Chapter 1421: Crazy

"Kun Wu!"

"Be careful, this kid may lie to us!"

Lingcheng Danding School Supreme Elder glanced at Ye Chen, and said: "This kid probably wants to kill our disciples in one go. He has a great appetite!"

"Then also see if he can swallow it!"

"Don't forget, he was wounded by the **** sword gate's Hunyuan realm powerhouse!" The elder of the crazy sword gate flickered, and said calmly: "Did you not see it? He didn't use the power of the avenue from beginning to end!"

"The day before yesterday, he came to our spirit city to punish Li Jiawei in the battle."

"From the beginning to the end, almost all the power of the great avenue is used, just like his way of dying!"

"Although he used the power of nirvana to kill Daogan, he didn't use the way of nirvana, but how can such a person relying on the power of the great road actually use the power of the great road? Obviously, it can't be used!"

"He did this!" The elder of the mad knife gate communicated with the other twelve people by the method of soul sound transmission, he said: "Ye Chen is begging for death!"

That's right!

Ye Chen is begging to die!

As we thought before, he wanted to use his death to let Lingyun Xianzun have an excuse to save Kunlun's emptiness!

"Fight!"

"But you can't kill Ye Chen!"

The Patriarch of the Li family said in a voice transmission: "This person is asking for death. It happens that we send disciples together, and the disciples of the province will go to die one by one. If they go together, the probability is higher! Just be careful, you can't kill Ye Chen!"

From the point of view of the Li Family Patriarch and the elders of the Great Dao Sect Taishang.

Ye Chen is undoubtedly looking for death, and the motives and reasons are sufficient, but they would never think that Ye Chen deliberately wanted to swallow all their disciples!

Just ask, in the world, without the Hunyuan Immortal Tool!

Who would dare to provoke five or six hundred of the same level at the same time on the sixth level of the emperor's realm, no, three to four hundred of them are a realm higher than him!

Who can do it?

there is no one!

Even if there is, the elders of the mad knife gate will not believe it, so Ye Chen's behavior in their eyes is undoubtedly knowing that he can't live, and that death is worthwhile.

"Since he wants to fight!"

"Then let the disciples do it!"

The elder Qiankun Sect had a cold expression, and the sound transmission said: "For thousands of years, even if I have been alone to the Lingwu Continent, it is useless! There are too few strong people around, and it is difficult to become a climate, so that these disciples are about to catch up with us. Realm!"

Everyone in Lingcheng, it's not that they can't go to Lingwu Continent!

It's useless to just go, one or two enter the **** realm alone, ten at a time, even if there are more, sixteen spatial teleportation arrays can be used together to send 300 strong people into the **** realm, but they will still be scattered when they reach the Lingwu continent. Everywhere.

Counting it down, it's still ten at a time. Ten of them went to the Divine Realm. If they were thrown into the city, they would probably be out of luck. If they offend a strong person, they will kill half of them on the day. Unless they all enter the Lingwu Continent together, they are still a force. !

Therefore, these supreme elders, ancestors, heads, etc. are not willing to enter the Lingwu Continent alone!

Moreover, they are not the strongest people who have never climbed up from the bottom.

They were born in the spirit city, and they controlled the supreme resources from birth. By the time they reach adulthood, they may already be in the emperor state. Without the chance of trial, they can't match Ye Chen at all, even with Hei Yao, Huang Zhantian, and Huang Five Gun combat experience and experience. They are richer than them.

They don't have that luck and strength, and they are at the bottom level. They want to get up in Lingwu Continent and become the Divine King Realm or Hunyuan Realm. They have no chance at all, so they can only rely on the Blood Sword Sect.

For thousands of years, many of their disciples have entered the sixth and seventh levels of the gods, even if they are too weak, they have entered the early and middle stages of the gods, and gradually, their prestige began to fall!

"These disciples, to our level!"

"It's also a mess. So, it's better to let them go. If it succeeds, we will go to Lingwu Continent together!"

"Failed?" The elder Qiankun Sect sneered faintly, and said through a voice transmission: "That happened to be dead, and few people dared to provoke our majesty!"

"Blood brother is right!"

"Blood brother is right!"

"This time Ye Chen's arrival is an opportunity!"

"No matter how we choose, no matter whether we win or lose, I will not lose much!"

Soon, some Taishang elders and Patriarchs came in one after another!

These old guys in high positions really didn't really see Ye Chen in their eyes, and even thought about internal friction as much as possible, consumed their own disciples, and guaranteed their authority.

If they were like Kunlun Xu, led by Ye Chen, how could they fight a ring battle and go directly together. At that time, Ye Chen would have to let the master take action, otherwise he would fall in the face of hundreds of powerful men in the gods. !

Soon, thirteen old guys decided the answer.

The Chen Family Patriarch smiled and said, "Ye Chen, on behalf of the 13 major forces, I agree to your request!"

When he looked at the people around him again, he suddenly raised his hand and moved hundreds of thousands of spectators around a hundred meters away, leaving only the disciples of the major forces,

about 600 people up and down. He said: "I will wait ten The three major forces have stood firm in the city for thousands of years!"

"Over the years, as disciples, you have nothing to experience!"

"Today, since Ye Chen is here and wants to challenge you, then go ahead!"

"But there is one thing. Since you are together, and you have played against Ye Chen with a hundred people at a time, then you must not kill Ye Chen. For the rest, you are free!"

"Yes, all the elders, all the heads!" Hundreds of disciples clasped their fists in unison and looked at Ye Chen with murderous aura. Some people were so curious that they all geared up to teach Ye Chen!

Ye Chen!

Yesterday and today, insult us continuously!

In this meeting, let's go together. If you don't kill you, you have to destroy you. At least in the next year, you must become a wasteless waste and lie in bed to achieve our goal!

Ye Chen put his hands behind him from beginning to end, his eyes closed.

Perhaps he was impatient with waiting, he opened his eyes and a cold light flashed.

"You guys are too much nonsense. You can do it if you want to. I am still in a hurry to refine the pill."

I thought they would not agree!

Unexpectedly, actually agreed, and would not kill me?

It's ridiculous, I can slaughter your disciples by myself!

In the reincarnation cemetery, Nie Baijian and others looked novel.

Forging **** Chen Anping smiled and said: "This kid is not bad. I used to see him resisting the blood spirit race and his righteousness. He deserves to be the owner of the reincarnation tomb!"

"Now I am working hard to kill all the young generations in Lingcheng! It is nothing more than to protect Kunlun Xu."

"Those guys are going to be mad at the end."

"Crazy is definitely crazy!" Sovereign God Pill looked at Ice Sword Immortal Venerable and smiled: "At that time, I need you to help Ye Chen, thank you again!"

Everything the tomb owner does is for Kunlun Xu!

As long as the threat of Lingcheng is calmed down, and then to the Lingwu Continent, the safety of the rear can be guaranteed.

Chapter 1422: Ye Chen is the variable

"I wake up from the reincarnation cemetery, naturally know what I am going to do!" Bingjian Xianzun nodded slightly and said, "I will help him naturally, but even if we help him, this kid can really enter the Primal Realm in a year. , Even in the Hedao Realm?"

"This is almost impossible in Lingwu Continent."

One year agreement between Ye Chen and Lingyun Immortal Venerable and Blood Spirit Race!

Nearly everyone thinks it's impossible. In the history of Lingwu Continent, there has never been such an example of climbing from the emperor state to the hedao state in a year, but the ice sword fairy does not know why, but he believes in his heart. Up!

Without him!

This courage, this perseverance and responsibility!

Far surpassing all the people in Lingcheng, Lingcheng had no courage and perseverance to enter the gods, so they could not climb to the top even if they went to Lingwu Continent alone, which also caused them to fall into the current situation.

But Ye Chen dare!

The killing in him is full of tenacity.

I dared to do everything, every time I finished it, I didn't die. For the rest of my life, even the superior elders in Lingcheng, the combat experience of the whole body may not be as rich as Ye Chen's in just a few years.

"There is such a heritage!"

"It's also a blessing!" Bingjian Xianzun slowly said.

On the side, the gods of the hundred swords, the forging gods, and the gods pill, the spiritual mind body is getting weaker and weaker.

It seems that it won't last long. They have played too many times, and I'm afraid they can only survive for ten days!

The Ice Sword Immortal is the guardian of the next tomb owner, but more and more guardians will appear. Every powerful person in the reincarnation cemetery is the guardian of the tomb owner, just like their mission. So general.

...

now.

The thirteen major forces in Lingcheng quickly integrated the youngest generation of disciples, and at the same time replaced a huge ring, several hundred meters long and wide.

Three hundred and seventy-eight disciples stepped onto the ring one by one, preparing for a decisive battle against Ye Chen.

...

Under the distant starry sky, a group of people came to an ancient place full of **** smell.

The ancient land of the blood spirit tribe, the forbidden place of the blood sword gate, here is the retreat of the blood spirit tribe ancestor Kuiying.

The head of Chen Long and the deputy head of Chen Fengxuan returned with dozens of powerful men. Not only did he fail to conquer Kunlun Xu this time, he also killed a second elder of the fifth level of the Primordial Realm, which is really sigh!

