Chapter 1441: Golden Buddha Tantra

"here!"

"It's estimated to be a thousand miles away!"

"There should be a lot of sects stationed there." Ye Chen muttered and entered the city. Walking on the street, he saw disciples of all kinds of sects, some in green robes, some in golden robes, and some in black and white. They all have one thing in common. They are embroidered with their own martial arts logo, some are a small sword, some are tiger heads, some are human figures, and so on.

"Just walked two streets!"

"I saw a dozen different sects' clothes!"

"Every piece of clothing is, less said, 9th-grade spiritual weapons, and some are even semi-immortal weapons, local tyrants!"

Ye Chen is not enough to complain, these sects are too rich, and the clothes they usually distribute are actually half immortals.

This scene is as if I first entered Kunlun Xu. Everything in Kunlun Xu is a treasure in China, and everything here is a treasure in Kunlun Xu!

"Find a place first and clean up the spoils!"

"Inquire about the situation again!"

Ye Chen whispered a few words, he was a fellow of the seventh level of the emperor realm, and no one paid any attention to him.

Soon, he gradually walked to the center of the city. In a huge open-air square, several powerful men were suspended in mid-air, seeming to be narrating something.

Ye Chen glanced intently and found that there were a total of eight, each of which was powerful in the Divine King Realm, exuding impressive power, and various people gathered around him, as if waiting for the eight Divine King Realm to announce some news.

Among the eight, an old man in Jinyi came from Jindaomen.

He stroked his white beard and said with a smile: "Everyone in Tianling City, listen carefully. This time the Hundred Sects Universe Competition will be held in the Wanshan Valley at the junction of Ancient Ling City and Tianling City!"

"Co-hosted by our Universe Killing Domain 100 Sects!"

"In the past, the Grand Competition was dominated by our four major schools, including the Golden Sword Gate, Vacuum Temple, Feihe Temple, and Zilin Sect, and led other schools to hold it. But now, our four schools have jointly decided to open to several surrounding cities. Big match!"

"Any warrior under the realm of the **** king, as long as his life is less than three thousand years old, can participate!"

"Tomorrow, you can go to the south gate of Tianling City to sign up. I believe you will cherish this opportunity. Every time the Hundred Sects of the Universe, the top two thousand warriors can enter the Golden Buddha Tantric site and get treasures!"

As soon as these words came out, hundreds of thousands of warriors around immediately became excited!

All the expressions of joy, staring at the elder of the Golden Sword Sect, cheered happily!

The Golden Buddha Tantric Site!

Once this sect, there were dozens of Hunyuan realm, nearly a hundred powerhouses of God King realm!

Once you get the chance to go in, you may find a place at will and you can get a lot of treasures!

"good chance!"

"This time Hundred Sects are willing to open the Golden Buddha Tantric Site. Are they really afraid that their disciples won't be able to grab us?"

A young warrior on the side muttered to himself with great joy: "The first two thousand people, there must be tens of thousands of people who signed up this time. With my combat power, the first two thousand people are sure!"

"This big brother, the top two thousand?"

"Is it so large?" Ye Chen was a little curious, and asked, "A sect site can hold two thousand people?"

Ye Chen is naturally interested in Golden Buddha Tantra!

Because there is a great connection with the power of the reincarnation cemetery!

"Hahaha, this little brother, it seems that he has just cultivated and he doesn't understand these things!" The young warrior explained with a smile: "Golden Buddha Tantric School is a middle school. According to the division, the land of the mountain gate is the two parts of Tianling City. Times bigger!"

"Do you know the population of Tianling City, how many people are there?"

"Perhaps ten million." Ye Chen thought for a while and gave such an appropriate answer.

The young warrior smiled and shook his head, raised his fingers, and said with a smile: "The population of Tianling City is only 8 million, but ninety-nine percent of them are civilians, but they are also from the emperor's realm. It is our Tianling City, and there are probably 20,000 to 30,000 people who sign up!"

"Together, the three surrounding cities have won at least 100,000 casual repairs!"

"This is not considered a sect or family disciple!"

"Oh, these sects and disciples are very strong?"

"Is there a lot?" Ye Chen asked. He urgently needs to know the news. Seeing the battle today, he probably guessed that the disciples of the sect in Lingwu Continent and Kunlun Xu are quite different from each other. distance!

Some of Kunlun Xu's sectarian disciples are from the Kunlun Xu native, and some are from China!

Strictly speaking, Kunlun Xu was built on Huaxia, with a small population base!

But the Lingwu Continent is different. The land alone is dozens or hundreds of times the size of China, and the number of people must be dozens of times that of the Earth. There are so many resources, such as the high-end powerhouse in Kunlun Xu, who is in the Lingwu Continent. Just being better than ordinary people, they will definitely get a lot of nurturing, but I don't know the specific number.

"Yeah, little brother!"

"You came out of a village near the giant city, you don't know that!"

The young man smiled slightly, and then explained: "The sect depends on what kind of sect it is. Although there are hundreds of sects in the land of killing domains, most of them are inferior sects. The four major sects, namely, Vacuum Temple, Feihe Temple, and Zilin Sect are medium sects!"

"Although there are more than ninety inferior sects, they are all sects with a few strong people in the Primal Realm!"

"Although it is not as tyrannical as the Golden Buddha Tantric Buddhism, but the disciple of the family, the emperor is a handyman, the disciple of the outer disciple in the early and middle stages of entering the gods, and the disciple of the inner disciples in the late stage of entering the gods to the peak. There are almost five or six hundred disciples in the sect, a slightly tyrannical sect, there are over a thousand disciples in the outer sect, and hundreds of disciples in the inner sect!"

Five or six hundred into the gods?

Hundreds of into the late stage of the gods?

Hearing this data Ye Chen's heart jumped, and he fully understood his insignificance. No wonder the people in Lingcheng hardly dared to come to Lingwu Continent, thinking about the whole family or sect, and moved over. !

Co-authored the entire Lingcheng Eight Schools and Five Schools, the total of the thirteen major forces is equivalent to the number of inner disciples of one inferior school.

It's no wonder that there were hundreds of disciples in the gods fighting at Kunwumen and Jinyinmen just now.

In Ye Chen's eyes, these two factions are already extremely strong, thinking that they are also high-end sects, but he didn't expect to be mixed here.

"Little brother, I don't think you understand anything!"

"But there is a strong evil spirit on his body, I am afraid I just escaped from the dead."

The young warrior smiled and said, "Can you make a friend? My name is Wang Yan. By then, you will also participate in the Hundred Sects of Universe Competition. It's not bad to take care of each other!"

Chapter 1442: Dragons have inverse scales, wolves have dark thorns

"Hello, my name is Ye Jitian!"

"Brother Wang Yan, thank you so much for your care!"

Ye Chen didn't really make friends either. After all, he met on the street. The other party is still a strong man in the seventh heaven of the gods. Who knows if he really wants to make friends or whether he wants to make friends. Let's talk about the situation!

The name Ye Sitian is not a secret in Kunlun.

But in Lingwu Continent, I am afraid that few people know it.

Even if the Blood Spirit Race and the Blood Sword Sect were chasing them down, Ye Chen would definitely be looking for them.

As for Ye Sutian, I'm afraid he has been ignored long ago.

More importantly, he also heard the names of some people in Lingwu Continent along the way.

It seems that there is also an existence called Ye Sutian.

"Ye Jitian? This name is quite suitable for you." Wang Yan narrowed his eyes and smiled.

...

At this time, the passion of the masses was a little weak.

The elder of the Golden Sword Gate continued: "This time the Hundred Sects Universe Competition will be held in three days' time. First, the ring battle!"

"Then only the top two thousand can enter the Golden Buddha Tantric Land!"

"It's just that people who are not of our hundred sects, after coming out of the Golden Buddha Tantric Sect, we need to give us an eighth-grade immortal artifact as a gift!"

"Well, everybody, please sign up intentionally. Once there were many young warriors who entered the Golden Buddha Tantric Sect, and they went from the middle stage of entering the Divine Realm overnight to achieve the Divine King Realm, and some of them entered the Divine Realm nine layers of heaven in one day. The situation at the peak of the Divine King Realm!"

"This elder also hopes that you can come to our 100 sects as a protector elder, and the treatment is good!"

After saying this, the elders of the Golden Blade Gate and the other seven elders walked away from the sky, stepping high in the sky, and waves of waves faintly spread, making many of the martial artists pale.

Ye Chen exploded with energy and blood, blocking the coercion, and whispered: "We haven't started yet, are we going to disarm us?"

"Brother Ye, speak carefully!"

"This is the elder Jin Kuang of the Golden Sword Gate, and there is the peak of the Ninth Heaven in the Divine King Realm!"

"Don't slander the elders, otherwise you will be killed if you are heard!"

