

Urban Medical 1381

Chapter 1381: impossible!

"It's crazy!"

"Damn lunatic!"

Li Jiawei no longer hesitated, holding a long sword, piercing the sky with a sword, the sword body burst out with the power of flying immortals, turning into a light curtain, seeming to cover the sky, and also completely wrapped Ye Chen in the light. In the curtain!

Immediately, he twitched the eighth-rank immortal weapon long sword, and endless sword aura erupted from the light curtain, attacking Ye Chen!

The corner of his lips even sketched an evil smile, and said coldly: "Little beast, you forced me, I don't believe it can't kill you!"

"Even the blood demon mountain lord back then, I used this trick to break his godly way!"

"What's more, a layer of waste in the emperor's realm!"

"I might as well tell you, I just use poison and I am good at poisoning. For the godly way of the Gorefiend Mountain Lord, Laozi subdued for a few days. He did not hesitate to bow and kneel before him, even kowtow, just to make him think I am not a hero. Take the opportunity to poison him!"

"It's a strong man in the Divine King Realm like him!"

"It's all in my hands, killing you is easy!"

"Besides, Lao Tzu is not allowed to die too early. Lao Tzu's disciples die in your hands!"

"I will make you feel that life is better than death!"

Gorefiend Mountain Lord?

What dog thing?

How dare to call an emperor's level of trash to attack and kill me?

It seems that he has been dizzy over the years!

But fortunately, if he lives for one day, my fame is even stronger!

Whoosh whoosh! !

Whizzing! !

In the light curtain, the sword aura with no dead ends came from all directions.

Regardless of the top, bottom, left, and right sides, there are sword auras, more than the formation of the blood demon mountain lord yesterday, and stronger attack power. Even if the six heavens of the ordinary gods are swallowed by this light curtain, they will die in these sword auras. Down, there is no power to fight back!

Besides, each of these sword auras is highly poisonous!

Any piece of sword aura is enough to poison the late emperor realm, let alone countless poisonous sword auras!

Even if Ye Chen couldn't kill Ye Chen, the poison also poisoned him!

"Excalibur!"

"Soul Demon Magic Spear!"

"The increase in vitality and blood, the increase in the prototype of the road!"

"Break it for me!" Ye Chen yelled, holding the Ninth-Rank Immortal Demon Soul Demon Spear in his left hand, and the gun body burst out with absolute tyrannical power. In an instant, Ye Chen's vitality power increased to an extremely terrifying level. .

He clenched the Divine Punishment Sword with his right hand, and the sword body burst out infinite sword light, destroying the sword energy that had been killed.

At the same time, the increase in Qi and blood exploded, allowing Ye Chen's Qi and blood to reach the peak, and then a sword split, as if breaking the sky, shattering the light curtain, the aftermath shocked forever, and successively smashed dozens of surrounding Kunjianmen. disciple!

Boom! !

boom!

One body after another burst open!

The twelve Kunjianmen disciples who entered the early stage of the God Realm or the peak of the Emperor Realm, under the spread of the aftermath and sword energy, their bodies burst open, and their souls turned into ashes in the aftermath!

Such a powerful and large number of geniuses were like gods in the past, but at this moment, they are like chickens and ducks, they have died under Ye Chen's sword aura, and they did not mainly attack them!

Just aftermath!

Break the aftermath of Li Jiawei's attack!

So many people have been killed!

"Li Jiawei!"

"You shameless villain, today I will kill you on behalf of the Blood Demon Mountain Lord!"

"I will not only kill you, but also your Kunjian Sect, and I will kill you too!"

Ye Chen volleyed with a sword, black hair fluttering, and demonic energy lingered all over his body. A fifth-grade immortal armor armor from Wei Wucheng appeared on his body. He stepped on the demonic energy, and the way of killing, the way of death and immortality above his head Kendo, the prototype of the three avenues, like a demon god!

He pointed at Li Jiwei with a sword, and said with a smile: "So shameless, the sword is poisonous, it will not destroy you today, it will become a future trouble!"

After saying that, Ye Chen pierced out with a shot, and the spear's devilish energy was like a dragon and snake, across the sky, and impacted on Li Jiawei's chest!

Bang bang bang!

Boom! !

The crackling sound continued, the armor of the eighth-rank immortal weapon was a little cracked, and the magical energy lingered on Li Jiawei, corroding his body.

The Ninth-Rank Immortal Demon Soul Demon Spear created by Ye Chen has a special devilish energy and corrosive power. Within a moment, the 8-Rank Immortal Armor quickly cracked, and Li Jiawei had to bloom his own poison. Dadao, a 3,000-meter-long wide poisonous sea, hovering above the sky, dropping countless venoms, and even the forces of corrosion cancel each other out.

Soon, the eighth grade fairy armor was restored as before.

Li Jiawei burst into laughter and said, "Little beast, you can't do it! Too weak!"

Then his arms shook, and the poisonous avenue suddenly flew out of the sky, like a curtain of rain, flying out.

Zi Zi Zi!

Sisisi~~

The venom fell on the ground, and the news express corroded the ground into potholes.

Ye Chen raised the sky with a sword, and set up a sword gas protective cover to resist the erosion of the venom, but in this way, there are still strands of venom infiltrating, corroding the fifth-grade fairy armor on his body, so that black smoke is born. The spirits in the fairy armor are wailing!

He immediately stabbed Li Jiawei with a shot.

But the venom was flying all over the sky, and some people from various factions were contaminated by the venom. The people in the emperor realm turned into a pool of blood in the same place, and the people in the early stage of the gods all fell to the ground with pain. After tens of seconds, their bodies Corroded The whole body turns into a pool of liquid.

Can poison the venom of the strong in the early stage of the gods!

Very scary!

The leaders of the other seven factions have put up protective shields one after another to protect their disciples and elders.

The master of Crazy Blade Sect was so angry that he thought: I really hope that Ye Chen will kill Li Jiawei, and Li Jiawei dare to poison my disciple!

hateful!

Ye Chen is a disciple of God King Realm and even Hunyuan Realm.

If you kill Li Jiawei, this shameless villain.

Lingcheng can be peaceful!

Bang bang bang! !

Boom! !

In the sky, a ball of venom was smashed by the Soul Slayer Magic Spear, and when the venom was still in the air, it turned into a cloud of smoke and disappeared.

It was really obliterated by the corrosive power of the gun body. After all, after the venom flew out, it could kill many people. Since the matter has nothing to do with the other Seven Martial Arts, naturally there is no need to let the venom harm the Seven Martial Arts people!

Slap~~

Piles of venom exploded.

The venom was wiped out in midair, so people of the seven factions could see clearly.

Nan Rushuang couldn't help but sighed: "This Ye Chen is a hero, for fear that the venom will hurt our disciple, he has intentions!"

"Such a peerless Tianjiao, I must make good friends!"

"Yes!" Qing Ruxue also nodded secretly.

"how come?"

"Impossible!" Li Jiawei's expression changed slightly. Seeing that his venom did not harm Ye Chen and Ye Chen's weapons, he couldn't help but be surprised: "My venom, even the seventh-grade immortal weapon, can be wiped out. How could it be destroyed? Block it?"

With a keen gaze, he stared at the Soul Slayer Demon Spear, muttering to himself: "Is it possible that this is an Eighth Stage Immortal Tool?"

"Or is it the Ninth-Rank Immortal Tool?"

"How can the Emperor Realm control this kind of fairy weapon?"

"Could it be that this little animal made it by himself?"

"impossible!"

Chapter 1382: Too anxious!

Remember in one second, wonderful novels are free to read without pop-ups!

Li Jiawei's heart is full of stormy waves!

He stared at the thing in Ye Chen's hand, muttering to himself:

"As for that long sword, I feel as if there is a **** power on it, is it a **** weapon?"

"And, it's not like a low-grade artifact!"

"Is it possible?"

"Is it a middle-grade artifact?"

Thinking about this, Li Jiawei faintly breathed cold sweat behind him, looking at Ye Chen's gaze, it seemed a little frightened.

A kid in the emperor realm.

is less than thirty years old!

There is actually a Ninth-Rank Immortal Device, and there is also a Middle-Rank Divine King Device?

There are so many artifacts and celestial artifacts. Isn't it an extraordinary origin?

may be the children of the Blood Sword Gate, the Beigong family, or other big families?

Relying on the situation of the Gorefiend Mountain Master Mu Chen, it is absolutely impossible to have a middle-grade divine king artifact. He was poisoned to defeat him back then, it was just a collection of eighth-grade immortal armor armor, that is, this one on his body. .

Eight-Rank Immortal Armor, the value is equivalent to the Ninth-Rank Immortal Long Sword!

These are all possessions of the Gorefiend Mountain Lord, and besides, he is the first heaven in the Divine King Realm, there is absolutely no way to have a Divine King Tool!

After was abolished by me, at most it was in the middle stage of the **** realm, and it was even impossible to get the **** king artifact, and could not hold the **** king artifact!

Ye Chen, there is no doubt that there is a big background!