Kui Ying, who was sitting cross-legged in the most central part of the ancient land, suddenly opened his eyes and burst out a breath of the world, completely enveloping Chen Long and the others, and the tyrannical blood even crushed several of the surrounding people. Ten disciples.

Kui Ying's eyes were as deep as a sea of blood, and her old mottled cheeks were filled with murderous air!

He spoke slowly, his voice sounded like the Nine Nether Demons, "This time, what's going on?"

"If you can't give a reason!"

"Then you are ready to accept torture!"

"Ancestor!" The head Chen Long and the others hurriedly knelt down. In the early stage of He Dao Stage, he did not dare to face the ancestor of He Dao Stage Ninth Heaven Peak. Even though they are in the same realm, they are the difference between heaven and earth. , Kui Ying wanted to kill him as easily as Lingyun Xianzun casually obliterated the second elder.

He hurriedly explained: "Ancestor, the Kunlun Xu that we had already defeated!"

"Already going to kill Ye Chen that little bastard!"

"But suddenly Lingyun Xianzun came out. The disciple of Lingyun Xianzun is Ye Chen's beloved one. It should be that disciple who let Lingyun Xianzun take action!"

"She used the law of time and space to imprison us. It seemed that she had chatted with Ye Chen. Then Ye Chen was seriously injured, and Lingyun Xianzun agreed with us for a one-year period not to invade Kunlun Xu!"

Chen Long was soaked all over, facing this pressure, there was almost no resistance!

He quickly said: "The second elder wanted to resist Lingyun Xianzun, but was obliterated. I am really not an opponent of Lingyun Xianzun. Even if I force a shot, I will eventually die, so come back and ask the ancestor to call the shots!"

"Failed, it is defeated!"

"The reason is reasonable, but I don't accept it!"

Kui Ying lifted her left hand slightly, and the palm print overflowed with the laws of time, converging into a mark, and hit Chen Long, and then burst out several spatial sharp blades!

"Do not....."

"Ancestor..."

Chen Long was thirty thousand years old in an instant, his body was cut by the sharp blade of space again, and countless = blood spilled out!

He was a seventh-order physical body in the incorporeal stage, with changes in blood quality and bone quality, and he had no power to resist the laws of space, and was directly hit hard.

Wow!

Wow!!!

Several spatial blades slashed across the crowd.

Several of the guardians of the **** king realm peak were beaten directly to the ground, and the **** king way was unstable.

The elder of the Hunyuan realm was even more pale. He had been 20,000 years old, and his life span was even more inadequate. As for the deputy head Chen Fengxuan's physical body almost exploded, he did not dare to have the slightest desire to resist.

Two people together!

Dozens of Hunyuan Realm, Digital God King Realm!

Kui Ying was hit hard by such a calm atmosphere, especially the few people whose lifespan was lost, suffering extremely!

They have not yet reached the realm of good fortune, with a limited lifespan, and now they have been lost for tens of thousands of years, and they are likely to die of old age before they can make a breakthrough.

"This is an unfavorable punishment for you!"

"It's Lingyun that old thing shot, I won't kill you!"

"One year!" Kui Ying's eyes flickered slightly, one year, can you wait for one year?

Ye Chen, this son, has been from an ordinary person to the emperor realm in a few years. His combat power is comparable to that of the **** realm. He is also protected by the heavenly way. His blood is extremely strong. He doesn't know his origin.

If he was given another year, he would probably breakthrough to the Primal Realm!

Even in the early stage of He Dao realm, he was still sure to kill Ye Chen, but if Ye Chen realm was too high, he was not sure!

"Pass the order!"

"Don't attack Kunlun Deficiency within one year, and then bloodbath Kunlun Deficiency after one year!"

Kui Ying gave an order: "Passing the Southern Territory, no, the Five Territories, my Blood Spirit Race and the Blood Sword Sect are protected at the same time. Once Ye Chen enters the Lingwu Continent and kills him, I will give a Hedao artifact, and I personally took action to help him achieve the realm of harmony!"

Divine King Realm, Divine King Tool!

Hunyuan Realm, Hunyuan Immortal Tool!

Hedao Realm, Hedao Artifact!

Every breakthrough in the realm requires comparable weapons.

To break through the nine levels of the gods , you need to absorb the power of the **** king's Taoism in the gods.

To break through the nine-layer heaven of the Divine King Realm, it needs the space law in the Hunyuan Immortal Tool to help it understand the space law to become the Hunyuan Realm.

As for the breakthrough of the nine-layer heaven in the Hunyuan realm, it needs the time law in the Hedao artifact to break through!

A Hedao artifact!

Enough to drive some little sects crazy and make some solo travelers desperately!

This move will inevitably lead many Hunyuan realm experts to chase and kill Ye Chen.

"Aura!"

"We didn't shoot Ye Chen, others killed him, it's none of our business!"

Kui Ying waved her hand and threw Chen Long and the others out, staring at the sky full of stars, with several scars faintly exposed on her chest, "After calculating the secret three times in a row, we can only count as sure to kill Ye Chen, but not really kill Ye Chen. !"

Chapter 1423: Consumption and threat

"Ye Chen's whereabouts and luck are protected by heaven!"

"At this moment, Lingyun has stepped in again!"

"There are more and more variables!"

"If it weren't for me to be difficult to break through, if I was a good fortune realm, what aura is, why bother with her promise!"

He pondered for a long time and said: "If Ye Chen arrives in the Hunyuan realm within a year, I will kill him directly, and Lingyun will not be able to come so soon!"

"It's a big deal to spend thousands of years, confront her."

"It's good to eliminate Ye Chen's variable. If Ye Chen doesn't reach the Hunyuan realm within a year, it will be easy to kill him again!"

...

Here in Lingcheng, the thirteen major forces, the youngest generation of disciples!

There are a total of 378 people, cultivated to the lowest emperor-level second-tier heaven, and highest to enter the god-level third-tier heaven!

Among them, seventy people above the realm of God, one hundred and fifty half stepped into the realm of God, and the rest were in the realm of Emperors!

Seeing this, Ye Chen had to sigh with emotion, the spirit city is indeed profound!

Although in the Kunlun Xu, but independent of the Kunlun Xu.

It is the most mysterious sacred place for cultivation in Kunlun Xu.

It is also an existence that is in line with a stronger place!

"You three hundred and seventy-eight people!"

"Don't blame me for doing it first!"

Ye Chen and these people all stood on the ring, roared, and controlled the Soul Demon Spear, directly into the crowd, a single shot can kill dozens of people, and then it can blow three times with one punch and one kick. Five people!

Qiang Qiang! !

Boom! !

All kinds of attacks, spiritual weapons, and fairy weapons hit Ye Chen, and they couldn't break Ye Chen's devilish energy!

Instead, Ye Chen hit them physically and directly killed many people.

"kill!"

"Kill Ye Chen!"

These disciples were completely mad, and they didn't talk about any rules, and directly surrounded Ye Chen and beat them fiercely.

In a moment, Ye Chen had already killed more than fifty emperor realm, and the soul-killing demon spear burst out with magic light, which directly enveloped more than 30 emperor realm powerhouses with his current combat power. , Killing the emperor is like slaughtering chickens and ducks.

Wow! !

Wow! !

Waves of killing light burst out from the tip of the gun, each turned into weapons and weapons, and they killed the emperor realm one after another.

A weapon with a handle penetrates the realm of the emperor, as easily as it penetrates the soil!

Soon, every emperor fell to the ground.

Puff! !

puff!

Even if it was the Emperor Realm outside of Guangbo, it was shocked by the aftermath to spurt blood and retreat!

A disciple who has not reached the God Realm can't resist Ye Chen's blow!

"kill!"

"Kill Ye Chen, if you don't kill Ye Chen, we all have to die!"

"Kill!" Some disciples of the third floor of the gods screamed frantically, and slammed their fairy weapons to kill Ye Chen.

Soon, the twenty-seven strong men who entered the early stage of the **** realm merged their fairy artifacts into a spear, and they killed them quickly, piercing the blood-colored light wave, and directly hit Ye Chen's gold body, blood splashing out. He actually hurt Ye Chen!

Being alone in the mid-stage of the **** realm could not harm Ye Chen at all!

However, there is no need for a group of people to enter the Divine Realm in the early stage. The gap between the individual is very large, but the group attack will cause a qualitative change in spiritual power, and it is normal to hurt Ye Chen!

"Destroy the Buddha Kingdom!"

"The sun and the moon cut the sky!"

Ye Chen gave a low shout, took out the Excalibur Sword in his left hand, and held the Soul Exterminator in his right hand. The two weapons collided with each other, and the power of his own blood and soul exploded, and immediately stunned more than thirty people around with a lustre. A disciple in the early stage of the Emperor Realm.

Suddenly, he pointed the Divine Judgment Sword at the twenty-seven people into the divine realm, and the tip of the sword shot out a light blue luster. The luster drawn out a divine dragon, roared out, and the dragon flame spit out, instantly obliterating seven or eight divine realms. Early disciples.

The Soul Extinguishing Demon magic spear pointed at dozens of other disciples who had entered the realm of the gods. The tip of the spear shot out a blazing flame, and a fire phoenix shot out against the sky, sprinkling a large expanse of the **** flame, burning the disciples on the ring.

