Chapter 1301: My name is Ye Xitian!

The biggest belief that supported Ye Chen against the Body Refining Land these days was the matter of China.

He didn't know what happened to the Ye family.

But no matter what, if anyone dared to touch his inverse scales, he would uproot the opponent!

Now he has two powers in Kunlun Xu, the Dark Hall and the Bright Hall, plus the power of this refining place.

Aside from the top family, it is impossible for anyone to stop Ye Chen!

Of course, if the Ye Family and Xia Ruoxue's accident is really related to the Blood Spirit Race, even if he steps through Lingxiao, he will kill everything!

Ye Chen suddenly took out a light box. At the beginning of Qianjue Square, Han Yun handed it to himself after taking dozens of emperors from the Huang Family.

He checked it and found the strongest person among them, but he didn't waste time to conquer the sixth layer of the emperor realm.

With his current soul power, he could seal over a hundred people!

Since something happened to the Ye Family, the body refining place has ended, Ye Chen didn't plan to stay any longer, he pinched his fingers, there was a wave of air under his feet, and the whole person was suspended!

When the surrounding monsters heard the movement, they raised their heads, and they saw Ye Chen stepping on the air wave.

However, Ye Chen's eyes were cold at this moment, and it felt like a demon from hell, making them tremble.

Even if he faced the Demon Emperor just now, Ye Chen had no such killing intentions.

There is only one question in everyone's hearts-what is it that makes this man so angry!

Ye Chen looked at everyone condescendingly, suppressing the anger in his heart, and said: "Today, I will bring some of you into Kunlun Xu to participate in the future battle against the blood spirit race!"

"However, there are three rules before departure!"

"First, do not harm humans without authorization. If you are attacked, you can fight back at will!"

"Secondly, don't occupy human territory without permission!"

"Third, you must not release your own coercion at will."

The three rules, each of which are related to the contact between the place of refining the body and Kunlun Xu in the future.

If these monsters go out and wait for Ye Chen's absence, they will be lawless, then Ye Chen will be a sinner forever!

"I will follow the orders of the king!"

"But there is a violation, I wish to die!" The top great monsters such as the Hundred War God Generals and the Azure Sword Demon Sovereign led the crowd to kneel down and shouted in unison!

After Ye Chen ordered everything, he didn't talk nonsense, and went straight to the exit that was about to open!

At this moment, outside the exit, a few disciples and elders of the small sect just passed by.

Their sect is nearby. In the past few days, the surrounding tremors have been extremely strong. After all, the power that Ye Chen and many powerful people exploded in the body refining place is too strong, even if there is an enchantment, it cannot be blocked!

They were ordered by the master and came to check.

But the next second, when they saw the entrance, their eyes widened!

One by one is like hell!

They are sure that everything in front of them is their greatest fear in this life!

"Long-long-long-elder!"

"Elder, monster beast!"

"A group of monsters!" A young man was immediately frightened and rushed to his elder, shouting: "Elder, the breath of this monster is so terrible, how can there be monsters there? Kunlun Xu has never seen it. These monsters, are these monsters going to attack us?"

He looked at all this tremblingly!

In the past, when encountering monsters, not all of them were several meters in size, they were all in the Immortal Ascension Realm, the True Primal Realm or something.

The top of the sky is only tens of meters in size.

But now, every monster in front of them seems to be able to kill them with a single look!

"Elder..."

"Elder!"

Several disciples all ran up in a decisive way, too scared to run away.

With the cultivation base of their Divine Ascension Realm, although they did not feel the pressure of the qi and blood of the Demon King of Hundred Battles and the Demon Emperor of Azure Sword, the discerning person knew at a glance that these monsters were simple generations!

Even a part of the monks knelt down hurriedly, afraid to move!

The elder also shivered with fright, and suddenly saw a young man sitting on a monster beast.

Mount?

Is it a trainer?

He no longer hesitated, and hurriedly came to Ye Chen, bowed his body, and asked cautiously: "Senior, what's the situation with these monsters?"

"No problem!"

"It's just my men!"

Ye Chen turned around and saw that the Blue Sword Demon Sovereign came out first, and the others, everyone looked like an exterminating monster, he smiled bitterly, and said: "The order goes on and turns into a human form, don't scare people!"

"Yes!" The Hundred Wars Demon King immediately turned into a middle-aged man.

Demon beasts such as Tiantian, Phoenix, and Qingjian Demon Emperor transformed into shape one after another, and the follow-up troops also began to transform into the channel.

"Oh my God!"

"What a senior this is, there are such powerful subordinates!"

The elder of Qingjianmen breathed a sigh of relief for a moment, knowing that these monsters were not here to attack Kunlun Xu.

But it is the young man in front of him?

How powerful is this young man?

"What a great brother—senior!"

"There can be so many monsters!" A female disciple looked at Ye Chen adoringly, "If I could have one-tenth of the senior's cultivation in this life, it would be enough!"

She looked at the male disciple next to her again, with a look of contempt!

What is a genius!

That young man about the same size as ours was able to summon so many monsters!

Any one is enough to kill our entire school!

This is a genius, a peerless genius!

"Pre... Senior! Since there is nothing for us here, then I will leave first."

An elder was not sure about Ye Chen's identity, and did not plan to stay longer, and was ready to leave.

But before he took a few steps, an indifferent voice came from behind him:

"Wait!"

"Tell me about the situation in Kunlun these days!"

"What's the situation in Kunlun?"

"Could it be--" The elder of Qingjianmen wanted to stop talking, staring up and down at Ye Chen, but his heart was uneasy.

This young man is estimated to have the power of shaking the sky and the power of dry land.

Is it asking me about Kunlun Xu?

Is it not the younger generation, but the predecessors who have left Kunlun for a long time?

Or other sleeping powers?

Ye Chen naturally saw the fear and suspiciousness in everyone's eyes, without talking nonsense, and directly said:

"Don't be suspicious!"

"My name is Ye Jitian!"

"This name No one in Kunlun Xu should dare to steal it."

When the words fell, the little sect disciples and elders who were about to leave completely exploded the pot!

"Ye Jitian!"

"Ye Jitian!"

Many young disciples of Qingjianmen were shocked, and they all looked at Ye Chen with amazement.

The elder Qingjianmen swallowed, and said in his heart: The evil spirit, the evil spirit who killed all the young disciples of the Huang family!

The evil **** at the forefront of the sky!

The gods block and kill the gods, and the Buddha blocks and kill the Buddha Ye Jitian!

Oh my god, it's no wonder that there are so many monsters as his subordinates, and these monsters are probably the weakest of Dao Source Realm.

I think my Azure Sword Sect is no more than a few Dao Origin Realm ancestors, but I didn't expect that this evil **** Ye Jitian would have hundreds of Dao Origin Realms!

Chapter 1302: Go back to Ye's house

Elder Qingjianmen stabilized his body and mind, and asked: "I don't know, what kind of thing Senior Ye wants to ask about!"

"About the blood spirit race!" When Ye Chen said this, many Qingjianmen youths were filled with righteous indignation.

Several young people were trembling with anger, and they all cursed:

"Blood Spirit Race!"

"Damn Blood Spirit Race, these beasts will die clean sooner or later!"

"Shut up!" The elder Qingjianmen scolded his disciple, then looked at Ye Chen, clasped his fist and said: "I heard that the senior's junior is Master Ye Chen!"

"A few days ago, Master Ye Chen announced this in Qianjue Square, and within two days it spread to Kunlun Xushang!"

He said in detail: "For a time, Kunlun Xu was full of heated discussions. Many disciples of the middle school asked the elders about the truth. There were even disciples who made trouble at the Daozong Mountain Gate and Kunlun Mountain Gate."

"The fiercest thing is none other than Tianhaizong, Mo Family, Ye Family, Chaos Gunmen, etc.!"

"Many of the disciples dealt with the unanswered seniors, family elders, etc., and they all moved their hands, swearing to the death to ask for a result!"

Blood Spirit Race!

The most anxious are the many geniuses, especially the geniuses near the Emperor Realm!

It is not easy for them to believe what Ye Chen and Han Yun said, but this matter is about their lives, and they must be confirmed in the mouths of their trusted elders, just like Qing Jian, Hei Yao and others!

Elder Qingjianmen sighed, "These disciples were either arrested or shot dead!"

"The distance from the news to the present!"

"It's been a few days!"

"All the minor sects are led by the medical gods, and a few of the Kunlun Xu's top ten geniuses are their deputies. They have organized the Hundred Sects Alliance to resist the blood spirit race to the death!"

He paused for a moment, always paying attention to the change in Ye Chen's expression, for fear that he would say something wrong and be killed by a look in his eyes.

