also! You have to write down all the above items within a day, and then burn them personally. You must not be discovered by others, understand?"

"Understand!"

"Finally, I have to remind you one thing, the way of martial arts is much more dangerous than you think. It is the key to keep the Dao heart~www.mtlnovel.com~ If you don't understand, you can ask me."

"Yes, Brother Chen." Wang Yuheng said excitedly.

Ye Chen told Wang Yuheng about some things about the ancient martial arts world, and his phone rang just halfway through.

is Ye Lingtian.

"What's wrong?" Ye Chen pressed the answer button.

"Hall Master, something serious happened! Ling Tian is willing to be punished!" Ye Lingtian's voice came over the phone.

Ye Chen's eyes were instantly cold, and he asked, "What the **** happened!"

"Miss Xia was taken away! The three powerhouses I protected Miss Xia were all killed!"

"what!"

Ye Chen forced himself to calm down, and asked, "Could it be taken by the Xia family?"

If it were the Xia family, Xia Ruoxue would have nothing to do.

"Hall Master, it should not be the Xia Family. The Xia Family does not have such a powerful master in Jiangcheng! Judging from the wounds under my hands, it must have been done by the Grand Master, and more than one!" Ye Lingtian said solemnly, "Hall Master, all are My fault!"

"I don't care if it's your fault, Ye Lingtian! From now on, use all your power to find Xia Ruoxue! If you can't find it, don't come to see me! Also, send a car to Jiangbei University to pick me up as soon as possible! "

"Hall Master, I have arranged it, and I should be at the east gate of Jiangbei University within 30 seconds."

Ye Chen hung up the phone directly.

Wang Yuheng felt something wrong with Ye Chen's breath. Just about to speak, Ye Chen jumped directly from the top floor!

"Brother Chen, you..."

Before he finished speaking, Wang Yuheng was shocked to find that Ye Chen had fallen on the ground, and turned into an afterimage in the same place, like a cheetah, hurried toward the school gate!

"Is that human being?"

Chapter 122: It's a life-threatening thing, find people in 0 miles!

Dadu Apartment.

Ye Chen came upstairs like a madman, and found the door open.

He rushed in, and found that Xia Mu was already inside!

At this moment, Xia's eyes are full of anger!

She puts the latest life detection bracelet on Xia Ruoxue's body, and will always transmit Xia Ruoxue's heartbeat and body data.

But just twenty minutes ago, the data was suddenly interrupted!

As a mother, she instinctively realized that something was wrong, and rushed to the Dadu apartment in the first place!

found that the whole house was messed up!

Not only that, she also called Dadu's surveillance and found that three people had taken Xia Ruoxue away!

She has used all the power that the Xia family can drive to investigate, and right now, the most important thing is to find new evidence at the scene of the crime.

When seeing Ye Chen's appearance, Xia Mu almost collapsed! Endless anger made her wish to kill Ye Chen!

She grabbed Ye Chen's clothes and yelled: "Your promise to me the other day! Didn't you say that no one can hurt Ruoxue! Your promise! Why is Ruoxue gone now! You are talking! "

Ye Chen's eyes were cold, and he didn't say a word. He let Xia Mu act, and at the same time, his fists clenched! The cold murderous intent is over!

"Give me one day and I will bring Ruoxue back intact."

Just as Mother Xia wanted to say something, Ye Chen continued: "If I fail to do it, you will take away my life!"

After finishing speaking, Ye Chen came to the house and glanced around. There was nothing to find here, but there was still a strong breath.

The other party is really the master!

Since it is an ancient martial artist, if the opponent looted Ruoxue, it must be directed at him!

Damn it!

Ye Chen tried to calm himself down and broadcast three calls.

The first one is Bai Libing, let her use the power of the police station to find Xia Ruoxue.

The second one is Jin Lengyan. He wants to make sure that all Jiangcheng has the power of a master!

The third one is Zhou Zhengde. I hope he can use his network to find all useful information!

But five minutes passed, no one gave him the answer he wanted!

At this moment, Ye Chen's cell phone rang.

is a strange number.

"Hey?"

"Ye Family Waste, how do you feel now? Are you nervous?" A deep and playful voice sounded.

Ye Chen's eyes shrank, his murderous intent broke out, and his cold voice fell: "You took Ruoxue away. I don't know who you are, and I don't know what you want. I only give you one chance, let it go now. I won't look for you, and I won't track you down. This is the end of the matter.

But if you don't let go, I can tell you that in the past five years, I have become a nightmare for many people! Next, I will find you! Then kill your neck by yourself! No matter who is standing behind you, I will let them disappear into this world! "

The phone is startled, the script is wrong! He shouldn't be threatening the other party, how could he be threatened instead?

He just wanted to say something, with a beep, the phone hung up!

Fuck, what the **** is this!

is not like this!

He hasn't given the address yet! Without an address, how come this guy is here!

The man broadcasted it back, but it showed that the other party's cell phone was turned off!

He is going crazy! Did this kid just give up the woman in front of him?

Jiangcheng Beilun Port.

The man came to Jiang Yuanli and Chen Baoguo with his mobile phone.

Chen Baoguo sneered and said, "When did the kid say he will come?"

Jiang Yuanli also said: "Jiang Song, is this a mess?"

Jiang Song's face was very embarrassed, as if eating shit, he glanced at the two of them, and said helplessly: "Um... he threatened me and hung up the phone, I didn't even say the address..."

Ok?

"What did you say! Call back again!"

"That kid turned off..."

"How is it possible?" Chen Baoguo frowned, he didn't understand what Ye Chen was doing.

He glanced at Xia Ruoxue who was **** and blindfolded in the distance. They wanted to capture Sun Yi, but they didn't expect their people to bring Xia Ruoxue back.

Xia Ruoxue is the daughter of the Xia family. If something happens to them, the consequences will be disastrous.

They just wanted to seduce Ye Chen.

But it seems that this guy is not worried at all?

"Think of a way to inform, in any case, he must be here today!"

"Yes!"

.....

Jiangcheng, Dadu Apartment.

Ye Chen sat cross-legged and closed his eyes. There was a strange rune painted in front of him.

On top of the rune, there is an earring of Xia Ruoxue.

He is angry!

Not as a last resort, he definitely wouldn't use this kind of magic!

This kind of tracing technique is too much damage to the body!

If you are not careful, your body will suffer backlash, and your cultivation will stagnate!

But right now, he can't take care of that much.

Ye Chen pinched his fingers, and kept muttering something in his mouth: "The essence of life is reduced, and all things are born. The source of turbidity is the source of turbidity, the foundation of tranquility for the move. People can always be quiet, and the world will return..."

This is "The Great Dao Xun Jue", the supreme law that the old man gave him.

Desperate life, looking for people a thousand miles away!

As Ye Chen spoke faster and faster, the runes and earrings in front of them were floating!

The next second, burn directly!

Something strange happened, and the flame turned out to be blue! It even formed a strange shape.

"It's now!"

Ye Chen bit his finger and shot a burst of blood! When the blood hits the flames, the flames are overwhelming!

A picture appeared in his mind.

Container, crane, sea, Beilun...

Ye Chen's eyes suddenly opened, his blood surged, and he couldn't restrain it anymore, he spit out a mouthful of blood!

Even though his face was pale, the cold murderous intent continued to overflow, and the whole house fell into deathly silence.

"It turns out that people who dare to move me in Beilun Port, I will uproot you!"

.....

4 pm Beijing time, Beilun Port.

This is the old port in Jiangcheng. Because the government planned the new Wangjiang New Port, it was temporarily vacant.

The ground was covered by old containers.

At this moment, in a container, Xia Ruoxue was tied to an iron chair, and the rope on her body had already drawn blood on her white skin.

She didn't feel nervous at all, but rather calm, she paid attention to everything around her.

Judging from the hands of these people, they are ancient warriors, and they are obviously carefully planned.

Also ~www.mtlnovel.com~ This group of people should know her identity, so they didn't hurt her, and even gave her water regularly.

She felt more like bait, and the few people outside seemed to be waiting for something to come.

"Do these people use their own means to threaten the Xia family? Looking at the entire Jiangcheng and Jiangnan Province, who dares to take the risk and offend the Xia family?"

