

Urban Medical 1491

Chapter 1491: Go crazy!

The seven-handed six-rank fairy tool long stick swept across in a decisive match, and a dull voice sounded in the middle of Ye Chen's chest!

Ye Chen turned around and grabbed the seven-handed long stick, and directly collected it in the reincarnation cemetery, "I want to see how many fairy sticks you have!"

Whizzing! !

Five six-rank fairy sticks were drawn again!

Ye Chen showed his golden body, and directly resisted the long stick, resounding several voices, and immediately grabbed the fairy long stick and put it into the reincarnation cemetery again. He took the initiative, his stature was agile, and he passed the other Arhats before taking away their fairy sticks directly!

"Eighteen bronzes?"

"I won't let you end up!"

"I will take your weapons directly and see how you end up!"

As soon as the voice fell, the eighteen bronze men quickly pulled out and united, opening a formation to defend against the enemy!

"Can you still end up?"

"Collect your fairy stones and see how you end up!"

Ye Chen rushed, fighting the power of the flesh, and directly smashed the eighteen bronze figures with claws in his hands, directly reaching into the hearts of the two bronze figures, and grabbed two high-grade immortal stones. The energy source of the Tongren was like a plug Like a robot, it fell to the ground!

Ye Chen encountered a similar battle puppet as early as when he entered the palace of the Emperor Shendan!

He naturally knows how to solve it!

Within a few tens of seconds, Ye Chen pulled out eighteen bronze immortal stones.

咚咚!

Every time the bell rang, there were two more bangs!

Ye Chen glanced intently, and the door opened to the back, which was a passage to the second floor. In the other door, a first-grade divine king artifact was placed, with three large characters engraved on it—Jiangmochu.

The prohibition on Jiang Mochu was automatically released. He grabbed Jiang Mochu, looked at the surrounding situation, and thought: "You should get a divine artifact by breaking it once!"

"There should be eighteen artifacts on the shelf!"

"Now there is only one piece. There should be a lot of people who broke the first floor and took away the other seventeen pieces of the magic pestle!"

"Monk Nianxin, there should be a magic pestle!"

Ye Chen collected eighteen bronze men as his trophies. He thought about it: "Only the first layer has the Divine King's artifacts, and there should be a lot of rewards in the future. Instead, we have to seize more Divine King's artifacts and repair the Soul Demon Guns Excalibur!"

Both weapons are broken!

If you continue to use it, I'm afraid it will break, and you need to melt other divine artifacts to repair it!

"Golden Buddha Wenchi and eighteen Hunyuan Immortal artifacts! The two artifacts should be at the top level!" Ye Chen stepped on the second floor and saw the same eighteen bronze formations, but the level was obviously higher than before. Much higher, a single combat power is comparable to the seventh level of the gods!

Ye Chen then began to break the formation.

One hour later, Ye Chen arrived at the fifth floor. Because he broke through the fourth floor, he obtained seventy-two battle puppets in the divine realm, four early divine king artifacts. On the fifth floor, he met a strong guard here. , The strength is comparable to the second-tier heaven of the Divine King Realm. Obviously, Monk Nianxin should have defeated here!

While Ye Chen broke the formation, there were golden Buddhist texts outside the Tianshou Pavilion!

The crowd outside stared at these Buddhist scriptures, without a change in their expressions, they knew that someone was breaking the barrier!

Kuang Bai looked around and found that the monk Nianxin who could enter the interior was still nearby, and his expression changed, "Could it be that Ye Sutian broke the barrier?"

Everyone just came in, they are still gathering in one place!

Except for the hundreds of people who were killed by accident or provocation, everyone else was there, and those who were absent, or others who were irrelevant, were not strong, but Kuang Bai discovered that Ye Sutian was not here!

It stands to reason!

Of the two thousand people this time, half of them have never entered the Golden Buddha Tantric Site!

The time limit for the site is seven days. On the first day, everyone will figure out the terrain and break some formations. On the second or third day, everyone will go to the mountains and forests to find various treasures. Just after coming in for a while, they will go directly to the inner castle tower to break the pass. Of people, almost none!

Can go inside to break the customs!

It's nothing more than two or three hundred people!

These two to three hundred people are all monks and monks in the Vacuum Temple, Wuxiang Temple, Wuxiang Temple and other temples. The strongest among them is the Nianxin Monk. Even the Nianxin Monk did not go. Then who is breaking the barrier?

Is there any possibility that, directly breaking through to the fifth level, it will resonate with the castle tower and the golden shield?

Only Ye killed the sky!

"Damn it, Ye Jitian broke the barrier internally!"

"Let's quickly look for the breakthrough of the Divine King's artifact, break into the interior together, and destroy him!" Wuhen left immediately and went straight to the mountains and forests, going to the temple of the Divine King Realm powerhouse there to find the breakthrough of the Divine King's artifact!

