

## Urban Medical 1401

Chapter 1401: 1 trigger!

Countless spiritual powers around are gathered in the Tiankun Tianlong formation, and even the several ten thousand-foot mountain ranges outside the city of Qianjue, have broken and shaken, and one by one earth dragons rises into the air, conveying power for the formation. These earth dragons are not real living creatures. It is formed by the power of the earth veins.

Han Yun's face was savage, white hair was floating, his left hand received the power input from the eight powers of the gods, and his right hand transmitted to the front eye.

Shattering! !

Shattering! !

A blue beam of light.

A blood-red beam of light enters the array of eyes at the same time!

There are twenty-four strong men in the front, three of them are responsible for the power delivered from the position. After the three entered the gods and integrated the two forces, they were also slapped in the back. The three palm prints contained powerful The power fell on Ye Chen.

Bang bang bang! !

Boom! !

There were bursts of air.

Ye Chen punched out a fist, faintly tearing the void, he felt the breath on his body, and faintly reached the level of the nine-layer heaven peak of the gods.

He opened his arms, and the Divine Slayer and Soul Demon Spear lingered around him. At this moment, he was like a king of heaven and earth, and the simple breath released was enough to suppress the warrior who entered the middle of the gods.

"Power from one direction!"

"It made my combat power about three times stronger, more than twice as powerful as the words."

"The other two directions don't need to send power!" Ye Chen smiled, spreading the power of the whole body, and said slowly: "You don't need to be afraid anymore, it's just the blood sword gate, what's the deal!"

"This formation!"

"Gossip and eight directions, the strength of one direction has increased my energy and soul power to the level of reaching the peak of the nine-layer heaven of the gods!"

"As long as the two azimuth forces are combined, I will be comparable to the powerhouse in the early stage of the Divine King Realm in a short time!"

Ye Chen arched his hands slightly, his eyes filled with the sure of victory!

He smiled comfortably, glanced at the ancestors of Xingjianmen, Han Yun and others, and said again: "The power of eight directions is gathered, I think it can fight against some more dangerous existences!"

"This time I will make the Blood Sword Sect, there is no return!"

"The Qiankun Heavenly Dragon Formation, the power of this formation is much stronger than that recorded in the ancient books of the year!"

"Don't worry, everyone!"

"With me, Ye Chen, even if the Heavenly King Lao Tzu is here, he is not qualified to move Kunlun Xu!"

Hearing Ye Chen's words, the ancestor of Xingjianmen lightly touched his beard, and the big stone in his heart was let go!

Kunlun Xu has such a formation, it is really powerful!

Gathering ninety strong men into the gods, relying on this formation method, gather their strength on one person, and then burst out completely, no matter how many strong men come, you are not afraid!

My Star Sword Gate, can escape!

Sure enough, it is a wonderful thing to form an alliance with Kunlun Xu!

Han Yun, Ye Wudi, Ye Feng and others also nodded slightly.

I thought I was going to fight to the death!

Unexpectedly, this ancient formation method discovered by the Lord of the Palace had such a powerful combat power, which is really great!

My Kunlun Xu, starting today, I will stand up completely!

No more threats from the Blood Spirit Race!

Even tomorrow, the people of the blood spirit race can be slaughtered. It's so pleasant!

The Blood Sword Sect is mainly composed of strong blood spirit tribes. Basically, the elders, the protectors, the Supreme Elder, the head and many disciples are all blood spirit tribes. As long as a small

number of disciples are not, it can be said that the blood sword gate is The blood spirit race was formed from a family, developed into a sect.

The main combat power is the blood spirit tribe!

Fresh blood, new disciples, etc., some geniuses in the region controlled by the blood spirit race.

But for such a blood sword gate, the strong people sent this time, say no more, say less, definitely no less, without considering the assistance of the Beigong family, they will inevitably become our dead souls!

Ancient times!

The blood feud years ago will be settled tomorrow!

If it were not for lack of strength, I would really like to kill the Lingwu Continent and destroy the brutal sect family of Blood Sword Gate.

"The power of the gods in the eyes of the array just now has a lot of consumption!"

"I will let Lingyi Danzun send you the healing pills!" Ye Chen glanced across everyone, and said: "Everyone, rest here today. In my estimation, the Blood Spirit Race should be there. It will come at noon tomorrow!"

"By then, they will come to the City of Thousand Ends first, and we will go to war directly!"

"Kill these invaders cleanly!"

Dare to violate my Kunlun Xu!

This time you will wipe out your entire army!

In the future, when I wait for my strength to increase, I will kill the Lingwu Continent, Zhu Mier and other blood sword gates!

"Well, I will wait for them here!"

"His Royal Highness ordered you to obey!"

"After so many years, it's finally shameful!"

"New hatred and old grievances are counted together..."

Many strong people in the gods were not angry, and each sat cross-legged around the universe and dragon formation, adjusting their breath and meditating.

Ye Lingtian, who was on the sixth level of the emperor realm, took the pill refined by the Lingyi Pill, and broke through extremely quickly.

He came to the hall and glanced over the original heads of the pavilions. At this moment, the deputy heads of the pavilions said: "The head of the hall and the pavilions, and they can control the formation, this time the blood spirit tribe will be destroyed!"

"Tell them to come back and forth!"

"Wait for a while, everyone's strength will increase greatly, let's follow in the footsteps of the Lord and kill the Lingwu Continent!"

"Long live the hall master!" Huang Wushang raised his left hand and said excitedly: "The hall master can kill the gods now, I waited for the right person at that time!"

"Yes, long live the Lord!" Huang Zhantian and others were also extremely excited!

Our Lord!

Daoyuan realm kills into the \*\*\*\* realm!

The Emperor Realm can also enter the Killing God Realm!

Under the blessing of the formation, it is bound to be even more terrifying!

No matter how many strong people from the Blood Spirit Race come this time, they will surely die under our Lord's hands!

The lord is invincible!

The entire hall of the Temple of Light gathers hundreds of emperors and powerful people. At this moment, the group is passionate, and originally planned to set up an array to attack the blood spirit people by means of death squads, but learned that the hall master can control the formation to kill a large number of blood spirit people. , Is extremely excited!

The enemy will be killed by the Lord!

I wait, don't have to die!

The Lord is here!

Even if the sky is crossed, it will be fine No one is the opponent of our palace lord, neither is in the Divine King Realm!

...

Kunlun Xu is almost ready here.

At the Blood Sword Sect, people from the Blood Spirit Race were all led by the leader Chen Long and the deputy leader Chen Fengxuan!

The two leaders of the Harmony Realm personally led the team, and led 13 strong men from the Primordial Realm and the Seven Divine King Realm peaks to set off. With such a lineup, several nearby factions were shocked when they first went out!

So many powerful men from the Blood Sword Sect were dispatched together?

Which school do you want to attack again?

The surrounding factions, if not for the strong men of the early stage of Good Fortune Realm, would not dare to be neighbors with the Blood Sword Sect, who didn't know that the Blood Sword Sect killed decisively, each of the gatekeepers was abnormal, like to torture and kill the enemy, and control several giants. City and low-level planes.

However, these giant cities, including Big Dipper City and Kunlun Xu, which one of them did not kill many powerful people?

Chapter 1402: The great jealousy of sliding the world!

The doormen of the surrounding sects and those who encountered the Blood Sword Door almost all turned around and left.

Even the ancestors in the early stage of the good fortune realm would be a little afraid of the old monster at the peak of the blood sword gate. For fear of being attacked by this old monster, this old monster woke up from the retreat and missed the opportunity to advance to the good fortune realm. , So that the surrounding martial ancestors were relieved.

Otherwise, the ancestor of the Blood Sword Sect was promoted to the good fortune realm and belonged to the Beigong family.

The surrounding martial arts don't even think about peace!

"Stepping into Kunlun Xu this time, you can only win, not lose!"

Collect hundreds of warriors! Play free!

"Years ago, we had already defeated once when we attacked the Ice Sword Gate!"

The head of Chen Long put his hands together, his arms linger in blood, his fingers pinched the tactics, and the formation was moved. The formation seemed to form a sharp sword, directly tore open the void, and then shot with a palm to condense the spatial laws of the void. Turned into a bridge of space, leading directly to Kunlun Xu.

Stepping into the bridge of space, he glanced over many strong men at the same time, "In the first battle of the Ice Sword Gate, I sent the loss of three elders of the Hunyuan realm and seven guardians of the \*\*\*\* king realm!"

"So, the Supreme Elder is already very angry!"

"I went to Kunlun Xu this time to punish all those who dare to betray the ants!"

"Remember my words, all people on the upper and lower levels of Kunlun Xu, regardless of whether they are men, women, old or young, whether they have cultivation bases or not, will be killed, otherwise the other faction will think that my blood sword gate and my blood spirit tribe will fail once and lose their vitality. !"

The head of Chen Long's word Zhuji, his voice was as cold as Jiuyou's chill, making him shudder.

He thought slowly in his heart: Kunlun Xu?

In such a low-spirited world, they dare to move their people.

I really don't know who gave them the confidence?

As for Ye Chen?