It seems that he should be the offspring of a strong man in the **** king realm, or a disciple!

If I kill Ye Chen, will the Divine King Realm come?

If it comes?

What should I do?

Kneel down and kowtow?

If you kneel and kowtow, I'm fine with 10,000 kowtows.

Immediately, Li Jiawei continued to use his poisonous attack, but his strength did not increase any more. Instead, he asked: "Ye Chen, where are you from?"

"Shameless villain, where I come from, no need to let you know!"

Ye Chen scolded him, and immediately manipulated the fairy and the artifact, pushing away the venom step by step, even crossing a hundred meters to reach Li Jiawei, a sword pierced Li Jiawei's chest, the force of nirvana poured out frantically, consuming Li Jiawei's Shouyuan, at the same time absorbed his avenue.

Li Jiawei's avenue is highly toxic.

Ye Chen was not prepared to really absorb it, but absorbed the Dao Yun in it to make up for the way of killing, but it was also very limited. Otherwise, the poison would also contaminate the way of killing, and it would have an impact on Ye Chen himself!

The way to absorb others!

Consume the life of others!

All tricks are a way to draw salary from the bottom of the pot!

"you....."

"Beast!" Li Jiawei shouted violently, the eighth-grade fairy armor shook out a force, but was suppressed by the Soul Demon God Spear.

He used his fists and feet to fight Ye Chen, and the fights were comparable. The aftermath shook the surrounding area and killed many disciples.

Gradually, his cheeks quickly withered, and even his golden body was withering.

Originally, Li Jiawei was not too tall, but he looked like a young man, but now he looks like an old man with white hair and faint wrinkles on his cheeks. In just a few tens of seconds, he grew old. Long live!

"Go!"

"Go away, go away!"

Li Jiawei frantically twisted his body, got rid of the extinguishing power of the Excalibur, and then blasted Ye Chen out with a punch.

He shook his head and felt a little more sober. He actually lost 20,000 years of life, plus the previous 10,000 years, he lived for 8,000 years, and he is now 38,000 years old. Only 12,000 years of life are left!

Damn it!

Damn it!

Damn Ye Chen, this beast!

Originally, I wanted to keep my hands, and I was afraid that the people behind him would do it!

Now, if you force me, then you have to die!

"Huge poison is boundless!"

"The sword breaks the sky!"

Li Jiawei shouted angrily, holding the long sword in both hands, behind the huge poisonous avenue, a steady stream of venom gathered on the long sword, a sword was sacrificed, the clouds moved in all directions, countless venom sword aura penetrated Ye Chen's devilish energy!

He personally killed Ye Chen several times.

"Puff!"

"Puff... Damn... Sure enough, the strong in Lingcheng are not weak!"

Ye Chen rolled to the ground and got up with difficulty. His body was damaged. There were many scars, and even many ulcers all over his body. The poison was also corroding his body. If this continues, he will take the lead to lose strength. The footsteps of the mountain owner!

He reluctantly sacrificed the Excalibur Sword, but was shot back by Li Jiawei.

Is this the combat power of the powerhouse in the late stage of the God Realm?

After all the combat power has completely erupted!

I don't even have the power to fight back?

"Pity!"

"It's a pity!" Qing Ruxue sighed, and shook her head secretly. From her point of view, Ye Chen must die!

was hit by Li Jiawei's poison, the golden flesh was corroded, and the body was penetrated!

within three minutes!

Very poison will inevitably occur. By then, the Divine King Realm will not be able to move, and Li Jiawei can only let it go.

Isn't the last person who was corroded by such a poisonous person is the Gorefiend Mountain Lord of the God King Realm?

"I thought he could kill the immortal Xiaoxiong!"

"Knocked Li Jiawei, this shameless villain, to death. Unexpectedly, he still can't match Li Jiawei!"

The sect master of the mad knife gate sighed, grabbed the hands of the other two sect masters, and motioned: "Quit and don't help, even if I wait for all to go, I can't resist Li Jiawei's poisonousness. Once poisoned, I will die! "

"I am not waiting for the King of God Realm!"

"Although the physical body has entered the seventh or eighth stage of the golden body, it cannot stop the poison."

"Hey!"

"Sigh!"

The other two heads sighed, and they didn't really go up to help Ye Chen.

They hate Li Jiawei, this shameless villain, but they don't even have an eighth rank or above immortal artifact, so they are seeking their own death.

"If you are the person behind Ye Chen, you are willing to make a move!"

"Ye Chen is fine!"

"If it is..." Xuetianmen sighed, "If you don't want to make a move Ye Chen will definitely die!"

Many leaders have pity, after all, Ye Chen, a peerless arrogant, who dares to challenge the nine levels of the gods with the emperor's realm, Li Jiawei, is already very courageous and courageous, and has survived a hundred moves in Li Jiawei's hands. !

used the way of nirvana to disappear Li Jiawei's 30,000 years of life!

All such things can be called Kunlun Xu's first arrogant!

is just this Tianjiao, a little worried!

should be cultivated to the fifth level of the emperor realm, and he must be able to defeat Li Jiawei.

The seven or eight layers of the emperor's realm will surely be able to kill Li Jiawei!

What a pity!

Too anxious!

At this time, the Lord God Pill in the Tomb of Reincarnation, his eyes clear, said coldly: "Such a despicable villain, dare to move my disciple and seek death!"

"Ye Chen, listen up!"

"I will give you a strength to enhance your physical body, and at the same time you will have the power of the God King for a short time!"

"But only ten minutes!"

"Thank you, Master!" Ye Chen just finished speaking, he felt a majestic battle force pouring into his body, his golden flesh body became more manifest, completely turned into scarlet gold, and formally entered the seventh step of the golden body overlord's body. The power reached an extremely terrifying level, and even far exceeded the nine levels of the gods!

At this moment, Ye Chen stared at Li Jiawei like a god.

That boundless combat power and aura spread out, causing the entire Spirit City to tremble.

Chapter 1383: Senior Ye please!

Remember in one second, wonderful novels are free to read without pop-ups!

God King Realm!

is the aura of the powerhouse of the God King Realm!

The head of the Seven Schools looked around, only to find that this Qi came from Ye Chen himself. Could it be that Ye Chen was in the Divine King Realm?

"God King Realm!"

"The invincible God King Realm powerhouse!"

Nan Rushuang's eyes flickered, staring at Ye Chen, and muttered to herself: "Ye Chen unexpectedly burst out of the power of the **** king realm, is it possible that he is the **** king realm? Only for experience, so he suppressed his cultivation to the emperor. The horizon?"

"Probably!"

"Ye Chen's identity may be very high!"

The master of the Blood Heaven Gate sighed with emotion, and said, "Such aura is exactly the same as the master of the Blood Demon Mountain back then!"

"The Blood Demon Mountain Lord was one level of the gods, and it was easy to reach the nine levels of the gods!"

"Now Ye Chen also has the vitality of the God King Realm, it may be the hole card, but it also seems that his blood is awakened!"

"Of course, it is very possible that he himself is a powerful man in the Divine King Realm!"

As soon as these words came out, the heads of the other factions were amazed, staring at Ye Chen, they didn't even dare to show disrespect!

God King Realm!

The king of all immortals, the world is vast, no one can rival!

is a strong man in the kingdom of God, who can start a sect and hold one side, he is an absolute strong man.

But this kind of strong is actually Ye Chen?

A Tianjiao who is less than 30 years old!

is the powerhouse of the God King Realm!

"Ye Chen is definitely the descendant of a powerful family on the Gaowu plane!"

"Otherwise, there will never be this kind of energy!" Qing Ruxue came to a conclusion, "Never make an enemy to Ye Chen, otherwise he will die!"

"That's right!"

"Don't be an enemy, he himself is so strong, the family behind him is bound to be stronger!"

.....

Just when many heads were shocked, eight qi machines rushed out of the spirit city, and each one had the degree of entering the nine heavens of the gods.

is the ancestor of the eight schools, eight powerhouses who have entered the nine-layer heaven of the gods, because they felt the vitality of the gods, they left the customs!

Qinghongmen ancestor flew first, clasped his fists towards Ye Chen and said: "See senior!"

The other ancestors also came one after another, with a respectful attitude: "I have seen the seniors!"

"I have seen seniors!"

"I don't know what's the matter with seniors?"

"Senior, what can I do for you?"

The eight ancestors were extremely respectful, even watching the thousands of people in Silly City!

I didn't expect this peerless Tianjiao to have the power of the **** king realm, and the eight ancestors came out to meet in person, and the attitude was extremely respectful. This is a great figure in Lingcheng!

Li Jiawei's complexion is even more ugly, holding the long sword arm not trembling, and saying in his heart: It's over, it's over!

This Ye Chen is actually an expert in the Divine King Realm!

Damn, if I knew I should kowtow to him, he might have spared me!

What should I do now?

Killing me in the Divine King Realm, wouldn't it be too easy?

Divine King Realm is only one level of the Divine King Realm, enough to kill dozens of people who have entered the Divine Realm nine levels, not to mention Li Jiawei alone.

