

Urban Medical 1291

Chapter 1291: It won't last long!

"This king knows that you resent this king for making wine with human blood and making bone cups from human skulls!"

"So much that cooperation cannot be achieved."

It paused for a moment, and then said: "But, those are the flesh and bones of the weak. If you can really defeat this king, this king will help you. At least there is not much difference between following you and those who follow you. Can improve strength!"

"If you can't beat this king."

"This king will force the people behind you to come forward."

"As for you, it's just a waste, not worth it."

The intention of the Hundred Wars Demon King is very obvious, in the final analysis, one sentence: Lao Tzu is to follow the strong.

It feels that it is already difficult to improve its strength in the land of refining, so it must follow the former strong to improve its strength.

"war!"

"Three strokes to defeat you!" Ye Chen burst out into the sky, slammed a punch, countless golden Buddhist scriptures appeared, forming a Buddha country in the air, filled with various powerful people, all chanting Buddhist scriptures Text!

Ten Thousand Buddha King Kong Boxing!

Ye Chen condensed by himself that the power of the "Fisting Buddha Kingdom" is still above the Buddhism's "Palm Buddha Kingdom"!

At least, the Buddha in the palm is the main force, but the Buddha in the fist is the main killing and the attack is unparalleled!

"Canglong destroys the enemy!"

The Hundred Wars Demon King yelled violently, and the dragon's body trembled and traversed the heavens and the earth, like a golden steel great wall running over the heavens and the earth, and the aftermath smashed hundreds of thousands of demon races. It circulated the dragon's tail, swept across and whipped out, followed by a wave of dying light from its mouth, like the anger of a world-destroying dragon god. The terrifying aura spread across the eight wilderness, causing all the emperor realm gods to spurt blood and explode. Retire!

Boom! ! !

In the fist, the Buddha country smashed the dragon whip head-on, and then smashed through the dragon's tail, facing the Silent Lightwave!

"Canglong destroys the enemy?"

"This trick is unfamiliar, but it has this power and is very strong!"

"Even, above my way of killing and immortal swordsmanship, it seems to be the power of nirvana!" Ye Chen keenly looked at the Hundred Wars Demon King, and whispered: "This old dragon is estimated to have gone nirvana. Dao, the most powerful road among many special abilities!"

"No wonder, it has always stopped at the peak of the Emperor Realm!"

"Presumably it is so difficult to perfect the Way of Annihilation, that it has been trapped for hundreds of thousands of years!"

The power of nirvana comes from the way of nirvana!

Dao Sanqian, although there is such a word, it refers to most meanings. There are countless ways of meaning. Kendo, sword, water and fire, gold wood, etc., are all ordinary ways. There are some very special ways in these ways. .

For example, Ye Chen's way of killing and the way of indestructible swords.

These special ways, with the 'Way of Annihilation' as one, possess the power to destroy everything, allowing young warriors to instantly turn into white-haired old men, or to wipe out the source of all life in the enemy's body in an instant. It turns into nothingness!

Therefore, the "Way of Nirvana" not only greatly reduces the life span of people, but also obliterates the origin of the enemy, turning it into a dying old man without combat effectiveness. The power is simply terrifying!

"Old beast!"

"After I will kill you, I have to take a good look at the rudiment of your avenue!"

Ye Chen was not afraid, instead, his eyes were full of enthusiasm, saying: "If my Dao Source Realm cultivates your Way of Annihilation! This will double my attack power a lot!"

He has not been in contact with other Taoisms for the time being, but has been in contact with the Tao of Annihilation. Once the cultivation is successful, the next time he fights with the enemy, as long as it is an insignificant guy, or a blood spirit tribe, he can use this Tao to kill instantly. The lifespan of the enemy, and the foundation in the body.

"Humph!"

"If you want to kill this king, this king will abolish your body first!"

The Hundred Battles Demon King leaped out, not slow, and came to Ye Chen in an instant, a dragon claw waved, tearing Ye Chen's whole body of air waves, mixed with fragments, and he was extremely powerful.

boom! !

Ye Chen also offered a punch, and the terrifying power Nie Baijian gave him exploded, directly exploding the Chijin Dragon Claw.

Whoosh! !

The fragments of dragon claws flew out, like a falling star, and the ground shook unbearably!

Dozens of powerful monsters who watched the battle were directly blown to ashes by the bolide.

But fortunately, this is the monster beast of the Royal Court of Lianyuan, the Palace of Light and the Court of Hundred Wars, there is no damage!

boom! ! !

Once again, the chest of the Hundred Wars Demon King was directly pierced by Ye Chen, and a large piece of golden dragon blood was spilled. The ground was like foam. Under the power of the dragon blood, it sank several meters out of thin air, and even the ground burst directly. , Turned into a deep valley.

Golden body bully body!

Especially in the hegemonic stage of the Hundred Wars Demon King, a drop of dragon blood can kill the humans in the three layers of the Dao Source Realm. Nowadays, large swaths of dragon blood are flying and shattering the ground, which is normal!

Boom! !

Under the blessing of Ye Chen, the Buddha Kingdom directly broke through the power of nirvana, pierced the heart of the Demon King of Hundred Wars, and beat his body into countless golden fragments, floating with the wind.

Such a blow directly severely damaged the Hundred Wars Demon King.

Puff puff puff! !

Puff! !

The golden shards fell down, but it did a lot of damage to the crowd watching the battle below.

In the blink of an eye, the monster beasts under the realm of the thousands of venerables in the Royal Court of Hundred Battles were directly obliterated, unable to resist.

"Lord, can you hit the side a little, the aftermath is too strong!"

On the side of the Palace of the Hundred Wars, many gods hurriedly retreated, and by the way, the army of the demon behind the Hundred Wars retreated, all in distress.

The king was beaten through the chest and heart by the erupting king, but the aftermath and golden fragments almost killed us!

Never expected!

Ye Jitian unexpectedly broke out such power!

I'm afraid it is possible to kill a top powerhouse of Kunlun Xudi, right?

"Ye Jitian!"

"This king admits that you are strong, but you want to forcefully suppress this king, you are not enough!"

"Here, the old man, there are still immortal tools given by the blood spirit race, as well as the power of blood and blood, so that the old man can enter the sixth stage of the golden body!"

The Hundred Wars Demon King retreated while fighting, and said coldly: "If I'm not mistaken, the power in your body is lent to you by someone to ask the people behind you to come out with this king--"

Ye Chen didn't pay any attention, with a fist and another blood, the Demon King of Hundred Battles could only retreat, his face even more hideous.

He never expected that in an instant, this young man seemed to be a different person!

Regardless of the momentum and strength compared to just now, it is simply heaven and earth!

Ye Chen doesn't care about this, his eyes are red at the moment, his eyes are red!

Without the help of any weapon, he used his fist to punch out a world!

With every punch, it seemed that the Demon King of Hundred Wars burst into pieces with no flesh and blood, and in an instant, it condensed the sword seal of the universe and directly penetrated into the soul of the Demon King of Hundred Wars.

"what....."

"Ye Jitian..."

"Ye Jitian, are you going to suppress this king forcibly?"

"This king won't let it go-ah...hoar..."

There was a sound of dragons, and the Demon King of Hundred Battles rolled on the ground in pain. Every time the body of a thousand-meter-sized body rolled, it was like a magnitude eight earthquake erupting, and many monsters were injured and killed.

With its soul power, it was not more than twice that of Ye Chen.

Faced with the sword seal of the universe, even if it can resist, it will not last long!

Chapter 1292: Essence body

quickly!

Five minutes later, Ye Chen sensed that the seal was over, a smile appeared on the corner of his lips, and he exhaled for a long time. There were even beads of sweat on his forehead.

The seal exists so much, and the price is too great.

He wiped the sweat from his forehead, and continued: "Finally, I have subdued you!"

"However, you don't have to be angry and frustrated!"

"As long as you work for me, as long as you have harmed the ancestors of humanity before, you will kill as many blood spirit people!"

"One for ten!"

"For example, if you kill ten people, then go and kill a hundred blood spirit people!"

"The lives of my earth are ten times more expensive than those of the blood spirit tribe. When you kill enough, I can meet your requirements!"

Check out this new online game!

He looked at the Demon King of Hundred Wars, whose expression was gradually calming down, and smiled: "Before killing enough, you followed me. If you are a little bit rebellious, I will kill you. Of course, follow me, yours The strength is also fast!"

"Ye Jitian!"

"Ye Jitian, you..."

The Hundred Wars Demon King turned into a human form, worthy of getting up from the ground. He was about to do his hands. Suddenly he felt severe pain in his head, like being eaten by thousands of ants. The pain made it roll all over the floor and shouted, "No... No, Ye Jitian...no, master!"

"Master, spare my life!"

At this moment, the Demon King of Hundred Battles is not as strong as before, and his eyes are full of fear.