In the early stage of the Divine King Realm, this leader brought seven peaks of the God King Realm, all of which were peerless masters in the nine-tiered Heaven of the God King Realm. One person is enough to slay Kunlun Xu, plus 13 Hunyuan Realm, and Me and the deputy head.

If Kunlun Xu is immortal!

I am so embarrassed to wait, I am back in the martial arts!

"Head!"

"This time slaughtering Kunlun Xu!"

"The subordinates suggest that the males are slaughtered and clean, and the females are beautiful enough to be brought back to the door." An elder in the middle stage of the Hunyuan realm said with a wicked smile: "These beautiful women, after taking them home, you can clearly mark the price and let the disciples exchange it!"

"One can let the disciples vent their emotions!"

"Secondly, even if these women are killed, they are still punished by Kunlun Xu!"

"Not bad!" There was another elder from the late Hunyuan realm who said with a smile: "You can play, whatever you want, but you can't let these lowly women be pregnant with the heirs of my noble blood spirit race. Drop!"

"The inferior Kunlun Xu woman's descendants are not worthy of the blood of my blood spirit race!"

"The whole world is a lowly world, let alone the people in it!"

"Agree!" A guardian of the Divine King Realm said: "Some men, stubborn ones, can also be brought into the sect and hung on the wall of blood. They can be used to cultivate the consciousness of descendants to kill and fight!"

"Think about it, to live as the target of our descendants!"

"In that way, once our descendants grow up in this environment, they will be more vigorous and powerful, and they will practice well in their tactics!"

Kunlun Xu, a man as a slave, is ready to be killed and beaten anytime and anywhere.

As slaves, women are ready to be played to death at any time.

"All right!"

"Arrived!"

The corner of Chen Long's lips outlines an evil smile, and he is the first to walk out of the bridge of space, to the outside of Kunlun Xu, the sky near the spirit city, the breath blooms slightly, and it shocks and kills the large tracts of the virtual king. People of Taoyuan.

Void King Realm, Dao Source Realm?

It is very strong in Kunlun Xu, but in front of Chen Long, a powerful person in the Harmony Realm, there is no need to make a move. The slight bloom of the breath will crush tens of thousands of people.

Whirring whirring! ! !

Huhu! !

A breath of air came out of the void, and the pressure burst out, covering the entire periphery of the spirit city.

In a moment, thousands of people turned into corpses. They couldn't stop the Qi and blood pressure system of the powerful people in the Hunyuan realm and Hedao realm. Among them, the strongest is not the nine-layer heaven of the virtual king realm. The forces are urgently waiting to go to Kunlun Xu!

"It seems that there is no one here!"

"Should all die in Kunlun Xuzhong!"

The deputy head Chen Fengxuan played with the blood, as if looking at a toy, stepping out, gazing through the Kunlun Xu up and down, and said with a smile: "I sensed that ninety people have entered the realm of gods, many emperors, and thousands of sources. The environment is all in the same city!"

"Blood Spirit Race punishes hundreds of people every 100 years, so there are so many emperor realms, and even \*\*\*\* realms? Interesting!"

"Presumably some of the gods are walking out from near the spirit city."

"It's a good Lingcheng not to stay, but it's better for this little beast Ye Chen to form an alliance! It's just a death!"

"So many people gathered together, it seems that they are stubbornly resisting in the negative corner?"

"Or, knowing that there is no hope, just gather together and surrender to us?"

"Surrender? Don't accept surrender!"

In an instant, the head of Chen Long led everyone directly to the outside of the City of Thousand Jues!

Looking at the closed city gate, Chen Long stepped out and the gate shattered!

A young man stood with his hand in his hand, cut inside the city gate, with a smile on his mouth.

Cold, bloodthirsty, crazy smile!

It is Ye Chen!

Chen Long didn't expect Kunlun Xu's ants to even dare to look at him so calmly, so he looked at Ye Chen and sneered: "You dare to kill my blood spirit race's disciples and elders, don't you know what to blame?"

"Ye Chen!"

"Han Yun, Xingjianmen, not bad!"

"You are very good!" Chen Long nodded slightly, filled with a penetrating smile, and said: "I will give you a choice. I will dictate myself now. I will consider not to torture your bodies. I will only put your souls in the Nine Nether Flames. Go, how about burning for thousands of years?"

"This is already the greatest gift for you!"

"Of course Only Ye Chen and people above the \*\*\*\* level are eligible to enjoy this condition!"

"Other people are still going to be tortured and killed in the flesh. Among us are disciples who are weaker and enter the early stage of the gods. For men, let them have a tendency to torture and kill them. For women, let's play together."

"Arrogant!"

"Bold blood spirit race, dare to speak up when you die!"

Ye Chen leaped and fell into the eyes of the Qiankun Tianlong formation, and then all the ninety people who entered the Divine Realm entered the formation range in an instant.

He waved his sword and pointed at Chen Long, "I am waiting to wait for you to kill you. If you want to surrender, you have to accept Ling Chi's punishment first!"

"Hahaha!"

"Yellow-mouthed kid, it's the world's best!"

"One formation, ninety ants in the gods, want to resist us?"

Chapter 1403: crisis!

"Want to resist our two Harmony Realm, 13 Hunyuan Realm, and 7 Divine King Realm?"

"It's as stupid as an idiot!" The head of the head, Chen Long, had a gleam in his eyes and smiled:  
"Everyone, from today onwards, it is a grand event to slaughter Kunlun Xu. No one can disturb our killing nature!"

"Since they want to resist!"

"I'll give you a chance, Seven Guardians, you go!"

"Give me a blow to defeat them. I want them to lose their despair when they are full of hope!"

"In despair, I feel the feeling of being tortured and insulted by us!"

"Observe, head!" A seven guardian of the \*\*\*\* king realm quickly stood up, surrounded by seven \*\*\*\* king swords all over his body, like a sword fairy, floating in front of Ye Chen and others, favoring the top of a building.

Ye Chen stood at the forefront of the array and shouted angrily: "Gan, Kan, Gen, Zhen!"

"The forces of the four parties are gathered together in me!"

"Han Yun, Ye Feng, Ye Wudi, the ancestor of Xingjianmen!"

"fast!"

"Observe the Lord!"

The four of them sit in the square and spread their hands to absorb the spiritual power of heaven and earth at the same time!

Behind them, thirty-two powerful people in the gods, with their backs leaning on them, are absorbing spiritual power around them, and at the same time absorbing the power of mountains and rivers!

Ho Ho Ho! !

Roar! !

The sound of dragon roar came out.

One by one earth dragons broke out of the earth, lingered in the sky, and then turned into a series of pure energy into the body of thirty-two strong people in the gods! These powerhouses use their bodies as carriers to turn energy into the power of blood and soul, and pass them to Han Yun and the other four!

During this transmission, the power of the earth dragon has doubled!

"Hall Master!"

"The power is coming!"

"Kill this fanatic with one blow!"

"To kill him, Palace Master Ye!"

The four of them uttered a word, and each slapped a palm toward the formation eye, and the eight-stranded force continued to flow into the formation eye!

In the eyes of the formation, in addition to Ye Chen, who is in the main formation, there are twenty-four strong men in the \*\*\*\* realm. Among them, twelve strong men in the middle of the \*\*\*\* realm corresponding to the four sides spread out their arms to accept the eight forces, and the power passes through their bodies. , The power doubles again!

Afterwards, the twelve experts in the \*\*\*\* realm changed their pace and came behind Ye Chen!

Almost at the same time, the twelve people took out their palms at the same time, their palms pressed against Ye Chen's back, and their power was injected into Ye Chen's body.

Huhu! !

call! !

Ye Chen burst out an extremely tyrannical aura instantly, covering the world and the earth. With a sweep of Yu Wei, most of the buildings in the city of thousands were shattered.

Stereotypes of power entered his body and doubled again!

At this moment, his aura was already equivalent to that of the late Divine King Realm, and his physical body began to faintly crack, and it was obviously difficult to withstand this power!

Ye Chen knew that this battle had a great price.

The master in the reincarnation cemetery also told him about the physical consequences of the power of the formation!

Extremely serious!

But he can't care so much!

He has no choice!

His practice is too short!

Facing the powerful blood spirit clan who descended on the Lingwu Continent, he could only resist like this!

"The peak of the God King Realm?"

"What's that!"

"It's easy to gather all of us and kill you!"

Ye Chen grabbed the Divine Punishment Sword and stared at the Seven Protectors, and immediately sacrificed a sword, and countless sword auras crisscrossed out, leaving thousands of sword auras in the air, like a violent storm, to destroy everything and obliterate everything. all.

Even after the formation, all the strong people hiding in the hall, seeing Ye Chen's sword, felt shocked!

This sword!

Even if dozens of mountains are smashed, it is all right?

Kunlun's virtual spiritual power is not dense, and the mountains are not as hard as the Lingwu continent. This sword can definitely cut the mountains. This is a sword that can open the sky and destroy the enemy!

"Hallmaster this sword!"

"So strong!" Ye Lingtian swallowed, and thought: "I can definitely slash the seven guardians of the blood spirit race with one sword!"