"You guys, get out!"

"Today I will kill Li Jiawei, and the rest will wait and die if not allowed!"

Ye Chen left a word and stepped forward slightly. His figure instantly came to Li Jiawei. A punch hit the opponent's chest. Countless violent blood gushed out, like the tide of the sea. Li Jiawei was like a boat at the moment. Between the waves, it may be destroyed at any time!

"no no....."

"Ye Chen, no, Senior Ye!"

"Senior Ye, I was wrong, I was wrong, you spare my life!"

"Please, I can kowtow to you and apologize, you can do whatever you want..."

Li Jiawei's expression begging for mercy, facing Ye Chen at this moment, he has no power to fight back at all

The next moment, a violent force blasted Li Jiawei's body, and even wiped out his spirit.

Li Jiawei, the master of Kunjianmen in the city of cholera for thousands of years!

officially fell!

Everyone was shocked!

Li Jiawei who has entered the nine heavens of God!

was blown up so easily.

At this time, they seemed to understand Li Jiawei's sneak attack on the Gorefiend Mountain Lord, and why he had to use virulent poison to make the Blood Demon Mountain Lord lose his combat power!

The power of the vitality and blood of the God King Realm breaks two, and two punches are enough to kill the warrior who enters the 9th Heaven of God Realm.

If Li Jiawei merely attacked the Gorefiend Mountain Lord back then, I'm afraid he would have been directly killed by the opponent!

"This....."

"So strong..."

"This force is too strong. It seems that I haven't tried my best. I can't offend it!"

After a brief exchange with the ancestors of several factions, they all felt that they could not offend Ye Chen.

Besides, they have no abilities and are not qualified to offend Ye Chen!

Over there, the ancestor of Kun Jianmen looked at Li Jiawei's bursting flesh and blood, and had to say: "Senior Ye did a good job. Li Jiawei is a shameless person. He humiliates my reputation of Kun Jianmen. Senior Ye Chen killed him for My Kun Jianmen cleans the door!"

"My Kun Jianmen is willing to produce one eighth-rank immortal implement, one seventh-rank immortal implement, and two sixth-rank immortal implements!"

"Thank you seniors!"

Thanks?

No, I beg Ye Chen not to destroy his Kun Jianmen!

Kun Jianmen ancestor is here, is he strong?

At most three or five punches, you will die!

Instead of confronting Ye Chen, it's better to admit counseling, not admit counseling, then be prepared to die.

Therefore, the ancestor Kun Jianmen said thank you, actually telling Ye Chen: I admit counsel, my people have offended you, you kill him, I will pay you some fairy artifacts, don't trouble me, I Can't offend you!

"it is good!"

"Four immortal artifacts, plus Li Jiawei's two sword immortal artifacts, yes!"

"I won't destroy you Kun Jianmen!" Ye Chen put away the fairy weapon The spirit card in his hand suddenly flashed a light, the Blood Demon Mountain Lord on the Blood Demon Mountain outside apparently also received the news and was ecstatic.

Ye Chen did not hesitate, and continued to ask: "Do you know that Lingyun Immortal Venerable, which space teleportation array was sitting in and left?"

"Uh, it's my one!" The ancestor of the Qinghongmen smiled and said: "Kun Jianmen has a spatial teleportation array that is teleported to the blood sword gate. However, the two teleportation formations I sent to guard, It's a place that leads to the universe."

"The land of heaven and earth is a place in the world of the blood spirits, close to the north."

"There is controlled by the Nangong family and the Huangpu family, collectively referred to as the Northern Territory, and the land of the universe is also in the Northern Territory. This space teleportation array is the land that leads to the universe, and the Immortal Venerable Lingyun comes from here. ."

"But, she is powerful after all. When she left, we did not know from which space teleportation array she left."

Ye Chen nodded slightly. After all, Lingyun Immortal Venerable is a great power in the good fortune realm, and his cultivation level is still above Nie Baijian, so naturally he would not tell these people who have entered the Ninth Heavenly Realm of his whereabouts.

He nodded slightly, and said: "Then I will take this space teleportation array, and go to the land of the universe to find it first!"

"it is good!"

"Senior Ye, please!" The ancestor of the Qinghongmen personally led Ye Chen to the space teleportation array.

The Space Teleportation Array is a giant teleportation array, somewhat similar to the Earth's Stonehenge, except that the Stonehenge is an abandoned Space Teleportation Array, and this one is intact.

Chapter 1384: fear

This space teleportation array is composed of seventy-one boulders, arranged in a three-layer circle, with a stone pier at the center.

Surrounded by powerful spatial forces, it seems that spatial transmission requires huge spatial laws.

"Senior, please enter!"

"Just stand on the stone pier!" Qinghongmen ancestor said slowly, with an extremely humble attitude, without any disrespect!

Ye Chen nodded, and slowly walked into the space teleportation formation. Standing on the stone pier, there was an invisible force enveloping him. After the ancestor of the Qinghongmen outside ordered 'start teleportation', the invisible force increased. powerful.

Huhuhu! !

Huhu!

Fifty-one boulders at the outermost periphery of the space teleportation array rotate rapidly to generate space power!

Obviously it is a space **** stone, which can generate space laws on its own. Otherwise, it needs at least one Hunyuan realm powerhouse to cast the spell, and it is likely to consume a lot of money if it is transmitted once. If it is more than two times, many Hunyuan realm powerhouses will be overwhelmed.

The power of the law of space envelops Ye Chen.

The outer two layers of the space **** stone also rotate faster and faster, and light blue light spots gradually appear within the array, which is the law of space converging into space particles, and soon, countless space law particles are gathered together and turned into a beam of light. , Suddenly bombarded the void above Ye Chen's head.

Huhuhu! !

Huhuhu!

The void splits, and waves of wind emerge, but they are all blocked by the power of the law of space.

Gradually, the void splits and reveals a circular cave, inside is a dazzling light, like a channel, but there is no end in sight. If the space transmission is used in the language of China, it is to penetrate the nodes of the two worlds. To make it produce a straight passage is a space jump.

In the next moment, many space law particles wrapped Ye Chen and sent Ye Chen into the space tunnel!

After entering, Ye Chen was amazed by all the dazzling light around him, his speed was extremely fast, faintly breaking the speed of sound, but seeing the scene, no matter the front and back, made him wonder whether he was moving forward.

At this moment, outside the space teleportation array.

The ancestor of the Qinghongmen sighed, nodded slightly and said: "Finally, I sent Senior Ye away!"

"Ancestor, Senior Ye knows Lingyun Xianzun!"

"It seems to be looking for Lingyun Xianzun." Qing Ruxue thought: "Could it be that he is a disciple of Lingyun Xianzun?"

"I don't know!"

"But it doesn't look like it!" Qinghongmen ancestor said slightly: "Lingyun Xianzun only accepts female disciples, and I feel that Senior Ye Chen has the spirit of the **** pill lord back then, but not necessarily the disciple of the **** pill lord. , It may be the disciple of the blood spirit clan's amalgamation master in the Dao realm!"

Qing Ruxue nodded as if she knew how to understand.

The breath of the pill that lingers around the Lord of God Pill is a pure to extreme breath, because of long-term contact with various pill, natural body and power have pure pill power remaining.

And at that time, when Ye Chen bloomed the God King Realm Qi machine, it also bloomed with a pure pill Qi machine.

"No matter what!"

"Ye Chen is not our opponent!"

"It's too strong, and the person behind must be very strong. It may be in the Hedao realm, or it may be the good fortune realm like Lingyun Xianzun, or even the star aperture realm!" Qinghongmen ancestor said slowly, and then looked towards Others said: "Everyone, let's go and hold a funeral!"

"As for the Gorefiend Mountain Lord outside!"

"Kun Jianmen had better not provoke him, after all, the Blood Demon Mountain Lord has a relationship with Senior Ye Chen."

"You moved the Gorefiend Mountain Master, if Senior Ye Chen comes back, you may have destroyed your Kunjian Sect!"

Humph!

The ancestor Kun Jianmen gave a cold snort and flung his cuffs and left.

Today, the head of his Kunjian Sect died in battle, and dozens of elders of all ranks died in battle. The true disciples and Daoyuan disciples were almost completely wiped out, and their strength fell to a historical freezing point, but he did not dare to trouble Ye Chen. , Only the funeral will be held honestly.

The other seven factions also benefited a lot.

More of it was because Ye Chen was pleased to get rid of the shameless villain Li Jiawei.

Lingcheng is going to hold a lot of funerals this time.

.....

After a while!

Ye Chen came out of the space tunnel, and his strength was restored to the level of the emperor's realm. Looking around, the vegetation is lush, but it is very spiritual. The trees are tens of meters high. Even a flower is One person size.

He did not sigh with emotion: "The spiritual energy density is so strong, at least ten times that of Kunlun Xu!"

"No wonder so many strong people can be bred!"

The denser the aura, the easier it is to practice.

The vegetation is naturally more lush.

"According to the ancestor of the Qinghongmen."