Shattering~~

Wow~~

In an instant, the dragon and the phoenix merged into one, and a dragon and phoenix sword was bred in the center, and went straight to the hundred and a half step into the gods to kill!

The long sword pierced through the disciples of the emperor realm. The sword energy that bloomed from both sides of the sword was like a whirlpool. It absorbed the disciples of the emperor realm and was strangled by the sword energy. The long sword flew along the center of the ring and fell directly. Exploded among a group of half-stepped disciples!

Boom! !

Only a loud noise was heard, and more than fifty and a half disciples who stepped into the gods fell!

Ye Chen picked up these semi-immortal artifacts and immortal artifacts at will. Kunlun Xu still needs a large number of immortal artifacts, and there are a large number of emperor-sovereign realms that need to break through. Ye Lingtian and the others are obviously unable to make immortal artifacts!

Soon, with one person, Ye Chen killed more than two hundred disciples alone!

The remaining one hundred and twenty disciples of various factions were almost half-stepped into the divine realm, or into the divine realm.

The disciple who had entered the realm of God was completely dead!

The surrounding people watched this scene, and they were extremely emotional about Ye Chen's strength.

Even the disciples of the second, third, and fourth generations did not sigh. They died miserably, but for them, the more the juniors and juniors consumed Ye Chen's power, the more advantageous they were!

These sacrifices are worth it!

As everyone knows, in the eyes of the elders of the various factions, the second or third generation of disciples are truly worthy of sacrifice.

Dan Ding sent the Supreme Elder to watch the battle, nodding his head, and said in his heart: die, die as much as possible.

These disciples, coming in to bring them into the Lingwu Continent, are also burdensome!

As long as it is guaranteed that the law protector, ordinary elders, etc. are unobstructed, then it will be fine!

Moreover, these four generations of disciples still want to seek all kinds of rights and benefits under the eyes of us old guys. It is time to teach them a lesson!

Just hit to the end.

Ye Chen was abolished, and one-fifth of his disciples remained, that was enough!

The elder of the mad knife gate admired all this and whispered: "So much power consumption, Ye Chen, almost to the end. The second generation of disciples may not kill Ye Chen, the third generation can drag Ye Chen away!"

"As long as four generations of disciples do not die, it will be fine!"

For Crazy Daomen, the four generations of disciples are his relatives, and they are considered his subordinates.

Therefore, he was willing to sacrifice one, two or three generations of disciples, and four generations could not die.

Other schools think that die for two or three generations, and one or four generations of disciples will not die,

All kinds of entanglements, these old guys have lived in this city for tens of thousands of years, and most of the time they have done things, it is the tricks and calculations. The calculations have been calculated on their own disciples and integrated Ye Chen's mind!

"As long as four generations of disciples do not die!"

"Ye Chen is abolished, that's enough!"

The five families, including the Li Family Patriarch and Chen Family Patriarch, all have this idea.

The five sects, Qingtianmen, Xuettianmen, and Danganmen, think so too. Those who want four generations of disciples to die should only be the Supreme Elder of Danding Sect and Kunjianmen.

For these ten forces!

The bottom line is the four generations of disciples, as long as the four generations of disciples do not die and Ye Chen is abolished, that's good!

If the four generations of disciples die, they are likely to violently kill because they cannot accept the consequences.

Chapter 1424: Kill the red eye!

Ye Chen watched the expressions of these old things during the fight, and heard their soul transmission. His soul power was incomparable to the ordinary **** king realm, and he could naturally control these transmissions.

It's just that those people foolishly think that they are cocooning themselves.

"It's time to end!"

In the next moment, Ye Chen exploded with a large amount of power of decimation, and directly destroyed the remaining dozens of disciples who had entered the early stage of the **** realm. All their lifespans were lost and turned into a pile of bones!

He said: "The second generation of disciples go!"

"Good!" The Chen Family Patriarch nodded, looked at Chen Bingrong, the representative of the second generation disciple, and smiled: "Kill Ye Chen!"

"Obviously, Patriarch!" Chen Bingrong smiled, and then turned to look at the forty powerhouses behind him, and smiled: "Ye Chen's power is basically exhausted. I will wait for it to take action and destroy Ye Chen! "

"Yes!" Xuetianmen Blood Gun also smiled: "Abolishing Ye Chen, it's easy!"

"The deaths of the younger brothers and sisters paved the way for us, and we can't let them down!"

"Ye Chen is going to be abolished today!" At the side, Danding sent the Danjian to think so.

Ye Chen!

No matter how strong you are, you can kill more than 300 strong people with one person, and still have the ability to fight us?

We look at the bottom line of the elder's calculation, and we don't even need to think about the bottom line at all. Our second-generation disciple alone is enough to kill you!

The reason why I don't kill you is that you are taking care of your concubine, and you just kill you!

"Ye Chen, you are the number one little white face!"

"You can make so many elders jealous of your concubine, your soft rice is considered heavenly!"

Chen Bingrong held a handle, leisurely stepped onto the stage, pointed his spear at Ye Chen, and said, "You only have one-tenth of your combat power left. I can capture you alone. Do you dare to fight?"

Chen Bingrong has the power to enter the fourth-tier of the gods and holds a fifth-rank immortal weapon. Although he is much weaker than the Dao Gan and Dan Sheng who died under Ye Chen's hand, what about Ye Chen?

He killed more than 300 strong men!

How much power can he have?

How much combat power is there?

one fifth!

It's all overestimated, Ye Chen is the seventh rank of the Golden Body Overlord, yes, but this also has a limit!

It does not mean that the power of qi and blood will never be exhausted, unless it is the Taoist accumulation of the power of the great power, as long as the body does not die, it will be endless.

However, Ye Chen has not used the power of the great avenue since there have been so many battles since just now, obviously his great avenue is broken! If it is not broken, it is absolutely impossible to use the power of the Great Dao, otherwise once he uses the power of the Way of Annihilation, how many people will be beaten to bone in an instant!

and so!

Ye Chen is already lingering!

This merit and fame, I want Liu Bingrong!

"Little white face?"

"Eat soft rice?"

"You must be qualified to eat soft rice!" Ye Chen snorted coldly.

Killing intent blooms.

You are the second grandson of the Chen family, right?

Okay, today your Chen family is dead!

"Devil Spear of Nirvana!"

"kill!"

Ye Chen personally fought out, the soul-killing demon gun contains a lot of power of nirvana, completely enveloping Liu Bingrong, but has not yet reacted, more than thirty strong people who have entered the gods have forcibly intervened!

Whoosh whoosh! !

Whoosh! !

An immortal weapon with a handle flew, lingering on the ring, and the level of danger was much more fierce than the previous battle!

Those more than 300 disciples could hurt less than ten people, but each of these people can hurt themselves, which is not easy to deal with!

"Quiet!"

Ye Chen grabbed Liu Bingrong, and behind his back, fifteen powerful men who entered the realm of God attacked!

His left hand contained a huge force of destruction, and he slapped Liu Bingrong's face with a slap, instantly turning Liu Bingrong from a handsome young man of more than 200 years into an old man of more than 20,000 years old, and slapped him off. The birthday of Liu Bingrong!

Today's Ye Chen, the way of nirvana has completely turned into the avenue of nirvana, and a random blow contains the power of nirvana, which can wipe out the enemy's 10,000 to 20,000 years of life, unless those above the Dao level don't care. Shouyuan, otherwise whoever fights Ye Chen will not be able to please no matter if he wins or loses!

boom! !

Liu Bingrong was thrown out, his whole body withered, and only one breath was left.

He stared at Ye Chen, who was like a demon god, and slaughtered all directions, his heart was cold.

Who said Ye Chen has been abandoned?

Who can be so powerful!

Soon, Liu Bingrong's vitality disappeared and he was completely dead.

Bang bang bang! ! !

Boom! !

There were bursts of explosions on the side, and countless fragments of the ring flew out, and Ye Chen flew upside down and rolled to the ground, dripping with blood.

He hurriedly got up, and when he came together, he was fiercely attacked by twenty experts in the gods, and his body had to be killed and scarred. He cruelly grabbed the long spear of a strong man in the gods, and returned the future and counterattacked. Flew out by other gods!

Already exhausted!

Facing so many strong people at this moment, how can he be undefeated!

"Abandoned Ye Chen!"

"Ye Chen can't stand it anymore, just work harder and let him go!"

"Stop him!"

More than thirty powerful people in the gods, surrounded from all directions, did not give Ye Chen a chance to break through!

Forty-five players who entered the realm of the gods were killed by Ye Chen. Five of them entered the fourth-tier of the gods, and five entered the fifth-tier of the gods. The weakest disciples were half-stepped into the gods, and the strongest were even more so. Layer heaven!

This situation is more than enough to kill Ye Chen!

If it were not for the Supreme Elder and the sect masters to order Ye Chen not to be killed, otherwise even if he tried his best, Ye Chen's body might have been blown up!

Boom! !

boom! !

The ring burst in succession, and countless metal fragments fell on Ye Chen's body like a curtain of rain.

He stubbornly resisted the three-handled Seventh-Rank Immortal Weapons, and killed three of them into the fourth-level heaven with a single punch, but was beaten by others with gold and blood, and rolled onto the ground!

No way!

Too many people!

My strength is not enough!