He slowly said: "There are a total of 237 minor sects in the Hundred Sects Alliance. Our Qingjianmen is also in the Hundred Sects Alliance. The leader of Duan Huaian and the deputy leader of Ye Lingtian are responsible for screening the leaders of each faction and the ancestors. Cultivate, prepare to cultivate a group of emperor realms, and follow Master Ye Chen against the blood spirit race in the future!"

Hearing this, Ye Chen was relieved!

He left by himself that day and handed everything over to Han Yun and Duan Huaian. Obviously, there was no intertwined person.

"Middle school, and family."

"They are all in chaos, because the elders in the family and sects did not give a positive answer, leading to a large number of disciples leaving their homes and joining the Hundred Sect Alliance." Qingjianmen

elder said slowly: "As for the top ten Qingtianmen and other top ten Sect, I heard that it is summarized in the Palace of Light!"

"We are fighting against the top big families such as the Huang Family, Ye Family, Wang Family, Chen Family, etc., forming an alliance!"

"According to the news, the Huang Family and other families firmly support the Blood Spirit Race, and take the Blood Spirit Race as their slogan, the Kunlun Xuye Family has also officially launched a war on the Palace of Light!"

"War is on? Are you not looking for me?" Ye Chen joked. The Huang family was full of Kunlun to look for himself a few days ago, but he is not looking for it now.

I have to say that I have changed a lot in the past few days.

But as expected, the plan is proceeding steadily.

"Ahem, my lord!"

"My lord, you are wise and martial artist, and the Huang family naturally dare not trouble you!"

"Master Ye!" The elder Qingjianmen looked at the group of monsters behind Ye Chen, still frightened, and said: "The powerhouse you follow with you can be comparable to a top school, who dares to move you!"

Ye Chen nodded, took out a sunflower fruit that enhances soul power at will, threw it to the old man, and said: "Go, this thing for you, thank you for your information!"

The elder followed the sunflower tremblingly, and he really felt that the fruit was extraordinary!

Stormy seas are set off in his heart!

One thing Ye Xitian throws out casually is enough to shake the entire Kunlun Xu strong!

He felt an unusually heavy palm!

"Thank you Lord!"

"I won't bother adults!" Qingjianmen elder led many disciples to leave.

The Hundred Wars Gods will watch the crowd leave, come to Ye Chen, and whisper: "Master, these people have been exposed, do you need to kill them?"

Ye Chen shook his head: "These people are not high in realm and can't get over any waves. They should be really small disciples."

"At the moment, you first take someone to find a hidden place to hide. I have one more thing to deal with. When the processing is over, I will naturally come to you."

The Hundred War God Generals knelt at this moment and respectfully said: "Lord, what the **** is related to your anger just now, I am willing to go through fire and water for the lord!"

Ye Chen glanced at the Hundred War God Generals and the many monster beast powerhouses behind him, and shook his head helplessly.

These people are certainly strong, but if they enter China, they will inevitably cause disaster.

Let them stay in Kunlun Xu.

As for China's affairs, he can step in alone. ,

"My words are very clear, you all stay in Kunlun Xu!"

After speaking, Ye Chen waved his sleeve and left directly!

...

After half a day.

capital Airport.

Ye Chen changed into casual clothes and flew back directly from Kunlun Mountain Airport.

The moment I stepped into the airport, a sense of familiarity came.

"It's been a long time, but the smog in the capital hasn't changed."

Because this time I came back and didn't notify any dark palace or friends, no one came to pick up Ye Chen.

Ye Chen directly took a taxi outside and headed towards Ye's house.

The taxi driver was a forty-year-old uncle. He was driving while observing Ye Chen from the rearview mirror. He was quite talkative.

"Little brother, are you here to travel? You don't look like a local!"

Ye Chen shook his head: "Come and deal with something."

The driver could feel the ethereal temperament of Ye Chen, and then carefully thought about Ye Chen's destination. Suddenly, his expression changed and his eyes were full of fear.

"Little brother You are not going to that place, right? Your destination is not peaceful recently. I heard that there was a strong tremor, and the official forces have blocked it... Although we ordinary people don't know what happened. What's wrong, but no one wants to go there..."

Ye Chen frowned upon hearing this sentence: "What has happened recently? Master, do you know what?"

The driver shook his head violently: "I don't know anything. It's just that I have a lot of contacts in my business. I heard that a group of people appeared some time ago. It should be related to that group of people."

"who?"

Ye Chen asked repeatedly, but the driver was obviously afraid of getting angry and kept his mouth shut.

Ye Chen didn't force it, the bad premonition in his heart became stronger.

Ten minutes later, the taxi stopped, Ye Chen dropped one hundred yuan and got off the car directly.

No one knew what Ye Chen's emotions were at this moment. I thought I would be happy when I returned to Ye's house, but I didn't expect to be angry at this moment!

Chapter 1303: I am the head of the Ye family

The driver only felt a gust of wind rolling, and then Ye Chen's figure disappeared around him. He rubbed his eyes vigorously, and his voice trembled, "What a **** today!"

...

Ye Family Villa.

When Ye Chen came to the door, he felt that the formation he had set up in the Ye family had been destroyed.

And now, the flow of formation outside the Ye family comes from others!

Not only that, but there were also four horrible existences guarding the Ye Family Gate.

These four people are definitely not from the dark palace!

Just because the aura circulating in them is actually Daoyuan Realm!

Daoyuan realm is only a step away from the emperor realm, how could there be such a strong in the Huaxia Dark Palace!

The key is that such a strong person actually exists as a gatekeeper?

Could it be that the blood spirit race has come!

Ye Chen's eyes gradually released the killing intent!

Obviously, the four people outside the Ye Family's door also noticed Ye Chen, but Ye Chen covered their breath, they didn't notice anything.

One of the gatekeepers stepped out, looking at Ye Chen condescendingly, and said coldly: "Go! Do you know what this place is, if you don't go, you will not be able to bear the consequences!"

Ye Chen put his hands behind him, and said lightly: "I'm coming to see a friend at Ye's house."

The gatekeeper was startled, and immediately laughed: "Ant, are you looking for someone from the Ye family? Hahaha, sorry, I am afraid that you are looking for the Huaxia Ye family, but unfortunately, the Ye family has long ceased to exist!"

"I advise you to get out, before I have any intention of killing!"

Ye Chen's eyes condensed, and a murderous intent swept through his whole person. He stepped out: "I said, I'm going to find someone."

"I don't know who you are, but if you want to live well, tell me what happened to the Ye family."

"Otherwise, let's kill it."

Ye Chen's voice didn't have a hint of temperature, but in the eyes of the four guarding the gate, it was extremely ridiculous!

What about killing?

Someone in Huaxia wants to attack them?

Although the Huaxia Ye Family is also considered a top martial arts family!

It is estimated that the kid in front of you also has some strength! But at most in the Immortal Ascension Realm or the Void King Realm!

Such a realm is no different from ants for them!

Crush it with one finger!

There was a hint of interest in the gatekeeper. He liked to torture the weak.

In an instant, the coercion of his Dao Source Realm shrouded away!

Cover Ye Chen's whole body!

In his opinion, this kid must kneel down and beg for mercy.

One second, two seconds...Five seconds!

Something weird happened!

Not only did this kid not kneel down, but there was no sign of pain on his face, as if his coercion had no effect at all!

how is this possible!

He is Dao Yuan Realm!

Although it is the first level of Dao Source Realm, in China, it absolutely crushes everything!

Even the so-called Guardians of China can't compete!

How did this kid resist!

The air was extremely quiet.

At this moment, Ye Chen said, "It's over? Is it me?"

After the words fell, Ye Chen's breath was suddenly released! Billowing killing intent swept toward the four people in front of you like a tsunami!

What a terrifying Ye Chen's momentum!

This mouth is condensed from the pile of dead people!

The blood and demonic energy in his body, not to mention the first level of the source realm, even the 9th level of the source realm is not necessarily qualified to block it!

"boom!"

A loud noise! I saw the gatekeeper closest to Ye Chen, his body flew directly, hitting the Ye family wall heavily!

The blood spit out, the whole person is extremely weak!

The other three were also uncomfortable, endless pressure enveloped them, and their knees trembled!

In the next second, just kneel down!

The expressions in the four people's domineering eyes completely changed. At this moment, there was only fear in their eyes!

Who is the young man in front of you! How could there be such strength!

Huaxia's aura is so thin, how could such a strong be born!

Does this person come from Kunlun Xu?

Kunlun Xu does not have such a young master!

"You...who are you..."

The people trembled and said, they just want to survive at this moment!

Ye Chen walked a few steps forward, looking down at the crowd, and a strong voice seemed to fall from the nine heavens: "You occupy the Ye Family, don't you even know who the head of the China Ye Family is!"

The eardrums of the four people seemed to burst, and suddenly, they thought of something!

Patriarch of China Ye Family!

The young man in front of him was Ye Chen!

But how could Ye Chen have such strength!

