Chapter 1271: Fear spread

Ye Chen urged the technique to fill every organ with countless golden streamers.

There are many ancient runes all over his body.

boom! !

Ye Chen's clothes shook open, as if revealing golden skin, a force of pressure rushed out, shaking the cave!

...

In the distance, in the Rift Sky Valley, the **** of flowers turned pale and weak to the extreme.

The Meteor God on the side overflowed with blood, and the blood was withered to the extreme, and his pupils were filled with the color of fear. Just now, Ye Chen was very powerful, and he was just watching the battle. Ye Chen punched and killed him in the air. Desperately resisted, but they were all seriously injured.

At this time, it uses its blood to recover.

The five Thousand Lianyuan Army he was carrying, under Ye Chen's punch, all turned into blood mist.

The Hundred Flowers God will recover a little bit, still in panic, "Humans, must not be enemies with them! Strong, too strong!"

A human warrior!

Daoyuan realm martial artist, unexpectedly has such a supernatural power, I am afraid it is no worse than the demon king!

The power of that punch, I am afraid that the king is here, and it is difficult to take it!

"When we go back, we must report to the king, and we must never attack Kunlun Xuzhi again!"

"Human beings are powerful, not our demon plant line can stop!" It stared into the distance and saw that Ye Chen hadn't killed it, before exhaling a long breath, "It's not the demon beast line that can resist. Go, let's go back and report Lord!"

"Things have changed, Kunlun Xu is simply not something we can get in touch with the place of body training!"

The Hundred Flowers God will change the attitude of despising humans just now. He will run as fast as the Meteor God will run. Who knows if the human warrior will kill them. Once they do, they will never be able to resist each other.

Soon, the two returned to the royal court of Lianyuan, and even staggered into the hall, attracting the attention of all the gods for a while, wrapping up the lord of Lianyuan!

On the side, a **** general smiled and asked, "What's the matter with the two of you? Could it be that the Destiny Army shot you?"

"If this is the case, I will do it immediately and accompany you to take revenge!"

"Don't rush to get revenge!" Another **** will jokingly: "Meteor, Baihua, it will not be you two, deliberately provoke Maple, right? I remember, the newly promoted prince and concubine are somewhat related to your nephew! "

If it weren't for Meteor and Baihua, these two guys would take the initiative to attack the Destiny Army.

How could it be beaten like this!

The origin was almost collapsed, the power of blood and energy dried up, and the body collapsed.

Injuries of this degree, every seven or eight hundred years, don't even think about recovering!

Maybe it was when the Destiny Army encircled and suppressed the human warrior, the Meteor General deliberately attacked Prince Maple, and reported his nephew's hatred of taking his wife!

"Damn!"

"Luyuan, what are you talking about!"

The Meteor God will spit out a mouthful of blood, and he is close to exhaustion, but still clasped his fist and said: "The king, it's not good! That human warrior is too strong!"

"One person killed the 17 **** generals of the Destiny Army!"

"Including, Maple Prince was also crushed by him!"

"The 200,000 Destiny Army has been killed by it, and it is already defeated!"

As soon as this remark came out, many gods and generals didn't respond much, and looked strangely at the play.

The Lord Lianyuan snorted coldly, and the coercion bloomed, and the Meteor God General fell to his knees, "You think this king is good to cheat?"

"Two hundred thousand fate army!"

"With 20 **** generals, and Maple has brought out another 20, the combined attack can produce 20!"

"So many powerful players can't catch a human warrior?"

It stretched out its hand and grabbed the Meteor General in the air, with a cold expression, "Don't tell the truth, this king killed you!"

"Lord!"

The Hundred Flowers God General also knelt down and shouted: "What the Meteor God General said is true!"

It also spewed a mouthful of blood, was seriously injured and dying, and said sincerely: "The human warrior, indeed, slaughtered most of the Destiny Army, and it was Me and the Meteor God General who led the Five Thousand Lianyuan Army and also hit it. Under the circumstances, all are destroyed!"

"We also resisted desperately to survive!"

"Lord, please trust you!"

Lord Lianyuan's eyes were deep, and he swept over the two gods, one of them lied, but not both!

He put down the Meteor General, took out a formation disk, forced a drop of blood, the blood fell on the formation disk, the formation disk suddenly burst into light.

After that, he quickly pinched his fingers and closed his eyes.

He did not hesitate to use a drop of blood to check the situation just now!

This technique is extremely exhausting, and he rarely uses it!

But if the facts are as the two subordinates said, it is worth it!

I don't know if I don't probe, I am surprised when I probe.

What the two gods said is actually true!

Although it is impossible to completely restore the situation of the battle just now, everything was explained by the corpses and the thick blood at that time!

There is a young man standing in the key to endless blood!

Human youth!

At this moment, Lord Lianyuan was filled with astonishment!

"This king has misunderstood the two gods!"

"You are lucky enough to face such a demon to come back alive!"

Lord Lianyuan waved his cuffs and flew out two fruits, and said: "This is the origin fruit, which can restore the rudimentary form of your collapsed origin avenue, but without a century, you will not be able to restore your strength!"

"Thank you Lord!"

"Thank you Lord!"

The two gods will take over the root fruit and sit down honestly.

The many gods in the temple were dumbfounded, and couldn't believe it at all. The gods of Luyuan asked quickly: "Lord, is this true?"

"Lord!" Another **** general also stood up and asked: "Is there really a person facing the 200,000 Destiny Army, not only undefeated, but taking the initiative to attack and defeating the Destiny Army?"

Lord Lianyuan nodded and admitted the incident.

He didn't intend to conceal it, and he couldn't keep it, more than one hundred thousand destiny troops were destroyed, this incident was enough to shock the place of body refining!

And this person, listening to his subordinates, seems to be Ye Jitian!

Why did Kunlun Xu have such a genius?

"This situation is very serious!"

"Lord, gods and generals, this person's combat power is too terrifying, you must not be an enemy!"

"If it is possible, we must pull into our camp as much as possible!" Wang Ting Army Master said.

"The military division's statement is reasonable!"

"The other royal courts may also act and try their best to win over this person. As for breaking through the Kunlun illusion, you must not talk about it!" Lord Lianyuan felt that this human warrior named Ye Jitian heard the demon. Zhihui reported that the maple prince used human remains to make a bone cup and was furious, and slaughtered one hundred thousand destiny troops. He must have a deep relationship with the human race, and he may not have taken refuge in the blood spirit race!

The key is that the Blood Spirit Race let them break through Kunlun Void!

For a time, I was in a dilemma!

To break through the Kunlun virtual?

I am afraid that the Royal Court of Lianyuan has not yet broken through Kunlun Xu!

Ye Xitian stepped through the royal court of Lianyuan!

Chapter 1272: Reincarnation blood?

Don't break the Kunlun emptiness?

The Blood Spirit Race may break through the Lianyuan Palace again!

It's difficult on both sides. As the "weak" lord Lianyuan, he can only survive. Who knows if Ye Jitian is standing behind an old monster of the nine-tier emperor realm. Once he slays the place of body refinement, if the Demon Sovereign is not an opponent, the place of body refining will be destroyed overnight!

Therefore, we must be careful!

All the decorative objects made by human remains must be destroyed immediately!

If Ye Xitian knew about it, I'm afraid he would kill him immediately!

Lord Lianyuan gave the order, he sighed, and said: "Watching the changes, fortunately, I am facing Shang Ye Tiantian, it is not the royal court of Lianyuan! Let those guys from the court of heaven have a headache!"

Maybe!

This time, the Palace of the Mandate of Heaven was destroyed by Ye Jitian!

It is an opportunity for us!

...

At the same time, roars came from the hall of the Palace of Destiny!

"Asshole!"

"You lost the Maple Prince, and dare to come back to see this king!"

The Lord of Destiny was furious. He pinched to death a **** general of the second-tier heaven of the emperor realm. He was full of flames, and his eyes swept over the twenty **** generals in the temple, "Hello, let you guard the maple wood, you But Maple was killed in battle!"

"Don't you know, Maple is the only child of this king!"

Twenty-three generals, with their heads down, dare not speak!

In that case, if you wait for the demon to save the maple prince, it is your own life, and it may fall instantly!

Powerful as the **** general of Tiansu, the sixth level of the emperor realm was wiped out by Ye Jitian in an instant!

What's more, he and others, but the second or third heaven of the Emperor Realm.

At this moment, the prince and concubine rushed out after hearing the news, and even knelt before the Lord of Destiny: "Please also ask the father to kill the human animal!"

"If he does not die, there is no point in my life!"

"Enough!" The Lord of Destiny slapped the prince and concubine away with a slap, and shouted angrily, "You broom star, you killed my prince as soon as you started!" His aura spread unscrupulously in the hall. The breath of death spread!