Two fists are hard to beat four hands.

Xiao Huang and Blood Dragon are also injured, even more impossible!

He can only communicate with the reincarnation cemetery!

"Ice Sword Immortal Venerable, lend me some power!"

"Not too much, it is enough to restore the original situation!"

"Okay!" Ice Sword Immortal Venerable casually shot a cold light and fell on Ye Chen's body with a smile:
"With a couple of dozens, against a couple of hundreds, it's an excellent experience, you have such aspirations. , I naturally help you!"

In the Lingwu Continent, many families will indeed cultivate outstanding descendants!

It would not allow future generations to face Ye Chen's situation, with dozens of battles, hundreds of battles, dozens of hundreds of times of danger, blood everywhere, just this courage, this will is extremely good!

This son is extraordinary!

Soon, Ye Chen stood up from the outside, and a burst of extreme luster burst out from his body, returning to the peak level in an instant!

He clenched the Soul Demon God Spear tightly, and a single shot pierced out countless extinguishing power and killing air, and gathered into a long vortex, directly enveloping dozens of strong people in the gods, and immediately bursts of blood poured out.

Fifteen strong men who entered the early stage of the gods!

Fallen!

Chapter 1425: The source of anger!

"Abandoned Ye Chen!"

"His hole cards are exhausted!"

"Hahaha, his hole cards are gone!" The surrounding disciples looked mad and attacked Ye Chen frantically!

Everyone knows that Ye Chen has a hole card!

You can temporarily increase your strength to the Divine King realm. Even if the eight ancestors are all in the battle, they are not opponents!

But now, Ye Chen's hole cards are used, yes, the hole cards are used, and they are directly restored to the peak!

That means that he has no chance to recover next time!

Such a great opportunity!

Destroying Ye Chen completely exhausted Ye Chen's heritage!

"kill!"

"kill!"

The remaining seventeen who entered the realm of the gods broke out their own fascinations, and cooperated with their own fairy weapons to fly out, and the fairy weapons in mid-air revealed various phantoms. The phantoms of dragons and larks and other fierce beasts were transformed, and most of the ring was occupied in an instant!

Immortal artifacts manifest!

Dominated by the spirit of the fairy, the blood of the ancient beasts contained in it turned into a ghost!

Although not as strong as the manifestation of the blood of the people of the Lingwu Continent, the momentum of such a grand attack, even if the seven heavens of the gods are killed, I am afraid it will be enough!

"Destroy the Buddha Kingdom!"

"Thousand Ice Sword Formation!"

Ye Chen also broke out his two strongest attacks. At the same time, he sacrificed the Soul Demon Spear and the Excalibur Sword. Pieces of dazzling ice swords flew straight out. At the same time, thousands of lonely Buddhist scriptures poured out, hitting them continuously. Burst a phantom!

The Buddhist scriptures of nirvana run through seven or eight phantoms, corresponding to the explosion of the fairy weapon, exploding the owner to spurt blood!

Countless ice swords shot out, piercing through the other ten phantoms, and killing their master one by one!

With Ye Chen's combat power in his heyday, killing them was no easy task, but now only 60% of the combat power remained, otherwise how could he fight with them for so long!

"The sun and the moon cut the sky!"

"kill!"

Ye Chen didn't stay behind, holding two weapons, Ruo Demon God, and directly killed them!

Soon, one corpse fell to the ground, and forty-five second-generation disciples from the eight schools and five families fell into the realm of God, all of them fell!

This scene, even though I was horrified, even many young people did not dare to see Ye Chen!

Ye Chen!

Kill God!

What a cruel killer, in less than an hour, we actually slaughtered more than 400 young talents in our spirit city!

Such a fierce killer, so many elders and patriarchs, really want him to leave alive?

today!

He is only the sixth heaven of the Emperor Realm!

If he advances to the level of the gods in the future, no, even if he enters the gods halfway, will he be able to slaughter our spirit city with one sword?

Such a world-famous arrogant is also the Lord of Kunlun Xu!

It was a nightmare in the early morning!

Everyone present is terrified!

Many people in Lingcheng saw Ye Chen's ferocity thoroughly. They killed Li Jiawei the day before. For them, even though Li Jiawei was shameless, his strength was far higher than them. Ye Chen killed Li Jiawei and his strength lies in them. It's not particularly obvious in my heart!

but now!

The tianjiao of the spirit city who are at the same level as them, and even higher than their cultivation base!

In the two wars, Ye Chen slaughtered more than four hundred and twenty people!

Can't help but they are not afraid, not afraid!

At this moment, Ye Chen looked around at the looks and faces of these people, nodded slightly, the first goal has been reached halfway!

Kill the younger generation of Lingcheng and the fearless who are not too strong!

Use their blood to prove the strength of Kunlun Xu!

If you dare to touch Kunlun Xu, you will face his revenge!

"Ye Chen, bold!"

The elder of Xuetianmen was as cold as frost, staring at Ye Chen, and said: "You are simply a member of the Demon Race. You have killed so many talented disciples, you really don't want to leave our spirit city!"

The grand elders of Danding School, Dangan Sect, etc., including the Chen Family and Wang Family, all looked very gloomy. I thought that this battle would damage Ye Chen's origin even if Ye Chen could not be abolished. Half defeated Ye Chen's body!

Unexpectedly, Ye Chen slapped everyone present!

Still so cruel and decisive, the thirteen major forces in Lingcheng, two generations of disciples, all died in the hands of one person!

"Everyone!"

"Could it be that you are not afraid to send a disciple to fight?"

"I have all heard that the people of the 13th faction of Lingcheng are as timid as a mouse and like a waste!"

Ye Chen waved the Soul Demon God Spear and pointed it at the other hundred young disciples, and said with a smile: "These wastes, if you care about them, I don't have to kill them. I abolished them. You hand over the medicinal materials to me, then bow and apologize. !"

"I can kill them!"

"You only have these two choices!"

"Either give up, I will abolish them!"

"Either continue fighting, I will kill them!"

"Other, no choice!"

overbearing!

Domineering!

Your spirit city wants to calculate Lao Tzu, if Lao Tzu does not kill your disciples, he will not be called Ye Chen!

"Ye Chen!"

"Don't be too much!" An elder of the Blood Heaven Clan trembling with anger, pointed at Ye Chen angrily: "You are so cruel, you are not worthy of life!"

"The old man killed you today!"

As soon as the voice fell, the elder who had entered the Seventh Heavenly Realm jumped to the arena.

Everyone hadn't reacted yet, Ye Chenkuran punched his forehead with a shot and covered it with a fist, and the power of nirvana burst out, instantly disappearing all the life of this person, turning it into a corpse. !

boom!

Ye Chen kicked the corpse into the air, standing in the center of the spirit city with one sword and one shot!

"Ye Chen!"

"Ye Chen, you are looking for death!"

"Everyone, don't worry about it, kill Ye Chen!"

"Ye Chen despised me and waited. The old man can't bear it anymore. What kind of **** opportunity, I don't want to kill Ye Chen!"

"Kill Ye Chen, even if Lingyun comes to the old man to settle accounts, the old man will kill Ye Chen!"

In a blink of an eye, twenty or thirty elders who entered the middle and late stages of the **** realm rose into the air, each holding an immortal weapon and fighting towards Ye Chen!

This scene is too fast!

The thirteen Supreme Elders and Patriarchs were all at a loss, and his subordinates couldn't help but took action!

The disciples who died just now are the descendants of these elders and guardians. These people can't help it!

"Eh!"

"these people!"

The elder of the mad knife gate shouted angrily, but did not step forward to kill Ye Chen.

What is this called? Ye Chen was originally scheduled to be abolished. How come these subordinates are going to kill people!

The old ladies are not in a hurry yet What are you anxious about!

"The Way of Death!"

"Destroy everything!"

Ye Chen emptied and screamed, piercing the night sky, awakening everyone in a flash!

Behind him is a long river of nirvana that is three kilometers long and nine kilometers wide. The power of countless nirvana is transformed into a sword, flew out, and his combat power has increased by more than three times. !

Use Dao and Dao Yun!

Soon, another avenue emerged, the way of killing!

It is also completely perfected from the prototype of the avenue to the avenue of killing, countless slaughter aura gathered into a warrior, rushing out!

Ye Chen alone, actually tied with twenty-five elders who entered the middle and late stages of the God Realm!

Chapter 1426: The order of lore!

"This little bastard!"

"Damn, this little **** is not hurt at all!"

"This little beast!"

Kunjianmen Supreme Elder, Blood Heaven Door Supreme Elder, Danding School Supreme Elder!

The three elders were so angry that they stood up, holding an immortal weapon to kill Ye Chen!

"Ye Chen!"

"Zhu, you dare to lie to me and wait, and even slay my waiting disciples!"

"Damn you!"

Soon, the heads of the five major families, including the Xuétianmen and the Chen Family, and a total of six powerhouses who entered the eighth-level heaven of the God Realm, all swept to Ye Chen!

Ye Chenzhan revealed the avenue!

He was not injured, he was pretending to be a poisonous heart!

This little **** must die, otherwise I will be so faceless!

Even if the woman behind this little **** is asking for trouble, the big deal is when I enter the Lingwu Continent, which is so big that the woman can still find me!