Before the Thousand Jue Square incident happened, they had already come to China, and naturally they didn't know the horror that Ye Chen had erupted in it!

Looking at Ye Chen at this moment is even more shocking!

It's like seeing a demon!

Ye Chen stared at one of them, and said directly: "Where are Xia Ruoxue and everyone from the Ye family!"

The man was completely frightened, and his voice trembled: "I...I don't know."

When the words fell, Ye Chen shot out with a palm, the phantom flickered, and instantly penetrated the person's body!

It turned into a blood mist on the spot!

Ye Chen looked at the remaining three people again, and continued: "I don't want to ask the third time and tell me the answer."

The three of them didn't expect Ye Chen to be so powerful, and said quickly: "Master Ye, we really don't know who Xia Ruoxue is? The people above just let us occupy Ye's house, and other people are responsible for the rest."

Ye Chen could see that this group of people did not lie. This is at least good news. Xia Ruoxue should not be in Ye's house, at least safe in front of her.

Just why didn't Ji Siqing look for these people?

Did Ji Siqing also have an accident midway?

It's not impossible.

Ye Chen didn't talk nonsense, and continued to ask: "Who is behind you? Tell me."

Hearing this question, the expressions of the three people changed, and there was a trace of determination in their eyes.

In the next second, the three of them slapped their brows, and they all fell down instantly!

Ye Chen looked at the three corpses in front of him and shook his head: "It turned out to be a group of dead waiters."

"You think that I can't find the person behind you, it's ridiculous!"

Ye Chen stepped directly into the Ye family villa, the villa was empty, and there was a strong blood and fighting atmosphere inside.

Not only that, everything around is destroyed.

Even rummaging through the cabinets, it seemed that the group of people were looking for something in Ye's house.

Ye Chen took out the black stone in his pocket, which is the bearer of the reincarnation cemetery. He muttered, "Are these people looking for this?"

Ye Chen didn't think too much, now he must find Ji Siqing and Xia Ruoxue as soon as possible.

As for the people behind, since they came to the Ye family, they would definitely come to him.

Ye Chen forced a drop of blood, fingers quickly pinched the tactic, the ancient inscription entwined in the palm of his hand!

In the next second, a picture suddenly appeared in front of you!

The picture is an abandoned factory!

This is the place where Xia Ruoxue's breath entangles!

Ye Chen naturally knew about this factory. This was the back hand he left for the dark palace. It had a shielding formation that could not be watched by ordinary strong people. It seemed that Lu Lingfeng should send Xia Ruoxue here.

Unlike the Ye Family, this place is extremely hidden, but it is a good place to hide.

Chapter 1304: clue!

ten minutes later.

Ye Chen came to the abandoned factory.

When he came here, his expression suddenly solidified.

Because the formation here has been destroyed, and even the same as the Ye Family, there is still a violent fighting atmosphere.

"This fighting aura turned out to be the emperor's realm! How could it be possible! The emperor's realm has come to China?"

Suddenly, Ye Chen's eyes condensed and he noticed something. He came to a wall with a bright red blood stain on the wall.

The blood stains have been around for a day.

He stretched out his hand and wiped it, and the coldness in his eyes became stronger.

"This is Ji Siqing's blood. It seems that Ji Siqing is also injured."

"Ji Siqing has just entered the emperor's realm. If he fights those strong who have already entered the emperor's realm, he will be weak."

"When Ji Siqing wanted to come to China, he thought that there would be no imperial powers to intervene in China. Now it seems that he thinks too much."

Ye Chen wanted to continue using magic techniques to find the whereabouts of Ji Siqing and Xia Ruoxue, but found that the magic techniques were useless at all.

The last clue of the two can only lock here.

"It seems that the strong man erased everything."

Ye Chen frowned, this was the first time he felt powerless.

Although he is strong in the physical training land, he is helpless in the face of the problem.

"What should I do?"

While Ye Chen was thinking deeply, a faint voice came.

"Hallmaster..."

Ye Chen was taken aback, turned around abruptly, and noticed a man who was almost dying in the distance!

Among the many corpses, this man is hard to detect.

Ye Chen hurried forward and helped the man up. When he saw the man's face, Ye Chen's feeling of anger became stronger!

Lu Lingfeng, protector of the dark palace!

The former helm of Jiangnan Blood Plum Palace!

Lu Lingfeng and Ye Lingtian are his right-hand men!

And now that Lu Lingfeng is hurt so badly, if he hadn't been determined, he would have driven him west long ago!

Ye Chen suppressed the anger in his heart forcibly, took out a pill from the reincarnation cemetery and gave it directly to Lu Lingfeng.

At the same time, Ye Chen took out dozens of silver needles, aroused the true energy in his body, and directly fell!

Ye Chen's martial arts is indeed powerful, but what he is really terrifying is his medical skills!

Soon, Lu Lingfeng gradually woke up. When he was sure that the young man in front of him was Ye Chen, Lu Lingfeng's eyes were full of tears and guilt!

"Hall Master, Ling Feng is ashamed of you! Ling Feng is willing to die!"

Ye Chen shook his head: "What you have to do now is not guilt, but what happened during the time I went to Kunlun Xu!"

"Also, where did Xia Ruoxue go! Isn't it your protection?"

Lu Lingfeng stood up with support, glanced at his surroundings, clenched his fists, and explained: "Hall Master, not long ago, a group of people came from China. These people are extremely powerful, and the dark hall and even the guardians can't compete. They waved. In between is the suppression of countless powerful people! They are like nightmares!"

"I knew that the Ye family could no longer hold it, so I went to Miss Xia to take refuge here. I thought I could at least last until the palace master came back, but I didn't expect that the group of strong men didn't know how to find here!"

"When something happened to Xia Ruoxue and I, a mysterious girl appeared, fighting against many powerful people with one person! It even killed many masters!"

When Ye Chen heard this, he guessed that this mysterious girl should be Ji Siqing.

"What happened next?"

Lu Lingfeng glanced at Ye Chen cautiously, and continued: "It's a pity that the mysterious girl is strong, but the despicable group of villains actually attacked Miss Xia. The mysterious girl forcibly resisted a sword in order to prevent Miss Xia from being injured. The injury is serious! It is even more invincible!"

"Later, that mysterious girl could only take away Miss Xia in embarrassment, and the rest of the strong also chased up. Because of serious injuries, I can only live here!"

Ye Chen's eyes were full of Burning Sky Fury!

Now it is nothing more than two results!

Ji Siqing took Xia Ruoxue to a safe place!

Either Ji Siqing and Xia Ruoxue were taken away by these people!

No matter which one it is, it is extremely serious to Ye Chen!

"Ling Feng, do you know the origin of these people, do they have something special?"

Ye Chen can only use this to find clues!

Lu Lingfeng frowned and thought for a moment. Suddenly, he thought of something, looked up at Ye Chen, and said directly: "Hall Master, that group of people call one of the old people Ye Master, because I have the same surname as the Palace Master, so I am deeply impressed."

"leaf?"

Ye Chen heard this surname and possessed the strength of the emperor realm, so there was only one answer.

Kunlun Xuye Home!

He has a great connection with Kunlun Xuye Family!

Grandpa was also killed by Kunlun Xuye Patriarch Ye Fudong!

If it weren't for the Blood Spirit Race, he would have done something to the Ye Family!

Is it possible that Kunlun Xuye Family is looking for death by themselves?

Of course, all of this is also a wrong guess. To be sure, he must visit Ye's family personally!

Ye Chen didn't hesitate anymore, took out a bunch of pills and handed it to Lu Lingfeng: "You accept these things. I'm going to Kunlun Xu. I will leave the affairs of Huaxia to you first. When I find Xia Ruoxue, I will come back. "

Before Lu Lingfeng reacted, Ye Chen disappeared completely.

...

Kunlun Xu, Wanren Mountain!

Ye family.

Many Ye family members are discussing urgently.

Ye Fudong, the Patriarch of the Ye Family, and dozens of elders from the emperor state all sat around the round table, "Kunlun hasn't been peaceful recently.

"This time, even though the Huang family is leading, my Ye family's contribution is not small!"

"There are more than 20 elders of the Ye Family Law Protector, and we have to discuss the situation!"

"As for Ye Jitian, this mess has been missing recently, the Huang family is also helpless." Ye Fudong paused for a moment, then said: "By the way, Ye Jitian can't find his junior, Ye Chen, is a breakthrough. Ye Chen is from Huaxia. I asked the elders to go to Huaxia before. What happened?"

One of the elders stood up and respectfully said: "Patriarch, there is news from Huaxia that the Ye family there has disappeared, and Ye Chen's dark palace has been severely damaged, and we learned that Ye Chen has a confidant in China. If you bring it back, it won't be difficult to kill Ye Chen and Ye Jitian, after all, heroes are saddened by Beauty Pass!"