"Without God King Realm cultivation base, you can't forcefully enter inside!"

"Let's break through first, and enter the inside together, to destroy Ye Jitian, and we can't let him break through to the gods!"

"Otherwise he will be chasing us!"

Leading figures such as Kuang Bai, Chen Ben, He Xuan, Lin Xuan made up their minds, and rushed toward some broken temples with a sense of formation, and stormed the golden shields on the temples. Other fellow juniors were also helping them!

It is extremely difficult to break the golden shields of some temples and houses!

Any one requires the combat power of the Divine King Realm, and it takes dozens or hundreds of people to break one. This is the reason why the outside world has not been wiped out for so many years. For one thing, the time is too short and the second one is too large. may break the shield and be snatched by later generations!

But no matter how many people are now!

Everyone's goal is to break the boundary, to kill Ye Chen, to avoid being killed by Ye Chen!

Whoosh whoosh! ! !

A powerful person broke through the formation and left, and Monk Nianxin checked his left and right, and found that more than 1,800 people had already dispersed, and the people who were still around were all Buddhist cultivators!

"Master Nianxin!"

"Let's go inside too!"

"We can directly enter the interior. Last time we didn't break the first level. This time so many people will definitely be able to!"

Many monks who have entered the eighth-level heaven of the gods, and those who have first entered the nine-level heaven are narrating!

"Do not!"

"Go to the temple on the mountain first!" Monk Nianxin looked at the golden light castle tower and said, "I only broke the fourth level. The fifth level did not have the strength of the second and third heavens of the Divine King Realm. It is difficult for me to break open. !"

"Ye Jitian should take a while!"

"Let's go to the well-surveyed temple first and seize the Seventh-Rank Divine King Tool. After I break through, I will kill Ye Sitian!"

Monk Nianxin was impatient, Ye Xitian was too fast, he thought that Ye Xitian couldn't get inside, everyone could take it slowly.

Unexpectedly, Ye Jitian was the first to come in, and he was the first to enter the interior, and he was also the first to pass the barrier. If this goes on, everyone will be finished!

Be sure to break through the ninth level before Ye Jitian breaks the ninth level and get a good breakthrough from the king's artifact, so that you can protect yourself!

Monk Nianxin led two hundred and seventy monks who had entered the late stage of the God Realm, rushed to the Baizhang mountain on the left, to break open the golden shield in front of the temple, which is a temple where the Buddha lived on the eighth floor of the God King Realm. Good prospecting long ago!

This time it is estimated that by gathering the power of everyone, it will take less than half a day to break!

Spend another day to break through the realm, and after breaking through the realm, go directly to kill Ye Jitian to avoid being killed by Ye Jitian first!

Chapter 1492: Not optimistic!

Within the Golden Buddha Esoteric Buddhism, more than a thousand people acted individually, and some gathered everyone's strength to break the shield, and the moment they got the Divine King Tool, they killed each other, and some broke the shield, but were snatched by others.

Only the team led by Kuang Bai, Nianxin Monk, He Xuan, Lin Xuan, Wuhen, Chen Ben, etc., is fairly stable!

In the Tianshou Pavilion, Ye Chen was still dealing with the strong man, he didn't care about the thoughts of outsiders.

Even if it is a murderous intent to him!

He knows very well that only by strengthening himself and making continuous breakthroughs is the kingly way of survival in Lingwu Continent!

Outside in the canyon, Uncle Zheng had extraordinary eyesight. He saw the lingering Buddhist scriptures in the ruins. He couldn't help but wondered: "Who is it? Just one hour after entering, he has broken the four barriers!"

"It should be my heart!" Wuyu presided over with his hands together and said, "Amitabha!"

"My Temple Nianxin originally wanted to obtain a Seven-Rank Divine King Tool Zen Staff, but I didn't expect him to go directly to the Tianshou Pavilion to break through! I am indeed a big disciple of my Vacuum Temple, Lao Na is very pleased!"

He bowed his head slightly, seeming to signal other people, but there was another arrogance in his eyes!

My heart!

This time I went in for an hour and broke four levels in a row!

Seven days is enough to break through the nine barriers, or even enough to break the boundary internally, maybe 15 barriers!

"I don't think so!"

"Maybe I sent He Xuan and Lin Xuan!" Elder Zilin Zonglinkuan hugged his hand and said slowly: "The shield of the Golden Buddha Tantric Buddhism has weakened too much over the years. The shield outside the castle tower inside, Maybe you can't stop individual strong people!"

"Especially like I sent He Xuan!"

"The combat power is not low, and it is the second highest in the ranking. It is the same if you directly enter the castle tower and break the pass!"

