Chapter 1311: Move with affection, know with reason

Ye Lingtian frowned when he heard that Huaxia had happened, and asked, "Hallmaster, what happened to Huaxia? How about the dark hall? Do you need me to take Kunlun Void Dark Hall and Guangming Hall to Huaxia!"

Ye Chen's gaze fell on Ye Lingtian, Ye Luoer, Han Yun and others, saying: "No need, the Dark Hall suffered a heavy loss this time. Not only that, Xia Ruoxue and Ji Siqing also disappeared. The only clue is the Kunlun Xuye Family Even if the Ye family doesn't invite me this time, I will personally set foot on the Ye family VIPs!"

"I really want to see how the Ye Family holds this Hongmen Banquet!"

Ye family!

It may not work if you move with affection and understand with reason.

However, Ye Chen could forcibly seal the Ye Family high-level.

The Ye family on the fifth level of the emperor realm, remove a few people who must kill, such as Ye Fudong and others, and suppress and seal all the others, and the Ye family can still turn the sky over.

With the stronger soul power, the more people Ye Chen could seal.

This is how powerful Nie Baijian is!

He wouldn't kill everyone from the Ye Family, after all, the blood of Kunlun Xuye Family was flowing on him and Ye Tianzheng.

Perhaps Ye Fudong, the Patriarch, has also come to the end!

"it is good!"

"Since the palace master has a plan."

"I won't worry about it anymore!" Ye Lingtian let out a long sigh, the Lord Wanxing was not bewitched.

The Vice-Hallmaster of the Blood Banner clasped his fists and said: "Young Master, I don't know the details of the plan? How many emperors do we need to mobilize to go there?"

"hundreds!"

"A hundred emperor realm, it is better to use my monster emperor realm."

Ye Chen looked at the Demon King of Hundred Wars and the others. Now that the Hall of Illumination is included in the Hall of Illumination, the former gods are all changed to protectors, and some are elders.

He said: "Elder Hundred Battles and Demon Sword Emperor, follow me."

"Elder Astronomy, Elder Phoenix, Elder Wind Dragon, Elder Earth Dragon."

"And the guardian of the sea dragon, the guardian of the blood unicorn and the guardian of the nine infants!"

"You seven demon clan elders and law protectors, you dispatched the original Heavenly Ming Army and the original demon emperor army hundred emperor state protectors, followed the actions of the two ancestors of the Blood Banner Sect Master and the Blood Night Sect, and secretly surrounded the Ye family."

In one breath, he pointed out seven emperor-level monsters of the sixth level and above.

"Wait for me to break the Ye family, and then notify you to come out and take the Ye family in one fell swoop."

"Yes!"

"Yes, the Lord!"

Tiantian and other elders clasped their fists.

At the edge, the blood flag nodded in surprise, saying: Shaozu is indeed Shaozu!

These monsters are not weak in combat power.

But how can Kunlun Xu have so many powerful monsters?

Of course it dare not ask more.

After all, everyone has their own secrets, not to mention Ye Chen.

"Han Yun!"

"You led the other ten elders, as well as the emperor realm people and monsters, and broke through the Huang family emperor realm in Kungu in one fell swoop, captured as much as possible, and attracted more Huang family divine realms to confront you, so that the Huang family has no time to take care of it. Ye family affairs!"

"As for the remaining emperor-level human and demon plant."

"Responsible for garrisoning the City of Thousand Jues, Danxu Town, and Qianfeng Mountain."

"The City of Thousand Ends is our base camp, Danxu Town is the place where our pill is provided, and Qianfeng Mountain is the base camp of the Hundred Sect Alliance. Unless the Huang Family works hard, I don't believe anyone can break my arrangement. "

Ye Chen divided the forces he currently possesses against the blood spirit race.

In an instant, it reversed the disadvantages of the Guangming Palace and the Hundred Sects Alliance. They were originally lost to the Huang Family. The Huang Family has stored too much background. Although there is no strong person in the God Realm, there are too many Emperors Realm. .

The really capable people of the Huang family, that is, the first ten generations, such as Huang Zhantian and other disciples, including the Huang family disciples who died in Dingjun Mountain in the past, if not all killed by Ye Chen, it is estimated that they are already two. Thirty people broke through, and in another hundred years, without sacrifice, it means that of the more than 150 descendants of the tenth generation, eight of them can become the emperor.

Ten generations, how many powerful emperors are there.

"All right!"

"That's how it is arranged!" Ye Chen confessed, then looked at the many monsters, and said: "You must follow the movements of Han Yun, Xueqi, and Ye Lingtian. You must not defy or betray. Kill it!"

"I'll wait to obey!"

"Hall Master, please rest assured!"

After brushing, all the strong monsters behind him knelt down and responded.

In this scene, Han Yun was shocked, and he whispered: "I am afraid that starting from today, the Kunlun imaginary forces have to weigh and weigh if they want to shake this young man! Ye Family's move is all looking for death."

"Okay, Han Yun, Ye Lingtian, and the blood flag mobilize the monster race."

"Qingjian Demon Emperor-no, elder Qingjian, elder Baizhan, come with me to Qianfeng Mountain!" Ye Chen took the top combat power of the two monster races, but the elder Qingjian and Qingtianmen Qingjian have the same name, but The strength is different.

Ye Chen left.

Han Yun also urgently began to arrange it.

After half an hour, Ye Chen came to a cloud-shrouded peak.

The momentum of the sky formation is monstrous.

There are even a few drops of Ye Chen's blood in the formation.

This is where Ye Chen settled his parents.

Ever since he took his parents here from Huaxia, Ye Chen seldom went back. I don't know what happened to his parents now.

Ye Chen entered the formation, and there was a modern villa on the mountain, almost the same as the villa of the Jiangcheng Ye family. This was also Ye Chen in order to kill his parents' strangeness to Kunlun Xu.

When Ye Chen opened the door, he felt a violent breakthrough breath surging in the entire hall.

Afterwards, Ye Chen stared at the two doors, and when he explored his spiritual sense, he found that his parents were breaking through.

And the breath of breakthrough is not weak at all.

Although the father and mother were a mortal for the first half of their lives, Ye Chen knew very well that the blood in the two bodies was definitely not special.

Mother Jiang Hirong is the most talented existence in China in a hundred years!

And the blood of Kunlun Xuye's family was flowing on his father!

How could it be weak!

Ye Chen swept slightly and found that this time the two breakthroughs were almost Dao Source Realm.

There are countless elixirs here, coupled with the strong stationing, the parents are afraid that in order not to hinder themselves, they have been breaking through day and night.

Ye Chen simply sat in the living room and waited for a cigarette, the breath of breakthrough in the house gradually disappeared.

The doors of the two training rooms suddenly opened, and Jiang Xirong and Ye Tianzheng walked out. The two of them just wanted to exchange their experience of this breakthrough, but what they had learned from the corner of the room.

In the next second, their eyes were filled with excitement.

"Chen'er!"

Jiang Huirong came to Ye Chen first, and even reached out and touched Ye Chen's face: "Chen'er, why did you think of coming back? Look at you, you are all thinner, and today my mom will make up for your stewed chicken soup! Now, when are you leaving?"

Ye Tianzheng also came to Ye Chen's side, stretched out his hand and patted Ye Chen's shoulder without speaking.

it is more than words.

No matter how strong Ye Chen is, he is still a child in front of the two people.

Chapter 1312: Goodbye parents!

Looking at his parents, he was only moved.

If his parents didn't give up on himself back then, I am afraid he would not have achieved what he has now.

After some greetings, Ye Chen also got into the topic and said: "Parents, how about going to Kunlun Xuye's house in a few days? It's time to go too."

Hearing the Kunlun Xuye Family, Jiang Xirong and Ye Tianzheng were startled and fell silent.

During this period of time, they also roughly settled some things about Kunlun Xu.

They also know what Kunlun Xuye Family means.

So they practiced day and night in order to one day have the confidence to take their children to Kunlun Xuye's house, but now they are undoubtedly looking for death.

After a long time, Ye Tianzheng put out the cigarette in his hand, looked at Ye Chen, and said, "Is that really the case?"

He stared at Ye Chen, hesitated for a moment, then took out a cigarette again, condensed the flame with his fingers, lit the cigarette, allowed to take two sips, and said: "After so many years, I also want to go back, and I also want to send your grandpa's spiritual position. go back!"

"Once, we were the main line of the Ye Family!"

"Your grandfather should be the head of the Ye family, but—"

"It's just that beast Ye Fudong that caused all this!"

Ye Tianzheng's eyes were filled with anger.

What happened to the Ye family at the beginning was a knot in his mind.

Now that Ye Chen said he was going to Ye's house, he wanted to go, but he was more afraid or not confident.

The three of them are too small, how to fight against a top family that has been rooted in Kunlun Xu for a long time?

