Chapter 1321: The old man didn't make any move, what are you worried about!

Roar! !

Roar! !

The Nirvana Flood Dragon rushed out, and Ye Wushuang turned into the last trace of strength at all costs and merged into the Flood Dragon.

The same is the power of nirvana, but Daogang and nirvana flood dragon are very different.

Or.

It is better to extinguish the sword dragon than to extinguish the dragon.

After all, Ye Wushuang had cultivated the Way of Annihilation for five hundred years, and even if Ye Chen's talent was strong, it would be difficult to bridge the gap.

However, just when the Nirvana Daogang was about to collide with the Nirvana Flood Dragon, Daogang was under the control of Ye Chen, and many of the Huang family guests who turned to watch the battle were killed. This time dozens of powerful players came from the Huang family. The fourth-generation elder Huang Tian, a world-renowned figure in the emperor state.

"Do not!"

"Zhuzi, dare you!"

Huang Tian exploded with a tyrannical aura, and opened a blood-colored protective cover with both hands, and blood-colored brilliance flowed.

It is the secret method of the blood spirit family-the blood spirit shield.

boom! !

The sword shattered the shield, and various forces rushed out, and the thunder light smashed and killed the three Huang Family Emperors.

The power of Fei Xian punishes the four strong Huang family.

In the end, the sword gang containing the power of nirvana hit Huang Tian and cut a huge **** mark on his chest.

"puff!"

"What a ruthless little beast!"

Huang Tian burst back tens of meters, and when he looked from a distance, Ye Wushuang's Silent Flood Dragon was evaded by Ye Chen in an uncontrolled situation, and the other three Huang Family Emperors respected and Ye Family's main line were seven or eight. A strong, beaten into a blood mist.

Under Ye Chen's blow!

Kill the seven Huang Family Emperors.

With the help of Ye Wushuang's desperate attack, eleven emperors were killed.

Before and after, the eighteen emperors fell, all of them Ye Family and Huang Family who swear to the death to support the Blood Spirit Race.

Ye Chen's shots also depend on people coming, not everyone wants to kill, nor is it to kill randomly.

It's good to subdue the Ye Family and the Huang Family, but it's not completely subdued. Some of the activists want to kill.

These guys don't kill, and even if they forcefully seal their souls, they won't help Kunlun Xu sincerely. If they don't seal it, it will be a time bomb, which will explode someday.

Boom! !

boom! !

There were several thunderous sounds above his head.

It seems that something has broken, with a total of four sounds before and after, which means that the four strong men who have walked out of 60% of the prototype of the avenue have fallen!

And, those who walked are the prototypes of the special road.

Such as Ye Wushuang's way of dying, others are the way of blood demon and so on.

Corresponding to the heavens, the person who warned the world of cultivating the special way is dead, and a lot of spiritual energy and Taoism will be fed back to the world, and it will be easier for those who follow the same way as them!

"puff!"

Huang Tian couldn't help but squirt blood, the sword gang on his chest contained the power of decay, which was very difficult to deal with.

He had to sit down and run the vitality and blood to get rid of it immediately. If he didn't get rid of it for a long time, his life force would be wiped out, his lifespan would be exhausted, and he would have to die if he didn't die.

While healed, he cursed in his heart: Damn it!

This time I went back, I had to inform my ancestors to contact the adults of the Blood Spirit Race.

Let them come as soon as possible, otherwise we may not be able to suppress it.

As the emperor realm of the blood spirit clan secret method, the power of qi and blood on the body has long been qualitatively changed. Although it has not reached the peak of the emperor realm, its combat power is close to the nine layers of the emperor realm, so Ye Chen was severely injured by a single knife.

Moreover, that sword only contained the power of extinguishment, and other powers were going to kill others.

If it contained the violent sky thunder, even if Huang Tian didn't die, he would only have a breath left after this cut.

"Ye Chen!"

"You little beast is brave, and you dare to kill all the fellows of the Huang family!"

"You bastard, it's so outrageous!" Ye Fudong's face was pale. He was affected by the Nirvana Flood just now, and his injuries were not light. At this moment, he took the Patriarch's token to face all the Ye Family disciples and the elders, and announced: "I announced it by the order of the Patriarch and the family rules."

"Even if Ye Chen passes the third pass."

"My Ye family also needs to punish such demon!"

He turned around, looked at Ye Chen, and said: "Now, if you don't die, you have to die. Even if you pass the third pass, hundreds of elders and law protectors in my Ye family will kill you. !"

"You broke the alliance between Yehuang and Huang!"

"You arbitrarily killed the Huang family fellows, the elders of Ye Clan, you are inexcusable, and you are the great demon of Kunlun Xu, the devil who kills people without blinking!"

"I am sentenced to death by the Patriarch's order. Whether you accept it or not, if you escape today, the Patriarch apologizes!"

Whenever Ye Fudong stands on a moral high, he will criticize and punish others.

Of course, the nirvana dragon was evaded by Ye Chen and hit the emperor's realm, but Ye Fudong was able to subordinate to him. The seven emperor's realm died because of Ye Chen. Now, Ye Fudong's trusted emperor realm Elder, it's already more than half dead.

Patriarch, the main line, can be said to have made Ye Chen scrapped in half.

Holding the Patriarch's token, Ye Fudong shouted in majesty and hehedi: "All the monarchs listened to the order and used the Seven Nights Distraction Array to kill Ye Chen!"

"and many more!"

"The old man hasn't taken any action, what are you worried about!"

An old man in a green robe came from a distance.

A faint aura of extinction lingers around the old man in the green robe, as if he was a dead person.

He walked forward step by step, and every step he could take a distance of tens of meters, as he went forward, the surrounding plants withered, even the ground turned into scorched earth, like a **** of death, wherever he went, Nothing is born!

He slowly came to the center of the crowd, stared at Ye Chen, smiled slightly, and said, "Are you the leader of the Ye family of this generation?"

"Not bad!"

"I'm not 30 years old, Dao Source Realm seven-layer heaven. Of course, this cultivation is not too good."

"But your combat power is at least comparable to that of the seven-layer heaven of the Emperor Realm. Maybe, it's not your limit!"

Hearing the old man's words, Ye Fudong's expression became cold, his eyes flickering constantly.

He knows who this person is!

The elders of the fourth generation of the second branch of the Ye family The first three generations of elders have naturally died of old age, or have fallen.

He can be regarded as one of the ancestors of the Ye family.

There are four ancestors of the Ye family, they are the main line, that is, the second generation of elders of the line of Ye Fudong, a powerful emperor who has lived for more than two thousand years.

The second is the third branch of the Ye family, the first generation of strong men, who have lived for nearly four thousand years.

The third is also a strong retreat who has lived for more than 2,200 years.

The fourth person is this old man, the second line of the Ye family, the fourth generation of elders, who lived for 1,900 years, the emperor state, the golden body and the fourth step, stuck in the same state, and it has been a thousand years. For Ye Wudi!

Ye Wudi understood that it was the power of death, the way of death.

Originally, longevity was greatly reduced, unexpected success, and the way to death can be absorbed by plants, land, and even the lifespan of human beings, and provide oneself. The fighting power may not be as good as the way of extinguishment, but it can reduce the life of the enemy. He is definitely Kunlun. Virtual first!

Chapter 1322: Ye Chen's attitude!

Moreover, his combat power is no different from Han Yun.

"Second Patriarch!"

"Ye Chen, this son is the devil——"

"Shut up!" Ye Wudi directly scolded Ye Fudong, and said with a cold expression: "If you dare to say something, the old man will dismiss you as the head of the house."

"Ye Wudi, the Patriarch chosen by the old man, do you want to depose?"

Another strongest person slowly walked out, like a devil coming out of the abyss, coming from the place of Ye Family's retreat.

He is the second-generation elder of the first branch, Ye Jianshuang, and the strongest person in the way of Heavenly Fire.

Ye Jianshuang looked at Ye Wudi and sneered: "Since you can't wait and don't want to continue fighting, let the other two old guys come out too! My Ye family is not a family that can be disturbed by disciples at will!"

"Don't mean Sang Shuhuai!"

"Old thing, do you think you have high combat power!" A fat elder walked out from the depths and fell next to Ye Chen, smiling: "Boy, don't worry, I feel a familiar smell from your body, Presumably you belong to my line, although I don't know what conflict is happening right now! But I, Ye Feng, won't let the younger generation of my line die unexplainably!"

Ye Chen looked at the fat elder in front of him, but he didn't expect the ancestors of the Ye family to be on his side.

But between the eyebrows, this elder seemed a bit like the dead grandfather.

Back in China, Ye Chen had seen the phantom of his grandfather. Grandpa had been planning for so many years before his death, and this game was related to the Kunlun Xuye Family.