Wang Yan's face was pale and he did not resist. He was under pressure with a golden body. "You can sign up tomorrow. The contest will be held in three days. The little brother may have a chance to enter the realm of God. By then, there should be Ye Xiao in the first two thousand lives. Brother's quota!"

Top two thousand!

Even if a hundred sects dispatch 500 people according to one sect, that is, 50,000 people!

Plus one hundred thousand into the divine realm for casual cultivation.

One hundred and fifty thousand martial artists who entered the **** realm competed for 2,000 places. It is estimated that there is no cultivation base for the later stage of the **** realm. It is simply a delusion!

Ye Chen didn't take it seriously, and said seriously: "The top two thousand are nothing. If you want to fight, you will fight for the first place!"

Just enter the realm of gods!

No matter how many, they are just warriors at the level of the gods!

In such a big competition, the top 100 is not Ye Chen's goal, only the first is the goal. If this is not achieved, what blood sword gate will be destroyed!

"What a big tone!"

"An ant from a lower world, really dare to think about it!"

On the side, an armored warrior, holding a sword in his hand, was vigilant in all directions. He looked at Ye Chen from time to time and said slightly: "It turns out to be a lowly thing from Kunlun Xu. You Kunlun Xu was three or four thousand years ago, you can only be regarded as a Chinese martial artist. Plane!"

"Now, I am afraid it has been reduced to a low martial plane, even the land of ants!"

"A trash of the emperor realm, dare to say that he is the number one in the Hundred Sects of the Universe Competition, it is ridiculous and extremely ridiculous!"

Not long after Ye Chen left Kunlun Void, there was a trace of Kunlun Void's unique breath.

This also makes it easy to detect.

This armored warrior, wearing a special cloak, is like a law enforcement team in the city, with a cultivation base of seven levels of heaven, but the armor and cloak on his body are eighth-grade immortal artifacts, very unusual!

Seeing that something was wrong, Wang Yan quickly grabbed Ye Chen and prepared to leave.

"Brother Ye, let's find a place to rest as soon as possible. Don't argue with others about words."

It's not that Wang Yan is not optimistic about Ye Chen.

But the situation is obvious.

Ye Chen has no right to resist!

Ye Chen didn't want to cause trouble either. He was about to turn around and leave, but he didn't expect a big hand to pat his shoulder directly!

The coercion is shrouded.

When his eyes condensed, he realized that the man who had made the shot was the man who insulted him just now.

At this moment, the other party was looking at Ye Chen condescendingly, stretched out his hand, pointed at his crotch, and smiled: "Did I let you go?"

"For someone like you, you can leave."

"But you must never get under your crotch!"

As soon as this was said, everyone burst into laughter.

Obviously ready to watch the show.

Ye Chen's eyes flashed with killing intent.

He didn't expect Kunlun's virtual aura to become an obstacle to him.

It seems that Lingwu Continent really depends on blood and identity!

In the eyes of Lingwu mainlanders, Kunlun Xu is destined to be bullied!

Ye Chen's shoulder shook, and he broke away from the opponent's arm in an instant, and turned around, without giving up, walking slowly to this person in the eyes of everyone, and said with a smile: "Since you say I am a waste, come, you I will fight to see who is the trash!"

"you!"

"Okay, have the ability to go to the ring!"

"See you in the special life and death ring in the city. If you dare to do anything else in the city, you are violating the regulations, and our team leader will directly kill you in accordance with the law!"

The armor warrior looked cold, still dismissive of it!

He is one of the many law enforcement captains of Tianling City, Luo Shuyuan, also in charge of a team of hundreds of people entering the realm of God, his position and role are similar to that of Huaxia's city management, after all, it is not his turn to truly enforce the law!

"it is good!"

"Big Brother Wang Yan, where is the ring of life and death?" Ye Chen was asking.

However, at this moment, several panicked figures ran to Luo Shuyuan's side, and one of them was even more nervous and said: "Captain Luo, someone in Dongmen sells pills privately, we are not an opponent, you..."

"I'll be over!" When Luo Shuyuan left, his eyes were gloomy, and he said: "Humble little bastard, fortune telling you, I'll live you another night, see you tomorrow morning in the ring of life and death!"

"Of course if you change your mind, you are always welcome under my crotch, haha!"

After Luo Shuyuan finished speaking, he immediately took his own people, ready to check the warrior who sold pills without authorization.

Seeing this scene, Ye Chen shook his head helplessly.

He doesn't want to cause trouble.

But now it seems that he has no choice.

Life and death ring?

This Luo Shuyuan is too confident It is a pity that blind self-confidence is the beginning of the nightmare.

On the side, Wang Yan saw Luo Shuyuan leave, but he looked worried and said: "Brother Ye, you are crazy, why do you agree? This is a member of the law enforcement team!"

"The law enforcement team is subordinate to Xiaowei Zhou, that is a strong man who has reached the pinnacle of the gods!"

"Life and death ring, if you beat him to death, you may get his revenge. Forget it, don't go!"

"The humiliation under the crotch is nothing! As long as you live, you are king!"

Ye Chen smiled, but patted Wang Yan on the shoulder: "Dragons have inverse scales, and wolves have dark thorns. Those who watch are angry, and those who touch them die."

"Also, there is no fear in Ye Jitian's dictionary!"

Chapter 1443: 0 soldiers burst!

Hearing this, the people on the side couldn't help but laugh, looking at Ye Chen like an idiot!

The law enforcement team is nothing in Lingwu mainland.

But no one dared to underestimate the strength of the law enforcement team from a low-level military plane.

What's more, Ye Chen is still an emperor!

The law enforcement team of a huge city has entered the realm of gods for thousands, and many of the school lieutenants are at the peak of the realm of gods, and even the king of gods is sitting!

Unless you are a strong king of the gods, you will be punished if you dare to kill, let alone clamoring law enforcement teams, it will be more deadly!

This humble fellow from the lower world is probably the best in his small place.

As everyone knows it's here!

He is not as good as the lowest level!

This kid simply doesn't know how high the sky is, waiting to be killed by Captain Luo Shuyuan!

No one around is optimistic about Ye Chen, and Wang Yan is also speechless!

Soon, Ye Chen said: "Big Brother Wang, I will find an inn to live in. Tomorrow I will settle Luo Shuyuan, let's sign up together!"

"Okay, okay!" Wang Yan took out a special token, handed it to Ye Chen, and said: "Tomorrow you are still alive, then you can contact me again!"

Such an attitude, such a move!

Obviously Wang Yan felt that Ye Chen might not survive tomorrow morning!

Offending the law enforcement team, ten lives are not enough to die!

This little brother Ye seems to be a pity.

Ye Chen didn't explain either. After taking the token and passing through the crowd, he saw a man who was in the third level of the gods drilling under Luo Shu Yuan's crotch from a long distance, which was extremely miserable.

Luo Shuyuan and the men around him laughed even more, their eyes filled with playfulness.

It seems that Luo Shuyuan likes the feeling of a strong man digging into his crotch.

This is his authority as an enforcer.

It is a pity that most people in Lingwu Continent face this kind of authority and choose to compromise.

This also created Luo Shuyuan's arrogance today.

He Ye Chen does not belong to Lingwu Continent.

After all, he is just a visitor here.

His goal here is simple, to find the secret behind the reincarnation cemetery, to rescue the hundred mighty, strengthen himself, and rescue Xia Ruoxue and Ji Siqing.

As for the lives and deaths of other people, he would not care.

Just as Ye Chen was about to leave, there was a scream in his ears.

He turned his head and found that the man who got under Luo Shuyuan's crotch had died under Luo Shuyuan's sword.

Ye Chen's eyes were filled with anger.

I am afraid that if I compromise today, it will be the same.

Ye Chen looked at the cold corpse and the ferocious and painful eyes, and said to himself: "Although I don't know you, I will avenge you tomorrow."

Ye Chen realized the cruelty of Lingwu Continent on the first day.

He came to the inn, opened a guest room with a training room, and looked at the law enforcers on the side of the street through the window of the corridor, each wearing armor and bullying the market, and gradually said to himself: "Tomorrow's battle , I have to practice the Soul Slayer Magic Spear Sacrifice today!"

"To kill the law enforcement officers tomorrow, there are no two or three magic weapons, it is difficult to break the defense!"

"As for the One Hundred Sects Universe Competition, 150,000 warriors will participate, and it is estimated that I will be able to fight for a while. I should be able to enter the nine-layer heaven of the emperor's realm before entering the Golden Buddha Tantric Land!"

Ye Chen pushed open the door to enter, and felt countless auras flooding.

He closed the door and muttered to himself: "At that time, you will find a powerful artifact in the Golden Buddha Tantric Sect. At least a nine-tier artifact will be required. If you use it to break through, your strength will inevitably increase. If you can find a Hunyuan artifact, naturally better!"