Just then, Jiang Song walked in, holding a bottle of water in his hand, and said to Xia Ruxue blankly, "Drink!"

Xia Ruoxue turned her head, rejected the other's kindness, and said coldly: "Who are you anyway? Do you know what it means to offend the Xia family?"

Jiang Song saw that the other party didn't know what was good or bad, so he threw the water out: "I love to drink or not! Damn, when did I serve people like this, I Jiang..."

Jiang Song's voice stopped abruptly, almost exposed.

"Miss Xia, don't show off your Xia family's prestige in front of Lao Tzu. This world is not as easy as you think. I'm just a fate. Even if I kill you, it's a big deal! And you! ..."

Before he finished speaking, an instrument in his hand flashed red suddenly.

Seeing this red light, Jiang Song's face changed slightly, and someone came!

He naturally didn't think it would be Ye Chen, but once they were discovered by others, the consequences would be disastrous.

Regardless of Xia Ruoxue, he hurried out.

Leaving the container, Jiang Song suddenly noticed that the wind was blowing in Beilun Port.

There is a strong wind.

It was as if the entire Beilun port was locked by an invisible aura.

Chapter 123: Crush!

Beilun Port Entrance.

"Boom!"

With a loud noise, the iron gate was kicked directly on the ground and almost cracked.

The dust billowed, and a figure of a young man appeared at the entrance.

is Ye Chen.

Ye Chen glanced around, and naturally found a few strong breaths.

really is here.

"Since you like playing games so much, I will stay with Ye Chen to the end!"

"who!"

The four youths came to Ye Chen in an instant, blocking Ye Chen's path.

They are all disciples of Chen Baoguo, masters of the realm of strength!

Chen Baoguo directly named them Wujin, Wumu, Wuhuo, and Wutu for convenience.

In the past ten years, they have been practicing ancient martial arts and killing skills, and their strength is extremely terrifying. This is one of the reasons why Chen Baoguo took them down the mountain.

But when they saw Ye Chen's appearance, everyone was stunned!

eyes widened, like hell!

Doesn't this guy know the address? How did you find it here?

The three masters of the Jiang family also walked out of the container, seeing Ye Chen dumbfounded.

Everyone's eyes fell on Jiang Song, because he made the call.

"Jiang Song, are you lying to us?"

"This child is chasing here, how do you explain it!"

Jiang Song really wants to cry without tears.

"I do not know either!"

He obviously didn't mention the four words Beilun Port on the phone, and the other party did not give him a chance!

But this guy just appeared in front of him again, Jiang Song really felt a bit fucked!

"Hmph, go and explain to those two by yourself!" Wu Jin said coldly, "Since this son is here, let me understand it! I want to see what strength makes you such unscrupulous murder!"

The words fell, Wu Jin turned into an afterimage in the same place, and even hit Ye Chen's chest with a punch!

Very fast!

At the moment when he was approaching Ye Chen, his fist turned into claws!

His fingers have thick calluses, like steel bars!

Once was caught, he had the confidence to directly squeeze this kid's shoulder! The powerful energy seemed to lock Ye Chen's vitality!

The corners of the mouths of the other disciples of Chen Baoguo had already appeared a triumphant arc.

They knew Wu Jin, and once he used the Tiger King's claws, he meant to face the young man.

And once he was confronted, there was only blood and death!

Ye Chen didn't move, as if frightened.

Jiang Song is a little strange, is it enough to deal with this kid alone? Chen Baoguo and the master are too high to look at this kid.

Even so, he still pressed the button of the remote control in his hand, and thirty cameras at Beilun Port captured at the same time. These cameras could transmit the facts of the picture to the Chen Family Villa more than ten kilometers away.

"Boy, you're so **** scared." Wu Jin sneered.

In order to kill him, he directly changed direction and grabbed Ye Chen's chest!

He wants to penetrate this kid's body and dig out his heart.

However.

In Ye Chen's eyes, all this is no different from a child's play house.

At the moment Wu Jin's Tiger King's claws were about to fall on Ye Chen's chest, Ye Chen moved and hit him with a punch!

This punch is unpretentious! But it carries a faint air current!

"Damn, I want to fight my tiger with one punch..."

hasn't finished speaking, the fists collide!

Jin Qi and Zhen Qi kept colliding, but the result was-crushing!

Wujin's five fingers were directly broken, and the powerful air current cut off his five fingers like a steel knife!

Not only that, Ye Chen's fist seemed to be unimpeded, and directly pierced the opponent's chest!

Blood bursts!

Wu Jin didn't even have time to react, his body flew out, blood splashed, and he died on the spot!

One punch, one punch!

"Tiger King's Claw? The name is good, but the strength is really rubbish!"

Everyone's brains are blank!

No matter how trash Wujin is, it is also the realm of the master!

Is it possible that the current Jiangcheng master is everywhere, and it is all rubbish?

Without giving everyone time to react, Ye Chen moved again.

His whole body is like a wave of air, wherever he goes, the wind is whistling, making a low whistling sound, tearing the air, and dashing away.

"No, let's go together!"

The three people who reacted did not hesitate anymore, but before he could make a move, he found that his body seemed to be imprisoned by a force of strength, unable to move!

And Ye Chen stepped on, there was a deep footprint on the ground!

His body reached mid-air, and then he swiped his whip and swept it horizontally!

The three of them were panicked, their eyes were full of fear, they could only raise their hands and block away!

But, it's useless at all!

"Crack!"

There was a clear cracking sound, followed by a heart-piercing scream.

Not only that, but a force like a thousand catties collided! The bodies of the three were directly lifted off!

hit the container severely!

The two containers were sunken on the spot, distorted in distorted form! The two bodies were twitching constantly, without the power of a battle!

While Wuhuo was the worst, his body slammed into the opening of the container, and the strong momentum directly broke his body in half!

"Guru!"

Jiang Song swallowed, his back was completely wet.

His eyes were staring at Ye Chen, fear shrouded in his heart.

Although these four people have just entered the realm of grand masters, they are also grand masters!

The four of them teamed up, and they couldn't even touch that kid!

The key is beheaded!

The whole process~www.mtlnovel.com~ Ye Chen only made two moves!

punch!

kick!

What kind of devil is this!

Ye Chen's icy eyes fell on the three masters of the Jiang family.

An indifferent voice sounded: "If I guessed correctly, Xia Ruoxue was the three of you kidnapped."

The voice was very soft, but it exploded in the ears of the three masters of the Jiang family!

"If you don't speak, you will admit it. In that case, die."

Ye Chen rushed towards the two people in front! He hates threats! I hate other people threatening with people around him!

The expressions of the two Jiang Family masters changed, and a few steel needles appeared in their hands, and they shot at Ye Chen without hesitation!

They know very well that if they fight in close combat, they are not qualified to fight the guy in front of them!

The opponent's power completely crushes the general master!

The strength of this person can definitely make it into the China Grandmaster Ranking!

How do they fight?

Unless Chen Baoguo and his master take the initiative, it is possible to kill this son!

The steel needle shoots out, and there is a sound of breaking through the air. They thought that this would make the other party a little bit jealous, but they didn't expect that when the steel needle was about to fall on the other party, it would stop! The steel needle was suddenly twisted and fell directly to the ground!

"how is this possible!"

The expressions of the two of them changed drastically, before they came out of the shock, Ye Chen slashed with a palm, and one of them hit the ground on the spot, their bodies almost twisted and completely dead.

Just when Ye Chen was about to kill another person, a scolding sound sounded: "Stop! You dare to kill him, and your woman can't live!"

Ye Chen's violent aura suddenly stopped, and his palm fell on the head of the Jiang family master. The fierce wind directly cracked the opponent's cheeks, and blood leaked out.

Chapter 124: No one can threaten me!

Not far away, a short knife appeared in Jiang Song's hand, and the short knife was touching Xia Ruoxue's white neck!

As long as Jiang loosens, Xia Ruoxue will surely die!

"Ye Chen, if you dare to touch my brother, Miss Xia will definitely die."

Jiang Song threatened.

At this moment, Xia Ruoxue did not panic at all, but looked at Ye Chen in the distance with a little surprise.

Why is this guy here?

Is he here to save himself?

