Chapter 1361: court death!

Sovereign Shen Dan saw the excitement and determination in Ye Chen's eyes and shook his head and said: "I know those two girls are very important to you, but this spiritual card must have been used up by all generations of Tianjiao!"

"After all, entering the spirit card is too important, and most people will not give it up."

Ye Chen's mood fell to the bottom when he heard these words.

However, at this moment, a voice rang in Ye Chen's ear.

"Not necessarily."

"Kunlun Xu originally had three spiritual entrance cards." Forging the gods thought: "Used once every thousand years, three spiritual entrance cards can take three people away. If three people come back alive, they can still be used next time!"

"If it's dead, it's invalidated!"

"That person should have one, if he is still alive."

Upon hearing this, the Lord Shendan narrowed his eyes, obviously thinking about something, and said: "I know who you are talking about! There is a mountain near Kunlun Xu. This mountain is called Blood Demon Mountain, Blood Demon Mountain. The Blood Demon Mountain Lord has a spiritual entry card, at least before we were defeated by the Blood Spirit Race, I knew that the Blood Demon Mountain Lord had a spiritual entry card!"

"Blood Demon Mountain?"

Ye Chen decided to say: "Okay, I'm going to go right now!"

"Wait!"

"Do you know what level of power the Blood Demon Mountain Lord is?" The **** pill Lord has keen eyes, staring at Ye Chen and said: "The Blood Demon Mountain is extremely fierce. There are various demon powers stationed all year round, and more The formations gather."

"Your cultivation base, if you pass, I'm afraid you will be eaten directly by those formation monsters!"

"Even if the formation can't kill you, the devilish energy on the Blood Demon Mountain will corrode your physical body and even your soul power!"

"That's it, it's enough to make you die several times." He said with a cold voice: "Secondly, the Blood Demon Mountain Lord has entered the fourth level of the gods, much stronger than Wei Wucheng, and thousands of years have passed. It may even reach the Divine King Realm. We will not help you casually, especially if you are looking for death by yourself, we will not help!"

Ye Chen looked cautious. He thought that his strength was enough to crush all the people of Kunlun Xu. Now it seems that there are people outside the world, and there are heaven outside the sky.

After thinking about it for a few seconds, he still said: "Master, there is no need for Master to take action this time! With my combat power, plus the divine weapon in my hand, it is enough to deal with him!"

"No matter how bad it is, I still have a **** king-level battle puppet. Even if the combat power is almost displayed, it is no problem to block it!"

Entering the fourth heaven of the gods?

I still don't see it!

My current strength has exploded into the fourth level of the God Realm, no matter what.

"Fine!"

"Since you are going, I don't care if you die!" The Lord God Pill does not approve of Ye Chen's method. He should practice harder for a while before going, at least to reach the Emperor Realm, or the fourth or fifth level of the Emperor Realm. go with.

The current Ye Chen did not hesitate to ruin the future for the two women in the red.

This reduced his favorability towards Ye Chen a bit.

Ye Chen is certainly the owner of the reincarnation tomb, if he is not absolutely awake, he will inevitably die early.

The Lord God Pill did not speak any more.

Ye Chen left the cemetery of reincarnation, opened his eyes and saw many powerful men around him!

Ye Wudi eagerly asked, "Hall Master, what's wrong with you?"

"Such a powerful attack just came over, we all thought it was the blood spirits coming again!"

"In the end what happened?"

"Hall Master!" Ye Lingtian flew over and clasped his fists: "Up and down the Palace of Light, all the emperor realms have been prepared, including the nine layers of emperor realm in the retreat, have all gathered, is there strong? Are you here? Everyone is ready to fight desperately?"

Ye Chen was taken aback, and looked at the square under the stargazing platform, where there were densely packed emperor realm martial artists.

These emperor realm martial artists stood in an orderly manner, wearing spiritual armor and holding weapons, like a large army ready to fight at any time.

They felt that Ye Chen was looking at themselves, so they clasped their fists and said: "Please show from the Lord, no matter who we are fighting against, we are all ready to fight!"

They are the emperor martial artist of the Palace of Light!

They are synonymous with invincibility!

Their palace master is Ye Chen who has created countless miracles!

No matter who comes to attack Kunlun Xu, they are not afraid!

Even if it is invincible!

Even if the enemy attacked our palace master first, they will fight to the end!

"This....."

"Ahem..." Ye Chen coughed up a few congestion, it was obvious that these people had misunderstood!

Just now I used the All Things Tracking Decision myself, and the momentum was great, and the master behind also used the magic tactics, and the momentum was even greater. When the Lingyun Xianzun wiped off the traces, the aftermath radiated from behind turned into a aftermath and attacked him, which obviously shocked all Emperor Zun realm.

However, Lingyun Xianzun is really not weak!

The aftermath alone injured himself and the master.

Aftermath!

In the past, it was the aftermath of their own battles, which shocked many emperors and even injured them.

Unexpectedly, today I was shocked by the aftermath of others.

"Everyone!"

"Just now I was just investigating a strong man!"

"Some battle broke out but it's okay, that person has already left, everyone go away!"

Hearing Ye Chen's voice, many emperor realm martial artists dispersed, and each went back to retreat to practice.

Han Yun, Ye Wudi and others were a little surprised.

Han Yun asked: "Hall Master, that attack just now..."

"No problem!"

"Also, I will probably be away for a while!"

Ye Chen thoughtfully said: "I will go to the Blood Demon Mountain first, and then to the Lingcheng! After all, only there can I find more resources for breakthroughs and cultivation!"

Take Ye Chen's current situation.

Kunlun Xu's resources are no longer enough for him to use, he must go to Lingcheng!

Besides, Ji Siqing and Xia Ruoxue were also taken away by Lingyun Immortal Venerable. I had to go to the so-called Lingxian Imperial Palace and ask what was going on. This Immortal Venerable actually took away without his own consent. Own people.

"Hall Master, the spirit city in your mouth is a space teleportation formation? Is it too fast?"

"Hall Master, how about you raise your cultivation base to the emperor state and then leave!"

"Hall Master, your cultivation base is probably dangerous!"

"Hallmaster..."

Han Yun, Ye Wudi and others began to persuade Ye Chen.

After all, Ye Chen is only at the eighth level of the Dao Origin Realm. Although he can fight into the Divine Realm, it is too obvious, and I am afraid that it will attract the prying eyes of the strong.

"Nothing!"

"When I arrive in the spirit city and use the space teleportation array, I should already be in the emperor state!"

Ye Chen's gaze swept across the crowd, saying: "In the Palace of Light, the elder Qingjian will temporarily take the place of the head of the hall. Ye Lingtian, Han Yun, and Xue Qi are the deputy heads of the hall. The other strong people listen to their orders. , Ye Lingtian, you must develop the refining vein and alchemy vein as soon as possible!"

Chapter 1362: Don't have a cave

"If you meet a suitable genius disciple, you can teach something out!"

"To create a large number of immortal implements and god-level pills as soon as possible!"

"Those first and second grade immortal tools, if you want to break through now, you can take it away and break by yourself!"

In the nine-layer heaven of the emperor realm, the use of the immortal weapon level when breaking through determines their combat power after breaking through!

The breakthrough of the first-grade fairy weapon is to enter the first level of the gods, if the background is particularly deep, at most the second floor of the gods!

For the same martial artist, if he used the Ninth-Rank Immortal Tool to break through, he would definitely enter the fourth or fifth-tier of the God Realm after the breakthrough, so Ye Chen did not allow a large number of the Ninth Level of the Emperor Realm to use the first- and second-tier Immortal Tools to break through.

Check out this new online game!

But it didn't take long for Lingyi to refine the god-level pill.

Even if you take the pill after a breakthrough with the first or second grade immortal weapon, you can quickly increase your combat power!

At least let Kunlun Xu have some self-protection power!

"Follow the orders of the Lord of the Palace!"

"Please don't worry, the lord, I'll wait to manage the royal court!"

The three of them bowed and saluted at the same time!

Ye Chen confessed again and left directly, turning into an afterimage and disappearing in the sight of everyone, and went straight to the Blood Demon Mountain.

On the stargazing platform, Han Yun stared at Ye Chen's distant back, and sighed: "The Lord has bought time for us to go to the mysterious land of Spirit City. We must speed up and strengthen our own strength! In the future and blood! After the Spirit Race really does it, we can also do our best to help the Lord of the Palace and deal with those animals!"

The lord is going here.

It is very likely that there will be less fortune!

But when the lord returns, I will definitely let the lord see a brand new bright hall.

A bright palace filled with countless strong men!

Only such a Kunlun Xu is worthy of a peerless powerhouse like the Lord!

...

At the same time, in a magnificent palace.

An old woman with gray hair opened her eyes.

There was a faint fairy aura all over her.