The monster beasts of the two major forces looked at the Demon King of Hundred Battles rolling all over the floor, and the shock in their hearts could no longer be expressed in words!

Is this still that of the demon king who is standing up to the ground and fighting for hundreds of battles?

He was hit by Ye Xitian and fell to the ground, wailing for his life.

What's more, the Demon King of Hundred Battles actually calls a human being the master?

Was such a powerful Demon King actually subdued?

Ye Xitian, that's too amazing!

"I think your cultivation is good!"

"You have the right to kill you. If you fight against the blood spirit race in the future, if you kill a blood spirit race person who has half stepped into the gods!"

"I can consider, take you to the High Martial Plane!" Ye Chen waved his hand, unlocking the attack of the Universe Sword Seal on the Demon King of Hundred Battles, looking down at the many demon generals in front of him, and said: "People of the Court of Hundred Battles, today Return to the Palace of Light, and if there is any objection, come out!"

After a while of silence, two monsters rushed out directly.

Their eyes are ferocious, and their breath is violent to the extreme!

"I'm not convinced!"

"I'm also not convinced, Ye Jitian, you demon--"

Both monster beasts have a cultivation base comparable to that of the emperor.

It's no wonder that this place of refining is isolated from Kunlun, and this place is full of spiritual energy. These monsters have been cultivated for thousands of years, and the natural emperor's realm is more than human.

boom! !

boom! !

Ye Chen looked at the two figures and shook his head helplessly. In such a situation, there are still people looking for death!

With two fists casually, he directly exploded the two monster beasts that were about to approach, and his blood exploded, like a **** of war, looking down at the world, his voice was cold and said: "Those who refuse to accept can come out, I will complete it!"

This scene appeared!

The Hundred Battles Demon King had more than one hundred generals, turning off the flames at the same time, and no demon clan dared to speak.

Everyone has seen Ye Xitian's strength, and his own king has been beaten like this ghost.

Moreover, Ye Chen is different from the Destiny Demon King. Qiang is really strong. Even if they rebel together, they can be massacred and killed in a moment!

"it is good!"

"Since there is no monster clan who refuses to accept!"

"From now on, the monster beasts above Fandi Venerable Realm will each contribute one-third of their blood!"

"I want to continue refining!" Then, Ye Chen looked at the Demon King of Hundred Wars and said: "What the Blood Spirit Race gave you, hand it over!"

"Obviously!" The Hundred Battles Demon King's face was pale, and he moved slowly to take out a blood-colored light group, and said: "Inside are the blood of a strong man who has entered the realm of gods, and a second-grade fairy artifact!"

It knelt down, clasped a fist and said, "To the master!"

After receiving these, Ye Chen looked at the astronomical general and said, "Send the other two kings to come here in two days!"

"As for the Demon Emperor's Ten Thousand Demon Heavenly Court, also go to pass the order and come over in two days!"

"If it doesn't come, I will kill it as a river of blood!"

"Obviously, Lord!" The Astronomical God shook his body and passed down the order with great joy!

I finally got the right king!

The king's master watched the world and sent an instruction to the three kings. Don't dare not follow it!

Domineering enough!

Moreover, with the increase of the power of the king, I am afraid that it will not take a few days to unify the body refining place, and lead us to attack the blood spirit race in the future, which is a good countermeasure!

Anyway, the training resources that can be used in the physical training ground have been used up for thousands of years!

However, all monsters above the emperor's realm can only cultivate slowly on their own and are self-sufficient. If they can attack the blood spirit race, they are likely to win some resources and allow their cultivation to advance!

As for Kunlun Xu?

The master is a person from Kunlun Xu, and I must lead us back to Kunlun Xu in the future!

Even if it is possible to give humans as a mount, it is much better than the gradual scarcity of the body training ground!

After Ye Chen explained, he found a place by himself and began to retreat.

In Kunlun for a few days, he was strong, but he was worried about China.

When Ji Siqing stepped into the land of China, he wondered if he had met those strong men who hung in the depths.

Who is the force that wants to attack Ye Family and even Xia Ruoxue!

The matters going up and down in the Palace of Light were mainly handed over to the astronomical **** general and the phoenix **** general. The combat power of these two people is currently considered to be the top level of the two major forces, and they are handled quickly!

A place of retreat!

In a cave, Xiao Huang and the blood dragon coiled around on both sides of Ye Chen at the same time, protecting Ye Chen!

Ye Chen took out the essence and blood contributed by many gods.

The essence and blood contributed by so many monsters is close to a ton of essence and blood!

These monsters are extremely huge!

Relatively speaking, they have much more essence and blood than humans.

Any demon tiger is several tens of meters in size, and a lot of essence and blood are extracted. Collecting the essence and blood of the two powers of the emperor realm monster beast, if there is not a ton, it would be nothing!

As for the demon plants, they contributed 350 fruits that are effective for the power of the soul, and these fruits are all condensed by themselves!

Ye Chen had these essence, blood and fruits, enough to enter the fifth or sixth stage of the dominance stage.

It took the lead in taking out the best quality blood, the blood of the Demon King of Hundred Battles and several of the seven-tiered gods of the Emperor Realm, placed it on the barrel, and made it by itself to run it. The exercise method uses essence and blood to refine the body and at the same time for the skin to absorb.

Huhuhu! !

Huhu! !

The essence and blood in the wooden barrel released endless killing energy, shaking Ye Chen's skin numb.

If it were replaced by other emperor-level human beings, it would probably be instantly exploded by blood and essence when placed in a wooden barrel.

Crackling~~

Zizi~~

The killing energy of the essence and blood turned into a five-color thunder and lightning, and suddenly bombarded Ye Chen.

Chapter 1293: Purple Saint Vein

From time to time, various fierce beasts, demon fires, demon thunders, etc. tempered Ye Chen's skin.

The so-called exercise can not have two results!

One, the tempering is successful, and the physical body has been greatly improved.

On the other hand, the exercise failed, and the body was crushed by the killing energy of the essence and blood, and the body was basically half-waste.

Besides, the domineering period!

The third stage in the early stage is mainly physical gold!

The third stage of the middle stage, mainly the flesh body is pure gold!

The third stage in the later stage is mainly blood redness of the flesh.

Turn the body into blood red, returning to the original nature to the color of blood, until it enters the phase of transformation, every inch of the skin of the body can contain a large amount of qi, even if the body is not moving, the qi and blood alone can be transformed into the sky. Lei Gang killed the enemy.

As for the transformation of gang qi, whether the gang qi in the skin belongs to the thunder-type gang qi or the fire-type gang qi, it depends on the situation!

The only thing that can be determined is that once the body enters the transformation phase, it is the powerhouse of the **** king realm who has enough qualifications to compete!

Time passed quickly, Ye Chen's body seemed to be hungry for a long time, and he suddenly absorbed more than a thousand catties of blood and began to undergo a qualitative change.

A breath of horror spreads out!

At Ye Chen's dantian, a mark of reincarnation gradually formed, and the blood of reincarnation was opened again.

Huhuhu! !

The blood of reincarnation is like a black hole, devouring a large amount of monster blood crazily, like a baby who has been hungry for a long time, swallowing blood and making up for the shortcomings. At the same time, the breath that comes out is getting more and more. Strong!

In fact, Ye Chen hadn't retrained for a long time since the last body training.

From entering the Holy Land to using the body in the Bone Condensation Phase of the Dao Source Land, the desire for essence and blood has been long.

This time, Ye Chen received a ton of essence and blood to cause the bloodline's special reaction.

As the essence and blood were swallowed, Ye Chen showed purple blue veins on his arm, flashing purple light, which was very different from the surrounding scarlet golden skin. Logically, reaching the fourth stage of the Domineering Stage, the meridians and blood light should also be red gold.

"The bloodline of the tomb owner has opened up again!"

"It seems that the bloodline talent has been activated!" Xue Qiye looked at everything in front of her, and said: "Reincarnation bloodline, it's no wonder that the purple veins can be awakened in the fourth stage of the dominance phase!"

Mo Ning'er was a little surprised, and asked: "What is the "Purple Saint Vein"?"

"Senior Blood, you know all kinds of bloodlines, and you must also know the reincarnation bloodlines, hurry up!"

"I know all kinds of bloodlines, but reincarnation bloodlines are rare in the world!"

"I don't know much!" Xue Qiye sighed and said: "I once saw in an ancient book a person with reincarnation bloodline hundreds of thousands of years ago. He was in the seventh stage of the dominance stage and awakened. A special meridian appears purple."

"And this special meridian can contain double the blood of the same level physical body!"

"Meaning, it is also the seventh stage of the domineering stage, others may have 15 million qi and blood, but a person with this meridian can hold 30 million qi and blood, and the combat power is several times higher out of thin air! The meridians are also known as the purple holy veins!"

"And that ancient book was also something I accidentally saw when I traveled outside the territory 7,000 years ago!"

Cultivation, the more difficult it is in the later stages.

