Chapter 1391: Heavenly Refuge

I don't know how long it took, he opened his mouth and said: "The most terrifying stone in the reincarnation cemetery is this stone pillar."

"There is a terrifying existence in it!"

"When I entered the reincarnation cemetery, I felt the breath of this person."

"His information, I can't disclose too much, I can only tell you that this person's name is Ren."

"You will see each other, then you may grow up to the point where I look up."

Ren?

Ye Chen just wanted to ask something, when there was a loud noise outside.

boom! !

The world seems to be completely silent, and all sounds have disappeared.

Ye Chen returns to reality.

I saw Wang Qiantian slowly flying back, his face was pale, and it was obviously not small.

The same was true of Nie Baijian, the **** of hundred swords on the side, and the 18 halos on his back were shattered, "Finally shattered the spirit body of this old witch, **** it, it should have the power of the sixth heaven of the **** king realm. , Consumes a lot of my spiritual thoughts!"

He looked at Ye Chen and said:

"Boy!"

"In this battle, Lao Nie and I have consumed too much, and there is not much spirituality. I guess it will be difficult to come out to help you again."

"You work harder to cultivate, and save us as soon as possible."

Wang Gantian whispered a few words, and returned to the reincarnation cemetery just like Nie Baijian.

They are too tired.

must rest quickly, otherwise it will inevitably dissipate.

Ye Chen nodded, ignoring the sentimentality, and looking at the old two women in front of him, it seemed that he could get a word out of them.

"Where are Ji Siqing and Xia Ruoxue!"

"I only give you one chance!"

.....

China, Jiangnan Province.

In a high-end coffee shop, a middle-aged woman and two young women are sitting in a private room.

The middle-aged woman wore a cheongsam, and she felt a little noble. She looked at the two young women in front of her and sighed: "The deity has traveled for many years, and countless people who want to worship the deity as a teacher have knocked their heads and broke the door."

"The deity never looked at them!"

"Why you two are so stubborn that you don't want to be disciples of the deity?"

She is indeed Lingyun Xianzun, and the two young women in front of her are Xia Ruoxue and Ji Siqing.

Lingyun Immortal Venerable traveled to the earth, but saved them both. Seeing that their two daughters are talented and taught by themselves, they will be able to step into the Primordial Realm before they are a hundred years old, and they can also become giants for a thousand years. , Achieving Hedao State is not too big a problem.

The aura of Kunlun Void is relatively weak. It takes thousands of years to achieve the Hunyuan realm, such as those of Xueqiye and Nie Baijian.

However, Ji Siqing and Xia Ruoxue have been promoted to the Hunyuan realm in about a hundred years, so their talents are all chasing Ye Chen, and they are even much higher than many people in Lingwu Continent.

Such a decisive genius disciple, Lingyun Xianzun was so happy that he took them on a tour.

even took them to their fairy palace.

I thought the second daughter would be heart-warming, but she didn't expect the second daughter to insist on returning to China!

She knew there were things she couldn't force, so she agreed.

What she didn't expect was that these two people were still unwilling to be their own disciples in China these few days.

"Senior!"

"It's not that we don't want it, it's just your request, let us break away from Ye Chen and have a clear heart.

"You can't see Ye Chen without becoming a star orifice. How many years will it take? We can't do this." Ji Siqing said bluntly, like a little girl who defies her parents, lowering her head and talking about the reason for her unwillingness.

"Eh!"

"You guys..." When Lingyun Xianzun was about to speak, his dark color suddenly changed and his eyes became deeper.

Immediately, a smile was drawn on the corner of her lips, and she said: "There are still people who dare to move the deity's palace in the Moyu Desert, and dare to obliterate the deity's remaining mind and body, this deity has to see who it is!"

The next moment, an extremely terrifying force burst out from Lingyun Xianzun's fingers, wrapping the room so that it would not be disturbed or disturbed by the outside world, she began to cast spells to explore everything!

Her eyes are filled with anger!

Lingyun Xianzun lifted his left hand slightly, and a light blue luster appeared between his fingers, and then a red luster appeared again. The two forces of red and blue collided and merged with each other. It is the law of space and time!

Hun Yuanjing, comprehend the law of space!

Harmony with Taoism, comprehend the law of time!

The realm of good fortune integrates the two laws of time and space, which can be used as you wish, and can be more integrated to explore the mysteries of time and space. Even people who are thousands of miles away can be detected instantly.

Even a person who has disappeared for thousands of years, as long as the law of time is activated, he can go back to the scene before that person.

It can be said that the Lingyun Immortal Venerable of Good Fortune Realm is definitely the top power.

She manipulated the fusion of the two laws and turned into a beam of light to hit the void, and a channel gradually emerged in the void to explore what happened in the Moran Desert. Soon, the palace in the Meran Desert appeared in the passage, but it could be pushed further back, but another mysterious force was blocking the two law forces.

"its not right!"

"The law of space and the law of time merge!"

"Even though it is the Five Elements Rule of the Star Aperture Realm, one or two can be spied."

"It's so impossible to trace back to the situation in the Molan Desert?" Lingyun Immortal Venerable was a little surprised. After all, that spirit body was killed by Nie Baijian and the others. Naturally, she didn't feel everything that happened in the Molan Desert. The power of law to speculate.

She was a little puzzled, and she was more curious, so she squeezed the seal with her hands, urging the power of the law of space and time all over her body once again gathered a halo and merged into the void, Open up the channel, want to break through that mysterious power.

next moment!

That mysterious power burst out suddenly, obliterating the laws of time and space.

Correspondingly, Lingyun Xianzun spouted blood, and correspondingly saw everything in the Molan Desert, and also saw Ye Chen, Nie Baijian and others, with a shocked expression: "Nie Baijian and Wang Gantian!"

"Aren't these two guys imprisoned by those people?"

"No, it's a divine mind body. Ye Chen seems to be the disciple of the two little guys!"

"No wonder there are some leapfrog abilities, but this Ye Chen, I feel a little weird like that, that power seems to be something wrong? Origin?"

"Impossible!"

Lingyun Xianzun's finger pinch technique was originally to survey Ye Chen's fate, but found that once he touched Ye Chen's fate, an invisible force hindered her!

"Could it be that the fate of this kid is protected by heaven and cannot be explored?" Lingyun Xianzun thought, and once again condensed a seal, wanting to calculate Ye Chen's fate, history and future again, want to see this let Ji Siqing and Xia Ruoxue At the same time, what is special about the man who I admire!

Chapter 1392: What is he?

Lingyun Immortal Venerable even wondered: If Xia Ruoxue and Ji Siqing worship me as their teachers, why would the Lingwu Continent have such talents to choose?

They are true geniuses, with outstanding talents. Men who want to marry them in the future will have to fill the entire Moran Desert, but they like such a kid in the early stage of the Emperor Realm?

it is good!

The deity must see, what is the origin of this kid!

Lingyun Xianzun sprayed three mouthfuls of blood in a row, his face was pale, and his expression was shocked: "It's really protected by the heavens and cannot be explored! My power is not qualified!"

"how is this possible!"

"Senior, how are you?" Xia Ruoxue realized something was wrong, she vaguely heard Ye Chen's name, and asked tentatively: "Are you okay?"

Ji Siqing saw a lot more transparently, and said: "I understand Ye Chen, he is just a momentary breath, don't blame him for breaking into your palace. I can make amends for him."

no doubt.

She also saw the scene in the passage, Ye Chen defeated the second daughter and entered the palace to investigate the situation.

Ji Siqing stared at Lingyun Immortal Venerable's incomprehensible behavior. He didn't understand the laws of time and space, nor did he understand the laws of heaven or the future. He just said, "Senior, who hurt you?"

"Is it Ye Chen's master?"

"How are you?"

The second daughter came up and looked at the injury of Lingyun Xianzun.

Lingyun Xianzun coughed a few times and laughed: "Nie Baijian and Wang Gantian, these two guys, can't hurt me. I was exploring Ye Chen's future and destiny, but I was bitten back by Heaven, and my foundation was slightly damaged."

"In this way, the time to achieve the Star Aperture Realm will be delayed for another two thousand years!"

"However, Ye Chen's blood is tyrannical, and he can actually arouse the power of heaven to protect his future!"

"But the deity is immortal deity after all, no matter how strong the heaven is, it is not impossible to explore!"

She looked at the two daughters, and said with a slight disdain: "Ye Chen, the talent is good. However, the deity has just discovered some extraordinary things, this kid will be **** within a month, and if you don't pay attention, you will die. Land!"

"what?"

"Senior, what is the disaster of Ye Chen!"

The second daughter panicked instantly, and all these powerful people said that Ye Chen had a **** disaster.

Is it possible that it is a matter of the blood spirit race?

The blood spirit race is going to attack?

"Senior, is it a matter of the blood spirit race?"

"Can you help Ye Chen?" Ji Siqing said pleadingly: "Senior, what kind of blood and light disaster is it?"

Lingyun Xianzun wiped off the blood from the corners of his lips with a handkerchief, his eyes were flat, and said: "Within one month, the Blood Sword Gate in the Blood Spirit Race will inevitably hit Kunlun Xu.