If there are strong blood spirits here, you will inevitably find that the clothes and even accessories on the old woman are invaluable!

What kind of concept is this in the high Wu plane that is extremely valuable!

The horror of this person's identity can be seen!

The old woman stood up, a cold light flashed in her eyes.

A weird smile appeared at the corner of her mouth: "Kunlun Xu is just a low-strength plane, and there is such a powerful technique that has come to me."

"If it weren't for me to have a magic weapon, I guess I would really be seen through by that person."

"But judging from the aura of the magic technique, the person found me probably because of those two girls. Are these two girls not as simple as they seem on the surface?"

Lingyun Xianzun thought about this, and then went to a room.

The restriction on the door was removed by her wave.

The door opened, and two shadows appeared in Lingyun Xianzun's sight instantly.

Either of these two shadows is the existence of disaster to the country and the people.

If Ye Chen were here, he would definitely find that these two people were Ji Siqing and Xia Ruoxue whom he had been searching for.

When Ji Siqing saw Lingyun Xianzun, his eyes flashed coldly: "What are you doing here? You imprisoned us here. I won't thank you!"

"If you want to kill us, do it as soon as possible!"

"I Ji Siqing is not a person who is greedy of life and fear of death!"

Xia Ruoxue also wanted to say something, but she knew her strength was low, so she shook her head helplessly, turned around, and stopped talking.

Lingyun Xianzun looked at the two stubborn appearances, and shook his head helplessly: "Why do you guys, I had a reason to save you in the first place."

"As for killing you, my Lingyun Xianzun is not a demon who kills people without blinking an eye."

"My request is very simple. You two should be my apprentices."

"You know, I never collect trash from the lower martial planes. If it weren't for finding that you have good luck and hiding your blood, I wouldn't be like this!"

"Please be clear, this is your greatest opportunity to change your destiny! Or it is the only opportunity."

Lingyun Xianzun is extremely strong with his hands behind him.

Although they didn't deliberately exert coercion, Ji Siqing and Xia Ruoxue were still short of breath, which was very uncomfortable.

Ji Siqing's eyes were cold: "I said, I have a master, I don't want to worship you as a teacher! Also, how can anyone force apprentices! It's ridiculous!"

Perhaps Xia Ruoxue couldn't listen anymore, turned around, glanced at Lingyun Immortal Venerable in her beautiful eyes, and said, "If you really want us to worship you as a teacher, giving us freedom is the best choice."

"Also, I want to meet someone!"

This person is naturally Ye Chen.

During this time, Xia Ruoxue heard a lot of stories about Ye Chen from Ji Siqing.

She couldn't imagine what kind of pain Ye Chen endured to reach the present level.

She missed Ye Chen.

Thinking like crazy.

Lingyun Xianzun's eyes narrowed slightly: "Are you negotiating terms with me? Are you sure you have this qualification?"

Xia Ruoxue did not lose the slightest momentum, stepped out, and her calm voice sounded: "I didn't plan to negotiate terms with you, I just want to see one person. That's it."

Ling Yun Xianzun coldly snorted: "If I guessed correctly, the guy who saw me with spells is the one you want to see!"

"It's a pity that he doesn't know what he can do. I am afraid that he has been seriously injured now!"

"It might even have fallen long ago!"

"Trash I really don't care about it."

Xia Ruoxue was startled, she never expected Ye Chen to have an accident!

She had seen Ye Chen's tracing technique in China! Very evil!

It now seems that everything Ye Chen has used on this mysterious woman is simply not feasible!

Xia Ruoxue raised her head, her eyes were very serious: "She will not have an accident, I know him."

"If you don't give us freedom, he will find us! Then you will end badly."

"I'm sure!"

When Lingyun Xianzun heard Xia Ruoxue's firm words, he wanted to laugh.

How strong is a plane of garbage?

Can she end up miserably?

It's ridiculous!

With a big wave of her hand, she freed Xia Ruoxue and Ji Siqing from the shackles, and ordered: "I don't want to talk nonsense. Since you can't change your mind, I will take you to a place!"

"I believe that when you get there, all your decisions will change."

"go!"

As soon as the words fell, the three figures disappeared completely.

As if it never existed.

...

Ye Chen hurried all the way according to the direction given by the Lord God Pill, and faintly came to a cloud-shrouded place in Kunlun.

Before entering, Ye Chen felt the horror of the outer formation.

The key point is that there is not only one formation around here, but it is composed of countless formations.

Presumably, the person who built this place is a top power who is proficient in formation.

The outer formation is not too difficult for Ye Chen, condenses the power of the blood dragon and breaks directly.

Ye Chen stepped in.

After entering, Ye Chen found that there was a cave inside.

There are many buildings.

What surprised Ye Chen was not only himself, there were other people nearby.

The key is that these people are not weak!

Chapter 1363: Gorefiend Mountain

"Eh, Yang Qing, are you going to visit the Lord of the Blood Demon Mountain, too?"

"Yeah, now it's less than a thousand years, and the spirit entry card cannot be used. You can only go to the Blood Demon Mountain Lord."

"The Blood Demon Mountain Lord is so strong."

"And with a weird temper, it might not be easy to climb his ladder of magic!"

"We can only wait until tomorrow and we all go climbing together."

"Maybe there are more people, and the pressure on Wanmo Ladder can be less."

"It's also..."

Ye Chen listened to the conversation between these two warriors, his expression unchanged, but he was a little curious about Ten Thousand Demon Ladder.

These two are also young martial artists in the fifth and sixth layers of the Emperor Zun realm. According to the truth, these martial artists are Kunlun Xu, who are extremely arrogant. They did not expect to have such a useless confidence in Wanmo Ladder.

This magic ladder.

It's a good idea to understand.

Ye Chen quickly came to an inn and booked a private room. After looking for Xiao Er and ordering some food, he took out a piece of the best spirit stone, handed it to Xiao Er, and said: "I just came here. I need to know about the situation here. !"

The best spirit stone!

The shop Xiaoer's eyes lit up, she hurriedly put it away, and said with a smile: "You can ask me anything, I know everything I can say!"

Ye Chen nodded slightly, but smiled bitterly.

The shop's second person in front of him is also the eighth layer of the Daoyuan Realm.

Unexpectedly, in this place, you can only be a subordinate, and at least one overlord in Kunlun Xu, it seems that you can't underestimate this place, and you have not yet reached the level where you can run wild.

"You probably introduce the Blood Demon Mountain and the surrounding situation!"

"Of course, there is also the situation of the Blood Demon Mountain Lord!"

Xiao Er in the shop brewed for a while, and said with a smile: "Little brother should come from outside Kunlun Xu."

"The small bloodline is a bit special, and can feel things that outsiders can't detect. I found that although the little brother is in the Dao Source Realm, his combat power is at least comparable to the sixth or seventh heaven of the Emperor Realm!"

"Such arrogance is indeed very powerful, no wonder he can come here!"

He saw Ye Chen's path at a glance, and then said in detail: "Our place is close to the spirit city, and it has a little light, so here is a mixture of fish and dragons, there are many powerful people in the Kunlun Void Family. The key is not only Kunlun. There are virtual warriors from other places."

"Some people are from the Zhongwu plane, and some are from the high-wu plane. After being seriously injured, they have to find a quiet place nearby as a place to rest. It happens that we have gathered many such people who have retired due to injury. senior!"

"There are many disciples among them who want to enter the spirit city."

"And entering the spirit city requires a spirit card!"

The shop second swallowed, and continued: "At present, there are strong players with inspiring cards, and only the Blood Demon Mountain Lord of the Blood Demon Mountain is left, but the Blood Demon Mountain Lord has set up a hundred-step Blood Demon Ladder to reject those who come to seek the spirit card. Young warrior."

"There are many strong people here, do they have spiritual cards?" Ye Chen asked.

"It used to be, and some veteran players have it, but their spiritual cards have been used one after another. Next time it will take a thousand years."

Dian Xiaoer said in great detail, "There are also some powerful spiritual cards, which are lost as the descendants who enter the high martial plane fall. Therefore, most of the Tianjiao martial artists are staring at the Blood Demon Mountain!"

"Moreover, every year, these Tianjiao martial artists will organize a grand event on their own, to win over a large number of young martial artists, and climb the magic ladder together."

"This kind of climbing will be a little less difficult, but it has been 1700 years since the appearance of the Blood Demon Mountain, and the highest person can only climb to the sixtieth step!"

"Other Tianjiao martial artists could not bear the pressure and fell. Or they were attacked by surrounding monsters and snakes during the climb. Moreover, even if they succeeded in climbing the mountain, you heard that the Gorefiend Mountain Lord has a bad temper. a bit!"

Ye Chen asked, "Blood Demon Mountain Lord, what is the cultivation base?"