Others used semi-immortal artifacts for breakthroughs in the nine-tier emperor realm, at most one or two-tier immortal artifacts, sects and families, many of them are not so strong that they can only use fourth-fifth immortal artifacts to break through, Ye Chen thought Using the king's weapon to break through can be said to be extravagant!

Divine artifact!

That is the nine-layer heaven of the God Realm, which is only used to break through the realm!

I haven't seen the thirteen ancestors of Lingcheng, there is not a single artifact of the gods, and I don't know how many years I have been stuck in the nine levels of the gods!

"It's time to clean up the spoils!"

Ye Chen ecstatically took out a dozen universe rings, entered the training room, and counted the universe rings one by one.

He opened an orange cosmic ring. This cosmic ring was counted according to its grade. It was almost the third-rank fairy weapon level, far higher than the spiritual weapon-level cosmic ring commonly used by Kunlun Xuping. Hundreds of first- and second-grade universe rings!"

In a third-rank universe ring, there are hundreds of first- and second-rank universe rings.

It seems that for sects and family disciples, the Universe Ring is standard.

In the past, Ye Chenzhu killed the blood spirit tribe, and even the people in Lingcheng didn't get too many treasures, but now it's different. With just a dozen third-tier universe rings, the wealth in it is estimated to be able to cover the entire Kunlun virtual spirit city. Packed and bought!

Especially the fairy artifacts in the early stage of the gods, there are countless!

Not long after, Ye Chen spent about five hours to select the treasures in these universe rings, and said to himself: "There are thousands of nine-tier immortal artifacts, and 327 inferior immortal artifacts. One hundred and seventy pieces of high-grade immortal artifacts and twenty-nine pieces of top-grade immortal artifacts."

"Seventeen top-quality fairy artifacts and eight demi-king artifacts. There is no god-king artifact, but there are everything for defense, escape, attack, shocking souls, and souls!"

"The broken immortal weapon is not small, but I have become a huge wealth after this sum, not to mention hundreds of thousands of special spirit stones, as well as various weapons, elixirs, etc.!"

Ye Chen was happy in his heart and thought: "I can even consider opening a dark temple branch in Lingwu Continent!"

"This time I got a good harvest, but I didn't expect there to be some spirit weapons, but the rank looks too low, and it's useless to me, just lost it."

Ye Chen just planned to deal with some spiritual weapons, the next second, a cold voice came from Ye Chen's mind!

From the reincarnation cemetery!

Forge God!

"Boy The spirit weapon is optional for them, but it can detonate and kill the enemy!"

"Did you forget what I said to you in the first place?"

"Regardless of the immortal weapon and the spirit weapon, or even the **** weapon, the Hunyuan Immortal weapon, the Hedao Immortal weapon, etc., as long as the weapon has the spirit weapon, it can be controlled to explode. These spirit instruments are not bad in grade. A Ninth-Rank Spirit Tool is enough to injure a warrior who has entered the early stage of the God Realm."

"If you encounter an enemy in the future, you can directly detonate the fairy weapon to kill the enemy!"

"I'm telling you a technique that specializes in inducing weapons to explode and kill the enemy. It's called "A Thousand Soldiers Blast"!"

"This method cannot be used in Kunlun Xu, but in Lingwu Continent! Haha, I tell you! As long as you have enough weapons, you can be invincible!"

"I am afraid that some ancestors of the Lingwu Continent are still silent in my fear of using a thousand soldiers!"

Chapter 1444: Definitely have a problem

"A thousand soldiers exploded?"

"A thousand weapons explode together?"

Ye Chen heard the words of Forging God Sovereign and thundered in his heart.

Although he has never seen that scene before, it is terrible to think about it!

It's just the behavior of a lunatic!

The power of this explosion may even be as destructive as that kind of weapon.

Ye Chen thought: "I have more than three hundred incomplete immortal artifacts here, and there are more spiritual artifacts. I will definitely not sell it for much money. The incomplete demi-king artifacts have two handles. If they can be detonated together, they will be a killer. It's not bad to come once!"

Inspire weapons to explode!

Especially immortal artifacts, even demi-king artifacts are not easy!

Didn't you see the five hundred disciples fighting in the divine realm, and as a result more than five hundred fairy artifacts remained?

That's because if you want to control a weapon, you need to gather your own soul power and put a brand on the weapon, so that the weapons that can be completely controlled, including Ye Chen's Excalibur and Soul Devil's sharp spear are the same!

Once the Excalibur Sword or Soul Exterminator shattered, Ye Chen would be injured by backlash!

The same, the weapon that does not leave a mark can not be detonated at all, at most it can be projected out, can only be used as a general weapon, it is almost optional, it is just some powerful stones, if the master's thousand soldiers explode, you don't need to use immortals. The device can be detonated, that would be great!

This is definitely a big killer!

"A thousand soldiers exploded!"

"There is a magic trick to cut the soul!"

"Cut out some of your soul power and imprint it on the immortal weapon, so that if the immortal weapon bursts, you will not be backlashed!" The Forge God continued: "The ordinary weapon sacrifice training method is based on your own soul. After making the brand, there is a connection between the weapon and you!"

"But if you explode with a thousand soldiers, it won't!"

"Anyway, this primordial spirit body will not exist for long! I will teach you everything!"

Forging the gods is originally the weakest one.

He broke out with all his strength before, naturally it could not last long.

At this moment, he forged the finger pinch of the god, and his body was glowing like a starry sky.

Very bright.

Point out!

Point on Ye Chen's eyebrows.

Almost instantly a powerful flow of information rushed into Ye Chen's mind.

Ye Chen's head seemed to explode, and it was extremely difficult to suffer.

This flow of information is not only a thousand soldiers exploding, but also countless methods of refining!

There is even a large part of the content that Ye Chen is not qualified to touch!

Ye Chen raised his head with difficulty, looking at the weaker Forging God Monarch, still feeling a little uncomfortable.

The forging **** smiled, which meant relief.

"Boy, I still like killing in your eyes, not the tenderness at the moment."

"Moreover, we are not separate."

"I believe it won't be long before you will meet with my body."

"Although my body is imprisoned and bound, it still exists."

"Also, next time you meet, maybe you have already set foot on the top of martial arts."

"I won't talk too much nonsense, it seems I am hypocritical, I hope you remember that you are the hope of a hundred of us!"

"It is the supreme tomb owner who controls the reincarnation cemetery!"

As the words fell, the figure of the forging **** became weaker and weaker.

The reincarnation cemetery is a bit more lonely.

"By the way, I have nothing to give you. Before disappearing, I will practice your two weapons again!"

In the next second, he forged the god's finger pinch, directly arranged the refining formation, received the Excalibur Sword and the Soul Demon Spear, and fetched six semi-divine artifacts and seventeen top-quality fairy artifacts from Ye Chen. Only these weapons can be integrated into Ye Chen's weapon.

As for other immortal artifacts of upper, middle and lower grades, it is useless to incorporate them.

It's better to leave it to Ye Chen and use it as a thousand soldiers burst.

Ye Chen adjusted his emotions and sat cross-legged.

He began to try to practice "A Thousand Soldiers Burst" to faintly cut his own soul power, which was stored in a thousand pieces of Nine-Rank Spirit Tool and a Hundred Pieces of Lower-Rank Immortal Tool. Fortunately, his soul power is strong, and he has been practicing "Nine Revolutions". The power of the soul in "Soul" is comparable to the power of the second-tier heaven of the God King realm.

Otherwise, it's really not enough to cut so much.

"Huhuhu!"

"Huh!"

After three hours, Ye Chen's face was pale, taking dozens of pills to restore the power of the soul, and the power of the consumed soul was replenished! This kind of expensive pill to heal the soul from the outside world is like jelly beans here in Ye Chen.

No way, his gain this time is equivalent to robbing five hundred strong men in the gods!

No one in the ordinary God King Realm is as rich as him, so rich!

Soon, the two divine king artifacts flew out of the refining furnace, and fell into Ye Chen's hands. They were the sixth-rank divine king's sword, the second-class divine king's sword, and the second-class divine king's soul-killing demon gun.

Zhu Shenjian is promoted to two levels!

The Soul Slayer Magic Spear was promoted directly from the Ninth-Rank Immortal Tool to the Second-Rank Divine King Item!

Each of the two weapons shone in luster, which made Ye Chen feel that the spiritual energy contained in it was more than several times stronger, and could even break through the first-order physical body of the incorporeal stage, even when facing a strong person in the Divine King realm. You can also break the opponent's defense!

"Well, disciple!"

"The teacher can only accompany you to here!"

"At your speed, it will probably not be long before the Primordial Realm can be expected!"

"At that time, you will be promoted to the Hedao Realm, and you will be qualified to really fight that force!"

The tone of the forging **** is already very weak, and the next moment it directly turned into a gloss, giving the last strength to Ye Chen!