Obviously, the Blood Sword Gate has already known Ye Chen's destruction. Their dominance in Kunlun Xu!"

"Ye Chen killed the people from the Blood Sword Sect!"

"I think Kui Ying, the blood sword gate, must know about this, and should send a strong one on the road!"

She thought about it and said: "Three thousand years ago, the Blood Sword Gate and the Beigong family gathered three Star Aperture Realms, 20 He Dao Realms, and hundreds of Hunyuan Realms. They entered Kunlun Xu and defeated Nie Baijian and others. At the same time, Kunlun Xu killed a large number of people who entered the Divine Realm, Divine King Realm, and Hunyuan Realm!"

"At that time, the deity was traveling outside and didn't find it."

"When it was discovered, Kunlun Xu had fallen, and the people who had some friendships in the past were fine, and the deity didn't care anymore. Quan, let's regard these little guys as suffering!"

"But this time!" Lingyun Xianzun deliberately looked at Xia Ruoxue and Ji Siqing, and said: "This time we will attack Kunlun Xu, and Kunlun Xu will only have less than twenty people who have entered the God Realm, above the Godless King Realm. Master!"

"And the Blood Sword Gate did not notify the Beigong family, there will never be a Star Aperture Realm shot!"

"The deity estimates that the strong person who comes this time should be in the gods, gods, or higher realms, Kunlun is ruined, and Ye Chen is mortal. You two should follow me to practice."

Lingyun Xianzun deliberately explained all the details.

To highlight the strength of the Blood Sword Gate and the weakness of Kunlun, as well as the end of Ye Chen's death, it is to see the reactions of Xia Ruoxue and Ji Siqing.

Hearing these words, Xia Ruoxue was already weakly sitting on the ground.

Ji Siqing said eagerly: "Senior, you are the starry sky power of the Star Aperture Realm, and this time there is no Beigong family to take action, so there is no opponent in the Star Aperture Realm. I beg you to save Kunlun Xu, save Ye Chen."

"For you, people like Blood Sword Sect should be nothing, please help Ye Chen!"

"Besides, your strength is so strong!"

"There are no enemies of the Star Aperture Realm, you don't have to consume too much power when you shoot!" Ji Siqing said pleadingly.

Lingyun Xianzun's lips outlined a smile and said: "Shoot?"

"Why should I shoot?"

"Why does Kunlun Xu have to do with me? It's at most a world I traveled."

"Senior, haven't you taught Kunlun Xu?"

"No matter how you say, you should have some feelings for Kunlun Xu." Ji Siqing is obviously a little nervous, his palms are full of sweat.

Her current strength can't help Ye Chen, and can't get rid of Lingyun Xianzun!

The only person in front of him who can save Ye Chen right now!

"That's just doing it casually!"

"In the past thousands of years, I have traveled in countless worlds."

Lingyun Xianzun shook his head slightly, and said, "The number of people I have pointed out is tens of thousands, but the deity is in a good mood. It is not a disciple of the deity! It is the deity that the two women injured by Ye Chen are. Disciple!"

She stared at Xia Ruoxue and Ji Siqing, and said, "You want the deity to take action, but the deity has nothing to do with Kunlun Xu, nor does it know Ye Chen, let alone his elders. Why should the deity take action?"

"Furthermore, the Beigong family, there is a star-aperture realm capable of sitting!"

"Although the deity is the pinnacle of good fortune, why did you take it for no reason and block the blood sword door, thus offending the Beigong family?"

Lingyun Xianzun spoke very directly.

Nothing to do, nothing to benefit.

Why do you want to shoot.

"Senior!"

"Ye Chen is very talented, I will ask him to worship you as a teacher, OK?"

Ji Siqing's eyes turned red and continued: "Ye Chen has been practicing for less than ten years. He has never practiced any martial arts, without any cultivation base, to the emperor state, and his combat power is comparable to that of the gods. He is a very good genius. Let him worship you as a teacher!"

"He will definitely become a star-aperture powerhouse in the future!"

"Think about it, you have come out of a star-aperture realm powerhouse, how much glory will it bring you!"

"Little girl with sharp teeth!" Lingyun Xianzun smiled, and said: "Ye Chen is a peerless genius in the world of low martial arts. But in Lingwu Continent, what is he? Sacred Dragon Family, Wanjian Family, Protoss Wait a minute, even if a child is born at random for three to five years, and then eats the magic pill and medicine provided by the family, he will have the cultivation level of the **** king at the age of five or six, and even the Hunyuan realm!"

Chapter 1393: More and more interested!

"These young children can beat him to death with one punch."

"What's the use of asking him to come?"

"Besides, the deity does not accept male disciples!"

Lingyun Xianzun finished speaking, half smiling, staring at Ji Siqing, and thinking in his heart: The deity said so much.

just want to accept you as a disciple.

Why, is this girl so low in EQ?

Still unwilling?

No matter if you don't want to, if the deity doesn't take action, you will honestly watch your little lover fall, and then I will take you back. Time is the best healing medicine. When thousands of years are over, you don't. I forgot about the kid Ye Chen.

By then, it would be good to worship the deity as a teacher.

"Senior!"

"I have not begged you, only this time."

Ji Siqing looked at Lingyun Xianzun and wisely said: "The reason you say so much is that you want us to worship you as a teacher."

"In this way, you have a reason to shoot, right?"

She blushed slightly, and said, "It makes sense to act for the people that the disciple cares about."

"In that case!"

"Then I have decided too."

After saying this, Ji Siqing got up and took two steps back, then suddenly knelt down, worshipped three times and nine knocks, saying: "The disciple Ji Siqing, see Master, please take action and save Ye Chen, I am also willing to follow Master to the spirit Wu Continent practiced."

"Good, good!"

"It seems that your EQ is not low, not bad!" Lingyun Xianzun waved his hand slightly, then lifted Ji Siqing up, and then, between his fingers, a lustre fell on Ji Siqing's body, quickly raising Ji Siqing's realm.

soon!

Ji Siqing's cultivation base has been upgraded from the first level of the emperor to the nine level of the emperor.

The point and the finger turn into a half fairy, Lingyun Xianzun deserves to be a top powerhouse, such a method can be called a fairy in Chinese legend.

"Apprentice!"

"Old fellows of the Kitamiya family, I have some friendship!"

"It's been tens of thousands of years since you have achieved good fortune realm. It's impossible to refute the face of your old friend without reason." Lingyun Xianzun seemed to be explaining, saying: "Lingwu Continent is no better than your Kunlun. You Kunlun live longer. It's the same as a thousand or 800 years old."

"You can't live short for a hundred years."

"They are all little guys. In my eyes, they are just a young or middle-aged person, not yet mature."

"If you encounter a contradiction, you will have to live or die. People who are in the realm of a teacher have lived for tens of thousands of years and have a reputation all over the world. Whether they are friends or enemies, most of them will not die. Even if they fight for thousands of years, it's just a gambling, and what can be maintained is your own reputation and dignity."

"If you want to act as a teacher, there is no reason to refute the three old things of the Beigong family."

"As a teacher, I don't want to spare tens of thousands of years to compete with them. It's a waste of time."

"Simply, you worship me as a teacher. Now that you have a reason to be a teacher, those three old things will never refute my face."

An old monster that has lived for tens of thousands of years, if the offspring of his children are not dead, they will be around this age.

If you die, it doesn't matter, after all, it may be old age.

The more you practice later, the more lonely you are. The only thing that can be seen is face and dignity. Therefore, once many old monsters are provoked, they will be chased out with red faces. After all, they can only value face.

"Thank you, Master!"

"Master, how do I do it?"

Ji Siqingshui Lingling's big eyes stared at Lingyun Xianzun, and said: "Please protect Kunlun Xu, Master, or put Kunlun Xu under your command. As for Ye Chen, I want Master to save him, but I can't let him do any harm."

"You little girl!"

"Ghost and clever."

Lingyun Xianzun patted Ji Siqing on the forehead, and smiled: "The teacher hasn't said how to save them, but you should first ask how to save them."

"As for you to say this kind of salvation, it depends on the situation."

"I promise you won't let that kid have an accident! I will do it!"

"Thank you, Master!" Ji Siqing clenched his fists, his fingers plunged into the flesh, a trace of blood oozing out.

She didn't want to leave.

But she had no choice.

This may be the last time she helped Ye Chen.

In the past five years, Ye Chen has been treated as waste by outsiders, but she always believes that Ye Chen will become a dragon and a phoenix among adults.

Now Ye Chen is standing at the peak of Kunlun Xu, but she can't see it anymore.

Lingwu continent?

I went to this place, I don't know when I will see Ye Chen.

may not be seen in a lifetime.

After all, Kunlun Xu is too far from here.

Lingyun Xianzun suddenly noticed something, and his eyes fell on Xia Ruoxue who had not spoken:

"Just, Xia Ruoxue, why are you not willing to worship me as a teacher?"

Xia Ruoxue exhaled, but smiled again: "Senior!"