Even if ordinary people practice in the early stage, there is a big difference in the spiritual travel state, etc., as they enter the later stage, such as the source of the Taoist state, the emperor state, etc., the gap will gradually be shortened. If you want to exceed the combat power of others by several times, it is very difficult.

And Ye Chen, even if he didn't have to put in his life effort, relying solely on the Purple Saint Vein, he could still open a huge gap with others in the same realm!

Nie Baijian looked at Ye Chen outside, and said to himself: "This kind of meridian is really extraordinary!"

"It seems that the blood of this kid's reincarnation is more than these special features!"

"That's natural!" Xue Qiye said: "However, it is estimated that it will be possible for this kid to enter the late stage of the Emperor Realm before he can activate other talent abilities!"

In the reincarnation cemetery, there are still discussions!

However, Ye Chen's physical body had undergone earth-shaking changes. After absorbing thousands of catties of blood, the seal of reincarnation gradually calmed down!

The physical body also moved from the third stage of the domineering stage to the fifth stage of the domineering stage.

A weird light radiated from the whole body, covering the internal organs!

This light seemed to be the darkness in the depths of Jiuyou.

It's like the light of Buddha!

This light is more like the light of reincarnation that Ye Chen had released in the Blood Spirit Secret Realm!

"What a powerful feeling!" Ye Chen waved his fist slightly, the violent power seemed to spread from the palm of his hand, and he could clearly feel that his combat power had improved a lot.

He looked at the faint purple meridians on his arm, and said: "If all the essence and blood are absorbed, my trial in the body refining land will be over!"

"But there are still the power of the soul and the prototype of the avenue, which needs to be practiced again, otherwise, it will not necessarily be able to defeat the strong who descended from the blood spirit race!"

No longer thinking about it, Ye Chen continued to absorb the remaining essence and blood, followed by taking the fruit, preparing to improve the power of the soul and his realm.

...

One day passed!

The main hall of the original Hundred Battle Royal Court has now become the main hall of the Palace of Light.

The astronomical **** general and the phoenix **** general stood on the left and right of the throne, like two protector gods, behind which stood the wind and cloud envoy. It obtained many treasures from the King's Court of Hundred Wars, and not only restored its physical body, but also moved forward step!

Not only that, the former Demon King of Hundred Battles, also without the breath of the past, stood silently on the other side.

This time, when the other two great courts heard that the original Hundred Wars Demon King was beaten to pieces by Ye Jitian, and rolled to the ground begging for mercy, they came with his men overnight.

The two kings led the team to set off, followed by more than a hundred gods of their own!

The ghost knew what was going to happen, and the two king masters who could put the table on the table brought both the emperor realm gods!

"Please enter the two kings!"

"Lord Lord, please wait a moment, our Lord Ye is still in retreat, there is still an hour before the meeting time!" Astronomy God will speak plainly invisibly exuding a tyrannical blood!

"That's good!" Kun Gu Demon King sighed, and found a place to sit down.

It is a family of monsters, and its body is a blazing tiger. It has close relatives with the Destiny Demon King who was killed by Ye Chen, but its strength is not as good as the Destiny Demon King, which is the late stage of the Emperor. The threshold of the seventh-level sky, the ninth-level physical body of the bone consolidation stage!

It took a glass of wine, took a sip, smiled, and asked, "Excuse me, Lord Ye summons me to wait, what's the matter?"

"Shut up, when the lord of my house arrives, it will naturally be clear to you!" The Hundred Wars Demon King shouted angrily, and immediately shook the ancient king's court from the lord to the god. No demon dared to talk any more, all honestly. Sitting and drinking, the atmosphere did not dare to take a sip.

Chapter 1294: Jagged suppression!

Lord Kungu sighed, quietly looked at the Demon King of Hundred Wars, and said in his heart: The Demon King of Hundred Wars in the past, today has become Ye Sution's pawn.

What is the sacred Ye Sution?

Which top school is from Kunlun Xu?

Being so mighty and tyrannical, I'm afraid Lord Demon Sovereign can't hold him down anymore, but this king will have to negotiate with him later.

Don't offend it!

In case of offending, it would be a disaster!

"Humph!"

"Baizhan, you old thing, I didn't expect you to become Ye Jitian's subordinate!"

"Unexpectedly, the Demon King of Hundred Battles, who used to be invincible and invincible, has become an imperial general today!"

Lianyuan Demon King ridiculed a few words, but was shocked by the Hundred War God Generals and took a few steps back. Instead of fear, he laughed.

Raid: Shadow Legends! Play Now!

It led more than a hundred subordinates to the seat, put their hands on the wooden table, looked at the hundred wars, and said: "Today, should I call you the hundred wars? I am the lord, even Lianyuan. The lord of the royal court, and you are just a **** general, if you act on me, you are committing the following!"

"Of course, I may not be able to control you!"

"However, I will definitely report to your Patriarch Zi, at least, your Patriarch Zi Ye Jitian is the same level as me!"

Same level!

Refers to the king class!

The king of thousands of demons!

At present, the only place for body refining is Lianyuan Demon King, Kungu Demon King, Ye Jitian and Demon Emperor, the three demon alone.

The Hundred War Gods will arbitrarily take action, which is arrogant.

"you!"

"Lianyuan, you bastard, I didn't see you before!"

"Today, you are going crazy!" The Hundred War God General was about to make a move, but he was stopped by the Astronomy God General and the Phoenix God General.

The Wind and Cloud Envoy stepped forward and clasped his fists to signal, "Lianyuan Demon King, you are the lord of the Lianyuan Royal Court, but you can't sneer at the gods of my Palace of Light! Even though I dare not wait, I can't treat you. Hands-on!"

"But it doesn't mean that my lord can't do it!"

It clasped its fists to gesture to the sky, representing the supreme respect for Ye Chen, and said: "My lord, kill the fate, and inflict great damages. If you are not polite, it will only take minutes for my lord to kill you! "

"Really?"

"The Lord Demon Emperor, how do you deal with your lord?"

"The Lord of the Blood Spirit Race, how do you deal with the Lord of your family?"

Lord Lianyuan sneered and said: "In one year, the adults of the blood spirit race will come!"

It deliberately looked at the Hundred War Gods and sighed, "I have heard that the Hundred Wars Gods seem to have rebelled against the blood spirit race and the adults of the blood spirit race!"

"Hundred battles!"

"You act like this is tantamount to killing yourself!"

"Do you still want to drag the Lord Ye Killing Heaven?"

It was shrewd, leaving Ye Xitian aside, and specifically scolded the hundred war gods.

"Betrayed the blood spirit race?"

"I, Ye Jitian, have never surrendered to the Blood Spirit Race!"

An extremely domineering qi and blood spread all over the palace, giving all the gods a suffocating feeling, just like facing the ancient demon king.

I saw that a blood-colored road was paved from a distance, and there was a young man standing above him. As the blood-colored road advanced, he waved the power of infinite vitality and blood, turned it into a blood-bearing arm, and directly grabbed it. Lord Lianyuan!

"let me go!"

"You Ye Sutian, let go of this king!"

"This king is an outer disciple of the Blood Sword Sect, and he is also considered a half blood spirit tribe. You dare to—"

Click! !

Click! !

Only heard the sound of shattering, Lord Lianyuan's golden body quickly cracked, and the crack spread quickly!

Under Ye Chen's arm, the golden body of Tier 1 in the Dominant Body Stage was like a toy, cracked step by step. It seemed that in the face of this irresistible force, Lord Lianyuan faced him. Was hit hard!

boom! !

With the sound of a crisp explosion, golden light overflowed!

Ye Chen loosened his arm, and a qi and blood flowed into the palm of his hand.

Lord Lianyuan, although he was still in human form, he was already seriously injured all over his body!

Although Ye Chen had been in seclusion for many days and was strong, he had not yet reached such a terrifying level.

Just now he just used the power of the reincarnation cemetery.

Right now, he must take the initiative from the beginning!

The best initiative is to make these people feel fear!

"call!"

"So strong!" Lord Kungu exhaled, secretly feeling that fortunately he did not offend Ye Sitian!

Lord Lianyuan! Such a demon king with a golden and overlord body was severely injured in an instant!

It looked at Ye Chen, as if looking at the sea of stars, and couldn't see the end at all. It couldn't help but sigh with emotion: "Unfathomable, definitely much better than the Demon King of Hundred Battles. I wonder who is better than Lord Demon King?"

Lord Demon King!

It was already closed five hundred years ago, and it was already extremely terrifying at that time!

Come to think of it, after five hundred years, Lord Demon Emperor should be promoted to the sixth stage of the hegemony stage, located at the peak of the ninth level of the emperor realm!

Ye Xitian, shouldn't he be his opponent?

"Ye Jitian!"

"Why are you doing so **** me!"

"Aren't you afraid of the Blood Spirit Race adults taking revenge on you?"