"I am very sure of that!"

"Hall Master is the strongest!" Huang Zhantian and others secretly held their palms, excited!

Everyone watched the sword qi transform into a sea of swords across the air, all secretly excited, and they all looked forward to the death of the blood spirit clan!

Shattering! !

Wow!

Sword Qi came to the front of the Seven Protectors like a tidal sea.

The seven protection methods moved slightly, and the seven God King Swords were superimposed on each other, turning into a giant sword, horizontally in front of them.

boom!!!

The moment Jianhai hit the giant sword, it burst open instantly.

This sword, a sword that can slash the mountains, did not actually shake the giant sword.

"too weak!"

"Even if there is the breath of the \*\*\*\* king realm."

"But it's just a breath. This is not your true power!" The Seven Protectors dismissed it, put away the giant sword, and transformed it into a \*\*\*\* king's sword again, "I don't even have the power of a rule, and I want to deal with me. Kind of the peak powerhouse of the God King Realm?"

What a joke!

I am the pinnacle of the Divine King Realm, and I have understood some of the laws of space!

Once you start fighting, you can't attack me without comprehending the law, thinking you can win with more energy?

"Qian, Hu, Gen, Zhen, Xun, Li, Kun, Dui!"

"Eight doors together!"

Ye Chen yelled again, receiving the power sent by the ninety powers from the gods behind his back. The clothes on his upper body were full of cracks, which seemed very embarrassing.

He is the seventh-order of the domineering stage, which is equivalent to the physical body of the eight or nine layers of the gods, but now he has endured such a strong force, and he has not exploded, he is already considered lucky!

His breath has strengthened again, more than ten times stronger than before!

He held the Fourth Grade God King's Sword Punishment Excalibur in both hands, and shouted: "Put it off!"

The Divine Judgment Sword slashed out with a single sword, and a hundred-zhang sword flew out, and countless sword auras spewed out along with it, killing the Seven Guardians together!

"Huh, actually reached the aura of Hunyuan Realm in a short time?"

"Almost the blood and strength of the third layer of the Hunyuan realm!"

"This formation is not bad! It can be used to this point by you, and it is considered Kunlun Xu's emperor's proud son."

"Unfortunately, Kunlun Xu is too small! The proud son of the emperor is \*\*\*\* in my eyes!" The second elder of the Blood Sword Sect suddenly walked out, looked at Ye Chen, and shook his head slightly: "A humble ant trying to use an ancient formation. Fa, can repel my blood spirit tribe?"

"ridiculous!"

"Since you have exploded with blood in the Hunyuan Realm!"

"Then it is me, who is the real Primordial Realm Realm, to end you guys!"

The second elders suddenly started without a mighty attack, only a \*\*\*\* battle mark was condensed, and the cover was pressed down, crushing the sword gang and destroying countless sword qi!

He looked at the Qiankun Tianlong Formation again, and said lightly: "There is no need for it!"

next moment!

The second elder once again gathered a \*\*\*\* palm print, focusing on the formation and at the same time focusing on Ye Chen!

If Ye Chen's main formation broke him, the formation was broken!

"block!"

"Exit!"

"Quiet!"

Ye Chen exploded with his strongest attack, but before the sword gang and the sword light were emitted, they were overwhelmed by the \*\*\*\* palm prints, and then the demon qi barrier around his body burst open, even a trace of blood leaked out of his body, feeling the power of the \*\*\*\* palm prints. I am like a small boat in the sea, which may be destroyed at any time!

Chapter 1404: Who is it?

Boom! !

A violent explosion sounded.

The heavenly dragon formation broke through, and ninety powerful people in the divine realm flew upside down in front of the temple, but they were only slightly injured, at most just backlashed by power.

Wow!

boom! !

Ye Chen rolled down, his body was covered with scars. He blocked all the attacks and was almost abolished. Otherwise, the ninety people would have been wiped out at this moment!

"puff!"

"So strong!"

Ye Chen spit out blood, got up with difficulty, swallowed a pill, and recovered some of his flesh in the next second, staggering and completely severely injured.

He stared at the second elder of the Blood Sword Sect, still holding the cracked Excalibur Sword, and said with a smile: "What is this, what about the Hunyuan Realm, it can't kill Lao Tzu!"

...

"Huh? Some means!"

"Not dead!"

The second elder looked at his palm in surprise, and whispered: "I slapped him down, so I can't kill him?"

"Oh by the way, just now you have gathered a lot of energy and blood!"

"They are all comparable to the three-tier heaven of the Hunyuan realm!"

"It's not bad, it can gather so much energy of vitality and blood, the physical body has not exploded, and it has gathered so much soul power, the dantian is actually not broken, it is a good seed, but unfortunately you are still a waste!"

He leaped over a distance of 100 meters and lifted Ye Chen up, his eyes were cold and said: "What do you think you are?"

"genius?"

"It's ridiculous, you are in Lingwu Continent, you can't even count as waste!"

"Even though my Blood Sword Gate is not a behemoth, even in the early stage of the Emperor Realm, there are a lot of leapfrog battles into the Divine Realm!"

"Even, some behemoths, such as the Protoss and the Dragon Clan. The young children born in their families are in the middle of the emperor realm and can tear the gods by hand. What kind of trash do you have the courage to resist?"

After speaking, the second elder smashed Ye Chen out.

Just like smashing a sandbag, Ye Chen's golden body is the seventh-order physical body, in front of his eyes, it is no different from a paper man.

Billowing smoke and dust! It seems to be awful!

A huge pit appeared on the ground.

The second elder thought that Ye Chen was dead this time, but he did not expect that after the smoke and dust dissipated, a wounded young man would actually stand!

Stand straight, like a green pine!

unyielding!

No one can shake it!

This is Ye Chen!

"I'm not dead yet? Your kid is kind of interesting! But this time I won't give you a chance!"

The second elder became a little angry, and once again stepped to Ye Chen's body.

Take a shot!

This palm carries extremely violent power! The sky changes color for it!

The clouds are rolling!

Vision!

What a terrifying power it takes to arouse visions!

Ye Chen must die!

The second elder's smile was almost hideous, he enjoyed the feeling of torturing his prey!

however! In the next second, he unexpectedly discovered that the young man who was about to die had raised his head!

Ye Chen laughed!

Although the corner of his mouth is full of blood, it is an incomparable evil charm!

It seems to be in control!

Not afraid of life and death!

"Old thing, want to kill me, do you know what kind of existence stands behind me!"

Ye Chen roared! Golden light blooms!

He raised his hand and hit it out with a punch!

The second elder frowned, he really couldn't figure it out, this ant actually resisted with his body!

Can't find death?

Is there such a huge gap between the realm of the two and their bodies?

Still head-on?

however!

Next second!

The second elder's disdainful smile suddenly solidified!

Because a force rushed away from the second elder's hand.

Ye Chen stepped back five or six steps, a trace of blood overflowing from the corner of his mouth.

But it doesn't matter.

"how is this possible!"

The second elder beside him stared at his hand in horror.

He is so powerful that he hasn't killed this ant?

That power just now is extremely special!

This power can even be said to be terrifying!

It is impossible to release from the body of this ant!

He didn't even know that there was a reincarnation cemetery in Ye Chen!

In the reincarnation cemetery, there are ancient powers sitting in town!

And just now, forging the gods to make a move, all the power was concentrated on Ye Chen's body, allowing him to temporarily possess the power of the fifth-tier heaven of the gods.

Only Ye Chen knew about this!

It's a pity that the spirit of forging the gods has been used too many times, and has become a lot weaker. Now it is not enough to face such strong people!

Ye Chen clenched his fists, wiped the blood stains off the corners of his mouth, his eyes were extremely serious!

He knew very well that the power of the reincarnation cemetery might not be enough!

He must think of other ways!

Xiao Huang and the blood dragon?

No, they were injured last time, obviously not enough to support the current battle?

Demon Eye?

It seems that the power is not enough!

Damn it!

Is it really going to kill me Ye Chen!

...

When other people saw such a scene, their eyes were full of regret and horror!

Ye Lingtian even shouted: "Hall Master, hurry up!"

"Hall Master, hurry up, leave us alone!!"

"Hall Master, your hole cards have already been used, go now!"

"As long as the Lord is still alive, we are not considered extinct, Lord, go!"

"go....."

Almost everyone is letting Ye Chen leave.

This is impossible to fight at all, assembling all the people who have entered the divine realm, gathering their strength on the palace master.

But there were less than two moves, the formation was destroyed, the palace took the initiative to use the hole cards, it is obvious that the strength is not as good as the strength when controlling the formation, you must go now! Not an opponent at all, it will be too late if you don't leave!

"go?"

"Do you think you can go?"

The second elder didn't think too much, countless blood gathered all over his body, and even more condensed a blood sword, pointed at Ye Chen!

The blood sword is getting closer!

Life and death seem to be between another thought!

The second elder sneered and said: "This power does not seem to belong to you, but it is still weak, not as good as before!"

"Since you are the first person to resist my Blood Sword Sect!"

"Well, I will kill you in front of everyone today!"