"Well, if Ye Chen is still in danger next time, I will worship you as a teacher."

"You girl!" Lingyun Xianzun didn't say anything, picked up the tea cup and savored it carefully.

In her opinion, Ye Chen's two masters were almost exhausted.

no more hole cards.

How can such ants resist the Kunlun virtual strong who will come next?

ridiculous!

.....

At the same time, a group of people suddenly appeared in Kunlun Void Spirit City.

is the Kuilong who descended from the blood spirit family to Kunlun Xu!

He is the inner disciple of the Blood Sword Sect who is specifically responsible for Kunlun Xu. He has the power to enter the Nine Heavens of the Divine Realm. Although it is not a big deal in the Blood Sword Sect, he is already at the top of the spirit city, even Kunlun Xu. Up.

Kuilong didn't feel right when he came out. The surrounding Qinghongmen ancestors and Kunjianmen ancestors all had something wrong.

He squeezed the seal and released a ray of luster across the bodies of these ancestors.

After a while, Kuilong's expression changed slightly, and he said, "There is the breath of Ye Chen's little bastard!"

"It seems that this little **** has been to Lingcheng!"

"You guys, tell me the original story, or you will be destroyed!"

He naturally knew about Ye Chen!

When Wei Wucheng came to Kunlun Xu, he investigated the death of the six blood spirit tribes of the emperor realm because of Ye Chen, so he passed the situation back to the blood sword gate and passed it to Kuilong. Know Ye Chen's situation and breath.

It's just that I didn't expect to descend to Lingcheng this time, but not to Kunlun Xu.

unexpectedly discovered Ye Chen's breath.

This little **** can actually enter the spirit city.

is a little weird!

The several ancestors of Lingcheng never expected that the Blood Spirit Race would come back so soon!

This time the powerhouse of the Blood Sword of the Blood Spirit Race!

In this way That kid named Ye Chen will undoubtedly die!

"It's...sir!"

Several old ancestors bowed their bodies, telling all this honestly.

Go from Ye Chen to the Blood Demon Mountain, get the spirit card of the Blood Demon Mountain Lord, then enter the Spirit City, break through the sword gate of Kun, kill the shameless villain Li Jiawei, etc., and go back to Kuilong exactly.

Kuilong's expression changed drastically after hearing this, his eyes were a little deep, and he muttered to himself: "Ye Chen, this little bastard, actually has the power of a **** king!"

"It's weird, weird, it stands to reason that it's impossible!"

"The news that Wei Wucheng came back a few days ago, Ye Chen is only the Dao Source Realm, and the strength of fighting to death is equivalent to entering the God Realm!"

"Why did Ye Chen burst out of the power of the Divine King Realm after this period of time?"

"Could it be possible that Kunlun Xu and the powerhouse of the Divine King Realm are hiding?"

"As a result, I am more and more interested in this ant named Ye Chen!"

Chapter 1394: 1 word, any!

Such strength has grown in a short time.

This matter is not unavailable. Kuilong also knows that some super families in Lingwu Continent, such as the Shenlong family, the Holy Dragon family, and the Protoss, are several levels higher than the blood sword gate, and the descendants of the family are given divine pills and divine medicines.

can indeed raise the cultivation base of the descendants to a great level within a day.

However, Ye Chen is undoubtedly impossible to have such a heavenly background!

It seems that Ye Chen must have a big secret hidden in him!

"That's it!"

"Let's take a look at the periphery of Kunlun Xu."

Kuilong immediately took the eighteen powerhouses into the gods, out of the spirit city, to a place near the Kunlun Void, staring at the Kunlun Void Wall in the distance, taking a long breath, and changing blood in his arms. With the red luster, a phantom blue dragon faintly appeared behind it!

is the seven-bleeding blue dragon!

The power of his blood is obviously much stronger than Wei Wucheng.

is just that he is still an inner disciple, and has cultivated for thousands of years, and has not achieved much. The main reason is that he has no artifacts.

At the same time, Kuilong spilled a trace of Wei Wucheng's essence and blood on the phantom of the blue dragon, and used it to find Wei Wucheng. After all, Wei Wucheng has not returned for a few days. According to the situation, Wei Wucheng should be back at this time!

bang bang bang!

bang bang!

The Canglong phantom fought against the sky and faintly tears the phantom. From it, an extreme brilliance radiated onto the Kunlun Xu, and it was used to explore the situation of Wei Wucheng's body and what happened in the past few days.

rush rush! !

Huh!

brilliance flickered past, gradually forming a light curtain, revealing the scene of Wei Wucheng's trial of Ye Chen that day.

Kuilong and dozens of powerful people behind them, browse this matter together.

From the very beginning, Wei Wucheng sent a youth from the nine-tier emperor realm to go up to kill Ye Chen, but was bombarded.

half step into the gods and be killed.

entered the gods and was killed.

Wei Wucheng shot, Ye Chen's bloodline awakened, and instead abused Wei Wucheng.

finally beheaded Wei Wucheng, seeing clearly.

"Asshole!"

"Ye Chen, this little bastard, still wants to shake the sky!"

"Even our people dare to move!"

"The ants still want to shake the sky, it's ridiculous!"

"In that case, we don't mind asking you Kunlun Xu again! Let you feel what a real nightmare is!..."

Kuilong looked deep, and said angrily: "This time, I will use your Kunlun Xu to vent your anger! You can never destroy everyone in your Kunlun Xu, Lao Tzu and your Ye Chen surname!"

After said, the next moment Kuilong took out the communication token and informed the blood sword ancestor of what happened in Kunlun Xu.

This old ancestor is impressively the great power who launched the battle against Kunlun Void - Kui Ying, the terrifying existence at the pinnacle of the He Dao realm.

Just after the transmission was completed, Kuilong stared at Kunlun Xu and said: "Since Ye Chen can explode the power of the King of God Realm, then Kunlun Xu may have hidden powerhouses, we don't have to go in!"

But at this moment, a few violent breaths surged!

"The blood spirit race dare to come again and die!"

In an instant, several powerful people in the gods rushed forward.

They are the Sword Sword City Lord and Star Sword Sect ancestors who are allied with Ye Chen!

Kuilong and others were trapped in an instant.

The battle is about to start!

.....

Lingwu Continent, the land of the blood sword gate.

A gray-haired old man naturally saw Kuilong being surrounded through the light curtain, and slapped the table in front of him with an angry palm, frightening the surrounding disciples.

Thousands of disciples live in this land of cultivation. At this moment, no matter the disciple of the outer sect of the gods or the disciple of the inner sect of the **** king realm, they are all thumping on the ground, afraid to look up, for fear of being bombarded and killed by the ancestors.

"Kuitian!"

"Kui Di, come here quickly!"

The old man called the head and deputy head, his eyes were as deep as Jiuyou, murderous, and said: "The order continues, I don't want to see any life in Kunlun Xu! Especially the little beast Ye Chen!"

"My lord does not want Kunlun to surrender, nor Kunlun to fail!"

"The Lord wants all the people, monsters and beasts up and down in Kunlun Xu to be turned into ashes!"

"Otherwise, I will kill you both!"

"Understand, ancestor!"

Kuitian, the head of the family, held his fist and quickly went down, deploying various manpower.

The deputy head also went down, mobilizing the elders, guardians of the sect, and many disciples.

This time, both heads understood that the ancestors were really angry, and they must mobilize all the strong as soon as possible to go to Kunlun Xu and punish those wastes, otherwise it will be yourself!

Soon, a bell rang up and down the blood sword gate!

All the disciples, elders, and protectors all rushed to the hall to gather.

.....

At this moment, Kunlun is in the virtual periphery, and aftermath shakes.

bang bang bang! !

bang bang! !

Various brilliance and aftermath of various battles flickered, and the mountain peaks were almost reduced to ruins.

The top powerhouse outside of the spirit city, according to the previous agreement with Ye Chen, helped Ye Chen to block the blood spirit tribe. At this moment, the battle was extremely fierce, and even some places nearby were greatly impacted!

boom! !

A violent explosion sounded through the sky!

In the Blood Sword Gate, a strong man who entered the fourth level of the gods was killed by the ancestor of the Star Sword Gate and his body was broken every inch, and he eventually blew himself up.

The ancestor of the Star Sword Sect struck a sword, cutting off a disciple of the Blood Sword Sect who entered the sixth heaven of the God Realm, and shouted angrily: "There are only nine of them left! All of them work together! Kill this time coming from the Blood Spirit Race Blood Sword Clan Beast!"

"Today, I can enter the world of Gaowu at will!"

"There is no more blocking!"

He held the short sword in his hand, urged the whole body to qi and blood, and exploded a sword to kill a blood swordman who had entered the sixth heaven of the gods.

After that, he fought with Kuilong, the powerhouse of the nine-level heaven, although he was two levels lower, he survived for tens of thousands of years after all. These short-term gaps can be made up for the time being Ye Chen !

What the old ladies promised you, I did it!

You must accomplish what you promised us!

This time, in order to help you stop the Blood Sword Sect people, I am afraid that the old man's Star Sword Sect will be in decline for a while!