"I don't know!" Dian Xiaoer shook his head and said: "The Blood Demon Mountain Lord hasn't made any shots for thousands of years. I heard that he retired after being injured. I am afraid that the top big people will know the specific strength."

"Thank you!"

Ye Chen asked Xiao Er to go out and was thinking about the Blood Demon Mountain!

The Gorefiend Mountain Lord has a spiritual entry card, but he has never used it for anyone else. Is he worried that those Tianjiaos will be killed in the Outland, causing his spiritual entry card to be lost? Or are there other concerns?

Retired due to injury?

Is there an enemy?

So I dare not let other people use the spirit card, afraid of being questioned and caught myself?

Ye Chen didn't struggle with this question, but instead checked around the mountain and asked for news.

Jianmen City under the Blood Demon Mountain.

Ye Chen heard Han Yun's mention in Kunlun.

Only few people from Kunlun Xu entered Jianmen City.

This place and the Blood Demon Mountain are both forbidden places for Kunlun Xu.

No one is allowed to step in, and stepping in is looking for death.

The lord of Jianmen City entered the sixth heaven of the gods.

And there are many warriors who have entered the realm of gods, the overall strength is much higher than that of Kunlun Xu and the aura in the city is extremely strong, and the foundation far exceeds Kunlun Xu and Huaxia.

"It seems that Kunlun cannot be underestimated."

Ye Chen muttered, and began to practice cross-legged in the room.

He already has a sense of breakthrough.

It may not be easy to climb the Blood Demon Mountain tomorrow.

...

One day later, hundreds of Tianjiao collectively went out of the city and came outside the Blood Demon Mountain.

The Blood Demon Mountain is a mountain with a height of tens of thousands of meters, like a mountain composed entirely of magnetic mountains. A steady stream of red blood flows from the mountain, and a strong killing air lingers for hundreds of miles.

Spring water flows down from other peaks, but Blood Demon Mountain is blood.

It is hard to imagine how many warriors and monsters died on this mountain!

Ye Chen stared at the surroundings of the Blood Demon Mountain and found a lot of remaining soul power, "At least fell to the Hundred Emperor Realm, thousands of monsters!"

"Pull out the blood of these people and monsters and spread it on the mountain, and the blood will flow down."

"There are fierce beasts and human remains everywhere on the mountainside and at the bottom of the mountain. Some bones are even golden!"

"Several humans in the domineering stage have died here! Golden bones are not strong, and the dead should be in the first or two stages of the dominance stage."

No wonder, Lord Shendan warned himself of danger.

The Gorefiend Mountain Lord, on the contrary, is like a demon. He still doesn't understand his hatred when he kills. He also drained the opponent's blood, and the bones were dismantled and placed on the

mountain as decorations. As for the killing power of blood lingering around the mountain, It was enough to kill the Void King Realm Martial Artist.

However, hundreds of Tianjiao martial artists are not afraid!

Gradually they came to the east of the Gorefiend, carrying the strong killing energy around them, and found a ladder up the mountain, a ladder made of pure black basalt rock, extending from the bottom of the mountain to the mountainside, the highest and the lowest Where, the drop is at least four kilometers.

Chapter 1364: Do you dare?

Regardless of the steps, the distance between them is not small.

And there are monsters, poisonous insects and snakes everywhere.

No wonder, more than 1,700 years have passed.

No one has ever really completed the 100-step Blood Demon Ladder!

Visible horror!

"Kunlun Xu people?"

A young man in a white robe recognized Ye Chen at a glance and sneered: "Dare to come over to the eighth-tier heaven of Dao Source Realm?"

He looked at Ye Chen carefully, and said with disdain: "This kind of ants dared to come. It is estimated that the second level of the Blood Demon Ladder can't go up, so it was blown up by the breath, waste!"

joke!

A waste from the eighth layer of the Dao Source Realm, also wants to come to the Ten Thousand Devil Ladder?

What is this not looking for death?

This young man thinks he is a talented person in the sky, and he is also a descendant of the sect person of the starry sky. Now he has the seventh level of the emperor realm, but he does not dare to underestimate the Ten Thousand Demon Ladder, knowing that the Ten Thousand Demon Ladder is not so much a test. It's better to say it's death.

Below the third level of the emperor realm!

Do not approach the Ten Thousand Demon Ladder!

This is almost recognized by everyone around!

The coercion of Wan Mo Ladder is comparable to the five-tier heaven of the ordinary emperor realm. This is still the first ten steps. The first step is the first and the more difficult one. The pressure of qi and blood can crush the ordinary emperor realm three. Martial artist from the heavens, this guy from the eighth layer of Dao Origin Realm is here?

Looking for death?

Don't want to live anymore?

"You kid, don't want to live anymore!"

"This waste, I really don't want to live anymore!"

On the side, there were two more white robe men who looked at Ye Chen dismissively.

As disciples of the Star Sword Sect, the Star Sword Sect is one of the most powerful forces in Lingcheng. There are not many disciples of this sect who can successfully set foot on the Ten Thousand Demon Ladder. This Kunlun virtual person is really looking for death.

Hundreds of people gathered around, most of them were in the fifth, sixth and seventh layers of the emperor realm.

A few are in the fourth level of the emperor realm, and some are the eight or nine levels of the emperor realm, and there are even two peerless geniuses who have entered the first level of the gods!

None of those present were lower than the four-tier heaven of the Emperor Realm!

And this Kunlun imaginary person, only the eighth layer of the Daoyuan Realm?

Kunlun Xu, is already weak to this level?

"What's your name?"

A black-clothed young man walked slowly, carving a long knife on his chest, he was a disciple of the magic knife door, black armor.

Hei Jia stared at Ye Chen and said, "You fellow, your cultivation base is too low, so useless, so go back!"

"This is Ten Thousand Demon Ladder, not a low-level guy like you, you can come!"

"Go back!"

"Don't worry about this waste!"

"Black armor, let's go up first!" said one of the white-robed men, after he drew out the long sword from his waist, volleyed through the blood mist, opened a path, and walked slowly towards the Ten Thousand

Demon Ladder, all over his body. They were all under extreme pressure, and a golden light burst out from their bodies, and they made a sound of sound!

The expressions of many other geniuses were shocked, and it was only at the eighth stage. The coercion of the Ten Thousand Demon Ladder squeezed the opponent's body into a loud voice!

That was a peerless genius at the sixth level of the emperor realm!

The true disciple of Xingjianmen!

They were all crushed by the Ten Thousand Demon Stairs, and the flesh resounded loudly. I'm afraid it won't be too long before they will be crushed!

"Let's go too!"

"Everyone go together!"

Hei Jia shouted, ignoring Ye Chen, and led dozens of young people on the Ten Thousand Demon Ladder together!

Bang bang bang! !

Layers of energy and blood erupted from the Ten Thousand Demon Ladder, superimposed and rolled out, like a sea wave, one strong and one heavy, slapped many young warriors.

"The golden body manifests!"

"Golden body!"

"Manifest..."

Fifty young martial artists, including the black armor, burst out of the golden body, and a golden body appeared, like a Buddhist golden body, resisting the coercion of blood with the power of awe-inspiring righteousness.

The blood coercion of Wanmo Ladder is extremely crazy, which is equivalent to the blood pressure of the top powerhouse of 30 million jin.

Even the fifth and sixth layers of the heavens of the ordinary emperor realm will be crushed!

Now, fifty young Tianjiao in the mid-Emperor Realm had shot together, and they barely resisted, and then dared to climb one by one.

As for the others, when they were still in shock, Ye Chen walked forward slowly, his blood shook slightly, washed away the blood mist, and easily stepped onto the fifth step, and then looked forward to the seventh step. The people on the forum said: "Is this the so-called genius?"

Ye Chen slammed a fist, blasting the blood mist in the air, and stepped up to the seventh step, at the same level as fifty young people!

At this time, except for the sound of the tumbling blood, all Tianjiao was sluggish!

The seventh order!

Is there such an easy way to climb the seventh step of Wanmo Ladder?

Fifty young Tianjiao joined forces, and they all boarded.

This man from Kunlun Xu climbed up alone, he only reached the eighth level of the Origin Realm, how could it be possible!

"If you are so-called geniuses!"

"That's disappointing!"

Ye Chen ignored them and didn't knock them down. He just walked up in a bland way. Feeling the impact of the surrounding blood waves gradually strengthened, every inch of skin was impacted, it seemed to be washed and cut the flesh in general.

The next moment, he suddenly blasted a punch, blasting away the blood on the eighth and ninth steps of the Ten Thousand Demon Ladder, and then walked up without surprise, as if he was really just climbing the stairs. same.

On the ninth level is black armor, looking at all this in amazement.

He subconsciously looked at his gleaming golden flesh, which was being corroded by blood waves, and said in amazement, "This is the eighth layer of the Dao Source Realm?"

