Chapter 1371: Disdain

The way of nirvana is behind Ye Chen, showing a dark color. It is three hundred meters long, but three kilometers wide. It is obviously transformed to the extreme!

The Immortal Kendo is dark black. It is also three hundred meters long and two kilometers wide. It is undergoing transformation and its aura is gradually increasing.

The power of a Dao, three hundred meters long and three kilometers wide, is the ultimate!

Going up again, you can take off into the prototype of the avenue, which will be three kilometers long and nine kilometers wide. Then continue to improve the prototype of the avenue, and refine every part of it to the extreme, so that its length and width will reach 10,000 meters. , Is to step into the realm of the gods, become the real avenue, when it reaches the realm of the gods, it will become the king of the gods.

Every time the power of the Tao grows, Ye Chen's vitality and soul power increase by one point.

And for every point long, a lot of other Dao power is needed to supplement it!

Ye Chen doesn't have so much time to slowly cultivate, refine, and expand his own Tao. At this moment, absorbing the power of other people's Tao is the fastest method of cultivation. This time, it's not only training, but also It is an opportunity, an opportunity to enhance strength!

Bang bang bang! !

Rumble! !

Fragments flying in the sky.

One hour later, Ye Chen had already trespassed 57 formations. The Immortal Sword Dao was 300 meters long and 3,000 meters wide. It was like a giant river suspended in the sky, extremely powerful, he was still there. Continuing to break into the formation, the 58th formation has been destroyed in the next moment, absorbing the power of Mizuki Way!

At the same time, the way of killing is also undergoing transformation and enhancement, and the murderous aura spreads up and down the Blood Demon Mountain, just like the Great Demon God is practicing on the mountain!

The scarlet dragon on the Ten Thousand Demon Ladder felt Ye Chen's towering aura at the same time, and was so scared that he dared not say a word.

However, at the next moment, it seemed to find that its cultivation was also the way of killing. At this moment, Ye Chen's killing aura was sufficient for his own cultivation, and it quickly turned into a human form to practice!

The master deserves to be a peerless flyover!

Shattered many formations!

It is even more powerful to take the power of the middle Dao Yun, even if the power of these huge Dao origins is spread out, it is enough for my cultivation base to make great progress!

The Scarlet Flood Dragon immediately released its own way of killing, which was two thousand three hundred meters long and eight thousand meters wide. It absorbed the useless aura that Ye Chen spilled and began to practice on its own!

quickly!

It broke through to the ninth level of the emperor realm!

Less than ten minutes later, it advanced to the 9th Heaven Peak of the Emperor Realm.

At this time, a fairy weapon flew down and landed beside the Scarlet Flood Dragon. It was ecstatic and thanked it loudly: "Thank you for the master's reward, Hongwu will follow the master for life, and I will never give it up!"

"It's just a fairy!"

"Step into the Divine Realm, so you still have some use!"

Ye Chen's voice floated from above, like an emperor's order, extremely domineering!

"Thank you master for the reward!"

"Hongwu is determined to report his great favor!"

Hongwu hurriedly grabbed this second-grade immortal weapon, and broke through with the power of the flying immortal in it!

Ye Chen didn't pay attention to it any more, and continued to break the formation. This second-grade immortal implement was nothing more than the immortal implement taken out after breaking the formation. Since this servant happened to break through, it was given to it!

He continued to break the line, less than half an hour later!

The 67th formation was shattered, and countless fragments flew out.

The way of killing turned into a sea of killing. After absorbing the fragmentation of the formation, the overflowing power of the great power strengthened itself, and at the same time exuded a terrifying murderous aura, making the air quiet, even the many city masters, suzerains, and elders under the mountain Zu waited, staring at all this in front of him, he was also extremely shocked!

"What a powerful Tianjiao!"

"Tianjiao from ancient times, nothing is better than this!"

The master of Star Sword Gate muttered to himself: "I haven't yet the realm of the emperor, but I have the power of the immortal gods, such a Tianjiao, I have never seen it!"

He sighed slightly, glanced over the many disciples around him, and smiled lightly: "If it is my disciple who has such achievements and powers, it is also willing to let the old man die here!"

"Door!"

"Sect Master, this..."

A group of Taoist disciples looked shocked and bowed their heads in shame.

The sect master was right, he did not reach the emperor realm, but he had the power of the immortal gods. For tens of thousands of years in ancient times, who has such supernatural power, who has such unparalleled fighting power?

Many emperor realm seventh and eighth-level heavens, in charge of second- and third-rank immortal tools, can achieve the combat power comparable to half-stepping into the divine realm, or even entering the divine realm!

The eight or nine layers of the emperor realm, in charge of the fourth-rank immortal tools, have never been able to burst into the second layer of the gods!

Especially their core disciples of Star Sword Gate, they can definitely do all this!

But if it is the nine-layer heaven of the Daoyuan Realm, in charge of the fairy weapon, the combat power is comparable to that of the four or five-layer heavens of the gods. If you don't see it with your own eyes, who would dare to believe it, history has never recorded such a peerless. Tianjiao!

"Wooding!"

"Write it down!"

The ancestor of Xingjianmen sighed and said: "The Blood Demon Mountain has been established for many years, tens of thousands of years, and the most arrogant person has stepped onto the 60th step of the Ten Thousand Demon Ladder!"

"And today, Kunlun was arrogant and climbed the Ten Thousand Demon Ladder for the first time, and within half an hour, he stepped onto a hundred steps!"

"I'm rushing through the formation. It has been four hours, and I have rushed through 71 formations!"

He looked at the sect master and asked, "What is this peerless Tianjiao called?"

"Ye Chen!" Xingjianmen sect master responded!

Listening to the ancestor asking the special recorder to record Ye Chen's feat, I felt a little uncomfortable.

Why is this Ye Chen not my disciple?

So young, if you come from the Star Sword Sect, how good would it be?

However, if Ye Chen is such a talented person, I am afraid that the Gorefiend Mountain Lord will also feel compassionate, and want to accept him as a disciple!

"Yes, it's Ye Chen!"

"Write it down and pass on to future generations!"

"What happened today is a feat for thousands of years!" Xingjianmen ancestor exhaled and said: "I don't know how many years the blood demon has been here, and the Ten Thousand Demon Ladder is set up, and only the sixth level of the gods is allowed. Under the martial arts!"

"I thought it was impossible for anyone to get through!"

"After all, it is almost impossible to face the coercive pressure of the five-layer heavens of the gods before entering the gods!"

"Even if you hold an immortal weapon, it is not a high-grade immortal weapon. Even with such an immortal weapon, there are so many formations behind it. But it was a Kunlun virtual person who broke through."

He stroked his beard, glanced over many strong men, and smiled: "Kunlun Xu, this is a rise!"

Such a Tianjiao turned out!

The Blood Spirit Race, I am afraid that it is impossible to get involved in Kunlun Xu! !

"Since three thousand years ago, Kunlun has been defeated!"

"I thought Kunlun Xuhui would be completely depressed." An old man who was half-step into the gods laughed: "Unexpectedly, it was Ye Chen, such a peerless talent!"

"When he comes down, how can I help one or two later?"

"Over the years, the blood spirit people have been rampant. Wei Wucheng, who came out of the spirit city a few days ago, didn't kill Kunlun Xu?"

"I'm afraid it has already fallen into the hands of this kid."

"We pay too little attention to Kunlun Xu's affairs. It was disdain. Now it seems that Kunlun Xu's people disdain us!"

"You said that if this child can really win the spirit card, will the spirit city usher in a earth-shattering earthquake? Interesting, really interesting!"

Chapter 1372:

"Such a peerless Tianjiao, shall I wait for extraordinary funding for one or two?"

After the words fell, the master of Star Sword Gate took out a golden pill, which had the effect of enhancing the power of the soul, and said with a smile: "Huaxia, such a world of red dust, pays attention to investment. I wait, it is better to invest in Ye Chen, maybe come When he becomes stronger, he will open the blockade of Lingcheng, so that I can wait until I enter the world of Gaowu?"

There is no gong method in the Gaowu world!

Without the immortal and divine tools of the Gaowu world, their cultivation has been stagnant. The strongest person can only enter the eighth level of the gods, and without the help of the top-level pill, they can only practice time and practice. It will take 20,000 years to break through.

For hundreds of years without any progress in cultivation, it can drive a person crazy.

What's more, there has been no progress for thousands of years. Which of these top powerhouses doesn't want to go to Lingcheng and go to the world of Gaowu again?

I'm just afraid of the 108 Great Formation on Gorefiend Mountain!

With so many large formations lined up, there is no such thing as Ye Chen's ability to go back and forth, and the seventh heaven of the gods is not enough, not to mention the blood demon mountain master mobilizes the formation attack, whether he can leave alive Still a problem.

"So decided!"

"Very good!" The master of Star Sword Gate said with a smile: "Let's pass the order down, set up a banquet, and pick up the dust for Ye Chen! Let's see Ye Chen!"