The remaining elder of the mad knife gate, too high, stared at Ye Chen gloomily, like a poisonous snake anchoring its prey, so angry that the fairy in his hand was deformed, "Ye Chen, you beast, you are so bold!"

"Sure enough, I have the guilty heart of swallowing the four generations of disciples in my spirit city!"

"If it weren't for those elders who couldn't help but force them out to force your combat power!"

"The old man doesn't know yet, you dare to calculate the old man!"

"Old stuff, more than you can count people!" Ye Chen shouted violently, and smashed the Chen Family Patriarch into the air.

Ye Chen alone fought against the six great elders and the four masters with one person. He was not weak at all. He only used two avenues, and there was one immortal avenue that had not been released. The immortal avenue was the most damaged, even if released. It's difficult to increase combat power even if it comes out!

However, these Patriarchs and Supreme Elders were so strong that they could only enter the eighth level of the gods.

The weak is the seventh heaven in the divine realm!

With such combat power, even if some tyrannical disciples were holding powerful immortal weapons, they could match them. No wonder they had the heart to hurt themselves, and it happened to fulfill Ye Chen's plan!

Wow! !

Ye Chen slashed out, completely cut the ring open, and cut off the Chen Family Patriarch's arm.

He turned around and pierced out with a shot, and the tip of the sword burst out of a sea of waves, constantly ups and downs, directly flooding the remaining two generations of disciples who had not yet participated in the war!

Bang bang bang! !

Boom! !

One body burst open!

A disciple who was in the early and middle stages of the God Realm had no resistance in Ye Chen's hands!

"No matter what, let's go together!"

"Kill Ye Chen!"

"Kill Ye Chen!"

There were more than twenty disciples remaining, and regardless of what they were, they all sacrificed to kill them with immortal weapons.

The guardians and elders of other big clans, major clans, etc. also took out the immortal artifacts. This would not care about the original plan, just kill Ye Chen!

Ye Chen is not dead!

An Neng solves the hatred in my heart!

The foundation of the camouflage was damaged, and the spirit city that killed me more than five hundred disciples from each faction!

Real strength broke out again, killing eleven elders and guardians of the law. This kind of behavior is infuriating between people and gods, and they will be killed!

"Kill Ye Chen!"

"Everyone is going together today, why can't you kill Ye Chen!"

The Wang Family Guardian's eyes were about to split, and he shot out with a fifth-rank immortal weapon in his hand, and his body turned into a beam of light. When he came to Ye Chen, he was quickly

split in half by Ye Chen's sword and entered the fourth level of the gods. The law protector is not Ye Chen's opponent at all!

He was not the only one who did this, but dozens of others, from the Danding School, Dangan School, Chen Family, and so on.

The fifteen guardians who entered the mid-stage of the **** realm fell to most of them in an instant under Ye Chen's full attack.

Boom! !

Boom boom! !

Rays of dazzling thunder and lightning smashed the Quartet, and the Divine Sword of Death was blooming with the power of the sun, the moon, the dragon and the phoenix, and the Soul Demon Spear was blooming with the power of slaying and killing. Ye Chen really was like a **** of war, and hundreds of people were attracted to Nirvana. The strongest!

At this moment!

The Supreme Elders of the five factions: Blood Heaven Sect, Danding Sect, Dangan Sect, Qingtian Sect, Wandao Sect, and Blood Sword Sect, and their guardians, elders, and disciples!

In addition to the five family heads of Chen, Li, Wang, Zhao, Liu, and his guardian elders, disciples, etc., more than two hundred people have entered the realm of the gods, and together they want to kill Ye Chen!

There are only six people in the eighth-level heaven of the gods!

Entering the Seventh Floor, Eleventh Heaven!

There are more than 70 people on the sixth floor, more than 100 on the fifth floor, and slightly weaker people on the fourth floor, mainly because Ye Chen has killed too many!

There are so many god-entering powerhouses, they all joined the encirclement, trying to strangle Ye Chen, but Ye Chen rushed around, constantly falling into the gods, and no one could trap Ye Chen, and there was no powerhouse who entered the late stage of the gods. Dare to resist Ye Chen's power of death!

The power of nirvana in the soul-slayer magic spear!

Once touched, thousands of years of life will disappear in an instant, no one can afford to fight, no one dare to resist Ye Chen hard!

Because of this, Ye Chen rushed everywhere, no one could stop!

In the distance, the elders of the Crazy Blade Gate and Kun Jianmen did not do anything. They were so scheming to sit in the pavilion. The spectators in the distance had already run away, but the spirit city was not big, even if the others fled. , You can also hear the sound of the war, and will be impacted by the aftermath.

"Ye Chen is too crazy!"

"One person singles out my thirteen powers!"

"But it's okay. These guys have gone up and weakened Ye Chen's strength. If I wait to get up again, wouldn't it be better!"

At this time, the elder of the mad knife gate is still thinking about taking advantage. He always looks at Ye Chen who is fighting in the encirclement circle, and thinks: "Ye Chen's hole cards are exhausted, and he has not returned to the power of the gods!"

"Obviously, it won't take long before his strength is exhausted!"

"It's completely useless!"

"At that time, if you want to kill or destroy, don't you let us decide!" He glanced at the Supreme Elder of Kun Jianmen, and smiled: "Your head Li is indeed shameless, but killing Ye Chen this time is also considered Revenge for you!"

The elder Kun Jianmen snorted coldly, and whispered: "I came out this time, the ancestor has confessed that Ye Chen can kill and kill, anyway, it is a toothless tiger!"

"From my point of view, if another thirty people die, Ye Chen should be able to bring down Ye Chen!"

"If fifty people die, Ye Chen can definitely be abolished!"

"This battle is a surprise!"

Ye Chen broke out!

The other six factions and five schools are also crazy, going up to kill Ye Chen!

I don't have to wait until Ye Chen is abolished, and then I will do it again. Except for the two factions of mine, the rest of the forces will be severely injured. We can also seize the resources of those forces. As for Ye Chen, we can kill or not!

The premise is that Ye Chen has to be abolished!

There must be a reward for the blood spirit race!

...

At the same time, in the endless desert of Lingwu Continent, a palace shone with brilliance.

Two beautiful girls were sitting cross-legged in the middle of the hall.

Surrounded by countless rich auras!

Almost ten times or even a hundred times the Kunlun Xu!

If Ye Chen were here, he would definitely find that these two beautiful girls were Ji Siqing and Xia Ruoxue.

The potential of the two of them has been exploited, and the techniques given by Lingyun Xianzun are just suitable for the blood of the two, and their realm has grown rapidly.

It's a pity that the second woman only has a sad look on her face.

I don't know how long it took, a figure floated!

It is Lingyun Xianzun!

Lingyun Xianzun took a condescending look at the two of them and nodded: "I knew that Kunlun Xu still had such a genius hidden. I should have brought it into Lingwu Continent when you were born."

"Kunlun Xu certainly has spiritual energy, and it can also give birth to the emperor realm and even enter the divine realm, but in my eyes, it is a humble place. The place where humble ants live!"

"Only Lingwu Continent is qualified to gain Dao!"

Xia Ruoxue and Ji Siqing opened their eyes together, and said in unison: "How is Ye Chen?"

Hearing that the second daughter didn't even call her master only caring about the boy's life and death, Lingyun Xianzun coldly snorted, "I will keep that humble boy! This is what I promised you! "

"It's just that I'm afraid this kid will never be qualified to enter the Lingwu Continent! Don't even want to see this kid!"

Ji Siqing and Xia Ruoxue were startled, and said in surprise: "Why?"

Lingyun Immortal Venerable's eyes shrank: "I might as well tell you that the ancestor of the Blood Sword Gate had ordered a lore, and if that kid stepped into the Lingwu Continent, he would be a dead end!"

"This time, I can't save him!"

"He still guards Kunlun Xu honestly!"

"It's just that his life span is only one year!"

"Or maybe there is no one year!"

"Without absolute strength, if you dare to offend the strongest people, you will definitely die!"

Chapter 1427: Only powerful!

Ji Siqing and Xia Ruoxue looked at each other, their eyes were full of horror and horror.

The ancestor of the Blood Sword Sect of the Lingwu Continent unexpectedly used a killing order against Ye Chen!

This is undoubtedly a blockbuster!

They have been here for some time, and they naturally understand some of the patterns and strengths here.

As the Lingwu Continent is a high martial plane, Kunlun Xu is so different from him!

Now the Blood Sword Sect has issued another killing order, although it is impossible to radiate the entire Lingwu Continent!

But Ye Chen is also at stake!

The strength of the Blood Sword Sect was even feared by Lingyun Immortal Venerable, it was not something Ye Chen could shake now!

Ye Chen's talent is against the sky, and his strength has grown extremely fast! But in Lingwu Continent, it is really unbearable!

The key is that they understand Ye Chen!

If Ye Chen knew they were here, he would definitely step into the search!

Xia Ruoxue no longer hesitated, and knelt on her knees in front of Lingyun Immortal: "Master, I hope you will save Ye Chen again! Ruoxue is willing to stay with Master forever."

Xia Ruoxue did not hesitate to give up her freedom, but also to save Ye Chen!

When Lingyun Xianzun heard these words, he was not at all happy, but there was a trace of anger between his brows!