If you don't take us into that place, you are a person who believes nothing!

And Ye Chen at this moment naturally didn't know what happened to Kunlun Xu.

He wanted to interrogate the two ragged women in front of him about the whereabouts of Ji Siqing and Xia Ruoxue, but he didn't expect a strong force to penetrate the void and fall on him.

This is a feeling of being watched.

is like a strong man trying to forcefully check his fate!

He couldn't even resist this power.

But just when the power was about to break through all obstacles, the black stone in his pocket shone brightly.

At the same time, in the reincarnation cemetery, the black stone pillar that the forging **** led him to see actually heard a dragon chant.

The originally dim stone pillar flashed with brilliance.

Three words faintly appeared behind Guanghai.

One of the words is "Ren"!

Vigorous and powerful! Invincible!

Chapter 1395: crisis

Ye Chen naturally noticed the abnormal movement in the reincarnation cemetery. He glanced at the stone pillar and was slightly surprised.

"Why does this stone pillar have dragons? And why does this stone pillar have such a big connection with the black stone?"

"It seems that the secret behind the stone pillar is the real secret of the reincarnation cemetery!"

As soon as Ye Chen's words fell, the voice of Forging God Sovereign sounded: "If I didn't guess that Lingyun Xianzun's body had discovered the things here just now, she must have used secret methods to try to see through you, but fortunately, she was blocked by that person. "

"It is estimated that Lingyun Xianzun also paid some price for this."

Ye Chen was startled. He understood the horror of Lingyun Immortal Venerable, but he did not expect that the existence behind this stone pillar was even more terrifying!

But he also knows himself, and it is impossible to see this person in a short time.

Xia Ruoxue's safety is more important now!

Ye Chen's eyes fell on the two injured disciples of Lingyun Xianzun: "You should have felt the breath of Lingyun Xianzun just now. She is helpless to me, do you still want to struggle?"

The expressions of the two men are extremely hideous at the moment! Even fear!

The aura on Ye Chen's body just now is truly the master's secret technique!

But the secret technique suddenly shattered! The master must be backlashed!

how is this possible!

Even people who can't help the master, what qualifications do they have to compete!

After hesitating for a few seconds, one of them said: "The blood is indeed one of them, but the two girls are not a big problem. The master is extremely concerned about these two people!"

"As for their whereabouts, if I guess right, they and the master have returned to Kunlun Xu!"

...

At the same time, Kunlun is imaginary outside.

Completely messed up!

"Kill!" A black ball of light lingered in the palm of the hand of a strong man near the city, fluttered and landed in front of a disciple of the Blood Sword Gate. The ball of light burst quickly, and thousands of sword auras appeared. Quickly punish the person who entered the blood sword gate of the fourth layer of the gods.

He shouted: "The people who killed the Blood Sword Sect today, I will wait to enter the Spirit City at will soon!"

"Elders, sect master, kill with me!"

"Dark Star One Sword!"

He sacrificed a sword, black clouds surging from all directions, countless lightning flashes past, quickly enveloping a blood sword doorman who had entered the third-tier heaven of the gods, and then a black sword light swept across, spreading out, and the blood The swordsman was killed in half!

Right now!

The powerhouses near the spirit city that Ye Chen had agreed upon came all over.

Under the jurisdiction of the eight powers, the twenty-three in the early stage of the gods, the seventeen in the middle of the gods, and the eight in the later stages of the gods, all surrounded and killed six people from the blood sword gate, including Kuilong, the ninth level of the gods. The strong man of heaven!

The master of the Hundred Swordsmen was fighting hard while whispering: "Ye Chen, you have to keep your promise!"

"The old ladies have formed an alliance with you this time, but they have completely offended the Blood Sword Sect!"

"If you dare to repent, the old ladies will dare to enter the Kunlun Xu!"

"Asshole, you assholes!" Kuilong was besieged by the ancestors of Xingjianmen and Hundred swordsmen, all the slain artifacts were lost, and he was bloodied and miserable!

"You **** this time!"

"It won't be long before you all will die!"

"Must die!"

hateful!

hateful!

This must be arranged by Ye Chen's little bastard!

My younger brother and younger sister!

Damn Ye Chen, arranged so many god-inspired **** to ambush outside Kunlun Xu!

Kunlun Xu must be wiped out, for three thousand years, if you dare to resist the blood sword gate of our blood spirit race, you must completely kill it!

"You ants!"

"Dare to siege us!"

"My ancestor already knows about Kunlun Xu's affairs, don't you stop?"

Kuilong punched the ancestor of Feixing Jianmen, but was killed by another person with a sword, and his arm was broken and painful. Looking around, there was only one of the nine juniors and younger sisters he brought out at this moment!

Just now, ten of us, one at the peak of the gods, one at the late stage, five at the middle stage, and four at the first stage!

Such a huge lineup is much stronger than when Wei Wucheng came out, even ten times stronger!

But we have not yet entered Kunlun Xu, and we have been killed by the **** near the spirit city, leaving me alone. It's damn!

"You guys won't stop me!"

"Soon, I will wait for the strong sect to come!"

"You wait for the sect to be destroyed!" Kuilong was pierced by a sword in his chest, but he quickly took out a token and shouted angrily: "Stop! Stop! Let's do it again, I will crush the token, and invite the god-king master to come and punish him. Wait!"

As soon as this word came out, the surroundings fell silent.

Everyone stared deeply at Kuilong.

Many experts in the God Realm, including the Blood Demon Mountain Lord and Jiaolong Hongwu, are here, and one person and one dragon have just blasted a disciple of the Blood Sword Sect in the early stage of God Realm!

The crowd surrounded Kuilong, all staring at the token in Kuilong's hand!

A little jealous, but he had to do what Ye Chen promised.

For a time, it was a bit tangled!

Once the token is crushed before Kuilong is killed, if a strong God King realm comes, wouldn't everyone on the scene die?

"You wait for something humble!"

"You still dare to besiege my blood spirit race people, besiege my disciples of the Blood Sword Sect!"
Kuilong clutched his chest, with blood on the corners of his lips, showing a weird smile, and exclaimed:
"You don't want to live anymore?"

"Now, if you dare to kill me, my master will come right away!"

"Taught you all!"

"Kneel me down!"

Humble thing!

Actually dare to provoke me, and dare to kill my **** swordsmen!

We must let them kneel down, kneel to welcome me to send elders, guardians, and heads of them, and then torture them!

"Kneel?"

"Are you sure?" The ancestor of Xingjianmen looked deep.

"OK, kneel down for me!" Just after Kuilong's words, several weapons attacked and killed him.

Three swords, three hammers, two swords, and eight immortal weapons were attacked and killed from various aspects, directly penetrating Kuilong's body, and even obliterating his soul, and the token was also taken by the ancestor of Xingjianmen!

boom! !

After a crackling sound came out, Kuilong, who had entered the Ninth Level of the God Realm, was blown up.

The token flashed a lustre, and a phantom appeared, and said angrily: "You are waiting for the evil animal, and you dare to kill my blood sword gate. I will wait for the strong blood spirit clan to land tomorrow, you wait Not yet—"

Before he could finish speaking, the ancestor of Xingjianmen killed the phantom with a single sword.

His gaze turned to other people, and said: "Everyone, there may be a problem with the alliance. But everyone and Ye Chen are on the same boat. Now, let's go to Kunlun Xu. I have a token in my hand. Contact Ye Chen and let Ye Chen's masters come to help!"

"This one....."

"Unexpectedly, it would be like this..."

"How can the Blood Sword Gate attack Kunlun Xu so quickly!"

All the people around were lamented, thinking that they were just helping Ye Chen and resisting the blood spirit tribe.

Therefore, everyone tried their best to fight with more and less. With the death of only two elders in the early stage of the God Realm, the Blood Sword Sect and others were killed!

It was originally worth celebrating, but it was unexpected that the Blood Sword Gate would come out in full force.

The blood spirit tribe is the main sect who constitutes the blood sword gate. Killing the blood spirit tribe is tantamount to having a deep grudge against the blood sword gate. According to the blood spirit tribe's harsh methods three thousand years ago, everyone is secretly sighed!

Unexpectedly!

I didn't expect that the third wave of Blood Sword Gate would set off so soon!

"Didn't it mean that the space teleportation array is used once, and it will be cooled for ten years?"

"Why, can the third wave arrive so quickly?" one of them asked.

"Ordinary Divine King Realm and Entering Divine Realm, you can only wait for the Space Teleportation Array to arrive again!" The ancestor of Xingjianmen sighed, "However, if it is led by a powerful person in the combined Dao realm, then it is a strong person in the Hunyuan realm. If you lead the team!"

"You can reach directly with magical methods~ and bring dozens of people through the vast space and come here directly!"

The ancestor of the Star Sword Gate sighed and said: "If the Hunyuan realm is strong, it will take three days to rip the space and come here. If the Hedao realm is strong, I am afraid it will come in just one day. Here!"

"There will be no more than thirty strong people!"