"Is there such a powerful Dao Source Realm eight-layer heaven?"

"The flesh is much stronger than us!"

The black armor was alone, walking out of the range of everyone's power, and was quickly severely injured by the blood wave. When he fell down, when he got up, the shock in his heart was like turning over the river. "The pressure of this blood wave is equivalent to entering the first level of the gods. The power of heaven!"

"What's more, if you normally enter the second layer of the gods, you may not be able to block this force!"

"He is a Dao Origin Realm eighth-tier heaven?"

"It can be blocked, not only can it be blocked, but it is not hurt at all?"

Not only Black Armor, but dozens of young people in the seventh stage all stared at the seventh-tier Ye Chen blankly. This is not the eighth-tier heaven of the Dao Origin Realm, this is at least the seventh-tier heaven of the Emperor Venerable Realm!

No, how can this be done!

This person from Kunlun Xu must have been resurrected by an old monster.

Either it was an old monster, deliberately lowering the cultivation base!

Otherwise, how could this be!

Kun Wu, a young man in white on the seventeenth step, knelt down, his body was covered with scars, his golden body was cracked, and a drop of blood was flowing.

While he was recuperating while resisting the coercion of the blood wave, he was shocked to see Ye Chen walking up, thinking that he was dazzled, and shook his head but saw that the other party was unharmed, he couldn't help but ask: "You...you, who are you?"

Chapter 1365: madman

"I'm Ye Chen!" Ye Chen replied, stepping gently across hundreds of meters, and ascending to the seventeenth step, blasting the blood pressure with a punch, staring at Kunwu and said: "Your physical body can't do it, you will die if you go on!"

Must die?

As a true disciple of the Star Sword Sect, if I continue to go up, will I die?

Kun Wu couldn't help asking in surprise: "Are you from the eighth layer of the Dao Source Realm just now? A person from Kunlun Xu?"

"My name is Ye Chen!"

"From Kunlun Xu!" Ye Chen ignored him, took a step forward, and continued to the tenth order.

Soon after dozens of seconds, Ye Chen had already climbed to the 29th step, and the surrounding blood pressure was getting stronger and stronger. He faintly reached the power of a stronger realm, that is, he would normally enter the first or second level of the gods. The warriors of Wu came up and had to suffer a lot, but Ye Chen was fine.

Kunwu in the nineteenth stage has been unable to accept this situation!

The sixth heaven of my emperor realm!

The third-order golden bully body.

Can't even reach Kunlun Xu, a person from the eighth layer of the Dao Source Realm?

Am I so weak?

Or are the Kunlun Xu people too defying the sky?

"I still don't believe it!"

"You can go up to the twenty-ninth step on the eighth floor of the Dao Source Realm, I can't go up yet!"

"How can my disciple of Xingjianmen not be better than your Kunlun Xu people!"

"Bloodline Secret Technique!" Kun Wu shouted, moving the shaft to get up, and a burst of extreme qi and blood burst out of his body, wrapping him up, making him look like a divine sword, extremely sharp, and rushed straight up.

Bang bang bang! !

boom! !

The coercion of blood waves was repelled by him.

He successfully reached the fourteenth step, and when he was not standing still, he suffered an extreme qi and blood attack, as if the **** of blood stabbed him in the air, causing him to be scarred, and he fell straight down.

Twenty orders.

Nineteenth order.

Eighteenth order.

.....

Third order.

Second order.

level one.

Kunwu fell directly beyond the Ten Thousand Demon Ladder. His scarred body was dazzling and dazzling. He looked at Ye Chen who had already climbed to the thirtieth step in amazement. He couldn't help but be shocked, "Who is this person, how can he be so powerful? "

"Am I inferior to him?"

"I'm the sixth-tier heaven of the Emperor Realm!"

He is the eighth layer of Daoyuan Realm!

It's just eight small realms.

Am I so bad compared to him?

What he can do, why can't I do it!

"Kun Wu!"

"Brother Kunwu!"

"Quickly, take the pill and restore the physical body!"

Several disciples from the Star Sword Sect came, one of them took out a god-level pill and handed it to Kun Wu.

The person looked at Ye Chen on the Ten Thousand Demon Ladder, his eyes were deep, and he said: "This person comes from Kunlun Xu, and it is not simple. It is very likely that he was a disciple of many great powers in the ancient times of Kunlun Xu, or he had obtained those great powers. Inheritance of power!"

"Don't fight with him!"

"His physical body and the power of blood and blood are ten times stronger than yours!"

As soon as these words came out, so some eyes were staring at the disciple who had half-stepped into the gods.

When I looked at Ye Chen again, the contempt and disdain in his heart turned into shock!

Just ask!

Who can stand shoulder-to-shoulder in the Daoyuan Realm?

Ancient times!

In ancient times, I am afraid there is none!

Ye Chen must not compare with him, but rushed to Lingcheng to report to his master. Kunlun had an unparalleled arrogant talent, so be careful!

Although Lingcheng belongs to Kunlun Xu, the people in Lingcheng feel that they are superior to Kunlun Xu because of the space for the teleportation array!

Ye Chen ignored the situation under the Ten Thousand Demon Ladder, but when he kept climbing up, he saw a lot of people along the way, some of them were in the old emperor state, some were half-stepped into the divine state, and some were in the first or second level of heaven. The flesh is extremely powerful.

Like the old man on the thirty-seventh step, half stepped into the **** realm, but his physical body was the fourth step of the domineering stage.

Surrounded by a very strong murderous intent, he is definitely a strong veteran!

Whoosh whoosh!

Whizzing! !

Voices came from all around.

Ye Chen quickly stepped away, and a group of red corrosive liquid appeared on the ground, which was the solid Ten Thousand Demon Ladder, and a small hole appeared.

When I look back again, a scarlet poisonous snake, dozens of feet long, is covered with blood-colored scales and has short limbs. The head of the snake has a faint horn. It is a flood dragon, a flood dragon that has been practicing for more than two thousand years, and it also carries a poisonous venom. The breath seems to be the eighth layer of the emperor realm!

Such a scarlet flood dragon is supposed to be a half dragon, but it still preserves the old venom.

Presumably, the native monsters of the Blood Demon Mountain have absorbed blood energy for many years, and they have cultivated from poisonous snakes to the realm of flood dragons. Although their bloodlines are not pure, they are much stronger than some real dragons. Even the Demon King of Hundred Wars is not necessarily the case. opponent!

"It's good to come!"

"I caught you and used it to deal with the **** of the blood spirit race!"

Ye Chen was not afraid. He rushed up with a few vigorous steps, dodges the venom sprayed by the dragon, and punched out. Thousands of extinction in the fists, the Buddha chanted the scriptures in unison, and countless dark scriptures lingered around his body, turning into two Silk tied the scarlet dragon.

next moment!

The fist mark arrived, and with a bang, the scarlet dragon's dragon's head was broken, and the poisonous blood was spilled on the ground, corroding the scorched earth around it to ashes.

There is a Ten Thousand Demon Ladder in the middle of the Blood Demon Mountain, and there are scorched earth mountains on both sides. Walking on it, anytime and anywhere, you must prevent being attacked by sudden beasts or poisonous beasts!

"Roar!"

"You human, **** it!"

The scarlet dragon was panting heavily, and the snake tail swept away. If the Great Wall of Steel was crushed by it, Ye Chen would easily dodge it, but the old man who was half-stepping into the divine realm beside him was hit and his body burst out. , Blood flew out.

The old man spurted blood continuously, and his chest gradually showed the aura of his debut. The golden body was actually corroded by the poisonous snake tail!

He was furious and scolded: "You wicked animal, the old man has never offended you, why hurt me?"

"Old stuff!"

"This king will kill this little boy again, if you don't want to die, get away!"

The Scarlet Flood Dragon is not a gentleman. Most of his body is still in the mountains, and he has not fully set foot in the range of the Ten Thousand Demon Ladder. Otherwise, he will also be attacked by the coercive blood pressure, but Ye Chen resists its venom while resisting the Ten Thousand Demon. The coercion of the ladder seems to be easy.

"Baby!"

"You dare to hurt me, I want your body!"

"Swallow you, this king will be able to transform into a real dragon!"

The scarlet flood dragon raised its head, and quickly spewed a few venoms. From time to time, its stubby claws were also attacking Ye Chen.

"brute!"

"I still want to conquer you. I saved my strength just now, but I didn't expect you to seek your own death!"

"Fine, I'll send you back to heaven!" Ye Chen yelled, and his body flashed with billowing devilish energy, punched out, countless Buddhist scriptures lingered out, as dazzling as the blazing sun, unparalleled in terror, sealed off the space, sealed off the scarlet dragon. Retreat!

Chapter 1366: An act against the sky!