"Yes, help Ye Chen, maybe we will help us in the future." Ghost Star City City Master smiled: "Anyway, what we have on hand can't make our cultivation base any further, it is better to give Ye Chen, anyway, his talent is so powerful. After entering the world of Gaowu, it is not a problem to become a powerhouse in the Divine King Realm, or even a powerhouse in the Hunyuan Realm. Isn't it beautiful to open the Lingcheng blockade for us?"

"Correct!"

"That's right, I will come too!"

"Correct"

.....

While many strong people under the mountain were still discussing.

The Gorefiend Mountain Lord stared at everything in front of him in the wooden house with deep eyes. Not only was he not angry because Ye Chen destroyed his formation, but he felt a trace of joy, and muttered to himself: "Finally came an interesting one. young people!"

"With one person, destroy so many formations!"

"It's not bad, good, good, so arrogant has won my heart!"

He looked like an old hunter, sitting by the window, tasting the wine while admiring Ye Chen's break, and whispered slightly: "This kid, the stronger the better! Maybe he is the one I'm waiting for! "

He seems to be sitting on a wooden stool, but under a black cloak, he has hollow legs.

No, to be precise, the calf disappeared completely, which seemed to have been wiped out.

It stands to reason that in the Divine Realm, or even the Divine King Realm, the physical body reaches the golden domineering stage, and even the transformation stage, even if the physical body is blown up, it can be restored. Why can't my legs recover?

Boom! !

boom!

Ye Chen displayed the Thousand Ice Sword Formation, converging the power of the three Dao Dao powers, drawing out the Thousand Dao Ice Sword and falling into the sky, exploding a formation abruptly!

He looked around at the power of the three Daos behind him, and they had all been transformed to the extreme. In front of him was an Earth Kwai Sky Array, "This array is actually arranged using the power of the Dao of Universe!"

"But it seems different!"

"Yes, this kind of Tao is so powerful, it is not deprived of a single person!"

"It's the rudimentary form of the avenue stripped from many powerful people, and gradually merged out. No wonder there is no god!"

"And there are only a few sporadic elements. Even though the power of this formation is so great, it is only twice as powerful as the Qiankun Lihuo Formation!"

He held the sword in his hand, a smile was drawn at the corner of his lips, and said: "But that's enough. Having absorbed the power of this formation, I am enough to enter the realm of the emperor!"

"Thousand Ice Sword!"

Ye Chen directly broke into the heavenly dome array, and stabs a sword in the sky. The sword body lingers out a wave of ice, and suddenly the ice blasts out, and it bursts into thousands of ice in the sky. The ice turned into an ice sword, falling down like a curtain of rain!

Whoosh whoosh! !

Whizzing!

The ice sword pierced the sky and destroyed most of the arrangement of the Kuitianqiang array.

Even the three third-rank immortal weapons were blown away under the attack of the ice sword and fell into Ye Chen's hands.

"The Way of Killing!"

"Indestructible Kendo!"

"The Way of Death!"

"Absorb!"

Ye Chen exploded with the power of the three daos, with the absolutely tyrannical power of blood and energy, suppressing the Earth Kui Tianqiang array, making the power of the three daos absorb the power in it!

Visible to the naked eye, a series of blue light spots, separated from the formation, merged into the power of the three Dao!

Suddenly, a world-destroying spirit erupted, and the power of the three Taoisms expanded at the same time, from three hundred meters long and three thousand meters wide to three thousand meters long,

nine kilometers wide, and one day in the Tao. The power has become the rudimentary form of the avenue, apart from that, only refining and stability are left.

In that way, the emperor's realm promotion is very easy!

"I am the Emperor Realm!"

"What a fairy!"

Ye Chen yelled violently, and stomped the ground sunflower in the sky There was an extreme magical energy flowing around his body, as if the ancient demon **** descended!

At this moment, he truly entered the emperor realm, and became the first heaven of the emperor realm, but his aura was equal to the fifth heaven of the gods!

Even if there is a powerful person like Wei Wucheng who enters the fifth heaven of the gods!

With one sword and one man, he also decapitated the opponent!

No need for the help of many teachers!

"There are still thirteen formations left!"

"My breakthrough to the emperor's realm has long been different from what I used to be. If that's the case, then I will be shattered!"

Ye Chen slashed a sword horizontally, like the stars across the night sky, cutting off the thirteen formations. In an instant, the remaining formations were wiped out. Dozens of fairy weapons flew out and came in front of him. Put these fairy artifacts into the reincarnation cemetery!

He walked slowly to the cabin, clasped his fist and said, "The junior has broken the formation, please grant me the spiritual card!"

Squeak~~

The wooden door opened.

"come in!"

The Blood Demon Mountain Master stared at Ye Chen who walked in, nodded, and said, "You are such a talented person, would you like to sit down for me?"

Seeing that Ye Chen did not respond, he quickly said: "I will pass on all the exercises I have learned to you. From now on, you will be my big disciple sitting down and the only disciple of my Gorefiend Mountain Lord!"

"Don't think that I only have the cultivation base of entering the third level of the gods!"

"I don't know how many years ago, I was a powerful man in the Divine King Realm!"

"My so-called kungfu is absolutely beyond Kunlun Xu's inherited martial arts!"

"You worship me as a teacher, and I will inherit your practice, and at the same time, I will give you a spiritual card, allowing you to enter the world of high martial arts, but before you enter, you have to do something for me in Lingcheng, how about?"

He drank a pot of wine, and then said: "With such conditions, I will not give it to the second person!"

"You are the first and only!"

"Don't hesitate!"

Chapter 1373: I just want his life!

Hearing these conditions, I am afraid that anyone will act!

Once a powerful man in the Divine King Realm, he personally accepted him as a disciple, and even taught **** techniques. Such all kinds of opportunities are simply great!

However, Ye Chen's expression remained unchanged, he had a hundred great abilities as masters, and he didn't need others!

Of the hundred great abilities, the weakest are the peaks of the Divine King Realm!

Most of them are the pinnacles of the Hunyuan realm, and there are even powerhouses in the Dao realm. It is estimated that there are also the great powers of the good fortune realm and the star aperture realm. division.

What's more, the other party used to be a heaven of God King Realm!

Nowadays, he is only in the third level of the gods, and he can be an enemy.

"Blood Demon Mountain Lord!"

"The younger generation has a master, it is a great power in the Dao Realm!"

"I can't worship senior as a teacher, please forgive me, senior!" Ye Chen was neither humble nor overbearing. He stared at the blood demon mountain lord, faintly saw the blood demon mountain lord's ruined legs, and asked: "I can't worship senior as a teacher, no What was the matter mentioned by the predecessors?"

The Blood Demon Mountain Lord's heart was shocked.

He looked at Ye Chen and kept nodding, yes, yes.

Only the world-famous power of the Hedao Realm can teach such a peerless arrogant!

He took a long breath, and his thoughts of accepting disciples gradually faded away. Even though he was not an opponent of Master Ye Chen during his entire life, let alone his current state, he was not as good as Ye Chen.

He slowly said: "Since you don't want to, I won't force it!"

"It's just that thing, it's my lifelong hatred. If you complete that thing, I will naturally give you a spiritual card!"

The next moment, the Gorefiend Mountain Master waved his hand and the wooden door was closed. He didn't want the conversation to be known to others!

He sat on the wooden stool and sighed: "The old man's real name is Mu Chen. He was promoted to the Divine King Realm two thousand years ago. He also traveled to many planes of Zhongwu and even the plane of Gaowu, but he did not expect to return. In the spirit city, found the evil hand!"

Mu Chen stared fiercely, his fist clenched tightly.

He gritted his teeth and said: "Before the Chinese New Year, when the old man returned to the spirit city, it happened that the head of the eight factions of the spirit city picked me up. The old man drank too much and was happy for a while. He will get a blood jade soul card from the blood spirit clan, showing it Come out!"

"This blood jade soul card is a treasure I got from the blood demon secret realm!"

"It's a world-famous treasure used to break through the Hunyuan realm!"

"I just didn't expect that among the eight factions is Li Jiawei, the master of Kunjianmen. This **** thief actually had a vicious heart. Taking advantage of the old man's drunkenness, he gave the old man a highly poisonous medicine to get more blood and jade soul cards!"

Mu Chen patted the table and roared from time to time: "Li Jiawei, you bastard, bastard, crap!"

He took a deep breath for a long time. It seemed that when he heard the name 'Li Jiawei', he would be excited, and after a long time of relaxation, he stopped and said: "This Li Jiawei used soul poison, which made it difficult for the old man to exert his true combat power!"

"Therefore, let him, a little bit of the eighth-layer heaven, successfully attacked me!"