"But every one that may come is at the peak of the Hunyuan Realm, and even the Divine King Realm."

"But you don't have to worry too much. Ye Chen is so talented. There must be a starry sky to help him. From my point of view, Ye Chen has the breath of the Hundred Sword God Nie Baijian, and the swordsmanship he used is the same as that of the Hundred Sword God. Very similar!"

Chapter 1396: Resist at all costs

"Maybe the masters behind him are those strong in the Affinity Realm back then."

"Those strong are just hiding in the dark, not taking action. This time the people of the blood spirit race are here. We entered Kunlun Xu ahead of time and joined Ye Chen's Palace of Light. How can we survive!"

We join the Hall of Light!

Anyway, the people of the Blood Spirit Clan are here, and they are the first to find us. At that time, we will be with Han Yun. Han Yun and the others are also the targets of the Blood Spirit Clan. Ye Chen will save us anyway!

"Everyone, let's do it!" One of the experts in the gods sighed and said: "In this case, if uncontrollable situations arise, we can only rely on Ye Chen!"

The ancestor of the Hundred Swordsmen sighed: "That's right, I can only rely on Ye Chen!"

Raid: Shadow Legends! Play Now!

"Then quickly contact Ye Chen!" An injured old man also said, "I will send all the disciples from the late stage of Daoyuan Realm to Kunlun Xuzhong first. After contacting Ye Chen, I will go to Kunlun again. Xu and Han Yun docked, waiting for Ye Chen to return!"

"it is good!"

"no problem....."

"it is good....."

All the forces agreed, and they soon arranged their disciples to enter the Kunlun Xuzhong.

They were surrounded by the Blood Demon Mountain Lord and Jiaolong Hongwu. The ancestor of the Star Sword Gate took out a token and entered spiritual power in. The token flashed with a light, which cut through the space and revealed a ghost. .

It's Ye Chen's phantom!

This token is used to communicate between planes, and Ye Chen snatched it from Wei Wucheng.

Wei Wucheng used this token to contact the ancestors of the Blood Sword Sect. There were two in total, one left on his body and the other to the ancestor of the highest cultivation level.

At this moment, Xingjianmen injected spiritual power into the token, connecting with Ye Chen in Lingwu Continent.

In the Lingwu Continent, Ye Chen received Ji Siqing's whereabouts, and threw Feihua and Piao Xu into the palace and ignored them. After leaving the Molan Desert, he felt that the token had reacted and turned on the token. Wrap yourself, the phantom appeared in front of the ancestors of Xingjianmen and others.

His gaze swept over the people present and found that everyone was extremely serious. For some reason, he had an unknown premonition and asked: "What's wrong with you, is there something wrong with Kunlun?"

"Yes, something happened!" The ancestor of Xingjianmen was still calm at the moment, and the disaster of extinction was about to come, but he still felt that there was someone behind Ye Chen, barely panic, said slowly: "Just half an hour ago, the blood spirit race The strong blood sword gate is here!"

"The leader is called Kuilong!"

"Going into the nine levels of the gods, and bringing nine disciples into the gods!"

"We all killed them!"

"Just before killing them, we found that the Blood Spirit Race already knew about it!"

He took a long breath, stared at Ye Chen, and said, "Tomorrow, there may be the blood spirit race's Harmony Realm. Leading many powerful people to come here, you hurry back! After discussing with us, we decided to go to your Kunlun first. Xu, join up with your people!"

"it is good!"

"I will come back through the Space Teleportation Array in the Land of Universe as soon as possible!" Ye Chen cut off the token transmission and hurried to the Space Teleportation Array.

The space teleportation array can only be used once in one direction, but it can also be used once in the reverse direction.

Once used up twice, this teleportation array must go through a ten-year cooling period, waiting for the space **** stone to accumulate enough space law power before it can be reused, otherwise even if it is forced to start, it will fall in the middle of the teleportation.

Ye Chen quickly returned to the teleportation formation he was sitting on when he rushed.

Driving the Xuantianying faster and faster, he thought about it as he rushed: "Blood Spirit Race, Blood Sword Gate, it's coming fast!"

"The Blood Sword Gate made up of the Blood Spirit Race, although there is no assistance from the Beigong Family!"

"It is estimated that there are one or two strong people in the Affinity realm leading the team. The strong ones in the Affinity realm forcibly break the space with a spell, and it is estimated that they can bring 20 people over, that is, a few Hunyuan realm and a dozen Divine King realms. Looks like!"

"Three masters, does Kunlun Xu still have an array to resist?"

In the reincarnation cemetery, Nie Baijian thought for a long time, then said: "Yes!"

He took a deep breath and said, "Kunlun Xu has a large formation that has been handed down in ancient times, but it has been abandoned for thousands of years. When the battle area was not in Kunlun Xu during the First World War, we did not use it!"

"As for the people left after the Ancient War, they are not enough to start the big formation."

"But now, people are enough!"

"Enough people?" Ye Chen was taken aback, and asked: "What do you mean? Why don't you tell me?"

"Tomb Lord!" said the Forging God Monarch: "That large formation requires thirty people to enter the Divine Realm, each guarding the formation, and then using the power of the huge fairy stone or the flying fairy in the fairy tool as the output of energy. "

"Thirty people are in the gods!"

"Wei Wucheng came when you were still in Kunlun Xu, but can you get thirty powerful people in the gods?"

Thirty people who entered the gods guarded their eyes.

Then use the huge celestial stone and as many celestial tools as possible as the source of formation energy.

To tell the truth, Ye Chen really couldn't make this lineup at the time, and it was enough to support the 30 emperor realm nine-layer heaven peaks.

"This formation is called Qiankun Tianlong Formation!"

"Combining the world of heaven and earth, the sun, moon and stars, and the thick soil mountains as the foundation, with 30 bases, each doubling of combat power will increase tenfold, as long as the immortal stone is enough to resist the mixed element realm, it is not a problem!"

The forging **** said slowly: "Don't you have a large number of fairy artifacts in your hand, hurry up and take it back. You personally give the guardian of the nine-layer heavens of the emperor realm and let them break through overnight. Although the realm is unstable, it will be a share after the breakthrough. Fighting power!"

"As for the battle puppets of the Divine King Realm left by the Lord God Pill!"

"When you return to the spirit city, grab a handful of the best spirit stone, or go to Kun Jianmen and knock a fortune to come back. You can display the power of the **** king realm!"

"Other you try your best!"

"I can wait for three people to come out to fight, but because two of them have just used their power, they have little energy left. If they want to use it, it will inevitably dissipate. It really can't work. The only thing to do is to see the fate!"

"I won't give up Kunlun Xu!" Ye Chen quickly passed through the giant city and was about to enter the forest. He said: "I said that I would lead the Kunlun Xu people against the blood spirit race. How could he leave first, besides the blood Assholes of the Spirit Race, I wanted to destroy them a long time ago!"

Blood Spirit Race!

It's really strong, but so what!

Even if all the cards are out, you have to kill a group of Divine King Stages and several Hunyuan Stages!

Even if you die in battle, you will not lose!

As for the weapons that trigger the formation, I found ten in the palace of Lingyun Immortal Venerable. There are also a few divine king artifacts. I got four from Feihua and Piaoxu. After returning to Lingcheng, I went to Kun Jianmen to knock on one. Get some top grade immortal stones back, it should be enough to start the big formation.

Chapter 1397: Run wild!

Ye Chen was rushing to Kunlun madly.

Kunlun Xuzhong, the guardian elders of the Palace of Light, etc., sensed that the eight major forces had entered, and they all came in to report.

Above the hall, Han Yun stood and glanced over the pavilion masters below, and asked, "What the **** is going on? Why are the five major cities and the three major sects outside of Lingcheng crowded into Kunlun?"

"Is it possible that my Kunlun Xu still has a heaven-defying treasure?"

"Pavilion Master Ye Feng, if you check it back, what's the situation?"

Ye Feng stood up slowly, and he was promoted to the sixth level of the God Realm in the past two days, all due to his own background and the merits of the Eighth Stage Immortal Artifact!

He clasped his fists and said: "It seems that some forces near the spirit city have already formed an alliance with Palace Master Ye Chen, but they have been attacked by the blood spirit race and have to withdraw to Kunlun Xu!"

"just now!"

"There are so many people coming in from the Eight Powers!"

"The seven or eight people who have entered the realm of God for the time being, they said that the leaders of the eight powers are still communicating with the hall master!"

Ye Feng reported the entire data by himself, and he wanted to cool down!

Fortunately, fortunately, the Lord has raised the strength of the Palace of Light!

Otherwise, these guys who fled in can be wiped out for us!

They couldn't imagine that there are so many powerful people near Lingcheng!

Fortunately, these people have a relationship with the lord!

Otherwise, before the blood spirit race descends, Kunlun will not be able to protect it!

"Their leader, how long will it take to come in!"

"As for the people of the Blood Spirit Race." Han Yun was half-believing, the level of the communication token in his hand was not enough and the hall master could not be contacted.

There is no doubt that the Lord is not in Kunlun Xu, nor in Lingcheng!