Ye Chen naturally saw his father's fear, and smiled: "Dad, during this time, my strength has grown a lot, not only that, but I also have a lot of strong people! I can tell you very clearly, Kunlun Xu There is almost nothing that can shake me now!"

"What the Kunlun Xuye Family has done!"

At this moment, Ye Chen has a strong self-confidence, just like a king in charge!

Ye Tianzheng looked at the son in front of him, exhaled for a long time, and said: "I've inquired that Ye Fudong is no longer the eighth layer of the Void King Realm, but the Emperor Venerable Realm. The Ye Family has already taken out all the details and wants to fight! At this time, if you take us back, it will cause a big battle, right?"

"The war will naturally break out!"

"It can't be avoided." Ye Chen stepped forward, took the cigarette case, and ordered one by himself. "Although the Ye family can't be destroyed, some people must die! Those people do not die, which hinders the overall situation. It is for us, It's also hatred!"

then!

Everything that Ye Fudong did has already made Ye Chen judge that Ye Fudong's line must all die!

Immortality in this vein will always be an unstable factor.

Even though his father has feelings for the Ye Family and is unwilling to see Ye Family's blood flow in a river, but he does not, the person who wants to kill must be killed.

Ye Tianzheng glanced over Ye Chen and directly removed the cigarette from Ye Chen's mouth, "Children, smoke less."

As soon as the conversation turned, he said again: "How sure are you?"

Although Ye Tianzheng believes in Ye Chen, the immediate problem is not to believe it. The Ye Family's background and strength are simply not something they can contend!

If you are not careful, you will lose the game.

As Ye Chen's father and Jiang Xirong's wife, Ye Tianzheng finally reunited his family. He really didn't want them to be in trouble.

Ye Chen smiled and stretched out a finger.

Ye Tianzheng's eyes were full of loss: "10% is a little bit low, do you want to wait?"

In the next second, Ye Chen said astonishingly: "Dad, what you misunderstood is 100%! What you and mom have to do is believe me!"

Ye Tianzheng stared at Ye Chen, when he was completely sure of Ye Chen's determination, he said: "Okay! Dad believes in you!"

"Your grandfather said when he died, that the fight is fine, but the Ye family cannot be destroyed!"

Ye Tianzheng paused for a moment, allowed another cigarette, and then said, "This is the bottom line, because we were originally the Ye family. The guilty Ye family can kill, but the innocent cannot kill. This is the principle!"

He lightly patted Ye Chen on the shoulder, and said with satisfaction: "As your father, although you don't know how far you have grown during this period, judging from your current state, you have grown up!"

"I also heard something about you."

"You will fight against the blood spirit race in the future!"

"Although I don't know what kind of existence the Blood Spirit Race is!"

"But I don't want you to be a murderer. Then you are no different from the blood spirit race. If you can still listen to me now, I must tell you!"

"You are my father, how could I not listen to you!" When Ye Chen replied, he gradually understood what his father meant; you can kill the enemy, you can use any means to kill the enemy, but you can't kill innocent people. The real devil is.

Ye Chen smiled and said: "No, at least not now!"

He paused for a moment, and then said: "When I return to the Ye family this time, I will let the two elders to protect you!"

"And I mainly deal with everyone in the Ye family, so don't worry!"

After saying this, he called out the elder Baizhan and the elder Qingjian!

"I have seen the lord!"

"Meet your lord!"

The two monsters close to the gods, at the same time clasped their fists towards Ye Tianzheng and his wife.

Ye Tianzheng's expression changed drastically. Although he couldn't perceive the two people's cultivation base, the aura of the two in front of him actually made him feel insignificant. He was surprised: "Chen'er where did you find these two seniors?"

He said: "Since they help you, then you have to treat them well!"

"It's okay, daddy!"

"These are all my subordinates, and I will let you in the future, just dispatch them!" Ye Chen glanced at the elder Baizhan, and smiled: "You say, right?"

"Yes, yes!" Elder Bai Zhan quickly responded with a smile.

As for the elder Qingjian, the old Qinglong, the soul has been wiped out, and Ye Chen's soul is now in the body, 10,000% guaranteed safety, and it is impossible to betray.

However, this is not enough!

After going to the Blood Spirit Clan, Ye Chen had to grab a few Hunyuan Realms and join Dao Realms to protect his parents.

As for the Ye family!

This time Ye Chen went back, not just for ancestor worship!

The position of the Patriarch of the Ye family, according to the order and rules, after the death of grandpa, should now belong to his father, Ye Tianzheng!

Even if Ye Chen is now the head of the family , it doesn't matter.

Then when I went back this time, Ye Chen wanted to take back his own things and wrap the huge Ye Family!

"Apprentice!"

"You're back!"

Duan Huaian leaped up from the bottom of the mountain, saw Ye Chen, and said with joy: "Apprentice, the training between the Hundred Sect Alliances has been very good!"

He looked at Ye Tianzheng without nodding his head and said, "You have a good son, and I also have a good apprentice!"

These days!

Duan Huaian was funded by Han Yun, and his realm entered the emperor's realm.

To be honest, after the abolition of Dantian, Duan Huaian had never extravagantly expected to enter this state!

He knows very well that everything comes from having a good apprentice!

Chapter 1313: Dark surging

After all, the Han family is an ancient family, and its background is not worse than that of the Ye family. Since Han Yun values Ye Chen, he will naturally tilt the family background to people around Ye Chen, such as Ye Tianzheng and his wife, Ye Lingtian, Ye Luoer, etc., and even Huang Five guns and the other four people all got some benefits.

The Hundred Sect Alliance gathers more than two hundred minor factions.

Among them, the emperor realm is rare, but there are many Daoyuan realms, so Daoyuan realm is the main one.

The Palace of Light is the opposite.

Duan Huaian reported the situation to Ye Chen, and then asked: "Listen to the ancestors of the Han family, this time you want to return to the Ye family?"

"Correct!"

"I want to take my parents and grandpa back home!"

"By the way, take back the position of Patriarch!" Ye Chen had keen eyes and said: "In order, if my father does not inherit, the position of Patriarch will be mine. Ye Fudong and my family's hatred of the past will go back this time. , It's time to end!"

"it is good!"

"Ambitious!" Duan Huaian took a deep breath and said: "There are hundreds of alliance powerhouses under the mountain, or do you have a few words that are inspiring and inspiring?"

"No need!" Ye Chen said: "Time is a bit tight, I practice for a few days, and stabilize my strength, so I have to take my parents and grandpa's spiritual position back!"

Duan Huaian didn't force it. Suddenly, he thought of something and said: "By the way, I have a gratuitous request for my teacher. Can your four subordinates lend me a use? The current situation needs it!"

After all, Huang Wuqiang, Huang Zhantian, Wanyan Pojun, Ranqiang and others are all top geniuses second only to Kunlun Xu's ten geniuses.

At the moment, the Hundred Sects Alliance lacks the strong to sit in. If these four people can come to his side, it will be even more powerful!

"it is good!"

"Let them belong to the medical gods and be transferred by the master in the future!"

Ye Chen used the power of the soul to transfer the four people, and then said: "From now on, they will be regarded as the guardians of our God of Medicine!"

Huang Wuqiang and other four people, ten years in emergency for the fifth level of the emperor realm, should not be a problem.

Although they were talented, they obviously couldn't keep up with Ye Chen's promotion speed. If they let them follow, they would soon die. It would be better for them to merge into the Hundred Sect Alliance.

"That's good!"

Duan Huaian also knew that Ye Chen's time had to be used for cultivation this year, otherwise the blood spirit tribe would come one year later, and no one could resist it.

But some things really have to be handled by Ye Chen!

Because he is the true master of the Hundred Sect Alliance and the Palace of Light!

Ye Chen now!

It is no longer the youth of the year.

He is a giant, possessing the two top powers of Kunlun Xu!

Elites and powerful generals under his team came out in large numbers, and some small plans may be decided and handled by the deputy head of the palace or even Duan Huaian, the deputy head of the Hundred Sect.

But some elites, peerless geniuses, and giants must be mobilized by Ye Chen.

Because they only serve Ye Chen!

Other people, can't transfer!

"All right!"

"Daddy, you guys have a good rest these days!"

"I will retreat. After leaving the customs, I will take you back and bring back what truly belongs to us!"
After Ye Chen said, he looked at Elder Baizhan and said: "You two, Qingjian protects the law for me, and you guard mine. Parents, lest there be a sneak attack by the Huang family!"

"Yes, master!"

"No problem, Master!"

The two Yaozu elders agreed very simply.

Ye Chen also went directly to the second floor to practice. It had to digest the massive amount of monster blood before it had to digest, and continued to forge the red golden body to increase the strength of the golden body.

The importance of the physical body far exceeds the exercises!

of course.

The pine cones that had gained the power of the soul at the beginning still have some leftovers.