Is this old man the key to Grandpa's layout?

The fat elder Ye Feng held his hands and watched the crowd sneer. His name and figure were extremely mismatched. Suddenly, his gaze was staring at Ye Jian and said, "You old thing can really talk. You thought you let Ye Fudong **** it decades ago. As Patriarch, the old man is not qualified to be removed?"

He looked at Ye Chen and said with a smile: "Back then, Ye Fudong used clan rules to get rid of your grandfather and parents. At that time, the old man had nothing to say. After all, it is a foregone conclusion. I must take the Ye family's overall situation first."

"In addition, Ye Jianshuang and Ye Kuang are colluding with the two old things. That's it, the old man's vein has fallen from the main vein to the eighth branch."

"However, nothing too much."

"But since Ye Chen is back today, it seems that according to the family rules, Ye Chen or his father Ye Tianzheng is the contemporary Patriarch of the Ye Family, right?"

"Nonsense!" Another strong elder also came out, Ye Kuang, the first generation elder of the third branch of the Ye family.

Until now!

The four ancestors of the Ye family, Ye Wudi, Ye Jianshuang, Ye Feng, and Ye Kuang, all appeared one after another.

It seems that each is hostile to each other, some want to support Ye Chen, and some want to kill Ye Chen.

Fight till now!

Ye Fudong, the Patriarch, wanted to mobilize all the elders of the Ye Family's emperor realm to take action to kill Ye Chen, and these four old guys couldn't help it.

In particular, the third level arranged by Ye Fudong was Ye Wudi, one of the veteran emperors of the Ye family, one of the ancestors.

Just now, Ye Fudong didn't want Ye Wudi to make a move and directly punished Ye Chen.

Unexpectedly, this move led to four old guys.

"What is the position of the Patriarch of this kid, Ye Fudong, who should be the Patriarch, I will discuss it later."

"Ye Chen!" Ye Wudi stared at Ye Chen and asked: "Ye Fudong told the old man that you are a demon outside, defeating my Ye family's reputation, and even killing my disciples of the Ye family, and even going to get rid of my Ye family. Home, is this true?"

"You answer me truthfully!"

He glanced at Ye Feng and continued: "If it is not true, no matter who stands in front of you, the old man will destroy you!"

Heard this.

Ye Chen's eyes flickered, knowing that his next words are critical.

"The so-called demon is only Ye Fudong's slander!"

"Everyone I kill is someone who wants to kill me."

"This is not an exaggeration."

"It's not an exaggeration." Ye Wudi nodded slightly, looked at the disciples who gathered in the distance, and asked: "The old man has been in retreat for a long time and doesn't know about the outside world. Do you think Ye Chen's words are false?"

"You should be very clear about the price of lying. I only need one fact now."

Ye Wudi's voice was extremely cold, even with a touch of coercion, everyone present did not dare to take a breath!

With such a threat, how dare they lie!

To be honest, everything Ye Chen did seems to be correct!

"Ancestor, there is no fake!"

"As far as we know, Ye Chen has not attacked and killed unrelated people without authorization."

"Old ancestor, Ye Chen has always been hunted down. It is reasonable for him to kill his own people."

Many disciples of the Ye family, and even the disciples of the Mo family and the Wang family, are all talking, and they are telling the truth.

Ye Chen did not kill at will.

A disciple of the Han family, a member of the Han family, who was the son-in-law of the Ye family, stood up and said: "Ye Wudi ancestor, I am Han Wu of the Han family. At present, my ancestor has already formed an alliance with Ye Chen!"

"If Ye Chen kills the innocent indiscriminately, my ancestors will never make an alliance with Ye Chen."

"That's right!" Another Han family disciple said: "Ye Chen is Kunlun Xu Peerless Tianjiao. He has never insulted the Ye Family's reputation. On the contrary, the Ye Family does not recognize him. It is not as good as his grandfather's spiritual position to enter the ancestral ancestral hall. It makes people feel that the Ye family deliberately suppressed him!"

After listening to the words of many families.

Ye Fudong wanted to speak, he was directly sealed by Ye Wudi, and his eyes turned to Ye Chen.

Ye Wudi asked again, "Have you ever killed the Ye family disciple?"

"The old man refers to the innocent Ye family disciples, those who deal with you are not counted!"

"Never!" Ye Chen was full of anger, and he did not kill any innocent Ye Family disciples. Even the low-level Ye Family disciples who were killed just now were provoked by Ye Fudong to estimate insulting him, so that he could take action. , Violates family rules.

Forget it, it's not to kill the innocent.

"you're lying!"

"The disciple of the Ye family you killed just now isn't it?" Ye Jianshuang looked cold and said: "You just killed the disciple of the Ye family who instigated you, are they innocent? They didn't treat you again? Do it!"

"Furthermore, it is a capital crime to kill disciples of the same clan without authorization in accordance with clan rules."

"Even if Ye Fudong didn't take the lives of your parents and your grandfather, it was just a serious injury."

"As for you bastard, you were also protected by the clan rules, otherwise you would have died."

"Old stuff, get out!" Ye Chen blasted out with a punch. He repelled Ye Jianshuang dozens of steps. He watched Ye Feng and Ye Wudi, and said: "Those who instigate me to take action are to target me and kill It deserves it!"

Kill it!

This is Ye Chen's attitude!

No one can change the attitude!

Chapter 1323: What is my identity?

Of course, Ye Chen also knew that the ancestor Ye Wudi was a reasonable person, otherwise he wouldn't ask so much.

Obviously, he wanted to distinguish himself from Ye Fudong, who was good and who was bad.

"You have to get rid of the heart of the Ye Family!" Ye Wudi finally asked a question, but his eyes fell on the Ye Tianzheng and his wife. To be precise, they were the two monsters beside the Ye Tianzheng, the two strongest demon veterans. It deserves his attention.

Ye Chen took a step forward: "Senior Ye, although I am a member of the Ye Family, the Ye Family never regard me as a member of the Ye Family."

Ye Chen's speech was plain, but he gave people an extremely powerful feeling, as if a king was narrating things.

He said: "Do you know, what identity am I?"

"The tenth generation disciple of the Ye Family!"

"Original disciple, according to inheritance, you should be the current Ye Family Patriarch." Ye Wudi paused for a moment, and then said: "Back then, the person in charge of your line violated the clan rules, that is, your grandfather, which resulted in being demoted as the No. Eight branches!"

"I am more than just these identities." Ye Chen said flatly: "I am the master of the Palace of Light, the master of the Hundred Sect Alliance!"

He summoned casually, summoning Baizhan and Qingjian around his parents.

The elder Baizhan snorted and said: "Hall Master, why do you need to be so long-winded, as long as the Lord orders, the humble position will return to the Hall of Light, command five hundred elders and thousands of monster races to come and level this Ye Family. !"

"Presumptuous!" Ye Wudi's aura burst out, like a dragon and a snake, wanting to attack and kill the elder of Hundred Wars.

His breath was terrifying to the extreme.

If it weren't for the inability to advance to the Divine Realm, I'm afraid he has already entered the mid to late Divine Realm.

"dare!"

"Stop!" The elder Qingjian's breath also erupted. A blue dragon was like a demon god. With a wave of the dragon's claws, he looked at Ye Wudi and said, "My house master is a monster of tens of millions. Lord, if you really want to destroy your Ye Family, why should you be alone?"

"Besides, the tens of thousands of my monster clan are just the great strength of the hall master!"

"Why don't you tell you the old monster, the Palace of Light under my house master has absorbed the twelve martial arts of Kunlun Sect, Dao Sect, Blood Blade League, Bloody Night Gate, Qingtian Gate, etc. There are countless powerful emperors!"

"There is even more than a hundred alliances formed by more than 200 small sects."

"Hundreds of emperor realms want to destroy your Ye Family, just a word!"

"Do you really think that the Lord of my house is really looking for a dead end here?"

That's right!

Ye Chen wanted to destroy the Ye Family, just a word!

Regardless of one's own family, besides, the position of Ye Family Patriarch is also his own, and this led Baizhan and Qingjian to come.

If not, he has already led a tens of millions of monsters and the army of the Palace of Light to kill.

The Green Sword Demon Emperor's words shocked everyone.

Everyone found that the two subordinates who had been neglected were actually from the monster race!

The key point is that it is definitely not an ordinary monster race!

When did Kunlun Xu have such a monster powerhouse!

The key is such a powerful monster is willing to be Ye Chen's servant!

What kind of strength is behind Ye Chen?

Many disciples of the Ye family were discussing, including the disciples of the Han family. It seems that now, everyone is really seeing Ye Chen's status and strength.

Ye Chen is not a solo traveler.

There are a lot of powerful emperors behind!

Although he is not around now, Ye Chen is undoubtedly the overlord of Kunlun Xu.