It can be said that the palace master is not in this world or the like, otherwise it is impossible for the palace master to be contacted by his own transmission token.

"Dian Master Han!"

"We are forced to enter this time, and we have important matters to discuss with you!"

The ancestors of Xingjianmen waited for a large number of people to enter the divine realm, and they all rushed to the hall.

Together with the other seven forces, he clasped his fists in unison and said, "I have seen the acting palace master of the Palace of Light!"

"I am waiting outside the spirit city and have formed an alliance with Palace Master Ye!"

"We promise Palace Master Ye to help you block the next wave of Blood Spirit Clan people!"

He took out the immortal artifacts and heads of Kuilong and others, and said: "These are the relics of ten blood spirit tribes, all of which are in the gods. Among them, one is at the peak of the gods and one in the later stage. We also spent a lot of money!"

Shattering~~~

Wow~~~

From the ten pieced heads, there was blood and blood, and a wave of blood came out, haunting the hall.

Dozens of immortal artifacts and demi-king artifacts exuded the aftermath that shocked many pavilions.

If it weren't for these pavilion masters, they had all obtained Ye Chen's fairy tools and had already been promoted to the gods, otherwise they would have been kneeled by the blood pressure at this moment.

Han Yun, Ye Feng, Ye Wudi, Ye Lingtian and the others looked slightly aghast, staring at these items, and then looking at these murderous, but somewhat frustrated Eight Powers and others, they were a little at a loss for a while.

The ancestor of the Star Sword Gate took out a token, handed it to Han Yun, and said: "Please check it!"

Han Yun took the token, and after checking it, he found that it was indeed Ye Chen's personal token, and nodded to the hall masters.

"This time, Palace Master Ye let us go to Kunlun Xu first!"

"Be one with you and resist the people of the blood spirit race together!"

"As for Palace Master Ye, he told us that he will return before twelve o'clock!" said the ancestor of Xingjianmen: "It is four o'clock in the afternoon. As for the blood spirit tribe, what we found is 30% possible. It is the Hunyuan Realm leading the team, 70% of the chances are the Hedao Realm leading the team!"

"In other words, they will arrive before tomorrow afternoon!"

"Please act as the lord, tell us, what should we do now?"

Han Yun calmed down and thought: "You don't have to worry about it, wait for the palace master to return, and then arrange your actions!"

He looked at the other pavilion masters and hall masters and said: "If the order is passed on, all the people above the Emperor Venerable Stage and Dao Source Stage will gather. This time, the blood spirit tribe is killed. Everyone does not need to hide. Once we lose, where will we hide? You have to die!"

"All Dao Source Realms are combined to cultivate a great array of trapped demons!"

"Emperor-sovereign realm is combined to cultivate the Nine-Day Demon Formation. These two formations, regardless of consumption, are allotted some fairy artifacts, plus some elixir, even if the entire army is wiped out, you can desperately die of several Divine King realms!"

Thousands of source realms and thousands of emperor noble realms are combined together, and it is not impossible to cross the gap between the fairy and the world!

It would be miserable just to fight like this, but if you don't, you will definitely be slaughtered.

As for the Xingjianmen and others, they were handed over to the Palace Master to come back and distribute them. Perhaps the Palace Master had a better formation, and matched them to compete against the Primal Realm.

Awakening?

Hunyuan Realm?

God King Realm!

These nouns, for Han Yun, Ye Feng and others, are big rocks in their hearts. They have never actually seen a powerful person in the Hedao realm take action, nor have they seen the appearance of a strong person in the Hunyuan realm. People who know this state are not what they can fight alone!

Now, the only hope is in the Lord!

Secondly, on all the Kunlun Void Martial Artists, the power of all Kunlun Void Martial Artists should be able to stop it.

If you can't stop it, you can't!

Who would have thought that the time when the blood spirit race would arrive would be advanced!

It was ahead of schedule. There are Star Sword Sect ancestors and others, even if they are not afraid of those who come, at most they are in the nine-layer heaven of the gods, but I didn't expect that the Blood Sword Sect ancestors would actually discover the Kunlun Void, and thus advanced. The state of affairs of a large-scale attack on Kunlun Xu.

With the current Kunlun Xu, it is so difficult to block the blood spirit race!

If it were in ancient times, there were still dozens of Hedao Realm and hundreds of Hunyuan Realm in Kunlun. At that time, the blood spirit race and its blood sword gate came out. Without the assistance of the Beigong family, don't want to conquer Kunlun. Imaginary.

Only now, not the ancient times.

On Kunlun Xu's side, under the leadership of the Acting Hall Master of the Palace of Light, Han Yun, the powerful from all sides gathered to fight.

Ye Chen, through the space teleportation array in the forest, rushed back to the spirit city before the blood spirit race set off. The forces of the spirit city passed through the affairs of Kuilong, and no longer had the respect for Ye Chen. Chen ignored them, hit the Kun Jianmen along the way, forcibly asked for a hundred immortal artifacts, plus a hundred catties of the best immortal stone, and rushed to Kunlun Xu!

The ancestor of the Kunjianmen did not swear to resist. He felt that Ye Chen would die sooner or later after the people of the blood spirit race arrived. There is no need to fight Ye Chen to hand over things obediently, otherwise if he is killed by Ye Chen, Coupled with the fact that some of the elder protectors and disciples who were killed in the gods a few days before Kun Jianmen, then Kun Jianmen was truly defeated.

Chapter 1398: The last chance

Ye Chen came outside the spirit city, and suddenly discovered that the forces allied with him near the spirit city had all entered Kunlun Xu.

When he stepped into Kunlun Xu, it was already 7 o'clock in the evening, and the army of monsters and warriors outside the Palace of Light had all assembled. Under the deployment of Ye Lingtian and Ye Luoer, he began to urgently drill the ancient formations. Desperately fight!

"Hall Master!" Ye Lingtian saw Ye Chen, knelt down in excitement, clasped his fists and said, "Ye Lingtian, pay respect to the Lord!"

"I'll wait to see the Lord!"

"Meet the Lord..."

"Meet the Lord..."

For a time, thousands of warriors and thousands of monsters knelt down, and their eyes were full of fighting spirit!

People from the Blood Spirit Race are about to invade Kunlun Xu again!

Our lord is back!

This time, the lord of the palace will definitely lead us to fight against the blood spirit race. The glory of my Kunlun will not be humiliated by anyone!

Never surrender even if the battle reaches the last soldier!

Everyone knows a truth. With the habit of the blood spirit race, no matter if you surrender or fight to the end, it will be an extermination. Surrendering is useless. If you win, you can wash away the humiliation of three thousand years. If you lose, then go to death together, Haozai!

"Hall Master!"

"Hall Master!"

"I'll wait to see the Lord!"

Han Yun, Ye Lingtian, Ye Feng, Hanshuang, etc., more than 30 chief and deputy patrons, all flew out.

They knelt and held their fists towards Ye Chen. At this moment, the lord Ye Chen was their backbone.

"Get up all!"

"My Kunlun imaginary person, gather your best condition tonight, and prepare for battle tomorrow!"

Ye Chen walked into the house immediately, cheers came from behind.

In the room, the ancestors of Xingjianmen and other eight parties were there, and they didn't mean to blame Ye Chen. Anyway, they were all to this level. Everyone also killed the blood spirit people and offended Ye Chen again. Before the Blood Spirit Race came, Ye Chen killed them first!

In the current Kunlun Xu, there are dozens of powerful people who have entered the gods, and they can no longer be compared with the previous Kunlun Xu!

It is already a real big power!

"Master!" Jiaolong Hongwu also arrived. He knelt down at the moment and said, "I wish to live and die with my master!"

Anyway, Lao Long, I am the master's favorite!

If the master is killed, I must die too.

Simply follow the master and fight against the sky!

Ye Chen nodded slightly, looked at the Gorefiend Mountain Lord down the mountain, and smiled: "You are here too!"

"Although the great revenge is reported, the realm is not ascended!" The Gorefiend Mountain Master smiled: "Rather than waiting to die, it is better to fight with you. Regardless of life or death, it will be regarded as returning your previous kindness!"

He stared at Ye Chen, thinking in his heart: such a arrogant, there must be something for you!

Following him, if he died in battle, he would be repaid!

If he is not dead, Ye Chen will definitely become the overlord of one party in the future. I will restore the Divine King Realm under him, and it will be just around the corner!

"Dian Master Ye!"

"How are you going to fight?"

"My five cities and three factions, decided to coexist and die with you!" Star Jianmen ancestor stared at Ye Chen above the throne, and said with a fist, "At present, all of our eight powers, forty-seven of the gods are present!"

"Eight in the late stage of the gods!"

"Twenty-three in the early stage of entering the gods, and 17 in the middle of entering the gods!"

"Hallmaster!" Han Yun also clasped his fists: "Since you left, our Kunlun virtual strength has greatly increased. At present, the 27 people who have entered the gods are all pavilion owners, elders, etc., among which are Dao Ge and The Demon Pavilion has the most powerhouses in the gods!"