After speaking, he waved his hand, and a force of law fell on Ye Lingtian, Ye Feng and others.

In an instant, the ninety people who entered the Divine Realm, Thousand Emperors Venerable Realm, and Thousand Thousand Dao Origin Realm were all frozen, unable to move, and could only watch Ye Chen helplessly.

The second elder showed a gloomy smile and said: "It's started!"

Wow~~~

A wave of light swept across the world In an instant, no matter it was the people of the Blood Sword Gate, the Kunlun Xu people, or even the people of the eight major forces, all came to a halt, maintaining their expressions and actions, just like Time suddenly stagnated, it was the two powerhouses in the early stage of Hedao Realm who couldn't move.

Ye Chen could move, he couldn't help but was taken aback, "The law of time!"

"Not a mere law of time!"

Wow~~

Another light wave emerged, and the surrounding space was cut apart, forming a 100-meter-sized house alone.

Ye Chen looked around, and he was no longer in front of the hall. He was in a special space. "A terrifying power actually controls everything. This is the coming of the strong!"

"Who is it?"

At this time, brilliance appeared one after another.

Chapter 1405: Ten Thousand Immortals

Ye Chen stared at that brilliance.

Guanghua gradually dissipated.

I saw a middle-aged woman walking out slowly, wearing a pale blue palace gown with a hairpin on her head, like a lady.

She was alone, staring at Ye Chen, her eyes flat, her eyes full of condescension.

When Ye Chen saw this figure, his eyes were shocked!

He never expected that this woman would come suddenly!

The woman smiled coldly and said:

"You can call me, Lingyun Xianzun!"

At this moment, Ye Chen's eyes were cold!

No matter what the purpose of this Lingyun Immortal Venerable came here, the enmity between the two is still there!

"It's you!"

"Where are Ji Siqing and Xia Ruoxue?"

"How are they!" Ye Chen glared at Lingyun Xianzun.

"Ji Siqing, I am already my disciple, and Xia Ruoxue is coming soon!" Lingyun Xianzun looked flat and said: "This time, if Ji Siqing didn't ask me to help you, you will die today!"

"I don't know, why Ji Siqing would like something like you!"

"Such a low state, such a humble background."

"But you dare to question me, do you want me to get angry?"

There was a trace of anger in her clear eyes, and said: "The deity tells you, if you are not the person Ji Siqing is looking for, just because you have anger in your heart just now, the deity has killed you thousands of times!"

"Also, my disciple in Lingwu Continent is your hand! You know what the crime is!"

Ye Chen stepped out and moved forward under the pressure of Lingyun Immortal Venerable!

Facing each other!

"I don't need your help!"

"I don't need the help of a \*\*\*\* senior who forcibly kidnapped people!"

"In my eyes, you are a robber!" Ye Chen glared at Lingyun Xianzun and shouted angrily: "The person who took me away without authorization is shameless. If I have the strength, I will beat you to the knees and kowtow!"

"presumptuous!"

"You're looking for death!" Lingyun Xianzun shouted angrily, pointing his finger, like the \*\*\*\* of heaven, the power of countless laws of space turned into the blade of space, strangling towards Ye Chen.

Shattering! !

Wow! !

The blade of space was the size of more than a chi, but it was not a real thing. It flew the Excalibur Sword and Soul Demon Spear, and landed on Ye Chen.

There were blood stains on Ye Chen's bare upper body instantly!

shocking!

The pain is beyond words.

After that, a spatial hammer directly knocked Ye Chen away.

"puff!"

"What a ruthless old woman!"

Ye Chen got up with difficulty, his body shook, he recovered a bit from his wound, and said: "Old lady, you dare to insult me, I won't let you go today!"

In the next moment, he uses the power of the soul to contact the reincarnation cemetery!

Wow~~

Another brilliance flashed by, turning into a barrier in front of him and the Samsara Cemetery, and even cut off the connection between Ye Chen and the Samsara Cemetery.

Masters in the reincarnation cemetery, can't get out!

"I don't know what secret you have!"

"I don't care either!"

"Even if you can provoke the deity by following the spiritual thoughts of a few powerful people in the Combination Dao and Hunyuan realms?"

"I have inherited Ji Siqing's love for helping you, but now that you have such an attitude, you know that it is a capital crime!"

Lingyun Immortal Venerable's eyes were clear, and he said calmly: "Kneel down, kneel down, this deity spares you not to die!"

How could Ye Chen kneel!

"kneel?"

"Who do you think you are!"

"I, Ye Chen only kneel to my parents, so I don't even kneel down to heaven and earth, let alone you!"

Ye Chen straightened his waist, and red blood lingered around his body. The golden body turned into a red golden appearance, standing like a golden figure, standing in this space, as if Pangu once stood in the sky. Average time!

kneel?

Cultivating for several years, without kneeling to the sky or kneeling!

No one can make me kneel, unless I am willing to kneel to my teacher and parents!

Otherwise, no one can do it!

What's more, it is your Lingyun Xianzun!

Take away my beloved forcibly, and still want me to kneel to you?

Foolish dreams!

"world?"

"Ridiculous boy."

"Do you think heaven and earth are noble?"

Lingyun Xianzun smiled slightly, as if looking at a ridiculous ant, and said: "Heaven and earth. It depends on which world and which world!"

"If it is the world of my Lingwu Continent, even if it is the gate-sealing realm's mighty power, I might not kneel and disrespect the world!"

"As for your humble and inferior Kunlun virtual world, you don't even have heaven and avenues, what are you?"

"The deity doesn't kill you because of Ji Siqing's words!" Her gaze was cold, as if an ancient killing \*\*\*\* was looking at Ye Chen, "but don't think that the deity will not kill you."

"Stop talking!"

"Kneel!"

As Lingyun Xianzun's voice fell, the words moved with the law, and the power of the surrounding space law struck towards Ye Chen.

The power of the law of space turned into a sledgehammer, hammering Ye Chen's knee, but wanted to see how hard this kid's bones were!

Whoosh whoosh! !

Whizzing! !

The blades of space came out out of thin air, cutting Ye Chen's body.

The endless pressure is even more depressed like a mountain!

But Ye Chen still stands there like a stone statue, not moving for anything, it seems that it will always be a green pine that cannot be defeated!

Ye Chen stared at Lingyun Xianzun, even speaking with some difficulty. For a moment, he was like a blood man, no matter how painful he was, he would grit his teeth and endure it!

This is his attitude of Ye Chen towards the strong!

He is not convinced!

Today's shame, if he is lucky enough to survive!

It must be repaid a hundred times!

This kind of pain is a hundred times stronger than Wei Wucheng!

Wei Wucheng was beaten by three thousand and five hundred dollars. At the beginning, one hundred dollars was so painful that he even bluntly asked for mercy!

Not only did Ye Chen not beg for mercy, he even said nothing, his deep pupils glared at Lingyun Immortal!

kneel!

Why kneel!

Just because you are better than me, can you abuse me?

That being the case, when I board the Hedao Realm, I will definitely kill the Lingxian Emperor Palace and beat you to the knees to beg for mercy!

What is Ling Chi!

I not only practice, but also practice the way of refining the body, even if all the flesh and blood are broken, I can recover in a moment. This bit of pain wants me to yield and make me kneel down, impossible!

"inverse!"

Lingyun Xianzun whispered a word, and the force of the law gushed out, wrapping Ye Chen.

It can be clearly seen that the wound on Ye Chen's body that was recovering was reversed in an instant, and the body recovered to the time when the flesh and blood had not recovered. Strictly speaking, the time went backwards for two seconds and stagnated, and Ye Chen didn't recover his golden body.

"The bones are hard!"

"Golden body and bully body of rank seven, scarlet bone!"

"Your body is not bad." Lingyun Xianzun couldn't see the expression on his cheek, but he smiled: "In this case, I will break your support and see if you kneel or not!"

Deity!

It is the deity of ten thousand immortals, the immortal deity of Lingyun!

The elder of the Lingxian Imperial Palace, when you see the deity in the emperor's realm, you not only don't kneel, but you dare to refute the deity!

The deity thinks you are the one that Ji Siqing admires, and will not kill you!

But today, you must kneel down for the deity!

Boom! !

boom! !

A handle space coercive sledgehammer bombarded Ye Chen's body, every attack was extremely powerful, faintly cracking Ye Chen.

Ye Chen still gritted his teeth and glared at Lingyun Immortal Venerable, mobilizing the power of qi and blood as much as possible to heal continuously.

At this moment, he is fixed by the law of space and wrapped by the law of time. He can't resist at all. He can only recover with the power of qi and blood. If he doesn't kneel, even if the world doesn't kneel, how could he kneel you old witch!

Bang bang bang! !

Boom! !

The sound of the Space Hammer's bombardment resounded like a blacksmith's hammering iron.

There were also cracks in Ye Chen's physical body, and the pain in it was like being crushed back and forth by a hundred trains.

He hardly remembered this feeling!

Chapter 1406: contradiction

In the reincarnation cemetery!

Forging \*\*\*\* Chen Anping, hundred sword \*\*\*\* Nie Baijian, \*\*\*\* pill king Qiantian, and ice sword immortal, all four have serious faces, looking at the passage above their heads, full of violent laws, like a barrier.