"I'm in the land of the Northern Territory, presumably the place where Lingyun Immortal Venerable is not far away, I have to find a place to ask!"

Ye Chen continued to move forward, while thinking about it: "In the world of blood spirit tribe, I heard from Master that there are five regions in the southeast, northwest, middle and northwest regions, but the Beigong family and the blood sword gate in the southern region that invaded Kunlun Xu. , Nobody participated in the other four domains."

"Back then, that digital good fortune realm belonged to the Beigong family!"

"Under the Good Fortune Realm, there are people from the Blood Sword Sect. The Blood Sword Sect is indeed powerful, and there are so many powerful people in the Combination Realm!"

"But no matter how strong it is, it's useless. It won't take long for me to destroy the Blood Sword Sect!"

He walked for a long time, about an hour, before he saw a city.

This city is like the buildings of Kunlun Xu. You can see all kinds of wooden buildings everywhere. The highest is only ten stories. It is not like the tall buildings on the Huaxia side. It is just that the city is extremely large. It is estimated to be more than some provinces in China. The city is about ten times bigger.

The people living inside have different breaths.

But every breath made Ye Chen feel threatened.

Ye Chen still came to the teahouse, tasting tea while preparing to inquire about the news.

In this city, without technology, the teahouse is a place where many warriors gather and chat, and they can learn a lot of news and intelligence.

"Eh eh do you know?"

"Yesterday Nangong Jianyu, armed with a sword to kill the Beilun faction!"

"Many experts in the Divine King Realm of the Force Slash Beilun Sect, and even the head of the Hunyuan Realm, were pierced by a sword through their breast bones!"

"Nangong Sword Yu is nothing!" Another person waved his hand and said: "Do you know that the spirit sword swordsman Ling Wuxi? One person killed the Tianmen faction with one sword, and killed the strong in the Primordial Realm of that faction, even still in ink. In the Orchid Desert, I saw the disciple of Lingyun Xianzun!"

"Molan Desert!"

"Since ancient times, the place where the demon race has gathered, countless demon kings have ruled and dominated it."

"And Lingyun Xianzun cultivated there for a period of time, and was guarded by the clerks. Ling Wuxi actually saw the Lingyun Xianzun clerks. What a shame."

Chapter 1385: This humble man

Remember in one second, wonderful novels are free to read without pop-ups!

"Yes indeed!"

"Listen to Wuxi Ling, Molan Desert, it looks like there is a palace of Lingyun Xianzun!"

The man spoke happily.

Other people are also talking about various interesting things as a conversation.

For example, a certain young man killed seventeen strong men in the **** realm overnight.

A member of the XX family, killed a sect overnight.

Someone from the sect, once slaughtered the families of three enemies, beheaded several powerhouses in the kingdom of God, and so on.

There are even more powerful players in the Hunyuan realm, which originated from the battle between the Huangpu family and other families in the Western Regions, and there are many more divine kings falling, etc., various things are countless, all kinds of news are talked by these people with joy, just like a group of them. The guy in the Emperor Realm, went to the battlefield to observe the same.

Ye Chen listened to these news, and looked at their realm, thinking: "Sure enough, I am worthy of the Gaowu world."

"In any teahouse, there are dozens of emperor realms, and dozens of them enter the **** realm."

"There are many powerful people in the late stage of the **** realm everywhere on the street, and there are even many in the **** king realm."

"In the high martial world, the lowest threshold for everyone is the emperor state!"

"However, it won't take long for me to achieve the Hedao state!"

He lightly took a sip of tea, his eyes flickered, and said, "Now, I'm going to the Moran Desert."

Ye Chen thought, the Molan Desert, just to the west of this city, is a vast desert. There are many monsters with terrifying aura, many of them are in the emperor realm, and some are in the gods. For the strong, it is almost a Jedi.

But he will definitely go!

What is the Moran Desert!

Lingyun Xianzun's palace must go. Lingyun Xianzun took my people without authorization, Ji Siqing and Xia Ruoxue don't know what happened!

Soon, Ye Chen left a piece of immortal stone, and went to the city gate to rent an eighth-tier emperor-level spirit beast named Xuantianying. The ride was extremely fast, and he could reach the Molan Desert in the middle of the night.

In the night, the stars are faint.

Various auras erupted faintly in the distance, and it seemed that dozens of people who had entered the Ninth Heavenly Realm were fighting each other.

Someone died soon, but Ye Chen ignored these. He sat on the Xuan Tianying and felt Li Jiawei's poisonous avenue. He extracted a lot of Taoism from it and integrated them into the way of killing!

Soon, the way of killing became more solid and improved by 60%.

A qi machine rushed out of Ye Chen's body, breaking through to the second heaven of the Emperor Realm!

The other emperor realms just need to perfect the rudiment of a avenue, and every time it goes up 10%, it will advance to a level!

And Ye Chen needed to move up all three prototypes of the avenue. Even if the prototype of one avenue was perfected 60%, it would only break a realm. It was necessary to complete the prototype of one avenue before the fourth level of the emperor realm.

Because there are three rudiments of cultivation, Ye Chen's combat power is also extremely powerful.

Huhuhu! !

Huhu! !

The night breeze was bleak, passing Ye Chen's body.

The Xuan Tianying didn't feel the slightest, still piercing the clouds and breaking the rain, and gradually entered the range of the Moyu Desert. It was located at an altitude of 10,000 meters. The head-sized monsters of the emperor realm below did not respond.

But Ye Chen's soul power swept across the desert below.

Only in the past thousands of meters, at least hundreds of monsters in the Emperor Realm were still found, and three or five monsters in the Divine Realm.

According to the people selling information at the gate of the city, the palace of Lingyun Xianzun is on the edge of the Moyu Desert. If you find the right place, you have to travel hundreds of thousands of meters to find the palace.

Huhuhu!

Huhu! !

A tyrannical breath rose to the sky!

was a monster that entered the seventh-layer heaven of the gods, bursting out of breath, seeming to be staring at Xuan Tianying and Ye Chen, slowly rising from the sky.

Ye Chen used secret methods to shield himself and the breath of Xuan Tianying, speeding forward to get rid of the monster beast, he came to Ji Siqing and Xia Ruoxue, and had no time to fight against these monsters.

Along the way, Ye Chen has found dozens of monsters entering the gods.

These are just ordinary monsters, they are so strong.

Now, Ye Chen finally understands the difference between the Kunlun Xu and the Blood Sword Gate of the Blood Spirit Race. In Kunlun Xu, Han Yun, who was originally at the peak of the nine-layer heaven of the emperor realm, is already regarded as the Heavenly Bo Yuzhu and the cross-sea Zijin Liang Like existence, I didn't expect to enter this Mo Jade Desert for only an hour, and dozens of ant monsters at the peak of the nine-layer heaven of the Emperor Venerable Realm were found.

soon!

High in the sky, Ye Chen faintly saw a palace filled with celestial spirits, which in itself was a Hunyuan fairy artifact!

In the huge Molan Desert, there was a Hunyuan fairy artifact, but no one dared to move it, and even within 10,000 meters, there was no monster.

Ye Chen landed and saw the gate of the palace carved with four ancient rhyme characters "Lingxian Palace!"

Spirit Fairy Palace!

A residence of Lingyun Xianzun.

Like the **** pill king, the hundred sword **** king, and the forging **** king, these ancient powerhouses seem to like to build houses everywhere, just like the Chinese people buy houses everywhere, and there are places to live everywhere.

Ye Chen cleaned up all over his robe, making him look more vivid.

He went forward, clasped his fist and said: "The king of Kunlun Xuguangming Palace, Ye Chen, come to see Lingyun Xianzun!"

"Xianzun took away the beloved person of this king a few days ago!"

"Also, please come out and see Xianzun to make things clear!"

As soon as 's voice fell, two tyrannical breaths rose into the sky!

Two fairies flew out of the Lingxian Palace, very handsome, just like nine-day fairies, wearing white robes, slowly falling in front of the palace gate, looking at Ye Chen, quite disdainful They are. Disciple of Lingyun Xianzun, Piaoxu and Feihua!

Lingyun Immortal Venerable has residences everywhere, and there are many disciples. Naturally, he will guard some residence palaces instead of Master, so as not to break in by the younger generation. In contrast, forging the gods and the gods, they only use war puppets. And Xianqi defense.

Piaoxu looked at Ye Chen coldly, covered her mouth with a smile, and said: "Feihua, look, anyone really dares to visit Master!"

"Kunlun Xu?"

"It seems to be a lowly martial plane, anyway, it is a lowly place."

"As for Ye Chen, the king of Kunlun Xuguangming Palace?"

"The name is quite big, and there are many words." Piaoxu looked at Ye Chen sarcastically, shook his head and said: "A fellow of the second-tier heaven of the Emperor Venerable Realm can be the master of the house? Is it also the king?"

"It's so bold!"

Her eyes were clear, she turned into a long sword, pointed at Ye Chen, and scolded: "While there is no one now, you get out!"

"So as not to stain the reputation of our Lingxian Palace!"

"As for the master to take away your beloved?"