"No one is qualified to move my child! No one!"

The Lord of Destiny gradually became a little mad, and there was a feeling of loneliness lingering in the disheveled manner!

Wow! !

The King of Destiny turned his head abruptly, with sharp corners of his eyes, like a devil, staring at the gods below with a cold voice, "It's all you, all you. If you desperately blew yourself up, my son, would you not come back?"

"If you are desperate, 200,000 troops, all together!"

"Even if the dead is clean, my son can come back!"

"You trash!"

He slammed his claw out, and his powerful aura broke out, hitting more than twenty gods who dared not resist.

All the gods and generals sputtered blood together, facing the emperor's eighth-layer heavenly lord, it is a blessing not to die!

"Lord!"

A **** will stand up, wipe the blood from the corners of his lips, staring at the Lord of Destiny with cold eyes, and said: "We blew ourselves up and let your son come back? Humph, maple is the father and mother of his mother, aren't I?"

"Two hundred thousand destiny army, isn't it?"

"We surrender to you because of your bravery and arrogance two thousand years ago!"

"And your vow to take everyone to glory, not because of your strength!"

"To be honest, your son died when he died. Do you want us to be buried with more than 20 demons?"

"Laughter!" The Destiny Demon King was swift like thunder and came to the demon in an instant, grabbed the **** general, pierced the body with sharp claws, and grabbed the prototype of the **** general's avenue, obliterating the origin, suddenly Throw it on the ground!

The fifth-tier **** of the Emperor Venerable Realm who was still outspoken just now!

At this moment, it has become a corpse!

The icy eyes of the King of Destiny glanced at all the gods, and said coldly: "Assemble all the gods and kill Ye Jitian! Otherwise, all of you will die, and the rest of the destiny army will also die. !"

"This king has no son, what use do you want!"

"You can't even keep this king's son, it's better to die all!"

The cold voice, like a poisonous snake, haunted every god.

The bone-chilling chill directly destroyed the enthusiasm of the **** general to serve the royal court.

Twenty-one gods!

The fifteen monsters and the six monsters all looked at the Destiny Demon King coldly, as if they were making a decision!

The headed one, named Astronomical God General, is known as the first under the Four Great Demon Kings, the cultivation base of the seventh heaven of the Emperor Realm!

It took the first step. When it was about to clasp a fist, it slammed its hand with a claw that directly penetrated the left arm of the Destiny Demon King, and then madly attacked the Destiny Demon King, shouting: "All gods, the Destiny Demon King regards me. When life is like grass, I have forgotten its responsibility as a king!"

"Since it is going to force us to fight the evil **** Ye Jitian and die!"

"Why don't we kill the old king of Destiny first, and then give its body to Ye Sutian, Ye Sutian may be able to kill us!"

"Divine generals, take action together and give the king's body to Senior Ye Jitian!"

"Yes!"

"Do you still want us to die today? Rather than go to Ye Xitian to die, it is better to kill you old fellow first and give it to Ye Xitian!"

Immediately, the two gods will join the battle group, each using their strongest blow to fight with the Destiny Demon King!

All of a sudden, dozens of other gods and generals shot one after another, hit the ground and shattered, and the palace was broken!

Yaozu has always had a violent temper, and it may be feasible to say it well. Give them an order to die?

They turn their heads and kill you!

Besides, Ye Jitian can kill dozens of gods with a single spear!

Demon King Can it be done?

Can't do it!

Otherwise, he wouldn't be beaten to shatter the crown, his robe torn, and blood everywhere!

In addition, they also have wisdom and will weigh the strengths and weaknesses of both sides, especially after they fought Ye Sutian, they clearly realized that Ye Sutian could kill them in a short period of time, so this kind of dilemma is to kill the Demon King. Is the best choice!

Bang bang bang! !

boom! !

The king's court burst open!

The Demon King of Destiny looked down on many gods and shouted angrily: "You wait, stop now, this king can ignore your shots!"

As soon as these words came out, many of the gods made their moves slower!

"Everyone, don't obey the fate!"

"The Destiny Demon King is the one who will repay you. If you don't kill it today, once this pass has passed, we will definitely be defeated by it one by one!"

...

Ye Chen naturally didn't know what happened in the body refining place. At this moment, countless golden light circulated around him.

He could even hear a crackling sound coming from his body.

This is the physical body condensing!

This feeling is so cool!

Ye Chen clenched his fists slightly, and could feel the violent power spreading across his fingers!

"It seems that I will be able to enter the domineering stage soon."

"Since the body training is almost done here, I don't want to stay any longer. I must go to China to find Xia Ruoxue. Even if Ji Siqing is there, I feel a little uneasy in my heart."

Ye Chen opened his eyes and just wanted to stand up, only to find that two ancient words appeared on his chest.

The text is golden.

Ye Chen lowered his head and stared at these two words. Although he didn't recognize them, Ye Chen accurately felt that these two words meant-reincarnation!

Not only that, he even found that the blood in his body seemed to be burning!

Could it be that the words on his chest herald his blood line-the blood of reincarnation?

Chapter 1273: The way of killing and the change of immortal sword

"Me?" Ye Chen dismissed it, and took a slight step. The power of golden blood rose into the sky, as if turning into a pair of golden arms, as if a **** descended from the world, he slammed his fists violently, and the golden fist marks shook along the way. The ground kept cracking, and the formation continued to collapse!

Target, point to the Destiny Demon King!

This punch has the power of destroying the world, and the golden fist light bursts into a heavy array, bursting out a series of magnificent **** sword energy, and it is the world!

No one could stop this punch, it seemed like a star fell into the world and crashed!

It is like the great emperor of Henggu, punching through time and space, containing the ultimate Taoism and superb energy!

Dozens of **** generals were shocked and fled in all directions. Some of them ran slowly and were wiped a little by the golden blood. They spurted and flew out. The monster beasts in the fourth layer of the emperor realm were directly hit hard, and their lower body was completely damaged. It broke.

The gods scattered and fled, staring at the golden fists that covered the sky, and they all secretly sighed!

fortunately!

Fortunately, I didn't go against Ye Jitian!

If not, this punch will not only smash the ground, it is because I am waiting for all the gods to shoot together, I am afraid that it will be a heavy loss!

"Qiye Broken Sword Fist!"

"You are a disciple of Qiye Shenjun!"

The Destiny Demon King's eyes were about to split, and a resentment filled the whole body. It screamed up to the sky, and the surface of its red flesh quickly showed a single golden light. It was the ninth-stage fleshy body of the bone-consolidating stage. It was just one step away. Enter the domineering stage!

It slammed back and became angry: "You are that bastard's disciple, well, I will kill you today!"

It gathers the power of the whole body, is located in its two claws, lingering in the majestic light of blood, the ninth-stage body of the bone-coagulation stage erupts completely, faintly tearing the air, causing the earth to collapse, and a blood-tearing tiger looming behind it, With wings on his back, under the turmoil of blood, the surrounding mountains shattered, thousands of destiny troops turned into dust!

"Ye Jitian, you must die!"

"Ten Thousand Claws Fighting!"

The Destiny Demon King ran out of blood, merged into the rudiment of his own royal way, merged into his claws, and slammed a punch!

I saw that a blood-colored fist mark appeared in the mid-air, which was a thousand feet in size, and the blood swept across the world, like a sea of blood, rushing towards the golden double fist!

Boom boom! !

Boom! !

There was a burst of sound!

Two behemoths collided in the sky, the aftermath shook out, and tens of thousands of monsters were crushed in an instant!

The golden double fists contained the power of immortality and killing, and soon defeated the blood-colored fist mark, and then hit the Destiny Demon King with one blow!

boom! !

Like a big clock hitting, the sound resounded through the world!

The Destiny Demon King flew upside down like a sack, and smashed onto a mountain. His huge body was broken every inch, tiger blood continued to overflow, and he seemed to be hit hard. The body of the ninth rank of the bone consolidation stage was blown by the golden fist. Thousands of years of cultivation is a waste!

The prototype of the avenue became the prototype of the kingly way, and it burst open when it was beaten just now.

Such a scene shocked many gods!

I thought that the Destiny Demon King and Ye Jitian were fighting, and it was estimated that the two were equally matched, but I didn't expect this to happen.

Demon King of Destiny!

Under the Heavenly Court of Ten Thousand Demons, one of the Four Great Courts is the king of the Heavenly Court!

The king, second only to Lord Demon Emperor, was seriously injured by Ye Chen with a punch at this moment, and even the rudimentary form of the avenue was blown up!

It's incredible!