"Humph! I really don't know what's so good about this kid! Let the two of you treat them like this!"

"Maybe it's because you grew up in the trash land of Kunlun Xu and you didn't see real geniuses!"

"In a few days, I will take you out, on the one hand, I will take you to practice, on the other hand, I will show you what a real genius is!"

"Your vision is too small, and the little Ye Chen trash is regarded as a treasure! Don't talk about Lingwu Continent, he guesses that even the level of Kunlun Virtual Spirit City will not be able to pass!"

"You'd better pray that kid don't step into Lingwu Continent, otherwise, you will be at your own risk! I can't save him!"

After speaking, Lingyun Xianzun waved his sleeves and dissipated directly from the two of them.

Xia Ruoxue trembled and was very frightened.

At this moment, Ji Siqing came to Xia Ruoxue's side, stretched out his hand to support Xia Ruoxue, and comforted: "Ruoxue, now you and I cannot rely on others."

Xia Ruoxue was startled, raised her head and looked at Ji Siqing, "What should Ye Chen do?"

Ji Siqing looked towards the expanse of the desert, as if thinking about something.

For a long time, her eyes condensed, and she said word by word: "Since Lingyun has given us the strongest technique and cultivation resources, we must cherish it!"

"Because only we become stronger! We can protect Ye Chen in a real sense!"

"Five years ago, Ye Chen was a piece of waste. I guarded him in Kunlun for five years! I always thought he could soar into the sky!"

"Facts tell me, I guessed right!"

"He has now become the master of Kunlun Xu! But the predicament in front of us seems to be getting bigger and bigger. Only if we are strong can we be qualified to control some of the right to speak!"

"If we are stronger than Lingyun, then what is the blood sword gate!"

"So Ruoxue, starting today, we will practice!"

"As for Ye Chen, I believe he is not so easy to die!"

Something burned in Xia Ruoxue's wet eyes, she nodded seriously, and sat cross-legged!

"Good! Practice!"

"Although Lingyun didn't tell me what bloodline I am, I believe that one day I will be qualified to stand beside Ye Chen and help him stop everything!"

"If anyone dares to touch my Xia Ruoxue man, I will crush Lingxiao!"

In an instant, the cold wind outside the hall was cold, and the murderous intent spread!

...

Kunlun Xu, Lingcheng.

Ye Chen naturally didn't know the situation in Lingwu Continent.

At this moment, Ye Chen's body was full of scars, and his devilish energy was burning in his body like a flame!

In the face of everyone's making things difficult, his killing is all-round!

In fact, as long as the eight elders of the Eight Great Schools take action together, and the eight Divine Realm Eighth Heavens join hands to form a formation, Ye Chen will definitely be trapped, and Ye Chen will be severely injured in an instant, it is not difficult, mainly these old foxes, too much calculation!

Ye Chen knew this clearly, so he showed his strength little by little, making them think that he could take advantage, and then gradually fell into Ye Chen's trap.

boom! !

Ye Chen grabbed the Wang Family Patriarch, and the golden body was revealed, a red golden light rose into the sky, turned into a shield, and fell again, wrapping Ye Chen and resisting the attacks of the others!

In the golden shield, Ye Chen violently attacked the Wang Family Patriarch, and quickly cut off the Wang Family Patriarch's limbs, punched through his heart, and the power of nirvana erupted completely, and instantly annihilated the Patriarch who had entered the Divine Realm. The bones!

Qiang Qiang! !

Click~~

The golden shield gradually shattered and was hit by dozens of fairy artifacts, and it was already full of cracks!

Seeing this, Ye Chen's golden light shield started to hit the surrounding powerhouses in the gods, only to find that the person saw him kill and fled in despair. He couldn't help but laughed and said: "People with irregular hearts still want Kill me Ye Chen?"

"It's just a pipe dream!"

"Today, I kill you all!"

At the next moment, Ye Chen directly exploded the golden light shield, the fragments turned into sharp swords and shot out, swishing through dozens of guardians who entered the middle stage of the gods.

He clenched the Soul Demon God Spear and poured huge energy and blood into it. A shot pierced a powerful impact and killed five guardians. The force generated by the gun ripped the five guardians, but the other two were also hit. Fly away!

"Destroy the Buddha Kingdom!"

"Thousand Ice Sword Formation!"

"The sun and the moon cut the sky!"

"kill!"

Ye Chen broke out completely, the avenue of silence and the avenue of slaughter hovering out of the back, the light was shining, each condensed an ice ice sword to form a sword formation, and then blasted out with a fist with his left hand. Extinguishing Buddhism emerges!

The right hand held the Soul Demon God Spear, a dragon and phoenix phantom burst from the tip of the spear, and a dragon and phoenix spear shot out.

Bang bang bang! !

Boom! !

The three attacks flew forward along the ring, and there were no strong people who were immersed in the divine realm.

"Go away!"

"Get out of the way!"

Patriarch Li and Patriarch Chen yelled, and the powerhouses in the late stage of the God Realm stepped aside, some fell in the attic, and some hid in the street. The Patriarch of the Four Patriarchs and the Six Sect Supreme Elder were extremely fast. , All dodge the attack!

However, other spiritual guardians, elders, and disciples have suffered!

Under the attack of the three groups that seemed to destroy the world, a lot of powerhouses in the gods were killed in an instant.

Under these three attacks, at least more than fifty experts in the gods were killed!

"Retreat!"

"All back!"

The Chen Family Patriarch shouted in grief, and said, "The three Patriarchs will follow me to strangle Ye Chen!"

He waved his sword and shouted: "Ye Chen has not much combat power anymore, the four of us are all together, do not believe that Ye Chen can't be killed!"

You can't let other people into the gods kill them!

Before reaching the late stage of entering the gods, he couldn't stop it at all, and he couldn't avoid Ye Chen's attack!

Other people go up, completely die!

Chapter 1428: Demon Eye!

"Chen Kong Yijian!"

"Exterminate!"

The Chen Family Patriarch shouted violently, descending from the attic, and the Eighth-Rank Immortal Artifact in his hand burst into an orange luster, which quickly turned into a ten-foot-sized sword gang, slashing towards Ye Chenli in the street!

Such a sword, such a momentum, has the power to open the sky!

Contains his full blow to enter the seventh layer of the gods, including the explosion of the eighth-grade fairy artifact!

Even if it is usually faced with the eighth-level heaven of the gods, it will be severely injured, and Ye Chen will not be hurt if you don't believe it!

"Let you feel the way of killing that Lao Tzu has cultivated since Huaxia!"

Ye Chen drew a low voice, drew the Divine Sword Sword, the sword body glowed, dozens of sword auras swept away from the sword aura, and a slaughter sword the size of more than ten feet gathered in the sky above Ye Chen. Time, Jianfeng has the power to shock the world!

Check out this new online game!

boom!!!

Two long swords collide together!

The Slaughter Longsword quickly split open, and the ten-meter-sized sword beam smashed down, if it was on Ye Chen's forehead.

"puff!"

"Not weak!"

Ye Chen blocked Jian Gang, but he spurted continuously. If it weren't for the seventh-order physical body of the Overlord Body, he would have been beheaded at this moment.

Before he returned, the Chen Family Patriarch approached him, hitting his chest with several punches, and blasted him out like a sack. Just as he landed, he was attacked by the other three Patriarchs, and his body burst into a series of bursts!

Ye Chen forcibly stabilized his body, not moving like a mountain.

Drops of blood fell on the ground, instantly turning the ground paved with boulders into cracks!

At this moment, a drop of Ye Chen's blood is extraordinary!

"Hahaha!"

"Ye Chen has no combat power!"

The Chen Family Patriarch was so excited that he swung his sword to kill Ye Chen.

Prior to this, he didn't find a chance during the big melee. He had been playing soy sauce outside with the powerhouses of the same level, and from time to time he gave Ye Chen a blow. But now he is attacking Ye Chen. After three major attacks, Ye Chen consumes blood. Exhausted, his combat power was revealed!

The three Patriarchs also stopped at this meeting, all watching Patriarch Chen kill Ye Chen.

The supreme elders of the six factions, etc., also stood in the four directions to avoid the Kunlun illusions. At this time, they are determined, Ye Chen, no more fighting power!

Ye Chen, this little beast!

dying!

That being the case, kill a dying person, don't have to join together!

Since the Chen Family Patriarch was willing to kill Ye Chen, he naturally gave it to him. As for Ye Chen's life, since this little **** wants to die, he will be fulfilled!

Bang bang bang! !

Boom! !

As Ye Chen's eyes shrank, Ye Chen could only step back and dodge.

After all, what he is facing is a group of powerful people in the spirit city!

Heroes are hard to beat with four hands!

It's too mean for so many people to deal with the already weak Ye Chen!

Although pushing away, Ye Chen still left a long blood mark on his body, seemingly embarrassed!

He put away the Soul Slayer Demon Spear and the two main roads, and he held the Fourth Grade Divine King's Divine Sword alone against the enemy, and constantly wielded the Divine Sword, but his strength was insufficient, and he was repelled again!

In the eyes of everyone, Ye Chen is undoubtedly a bird of surprise!

At this moment, it is his domineering realm!

"Ye Chen!"