"It's not bad for me to send Li Hong, first in the sky list!" On the side, the sun-cutting elder lightly touched his beard and smiled: "I send Li Hong, the power is comparable to the three-tier heaven of the gods, even breaking four levels, too It is also possible!"

"I send the kingly way, third in the sky list..."

"I sent Kuang Bai, sixth on the top list..."

"I send Chen Ben, eighth on the top list..."

"I sent..."

Many old men praised their own disciples. At the moment, they felt that they were their own disciples. They broke four passes in the castle tower!

I even think that before the seven-day deadline, break ten levels in a row and get a top-notch artifact!

Bei Gong Ziyu listened, shaking his head, and whispered: "Don't be happy too early, what if it's my master?"

"Ye Jitian?"

"Miss Seven, are you kidding me!" The elder of the Zhanri faction laughed, "Ye Jitian uses his hole cards to have the power of the king of the gods. How can he use his hole cards to break through the level. The normal strength is not comparable to Mufeng, but I sent Li. Hong is number one on the top list!"

"You can crush him whatever you want!"

"Indeed, Ye Jitian used his hole cards, it seems that the consequences are not light, it is impossible to break the game with his hole cards!"

"The true strength is by no means as good as Wang Dao, Li Hong and He Xuan, it is definitely not him who broke the barrier!" Many elders denied it!

What a joke, breaking through is not a competition!

Ye Xitian killed only one Mufeng, and it seemed that the price was not small, how could it be possible to pass the level so quickly!

"Maybe Ye Xitian is being chased and killed now!" Mu Suiyuan said leisurely, "It is estimated that he will not survive for a few days!"

More than 30% of the people who entered the Golden Buddha Tantric Site, at least 500 or 600 people wanted to kill Ye Sutian!

Without him!

Ye Jitian is too strong!

He is immortal, we can't get good treasures, such treasures as the Divine King Tool will be snatched by Ye Jitian!

Furthermore, no one can resist Ye Sutian alone, comparable to the power of the Seventh Heaven in the Divine King Realm!

Kingly!

Li Hong!

He Xuan!

The three top three strong players can't stop them!

The three of them can do it alone against the second and third layers of the God of War Realm, and they even have a good chance of winning, but to fight against Ye Jitian who can burst into the seventh layer of the God Realm, they will undoubtedly lose. We must first unite, and a hundred people will enter the nine-layer heaven of the divine realm, and they still don't believe in killing Ye Sutian!

"The Seventh Floor of the Divine King Realm?"

"So strong, so weak!"

"Hundreds who enter the nine levels of the gods can slaughter seven or eight levels of the gods!"

"If you enter the four hundred people who have entered the Divine Realm Nine Layers of Heaven and all work together to fight against the Hunyuan Realm One Layer of Heavens, it might not be impossible!"

Mu Sui wished a smile on his lips and said: "It's just a pity that 400 disciples of each faction who enter the Nineth Floor of the Divine Realm are difficult to cooperate, but the 200 disciples of our nine schools who enter the Nineth Floor of the Divine Realm can. Work together to kill Ye Xitian, no matter what!"

He hugged his hands and looked at Beigong Ziyu, and said slightly, "Miss Seven, this time, I'm sorry!"

"When I entered, Kuang Bai, Chen Ben, and I sent Mulan all said that Ye Sitian was a threat!"

"They want to get rid of Ye Sutian first, but Miss Seven don't worry, your master, we will leave the whole body for you!"

"You don't have to be too angry, I will give you a vaccination first, then don't be anxious and make trouble with our nine major factions!"

Nine factions work together!

Gather the top 50 of the top 50!

There are more than two hundred people in the Nine-layer Heaven in the Divine Realm, don't you still believe that Ye Sutian can't be killed?

This situation really made Ye Jitian run away, wouldn't it be laughable and generous?

"you!"

"Uncle Zheng!" Beigong Ziyu looked at Uncle Zheng!

Uncle Zheng shook his head slightly and said through a voice transmission: "In the Golden Buddha Tantric Ruins, life and death are in the sky. Death and injury are beyond our control! We can only hope that Ye Jitian will be smarter, avoid as much as possible, and come out by himself in seven days! "

In the eyes of Uncle Zheng Ye Jitian is indeed a monster!

But the edge is too exposed!

The battle power of the Seventh Heaven in the Divine King Realm broke out, and Mu Sui was deliberately exaggerated, directly becoming the target of everyone!

He is also the nine-tier heaven of the emperor realm!

Faced with the assaults and killings of more than two hundred people who have entered the Ninth Heaven, how can they not die!

The two hundred people who entered the Ninth Level of the Divine Realm, of which the top 50 are all at the pinnacle of the Ninth Level of the Divine Realm, their strength is only one line behind those of Mu Feng and Wang Peng who died in battle. They exclude the Divine King Artifact and Hunyuan Immortal , But look at the ranking of your own combat power!