"As for the late stage of the God Realm, there is only one person, and that's me!"

"Seven people in the middle stage of the **** realm, and 19 people in the early stage, waiting for the orders of the palace master!"

Ye Chen nodded slightly, and said: "Han Yun, Ye Lingtian, and Ye Feng, all battles, the four of you will go to Danxu Town, Qingxuan Mountain, Kungu Land, and Killing Land respectively, and take out the Qiankun Tianlong Formation handed down from ancient times. Base!"

He handed the four blueprints to the four people, and said: "This formation can be combined with the power of everyone and gather on me. You must dispatch as many powerful men as possible to enter the realm of gods, and go to the four places. Take out all the foundations and move them to the City of Thousands!"

The main hall of the Palace of Light was built on the original Qianjue Square in the original city of a thousand uniques!

This city, backed by mountains and water, surrounded by dragon veins, from now on looking towards the sky, densely covered with stars, is just right for the arrangement of the Qiankun Tianlong Array.

In the ancient times, the Qiankun Tianlong Formation was placed in four places, mainly dominated by the Hunyuan Realm, and the immortal power of the body can involve four places.

Ye Chen's inner spiritual power is not so grand, so he has to move the formation to the City of Thousand Jues and rearrange it!

"Hall Master!"

"Are you going to fight against the blood spirit race alone?" Han Yun said in surprise: "All of us, put power into your body? Your body can't bear it, right?"

"Not everyone!" Ye Chen's eyes were deep, falling on the eight major factions, and said: "Go into the realm to help me, the rest cannot enter the formation!"

"God into the realm?"

"You can only enter the gods to help the battle, the Lord?"

Han Yun thought: "I have arranged the Emperor Venerable Realm and Dao Source Realm to form two large formations. Even at the expense of all costs, I can fight them two Divine King Realms!"

"No need!"

"It's not worth it to cut off Kunlun Xu's Dao Source Realm and Emperor Venerable Realm and exchange for two Divine King Realms!"

"Besides, the Divine King Realm that the Blood Spirit Race comes to is most likely in the late Divine King Realm, and is holding the Divine King Tool!" Ye Chen exhaled and said slowly: "If the Divine King Realm is one level of heaven, there is no Divine King. The weapon, using the big formation, gathers a certain number of Emperor Venerable Realm and Dao Source Realm, and it may even be a battle!"

"But no doubt!"

"Dao Yuanjing cannot participate in this battle!"

"As for the emperor realm, each guards the Daoyuan realm and other people. This is a battle that is qualified to participate in the divine realm!"

His gaze scanned everyone, and soon released some immortal artifacts and Xiandan, and said: "These immortal artifacts, you try to arrange for the people of the Ninth Layer of the Emperor Venerable Realm to break through. At night, I will help them break through!"

"Although the breakthrough is short, it can't completely stabilize the strength!"

"But at least one combat power!" He thought for a moment and said again: "Now, all of us who are in the gods are the seventy-one!"

"Seventy-one people have entered the Divine Realm, and all have entered the Universe Heavenly Dragon Formation, and I will deal with the Blood Spirit Race!"

Blood Spirit Race!

What about Hedao Realm and Hunyuan Realm!

Even if I fight to the end, I will summon all the powers of the reincarnation cemetery, exhaust all my essence and blood, and will destroy you!

If I want to commit my Kunlun emptiness, even if I die in battle, I won't make you feel better!

"Understand, the Lord!"

"I'm going to move the Universe Heavenly Dragon Array here!" Han Yun personally took the people out.

Ye Chen stared at the ancestors of Xingjianmen and others, and said: "Everyone, do your best to come out. After entering the big formation, you can gather all your combat power on me, and then I will resist the blood spirits. People of the tribe!"

Chapter 1399: But it's me!

"You don't have to worry!"

"I won't let your people die in battle, and I won't let my Kunlun virtual people die in battle!"

"To die, you can only die of his blood spirit race!"

"Good!" Baijianmen ancestor clasped his fist and said, "Dianzhu Ye has such ambitions, then I will advance and retreat together!"

The helm of another force smiled and said: "It's been nearly ten thousand years. It's been difficult for me to advance my cultivation, and I am eager to enter the world of high martial arts and improve my cultivation. But now, in this battle, the strength of the enemy and mine is very different. I see depression in my eyes!"

"In that case!"

"Emperor Yedian, no fear!"

"Acting Hall Master Han Yun enters the Seventh Floor of the Divine Realm without fear! The many pavilions in the Palace of Light, some enter the middle stage of the Divine Realm, and some enter the early stage of the Divine Realm, are not afraid!"

"Everyone is not afraid of the blood spirit race, then my people are naturally not afraid of the blood spirit race!"

"Even if you die in battle, you will be a heroic and heroic death. Never be that servile slave!"

Kunlun Xu!

The unity of unity is no longer the Kunlun Xu of a thousand years ago!

With Ye Chen dominating Kunlun Xu, in this battle with the Blood Spirit Race, it is not certain who wins and loses!

Besides, if the master of Palace Master Ye Chen took the shot, I would have a great chance of winning.

There are many people who have such ideas.

Of course, there is a lot of desire for a heroic battle, after all, after thousands of years of hard work, the cultivation base has almost no progress, and you have already lost the heart of cultivation. If you die in battle, it would be a good choice!

"it is good!"

"When the formation eyes arrive, I will be familiar with the formation method!"

"By then, rely on the formation to kill these blood spirit race people!"

Ye Chen stepped down from the throne, glanced at the many powerhouses who had entered the realm of God, and meditated in his heart: Kunlun Xu!

My Kunlun Xu, how can the blood spirit race be enslaved!

Moreover, the masters will make a battle, but there are three tombstones in the reincarnation cemetery. There are already signs of arousal. The aura seems to be stronger than Nie Baijian and the others, and it may even be a person from the Lingwu world.

He has such a hole card, what is he afraid of!

At night, Ye Chen helped the nineteen fierce beasts and humans of the nine-tiered emperor realm to break through the realm.

All of them have reached the Divine Realm, and counting, there are ninety people in the Divine Realm!

In the past three thousand years, Kunlun Xu has accumulated a lot of powerhouses at the peak of the emperor realm. They have suffered from being unable to break through without immortal weapons, and some are stuck in the eighth and seventh layers of the emperor realm. They have enough blood and soul strength, which is the prototype of the great road. The perfection is not enough.

The Lingyi Danzun has refined the embryonic form that the emperor realm powerhouse needs to take.

Taking a rudimentary pill will greatly enhance the perfection of the rudimentary form of the avenue. Therefore, the ten emperor realm 7th level and 5 emperor realm 8th level heavens are all promoted to the 9th emperor realm heaven, and they are in Ye With Chen's help, he achieved the God Realm.

The Universe Heavenly Dragon Array has not yet arrived.

Ye Chen took out a small ice jade sword that he got in the palace of Lingyun Immortal Venerable. He couldn't figure out what it was, so he infiltrated a soul power. Soon the small ice jade sword shattered, but the corresponding reincarnation cemetery resounded. There was a violent roar.

"Huh? It's actually related to the reincarnation cemetery!"

I saw a stone tablet split open, and a man in an ice blue robe appeared slightly.

With a long sword on his back and white hair, this man looked like a young man with a faint smile on his lips. He scanned the reincarnation cemetery, stared at Nie Baijian and Ye Chen, and asked, "Who are you waiting for? "

Ye Chen arched his hands and said: "I have seen seniors!"

At the same time, Ye Chen whispered to the forging god: "He is from the ancient times of Kunlun Xu?"

"No!" Forging God Lord had a deep gaze, shook his head secretly, and thought: "This person's true body is probably not much worse than the old lady of Lingyun Xianzun!"

Ye Chen nodded and continued to say to the person: "Senior, this is the cemetery of reincarnation!"

"You have a source and spiritual mind intercepted here, and I am the master here!" Ye Chen stared at the blue-robed man and asked: "Senior's true body, is it dead? Or is it imprisoned?"

"I am imprisoned!"

"I remember that it should be considered tens of thousands of years ago, when I was in the Universe Killing Territory to search for treasures, and I was inadvertently trapped by the formation. After that, my spirit was intercepted by your reincarnation cemetery. Although I was not completely asleep, I could sense the outside world. , But unable to actively touch the outside world."

The blue-robed man recalled and said: "It stands to reason that my psyche is in the reincarnation cemetery. If you are the owner of the tomb, then you are my master?"

"Don't dare to be, Senior only needs to help me!" Ye Chen asked with a smile on his face, "How about Senior's name? But a person in the Lingwu world!"

"I am indeed from the Lingwu world." The blue robe man sighed and said, "My name is Ice Sword Immortal Venerable, and my real body is the seventh elder of the Ten Thousand Sword Emperor Palace in the northern region of Lingwu World. My real name is Lan Xue. month!"

"Ice Sword Immortal Venerable!"

"You are the Immortal Frost Sword!" Hundred Sword God Nie Baijian, staring at Lan Xueyue in shock, said: "You are recorded in ancient books. Five thousand years ago, Wanjian Emperor's Palace was the most unrestrained and youngest. Ice Sword Immortal?"