Ye Fudong glanced at the elder. Although he felt that this move was very despicable, he couldn't help them anymore in extraordinary times.

He curiously asked: "If that's the case, can the girl take it back to Ye's house?"

Hearing these words, the old man's face turned red, and he slowly said: "It was already about to succeed, but for some reason, Ji Siqing, one of the top ten geniuses in Kunlun, suddenly appeared!"

"In the beginning, that waste, Ye Chen, had been under the protection of Ji Siqing, but he didn't expect that Ji Siqing would even protect the people around Ye Chen!"

"I really can't figure it out. With Ji Siqing's talent, who is not good to choose, I have to choose Ye Chen!"

Chapter 1305: Hongmen Banquet

"Snapped!"

Ye Fudong slapped the table with a palm, and the table shattered directly: "Ji Siqing is certainly one of the top ten geniuses in Kunlun, but in terms of strength, the people we send out should not lose. Is it that so many people can't match a girl?"

The old man was sweating profusely, and quickly said: "Don't worry, the Patriarch, everything is under control. Ji Siqing is already seriously injured. Although he took the girl named Xia Ruxue to leave, it is estimated that we will not be able to escape for too long. Back!"

Ye Fudong nodded and said, "That's good, if this trivial matter is not handled well, you can get me out of the Ye family!"

Well, I won't talk about China's affairs. At this meeting, we are still discussing how to deal with Han Yun's coalition forces and the Palace of Light! "

That Ye Sutian was so bold!

What a bastard, don't you know that you are a humble person?

I dare to come out and raise a banner to fight against the adults of the blood spirit race, it's damned!

"Let's discuss the frontline battle first!"

Ye Fudong said slowly: "Elder Ye Qing, come out and talk, how about the casualties?"

"Report to Patriarch!"

A middle-aged man with a hawk nose clasped his fist and said: "The frontline battlefield is mainly the land of Kungu! The strong men of my Ye family and Huang family are jointly dispatched to fight the Guangming Palace and the Hundred Sect Alliance!"

He paused for a moment, handed a document to Ye Fudong, and said slowly: "Guangming Palace, with Han Yun as the main, and the **** night gate master as the deputy, gathered the Qingtianmen, Kunlunzong and other sects, very strong!"

"The Huang family didn't get good food, and there were many strong people who were seriously injured or died..."

"Fortunately, there is no such thing as the emperor Ye Family realm among the dead powerhouses, most of them are Dao Origin Realm!"

Elder Ye Qing sighed, looked around the many elders helplessly, and said: "Han Yun and the blood flag of the **** night gate, the two old men, don't know what techniques they used, they actually cultivated the strong of our Ye family into theirs. My man, this was unexpected and caused us a heavy loss."

"It's impossible to win Han Yun and the sect master of the Bloody Night Gate. I think I still have to find a breakthrough from Ye Sutian, but now Ye Sutian has also disappeared, and the only clue is back to where Ye Chen was. The only possibility. This kid should be relatively easy to find, but I heard that Ye Chen is not weak, and extremely strong, and it is not a fuel-efficient lamp."

"Asshole!" A fat elder shouted angrily, slapped his slap on the chair, and the power of vitality bloomed, "These little **** are going to be the opposite! I know that little **** Ye Chen, it's Ye Tianzheng. Son of waste!"

He trembled with anger and said: "Unexpectedly, I had spared Ye Tianzheng's trash father and mother!"

"The brute grandson of that guy today did such a big thing!"

"Elder Ye Sheng, please calm your anger! Elders, Patriarch, calm your anger!" Elder Ye Qing continued: "Now, the people who openly resist the adults of the Blood Spirit Race are mainly the Hundred Sect Alliance and the Guangming Palace!"

"The Hundred Sect Alliance was formed by Ye Chen's little beast's master, Duan Huaian!"

He snorted coldly, and said: "But more than thirty emperors are no more. They are not proper, they are all suffering from scabies!"

"As for this Palace of Light, it is difficult!"

"Not only the power of the original ten factions, but also the support of the Holy Grass Temple!"

"My Ye Family and Huang Family, it is difficult to win this Palace of Light in a short time!"

"You have to find a way!"

"The way?" For a while, many elders thought individually, as if they were facing an enemy.

In the end, a thin elder named Ye Nan said: "In a few days, it will be our Ye Family's ancestor worship ceremony, right!"

"An ancestor worship meeting once in a hundred years, everyone in the Ye family, no matter where they are, must rush back to the ancestral temple!"

"Participate in the ancestors of the past!"

Elder Ye Nan stroked his beard, smiled, and said, "Patriarch, I have a plan to draw a salary!"

"The strategy of drawing a salary from the bottom?"

"What's the strategy, let's say it quickly!" Ye Fudong is also very busy these days. Most aristocratic families openly support the blood spirit race, but the only ones who are really fighting and really contributing are the Ye family and the Huang family. .

The Huang family has a great career and has experienced three thousand years of development.

Although the top power is far inferior to the Palace of Light, the power at the grassroots and middle levels is almost twice the sum of the Palace of Light and the Hundred Sect Alliance!

The Huang family can afford it, but the Ye family can't afford it!

Although the Ye Family is an ancient family, there are a lot of top-level strengths, such as the emperor realm strong, there are also a lot, but they can't afford it!

The more this goes on, the weaker it becomes. At this moment, Ye Nan said that there is a plan to draw a salary from the bottom, and if it succeeds, the immediate crisis of the Ye family can be solved.

"What is the plan to draw a salary from the bottom?"

"Ye Nan, speak up!"

"Ye Nan, say!"

Many Ye's parents looked at Ye Nan one after another.

The corners of Ye Nan's lips sketched out an evil smile, and the corners of his lips sharpened, and said slowly: "The Hundred Sect Alliance, the Hall of Light, the Han Family, the Hall of Holy Grass, etc., and even the temporarily closed Danxu Town, seem intricate. In fact, they have more or less contact with one person!"

"That's Ye Chen!"

"Everyone, listen to me one by one!"

"In the Hundred Sect Alliance, Duan Huaian is Ye Chen's master, and the deputy master is Ye Chen's former subordinate."

"Guangming Hall, Han Yun is the Deputy Hall Master, and the Blood Banner is also the Deputy Hall Master! It is said that Han Yun has a close relationship with Ye Chen!"

"Their backbone is Ye Chen!"

Ye Nan coughed twice, cleared his mind, and said, "So, come to such a conclusion."

"The Hundred Sect Alliance and the Palace of Light are all related to Ye Chen."

"As for the Danxu Pagoda, according to the news, the Danxu Pagoda Cui family has been destroyed in the hands of Ye Jitian. Later, Ye Chen also became the chief alchemist of Danxu Town, and the two Danzun also looked forward to Ye Chen's horse."

"So, the most important thing is Ye Chen."

He took out a genealogy, clearly pointed to the three words 'Ye Tianzheng', and said: "If you really want to say, Ye Chen's father, Ye Tianzheng, is a member of my Ye family, Ye Chen's grandfather, the Patriarch personally took him Expulsion made him even more painful to death. Now, we only need to send a letter to Ye Chen, inviting him to participate in the ancestor worship ceremony in a few days."

"Also, let his grandfather and father and even his return to the family!"

"With Ye Tianzheng's character, he will definitely persuade Ye Chen to come and participate!"

"Even if they refused, if Ye Chen knew about his grandfather's death, he would personally step into the Ye family! How about we come to a turtle in the urn?"

"This is a pretty good plan!" Ye Fudong already knew what the plan was, and a cold gleam flashed before his eyes, and said coldly: "Bring Ye Chen in, as a descendant of the Ye family, only him and Ye Tianzheng, two beasts. come!"

His fingers tapped rhythmically, "In this way, the two of them, father and son, will enter my Ye family."

"At that time, you elders, guardians, and even some Huang Family Emperors will be dispatched here!"

"I still don't believe it. With the power of my Ye Family, I can't kill these two scumbags!"

The next moment, Ye Fudong looked at Elder Ye Qing and said: "This letter is yours! Remember, it is clear that I only invite the descendants of the Ye family to 'go home to worship the ancestors!'"

Chapter 1306: I used the house rules to execute him

Elder Ye Qing stood up, took the letter written by Ye Fudong, smiled and said: "Okay, I understand, Patriarch!"

He whispered: "The descendants of the Ye family come back to worship their ancestors, yes, they come back to worship their ancestors!"

Since I came back to worship the ancestors!

Naturally it can only be the descendants of the Ye family!

Others are not allowed to come over. If that happens, it will be Ye Tianzheng and Ye Chen!

Han Yun can't interfere either!

Without Han Yun, Ye Chen and his father, who doesn't know how to cultivate, stand up!

It is the real turtle in the urn!

The huge Ye Family can't deal with these two guys?