Looking at the Kunlun emptiness, apart from the Huang Family's frontal resistance to Ye Chen, it seems that there is no family that officially declared war on Ye Chen. The Ye Family and other families are just assisting the Huang Family to fight Ye Chen.

Ye Wudi looked around, listening to many voices, his expression gradually changed.

This kid in front of you?

Is the Ye family member, really has developed to this level?

The overlord of Kunlun Xu!

The heads of the three top powers have reached this level.

Why is it different from Ye Fudong?

"Good boy!"

"Good job!" Ye Feng patted Ye Chen on the shoulder and laughed. After all, he was his offspring. After seeing the momentum in front of him and the expressions of the people, he also knew a little, and said: "What happened to your grandfather back then? Family rules, no way!"

"But today, since it is our own ancestor worship ceremony!"

"The old man personally took you into the ancestral hall and set up your grandfather's spiritual position!"

"Okay!" Ye Chen and Ye Tianzheng's wife, together with the Baizhan and Qingjian two demons, accompanied Ye Feng, into the ancestral ancestral hall under the eyes of everyone.

Ye Chen took out the spiritual position and respectfully placed the grandfather's spiritual position to the highest point of the Ye family.

Regardless of his grandfather's achievements, Ye Chen had the final say.

Grandpa's spiritual position must be at the highest point. Even if the ancestor of the Ye family first created the spiritual position, it cannot be higher than my grandfather.

"Ye Chen!"

"The tablet..."

Some people wanted to stop talking, and finally shook their heads.

Ye Chen's strength is that he has the strength and is qualified to despise the many ancestors of the Ye Family, even if he and others are not angry, and his ancestor Lingwei is not angry with Ye Chen's grandpa, what can he do?

Uncomfortable?

Unhappy?

Bear it!

Don't want to endure, die!

Ye Chen and Ye Tianzheng and his wife, after worshiping their parents, walked out of the ancestral ancestral hall, and saw thousands of Ye family elders standing outside. Among them, there are many emperors and hundreds of Taoyuan. The rest The elder is the last time in the virtual king state.

nowadays!

The nine veins of the Ye family are divided into two camps.

Ye Feng led five, six, seven, and eight four veins to support Ye Chen, Ye Wudi led the second branch, Ye Kuang and Ye Jian both led the lord veins, the first, third, and fourth veins were hostile to Ye Chen and wanted to get rid of Ye Chen.

The huge Ye family.

After Ye Chen arrived, it was also divided into three.

But no big family has the final say.

There are many who support Ye Chen, and many who are hostile to Ye Chen, including that Ye Tianzheng was attacked and suppressed by Ye Fudong with clan rules. It was also supported by other elders of Ye Jianshuang's line, including the death of Ye Nantian. , Ye Wushuang.

Ye Feng, as Ye Chen's ancestor , is also extremely powerful. With one sword, he flew an elder of the seven-tier emperor realm, and said: "You can't see the trend clearly? My younger Ye Chen has already led the vast majority of the forces in the Great Kunlun Void and is ready to resist the Blood Spirit Race!"

"Are you going to do it backwards while you wait?"

"You still want to disobey humanity?"

"Do you really want Kunlun to become a ruin?"

Oh shit!

At the beginning, the Ye Family relied on the Blood Spirit Clan, mainly because he was dedicated to cultivation and did not like rights. He voted in the family council and lost to Ye Jianshuang and the others.

There was no way to make the Ye Family completely take refuge in the Blood Spirit Race!

He knew that the Ye Family had already gone a path of no return, so he simply closed up and practiced, and stopped intervening in the Ye Family's affairs.

But at this moment, Ye Chen's appearance gave Ye Feng a glimmer of hope.

Chapter 1324: Meet the Lord!

Now, finally, a descendant comes out.

A descendant who can lead everyone against the blood spirit race.

You still have to do it, really treat him as a dead person?

"Nonsense!"

"You also know the power of the blood spirit race!"

"Being friends with Ye Chen this little beast, fighting against the blood spirit race is a dead end!" Ye Jianshuang also picked up some of the eighth branch of the emperor realm, staring at Ye Chen, and said: "As long as the old man is here, Ye Home, it's not yours yet!"

"Yes!"

"The old man is here, the Ye family's turn is not for you to speak."

Ye Kuang also expressed his attitude, smashing dozens of emperor realms with a single blow, all of them were the elders on Ye Feng's side.

He looked at Huang Tian and said: "The power of the blood spirit race, my Ye family and your Huang family know it, quickly mobilize the Emperor Huang to come here to punish such rebellious people. I don't want to look at Ye. The home is destroyed in the hands of Ye Chen!"

Ye Chen! What does this little beast know!

Can the blood spirit tribe fight against the humble ants?

It's idiotic dreaming, whimsical. Taking advantage of now to kill Ye Chen and Ye Feng, my Ye family may be able to avoid being destroyed.

"Ye Feng!"

"You don't have to hold on."

Huang Tian got up slowly, his injuries recovered a bit, "And Ye Wudi, you don't have to waver, the blood spirit clan adults are so powerful, they can't be resisted!"

He looked down at many disciples of the Ye family and the disciples of the Han family and the Mo family, and snorted coldly: "Do you think Ye Chen can resist the blood spirit race?"

"It's ridiculous, extremely ridiculous!"

"Even the seven night gods, the shattered gods, the undefeated gods, the immortal lord, etc., were all captured by the blood spirit race!"

"So many strong people were defeated back then, do you think you can stop it?"

"ridiculous!"

boom! !

A fist stamp came and shattered Huang Tian on the spot!

This punch naturally came from Ye Chen!

A powerful man in the late Emperor Realm was shocked and killed by Ye Chen on the spot.

"Whether you deserve it or not, it's not you."

"The so-called ridiculous, it's only you who are the weak who feel ridiculous when you see profit and forget your righteous waste!"

"I, Ye Chen, led the vast majority of Kunlun Xu sects, and have already decided to fight against the blood spirit race and fight for the future of Kunlun Xu. For future generations, how can you stop it!"

Ye Chen looked at Ye Feng and said, "Ye... ancestor, I recognize you as an ancestor."

"Because, you support me today!"

"Many people who also support Kunlun Xu want to resist, so I recognize you."

"If one day, you dare to betray Kunlun Xu, don't blame me for killing my ancestors."

"Hahaha! Don't be afraid!" Ye Feng was holding a long sword, the fat in front of his stomach trembled, and smiled: "There will be a day when I don't need you to kill. The old man pleaded guilty. Family."

He watched Ye Chen's arrival, looked at Ye Tianzheng, and sighed: "Back then, I'm sorry your father."

"The ancestors don't have to be like this."

"We were calculated by Ye Fudong back then because of our poor strength." Ye Tianzheng looked at Ye Fudong and said, "Today, we will kill Ye Fudong. Ye Fudong will die if he is not strong."

"it is good!"

"Since there is an intention to fight, what about the split of the Ye Family?"

"Even if you die, you should stand and die for the old man. You are not allowed to live on your knees!"
Ye Feng looked at the many elders behind him and asked, "Is it?"

"Yes!"

"My ancestor, please speak!"

"Please order from the ancestors, I am waiting to die!"

The elders who supported Ye Feng and Ye Chen agreed.

Ye Feng looked at Ye Chen and said: "The vein around me can fight at any time!"

"No hurry!" Ye Chen did not come alone.

He looked at Ye Wudi's line of neutral people, seven people in the emperor's state, more than 70 people in the Daoyuan realm, and more than 300 people below.

Compared with Ye Kuang and Ye Jianshuang's three veins, there is a big gap.

But, is this much stronger than the Bright Palace and Hundred Sect Alliance?

As for the disciples of the Ye family and the big families who were watching, even tens of thousands.

No need to bother, just watch the visitors, not to mention there are many people who are their own.

"Ye Kuang!"

"Ye Jianshuang, do you really think I brought these people here?"

"Do you know why a large number of emperors of the Huang Family have already started war in Kungu?" Ye Chen smiled, "My people have broken through the ancient position of Huang Jiakun and captured hundreds of emperors."

"It's useless if you ask for help from the Huang family now."

He looked at Elder Bai Zhan with a smile on his face, and said: "The main force of the Huang Family should be held by my subordinates now, presumably there is not much extra power."

"As for you."

"Originally I planned to break through the Ye family and let them come out."

"But now, I am killing Ye Nantian and Ye Wushuang. I originally planned to kill the people who guarded the third pass, but since you old guys came out early, there is no need to defeat Ye Wudi."

One place for this.

Tens of thousands of people were in an uproar and looked at Ye Chen in surprise.

Ye Chen, really brought a large number of strong people here?

Ye family has gathered so many emperor realms here. To surround Ye Kuang and their 80 emperor realms, two or three hundred emperor realms would have to come? Ye Chen, can you really draw this power?