Ye Chen's aura skyrocketed, the immortal swordsmanship was perfected 60%, and he truly stepped into the eighth heaven of the Emperor Realm!

"Master!"

"Thank you, it won't take long, the disciple will definitely save you!"

Ye Chen bowed and bowed to the southwest with his fists, then raised his head, his eyes clear, clenched his fists and said, "Blood Sword Gate, I will definitely go!"

"Instead of letting you attack Kunlun Xu, I will defend again!"

"Why don't I attack your blood sword gate directly so that all of you can't go to Kunlun Xu!"

At this moment There was an extra figure beside Ye Chen.

It is the Ice Sword Immortal Venerable of Lingwu Continent!

"Boy!"

"I remind you!"

Ice Sword Immortal Venerable thought: "I was in the reincarnation cemetery, and I sensed that there were three stone tablets, which have been loosened, and the power of Buddhism overflowed inside!"

"The masters of these Buddhist texts do not belong to Kunlun Xu, they are extremely mysterious!"

"It should be from the land of Buddhism Tantric Buddhism. You must get the place to go to the Golden Buddha Tantric Buddhism this time. In this way, the reincarnation cemetery is likely to awaken several golden buddha powers. If I am not wrong, it is said. One of the eighteen golden Buddhas of the fallen Golden Buddha Tantra."

"Their real bodies disappeared. Everyone thinks they are gone. It seems that things are not that simple now!"

"There is absolutely a problem with this Golden Buddha Tantric Sect!"

Chapter 1445: insult

"Even the secret hidden in it is very likely to have a lot to do with the reincarnation cemetery."

"Of course, some words are too early. Lingwu Continent is different from Kunlun Xu. It is difficult for you to stand out from so many strong people."

Ye Chen glanced at Bingjian Xianzun, his brows twisted into the word Sichuan.

He could feel that there was a pair of big hands behind the reincarnation cemetery before pushing everything.

From Huaxia to Kunlun Xu, to the current Lingwu Continent, the reincarnation cemetery, the bureau set by grandpa, the mysterious old man.

All of this seems to indicate something.

He can't control, he can only go step by step.

Ye Chen took a deep breath and left the reincarnation cemetery. He watched the sky gradually light up outside, and the agreed time was approaching.

Go straight to the south gate of Tianling City, sign up first, or you may get involved with the law enforcement team in a while, you may not have time to sign up!

It's just dawn, about six o'clock in the morning!

The South Gate of Tianling City is sparsely populated, but there are already several powerful early-stage kings of the Divine Realm, sitting and waiting in the post house. A banner is planted outside the post house, saying, 'Hundred Sects of Universe Competition's Registration Place!'

"The whole thing looks good!"

"One hundred and fifty thousand people will participate. I want to see if I can meet some people who can make me try my best!"

Ye Chen muttered to himself, with his combat power, he can fight in the late stage of the gods. In the big competition that only allows the nine-tier heavens of the gods to fight, there are really not many people who can compete against him!

He came to the post house, turned to the guardian of the golden sword gate of the early stage of the Divine King Tool, clasped his fist and said: "Senior, I want to participate in the Hundred Sects of Universe Competition!"

"you?"

"Are you sure?" The guardian raised his head and glanced at Ye Chen, then shook his head and said, "It's better not to come and die!"

"No need to worry about seniors, I just want to sign up!"

Ye Chen took out his identity card, handed it to the protector, and said, "My name is Ye Jitian, and I come from... from a village near Tianling City!"

He thought that Ye Chen's identity had been exposed, which would inevitably arouse the attention of the Blood Spirit Race.

The fact that the Blood Spirit Race does not attack Kunlun Xu does not mean that it will not intercept and kill itself!

If it is sent to the God King Realm to protect the law, it is nothing!

If it is sent to the Hunyuan realm or even the Hedao realm, it will not be easy to solve it. Simply use the three words Ye Jitian in Kunlun to save some trouble!

"it is good!"

"Ye Jitian, the name is okay!"

"The eighth level of the emperor realm comes from a remote village?" The guardian thought slightly, and said: "How do I feel that the breath in you comes from a low-level martial arts?"

"Generally, people of low martial planes will have a special brand in their breath! It is extremely easy to detect."

"This is also the best way to distinguish between Lingwu Continent and other garbage plane geniuses."

"It's not good for you to lie like this."

"The humble people should have a humble consciousness, and don't climb the high branches of Lingwu Continent."

Ye Chen had forgotten about his aura, and smiled reluctantly, and said: "I come from a place called Kunlun Virtual Spirit City, and I am responsible for taking care of the space teleportation formation! I stepped in accidentally and wanted to seek some opportunities."

"Oh, that place!"

"People come every few decades, but a lot of them have died."

The guardian looked at Ye Chen in surprise, and said mildly: "Cultivation is not easy, don't come and die! Your strength is too weak, plus you are a person of low martial plane, our Lingwu continent, regardless of family The disciple is still a casual cultivator, but they all look down on the people of the low martial plane!"

He didn't directly insult Ye Chen, but his words and deeds were somewhat contemptuous.

It was like Kunlun Xu looked down on Chinese martial artists.

It is a fundamental difference.

"Hello, I still choose to register!"

"Who can prove that the eighth floor of the Emperor Venerable Realm cannot sign up!"

Ye Chen stepped out with a burst of breath.

The icy fighting spirit changed the face of the guardian who was in charge of signing up.

For a moment, he was enveloped by killing intent.

how is this possible!

Was he threatened by an ant in the emperor realm?

The key point is that this ant comes from that unbearable little place!

Kunlun Xu?

Unheard of!

Nor is it qualified to enter his sight.

However, he showed interest in Ye Chen and said with a smile:

"Although the realm is in the emperor's realm, but the aura is comparable to entering the **** realm!"

"Nice seedling, Ye Xitian, right?"

The law protector quickly recorded it, and gave Ye Chen a bronze plaque, saying: "You are the 57th person who signed up. Wait three days to go to Wanshan Valley."

Ye Chen had a good impression of this protector.

It seems that not every person in Lingwu Continent is aggressive.

however! At this moment, several untimely sounds sounded!

"A humble **** of a lowly martial plane!"

"I am too embarrassed to sign up?"

Three or five casual cultivators walked in proudly, not young, looking fierce.

One of the women in a white dress smiled and said, "Brother Chen Ming, look, the humble things in the lower martial plane, actually dare to sign up!"

"I see, 150,000 people signed up this time!"

"It is estimated that half of the waste of the Emperor Venerable Realm will come to fill up!"

"It's very possible!" The fat man on the side stretched out his hand to caress the woman's cheek, and smiled: "Xie'er, it's better to let me take a shot and crippled this little **** who knows no height, kneel down and perform for you. Dog barking?"

"I am also one of the law enforcers now!"

"My cousin, but the captain of Luo Shuyuan of the law enforcement team, even if I kill someone, no one dares to move me!"

The woman named Xier showed a flirtatious look, kissed Chen Ming, and smiled and said, "I felt so boring today, so it would be better!"

She raised her chin and looked at Ye Chen, as if in control of everything.

What's more, this guy from the low martial plane has no background!

Kill him, what will the law enforcement team say?

"Luo Shuyuan?"

"It just so happened. Before I went to find him, your cousin came here first!"

Ye Chen looked at the five people in front of him, two in the early stage of the gods, and three in the middle stage of the gods, they were all weak!

He is naturally not afraid.

When the few people heard Ye Chen's words, they were slightly startled, and immediately laughed.

"You still want to find Luo Shuyuan?"

"Do you know what the three words Luo Shuyuan mean here!"

"These three words come out of your mouth I feel insulted!"

"Don't **** kneel down for me!"

In the next second, a few coercion shrouded Ye Chen.

In their opinion, the coercion of their few entering the **** realm is enough to crush a kid in the emperor realm!

It may even be obliterated!

The enrolling guardian stood up and wanted to say something, but he didn't expect his companion to come over and press him down again.

"Just do your job well, leave it alone."

The law protector took a deep look at Ye Chen, but in the end he didn't make a move.

The world of martial arts is so cruel.

If this little brother named Ye Jitian knew how to forbear, perhaps today would be another situation.

Chapter 1446: anger

now.

Countless coercion shrouded Ye Chen, but the corner of Ye Chen's mouth was a smile.

Although he was in the emperor realm, but he was almost the same as entering the **** realm.

His realm is extremely confusing!

As for the coercion, what's the matter!

In the next second, Ye Chen stepped out in full view of everyone!

"Unbearable!"

When the words fell, the innumerable coercion shrouded in an instant dissipated!

At the same time, Ye Chen's violent aura erupted like a blade!

Extremely strong!

Those few people felt wrong in an instant!

Xi'er, with the weakest cultivation base, flew out under the horrified eyes!

Smashed heavily on a stone pillar.