"I tell you, it is the Blood Sword Sect of the Blood Spirit Clan that suppresses Kunlun Void. I am an outer disciple of the Blood Sword Sect. You dare to injure me hard..." Lord Lianyuan trembled with anger, his body swaying. It was also full of cracks.

It pointed to Ye Jitian and said, "You better compensate for my loss!"

"Otherwise, the blood spirit tribe people a year later, but my seniors!"

"I will let the brothers, blow up your golden body and cramp you!"

For the Lord Lianyi, he knew that Ye Xitian was strong, but no matter how strong he was, he was not qualified to compete against the strong of the blood spirit race!

Because one is the sky, the other is the earth!

Can't compare!

There is no qualification to compare!

"Papa!!"

Ye Chen grabbed Lord Lianyuan in the air, with a cold expression, and said: "What is the blood spirit race! I tell you, your brother is here, and I will blow it up!" He looked at all the gods and said. : "I am here to inform you of your arrival, just to convey a message!"

"from now on!"

"Regardless of Kunlun Xu, or the place of body refining, but mortal monsters, capable people, need to use the blood spirit race as the enemy!"

"This day, I, Ye Jitian, will turn it over!"

His blood exploded on the spot, he slammed and killed two kings of Lianyuan King Court who wanted to refute, saying: "Kunlun Xuzhong, my younger brother Ye Chen, has regained many sects and rebelled against the blood spirit race. The banner of the country must also be erected!"

"Then I will be in charge of the place of my body training!"

"All the monster races in the body refining land, step up their cultivation, and will set the benchmark against the blood spirit race in the future!"

"Any demon race that has a relationship with the blood spirit tribe, either kill a few blood spirit tribe people and send their heads to show their loyalty, or I will kill it now!"

The monsters are not humans, and they have not received the oppression of the blood spirit race!

Therefore, Ye Chen does not intend to directly suppress it with the soft policy!

Chapter 1295: Just a few ants!

If Ye Chen wants to oppose the blood spirit race, he will have to oppose it!

Who dares to say nothing, treat it as a shock, or directly seal it.

At this point, the hall was silent, and many gods all looked at Ye Chen, but King Kungu stood up.

Lord Kungu hugged his hand and asked, "Dare to ask, Lord Ye, are you sure about dealing with the blood spirit race?"

It looked around at many demon generals, smiled, and said: "The place where I refined my body originally belonged to Kunlun Xu. It is not a problem to return to Kunlun Xu at this moment. It is just dealing with the blood spirit race, and everyone knows it. "

"Besides, I also know that Lord Ye has superb methods!"

"Even today, if I do not agree, I will be suppressed and sealed one by one by Lord Ye, or executed directly!"

"It's better, Lord Ye's own grasp, if everyone feels feasible and capable."

"Then everyone do it together."

This is very reasonable. For the Yaozu, it doesn't matter to follow, as long as it is good.

They have no deep hatred with the blood spirit race, nor can they talk about any favors. Although there were some complaints about Kunlun Xu's words, they are all gods of the older generation. The young new gods have not lived in Kunlun Xu. Not to mention hate.

Most demon **** generals also hold a life of slaughter looking forward to the land of the strong.

Of course, if it is a life of being slaughtered, they don't want to live!

"Ye Jitian!"

"Dare to rebel, you look for—"

"Crack!"

Ye Chen waved his hand to explode blood, and directly twisted the neck of Lord Lianyuan. With a little bit between his fingers, the criss-crossing sword energy flew out, directly shattering the golden bones, and scattered on the ground, frightening all the royal courts of Lianyuan. God will retreat.

"This!"

"Lord Ye, my lord..."

The royal court of Lianyuan, the **** general who can still speak, was terrified, and stood out with a trembling body: "Lord Ye, I don't know what you mean?"

"No it!"

"From then on, the royal court of Lianyuan belongs to me, Ye Jitian!"

"You guys have opinions!"

With a wave of his hand, Ye Chen slapped a number of Universe Sword Seals, sealing all the gods of the late Emperor Realm present, including three such as the Astronomical Gods and the three other gods of the two great royal courts.

He looked at everyone and said: "Everyone, do you know how many years I have been practicing?"

Lord Kungu stepped forward, checked carefully, then looked at everyone, and said: "It's only ten years!"

"what?"

"Lord Ye has only cultivated for ten years, how can he have such a mighty power?"

"Ten years, it has been repaired to this level? This is going against the sky!"

"Behind Lord Ye, is there really a strong support from other planes?"

Everyone seemed petrified at this moment, and the expressions on their faces were even more shocking.

As the gods of the royal court of Lianyuan and the royal court of Kungu, they have cultivated for thousands of years before they have cultivated like this.

But Ye Jitian?

Only ten years of cultivation?

There is such a cultivation base, is it true that there are extraterritorial races behind it?

However, Lord Kun Gu couldn't lie, thinking about it, Ye Jitian had only cultivated for ten years!

"Everyone, I have been practicing for less than ten years!"

"Now, in the Dao Source Realm, it is enough to kill the powerhouse of the seventh heaven of the Emperor Realm! Then what will happen if I step into the Emperor Realm, you should be very clear!"

"And I will cultivate to the Affinity Realm in the next ten years, so that Kunlun Xu has enough strength to resist the blood spirit race!"

Ye Chen looked at many gods and generals, and understood that for them to contribute, they must see that they could resist the blood spirit race, and then said: "And in a year, I will kill the blood spirit race people who came first!"

"Of course all this is just the beginning. I and the Blood Spirit Race have a terrible hatred. If they are in nine days, I will kill them too!"

"If you can't do it, I can let you leave Kunlun Xu and go to other places before the war with the blood spirit race!"

"Now, the only thing you have to do is to cultivate well and follow me back to Kunlun Xu!"

"I wish to be the lord, the head of the horse is looking!" Astronomical **** knelt down first, clasped his fists and shouted: "I wish to follow the lord and fight against the blood spirit race!"

"Wish to follow Lord Ye and fight against the blood spirit race!"

"Wish to fight against the blood spirit race!"

For a time, two or three hundred gods and generals in the main hall all knelt down.

Almost all the gods of high realm were subdued, and the other gods almost obeyed Ye Chen's words.

"Ye Jitian!"

"Where did you put the Demon Sovereign in this way?"

At this moment, a snow fox **** will stand up, point to Ye Chen, and yell at him: "The place of refining is the land of Lord Demon Emperor! You are acting like this, it is simply counterintuitive--"

Click!

Ye Chen directly squeezed the **** general of the fifth-tier heaven of the Emperor Venerable.

With a majestic gaze, he looked at King Kungu, and said: "Kungu **** general, the demon king is still in retreat?"

"Yes, Lord Ye!"

"Then let's get over there!" Ye Chen twisted his neck, and there was a sound of generosity, his blood faintly radiated, and the generals were shocked to say no more, "This demon king, if you don't kill, it must be more difficult! Coupled with his loyalty to the blood spirit race, I can't stay.

I don't like threats. On the contrary, I like to stifle threats. "

"I don't have much time, so let's erase this threat today."

Ye Chen was a little anxious, and when he came in, he was a little worried about Ye Family and Xia Ruoxue.

Therefore, it is necessary to solve the Demon Emperor as soon as possible, and lead the Ten Thousand Demon to return to Kunlun Xu. The Demon, such as Tiantian, Baizhan, and Kungu, are responsible for dealing with the Huang Family. Go to China to see the situation by yourself!

The land of China is extremely lack of spiritual energy.

It is impossible for a strong emperor to appear, even if it does appear, even if Ji Siqing can't solve it, can't it be solved by himself?

Now, even if Han Yun is in front of Ye Chen, Ye Chen can safely take it down.

Although the 'Power of Dao' has not improved much, the physical body has been tempered to an extremely terrifying level, and it is even more common for a divine martial artist.

"I'll wait to obey!"

Kun ancient **** general, hundred war **** generals, etc., quickly led many **** generals and followed Ye Chen.

At this moment, it is destined to be the beginning of the nightmare of the real physical training ground.

...

Demon Emperor Palace!

The place of the Royal Beast Sect in the past is now a magnificent palace.

Outside the door, there are dozens of **** generals stationed, and this alone is far more than other royal courts.

"What is the comer?"

"Well, it is actually a human breath, what are you doing in the Demon Emperor Palace?"

"Stop!"

Several **** generals took action and turned the weapon into a long rainbow violent power, and directly killed Ye Chen!

Guard the demon palace, but some people dare to break through, and can't go around!

"Just a few ants!"

"Want to block me? Ridiculous! Where is your Demon Emperor?"

"Let him get out of me!"

Ye Chen waved his hand and smashed many weapons, and fell in front of the Demon Emperor's Palace. The blood burst out and turned into two arms, slapped several gods with one slap, and smashed the Demon Palace with one punch. door!

Under the coercion of his blood and energy, the demons up and down the Demon Imperial Palace smashed to the ground, unable to raise their heads.

Chapter 1296: Who can survive!