"Ye Chen, don't pretend to be huge!"

"What you said is impossible!" Ye Kuang denied directly.

"Yes, do you really think you can destroy us?"

"Besides, do you think we will take refuge in you?" Ye Jianshuang's gaze fell on Baizhan and Qingjian, and he sneered: "You only have a monster of the eighth-level emperor realm beside you, and a head of the ninth-level emperor realm. The blue dragon of the sky!"

"These two things."

"The old man can handle it!"

"Do you really think so?" The elder Qingjian snorted and transformed into the main body. A three-thousand-square-meter blue dragon lay across the sky. The scales of the dragon shone with blue light, like a dragon **** in the beginning of the world. "As long as the master orders, I It's enough to stop you two!"

Its aura at this moment surpassed Ye Jianshuang and Ye Kuang a lot.

It's just that the prototype of the Dao is not as good as the opponent, and the power of the soul is not as good as the opponent.

The key is!

It is Ye Chen's clone, not afraid of death!

It doesn't matter if you get blown up.

"Two Demon Kings?"

"Do you think I only brought these?"

"That's it I won't let you discuss it!" Ye Chen looked at the sky, with a bright smile on the corner of his lips, and shouted: "Elder Astronomy, Elder Phoenix, Elder Fengyun, etc.!"

"You guys, come out!"

As soon as the voice fell, the sound of the beasts roared like a tsunami, resounding through the world!

A fire dragon leaped into the air, followed by hundreds of emperor-level monsters, all turned into their bodies, densely packed in a large area, directly covering the sky.

Several people fell on the ground, clasped their fists and said: "Ten Tian pays homage to the lord!"

"Meet the Lord!"

"Fenglong meets the Lord!"

"Blood Qilin pays homage to the Lord!"

"I'll wait to see the Lord!"

Chapter 1325: clue

"But with the order of the Lord, I will definitely do my best to win the Ye Family Emperor's noble realm powerhouse!"

Hundreds of emperor noble monsters shouted in unison.

These monsters and monsters, which are hundreds of meters in size and hundreds of meters in size, responded in human language with great momentum.

Seven elders, led by one hundred emperor-level elders, each of them is a monster of the four-tier or higher level of the emperor-level, and there are many powerhouses in the seven-tier and eight-tier of the emperor-level, they are Ye Chen Brought out the elite of the emperor realm monster race!

So powerful!

Even if Kunlun Sect or Dao Sect is destroyed!

Ye Jianshuang's expression changed extremely quickly, and he looked at Ye Chen fiercely. He didn't expect that this little **** could really attract so many people!

The point is, they are all monsters!

The Yaozu fights fiercely without fear of death, and swears not to stop until the goal is reached.

It is fundamentally different from the human emperor realm, knowing how to avoid attacks, once the Yaozu takes a shot, it will be completely desperate!

"you....."

"Actually, so many monsters!"

Ye Kuang's expression was hard to see the extreme, these monster beasts were standing beside this powerful man.

Once you start, let alone twenty emperor realms, they will be directly punishable.

The emperor realm monster race they can kill, but more than three!

The flesh of the Yaozu is generally stronger than that of the human!

"So strong!"

"With so many monsters, it is easy to destroy which faction."

"It's no wonder that Ye Chen has the confidence to resist the blood spirit race, so many monsters are the biggest capital!"

Many disciples of the Han family and the Ye family talked about it.

They thought that Ye Chen had a **** battle today.

Unexpectedly, Ye Chen's men rushed to them, not the human beings of the Palace of Light, nor the Hundred Sect Alliance, but this group of powerful monster races with no boundaries.

Even if this group of demon races faced the Huang Clan, they could kill many powerful emperors.

"Good boy!"

"Sure enough!"

Ye Feng patted Ye Chen on the shoulder, amazed.

He looked at these monster races ecstatically, stunned, "I, Ye Feng's descendants, also have outstanding people!"

"Good, good!"

"Today's battle, your wait is over!"

"Ye Chen, order to do it, I've seen these guys upset for a long time!"

"Don't worry too much!" Ye Chen paced out, and said, "What about Ye Kuang and Ye Jianshuang now?"

"Who killed who?"

"What qualifications do you have to be an enemy of me?"

I am the biggest king of the land!

I have the strongest monster, the dragon, the phoenix, the phoenix, and they all obey my orders!

Kunlun Xu twelve major faction, more than two hundred minor factions are all based on me, what are you waiting for?

Even if I fight the Huang family decisively today, I can win.

"Ye Jianshuang!"

"You must be in charge of setting up the level." Ye Chen looked at the other Ye Family Emperors, and smiled: "However, I don't plan to prepare any levels for you!"

"Just do it!"

"Astronomically, you wait to capture the three meridians. If you encounter someone who resists to the death, you will directly kill!"

"Those who surrender, can bypass a life!"

"Ancestor Ye, bother you to keep an eye on Ye Wudi and Ye Kuang!"

"As for Ye Wushuang, leave it to me!"

Accompanied by Ye Chen's order, the Emperor Realm Monster Race suddenly attacked.

In an instant, more than thirty Ye Family Emperors were severely injured. They were only the first and second layers of the Emperor Realm. How to withstand the onslaught of the fifth and sixth floors of the Emperor Realm, they were thrown to the rear immediately after being defeated. .

Boom! !

Click~~

For a time, the two sides broke out.

Ye Kuang and Ye Jianshuang, the three veins of many emperor realms, won dozens of them in the blink of an eye, and the other stronger Ye family emperor realms, each facing the attack of three or five monster races of the same realm, are separated. Go, dragged to another battlefield.

call! !

A flame of sword aura burst out, piercing Ye Jianshuang's chest.

He turned his head in surprise, "Ye Wudi, what are you doing?"

"No one!"

Ye Wudi drew out the long sword, accompanied by blood flying across, "I choose Ye Chen!"

He double-clicked Ye Jian to fly to Ye Chen.

"Good job!"

"I shot you personally!"

Ye Chen held the Zhu Mie knife and suddenly cut Ye Jianshuang's arms, counted his fists and slammed them down, directly hitting the seriously injured Ye Jianshuang to death.

Although Ye Jianshuang's cultivation time far surpassed Ye Chen, but he was seriously injured by Ye Wudi just now, how could he fight Ye Chen who was on the verge of violent!

Immediately, Ye Chen stepped on Ye Jianshuang's face, "Old stuff, you instructed Ye Fudong to harm my grandfather and parents back then, and today I will let you taste how life is better than death!"

Ye Chen pinched his finger, and a drop of blood shot on a silver needle. The silver needle seemed to turn into an icicle, and the mysterious power moved!

In an instant, a force of ice shot into Ye Jianshuang's body.

The force of extreme cold freezes Ye Jian's blood coagulation, and quickly fades away. In less than ten seconds, the cold air rises again.

Freeze for a few seconds, then retreat, and then come again.

In just one minute, Ye Jianshuang was already tortured and trembling all over, shaking his head violently, shouting: "Kill me! Ye Chen, you beast, you have the ability to kill me!"

Snapped! !

Ye Chen slapped him on the face, "Kill you, it's too cheap for you!"

He waved his hand, grabbed Ye Fudong, and slapped the two under his feet. "Back then, you were crazy! Dare to insult my grandfather, my parents, today, the lord of the palace will insult you!"

Although Ye Fudong is the head of the Patriarch, how could Ye Chen's opponent be possible in terms of strength!

At the next moment, Ye Chen unloaded their jaws, condensed the long sword with blood and pierced the bones of the two people, and shattered the meridians of the two people to prevent them from committing suicide!

Everything we did back then!

Today, I have to change it back!

Ye Chen's parents and grandpa are not something you can afford!

Dare to mess with!

For you, death is an extravagant hope!

Just like this, bear it forever and ever.

"what....."

"Ah, Ye Chen, you beast, kill me..."

"Ye Chen, I beg you, kill me, kill me..."

Ye Fudong and Ye Jian both rolled on the ground, convulsing all over their bodies. One would be extremely cold and the other would be extremely hot.

Ye Jianshuang, the powerhouse of the Emperor Realm!

Originally, it would not have been so miserable!

Unexpectedly, being attacked by Ye Wudi, a sword pierced through the heart and dantian, lost the source of qi and blood mobilization, and was smashed into the golden bone with a kick, already severely injured!

Ye Chen, who was blessed by demon energy and blood energy, was beaten fiercely if it hadn't deliberately kept Ye Jianshuang's body.

At this moment, Ye Jianshuang probably only has a skeleton left!

Even the ancestor of the Ye family! Offending Ye Chen also ended in this way.

Can't live, die!

As for Ye Fudong, the early stage of Emperor Zun realm, no matter how he resisted, it was not Ye Chen's combination.