Xia Ruoxue glanced around again, her eyes were full of horror when she saw the horrible bodies.

Could it be that Ye Chen did all this!

Seeing that Ye Chen did not speak, Jiang Song continued: "I know your strength is very strong, but since you appear here, you just want to save this woman! You had better not act rashly, we are just a fate, and this one Miss Xia is the noble princess of the Xia family in Jiangnan Province, you should know who is more disadvantaged."

Ye Chen didn't have any expression, but sighed: "You shouldn't move her, you really shouldn't."

Jiang Song coldly snorted: "Boy, don't talk nonsense to me, kneel down for me now! Otherwise I want this woman to die!"

"Ye Chen, don't listen to her, he dare not kill me!" Xia Ruoxue said.

Jiang Song saw that Xia Ruoxue was so uncooperative, his face was a little angry: "Smelly bitch, don't talk nonsense to me, or I will just break your neck!"

After finished, he even stared at Ye Chen and ordered: "Don't let me go, then kneel! Kneel on both knees! Hurry up!"

"You let me kneel? Are you sure?"

Ye Chen's faint voice sounded, as if he had heard some funny joke.

Jiang Song just wanted to say something, but Ye Chen moved, and a hand was directly clasped on the neck of the Jiang family master in front of him. With a sound, his neck was twisted on the spot.

The cold killing intent covers the audience!

Jiang Song's eyes shrank, never expected that he threatened Xia Ruxue, but the other party was still indifferent!

Isn't this guy afraid of Xia Ruxue's death!

Ye Chen threw the body out, and then walked towards Jiang Song step by step.

Although Jiang Song was hostage in his hand, he was still panicked at this moment! Ye Chen's momentum is too terrifying!

He could only use the knife against Xia Ruoxue, and stepped back a few steps: "Don't come over, come over again, I will really kill this woman! No matter how strong you are, no matter how fast you are! It is impossible to get faster than mine. The knife!"

"is it?"

Ye Chen outlined a cold smile at the corner of his mouth, and then shot out infuriating energy from his fingertips!

Zhenqi Huajian! Cut through the sky!

"噗哧!" Shout! Passed directly through Jiang Song's eyebrows.

Jiang Song's eyes widened, he did not expect Ye Chen to make a move at the last moment!

"Boom!"

His body fell directly backward, completely devoid of vitality.

Ye Chen glanced at Jiang Song's body and said lightly: "You should be the man who talked to me. I gave you a chance on the phone. If you chose the former at that time and put Ruoxue, you might be another one. It's over, but unfortunately you just wanted to die."

Xia Ruoxue stared at Ye Chen with her beautiful eyes, she found that this man had given her too many surprises.

As the jewel of the Xia family, she has seen all kinds of characters, even martial arts masters!

But no strong man has Ye Chen's method!

She suddenly thought of the genius of the Qin family whom her father asked her to marry. Even though the opponent is a martial artist, Ye Chen is not bad at all!

There was even a little expectation in her heart. If Ye Chen's strength far surpassed the genius of the Qin family, would he be able to change his mind?

And after so many days, she actually thinks that Ye Chen is more attractive than the so-called big family or geniuses!

At least at this moment, she felt an overwhelming sense of security!

Ye Chen has already come to Xia Ruoxue, worrying: "Are there any injuries?"

Xia Ruoxue shook her head like a rattle: "No."

"Okay, let's go, many people are worried about you." Ye Chen said.

After all, in order to find Xia Ruoxue, the entire Jiangcheng forces surged.

And when Ye Chen came to Beilun Port, he accidentally found a few corpses outside. Obviously, someone had found here before, but because of his lack of strength, he was directly beheaded by those people, otherwise there would be no news of Xia Ruoxue in the city. .

Ye Chen then sent out a few text messages to stop those people from looking for them, and even asked King Nanjiang to come and deal with the corpse.

These corpses should be able to determine who is behind the scenes.

No matter what power or family, Ye Chen must be uprooted!

Suddenly, Xia Ruoxue's footsteps stopped, and she stared at Ye Chen with her cold, arrogant and smart eyes: "Are you really an ancient martial artist?"

Ye Chen was startled and nodded: "I think so."

He is actually a cultivator, but he doesn't want to explain too much. Both the ancient martial arts world and the cultivation world respect the existence of force, and the essence is the same.

"Then do you know the Qin Family in Jiangnan Province?" Xia Ruoxue said after hesitating for a long time.

Ye Chen frowned and shook his head: "I don't know, did they offend you? I don't mind helping you get rid of it."

Xia Ruoxue heard that Ye Chen was about to destroy the Qin family, took a deep breath, and waved her hand again and again: "No, I just asked casually."

Since childhood ~ www.mtlnovel.com ~ Almost every banquet or family meeting, Xia Ruoxue will hear the word Qin family.

The two words seem to exist above all the families in Jiangnan Province!

She has never been to the Qin family, nor has she seen anyone in the Qin family.

But it does not prevent her from understanding the horror of the Qin family.

Ye Chen wants to destroy the Qin family, almost a fantasy!

In fact, Xia Ruoxue wanted to resist this marriage contract and strive for her own happiness, otherwise she would not leave Xia's family early and come to Jiangnan Province.

But as time went on, she realized that there was not much time left for her.

The key is that the person of my marriage contract is actually the Qin family.

Once she resists, not only will something happen to her, but the entire Xia family may no longer exist.

"Forget it, take one step and take another step, hope that there will be any opportunity..."

.....

At the same time, the Chen Family Villa.

There was silence.

Chen Baoguo and Jiang Yuanli stared at the big screen in front of them without saying a word.

They even felt that their breathing was choked.

The seven masters of the transformation world can't kill a young man in his twenties!

What a joke!

Anyone who cultivates martial arts will not believe it.

But the bare facts appeared before their eyes, and they couldn't refute it.

For a long time, Chen Baoguo took the lead to break the silence, saying: "According to the opponent's strength, at least he can be in the master list."

Jiang Yuanli nodded: "But judging from the opponent's shots, this guy doesn't seem to have any martial arts in terms of his shots. It's purely a crush on strength. I don't know if those people are too weak to use martial arts, or because of this kid. No martial arts skills at all."

Chapter 125: Budo stand!

Chen Baoguo also said: "This is also my only doubt now. This boy has killer moves everywhere, and the methods are harsh, but the real strength of this boy is not visible from the video alone, but just imagine that this kid is only in his twenties. And only five years of martial arts training, even if the other party is a wicked talent, it is impossible for us to practice for decades!"

"Then Zongshi Chen meant, do you still decide to challenge this person at the Budotai?" Jiang Yuanli said.

Chen Baoguo stared at Ye Chen on the screen and said angrily: "Of course! He brutally killed my people. If he doesn't kill him, my martial art can't go further! If you let it go, everyone will feel that I Chen The family is afraid of this kid!

I originally planned to kill this child with one move, but now it seems that the opponent's strength is good, I can only torture slowly. "

Jiang Yuanli glanced at Ye Chen's appearance. For some reason, there was a vague premonition in his heart, but since Chen Baoguo's heart was determined, he naturally wanted to support it. He turned his eyes and said: "If this kid challenges, I will ask Mr. Yuan to do it. The referee, based on my friendship with Yuan Lao, even if this kid has a chance of winning, I have to reduce him to zero!"

In the challenge of Budodai, there will be several strong judges presided over by justice.

When Chen Baoguo heard Mr. Yuan Lao, he took a deep breath, and said excitedly: "Could it be that Yuan Lao who once entered the 400th place on the Chinese Grand Master List!"

Jiang Yuanli nodded: "Yes! I want to see what this kid wins!"

.....

Jiangcheng Dadu Apartment.

Ye Chen and Xia Ruoxue had just arrived home, the door was pushed open before their buttocks were hot.

It was Xia Mu who came in!

Mother Xia came to Xia Ruoxue and carefully checked every part of Xia Ruoxue's body: "Ruoxue... are you okay, why are you suddenly taken away?"

Xia Ruoxue frowned when she was so rude to her mother, but still said, "Mom, there is nothing wrong, it's just a misunderstanding."