"You are finally going to die in the hands of the old man!"

"Hahaha, **** you little bastard!" The Chen Family Patriarch slammed Fei Chen with a punch, and laughed madly: "Ye Chen, who was able to display the power of the God King in the past, is about to die in my hands at this moment!"

"Hahaha!"

"I, Chen Guyan, will stay in the history for a while!"

"It's an extraordinary feat for me to kill such a peerless arrogant!"

What blood spirit race?

What Lingyun Xianzun, all roll aside!

The master of the Patriarch cut the peerless Tianjiao Ye Chen today, and will surely achieve the invincible road in the next day, advance to the Divine King Realm, and then enter the Hunyuan Realm, enter the Hedao Realm, what about the blood spirit race, such a peerless Tianjiao Ye Chen, you can't kill, but you will die Under the sword of the old man!

"One sword opens the sky!"

"Three swords destroy the world!"

The Patriarch of the Chen family broke out completely, his whole body's spiritual power was concentrated on the eighth-rank fairy sword, and his whole body burst into infinite luster, turning into several giant dragons. The giant dragons gathered on the fairy sword and broke through the sky with an invincible force. , The sword held by the tips of the palms, thunder and lightning flowed in all directions, and the Three Swords of Destroying the World was about to be cut out!

Seeing the violent sword intent is about to destroy Ye Chen!

suddenly!

Ye Chen raised his head!

The eyes were stained with blood, and they looked terrifying and bloodthirsty.

In an instant!

The magic light surging over Ye Chen!

The sky above the head is even more clouded!

Ye Chen smiled, and his scarlet eyes stared at the Chen Family Patriarch!

"Old stuff!"

"Do you think I will lose?"

"Do you know who I am? You want to kill me with such an inferior thing?"

"The old guy who doesn't know how high the sky is!"

In the next second, a **** light appeared on Ye Chen's forehead.

There was an eye in the **** light.

A **** eye.

Demon Eye!

Wow~~

An extremely strong demon's power rushed out, radiated from Ye Chen's body, and quickly formed several blood-colored tornadoes. Anyone who was inhaled into the gods was strangled into blood mist in an instant!

Gradually, the power of the devil became stronger and stronger, and even successively killed more than 20 divine guardians and disciples from various factions and families!

Following Ye Chen's eyebrows, the eyes of the demon gradually opened until they were fully opened. The power of the demon broke out completely, pulling countless thunders to gather, and the thunder and lightning fell instantly, like a curtain of rain. When it fell, they gathered into a thunder sword and came straight to the Chen Family Patriarch!

"No one can kill the person I choose! This child was born for a demon!"

"This son rules the cycle of hell!"

Suddenly a voice came from that eye!

Vigorous! Cold!

It's like coming from hell!

This is the voice of the devil's eye!

boom! !

When the thunder sword collided with the three long swords, countless thunder and lightning burst out and wiped out the three swords instantly!

The three peerless swords that were enough to smash into the eighth layer of the God Realm were so light that they burst open, turning into sky fragments flying, and the Thunder Long Sword went straight to the Chen Family Patriarch.

"Do not!"

"impossible!"

"How could you burst out with such a powerful force!"

The Chen Family Patriarch's eyes were about to split, and his body was trapped by the iron chains that thunder turned into. At this moment, the main road could not be released, and he could not move half a minute!

And the Thunder Longsword that was about to kill in front of him made him feel a great crisis, and may even fall!

No, it's not possible to fall!

It will definitely fall!

This thunder sword is too strong I can't stop it at all!

"Ye Chen, I surrender!"

"Ye Chen, I surrender, I will help you guard Kunlun Xu!"

"Really, I'll help you guard Kunlun Xu, my Chen family will go up and down, with your horse's head as your head, and go around me!"

As soon as the Chen Family Patriarch's voice fell, the Thunder Longsword penetrated his body. The next moment, his body burst open. What's more, the spirit and the avenue burst at the same time, completely falling!

A Patriarch who has entered the Seventh Floor of God!

Fall directly!

This was only when Ye Chen was seriously injured!

If it were heyday, why use the eyes of the devil to kill him!

Chapter 1429: Have seen the master!

Huhuhu! !

Huhu!

The scene was about to come, everyone looked at the broken body of the Chen Family Patriarch, looking at each other!

What only came to mind: Ye Chen, you can still fight!

How to fight?

The Chen Family Patriarch, who entered the Seventh Floor of the Divine Realm and mastered the Eighth Stage Immortal Tools, died instantly, and even if other Patriarchs went up, they would definitely die!

As for the supreme elders of the six factions, looking at Ye Chen at the moment, he felt a little hairy in his heart.

This time plan!

Looks like a big loss!

Not only did he not abolish Ye Chen, but he also killed more than five hundred experts in the gods!

This is how to do?

"Ye Chen!"

"you....."

For a while, the elder of the Bloody Heaven Gate, too, didn't know what to say!

He felt a little nervous: If he came alone, he would be killed by Ye Chen!

If they go together, other people may not go up and kill Ye Chen!

"Old stuff!"

"No need to explain, no need to make more reasons!"

"You people, dare to besiege Lao Tzu, well, you don't want to die, Lao Tzu will give you a chance too!"

"Come out alone and pick me up with two tricks. If you don't die, you can survive!"

At this moment, Ye Chen's words are extremely domineering, just like the hegemon of heaven and earth, the supreme elders of the factions and the heads of the families are like his courtiers, and the power of life and death is in his hands!

He knew very well that the eyes of the devil were giving him strength!

Saving him!

The killing hearts of these people and the blood around them completely awakened the evil in his forehead!

His combat power has completely shocked all factions!

Even if Ye Chen lived up to the combat power of the heyday, it was definitely not easy!

"There are three seven layers left!"

"Six eight layers of heaven!"

"Now that the power of the Devil's Eye and the power of the soul can forcibly conquer some people!" Ye Chen's plan has also undergone some changes, but it is already being implemented, as long as the result is the same, the process will not get in the way! He committed suicide alone, fighting towards the elders of the Danding faction!

Bang bang bang! !

Boom! !

Large pits appeared on the ground where Ye Chen passed by. The demon energy exploded from his body gathered into a magic mist, which directly covered the sky, like a demon **** descending, terrifying, and demon energy even more frightened everyone. Even the fear is in the bone!

"Ye Chen, you!"

"An dare to deceive me!"

"Danding!" The elders of the Danding sent a great ding, the extremely powerful pill energy overflowed, bursting out like a waterfall like waves of light, enveloping Ye Chen, and the future and the attack were punishable. The Excalibur broke open.

In the next moment, Ye Chen pierced the shoulders of the elders of the Danding School with a knot, and a sword seal of the universe struck the minds of the elders of the Danding School!

"what happened....."

"It hurts, Ye Chen, what did you do to me!"

"Ah... it hurts..."

The elder of the Danding school was rolling on the ground in pain.

Soon, Ye Chen captured the Li Family Patriarch and Dangan Sect Supreme Elder, and at the same time gave them the Universe Sword Seal. Unless the soul power of this person is comparable to the soul power of the mid-Divine King Realm powerhouse, it is a decision. Can't solve the sword seal of the universe!

Even if they were the ancestors behind them who had entered the Nine Heavens in the Divine Realm, they could only say nothing!

At this scene, everyone was at a loss, not knowing what happened.

The next moment, the Supreme Elder of the Danding Sect stood up, his face was cold, and he knelt toward Ye Chen like a machine, clasped his fists and said: "Pill extinct life, pay homage to the master, but with the order of the master, the minion is willing to kill the sky of the city! "

"what?"

"the host?"

"The Great Elder of the Danding School has actually become Ye Chen's slave?"

"What's the matter? Just now Dan Mie grew old, wasn't it the cruelest to kill Ye Chen?"

"How could this be?"

The other four Taishang elders looked at each other, looking at all this, they couldn't believe it at all!

A supreme elder who has entered the eighth-level heaven of the gods, and the status of one person above ten thousand people, will actually give Ye Chen the current person?

What secret method did Ye Chen use?

So scary?

"Li Qiankun, the lord of the Li family, met the master!"

"Elder Danganmen Taishang, Dan Qisheng, have seen the master!"

Soon, the Li Family Patriarch and Dangan Sect Taishang Elder, like Dan Mie Shen, knelt down towards Ye Chen.

A person who has entered the divine realm for seven levels!

The two enter the eighth heaven of the gods!

Actually surrendered to Ye Chen!

Such news and such situation shocked the whole city!

When the whole city stared at Ye Chen, the shock in their hearts was like the waves of the sea, and some people swallowed their saliva from time to time, and thought of a few terms in their hearts!

Devil!

Devil!

Devil!

Ye Chen, where is the Kunlun Void Lord, this is simply a devil!

There is actually a trick to deceive people, no, forcibly subduing the enemy, this is simply too powerful!

If it's the secret law that I was accidentally given by him, wouldn't it be that I'm waiting to be his slave for the rest of my life? He might be able to take the lives of these people in no time. Otherwise, how could this be the case with two supreme elders and one paternal master? !

"Pill exterminates! Pill seven lives!"

"Li Qiankun, what do you three mean!"

The elder of the mad knife gate could not sit still, and had to ask: "The three of them want to take refuge in Ye Chen, do they want to be an enemy of everyone in Lingcheng?"