The scarlet dragon roared, and a light green flame spewed out of its mouth, which seemed to be its true flame.

Dragons have Ni Yan, and Jiaolong also has some abilities.

With its scarlet pupils, staring at Ye Chen, he gradually felt a sense of crisis. The little boy in front of him had a particularly low cultivation base, but it was not simple, and he could not be treated as the waste of the Star Sword Sect!

Boom! !

Click! !

The fist prints composed of countless golden Buddhist scripts shattered the pale green fire dragon's true flame and shattered half of the scarlet dragon's head.

The scarlet dragon stared at the flying fist prints in a panic, and shouted, "Senior, spare your life!"

"I am willing to follow seniors!"

The scarlet flood dragon narrated anxiously, its huge long eyes staring at the fist prints flying over it.

Check out new PVP arena battles!

At this time, it truly felt Ye Chen's strength. This fist seal already possessed the power to enter the third-tier heaven of the gods, how could it be able to bear it!

Furthermore, Ye Chen is the eighth layer of the Dao Source Realm!

If you can follow, it would be an opportunity!

Huhu!

call!

The fist marks in midair dissipated.

Ye Chen looked at the scarlet dragon with a smile and said with a smile: "Since I am willing to surrender, I will set a seal for you!"

"Willing to surrender!" The scarlet flood dragon lowered his head and lay obediently on the ground. It was covered with blood-red scales and limbs, like a four-legged snake. It can only be said to be an incomplete version of a real dragon. The blood is not strong, but the combat power Not bad, the eighth-tier heaven of the Emperor Zun realm is comparable to the second-tier heaven of the Divine Realm!

It is also very rare to practice for two thousand years.

Wow! !

A sword imprinted from the universe flew out and imprinted in the mind of Scarlet Flood Dragon!

Has been completely sealed, as long as you dare to give birth to the slightest rebellion, you will directly burst and die!

"the host!"

"Master, are you from the Gaowu plane? So powerful!"

The scarlet dragon slowly crawled out of the mountain and came to the Ten Thousand Demon Ladder, and asked: "Master, your combat power is the warrior who enters the fourth level of the gods, and it can't help you, but you only have the way. The source realm eight-tier sky can fight across dozens of realms!"

"Which high martial plane are you from?"

"Little wants to follow you back!"

The master's background is too deep!

I have been in this Blood Demon Mountain for more than a thousand years, and I have never seen such young talents!

It has crossed dozens of small realms against the sky to hurt the enemy, and it has also crossed the difference between the immortal and common. I am afraid that when the Gorefiend Mountain Lord is at this level, he is not as powerful as his master!

Seeing Scarlet Flood Dragon's attitude.

The old man who was half-stepping into the divine realm on the side all had a look of astonishment. He had cultivated here for decades with the help of qi and blood, and wanted to get the spiritual card, but he did not expect to see this scene, not only whispered: "This person is not high in realm, he is a generation of arrogance, and the realm may not be able to represent his combat power!"

Cross over a dozen small realms!

This is not the time of the Immortal Ascension Realm or the True Essence Realm, when it was nothing to cross a dozen small realms.

But this is Daoyuan, Emperor Zun, and God-entering Realm, a realm and a heaven!

It often takes hundreds of years to advance to the next level, but the young man in front of him has the ability to cross dozens of small realms. What kind of school does he come from?

"It's not a high martial plane!"

"I'm from the nearby Kunlun Xu!" Ye Chen asked slowly: "Are there many fierce beasts like you in this Blood Demon Mountain?"

"Back to the master, the little one has cultivated in the Blood Demon Mountain for more than a thousand years. There are fierce beasts all around, and the situation is similar to that of the little one." The scarlet dragon replied, "It's just that, one thousand and seven hundred years have passed. Someone stepped into the 61st step, and the fierce beast with a stronger formation might be guarding!"

It paused for a while, and then said: "It's just that even after going up to a hundred thousand magic ladders, you may not be able to see the Blood Demon Mountain Lord!"

"The Lord of the Blood Demon Mountain encountered strong enemies in the past, so many formations were arranged on the top of the mountain!"

"It would take a lot of work for the master to see the Gorefiend Mountain Lord and obtain the spirit card!"

Over the years, there have been people who have climbed the Ladder of Ten Thousand Demons.

But the higher the Ten Thousand Demon Ladder is, the more fierce beasts will be guarded by the formation. Those who break through the barrier must not only resist the pressure of blood and blood at each stage, but also resist the attacks of the fierce beasts around. Of course, there are also some people who stay in the middle level, looking for a suitable place, and soak up the blood to practice!

However, they did not dare to continue climbing!

The higher it is, the more it means death!

Nine hundred years ago!

The Tianjiao who stepped into the sixtieth step encountered a half-step into the gods. Under the pressure of blood and the attack of the horned dragon, he had to retreat. He is still recovering from his injuries. As a teenager enters a youth, it is impossible to get a spiritual card from that person in this life.

The spirit entry card of Blood Demon Mountain is the only spirit entry card that can be used for nearly a thousand years!

But it is also the most rare entry card!

There are countless Tianjiao who died on Ten Thousand Demon Ladder. Every time Ye Chen stepped up one or two steps, he saw dozens of Tianjiao's bones. The blood spread all over the mountain. The limbs were removed and placed around, leaving only the torso lying on the stairs. on!

Ye Chen thought as he walked up, "This Blood Demon Mountain Lord isn't it because of thinking problems?"

"Screw all the great arrogances to death, and demolished their bodies!"

"Could it be that it was because of the previous injury that caused the sanity to be unclear, so this is the reason?"

He climbed to the fifty-seventh step, then looked at the scarlet dragon on the side, faintly unable to bear it, and said: "You are practicing here, absorbing energy and blood, and I will continue to go up!"

"Sorry, Master!" The scarlet dragon's body was bursting with scales, and the golden blood flowed down the stairs. It was extremely weak. Although it was not attacked by the beast, it was almost killed by the pressure of blood and energy.

It stared at Ye Chen's continued upward figure, gradually feeling a little bit.

Sure enough, the strength is too bad.

Can't follow the master to continue up.

No, I have to work hard to break through, at least wait until the master comes down to see me, take me to the high martial plane to practice!

Yes, the appearance of the master is my great opportunity!

Opportunities are hard to come by!

Must seize the opportunity!

Soon, the Scarlet Flood Dragon also began to cultivate, and the scales were shattered and grown again and again to increase the strength of the physical body and the strength of blood and blood. Now, to improve the strength and follow Ye Chen has become its main purpose.

Ye Chen arrived at the sixtieth step, and saw seven or eight old men and young people along the way. Most of their cultivation bases are between the nine levels of the emperor realm and the half step into the gods. They have the ability to cross borders, but they dare not. Up.

He looked at the fierce formation monster beasts of the sixty-first step and the surroundings, all of which had the cultivation base of half-stepping into the gods.

I couldn't help but smile: "This level of formation is fierce beast, do you want to stop me?"

After saying that, Ye Chen struck out a few punches to annihilate the Buddha Kingdom, and forcibly beat the three and a half-headed fierce beasts into the divine realm so that their lifespan was exhausted, and then further smashed the blood pressure with their flesh and successfully entered. The sixty-first step, and keep going up!

Chapter 1367: Shock

His seemingly light and indifferent behavior caused shock to everyone below!

Hei Jia ignored the scruples of the same door and shouted excitedly: "The sixty-first step, the sixty-first step!"

"The record for nine hundred years has been broken!"

"The record has been broken, so I quickly notify the Master, Kunlun Xu has come to a peerless talent!"

Nine hundred years!

The record of the 60th step of Wanmo Ladder was actually broken, miracle, it is a miracle!

This foreign Ye Chen is expected to succeed in reaching the top!

This Ye Chen, up to the sixty-first step, was not only unscathed, but his strength was gradually increasing!

Nine hundred years ago, the Tianjiao was nearly severely injured and dying when he reached the sixtieth step, and was finally blown off by the blood. That one, but the peerless Tianjiao who entered the second-tier heaven of the God Realm, and even his combat power is comparable to that of the beautiful City Lords!

So, they were all beaten down!

This Ye Chen is actually still climbing.

Most importantly, unscathed!

Under all eyes, Ye Chen climbed the seventieth ladder.

Soon, the seventy-first order

Rank 72!

Seventy-three

.....

Seventy nine

Eighty orders.

Still going up, every step of the stairs, it seems to be walking normally.

A peerless powerhouse who has entered the fourth and fifth levels of the gods, I am afraid that this will not be possible!

"What a strong kid!"

"The sword aura and nirvana aura on his body is very strong!"

The city lord of Jianmen City and the head of the Star Sword Sect under the mountain also heard the movement and stared at Ye Chen quietly.