It seems that the contact between himself and others and the tomb owner Ye Chen was cut off.

boom! !

Nie Baijian sacrificed his sword, but was bounced back by the barrier, and fell to the ground even weaker.

The power of his divine mind was declining over time.

If it is the main body, it may be qualified to break open!

But now, obviously not!

He coughed a few times and said, "No, I'm a mind body, I don't have the right to use the power of the law, and I can't break the barrier set by this old witch!"

"What should I do?"

"This old witch is the pinnacle of the good fortune realm!" Forging God Lord said, "The tomb owner will not be killed in a second if he confronts her! What should I do?"

Ye Chen is their hope. If he were planted here, wouldn't they be a loss?

The problem is that the old lady Lingyun Xianzun, they didn't mess with her, she cut them off from Ye Chen as soon as she came, what do you mean!

The point is, Ye Chen's two young daughter-in-laws were taken away by her, what does it mean?

"Our four divine minds and bodies are united!"

"Perhaps there may be the power to break out of the Primordial Realm, breaking this screen!"

Sovereign Shen Dan's eyes flickered, and he thought: "Break this barrier, and we still have some combat power left. When the time comes, we will break the old witch's space magic and take the kid away!"

Lingyun Xianzun!

An old witch at the pinnacle of good fortune has lived for tens of thousands of years!

Actually using the space barrier created by the law of time and space to deal with the tomb owner, this old witch is probably not at ease!

The owner of the tomb is now everyone's hope, and we must never let the owner of the tomb be in trouble!

"it is good!"

"We are now uniting our forces!" Nie Baijian hurriedly got up.

"No!"

"There is not much left of the power of your divine mind body!"

Ice Sword Immortal Venerable frowned, and said slowly: "Nie Baijian, you only have one-tenth of your strength, and forging the gods and the gods, you don't have much power left. Even if you combine with me, even if it bursts out The combat power in the early stage of Hunyuan Realm!"

"For the time being, some space laws of the real body!"

"But we have no time rule!"

"What's more, Lingyun is a realm of good fortune, and it has integrated the laws of time and space. We don't have the combat power of the Ninth Heaven Peak in the Hedao Realm, and it is impossible to break through her barrier!"

"What should I do then?" Nie Baijian almost shouted angrily.

"Wait!"

"Our strength is not enough! The real body is trapped, there is no way to rescue Ye Chen!"

"When I came out, I probed Ye Chen a little bit, and I found that Ye Chen has two superpowers!"

Ice Sword Immortal Venerable has sharp eyes, as if penetrating time and space. He stood with his hand holding his hand, and said slowly: "It seems that there is a breath of the ancient blood dragon god, maybe the blood of the tomb owner is the blood of the ancient blood dragon god!"

Of course, this refers to antiquity.

Not the ancient times of Kunlun Xu, it was only three thousand years ago!

It was the ancient times of Lingwu Continent, which was hundreds of thousands of years ago!

Ancient blood dragon god!

Refers to the blood dragon?

"Maybe you don't know what the ancient blood dragon \*\*\*\* is!"

"But I can tell you that it is a very powerful blood dragon, which has reached the realm of Conferred God."

"In the ancient times, several Conferred God-level powers were fighting and fighting in the void."

The Spirit Sword Immortal exhaled and recalled that when he was reading the ancient books in the Ice Sword Emperor's Palace in his childhood, "The ancient blood dragon \*\*\*\* seems to have fallen, but the power of the blood demon and bloodline left behind is not No one was found!"

"So, I suspect that Ye Chen has the power of the blood dragon \*\*\*\* in the tomb!"

"Don't worry about Lingyun Xianzun!"

"As for the other force, I can't tell."

He stood with a sword, his eyes swept over the three of them, and he sighed: "Ye Chen should have three bloodlines on his body. One is from the ancient blood dragon god. This is the key to the

condensation of the blood dragon phantom, and the other is His own bloodline, the other is too powerful, I have never seen it in any ancient books, it is the first generation bloodline or reincarnation bloodline."

"But I don't know what kind of bloodline of the first generation!"

"The kid who owns the tomb doesn't know either."

I think back then, the deity also read many books and knew many taboo secrets and ancient secrets.

But he didn't know what kind of specific bloodline the bloodline on Ye Chen's body was.

But I know the power of the ancient blood dragon god.

Hearing the words of Spirit Sword Immortal Venerable, Nie Baijian nodded slightly. He had seen the ghost of the blood dragon on the tomb owner. The bloodline of that powerful and powerful bloodline that was consecrated to the gods in ancient times and finally fell should come from this monster. !

Nie Baijian felt a little relieved, but he was helpless.

His power has been exhausted, and Chen Anping and Wang Gantian are not much different. As for Ice Sword Immortal Venerable, although he has full strength, it is okay to take the tomb owner to escape the attack of the Blood Sword Gate. It is impossible to fight Lingyun Immortal Venerable, after all. How could a powerhouse at the same level be able to compete with others' own spirit body?

Outside, in the space barrier.

This space barrier is like a small house. There is no time passing here, and even a separate space. No matter how long it passes here, it is only a moment to the outside world.

"Don't kneel?"

"Fine, the deity has destroyed your physical body!"

Lingyun Xianzun pointed out, the vast cloud like the sky, pressed down, pressed on the top of Ye Chen's head, it was extremely heavy.

Click! !

Click~~

Ye Chen's body shook loudly, and a lot of sparks flickered, and his whole body was full of cracks, I am afraid it will be broken in the next moment!

The flesh body of the Domination Stage is not the flesh body of the Transformation Realm!

During the dominance phase, the golden body and flesh will be smashed, as long as the golden bone is still there!

But when the golden bones are shattered, only the power of the soul remains. Even if the body can be reunited, it is just the body of an ordinary person, and its combat power is at least 80% weakened. Can kill Ye Chen.

"Want to make me kneel!"

"Old witch, you are not qualified enough!"

"Even if my whole body bursts, I will never kneel down for you!"

Ye Chen still straightened his waist but was ready to break!

"drop!"

Lingyun Immortal Venerable had no expression on his face, and the words followed, and the clouds fell, further breaking Ye Chen's body!

Seeing that the body was about to be completely shattered, an extreme force of blood broke through the confinement of the law of space!

In the next second, a blood dragon rushed out of Ye Chen's body and quickly transformed into a dragon of ten thousand feet. The countless tyrannical forces shattered the power of the law of space!

This is not over yet!

"Dare to move my master!"

"Old witch, you're done!"

Another \*\*\*\* yellow luster burst out of Ye Chen's body, it was Xiao Huang!

At this moment, Xiao Huang turned into a giant beast of the size of more than ten feet. He stepped on the law of time and space, shouted angrily, countless slaying air rushed out, directly shattering the law of time!

Chapter 1407: Rebel!

At this moment, Lingyun Xianzun's expression completely changed!

She never expected Ye Chen to hide these two powers in her body!

The key to the appearance of these two forces is too domineering!

Actually stepped directly through the power of her law!

What a joke!

How could her power be broken by the trash of a lowly plane?

She became angry!

Staring at one person and two beasts not far away!

The laws of time and space were broken by the blood dragon and Xiao Huang!

The two beasts guarded Ye Chen. Ye Chen's brilliance flashed, and he could use the power of his body to quickly repair his injury. After taking the pill, although not so embarrassed, it was still scarred. He glanced at Xiao Huang and the blood dragon. .

Never thought that these two guys would come to save themselves.

Didn't they get hurt too?

Do you want to help yourself like this?

But right now, these are not what Ye Chen cares about!

He stepped out and glared at Lingyun Xianzun, "Old lady, I want to clean up you today!"

"Boy, still want to shake the sky?"

"The two evil animals also want to stop the deity!"

"Looking for death!" Lingyun Xianzun stretched out his arms, each lingering in his hands.

The palm of the left hand burst out with scarlet luster, and a group of light waves slowly appeared, which was composed of laws!

The palm of his right hand burst out with a light blue luster, and a blade of space condensed out, which is composed of the laws of space!

Good fortune!

What is good fortune?

Combining the laws of time and space, comprehending a trace of the laws of creation, has the reputation of creating heaven and earth, as long as you advance to the star aperture, you will not be hurt by time and space, as long as you don't die, it will facilitate the coexistence of heaven and earth.

The Lingyun Immortal Venerable at the pinnacle of the Good Fortune Realm has already half-footed into the Star Aperture Realm, and the people in the early stage of the Star Aperture Realm can't help her!

At this moment, a small Ye Chen, a man of the third-tier emperor realm, dare to confront her!

Dare to fight back!

Really looking for death!

"The Blade of Time and Space!"

"kill!"

Lingyun Xianzun combined the two powers of his hands into one, turning it into a weapon that shone with refining luster, and sacrificed it directly. When he slid through the space, his space barrier was a little trembling. Such a blow is He Dao Realm can't stop it!

Ye Chen at this moment has completely angered Lingyun Immortal Venerable!

"Old witch!"