"Misunderstanding?" Xia Mu's voice increased a little, and she glanced at Ye Chen coldly before saying to Xia Ruoxue, "What misunderstanding will knock you out! What misunderstanding will force the goal to take you away! Ruoxue, since some people cannot guarantee your safety, you will come home with me now! Your dad has transferred three powerful men from Jiangnan Province, and they are enough to protect you!"

Xia Ruoxue resolutely refused: "I will not go! I will stay here, not going anywhere!"

Mother Xia wanted to forcibly take Xia Ruoxue away, but when she saw Ye Chen's cold eyes, she didn't dare to do so.

The boy in front of her is a bit weird. The breath on the key body seems to be half of it crawling out of the pile of corpses. The murderous intent that this boy broke out that day, even though it has been so many days, she still has some lingering fears.

Suddenly, Xia's mother thought of something and said to Xia Ruoxue: "Ruoxue, you should know that your birthday is coming soon. You can go back with me for a few days. After your birthday, you can come back here anytime."

Xia Ruoxue was a little moved, after all, her mother had made the biggest regression.

And anyway, she still has to attend the birthday party.

"Also, your grandmother may return to Jiangcheng today to celebrate your birthday, so you don't want to see her?"

Xia Ruoxue heard the last words, her chest rises and falls, and she is quite excited: "You said grandma is coming too? She is back from abroad?"

Mother Xia nodded: "I don't have to lie to you about this."

Xia Ruoxue bit her lip and looked at Ye Chen. Just as she was about to say something, Ye Chen nodded and said: "You can go back, see the old man, and say hello to me by the way. Also, I will come on your birthday. , Then I will pick you up to the apartment."

Ye Chen had his reasons, most apartments are no longer safe, Xia Ruoxue would be a good choice to return to the villa.

What's more, he can see how much Xia Ruoxue cares about her grandmother.

Of course, more importantly, he has to clear some things these days.

He wants to kill all threats in the cradle.

In the end, Xia Ruoxue left with Xia Mu and others, and even before leaving, he handed over a Tianzheng Group development plan document to Ye Chen.

Although he does not understand business, he can also see the value of this document.

Xia Ruoxue, as the president of Huamei and even the child of the top business family in Jiangnan Province, has a higher control over the development of the enterprise than Shen Haihua.

Ye Chengang was planning to take this document to Tianzheng Group, when suddenly, a young boy about ten years old came to the door of the apartment.

"Are you Uncle Ye Chen?"

Ye Chen nodded.

"Uncle Ye Chen, a grandpa asked me to give you this thing."

The little boy gave Ye Chen the letter in his hand, and then bounced away.

Ye Chen frowned slightly, and opened the letter suspiciously.

soon discovered the above text!

"Kill my family member Chen, and you will be able to accept a battle in the martial arts platform! If you don't fight, you can defend the people around you, several times!"

Signature, Chen family, Chen Baoguo!

The latter sentence is obviously a threat!

Ye Chen narrowed his eyes. When he killed the Chen family and his son, they threatened the father of Wuyi Mountain, and now the father is finally back.

From the following sentence, Xia Ruoxue's kidnapping is also related to the Chen family!

Only the master can avoid everything and take Xia Ruoxue away!

If they do not accept it, Sun Yi and Xia Ruoxue will not be at peace!

"Since you brought it to the door by yourself, I can save me from looking for you."

A cold arc appeared at the corner of Ye Chen's mouth.

After that, Ye Chen left the Dadu apartment and prepared to go to Tianzheng Group.

As soon as he got downstairs, a black commercial car stopped in front of him urgently, the door opened, and Jin Lengyan hurriedly walked down.

"Mr. Ye, have you received a challenge letter from the Budodai!"

Ye Chen was startled, and immediately raised the letter in his hand, and said: "Is this what you said?"

Jin Lengyan snatched the letter, glanced at it, his face changed drastically, and he muttered: "It's actually true... Damn..."

"What's wrong? How did you know?" Ye Chen curiously asked, after all, he only received it for a minute~www.mtlnovel.com~Does the Budo Family Jin Family get the news? This is too fast.

Jin Lengyan quickly explained: "Mr. Ye, the martial arts station has long been posted, and now the entire Jiangcheng forces know that you have a battle with Old Man Chen. The Jiangcheng martial arts station is a place used to resolve disputes. It has been five or six years. It has not been activated! Because of the martial arts stage, a martial artist must die! Chen Baoguo obviously intends to kill you on the martial arts stage!"

Jin Lengyan saw that Ye Chen didn't show the slightest expression, and continued: "Mr. Ye, the challenge letter from the Martial Arts platform can be rejected. You just need to ignore it. This is not a confession, this is a judgment! Besides, you have the Zhou family and the army behind you. Fang, then Chen Baoguo dare not touch you!"

She thought her persuasion would be useful, but she didn't expect Ye Chen to smile, "Why refuse? Chen Baoguo, I haven't taken it seriously yet. Since he came to die, I would kill him."

Jin Lengyan's face paled: "Mr. Ye, you don't even know the strength of Chen Baoguo! He entered the realm of the master more than ten years ago! Even after so many years of practicing in Wuyi Mountain, it is said that he had obtained a very powerful martial arts! I hid in Wuyi Mountain for fear of being watched! Even my father might not be able to deal with such a strong person, let alone you! There is only one life! Don't be impulsive!"

If it weren't for Ye Chen's love for the medicine a few days ago, she would definitely not come all the way to persuade.

She knew that Ye Chen was very strong, and she even killed Jiang Wenlin easily, but can Jiang Wenlin compare to Chen Baoguo?

One place, one heaven!

"Mr. Ye..."

Just as Jin Lengyan wanted to say something, Ye Chen interrupted: "Budotai, I must go. One day the tiger will return to the mountain, and I will stain half the sky with blood!"

Chapter 126: Your resume!

Jin Lengyan never expected Ye Chen to be so persistent.

This is no different from sending death.

Once he steps on the martial arts platform, Ye Chen will inevitably be crushed mercilessly.

The key is that Ye Chen has almost no acquaintances in Jiangcheng's martial arts circle. If then, if Chen Baoguo is playing on the referee.

This guy doesn't even have his only life.

Jin Lengyan sighed farewell to Ye Chen, returned to the car, and dialed his father's number.

"Dad, this guy is still going to the martial arts stage, do we still have to help?"

After a few seconds of silence on the phone, there was a majestic voice: "You prepare for the funeral company, and prepare a better coffin for this kid. If you live, you can't repay it. If you die, give him a beautiful funeral."

Jin Lengyan's face changed slightly: "This...Dad, is it a bit too much?"

"Excessive? My Jin family gave him a chance again and again, but he didn't cherish it once! Who is too much! Also, I advise you not to get involved in Ye Chen's affairs, even if there is a source of pill, what about this? Knowing that young people who conceal their edge will not be the climate!"

"Yes, Dad."

.....

Ye Chen came to Tianzheng Group and just about to go upstairs, Ye Lingtian also called.

"Hall Master, you want to accept Chen Baoguo's challenge?"

Ye Lingtian's hurried voice came.

"Is this all spread to Jiangnan Province?"

"Hall Lord, Chen Baoguo is very strong, at least able to enter the top 600 of the grandmaster list! Do you need me to send someone to kill!"

Ye Lingtian's elite are all in Jiangnan Province, and there are many strong ones among them. As long as Ye Chen nods, he will not hesitate to send a master to kill him.

"No, I can handle it." Ye Chen said lightly.

"Hall Master, it is said that Chen Baoguo still has a special martial art in his hand, so you can't take it lightly!"

Before Ye Lingtian finished speaking, Ye Chen hung up the phone.

As soon as he hung up, Zhou Zhengde also called.

is obviously also for the Budodai business! It is nothing more than persuading oneself not to accept Chen Baoguo's challenge!

Not only that, Bai Libing, Zhu Rende and Ye Chen's acquaintances almost all called!

No one is optimistic about Ye Chen!

think Ye Chen is looking for death! Persuade him to give up the challenge of Budotai!

This annoying Ye Chen almost dropped his mobile phone. Are these people so aspiring to destroy their prestige?

Fortunately, Shen Haihua and Sun Yi didn't know about it, so they directly talked to him about the group.