At this moment, Ye Chen's explosive aura, there is no monster with enough cultivation base, not to mention getting up, it is extremely difficult to raise his head!

Boom! ! !

Ye Chen's coercion seemed to cover everything!

Suddenly, Ye Chen's eyes condensed, he noticed something, and a smile was drawn at the corner of his mouth.

Then, a loud sound resounded!

A palace exploded, and a blue dragon soared out. The mighty and mighty, glaring at Ye Chen, said: "Where is the human being, dare to break into the palace?"

The blue dragon soared, it was as big as three thousand feet. The huge dragon figure stretched out like a Great Wall, covering most of the sky, far from seeing the dragon's tail, the blue dragon scales shone with light, very dazzling.

The two huge longan eyes shone brightly like stars.

The breath that came out shattered the walls of the entire Demon Palace!

This breath is definitely in the nine-layer heaven of the emperor realm, but the combat power is probably not weaker than half-step into the **** realm!

The strength of this old blue dragon must be higher than that of the Demon King of Hundred Battles, and it has definitely reached the sixth rank of the Golden Body Overlord.

The golden body that had not yet been revealed shook so much that more than a hundred gods in the Palace of Light throbbed to the ground, unable to stand up.

All present surrender!

Only one boy didn't bend down at all!

That is Ye Chen!

"Are you the Demon Emperor?"

"How to call it? I heard that you have a lot of heirs?"

Ye Chen looked at the Azure Dragon Demon Emperor quietly, the joy in his heart was self-evident, and even silently changed his decision!

This old blue dragon, whose combat power is higher than Han Yun, alone resists a half-step into the divine realm, it is absolutely nothing to say!

If there is a second-grade immortal weapon in hand, it is all right to resist the two half-stepping into the gods!

If it is conquered, one year later, it will be much easier to fight against the blood spirit race!

At the beginning, Ye Chen thought that the Demon Emperor was a licentious and innocent old dragon, but he didn't expect that this old dragon had such a spirit and strength, and he might be able to easily smash himself into the land of refining!

Enter the place of refining, but within a few days!

Ye Chen's combat power increased more than ten times!

"This emperor is the demon emperor!"

"Famous taboo, Qingjian!" The old Qinglong looked down on the sky, and suddenly the dragon screamed, shaking the figures of two or three hundred gods, and said: "Are you a human? It looks like you will Kungu, Tianming, Lianyuan, After a hundred battles, the four great courts have all been conquered!"

"So, you lead the four great kings and generals to find the emperor!"

"What does it mean?"

"And you, Bai Zhan, I didn't expect that you would surrender to humanity!"

The Hundred Wars Gods smiled sorrowfully and said: "Qing Jian, I am not strong enough, so naturally I want to surrender. As for you, it is best to surrender too, lest you be killed on the spot by the Lord Ye, or sealed on the spot, it will not look good!"

"Humph!"

"Want to subdue the emperor?"

"Don't you want to be an enemy of the Blood Spirit Race!"

The Azure Sword Demon Emperor Dragon's might bloomed, like a sea wave, violent, and shattered an emperor's three-tiered **** on the spot!

It slowly stretched out its dragon claws, and said: "Ten Thousand Demon Heavenly Court, gods and generals, leading the Ten Thousand Demon Heaven Army to wait outside!"

"The emperor killed this young man!"

"You will take action when you wait, and kill these rebellious generals!"

Ye Chen snorted coldly: "You still want to kill me? Are you sure you have this qualification?"

After the words fell, Ye Chen rushed out against the sky, his blood exploded with all his strength, and the billowing devil energy covered his whole body.

He slammed two fists suddenly, and endless Buddhist scriptures lingered all over his body, and the Buddha's light suddenly manifested, extremely sacred.

The Buddhist texts automatically formed two chains of order gods, lingering around the scarlet fist, turning into two Buddhist kingdoms!

Fist the country of Buddha!

kill! !

Click, click~~

Click!!

As the surrounding formations continued to break apart, the Buddha Kingdom hit the dragon claws of the Azure Sword Demon Emperor in his fist.

Among them, countless Buddhas appeared, chanting scriptures, once again turning into a round of killing power, killing dragon scales and flying dragon blood.

"what....."

"You human being, really looking for death!"

The Green Sword Demon Emperor wanted to underestimate Ye Chen, but with a single blow, he took a few steps back.

In the next second, his eyes were filled with killing intent!

Large swaths of cyan dragon flame were ejected from the mouth, as if it was about to ignite the sky, or even destroy it, and it waved its claws to pull a piece of thunder from the air.

The colorful thunder and lightning are intertwined, green, red, purple, and white, converging in one place, drawing out a chaotic thunder and lightning general, cutting through the night sky, leaving a clear trace, as if to chase back thousands of people Years are average, close to Ye Chen!

"Slaying the Immortal Sword!"

Ye Chen naturally didn't dare to give a soft sigh. Behind him was the way of destroying the sword and killing. The blood exploded, and the sword body appeared with a spiritual pattern, the light flickered, and the sword shot out from the tip of the sword. , Rushing out with infinite killing power, tearing pieces of blue dragon flame.

In an instant, the sky was full of blue dragon flames shattered by sword energy.

boom! !

The two swords collided together, bursting out a dazzling brilliance.

The aftermath shook, and wiped out all the creatures in the Demon Palace. The descendants of the dragons and grandchildren were all turned into ashes in the aftermath!

"what!"

"You beast, my grandchildren!"

"This emperor will kill you!" The Green Sword Demon Emperor burst out of the sky, spouting a sword of blood and light, which was a first-grade fairy weapon bestowed by the blood spirit race. It held a fairy sword with its dragon claws, and fought with Ye Chen close to each other, causing the ground to shake, and the aftermath shook the ages.

In the distance, all kinds of demon queens escaped, and they were caught by the gods such as Baizhan and Kun Gu.

The Hundred Wars God General (Hundred Wars Demon King) was even a fist that flew two Ten Thousand Demon Heavenly Court, and said angrily: "If you dare to do it again, I will kill you!"

It saw that the gods of the Ten Thousand Demon Heavenly Court did not dare to do any more, and let himself wait for the demon to stop, staring at the distant fight against the Green Sword Demon Emperor and Ye Chen, one demon broke the surrounding formation, and the dust was rolling. Wonderful.

"Master, this has improved a lot!"

"Now, the king can burst into such strength without using his hole cards and without being sent by the power from outside the territory!"

"Fast promotion rate, the golden body is at least Tier 6!"

"Quick Too fast!" The Hundred Wars Demon King secretly sighed, Ye Chen fought against himself a few days ago, Ye Chen is still under the blessing of the fairy weapon and the power of Dao! But now, with different blessings, pure physical qi and blood, it is so terrifying to this point!

Immediately, the Hundred War Gods will pass the order: "All the gods will form a battle to prevent the Ten Thousand Demon Heavenly Court from attacking!"

"We succeed or fail in life and death!"

"It's all up to the king!"

"Yes!" Many gods will be formed in accordance with the Zhoutian star formation. Three hundred and sixty days of the week, three hundred and sixty gods will form a formation together. On top of the formation, a desolate ancient monster beast is formed, looking around more than a hundred around. A **** of ten thousand demon heaven!

As for the more than twenty gods who did not complete the formation, they were attached to the formation.

Countless eyes stared into the dust!

Everyone has a doubt in their hearts!

Ye Xitian fought against the Demon Emperor, who can survive!

Chapter 1297: Make a deal!

In the distance, the gods of the Ten Thousand Demon Heavenly Court saw this violent formation, and did not hesitate to quickly gather the Ten Thousand Demon Heavenly Army, two hundred gods and generals lined up, surrounded Baizhan and others.

Among them, one of the gods even stepped forward to swing his sword: "You will die if you dare to kill the descendants of the Dragon King!"

It wielded its sword and pointed at Ye Chen in the sky, and said: "You dare to follow these humble human beings. It's really fatal!"

A human?

The humans of the Daoyuan Realm, but there are some cards that can block the demon king!

The four demon of the royal court are willing to follow?

There are two kings among them, they are crazy!

Actually dare to collectively rebel against Lord Demon Emperor!

But fortunately, after Master Demon Sovereign solves the human being, he will send out his army again to punish such rebellious people!

Boom! !

Boom! ! !

Endless lightning flashes, sword energy is vertical and horizontal, and dragon power trembles everywhere.

The aftermath alone shook the ground into cracks. Ye Chen grabbed the Dragon Body of the Azure Sword Demon Emperor, blood exploded, countless divine thunder and demonic energy surrounded his arms, and the power of refining was even more violent!

Ye Chen forcibly threw the body of the Azure Sword Demon Emperor away. He knew very well that if he continued to fight here, the aftermath might shock and kill many of his men!

"boom!"

The bodies of the Green Sword Demon Emperor and Ye Chen kept colliding! The two directly plunged into a huge underground hole.