Immediately, Elder Ye Qing left the meeting room and went straight to the Palace of Light!

Although they didn't know Ye Chen's whereabouts, Han Yun and the people in Guangming Hall naturally knew!

These people will naturally pass the news back.

Nowadays, although no thorough battle has erupted, the Huang Family and Ye Family, as well as the Palace of Light, are facing each other in a place called Kungu in Kunlun Xu. Mixed with a large number of Void King Realm monks!

This is a large-scale battle. All factions in the Palace of Light are doing their best to send all the people of the middle and low realms that can be dispatched!

As a result, Ye Chen was not there, but he had to fight, so he used this to gather his strength!

Secondly, it is also to uphold Ye Chen's philosophy and to select and cultivate the backbone of the blood spirit race in the future through battles!

Ye family meeting room!

Ye Fudong took a sip of bitter tea with a smile on his face, and said, "In a sense, the ancestor worship ceremony is a Hongmen feast! As for this Hongmen feast, how many people should we prepare?"

He stretched out his hands to signal many elders to speak.

"Patriarch!"

"I heard that Ye Chen is extremely capable of leapfrogging at that animal!" Elder Ye Qin thought: "I used to fight against the elders of the eight factions outside the city of a thousand decisive battles and defeated the eight factions. Of course, Ye Sutian is not ruled out. Help situation!"

"However, I think as many people can be assembled as many as possible!"

"My Ye family has been established for so many years, and some older people and geniuses in the clan can fight!"

"I would mind setting up a formation in the elders of the emperor realm, and kill Ye Chen with the formation!"

The huge Ye family, the accumulation over the years, the emperor is indeed not a minority!

Even part of his strength is stronger than Ye Fudong.

The Kunlun Xuye Family belongs to the category with low sense of existence among many forces and families, just because the Ye Family is extremely low-key.

In ancient times, meteorites descended from the sky, and the Ye family rose from a small family, behind it was too mysterious.

Low-key can make the Ye family's foundation everlasting, this is the will left by the first generation of ancestors of the Ye family.

The ancient Ye Family was in the Divine King Realm and Hunyuan Realm. Although after the ancient wars, all of them died in battle at the Emperor Realm and above, many people remained in the Emperor Realm.

These people are all elders of the past. For example, each generation of Patriarch will have many heirs, and only one of them will become Patriarch, and the other heirs will become elders. Especially two thousand years ago, after the Ye Family surrendered to the Blood Spirit Race through the Huang Family, they no longer needed to contribute the Emperor Realm to the Blood Spirit Race, and the quota to be provided was divided equally between Dao Sect and Kunlun Sect!

As a result, the emperor realm of the Ye Family grows naturally with each generation, and there is no need to contribute the emperor realm to the blood spirit race.

Under the two-phase growth, the Ye family alone is comparable to two or three major factions.

"The Kunlun Xuye Family is reborn, unlike the ancient Ye Family, it has been established for seven generations!"

"Each generation has the birth of the elders of the emperor realm!" Elder Ye Qin said slowly: "I suggest that the seven generations of elders use the Qiye Distraction Array to deploy the formation. The Qiye Distraction Array is divided into seven parts, and each part is composed of a generation of elders. Come to compose!"

"Seven Nights Distraction Formation, you can trap and kill the enemy!"

"It's the formation method inherited by my Ye Family. If the emperor realm joins forces to launch this formation, it can be a battle even when entering the **** realm!"

"Will this move be too fussy?" A fat elder said with disdain: "It's just a descendant, isn't it?"

He snorted in his heart: Although Ye Chen has some Ye Family's blood, it is not recognized by Ye Family! No matter how strong his current achievements are, he can't change the fact that it is a waste.

Need to bring all the elders of the past out of the retreat?

Launch the Seven Nights Distraction Formation that could once slaughter the gods and destroy the Buddha?

Ridiculous, extremely ridiculous!

A faint blue light circulated around this fat elder, with a faint spirit of looking at the world, and he was also a world-famous figure of the seven-tiered emperor realm! The rudiment of his Dao, 70% completed, is the Dao of Qingmu.

The path of green wood is the rudiment of the path of wood, possessing the power of endless life.

Once you have cultivated to the extreme, as long as you don't get beaten to death at once, you can quickly recover, and it is one of the pillars of the Ye Family!

He is the seventh elder of the contemporary Ye Family, Ye Wushuang!

"What's more, Ye Chen, one by one, has generations! It should be my great-great-grandson! What is there to be afraid of such ants?" Ye Wushuang leaned against the wall with a proud face and waved his hand and said, "Patriarch, the formation is unnecessary. It's arranged, let me take the shot, and then I will lead Ye Chen and Ye Tianzheng in, and I will kill them directly!"

"Guangming Palace and Hundred Sect Alliance!"

"It's bound to disperse!"

"Ye Wushuang! Do you think I'm making a fuss?" Elder Ye Qin snorted and said: "I know you are strong, even if you are Han Yun, you dare to fight, but Ye Chen is no small matter!"

"Do you really think this is just a descendant of your descendants?"

Grandson's grandson?

I really thought it was a bully, how could those ten big sects willingly follow him!

From every point of view, Ye Chenming understands that the generation of the heroes, in addition to the disciples of the Taoist school, decisively kills, and takes the heads of the various schools, but also has superb methods. You are an emperor in the seven-layer heaven, and you can indeed beat the emperor. The power of the Ninth-tier Heavenly Peak of the Sovereign Realm, but if it is a mistake, I am afraid that Ye Chen will lead the Palace of Light to break the Ye Family! "

Ye Chen!

It's no longer the young man who played alone in the past!

He is now the Lord of the Palace of Light!

What is the Palace of Light?

The behemoth of twelve sects gathering Hundreds of small sects surrender to the palace of allegiance!

Now, if you want to destroy the behemoth Hallmaster of the Guangming Temple, he went up alone and killed Ye Chen. It's okay. If you can't kill you, you have to face Ye Chen's revenge!

"Ahem!"

"Ye Wushuang!" Ye Fudong coughed a few times, motioned Ye Wushuang to sit down, and asked, "How many stages are your refining stages?"

"Fortunately, fortunately, the tyrant stage is Tier 3!" Ye Wushuang twisted his neck and loosened his bones and said: "I have been practicing for more than six hundred years, and relying on the treasures left by my ancestors, the progress is extremely fast!"

"I believe it won't be long before I can follow the blood spirit race and cross the starry sky."

"As for the younger Ye Chen, just leave it to me."

"I used the house rules to kill him!"

Chapter 1307: No matter how strong he is, he is also an ant!

A junior? What to fight with him!

At this moment, an elder Ye's parents suddenly asked: "Patriarch, then we really want to put that guy's rank in the ancestral temple? Or should we shoot directly at Ye Chen? If the latter, will it be a little bit worse? Ugly?"

"Huh!" Ye Fudong thought for a long time, with deep eyes, and said: "So, Ye Chen is going to come back to worship the ancestors. We will give him three passes. After passing the three passes, he will place his grandfather's tablet in the ancestral temple. !"

"The fallen leaves return to their roots!"

"The key is that he has this qualification!"

"Presumably, Ye Chen also wants his grandfather's rank, which is beneficial to the ancestral ancestral hall!"

"And Ye Chen, the little beast, wants to rank his grandfather and return to the ancestral hall, he must pass three passes!"

"Ye Wushuang!"

"You are the candidate for the second level!" Ye Fudong looked cold, and he had been in charge of a large family for so many years, how could he not have any means!

Moreover, since Ye Chen disturbed the situation, he has thoroughly used the heritage left over from the past!

Soon, within a few months, he used these foundations to break through to the third level of the emperor realm in one fell swoop!

Of course, these backgrounds are not ordinary.

There are several 'daos' in the Dao Source Realm for him to absorb, so he doesn't need to practice, it will happen naturally!

At the same time, there are two emperor's "brilliant avenues" for him to absorb, so that after he enters the realm of the emperor, he will have the battle power blessing of the avenue embryonic forms. It's just this kind of foundation, even if it is completely opened, it will only spawn dozens of them. That's it.

These backgrounds.

Any one is comparable to a small sect!

The 'Tao' of the Dao Source Realm needs to be killed by the late Dao Yuan realm strong, and when they just die, their 'Dao's power' should be stripped out to ensure accuracy!

To be equivalent to a 'Tao' requires a strong Dao source as the price.

The same is true for the 'brick form of the Great Dao' of the emperor realm. One 'brick of the big dao' consumes one emperor realm.

After so many years, the Ye Family has survived dozens of rudiments of Dao, and dozens of Dao powers. This is the background of the top family. Normally, the surface power may not be as good as the emerging family, or even far worse, but once the background is used, it can instantly overtake the emerging family by ten times!

Similarly, when the foundation is activated, there are naturally many powerful people who have exited and appeared!