"Thinking that the realm is high, it is very powerful?"

Xiao Huang stepped out and came to Ye Chen's body. The red pupils flashed with magic light, as if the ancient gods had become obvious.

Its red pupils quickly left a drop of blood and tears, and immediately burst out a magic light, revealing a blood demon lion, with the power of the sky and the earth, with an angry cry, the claws turned into blades, and the blades of the sky collided. In one piece, countless aftermaths shook out!

So big and so powerful!

It's nothing to punish the combined Dao realm, and even Ye Chen was extremely shocked.

Xiao Huang continued to explode the power of magic light and terrifying energy and blood, forcibly pushing Lingyun Xianzun 100 meters away, leaving enough time for Ye Chen's recovery.

Bang bang bang! !

Boom! !

With the sound of collisions coming out, countless fragments of the laws of time and space scattered, and even the space barrier was beaten to pieces. Lingyun Immortal Venerable once again condensed the space barrier, really fighting with Xiao Huang!

I thought that the deity is the realm of good fortune!

Called the pinnacle!

This lion, but a descendant of a strong man, dare to provoke me.

At this moment, he looked down on this lion a bit, and he used his true power to fight me. It was reckless!

"Well, you don't care about the consequences!"

"The deity will not take your life!"

Lingyun Immortal Venerable suddenly shot his hand, a whip appeared in his palm, a dragon blood whip made of dragon dragon skin, with a strong stroke, the whip pierced the space and came directly to Xiao Huang's back. The moment it fell, it was repeatedly beaten thousands of times. .

"puff!"

"Old witch, you are so cruel!"

"I won't let you go!"

Xiao Huang also hit a real fire, with blood dripping all over his body, and his bones were broken a lot!

At this moment, it burned out a series of ghostly flames, soaring into the sky, repelling the broken space, forcing back the dragon blood whip, and the whole body was completely renewed, expanding to the size of ten meters, like a lion demon swallowing the sky and the earth.

It collects the phantom, melts it into its body, and then wraps its body with supreme magic power, and fights closely with the Lingyun Immortal Venerable.

Bang bang bang!

Boom! !

The battle was fierce.

The more Lingyun Xianzun fought, the more surprised he was, and said, "You actually have the blood of the ancient lion and demon war god! Who are you?"

Ancient times!

The Lingwu Continent broke out again and again in the battle of the gods!

In the battle of a titled \*\*\*\* of dragon body, demon god, sword god, etc., among them is the lion demon war \*\*\*\* who can swallow the sky and destroy the enemy, but hasn't the lion demon war \*\*\*\* died?

And the blood is broken!

How could it appear on a monster beast in this trash land?

Could it be that this monster beast is the descendant of the ancient lion, demon and war god, or is it the reincarnation of that one?

Forget it, don't care!

What about reincarnation?

What about descendants?

The \*\*\*\* who has died is nothing in my eyes!

Today the deity will not only suppress Ye Chen, but also abolish you so that you know the cost of provoking the deity.

She naturally did not know that Xiao Huang's blood came from the reincarnation cemetery!

A powerful man from the cemetery of reincarnation!

"I am your ancestor!"

"Dare to bully my boss, I beat you so hard that your mother doesn't even know you!"

Although Xiao Huang's mouth is hard, it is after all using his own origin to fight fiercely with Lingyun Immortal Venerable, but after all, it is not his own body's power, even if his own body is hit by the law of time and space, it will be destroyed!

The reason is that the body is too weak!

If not, why not be afraid of Lingyun Immortal Venerable when such power bursts out!

Shattering! !

Wow! !

On the side, Ye Chen flashed a ray of brilliance all over his body, just by using the power of Lingyun Xianzun's space law, forged his body!

At this moment, his physical body has been promoted to the eighth level of the Golden Body Overlord, glaring at the Lingyun Immortal and said: "Old witch, I will also come to destroy you!"

"Master, wait!"

"Xiaolong can help you materialize the avenue temporarily!"

"At the same time, help you perfect a avenue!"

What surprised Ye Chen was that the blood dragon actually spoke.

The blood dragon phantom aura erupted, like a dragon god, and said: "The master's three avenues, each of them is very strong, I can use the origin to help the master go further!"

"At that time, the master will absorb my strength and temporarily materialize the avenue!"

"Go and fight this old witch again!"

The avenue is materialized!

What is materialization? It really manifests itself, and the combat power soars a hundred times!

Such a way of manifestation, generally speaking, can only be done by a strong person in the same way.

The power of the God King Realm turned the Dao into the God King Dao, which is only semi-physical, only doubled the combat power, but all the Dao realizing, there will be an absolute qualitative change process!

Cultivating the Tao, and then realizing the Tao.

It needs to go through several processes, from Dao Yuan Jing to He Dao Jing.

Comprehend the power of Tao, evolve into the prototype of the avenue, and complete the prototype of the avenue and turn it into a real avenue.

The avenue is semi-materialized again, and finally materialized completely.

The reason why a strong person in the combined path is called a combined path is to substantiate the avenue and merge with oneself, so that it is a combined path. In this way, the avenue is immortal and the body is immortal.

"it is good!"

"Thanks for your hard work!"

Ye Chen quickly bloomed out of his own way.

Indestructible swordsmanship emerged, countless indestructible sword energy boiled out, and rushed straight to the top.

The way of killing was manifested, and countless killing and killing air filled the surrounding area, as if to kill all the creatures in the event.

After the way of nirvana manifested, the power of countless nirvana weakened the power of the law of space. Each avenue was three kilometers long, but two of them were imperfect. The faintness was just a phantom, not a substance.

Chapter 1408: The blood is so strong?

Each Dao is a first-class Dao, if it is temporarily materialized, Ye Chen's combat power will soar to the level of sky-defying.

"the host!"

"I'm coming!"

"I live by the master! Fight for the master!"

The blood dragon was originally formed in Ye Chen's body. If Ye Chen falls, it will definitely dissipate!

It is not only helping Ye Chen, but also helping itself!

So is Xiao Huang!

The blood dragon raised its head and roared, and a dragon core in the body completely released its power, and the boundless power of the blood demon spread out, enveloping Ye Chen's three avenues, and each avenue was upgraded extremely fast!

Shattering! ! !

Wow! !

The brilliance flew by one after another, and the way of killing was completely perfected, releasing an aura that exterminated the world.

In contrast, Ye Chen's realm is also rapidly improving, directly breaking through the sixth-tier heaven of the emperor realm, and his combat power has been increased several times, but this is nothing in front of people like Lingyun Xianzun, at most it is stronger. Ants.

"Hua Dao!"

"Three Ways!"

"Solid!"

The blood dragon shouted loudly, rising from the sky, turning into blood and light, and blending into the three avenues!

Almost in an instant, countless magic lights erupted from the three spheres, and in every place of the space barrier, a powerful force merged into Ye Chen's body.

The three avenues, the way of extinguishment, the way of indestructible swords, and the way of killing, are short and solid, and the burst of energy even makes the space barrier tremble again and again, and the power of the blood dragon has exceeded the level of the Harmony Realm.

This is its original strength, the strength that has been stored in the deepest place, just in case!

It was all used at this moment, and Ye Chen's avenue was temporarily solidified.

Huhuhu!!

Huhu!

The wind swept across the road.

Ye Chen's black hair dances wildly, the blood of the blood dragon lingers on his chest, the power of stepping on the universe, and the three avenues above his head, like if the ancient demon \*\*\*\* descended to the world, although only the power of the law of time and the law of space, the power of blood has arrived. A pinnacle level!

This is the short-term strength!

But enough!

He stared at Lingyun Immortal Venerable, and said: "This time, I won't let you taste the lesson, you really think that you are the superior Immortal Venerable!"

"It's actually the power of the ancient blood dragon god!"

"How is it possible!" Lingyun Immortal erupted with all his strength, slapped Fei Xiaohuang with a palm, looked at Ye Chen in amazement, and said: "How can you have the power of the ancient blood dragon god!"

Ancient blood dragon god!

Gorefiend!

Dragon God!

These two words alone are enough to shock most people in Lingwu Continent!

Blood demon means boundless blood and demon energy. When these powerful men fight together, the more intense they become, the more powerful!

Dragon God! The \*\*\*\* of the dragon race, that is, the ancient \*\*\*\* dragon, should be slightly inferior to the dragon god!

Ancient Blood Demon Dragon God, that is a powerful man who can compare to the Supreme Void Realm. Even if such a powerful man falls, his descendants are definitely not ordinary!

He is also the descendant of a strong man who was appointed \*\*\*\* in the ancient times. What is the origin of Ye Chen?

The monster in front is a descendant of the ancient lion demon and war god. It has the fierceness of the lion demon and the \*\*\*\* of war in the ancient times. It is completely desperate to fight. Why is there another descendant of the ancient blood demon and dragon god!

Is this Ye Chen also a descendant of a certain Conferred God powerhouse?

"You kid!"

"Uncommon!"

"Okay, the deity will try your combat power, how strong is it!"

"How powerful is your hole card!"

Holding a long sword condensed by the laws of space, Lingyun Xianzun slammed out in amazement, piercing through the layers of space, and came to Ye Chen in a flash.