When the Green Sword Demon Emperor saw everything around him, he was even more stunned: "No! Why did I come to this place with Ye Sutian! Damn!"

Here is a dark place, like a dark place without life.

Different from the outside world, there are endless lightning, flames, and wind and other forces inside. The power of Heavenly Tribulation comes from the original left behind by the Blood Spirit Race.

Crackling~!

There were flashes of thunder, and the bright thunder was shining everywhere, forming a thundercloud.

Leiyun released an aura of destruction, and seemed to be approaching Ye Chen and Qingjian Demon Emperor. The thunder light burst out at the same time, killing from every aspect. Leiyun was a thing without a master and no one controlled it. , But it is better than someone manipulated.

In the past, they formed Heavenly Tribulation, and they would only kill those who crossed Tribulation.

But once a creature breaks in, they will go crazy and kill all creatures.

Ye Chenzheng moved violently, his feet on the sky, black hair dancing wildly, his eyes exploded with two shines, turned into sharp swords, and hit the Green Sword Demon King.

Generous! !

The Green Sword Demon Emperor relied on the dragon body and directly shattered the sharp sword.

It swung a claw, grabbed Ye Chen directly, and stood in front of it.

"Little beast, you are looking for death! Neither of us want to go out today!"

Boom boom boom! !

Boom boom boom! !

The violent thunder attack all attacked Ye Chen's body, exploding blood marks on Ye Chen's skin, which was obviously almost unbearable.

Ye Chen spouted a mouthful of blood, and the Slaying Immortal Sword in his hand exploded with infinite sword energy, killing the thundercloud.

"The Way of Killing! Immortal Kendo!"

"Rotate the universe!"

Ye Chen yelled violently, the devilish energy covered his whole body, resisting the impact of these forces, this was the limit that his body could bear.

He didn't notice at all, the blood in his body seemed to feel some attraction, and it gradually boiled!

At the same moment, a faint light of reincarnation appeared on Ye Chen's arm!

The light of reincarnation is terrible, but it can be called the world's top source power!

It is rare to the extreme!

Although the light of reincarnation is weak now, the blessing of Ye Chen's power is also extremely terrifying!

Ye Chen's eyes are already red! He didn't care about everything, and he slashed out a sword directly. The sword aura was like a tsunami, rumbling out, and like a mountain and the ground cracking, tearing the endless thundercloud, splitting on the body of the Azure Sword Demon Emperor's dragon, blood piercing through. The dragon body, the sword body collided with the dragon scales, flashing a fierce light, like a star bursting!

"Puff!" The Green Sword Demon Emperor spouted a spit of dragon blood, and the dragon scales were shattered by half, which was obviously hit hard!

"Human, you forced the emperor to use his hole cards!"

"It's your pleasure!"

The green sword demon emperor's dragon body shook, waved out a second-rank immortal sword, slashed out a sword fiercely, and hit the sword body of Killing Immortal Sword!

Click! !

The sword body of Killing Immortal Sword was shattered, and the spirit was half dead.

In an instant, thousands of lights collapsed, the surrounding darkness seemed to be broken again, countless qi, thunder and lightning flew in, seeming to cry for the fall of the immortal.

Immortal implements are also immortals, and now they are broken, equivalent to immortal falling!

The burst of shock instantly shook Ye Chen's internal organs to shatter, and his figure flew away.

"Puff puff..."

Ye Chen sprayed several mouthfuls of blood continuously, clutching the broken sword with a sad expression.

At this moment, it is already his limit!

The current strength is his own strongest state, so it is difficult to kill the Azure Sword Demon Emperor!

It seems that I am a little worried!

"Boy, you are so young, you want to be an enemy of the emperor!"

"You dare to kill the descendants of this emperor, you are really looking for death!"

The Green Sword Demon Emperor erupted completely, his breath was cold and solemn, he penetrated everything, suddenly slammed his claws out, blocked the space, and made everything silent, a great power of great power surged out, and instantly pressed on Ye Chen!

Its other dragon claw clenched into a fist, and 30 million catties of blood burst out, slamming Ye Chen's chest.

boom! !

boom! !

boom! !

Like a huge boulder colliding, Ye Chen was smashed everywhere, and the scarlet golden body burst, leaving only a pair of golden bones flying.

The golden body was blown up again!

The Killing Immortal Sword broke, and the doubled increase disappeared, and his blood returned to the level of 15 million catties, and he was not even the opponent of the Azure Sword Demon King!

At this moment, the dragon power of the Green Sword Demon Emperor spread out, shocking Ye Chen's body with scars, and his body and mind were terrified!

did not expect!

The strength of the Green Sword Demon Emperor is so powerful!

If this continues, I am afraid that within ten minutes, his body will burst!

In the reincarnation cemetery!

Mo Ning'er and Xue Qiye looked anxious, they couldn't use their remaining strength to support Ye Chen.

The only one who can help Ye Chen is Nie Baijian!

Nie Baijian glanced at everyone but he said to Ye Chen: "Boy, this is your decision, you take it yourself. However, I will not die, I can't give your physical body power, but I can give you soul power!"

"No, it's a soul attack technique to be precise!"

"Your physical body is certainly domineering!"

"But obviously not the opponent of this old dragon! I really don't know where your confidence to kill the opponent comes from?"

"Simply, I will give you the soul attack technique. Besides, don't you want to obliterate the old dragon's soul and let a soul occupy the dragon's body?"

"I can let you do it!"

A smile was drawn at the corner of his lips, and he said: "You have taken a lot of the fruits of the demon plant, and the power of the soul has reached Qiansi, which is several times stronger than before. You can already use the magic of the soul!"

"I haven't given you real soul art. It seems that we can make a deal!"

Chapter 1298: Neither of them counts

Nie Baijian reluctantly drew a power from his divine mind and turned it into two soul swords, "One, you obliterate this guy's soul, and the other cut your own soul, put one percent of your soul into this guy. The body of this guy will be your battle puppet from now on!"

"However, this guy's body cannot be the second you!"

"You just have an extra monster that knows how to attack, he can't have a separate consciousness."

"I give you this thing, of course it is conditional! When this thing is over, you help me to complete one thing! You have no right to refuse!"

"How?" Nie Baijian raised this matter to help Ye Chen conquer a powerful combat power!

Of course, there is one more thing in his mind to be sure!

This matter is extremely critical!

Someone must go!

"Good!" Ye Chen accepted Nie Baijian's soul power and two soul swords.

In an instant, Ye Chen's aura was completely different, and he burst into a murderous aura, a **** light shattered the surrounding thunder and lightning, covering the huge cave, his pupils pierced the claws of the old dragon like sharp swords, and took the initiative to take everything around blockade!

His hands turned into Tai Chi, suddenly shooting a soul sword, piercing through the layers of barriers, with the spirit of obliterating everything, and shaking the world!

"This... this is actually the Soul Sword, it's impossible!"

The Qingjian Demon Emperor's expression changed drastically, and he didn't know how to deal with it for a while!

It is the demon emperor in the land of body refining, but it does not know how to attack and defend by the soul. It can only watch the sword of soul fly by!

The key is the soul sword, it is impossible to be mastered by this kid!

Kunlun Xu's ancient soul-controlling magic has fallen!

How could anyone in the world have grasped it?

"The emperor doesn't believe it!"

"Go away! Do you think the soul attack can kill me!"

The Green Sword Demon King panicked, violently spraying out blue dragon flames, linking patches of wind and thunder clouds, and attacking the Soul Sword in a decisive alliance!

Huhuhu!

Zizi !

Long Yan and Thunder Cloud flew past, but the Soul Sword was not disturbed at all, as if they were not in the same space.

Basically, it is impossible to attack the Soul Sword!

As the Soul Sword gradually approached, the momentum became greater and greater, as if the great power of the Great Dao was rolling, giving the Azure Sword Demon King a feeling of suffocation!

For thousands of years, even in the face of the blood spirit tribe, it did not have this sense of crisis!

"Could it be that the emperor is going to fall today?"

"Hahaha, it's impossible..."

The Green Sword Demon Emperor frantically sprayed out the dragon flame of life, and even used the power of the scales to fly out like a dragon flame overwhelming the sky, but it still couldn't shake the sword of the soul.

now!

It is really seen, soul attacks, non-soul attacks cannot be offset!

Now, it has only one thought in its mind!

run! !

The Green Sword Demon Emperor turned around and ran, the long dragon body was in the darkness, moving forward quickly!

but!

Faced with the soul sword that Nie Baijian himself condensed, how can it run!

Whoosh! !

The Soul Sword burst out of the air, pierced its head directly, and exploded its brain core.

In just a few seconds, a generation of Demon Emperor fell!

Did not fall in the frontal confrontation!

Instead, he died under the attack of the soul!

In such a scene, Ye Chen was also a little frightened. The method of soul attack and defense must be practiced.