Fragrant Xiaoyu perishes!

Check out this new online game!

"you dare!"

"I am an enforcer!"

"Do you dare to do something to me, do you want to die?"

Chen Ming spouted a mouthful of blood and looked at Ye Chen in amazement!

I am an enforcer!

Don't you know what an enforcer is?

Specializing in killing you low-level martial arts **** who don't understand the rules, you dare to do something to me and die!

Chen Ming quickly took out a bamboo tube from his arms and stretched the thread. The bamboo tube reflected a firework from the sky, bursting from the sky, and the warning bell sounded all around him. Although he was injured not lightly, he was fearless and laughed. : "Little bastard!"

"Lao Tzu has detonated law enforcement officers to rescue fireworks!"

"Immediately, law enforcement officers from all around will rush over!"

"Now, Lao Tzu gives you a chance. You humble **** will immediately kneel on the ground and kowtow. Lao Tzu can consider letting you survive!"

"Otherwise, Lao Tzu will have your skin cramped and revenge Xier!"

"revenge?"

Ye Chen disagreed, and grabbed with five fingers, and a blade on the ground flew directly into his hand.

He waved his hand and slashed down, and the tyrannical sword directly obliterated the other people, except for Chen Ming!

Into the early stage of the gods!

In his hands, he can't even stop him!

Even if you enter the middle stage of the **** realm and enter the sixth level of the **** realm, you can only block a few tricks at best, let alone this kind of casual repair, even a guy who doesn't even have a high-grade fairy! If a sect disciple enters the middle stage of the God Realm, he might still have a dozen moves with Ye Chen!

"you!"

"What are you going to do, let me tell you!"

"If you dare to kill me, you would provoke all the law enforcers in Tianling City!"

"As long as you stay in Tianling City for a day, you will face endless pursuits!" Chen Ming was frightened and limp on the ground, seeing that he had turned into fleshy mud, he didn't know how to be overbearing anymore. He hadn't come yet. I dare not do it anymore!

What if this stunned boy really killed himself?

This kind of emperor realm is **** in their place, but it is the strongest in the low martial plane!

"Don't you!"

"You go around me, I can let my cousin let you go!"

"Don't worry, I promise with my personality that I dare not retaliate against you!"

Chen Ming was trembling with fright.

He never thought he would meet a lunatic today!

A complete lunatic.

Ye Chen took out a chair and sat down directly beside Chen Ming. He didn't rush to do it.

Today, this is the conflict between him and law enforcement.

Simply solve it together.

When Chen Ming saw this scene, his eyes widened!

He really didn't understand, the law enforcers were coming, why the youth in front of him was so confident!

I don't know how long it took, and breaths poured in instantly.

Here comes the law enforcement!

Chen Ming exhaled a sullen breath, his eyes turned from fear to coldness.

If it was Ye Chen's home court just now, then it is undoubtedly Chen Ming's home court now!

"Boy, you know what you are doing, killing the law enforcement is a capital crime!"

Ye Chen glanced at his surroundings, law enforcement officers continued to gather, he raised Chen Ming, motioned to everyone, and smiled: "Enforcer, what kind of **** law enforcement, kill at will, this is what you call the law? It's ridiculous. !"

"Enforce the law, or you all enforce the law, no one can kill!"

"Either don't enforce the law, if you can't do this, you are rubbish!"

"Today, I will slaughter a law enforcement agent in front of you, and see how you can help me Ye Sutian!"

After that, his knife had reached Chen Ming's neck.

"Do not!"

"Ye Jitian, you little beast, stop!"

"Stop!"

Several voices came!

Among them is Chen Ming's cousin Luo Shuyuan. At this moment, Luo Shu's vitality is full of blue smoke. How dare this low-strength beast, how dare to do this!

This is Lingwu Continent, not his low martial plane!

Really think that he is still the overlord of the low martial plane?

"Ye Jitian!"

"If you dare to kill my cousin!"

"I guarantee that you won't be able to leave the Sky Spirit City today!" Luo Shuyuan said harshly and kept running wildly, seeing that he was about to reach Ye Chen!

"Oh, is it so?"

Wow~~

A knife slid through, blood spilled out!

In this way, Ye Chen killed a law enforcement officer in full view.

It was not Ye Chen that caused the trouble, nor was Ye Chen's heart of killing too heavy.

It was the scenes Ye Chen saw in Lingwu Continent these days, which made him deeply understand!

In Lingwu Continent, to compromise is to bury oneself in the abyss!

And what he has to do at this moment is to face the power!

The law enforcer was his first step to tear through the hole in Lingwu Continent!

"Ye Jitian!"

"Beast, humble beast, dare you!"

"Ah, all the law enforcers obey orders. I, Luo Shuyuan, enforce the law. I have a low-strength plane and a lowly bastard. I dare to commit suicide and kill the law enforcers in Tianling City. All the law enforcers come to kill Ye Wei. day!"

Luo Shuyuan sacrificed a token, and the voice instantly spread throughout the huge Tianling City. After hearing it, almost all law enforcement officers were rushing here!

When ordinary people and warriors heard this, they couldn't help shaking!

Wang Yan, who was still eating breakfast, trembled abruptly when he heard this, and all the vegetables in his hand fell, and said in surprise: "This kid is too kind!"

"I clearly told him yesterday!"

"He still dare to do this, not to die?"

madman! madman!

Must be a lunatic, regards the law enforcement as nothing, and kills the law enforcement in public!

This is to provoke the entire city to thousands of law enforcement officers in the gods, tens of thousands of law enforcement officers in the emperor realm, Ye Xitian looking for death?

The point is, if you don't bring anyone who is looking for death, you might be beaten to dust, and you won't be able to keep the body!

"Brother Wang, you said Ye Jitian will fight Luo Shuyuan decisively!"

"Which, we can't make it through?"

At the side, the two late-stage prosperous cultivators who had also eaten the same meal asked blankly, and obviously heard this voice!

One person provokes the law enforcers in the whole city, it is too kind!

"Go, go, get some wool!"

"Run!" Wang Yan hurriedly got up, wiped his mouth, and said quickly: "I was standing with him yesterday, and he died, Luo Shuyuan will also anger me, today you two will be angered when you are with me, run away!"

Chapter 1327 Don't Struggle! (Four more)

"Run to Guling City to sign up!"

"You can't take this place anymore, Ye Jitian has caused a disaster!"

After that, Wang Yan left straight away, running faster than the law enforcement officers who rushed over, which shows how much he took his life.

The other two looked at each other and hurriedly followed Wang Yan and ran towards the north gate.

Living is the key!

Whoosh whoosh!

Law enforcement officers are rushing to the south gate one by one.

Hundreds of thousands of people all came out, all wanting to rush to watch the excitement and provoke law enforcement, this is something that hasn't been done for hundreds of years!

In the past, the king of the gods used to kill people, and the law enforcers didn't care, and they didn't dare to kill people in the gods. What's more, to kill the law enforcers, everyone wanted to see which humble guy with low military plane was so courageous.

At the south gate, the three **** king realm protectors looked at Ye Chen with an interesting expression, and they didn't mean to act!

They are here to organize registration, not to enforce the law.

At the beginning, the guardian smiled slightly and said: "People of low martial planes are really brave!"

"Bai Yue, guess how long this kid can block?"

"Or, can he be blocked for a few minutes before being killed?" A white-robed guardian asked!

Baiyue is the law protector who registered Ye Chen to sign up!

Protector Baiyue shook his head helplessly, "Probably, three minutes."

"I estimate two minutes!"

"I don't think it can last a minute. The eighth-tier heaven of the Emperor Venerable Realm is too weak. If it weren't for leapfrogging, it's very likely that one face would be killed!"

The other two guardians were not optimistic about Ye Chen at all. In their opinion, Ye Chen was looking for death!

And it's pure death without knowing the heights of the sky!

The choice of ten deaths without life!

"Kunlun Xu who came this time!"

"It's so arrogant, I have to die this time!" One of the law protectors named Lan Yue smiled dismissively: "This kind of humble and inferior warrior doesn't know what to think. It's strange that he is looking for death like this? what!"

When the three guardians were chatting, Luo Shuyuan had already arrived in front of Ye Chen!

Luo Shuyuan personally fought Ye Chen, and with the cultivation base of entering the seven-layer heaven of the gods, he was considered powerful in the Tianling City!

Otherwise, he would not be the leader of the law enforcement team. In addition, his relatives were killed by Ye Chen. At this moment, he was full of grief and indignation. Holding a Hunyuan stick, he attacked Ye Chen with all his strength. No one around!

Bang bang bang!

Boom!

Dozens of crackling sounds came out one after another, and aftermaths shocked the surroundings.

Ye Chen carried an eighth-grade immortal weapon long knife. At this moment, the Soul Demon Spear and the Excalibur Sword were also regarded as his secret magic weapons. To deal with this kind of waste in front of him, he didn't need to use the King's weapon!