At present, the group is already negotiating several pharmaceutical factories in Jiangcheng, and through acquisition, the progress is faster.

is expected to be on the production line on the 1st of next month.

"Mr. Ye, there is a big problem before our eyes. The medicines we produce are a bit special, and it is very troublesome for the country to file for approval.

We talked to the Provincial Drug Administration, and when we heard about the efficacy, we all thought it was nonsense and could not be filed. The "Drug Production License" was simply not available. Even if the approval is successful, once the formulation of the drug is filed, confidentiality will have a great impact.

Finally, the people above are unlikely to allow this kind of thing to exist. "

Ye Chen thought for a while, and asked: "Is this thing going to be approved by the province?"

"Not only the province, the country also has a process, which is very complicated. If Mr. Ye is convenient, you can ask the Zhou family. The Zhou family may have a way out."

Shen Haihua Road.

Ye Chen thought for a while and wanted to agree: "Leave this to me, and I will give you an answer tonight."

"Yes, Mr. Ye."

Shen Haihua knew very well that without Ye Chen's contacts, Tianzheng Group could not develop at all.

But now the two are obviously subordinates, and they call Mr. Ye strange, but Ye Chen is not allowed to call him President Ye.

Because Sun Yi had to work overtime today, Ye Chen had to go back first. As soon as he got out of the gate, the phone rang again. It was a strange number.

Ye Chen hung up the phone directly, maybe it was someone who persuaded him not to go to the Budotai.

But within a few seconds, it rang again, and in desperation, Ye Chen answered the phone.

A low voice came from the other end of the phone: "Ye Chen, I am Ying Qing. I went out and walked towards eight o'clock. There was a white van with double flashes, and I got in directly."

After speaking, the phone hung up.

Ying Qing? The guy from the Dragon Soul Commando?

This guy said three days to give himself news, how many days have it been?

But now that he has the Zhou family relationship, Tianzheng Group naturally no longer needs Yingqing's umbrella.

Ye Chen had planned to ignore it, but after another thought, the Zhou family's main influence was in Jiangnan Province, but the Dragon Soul Commando was a special national-level team that only obeyed the orders of the head of China No. 1 and its power was obviously higher than that of the Zhou family.

At the moment, doesn't Tianzheng Group's approval just need to get through the relationship? If you directly rely on the Dragon Soul Commando, it is obviously more efficient.

Thinking about all this, Ye Chen walked directly towards the position Ying Qing said.

Sure enough, there was a white van parked at the intersection. The key van was very old and did not look like a mysterious force directly under the Central Committee.

This Dragon Soul Commando has no cards?

Don't even have a decent military vehicle?

Ye Chen opened the door of the car, sat in, and found Ying Qing sitting inside.

Ying Qing slightly apologized and said: "I'm really sorry, there are special tasks these days, I have asked the leader about your affairs, the leader is now in Jiangcheng, now in the past, do you have time?"

Ye Chen nodded: "Okay. UU reading [www.uuk a nshu.com](http://www.uuk.a.nshu.com)"

Ying Qing gestured to the rearview mirror, and the man with a short head started the van and headed west of Jiangcheng.

half an hour later.

The car drove into a base in Jiangcheng, and after verification by layers of checkpoints, the car stopped in front of a special building.

"Ye Chen, carry this pass card with him." Ying Qing handed a military green card to Ye Chen, and then ordered, "Follow me, and see my leader later, I hope you will converge a bit, whether you are For Tianzheng Group or for yourself."

The words are even threatening.

Ye Chen didn't say a word, and it was okay to ask him to constrain. If the other party is too much, no one can blame him.

Not long after, Ying Qing took Ye Chen to a special conference room. He knocked on the door and said outside: "Report to the chief, Ye Chen will bring it!"

"Let him in." A majestic voice came from the conference room.

The door opened, Ye Chen walked in, and soon saw a middle-aged man in casual clothes with his back facing him, his hands behind him, and looking out the window.

Although the opponent did not make any movements, Ye Chen could feel that the opponent was a martial artist, and his strength was definitely not weak.

Even Ye Chen felt a little danger.

At this moment, the middle-aged man opened his mouth and said: "Ye Chen, male, from Jiangcheng, Jiangnan Province, father Ye Tianzheng, mother Jiang Hirong, five years ago, the Yunhu Villa tragedy in Jiangcheng, a family of three unfortunately died, five years later, Ye Chen died And resurrected, returned to Jiangcheng, has entered the realm of the master, in order to avenge, killed the Chen family father and son, killed Yao Jingu, and annihilated hundreds of people! He also killed Jiang Yuanli, the son of Jiangcheng martial arts family! Condensation kills!

A few days ago, the Tianzheng Group was established. It has a close relationship with the Jiangnan Zhou family, but remains hostile to the Jiangnan Xia family..."

Chapter 127: Protect this person!

The middle-aged man said at the end, he turned around, his sharp eyes like an eagle seemed to penetrate the human heart!

"Ye Chen, your resume during this period alone is enough to crush others for a lifetime."

Ye Chen's eyes condensed, the previous information was found to be nothing, but he never expected that he killed Jiang Wenlin and was discovered by the other party.

It seems that there is no impermeable wall in this world. It is easy for the real power of China to find something!

The middle-aged man sat in a chair and poured two cups of tea. Continued: "I'm really curious about where you have been in the past five years. I even mobilized the satellite for you, but I didn't find it."

"I am not only curious about this, I am even more curious about your confidence to accept the challenge of a master who has been in martial arts for decades!"

The words fell, and the middle-aged man gathered his energy in his hands and violently pushed the tea cup in front of him!

The teacup slides along the table, surging vigorously, extremely fast, but dripping!

Ye Chen snorted coldly, and stretched out his hand directly, the teacup stopped, and his energy was surging!

He picked up the teacup, took a sip indifferently, and then said: "You are so much nonsense!"

The face of the middle-aged man changed slightly. He knew better than anyone what kind of power the tea cup he pushed out just now!

Even if the master is strong, it may not be able to catch it intact!

Even if I catch it by chance, the strength is strong enough to tear a teacup!

But Ye Chen not only caught the teacup, but also broke his energy!

His Furui Bubo's heart was trembling greatly, and he far underestimated the strength of this son!

Suppressing the shock in his heart, the middle-aged man said: "Introduce yourself, my name is Lei Shuwei, I heard Ying Qing say, you want to cooperate with Dragon Soul Commando? What kind of cooperation? Now you have Zhou's help behind you. , Many problems will be solved."

"Of course, if you choose to join the Dragon Soul Commando, I can do many things for you, your strength is worth it!"

Ye Chen tapped his finger on the tabletop: "Join you? Impossible! I'm unrestrained."

"Now Tianzheng Group needs to produce drugs, and some procedures are too troublesome. I just ask you if you can give the green light on this matter. If not, I will go right away."

Ye Chen has stood up.

Lei Shuwei pondered for a few seconds, and said seriously: "I can help you fix this, but what can we get? A win-win situation is the best situation."

Ye Chen snorted coldly, took out a pill from his pocket, and threw it out: "I can give you two hundred of this kind of thing, and I can't make a counteroffer."

His attitude is extremely tough.

Lei Shuwei took the pill. He heard Ying Qing say that this person has an extremely effective healing pill. When he saw the pill pattern, his eyes suddenly shrank.

As expected!

The drug is very effective!

This child absolutely controls a large number of pills!

For the Dragon Soul Commando, this pill is too important.

"Five hundred." Lei Shuwei thought for a while, bargaining.

The pill is very valuable. He must fight for more pill to maximize the benefits.

Five hundred Ye Chen would definitely not agree, but adding one hundred to the two hundred should be no problem for him.

Ye Chen heard this number and slammed the door straight away.

He gave two hundred, based on the contribution of the Dragon Soul Commando to the country, but some people are so greedy that he can't be blamed.

Lei Shuwei saw that Ye Chen was about to leave, knowing that his prediction was wrong, and quickly said: "Stop! Two hundred is two hundred!"

Ye Chen stopped, and changed his words: "I have changed my mind now. One hundred pills. If possible, I will sell them directly. If not, I will leave immediately!"

Lei Shuwei was furious!

Throughout China, who would dare to speak to him like this!

