

URBAN MEDICAL GOD

Chapter 13: Beauty, I haven't agreed yet!

"Little brother, is your consultation fee of 100,000 yen or Korean won?"

Suddenly, a man in a suit and leather shoes opened his mouth. He is the director of a marketing company. It is estimated that Ye Chen is using a secret exchange concept to increase popularity. .

"Renminbi." Ye Chen said.

As soon as these words came out, everyone couldn't help taking a breath!

This guy really said it!

You need to know that 100,000 yuan is equivalent to the income of the white-collar workers in Jiangcheng for a year. This disease can be seen by anyone!

Just when everyone was making noisy, Ye Chen added: "The 100,000 yuan is just a deposit. If the disease is troublesome, it will start at 1 million. But I can guarantee that any disease can be cured."

At this moment, the entire crowd of onlookers was silent.

One hundred thousand is actually just a deposit!

even start with a million in the future!

This...Where did this special mother get out of neurosis!

In the next second, the crowd burst out with curses!

"Why don't your special mother grab it, a 100,000 deposit, if you want, do you really think you are Hua Tuo!" An aunt said with a grin.

"This guy is probably a liar, and he ran away after paying the deposit!"

"Yes, it must be a liar, we call the police!"

Seeing that the situation was not right, Uncle Zhong squeezed in, and kindly persuaded: "Xiaoye, you...you can quickly withdraw the stall. How can you set up a stall like this? If you don't leave, it is estimated that these people will have to deal with you. ."

"No, someone has already called the police, Xiaoye, you go quickly."

Ye Chen looked at the yelling passerby and shook his head helplessly. He thought that one of so many people would want to give it a try. Now that he is making trouble, well, he is treated as a liar.

He even saw the aunt who had just finished buying eggs not far away was about to throw eggs at him.

"Okay, just withdraw the stall, I will think of other ways to make money."

Just as Ye Chen was about to close the stall, two young girls squeezed in from the crowd.

The girl appeared, and even the scolding stopped, because everyone's eyes were on one of the girls.

Because, this girl is so pretty.

I saw that girl wearing a white peaked cap. The peaked cap covered her long hair and half of her face, but I could feel that she must be very beautiful, amazingly beautiful! !

The girl wore a tight-fitting sweater with bare shoulders on her upper body, and her white skin was embedded on her skinny shoulders. The sweater couldn't wrap her breasts. The peaks and peaks were undulating, graceful and graceful, with a delicate little man. The waist, the curve is balanced and the figure is bursting, it can definitely be described by the word'devil'.

The girl is wearing a pair of light blue decorated jeans to complement her tall and slender figure. With a pair of white shoes, the whole person looks charming and elegant, clear and refined.

The girl glanced at Ye Chen's pennants. Although she was puzzled, she still said, "That...you really can cure any disease?"

Ye Chen nodded.

"Okay, then you come back with me."

The girl is surprisingly decisive, and Ye Chen is a little bit disbelieved.

As soon as the girl had finished speaking, the short-haired girl beside her persuaded:

"Mengjia, what are you thinking about? This guy is obviously a liar, don't go to the doctor in a hurry! And tomorrow, there will be a foreign expert coming to operate on my uncle. At this time, why do you still believe this liar? .

Also, look at how old this guy is, he is about the same age as us, he is at most an intern, this kind of person can cure all diseases, do you think it is credible? "

The girl named Mengjia hesitated when she heard that, she glanced at Ye Chen again, and said with certainty: "Well, you really are not lying?"

Ye Chen pointed to the pennant, righteously said: "I, Ye Chen never deceive, if it can't be cured, do whatever you want."

When the girl heard this, she made up her mind and said: "Well, follow me, you are the only one!"

As soon as I said this, the people around me started cooking.

"Little girl, this guy is really a liar..."

"Little girl, go to a better hospital for medical treatment, this guy can't do it!"

.....

The girl with short hair continued to persuade: "Mengjia, listen, everyone says he is a liar, don't be impulsive..."

Unexpectedly, the girl was determined, and she walked directly to Ye Chen and took Ye Chen out: "Dad has not much time. Even if he is a liar, I will admit it. I can't give up my last hope, dead horse. Be a living horse doctor."

Ye Chen is a little inexplicable: "Hey, beauty, I haven't agreed yet..."

"You don't need to agree."

Ye Chen: "....."

Ye Chen was forcibly pulled into a Mercedes-Benz big G by the girl. Although he did not understand the car, he also saw that the car was very valuable.

The three of them are sitting in the back, and the one driving is a man about 30 years old.

"Miss, where are you going now?" the driver asked.

The girl was worried, and said casually: "Go home."

Then, the girl looked at Ye Chen and introduced herself: "My name is Shen Mengjia, you must be very surprised why I am looking for you..."

Ye Chen shook his head: "No wonder, you are the only one who knows the goods. UU reading www.uukanshu.com"

Shen Mengjia gave Ye Chen a white glance, took out a card from her bag, and said: "If you want one hundred thousand, yes, I only want you to do one thing for me, and that is to lie to my mother. When you come to my house, you

have to say yes. Heal my dad, but he must be taken to the mountain for treatment for a year. After the matter is over, I will give you another 50,000."

Shen Mengjia's short-haired friend then woke up and exclaimed: "Mengjia, you didn't want to give your mother a blow, so you just found this liar? But the paper package can't keep the fire out..."

Shen Mengjia's lips trembled, and tears rolled in her eyes: "Xiao Min, I really have no choice. My father is terminally ill and cannot be cured at all. It won't last tomorrow. And you know, my mother is in poor health. If something happens, she won't think about it. I really don't want to lose two of my relatives at once."

For a while, the two girls hugged each other and wept bitterly.

Ye Chen is also considered to have taken it. He originally thought that it was hard to meet a person who knows the goods. As a result, the girl Nima did not fancy his medical skills at all, but fancy his deception!

I go!

The person who should cry most in the audience should be him!

.....

Jiangcheng North, Longyue Bay Villa District.

Big G drove into the villa area and stopped at Villa One.

Then the three of them got out of the car. Before entering the door, Shen Mengjia repeatedly confessed to Ye Chen: "Remember what I just said, and watch me wink and act."

Ye Chen snorted coldly, ignored it, and walked in directly.

The two women have big eyes and small eyes. This is the first time they have seen such a straightforward liar.

"Mengjia, how do I feel that this guy is unreliable?" Xiao Min said.

"Oh, forget it, it's all here, I can't drive people out."

So, the two also walked in.