"Wish the master to be sad!"

"If you wait for no truce, I will kill you when I wait!"

Dan Miesheng had no expression on his face, but he burst out with towering killing intent!

Soon, the other two people did the same. They sacrificed all kinds of immortal weapons and fixed the elders of the mad sword gate and Kunjian gate too. As long as the other dared to move, they dared to kill. There was nothing better than their own. Life is important!

They all know that their life is in Ye Chen's hands!

There will be no chance and strength to resist!

At this moment, it is the safest to sweep the barrier for Ye Chen with all his strength!

Ye Chen smashed the barrier with a punch, took out the ice and fire grass and other medicinal materials, put them in the universe ring, then looked at the other Taishang elders and others, and said: "If you want a fight, I will be very happy, anyway, Lingcheng No, it's better for my Kunlun Xu!"

"Little brother Ye is joking!"

Suddenly, an old voice came.

A blast of sword light rushed out from the gate of the crazy sword gate, and reached the sky, countless sword auras flowed out, it was tyrannical!

An old man in white slowly stepped out of the sky is the old ancestor of the Mad Knife Sect. He walked slowly in front of the crowd, clasped his fist slightly to signal Ye Chen, and said with a smile: "Ye Xiao Brother, even if the origin is damaged, the combat power is extraordinary!"

Brother Ye?

In the past, I called Senior Ye Ye!

This old guy, really depends on the situation, even the title changes so quickly!

"The ancestor of the crazy knife door!"

"Since you are here, why don't you leave the other ten?"

"I think Ye Chen is injured and unable to kill you?" Ye Chen's voice was flat, but full of extreme confidence. He almost looked down at the white-clothed old man with a downward look, and smiled: "I came to Lingcheng in the past. Meet the ancestors of the Eight Schools!"

"Why, today the other five ancestors are not going to come out to meet?"

"You still have to wait until I commit suicide and come to your house before you come out?"

Chapter 1430: Refining only spirit pill!

Whoosh whoosh! !

Whizzing! !

Pillars of light rose into the sky, vaguely contending with the thunder!

Each beam of light represents an ancestor who entered the nine-layer heaven of the gods. Soon, the twelve ancestors came out together and came out of thin air, like the gods in Chinese legends, and there was no murderous aura!

Obviously, every faction and every plan failed!

Ye Chen used another trump card to burst out the breath of the nine-layer heaven of the gods. If he really didn't exhaust himself, the breath of the gods burst out, all factions and families will be destroyed! These ancestors can't afford to gamble, so they came out to make ends meet!

They sensed that Ye Chen was injured, but they did not expect Ye Chen to have so many hole cards and combat power!

After making a thorough decision, Ye Chen, can't mess with it anymore!

Otherwise, it is not certain whether Ye Chen can be abolished, the various factions of Lingcheng will fall completely, and when the people of Kunlun Xu come to attack, it will be completely finished.

"Brother Ye, he is still so impatient!"

"Brother Ye, since I have come to Lingcheng, I will naturally suffer your injuries!"

"But your previous killing was a bit heavier!"

Several ancestors spoke.

Soon, the twelve ancestors arrived in front of Ye Chen and others. The seven ancestors were all at the peak of the Ninth Heaven in the Divine Realm. The other five ancestors entered the Ninth Heaven in the Divine Realm for the first time, and there were no Ninth Stage Immortals. It seems to be weaker, not necessarily comparable to the shameless villain Li Jiawei of the past!

"Whether the killing is serious or not, I have the final say!"

"The various factions set up a ring, don't they also want to make some profit with me, so that they can make blood spirits?"

"Since you are going to be slaves and want to calculate me, why can't you help it at this moment and come out?"

Ye Chen exploded with demon energy, and a pair of armor appeared on his chest, and dozens of magic lights appeared. Dozens of demonized fairy weapons flew out, lingering around him, and could explode deadly anytime, anywhere. With one blow, even the body breath is constantly rising!

Just start a war!

Ye Chen was confident, and immediately shot and killed several ancestors who had just entered the Ninth Heaven of God Realm.

This is the power of the Demon Eye on his brow!

Horror to the extreme!

It's a pity that the chance of the Demon Eye's appearance is extremely rare!

That mysterious voice appeared and disappeared!

Ye Chen couldn't control it at all!

Not to mention that Devil's Eye is his hole card!

"Little brother Ye is joking!"

"When things have developed into such a situation, my plan has been revealed!"

On behalf of the other twelve ancestors, the ancestor of the mad swordsman stepped forward and narrated: "Brother Ye's plan, I know it, I just don't want me to harass the Kunlun imaginary person. I'm also here to inform Brother Ye. , From now on, within a year I will not deal with anyone in Kunlun Xu!"

"how is it?"

"not very good!"

A smile was drawn at the corner of Ye Chen's lips, and he said: "The three of Dan Miesheng and others are my subordinates, and they will be stationed in Lingcheng from now on!"

He looked at the three people and said, "Remember, stay in the spirit city. Anyone who wants to enter the Kunlun Void, regardless of their cultivation base and status, even your ancestors can kill!"

"In ten years, I will lift the seal for you!"

"And, once someone kills you, I will sense the situation!" His eyes fell on the thirteen ancestors, and he smiled: "I will rush back and destroy the thirteen forces!"

Put people in Lingcheng!

Moreover, the status of these three people is not low, and they can compete with the strength of part of the spirit city!

But it is definitely not someone who can resist the thirteen major forces, but Ye Chen is here, and Ye Chenzai is their biggest trump card, interacting with each other, at least to ensure that Lingcheng will not have time to take care of Kunlun Xu in a few years!

"Yes, master!"

"I will definitely not let the people of the spirit city enter the Kunlun Xu!"

"It's just!" A trace of worry flashed in Dan Miesheng's eyes, and he said: "It's just that if there are other forces, such as the Blood Spirit Race from the Lingwu Continent, or people from other sects, I may not be able to stop it! "

"This, don't worry!"

Ye Chen looked at the thirteen ancestors and said with a smile: "You thirteen, you can help me block it. If you don't block it, if something happens in Kunlun, I will be the first to vent my anger in Lingcheng!"

"Humph!"

"Brother Ye, your tone is not small!"

"Sure enough!"

Although the thirteen people were unhappy, they didn't do anything!

They saw Ye Chen's eruption of the battle power of the Divine King Realm. Without absolute background and grasp, it was impossible to make a move!

In this way, Ye Chen Enwei can also stabilize the spirit city!

The ancestor of Xuétianmen walked out slowly, waved his left hand, dozens of rays of light merged into Ye Chen's palm, and said: "These, count as the compensation given to you by the various factions of my spirit city, you go back to heal your injuries! "

"I wait, I won't start your mind again!"

"It's not that you can't wait, but if you dare to move, I will kill you and wait!" Ye Chen's immortal tools turned and left!

He can feel the power of the Demon Eye is about to dissipate!

Even feelings of exhaustion flooded.

If discovered by these old monsters, he might not be able to leave!

Right now, save Xiao Huang and the blood dragon!

This visit to Lingcheng greatly weakened the strength of Lingcheng!

At the same time, they also got 15 middle-grade immortal artifacts, which can also show the strength of Kunlun Xu. As for Dan Miesheng and others, they are all high-ranking people in Lingcheng. To kill them, Lingcheng may not be willing, nor may they. The people in Spirit City will really kill each other, and they will check and balance each other. As long as Kunlun becomes stronger over time, they will be fine.

Ye Chen returned to the Palace of Light and threw some of the fairy artifacts obtained by the Spirit Race to Han Yun. At the same time, he asked Ye Lingtian: "Ling Tian, what is the situation of the refining pavilion? At the same time, how is the pill refining pavilion?"

Ye Lingtian clasped his fists, looked cautious, and said: "Hall Master, I have already received five disciples who are responsible for refining artifacts! As for the deputy pavilion master and I, we are barely able to refine semi-immortal artifacts!"

At this moment, Ye Lingtian had taken a lot of elixir, and his cultivation had been forcibly promoted to the Ninth Heaven of the Emperor Realm!

As long as he stepped into the **** realm, he could refine the fairy!

"Hall Master!"

"My Pill Refining Pavilion can refine a first-grade elixir, which will help perfect the avenue!"

Ling Yi Danzun clasped his fists and narrated that he was promoted to the highest level of God Realm before the last war.

Since the Lingyi Danzun and Baiwu Danzun can refine the rudimentary Danhou, the strength of a large number of emperor realm powerhouses has increased rapidly!

The pavilion emperor noble realm powerhouses, many are old guys who are over a thousand years old, they have enough background, but they are not perfect for the prototype of the avenue. Once they get the prototype pill, they will skyrocket, and almost one prototype pill can make them break one. Realm, some people even break two or three realms in a row!

There were two or three people who were promoted to God Realm yesterday!

Kunlun Xu's strength is also growing rapidly. Han Yun takes the lead in various matters, while also taking time to practice, and his combat power has increased a lot.

The eight major forces such as the Star Sword Gate entered Kunlun Xu, and the large number of immortal artifacts and elixir brought by them were of great help to Kunlun Xu.

Although there were so many elixirs, these elixirs could not help Ye Chen break through.