In pain, Ye Fudong suddenly thought of something and said excitedly: "Ye Chen, you can't kill me! Only I know the whereabouts of your two little lovers! Otherwise, you won't even want to find them for the rest of your life."

This is Ye Fudong's last straw!

Sure enough, Ye Chen stopped when he heard Ye Fudong's voice.

His eyes were covered with killing intent and coldness.

Sure enough, the disappearance of Ji Siqing and Xia Ruoxue is related to Ye Fudong!

Chapter 1326: whereabouts!

"Where are Xia Ruoxue and Ji Siqing?"

Ye Chen stepped forward and came to the injured Ye Fudong.

His voice is extremely cold, not even a hint of temperature.

Ye Fudong is certainly the Patriarch of Kunlun Xuye Family, but at this moment, in front of Ye Chen, he is no different from Ant.

Ye Chen's violent coercion was like a flood, which even made Ye Fudong pale and shocked.

Who would have thought that the little beast that the Ye family didn't take seriously would grow to this point!

"If you don't speak anymore, I will let you understand what life is better than death."

Ye Chen continued, his eyes were full of anger and killing intent at this moment.

Ji Siqing and Xia Ruoxue are his inverse scales, no one is allowed to touch them!

Even if the way of heaven is going to hurt them, Ye Chen will set foot on the palace and beat the palace to pieces! Personally want someone!

Ye Fudong suddenly laughed at this moment, unscrupulously. New 81 Chinese website update the fastest mobile terminal: <https://>

"Ye Chen, I know that I, Ye Fudong, did a lot of things I'm sorry to you, but all these are the instructions of the adults of the blood spirit tribe. I am just a puppet. If you think that we have blood relationship, let me be a dog Life."

"Since you know what happened back then, you should also know that there was a meteorite from the ancient Kunlun Xuye Family."

Hearing these words, Ye Chen nodded. The phantom left by his grandfather did say this.

And the reincarnation cemetery also came from the meteorite that fell from this day. If it hadn't been for his grandfather to take the mysterious stone and leave it to himself, he wouldn't have grown so fast.

"Say something! What does this matter have to do with Xia Ruoxue and others?"

Ye Fudong stood up with difficulty: "When a meteorite fell from the sky, the meteorite changed everything about the Ye family, making the Ye family a small family to become a top family in ancient times."

"Meteorite has countless mysterious auras, which can be called the origin of the aura. Back then, the blood spirit clan powerhouse came to the Ye family in person for this."

"It's a pity that the meteorite doesn't know what it is. Outsiders can't take it away. We can only let the Ye family study it."

"The ancient Ye Family has only come to one conclusion after years of research, and that is your name, Ye Chen!"

"It is predicted in the meteorite that a young man named Ye Chen will become the Supreme Demon Lord, and even destroy the Ye Family! Destroy the Blood Spirit Race!"

"This is also the reason why the Ye family never gave that name to the disciple, and the word Ye Chen has become a taboo for the Ye family."

"But I still miscalculated. Your grandfather left the Ye family to go to China, and he broke the rules and named you Ye Chen!"

Ye Chen's eyes condensed: "I know what you said, what do you want to express?"

Ye Fudong's smile suddenly diminished, and he said, "You are only in your twenties now, and you have grown so fast. I want to know if everything you have now is related to your grandpa!"

"Or, it is related to something your grandpa took away!"

At this moment, Ye Chen had a trace of murder in his eyes.

The reincarnation cemetery is Ye Chen's greatest secret, no one should watch it!

If Ye Fudong knows anything, then he must be a dead man!

Ye Fudong saw Ye Chen's killing intent, everything suddenly appeared, and there was even a hint of greed in his eyes.

If he gets this thing, then his achievement must be higher than Ye Chen!

But what is he fighting with Ye Chen now?

"Ye Fudong, I will give you one last chance, where are Xia Ruoxue and Ji Siqing hidden by you!"

Ye Chen's patience was exhausted, and a cold long sword fell on Ye Fudong's neck.

Ye Fudong was startled, glanced at the cold light in front of him, and said: "You swear to heaven, you can't kill me! I'll tell you everything I know!"

"I agree." Ye Chen did not hesitate.

Ye Fudong breathed a sigh of relief when he heard these words, as long as he survives, he will have a chance!

"Ye Chen, those two girls are not in Ye's house at all! But I know they are in Kunlun Xu!"

"At the beginning, the injured Ji Siqing took the Chinese girl away. Although my Ye Family Emperor was chasing after them, I lost their news in a place where Kunlun is empty! The key point is that these Ye Family powerhouses have all evaporated!

And there is a strong breath of power surging nearby! I suspect that some strong people took them away! "

Ye Chen stared at Ye Fudong's eyes firmly, the other party didn't seem to be lying!

"Where are the coordinates?" Ye Chen said coldly.

Ye Fudong glanced at the blood-splattered battlefield, hesitated for a few seconds, and said: "That place is near the Kunlun Void Space Legendary Array...I doubt they will enter the Spirit City!" ア新ヤ~⑧

"Lingcheng? Where? Why have I never heard of this place in Kunlun?" Ye Chen was a little confused, he even thought it was a fiction by Ye Fudong, just to fool himself.

Ye Fudong swears to the sky: "Ye Chen, I don't have to lie to you in this realm. Believe it or not, this is a fact! As for the spirit city, I don't know, it is a place of Kunlun illusion, extremely mysterious, Even if I am the Patriarch of the Kunlun Xuye Family, I am not qualified to step in!"

"According to legend, this place is the connection point between Kunlun Xu and the outside world. Many extraterritorial powers and forces will stay here through Kunlun Xu. At the beginning, the blood spirit race adults came nearby! Although this place has always been a legend, no one knows, but I feel Those two are inside!"

"I know all this, can you let me go!"

Ye Fudong looked at Ye Chen excitedly.

He didn't lie, every word is true.

People will die and their words are good.

Ye Chen naturally realized that this was accurate news, nodded, released the sword, turned and walked towards the battlefield.

seems to have really let Ye Fudong go.

Ye Fudong looked at Ye Chen's away back and exhaled a sullen breath, but his eyes flashed with killing intent.

As long as he does not die, slowly waiting for the blood spirit race to come, a year later, Ye Chen and everyone around him will die without a place to be buried!

However, at this moment, a cold light flashed.

Ye Fudong felt as if his body was torn apart.

He lowered his head but found a cold and demonic spear pierced his body.

The line of sight moves!

is a boy with a spear in hand!

Ye Chen!

Ye Fudong's eyes widened: "You...you clearly swear to the way of heaven, not to kill me! You violated the oath...you must die!"

Ye Chen outlined a ruthless smile at the corner of his mouth, and said lightly: "The Way of Heaven?"

"What's the matter of the way of heaven! You shot my grandfather back then! I was destined to kill you! Even if the way of heaven comes, what right do you have to stop me!"

"I Ye Chen, I am the owner of the tomb of reincarnation!"

"boom!"

The demonic energy of the Nine Nether Killing Spear erupted, and Ye Fudong turned into a **** mist on the spot in fear and surprise!

completely tragic death!

"Lingcheng? Who took Xia Ruoxue and Ji Siqing away? Are they enemies or friends? Or does the blood spirit race want to use these people to threaten me?"

Ye Chen murmured, and even walked towards another battlefield.

Chapter 1327: Fear shrouded

The Ye family's affairs are not over yet.

Ye Fudong is just an episode, and the real threat has not yet been resolved.

In another battlefield, blood was everywhere, and dragon scales splashed.

Several strongest fighters fought extremely miserably, smashing houses one after another, and the ground was broken into deep valleys.

Ye Feng, Ye Wudi, and a powerful monster!

The three strongest men joined forces to attack Ye Kuang.

Ye Kuang's strength is horrible!

But no matter how strong it is, it is still choking to face the three powerful emperors.

Ye Kuang was injured in the end, and his body was already bloody.

Ye Chen ignored him. He had just been promoted, his blood was unstable, and he didn't go to the war anymore. The result was the same anyway.

He looked to the other side, the hundred monster beasts plus thirty people, besieging the remaining nine people, it was already a win.

Ye Family, this is almost the same, I won it!

At this time, no one can come.

"Blood Spirit Summon!"

"Blood Spirit Race adults, you have to—"

Ye Kuang took out a mirror and seemed to be able to contact the Blood Spirit Race. He had just said half of it, and he didn't know if it was passed, so he was directly penetrated and broken by Ye Chen's sword.

"Old stuff!"

"Should I personally kill you?"

Ye Chen looked at the other two demon, shook his head and said: "It's so slow to kill someone!"