The Destiny God General looked back at the many gods on the side. There were traces of being scratched by the Destiny Demon King, and even it itself was severely injured by the Destiny Demon King, but he said: "The combat power of the predecessors Ye Jitian is really incredible. !"

"This physical body is so strong!"

"This power of qi and blood is actually golden power of qi and blood!"

"Dominant stage!"

In an instant, the astronomical **** general and the phoenix **** looked at each other and looked at Ye Chen in horror!

Domination period!

Only the golden body can beat the power of golden blood!

Someone in Kunlun Xu has entered the domineering stage?

"Astronomy, what you did is so right!"

"Astronomy, fortunately you are leading this battle. If we all go to fight against Senior Ye Tiantian and face the golden body, I am afraid that most of our gods will have no chance to shoot and will be killed directly!"

Many gods sighed, while healing their wounds, they stared at the half-crippled Demon King!

Lord, are you not arrogant?

Are you trying to kill us?

Now, we take refuge in the new owner, you have the ability to move us to try!

Our master can hit you hard with one punch, and blow you up with another punch!

"The Ninth Stage of Bone Consolidation Stage!"

"Two thousand eight hundred thousand qi and blood!" Ye Chen stared at the Demon King of Destiny, "It has perfected 80% of the rudimentary form of the Dao, and has even evolved into the way of the king, the way of the demon king. If you go on like this, once you advance to the emperor state Nine-layer heaven, the Kunlun emptiness can hold you down! Fortunately, you have been injured long ago."

"Now you are not qualified to fight back. If you are in his heyday, you may still have some qualifications."

"Actually, I don't really want to kill you, because your combat power is not bad, but your fault lies. You shouldn't ruin the remains of my ancestors!"

The corners of the Demon King's lips overflowed with blood, his gaze looked at Ye Chen ferociously, and he suddenly laughed madly: "Ye Jitian, what if you killed me today, Lord Demon King, you are the same golden body as you, his Undefeated in the flesh, if you fight, you will undoubtedly die!"

"What's more, do you really think I lost?"

"No, I will never lose!"

The Destiny Demon King's eyes flashed with determination, and he got up desperately, took out a blood-colored light ball, and became more and more mad, "Originally, I thought I didn't need this thing!"

"But I didn't expect that you Ye Jitian has arrived, and you humble traitors!"

"You forced me!"

Its hole cards were finally used, smashing the light ball abruptly, and the majestic energy of blood directly into its body.

Soon, the cracks on the surface of its flesh were quickly repaired, the appearance of the flesh was golden, and the internal organs also began to gild, and a golden blood rose to the sky, shaking all over the world, and the coercion bloomed, and it burst into ten in an instant. Ten thousand monsters!

The power of qi and blood was doubled, reaching the giant of 5.6 million catties at one time, and shattering the besieged formation in front of him with a single claw, drew chaotic thunder and lightning, and countless sands flew like a doomsday. !

Soon, the double pupils of the Destiny Demon King turned golden!

Extremely hideous!

It grabbed a long sword in the light group, a long sword with a length of one hundred feet of fairy energy, and lightly swiped it, followed by a red glow blooming, rendering like smoke, the next moment, the strength of the sword burst out, Passing between the sky and the earth, a thousand meters of light was emitted. In a flash, the sky and the earth faded, wind and thunder bursts, and the mountain collapsed!

This sword!

It's a fairy!

The first-grade immortal weapon possesses the ability to tear the world apart, and the endless aura of dying fills the body.

Chapter 1274: What school do you come from?

Half an hour passed!

The way of killing reached the giant of three hundred meters, Ye Chen entered the seventh level of Dao Source Realm, and could perfect another new way!

Ye Chen at this moment, the devilish energy and blood energy, one red and one black lingering around him at the same time, and a golden body, which is enough to fight against the existence of the sixth or seventh layer of the emperor realm! Han Yun arrived, Ye Chen couldn't kill Han Yun, and Han Yun couldn't help Ye Chen!

"Ye Chen!"

"A monster is coming!" Xiao Huang stared coldly in one direction.

Ye Chen opened his eyes, stood up, and walked directly outside the cave.

Even if he didn't hide his breath, his physical body entered the domineering stage, and stepped out, and he stepped into a deep pit on the ground. The geology of this world simply cannot withstand Ye Chen's power!

Raid: Shadow Legends! Play Now!

He set his gaze in front of a monster, and asked: "I just killed your 200,000 army!"

"Now, do you want to come again?"

"How many, million are you here this time?"

He has a slight breath, and there is an invisible force that directly presses the dog demon **** to spurt blood.

The monster will lower its head, and its eyes are full of horror!

Senior Ye Jitian, he is strong again!

A breath can shock me without the strength to fight back!

If just now, other gods will come to attack Lord Ye, I am afraid it will not be long before all gods will die!

"grown ups!"

"Master Ye, how dare we attack the adults again!"

"That's it. After many of our gods will return to the court of the Destiny King, the Lord Destiny lost control and fell into madness due to the pain of losing his son. He wants to send all the gods to attack the adults in the future!" The monster said piously: "However, All gods and generals know that they are far from the opponents of adults!"

"So, all the gods and generals are united together and are fighting the Destiny Lord!"

"If you want to serve as a certificate of surrender to Lord Ye, please allow your adult!"

"Allow?" Ye Chen snorted coldly, his icy gaze fell on the monster beast, and said: "You are waiting to use the remains of my ancestors to make a bone cup, and you want me to let you go?"

Spoil the remains of my ancestors!

No matter how loyal you are, you must die!

"No, no, no!"

"My lord, you misunderstood!"

The monster hurriedly explained: "Making bone cups and human blood wine are all things done by the destiny king. Many gods and generals do not have this hobby. For the human race, our gods and generals are at best shot dead. , It is absolutely impossible to insult the remains of the ancestors of the human race!" New 81 Chinese website update the fastest mobile terminal: <https://>

It hurriedly explained, but it was confounded by Ye Chen's coercion.

Seeing that Ye Chen's mood was a little more stable, he couldn't help but sigh with emotion: Fortunately, fortunately, the original **** will not have the special habit of insulting the remains!

Destiny also deserves it!

insulted the human race back then, and used their bones to make a bone cup!

Now it's okay, it's condemned by the gods, the prince was crushed into blood mist!

"Don't you?" Ye Chen waved his hand and punched out the power of golden blood, enveloping the whole body of the monster!

After a while, the power of golden blood returned, Ye Chen nodded slightly, did not sense the aura of human remains on the monster beast, it seems that this guy is true, and said: "Originally, I just came to train, I didn't expect to perform Become like this!"

"You will tell me everything about the demons who insulted the remains of the ancestors of the human race!"

"I will kill them one by one. Regardless of the level of cultivation, their essence and blood are used for body refining, and the demon core is used to train the power of the soul. As for the demon clan you depend on, should you continue to settle down or go out to fight? Talk about it later!"

"Yes!"

"Master Ye, you are very powerful and powerful!"

"However, with regard to the remains of the human ancestors of our demon race, in fact, only the kings of the four great royal courts, as well as a few desperate gods and generals, would do such a thing!"

"Most of the gods, it is impossible to do such a thing!"

"Look, the request of other gods to seek refuge..." The monster continued: "I'm right next to the lord, if anyone uses the remains of the ancestors of the human race, I can smell it!"

"My lord, what do you think of this?"

Ye Chen nodded slightly, thinking that the four great royal courts were all involved in making bone cups.

Then, after slaughtering the four great royal courts, maybe in the refining period, he can enter the fifth and sixth steps of the overlord body!

The physical body of a warrior who has entered the realm of God is equivalent to between the fourth and seventh tyrants of the tyrant body. As long as Ye Chen enters the sixth tyrant of the tyrant body, coupled with the violent power of blood, it will be enough to protect himself!

When the time comes, I won't be embarrassed in the battle against the blood spirit race!

"Let's go!"

"Go and see this Demon King of Destiny!"

Ye Chen was curious, went against the general trend, and acted against him. The other eight sect leaders could still mobilize the elders to fight against him.

It is this Destiny Demon King. Not only can his subordinates not be able to adjust, but they all besieged it, wanting to kill it and give it to himself.

This Demon King is probably the worst mess.

Ye Chen took Xiao Huang, put the blood dragon into his body, and went straight to the court of the Heavenly Mandate.

The place for body refining is actually not too big. The cave where Ye Chen cultivated was only hundreds of thousands of miles away from the palace. The other three kings' palaces gathered in the palace of Heaven's Mandate, and it was almost to this extent. New 81 Chinese network update the fastest computer terminal: <https://>

In a while!

Ye Chen and the monster beast came to the periphery. When he saw that the scene was miserable, all kinds of animal blood were flying, and the limbs and arms were broken, he was slightly surprised.