"Master has always traveled everywhere, and will accept all kinds of women with excellent talents as disciples. If you want to come to your lover, you are already a disciple of Master. From now on, you are the goddess. Those who are strong in the Yuan realm do not have the slightest qualification to covet it!"

"Go!"

"I don't want to say a second sentence, get off, you mean man!"

Chapter 1386:

Remember in one second, wonderful novels are free to read without pop-ups!

Ye Chen knows that there are many strong people in this place, and those who are empty in Kunlun will definitely be looked down upon.

But he never expected to be looked down upon like this!

even so insulting!

He is a man no matter what!

How can I bear it!

"Bitch girl, I'm looking for someone, not a murderer, clean your mouth!"

Ye Chen froze, grasping the Divine Punishment Sword in his hand, and said: "Hurry back and inform your Patriarch, Lingyun Xianzun, to tell her that Ye Chen has something to meet, otherwise, you will be at your own risk!"

"This is my attitude!"

Angry!

Extreme anger!

If it weren't for Ji Siqing and Xia Ruoxue, they are still with Lingyun Xianzun! Ye Chen had long been violent and sacrificed the sword and killed these two arrogant gatekeepers!

"Hahahaha!"

"kill me?"

"What are you?" Feihua smiled forward and backward, staring at Ye Chen with a surprised look, and shook her head, saying: "This girl is Lingyun Xianzun sitting down on the outer disciple!"

"Even if you are only entering the Divine Realm, your status is higher than that of the Divine King Realm!"

"It is the heads of many sects of the gods and kings around, you have to bow down when you see us!"

"We are goddess, supreme goddess, you humble thing, even if you are a king, you are also a lowly king!"

She gestured to Piaoxu with her eyebrows, and smiled at the people around her: "This shameless, humble man, who can enter the Moyu Desert and come to our palace gate, must have some abilities. He should be a disciple of the gods! "

"But if he doesn't leave again, let's take action and abolish his meridian and cultivation base!"

"If you spare his life, you can be regarded as a strong man in the Divine King Realm, with a face, how about?"

"That's true!" Piaoxu looked extremely beautiful, but his words and heart were extremely dirty, and said, "Ye Chen, why don't you get out?"

Ye Chen ignored it, his eyes suddenly fell on a blood spot in the palace.

He squeezed the technique, turned it into a thread, passed through the second woman, and landed on the pool of blood, suddenly his expression shocked!

These blood!

is Xia Ruoxue!

The blood stain has not completely dried up, and there is Xia Ruoxue's original essence on it, which is blood from three days ago!

Xia Ruoxue?

got hurt here?

Still, have you been tortured here?

"What's wrong with Xia Ruoxue? What's wrong with this blood?" Ye Chen said angrily.

The two disciples smiled coldly when they heard it: "Don't get out? Are you **** dare to speak to us in this tone?"

They didn't notice the coldness of Ye Chen's eyes at all.

Extremely cold.

Xia Ruoxue has an accident!

When he thought of this, Ye Chen no longer had the slightest sense of reason. His heart was filled with anger, and he called out the Soul Slayer Magic Spear. There was an extreme magical energy around his body, his black hair fluttered, his feet dazzled, and a lot of luster lingered on his chest. , A piece of fairy armor appeared, the way of dying, the way of killing and the way of immortality above the head!

Three ways come out, the devilish spirit is in full swing!

is like the descending of the ancient demon gods, terrifying infinitely, the devilish air even disperses the big ants in the divine realm for a few miles, and there are four violent winds for a time, and countless winds and sands are surging, like the end of the day!

"Wait, dare to hurt her!"

"Don't get out of here yet!"

"This person is not right!" Piaoxu's left hand flashed with a lustre, and an eighth-rank immortal artifact appeared, replacing the previous third-rate immortal artifact long sword, carefully looking at the murdered Ye Chen, and shouting: "Feihua, this person is Demon, there is devilish energy on his body!"

"Shoot together and smash this demon!"

"Okay!" Feihua also called out an eight-rank fairy sword, her whole body lingered with lustre, a set of fairy dresses and an inexplicable fairy weapon emerged, her arm shook, and countless frosts appeared, turning into an ice sword. , Kill to Ye Chen!

Ye Chen!

What is the lord of the King of Light?

**** thing, I think it's almost the same as the demon head of the wild demon!

That being the case, the demon dare to trespass into the master's palace, and kill him if he kills it.
What's the fear!

It is the duty of our goddess to eliminate demons and defend the way!

嗖嗖嗖!!

Whizzing!!

Countless ice swords flew out, like a storm, swirling the surrounding sand, turning it into a sword of sand, and rushing to Ye Chen together. The momentum is huge, and a breath of frost road faintly emerges!

Such a momentum is enough to kill a warrior who has entered the early stage of the gods!

However, Ye Chen is no more than a heavenly emperor!

shot really hard!

This is to kill Ye Chen!

"Sword Gate!"

"Manifest!"

Ye Chen's arms shook, countless demon qi gushing out, and a giant devil qi sword gate with a height of one hundred meters gathered on the top of his head, flashing the magic light of his debut, and at the same time countless magic qi swords shot out. Devilish energy fell down from the Devilish Sword Gate, located in front of Ye Chen, forming a protective cover.

bang bang bang! !

bang bang bang!

The ice sword and the sword of wind and sand hit the devilish shield, bursting open, or transformed into their original form, attacking the devilish shield again, and soon cracks appeared in the devilish shield. The gas shield cracked open, and the momentum was huge.

Whizzing! !

嗖! !

Thousands of magic swords flew out like a curtain of rain, shooting straight down from mid-air, just higher than the flying rules of the ice sword and the wind sand sword. The two did not collide together, but attacked the flying flower. .

Feihua started and jumped up, whirling all over, dodging the magic swords.

Suddenly, a long sword of magic energy slashed across her beautiful cheeks and body, and a trace of blood appeared instantly, and the magic energy on the wound gradually expanded, directly wrapping Feihua's head.

Boom! !

There was a crackling sound, and countless blood flew across, and rags scattered on the ground.

A flying flower that is beautiful like a nine-day goddess, is seriously injured at the moment, and blood is stained on the clothes, it is extremely hideous.

"Ye Chen!"

"You bastard, dare to do so!"

Feihua personally held the fairy sword, and to fight.

A stormy sea has been set off in her heart!

Who would have thought that someone from a land of garbage could be so strong!

At the same time, Piao Xu jumped and came behind Ye Chen with a sword pierced out. Thousands of sword aura gushed out straight into the sword body, turning into a long macro attack. Such a move is enough to kill the ordinary into the middle of the gods. Of warriors.

There was a sound of heavy metal collision.

Soul Demon God Spear automatically propped up a magic shield to block the blow, and then Ye Chen let Qi Ling fight on its own.

Soul Demon God Spear flew out, and the body of the gun was controlled by the middle weapon spirit.

Qi Ling is after all the real controller of the Soul Demon God Spear. He controls the Soul Demon God Spear to attack and kill Piao Xu. It is extremely tyrannical, and for a while, even Piao Xu who has entered the Seventh Floor of the Divine Realm is in a bitter battle!

"The spear spirit!"

"Block this humble woman!"

"Understand, Master!" The Soul Slayer Demon Spirit Spear Spirit responded, and controlled the spear body to burst out a magic light, rushing straight into the sky, attracting countless wind and rain, all turned into rain of demon energy, spilled down, every drop of demon energy Rain, all with the power of corrosion.

Piaoxu had to hold up the protective cover. For a moment, she couldn't destroy the Soul Demon Gunslinger, and she was shocked!

Ye Chen?

Is it really the humble Lord of the Wild Demon Race?

Chapter 1387: Talent!

Remember in one second, wonderful novels are free to read without pop-ups!

But, how could there be a king with such a low cultivation base, but with such a high combat power?

Such combat power, such financial resources, a Ninth-Rank Immortal Tool Spear, can block me autonomously, and a Fourth-Rank Divine King Tool Long Sword, which can even block the flying flowers that enter the eighth layer of the God Realm?

Fourth Grade God King Tool!

Ninth Grade Immortal Device!

The combat power of this person is at least comparable to that of the Seven Heavens in the Divine Realm, which is equivalent to crossing dozens of small realms while fighting my sisters?

boom! !

Piaoxu fought fiercely with the Soul Demon Spear in his hand. The two immortal weapons collided with each other, resulting in a huge aftermath, and even punched a deep pit hundreds of meters in size on the desert floor, and countless sands instantly turned into nothingness.

Soul Demon Gunner is still in the upper hand!

Although Ye Chen did not personally control, and did not have the power blessings of the three avenues, when Ye Chen refined the fairy artifact, he used it as a divine king artifact to temper, adding the power of extinguishment of the way of nirvana, and The killing air of the way of killing, coupled with some of its own demon energy, has four abilities of silence, killing and corrosion, and corrosion!

Although he did not become the King of God artifact in the end, it was also the pinnacle of the Ninth Grade Immortal artifact!

suppressed a piece of Seven-Rank Immortal Artifact and the Piaoxu hit that entered the Seventh Level of the God Realm, which was naturally not a problem.