He spotted Ye Kuang, blasted out with a punch, his vitality erupted completely, moved the power of heaven and earth, and hit the Buddha Kingdom with a single blow. Thousands of extinct Buddhas flew out like a light spot, successively Hit the injured Ye Kuang.

Puff puff! !

Puff! !

Every nirvana Buddha hits Ye Kuang, it is a blow.

Thousands of layers hit, Ye Kuang was already close to collapse.

Finally the fist marks arrived, and with a crackling sound, countless rain of blood flew down.

The ancestor of the Ye family, Ye Kuang, has completely fallen!

Although he was hit hard, he was killed by Ye Chen with a punch. Ye Chen's true strength was not comparable to Ye Wudi and Ye Feng.

quickly!

More than half of the other Ye family members were killed, and all others surrendered.

"Hall Master!"

"Kill dozens of people and capture forty people!"

"They are all in the emperor state!"

Astronomy elder led many monster races, pressing the captives over.

Ye Chen sighed, waved his hand to release them, and faced everyone, saying: "Everyone, is it so good to take refuge in the Blood Spirit Race?"

"Every time the blood spirit race comes, it will slaughter many people."

"Kunlun Xu is getting weaker and weaker. Do you really think that if you are valued by the Blood Spirit Race, you can go to other strongest places in the future?"

"The Gaowu plane is too far away from our Kunlun." He looked at the prisoners of the Ye family and said: "Ye Nantian, Ye Wushuang and others, if they really go to the place of the blood spirit tribe, they may be affected by seven or eight. The year-old boy blasted his body with a punch."

"For the blood spirit race, you are just dispensable."

"Furthermore, if they take you away, they also let you attack other people and serve as cannon fodder."

"Instead of dying in the hands of those top powerhouses, you might as well resist the blood spirit race, at least not as a 'traitor'."

"Okay, I'm finished. People who are willing to fight against the blood spirit race and treat me as the head of the Ye family come to me."

A lot of Ye Feng's emperor's realm directly expressed: "I am willing to fight against the blood spirit race!"

"I am also willing to enshrine you as the head of the house!"

"Such a young Patriarch, so strong, why not do it!"

...

Soon, the veins of Ye Feng and Ye Wudi, dozens of emperors, hundreds of elders, including the elders below the three veins of Ye Kuang and Ye Jianshuang, had completely surrendered to Ye Chen.

However, some of the people who were taken down are obviously still unconscious.

"Ye Chen, your move is seeking your own death!"

"Ye Chen, the blood spirit race is too strong, you are looking for death!"

"Ye Chen——"

Pop~~

Ye Chen directly wiped out the lives of these people with spells.

Turned into blood mist.

These people can't stay, it's useless, they are people who are diehard blood spirit tribe and the Huang family, they must die!

"Ahem!"

"I, Ye Feng, meet the Patriarch!"

Ye Feng patted his clothes, holding his sword and motioning to Ye Chen.

Ye Wudi also retracted his sword, clasped his fist and signaled: "Ye Wudi, lead the Ye family, and see the Patriarch!"

"I'll wait and see the Patriarch!"

The disciples of the Wanqianye family knelt down at this moment to meet the new master!

"Okay!" Ye Chen nodded and said, "From today, the Ye Family will be merged into the Palace of Light, and it will be a separate pavilion alone!"

The Ye family belonged to Ye Chen, and all were included in the Palace of Light.

Approaching dozens of emperor realms, it is considered to have subdued all the combat power that the Ye family could get, and they were all transferred by Ye Chen to the Kungu side to fight against the Huang family. At the same time, Ye Chen also asked Elder Qingjian to take his parents back. .

With Qingjian's skill, no one can stop him unless Han Yun and Huang Family Patriarch make a move.

The reason why Ye Chen didn't go with him was because there was one more important thing right now.

On the one hand, in this battle, he has many insights and needs to practice.

On the other hand, he must know where Ji Siqing and Xia Ruoxue went after they disappeared!

The spirit city in Ye Fudong's mouth does not exist, there is still this place!

...

At the same moment, somewhere in the Kunlun Mountains, a deep space vortex slowly formed, and endless blood spewed out.

A middle-aged man walked out slowly, with endless blood mist lingering all over his body, like a ghost of evil spirits walking out of a sea of blood in the corpse mountain.

boom! !

Everything in front of me suddenly shattered.

A drop of blood has such power, this person's skill can be called the peak, I am afraid that Han Yun and others will not be able to do it.

The middle-aged man glanced at dozens of people in front of him, all disciples of some small sects, and snorted coldly, and then a huge **** force exploded all the fifteen people in front of him, turning into blood mist and haunting him.

He stared at the surroundings, "Sometimes, Kunlun hasn't come to this **** low-strength plane!"

"Kunlun Xu people, dare to kill my people, really eat the courage of the bear heart and leopard!"

There was nothing wrong, but I didn't expect Master to feel that the blood spirits who were sitting here were killed!

Six lowly clansmen were killed in battle, and I don't know who did it!

No matter who moved the hand anyway!

"Elder Wei!"

"Elder!"

In the rear, a group of blood-clothed youths slowly stepped into Kunlun Xu territory.

This group of people is very young, but each contains extremely powerful murderous aura, like a group of killing puppets, everyone has at least tens of thousands of lives in their hands, it is a team of demons!

Moreover, their realm, even the lowest person, can rival Han Yun!

It is a real arrogant!

The eldest person is probably less than 30 years old!

"Elder Wei!" A young man in an eagle-hook nosebleed clothes stepped forward and clasped his fist. "Elder, this time the six people were killed. There must be some courageous people. If you want to rebel, you might as well let them down and punish them all. Kill, how?"

Chapter 1328: Really strong

"The move to destroy the faction, I haven't done it for a long time!" He smiled evilly: "Hands are all itchy!"

As Wei Jian who has entered the three levels of the gods!

Sweeping Kunlun Xu with his strength is nothing to say, just want to destroy the faction again.

It's nothing more than to absorb huge blood energy to practice.

"Let's take a look at that time!" Elder Wei looked cold, shaking his cuffs to kill all the people within a hundred miles, and said: "Go, go to the Han's house first!"

"Han Yun, this little bastard, I think he should be the one who caused the trouble!"

"He was still not behaved when he was stripped of skin and cramped back then!"

"This time, thrash him!"

After saying that, Elder Wei waved a cloud of blood, and led the five young men to kill the Han family.

In the land of the Han family, since joining the Palace of Light, most of the powerhouses have been in the Palace of Light, and there are still only a few people who are still dealing with matters in the Han family.

The new head of the Han family, Han Wu, was reading in the study, and suddenly felt a suffocating breath and blood pressure.

He stood up abruptly, but was crushed to his knees the next moment, and shouted with difficulty: "It's the blood spirit race, the blood spirit race..."

"How is it possible! One year has not come yet, the Blood Spirit Race..."

"Blood Spirit Race actually arrived early...sir, what's the matter with you?"

"grown ups....."

The intermittent voice unfolded as the body of the Han family burst.

In just a few seconds, more than a hundred Han family Dao Origin Realm and Void King Realm were crushed by qi and blood, turned into a mass of ground meat, and the huge Han family turned into purgatory in a short time.

Elder Wei rose up into the sky, and glanced at the Han guards who came over with cold eyes, dismissively, "A bunch of trash!"

He casually waved the endless blood mist into a sharp sword, and slayed the hundred guards of the Daoyuan Realm of the Han family. He stared at Han Wu who was kneeling on the ground, and asked gloomily: "Where is your ancestor?"

"Where's Han Yun's little crap?"

"Why not in the land of the Han family?"

"My lord... my lord..." Han Wu was bursting every inch of his blood and blood vessels. He turned to see the Han family full of corpses on the floor. His heartache was like twisting, and he couldn't help it, but he cursed: "You beasts, my family The ancestor has already formed an alliance with the Lord of the Palace of Light!"

"Soon, it will be your death date—"

boom! !

There was a crackling sound.

The Patriarch of the Han family, who was on the third floor of the Emperor Zun realm, was crushed into blood mist on the spot.

Elder Wei's expression was still cold, waving his hand and shaking his robe, the blood-colored robe suddenly flew out and turned into infinity, and immediately wrapped the Han family, then looked west, stepped in, and came to the blood spirit secret realm that was about to collapse, with a slight brow. Wrinkled.

He gently stretched his hand to touch the blood spirit secret realm, and said to himself: "The six people should be sitting in the blood spirit secret realm."

"The breath has disappeared, it seems that he died in the blood spirit secret realm, and did not die in the Kunlun Void!"

"However, there is no Han Yun's breath inside!"

He squeezed a **** mark with his left hand, and slammed into the **** secret realm, extracting several original breaths from it.

He carefully looked at the breath he got in his hand, and thought: "The fighting aura of the six of them fell very quickly. I did not capture their origin, but there are other human origins!"