Fighting to this level, all five gods of the destiny line died in battle. The Destiny Demon King showed his true body, a blood-colored giant tiger, surrounded by various monsters and monsters. The aftermath of the battle alone killed several. Ten Thousand Destiny Army!

Ninety-two gods!

At this moment, seventeen people were killed, most of them were monsters, and the ground was full of minced meat!

The Destiny God will fight for the Destiny Demon King with one blow, and retreat explodingly, and suddenly he saw Ye Chen kneeling and shouting: "I have seen Senior Ye Jitian!"

"Senior Ye believe what we mean, you already know, I am willing to lead other demons and take refuge in adults!"

"I just hope that adults, don't let us die at will!"

"I wonder if you can allow it, my lord?"

boom! !

On the side of _____, the Phoenix God will be caught by the Destiny Demon King, tearing his upper body, and fleeing desperately.

It mobilized the power of vitality and blood, and recovered its body. When it saw Ye Chen, its figure was shocked, and it hurriedly transformed into a human form and knelt down and shouted: "Senior Ye, we are willing to take refuge in seniors. For respect!"

"You are Ye Jitian!"

"You killed my prince?"

The Destiny Demon King calmed down at this moment, but his eyes were filled with extreme madness!

With a single claw, it made seven or eight claw marks, shattered the surrounding formations, exploded two **** generals one after another, shocked all the **** generals, and glared at Ye Chen, "It's you, instigating these humble things to attack. Kill this king?"

"Where are you from?"

"Why did I never see you in the ancient years!"

Chapter 1275: What the blood spirits left behind

"Me?" Ye Chen dismissed it, and took a slight step. The power of golden blood rose into the sky, as if turning into a pair of golden arms, as if a **** descended from the world, he slammed his fists violently, and the golden fist marks shook along the way. The Destiny Demon King's eyes were about to split, and a resentment filled the whole body. It screamed up to the sky, and the surface of its red flesh quickly showed a single golden light. It was the ninth-stage fleshy body of the bone-consolidating stage. It was just one step away. Enter the domineering stage!

It slammed back and became angry: "You are that bastard's disciple, well, I will kill you today!"

It gathers the power of the whole body, is located in its two claws, lingering in the majestic light of blood, the ninth-stage body of the bone-coagulation stage erupts completely, faintly tearing the air, causing the earth to collapse, and a blood-tearing tiger looming behind it, With wings on his back, under the turmoil of blood, the surrounding mountains shattered, thousands of destiny troops turned into dust!

"Ye Jitian, you must die!"

"Ten Thousand Claws Fighting!"

The Destiny Demon King ran out of blood, merged into the rudiment of his own royal way, merged into his claws, and slammed a punch!

I saw that a blood-colored fist mark appeared in the mid-air, which was a thousand feet in size, and the blood swept across the world, like a sea of blood, rushing towards the golden double fist!

Boom boom! !

Boom! !

There was a burst of sound!

Two behemoths collided in the sky, the aftermath shook out, and tens of thousands of monsters were crushed in an instant!

The golden double fists contained the power of immortality and killing, and soon defeated the blood-colored fist mark, and then hit the Destiny Demon King with one blow!

boom! !

Like a big clock hitting, the sound resounded through the world!

The Destiny Demon King flew upside down like a sack, and smashed onto a mountain. His huge body was broken every inch, tiger blood continued to overflow, and he seemed to be hit hard. The body of the ninth rank of the bone consolidation stage was blown by the golden fist. Thousands of years of cultivation is a waste!

The prototype of the avenue became the prototype of the kingly way, and it burst open when it was beaten just now.

Such a scene shocked many gods!

I thought that the Destiny Demon King and Ye Jitian were fighting, and it was estimated that the two were equally matched, but I didn't expect this to happen.

Demon King of Destiny!

Under the Heavenly Court of Ten Thousand Demons, one of the Four Great Courts is the king of the Heavenly Court!

The king, second only to Lord Demon Emperor, was seriously injured by Ye Chen with a punch at this moment, and even the rudimentary form of the avenue was blown up!

It's incredible!

The Destiny God General looked back at the many gods on the side. There were traces of being scratched by the Destiny Demon King, and even it itself was severely injured by the Destiny Demon King, but he said: "The combat power of the predecessors Ye Jitian is really incredible. !"

"This physical body is so strong!"

"This power of qi and blood is actually golden power of qi and blood!"

"Dominant stage!"

In an instant, the astronomical **** general and the phoenix **** looked at each other and looked at Ye Chen in horror!

Domination period!

Only the golden body can beat the power of golden blood!

Someone in Kunlun Xu has entered the domineering stage?

"Astronomy, what you did is so right!"

"Astronomy, fortunately you are leading this battle. If we all go to fight against Senior Ye Tiantian and face the golden body, I am afraid that most of our gods will have no chance to shoot and will be killed directly!"

Many gods sighed, while healing their wounds, they stared at the half-crippled Demon King!

Lord, are you not arrogant?

Are you trying to kill us?

Now, we take refuge in the new owner, you have the ability to move us to try!

Our master can hit you hard with one punch, and blow you up with another punch!

"The Ninth Stage of Bone Consolidation Stage!"

"Two thousand eight hundred thousand qi and blood!" Ye Chen stared at the Demon King of Destiny, "It has perfected 80% of the rudimentary form of the Dao, and has even evolved into the way of the king, the way of the demon king. If you go on like this, once you advance to the emperor state Nine-layer heaven, the Kunlun emptiness can hold you down! Fortunately, you have been injured long ago."

"Now you are not qualified to fight back. If you are in his heyday, you may still have some qualifications."

"Actually, I don't really want to kill you because your combat power is not bad, but your fault is You shouldn't ruin the remains of my ancestors!"

The corners of the Demon King's lips overflowed with blood, his gaze looked at Ye Chen ferociously, and he suddenly laughed madly: "Ye Jitian, what if you killed me today, Lord Demon King, you are the same golden body as you, his Undefeated in the flesh, if you fight, you will undoubtedly die!"

"What's more, do you really think I lost?"

"No, I will never lose!"

The Destiny Demon King's eyes flashed with determination, and he got up desperately, took out a blood-colored light ball, and became more and more mad, "Originally, I thought I didn't need this thing!"

"But I didn't expect that you Ye Jitian has arrived, and you humble traitors!"

"You forced me!"

Its hole cards were finally used, smashing the light ball abruptly, and the majestic power of qi and blood flowed directly into its body.

Soon, the cracks on the surface of its flesh were quickly repaired, the appearance of the flesh was golden, and the internal organs also began to gilt, and a golden blood rose to the sky, shaking all over the world, and the coercion bloomed, and it burst into ten in an instant. Ten thousand monsters!

The power of qi and blood was doubled, reaching the giant of 5.6 million catties at one time, and shattering the besieged formation in front of him with a single claw, drew chaotic thunder and lightning, and countless sands flew like a doomsday. !

Soon, the double pupils of the Destiny Demon King turned golden!

Extremely hideous!

It grabbed a long sword in the light group, a long sword with a length of one hundred feet of fairy energy, and lightly swiped it, followed by a red glow blooming, rendering like smoke, the next moment, the strength of the sword burst out, Passing between the sky and the earth, a thousand meters of light was emitted. In a flash, the sky and the earth faded, wind and thunder bursts, and the mountain collapsed!

This sword!

It's a fairy!

The first-grade immortal weapon possesses the ability to tear the world apart, and the endless aura of dying fills the body.

Chapter 1276: madman! Take it with your bare hands!

The Astronomical God General was pale, and couldn't help backing up a few steps, and said in horror: "Immortal artifact, there is an immortal artifact in the destiny, it must be left by the strong blood spirit clan back then, **** it!"

It glanced at the divine general next to him, and the other person was also pale, never expected that the Destiny Demon King would actually have an immortal tool from the Blood Spirit Race!

In case, Senior Ye Xitian died under the fairy weapon, we gods and generals would also have to die!

The Destiny God will look forward to Ye Chen, shouting: "Senior Ye, the Destiny Demon King colluded with the Blood Spirit Race. There should be a dead spot on its body. Its golden body is not complete. Take advantage of it now, hurry and kill it!"

Collect hundreds of warriors! Play free!

"Otherwise, once it displays the golden body, it will cooperate with the fairy!"

"Even if Master Demon Sovereign arrives, he may not be able to suppress it!"

Ye Chen nodded slightly and stared at the Destiny Demon King, but he was also expecting it. Anyone who took refuge in the blood spirit clan would have gained some blood spirit clan secrets and powers, but he did not expect this. The Destiny Demon King actually got a first-grade fairy artifact!

What is a fairy?

What is a magic weapon?

Weapons have spirits and generators are spirit weapons, which can kill and trap enemies!