After digesting it, the power of the soul can also increase dramatically.

Ye Chen is in retreat!

Sect Master Hundred Sects originally wanted to see Ye Chen, but failed to do so, but was directly forced back by the elder Qingjian.

Han Yun didn't do anything to come here, let alone these suzerains.

From a distance, Ye Tianzheng stared at a room on the second floor, lit a cigarette again, and muttered:
"The son is older, and his future journey and journey will only be left alone!"

"Head Duan, thank you for your kindness in taking care of Ye Chen before!"

The son is older!

Father can no longer shelter.

The future storms can only be carried by the son himself.

Duan Huaian glanced at the closed door on the second floor and couldn't tell.

Along the way, Ye Chen suffered too much.

Five years ago, the scene of Ye Chen being accused by countless people is still vivid.

"Ye Chen is a good apprentice. Rescuing him in Dongqian Lake was the best thing I did in my life!"

Just as Ye Tianzheng and Duan Huaian sighed.

In the tomb of reincarnation, Xue Qiye and Nie Baijian also sighed slightly.

Xue Qiye said: "Disciple, it's a coincidence that the forging tool for forging the gods should be in the Ye Family Forbidden Land, I can feel it!"

"You have awakened the forging god, and you can pass on the method of forging fairy weapons again!"

"In a thousand years, it is very likely that Kunlun Xu will return to the plane of Zhongwu!"

"Understood!" Ye Chen replied while running the technique, "What about the other tombstones, are they not responding?"

"Not anymore for the time being!" Xue Qiye looked at Nie Baijian, and said, "I think I can only last a month with my spiritual thoughts, and I will leave the rest to you and the forging god!"

"Don't worry!" Nie Baijian nodded, it was like a journey, one by one, one by one to accompany Ye Chen, but I believe it will be very fast. They have passed thousands and thousands of years, and they still care about the tomb owner. This is the rising time.

...

When Ye Chen was in retreat, the Ye Family had already started preparing for the ancestor worship ceremony.

What is ancestor worship?

All family disciples, no matter what they are doing or where they are, must rush back to choose a good day and a good day for worship.

Kunlun Xu's Ye Family's ancestor worship ceremony is not as large as the ancient Chinese emperor's sacrifice to the sky. For family disciples, the strong in the family is the sky, and the ancestors who sacrificed in the past are also Need to sacrifice to the ancestors, no sacrifice to heaven.

The Ye family has inherited it to this day, and it is the seven generations who are on the stage.

Ye Fudong, Ye Chen's grandfather is also considered the seventh generation, Ye Tianzheng is the eighth generation, and Ye Chen is the ninth generation.

A big family, passed down, is divided into main and branch lines.

At the same time, the main vein is the main vein, and there are eight branch veins. For example, Ye Qing, Ye Qin, Ye Nantian, and Ye Wushuang are counted as four veins. Now the four veins are dominated by Ye Fudong, which is a firm supporter of Huang. Home, support the blood spirit race.

The other four channels, three of them had a battle with Xueye Pavilion and Kunlun Pavilion thousands of years ago, and lost many people. The main characters have been passed down to the seventeenth generation, but the ancestors above the eighth generation have all died in battle. , Counted as a semi-existent branch, the only thing that can support the facade is also a certain emperor state.

This memorial is mainly to pay homage to these ancestors who died in battle.

Chapter 1314: Deep man

Ye Fudong's main line and Ye Wushuang's four lines, many people have died in battle over the years, and they have frictions with the Kunlun Xu sects. They are also one of the ancestors of this memorial. As for the ancient Ye Family, Ye Fudong did not have the courage to pay memorial service.

The other line is the person responsible for the management of the forbidden area. It has few offspring and is passed on late. It has been passed down to the fifth generation so far. The number is sparse, and there are only a hundred old guys. They formed the Ye Family Taishang Elder Group, responsible for guarding the forbidden area. , Or family heritage, usually hidden in retreat, and will not come out when it is dangerous.

In front of the gate of the Ye family, an ancestral hall was built on an open area of tens of thousands of square meters.

An ancient attic building hundreds of meters tall and majestic was built by the Ye family disciples. Many restrictions were also set up to avoid being invaded by the enemy and disturbing the peace of the ancestors.

On the plaque on the ancient attic, the four ancient seal characters "Ye Family Ancestral Hall" are written on it, which is very grand.

It is divided into several layers, and thousands of spiritual positions are placed there.

Ye Fudong and others came here and said, "Other disciples need to be recalled as soon as possible. Whether in the City of Thousand Ends or other places, no matter what they do, they must be recalled!"

"Once in a hundred years!"

"Who doesn't come back, expel the genealogy directly, never for my Ye family member!"

He looked nearby, and then pointed out: "On this open space, try to build something as brilliant as possible, and set up a banquet of thousands or 800! After the disciples of the Ye family have finished their memorial ceremony, they will have a banquet here, and at the same time, prepare the banquet for other forces to participate. ."

Sacrifice to the ancestors, although the Ye family matter!

But the disciples of the Ye family can't not marry other families, they will inevitably come back with Han family's son-in-law, Mo family's daughter-in-law, granddaughter-in-law and so on. When they come back, those family powerhouses will follow, which is considered to be an observation.

However, these observers cannot enter the main place of worship!

You have to have a banquet outside the valley. Only the real disciples of the Ye family can commemorate this place, including the wives of other families they married, and they can't come in!

So, be prepared!

Of course, the place to punish Ye Chen must also be selected!

"Also, notify the Huang family!"

"Let him send dozens of Huang Family Emperors, who can speak for themselves!"

Ye Fudong continued to make arrangements, looking at everything in front of him, and said: "Ye Wushuang and Ye Nantian, you two were the first and second hurdles, and you executed Ye Chen on the spot. After a shock, you were told to prove me to the Huang family. Ye family's heart!"

He continued to look at the elders Ye Qing and Ye Qin behind, and said: "Eight divisions, of which four can be battled, and all seven generations or more can go out. Practice the seven nights division. If the person in the third pass cannot kill Ye Chen, let's move out together to smash Ye Chen!"

Ye Fudong still doesn't believe it!

Using the entire Ye family to hold a Hongmen banquet, you can't kill Ye Chen!

Besides, Ye Chen's people don't come. Even if other families come, many of them will come with some small shrimps. Some emperors are nothing. This is the Ye Family Base Camp, so Ye Chen will run away. Then Ye Family There is no meaning.

"Yes, Patriarch!"

"Understand, we will distinguish between the guest area and our Ye family disciple's area!"

Ye Qing and Elder Ye Qin clasped their fists.

They immediately went down to act, and divided three places out, one of which was a place for guests to banquets, they couldn't see the other two places, so as to avoid being seen and interfered by others when killing Ye Chen.

Two other places.

One is the place where the disciples of the Ye family have a banquet and the other is where Ye Chen is killed!

The Ye family started planning operations.

At the same time, a mysterious place outside the territory,

In front of a magnificent giant gate, three or five people came in groups with a look of disgust.

The first person was wearing a blood-colored robe, carrying a fairy sword, and a blood-colored sword mark between his brows. The whole person was full of murderous aura, as if he had come out of a sea of blood.

He sighed and said, "Let's go, let's explore the task that was arranged first!"

"This time, take the Space Teleportation Array in District 7 and pass it to the vicinity of Kunlun Xu!"

"Why don't you go to the Space Teleportation Array in District 8, isn't that faster?" A woman asked, also wearing a blood robe, with a cold face.

The man shook his head and explained: "This time we went to Kunlun Xu, because there are seven blood spirit races who dissipated. That one is a little bit suspicious, let us inspect it in advance."

"The real mission to go to Kunlun Xu every 100 years is Kuimu and the others."

"Their cultivation base is higher than ours. Going to Kunlun Xu is to kill a hundred emperor realm. Stop by and see if there is any talented person among the families that depend on our Blood Sword Sect and can recruit them!"

He is named Hong Jian and lives on the sword!

He continued: "Besides, we walked past the Space Teleportation Array in the seventh area, and arrived at a place tens of thousands of miles outside Kunlun. The elders gave the immortal artifacts on the way, and it will be there in at least ten days. The eighth district, Kuimu and the others can only go to the seventh district."

"Damn it!" The woman stomped angrily: "Kunlun Xu, a low-level martial arts plane, is just a spatial teleportation formation. This has to make us hurry, damn, damn, wait there, I want to kill it!"

There is only one teleportation formation that can directly reach Kunlun Xu, and that is the channel for Kuimu and the others.

Red Sword and the others were going, they could only go to another one, a little closer to the teleportation formation of Kunlun Xu, and when they reached the position, they had to travel a long time to reach Kunlun Xu. This was already the nearest one.

"gone!"