Otherwise, the blood spirit race's entering the gods have all cultivated the soul attack method. If Ye Chen does not know the soul method, he may die like this in the future.

Green Sword Demon King!

Although the combat power is terrifying!

But he didn't know the law of the soul, so Ye Chen was hit hard with the assistance of Nie Baijian!

Deep in the darkness.

The huge dragon corpse hovered, and the dragon gradually collapsed.

"Hiss..." Ye Chen took a breath and used another soul sword to strip some souls and place them in the body of the Green Sword Demon Emperor.

Soon, he sensed the battle puppet of the Blue Sword Demon Emperor, and his heart matched his mind. He could control the body of the Blue Sword Demon Emperor like his own body, or he could temporarily disconnect, allowing the soul to come. Control the Green Sword Demon King to fight.

In general!

One more war puppet!

Although the combat power was weakened by three points, it was much better than forcibly subduing the Azure Sword Demon Emperor!

"The essence and blood of this Demon Emperor may have a miraculous effect on body refining. My physical body was severely injured and the injury was extremely serious, so I might as well give it a try!"

With the help of the Dragon Blood of the Green Sword Demon Emperor, Ye Chen began to quickly mend his body!

At the same moment, outside, outside the Demon Palace.

The White Dragon God General was proud of everything. He glanced at the battlefield between Ye Chen and the Qingjian Demon Emperor, and everything was calm.

The corner of its mouth outlines a smile that seems to be in control.

He glanced at the crowd and snorted coldly: "The battle has stopped, it seems, it's over, it must be Lord Demon Emperor, who has wiped out the human being!"

"Wait, surrender!"

"I can intercede with Lord Demon Emperor, at most I will only cramp you!"

"Don't worry, you can't die!" It paused for a moment, smiling, and said: "Of course, the human situation, you have to tell us, how can we attack the Ten Thousand Demon Heavenly Court!"

"We want to obliterate all the relatives and friends of mankind!"

"Anyway, the guys have cramps, and the girls can be trained for one or two first, and then kill after playing!"

Just as its words fell, a cold roar came directly!

"you dare!"

In an instant! A sharp sword aura flew from a distance, like a meteor falling, directly hitting the white dragon **** general.

The terrifying sword aura oscillated everywhere, and when everyone came back to their senses, the White Dragon God General had already turned into pieces of meat!

"Humanity!"

"The human being is not dead yet!"

"Damn humans!" Many gods in the Ten Thousand Demon Heavenly Court reacted, raising their weapons one after another, aiming at the direction where the sword qi was flying! !

But they haven't moved yet! Several sword qi flew out again, directly obliterating the twelve **** generals!

The rest of the gods will be too scared to approach!

Ye Chen took the Azure Sword Demon Emperor and walked out of the darkness calmly, standing on the ruins of the Demon Imperial Palace, and said: "From now on, there will be no more demon heaven!"

"the host!"

"Subordinate Qingjian pays respects to the master!" The Demon Emperor Qingjian turned into a human form, and immediately knelt down to Ye Chen, "Ten Thousand Demon Heavenly Court, merge into the Palace of Light, the master is worried and orders, Qingjian dare not follow!"

The Green Sword Demon Emperor was naturally dead, and these words were also spoken by Ye Chen manipulating his body!

In an instant!

More than a hundred gods in the Ten Thousand Demon Heavenly Court are confused!

Looking towards the demon king Is this the green sword demon king looking towards you?

How could you kneel down for this human?

Still so honorable?

the host? ? ?

Everyone even rubbed their eyes subconsciously, but found that the one kneeling in front of him was still the Azure Sword Demon King!

In an instant, many arrogant gods will collapse.

The invincible Demon Emperor was defeated, and he put his posture so low, what are they?

Ants?

Rubbish?

Or is it neither of them?

Chapter 1299: Early parting!

Most of the people sat on the ground with empty eyes, their beliefs collapsed, and they had no intention of fighting anymore. They just stared at Ye Chen in the distance. It seems that this human being is the real control of the land of body training?

"Meet the lord!"

"Lord He defeated the Green Sword Demon Emperor!"

"The king is stunned, invincible and invincible!"

The astronomical **** general, the phoenix **** general, and the wind and cloud envoy, took the lead in leading many gods and generals to bow down.

The Hundred Wars Demon King was kneeling in shock, staring at Ye Chen, and muttered: "He defeated the Qingjian Demon King, his potential and talent are too terrifying, surrendering him seems to be a good choice!"

It understands the Green Sword Demon King!

If you are defeated by the people behind Ye Chen, you will never be willing!

Now that he kneels down willingly, he must be defeated by Ye Chen!

A few days ago, Ye Chen was beaten to pieces by himself, and he won with his hole cards!

Now, he has won the Azure Sword Demon Emperor, this growth rate is really too fast!

Is this Ye Jitian really human?

Kunlun Xu seems to be unable to tolerate such an existence at all!

The blood spirit race can't tolerate it either!

"Listen to the demons!"

"Repair for one day, I will lead you back to Kunlun Xu!" Ye Chen issued an order, and the matter of conquering the Ten Thousand Demon Heavenly Court will be handed over to the Hundred War Gods in the future!

The Hundred War Gods will take charge of the affairs of the Palace of Light, and among them, its cultivation base and combat power are the highest.

As for the Green Sword Demon King, they are now Ye Chen's battle puppets, so they don't expect it to handle things. Letting it do it is equivalent to Ye Chen doing it himself!

The hall of light gathers ten thousand demons. The two former kings, the Hundred Wars Demon King and the Kungu Demon King, are now demoted to gods!

Ye Chen wanted to leave the place of refining the body and go directly to Huaxia, but he got the voice of Blood Qiye.

Xue Qiye made him stay for one night in the body training ground.

This night, something big happened.

Night is approaching.

Ye Chen stood on the top of the mountain with a terrifying breath.

He was sitting cross-legged, with a road floating behind him. It seemed like the water of the Yellow River, but it was filled with the air of nirvana, as if it would destroy the world. It was indeed the 'Way of Persistence'!

It's just that this way of dying is only tens of meters long.

The way to the pinnacle of 300 meters away is just beginning, but Ye Chen has gradually mastered this power!

Reincarnation cemetery.

Mo Ning'er's body glowed with a faint light.

Xue Qiye looked at Mo Ning'er, and shook his head helplessly: "Oh, I thought you could get rid of the dissipation by combining with the clone of the world, but now it still doesn't work. Only let the kid find the place and rescue us. In order to really live."

At the beginning, Mo Ning'er and Mo Ning, a girl from the Mo family, combined in the Blood Spirit Secret Realm.

Mourning was born for Mo Ning'er.

The two are extremely related, and even look the same.

This is the back of the Mo family.

After Mo Ning'er's Can Nian and Mourning were combined, Ye Chen and Xue Qiye both felt that Mo Ning'er would survive this way.

It now seems impossible.

The curse and seal of those behind the blood spirit race is too strong.

Even violated the way of heaven!

Mo Ning'er glanced at Xue Qiye and smiled slightly: "There are certain things that we can't escape."

"Senior Blood, you should be very clear about the meaning of our existence, all for the tomb owner."

"Although the owner of the tomb has not fully awakened his bloodline, nor has he grown to that point, he can't resist the power that scares countless powerful people in the depths...but I believe that the owner of the tomb can do it."

"His existence is to make those aloof people afraid! His existence is to pull these people off the altar!"

Mo Ning'er's figure gradually faded, vaguely from a real entity to a half-virtual half-entity!

Mourning's body fell.

Fell into a coma.

Now only Mo Ning'er's divine mind is about to dissipate!

Her spiritual thoughts can't hold it anymore!

Xue Qiye sighed, "I sometimes wondered, is that kid really okay?"

"Will the burden on him be too heavy!"

"Forget it, call that kid in, if you have something to say to him instead."

...

After a few seconds.

Ye Chen woke up from the practice, and directly entered the reincarnation cemetery.

The moment he stepped into the reincarnation cemetery, he noticed the condition of Mourning and Mo Ning'er.

His eyes wrinkled, and there was a vague premonition in his heart.

"Mo Ning'er, what's wrong with you?"

Mo Ning'er smiled and said, "Tomb Lord, the power of my divine consciousness has almost been consumed!"

"It's about to dissipate, I guess it won't last the early hours of tomorrow morning!"

Ye Chen stunned: "How could it be possible that you and Mourning's body would dissipate!"

Ye Chen obviously couldn't accept the reality before him!

Mo Ning'er came to Ye Chen's side and said lightly: "Tomb Master, there are some things that neither you nor I can contend with."

"Every powerful divine mind in the reincarnation cemetery has been cursed by those people. Once awakened, it will not last forever!"

"Tomb Lord, thank you, this time is my happiest day, and I have the honor to walk with you."

"I believe we will see each other soon! The next time we meet, maybe it will be our own meeting. I look forward to this day for too long!"

"Since it is about to dissipate, I will pass you something."