The spirits evolve into fairy spirits, possessing fairy-level, that is, the power to enter the realm of gods, causing the weapon to become immortal and possess a part of the fairy power. This is the fairy weapon. The fairy weapon is enough to shred the void, not the golden body. The body cannot be resisted!

Moreover, among the fairy tools, the sword is the most respected and the strongest!

In order to enter the divine realm, the ninth-level heaven of the emperor realm needs to carry his soul with the spirit of the immortal device to transform it into the primordial god, and then use the immortal power of the immortal weapon to nourish the body and make it golden. Body, and then use the power of immortality to transform the prototype of the avenue into a real avenue.

This is the monk who enters the gods!

It can already be called a fairy.

The first-grade immortal weapon is enough to increase the combat power of an emperor realm nine-layer heaven to a half-step into the **** realm out of thin air!

"Fairy!"

"It just so happens that after your golden body is golden, the golden blood will be stronger!"

"It is very useful for my body refining. If you kill you and absorb your blood, I can enter the third stage of the dominance stage!"

Ye Chen was not afraid, and even eager to try, said: "The first-grade immortal weapon, you can take it, and give it to the old guy Han Yun, let him step into the gods, and improve a little combat power! As for me, because my body is reincarnation blood. , I must find a more suitable fairy tool to be worthy of me!"

He looked at the Demon King of Heaven and Destiny, and said, "Today, your Demon King is here, and you must die too!"

"presumptuous!"

"A mere human, dare to despise this king!"

"Go die!" The Destiny Demon King slammed a punch, and the power of golden blood burst out, forming a golden arm in the sky, covering the sky and covering the sun as huge as a punch, tearing layers of void along the way , Approaching Ye Chen!

Ye Chen put his hands behind his back, his expression calm, motionless.

Although indifferent, his eyebrows are also solemn.

The opponent's strength is very strong.

But Ye Chen never had any fear.

He stepped out, and his cold voice resounded across the sky!

"If you want me to die, you are not qualified!"

"Even if the blood spirit race behind you comes, it can't change this ending!"

Ye Chen burned his whole body blood energy, blood energy and demon energy burst out, the way of killing and the immortal swordsmanship revived at the same time, transformed into a golden phantom, located in the sky, the golden void suddenly blasted a punch, the world shook!

Boom! !

A loud noise, accompanied by a burst of golden light flashes non-stop!

The two golden fist prints collided, and they were almost the same, but the aftermath had the power of annihilating the world, bursts of thunder, purple thunder rays, and red thunder rays, hitting the ground, and the original palace of the Palace of Heaven burst open. Come.

The newly promoted princess died under the light of thunder, and accompanied by many destiny troops, turned into endless fragments, and drifted away!

The golden fist marks are so terrible!

If the other gods were not far away, they would have been shaken to pieces!

"So strong!"

As the strongest general in the spectator, the **** of destiny can see some clues, "Master Ye is actually the second-order of the hegemonic stage, and it is horrible to explode with all his strength."

"Fighting like this is terrible!"

More than fifty gods have fallen today!

Unexpectedly, it was the outbreak of such a god-level battle. The generals had to sigh with emotion, Ye Jitian, using the Daoyuan realm to fight against the existence of the emperor's noble realm, there is a gap of so many small realms, but with the power of blood and flesh The power of the world, gradually fill the gap!

In the coming day, Lord Ye Jitian will advance to the eighth heaven of Emperor Zun realm!

I'm afraid it will explode with tens of thousands of catties of blood, and it is not impossible to break the nine heavens with one punch!

"old man!"

"You have not yet entered the domineering stage, dare to fight with me!"

"You are not qualified!" Ye Chen yelled violently, surrounded by thunder and lightning, and the sky-shaking lightning shot out in all directions. His body turned into an afterimage, and even went around behind the Destiny Demon King and turned into a thunder sword. The sword pierced and drew out, with the power of piercing the ancients, killing the Destiny Demon King Jinxue soaring.

Endless golden blood, floating between heaven and earth!

A drop of golden blood shocked and killed a large area of monsters in the Immortal Ascension Realm and Holy King Realm.

The golden arm of the Demon King collapsed, the sword of thunder was hit in the back, and it exploded back hundreds of feet and then his other hand gripped the first-grade fairy sword, his eyes were about to split, "I thought, I can kill you with one punch, but I didn't expect to use this sword! Today I swear to the blood spirit race with the blood of the blood spirit, and I will kill you!"

It firmly grasped the hilt of the heavenly sword, a breath of immortal energy burst out, and the world roared for a while, and the sound of the crocodile shook for eternity, all of a sudden, the pure white sword body spread pure sword energy, enough to cut Space, endless murderous opportunities spread.

It smashed a sword with all its strength, and the overwhelming sword aura leaned out, like a thousand stars falling down, with an aura of extinction!

The instant sword, a sword with the size of hundreds of meters, cut down like a heavenly sword. Before the sword body arrived, it broke the ground into an infinite rift. This sword seemed to penetrate the ancient, modern and future with unparalleled attack power!

Click! !

Click! !

Ye Chen's golden domineering body is constantly resounding, and the surface of his physical body seems to have been hit by thousands of times, and the vibration will not stop.

He stared at the first-grade immortal weapon that was smashed down, and he felt excited, "This is the weapon of the blood spirit race?"

"I will see how awesome you are today!"

"In ancient times, Kunlun Xu used to have a world-class figure of the nine-tiered emperor realm who received the fairy artifact with his bare hands!"

"Today, Ye Chen can do it too!"

Ye Chen put away the Jiuyou Sky-killing Spear. Even if these Kunlun Void weapons are brought out for a hard touch, they will inevitably shatter, and they can't resist this thing. They are useless when taken out. Immediately, his arms shook and his hands turned into pure gold. The color, a domineering spirit soars into the sky!

The golden phantom on his head became stronger and stronger, and gradually merged into the power of the soul, the way of killing, the immortal sword and the power of golden blood!

In an instant, he exploded with violent energy and blood, which was already the limit!

Want to pick up the fairy with bare hands!

Chapter 1277: madman! Outright lunatic

"Is there a way to practice the power of the soul?"

Ye Chen asked humbly.

"One is to go to the land of souls, and the other you can absorb a lot of monsters and cores!"

"The power of the soul usually contained in the demon core is very strong, but your previous practice, the effect of absorption and transformation is too low, I will give you a soul practice!" After that, Xue Qiye made a gloss and merged into Ye Chen in vivo!

"A Thousand Revolutions Soul"

Ye Chen was overjoyed. This technique is a technique to enhance the power of the soul, and "The Universe Sword Seal" is a technique that uses the power of the soul!

He carefully experienced the technique of "A Thousand Revolving Souls", and he was very particular about transforming the soul and producing qualitative changes. Every time he turned, the soul would be transformed, promoted and transformed!

"I only completed this exercise to 297 revolutions!"

"You think about it!"

After Xue Qiye finished speaking, he became weak and silent, and the power of his spiritual thoughts was gradually fading.

If I stay here, I'm afraid it will dissipate.

"Thank you, Master!"

Ye Chen immediately began to practice "A Thousand Revolutions Soul"

Soon, the first round is completed, and the soul has undergone a qualitative change, and it has doubled.

The second turn is complete!

The third turn is complete!

.....

Until the completion of the twelfth turn, Ye Chen felt a fierce headache in his head, "Presumably my soul strength has grown, and Zhihai can't bear it temporarily. Forget it, wait for a while before practicing."

He checked his soul power and found that it was much stronger than before, and it already met half of the requirements of the great success of "The Universe Sword Seal"!

Continue to practice, even if Ye Chen can't use the power of the soul to obliterate the enemy's soul, he can still guarantee that the power of his own soul is immortal!

"Lord, that's it!"

The **** who is proficient in olfactory techniques will respectfully point to Ye Chen's many monster races.

Ye Chen put away the demon core and blood of the Destiny Demon King, his eyes fell in front of the many gods and generals, slightly cold, like a cold lake in the twelfth lunar month, "Don't talk nonsense, just send you on the road!"

He waved a palm of his hand casually, the power of golden vitality was in the air, and a golden mountain peak was gathered and covered, extremely violent!

boom! !

Only a popping sound was heard!

More than 3,000 monsters and monsters were directly crushed by the golden mountain peaks, their flesh and blood disappeared, and their souls were wiped out!

This blow really scared the other gods and generals to fear, and dare not show any disrespect for human bones!

"Lord!"

"Please forgive the Lord!"

Astronomical God will kneel down again in fright, looking at Ye Chen from afar, his heart beating, feeling that Ye Chen seems to be a lot stronger again, giving it a feeling that even if he doesn't shoot, he can wipe it out!