On the other side, Ye Chen personally controlled the Divine Judgment Sword. In a rage, the firepower was fully on, and it was beaten several times. He was scarred, his clothes shattered, and even showed some spring light, but Ye Chen didn't bother to look at it. Under the blood increase, he was extremely intent to kill.

a sword fell, and even vaguely split the formation in front of him, and even knocked the flying flowers out.

Ye Chen didn't stay behind at all. Originally thinking of knocking Feihua, he entered the palace to search for it.

Unexpectedly, Feihua actually blocked herself several times!

became more and more anxious, beat Feihua's body dozens of times, but still hadn't had time to enter the palace!

Three days ago!

Xia Ruoxue is injured here!

I don't know why this blood!

Most likely, Xia Ruoxue and Ji Siqing were here and were tortured by these two women!

Otherwise, how could Xia Ruoxue get hurt and vomit blood!

No matter what, I must go in as soon as possible and rescue them!

"Go away!"

"Go away!"

Ye Chen knocked Feixu away again with a punch, Feixu spit out a mouthful of blood in the air, his eyes were full of panic and dread.

The fifth-order flying catkin of the golden body domineering body, relying on physical strength, how could it be able to stop Ye Chen!

boom! !

Feihua hit the wall of the palace hard, spurting blood.

She stared at Ye Chen, Guanghua turned around, recovered her body and clothes, bit her silver teeth slightly, and said angrily: "Ye Chen, you forced us!"

"Don't regret it!"

"If I don't kill you today, I won't be a human being!"

The next moment, Feihua took out a **** halo from Universe Ring, and merged the **** halo into her body. The power of Qi and blood quickly collided, and her fingers were even more crazy.

Her breath is still growing!

At this moment, Feihua not only possesses the aura of the Divine King Realm, but also possesses the power of the second-tier heaven of the Divine King Realm!

With such a breath and such a fighting power, it is because the heads of the sects or some disciples around them have come, and they cannot be pleased.

"Originally, these are the auras that the master gave us to practice!"

"Unexpectedly, unexpectedly!"

"Unexpectedly, you, a kid in the trash land, would forcibly break into Master's palace and force me to forcibly absorb these auras of blood and energy!"

Feihua is extremely angry, with a breathtaking breath, like a **** of war!

She pointed at Ye Chen with a sword, as if trying to judge a humble person, "Now, I have absorbed these auras of vitality and blood, and have the power of the gods, but my foundation is damaged, and it is difficult to recover without a thousand years!"

"As for you!"

"You mean man, I want you to know that death is a luxury!"

"Piaoxu!" Feihua whispered softly, releasing an invisible force, directly hitting the Soul Demon God Spear, and taking the injured Piaoxu to her side.

She stepped on a wall, raised her left hand slightly, and her palms sucked endless spiritual energy, which gathered into three long swords. Each long sword bloomed with a world-destroying atmosphere, all locked Ye Chen, still Keep accumulating power!

constantly absorb spiritual power.

Keep absorbing energy and blood!

Charge up the three-handed magic sword to kill Ye Chen!

If you can't kill Ye Chen, let him know how life is better than death!

Ye Chen holds the Soul Demon God Spear in his left hand and a sword in his right. He has a keen eye and three prototypes floating behind him. He is also ready for a battle. With such a spiritual sword, he can't avoid it, he can only resist directly!

"Silence!"

"Kill!"

"Indestructible!"

"Three statues manifested!"

He roared a few times, and the prototype of the three roads behind him changed at the same time.

The avenue of nirvana seems to be transformed into a sea of nirvana, in which the sea of nirvana boils extremely, overflowing with countless luster, a lord of nirvana slowly floats out of the sea, holding an iron tower in his hand, and the iron tower emits endless waves The power of dying turned into a long sword with a hundred feet.

The Slaughter Avenue seemed to be transformed into a mountain forest. Numerous groups of slaughter birds and beasts flew out, each turned into a light spot, located on the Slaughter Mountain Forest, transformed into a Slaughter Lord, holding two Slaughter swords, accumulating the power of killing, Waiting for the outbreak.

The immortal sword is directly transformed into an immortal lord, holding a long sword, the upright lord, who can fight the sky above and slaughter the Nine Nethers at the bottom, and the immortal sword in his hand is transformed by the power of the prototype of the dao, as long as The avenue is immortal, the sword is immortal, and a fatal blow can erupt at any time!

The rudimentary form of the avenue manifests and a lord!

It is Ye Chen's attack and killer move that Ye Chen understood from the prototype of the avenue. This trick mainly uses the power of the prototype of the avenue, not blood, non-soul, and the power of the prototype of the avenue as long as the prototype of the avenue is strong, then Strong attacking power!

"The prototype of the Three Avenues!"

"Some skills!"

Feihua raised his eyebrows and feet slightly, "Emperor Zun realm, comprehend the prototype of the three avenues, one is enough to repair a few years, repair three, even if the combat power far exceeds the same realm, but it takes countless time, consume the same time, others arrive at the king of God Realm, you have just reached the realm of God!"

"You have some talent!"

"However, today you offend the superior gods and goddess with a humble and low position, and you have to be punished!"

As soon as the voice fell, the three spirit swords slammed out, leaving three magnificent marks in the air, and went straight to the three lord ghosts.

The Lord Ji Mie offered a long sword of Ji Mie, which vaguely affected time.

The Lord Slaughter offered two Slaughter Swords, and the slaughter air even affected Feihua and Piaoxu.

As for the immortal lord who lifted his sword and committed suicide, he wanted to destroy the three spirit swords!

boom! !

boom!

boom! !

The sky bursts out three auras in a row, as if three suns are in the sky, and the luster will light up the night, as if the day is fleeting.

The long sword of nirvana was destroyed, and the half-handled spirit sword came.

The two killing swords shattered, but they broke the spirit sword, but a sword tip still flew.

The Indestructible Lord was shattered by the spirit sword several times, but re-manifested several times. As long as the indestructible sword is not destroyed, he will not be destroyed.

Chapter 1388: I gave you a chance!

Remember in one second, wonderful novels are free to read without pop-ups!

A broken sword and a sword tip are killed.

The broken sword hit Ye Chen's fairy armor, and there was an extreme explosion. The fairy armor and broken sword exploded at the same time, and they were destroyed together.

A piece of sword tip penetrated Ye Chen's right shoulder and knocked him out.

After the sword tip penetrated Ye Chen, it fell into the sand in the distance, and it set off thousands of meters of wind and sand. The wind and sand with a radius of tens of thousands of meters was lifted into the sky. Then it was shaken into nothingness by the afterwaves, and underground appeared. A pit of hundreds of meters!

Unimaginable!

This is just the tip of the spirit sword, containing only one-fifth of its power!

Even if the sword body was blown out, only the tip of the sword would directly inflict Ye Chen. If the three spirit swords were released together, I am afraid that it would be a powerful person who could directly destroy the first heaven of the gods, and it would be like entering the nine heavens of the gods. Killing chickens and dogs is generally simple.

"Puff!"

"The power of the second layer of the God King Realm!"

Ye Chen sprayed out a stream of blood, the power of qi and blood bloomed slightly, healing part of the wound.

I want to heal, I am afraid it will take some time!

"I'm still alive!"

"No wonder it is a man of three ways!"

"However, you provoke our sisters and want to enter the Master's bedroom. You should commit the following crimes. You deserve death!"

Flying flower fairy skirt is surging, fluttering like an immortal, like a goddess high above, disgusting.

She didn't take it seriously. Seeing Ye Chen who had lost most of his combat power, she smiled and said: "The sin deserves a million deaths. I have the right not to kill you, but I want to seal you!"

"Seal the power of your vitality!"

"Seal the power of your soul!"

"Seal your golden body and the prototype of the three roads at the same time!"

She smiled contemptuously, very refreshed, and said with a smile: "You, you will be an ordinary person in the future, don't want to do anything, you can't use any power, you are a waste person with a realm!"

"I really want to know, a king who has no combat power."

"After you go back, will you be directly slaughtered and divided by your men!"

Lord?

Bright Palace?

I will not kill you, but I want you to be a useless person and let you die in the hands of your enemies!

Let your enemies torture you, let your servants come down to torture you!

And, I still add a little strength to the seal to ensure that you will not die if you are subjected to any torture or any attack. There is only endless pain until your longevity is exhausted, and you will die naturally!

After saying this, Feihua's hands condensed countless spiritual power, and a cosmic imprint was gathered on her chest, with the power of her own blood. The cosmic imprint was flowing with red and blue luster, suddenly flying towards Ye Chen, like a sky, towards Ye Chenfei go with.

rush rush! !

Huh!

The imprint of the universe cut across the air, and even caused space distortion. Such a powerful seal can be called against the sky!

I think it comes from the magic arts from the Lingxian Palace. There are vaguely the power of the laws of space and time. Obviously, it is a magical skill of the Dao realm, which is enough to seal the power of the gods, but Feihua does not use the gods. The combat power of, cannot be displayed yet!