The city lord narrowed his eyes, and said with emotion: "This one is too strong!"

"This physical body is at least Tier 5 of the Domineering Stage!"

"The young martial artist who has not yet arrived at the age of 30 has actually achieved this step!"

"He didn't come down from the plane of Gao Wu, right?"

He stroked his beard and said slowly, "A Tianjiao martial artist who came out of the plane of Gaowu was seriously injured and his realm fell, but he was still in the flesh, but he couldn't enter the spirit city, so he came to Blood Demon Mountain!"

It seems that only this reason can perfectly explain Ye Chen's current situation!

If it is said that Ye Chen really only has the cultivation base of the eighth layer of Dao Origin Realm!

Kill them, they don't want to believe it!

Tianjiao in the sixth or seventh level of the emperor realm can generally reach dozens of ranks, and the peerless Tianjiao can reach about 30 ranks, such as Hei Jia and Kun Wu. But to say that the sixtieth order, or even the eighty up, is absolutely impossible!

gradually!

A large number of warriors gathered under the Blood Demon Mountain to witness the grand occasion of reaching the 100th step of the Ten Thousand Demon Ladder!

One thousand and seven hundred years!

The strongest person was only the tianjiao from nine hundred years ago, and he reached the sixtieth rank!

Other Tianjiao, no matter how strong the strength is, it is only Tier 54.

Now, one hundred thousand magic ladders are about to be stepped on!

This is a grand occasion for thousands of years, and it is also a moment worth remembering.

Ye Chen, who is about to set foot on the hundred steps of the Ten Thousand Demon Elevator, will also be remembered in history and passed on from generation to generation!

Spirit city's entry card!

It is estimated to belong to Ye Chen!

When he returned again, if he returned the Blood Demon Mountain Master, I am afraid that in the surrounding dozens of cities, it would be difficult for a talented arrogant like Ye Chen to appear in hundreds of years, let alone copy Ye Chen's grand occasion!

Ye Chen didn't care about the voice under the Blood Demon Mountain.

He stepped into the ninety-fifth step, his flesh was crushed clang, but at the same time the strength of his flesh was gradually increasing.

Qi and blood also slowly increase upwards, as long as the Way of Annihilation is one step forward, he can break through at any time!

"This Ten Thousand Demon Ladder is not only a barrier, but also a good place to temper the flesh!"

"Now, I am at the fifth level of the golden body and domineering body, I am afraid that when I fully set foot on it, I can reach the sixth level!"

"By then, my strength will be doubled!"

Ye Chen muttered to himself, and then his figure exploded, and he stepped on the 96th step, the 97th, 98th, and 99th steps. The flesh and blood were gradually torn, and it seemed that he couldn't bear it. pressure.

"It's still an order!"

"level one!"

"Physical body, get me free!"

Ye Chen snorted, took out the energy liquid obtained from Wei Wucheng, sprinkled it in front of him, and forcibly used the power of the energy liquid to temper his body. These energy liquids should be extracted from the body of the warrior who entered the gods!

The effect is much better than the blood of the monster beast in the overlord stage!

The next moment, Ye Chen's torn flesh began to gradually recover.

boom! !

Ye Chen burst out with a rush of blood and blood, and his body bloomed with infinite golden light, which turned into a blow, exploding the coercion of blood and blood in front of him.

He successfully reached the hundredth level, and his body was also transformed at this moment, and he truly reached the sixth level of the dominance stage. The ancient Sanskrit characters were swimming in the body, extremely bright!

If you reach the seventh stage of the Domineering Stage, you can absorb the qi, temper your body, and then easily enter the transformation stage!

"senior!"

"Senior Gorefiend, was there ever?"

Ye Chen looked around the Blood Demon Mountain, and saw that there were many formations. The top of the mountain was a plain, full of various formations, Zhoutian Star Formation, Qiankun Lihuo Formation, Erjia Inverse Demon Formation, Dikui Tianqiang Formation Wait for hundreds of formations to circulate endless aura of killing and killing, it is the warrior who enters the early stage of the gods here, they may fall at any time!

He looked forward, and there was a small house behind the formation, and shouted: "Senior Ten Thousand Demons, junior Ye Chen, come and ask for the spirit card, enter the spirit city, save my friend, please cut love into the spirit card!"

Shattering! !

Wow! !

A wave of demon wind hit from all around, entraining scarlet blood in the wind.

Qi and blood faintly condensed into a human heart. A tall and thin man in black robe stood in front of Ye Chen with a mask. He couldn't see his appearance or how old he was, but he felt like an abyss, as if staring at him. Just staring into the abyss.

He is indeed the Gorefiend Mountain Lord!

A river of blood hovered behind the Lord of the Gorefiend Mountain, and the strong smell of blood spread all over the top of the mountain. It was hard to imagine how many people he killed.

On the corner of his lips, he sketched a wicked smile, looked at Ye Chen carefully, and said, "Your body is very powerful and intent to kill, which is equivalent to the strength of the ordinary gods!"

"And you are the eighth layer of the Dao Source Realm!"

"Compared to the fifth level of the gods, you are seventeen small realms!"

"It's hard to believe that you can actually cultivate such a strong power beyond this realm, but I think you don't have much understanding of the power of Tao, and you should not practice for a long time, otherwise you will have a lot of understanding of the power of Tao!"

The power of Dao and the prototype of Dao mainly determine the realm of the warrior.

And the power of blood and soul determine the combat power of the warrior!

Of course, the power of the Dao and the prototype of the Dao can also increase the power of vitality and blood. For example, the way of dying, a punch can not only have strong power, and even after hitting someone, it can destroy the life of others. It is a special ability. Up.

The kid in front of him is a bit weird in his cultivation.

Chapter 1368: Adversity breakthrough

With such a strong qi and blood power and a sixth-order golden body, ordinary people cannot cultivate such a powerful combat power until they reach the realm of God!

"Boy, the breath on you is extraordinary!"

"Your inheritance should come from the great figures of Kunlun Xu!" The Blood Demon Mountain Master said slowly: "The Lord of Ten Thousand Dao Swords, Chen Tianli, Lord of Immortality, Seven Nights God Blood Qiye, Hundred Sword God Nie Baijian, Slaughter Daojun, who is your master?"

"Five great masters in the Mixed Origin and Hedao Realm!"

"They are all giants on one side, which one of them has you inherited?"

The Gorefiend Mountain Lord's eyes were very sharp, and he could directly see some special substances on Ye Chen, such as sword aura, such as the way of killing, etc., these things can't be seen by the weaker, it doesn't mean that he can't see it!

Check out new PVP arena battles!

Ye Chen was frightened, he even suspected that the other party knew about the reincarnation cemetery.

Otherwise, how could it be possible to say so many masters in one breath!

These people are all related to him!

This is too scary.

Ye Chen suppressed the shock in his heart forcibly, and said:

"senior!"

"There is no need to say where the teacher is."

"I'm here just to get a spiritual card and enter the spiritual city to save people!"

"Senior please cut love!"

"This thing is a fifth-grade immortal artifact, which is given to seniors in exchange for the Lingcheng entry card!"

He took out a fifth-grade immortal weapon, which was the weapon that Wei Wucheng had captured.

He exchanged this magic weapon for a spiritual card!

After all, he didn't expect the Gorefiend Mountain Lord to give himself the spiritual card for no reason!

With a wave of the Blood Demon Mountain Master, a devilish energy burst out, flying the fairy weapon aside, and said with a stern voice: "I don't need a fairy weapon, want to enter the spirit card? Let's make a formation! One hundred and eight formation, according to Zhou Tianxingchen , Sun, Moon, Galaxy, and Zodiac!"

"You can get through, and the spirit card will be given to you for free!"

"If you can't break through, you are the first person to set foot on the top of the mountain in 1,700 years. I will spare your life!"

"However, you can't get through it!"

One hundred and eight formations!

It was the people who had entered the seventh or eighth floor of the Divine Realm, and they couldn't get through it!

The final result is nothing more than the killing air of the formation, and life and death have become blood fog!

Nian in the past, he also had a fate with these strong men and got some benefits, he didn't kill Ye Chen!

"senior!"

"Just break into the formation?" Ye Chen examined these formations. Although it is dangerous, he must go!

The entry card to enter the spirit city! He will definitely get it!

"Correct!"

"Then you go!" The Gorefiend Mountain Master waved his hand to condense a **** token with devilish energy, and threw it to Ye Chen: "I don't want to die, crush this token, you can send it out!"

"You can't break this burst!"

Ye Chen threw the Scarlet Token and broke into the first formation alone!

Zhoutian star formation.

Based on the thirty-six days of the week, using the power of the stars to transform into a formation method, as long as the stars do not die, they will come out with continuous power.