"And interrupted my kingly way, shattered my golden body of Huagang, and broke my legs, making me unable to recover, and finally threw me out of the spirit city, but gave me a spiritual card! "

Mu Chen slowly got up, shook his body, and said sadly: "He said that the old man wants revenge, and he can go to him with the spirit card at any time. But Li Jiawei, this beast, used the blood jade soul card to break through to the nine levels of the gods. And the old man's combat power is less than one-thirtieth of that year!"

"Also, Li Jiawei is vicious and vicious, and looks like a villain. He even found someone to kill me afterwards!"

"In order to protect himself, the old man founded the Blood Demon Mountain and spent many years setting up the Ten Thousand Demon Ladder!"

He drank a pot of wine and smiled grimly: "The old man has stripped away the rudimentary form of the road by the old man who has died under the Ten Thousand Demon Ladder, and the golden bones are taken apart for the arrangement of the formation and the killing around the Blood Demon Mountain. The qi of cutting came to resist that villain's men!"

"Secondly, I also hope that one day someone will break in!"

Mu Chen stared at Ye Chen and said with a smile: "Once someone breaks in, I will use the spirit card as a sustenance, as a reward, let him take Li Jiawei's head as a thank you!"

He said: "Ye Chen, do you dare to take Li Jiawei's head?"

"As long as you take his head, I promise to give you the spirit card!"

"It's just a mere nine-layer heaven in the gods!" Ye Chen smiled and said: "Such a sinister villain, I take my life in exchange for the spiritual card! It's just that it's not certain whether the spiritual card can be obtained by then! "

Wow~~

A light flashed!

A light blue token emerged.

The Gorefiend Mountain Master grabbed it in his hand, his eyes were serious, and said: "The spirit card can be given to you first, but Li Jiawei will be killed within ten days, otherwise the old man will remotely control the formation on the spirit card and kill you!"

"Don't be delusional, you can remove the formation on the spiritual card!"

"If the old man didn't take the shot himself, if you touch the spirit card formation, the spirit card will instantly destroy itself!"

"Will you?"

"Naturally willing!" Ye Chen took the spirit card in the reincarnation cemetery, but Nie Baijian said: "Boy, the formation on the spirit card is a bit strange. We spent a lot of effort, it may not be impossible. Release!"

"No need!" Ye Chen put away the token, looked at several masters, and said with a smile: "I can understand the hatred in Mu Chen's heart! If such a powerful person is defeated face to face, the spirit card will not be half taken away. A complaint!"

"But this Li Jiawei, as one of the eight heads of the Spirit City, is also a top giant and a despicable person!"

"In that case, I behead Li Jiawei, take his head, and kill his soul!"

"It can be regarded as paying back the sentiment in Mu Chen's heart for giving the spirit card!"

Mu Chen couldn't hear his words, but Nie Baijian and others couldn't help but sigh.

Tomb Ye Chen behaved like this, it is really a big man.

Do something, do something not!

In the cabin, Mu Chen had cold eyes and said, "Are you really sure, are you willing to do this next?"

"Naturally willing!"

"I will kill such shameless villain!" Ye Chen remembered carefully!

"Okay!" Mu Chen nodded, and said: "In the past, I was willing to spend my wealth and let people from the eighteen outer cities do it, but no one wanted to do it! Since you are willing to do it, the old man will give you a seven-pin immortal. This is the only thing that the old man has been of value over the years!"

After that, he quickly took out a warhammer, a seventh-rank immortal weapon, with infinite power!

"Thanks!"

"Within ten days, I will take Li Jiawei's head and obliterate his spirit!" Ye Chen took the warhammer and left.

"Okay, after you killed Li Jiawei, I arranged some souls on the inspiring card to be able to sense it." Mu Chen stared at the figure of Ye Chen going down the mountain and nodded slightly: "This kid is a hero, and a man is not like that. Treacherous villain!"

Chapter 1374:

Ye Chen put away the warhammer, and speaking of it, besides these spirit weapons, there is also a fourth-rank fairy sword, a third-rank **** king, except for the Dragon Slashing Heaven Sword, Nine Nether Killing Spear, and Star Sword. The sword fishing sword, but to find time to smelt these weapons.

At least, forging the gods is his own master, and being beside him, it is absolutely feasible to re-forged these weapons and make them smelt the weapons for travel.

He walked to the top of the Ten Thousand Demon Ladder and looked down at the thousands of people below. Without words, he stepped down the Ten Thousand Demon Ladder step by step. When he reached the fifty-ninth step, the demon dragon Hongwu was already half kneeling beside him. .

The original scarlet flood dragon has become a real dragon!

Even if he was promoted to the second level of the God Realm, he also had a second-grade fairy weapon in his hand, the body of a real dragon, even if the third-rank God entered the realm, he could fight!

It's just that this dragon and the blood dragon phantom in the body cannot be compared at all.

If this dragon is a product of Kunlun emptiness, then the blood dragon phantom in his body gives people the feeling that it comes from ancient times!

Guards the blood!

It's just that it hasn't really grown up yet.

Yaolong knelt and clasped his fists and said, "Hongwu, I have officially seen the master!"

"Let's go!" Ye Chen whispered, and led him down the hundreds of thousands of magic ladders, his eyes swept over the many powerful men blocking the way, and said: "What do you mean by this?"

"If you have anything to do with me, just say it!"

"If there is a challenge, I will take it too!"

"No, no, no!" The ancestor of Xingjianmen smiled slightly: "Before, we have all witnessed the little brother Ye Chen, successfully traversed hundreds of thousands of magic ladders, and traversed 108 formations. Got a spiritual card?"

"Why, do you want to grab it?" Ye Chen glanced at these people, and the highest person also entered the Divine Realm Seventh Heaven. There were dozens of people in the Divine Realm, but it was not a powerful force. He had never seen it!

"No no no!"

"you misunderstood!"

"Brother Ye, you can break through one hundred and eight formations, which means that you also have the power to enter the fifth level of the gods!" The ancestor of Xingjianmen lightly touched his beard and smiled: "Will I wait to find out happy!"

He arched his hands and said with a smile: "Little brother Ye created a record of 1,800 years and was the first person to climb the Blood Demon Mountain. I am all interested in making friends, specially set up a banquet, invited little friends to the table, and talked freely. Something!"

"I'm just waiting to make friends!"

"Little friend is now in the emperor state, he is less than thirty years old, but his combat power is no less than the old monsters like me!"

"It's feasible to make friends, right?"

I have waited for thousands of years of cultivation, but it is only the middle stage of entering the **** realm so far!

Even if the strongest person is in the late stage of the Divine Realm, he is no better than the people in the spirit city, let alone the people in the middle and high martial planes.

But Ye Chen in front of him is not limited by his own, and his combat power is far beyond the realm, and he will surely achieve the realm of He Dao in the future.

We make friends with him at this moment, and help him when this peerless Tianjiao is weak!

In the days to come, when he achieves the undefeated combat power, how will he forget me and wait?

"it is good!"

"I happen to have something to ask you!" Ye Chen also knew that he didn't know much about Lingcheng, so he just asked these old guys and said: "I will go to a banquet in the evening, and in the afternoon I will smelt the fairy. Fan!"

"Good good!"

"The refining room in Jianmen City was leased to Brother Ye!"

Soon, many big figures led Ye Chen to enter Jianmen City again, and at the same time rented out the most precious refining room and gave a lot of refining materials!

Although this place is still in Kunlun Xu, the refining room here seems to be able to forge immortal artifacts by itself, but most of them are low-grade immortal artifacts.

It's like a Grade One or Two Immortal artifacts, but there is no shortage.

However, almost no one had possession of the fourth-rank or above immortal artifacts except those ancestors of the school. It is no wonder that Mu Chen, the master of the Blood Demon Mountain, gifted himself the seventh-rank immortal artifact as a treasure to thank him for eradicating Li Jiawei's reward.

In the refining room, according to the instructions of the forging god, Ye Chen began to use the Soul Suppression Sword, the Poyang Sword, the Bloodthirsty Smashing Void Sword, the Star Sword, and the Fracture Killing Sword, the Killing Sword, the Ghost Sword, and the Seven-Rank Immortal Sledgehammer. And the fishing sword smelt.

Many of these weapons are weapons that have been with him for a long time.

However, Zhanlongwen Tianjian and Jiuyou Tianjian did not refine them together.

Because these two weapons are of great significance to Ye Chen!

As for the killing of the immortal sword, the killing of the sword, etc., they are my own trophies, and they also make my heart ready. With the improvement of my strength and realm, these weapons can no longer keep up with my own progress. Instead of abandoning, it is better to re-melt new weapons!

Four hours passed!

One sword and one shot was released, bursting out a wave of destruction and killing, straight up and down the sky, with the power of shaking the sky and the power of shaking the earth!

Outside were the Xingjianmen ancestors and others, all feeling shocked physically and mentally.