I have agreed to the other party's conditions! The other party has shrunk by half again!

He lost a lot!

He just wanted to say something, Ye Chen's faint voice sounded again: "If I don't make a decision within five seconds, I may still change my attention! Five, four..."

Lei Shuwei has an inexplicable feeling of aggrieved heart. He thought he was in control of everything, but he didn't expect this kid to instantly change from passive to active!

He has no choice! If he didn't need this batch of medicinal pills for military use, he would never come to Jiangcheng's base specially!

"Deal!"

Lei Shuwei made a decision when Ye Chen counted to two.

"In that case, make an agreement." Ye Chen said.

Lei Shuwei's eyes widened: "Is it possible that you think the identity of the Dragon Soul Commando and me is to lie to you."

"It's hard to tell."

"you--"

One minute later, someone prepared two agreements.

Lei Shuwei was cold all the time, and just about to sign, Ye Chen interrupted: "Wait a minute! Add one more."

Lei Shuwei is really going to be angry, flushing his face and roaring: "Ye Chen, you don't have to make an inch!"

Ye Chen ignored it and said directly: "Add one more, and I will personally send another 100 to the wounded soldiers for the country."

Lei Shuwei was startled, his eyes filled with surprises and incomprehension.

In this way, he found that this young man had no idea what he did not know. Although his temper was violent and changeable, UU read www.uukanshu.com but very high emotional intelligence.

He now feels that he owes him something.

Ye Chen finished signing and walked outside holding a document.

"Well, you can ask Ying Qing to pick up the pill tomorrow. Call me ahead of time. As for the Tianzheng Group, you can find someone to meet Shen Haihua."

When Ye Chen was about to walk out of the house, Lei Shuwei thought of something, and said, "Martial arts platform, you refuse. As far as I know, not only Chen Baoguo but also the Jiang family of martial arts will be dealt with this time! United, if they also have their people on the referee's bench, for you, it will definitely die."

Ye Chen stopped, hesitated for a few seconds, and disappeared into Lei Shuwei's sight.

Not long after, Ying Qing walked in: "The chief, with Ye Chen's character, he will definitely go."

Lei Shuwei squinted his eyes and said, "Prepare for the plane. I went to the central government to ask the leader to approve the document. You bring this document and hide it in the audience. If the two ignorant masters confront Ye Chen dropped the killer and showed the document directly! Keep this person!"

Ying Qing set off a huge wave in his heart, and the chief actually asked the one in Beijing for Ye Chen! Want to protect this person even more?

As for! That person who manages everything, not only has to deal with important matters of the country, but also small things like Ye Chen?

What a joke!

Chief, what is this doing!

For so many years, he has never seen the chief care about a person so much!

"The chief... is he worth it?" Ying Qing's uncertain voice still sounded.

Lei Shuwei's eyes seemed to flicker, and it was extremely complicated: "Whether it's worth it, you can see the results of the martial arts platform! Jin-Lin is a thing in the pool, once a storm changes the dragon! Lei Shuwei will bet This son will transform the dragon!"

Chapter 128: owe you!

.....

At night, Ye Chen didn't return to the Dadu apartment, but went directly to Tomson Yipin.

He doesn't have two hundred pill at all, so he must finish the refining by tomorrow.

Fortunately, there are enough medicinal materials, coupled with the cooperation of Baicao Ding, it should not take too long.

There was a burst of medicinal fragrance from the Baicao Ding, and the whole house was wrapped in medicinal fragrance.

Ye Chen even feels that his cultivation has improved.

"Baicao Ding is really not a mortal thing. I spent several hundred million to buy it and definitely make blood!"

At the same time, most apartments.

Sun Yi went home straight after work, and found that there was no one at home.

Compared with the excitement of three people in the past, the apartment now is too deserted.

Ye Chen had already told her during the day that Xia Ruoxue was picked up by Xia Mu, and she also understood.

But she didn't understand why Ye Chen didn't come back?

went out again? Why don't you tell yourself?

Sun Yi was watching TV while waiting in the apartment. At 11 o'clock in the evening, she found that Ye Chen had not returned.

She couldn't help but dialed the other party's phone, but no one answered.

"This guy won't have an accident..."

Sun Yi's worry is especially high, after all, too much has happened these days.

There are many people who want to deal with Ye Chen and Tianzheng Group.

The more Sun Yi thought about it, the more panicked she became. Although she didn't want to admit it, Ye Chen did take more and more weight in her heart.

I don't know when, she has long been used to the existence of this man.

Sun Yi paced back and forth in the living room, frowning and worrying.

Suddenly, she thought of something and quickly took out a delicate key from the room.

This was given to her by Ye Chen when the two of them were talking about Tomson's first product in the taxi.

She always thought that Ye Chen was joking, but from the point of an incident that happened later, Ye Chen seemed to be really capable.

"This guy doesn't really have a suite in Tomson Yipin..."

Tianzheng Group currently has a registered capital of 100 million yuan, and Ye Chen holds 100% shares.

But the price of Tomson Yipin is far more than 100 million...

Key When this guy gave her the key, he seemed to be penniless and even asked her to borrow three thousand yuan.

Under the messenger of a ghost, Sun Yi came to Tomson First Product, showed the key, and the security guards greeted him with smiles.

Take the elevator to the top floor.

soon came to a door, she trembling hands, inserted the key in.

"It can not be....."

At this moment, Sun Yi was a little panicked.

She twisted slightly, only to hear a "click"!

The door opened!

At this moment, Sun Yi is in the same place, like five thunders!

She never thought that Ye Chen would have a suite in Tomson Yipin! This is the top community in Jiangcheng!

still the top floor! River view room!

is even more upscale than the villa!

How can this guy give such an expensive key to himself casually?

Also, since he has such a mansion, why does he live in a Dadu apartment?

The tip of Sun Yi's nose moved slightly, she smelled a smell of medicine, she opened the door gently, and saw a scene that she would never forget!

Ye Chen sat cross-legged, a golden light covering his whole body, in front of him was a simple Danding!

The key seems to have flames pouring out from Ye Chen's palm!

weird to the extreme!

"Ding."

The last batch of pill refining was completed, Ye Chen also opened his eyes.

What did he find, he slapped his palm on the ground, and jumped up, naturally he found Sun Yi who was standing at the door as if petrified.

"Sun Yi? Why are you here..."

It took a long time for Sun Yi to recover from the shock, and said with a trembling voice, "Ye Chen, is this really yours?"

Ye Chen smiled and nodded. Now, there is nothing to hide.

is nothing but a real estate.

Ye Chen pulled Sun Yi in directly: "Don't come in and have a look?"

Sun Yi nodded, ignoring that Dan Ding, and circled the indoor swimming pool several times, and then came to the French window.

Looking outside from this angle, Jiangcheng has a clear view!

The scenery is amazing! !

If I could live in this place, I would be like a fairy!

For so many years, every time she passed by Tomson Yipin, she would look enviously, and never expected that one day she would stand on the top of Tomson Yipin overlooking Jiangcheng.

But now, it's actually realized?

Sun Yi ran to a room again, jumped, and jumped directly onto the soft bed!

didn't want to get up at all.

The proud peaks constantly tremble through the clothes, springing up.

Not only the decoration and location, but also the place she dreamed of!

Ye Chen also saw Sun Yi's love, and smiled: "If you like it, this house will be given to you. I will let someone go to transfer the house tomorrow."

Five years ago, Sun Yi desperately buried three of the Ye family, far from being rewarded by a house.

What's more, the house is not what Ye Chen is after. With his strength, he can refine a few pills at will, and he can change several villas. In the future, Tianzheng Group will make money faster. Don't talk about Jiangcheng at that time. He could even buy the houses in the core area of the first ring road in Beijing.

He is now pursuing the highest realm of martial arts.

Because only the strong can survive in the world where the weak eats the strong, it is time for him to go to Kunlun when China's affairs are completed.

Sun Yi heard Ye Chen's words and shook his head quickly: "No, no, no, what are you kidding about! What are you doing with me? I don't want to transfer the property."

"What I owe you is far from a house." Ye Chen said.