Bingjian Xianzun!

The most outstanding and unrestrained sword fairy in Lingwu Continent 50,000 years ago.

A single skill arrived in the middle of the good fortune realm, integrating the laws of time and space, with a time and space sword technique, changing the sky and the earth, making time stagnate, and it is extremely powerful. Once a sword was sacrificed, the power of the sword's time made an enemy die in an instant. An enemy was strangled by the power of countless laws of space.

Good fortune!

A terrifying existence that combines the laws of time and the laws of space!

And this Ice Sword Immortal Venerable has incorporated two laws into his swordsmanship. In terms of combat effectiveness, he is not even inferior to the Lingyun Immortal Venerable in the late stage of Good Fortune Realm and even at the peak. Ever!

"Senior is so powerful!"

"I don't know how powerful this divine power can exert?"

Ye Chen stared at the Ice Sword Immortal Venerable, and thought: "I am the master of the Kunlun Void Light Hall. Now I am attacked by the Blood Sword Gate in Kunlun Void, and I have to face the attacks of several Dao Realms and dozens of Hunyuan Realms. !"

"And I am the strongest person in Kunlun Xu, but I am in the seventh heaven of the gods!"

"The strongest combat power, but me!"

"You?" The Ice Sword Immortal Venerable is a little surprised tested Ye Chen carefully, then nodded and said: "Although your realm is not high, the strength of soul and blood in your body is Comparable to the late stage of God Realm, the combat power is very strong!"

"Which family are you descended from?"

"Shenlong family, Shenglong family, or Huangpu family?"

"Should only the descendants of these families be able to do this."

Standing with his hand, he thought slowly: "I remember that at that time, some strong men were born with the cultivation base of the emperor state, and you are only in the third level of the emperor state. You should not be born in the Lingwu continent, otherwise the Lingwu continent The aura is rich enough to allow you to have the emperor's cultivation base at birth!"

"You were born in the Nether."

"The power of the blood in the body is very strong, and even only the blood of Shenlong, the blood of Shenlong, the blood of Phoenix, the blood of Heavenly Demon, etc., can be compared with you, even the first-rate blood. So, which descendant are you? "

Chapter 1400: Take advantage of the array!

In the eyes of Bingjian Immortal Venerable, the blood in Ye Chen made him even feel a sense of crisis.

This is a feeling he never had.

In his opinion, only some forces in the Lingwu Continent are qualified to give birth to such a strong blood.

As for this aura-poor garbage land-Kunlun Xu, it is impossible!

People in Lingwu Continent are distinguished by the strength of their blood.

Upper third rate, middle third rate, lower third rate and so on.

Generally speaking, people who are born in the third-rate bloodline, take pills and initial practice, it is possible to stand up to the emperor state. If their parents are horrible, they are likely to be born directly in the emperor state. Cultivation can also quickly resist Daoyuan Realm.

As for the upper third-rate, they are the real geniuses, who induce visions at birth. The visions in the body can allow people to enter the nine layers of the emperor's realm. If they are born without the nourishment of spiritual energy, they cannot break through this. The realm, like Ye Luoer, has a third-rate blood, but he has left it in the lower realm before he can get nourishment.

That is, the low Wu plane that lacks aura-Kunlun Xu.

But even if you are left in the lower realm, once you have learned the correct technique, you can leapfrog.

Just like Ye Luoer, who controls the blood spirit tribe's techniques, it's okay for the emperor to leapfrog into the gods.

Therefore, Ice Sword Immortal Venerable asked Ye Chen which family heir in Lingwu Continent.

But obviously, Ye Chen was not the answer he wanted.

Ye Chen stepped out and said very seriously:

"I am not from Lingwu Continent!"

"As for my blood, I don't know the specific origin, but you can call it a reincarnation blood!"

"Reincarnation?"

Hearing these words, for the first time panic appeared on the face of the calm and calm Ice Sword Immortal Venerable!

There are countless bloodlines in the world! There is indeed a reincarnation bloodline!

But the so-called reincarnation bloodline is only in the legend!

And now this kid actually said that?

madman?

But on second thought, the young man in front of him is the master behind this reincarnation cemetery.

It is estimated that this young man does not know the origin of his blood! So it was named after the blood of reincarnation.

The blood of this young man may be the blood of the first generation.

"It should be!" Bingjian Xianzun nodded slightly, so it made sense.

The first generation bloodlines, generally speaking, the founders of the great family of Lingwu mainland are all the first generation bloodlines, which are powerful bloodlines generated by themselves. Otherwise, even if you are strong, but you have not reached the highest level, it is impossible for descendants to follow strong bloodlines. of.

He showed interest in Ye Chen, and said:

"You just said you want me to help you Kunlun Xu!"

"Kunlun emptied this place, I have heard it once, I remember it is a Chinese or low-level martial arts."

"You should have a strong man of good fortune! Why do you want me to take action?"

"It's gone!" Ye Chen recounted the tens of thousands of years of Kunlun Xu, and then said: "Senior, please help me. In the future, I will definitely board the Lingwu world, go to the place of imprisonment, and release the real body of senior!"

"Alright."

"But my divine mind may not be able to resist the Harmony Realm! After all, the power of this divine mind is only one percent of my body." said Ice Sword Immortal Venerable.

"Senior, are there many people trapped in that place?"

Ye Chen glanced at the other 80 or so tombstones. Some of them should be people from the Lingwu world, but I don't know if they are from the same period as Bingjian Immortal Venerable.

Ice Sword Immortal Venerable recalled: "It was a lot of sleepy people, but I don't know the exact number, there are probably a dozen people!"

"The weak ones are in the Hunyuan realm, the strong ones even exist in the Star Aperture realm!"

More than a dozen people?

Barely count as twenty people.

So looking at it this way, there are at least fifty tombstones from other places.

Who are these people trapped by?

Blood Spirit Race?

Or other forces?

Ye Chen didn't think about this carefully, he clasped his fist and said, "Tomorrow against the blood sword gate of the blood spirit race, I will control the formation and gather the power of everyone on me. If I lose, I will ask the three masters to cooperate with me. Seniors play!"

After saying this, Ye Chen left the reincarnation cemetery.

He came to the flat ground and watched the Universe Heavenly Dragon Array brought back by Han Yun and others. They were all made up of ancient lapis lazuli. It looked like a stone dragon, a stone dragon that was thousands of feet long, with wings on its back and body. It has limbs and is huge, but a bit weird.

"Get up!"

"Scatter!"

Ye Chen moved his universe and heavenly dragon formation with the power of qi and blood.

I saw the stone dragon suspended in mid-air, his body split into the cracks of the road, blooming the luster of the road, and then quickly turned into eight pieces, four limbs, one head, two wings, and one body, falling in the direction of the gossip. The city of a thousand wonders in all directions.

Bang bang bang! !

Boom! !

The eight bodies fell and quickly sank into the ground, but they overflowed with luster.

Soon, the Eight-Dao Sacred Pillar soared into the sky, and the heavenly vault showed a cosmic gossip, and then the Sacred Pillar connected the surrounding dragon veins and mountains, borrowing the power of the earth veins, and blending into the Eight Diagrams, the breath was strengthened, and the heavens and earth were locked. Energy.

Ye Chen jumped out and landed on the ground below the Eight Diagrams formation. His arms shook, and he felt the constant flow of aura around the formation. Even if there is no strong person in the gods sitting in the eyes of the major formations, this formation can be used. Absorb the surrounding spiritual power to bless the leader.

"Just an empty array!"

"It can increase my strength by 50%."

"If all the ninety people entering the Divine Realm enter the formation, it can increase my combat power several times or even ten times!"

Ye Chen yelled in a low voice, "All the people who enter the gods come here, the middle twenty-four, and the other nine in each place, faster!"

"Yes, Lord!"

"Yes, the Lord!"

"No problem, Palace Master Ye!"

"I'm waiting!"

The God-entering realm of the Palace of Light and the God-entering realm of the eight major forces have arrived!

There are a total of ninety strong people who have entered the divine realm, among which 24 are in the divine realm in the center of the formation, and nine in each of the eight locations.

"Preliminary test formation!"

"Gossip, Gan, Kan, Gen, Zhen, Xun, Li, Kun, Dui!"

"Eight directionsNine people in each direction!"

"Test the formation now." Ye Chen's eyes were deep, and he ordered: "The three directions of the universe shocked into the divine realm, absorbed the power of heaven and earth, and the power of the earth veins, and merged into the eyes of the formation!"

"Yes!"

The dry formation is dominated by Han Yun, and the eight behind them enter the realm of the gods.

Nine of them entered the realm of the gods, nine of them absorbed at the same time, and then the strongest Han Yun slapped a palm into the formation. The palm prints gathered the power of blood and soul, which had been converted by the nine of them. The power is converging towards the center!

Huhuhu! !

Huhu!

Suddenly, the world changed drastically, the wind and thunder were overwhelming, and the mountains and forests swayed.

The whole world seems to be shrouded in dark clouds!