With one shot and one sword, the sword is three feet and four inches long. The light of the stars circulates throughout the body, and it possesses a strong killing and extinguishing power. It depicts hundreds of formations, and has twice the increase in energy and blood. It is a fourth-grade god-of-king weapon, named ——Excalibur!

The Excalibur Sword is a fusion of the Soul Suppression Sword, Sun Pouring Sword, Fairy Killing Sword, Star Sword, Ghost Sword, and Fishing Sword!

Compared with the fishing sword, it has improved a rank, but its power has been improved a lot.

The body of the long spear is carved with a dragon totem, which is more than one foot long. The body of the spear is surrounded by tyrannical devil energy. It has the power of immortal swords and the way of nirvana. A single shot also has the ability to extinguish the life of the enemy. It depicts more than a hundred formations, doubles the power of the soul, and can specialize in the enemy's spirits. It is the Ninth-Rank Immortal Tool-Soul Devil Gun!

The Soul Demon God Spear is made by smelting three weapons such as the Seventh-Rank Immortal Sledgehammer, the Bloodthirsty Breaking Void Sword, and the Slaying Sword!

Although there are not many weapons to be smelted, the power is extremely powerful, at least in the words of the forging god, under the **** weapon, all the immortal weapons are not the opponents of the soul-killing magic spear!

After that!

The Excalibur Sword and the Soul Demon Exquisite Spear are Ye Chen's exclusive weapons!

Ye Chen put away two magic weapons, "With these two weapons, it will be easier for me to kill Li Jiawei!"

A Ninth-Rank Immortal Tool, which focuses on the soul!

A Fourth-Rank Divine King Tool, which focuses on vitality and blood!

Both can be used as a lore!

Even Li Jiawei, who has entered the Ninth Heaven, must die!

"Welcome to Little Brother Ye!"

"The banquet is waiting for you!" The ancestor of Xingjianmen came to know him, and he stepped forward and grabbed Ye Chen's wrist. He walked and said, "Brother Ye, this banquet has gathered seven or eight old things. He is the same old ancestor and city lord level character like me!"

"I want to ask, which Gao Wu plane are you going to!"

"Of course, we also want to give you something, but we also hope you can help!"

Ye Chen's eyes were deep, and he said, "I have something to do. I have to ask a few seniors!"

"Oh?" The ancestor of Star Sword Sect led Ye Chen to the banquet, his eyes swept across the crowd and said: "Brother Ye has something to ask, we old guys, we know everything we can say and answer!"

Chapter 1375: are you crazy!

Ye Chen asked calmly: "Everyone, do you know the master of Kunjianmen in Lingcheng, Li Jiawei?"

As soon as these words came out, the expressions of the Star Sword Sect Master, Patriarch and others all changed, a little deep, staring at Ye Chen all the time, as if thinking about why, and some seemed to see some reasons.

The ancestor of Xingjianmen stroked his beard and smiled: "Brother Ye, I must have promised the Gorefiend Mountain Master, something?"

He personally poured wine for Ye Chen and said with a smile: "This Kunjianmen sect master is now one of the eight giants in Lingcheng, but I dare not provoke him, even though the fighting power of Brother Ye is comparable to that of God. Five layers of sky, but not enough!"

"This Li Jiawei sect master!"

"Three hundred years ago, he was already in the nine-level heaven of the gods!"

"I heard that I am in retreat-no, I just left the customs, and I don't know if I have broken through to the **** king realm!"

"In short, Brother Ye is not his opponent, so it's better not to bother yourself!"

Ye Chen, your emperor's level of heaven, your combat power is comparable to that of the fifth level of heaven!

Is a peerless arrogant!

But this is not the root of your arrogance!

Entering the ninth level of the gods is much stronger than the fifth level of the gods, and the gap between them is like the difference between clouds and mud.

I waited until I reached the seventh or eighth level of the Divine Realm, and didn't dare to look for Li Jiawei's troubles.

These words, the ancestor of Xingjianmen didn't say clearly, after all, he wanted to befriend Ye Chen, it was not the same thing to say.

Another benevolent old man smiled slightly: "Brother Ye, do you know Lingcheng Tianshen Bang?"

"I don't know!" Ye Chen asked, "What is this? Is it recorded in the list of the strongest in the gods?"

"Yes!" The benevolent old man said cautiously: "The Lingcheng Tianshen List records the 100 strongest people who have entered the God Realm. The weakest person is also the fifth heaven of the God Realm. A Sixth-Rank Immortal Artifact, it cannot be resisted when it enters the seventh heaven of the God Realm!"

"However, do you know how Li Jiawei is ranked?"

"It's the tenth place!"

"Entering the Ninth Level of the Divine Realm, holding the 8-Rank Immortal Tool Long Sword, wearing the 8-Rank Immortal Tool armor, and holding the Dual Immortal Tool!"

"It is one of the eight major factions of the Kunjianmen sect master, whose cultivation base is even higher than some of the eight ancestors, and it is even rumored that his cultivation base is infinitely close to the realm of the gods!"

He sighed slightly and said, "Do you know what the Divine King Realm is?"

"The great road turns into the king's way of God, not under the jurisdiction of heaven and earth."

"The way you cultivate is the ultimate. Anyone who falls will change heaven and earth, and the sky will rain blood. There is no such strong soul city, but Li Jiawei is recognized as the strongest closest to the realm of the gods!"

The Lord of Jianmen City drank a few drinks and said: "I know the Lord of the Blood Demon Mountain, I must let you kill Li Jiawei!"

"If it is normal to enter the Ninth Heaven, it is not particularly dangerous!"

"Unfortunately, this Li Jiawei is good at using poison and is extremely shameless. He murdered the Gorefiend Mountain Lord in the past, and the powers of the Divine King Realm were defeated under his hands, let alone you are an emperor.

He approached Ye Chen, gently patted Ye Chen on the shoulder, and said like an elder: "We don't want you to go to death!"

"Maybe you have a hole card and a strong player behind, but that strong player can't follow you all the time, right?"

"Once Li Jiawei remembers that he hates you and wants to poison you, if you stay in Lingcheng for a day and drink food and water, you must be careful to prevent him from poisoning. You may even buy a bottle of water on the street. Maybe the water was already caught by him. Poisoned!"

"Yes!" The master of Star Sword Gate sighed: "The reason why we say this is mainly because we value your potential and want to make you good!"

"After all, you have never seen such a peerless Tianjiao in Henggu!"

"We all want to invest in you. You will become a giant in the future. Just give us something casually!"

The so-called funding is the so-called help.

It must be to give charcoal in the snow, and it must be to help Ye Chen and other Tianjiao as soon as possible when he has not yet become strong.

If Ye Chen achieves He Dao Realm in the future and becomes a giant of one party, they just sell all the belongings to make Ye Chen, Ye Chen may not even look at them!

I have to say that these powerhouses outside the city are all sharp-eyed.

Of course, it is also possible that it has been dead for too long and cannot enter the spirit city, and has to invest in some young peerless geniuses, hoping that when these peerless geniuses are strong, they can enter the spirit city to take the space teleportation array and travel to other worlds.

"Seniors, I understand!"

"I just promised Senior Blood Demon things, I will definitely do it!"

Ye Chen said with disdain: "Besides, Li Jiawei, a superb cultivation level, is always using despicable means of poisoning. If this kind of villain is not removed, if others take refuge in the blood spirit race, my Kunlun will be in danger. !"

He knew that people like Li Jiawei, in order to be strong, even when they entered the eighth layer of the gods they dared to calculate the Gorefiend Mountain Lord of the gods!

Once the blood spirit race comes again, Li Jiawei will definitely join the blood spirit race, and at that time it will be to deal with the Kunlun Xu head horse. With Li Jiawei's inferior means, most of Han Yun and Ye Lingtian are not opponents.

Simply, before you go to find Ji Siqing and the others, first solve this despicable villain, which is also regarded as fulfilling the wish of the Gorefiend Mountain Lord!

"Seniors, don't be suspicious!"

"I understand how you want to invest!"

Ye Chen spoke plainly, his gaze swept over the nearly ten masters of the gods, and said: "You only need to tell me where Li Jiawei appears and what martial arts are good at. After I enter the spirit city, I will come to challenge Li Jiawei. Killed it!"

"This....."

"you....."

Many sect masters and city masters fell into a hesitating situation.

But a young man rushed to the side, came to Xingjianmen ancestor's ear, and spoke.

Soon, the old ancestor of Xingjianmen decided to say: "I support you!"

He smiled and said: "Unexpectedly, Brother Ye is actually the king of the Kunlun Xuguang Palace, the first person in Kunlun Xu. With such a means and such talent, for more than a hundred battles, I believe you can kill Li Jiawei!"

While the master of Star Sword Gate was speaking, the other top powerhouses also received their own intelligence!

The person they sent to Kunlun Xu to investigate Ye Chen has returned and brought back extremely important information!

Ye Chen in front of you!

It's not just a peerless Tianjiao!