"Let's go to Kunlun Xu to see before we talk." Hong Jian looked at the four companions and said: "This time, the few people stationed in Kunlun Xu were killed. It is also unlucky. It is estimated that a few ants wanted to rebel, we went Suppress them first!"

"By the way, the elders have some delays, and they will meet with us later."

"Go!" The other team members were also full of anger. They were about to retreat and practice, so they were urged by the elder to go to a **** place.

Although it is going to the subordinate plane, no one can shake them.

But the original plan was interrupted, just unhappy!

Wait until Kunlun is empty!

It takes a big kill to calm the mood!

That's right, the five of Hongjian and the others have planned this way. They plan to slaughter hundreds of thousands of people before leaving at least to absorb some vitality to make up for the consumption of this trip.

Accompanied by all five people entered the space teleportation array.

A force of space surged.

Dissipate completely.

After they dissipated, an old man walked out of the darkness, his old face flushed and he seemed to be drunk.

He held a gourd-like jug in the palm of his hand.

If Ye Chen were here, he would surely find that this old man was the strong one he had seen on the rooftop of China Xiangjiang Hotel!

It is also the existence that has this great connection with Grandpa!

The old man was drunk, but his eyes were extremely clear. He took a sip of the wine and said lightly: "That kid's real trouble is here. Interesting, really interesting!"

Chapter 1315: Ridiculous family rules!

time flies.

In a few days, blink of an eye.

Ye Chen respectfully took out his grandfather's spiritual position from the villa's ancestral hall, looked at his parents and said, "It's almost there, parents, let's go."

"it is good."

Hurrying from Qianfeng Mountain to the land of Ye Family, when everyone arrived within the range of Ye Family, Ye Family in the huge city began to arrange various firecrackers and candles.

The most central place of the Ye Family was full of lanterns, and a large number of Ye Family disciples came back from various places.

When Ye Chen and others appeared, Elder Ye Qing personally greeted him, "Great, Ye Chen, you are finally here!"

He looked at Ye Tianzheng with a smile, and said in his heart: OK! All three are here.

When he saw the other two people beside Ye Chen's parents, he was slightly startled.

Well, there are two more people?

The two of them were naturally strong monsters who accompanied Ye Chen's parents, but their breath was erased.

However, in Ye Qing's view, these two vitalities are weak, and the cultivation base should not be high. I am afraid they are the servants of Ye Tianzheng and his wife!

No matter what, anyway, Ye Nantian will shoot when the time comes, and they will be killed together, as long as the Hundred Sect Alliance and the Palace of Light do not arrive in a big way.

"Come on!"

"I'll welcome you in!" Leader Ye Qing led Ye Chen and others through the streets, passing through an open space full of banquets.

Ye Chen also saw a lot of disciples of the Mo family and the Han family, and asked, "Isn't it only the Ye family can come?"

"That's not the main area!"

"These are our Ye family son-in-law, daughter-in-law, etc. They are half of the Ye family!" Elder Ye Qing led Ye Chen and the others, and was about to walk to the core Yejia area. "So they can come over, but they can't enter the core area. Don't worship the ancestors!"

"Of course, our banquet place is outside the ancestral hall!"

"They are outside, they cannot see us, and they are not qualified to see us!"

Half the Ye family!

It's only half!

Elderly and inferior, well-served status, if the husband or wife belongs to the Ye family, then the Ye family sits inside, then those relatives sit outside.

Want to sit down? No, no qualification!

Of course, this is also related to Ye Chen, if everyone is there, it is not easy to start.

I was also afraid that everyone would inform the people of the Guangming Palace and the Hundred Sects Alliance, so I made a special distinction.

Ye Qing led Ye Chen and others to a wide open space. In front of him was the magnificent Ye Family Ancestral Hall. The newly-built ancestral hall was filled with banquets for several miles. The ground used the monster fur Pucheng, surrounded by crystals. Columns, crystal tables, etc., although there is no ceiling, everything around them is extremely luxurious.

"Come on!"

"You sit at table number three!" Ye Qing looked at Bai Zhan and Qing Jian, and said, "You, either go and sit outside or stand!"

"You!" The elder Bai Zhan was hesitant to speak, and finally stood behind Ye Tianzheng and his wife.

They are to protect Ye Tianzheng and his wife, it doesn't matter whether they sit or not.

Maybe the banquet hasn't started yet, it's already fighting.

He knew his master's plan.

"You do it first!"

"I went to meet the other people, and they were almost there."

"The Patriarch is coming soon. When the time comes, let's sacrifice to the ancestors and have a banquet!" Ye Qing said a few words and then retreated. It was not to meet other people. The disciples, elders, and guardians of the Ye family were all here long ago. An excuse to inform Ye Fudong that the plan can begin.

Ye Chen and the other three sat down and found this table, only three of them.

Many tables around are full, many of them are middle-aged people, and there are also many young people, but it is difficult to tell how many generations they are, whether they belong to their grandparents and their grandchildren.

Perhaps because of his nervousness, or the irritability of waiting, Ye Tianzheng drew a cigarette from his pocket, glanced around, and felt that there was nothing wrong with it. Just as he was about to light it, a strange sound came from the side.

"Yoyoyo!"

"Today is the ancestor worship ceremony, do you dare to smoke such garbage?"

"Smoky, pretend to be a fairy?" A Ye Family youth said in a weird way: "Never mind smoking, what kind of ghost are you smoking, and you smoke all garbage, no wonder it is from China, so not up to the grade! "

He waved his hand, and there was something similar to a cigarette in the palm of his hand. It was surrounded by aura and must be unusual. He looked at Ye Chen provocatively and said: "Trash, this is smoking. You think your son is outside, making If you do a little bit and do a little bit of merit, you can come back to pretend to be a fairy?"

"What the hell!"

"Neither do you watch—"

Snapped! !

A clear voice came out.

A **** palm print was pressed down, turning the youth into blood mist on the spot.

No one thought Ye Chen would suddenly make a move!

This is a major event of the Ye Family once in a century!

No matter how mad, it can't be so!

Ye Chen clapped his hands, with a look of disdain, and said: "Trash, the Void King Realm would dare Luo Li too!"

"Ye Chen!"

"Ye Chen, what do you mean!"

"Ye Chen just taught you a few words, do you really think you have achieved a lot?"

"Ye Chen, you are in front of the ancestor's ancestral hall, and you kill the children of your family without authorization, don't you want to live?"

All of a sudden, dozens of Ye family disciples rose up to accuse Ye Chen, instead they turned that person's instigation to Ye Chen into a teaching, but they would really avoid the key, even some middle-aged Ye family members started I blamed Ye Chen.

A middle-aged Ye family member stood up and said, "Ye Chen! I warn you, it's better to catch me with nothing!"

"According to the Ye Family's family rules, killing Ye Family disciples without authorization is the culpability of deposing the cultivation base!"

"You killed a family disciple in this way, you must abolish the cultivation base today, otherwise, you don't want to jump out!"

"Ye Family!"

"It's not a place where you can scream, kneel down and wait for the elder to deal with you!"

Snapped! ! !

A golden palm print was photographed, and the person was instantly photographed into a blood mist.

A few crackling sounds followed, and other disciples who accused Ye Chen were beaten into blood mist one after another!

this moment!

The disciples of the Qianye family all got up, staring at Ye Chen, and gradually killing intent appeared in their hearts!

Ye Chen!

Regardless of the family rules, this boy dared to kill several disciples of the same race in front of the ancestral shrine!

It's **** it!

Damn the devil!

"Everyone, are you angry?"

"Ye Qing, Ye Qin, won't you come out?"

Ye Chen got up slowly, with a smile drawn on the corners of his lips, looked down at the disciples of the Qianye family, and smiled: "You invited me today, isn't it just for a grand feast, you want to kill me?"

"Come out!"

"You asked the first person to instigate me to get me to do it!"

"Give you a reason to shoot, so that everyone feels that I am lawless, I am the devil, and I ignore the family rules!"

"In that case, come out!"

"I killed you one by one!"

Family rules?

House rules?

Shit things, when they attacked and killed my parents and left injuries, why didn't they mention family rules?

My grandpa died, why didn't he mention the family rules?

Chapter 1316: Madman Ye Chen

"Ye Chen!"

"You are too presumptuous!" Ye Qing walked out from behind with a sigh, and said with a disappointed look: "I thought you would return to the Ye family. We are also ready to accept you. We only need you to treat the Patriarch. Three prayers and nine kowtows will be regarded as paying off your grandfather's debts back then!"

"Humph!"

"What are you! If you want me to kneel to Ye Fudong, what qualifications does Ye Fudong have!"

Ye Chen looked at his grandfather's spiritual position, and said seriously: "Today, I will not only kill Ye Fudong, but also let my grandfather's spiritual position be the highest in the Ye Family Ancestral Hall. I don't care how they die. In short, I want to in this way!"