For example, Ye Wushuang used his own veins, especially the large amount of fierce beast essence and blood, to break his body refining realm to the third stage of the domineering body stage, with more than ten million blood.

"The second level?"

"Your first level and third level, who does the Patriarch want to let?" Ye Wushuang asked.

He clasped his hand and said abruptly: "Of course, Ye Chen and Ye Tianzheng, the two little cubs, and finally put them to death, it's up to me!"

At the beginning, the Ye family members of Ye Chen and Ye Tianzheng were killed and wounded, but they were seized by Ye Fudong and changed from the main line to branch.

Therefore, even the Ye family who is closest to them is only Ye Wushuang's line.

"Ye Nantian!"

"This guy once followed the blood spirit tribe's predecessors to practice exercises and blood spirit secret techniques a hundred years ago!"

Ye Fudong smiled, and said, "My little brother, he has won over one hundred emperors!"

"With such a remarkable record, the adults of the Blood Sword Gate also rewarded him with some treasures and opportunities!"

"Since returning to Kunlun Xu a hundred years ago, I have been in retreat. I recently left. Although my realm is not high, my combat power is absolutely terrifying!"

He looked at the door and said, "Please come out!"

咣!!!

Suddenly the metal door cracked open, and the gust of wind blew it and turned it into dust.

A purple-robed young man suddenly walked in, his icy eyes seemed to destroy everything in the world, and his whole body exuded an invincible fighting spirit, like an ice war **** came out of ancient times, holding ice The long spear, the cold air radiating from it freezes the ground and walls.

He walked in slowly, without the slightest expression, and even looked down at the many elders, saying: "The seventh generation elder of the Ye family, Ye Nantian!"

Just a few words, no nonsense.

"Ye Nantian is one of the best of my Ye Family!"

"I used to slaughter thirty powerful emperor realm with the power of one person!" Ye Fudong said mysteriously: "As for his realm, the sixth level of the emperor realm, Ye Chen has no chance of winning. The key is that he still holds a first-grade immortal. The Frost Gun!"

"It's up to him to take the first pass, just keep Ye Chen!"

He patted Ye Nantian on the shoulder and smiled: "I believe you must be very interested in this kid!"

"However, do your best to kill this little beast!"

"If you keep your hand, it will be hard to explain to the adults of the Blood Spirit Race in a year!" Ye Fudong called out a hidden level of powerhouse, any one can easily pinch him to death, but he is the head of the family and has absolute power. Mobilize them!

This time is the top family!

Anyone who comes out is enough to shock the outside world. No family that has been passed down for thousands of years can be taken lightly.

Especially the Huang Family. Although the highest level of top combat power is not in the eighth floor of the Emperor Zun realm, the true combat power is probably Han Yun's invincible. Han Yun did not get the help of the blood spirit race, and it is impossible to be like Ye Tiannan. , Was taken to the Outland to participate in the war, and got a chance.

Therefore, a guy like Ye Tiannan, although he is over a hundred years old, he is invincible in the generation from a hundred to two hundred years old in Kunlun!

"What about the third level?" Ye Wushuang asked: "The first level is Tiannan, and the second level is me!"

"Does the third level have to find a top powerhouse to sit down?"

"Naturally!" Ye Fudong smiled and said, "The third level is optional. Of course, there is actually a fourth level. I and all the elders of the emperor state. If all three levels are defeated, all the emperor states Elder, arrange the Seven Nights Distraction Formation to connect the surrounding dragon veins, inspire the great formation, and kill Ye Chen and Ye Tianzheng!"

He knows what he did back then!

He killed Ye Chen's grandfather and expelled Ye Chen's family from the house.

This Liangzi is completely closed.

Either Ye Chen died or he died!

As for the assassination?

Sneak attack?

This method is basically ineffective for Ye Chen Individuals to assassinate Ye Chen are equivalent to sending them to death. If a large number of people go to assassinate, then it will not be called assassination, and the terrain will not dominate. Once they are called by Ye Chen Now, maybe the entire Ye Family Emperor Venerable Realm may be destroyed!

and so!

He tricked Ye Chen to come to the Ye family to participate in the memorial ceremony, and recalled the descendants of Ye family in the tone of the descendants of the Ye family to avoid Ye Chen from leading his men and helpers!

When the time comes to fight in the home court of his own home, I still don't believe that Ye Chen and Ye Tianzheng can't be taken!

"The candidate for the third level!"

"When the third level is needed, I will let him out!"

"Even if he is lucky enough for Ye Chen to break the first level and the second level, the third level is definitely an existence he will never look up to in his life! In front of that person, no matter how strong he is, he is also an ant!"

Chapter 1308: Such rubbish, dare to be my enemy

"Okay, elders, try to bring back the main force as much as possible!" Ye Fudong said: "Kungu battlefield is temporarily handed over to the Huang family. My Ye family is preparing to punish Ye Chen. Now I don't want to catch Ye Chen alive, but kill Ye. Chen!"

"Yes!"

"Yes, Patriarch!"

After the meeting ended, many elders responded and left.

...

Kunlun Xukun Valley is a huge basin that stretches for thousands of miles, and it is all forest. It was originally a Kunlun Xu sect dedicated to beasts. It was only three thousand years ago that the blood spirit tribe took away all the high-rank beasts in Kungu. As for Kun Gu, almost no creatures survive!

Over the years, some sporadic fierce beasts, the monsters with very low cultivation base that year, have cultivated to a high level, and found that the Kun Valley is in a good terrain, and they all led the group into the Kun Valley, only after the outbreak of the battle between the Huang Family and the Guangming Palace!

Raid: Shadow Legends! Play Now!

Hundreds of vicious beasts in the Void King Realm and Dao Source Realm!

The aftermath of the battle between the two emperors was shocked. As for the other fierce beasts, they were either caught or killed.

The huge Kungu forest has become scorched earth!

The east and the west are stationed in camps, and the two sides are like real troops fighting, except that the number of people is small, and some people have fallen. The Huang family has no intention of destroying the Guangming Palace. In order to reduce the loss, the Guangming Palace has not been received by Ye Chen. No aggressive attack!

In front of them, the disciples of both sides are fighting each other at a low level!

Boom! !

boom! !

Pieces of sand were flying, and the disciples of the Void Returning Realm were fighting together.

Both sides have higher cultivation bases. Huang Wuqiang, Huang Zhantian and Qingjian sit on the battlefield on the Guangming Palace, and the ninth generation elder sits on the Huang Family. They are also the second and third layers of the emperor.

When Ye Chen learned that the disappearance of Xia Ruoxue and Ji Siqing might be related to the Ye family, he immediately came to Kunlun Xu from Huaxia.

Of course he also brought a group of top monster beasts with him.

For him, the black stones in the reincarnation cemetery came from Kunlun Xuye Family, which proves that Kunlun Xuye Family is absolutely not as simple as imagined!

No matter what role the Kunlun Xuye Family played in the disappearance of the second daughter, if Ye Chen's inverse scales were injured at all, he would demand the Kunlun Xuye Family pay a heavy price!

He originally wanted to go directly to Kunlun Xuye's house, but when he heard about the Palace of Light, he still planned to rush over first.

Ye Chen is now wearing a mask and has appeared in Kunlun Xukun Valley.

His appearance instantly attracted everyone's attention!

It seems plain and unremarkable, but it gives people an unspeakably powerful, unpredictable!

The ninth generation elder of the Huang family, staring at the masked youth from a distance, his expression changed drastically, and he shouted angrily: "Ye Sutian!"

"How dare you come here! Good! Very good!"

He drew his sword abruptly and slashed out a sword. The sword light condensed into a violent phantom in mid-air, exuding a brilliant luster and endless cross sword aura. It had the mighty power and seemed to suppress Ye Chen. , "You little beast, you deceived people's hearts and caused my tenth generation of the Huang family to be wiped out. Today you will die!"

Huang Zhantian and Huang Wuqiang are both the tenth generation of the Huang family!

He is the ninth generation, the emperor's third-tier heaven, the fifth-tier of the bone-consolidation stage, and his combat power is considered to be stronger at the same level!

"When!"

"Do you dare to be an enemy of me?"

Ye Chen snorted coldly, waved his hand at random, gathered infinite strength, directly condensed into a golden arm, and pressed it down, like an ancient giant, covering the world, unstoppable!

Coming out of the land of refining, his strength has long been different from what it used to be!

Boom! !

A crisp explosion sounded!

The condensed phantom of the sword light burst directly, and the golden arm fell, Dang Even beat the old man Huang into minced meat.

The eleventh and twelfth generation disciples of the Huang family looked shocked, and they all dared not make a move!

"Meet the master!"

"Meet the master!"

Huang Wuqiang and Huang Zhantian knelt immediately, their eyes full of respect, and they didn't dare to make any trouble!