He is also the first person in Kunlun Xu, all sects and forces in Kunlun Xu listen to Ye Chen's orders!

This weight is far beyond their expectations. I thought it was just funding Tianjiao, but I didn't expect to be able to discuss some other alliance matters with Kunlun Xu. After all, Kunlun Xu had already produced several martial artists who entered the gods.

Chapter 1376: The whereabouts of Lingyun Xianzun

The spies sent by the ancestors of the Star Sword Gate, when they entered Kunlun Xu, had already sensed the aura of several experts who had entered the Divine Realm. After all, they were also considered to be strong in the late Emperor Realm, and they announced their identity and explained

their identity. After interacting with each other, I realized that Tianjiao Ye Chen was actually the Lord of Kunlun Void!

Lord of the Palace of Light, Lord of the Palace of Light!

The Lord of Kunlun Void!

Triple identities, each one is scary.

There are many more powerful people in the realm of God, such as Han Yun who is in the seventh heaven of God, Xue Hongtian who is in the sixth heaven of God, Ye Feng who is in the fifth heaven of God, Ye Wudi who is in the fifth heaven of God, and the fourth layer of God. Tian's Hanshuang and other eight or nine powerhouses in the gods are his subordinates, it seems that many people are breaking through!

Coincidentally, when the spies arrived in Kunlun Xu, Han Yun, Ye Wudi, Ye Feng, Xue Hongtian and others had already completed the breakthrough.

Many of these elder powerhouses have survived for thousands of years. Their cultivation base has already reached the extreme, but there have been no immortal implements for breakthroughs. Nowadays, there are seventh-eighth-rank immortal implements and even ninth-rank immortal implements to help, and they break through nature. It's the sixth or seventh level of the gods!

Especially Han Yun!

In the ancient times, it was the eighth-layer heaven of the Emperor-Zun realm, and it was the peak of the nine-layer heaven of the Emperor-Zun realm more than two thousand years ago!

This time he broke through to the seventh level of the God Realm, holding a Ninth-Rank Immortal Artifact, and temporarily protecting Kunlun Void on behalf of Ye Chen!

Lingyi Danzun, Ye Lingtian and others are also rapidly refining alchemy and refining equipment. The emperor-level pill has been successfully refined, and the semi-immortal weapon has been successfully

refined. It has not been a few days since Ye Chen left, Kunlun Xu has undergone tremendous changes, but All that is tied to Ye Chen himself!

"It seems that you all know who I am."

"Then speak frankly, I can talk to you as the master of Kunlun Void!"

Ye Chen's expression was plain, but invisibly gave people a tremendous amount of pressure, as if talking to the same emperor!

He said: "I have estimated that there are thousands of powerhouses in various factions and cities, and hundreds of them have entered the gods!"

"If all of you here are interested in forming an alliance with my Kunlun Xu and defending my Kunlun Xu from the blood spirit people who have come for several years!"

"I promise Ye Chen that when I advance to the Hunyuan realm, no, when the **** king realm, I will break the guardian of the spirit city, let you all enter the spirit city, take the space teleportation array to leave, and go to the high martial world that you want to go to. Seek a breakthrough in cultivation!"

Seeing that everyone's eyes were a little dignified, he said slowly: "I believe you sent people to Kunlun Xu to investigate me. I also know that I am only 30 years old and have been practicing for less than ten years. I have such strength!"

"I can assure you!"

"Within ten years, I will become a powerful person in the combined Dao realm, and the good fortune realm and the star aperture realm will no longer be a problem!"

"I only want you to help guard against Kunlun Void!" A smile was drawn on the corner of his lips, and he said: "What you want, what you dream of is to open the spirit city, let you go to other places, find opportunities, and make breakthroughs. !"

"The youngest of you is all thousands of years old, right!"

"I have gone through the age of Kunlun being oppressed. Although neither of you participated in the Antiquity War, nor did you get any benefits or disadvantages, your cultivation has stagnated for more than a thousand years!"

As soon as these words came out, many people bowed their heads.

indeed!

The cultivation base has stagnated for thousands of years, and has been unable to promote!

I'm afraid that everyone else would be crazy, otherwise I wouldn't come to meet Ye Chen in person.

"it is good!"

"I promise you!"

One of the top powerhouses of Star stood up and said: "Ten years, right!"

He took a deep breath and said: "My Star Sword Gate is willing to form an alliance with Kunlun Xu, and within ten years will defend Kunlun Xu from the enemies of the blood spirit race. After ten years, you Ye Chen will send me to the spirit city and go to other high martial arts world! "

"But if you fail to do it ten years later, don't blame me for helping the blood spirit race!"

"Okay!" Ye Chen's eyes were firm, and said: "A word is a deal!"

ten years?

It won't take long!

At most three to five years, I must become a realm of harmony!

"I agree too!"

"Blood Spirit Race, the world of high martial arts, is not entirely an enemy of Kunlun!"

"It's just that the Blood Sword Sect is an enemy of Kunlun!" Another old man also stood up, his eyes deep, and said slowly: "The last time Wei Wucheng and others arrived, it seemed that they were not sitting in the exclusive teleportation formation of the Blood Sword Sect. Another teleportation array!"

"It means that they are not people who go to Kunlun Xu every 100 years!"

"Every one hundred years, people who go to Kunlun Xu should be one year later. Those who came before have reached the highest level of the second or third level of the gods. Even if there are changes, many of them have entered the eight or nine levels of the gods. It is impossible for the gods to descend.!"

"I once heard about this group of people near Lingcheng, suppressing the rebellion in other places, and will they come in a short time!"

"As long as the person from the Blood Spirit Race is not in the Divine King Realm next time, it will take a very long time to use the space to teleport the array next time. This period of time is far more than the time set by you Ye Chen and us, it is worth it!"

"Yes, it's worth it!" Everyone nodded and said: "I am willing to form an alliance!"

"I am willing too!"

"The old man is willing!"

"Hahaha, it's better to be crazy than die, and the old man is willing!"

.....

Soon the ancestors of these hidden forces near the spirit city expressed their willingness to form an alliance!

As far as they are concerned, they have been dead for thousands of years. It is better to be crazy. As long as you block the blood spirit tribe who comes to Kunlun Xu next time, it is safe. As for the next time, it is Ye Chen's business, and it has nothing to do with them. !

"it is good!"

"The covenant has been made!"

Ye Chen used the method of sound transmission to inform Han Yun and Ye Lingtian in the Palace of Light!

He continued to ask: "I learned about Li Jiawei. I wonder if you guys know Lingyun Xianzun?"

"Lingyun Xianzun?" An old man with a fairy wind and the bones was a little surprised, and said: "This person has been to Lingcheng a few days ago. What are you looking for for her?"

Ye Chen asked, "She returned to the Blood Spirit Race?"

"I don't know!" The man shook his head and continued: "It is Kun Jianmen's responsibility to control the space teleportation array leading to the Blood Spirit Race. We don't know the records of the transactions, so you can only ask the people at Kun Jianmen!"

"As for Li Jiawei!"

"He is good at the way of dark poison. The avenue is highly poisonous and can corrode the enemy's avenue, even the enemy's soul and body!"

"Once the poisoning skill is greatly reduced, you will still be unable to move day and night. It is because of this that the Gorefiend Mountain Lord cannot move and cannot move the power, so he will cut off the King of God's way, you must remember!"

"it is good!"

"Then I probably understand!" Ye Chen stood up and clasped his fists, "Everyone, I'm going to Lingcheng first!"

Before you could say anything, Ye Chen jumped and turned into a lustre and disappeared.

After all, there is a spiritual entry card, which records the location of the spirit city.

I don't know how long it took, Ye Chen saw a huge formation, surrounded by light circle protectors, non-Hunyuan realm is unbreakable, this city is exactly the spirit city!

The situation is about to surging!

Chapter 1377:

"This is the most mysterious place of Kunlun Xu, which communicates the existence of Kunlun Xu and Gaowu plane, Lingcheng?"

Ye Chen murmured, reaching out his hand to touch the formation in front of him, only to find a shocking force coming!

"boom!"

His body flew upside down, if it were not for body training, the consequences would be disastrous!

The power of this formation is extremely terrifying!

deserves to be the place that carries the space teleportation array!

Ye Chen's eyes condensed slightly, he knew very well that this place, known as the most mysterious place of Kunlun Xu, was the connection point between Kunlun Xu and Gaowu plane, it was not simple!

can even be said to be extremely dangerous!

But Ye Chen didn't have much time to think about other things. Ji Siqing and Xia Ruoxue's whereabouts are unknown. No matter what, he will step into the spirit city!

Ye Chen's spiritual sense was released. Although he couldn't perceive the situation inside, he could roughly outline the outline.

is not vast! But the energy fluctuation is extremely strong!

Such a huge city, comparable to the magic capital of China, but only inhabited by tens of millions of people, seemed very empty.