Ye Chen's three avenues absorbed his power and completely broke through to a peak again, fighting with the Lingyun Immortal with his bare hands. He did not use the Excalibur Sword, nor the Soul Exterminating Spear!

These two weapons!

The same is the Ninth-Rank Immortal Tool, and the other is the Fourth-Rank Divine King Tool.

It's still useful to face the strong in the \*\*\*\* king realm, but the Lingyun Xianzun in the good fortune realm will be broken within a moment, and it will not be used at all to avoid being broken and wasted.

Boom boom boom! !

Bang bang bang! !

In the space barrier, Ye Chen and Lingyun Xianzun fought hundreds of moves, and they fought extremely violently.

Fortunately, it is in the space barrier. If it is in Kunlun Xu, I am afraid that most of the Kunlun Xu has been broken, and countless people will die.

In the end, a figure burst out, it was Lingyun Xianzun!

Lingyun Xianzun's left arm faintly cracked, with blood hanging on the corners of his lips, staring at Ye Chen, and said, "Who are you?"

"I don't believe that there will be people like you in a humble waiting world!"

"Say, who are you the descendant of the powerful confiscated god?"

"The power of your own bloodline seems to be the first generation bloodline, but how can you have the first generation bloodline, which is so strong in such a weak situation!"

Wow~~

Ye Chen burst out and spewed a mouthful of blood just after landing, and the three main roads behind him were completely beaten back to the phantom state!

He covered his chest with his left hand, and wiped the blood from the corners of his lips with his right hand.

This big battle!

Although I was seriously injured, Ling Yun was not much better.

He said: "The first generation bloodline!"

"It's the first generation bloodline!"

"As for you, you don't deserve to know my bloodline!"

"If you still have to fight, even if you die, I won't let you go!"

Hearing this, Lingyun Xianzun smiled and nodded slightly and said: "It's not bad, I am qualified to pursue Ji Siqing!"

"However, your realm is still too weak!"

"The power of those two fierce beasts is exhausted, and you are a waste of the emperor realm."

"It's just a death shot into the nine heavens of the gods!"

Lingyun Xianzun seemed to recall a time tens of thousands of years ago.

I have also seen a young man standing upright, not afraid of being strong, not surrendering to power, and even willing to follow him together with himself, to slaughter the existence of those arrogant and deceitful factions.

But once again, that young man has fallen!

And he, wanting to be a slaughter and arrogant girl, eventually became them!

They refer to some arrogant, strong people who regard the weak as ants, and humiliate the weak without authorization, not for the world, but for the individual.

But when did she become that kind of person herself.

In that case, I won't continue, and this Ye Chen is not bad.

I have gone through a lot of climbing from the low Wu world to this step. Naturally, I cannot compare him with the young people in the Ling Wu world, let alone insulting him. It is easy to kill him now, but such a good seed is a pity. .

The youth of Lingwu Mainland compared to Ye Chen.

The origin, region, background, and environment are all different.

Ye Chen has achieved the top overlord in his world.

And those young people, background resources, etc. are much higher than him, but it is difficult to become the overlord of Lingwu Continent.

In general, Ye Chen is good.

It's just that whether you can see Ji Siqing and Xia Ruoxue depends on the good fortune of this child!

Wow~~

The law of space is drawn.

Lingyun Xianzun received the coldness and looked at Ye Chen plainly. At this moment, her concept had changed.

She said: "This time I come to Kunlun Xu, my disciple Ji Siqing has entrusted him to save you and prevent you from being slaughtered by the Blood Sword Sect!"

Chapter 1409: get out

"But I don't think I need it anymore!"

"The power you just broke out is enough to solve, but now your power is exhausted, it is impossible!"

"Simply I still fulfill my promise to the disciple!"

"As for you, don't think about my disciple if you don't have the Harmony Realm, because you don't deserve it!"

"I don't deserve it, you can't help but say it!" Ye Chen asked, "Ji Siqing and Xia Ruoxue, are they okay?"

Lingyun Xianzun raised to the sky and smiled, "Will it be bad to be my disciple of Lingyun Xianzun?"

"They will be goddesses and goddesses from now on!"

"If you have not reached the Hedao Realm, you are not worthy of my disciple!"

Suddenly she thought of something, and said: "In this case, you like them both, and they also said that your cultivation speed is extremely fast, and you have been promoted from an ordinary person to Kunlun Xuzhu in less than ten years!"

"It's not bad, never do it!"

"I will also give you a test. Within one year, you will be promoted from the emperor state to the hedao state. Come to my Lingxian Imperial Palace!"

"If you can beat me in a year, the two of them can naturally leave with you!"

"If you can't, just get out of here!"

"The farther you roll the better, never touch them!"

"Because you are not worthy!"

One year!

From the sixth heaven of Emperor Zun to the peak of Hedao.

At least it must be at the pinnacle of the Dao Realm to contend with the aura of immortality that integrates the laws of time and space!

The gap between the Hedao Realm and the Good Fortune Realm is even greater than the gap between any realm, just like the difference between a mortal and a god. Ye Chen has also obtained the Ninth Heaven Peak of the Hedao Realm to contend with the Lingyun Immortal Venerable!

In one year, from the sixth heaven of the Emperor Zun realm to the ninth heaven of Hedao realm!

In this case, the top big family can't do it. Even if they try their best to train a disciple, it is very difficult.

What's more, having to leapfrog another level to battle the Lingyun Immortal Venerable at the peak of the Ninth Heaven of Good Fortune Realm is tantamount to idiotic dreams!

Lingyun Immortal Venerable, did he want to use this to make Ye Chen difficult, so that Ye Chen would retire?

"It's only a year!"

"It's nothing, this promise, I'm next!" Ye Chen's eyes were firm.

One year!

From the sixth heaven of Emperor Zun realm to the ninth heaven of Hedao realm!

For others, it is completely a fantasy, and it is impossible to reach it anyway.

But for Ye Chen, it was not really difficult. He came out of the secret realm and came to the City of Thousand Ends to fight. It has only been a few months since his cultivation has been raised from the eighth level of the Void King Realm to the Emperor Venerable Realm. Six levels of heaven have raised more than twenty small realms!

Just speed it up!

There are treasures everywhere in Lingwu Continent, and there are so many resources. By that time, Ye Chen will be promoted to the Ninth Level of Hedao Realm within a year.

"it is good!"

"It's bold!"

Lingyun Xianzun nodded slightly, and didn't know whether it meant admiration or contempt.

She picked up the space barrier at will, and the two came outside of the Palace of Light. All the strong people around were stagnant and were controlled by the law of time. For Ye Chen, he spent dozens of minutes in the space barrier. , But for the outside world, it's just less than a second!

"So strong!"

"Time is stagnant!"

"Space locked!" Ye Chen looked at Lingyun Immortal, and thought secretly: Is this the realm of good fortune?

Be proficient in and integrate the laws of time and space.

With one hand, you can pause for a short time, and you can build a special space for trapping the enemy with one hand. You can even use the law of space to kill the enemy!

The battle between the strong is a one-second gap, which is enough for absolute life and death!

Especially high-level combat!

For people like Lingyun Xianzun who control the laws of time and space, killing the Dao Realm is really too easy!

"put!"

Ling Yun Xianzun gave a soft drink, time stopped dying, and everyone could move.

Han Yun, Ye Lingtian, Ye Wudi, Hanshuang, etc. stared at Ye Chen and Lingyun Xianzun, and they were all a little surprised.

This female senior?

Was it the assistance invited by the Lord?

Why did you get here suddenly, so fast, you can come here quickly under the eyes of the strong blood sword gate.

"Go to hell!"

"Ye Chen!"

The second elder resumed his movements, and when he saw that Ye Chen was no longer in his own hands, he immediately flew up and wanted to hold Ye Chen.

"Blood Sword Gate!"

"roll!"

Lingyun Xianzun casually slapped the second elder with a palm, and an invisible force broke out completely.

On the ground, the second elder's figure stagnated, with an unbelievable expression on his face, he looked at Lingyun Immortal in amazement, and then looked down at his body, his body was actually cracked inch by inch.

He is the fifth layer of the Hunyuan Realm!

His body is the fifth stage of the incorporeal stage!

how is this possible?

How could it be broken directly?

"Do not....."

"Do not!"

With a desperate voice emerged.

The body of the second elder burst open, and the soul was wiped out in an instant.

The Blood Sword Sect, the Blood Spirit Race, a powerful man in the middle of the Primordial Realm, was easily killed by a palm.

In this case, both sides are dumbfounded!

What power is this? A force that cannot be crossed!

"This female senior is so strong!"

"Too powerful, is it the master of the palace master?"

Ye Lingtian and Han Yun rubbed their eyes and looked at all this in disbelief!

The fifth level of the Hunyuan Realm, the middle stage of the Hunyuan Realm!

This was the overlord in the ancient times of Kunlun Xu, and the powerful man who could be vast and unimaginable in Kunlun was actually slapped to pieces by this mysterious woman?

No resistance?

He didn't even notice, and then his body burst and his soul died?