My grandpa's spiritual position!

Has never returned yet!

Today, I just broke through the Ye family, so that my grandfather's spiritual position can be placed in the highest position!

With the gift of the Patriarch, place the spiritual position!

"Arrogant!"

"Just what your grandpa is!"

"I want to enter the ancestral ancestral hall, it is simply wishful thinking!" Elder Ye Qin walked out with a broad sword, looking unkind, and said: "Ye Chen, today you killed the disciples of the Ye family without authorization. I will be the elder of the law enforcement of the Ye family. You are sentenced to abolish the cultivation base and expel Kunlun Xu!"

"Just like back then, to your father, to your grandfather!"

"You are all **** in this vein, my Ye family will never admit it!"

"Today, when I abolish your cultivation base, I can be regarded as helping you!"

Ye Chen?

Who do you think you are!

Back then, you Laozi and your grandfather were all made by our rules to make people look like ghosts.

Unless, you have the power to resist the entire Ye Family.

If you bring people from the Palace of Light and the Hundred Sect Alliance, we are even afraid of you three points, the Ye Family might really be overthrown by you.

But you dare to come over with two subordinates.

Today is your burial place!

A group of Ye Family disciples also glared at Ye Chen, being guided by the words and rules of Ye Qing and Ye Qin.

A few Ye family disciples felt resentful and shouted, "Ye Chen, you **** fellow!"

"That's right, **** guy, dare to provoke the blood spirit race, and hurt us!"

"Today, you'd better catch it with all your hands, let the elders abolish your cultivation base and hand you over to the Blood Spirit Race."

"Yes, that's right!"

"Ye Chen, you are a sinner."

Many disciples of the Ye family yelled, the warrior still has the words of a dead dao friend not a dead dao.

They also have the idea of dying family members and not dying themselves.

Besides, the dead weren't brothers. Ye Chen was an ant, so what was it.

As long as they are safe and live a long life, even if Ye Chen is crushed and his soul is broken, they will only applaud from the side.

This is the thought of some of the Ye family disciples.

The other Ye Family's expressions changed extremely quickly, looking at the people on both sides, neither talking nor doing anything.

They are neutral.

"help me?"

"Also, Ye Qing, don't be fake. When you first came, I knew your plan!"

Ye Chen favored the center of the Ye family, the majestic blood bloomed like an ocean, staring at Ye Qing, like a goshawk staring at its prey, and said: "The third or fourth level of the emperor's realm? Is the strength of someone who came out to provoke me?"

"In that case!"

"Then you have no need to exist!"

Ye Chen didn't have any nonsense, he punched out, tearing layers of air, and the power of endless vitality burst out, with great power to sweep everything.

The fist seals linger all over the body, every inch of the Buddhist scriptures, and there is a Buddhist kingdom in the center, where thousands of Buddhas manifest.

It is the Buddha in the fist!

"Damn beast!"

"you dare!"

Ye Qing didn't expect Ye Chen to be so decisive, yet still attacking herself!

He hurriedly slashed with a knife and cut out a round of seven-star knife marks, and a hundred-meter-long avenue was suspended behind him. It was a avenue of fire. The fierce flames fell down and flew out with the seven-star knife marks to many Ye family disciples. A feeling of fear to the bone marrow!

Many disciples of the Ye family had never thought of it.

Ye Qing, one of the law enforcement elders, was so tyrannical, he singled out, and he hadn't faced him, but he was so powerful!

Worthy of being an elder of the Emperor Realm!

This blow.

Should you be able to kill Ye Chen?

Ye Chen was killed, the memorial service should continue.

But the result is just the opposite!

In the fist, the Buddha country easily shattered the seven-star knife mark, hitting Elder Ye Qing in one fell swoop, as if a huge country was crushed down, and the infinite power made Ye Qing not have the slightest resistance.

The sound of brokenness came out.

The prototype of the Avenue of Fire burst open, Elder Ye Qing screamed, and the whole person burst into a cloud of blood.

Law enforcement elder Ye Qing has officially fallen!

Ye Chen hit!

There is no resistance at all!

"Huhuhu..."

Everyone took a breath, is this too strong?

They thought Ye Chen was crushed!

But he didn't expect Ye Chen to crush an emperor realm with a punch!

The breath of this guy is clearly Dao Origin Realm!

When is Dao Yuan Realm so terrifying!

Damn it!

"Ye Qing!"

"Ye Chen, you beast!" Elder Ye Qin was furious when he saw that Ye Qing was killed with a fist. Regardless of the plan behind, he carried a broad sword and rushed towards Ye Chen, violently cutting out a few in the middle. Ten sword gangs, including Ye Tianzheng and Ye Chen together!

Now that Ye Qing has fallen!

He wants Ye Chen and Ye Tianzheng to be buried together!

"The guy looking for death! If you touch my parents' hair, I want the entire Kunlun Xuye Family to be buried with you!"

"Hundred battles, Qingjian, take good care of my parents!" Ye Chen smashed the flying Jian Gang with his body, and went straight to Elder Ye Qin.

"Dao Gang dare to come too!"

"Exit!"

Elder Baizhan and Elder Qingjian ran their energy and blood, and shattered the swords that flew to Ye Tianzheng and his wife out of thin air!

They were two demons, one standing in the front and the other standing in the back, looking down at the Ye Family three hundred and sixty degrees, and would not give anyone a chance to attack Ye Tianzheng and his wife! This is Ye Chen's parents, if they are injured in their own protection, they can apologize for themselves!

Ye Chen smashed many knives along the way with his body like an overlord, no one can stop it!

He killed Elder Ye Qin in one step, grabbed Ye Qin's neck, and pulled him out of thin air, "I will kill whoever I want to kill! The so-called family rules and house rules, if I follow them, they are rules, I don't. Obey, that's a mess of waste paper!"

"As for you!"

"Ye Qin, come out to challenge me as the first batch!"

"The elder who set me up across from the Ye family, you are really an idiot, do you think you can stop me with this little combat power?"

"Could there be other elder Ye who can save you when I want to kill you?"

"Don't be delusional!"

As soon as the voice fell, Ye Chen suddenly used force, trying to crush Elder Ye Qin's body and soul!

Ye Chen didn't intend to be friendly with this group of people from the beginning!

Chapter 1317: What is the top power!

"presumptuous!"

"Ye Chen, don't you let go!"

A sword seal smashed out, pierced the void, and shocked everyone.

This fencing seal carried an unparalleled powerful force, shook the nine-fold void, shook the Nine Nether Enchantment, and pressed everyone's blood to coagulate. Many Ye family members were forced to kneel on the ground by the breath, unable to move.

Stabbed!

The sword print hit Ye Chen's golden body, Ye Chen's figure was shocked, and the sword print was shattered on the spot.

A young man from the Ye family wielded a sword to kill. It was indeed Ye Nantian, the sixth-tier emperor, with a golden body, and a terrifying aura. He had followed the blood spirit tribe to fight for a long time in the Beidou city, and was seen by the blood spirit tribe. Characters in.

"stop!"

"Ye Chen, don't stop, you and your parents will not be killed today!"

"Ye Family, swear not to stop!" Ye Nantian kept rushing over, but was blocked by Ye Chen's fist in the Buddha Kingdom.

Ye Chen sneered twice: "Really? It's up to you?"

He suddenly used force, and his blood shattered Elder Ye Qin's body, the ninth-level body of the bone-condensing stage, he squeezed like an ant, no difference.

In the next moment, the power of the soul turned into a sword of soul, slaying the soul of Elder Ye Qin.

The seventh generation elder of the Ye family!

Ye Qing, Ye Qin!

All fall!

At this moment, it seems that time has stopped.

All the Ye Family disciples stared at Ye Chen, their hearts trembled, so domineering!

Ye Chen, really overbearing!

Elder Ye Nantian, and even the elders, told him to stop!

He actually squeezed Elder Ye Qin very powerfully!

overbearing!

It's worthy of being the 37th young strong on the Sky Ranking!

I am afraid that after this battle, Ye Chen can be ranked among the top 30 in the sky!

"If you let me stop, I will stop?"

"What are you!" Ye Chen waved his hand to disperse the blood mist in front of him, looking down at all the people of the Ye family like a demon, and said: "What are you? You want to judge me?"

"ridiculous!"

"It is a shame that the Ye Family has you elders!"

Although it is necessary to conquer the emperor state of some branches of the Ye Family.

However, some people must be killed, especially Ye Qing, Ye Qin and others. Failure to kill is a destabilizing factor, which will surely cause trouble in the future.

Ye Chen also knew that the main target for himself was Ye Fudong's line and the other four main lines. He had to eradicate its head and recruit others to take down the entire Ye family.

"Ye Chen!"

"You are so bold!"

Ye Wushuang came to kill from the west, carrying a broad knife, staring at Ye Chen, and said: "You bastard, you have already fallen into a demon, today I will execute you according to the house rules!"