"Want to seal me!"

"I abolished you today!"

Ye Chen yelled violently, and rose into the sky, holding the Excalibur Sword and Soul Demon Spear, and he wanted to fight but was wrapped in the imprint of the universe!

Several special forces from the imprint of the universe gush out and gradually merge into Ye Chen's body.

Boom!!!

A powerful blood awakens!

Devil's eyes appeared on Ye Chen's eyebrows, and the power of qi and blood seemed to be endless, directly shattering the imprint of the universe.

boom!

The imprint of the universe shattered and turned into flying fragments.

Feihua suffered a fierce backlash, spitting out a mouthful of real blood, and its breath dropped extremely. From the breath of the second heaven of the **** king realm, it fell directly to the first heaven of the **** king realm!

Soon, the breath weakened ten times again!

fell into the Divine King Realm, and only the power to enter the Divine Realm Nine Heavens!

"Ye Chen!"

"You are looking for death!" Piaoxu also swallowed the halo, and his aura skyrocketed to the second floor of the Divine King Realm.

boom!!!

Ye Chen's reincarnation bloodline, through the eyes of the devil, shot out a burst of brilliance, traversed the sky, and hit Piaoxu.

Piaoxu spurted blood, golden burst, and the breath also fell into the Divine King Realm, leaving only the breath of the nine heavens in the Divine Realm.

"you!"

"What bloodline, how can it be so strong?"

Piaoxu looked at Ye Chen in amazement, "Some doorways, it seems not simple, the power of bloodline broke out, and we were actually knocked down to the Divine King Realm. However, do you think that entering the Divine Realm Nine Layers of Heaven, can't we clean you up?"

"kill!"

"kill!"

The second daughter slammed out in anger, offering four eighth-grade immortal implements, combined into a formation, wrapped Ye Chen in, and the second daughter rushed in.

Ye Chen suddenly waved the Soul Demon God Spear, attacked the Frost Avenue of Piaoxu, corroded the opponent's Avenue, and swallowed the power of the Avenue at the same time!

"You dare to swallow my road!"

"It really is a demon!" Piaoxu was anxious, and violently attacked Ye Chen frantically, and controlled two fairy swords to hit Ye Chen's body.

But Ye Chen was unmoved!

forcibly resist!

"The devil can actually swallow the avenue, not to stay!" Feihua also sacrificed weapons and led the formation to explode Ye Chen's body several times, but her avenue was also swallowed by Ye Chen!

In order to swallow the road of others, seize the morality of others!

Strengthen one's own way!

Boom boom boom! ! !

The Way of Annihilation has been strengthened and turned into a 3,000-meter, nine-kilometer-wide sea of nirvana, in which it is stable and perfected extremely quickly.

Soon, the rudimentary form of the path of nirvana was completely perfected and turned into a real avenue of nirvana. A boundless force of nirvana shrouded the piaoxu and flying flowers at the same time, plundering the life of the two daughters at a very fast speed!

The second daughter herself was born in the Lingwu continent of the blood spirit race, and she was less than 23 years old!

They are younger than Ye Chen.

At this moment, the power of nirvana envelops them, causing them to lose five thousand years of life in just a few seconds.

completely transformed them from youthful girls to 5,000-something old witches.

"no no....."

"This....."

Piaoxu and Feihua are frantically attacking the force of nirvana, unable to believe that they are actually five thousand years old.

For women, longevity is a very serious problem. The younger they are, the more proud they are. Originally, the two girls could also call themselves geniuses. At this moment, being five thousand years old, it will bring them more pain than killing them. bitter.

Hoo! !

Boom! !

A majestic air force rises into the sky!

Ye Chen controls the avenue of nirvana here, and then he broke through the realm, and quickly broke through the second layer of the emperor realm, reaching the level of the third layer of the emperor realm!

Completely perfect one avenue. As long as the realm is stabilized, the second avenue is perfected and achieved, then you will enter the fourth-tier heaven of the Emperor Zun realm!

For others, perfecting a avenue means advancing into the realm of gods!

But as far as Ye Chen is concerned, it is only possible to break through two or three small realms. The power he can control is far more than the emperor's realm. At this moment, he is not afraid of the eighth level of the gods!

"I gave you a chance!"

"But you don't cherish it!"

Chapter 1389:

Remember in one second, wonderful novels are free to read without pop-ups!

"You also tried to torture me! Since you like torture so much, then I will torture you myself!"

"You have thirty thousand years of life, so I will give you only one thousand years left!" Ye Chen was very angry and said: "There are only one thousand years left to live, so be an old woman!"

Don't kill me?

want to seal me?

want to abuse me?

Well, I won't kill you two either.

I will wipe out your longevity by more than 90%, so that you will turn from a young girl to an old woman who is dying. It depends on how you can bear it!

"Avenue of Death!"

"There is no limit to death!"

Ye Chen forcibly in front of the second woman's fierce attack, his hands bloomed with countless infinite brilliance, and directly wrapped the second woman.

At the same time, he used the power of the soul to control the Excalibur and Soul Demon Spear to form two protective shields to resist the attacks of the two women as much as possible!

Piaoxu, Feihua two girls!

Although he fell into the kingdom of the king!

But he also has the cultivation base of the nine levels of the gods, so the combat power is not much higher than the original Li Jiawei!

is just combat experience, not as good as the despicable Li Jiawei.

But the attack power is not bad, one-on-one, Ye Chen will lose 70%.

The realm gap is too large, and the qi and blood gap is also very large. The only equivalent is the power of the soul, because Mo Ning'er's "Thousand Revolutions Soul" has already raised Ye Chen's soul power to an extremely powerful one, and Ye Chen is the only one who beats them. What is the power of blood!

bang bang bang! !

bang bang!

Ye Chen suffered a crazy attack from the two women, and even if he dodges, he was beaten back by them three times.

Fortunately, the Dao of Nirvana is successful, otherwise the master will not be able to suppress the two daughters if he does not make a move!

rush rush! !

Huh! !

A stream of dying brilliance flowed past the two girls, and the invisible power disappeared for their longevity!

soon!

In less than half a minute, the second daughter has passed away 20,000 years of life, and her gray hair is shocking!

Old and weak, this is the case!

"Do not!"

"Ye Chen, we were wrong!"

"You go around us, we are wrong!"

"Don't, don't pass away our birthday, we are wrong!"

Piaoxu and Feihua frantically begged for mercy, and even stopped attacking Ye Chen, using all their strength to block the disappearance of the light of death.

However, they do not understand the principles of the path of nirvana, nor are they strong in the Hunyuan realm, cannot isolate the space, resist the light of nirvana, and the lifespan is still dying!

Gradually, they are getting older, more regretful and full of thoughts in their hearts.

I knew so, why stop Ye Chen!

Knowing this a long time ago, we won't offend Ye Chen at all!

Who could have imagined that Ye Chen could die of his lifespan, it would be better to kill us!

Compared with their cruel methods, Ye Chen is just doing what he did. Instead of being an ordinary human, he changed from a graceful girl to an old woman in just one minute. Even if she didn't kill her, she was punished. The intensity is sufficient.

They begged for mercy on the surface, but they looked at each other.

hesitate and dodge.

"Sister, should we use that thing!"

"You can only ask the master to do it!"

"However, we only have one chance. This opportunity is too precious. It was actually used on ants in a garbage land."

"Forget it, no matter!"

The two exchanged softly.

Soon, the light of death dissipated!

The second girl fell from the air, her whole body wrinkled and her white hair hanging down. Even if she did her hands, she would consume a lot of energy.

At this moment, their 30,000-year lifespan has truly been lost for 29,000 years.

Only a thousand years left to live.

Ye Chen ignored them, went straight into the palace and looked around. Except for the bloodstain of Xia Ruoxue he had just seen, he found nothing. He couldn't help returning to the place to look at the seriously injured two daughters and asked: "Where are Xia Ruoxue and Ji Siqing?"

"Hahaha!"

"Ye Chen, you are so to us, still want us to answer you?"

Piaoxu raised her head and laughed, and said: "Three days ago, we did see the beloved you mentioned, two talented women, but I will never tell their whereabouts. You can think that they already dead!"

"Yes, dead!" Feihua smiled miserably: "Dead, we tortured to death by ourselves!"

"How, you have the ability to kill us!"

"Kill us!"

"We tortured your woman to death by our own hands, it's very enjoyable!"

Regardless of whether the two women died or not, whether they were accepted as disciples by the master!

We all told you that you died, tortured to death!

We want you Ye Chen to experience the death of your beloved one, who would make you dare to do this to us!

"You are looking for death!"

Ye Chen was even more angry, and grabbed Feixu.

Ji Siqing?

Xia Ruoxue?

died?

How could it be possible that there is no energy for their lives to disappear!

These two women dare to lie to him and kill!

"Let your mouth break and die!" Ye Chen clenched the Divine Judgment Sword tightly, and wanted to kill Feixu with a sword.