"Ye Jitian, you beast!"

"Today I will kill you here to show off the power of law enforcement in the Heavenly Spirit City!"

Luo Shuyuan leaped into the clear sky, holding the Hunyuan stick with both hands, the body of the stick flashed with a variety of colorful lights, turning into a phantom tiger, which mobilized the power of blood, and suddenly the tiger merged into the Hunyuan stick with a powerful force. It slashed down and collided with the long knife, flashing countless sparks.

Ye Chen danced his long sword, displayed a kind of sword technique, and started fighting!

Enforcers quickly clustered around, surrounding the place where the two were fighting.

Gradually, hundreds of law enforcement agents have arrived, most of them are law enforcers who have entered the early stage of the God Realm, and even have the peak of the Emperor Realm. The strongest

among them are just two team leaders who have entered the Seventh Floor of the God Realm. Similar to the position of Luo Shuyuan.

Wow! !

Wow! !

Every brilliance flickered, flying out like a cherry blossoming snow!

At this moment, a burly man came slowly, with petals fluttering all over his body, and he was so prominent, like a flower god, overflowing with the fragrance of flowers that permeated the tip of his pen.

This person is very young, but he has a hundred years of life, but according to the age of the warrior, he is just a teenager.

He slowly walked out of the battle circle, staring at Luo Shuyuan and Ye Chen's fight, and lightly ordered: "Luo Shuyuan, kill this humble and inferior thing, don't delay any longer, otherwise, what kind of humbleness will follow? I dare to imitate him!"

This person is Dutong, the law enforcer at the south gate of Tianling City, Tian Yuan!

The law enforcement at the Ninth Level of the Divine Realm is the same, and Luo Shuyuan's immediate boss is even more of Luo Shuyuan's immediate boss. At this moment, he personally speaks, and other law enforcement officers will no longer interfere with Luo Shuyuan and Ye Chen's battle, but let Luo Shuyuan and Ye Chen fight alone!

"Ye Jitian!"

"You little bastard, originally wanted to capture you alive, tortured and killed you!"

"But Master Tianyuan has spoken, you can't delay the death of such a humble thing!"

Luo Shuyuan exploded with all his strength, the Hunyuan stick bloomed with colorful brilliance, like a ribbon, flying away from all directions, actually bound Ye Chen straight, and wrapped it like a silkworm chrysalis on the ground, hard to move!

He held the Hunyuan Cudgel with both hands, and the phantom hunting tiger quickly gathered out from behind, completely exploding the power of the bloodline, and integrated the power of the bloodline into the Hunyuan Cudgel. He wanted to gain momentum to kill Ye Chen, "Little bastard, don't struggle. Up!"

Ye Jitian!

The humble bastard, dare to provoke my law enforcement!

Damn, damn, if it weren't for an adult's words, I would definitely capture you alive and let you try all kinds of torture in my Tianling City!

In the post house on the side, the expressions of the three guardians of the Divine King Realm remained unchanged. One of them, wearing a purple robe, said with a smile: "Baiyue, look at you to guess for three minutes, it won't be there!"

"This Ye Jitian!"

"I'm afraid I won't be able to hide for half a minute, as long as Luo Shuyuan is ready to complete, and hitting it with a stick, it is enough to kill the sixth layer of the gods!"

"What's more, it's the low-level martial arts thing of the eighth-layer heaven of the emperor realm!"

Baiyue's eyes flickered, looking at Ye Xitian, she shook her head slightly and sighed.

A good person of low military plane, does not think about being strong, not looking for peace and security, and finds refuge in a force.

Even dare to provoke law enforcement!

Even though the law enforcer is tyrannical, bullying the weak and afraid of the strong, he is not a weak one and can provoke!

I thought there was a visionary genius.

Unexpectedly, it was a kid who didn't know the height of the sky!

"Ye Jitian!"

"Take it to you!"

Luo Shuyuan lifted up the Hunyuan stick that had been completed and jumped out into the air, a stick fell down, with the tendency of Mount Tai to crush the top, and the stick body burst into countless white luster, turning into a heavy white hammer. Then gathered in one place one after another, and fell down together with the stick body.

Such a blow!

Gods and demons are inevitable!

Even in the late stage of the Divine Realm, facing me such a blow, I still have to be seriously injured!

I really don't know where you are, you little bastard!

boom! !

Only a popping sound was heard.

Ye Chen's golden body manifested, with one hand stretched out, he actually grabbed the Hunyuan stick, and his golden body arm burst out with qi, breaking the white hammer one after another, powerful and powerful, it is impossible to contend with it!

He turned around and took out the Soul Demon God Spear, which pierced Luo Shuyuan's chest as if it pierced the nine heavens. The arm danced to nail it to the ground, and then clenched the tip of the gun tightly, blasting Luo Shuyuan's body!

Chapter 1448: Completely stunned!

After doing all this, Ye Chen pointed at Tian Yuan with his sword, and said: "You are not worthy of being a law enforcer. You can kill at will if you are in the Divine King Realm, but you can't enter the Divine Realm and the Emperor Realm!"

"And if you are waiting to adhere to this perverted law, it is better not to cling to it. If you dare to continue, I will kill you alone!"

To enforce the law, yes!

Everyone treats everyone equally, don't kill anyone.

Either you don't enforce the law, and it's nothing to do with you!

"Ye Jitian!"

"You are so bold!"

With deep eye sockets and sharp eyebrows, Tian Yuan said: "You dare to kill my subordinates, the Tianling City that is still making trouble!"

He lifted his left hand slightly, with countless petals flying in the palm of his hand, and gradually condensed into a colorful spear, pointed at Ye Chen, and said: "I will answer your question. I will wait for the law enforcer to enter the Divine Realm and the Emperor Realm. law!"

"Lingwu Continent, the strong is respected!"

"The strong should have privileges, the strong will kill you, and the weak will have to die obediently!"

"Now, as a strong man, I want to kill you Ye Jitian. No matter whether you are guilty or not, you must die!"

Respect the strong!

The strong have privileges, and the strong are heaven!

The so-called law enforcement, the so-called legal system, is nothing more than a system to control the weak, and you, the weak, dare to provoke!

Today, you must be killed so far, otherwise, in the days to come, how to manage more weak people!

"You are not qualified!"

"Call your city lord out, it's almost the same!"

As soon as he said this, there was an uproar.

Although Ye Chen was extremely strong just now!

But at this moment, it was Tian Yuan who had reached the pinnacle of the God Realm!

This Ye Xitian, is he not an idiot?

With the cultivation base of the eighth layer of the emperor realm, how can he look down on the Tianyuan leader who entered the ninth layer of the god?

You can't look for death like that, right?

Thousands of people around, all have thoughts in their minds, something from the humble and other world, actually wants to provoke Lord Tian Yuan? Still clamoring for the city lord to come to fight him?

It seems that Ye Jitian is more than an idiot!

He is even a fool who doesn't know the height of the world!

"go to hell!"

"Kill you, see who dares to make trouble in the future!"

Tian Yuan shot out with a spear in hand, a powerful force came out, with the power of moving the sky, flying with countless petals.

Wow~~

A wave of guns fired from the flower gun and ran through the air.

Ye Chen yelled violently, revealing his golden body, violent energy and blood rose from the sky, and the Soul Slayer's sharp spear pierced out. Two waves of guns collided together, and the after wave shook all around, pushing Ye Chen back dozens of meters.

"puff!"

"So strong!"

Ye Chen wiped the blood from the corners of his lips, made a fist with his left hand, and a gun with his right, killing him again!

The peak of the nine-layer heaven of the Spirit City into the God Realm is indeed much stronger than the nine-layer heaven of the Spirit City into the God Realm. Tianyuan's combat power is even several times that of Li Jiawei at that time, not to mention that he is holding a demi-king weapon. It is extremely powerful.

Bang bang bang! !

Boom! !

Tianyuan touched with one shot!

Head-to-head!

Ye Chen is obviously a little tired!

"boom!"

Tianyuan turned around and punched Ye Chen back a few steps, then laughed and said: "You mean thing, you want to fight with me, do you really think he is a great person?"

"Looking at the eighth-level heaven of your emperor realm, your combat power is at least as good as the seventh-level heaven of the gods!"

"In the low martial plane, you are still a thing!"

"But here, it's waste among waste!"

Bang bang bang! !

Boom! !

Tianyuan fired dozens of shots continuously, the breath was extremely terrifying!

"Eh eh, look at these humble things on the low martial plane!"

"If you dare to provoke Master Tianyuan, you won't even die!"

"Yes, but if he is physically weak, he would have been killed by Master Tianyuan long ago!"

"How strong is the physical body, without a strong background, will be a dead word sooner or later."