It is the tremor of the soul!

Ye Chen's soul power has greatly exceeded the soul power of the generals, even if he does not use his exercises, it is enough to shake everyone present!

This is the ability of the strongest, even if it doesn't make a move, it can give people a sense of death and fear, and once it makes a move, the world will fall apart!

"I'm waiting to follow the king!"

"Never kill a human race for life!"

"Please the king atonement, forgive me for waiting!"

Dozens of gods and hundreds of thousands of monsters shouted in unison, but their momentum was far less than Ye Chen alone.

"It's not that you don't kill one person!"

"For the wicked, traitors and other human beings, you can't overdo it how you kill them!"

"But don't spoil the bones of the dead, this is my bottom line!" Ye Chen turned to look at the ruins of the hall, and said: "Next, you will quickly rebuild the hall, the astronomical and phoenix gods, come and discuss with me the place of body refinement. thing!"

"Yes, Lord!"

"Yes..."

...

Ye Chen, the astronomical **** general, and the phoenix **** general can only sit on the ground temporarily and discuss, there is no way that the original palace was blown up in the battle just now.

"Report to the lord!"

"In the original Destiny Palace, there will be one hundred and ten gods!"

"Lord, you personally killed 24 people, the Demon King killed 17 people, and the aftermath of the battle killed 21 people!"

"A total of sixty-two people died in battle, and fifty-one gods remain!"

The Astronomical God General reported: "The Destiny Army originally had millions of elites, of which 200,000 have just been trained, and the rest are elites who have battled with the other three kings over the years!"

"One Million Destiny Army, one hundred and five thousand died in the battle of the king, and 235,000 in the aftermath of the battle!"

"A total of 340,000 were killed in battle, and the remaining elites, waiting for your command from the lord at any time, can attack the other three kings!"

"The situation of the other three royal courts, tell me about it!" Ye Chen's interest also came. It just happened that enough power was needed to fight the blood spirit race. In this body-refining place, the Heavenly Mandate King's Court alone, the emperor realm **** general is comparable to the two. The number of emperor realms in the three major factions!

If the other three royal courts are conquered, hundreds of emperor-level demon races will come out, and the Huang family can also be taken quickly!

As for the loyalty of these monster beasts, the royal beast sect once used the beast ring to control the life and death of the monster clan. Ye Chen can also concoct it according to the law. Of course, these monsters can also be induced for profit, as long as they don't go out and let these monsters go. In the case of death, these monster races will definitely be used by Ye Chen!

Kunlun is too weak!

Now, there is a strength, Ye Chen must try his best to win.

In the future, the main force against the Blood Spirit Race will be the Monster Race and the Huang Family in the Body Refining Land.

"The other three kings!"

"They are the royal court of Lianyuan, the royal court of Kungu, and the royal court of Hundred Wars!"

"The strength is similar to ours. Each has a strong team, and they are almost all elite soldiers of a hundred battles. They are jointly surrendered to the Ten Thousand Demon Heavenly Court established by the Demon Emperor!" The Phoenix God General thought: "Under the Demon Emperor's banner, there are also A guard of 500,000 Demon Emperor!"

"There are more than 200 gods among them!"

"It is the elite of the elite. If the king master intends to subdue them, the humble position suggests to subdue the other three kings first, and finally work together to subdue the Ten Thousand Demon Heavenly Court tribe!"

With the strength of the king!

The other three kings must not be opponents!

But you really need to pay attention to the demon emperor's tribe, but none of them are good.

Ye Chen said slowly: "How about the strength of this Demon Emperor?"

"The Demon Sovereign and the other three kings,

all have treasures bestowed by the Blood Spirit Race!"

The Astronomical God flashed his eyes and said: "Three hundred years ago, the Demon King made a shot and directly killed the prince of the Kun Gu Palace. The Kun Gu Demon King did not dare to show off his atmosphere. At that time, his strength was almost the Emperor. The ninth-level sky is also a golden body!"

"It is estimated that it should be between Tier 3 and Tier 4 of the Domination Stage!"

"If the king makes a move, I think the outcome will be between June 4th."

"What is the personality of this Demon Emperor?" Ye Chen calculated, in fact, the Astronomical God General said June 4th, so he should be turned upside down. His odds of winning are four, and Demon Emperor is winning 6. That is the basis for his promotion to the third rank of the Overlord Stage. on!

No way, Ye Chen's realm was too low, and his basic vitality was only 3.2 million catties.

The demon emperor is like the nine-level heaven of the emperor's realm, and the hegemonic stage is about three to four, and the basic qi and blood are less than six or seven million. Apart from the lack of immortal power, it is infinitely close to the first level of the gods. With the strength of the sky, Ye Chen broke out again, and it would be difficult to win without the help of the Tomb of Reincarnation!

Chapter 1278: No longer exists!

Endless thunderclouds gathered on the Heaven Killing Sword, thunder and lightning lingered around the sword body, the sword aura bloomed, and a pair of world-killing auras!

"Hahaha, good!"

"Worthy of being the owner of the Tomb of Reincarnation!"

"The spirit of the old man!"

In the tomb of reincarnation, Nie Baijian was ecstatic, staring at Ye Chen, and said: "Back then, the old man hardly received the fairy weapon. At that time, the old man was 137 years old. It took three hundred years to repair the golden body!"

"And you, Ye Chen, are only in their twenties, and have the cultivation base of the sixth heaven in the Dao Source Realm!"

"Not only does it hardly connect the fairy weapon, but also repel the fairy weapon!"

Check out new PVP arena battles!

"The old man admits that you are not a lucky guy. You have great strength and potential. From then on, you have been a disciple of the old man!"

Boom! !

A burst of world-destroying sword energy rushed out of Ye Chen's body, breaking through the sky full of thunderclouds in an instant!

This momentum even changed Ye Chen's expression!

so horrible! First release <https://https://>

The violent air wave rolled, and even shook Ye Chen tens of meters away, while spitting out blood!

very embarrassed!

The Demon King of Destiny saw this scene, and the corner of his mouth smiled more and more: "Garbage is garbage, no matter how hard you struggle, you can't change the fact that you are garbage!"

At this moment, the cemetery of reincarnation blasted an angry voice!

From Nie Baijian!

Nie Baijian, who had not spoken, even spoke!

"Although I didn't admit this son, he still has something to do with me anyway. Today you touched him and mentioned my name again, **** it!"

"Ye Chen, I will release my strength and repair your golden body!"

"What is the fairy weapon, the old man gives you strength, you will break the fairy weapon for me, and kill this monster beast that does not know the height of the sky!"

In an instant, a mighty force poured into Ye Chen's body!

Roar!!!

Ye Chen roared, absorbed the tyrannical blood, instantly repaired the golden body, standing on the ground, pointing to the Heavenly Killing Sword, the whole person exuded as if he had become the world's **** of war, The fighting spirit pervades the Nine Heavens!

He adapts to this force, the power of qi and blood has increased from 3.2 million catties to 9.9 million catties.

The Way of Killing and the Immortal Kendo have been repaired, and the combat power has doubled out of thin air at most!

Ye Chen now!

is comparable to a ninth-floor monk in the Emperor Realm!

is even scarier!

"The Demon King of Destiny!"

"I said, I want your blood and demon core!"

"Now, I want your first-grade immortal weapon, the Heaven-killing Sword, but I want to see how long the power given to you by the blood spirit clan can support you!"

"After this battle, I will be able to train the golden body to the third stage of the domineering stage, and the fourth stage is expected!"

Domineering!

arrogant!

did not see the Destiny Demon King holding the first-class fairy weapon in the slightest!

In Ye Chen's eyes, the Demon King of Destiny is a tonic, a tonic that allows him to quickly step into the third level of the domineering stage!

The blood of the golden body, especially the blood of monsters!

Make up!

"kill!"

"Seven Nights Broken Sword Fist!"

Ye Chen roared, fighting out of thin air, and his flesh tore the wave of air in front of him, grabbed a piece of divine thunder, turned it into a thunder whip and drew it directly at the Destiny Demon King, and then punched a ten thousand Buddha Diamond Fist. Shengsheng will fly the Heaven Killing Sword!

锵!!!

弑天剑 flew out of the Demon of Ten Thousand Miles, inserted into the ground, its power weakened!

Ye Chen knocked down the Destiny Demon King with a whip, and went up with punches and punches. Every punch caused the sky to fall apart. It was so violent and tyrannical!

You use the fairy sword!

I use my fist!

flew your fairy sword, and beat you into meat sauce!

I cut my fist when I have the ability, and if I don't have the ability, I will die!

"It also....."

"This is too scary!"