Capture the three original breaths.

One is Ye Chen's.

One is Ruo Sect Master's.

One is Ye Luoer's.

"Three breaths!"

"One is more familiar, how does it seem to be related to our blood spirit race."

"The other two are supposed to kill the **** of those six clansmen. From the origin, they are very young, not even older than Wei Jian!"

Elder Wei sneered twice, breaking up the three original auras, "Does this Kunlun Void still have the arrogance of heaven? But the eighth-layer heaven of the Emperor Sect Realm should be the ninth-layer heaven of the Emperor Realm, right, less than 30 years old. Nine floors, interesting and interesting!"

Kunlun was squeezed into this.

Can such young people be cultivated?

Yes, it's really interesting!

I would like to see what this young man looks like, tortured it, maybe it will be more interesting.

"Wei Jian, inform Huang Kunming!"

"Within five minutes, come here to see me, if you don't come, Huang Family Mie!"

Like the emperor, the elders ordered Wei Jian to inform the ancestors of the Huang family.

He walked into the Han family's ancestral hall, and a flash of death flashed in front of him, waved his hand to destroy the huge ancestral hall, all his spiritual positions were beaten up, and then turned to look at the Han family's people, all knelt down, afraid to move, and couldn't help but laugh. Said: "Ant, ant, I don't even have the idea of resisting!"

"It's Han Yun, forming an alliance with the Lord of the Palace of Light?"

"This Palace of Light is interesting."

"The word light is to treat our blood spirit tribe as darkness! In that case, I will let you ants feel the real darkness!"

Five minutes are fleeting.

A yellow figure flew in, the speed was so fast that there was no afterimage left.

The old man quickly landed at the entrance of the Han family mansion, wearing a dragon crown, wearing a yellow robe and a yellow sword around his waist. If he didn't wear the dragon robe, others thought it was the Supreme Emperor.

This old man is the ancestor of the Huang family!

The ancestors of the Huang family rushed in, bowed their heads towards Elder Wei, kowtowing several times, then got up and looked at Elder Wei respectfully and said: "Elder, you are finally here, these days, we will suppress Can't help it!"

boom! !

A qi and blood knocked the ancestor of the Huang family away.

Elder Wei slowly turned around and said with a cold expression: "Trash, your Huang Family has occupied Kunlun Xu for three thousand years, so you can't completely control it. You have to ask this elder to deal with the aftermath. You are really brave!"

"If it wasn't for you to be a cow and a horse 3,000 years ago, you would have made a lot of credit!"

"Elder Ben will kill you today!"

"Thank you elders for your kindness!" Huang family ancestors hurriedly crawled in, kowtow and thankful.

This veteran strong man who has been standing in Kunlun Xu for thousands of years is like a servant at this moment, not daring to make any trouble.

Even if Han Yun saw this scene, he was shaking both physically and mentally.

Elder of the Blood Spirit Race!

Elder Wei is here!

The powerful man who has entered the five-level heaven of the gods
The huge Kunlun nihility can contend!

Really invincible!

"these years!"

"Kunlun Xu has changed a lot, what's the matter with this Palace of Light?"

"In addition, someone killed six of my blood spirit clan members in the blood spirit secret realm!"

"Who is this person?" Elder Wei sat on the bench and looked at the ancestors of the Huang family proudly, just like the emperor looked at the minions. "Besides, when did the Han family dare to rebel?"

"You, speak quickly!"

"Dare to miss half a word and destroy your Huang Family!"

"Yes, yes, yes!" The ancestor of the Huang family was sweating heavily on his forehead, swallowing, fear and excitement in his heart!

Chapter 1329: All panicked!

Ye Jitian!

Ye Chen!

The adults of the Blood Spirit Race are here!

Soon, it will be your death date!

See you dare to be rampant!

The family and sect that dared to be right with my Huang family has never been able to jump for a year!

The ancestor of the Huang family replied, "The young man who killed adults in the Blood Spirit Secret Realm was named Ye Jitian. He was a young and powerful man who suddenly appeared. I don't know who the master is at this time!"

"It's just that Han Yun has formed an alliance with him!"

"Furthermore, according to the news I control, Ye Jitian's skill is not low, and after appearing in Danxu Town, he conquered many monsters in the place of refining! There are hundreds of emperor realm, and he and Han Yun and his junior brothers Ye Chen, together form the Palace of Light!"

"It's Ye Jitian, killing six supreme adults!"

He paused for a moment, thinking: "As for Ye Chen, he is a member of the Ye family. He was originally abandoned by the Ye family in the land of Huaxia. He did not expect that his talent was not bad. He was forced to kill from Huaxia to Kunlun Xu. The City of Absolute has conquered twelve martial sects including Qingtianmen, Kunlun Sect, Taoist Sect, Blood Blade League, Bloody Night Sect, and Qingluan Sect!"

"The master of the Bloody Night Sect called him Shaozu, he seems to be a disciple of the Blood Qiye!"

"A disciple of Blood Qiye?" Elder Wei snorted coldly, "No wonder! Blood Qiye, an old thing, presumably still has spiritual thoughts left in Kunlun Xu, to teach this disciple, but I want to turn my blood spirit race sky, This is not enough!"

Ye Chen?

Your master's blood is locked in that place for seven nights!

What kind of waves can you make as an apprentice?

"anything else?"

"The specific situation of the Palace of Light, say!" Elder Wei said slowly: "Ye Family, I know, I have taken refuge in my blood spirit clan two thousand years ago. It was the old trash advocate of Ye Jianshuang, and I took Ye Nantian to the trial last time. Over!"

"Anyway, the whole family is waste, and some individuals can take a look."

"Ye Chen and Ye Jitian should come from the Ye family? Why didn't the Ye family deal with them?"

"My lord!" The ancestor of the Huang Family clasped his fists and said with a slight worry: "The Ye Family has been wiped out by the hundreds of emperor exalted demons led by Ye Chen!"

He was worried that if he said it, Elder Wei would get angry and kill him, so he hesitated, "Ye Jianshuang and Ye Kuang have been killed by Ye Chen, and even the thirty emperors of the Ye Family are dead. Under Ye Chen!"

"The others have been incorporated into the Palace of Light by him!"

"We are fighting with my Huang family in the land of Kungu!"

"Even though Ye Chen is only thirty years old, he cultivates very fast. He was in the Void King Realm half a year ago, and now he is in the seventh level of the Dao Source Realm, but he can deal with the powerful emperor realm. It is very enchanting! Chen's true combat power is unclear!"

Having said this, the ancestors of the Huang family lay on the ground, really afraid to move!

But I was a little relieved: Ye Chen, finally it can be solved!

The adults of the blood spirit race came early, so good!

Otherwise, if we wait until a year later, I am afraid my Huang family will suffer heavy losses!

"Interesting!" Elder Wei suddenly became interested, and said: "A lowly man of the seventh-tier Dao Origin realm who can defeat Ye Kuang and Ye Jianshuang in the Emperor Realm, it is really interesting!"

His gaze suddenly fell on the young men of the Blood Spirit Race, and he smiled: "Ye Chen seems to be stronger than you!"

"so what?"

"I can still kill him!" said a slightly fat young man of the blood spirit race.

A kid from Daoyuanjing?

Can it be comparable to the nine-tier heaven of my emperor realm?

I can fight into the realm of the gods, and this kid leaves me more than a dozen small realms.

If I meet, I slap him to pieces!

"I can hear it!"

"Ye Chen and Ye Jitian are the ones leading this matter!"

Wei Jian said slowly: "Just get rid of these two people, and the other sects will naturally disperse. Of course, I recommend slaughtering them all, but it's also just right. By absorbing the vitality and blood, our cultivation will be easier!"

"To kill is to kill!"

"However, elder, I am also interested in these two people!" Another blood-clothed woman smiled and said: "He can kill the top powers of the emperor realm in Daoyuan realm. It is better to let him and Chen Peng One Battle?"

"See if Chen Peng can pinch him to death?"

"If he can't do it, I think he can let it out this year!"

"Luopu!" The slightly fat young man of the Blood Spirit immediately became cold. He was Chen Peng. He originally planned to take advantage of the blood ginseng fruit quota this year to exchange for a fourth-grade immortal weapon to break through. This must give up the quota. How can I break through?

Elder Wei smiled slightly and said, "You guys are fighting!"

"Well, I'll let the two beasts come over. You fight from low to high one by one. Whoever performs the worst, let's let the quota be!"

"For the other four people, if you get one more this year, maybe your strength will rise a lot!"

"The ants are fun to die slowly."

"We finally came to the Blood Spirit Race once. If we go back immediately, it would be too boring."

Suddenly, Elder Wei stood up directly.

Endless blood release!

"Ye Chen!"

"Ye Jitian?"