Ye Chen came to the gate of the spirit city formation, and instead of forcing him, he showed the spirit entrance card of the Blood Demon Mountain Lord. The halo suddenly opened an entrance for Ye Chen to enter. After entering, the entrance disappeared. Obviously, a piece of The entry card can only be entered and exited by one person.

Just stepping into the spirit city, Ye Chen felt that the aura around him was much stronger than Kunlun Xu, and it could even be said to be terrifying.

Even the Blood Spirit Secret Realm and Body Refining Land do not have such a terrifying aura!

Not only that, Ye Chen found that the emperor realm powerhouse can be seen everywhere on the street, and there are even many god-level powerhouses coming and going.

Although the strongest person in the spirit city is the nine-layer heaven in the gods.

But there are definitely more powerhouses who enter the Divine Realm and the Emperor Realm!

"Although the spirit city is in Kunlun, it has been in a closed state, presumably the blood spirit tribe can't deprive it, which also caused most people to seek refuge and survive here!"

"I thought my realm and strength were strong enough in Kunlun Xu, now it seems that there are people outside the world, and there are heaven outside the sky."

"I'm afraid I am the lowest group of people in the spirit city."

Ye Chen shook his head and laughed at himself.

He found an open-air tea house and sat down, drinking tea on the surface, but actually searching for all useful news for him.

He came to Lingcheng not for others, but for Ji Siqing and Xia Ruoxue!

He doesn't want to delay anymore!

At this moment, a voice came into Ye Chen's ears.

"Kun Jianmen Sect Master has eight thousand years of birthday!"

"A wide range of talents from Lingcheng are recruited as disciples!"

"Don't come when you can't miss the opportunity..."

A warrior was peddling something similar to a newspaper in his hand, shouting from time to time: "The master of the wild sword gate has stepped into the eighth layer of the gods, the big disciple of the green red gate has an affair with the illegitimate son of the master of the Kunjian gate... ...Look at it, news is everywhere..."

Ye Chen frowned slightly, this person is a bit like Huaxia selling newspapers.

As for the file, it should be used for recording messages, and the mode of propaganda is mostly similar.

He went up to stop him and said, "How much is a message?"

"Hahaha, guest!"

"A piece of low-grade fairy stone, one piece of news!"

"Contains the anecdotes of various sects, even which head's daughter has a special relationship with which head's son, which ancestor has a problem in cultivation, etc., all these news!" This person stared at Ye. Chen narrated very seriously.

It seems that he has been specialized in this area for a long time!

And Ye Chen's face in front of him is very awkward, I'm afraid he just arrived soon!

So he opened his mouth as a low-grade fairy stone.

Although the spirit city is inside the Kunlun Void, it is connected to the high martial plane. The spirit stone is obviously much lower in level, so the transaction is the beginning of the fairy stone.

Ye Chen got a lot of so-called fairy stones from Wei Wucheng.

"Is there room to transmit the news of the array?"

"Are you?" The person stared at Ye Chen again, and smiled: "You really are an outsider, you want to take the space teleportation array? Yes, the news is also included in it, and the price remains the same. The situation of the six space teleportation arrays is there!"

Wow~~

A low-grade fairy stone fell on his hand.

Ye Chen took the newspaper, found an inn, and looked it up carefully. As expected, the eight factions including Kun Jianmen had the right to use the large space teleportation array!

Sixteen space teleportation array!

is not just teleporting to the blood sword gate.

Some are teleported to other families and sects of the Blood Spirit Race. There is only one teleportation array directly leading to the Blood Sword Gate of the Blood Spirit Race. The other fifteen are different. After all, some strong people do not want to go to the blood sword gate's sphere of influence. Will go to other schools.

Blood Sword Gate belongs to the Beigong Family of the Blood Spirit Race!

There is no doubt that this force is cruel by nature, and some people are afraid of being killed.

Therefore, in the beginning, there was a great power in the land of the blood spirit race, and dozens of other big families left a space teleportation array within the sphere of influence, giving future generations a variety of choices.

"Space Teleportation Array, don't worry!"

"I'm going to Kunjianmen, first destroy Li Jiawei, and then find the traces of Lingyun Immortal Venerable there!"

"I don't know which space teleportation array this Lingyun Immortal is sitting on!" Ye Chen muttered to himself, don't look at the sixteen space teleportation arrays within the spirit city, but in every direction, There are tens of thousands of miles between each other, and there are multiple forces, fierce beasts, etc. in between With Ye Chen's current realm, once I go to the wrong space teleportation array, I want to find Lingyun Xianzun. It's difficult.

"Li Jiawei!"

"Tomorrow is the eight-thousand-year birthday, and the leaders of the eight schools and Taoist disciples will come to celebrate the birthday!"

"It is possible to enter the Divine King Realm before 8500 years of age!" Ye Chen read the message above, "Li Jiawei, two pieces of eight immortal artifacts, and the avenue is highly poisonous, but he can't fight him normally. , There may be some opportunities in the way of dying!"

"Enter the Nine Heavens in the Divine Realm!"

"Life is fifty thousand years!"

"With my current way of dying, it only takes one minute to consume his life!"

Ye Chen secretly made a plan to prepare tonight, and tomorrow he will go to the banquet to find Li Jiawei.

Li Jiawei, such a villain, faced the challenge of others coming to the door, maybe he would rather lose his name and face than next. Then find a reason to let Li Jiawei fight, otherwise it will cause the hostility of the other seven factions, and it will not be destroyed. The head of the eight schools of Lingcheng.

Of course, Ye Chen also wanted to attack overnight.

But when he thought of the formation here, he still gave up.

His Dao is meant to kill Dao, why do you want to sneak?

Going this time, he prepared for the worst.

Spirit City is certainly mysterious, he is just an outsider to Ling City.

But so what!

He, an outsider, has to make a **** road!

Chapter 1378: Are you mentally disabled?

The second day!

Outside the palace of Kun Jianmen, a string of firecrackers resounded.

One by one, handsome men and beautiful women came in with various festive items, and then scattered on both sides, came to a banquet, and put down the items. Some of these items were spirit fruits, delicious dishes, etc., which were used to entertain guests.

The leaders of the seven factions also arrived at noon.

Li Jiawei, dressed in red, walked out to meet him in person.

The ancestor of Kunjianmen has black hair like a waterfall, but he looks like a young man. He just has some sharp-mouthed monkey cheeks. At first glance, he can tell that he is not a person who can easily

deal with. He is not tall, but he is walking in the hall with dragons and tigers. Said: "You old guys, finally came!"

Check out this new online game!

"Come, come, take a seat!"

"Today the headmaster has his eight-thousand-year birthday, one step further from the Divine King Realm!"

With a lifespan of 50,000 years, he is only 8,000 years old. Compared to the life span of a normal human being, he is only eighteen to nine years old.

Li Jiawei personally greeted the two female heads and said with a smile: "Two, eat and drink today, I will accompany you to discuss life in the evening!"

"Head Li speaks so funny!"

Seriously, a woman in a green robe smiled slightly, but there was some disgust in her eyes. She was the master of the Qinghong door, Qing Ruxue, who entered the eighth level of the gods, but did not dare to offend Li Jiawei. The villain of the sky is too dangerous to offend, and he may be attacked by poison at any time.

"Head Li should go entertain others!"

Another black robe woman said slowly, although she was miraculously disgusted, she did not offend Li Jiawei.

She is the master of the Blue Water Gate, Nan Rushuang, who also enters the nine-layer heaven of the Divine Realm, but does not dare to offend such powerful villains as Li Jiawei.

"You guys, finally come!"

"Old guy!" Li Jiawei smiled and went out to meet the other heads.

Li Jiawei personally greeted the five heads, patted their chests, like a big brother, and said, "You old people, really, when are they coming?"

"Still posing in front of Lao Tzu?"

"Does it mean that my poison is not deep enough?"

Li Jiawei's voice suddenly became cold.

After all, he was overjoyed today, but the few people in front of him were frowning, making him unhappy to the extreme.

As soon as these words came out, many disciples around stared at them, and the hall instantly fell silent.

Everyone is nothing, looking at Li Jiawei, dare not speak!

The other warriors in the gods are all heroes and outstanding people, and they are fighting head-on.

There is something like a shameless villain like Li Jiawei, secretly attacking and poisoning.

A powerful man who has entered the nine levels of the gods!

Who can avoid poisoning by attack?

"how come!"

"How come!" A head smiled bitterly, and said: "We are late, we are late!"

He is the sect master of the mad sword gate mad infinitely, he is in the eighth level of the gods, but he has a wry smile on his face, slightly showing weakness.

His combat power is not as good as Li Jiawei. If he is poisoned again, I am afraid he will repeat the mistakes of the Gorefiend Mountain Lord. Such a strong man of the same level wants to poison them? They also have to be cautious, the scene when the Blood Demon Mountain Lord was poisoned is still vivid!