The body of the astronomical **** shook as the ground shook. Upon closer inspection, I found that Ye Chen was hammering the Destiny Demon King. Every punch could cause the mountains and forests to tremble, the ground trembles, and even monsters like them. God general, can't stabilize the body!

The Phoenix God swallowed, and looked at Ye Chen in front of him, his eyes gradually filled with fear!

Destiny Demon King!

One of the Four Great Demon Kings, used the power and fairy tools left by the blood spirit clan seniors again!

Such a near-God Demon King was actually hammered on the ground?

What level of horror has the power of Ye-senpai increased to?

"Ye Jitian!"

"you you--"

The Destiny Demon King wanted to speak again and again, but Ye Chen was punched in his mouth with a fist. The beast blood overflowed, his thick fangs were smashed, his bones were broken, his fur was ulcerated, and he was almost unable to fight back. !

Gradually, the **** power in its body gradually weakened, and the golden body shattered!

Even though it successfully entered the Golden Body Overlord Body and was in the first stage of the Overlord Body Phase, it was extremely difficult to block Ye Chen's nearly tens of thousands of cattles!

Its golden body overlord body phantom, even Ye Chen was torn to pieces!

Regardless of the human beings, beasts and ghosts, once the physical body enters the domineering stage, they can draw a golden domineering phantom in the sky with the power of golden blood, which is equivalent to condensing all the essence of the flesh, which is terrifying. But even so, the golden body phantom of the Destiny Demon King was beaten to collapse. Starting

how is this possible!

Why did this kid's breath suddenly change?

is like a different person!

This key power... actually comes from the body of a Daoyuan Realm kid?

impossible!

"Ye Jitian!"

"It's Qiye Pojianquan again You really are the disciple of that **** Xueqiye!"

"That **** slaughtered my father back then, although I could not avenge myself!"

"But don't be mad, you want to die together!" The Destiny Demon King took advantage of the gap and said a few ruthless words, and then the broken flesh began to bloom with golden light, a breath of death spread, and the flesh gradually Swell!

Blew!

The Destiny Demon King wants to explode and kill Ye Chen!

"Just do you want to blow yourself up?"

boom! ! !

With a full punch, Ye Chen directly smashed half of the Destiny Demon King's head, grabbed the red-purple demon core, and wiped out the soul of the Destiny Demon King, and then slammed it again, just like a star falling, directly The flesh was torn apart!

Generation Demon King!

The Demon King of Destiny, and this!

There is no dead body, and there will be no destiny dynasty ever since!

"The energy contained in this demon core is not bad!"

"Golden blood, count the blood of the first golden monster monster I got!"

Ye Chen stretched out his left hand slightly, and the palm of his hand burst out with suction, like a black hole, the crazy suction absorbed all the blood of the Destiny Demon King on the ground, directly purified it and turned it into the purest golden blood, the surface of the blood shone brightly. Every drop of blood has a faintly reduced version of the Destiny Demon King, trembling in the void, full of killing and killing, as if to wipe out everything!

The blood of the Beast King has been purified to such a point that the killing aura contained in it is enough to smash the humans in the seventh or eighth layers of the Dao Source Realm!

Chapter 1279: Just rubbish

The reason why the golden body hegemony body is called the hegemony body is to imply the meaning of 'violent' overlord body'. Its golden essence and blood, for the emperor realm, is a great treasure, the huge Kunlun emptiness. In the place of body refining, only Ye Chen under the emperor realm can absorb these essences. Other people in the same realm, don't talk about absorbing, just being close to not being shocked by pressure and murderousness, they are considered outstanding!

In this scene, many gods and generals were shocked!

Soon, more than fifty gods and more than half a million destiny troops, under the leadership of the astronomical gods and the phoenix gods, knelt down and shouted, "Meet Senior Ye!"

"Senior Ye, be our king, we are willing to follow the Lord Ye, the land of body refining, and conquer the Quartet!"

"But there is a command, the Destiny Army will kill the enemy and make contributions, and live up to the life of the Lord Ye!" The Destiny Army commander clasped his fists and narrated, his eyes filled with excitement and longing!

偌The place of great bodybuilding!

偌Great Kunlun Xu!

Only Senior Ye, no, Lord Ye, can become our king!

Throughout the world, from ancient times to the present, who and demon can hold onto the immortal sword in Daoyuan realm without defeat, and instead kill the lord of the immortal sword?

Only Lord Ye has done this!

"you guys!"

"Finally, let me check it out!"

Ye Chen grabbed a **** general, the golden body qi and blood exuded coercion, and the **** general spurted blood, and said majestically: "Go, check out who has ruined the remains of my human ancestors, and point it out to me. Come!"

He looked down at hundreds of thousands of monsters, and said: "Everyone, you want me to be your king, Ye Jitian, it's okay!"

"However, I, Ye Xitian, will never allow it to destroy the remains of the human ancestors to live!"

"There is a demon of this behavior among you, and stand up by yourself first, I will reward a whole body!"

"If this **** will pull it out, I will destroy it with one palm, and there will be no flesh and blood!" ア
新ヤ~⑧~1~中文网ωωω.χ~8.~1zщ.còm

Ye Chen's voice seemed to come from the nine heavens, full of endless pressure, so that the demons did not dare to offend the slightest.

Gradually, among the hundreds of thousands of monsters, thousands of monsters came out, including monsters and monsters. Among them, there were three **** generals, twelve nobles, and thirty-seven of them. They were both frightened. Staring at Ye Chen, knelt down and begged for mercy!

"Dead!"

Ye Chen sipped softly, the power of golden blood burst out, like a wave swept by, smashing them all!

He threw the gods with olfactory spells out, and said, "Check me!"

"Yes, Lord!"

Then Ye Chen turned his eyes and waved his hand, and the Heaven Killing Sword in the distance trembled violently!

boom!!!

弑天劍 was automatically pulled out, causing turmoil to fly, turning into a three-foot long sword, and falling into Ye Chen's hands!

The moment Ye Chen squeezed the hilt of the sword, he felt a gentle immortal power flowing throughout his body through the palm meridians. It has the effect of healing and enhancing the power of Qi and blood. With his combat power, light With a flick of a sword, you can smash and kill more than twenty gods!

The First Grade Immortal Tool Killing Heaven Sword is enough to increase his combat power by 30%!

is just a first-class fairy!

He looked at the body and hilt of the sword, and it seemed to be made from the dragon skin and spine of the crocodile. "It seems that the crocodile should be one or two levels of heaven in the divine realm. Only by plucking its skin, bones, and flesh and blood can you create an immortal Device!"

"Several masters, refining fairy tools, must be in the flesh and bones of the beasts of the gods, right?"

"In other words, the effect of the refined artifacts is different depending on the material?"

"Yes!" Xue Qiye explained: "If you want to forge a fairy artifact, there are generally two ways!"
First release <https://https://>

"In the first type, forging people are at least entering the gods, because the monks who enter the gods have blood strength in their bodies, not immortal powers. The weapons cast in this way are not real immortal weapons without immortal powers. !"

"At most, it's a fake fairy!"

"The weapons used by the ancestors of sects such as Han Yun and Qingtianmen were pseudo-immortal weapons. In addition to Kunlun Xu's refining weapons, they were directly destroyed by the blood spirit clan. Except for a few characters, no one else could forge them. Spirit weapon above Rank 7!"

After seven nights of blood in the reincarnation cemetery, he paused for a moment, and then said: "The second method is to use the beasts of the gods as the material, so that the refined artifacts are more resilient, and the monsters also have immortal powers. Enough to ensure that there is a fairy power in the fairy tool!"

Ye Chen understood what Xue Qiye said.

If a weapon wants to become a fairy weapon, there are nothing more than two conditions!

The first one, Qi Ling evolved into Faerie!

Second, the fairy tool has the power of the fairy element, which can exert three to five times the power of the ninth-grade spiritual tool!

And for a monk to enter the divine realm from the ninth level of the emperor realm, he needs the celestial power in the fairy tool. Without the celestial power, no matter how powerful Tianjiao is, it is impossible to generate the celestial power by himself. The physical body is transformed, so that the power of blood energy becomes the immortal power, and the physical body has the ability to generate the immortal power, as the foundation!

"Actually, this is just a first-class immortal artifact, it can be regarded as the most inferior goods!"

"Teacher, if you want to be promoted to the **** realm, you must look for a seven-rank or higher fairy artifact!"

Nie Baijian thought: "Let me tell you about the so-called fairy artifact!"

"The so-called fairy tools are actually only weapons for the cultivators who enter the realm of the gods. They are divided into nine ranks like the realm of cultivation!"

"And the martial artist of the **** king realm uses the **** king artifact, which has the ability to affect part of the space is also divided into nine products!"