"These two little **** dared to oppose my blood spirit race!" Elder Wei lingered in a bone-to-heart cold, freezing the ground every inch, and even the air was chilling, and the ancestors of the Huang family were trembling with freezing. .

When he closed his eyes, a ray of blood burst through the sky, turning into a phantom.

A thousand-meter-sized phantom suddenly attracted everyone's attention. He released a piece of blood cloud, and the blood cloud rushed out of the thunder and lightning, which fell on the ground like a curtain of rain.

Crackling! !

Bang bang bang! !

In an instant!

Thousands of warriors have fallen, and they were directly blasted to pieces by the **** thunder and lightning.

Such a mighty power, even Kunlun Xu's catastrophe is far inferior, like a demon **** descending.

The remaining people fell on the ground one after another, not daring to move. The weak thought that the devil came and prayed for mercy.

The slightly more powerful warrior knew that he was a powerful blood spirit clan, and he was half kneeling on the ground at this moment, afraid to say a word, for fear of causing murder! Of course, there are some people wondering, don't the blood spirit race will arrive after a year?

Why is it here now?

Still so awesome?

Ye Chen's Palace of Light can it stop?

Just as everyone was surprised, the blood-colored phantom spoke: "I am Wei Wucheng of the Blood Spirit Race!"

"I know that Kunlun Xu slaughtered the ants of my blood spirit tribe. Now I have a deadline of ten days. Ye Chen and Ye Jitian will be tried!"

"Let the order go on, and the two will come to the City of Thousand Jues to stand trial within ten days!"

"If you don't come, this elder will kill everyone in the Han Family and Guangming Hall!"

The impactful sound spread, like a magic sound, that hasn't dissipated for a long time, even people who are thousands of miles away can hear it clearly.

Soon, the **** phantom disappeared, and people got up, but they were all panicked!

Chapter 1330: Unmatched existence!

The blood spirit race is here!

Temple of Light, it seems not ready!

What should I do if this continues?

Do you want Palace Master Ye Chen to go to the City of Thousand Jues to accept trial?

How is this good?

Some warriors of the Void King Realm rushed out with all their strength to spread the news.

They live in the territory of the Han family. The Han family has decided to resist the blood spirit race. The people in the territory must have already decided to oppose the blood spirit race. Naturally, they want to pass the news to their suzerain and sect master as soon as possible, and then let the sect masters Pass the news to Ye Chen and them.

To inform everyone as soon as possible!

In the Han family mansion.

Elder Wei got up slightly, "Let's go, go to your Huang's house first, and you and I will talk about the situation in Kunlun in recent years!"

He left with everyone, waved his hand and patted it, and wiped out hundreds of thousands of people in the huge Han family.

Han family, one of Kunlun Xu's top families!

Facing the blood spirit race, that's the case, wiped out with one palm, and there is no resistance!

Of course, this is the case that the elites of the Han family are not in the Han family. Even if the elites are all there, Han Yun and the other emperors of the Han family are in the eighth-level heavens. At most, they will resist for a while, but they will still be punishable. kill!

More than 100,000 people, men, women and children, none of them survived!

Elder Wei took the youth of the blood spirit tribe and the ancestor of the Huang family to leave, just like when leaving a bunch of ants on one foot. The cry below was completely ignored, and even some enjoyment. The cry of the ants can prove the strong The strength of the person!

A group of warriors suddenly looked at everything in front of them, until Elder Wei and others left before they dared to speak!

Zhou Yan, who had met in the Blood Spirit Secret Realm that year, happened to be working in the Han family's territory. As a person of the Seventh Floor of the Daoyuan Realm, he stepped forward and saw the pit soaked in blood like a ruin. He secretly swallowed his saliva. A hundred thousand people!"

"A dozen emperors!"

"More than three hundred Dao Source Realm, just like that!"

"Once the ancestor Han Yun knows, he will probably be crazy!"

Zhou Yan looked around, and he turned out to be the person with the highest cultivation level here.

He took a deep breath and said: "Rescue, no, try to save the remains of the Han family and prepare for the funeral!"

At this moment, rescue is impossible!

The fifteen emperors were all broken into pieces, how could the others be alive.

At best, it can only guarantee the remains of the heroes of the Han family, and try to be as complete as possible.

"Empire!"

"You personally take my token, go to Kun Valley, and tell the palace master what happened here!"

Zhou Yan took out his token and said solemnly: "Remember, don't listen to anyone who tells you to stop during the journey. The blood spirits have arrived, and all the demons and demons have come out. As a messenger, you must pay special attention. !"

"Also, tell the Lord, if you can't fight, go!"

"The farther you go, the better. If you can beat the enemy, please thwart the blood spirit clan animals!"

He solemnly sent Wangcheng away, watching the distant figure of the other party, and his heart was cold.

Lord, I hope you can be the enemy!

Hope you annihilate these beasts!

But if you can't fight, you must go!

The farther you go, the better, as long as you live, there will always be revenge!

I am here to deal with the Han family for now.

After the arrival of the Blood Spirit Clan, the eyes of both the Palace of Light and the major clans will fall on Kun Valley and the City of Thousand Jues. The handling of the remains of the Han family can only be handled by Zhou Yan.

As Zhou Yan's confidant, Wang Cheng's cultivation base of the Dao Source Realm was no longer weak.

He personally took Zhou Yan's token and rushed to the middle of Kun Valley that night, and came to the mountain through the token. At this moment, Han Yun, Ye Lingtian, Xueqi, Ye Luoer, Duan Huaian, Elder Baizhan, etc., have all been Arrived!

"What are you doing?"

"Aren't you at the Han's side?" Ye Lingtian asked, "I heard some remarks, I don't know the truth or not, but you came to tell me the news?"

Elder Wei's Qianzhang phantom, after the trial remarks came out, it has spread wildly in Kunlun imaginary places in one day.

It's just that Ye Chen is still in retreat, and everyone hasn't ventured out to explore. They have been waiting for someone to prove the truth of the news.

Wangcheng is already the fastest. As the first wave of reporters, he has rushed to the peak of Kungu. At this time, he looked at many big people and couldn't help kneeling and saying, "My lord, the blood spirit race is here. !"

"There are six people in total!"

"A middle-aged person is the person who transforms into a phantom, and the other five are young people, all in their 30s!"

"The middle-aged man claimed to be Wei Wucheng, elder Wei, and wiped out the Han family with one palm and ruined more than 100,000 Han family members!"

"Also, order the Lord and Ye Jitian to rush to the City of Thousand Jues to be judged in ten days!"

Wang Cheng hurriedly took out Zhou Yan's token to prove his statement, "This is the token of Master Zhou Duo. After the incident, Master Zhou Duo ordered his subordinates to come, and his subordinates

did not dare to stop, and rushed for eight hours to come. For all the adults and the hall master, report the news and confirm the news!"

At this point, everyone was struck by lightning!

Han family, no more?

Hundreds of thousands of people in the Han family died at the hands of Wei Wucheng?

how come?

How can it be so fast?

Isn't it a year to arrive? How could it be advanced?

Ye Lingtian let out a long sigh, turned to look at Han Yun, and said: "Ancestor Han is sad, most of the elites of the Han family are here!"

He just finished speaking, and suddenly looked at him, shouting at the blood sword, Hei Yao and others: "Hurry up and pass the order, all the emperor realms are combined, the Daoyuan realm and the Void King realm, no matter what realm, all gather!"

"The emperor realm forms the ancient demon guarding formation, which covers the people under the emperor realm to avoid accidents!"

"Above the ancient guardian demon formation, avoid the Huang Family or the blood spirit tribe from attacking!"

At this time, the steady Ye Lingtian has become a bird of surprise.

The blood spirit race has always been mean and bloodthirsty. Who knows if they will kill it tonight?

This place gathers close to countless emperor realms, even if the formation is formed, it should be able to block the blood spirit race, but that person named Wei Wucheng slapped hundreds of thousands of people to death, even if the emperor realm nine-layer sky can't do it Up to this point!

Definitely a powerhouse in the gods!

And is definitely not the early stage of entering the gods, it may be the middle stage of entering the gods, or even the late stage of entering the gods!

It must be prevented early.

"It doesn't have to be!"

"Ye Lingtian, Blood Sword, Hei Yao, you all stop!"

Han Yun felt a little old again, and his descendants suffered heavy casualties, but fortunately most of the emperor's realm was here.

He took a long breath and said, "Wei Wucheng is here, and I know him. He came to Kunlun Xu five hundred years ago. At that time, he was in the fifth level of the gods. Five hundred years have passed. I don't know if he has made any progress. "

"The only thing I know is that after entering the God Realm, there will be a qualitative change!"

"Especially the strong in the mid-stage of the gods, there is no existence we can contend with!"