"Look, after how many moves did Ye Jitian fall?"

"Fifteen tricks!"

"About ten tricks!"

...

The masses talked a lot. In their eyes, Ye Chen was already dead!

Now, just guessing how many moves Ye Chen died after.

Boom! ! !

Then another explosion sounded.

This time, Ye Chen and Tian Yuan actually took a few steps back!

Comparable!

But in fact, Ye Chen's injuries were even more serious!

Tian Yuan's eyes condensed, and he never thought that the ants in his eyes had such a strong combat power!

No one knows what stormy waves are in his heart at this moment!

"Who are you? How could the plane of garbage have such power!"

"Do you hide your cultivation base?"

now.

Ye Chen wiped off the blood from the corner of his mouth and walked towards Tianyuan step by step.

Soon the pace stopped.

Ye Chen's fingers pinched the tactics, and a huge masking formation was formed instantly!

Cut off everything from the outside world!

Ye Chen and Tian Yuan seemed to be the only two left in the formation!

"Ancient Difficulty Formation? Formation where only one person can go out alive?"

Seeing this scene, Tian Yuan really couldn't figure it out.

Because the array in front of you not only shields everything from the outside world, but also only one person can leave!

Is this the other party digging a grave for himself?

"Do you want to know who I am?"

Suddenly Ye Chen spoke.

Walked towards Tianyuan step by step.

In an instant, endless magical energy lingered all over his body, and magical lights appeared under his feet, gradually condensing into a cosmic formation, and three avenues suspended above his head!

The next moment, the eyes of the devil slowly appeared between his eyebrows, and countless demon energy poured into the eyes of the devil.

The eyes of the devil slowly unfolded, condensing a blow of the knife and piercing through the air, like a blow to the world.

"Ok?"

"What is this!"

Tianyuan's expression changed drastically, and he hurriedly waved countless petals to gather into a flower wall as far as he was!

He felt an extreme danger, his subconsciously higher than his sword gang was very dangerous, and it could even hurt his life. If he didn't defend himself, he would die!

Damn it!

How could this descending hybrid have such a strong bloodline power?

Who the **** is it?

Which prince of the top family has been left on the low plane?

Forget it, stop talking!

"The gun broke Qianchen!"

"Flowers dancing!"

Tian Yuan simultaneously performed two great tricks, and even emptied the aura and flower spear power in his body, gathered a huge spear gang, rushed to take the demon sword gang, and at the same time the aura merged into the flower wall, adding defensive power!

boom! !

The devil knife gang cut the gun gang straight open, and then smashed the flower wall, directly piercing Tian Yuan's chest!

With a single blow, Tian Yuan was directly hit hard, making it impossible to fight!

At the same moment, the Ancient Absolute Enemy Formation was directly broken by Ye Chen's power!

Ignore the rules of formation!

But when everyone saw the scene in front of them, they were completely stunned!

Just because the youth standing in the distance is not Tian Yuan at all!

It's the humble ant that came from the low-level plane!

Ye Jitian!

"what!"

"impossible!"

The two captains who had entered the Seventh Floor of the God Realm looked even more shocked! !

Eyeballs seem to burst!

Master Tianyuan how could he suddenly lose?

Really defeated!

Suddenly they thought of something. Ye Xitian said his identity before he took the shot. Could it be that he is a distinguished person?

Can't afford to exist?

Chapter 1449: Today, you are too sharp

Everyone felt Ye Chen's combat power, this was a kind of fear from the depths of the soul!

The key is how could an emperor from a low martial plane seriously hurt Tian Yuan!

Although they haven't seen this process!

But the immediate results gave them too much shock!

"What is the origin of this guy named Ye Jitian?"

"Could it be the descendants of the Lingwu Continent Clan who lived on the lower martial plane?"

"possible!"

"Although we haven't seen the situation inside, the power of this guy's burst does not seem to be weak!
How can the kind of ant on the low-martial plane have such blood power?"

Undoubtedly, this explanation is the most convincing.

Thinking clearly about everything, everyone's eyes looked at Ye Chen also changed.

"bump!"

Tian Yuan's body fell to the ground like a sack, sprayed with blood, and his injuries were extremely serious!

Not for hundreds of thousands of years, obviously it is impossible to recover!

Tian Yuan stared at Ye Chen with cold eyes, as if he had noticed something, but he laughed at this moment!

"Ye Jitian, do you know the price of hurting me!"

"Today, you never want to leave this place!"

"Not only will I let you die without a place to bury you, I will also send people to your low martial plane to look for anyone related to you! Kill them all! This is the fate of offending my Tian Yuan!"

Ye Chen didn't want to cause trouble anymore, but at this moment, hearing Tian Yuan's words, his eyes flashed with a cold light.

Very cold and bloodthirsty.

He walked towards Tianyuan step by step!

However, at this moment! A shocking roar came from the sky!

"Bold!"

"In Tianling City, anyone who dares to hurt me!"

A violent shout came from Qingtian!

A middle-aged man in a black robe stepped into the sky, with a red qi lingering all over his body. He was truly a powerhouse in the Divine King Realm and the lord of the Heavenly Spirit City!

Tianling City is extremely small in Lingwu Continent.

But the authority of the Lord of One City is beyond doubt!

The city lord of the fifth level of the **** king realm, such a cultivation base is that a hundred sects dare not neglect him!

Nowadays, if someone dares to make trouble in his city, he will kill him even more!

"Little beast!"

"I don't care where you are from, what kind of existence is standing behind you, inferior status, inferior realm, if you make chaos in my Heavenly Spirit City, you will die!"

The lord of Tianling City looked deep, like a **** king, looking down at Ye Chen and all of them, as if looking down on his own people!

He waved his hand slightly, and a short knife appeared in his hand, and the blade exuded great power!

The endless coercion shrouded Ye Chen like this.

"Boy, not good!"

"It's a strong man in the Divine King Realm!"

In the cemetery of reincarnation, Nie Baijian quickly said: "You quickly retreat, we will give you some strength!"

"With our current strength, even if we block this guy, there will still be other Divine King Stages coming!"

"Today, you are too sharp!"

"it is good!"

Ye Chen wanted to fight the law enforcers, but he didn't expect the city lord to take the action himself.

In a one-on-one singles, killing Luo Shuyuan and defeating Tianyuan, there was another stronger!

This is something he did not expect.

In the face of entering the realm of gods, even if it is a peak powerhouse, he has the capital of a battle.

But facing the Divine King Realm, Ye Chen at the moment was naturally not qualified.

Fortunately, he has a reincarnation cemetery.

In the next moment, Ye Chen showed countless auras all over his body, and his breath rose steadily. In the horrified eyes of everyone, he actually raised his realm to the second-tier heaven of the God King realm, but only briefly possessed the power of the second-tier heaven of the God King realm. Really in this state!

These are the power that the reincarnation cemetery can give him!

But so, facing the 5th-tier city lord of the God King Realm, there is still no chance of winning at all!

For today's plan, withdraw!

"Using secret methods to ascend to the Divine King Realm!"

"There is a secret method in the world that can cross two great realms!"

"It seems that you still have a lot of cards, so you can have such a heaven-defying secret!"

"However, it's in my hands to die, it's not wasting your previous work!"

The city lord of Tianling City instantly threw the short knife in the heart of his left hand, and a terrifying God King's way emerged from behind, and countless flames burst out of it, all gathered on the short knife, and wanted to kill Ye Chen with one blow!

God is king!

Born out of the avenue, the power is far above the avenue. It looks like the city of Tianling City mainly focuses on the avenue of fire. Now the king of the **** of fire, the power of countless flames is attached to the short sword, and it turns into a flame. Phoenix, rushing away against the sky!

Obviously, this short knife is also a divine weapon!

Shattering~~

Wow~~

The blazing phoenix flashed across the air, seeming to turn the sky of Bai Zhi into fiery red, and even the white clouds were burned, and countless sparks were scattered. Each drop of spark seemed to fall like a star, and smashed one on the ground. A pothole!

"The City Lord has taken action!"

"The City Lord of Tianling City has taken action!"

"Ye Jitian must die!"

"Definitely!"

Many people have spoken out their own fairy weapons, opened a protective cover to resist the dripping of sparks, but the sparks collided with the protective cover, still lingering after their debut, making everyone feel lingering!

Fortunately!

Fortunately, the city lord did not wait for me to take a shot, just the sparks that fell, I couldn't bear it!

If it were bombarded by that blazing phoenix, even the mighty powerhouse in the early stage of the Divine King Realm would have to die on the spot!

"No, this old guy was cruel!"

"It must be retired!"

Ye Chen has a heavy gaze, holding the Soul Slayer God Spear in his right hand, continuously accumulating demon energy, and at the same time, with the help of the power of demon energy and spiritual energy, he is ready to explode! At the same time, he took out five spirit orbs with his left hand, which was the five element spirit orb array that Qiye Shenjun taught him!