After he entered Dafa, the surrounding scenery changed drastically. It was no longer mountain peaks, but a vast starry sky in front of him. There were red stars under his feet, which did not emit any luster, but were extremely small and could only support themselves to stand on.

In the vast sky!

Thirty-six star array eyes, located in the four directions, southeast, northwest, shining bright golden light, like thirty-six suns.

Then, a gust of wind rolled out.

The nine stars in the east are even more radiant, shooting out a lot of luster to dazzle many stars.

Each star array eye is lit, and the star array eye turns into a handle **** will kill, the endless stream of gods will be like falling down waterfalls, endless!

"Golden Body-Overlord Body!"

Ye Chen snorted, his flesh gleaming with golden luster.

He protects his head with his fists, and wants to hold the sword, first try the power of the sword, and then look for the opportunity to explode these stars!

To break the Zhoutian star formation, unless all the stars are killed!

Can't dodge!

Once dodging, the star formations of the other three parties will also explode at the same time. At that time, the surrounding area will be attacked and killed by the Divine Sword, and it will be impossible to hide.

So when one of the stars bursts out, you must resist!

Can't resist?

dead!

Whoosh whoosh!!!

Whizzing!!

A divine sword struck and smashed into Ye Chen's body, quickly breaking and breaking.

Almost every second, dozens of divine swords hit, and hundreds of them are added together, which is extremely terrifying.

Come in from the ordinary into the gods!

I'm afraid it won't be long before he will be shocked on the spot!

"about there!"

"First kill the eyes of the stars!" Ye Chen kicked his left foot, and with the help of the stars under his feet, he pushed up many divine swords with his left hand suddenly!

Fist the country of Buddha!

Whoosh whoosh!

Whizzing!

The golden Buddhist inscriptions poured out, and a golden Buddhist kingdom gradually condensed.

Thousands of Buddhas chanted the scriptures at the same time, and countless Buddhist scriptures were interspersed and scattered like ribbons, wrapping the golden Buddha kingdom and smashing a divine sword along the way. Before reaching the nine stars in the east, the Buddha kingdom burst out into dozens. Dao power has entangled the eyes of these stars!

"burst!"

As Ye Chen's voice fell dozens of forces and countless Buddhist texts burst open.

Bang bang bang!

Boom! !

The eyes of the stars burst, turning into the power of infinite stars, floating around the big array.

Ye Chen leapt out quickly, manifesting the way of dying, grabbing the power of these stars and using it to perfect the power of the way.

Right now!

Twenty-seven stars from the other three parties exploded with dazzling luster at the same time, as if to destroy the sky and the earth.

Three huge divine swords flew out from three directions, making traces in the starry sky, as if to follow the passing time.

Ye Chen moved just now!

When absorbing the power of stars, it exceeds the limit!

The eyes of the other three stars moved in unison, bursting out the strongest sword of killing.

puff!

The blood flies.

Ye Chen's shoulder was pierced by a divine sword, he turned around and punched a divine sword, and was pierced by another divine sword behind his back.

"No!"

"Go back!" Ye Chen looked at the three remaining array eyes to the east, as well as the divine sword attacked by the surrounding three parties, and had to return to the place where he stood when he entered the formation. Will not be attacked by the other three stars.

He reluctantly drew out two divine swords, crushed them and turned into the power of stars!

To temper your own way of death!

The power of Tao!

Not only can you practice by yourself!

You can also use other powers to cultivate, but few people dare to do this, and few can do it.

Ye Chen is the only and the most special!

The way of dying behind him, under the nourishment of the power of the stars, gradually grows, from 200 meters originally to 270 meters, "Taking some power of the stars, I can break through Daoyuan realm nine-layer heaven!"

Chapter 1369: Universe Lihuo Array

Qiang Qiang! !

Qiang Qiang!

There were only three star formations left in the east, and the divine sword continued to attack and kill Ye Chen.

Ye Chen was observing this formation while blocking it!

If this formation is not a powerful person, trespassing is a dead end. Once you want to escape, you will die faster. If you don't escape, you will be killed by a star formation, but the strength will not be supplemented. Will be consumed.

No wonder it can be called the Zhoutian Star Array!

Such a formation can not be broken unless it has the power to enter the five-layer heaven of the gods!

Whoosh whoosh! !

Whizzing!

Under the starlight, the power of countless stars turned into a long sword to attack and kill, like Ruotaotao, the river was endless, the tyrannical sword aura broke through the numerous obstacles, carrying the world-destroying aura, to destroy Ye Chen.

"Fist in the Buddha country!"

Ye Chen yelled and punched out, and countless nirvana Buddhist scriptures emerged, turning into a sea of nirvana, annihilating the Star God Sword.

He stretched out his left hand, the golden body once again manifested, and then grabbed the power of the stars in it, and used it to temper his body!

Way of Death!

The power of Tao!

At this moment, the sea of extinguishment appeared, like a sea of bitterness, where the birds do not save and the feathers do not float.

Everything, including the Stars Divine Sword, will only turn into Dao Dao power and strengthen the Sea of Annihilation!

What about the Zhoutian Star Array?

What about the stars in the Quartet?

How can you kill me!

Just want me to fight!

Then I will use this array to strengthen my way of death!

"Jianmen, manifest!"

"Exit!"

Ye Chen shouted violently, took out the Ghost Sword Sword, with a sword soaring to the sky, thousands of sword auras burst out, and a magnificent round of sword gate appeared on the top of his head. It was good for the Sea of Annihilation. The exhausted sword aura, rushed towards the three remaining stars in the east!

boom!

A star is shattered!

The power of the stars was grabbed by Ye Chen out of thin air and thrown into the sea of extinguishment!

The next moment, the sea of nirvana boiled, and the force of nirvana poured into Ye Chen's body, not losing his lifespan, on the contrary, it was nourishing his physical body. After that, he immediately hit and carried Ji The power of destruction!

Regardless of fists and swords!

As long as you hit the enemy, you can kill the enemy's life!

No matter how old it is, an old monster who dares to be an enemy of Ye Chen will turn into a dead bone in an instant!

boom!

boom! !

Two crackling sounds came out!

The remaining two stars burst open, and the power of countless stars gushed out, and they were all absorbed by Ye Chen and merged into the sea of solitude!

"The Way of Death!"

"The Way of Killing!"

"Indestructible Kendo!"

"open!"

Ye Chen rose from the sky, with three powers floating behind him.

The three paths lie horizontally in the starry sky like three galaxies, transforming into a path of power to attack the stars on the other three sides!

"The realm of Tao!"

"Break it for me!"

Ye Chen lingered around his body with a wave of demonic energy, and his flesh also appeared to be powerful!

He smashed the seven stars to the west with one punch out of thin air, grabbed the huge power of the stars, and merged it into the sea of silence!

The next moment, a force of death rushed to the surrounding area of the formation, and the stars burst one after another, and countless dazzling brilliance flashed around the formation, even though the Zhoutian star formation was swaying violently!

Obviously, it is impossible to resist this breath!

However, Ye Chen also glowed with an unstoppable air force, and the path of nirvana behind it was also as long as 300 meters. It was the same as the path of killing and the path of immortality, and turned into a sea river of three kilometers wide. , Countless nirvana sword qi, slaughter swords, and immortal **** will rush out to attack and kill the three parties!

now!

Ye Chen broke through to the ninth level of the Dao Source Realm!

The way of nirvana is completely perfected, as long as the three ways are merged, or all the three ways are transformed, you can enter the emperor state!

"Zhou Tian star formation?"

"But so!"

Ye Chen sacrificed a sword, the Sifang Silent Sword Qi gathered, a sword in the clear sky, life and life smashed the Zhoutian star formation!

Boom! ! !

The Zhoutian star formation burst open, and countless fragments flew out, bombarding towards the surrounding formation!

Boom! !

Two formations could not withstand the impact of the fragments, and burst open immediately!

The three formations burst, and the superposition of the aftermaths caused the surrounding five extremely fragile formations to explode one after another!

Come this way!

Ye Chen destroys the Zhoutian star formation with one sword, which is equivalent to destroying the eight formations with one sword!

"It seems that one hundred and eight formations are not all extremely strong formations!"

"The other seven formations shattered by the aftermath!"

"At most, only the power to kill the fifth and sixth layers of the emperor's realm!" Ye Chen looked at the formations in front of him, he had entered the second layer, and there were seventeen formations in front of him. Fadu flowed out a very strong luster, among them there was a very strong big array, the Qiankun Lihuo array!

The universe is out of the fire array!

It is a formation formed by the power of the universe and the power of Lihuo!

The Tao of the Universe is the Tao of the heavens and the earth, vast and infinite, it is the most expansive Tao power and the most powerful Tao power in the world. It contains the Tao of time, space, five elements, mountains, rivers and trees. Wait With such power, no one in Kunlun Xu has cultivated it.