"Ye Chen!"

Elder Ye Nantian also flew from the west, indignant.

"Ye Chen!"

"You let me down."

Ye Fudong walked out slowly, with a sigh on his face, but between the frowns of his brows, there was a wave of wind and thunder hidden, and his killing intent was great.

He looked at Ye Chen, Ye Tianzheng and others, the appearance of a hypocrite appeared, and said:
"Originally, I wanted to recruit you again."

"After all, you are a descendant of my Ye family."

"I want to recruit you back, let you return to the family, at most, let you pray three times and nine knocks, kneel in front of the ancestral shrine and make atonement."

"In this way, we may be able to help you resolve the grievances between you and the Huang family."

"Unexpectedly, I didn't expect that you rebellious son is so presumptuous."

He was surrounded by purple aura, wearing a purple dragon robe, he was more noble than that of the Chinese emperor.

His expression went from sighing to fierce, to the appearance of having to do it, pretending to be forced, to win people's hearts, and at the same time warn the people in Kunlun: We killed Ye Chen because Ye Chen violated the clan rules, **** it.

Thus.

What excuse can Han Yun find?

First occupy the moral high ground, then look down on the kind people, label them as demons, and do dark things in the name of light!

Generally hypocrites do this.

However, Ye Fudong is much more hypocritical.

"You rebel, so presumptuous."

"The Ye Family can't keep you, and the outside world can't keep you, otherwise, it will be my Ye Family's helplessness."

"Simply, the owner of this family intends to kill you in accordance with the family rules, and then strip you of cramps to warn the Ye family disciples not to violate the family rules, let alone go beyond them!"
Ye Fudong sighed again, "Ye Chen , I can't bear to kill you, but if you violate the rules of the clan, you must die. So, you will be caught with your hands. I think that if your cultivation is not easy, you will just abolish your cultivation base, peel off your skin and cramp, and not take your life. ."

"how is it?"

"At the same time, we can let your grandfather's spiritual position enter the ancestral ancestral hall!"

As he narrated, he calculated, and said in his heart: almost.

You can arrange for someone to kill him!

Killing him in this way is what he deserves.

"Have you finished speaking?"

"Is the play finished?" Ye Chen stared at Ye Fudong, with the Immortal Killing Sword in his hand, and sneered: "After you finish talking, I'm about to do it. My time is precious!"

Ye Fudong sighed, then looked at the worried Ye Tianzheng and his wife, and sighed: "Devil, devil!"

"You are already enchanted!"

"Since you don't want to atone for your sins, my family elder Ye will take you down, which can be regarded as a declaration of war on the Palace of Light and the Hundred Sect Alliance!"

"Let's do this, the master of the house will give you three levels, if you can pass the three levels!"

"My Patriarch can forgive you for not guilty!"

"Forgive you for being paralyzed!" Ye Chen erupted directly, and his devilish energy and killing intent came out like oceans. He slapped a law enforcement team on the spot, and killed hundreds of Void King Realms and dozens of Source Realms. , He swung his sword to look at Ye Nantian, and said with a smile: "Just you, kill you first!"

Although there are many Ye family elders present, including seven generations, six generations, and even five generations of old antiques, the strong ones are Ye Wushuang, Ye Nantian, and two terrifying elders!

The seven generations of elders are all over one hundred to three hundred years old.

The sixth generation is under the age of six or seven hundred The fifth generation is an old antique around a thousand years old. Elders of other sects of this age have low talents and face the pressure of the blood spirit family and send their own disciples to death. All kinds of knots and so on, that is, the three or four layers of the emperor, and the fifth or six layers of the highest emperor.

For example, the elders of the emperor realm who have besieged him are the Dao Xin having an impact, so that the cultivation base is not high.

However, the Ye family had taken refuge in the Blood Spirit Race very early, but did not provide the Emperor Venerable Realm to the Blood Spirit Clan. There is no heart knot and pressure. Therefore, the old antiques at this age are generally in the sixth level of the Emperor Realm, and even the seventh level. of.

Those two people who were somewhat threatening to Ye Chen were the seventh-tier heavens of the Emperor Venerable Realm, the second and third-tier Golden Body Overlord.

"Ye Chen!"

"You dare to come to me, ridiculous! Do you think that killing Ye Qing and Ye Qin is the Ye Family's God?"

"Today, I will tell you what is the top power!"

Chapter 1318: Blood lotus!

Ye Nantian held the sword suddenly and shot out, drawing out the Seven Stars Sword Art in mid-air, simulating the formation of the Big Dipper, motivating the power of the surrounding mountains, and offering a sword, it was like a river falling down with a violent, endless killing spirit. Turning into a seven-star sword qi, it flew down like a curtain of rain.

Bang bang bang! !

Boom! !

The ground was constantly blasted out of potholes by Seven Star Sword Qi.

The two demon Baizhan and Qingjian also used spells to open a protective cover to prevent Ye Tianzheng and his wife from being injured.

Ye Chen was not afraid. Seven-star sword aura hit his domineering body, which could only resonate with the body, and couldn't break the body.

This is the horror of body refining in the domineering stage!

The flesh is supreme, is the kingly way!

He was as fast as thunder and lightning, and instantly pierced the seven-star sword mark with a sword, and walked to Ye Nantian, "If you only have this strength, then go to death!"

Wow~~

A sword pierced out, the Quartet shattered, and the Ye Family ground collapsed.

The Killing Immortal Sword pierced Ye Nantian's chest, but Ye Nantian's sword could not pierce Ye Chen's golden body, and even the tip of the first-grade fairy weapon was broken!

"How is it possible! This weapon is not a spiritual weapon, this is the sword of the blood spirit race! How could you have it!"

Ye Nantian was surprised by Ye Chen's fist and knocked the Buddha into the air.

Mid air!

A gorgeous figure fell down, spurting blood.

I saw that Ye Nantian's body was dim, his flesh and blood were shattered, and he was fighting true energy and strength. He was not Ye Chen's opponent at all.

Who the **** would have imagined that a powerful emperor realm who would fight in Daoyuan realm would be defeated one after another!

What kind of evil is this!

"Ye Chen, this little beast, really despises him, he can't let this guy grow up! Otherwise, no one can stop the entire Kunlun Xu!"

Elder Ye Nantian's eyes flickered, staring at Ye Chen on the battlefield, and sighed secretly.

Ye Chen, if you really obey the Ye Family and obey the orders of the Blood Spirit Race, how good would it be?

What a pity. What a pity.

Ye Chen, a little beast, doesn't know current affairs.

It can only be killed on the spot, otherwise it will cause my Ye Family to fall into the abyss.

Boom! !

Click! !

The two of them used fairy weapons and slammed each other with their fists.

Every collision was like a mountain crumbled, and the aftermath of blood and qi that came out could shake the Void King Realm.

Many disciples of the Ye Family retreated to the side and withdrew from the scope of the banquet. The place where Ye Fudong specially prepared to kill Ye Chen could not come in handy. Ye Chen directly fought Ye Nantian around the banquet.

As for Ye Tianzheng and his wife, they did not retreat.

There are Qingjian and Baizhan guarding them, unless the blood spirit race arrives, otherwise no one should want to defeat them in a short time.

Boom! !

A shocking explosion came out, accompanied by flesh and blood.

Ye Nantian was blown away again, his body was full of cracks, and the blood continued to flow. Only a pair of scarred flesh was left fighting. He picked up a half-broken first-grade fairy weapon, like a madman, "Ye Chen, you are really very Yes, but you are going to die after all."

"A genius like you, I have seen a lot in Beidou City."

"It's very good to fight against the emperor's realm with Dao Source Realm and break the fairy weapon."

"In the Big Dipper City, I dare not attack and kill such an enemy, I am afraid that I will kill them and be killed by their fathers."

"But you, I don't have to be afraid. If I beat you to death, I'm doing a great job."

The next moment, a majestic power of Qi and blood emerged in his body, which came from the Blood Spirit Race.

Just a moment.

Ye Nantian's power of qi and blood seemed to cover the world.

This is the secret method of the Blood Spirit Race!

Supreme secret!

It is also one of the reasons why Ye Nantian is strong!

He wants to use this secret method to destroy this kid himself!

The tyrannical qi and blood made his wounds seem to tear. Obviously, this was not the strength he could bear.

Most of his swordsmanship and exercises came from the Beidou City, which should have been obtained by killing the warriors of the Beidou City. The increase in Qi and blood and combat power were much higher than Kunlun Xu's current skills.

"Use what your master gave you?"

"It's really a dog, the blood spirit race raises dogs well."

Ye Chen is not afraid, holding the Immortal Killing Sword, his devilish energy is also growing, "Every trash of the blood spirit tribe gives a mass of blood and energy, and you are really raised as dogs!"