Feixu quickly squeezed a ball of light, and a tyrannical aura soared into the sky, sweeping across the Molan Desert like an infinite holy light, and knocking Ye Chen away, revealing a phantom middle-aged woman. It melted out, with a single finger, knocking Ye Chen away again!

"Master!"

"Master!"

The second daughter hurriedly knelt down, full of grief and anger!

Piaoxu quickly said: "The disciple is incompetent, and has to summon the Master's Divine Mind. This person is named Ye Chen, who trespasses into your palace. We blocked him, but he used the light of dying to destroy our life!"

"Master, I beg you to kill Ye Chen!"

Feihua also clasped his fists and said, "It was originally a good intention for us to block Ye Chen. But this beast actually made us like this!"

"Master, please kill Ye Chen and save the disciples!"

They didn't want to disturb Master's spiritual thoughts!

But the current situation has to!

Today Master of God was born, this little beast must die if he lives or not!

Lingyun Xianzun's spiritual mind body, looking at the situation of Feihua and Piauxu, without a word, he shot two blows and Guanghai landed on the two of them.

Soon, the second daughter regained her original lifespan, but the whole body was cultivated, and only about the third level of the gods remained.

"Your name is Ye Chen?"

"Dare to trespass into the palace for no reason!"

"This deity, grant you a death!" The cold words of Lingyun Immortal Venerable lingered in Ye Chen's ears, like Huang Lu Dazhong, and Ye Chen's eardrums were blown up. Ye Chen was seriously injured at this moment and could not resist Lingyun Immortal Venerable. Breath!

Such a mentality body, it should have the combat power of the middle of the **** king realm, it should be in every palace, and it should be kept by the guardian disciple!

Once encountering a strong enemy, the disciple can summon this divine mind if they lose.

Lingyun Xianzun raised his hand, and a piece of infinite holy light flowed through the tip of his palm and fingertips, like a multicolored sky thunder, the cover was pressed down to kill Ye Chen!

At this moment, Ye Chen really felt Xiao Xiao!

is extremely small!

The power gap is too big!

But just at this critical moment!

A roar resounded!

"Old witch!"

"My disciple, you dare to do it too!"

Chapter 1390: Extremely terrifying existence

Hearing this roar, Ling Yun Xianzun's spirit was slightly startled.

He could feel the light and shadow rushing out of Ye Chen's body.

The light and shadow enough to make her jealous.

"Does this kid have a back hand?"

"A trash from Kunlun Xu has such power hidden in it?"

"It seems that I still underestimate you."

Lingyun Xianzun's words fell, and a proud figure suspended above his head!

is the **** of swords Nie Baijian!

Nie's hundred swords rushed out, the hundred-handed divine sword merged into one, turning into an infinite divine light, straight into the sky!

He realized that Ye Chen was in danger, and did not even communicate with Ye Chen. He went straight out of the reincarnation cemetery and stood beside Ye Chen with 18 halos behind him, like a god!

bang bang bang! !

bang bang!

Two waves of Promise Divine Light collided, producing a fierce explosion sound, but it was difficult to distinguish the winner!

"Unreasonable old witch!"

"I'll try it too and see how good you are!"

Another figure rushed out of Ye Chen's body!

God pill king king Gantian!

Wang Qiantian is floating in the world, he knows very well that Ye Chen stepping into this place at this time is too dangerous!

A little carelessness will undoubtedly die!

One hundred sword gods is not enough!

must add him!

If it is the body, they are naturally not afraid of Lingyun Xianzun!

But now the divine consciousness is extremely weak!

The **** pill monarch turned countless **** pill all over his body into a long sword of divine light to kill, and a sea of swords emerged, and the energy soared to the sky. The two girls were shocked and even feared to their bones!

Next to Ye Chen, there is an existence that can counter the master's divine will!

Shenguang Longsword carrying the sword sea rushed up against the sky, crashing into the infinite light!

The two forces confronted Lingyun Xianzun's Promise Divine Light, vaguely tore the Promise Divine Light apart, and then burst out an extreme aura, Jian Hai completely wiped out the Promise Divine Light, and rushed to kill Lingyun Xianzun.

Lingyun Xianzun set off a stormy sea in his heart, and in the next second, he directly summoned a huge immortal sword, which melted open and tore the sea of swords.

Then the infinite divine light shot by Nie Baijian killed, destroying the long fairy sword, and repelling Lingyun Immortal Venerable.

"Old witch!"

"Give your face back!"

Nie Baijian and Wang Gantian looked at each other, and then they fought in a showdown, fighting together with Lingyun Immortal.

The three of them are all divine mind bodies, and their strengths are not much different. Even though the real bodies of Nie Baijian and Wang Gantian are not as good as Lingyun Immortal Venerable, the power of the divine mind body at this moment is combined with that of Lingyun Immortal Venerable. The spirit body is even better.

bang bang bang! !

bang bang! !

Countless flashes of brilliance burst out in the sky, endless aftermaths shot out, hitting everywhere in the Molan Desert, many monsters entering the gods were killed, even if the monsters close to the gods felt all this, Killed angrily, but was beaten to ashes by the three!

Gradually, the three of them fought for thousands of meters.

Ye Chen and the second daughter were both on the ground, they could only see the brilliance twinkling, unable to see the combat situation in the sky.

The second female's eyes stared at Ye Chen fiercely!

"Little beast, I didn't expect you to have a second hand!"

"Even if you have a strong spirit behind you, they will definitely not be able to beat the power of my master!"

"You just wait to die!"

Ye Chen's eyes fell on the second woman's body, and he snorted coldly:

"You regained Shou Yuan, you thought I was helpless?"

"I tell you, not only will your master's spiritual thoughts dissipate today, you two will also not want to restore your life!"

"Finally, I will weaken you for another five thousand years!"

"Take it as a lesson!" Ye Chen took several healing elixirs and recovered more than half of his injuries, and immediately fought out.

His master is the lord of the **** pill, and he has been to the **** pill palace. How can he not have the healing pill? He has all the pill that he uses in the **** king realm. As long as he does not hurt the foundation to the injury, he will Can recover quickly.

Huh!

Snapped! !

The second daughter did not resist for long, but was taken down by Ye Chen one after another.

They only have the power to enter the third level of the gods, even if they hold the eighth-grade fairy tools, they are definitely not Ye Chen's opponent!

The dying light wave was fleeting.

The second daughter changed back to her original appearance.

Ye Chen left them unreasonable, took their fairy tools, and thought: "If my extinguishing light wave, not only can kill the life of others, but also absorb the life of others for their own use!"

"I'm afraid I can live the same life as heaven and earth."

"It's a pity, it's a pity, but it doesn't matter, I will definitely reach the top before a hundred years old, and I don't care how much my life is!"

He looked at the sky, the three of them were fighting each other like three rounds of scorching sun, and thought a little: "The two masters should be able to get the spirit body of Lingyun Xianzun!"

"You can take it!"

"It's just a bit difficult!"

In the reincarnation cemetery, the forging **** Chen Anping said: "Our origin and spiritual thoughts have been intercepted by the reincarnation cemetery. The strength of the spiritual mind depends on the strength of the true body. The spiritual mind of Wang Qiantian alone is not aura. The opponent of this old witch!"

"But with Lao Nie, I will win!"

"Of course, we have part of our origins, but Lingyun does not have a spiritual body!"

After he finished speaking, he glanced over the reincarnation cemetery, and faintly saw the other three tombstones showing signs of cracking, and they seemed to be about to break open. Then he looked at dozens of other tombstones and thought: "The owner of the tomb, one hundred tombstones, one hundred A powerful person, it should be more than our Kunlun empty people!"

"We Kunlun Xu was imprisoned by the Blood Sword Gate of the Blood Spirit Race over 30 people."

"Perhaps, there are other more terrifying beings imprisoned, so divine consciousness and part of the origin are intercepted here."

Ye Chen looked at these tombstones very seriously.

The biggest question in his mind at the moment, with a hundred tombstones, who is the strongest?

Along the way, the reincarnation cemetery has almost one thing in common.

The more powerful it drew behind the more terrifying the strength!

What kind of state is the hundredth seat?

Can it shake the world? Or is this talent the real powerhouse behind the reincarnation cemetery?

Forging God Sovereign seemed to see the doubt in Ye Chen's eyes, and said: "You are curious about who is the strongest in the reincarnation cemetery?"

Ye Chen nodded non-committal.

Forging God Lord felt the situation outside, and said to Ye Chen, "You come with me!"

The words fell, and the forging gods walked towards the end of the reincarnation cemetery.

Ye Chen's consciousness naturally followed.

Soon, the pace of forging the gods stopped.

In front of him was a black stone pillar.

The stone pillar is a hundred feet high, with nine dragons carved on it, invincible!

When Ye Chen fell on the stone pillar, he actually felt a sense of awe.

"Master, what is this stone pillar? Is it also a tombstone?"

"Why do I feel the blood in my body burning, as if I saw something extremely terrifying."

The forging **** stared at the stone pillar, his eyes filled with respect.