"On top of that are Hunyuan Immortal Artifacts and Hedao Artifacts, which contain the power of space and time respectively!"

"But it is only part of it. It can be used to comprehend part of the law of time and space. When the law of space is completed, you can step into the realm above the Hedao realm!"

"As for the increase..."

Nie Baijian stroked his chin, looking like an old man, fluttering and celestial, a bit of a fairy-like charm.

He said in detail: "Fairy weapons are divided into four types: attack, defense, escape, and soul!"

"What you have in your hand is an attacking fairy weapon, which has a special function that increases your strength by 30%!"

"Other offensive magic weapons, there are three kinds of power increase, speed increase, and immortal power increase. It depends on the refining method of the refining person and the road they take!"

"Thank you Master for your advice!"

Ye Chen clasped his fists slightly, looked at the Heaven Killing Sword in his hand, and said: "In this way, you must be careful when facing the blood spirit tribes afterwards. I am not afraid of their bodies, but they are the immortal weapons in their hands. , If there is a soul-type attacking fairy weapon, I may be in crisis!"

He is Dao Yuan Realm, even if he is Emperor Venerable Realm, he is worried about soul attack weapons!

Because the emperor realm does not cultivate soul attacks, in other words, the soul power is not enough to practice the soul attack technique, at most it can seal some enemies of the emperor realm, but in the face of the power of the soul, the blood spirits in the gods are transformed Clan people, if the opponent holds a soul class to attack the fairy weapon, it will be very dangerous!

Chapter 1280: "0 Turn Soul"

"Is there a way to practice the power of the soul?"

Ye Chen asked humbly.

"One is to go to the land of souls, and the other you can absorb a lot of monsters and cores!"

"The power of the soul usually contained in the demon core is very strong, but your previous practice, the effect of absorption and transformation is too low, I will give you a soul practice!" After that, Xue Qiye made a gloss and merged into Ye Chen in vivo!

"A Thousand Turns Soul"

Ye Chen was overjoyed. This technique is a technique to enhance the power of the soul, and "The Universe Sword Seal" is a technique that uses the power of the soul!

He has a detailed experience of the technique of "Thousand Revolving Souls". He is very particular about transforming the soul and causing qualitative changes. Every time he turns, the soul will be transformed, promoted and transformed!

"This exercise, I only completed 297 revolutions!"

"You think about it!"

After Seven Nights of Blood, he fell into a weak and silent state, and the power of his spiritual thoughts was gradually fading.

If I stay longer, I'm afraid it will dissipate.

"Thank you, Master!"

Ye Chen immediately began to practice "A Thousand Revolutions Soul"

Soon, the first round is completed, the soul has undergone a qualitative change, and it has doubled.

The second turn is complete!

The third turn is complete!

.....

Until the completion of the twelfth turn, Ye Chen felt a fierce headache in his head, "Presumably my soul strength has grown, and Zhihai can't bear it for the time being. Forget it, wait for a while before practicing."

He checked his soul power and found that it was much stronger than before, and it already met half of the requirements of the great success of "The Universe Sword Seal"!

keep practicing, even if Ye Chen can't use the power of the soul to obliterate the soul of the enemy, he can still guarantee that the power of his own soul will be immortal!

"Lord, that's it!"

The **** who is proficient in olfactory spells will respectfully pointed aside the many monster races towards Ye Chen.

Ye Chen put away the demon core and blood of the Destiny Demon King, his eyes fell in front of many gods and generals, slightly cold, like a cold lake in the twelfth lunar month, "Don't talk nonsense, just send you on the road!"

He waved his palm casually, the power of golden blood and blood was in the air, and a golden mountain was gathered in the air.

boom! !

Only a popping sound was heard!

More than three thousand monsters and monsters were directly crushed by the golden mountain peaks, their flesh and blood were gone, and their souls were wiped out!

This blow really scared the other gods and generals to fear, and they dare not show any disrespect for human bones!

"The Lord!"

"Please forgive the Lord!"

Astronomy God General knelt down again in fright, looking at Ye Chen from afar, his heart beating, feeling that Ye Chen seemed to be a lot stronger again, giving him a feeling that even if he didn't take action, he could wipe it out!

is the tremor of the soul!

Ye Chen's soul power has greatly surpassed the generals' soul power, even if he doesn't use the exercise technique, it is enough to shake everyone present!

This is the power of the Xeon. Even if you don't make a move, it can give people a feeling of death and fear. Once you make a move, the world will fall apart!

"I wait to follow the king!"

"I will never kill a human being for life!"

"Please the king atonement, forgive me for waiting!"

Dozens of gods and hundreds of thousands of monsters shouted in unison, but the momentum was far less than Ye Chen alone.

"It's not a race that doesn't kill anyone!"

"For the wicked, traitors and other human beings, you can't overkill it!"

"But don't spoil the bones of dead people, this is my bottom line!" Ye Chen turned to look at the ruins of the hall, and said: "Next, you will quickly rebuild the hall, the astronomical and phoenix gods, come and discuss with me the place of body refinement. thing!"

"Yes, Lord!"

"Accomplished..."

.....

Ye Chen, the astronomical **** general, and the phoenix **** general can only sit on the ground temporarily and discuss, there is no way that the original palace was destroyed in the battle just now.

"Report to the lord!"

"In the original Destiny Palace, there will be one hundred and ten gods!"

"Lord, you personally killed 24 people, the Demon King of Heaven killed 17 people, and the aftermath of battle killed 21 people!"

"Sixty-two people died in total, and fifty-one gods will remain!"

Astronomy God General reported: "The Destiny Army originally had millions of elites, of which 200,000 had just been trained, and the rest were elites who had battled with the other three kings over the years!"

"One million destiny army, one hundred and five thousand died under the king's hands, 235,000 died in the aftermath of the battle!"

"A total of 340,000 were killed, and the remaining elites, waiting for your command from the lord at any time, can attack the other three kings!"

"The situation of the other three royal courts, tell me about it!" Ye Chen's interest also came. It just happened that enough power was needed to fight the blood spirit race. In this body-refining place, the Heavenly Mandate King's Court alone, the emperor realm **** general is comparable to the two. The number of emperor realms in the three major factions!

If you conquer the other three kings, hundreds of emperor-level demon races will come out, and you can quickly take the Huang Family!

As for the loyalty of these monster beasts, the royal beast sect used to use the beast ring, which can control the life and death of the monster clan. Ye Chen can also concoct it according to the law. Of course, these monsters can also be induced for profit. In the case of death, these monster races will definitely be used by Ye Chen!

Kunlun is really too weak!

Now, there is a strength, Ye Chen has to try his best to win.

In the future, the main force against the Blood Spirit Race will be the Monster Races and the Huang Family in the Body Refining Land.

"The other three kings!"

"Lianyuan King Court, Kun Gu King Court, and Bai Zhan King Court!"

"The strength is similar to ours. Each has a strong team, and they are almost all elite soldiers of a hundred battles. They are jointly surrendered under the Ten Thousand Demon Heavenly Court

established by the Demon Emperor!" The Phoenix God General thought: "Under the Demon Emperor, there are also A guard of 500,000 Demon Emperor!"

"There are more than 200 gods among them!"

"It is the elite of the elite If the king has the intention to conquer them, the humble suggestion is to conquer the other three kings first, and finally work together to conquer the tribe of the Ten Thousand Demon Heavenly Court!"

With the power of the king!

The other three kings are definitely not opponents!

But you really need to pay attention to the demon emperor's tribe, but they are not good.

Ye Chen said slowly: "How about the strength of this Demon Emperor?"

"The Demon King and the other three kings have treasures bestowed by the Blood Spirit Race!"

The Astronomical God flashed his eyes and said: "Three hundred years ago, the Demon King made a shot and directly killed the prince of the Kun Gu Palace. The Kun Gu Demon King did not dare to show off his atmosphere. At that time, his strength was almost the Emperor. The ninth-level sky is also a golden body!"

"I guess, it should be between Tier 3 and Tier 4 of the Domination Stage!"

"If the king takes a shot, I think the outcome will be between June 4th."

"What is the personality of this Demon Emperor?" Ye Chen calculated, in fact, the Astronomical God General said June 4th, so he should be turned upside down. His odds of winning are four, and Demon Emperor is winning 6. That is the basis for his promotion to the third rank of the Overlord Stage. on!

No way, Ye Chen's realm is too low, and his basic vitality is only 3.2 million catties.

The demon emperor is like the nine-level heaven of the emperor's realm, and the hegemonic stage is about three to four, and the basic qi and blood are less than six or seven million. Apart from the lack of immortal power, it is infinitely close to the first level of the gods. With the strength of the sky, Ye Chen broke out again, and without the help of the Tomb of Reincarnation, it would be difficult to win!