Sun Yi was taken aback, and naturally thought of what happened five years ago. She didn't want Ye Chen to be sad, so she changed the subject and said: "Well, anyway, it's a pity that no one lives in such a big

house. Most of the apartments will be vacant first. I will move. Come live! No, I must live here tonight! I want to fulfill a wish I made a few years ago!"

"When Ruoxue is back~www.mtlnovel.com~ you don't have to squeeze a bed with her every day, so many rooms, one sleeps a day, a week will not be repeated!"

Sun Yi was obviously a little excited, and she jumped directly onto the bed like a child, feeling the elasticity of the soft bed.

The chest is up and down, and the waves are magnificent.

After a short while, Sun Yi went directly to Dadu's apartment and took some necessities!

She decided to come here!

In terms of comfort and convenience, most apartments are a dozen blocks away here!

Ye Chen is casual, this place is too big, his room also has a closet close to a hundred square meters, then alchemy or cultivation will not affect it.

He originally planned to explain alchemy to Sun Yi, but this girl was completely fascinated by the decoration and style of Tang Chen Yipin, and didn't want to bother at all.

"Forget it, I'll talk about it then."

After finishing her clothes, Sun Yi took a bath directly in the bathtub. Tomson Yipin has four bathrooms, each of which is equipped with a bathtub as standard. Even if a few people live in, there will be no looting of the bathroom.

After taking a bath, Sun Yi wrapped a bath towel and put on a mask again. Suddenly she thought of something and asked: "Xiao Chenzi, the day after tomorrow is Ruoxue's birthday. What are you going to give Ruoxue to? Remind you, don't you? Naive enough to buy chocolates for girls...this way is outdated."

Ye Chen was startled, his face was a bit wrong, Xia Ruoxue's birthday is the day after tomorrow?

The challenge of Budodai is also the day after tomorrow!

The two things actually got together!

Chapter 129: Apologize with death!

After Sun Yi applied the mask, she returned to the room with a sense of ritual.

Before left, he even joked to Ye Chen: "The dream of this palace for so many years will finally come true, thanks to Xiaochenzi."

"By the way, Xiao Tatsuko, a lonely night, a spring night, a lone man and a widow, do you mind giving the house to the palace?"

Ye Chen pretended to stand up, and Sun Yi stuck his tongue out at Ye Chen, humming a little song and closed the door.

"My aunt is here today, another day."

Change "day"?

Ye Chen touched his nose helplessly, went straight back to his room, entered the secret room and started practicing.

Although he has absolute confidence in defeating Chen Baoguo, for the sake of safety, there is nothing wrong with improving his strength.

Collect hundreds of warriors! Play free!

Even if there is an accident, he still has the biggest hole card!

The black stone, arouse that mighty power!

I don't know how powerful the ancient characters are?

"Forget it, I don't want to, and practice with peace of mind."

Now his realm is on the seventh level of Kaiyuan realm, take a few pills, and try to make it to the eighth level tonight.

Ye Chen closed his eyes and ran "Nine Heavens Xuanyang Jue", a faint light oozing from his body.

His whole body was covered by a red light, and the powerful aura made a long chant from his dantian.

At this moment, a black stone flew up, floating above Ye Chen's head!

A trace of aura shot out from the stone, and it penetrated Ye Chen's forehead!

suddenly the whole room flashed red, and Ye Chen's cultivation base was also rapidly climbing!

.....

The next day, Ye Chen opened his eyes and exhaled a turbid breath.

After one night of cultivation, he successfully entered the eighth level of Kaiyuan realm.

"This cultivation speed is too fast, logically speaking, Huaxia's spiritual energy is thin, far from that strong, and the breakthrough speed should be slower, but his situation is just the opposite?"

Ye Chen's eyes fell on the black stone.

"Is it because of you?"

At this moment, the black stone was floating, and it shook slightly, as if nodding.

"Fuck! Are you still moving this stone?"

The words fell, and the black stone fell into silence again, as if a little angry.

Ye Chen intended to continue studying the stone, but Sun Yi's voice came from outside:

"Xiao Tatsuko, breakfast! My palace is not waiting for you."

"coming!"

After breakfast, Sun Yi went to Tianzheng Group, while Ye Chen called Ying Qing and asked him to get the pill.

In ten minutes, Ying Qing came to Tomson Yipin and rang the doorbell.

Ye Chen opened the door, and Ying Qing said excitedly: "Mr. Ye, excuse me..."

After yesterday's events, Ying Qing even changed his name.

He knows very well how much weight the chief's sentence is! And the chief is extremely optimistic about the man in front of him!

Ye Chen glanced at the two people at the door, nodded, took the plastic bag on the table and handed it to Ying Qing.

Ying Qing thought it was breakfast and waved his hand quickly: "Mr. Ye, you are too polite. I had breakfast at the base."

Ye Chen was stunned, gave Ying Qing a white glance, and said, "There are two hundred pills in it. If you don't want it, then forget it."

Ok?

Medicine?

Yingqing stretched out his hand subconsciously, and he found that his hand was a little stiff.

Such an expensive medicine is packed in this kind of plastic bag?

What a joke!

What if the pill is contaminated!

Ying Qing reacted, took the plastic bag suspiciously, glanced at it, his face pale instantly!

Fuck, this guy actually put the pill in it!

violent heavenly things!

He looked flustered, and quickly ordered to his companion: "Quick! Get the oxygen-free protective device from the car!"

"Captain, but the device contains blood samples collected during this mission..."

Ying Qing scolded, "Throw it away! The blood sample can be collected again, what should I do if there is a problem with the pill! Go!"

"Yes! Captain!"

Seeing such a big reaction from the two of them, Ye Chen couldn't help but feel amused, so he reminded: "The pill that I refined is not that fragile. It doesn't need an oxygen-free environment. Just put it in a plastic bag. Don't worry, if you have any questions, just look for it. I pay ten for a bad one."

Ying Qing heard Ye Chen's assurance, took a long sigh, and even gave Ye Chen a standard military salute: "On behalf of the Dragon Soul Commando, thank you for everything!"

"Don't give me this set, don't send it!"

Ye Chengang was about to close the door, Ying Qing said quickly: "There is one more thing, the chief asked me to inform you, tomorrow no matter what tricks Chen Baoguo and Jiang family play, we will do it when necessary!"

"Thanks."

The door is closed.

.....

At the same time, there is a teahouse in Jiangcheng.

Chen Baoguo and Jiang Yuanli sat on each side, and on the top sat an old man with a terrifying breath.

The old man is one of the referees of this martial arts stage, Yuan Jingfu!

has entered the top 400 of the top 400 masters of China!

What concept of the first 400!

His Jiang Yuanli is only 514! And after so many years of cultivation, you can't even enter the top 500!

Yuan Jingfu has been active in Jiangnan Province for the past ten years and laid a foundation in Jiangnan Province.

Not only that, he is also the vice president of Jiangnan Budo Association!

How many martial arts masters can't get into the martial arts association without breaking their heads!

It can be seen how honorable Yuan Jingfu's identity is.

According to the usual practice, Yuan Jingfu is in charge of Jiangcheng's martial arts station. As long as the martial arts station is activated, he will come to judge.

At this moment, Yuan Jingfu drank the big red robe of Wuyi Mountain, and looked at the two people in front of him interestingly: "Two Jiangcheng martial arts masters, please come here, it should be not just for tea."

Chen Baoguo quickly took a brocade box and placed it carefully in front of Yuan Jingfu: "In front of Yuan Yuan, how can we call it a master! We can only be considered juniors."

"This is what the juniors gave to you, Yuan Yuan."

Yuan Jingfu has long been accustomed to this kind of thing. It is normal for the weak to respect the strong and seek asylum.

He opened the box and glanced at ~www.mtlnovel.com~ suddenly his eyes shrank, and he was surprised: "Thousand-year-old soul-seeking ginseng! It's a big handwriting, this gift is a bit expensive."

This soul-seeking ginseng has a strong and stable effect on the breakthrough of martial artists, and it is especially important for the existence of Yuan Jingfu's realm.

The critical year is over a thousand years, which is extremely rare.

"Neither expensive nor expensive, this thing is worthy of only Yuan Lao."

Yuan Jingfu took a deep look at Chen Baoguo and nodded: "You are very good. When your level is improved, you can try to apply for the Jiangnan Provincial Budo Association."