Nowadays, they also have the cultivation base of the second level of the Emperor Realm, which can be regarded as very fast. After the real genius enters the Emperor Realm, they will cultivate very quickly, especially in the early stage of the Emperor Realm. The first to the third level is very easy. After the seventh heaven, it really depends on talent!

Of course, although there are many disciples in the Huang family, there are also many emperor states.

However, most of them are in the second and third layers of the emperor realm, mainly because they have no intention to fight. In the past few years, the Huang family has been dispatched, and the various sects and families are bound to make it difficult for them to go through the battle of life and death. on.

"Senior Ye!"

"I have long heard that Senior Ye is the senior brother of Palace Master Ye Chen!"

"When I saw it today, it was really extraordinary!" Qing Jian slightly clasped his fists. In the past few days, his heart knot was untied, and he achieved the fourth level of Emperor Zun realm. However, when facing Ye Chen, he felt that there was no strength to fight back. When I first saw Ye Chen, I was still weak.

He carefully looked at the 'people' around Ye Chen and couldn't help but move his heart: Monster Beast!

Many powerful monsters!

These monsters are all in the emperor state!

What kind of identity is Ye Sutian? There are so many monsters accompanying him!

And, there are two monsters standing beside Ye Jitian!

Wearing a green robe, faintly accompanied by dragon spirit, it is obviously a real dragon, not a weak one!

The other one is dressed in a white robe, looks like a middle-aged person, but also has a dragon spirit. Although weaker than the previous one, it is definitely a weaker generation!

Ye Jitian!

Where on earth did these monsters come from?

Ye Xitian and Ye Chen are brothers, then who is their master?

Can teach such a tyrannical brother, I am afraid that he is truly a peerless expert in Outland!

"Qingjian is exempt, let the other two get up too!" Ye Chen waved his hand, motioning for the three of them to get up, then looked at the hundreds of Huang family disciples who were kneeling on the ground, and asked: "What happened to these people? ?"

"Report to the master!"

"These are the 11th generation disciples and the 12th and 13th generation disciples of the Huang Family!"

Ye Chen looked at the situation and said, "Do these Huang family disciples mean to surrender?"

Huang Zhantian clasped his fists to indicate, and then stepped forward to many of the Huang family disciples, and hurriedly said: "You are not surrendering? I know you more or less, and I don't want to see you die here. Besides, my lord upholds righteousness. , Against the blood spirit race, the chief evil!"

"Don't you wait and surrender?"

"Quit surrender, can avoid death!"

"Don't surrender!" A disciple of the Huang family shouted impressively: "Huang Zhantian, you betrayed the Huang family for vain your uncle!"

"Don't surrender!"

"Don't surrender, the adults of the blood spirit race will soon come!"

"Surrender and join us now, you will die in the future!"

Snapped! !

A dragon's claw cover pressed down and directly slapped the ground apart, and all the Huang family disciples were wiped out!

It was the Demon King of Hundred Battles!

What kind of power is the Demon King of Hundred Battles, its power, and how can these people of the Huang Family resist!

Not qualified!

Chapter 1309: Lobbyist!

Ye Chen nodded slightly, these Huang family disciples are not high in cultivation and will not be useful in the future, but they are so comfortable as running dogs, then there is no need to stay!

He said: "Go, Huang Zhantian, take me to meet other people!"

...

In a palace a thousand meters away.

Han Yun sits in town with Ye Lingtian as his assistant. Now Ye Lingtian has also quickly advanced to the pinnacle of Dao Source Realm, which is of course the blessing of Han Yun.

Even Ye Luoer standing on the side is in the half-step emperor state. The two of them are people close to Ye Chen. Han Yun naturally took out the family background and quickly spawned them to this realm. Of course, it did not mean that they were born to this realm. Have the combat power of this state, but enough to protect yourself!

"the host!"

"Hall Master!"

Ye Luoer and Ye Lingtian got up at the same time, and half-kneeled towards Ye Chen in surprise!

At this moment, Ye Chen had already removed his mask and returned to Ye Chen's identity. He was shocked by many of his followers. He didn't expect that his lord and the outside genius Ye Chen were actually alone!

"Get up!" Ye Chen helped them and smiled: "Thanks for your hard work these days!"

"Hall Master!"

"Live up to expectations, the dozens of small families that have taken refuge in the Blood Spirit Race have all been destroyed!"

Ye Lingtian said earnestly: "The fellow members of the Hundred Sect Alliance led by the subordinates eliminated these small families and gained a lot. But the subordinates discovered that although this small family is dependent on the blood spirit race, they have not really seen it. People from the Blood Spirit Race just had to take refuge in the Huang Family in a disguised form!"

"That's natural!"

"These small families with only a few emperors are not qualified to meet people from the blood spirit race!"

Ye Chen disagrees, the high martial plane, because of the special aura, a person may be in the emperor state when he is born, and it is very normal to look down on these small families.

"Hall Master!"

"The Holy Grass Temple and the Ten Martial Arts Schools are now based in the City of Thousands of Wonders, and the Holy Grass School is responsible for providing herbs!!"

"The Lingyi Danzun and Luo Family in Danxu Town mainly provide medicinal pills! The other ten factions are completely included in our Guangming Palace, and since then they are divided into Dao Pavilion, Kunlun Pavilion, and Qingluan Pavilion!" Ye Lingtian said: "The name of their sect has been shaved off and relegated to the branch pavilion of our Guangming Palace!"

Ten martial arts!

It was the school that was the enemy of Ye Chen in the City of Thousand Jues!

Now, joining the Palace of Light, naturally it is impossible to retain the name of the sect!

It's already good to leave a place for the "Branch"!

Usually sits around, and at critical moments, the main combat power is to assist the people in the main hall of the Palace of Light in a decisive battle!

"it is good!"

"You did a good job, you deserve to be my deputy hall master!"

Ye Chen looked at Han Yun and asked, "How's the battle going?"

Han Yun sighed, "You are not here, I didn't start a battle against the Huang family! In fact, I have no absolute confidence in winning. The twelve school ancestors, plus my Han family, thirteen top emperors. But we don't have fairy tools!"

"In the previous battle, many of the Emperors of the Huang Family's seventh-tier heavens held immortal artifacts, and some even had double immortal artifacts!"

"Seven people beat us 13 people, no results, and even the ancestor of Qingluanzong almost fell!"

"As a last resort, we can only drag and wait for your return!"

Between words, Han Yun looked at the Green Sword Demon Emperor and the Hundred War God in amazement, and said in amazement: "These two are the two great demon kings of Kunlun Xu at the time. Have they already returned to you?"

"natural!"

"Now, all the places for refining the body have fallen to me!"

Ye Chen took Han Yun to discuss plans to deal with the Huang Family, and said: "Nowadays, there are a lot of emperor-level monsters in my place. All of them can be the main force. We have some confidence to fight the Huang Family!"

Judging from the current situation!

There are very few emperors hidden in the Huang family.

Even if you break through the Huang family and kill many emperor realms, it will be a loss. It will only become weaker and weaker. On the contrary, after the arrival of the blood spirit race, there will be a real battle, and there will be very few strong ones left!

Suddenly, Han Yun thought of something, and said: "Hall Master, during this time, there is a tricky thing! The Huang Family can only be regarded as half of the forces we face."

"Half?" Ye Chen was a little surprised. The other half of the Han family's emperor realm, who is going to deal with?

"Yes, half!"

"The other half, you need to guard against the Ye Family!" Han Yun sighed, and shook his head helplessly: "The Kunlun Xuye Family has also completely formed an alliance with the Huang Family, and now dozens of emperors are also sent to help the Huang Family in the war ahead! "

"The Ye family's background is more than my Han family!"

"Although it is not as powerful as the Huang Family, you must never underestimate it. You must leave a certain emperor-level powerhouse to deal with the Ye Family!"

When Ye Chen heard Ye Family, his eyes instantly filled with anger!

When he returned to Kunlun Xu this time, his biggest goal was the Ye Family!

He and the Kunlun Xuye Family have forged a feud!

Fortunately now, the Kunlun Xuye Family is still connected with the Blood Spirit Race!

Just after Han Yun finished speaking, an elder Dao Pavilion came in!

"Meet the hall master and the two deputy hall masters!"

"Outside, there is Ye Qing, the elder of the Ye family, begging to see you!" Dao Pavilion elder said slowly: "It seems to be going to see the Lord of the Palace to discuss what the Ye Family's ancestor worship ceremony will be!"

"Let him in!" Ye Chen's attitude was extremely cold.

He looked at Ye Qing who was walking by, his expression was not good, the Ye family was not a good thing, his grandfather was driven out, and his parents were miserable, but they were all gifted by the Ye family! If Ji Siqing and Xia Ruoxue had an accident, the Ye family would cease to exist!