Who is this woman, how strong is she?

"kill!"

"kill!"

"Dare to kill my blood sword gate person!"

"Everyone uses swords to kill the enemy!"

The great elder of Hunyuan Nine-layer Heaven yelled, and with the remaining eleven Hunyuan Realm and seven Divine King Realm, he immediately wanted to kill the Lingyun Immortal Venerable!

"stop!"

"stop!"

The two heads of the Harmony Realm hurriedly spoke out, and even personally stopped their own people!

You don't know her, I know her!

This is Lingyun Xianzun!

Even Master is not necessarily the opponent's opponent!

Unexpectedly, Ye Chen, a little beast, had such a strong existence behind him!

Is this strong confidence?

The dozens of elders and digital guardians of the blood spirit tribe were taken aback, looking at their head, they were all a little at a loss. The second elder of the blood spirit is dead, why not take revenge?

"Retreat to the side!"

"I'm here to negotiate!" The head Chen Long walked out slowly, holding his fists towards Lingyun Immortal Venerable in full view, and said: "I have seen seniors!"

"Count you acquaintance!" Lingyun Xianzun stood with his hand in his hand and nodded slightly.

"Senior, are you Ye Chen's elders?"

"If it is, I won't dare to commit Kunlun Xu again!"

"I'll leave soon!"

Chen Long bowed and clasped his fists, the posture was reduced to the extreme, "Senior Lingyun Xianzun just killed the second elder, it is the second elder, \*\*\*\* it, dare to provoke senior! You deserve it!"

He said again: "By the way, I don't know when Kunlun will have your care?"

boom! !

A palm print flew, knocking out Chen Long who was in the third layer of the Hedao realm.

Lingyun Xianzun closed his hand and glanced over Ye Chen, the ancestor of Xingjianmen, Han Yun and others, and said flatly: "The deity is not the person of Kunlun Xu, nor the strong behind Kunlun Xu. As for taking care of Kunlun Xuzhi thing."

"This is what the deity promised a disciple to do."

"This deity's beloved disciple comes from Kunlun Xu! So, if you take action against Kunlun Xu and Ye Chen!"

"Today, I kill without mercy!"

Chapter 1410: Sleeping little yellow!

Lingyun Xianzun's words are full of lofty!

Even facing the Blood Sword Gate of the Blood Spirit Race!

She has this qualification!

This is a world full of strong people!

Strength is respected!

If the person behind the Blood Sword Gate comes, maybe they still have the qualifications to talk to her!

But these people in front of you obviously don't!

"This!" Chen Long stood up hard, with blood spilling from the corners of his mouth. He hesitated for a long time, still clasping his fists and said: "Senior, if I go back like this, it's not easy to explain to my master!"

"An old guy who is only half-footed into the realm of good fortune, not to be afraid!" Lingyun Immortal Venerable aura bloomed, severely injuring the seven gods of the Blood Sword Sect guardian, saying: "He is the old guy, I I will say!"

"As for Kunlun Xu!"

"Don't invade within a year!"

"Yes!" Chen Long did not dare to refute, with his strength, Lingyun Xianzun didn't have to waste much effort to kill him.

Afterwards, Lingyun Immortal Venerable looked at Ye Chen and couldn't help shaking his head: "Are you also the master of a realm? Such a low strength, not to mention the deity, or the blood spirit clan, you can't manage it!"

"I advise you to forget Ji Siqing and Xia Ruoxue!"

"You are such a low-class man, not worthy of my disciple!"

Ye Chen was about to respond, his injuries suddenly worsened, and the power of the ancient formation just started to counteract.

He looked hard.

This kind of pain almost made Ye Chen collapse.

Even so, Ye Chen still endured the pain and tried to raise his head.

Without fear.

The eyes are cold and determined!

"Ling Yun, today you are aloft, known as the Immortal Venerable! Well in all directions, immortal and immortal! But you are the one who takes my beloved!"

"I Ye Chen doesn't accept your love, nor is it rare for you to act!"

"After I have another year of cultivation, I will definitely make an appointment for one year! I will let you feel the pain today, and I will let you understand what kind of existence Ye Chen is!"

Lingyun Xianzun smiled coldly upon hearing these words: "I admit that you have a good talent, but this year, whether you can live is a problem."

"You have too many enemies and don't know how to forbearance. I'm afraid you will die in a few months."

"However, I still look forward to you being able to set foot in my Spiritual Immortal Palace, because at that time, I can crush you in front of Xia Ruoxue and Ji Siqing, and I will let them understand what kind of trash you Ye Chen is! "

At this moment, everyone looked at Ye Chen with a solemn expression.

This Lingyun Immortal, is Ji Siqing's master?

Is it Ji Siqing's plea to Lingyun Xianzun, she came to save us?

If this is the case, I really want to thank Lingyun Xianzun. As for the hall master, the strength of the hall master is still too bad, and it can't compare to the blood spirit race. Maybe the hall master shouldn't stand up against the blood spirit so early. The flag of the clan.

Now everyone in the Palace of Light felt that Ye Chen's strength was not enough!

After all, Ye Chen is too young!

The training time is too short!

No matter how talented it is, it is impossible to fight against old monsters like enemies!

Ye Chen's strength is Kunlun Xu's first, but what is it in Lingwu Continent?

This time, if it weren't for Lingyun Xianzun's move, I'm afraid we would all fall, including the Lord!

In this scene, the head of the Blood Sword Sect Chen Long watched, a smile was raised on the corner of his lips, and he said: "Ye Chen, you are a little white face!"

"I thought Senior Lingyun Xianzun was your elder Ye Chen!"

"Unexpectedly, you still need a woman, Ye Chen."

"If it weren't for your woman, I guess you would have died today!"

Chen Long's words were indifferent, but every sentence was like a piercing blade, penetrating Ye Chen.

Ye Chen forcibly endured the pain on his body, a raging fire ignited in his heart.

He wants to practice!

He wants to practice crazy!

Rely on women?

I never rely on women!

If Ling Yun, the old witch does not come today, and does not consume the power of Xiao Huang and Blood Dragon, I can still blow you up!

Blood Sword Gate!

Blood Spirit Race!

When I reach the Hunyuan realm, I will kill your sect first, and kill you one by one!

Don't think that the sect of Lingwu Continent is very strong. In my eyes, Ye Chen, they are just sects!

"Lingyun Xianzun!"

"My Blood Sword Sect obeys your words!"

"If you come to attack Kunlun Xu in a year, let this little white face live another year!"

Chen Long clasped his fist and said slowly: "As for your disciple, who is a goddess, I have to persuade you. We have all kinds of heroes in the Lingwu Continent, and we shouldn't like such a low-level emperor-level ant! "

"Ye Chen, this ant, is not worthy of your disciple!"

"So far, we will go back first."

After that, Chen Long turned around and left with the blood spirit tribe.

Lingyun Immortal Venerable didn't look at Ye Chen, and turned around to tear the space away, as if Ye Chen was really just a waste in their eyes!

"Hall Master!"

"Hall Master, how are you doing!"

"Hall Master, how are you doing?"

"Dian Master Ye!"

Four powerful men including Han Yun, Ye Wudi, Hanshuang and Xingjianmen ancestors came and helped Ye Chen up.

Ye Chen refused directly, still gritted his teeth and was working hard to heal his injuries!

Today, I originally brought Kunlun Xu and the eight forces into the gods to resist the blood spirit race!

But I didn't expect it would become like this!

Lingyun Xianzun, the old woman, is here to make an appointment for a year!

Okay, a year later, I beat you old woman to find teeth, and today's insult will be repaid in one year!

As for Chen Long, the head of the Blood Sword Sect!

Say me ants?

it is good!

In a few months, I will show you how my ant exterminated your blood sword gate and eradicated your blood spirit race!

If you don't take revenge, you swear not to be human!

"Nothing!"

"I'll go into the hall to rest!"

"Everything will be handled by Han Yun for now!"

Ye Chen briefly explained a few words before entering the inner hall to retreat.

Although the strength of this battle has been greatly improved, the physical body has been fundamentally injured, that is, the three main roads have been defeated in many parts, which can be regarded as complete and serious injuries!

Wow~~~

Two glosses flew out of the avenue It was Xiao Huang and the blood dragon!

The blood dragon was extremely weak and did not say a word, and went directly to the reincarnation cemetery to heal.

It has the blood of the ancient Blood Demon Dragon God, but even so, fighting against the Lingyun Immortal Venerable at the peak of the Ninth Heaven of Good Fortune Realm, it also consumed too much energy, so that it was seriously injured and almost fell asleep.

Xiao Huang was sitting on the ground, looking at Ye Chen, and said: "Boss, to help you this time, I was injured very seriously!"

It shrank to the size of a cat, covered in blood, and its blood became weaker and weaker.

It had to say: "Boss, I guess I have been sleeping for a while."

"I don't know how long this time is..."

"As short as one month, as long as thirty or fifty years, I may not be able to wake up, of course, I may wake up for the rest of my life, you treasure!"

After speaking, Xiao Huang turned into a lustre and merged into Ye Chen's body.