Kuang Infinity quickly pressed the hand of another head, and secretly said: "Li Jiawei, this shameless villain, has a high skill. He has heard of colluding with the blood sword of the blood spirit race. Don't offend him! Rather offend the monarch, Don't offend the villain!"

The head sighed secretly, clasped his fist and said, "Head Li, congratulations on birthday!"

"Congratulations to head Li's birthday!"

"Congratulations to head Li's birthday..."

.....

The other leaders also couldn't help it. Although they held fists to congratulate Li Jiawei on her birthday, there were 10,000 unwillingness in their hearts.

There is no way, the strength is not as good as people. If you offend Li Jiawei, according to Li Jiawei's must-reported character, he can potentially poison himself for hundreds of years. Thinking about eating and drinking on weekdays, he may be poisoned, and it is impossible to prevent it!

Faced with the face of the major heads.

The major leaders have nothing to say, nor can they say anything.

"Good good!"

"You old guys, get on your seat!"

"I don't want to be affected by my mood at my eight thousand birthday today!"

Li Jiawei stared at the thousands of warriors in the temple, arrogant.

He laughed and said: "All of you give me good food and drink, but anyone who dares to eat is unhappy, he is at his own risk!"

"Yes!"

"Head of Li's eight-thousand-year birthday, we must have a happy meal..."

Everyone quickly replied, and their faces were not good.

Li Jiawei is known as a lunatic in Lingcheng.

How can an old monster who has lived for so many years be so attitude toward people, but Li Jiawei has such a personality.

They have long been used to it.

The head of the family was treated like this, if it weren't for his strength, he would have fought back.

The seven masters are all on the table, and the other guardians, elders, disciples, etc. are all at their banquets. They ate very happily on the bright side, but they cursed Li Jiawei behind their backs.

Even everyone here hopes that the banquet will end soon!

Because they are completely shrouded in the shadow of a madman!

"Wow!"

Just as the banquet was halfway through the sound of breaking through the air sounded, and a long sword flew over.

What everyone didn't expect was that the sword directly penetrated the chest of Li Jiawei's personally transmitted disciple.

The long sword was tyrannical, and the big disciple was nailed to death in the hall, blood flowing all over the floor.

At this moment, the whole banquet has changed!

This is a provocation!

Naked provocation!

Who would have thought that someone would do something at Li Jiawei's banquet, it would be crazy!

"Who?"

"You are not brave!"

"So courageous..."

...

Everyone stood up and looked at the big disciple in amazement.

Was the genius of the fifth-tier heaven in the Emperor Venerable Realm just nailed to death by a sword?

Even the soul is wiped out?

Don't know that he is Li Jiawei's personal disciple?

Even the rumor is that Li Jiawei's illegitimate son?

Who dares to do this?

Provoking Li Jiawei face to face, don't want to live anymore?

Everyone saw a young man walking slowly into the hall.

The young man was wearing casual clothes, carrying a long spear, and a long sword at his waist. The heroic energy between his brows and the cold and icy light under his eyes.

It is Ye Chen!

Ye Chen stared at the people around him, and finally fell on Li Jiawei's body, with an arc drawn at the corner of his mouth: "For such a festive banquet, I should also give some gifts."

"The blood flowing from the corpse should be my gift to Li Jiawei!"

As soon as this remark came out, everyone was shocked, more like petrification!

Give a corpse as a gift on Li Jia's great day?

This kid is crazy!

court death?

Everyone looked at Ye Chen's cultivation base again, but found that Ye Chen was only the early stage of the Emperor Realm!

The key is that Ye Chen's breath clearly didn't take long!

The lowest threshold of the spirit city is the Emperor Realm!

An ant who had just made a breakthrough came to kick the hall in person?

Chapter 1379: provocative!

This kind of person is either a lunatic or a death seeker!

Although everyone did not like Li Jiawei, looking at Ye Chen was no different from looking at a corpse.

There is not even mercy.

The ignorant junior thinks that entering the emperor's realm is Kunlun Xu Tian!

But I don't know that the emperor realm is just the beginning of the road of cultivation!

At this moment, a disciple next to Li Jiawei reacted, stepped out, and said angrily: "What kind of trash are you, do you know where this is! Do you know what day is today!"

Ye Chen's eyes didn't fall on that person, but stared at Li Jiawei with scorching eyes and smiled strangely.

There is no trace of temperature.

"Since you want to know my name, I will tell you."

"My name is Ye Chen, and I will challenge Li Jiawei in place of the Lord of the Blood Demon Mountain, Mu Chen!"

"The death of Li Jiawei's disciple is a book of war!"

"I have ascertained that your disciples are committed to commit adultery and captivity, **** it!"

Ye Chen drew out the Divine Punishment Sword and pointed at Li Jiawei: "As for you shameless villain, you are in vain. You love poisoning in secret, and you are good at attacking others. Shamelessly, I will kill you in today's battle. !"

The voice was flat but magnificent, like an emperor's preaching.

The hall was silent, everyone looked at Ye Chen and Li Jiawei.

Qing Ruxue smiled coldly, and whispered slightly: "Nan Rushuang, you see, someone provokes Li Jiawei so soon. Li Jiawei, the leader, is really worried. Her illegitimate son was nailed to the hall, too. Deserve it!"

"Nature deserves it!"

"It's not the latest period of time for Li Jiawei and his son to commit adultery and looting!"

Nan Rushuang's eyes suddenly lit up, and said, "Wait, he said the Gorefiend Mountain Lord?"

"The **** king realm powerhouse many years ago?"

"Is it possible that this Ye Chen is his disciple, who came here to take revenge?"

"Not necessarily!" Qing Ruxue said: "The emperor is one level above the sky, how can the Blood Demon Mountain Master teach this kind of trash disciple, let's see how Li Jiawei handles it!"

The crowd whispered.

Li Jiawei's entire face was black at the moment.

He looked at the corpse on the ground, the whole person was at a loss!

He is the master of Kunjianmen!

He is one of the eight giants in Lingcheng!

how come?

How could anyone dare to kill him on my birthday?

Next second!

A roar resounded!

"Ye Chen!"

"Where are you a beast!" Li Jiawei furiously said: "Emperor-level realm? You dare to provoke the boss like ant waste!"

"All the disciples, give me up, smash Ye Chen's body into thousands of pieces, and disperse it with Lingcheng!"

"I want Ye Chen to die without a place to be buried!"

Li Jiawei finished roaring, squatted slightly, and looked at the corpse carefully.

But I found that any pill was of no avail.

The power erupted by Ye Chen's blow was impossible to survive.

This corpse is regarded as the person closest to him, the true biography of himself.

Although he is domineering on the outside by his own reputation, most people dare not pursue it.

It is even circulated that this person is his illegitimate child!

It can be seen that the relationship is not ordinary!

But such a person, why, why died...

"The head has an order, kill Ye Chen!"

"The head has an order, kill Ye Chen!"

In an instant, hundreds of Kunjianmen disciples were violent in the hall.

There are so many powerful emperors in the emperor realm, and there are also a few in the early stage of entering the gods, and even among them are the disciples of Taoism who enter the second heaven of the gods, and they are also one of Li Jiawei's disciples.

These disciples are not those of Kunlun Xu who can contend.

These people, with skillful tactics, turned the hall into a battlefield in a short time, forcing other disciples, leaders and others to withdraw from the hall.

Wow! !

Ye Chen cut out a sword horizontally, dividing the hall into two, and in the process, he even killed several disciples of the Emperor Sovereign Realm Kunjian Sect.

Blood and corpses are everywhere!

The other seven people retreated outside, observing everything in front of them.

Many people were surprised secretly that Ye Chen's combat power was very strong!

"kill!"

"Outside the true disciples, the Taoist disciples are inside!"

The old disciple who entered the second-tier heaven of the **** realm commanded other people, and other disciples were also commanding him.

Several disciples who had entered the early stage of the Divine Realm formed a circle of war to surround Ye Chen, and a number of true emperor realm disciples were cooperating outside.

So many strong men besiege Ye Chen!

All kinds of swords, lights, and shadows flickered continuously, and the hall was completely turned into a ruin. The disciple who entered the realm of God approached Ye Chen, and was bombarded by Ye Chen with a punch in less than a second.

Bang bang bang! !

Bang bang bang! !

The crackling sounds one after another.

Countless blood poured down, and a pair of bodies burst open.

Three disciples of Kun Jianmen Dao Chuan who entered the early stage of the gods have fallen!

People who entered the early stage of the God Realm could not stop Ye Chen's move.

The whole hall is very strange.

They have always heard that entering the **** realm crushes the emperor realm, but they have never seen the emperor realm crushing into the **** realm!

Many people even rubbed their eyes, thinking they were dazzled!

But the violent air waves around them had to make them think it was a fact!

...

"Thousand Ice Sword!"