Elder Ye Qing bowed and clasped his fists, motioned: "Hello, three hall masters!"

He took out a letter, looking affectionate, and said: "It will soon be my Ye family's ancestor worship ceremony. The Patriarch hopes that all Ye family disciples will return and worship the ancestors of our Ye family. So I specially invite you to return to Ye's house and participate in ancestor worship!"

Ye Qing didn't expect Ye Chen to appear here.

These days, I haven't seen Ye Chen news, didn't show up at all, but didn't expect to hide here.

I am afraid that Ye Chen is not as terrible as the legend is just a greedy person who fears death!

Ye Qing glanced at Ye Chen. Seeing that Ye Chen's eyes were cold, he could only say again:

"Dianzhu Ye, I believe you know it too!"

"My Ye family, although it has fallen, and the strength is also a lot worse, but in ancient times, the Ye family was once a big clan famous in Kunlun!"

"In the old days, my ancient Ye family had many strong people in the **** realm, and many in the **** king realm! There were even strong people in the Hunyuan realm as the head of the family, and the strong people in the Dao realm as the ancestors!"

"Looking at Kunlun Xu!"

"Family power, only my Ye family dominates, even if Kunlun is the first person, I don't dare to be an enemy of my Ye family!"

"It's a shame, what a shame!" Elder Ye Qing even began to use bitterness drama, just to get Ye Chen the bait.

He sighed and said: "After the First War of the Ancients, the three Hedao ancestors died in battle, and they were in grief, but there were no bones left!"

Chapter 1310: The mantis catches the cicada and the oriole is behind!

"The eleven elders of the Hunyuan realm, the butterfly blood is empty, causing my ancient Ye Family to almost cease to exist!"

"Before the blood spirit race enters the Kunlun Void, they will punish the 100 **** kings and thousands of strong gods in the Ye Family, one by one!"

"Even, our line almost disappeared back then!"

"If the ancestor Ye Hong hadn't left resolutely back then, the Ye family would definitely be destroyed with the ancient Ye family."

"The ancestor Ye Hong established the Kunlun Xuye Family with the cultivation base of the eighth-tier heaven of the Emperor Respect Realm. Over the years, we have also been oppressed by the Blood Spirit Race!"

Elder Ye Qing was talking, tears rolling around, looking so sad that Ye Luoer sighed.

He continued to say sadly: "My many heroes and outstanding people in the Ye family really can't die anymore! This is how I was forced to take refuge in the Huang Family and the Blood Spirit Clan in order to survive!"

"I know, Ye Chen, you hate us!"

"Hate that we become Kunlun Xu's traitors!"

"It's just that I am so helpless, Ye Family is getting weaker and weaker, there is really no way!"

"This is...so!"

He stepped forward, one after another, and said: "Although my Ye family sent the emperor to participate in the war this time, it was also forced to be helpless. It just so happened that this family memorial is also good for me Thousands of ancestors who fought in blood!"

"We hope that you and your father and mother can go home to pay homage! Anyway, you are also the blood of the Ye family!"

"Even if there is something big, we are a family, we can sit down and talk!"

"To be honest, I am your great grandfather in terms of seniority, how could I harm you!"

"Come back and participate in the memorial ceremony, kid!"

Ye Qing's eyes were full of pity, even a kind eyebrow!

Han Yun also took a step forward in a hurry, his eyes motioned, but he didn't say a word, he could see Ye Qing's authenticity.

Ye Chen sneered in his heart: Old fellow?

Acting in a drama?

It is a pity that Kunlun Xu does not have an Oscar, otherwise this Ye Qing must be the Oscar actor!

If you really care about me so much, if you are really helpless, how can you insult my grandfather and force my father back to Ye's house?

Are you really helpless?

These days, the Emperor Ye Family, who is accompanied by the Huang Family, is so hard at the people who beat my Guangming Palace?

Presumably Kunlun Xuye's family didn't know that he had been to China!

He knows everything that happened in China!

Forget it, you want to play a bitter drama and trick me back!

Want to cheat me?

Okay, I have fun with you!

Immediately, Ye Chen sighed, and tears appeared faintly, staring at Elder Ye Qing as if he saw his relatives!

Han Yun couldn't help but admired to himself that the young young man now can 'show his true feelings' casually, Ye Qing, who wants to cheat Ye Chen, is still a little tender.

"Ye... Elder Ye!"

"Hey..." Ye Chen pretended to be sorry, he wanted to stop talking.

Elder Ye Qing sighed and said: "The world has changed endlessly, and it is not your fault!"

He snarled in his heart and said: A child is a child, so cheating!

Ye Chen, this little chore, really didn't experience much!

It's that simple!

The old man, I took a few words, and then pretended to be helpless and pitiful. I didn't expect this kid to believe me!

Good!

Great!

To cheat back this time, we must kill this little beast!

Ye Qing's complexion recovered, and continued to say in a painful voice: "This time you go home to worship the ancestors, you must come!"

"Furthermore, this time the ancestor worship is all Ye Family disciples, and your companions are probably not suitable to come together!"

"But don't worry, after you come back, we will definitely set up a sign for your grandfather and place his spiritual position on the ancestral ancestral hall!"

He didn't deliberately point out that Ye Chen's men could not go!

I just emphasized that this is the Ye Family's grand event, and other families can't come!

"it is good!"

"Go home to worship the ancestors, what do you want outsiders to do!" Ye Chen said lightly, but a smile was drawn at the corner of his mouth.

Hongmen feast? He Ye Chen is going to break into this Hongmen Banquet!

Behind him stood the reincarnation cemetery, and entered the domineering stage again, what did the Ye Family do!

The light box given by Han Yun was enough to contain the Hundred Wars Demon King and the Azure Sword Demon King. These two were terrifying in strength, plus Ye Chen, it was no problem to pick the Ye family together!

Besides, Ye Chen also knew that his parents also wanted to send his grandfather's tablet back to the ancestral hall!

Although he was expelled, his father Ye Tianzheng still had some feelings for the Ye family!

This time, accompany the parents to the Ye family, and the two Qingjians will be responsible for protecting the parents. Ye Chen alone tried to pick the Ye family and let the Ye family understand who is the real Kunlun Xu Tian!

Long time passed!

Ye Chen received Ye Fudong's letter, and a killing intent flashed before his eyes, and quickly died down.

He checked the letter and invited himself and his parents to join the Ye family to attend the ancestor worship ceremony and banquet. He smiled and said, "Elder Ye Qing, you should go back first! I will leave in three days and go to Ye family!"

"it is good!"

"As expected to be the descendants of my Ye family!"

"You must be there by then, and your parents will get it too. They are from my Ye family!"

"As your elder, I want to see your parents too!" Elder Ye Qing stepped out of the hall happily, and suddenly a smile appeared on the corner of his lips as soon as he stepped out. He said in his heart: You deserve to be the owner of the house, this plan, Sure to succeed!

I am afraid that from now on, the two words Ye Chen will dissipate between the world!

...

After Ye Qing left, Ye Lingtian clasped his fists and said, "Hall Master, the Ye Family is untrustworthy!"

"The ancient Ye Family is indeed terrifying, and it can be regarded as the overlord of one side. In the ancient times, it was the last step in the Kunlun blood battle for me!"

"However, the current Kunlun Xuye Family is not credible!"

The ancient Ye family, well-deserved head of the families!

Three in the Dao state, eleven in the Mixed Yuan state! Such a strong person can stand on the high martial plane!

This is the Ye Family's background and the capital of the Ye Family's dominance of Kunlun Xu.

But these capitals were all destroyed with the first battle of the ancient times. All of them died in the battle. The golden bodies were blown up. There was no flesh and blood, and even the soul could not survive. They were not the ancient strong men of Blood Qiye, and they were worse after all. So fight to death!

But the war dead was dying for Kunlun Xu, no one dared to say no, and no one would say bad!

But today's Ye family is different. The ancestor of Ye Hong fled the ancient Ye family back then. Although he avoided fighting to death, he dominated the current Ye family, took refuge in the blood spirit tribe, and took refuge in the extinct enemy!

This alone makes the whole family untrustworthy!

The Lord can trust those guys so much!

Especially that Ye Qing!

Looking at people who look like is probably also an old yin stuff!

"No problem!"

"Their strategy, I know!"

"It just so happens that something happened to Huaxia. I want to go to the Ye Family to beg someone. When I break through the Ye Family, I will directly subdue the Ye Family's many emperor realms!" Ye Chen is not afraid, just the Ye Family, what's the matter!

With so many strong monsters gathered on his side, just sending one third of it was enough to wipe out the Ye Family!

Ye family!

What a fear!

However, it is all about fulfilling the wishes of the parents and returning the grandfather's spiritual seat to the ancestral ancestral hall.

By the way, you can also complete your own plan!