He clenched a fist in his left hand and a sword in his right. He pointed to Ye Nantian and said, "Come on, within ten strokes, I will send you to Huangquan!"

Blood Spirit Clan secret method?

Is it strong?

This is not the first time he has seen it!

Ye Chen is naturally not afraid!

"You forced me to use my hole cards!"

"You will regret this."

Ye Nantian's eyes were dark and his complexion was grim, and his blood vessels and veins were exposed, like a madman, he suddenly slaughtered out, breaking the houses beside him with a punch at random, grabbing thousands of gravel, and throwing it at Ye Chen.

He stepped forward and shot out, coming to Ye Chen and constantly attacking.

The blood-colored fist and the blood-colored broken sword stabbed Ye Chen fiercely.

Qiang Qiang! !

Qiang Qiang! !

Ye Chen's physical body kept resounding, but he was attacked more than 10,000 times by Ye Nantian in just one minute. If it weren't for the domineering physical body, I am afraid it would have been blown.

In the end, his energy and blood retreated, causing Ye Nantian to be stunned for a short time, and then he struck out the Buddha Kingdom with a punch, with the force of dying, swept out.

Boom! ! !

One punch flew Ye Nantian!

Ye Chen followed to kill, and punched Ye Nantian's head with a punch. Each punch cracked the ground like an earthquake.

Crazy?

Ye Chen was crazier than Ye Nantian.

How about being valued by the blood spirit race?

How about going to the Beidou City?

It still makes you unable to get up on the ground.

Bang bang bang! !

Boom! !

Sounds emerged one after another, the ground had completely cracked, and many places had been shaken into basins.

Ye Wushuang looked at the scene in front of him, sighed, and shook his head and said: "Patriarch, I wanted to kill Ye Chen in the first level, but I didn't expect Ye Chen to go to the second level. That's all, Nan Tian is defeated, I will go again Solve Ye Chen!"

He belongs to the sixth generation of elders of the Ye family. Although the body refinement is not as good as Ye Nantian, his combat strength far exceeds Ye Nantian.

With absolute certainty, he shot Ye Chen to death on the spot.

boom! !

Another popping sound came out.

Ye Nantian's skull was shattered and half of his body burst, leaving only his soul to escape, being killed by Ye Chen.

"stop!"

"Ye Chen you beast, the old man told you to stop, didn't you hear?"

Ye Wushuang shot out with a knife, and his figure quickly passed over half of the banquet area, rushing to Ye Chen's side, wanting to save Ye Nantian!

Ye Nantian is a genius disciple valued by the Blood Spirit Race!

Outer disciple of Blood Sword Sect!

Those who have had a remarkable record in the Big Dipper City can't die here!

Absolutely not, Ye Nantian is the hope of Ye Family's complete rise!

Shattering! !

Wow! !

Several swords flew out, and condensed into a blood-colored lotus in mid-air, tearing the surrounding air, guiding thousands of fragments to fly out, and the spirit rushed to the nine-fold void, like a blood lotus that destroys the world, terrifyingly terrifying. !

Chapter 1319: True genius

Where the blood lotus passed, the ground collapsed, revealing huge potholes.

The sky above seems to have turned into nothingness, the formation is torn apart, and a bright thunder light bursts out. The dazzling thunder light shines all around, giving people an aura of extinction!

Strong!

It's too strong!

This blow alone was enough to kill anyone under the sixth level of the world of other monarchs, absolutely irresistible.

This is the technique of the Blood Spirit Race!

The blood knife lotus that crushed all Kunlun Xu exercises!

Contains power beyond the scope of Kunlun's Wushu, and it is dozens of levels higher than Yejia's Wushu.

The blood lotus manifested and rushed towards Ye Chen. Although the knife gun was not fully manifested, it was incomplete manifestation. This trick was incomplete.

But it also broke out far beyond the power belonging to this realm.

"The technique of the blood spirit race?"

"Something strange, but no!"

Ye Chen grasped Ye Nantian's remnant soul, with two strands of Buddhist scriptures in his hands, pure to the strength of the sun, turning Ye Nantian's remnant soul into a group of buddhas, exuding a ball of supreme Buddha's light. Smashed over with the blood-colored lotus.

Ye Wushuang!

Since you are going to attack me!

If you still use these martial arts, these ultimate moves, then I will use those you value to feed your ultimate moves.

boom! ! !

There was a crackling sound, and fragments of Buddhist scriptures scattered all over the sky.

A sound of soul dying resounded around, a generation of Tianjiao, the hope of the Ye Family, Ye Nantian, directly fell!

The body was shattered by Ye Chen, and the soul was shattered by Ye Wushuang's scarlet lotus!

There is absolutely no life at all, no one can save it!

Wow! !

The scarlet lotus rushed out of the Buddha's light, it was quite broken, but it still possessed extremely strong combat power!

It seems that Ye Wushuang's combat power is still above Ye Nantian, at least Ye Nantian's attack power is not as good as Ye Wushuang's.

"broken!"

"Exit!"

Ye Chen took out a few words, drew out the Sword of Immortality, and smashed out a sword gang, which communicated with the thunder and lightning of the world, causing patches of thunder and light to linger around the sword body, bursting out of colorful sword energy, like the sword of flying immortals, in fact, slaying The fairy sword is a first-class fairy tool, and it also possesses the power of flying in the fairyland!

It's just that this flying fairy power!

Much weaker!

After all, it is a first-grade fairy weapon that has once been broken!

Generous! !

A clear metal collision sound resounded everywhere.

The power of the flying immortal shattered, the sword of killing the immortal broke again, and the spirit wailed and fell into a state of suspended animation!

Yipin Immortal Tool-Killing Immortal Sword!

Broken again!

Ye Chen's whole body was lingering with a red golden luster, the golden body was revealed, and the body refining power broke out openly.

boom! !

The half-remaining Scarlet Lotus knocked him away.

The figure rolled over a hundred meters away, the flesh and blood almost collapsed, and the golden bones appeared vaguely cracked.

This blow!

Very strong!

Almost blasted Ye Chen's body.

After steadying his cultivation base, Ye Chen has entered the fifth stage of the Domination Stage, and his soul strength is not bad, so he was knocked into the air, and Ye Wushuang was really tyrannical.

"puff!"

"Somewhat strong!"

Ye Chen stood up slowly, took out some pills and the blood of the fierce beast to take it, and a cloud of blood lingered all over his body.

Soon, his body recovered a bit, staring at Ye Wushuang, "Perhaps, I can use you to polish my Dao Yun! My way of dying seems to need your strength!"

Ye Wushuang's **** martial arts contained the power of the way of nirvana, otherwise it would be impossible for him to nearly collapse.

Now that you have understood the way of nirvana, even though you have never walked out of the way of nirvana, you might as well use Ye Wushuang to polish it!

Let the way of nirvana extend to a size of tens of meters, by then you can also advance to the seventh heaven of the source realm!

"Little beast!"

"You killed Nantian, I can't figure out how to torture you!"

Ye Wushuang burst out suddenly, the golden **** appeared, and Ye Chen started a golden fight.

From time to time, he looked more and more sad, his strength gradually strengthened, and even broke his own limit, saying: "You have destroyed the hope of my Ye family!"

"Beast beast, today I will beat you to death!"

"Beast, Nan Tian is dead in your hands, I will not blow your body and soul body today, I will have your mother's surname!"

"Fuck, I don't bother to give you the surname Jiang!" Ye Chen's counterattack was also quite sharp. The fist to the flesh of the same Ye Wushuang competed with the strength of the golden body and the power of blood, while secretly absorbing Ye Wushuang's fist and knife. The power of death!

The power of death!

Way of Death!

Cultivation is the most difficult, because the power contained is too terrifying, even more than the way of destruction.

The power of the laws of time and space, even a little bit, is enough to greatly increase the combat power!

Fight to this point.

The two are like ancient beasts, fighting close to each other, with golden light shining and blood flying.

Ye Wushuang's knife was broken by a punch by Ye Chen, and this first-grade fairy tool was also scrapped.

Really punching and kicking, but with every punch, the ground trembles, the peaks fall, and the rocks are flying. Fortunately, it is far away from everyone. Otherwise, a single aftermath or accidental injury can kill a large number of Ye Family!

The people around, with the frequency of the earth's shaking and the mountains, staring at everything in front of them.

Most of them did not participate in the family decision-making, and the disciples of the Mo family, the Han family, and the Baizong alliance were a little secretly smacked.

A man of Dao Yuan, the tenth generation of the fifth branch of the Ye family, was responsible for managing some of the Ye family's properties in Kunlun Xu. He came today, but he saw the scene before him and sighed slightly: "Said Ye Nantian is the hope of the Ye family. , But how do I feel that Ye Chen is the Ye Family's hope?"

"That's true!"