Ye Chen snorted, and grasped the Divine Judgment Sword. An extreme brilliance bloomed, sweeping across the sky and the earth, the tip of the sword shot out the ice, turning into an ice sword in the sky. If the rain curtain fell down.

Puff! !

puff!

The bodies of the other disciples who had just stepped into the God Realm were all pierced by the Ice Sword!

The blood flew down, smashing holes in the ground.

In the blink of an eye, Ye Chen flashed out like a demon god, killing many disciples who entered the gods, and then pierced out with a sword, the clouds moved in all directions, and countless sword qi gushed out, like a tidal wave, and directly flooded those emperors. A disciple of noble state!

Crackling! !

Bang bang bang! !

As if putting fireworks, the flesh of the emperor realm burst open.

So many powerhouses, deal with an emperor realm level!

It is completely weak!

Either dead or seriously injured and dying, it is not Ye Chen's opponent at all!

Ye Chen stood like a green pine in the middle of the hall, turned over and stabbed out with a shot, and a black spear pierced the air, like a dead soul retrospectively destroyed, killing all the remaining true disciples of the Emperor Venerable Realm!

Only a rain of blood left!

At this moment, there was silence all around!

One hundred disciples of Kun Jianmen were destroyed overnight!

All the heads put away their contempt, staring at Ye Chen's heart with shock!

A few disciples of Taoism into the gods!

So many true disciples of the Emperor Zun realm!

One person was besieged for less than a minute before and after, and all were destroyed.

This level of combat power is probably comparable to the mid-stage or even late stage of the Divine Realm, right?

How could the young man named Ye Chen in front of him be so tyrannical looking at his roots at less than thirty years old?

Is it the arrogant of the Gaowu plane?

But it's not right. It's impossible for people born on the high martial plane to have such a low realm?

Ye Chen in front of him, there is only the emperor's level of heaven!

Chapter 1380:

While everyone was still in surprise, Li Jiawei stood up slowly, lingering in the magic light around his body, a black cloak appeared behind his back, a five-color luster flowed on his chest, a pair of eighth rank fairy weapon armor appeared, and a handle appeared in his hand. The four-foot long sword is also an eighth-grade fairy weapon!

He waved his sword at Ye Chen, his pupils were like ghosts, and shouted:: Little beast, it seems I still underestimate you. "

"No matter who you are or what kind of existence stands behind you, you shouldn't come here!"

"I want you to be cramped today!"

"It's better to die than to live!"

"I want you to regret stepping into the spirit city!"

"In the past, only me, Li Jiawei, killed others, no one else could kill me!"

In an instant!

Li Jiawei came to kill, with a sword soaring to the sky, ten thousand swords flashed, killing from all directions, leaving Ye Chen unable to hide.

"Fist in the Buddha Kingdom!"

"The sword gate manifests!"

Ye Chen was slightly startled, naturally he didn't dare to be careless.

With one sword and one punch, he exploded with the strongest combat power!

The Divine Punishment Sword in his hand bursts with starlight, blood and magic light, and multiple powers converge, blast out thousands of sword auras, and turn into a round of sword gates. Behind them are the way of killing, the way of immortality, and the way of dying. , Countless sword auras are contaminated with the power of the three realms, and then burst out!

At the same time, he blasted a punch with his left hand, and countless dying Buddhist scriptures emerged, covering the sky.

A Buddha kingdom is formed in the fist seal. Thousands of extinct Buddhist scriptures are chanted at the same time, and they are combined with the sword energy and fist seal.

This sword!

This punch!

is enough to kill the ordinary five-layer heaven of the gods, and even the weak ones of the sixth heaven, they must be destroyed on the spot, and there is no place to be buried!

嗖嗖嗖!!

bang bang bang! !

The two sides collide with sword energy, sword light, and Buddha country.

In the next moment, Wandaos sword light flashed again, shattering the Buddha Kingdom and smashing the sword gate. Li Jiawei even hit Ye Chen in a punch!

Ye Chen's mouth overflowed with blood, and his body fell heavily.

The dust is rolling!

He knew that Li Jiawei was scary, but he didn't know it was so scary!

Damn it!

Ye Chen quickly got up and retreated back.

Just when Ye Chen was about to retreat, a violent roar came:

"Little beast, how does this feel! Never despair! The game has just begun! I will use your head today as my birthday gift!"

Li Jiawei chased and killed Ye Chen, vowed not to give up if he didn't kill Ye Chen!

Many of the elders of Kunjianmen were also disdainful when they saw this scene.

A few elders said: "The emperor's realm is really ridiculous, and I dare to come to my Kun Jianmen to be presumptuous!"

"The Gorefiend Mountain Lord back then, he gave him a face without poisoning him!"

"It's **** daring to let people attack and kill our great leader!"

"Yes!" Grand Elder Kun Jianmen said angrily: "When I slaughter Ye Chen this little beast today, I will go to the Blood Demon Mountain and punish the Blood Demon Mountain Master! I miss our great master, Use lofty means to overwhelm the other seven martial arts and create the prosperity of our Kunjianmen!"

"Nowadays, no one dared to offend the boss!"

"Damn it!"

Ye Chen?

shit, after the headmaster grabs you, the elders will personally pick you up!

You not only dared to kill the person in charge, but also killed me and sent hundreds of true and Taoist disciples!

Damn it!

Something humble, **** it!

Kun Jianmen elders, law protectors, etc. chased up.

The other seven heads of faction looked at each other, and Qing Ruxue said, "What should we do? Help that kid?"

"Or help Li Jiawei?"

"It's Ye Chen, who is really strong in leapfrogging ability, but at the first level of the Emperor Realm, he has played the ultimate combat power into the gods!"

"It's kind of interesting."

"Wait a minute!" Lan Rushuang sighed: "Li Jiawei, this person will be reported to you, a shameless villain. If you can't kill him, he will definitely avenge me with his character! If Ye Chen can defeat Li Jiawei, I will take action and help He beheaded Li Jiawei."

"Even, Kun Jianmen was destroyed today!"

"That's right!" The head of the mad knife sect said with deep eyes: "The old man has never seen the emperor's heavenly arrogant who can fight into the divine realm. Ye Chen must have a strong behind this person, probably in the divine king realm, even Only the power of the Hunyuan realm can teach such a peerless genius!"

"If that senior shot Li Jiawei!"

"I will take the opportunity to help Ye Chen..."

the head of the seven factions followed at the same time!

Li Jiawei and Ye Chen fought in the spirit city, and the impact was not small, but Ye Chen was beaten by Li Jiawei in a row.

After all, the realm gap is too big!

Fortunately, Ye Chen's physical body is terrifying, as well as the devilish energy and blood dragon protection, so he won't be too embarrassed.

Otherwise, it would be blood mist!

"Little beast, is this feeling painful?"

Li Jiawei's violent force surged, and it was approaching Ye Chen!

I thought Ye Chen would beg for mercy, or give up.

But he didn't expect Ye Chen to close his eyes at this moment.

"Ok?"

Li Jiawei frowned slightly, not understanding Ye Chen's thoughts.

But his power hasn't reduced at all!

His eyes are full of madness and bloodthirsty! He is enjoying the killing!

Then at the moment of death, Ye Chen opened his eyes!

The corner of the mouth is drawn with an arc!

"I'm waiting for you!"

In the next second, Ye Chen pinched his fingers, and a road emerged directly.

"The Way of Death!"

"Breaking out!" Ye Chen yelled, got close to Li Jiawei, punched Li Jiawei's fist, the power of nirvana rushed out, and at the same time deprived Li Jiawei of the power of the great way as much as possible to supplement his own way and improve Own realm!

Huhuhu! !

Huhu!

At a speed visible to the naked eye, Li Jiawei's breath is declining.

In just tens of seconds, Li Jiawei is old and I don't know how old it is!

"You actually control the way of dying! How can it be!"

At this moment Li Jiawei's face changed drastically!

even a little frightened!

The Way of Annihilation is not controlled by an emperor arbitrarily!

More importantly, this kid is so oldThe way of dying is so terrifying!

is incredible!

He couldn't take care of everything, his body turned over, and even shot Ye Chen out.

Ye Chen rolled down on the ground, his clothes shattered a bit, but the way of silence floating behind his back was strengthened again, and then an extremely tyrannical breath came out. At this moment, he absorbed the power of Li Jiawei's great power, but it was Step into the second heaven of the Emperor Realm!

is simply a windfall!

"Come again!"

Ye Chen tasted the sweetness, so he rushed over!

At this moment, he is no longer afraid!

even looked at Li Jiawei's eyes as if he was looking at prey!

Under the world, who dares to do this!

and far away!

Li Jiawei is a little confused! The brows are full of weirdness!

"What the **** did this kid come from!"

"The aura on his body is too weird, not like the powerhouse of the blood spirit race, let alone the trash of Kunlun Xu!"

"There is no such genius in Lingcheng!"

"The key, this kid used the way of nirvana to absorb my power to make a breakthrough!"