Chen Baoguo flushed, obviously a little excited.

It wasn't long before he thought of the biggest purpose of coming here, and quickly said: "Old Yuan, tomorrow is a battle between Junior and that boy in the martial arts platform. I wonder if Yuan Yuan has any ideas?"

Yuan Jingfu narrowed his eyes, of course he understood what the other party meant, and smiled: "The other party is only in his twenties, and his hair is not full. You have no confidence?"

Chen Baoguo shook his head quickly: "No, no, Yuan Yuan, don't underestimate that kid. I heard that the kid got a magical pill from the auction. After taking it, his strength will increase! I'm afraid that he can use it. This medicine is unfair to me!"

"And that kid has already let out his words, threatening to kill me at the martial arts stage, even boasting that even if you are here, you can't stop him!"

This is the explanation that Chen Baoguo and Jiang Yuanli discussed yesterday, trying to discredit Ye Chen.

When Yuan Jingfu heard that Ye Chen used this kind of forbidden pill, he even touched himself. He snorted and slapped him on the table: "He dare! With me, Yuan Jingfu is here, if he uses the forbidden pill to defeat you, I will let him kneel. Apologize with death in front of you!"

Chapter 130: 1 trigger!

Chen Baoguo heard Yuan Jingfu's statement and was overjoyed!

Yuan Jingfu is the referee of the martial arts stage this time! Another top powerhouse!

With this kind of master, what room for Ye Chen to win!

Yuan Jingfu suddenly thought of something. He looked at Chen Baoguo and curiously said: "You initiated the martial arts station this time? Do you have a **** hatred with this Ye Chen?"

Chen Baoguo trembled when he heard these words, and his eyes were bloodshot: "This son will kill my son and grandson! Let me have no future in the Chen family! Can I not report this hatred!"

Yuan Jingfu was startled, and just about to speak, Jiang Yuanli also said: "This son has a violent personality and does not blink his eyes. My young son Jiang Wenlin took a pill that day. This son developed a prying heart and killed my son cruelly! This guy is simply the scum of the ancient martial arts world!"

"hiss—"

Yuan Jingfu took a breath, this kid named Ye Chen was too crazy, he actually killed the sons of two top masters in Jiangcheng one after another.

completely reckless!

There was also a trace of anger in his heart, and he assured the two of them: "Don't worry, tomorrow's affairs will be left to me, even if the king of heaven comes, don't try to save this son! This kind of evil animal should be humiliated and killed!"

Jiang Yuanli clenched his fists, then rolled his eyes, patted his hands, and said to the outside of the box: "Bring people in."

A few seconds later, three women with bumpy figures walked in.

He understands Yuan Lao's preferences, besides his interest in cultivation, he is more interested in women.

Although he is very old, as an ancient warrior, his ability in that area is naturally better than ordinary people.

Jiang Yuanli respectfully said: "Old Yuan, these three are all female college students of Jiangbei University, they are still young, they have always admired you very much, and they plan to go back to the room to discuss some moves..."

Yuan Jingfu saw three young girls with a trace of their eyes, touched their beards and laughed: "It's easy to talk about it. Nowadays, female college students are easy to learn. As an elder, the old man naturally wants to comfort him."

.....

Tomson Yipin top floor.

Ye Chen received a call from Shen Haihua.

Tianzheng Group's two products have been successfully filed, and even obtained the license. This speed has made Shen Haihua amazed on the phone.

After all, even if this thing uses relationships, it will take a week at the earliest.

But the person arranged by Ye Chen actually managed it in just one day.

With the license, the assembly line is set up much faster, and the time for mass production is greatly shortened. Sun Yi has already started marketing efforts.

It is estimated that it will be successfully launched soon.

After , to Ye Chen's surprise, Xia Ruxue sent a WeChat video, complaining about her boring days in the villa.

In the past few days, many young talents in Jiangnan Province have come to Jiangcheng for an unprecedented time, mostly to prepare for Xia Ruoxue's birthday.

So Xia Ruoxue either saw this, or was dragged by her mother to see that.

The Xia family has found that the development of the family has entered a weak state, so various relationships need to be maintained by the next generation.

"By the way, Ye Chen, my mom actually told me today that you might not be able to come to my birthday? Is there such a thing?"

After chatting for a long time, Xia Ruoxue entered the topic. This is what she wants to know the most.

Ye Chen hesitated for a few seconds, then smiled: "Don't worry, I will be there on time tomorrow."

Hearing Ye Chen's assurance, Xia Ruoxue let out a long sigh of relief on the other end, and then, her smart eyes blinked slightly: "Could you tell me in advance, what exactly is the thing for me tomorrow?"

Ye Chen showed a mysterious smile and said: "This gift should only belong to you."

"Ye Chen, what is the difference between what you said and what you didn't say, I protest!" Xia Ruoxue frowned and pretended to be angry.

Who would have thought that the once cold and arrogant President of Iceberg would have such a small woman side.

"The protest is invalid."

The video hung up directly.

Then Ye Chen took out a tortoise shell and three copper coins from the cabinet.

slightly tossed, fingers pressed firmly, and began to try to calculate tomorrow's bad luck.

But the tortoise shell did not react at all. What was even more strange was that the three copper coins fell, not on the front or back, but stood on the table.

These five years have been the result.

Ye Chen was still a little curious at first, but after that, he was really used to and numb.

"The old man said that my fate is not even qualified to get involved in the heavens. Is it true?"

Stop thinking about it, Ye Chen closed his eyes and entered the cultivation state.

.....

The next day, ten o'clock in the morning.

Ye Chen opened his eyes, and a trace of cold murderous intent suddenly shot out.

"It's almost time to leave."

Ye Chen got up. There was breakfast left by Sun Yi in the living room. There was a note on the table to remind Ye Chen that if the breakfast was cold, he should go to the microwave to warm it up.

Sun Yi even worried that Ye Chen would not use a microwave oven, and wrote the specific steps on the sticky note.

"This girl, I really know nothing?"

After eating Sun Yi's loving breakfast, Ye Chen went downstairs as usual.

He planned to call a taxi, but found that a black Mercedes-Benz commercial vehicle had stopped at the door.

There was a pretty woman standing outside the car, it was Jin Lengyan.

Jin Lengyan saw Ye Chen, and hurried to greet him: "Mr. Ye, are you really going to the martial arts station?"

"Otherwise?" Ye Chen shrugged.

Jin Lengyan knew that it would not be useful to persuade Ye Chen now, and took the initiative to open the door to Ye Chen: "Mr. Ye, I will take you there."

In fact, she knew very well~www.mtlnovel.com~ This might be the last layer she gave Ye Chen.

"it is good."

Ye Chen said lightly.

In the car, Ye Chen closed his eyes after sitting down. Jin Lengyan wanted to ask Ye Chen if he still had any wishes unfulfilled, but she swallowed the words again.

"Ugh."

Father reminded her that there is no need to contact Ye Chen, but every time she thinks that a martial arts genius is about to fall, she still feels a bit pity.

After half an hour, the car stopped slowly.

"Mr. Ye, here it is."

"it is good."

Ye Chen got out of the car and noticed that it was a place similar to a football field.

In the center of the venue stands a big rock arena.

There are various signs of sword marks and damage around the ring, which is a bit old.

Maybe because the Budotai has been useless for too long, some dust has accumulated.

Not only that, Ye Chen also found that many people gathered in the stands around the ring, most of them were ancient warriors.

The strength is not too strong, I must have heard the news and watch a good show.

Of course, there are also a few strong people who Ye Chen can't see the strength.

Ye Chen glanced abruptly in several directions, but found many acquaintances.

Zhu Rende's family.

Bailibing, Luo Zhengguo, Ying Qing.

Zhou Zhengde and his son Zhou Fulu.

Chu Shuran.

Master rudder.

and many more.

Suddenly, Ye Chen's eyes narrowed, and his gaze fell on a man in black, wearing sunglasses and a peaked cap beside Master Ruo.

If you don't look carefully, you will definitely think that this man is a subordinate of Lord Ruo.

But in fact, Ye Chen discovered that this guy is actually the King of Nanjiang!

The prestigious King of Nanjiang in Jiangnan Province!