"How old is Ye Chen, can you beat Wushuang Elder like this, Ye Nantian can't do it?"

"That's right!" Another disciple of the Ye Family in the Eighth Floor of the Void King Realm was a little puzzled: "Ye Chen is in his twenties and Wushuang elder is more than six hundred years old. With such an age gap, I can't see any difference in strength! His mother is weird!"

"I think Ye Chen is the Ye Family's hope!"

"I think so too!"

"I don't know why the Patriarch and the elders want to execute Ye Chen."

"Yes, such a genius, what a pity!"

"Yes, Ye Chen is so young, and there are many possibilities The middle-aged man gave a wry smile, staring at the battlefields in the distance, Ye Chen and Ye Wushuang who were fighting against the ground, and could not help shaking his head: "If it's kind, how good would it be? "

He was in business, and he was also one of the four veins of the Ye family who didn't care about things.

He usually does business in Kunlunxu on weekdays, so he is naturally hopeful and kind, and of course his seniority is not big.

A huge family, a large number of people, a large number, but the real geniuses are too few!

Ye Chen is qualified to be called a genius by them!

"So strong!"

"Ye Chen is too strong!"

"Much stronger than Ye Nantian's talent!"

The elders of Ye Qing's line secretly praised, saying: "Ye Nantian is close to two hundred years old, two or three generations of Tianjiao figures, the fifth or sixth level of the emperor, but this is not Ye Chen's opponent, Ye Chen's age , But less than one-ninth of Ye Nantian's!"

Chapter 1320: Destroy the world!

What is a genius?

What is a contemporary genius?

Ye Chen, Qingjian, Heiyao, Ruohan, Huang Qiankun, and Huang Wuqiang are contemporary genius bridges.

The retention period of a generation of Tianjiao is about 50 to 100 years, because they generally have a decline in their talents when they are in their 70s or 80s, and they will not start to marry and have children and give birth to the next generation of bridges.

But Ye Nantian, who has never been married, belongs to the two generations of Tianjiao.

These geniuses were all killed in the hands of Ye Chen. Ye Chen's talent is more than just pushing the contemporary Tianjiao horizontally, and it can simply suppress the four and five generations of Tianjiao who are up.

"Wushuang!"

"Why have you been fighting for so long?"

Ye Fudong was a little anxious. With his realm and cultivation level, he could only see the two fighting melee. He couldn't see the power of nirvana and blood flowing in it. He couldn't help but said to the people around him: "Notify the other elders as soon as possible. !"

He stared at Ye Chen being beaten into the air, but the golden body did not explode, and gradually became a little worried, "If Ye Wushuang could not stop Ye Chen!"

"You can only let that person make a move!"

"That person might be able to help the Huang Family sweep the Hundred Sect Alliance and the Palace of Light!"

"As long as the civil strife is settled before the arrival of the adults of the Blood Spirit Race, we will not be considered negligent!"

Hearing this, the people next to him sighed and turned around quickly.

To be a traitor, to lay hands on the blood spirit race, but also to be assessed and responsible. Once the Kunlun rebellion, they will not be able to escape the fate of being cleaned up.

In the battlefield!

All kinds of explosions kept ringing.

Ye Chen's way of killing and immortal swordsmanship were revealed, colliding with Ye Wushuang's way of dying!

The three avenues all collapsed slightly, and they were obviously evenly matched.

From the Dao Source Realm to the Emperor Sovereign Realm, it is necessary to evolve the power of Dao into the prototype of Dao.

Ye Chen has evolved the power of the two Dao into the rudiment of the Dao, saying that he is the source of the Dao. In fact, his combat power does not match the realm. It is reasonable to say that he is the sixth heaven of the emperor realm!

Just to follow the path of unity.

Ye Chen wanted to evolve all the three 'daos' into the rudiments of the dao, and then enter the realm of the emperor.

After entering the emperor state, six avenues were built. After the peak of the nine levels of the emperor state, the nine roads became one, and the combat power was doubled dozens of times.

boom! !

boom! !

A building was uprooted by Ye Wushuang, and he attacked Ye Chen.

Ye Chen smashed these boulders one after another, his left hand contained the power of killing and his right hand contained the power of immortality, and both fists bombarded Ye Wushuang.

Boom! !

Like an explosion, Ye Wushuang's golden body burst, leaving only a pair of golden bones.

Ye Chen is not much better, only the golden bones are covered with half of flesh and blood, but there is a way of nirvana floating behind it, like the waves of the river, the waves are rising one after another, and every drop of water contains silence. The power of destruction.

Didi~~

Drop~~

A drop of water dripped to the ground, instantly collapsing the ground dozens of meters.

Even a drop of river water has such power, this river is indeed the manifested way of dying, it is ninety-nine meters long!

Ye Chen has already taken a step.

"Do you practice with me?"

"Asshole, dare to learn my way of nirvana!" Ye Wushuang broke out completely, his fists haunted the power of nirvana, and a 300-meter-long river of nirvana hovered behind him. The dripping water fell down as if it was about to be destroyed. The world is average.

Boom! !

The two fought together and quickly blasted each other out.

Ye Wushuang was very miserable. One leg burst, and only one leg was standing swayingly. The Jiuying Jianghe also collapsed mostly behind him. He looked at Ye Chen in surprise, "You actually broke through!"

"how is this possible!"

"Break through the battle, the way of nirvana has increased!"

"You bastard, practice your hands with an old man!"

Ye Wushuang really couldn't help it.

It took so long to find out that Ye Chen was using Ye Chen to practice his hands, secretly learning his own way of dying.

The anger in my heart is beyond words.

On the other side, Ye Chen stood up slowly, his golden body burst completely, but his Qi machine became more and more prosperous, and the Silent River behind him was 107 meters long. After that step, his Qi machine also grew.

A life force gifted by heaven and earth rushed into Ye Chen madly, the golden body reappeared, and the devilish energy was rolling!

In just a few seconds, Ye Chen arrived at the seventh level of the Dao Source Realm, and the path of nirvana entered the first stage, breaking through with the help of battle!

He looked at Ye Wushuang, a smile was drawn at the corner of his lips, and said, "Old stuff, thank you so much!"

"Without you, it will take a while for my power of dying to succeed in cultivation!"

"However, you will have no chance in the future. You will unscrupulously release the power of extinguishment in the first battle!"

Just now!

Ye Wushuang battled unscrupulously to release the power of nirvana, attempting to destroy Ye Chen's physical body while making the space stagnate.

Of course, it also caused a lot of damage to Ye Chen's body, almost blasting Ye Chen.

But Ye Chen was absorbing the power of nirvana, and instead cultivated his own way of nirvana!

One trades up!

Ye Wushuang's way of dying was about to collapse.

Ye Chen's way of dying has entered the first stage, and his combat power has doubled.

"just now!"

"You can go to die!" Ye Chen suddenly slammed a punch, and the Buddhist scriptures haunted the fist prints. In the fist prints, a statue of the annihilated Buddha appeared. He was reciting the scriptures with

his hands together, and the Buddhas burst out of terror. The power of nirvana, instead, wrapped the fist mark, and the cover pressed Ye Wushuang to obliterate it.

"You bastard, want to kill the old man too!"

"Okay, I will see how strong you are!"

"If I don't kill you today, the old man's morality is damaged, and he has no power to advance!" Ye Wushuang's half body was completely burned, and the huge power of nirvana rose into the sky, turning into a dragon, a dying dragon of hundreds of meters in size. , Is Ye Wushuang's current combat power!

He burned life, burned the way of death.

Burned everything that can be burned, including the soul.

Only in this blow!

Just like what he said, warrior monks have a strong Taoism, and damage to Taoism means that they can no longer break through to improve their strength. Of course, some elderly people who are extremely sad may be able to go another way and continue to promote, including the **** night. This is the case with the great elders, the great elders of the Qingtianmen Road, etc.

Except for them, the whole family died in the hands of the blood spirits, forcing them to embark on the road of revenge, with revenge as the goal of cultivation. Although they may go into danger, they have a firm heart.

Otherwise, we must not break the border and improve our strength! Many elders of the eight major factions are also stagnating in the third or fourth level of the emperor's realm because of this, otherwise they will be able to reach the sixth or seventh level of the emperor's realm again in one or two thousand years.

"Desperately?"

"Okay!" Ye Chen outlined a wicked smile at the corner of his lips, took out a second-grade fairy sword, and killed the sword.

This thing is also obtained from the place of refining the body.

A huge force of extinguishment lingered from his arm, spreading to the immortal weapon Zhu Miedao, an extinct breath rushed across the sea, attracting endless thunder and lightning, and the thunder cloud fell, shining the world. between.

For a time, the power of thunder light, the power of nirvana, and the power of flying immortals all exploded on the killing sword.

Ye Chen slashed horizontally, with the might of destroying the world!