"Presumably the same is true when every mighty divine mind dissipates."

She looked at Ye Chen quietly, without fear, but a smile was drawn from the corner of her lips, "From waking up to now, I have seen that from weak to strong, maybe I can't keep up, watching you destroy the blood spirit race! "

"But I believe it!"

"One day, you will do it!"

"Senior Blood!" Mo Ning'er sighed and said: "It is our destiny to help the tomb owner. Now, my task is about to be completed, and you and Nie Baijian have to be quick. The real body is suffering. Part of the spirit."

"Even if it's not fate!"

"Not for the tomb owner, but also for ourselves!"

Ye Chen, in less than ten years, he has such a cultivation base!

I'm afraid that is the realm, and it doesn't take a hundred years!

A hundred years of time For us, it was only a blink of an eye, and soon, we must be free!

"Mo Ning'er!"

"Don't worry, I will kill it!"

Ye Chen clenched his fists, a feeling of powerlessness surged into his heart, paused for a moment, and then said: "I am ready, this time, either the blood spirit race will disappear, or I will die!"

"After slaughtering the beasts of the blood spirit race in one year, I will commit suicide for nine days!"

"Okay, the ambition is undiminished!" Mo Ning'er slowly condensed an ice-colored spirit group on the palm of her hand, suddenly threw it to Ye Chen, and said: "There is my understanding of the avenue in this, and you can understand it carefully and practice!"

"Although I don't have Lin Qingxuan's medical skills!"

"But I have a clear gap with them in the laws of space."

"These things are passed on to you. In the future, you will be greatly benefited in the Hunyuan realm!"

Chapter 1300: Reverse scales!

Mo Ning'er actually had a good impression of Ye Chen.

But she knew it was impossible for them.

She is just a divine mind.

Although it is a divine mind, when she dissipates, all memories will return to the body.

Maybe what happened to her trapped body and Ye Chen.

She just wanted to give everything to Ye Chen now.

The faster Ye Chen grows, the faster the two will meet!

Ye Chen looked at the ice-colored spirit group in front of him, and his heart was complicated.

He thought that breaking the curse of the reincarnation cemetery would keep Mo Ning'er from dissipating.

It now seems impossible.

This is how fate made a joke with him!

His eyes are tender but firm.

What about parting!

What disappeared is the divine mind, not the body!

The bodies of the hundreds of great powers are all in the heat of water!

What he has to do is to save these mighty powers at all costs!

Holding the reincarnation cemetery in his hand, he is in control of the biggest hole card!

Can fight against everything!

However, he also knew how painful and difficult the road ahead would be.

He even knew how terrifying the enemy he had to face!

He quietly watched Mo Ning'er's spiritual thoughts gradually dissipate, and the killing intent and fighting intent all over his body disappeared.

"Thank you!"

quickly!

A strange breeze swept across Mo Ning'er's body.

At the same time, an icy mysterious light burst out, and Mo Ning'er's feet had dissipated, turned into a particle, and floated in the reincarnation cemetery. It dissipated faster and faster, and soon everything below the calf was turned into nothingness.

"I'm waiting for a dead body!"

"Blood Spirit Race can only suppress me and wait, but cannot kill me and wait!"

"Perhaps, these thousands of years of imprisonment are just a catastrophe for us."

"Goodbye tomb master, we will meet again on the next battlefield!"

"Also, be kind to Mourning girl."

As soon as the voice fell, Mo Ning'er's figure disappeared completely.

As if she had never appeared in the reincarnation cemetery.

"Boy!"

"If you cry, I will never admit that you are my apprentice in my life."

Nie Baijian came forward jokingly.

"Those guys used to give you the exercises and inheritance, you may not have time to practice!"

"But after you save us old guys out, we have to give you a stern look and let you start practicing again."

"Only in this way, if we thoroughly lay the foundation firmly, will we be considered to have thoroughly learned our exercises!"

He patted Xue Qiye on the shoulder and asked with a smile, "Is that right?"

"That's true!" Xue Qiye looked at dozens of tombstones behind, and suddenly sighed, "This is fate!"

"Every time, every few people come out to accompany the tomb owner to grow up!"

"Change between each other, I think, my journey with the tomb owner is almost over!"

Blood Qiye fluttered to the tombstone of the refining god, and knocked on the stone tablet with a smile: "Old man, I remember your hometown is Qianfeng Mountain, don't worry, you will soon come out to take over."

Their spiritual thoughts will not last long.

For every spiritual thought, accompany the tomb owner for a period of time.

Believe that when the hundreds of mighty powers are exhausted, the tomb owner is invincible on the high martial plane.

"Two Masters, please!"

"The disciples digest some of these inheritances!" Ye Chen withdrew from the reincarnation cemetery, refining the inheritance given by Mo Ning'er with the power of his soul!

What surprised him was that these inheritances were divided into three parts!

The first part, about the law of space, is incomplete.

The second part, about the law of time, is still incomplete.

Ye Chen can't understand these two parts at present, but as long as he advances to the He Dao realm, or even higher realm, he will definitely gain a lot.

As for the third part, it is Mo Ninger's cold ice technique!

Two tricks recorded!

Thousand Ice Sword!

Thousand Ice Sword Formation!

With these two unique tricks, the Thousand Ice Sword is to use ice into a sharp sword to kill the enemy.

The Thousand Ice Sword Formation is to condense water into ice swords to form the Beidou Sword Formation, which is used to trap and kill enemies. It contains an extremely cold ice avenue. Ye Chen still needs some time to fully understand!

Whirring whirring!

Huhu! !

A sword with a thousand feet handle pierced the night sky, with the power of cutting stars and extinguishing the moon, and fell on the ground, causing dozens of mountains to collapse.

Fortunately, the demon races in those places have already been moved, otherwise Ye Chen would have to kill how many demon races if he cut down with this 'thousand ice sword'.

The power of this sword move!

Not at all weaker than Jianmen Xianshi, and even stronger, Frost Ice has some of the ability to trap enemies.

The ice here is not ordinary ice, it is enough to make the weak monster race move through the ice sculpture in an instant, and it will turn into ice powder in the sky when the wind blows.

He stared at everything in the distance, and sighed: "When will I meet next time, I hope the blood spirit race will arrive early."

If Ye Chen knew that the Blood Spirit Race had really sent someone in advance, he didn't know what it would be like.

"Report to the lord!"

"The subordinates have already counted the strength of all monsters!"

The Hundred War Gods will slowly step forward, clasp his fists and ask: "I wonder, does the king take all the monsters out, or only the monsters of high realm?"

"How many monsters are there in each realm?" Ye Chen took the sword, and the scabbard and sword body erupted with an extreme roar, tearing through the moon night, extremely tyrannical.

Although the Killing Immortal Sword has been repaired, its immortal energy loss is not small, it can only be regarded as a half immortal weapon.

As for the two second-tier immortal weapons, they are now Ye Chen's handy weapons.

The Hundred Wars God will bow and clasp his fists and say:

"Above the emperor's realm, plus the demon of the imperial palace, there are hundreds!"

"There are currently two thousand monsters in Daoyuan Realm!"

"The Void King Realm has...!"

"..."

The Hundred War Gods will explain the monster beasts of each realm one by one.

It has to be said that the number of monsters is indeed huge, and these monsters alone are enough to exceed the number of emperors above the Kunlun Xuzhong high level.

Of course, this is on the basis of Kunlun Xu's contribution of one hundred emperor realm to the blood spirit race every 100 years, otherwise the number of Kunlun Xu's emperors would go straight to four thousand.

"The demon race of the emperor realm!" The Hundred War Gods will continue to say, "the nine heavens of the emperor realm, one, the Green Sword Demon King!"

"On the eighth floor of the Emperor Realm, there is only the end general!"

"Emperor Realm Seventh Heaven, seven!"

...

It kept talking, and reported all the combat power to Ye Chen in detail.

Ye Chen paused for a long time, and then said: "Above the emperor's realm, all follow me back to Kunlun Xu! In addition, from the Daoyuan realm, choose the strongest generation to temporarily control all things in the body-building land. Returning to Kunlun Xu, there is still a big battle, and it is okay to take the emperor's state, and it can only be regarded as cannon fodder to go to the Daoyuan state.

Only after the blood spirit tribe can be eradicated, they can bring out the higher Dao Origin Realm and the Void King Realm of the Monster Clan, and gradually merge with Kunlun Void.

Wait until a certain time, and then completely open the body training ground.

Otherwise, if there are more than 60 million monster races out of thin air, Kunlun Xu will inevitably be fried.

"Yes, I will finally obey!"

Ye Chen nodded and just wanted to explain something, suddenly his expression changed!

His eyes became colder.

The violent breath directly caused the Hundred War Gods to step back a few steps, and a mouthful of blood was spit out!

"Sure enough! Something happened to the Huaxia Ye Family! Who the hell! Dare to touch my Ye Chen's inverse scale!"