Because it is too grandiose, it is necessary to study every law and every thing in the world to understand the original foundation of the world. In this way, he is a peerless genius, and it takes thousands of years to get a preliminary understanding, but I am afraid that there is no time for ten thousand years. , I can't figure out any specific ways.

"The universe here is out of the fire array!"

"It does contain sporadic ways of the universe!"

"The sporadic power alone is enough to make me feel the crisis. The way of the universe is indeed tyrannical!"

Ye Chen stepped outside the formation, staring at the shining brilliance in the formation, and smiled:
"The way of leaving fire is also an extremely powerful way of power, but it can break open and absorb the power in it!"

"Maybe, I can break all three ways!"

"Break and stand, become the prototype of the avenue!"

"With the prototype of the three avenues, my combat power is three times that of others, and the increase is three times that of others!"

"As for fusion!" He paused for a moment, thinking about one side: "After fusion, it may not be strong. Instead of merging now, it is better to wait until the power of the three daos are all turned into real avenues, then merge again, and merge into an invincible avenue. !"

Dao Yuan Jing comprehend the power of Dao!

The emperor state has transformed the prototype of the avenue!

After entering the realm of the gods, the avenue bred will be nourished, so that it can accommodate other laws and strengths, and then strengthen and extend.

The person who enters the realm of gods and martial arts is based on the length of the avenue and the width of the avenue. At the same time, the avenue will increase the power of blood and soul. With the help of the power of the fairy, Ye Chen is confident that he is on the move. When entering the emperor's realm, use your own strength to fight against the powerhouses who have entered the fourth or fifth heaven of the gods!

Wow~~

Ye Chen entered the Universe Lihuo Array, and countless red flames and cyan flames attacked around him, like an alchemy furnace.

Chapter 1370: 3 powers

The top of the head is a tripod cover, surrounded by the tripod body, which was burned red by the flames and shimmered with cyan luster. Below is a sea of flames gathering flames. In the middle are several floating fire-colored stones, and Ye Chen is in it. One above!

This big formation is based on the way of leaving the fire!

Supplemented by the power of the Tao of the Universe, it transforms into an alchemy furnace, which seems to be up to a hundred meters high, but when viewed from the outside, it is just a formation of tens of meters high and low. The power of the Tao of the Universe is actually magnified. Shrinking power!

Whoosh whoosh! !

Whizzing!

Collect hundreds of warriors! Play free!

The red flames turned into thirty fire snakes and the blue flames turned into three fire dragons, fighting each other.

The color of the fire was lifelike, like a real snake king, spouting flames, flew over Ye Chen's ears, and instantly burned Ye Chen's ears to darkness. The overlord's flesh could not stop the flames.

"hiss....."

Ye Chen took a deep breath, not dare to underestimate this formation!

He danced the ghost sword to release a lot of sword aura, rushing to all directions, resisting the attack of the fire snake and the fire dragon.

In the reincarnation cemetery!

While sitting cross-legged and looking at the situation outside, the forging **** said: "That's not bad, the universe is out of the fire!"

"The blood demons who set up the formation will be able to get away from the way of fire and cultivate extremely profoundly!"

"This formation should not have been arranged by him alone!"

"That's natural!" Nie Baijian shook his head slightly, and said: "One hundred and eight formations involve more than two hundred avenues, both strong and weak. If this blood demon really involves the power of every avenue, he It is at least Star Aperture Realm now!"

"A strong person in the Star Aperture Realm can destroy Kunlun Void in one blow!"

"Only such a strong person can comprehend many great roads."

"Obviously, this Blood Demon Mountain Master is the cultivation base of the third-tier heaven of the God Realm!"

Nie Baijian's eyes were very keen, and he saw the situation of the Bleeding Demon Mountain Lord at a glance.

He slowly said: "This Gorefiend Mountain Lord seems to have been seriously injured one or two thousand years ago. He has fallen from the cultivation base of the Divine King Realm. At present, his cultivation is still falling, and his injuries are very serious!"

"Correct!"

"His Kingship is ruined, but Kingship is still there!"

"I've been repairing my flesh and the Great Way of the King of Gods!" Sovereign Pill also noticed this, and said: "It's just that his formation requires at least more than a hundred people who have entered the realm of the gods or the emperor to be arranged. come out!"

He said: "One hundred and eight formations, of which more than 90 formations are very weak. It is okay to kill the emperor, but it is impossible to enter the gods!"

"Do you want to help the tomb owner break the formation?"

"Don't use it for the time being!" Nie Baijian's eyes turned into blood, as if seeing through time and space, he said later: "The power of the great power contained in these formations is very inactive, even dead, and can only follow a fixed procedure. Offensive, without change!"

"Obviously, these great powers are taken away from other people!"

"You mean?" Forging God Lord's eyes flickered, rather deep, and said: "He is full of bones on this Gorefiend Mountain, and there are emperor realm and godly corpses everywhere. He took these corpses before his death. Before dying, deprive it of the rudimentary form of the avenue and retain the power of the avenue for formation?"

Interesting and interesting!

Such a Gorefiend Mountain Lord was cruel, killing so many emperors and entering the gods.

But it can stand here for thousands of years. It's a little deed!

It's just that he killed these people, seized the rudiments of these people's avenues, and used them for formation. Why?

Do you want to build a fortress that can't be broken by the strong in the late stage of the gods?

But his wooden house is behind the formation, and then there is the Nether Sea. No one else can come from the Nether Sea. The only way to get to the main wooden house of the Blood Demon Mountain is the road full of 108 formations. .

"This person is a little crazy!"

"Even, some devil!" The Lord Shen Dan thought: "Maybe it is to stop a certain powerful enemy! We will pay attention later, although this person is only entering the third level of the gods, he is crazy, using the broken **** King Dao and God King Qi and blood, may not be unable to burst out of the mid to late stage of the battle power into the gods!"

"If he wants to kill the tomb owner, the tomb owner is in danger!"

"At that time, we will shoot!"

"Don't worry!" Nie Baijian's lips showed a smile, and said: "How can ordinary Tianjiao compare with the tomb owner?"

Standing with his hand, he slowly said: "The owner of the tomb has spent more than a hundred battles and is invincible. He has more combat experience than the little guy like the Gorefiend. It is impossible to kill the owner of the tomb!"

"Unless the tomb owner wants to kill him!"

"Otherwise, I don't have to pay too much attention to it!"

Tomb owner!

People with reincarnation blood!

How could it be killed by a half-waste guy?

Even if this guy is still in the Divine King Realm, in terms of the life style of the tomb owner Ziqi Wolong, this guy can't kill the tomb owner!

"Look!"

"The master of the tomb broke through the Universe Lihuo Array!"

"Absorbed the power of the way of the universe and the way of leaving the fire!" Nie Baijian smiled with satisfaction: "You deserve to be the tomb owner of the reincarnation cemetery, such a formation that can reach the second layer of the gods. It was broken in just tens of minutes!"

"Awesome!" The forging **** nodded!

Dozens of minutes!

With the Daoyuan Realm Nine-layer Heaven , you can break into the Divine Realm 2nd-layer Heaven!

This is not a peerless Tianjiao, or what?

Sure enough, Nie Baijian didn't let us help, just knowing that the tomb owner would definitely absorb the power of these formations and strengthen himself.

"The way of killing the tomb owner seems to have gone to the extreme!"

"You haven't undergone transformation yet, have you stepped into the emperor's realm?"

"You want the power of the three daos to change together. As the first one in the emperor's realm with three daos?" Nie Baijian whispered slightly, his eyes filled with a sense of astonishment!

The ordinary emperor state, the rudimentary form of a great road, takes hundreds of years to perfect.

Even so, the increase in combat power is extremely limited!

The owner of the tomb actually needs to have three prototypes at the same time. With the talent of the tomb owner, I am afraid it will take some time to perfect it.

However, if the tomb owner did this, once he stepped into the emperor's realm, the power of blood and soul would undergo another qualitative change. I am afraid that the power can reach the extreme, and the power of the soul can reach three thousand threads!

This is equivalent to the energy and blood power of entering the sixth layer of the gods!

At the first level of the emperor realm, he has the power to enter the sixth level of the gods!

It's hard to imagine, this will be so terrifying in the end!

Had it not been for the difficulty of perfecting the prototype of the avenue, the realm of the tomb owner would have risen very quickly!

While in the reincarnation cemetery, the great powers were still discussing, the sword qi was already flying on the Blood Demon Mountain, and the three paths were suspended, and the world-killing qi was revealed!

boom! !

boom! !

Slap~~

The formations were successively destroyed under Ye Chen's sword. These formations did not have the power to slaughter into the gods, and they were not worthy of Ye Chen's battle. They were directly outside, and after they were broken, they would absorb the power of the middle way. Three nourishment is enough!