The City Lord of Tianling City in the middle of the God King Realm, even if it was just a random blow!

But to Ye Chen, it was a fatal danger!

In this way, two moves must be erupted, one to resist the blazing phoenix flying in front of you, and the other to repel the City Lord of Heavenly Spirit, before you can retreat!

No matter how unwilling you are, you have to retreat!

This old guy, relying on the strong to bully the weak, beat me in the middle stage of the **** king realm!

Shameless!

When I am promoted to the gods, I will come to him to settle the account!

Shattering! !

Five Spirit Orbs soar into the sky blooming in five colors!

The Fire Element Spirit Orb released countless flames, which turned into a blazing phoenix to kill, with the heaven-defying aura of killing, and its power was not much worse than that of the blazing phoenix.

The water spirit pearl turned into a water dragon, and the dragon body shone with countless luster, like a great wall of steel, crushed and killed!

The Jinmu Lingzhu turned into a phantom of a hundred-foot giant, armed with two swords to shoot out, across the sky, with mighty momentum!

Finally, there is the Earth Spirit Orb, based on the thick earth, arousing the dragon's energy around it, and gathering a demon cow, which also flies out!

"Devil Spear of Nirvana!"

"The Five Elements Spirit Orb!"

"go with!"

Ye Chen exploded with all his strength, slamming the Soul Demon God Spear suddenly, and offering a shot, the magic energy of the four directions was vertical and horizontal, and the tip of the spear shot out a lustre, as if to trace the elapsed time, countless extinguishing Buddhist texts lingered around.

Chapter 1450: Kill Ye Jitian!

Bang bang bang! !

Boom! !

The two attacks collide, creating an extreme explosion!

The four phantoms transformed by the Five Elements Spirit Orb burst together with the blazing phoenix, and turned into flying fragments. With such a blow, it actually flew a divine artifact!

But the aftermath shook Ye Chen severely, his upper body's clothes suddenly shattered, and all the scars were shocking.

You can't fight for long, or you will die!

boom! !

On the opposite side, the Demon Spear of Nirvana directly touched the shoulder of the City Lord of Heavenly Spirit City, knocking it back ten steps!

At this moment, even though he had been mentally prepared for a long time, the city lord of Tianling City still set off a stormy sea.

He never thought that he would be repelled so many steps by an emperor realm!

The key is still in full view!

Where do you want to put the might of his city lord!

An angry fire ignited in his heart, and his entire face was black!

"puff!"

"Kill Ye Sitan!"

"Everyone can't let him leave Tianling City!"

The lord of Tianling City lowered his head, his expression became more shocked, his demi-god armor was actually broken!

He originally wanted to fight again, but he felt a violent pain. He looked down at the wound on his left shoulder, and it was rapidly corroding, and his life was weakening!

The power of death!

Ye Xitian, this little bastard!

The way of nirvana, to extinguish my life?

Damn it, **** it!

Immediately, the city lord of Tianling City mobilized aura to restrain the power of Nirvana Buddhism, but he could no longer make a move!

He looked at Ye Chen who was about to leave, and roared: "All the law enforcers, go, Ye Jitian leaves Tianling City, you all will die!"

Ye Jitian!

Dare to hurt me, little bastard!

Don't cramp the peeled skin, and don't understand the hatred!

"Yes!"

"Yes, Santo!"

"Kill Ye Sitan!"

"Kill Ye Sitan!"

Hundreds of law enforcement officers swarmed, and quickly rushed under the gate tower!

Among them were three law enforcement agents who had entered the nine-level heaven of the gods, and three or four hundred people who had entered the gods rushed forward, not believing that one could kill a badly injured Ye Jitian!

Ye Jitian!

No matter how strong it is, it can be hit hard by the city lord!

I will kill him when I wait for it!

"Also chasing?"

Ye Chen looked at the scene behind, his eyes flashed with determination.

His power is fading rapidly.

Not only that, but scarred!

There is nothing wrong with stepping into the Lingwu Continent without fear of power.

This is his Ye Chen's way.

But it also requires tolerance.

He is here to become stronger!

Right now, he must leave alive.

Faced with the impact of so many powerful men, three words suddenly appeared in Ye Chen's mind!

Thousands of soldiers burst!

Ye Chen jumped down and landed outside the city. He quickly took out thousands of 9th-grade spiritual artifacts and more than 200 incomplete artifacts. He threw his brain directly behind him, turned around and ran, waited a safe distance, and then detonated. !

"what?"

"Fairy tool?"

"Spirit weapon?"

"This Ye Xitian is quite generous, he actually wants to use fairy tools to buy us?"

In the crowd, dozens of law enforcement officers caught the fairy and spirit weapons thrown by Ye Chen with a blank expression!

how?

When running away, throw immortal artifacts, thinking we will pick up immortal artifacts and spirit artifacts?

Not chasing you?

"This idiot, kill him, these fairy artifacts are ours!"

"Yes, catch him and kill him!"

"kill....."

Just as the hundreds of law enforcement officers rushed out of the city, they were just in the range where the fairy and spirit weapons were scattered!

I only saw Ye Chen pinch his fingers in the distance, the power of the soul surged, and suddenly he shouted: "Thousand soldiers burst!"

Boom boom boom! !

Boom! !

Immediately, there were bursts of sound, and countless smoke and dust rose together, and soon blood flew across, and law enforcement officers were bombed everywhere.

Even more people faced the spirit weapon and fairy weapon exploding, they were obliterated by the shock wave on the spot, and the southern gate of the huge Sky Spirit City was blown up.

Everyone was shocked by such a burst!

When the people and some casual cultivators and sect disciples arrived outside the city, they looked at the corpses on the ground and the law enforcement officers moaning in pain, with a shocked expression!

Although law enforcers kill innocent people all the year round, they all hate it.

But such a picture still makes everyone tremble!

Ye Jitian!

You blew up so many immortal artifacts and spirit artifacts?

How did you do it?

If the weapon is detonated, isn't it the main body will be severely damaged?

How could Ye Xitian detonate so many weapons, and still run so fast?

"City Lord!"

"Ye Jitian detonated countless celestial weapons and spiritual weapons, causing heavy losses for our law enforcement officers!"

A law-enforcer who had entered the Nine Heavens in the Divine Realm arrived by luck.

He was running slowly at the time, just at the edge of the explosion range. At the moment, he was also shaken with blood by the aftermath of the explosion. After counting the situation, he came to the report to report: "City Lord, my law enforcers have suffered heavy losses. Five hundred emperor state law enforcers. , No one survived!"

"Four hundred law enforcers in the gods!"

"Three hundred serious injuries, one hundred minor injuries!"

"The 15th law enforcement captain in the late stage of the gods, including me, was all seriously injured!"

"Ah, Ye Jitian!" The city lord of Tianling City skyrocketed, with countless thunder and lightning exploded behind him, and roared: "From now on, all the direct forces in Tianling City will chase and kill Ye Jitian!"

Ye Jitian!

My law enforcement team! With so many law enforcement teams, you dare to explode the magic weapon to kill them!

you wanna die!

The lord of the city will destroy you!

The lord of Tianling City almost passed madly, these law enforcers are his own soldiers!

He is the city lord of the Heavenly Spirit City in name, but he is the city lord appointed by the Beigong family. This Heavenly Spirit City is not his personal product. The law enforcement officers with about a thousand people are his real guards. what!

A thousand law enforcers!

Five hundred emperors are at the pinnacle, five hundred are in the gods!

Among them are the four leaders who have reached the peak of the Ninth Heaven in the Divine Realm, and the two early vice-lords of the Divine King Realm who are in retreat!

This is all his possessions, but Ye Jitian immediately abolished his law enforcement team.

That's right, detonate thousands of artifacts and two hundred incomplete artifacts!

Directly killed five hundred emperor realm law enforcement officers, and even severely inflicted other divine realm law enforcement officers. If it weren't for a team of hundreds of divine realm law enforcement officers who hadn't come, I am afraid the loss would be even heavier!

As for the four hundred law enforcement officers injured by the bombing, they have not been able to recover in less than ten years!

It is equivalent to returning to before liberation overnight.

Decades of hard work for it, once all wasted!

"Old man!"

"Since the Beigong family rushed to Tianling City to take office, there has never been such a shameful shame!"

"Two Deputy City Lords, come out!"

The city lord of Tianling City shouted violently and summoned two deputy city lords and a hundred other law enforcement agents!

He stared at them fiercely, and said: "Now, this low-level **** named Ye Jitian, dare to destroy the law enforcers of my Heavenly Spirit City!"

"Now, all law enforcement officers, law enforcement officers capable of running!"

"Including the two deputy city masters and the three who have entered the God Realm Nine-level Heavenly Capital, they all left the city to kill Ye Sutian!"