So, fifty people are all kinds of leaders!

The other one hundred and fifty people, some are just entering the Ninth Heaven, some have to stay for a few months, the combat power is not too high, but they are definitely invincible!

Under such circumstances, an older person such as the City Lord of Heaven had to fall on the spot, let alone Ye Jitian!

If you face it!

Sure to die!

If you avoid it, you may live!

Beigong Ziyu sighed, knowing so long ago, he should warn the master, don't explode too much in the explosive force, attract the attention of all parties, and the edge is too revealing! I can only hope that Ye Xitian will not die. As for the serious injury, no matter how serious the injury is, he can be cured!

After all, in the future, to practice the way of dying, Ye Jitian's help is needed!

"Uncle Zheng!"

"You contact Elder Li Longjiang and ask about the situation of Lingyun Xianzun!"

"Such as the new disciple of Lingyun Xianzun, where they have been recently, etc.!" Beigong Ziyu took out a jade pendant, handed it to Uncle Zheng, and said, "This is my reward to Elder Li, comparable to one The value of the Sixth Rank Divine King Tool!"

"Okay, Miss Seven!" Uncle Zheng took the jade pendant and began to use the communication token to contact the elder Li Longjiang of the Beigong family. The opponent is a powerful man in the Hedao realm. Please deal with it with a jade pendant that is comparable to the Sixth-Rank Divine King. Exploring some information is already a good face!

Chapter 1493: The strongest hole card right now!

At the same time, within the Golden Buddha Tantra.

In the Tianshou Pavilion, Ye Chen was sitting in the room on the eighth floor, covered in blood, and holding two handles that he had just obtained the fifth-ranked divine king artifact, the magic pestle, sighed slightly: "The Buddha who appeared on the eighth floor is already a **** The fourth level of heaven!"

"Fight up again, on the ninth floor, it is very likely that the Buddha war puppet of the fifth floor of the Divine King Realm is sitting here!"

"Either it is the golden arhat transformed by the thought power of sentient beings, or the strong one who was trapped here in the past!"

"It's no wonder that from the sixth floor, every room has eighteen divine artifacts. It turns out that people in the past have never come up!"

He took several healing pills, and the wounds on his body were still healing. With the help of Ice Sword Immortal Venerable, he passed through five, six, seven and three levels, and forcibly obtained nearly fifty divine artifacts, but they were all first, second and third grades. The king's artifact.

Each level has eighteen artifacts!

However, everyone guarding each level has the second and third heavens of the Divine King Realm. Those who have this kind of combat power and enter the 9th heaven of the Divine Realm, such as Wang Dao, Li Hong, etc., are not qualified to enter. The strength is not high, unable to continue through the level, has been stuck in the fourth level.

I have opened the Golden Buddha Esoteric Relics many times in the past, and almost all of them have reached the fourth level!

That's why Ye Chen can get so many divine king artifacts, but he can go up and pass the level. He can't break the boundary, but the highest grade divine king artifact he currently has is the sixth-rank divine king artifact, the Divine Sword, which is still incomplete. .

In this way, I am afraid that the combat power will not increase much!

Whizzing! !

Suddenly, several sacred pillars rose outside the window, leading straight to the sky, full of a strong breath!

Ye Chen came to the window to take a look, his face changed slightly, and he said: "He Xuan, Lin Xuan, Monk Nianxin and other seven people are beginning to break the boundary! Looking at the momentum, they use the fourth and fifth grade divine artifact, broken After the realm, it should be the third or fourth heaven of the Divine King realm!"

"It takes a day to break the border!"

"Meaning, I only have one day!"

"But there is no Hunyuan Immortal Tool, will I break the realm after I break it?" He is in a great entanglement. Breaking the realm at this moment will not increase the future cultivation much, but if he does not break the mirror, he may be rushed in He Xuan and others. Even the castle tower will be shattered. When the castle tower falls, you will not be able to get any benefits!

Qiang Qiang! ! !

Qiang Qiang! !

Suddenly, there were bursts of broken sounds!

In the land of reincarnation, the three tombstones were full of cracks, overflowing with the golden light of the peaceful Buddhism, and then the three tombstones shattered, and three figures jumped out, all holding the magic pestle, wearing white monk robes, like a holy monk.

They are three golden Buddhas in the Hunyuan realm!

The origins of the three golden Buddhas from the Golden Buddha Tantric Buddhism have also been intercepted!

A series of Buddhist scriptures linger on the three golden Buddhas, making them extremely peaceful and sacred.

As if it were the real golden Buddha in Chinese legends, the lingering Buddhism power was extraordinarily soft, and it felt like a fight, no matter how powerful it was, it would not kill anyone!

Three golden Buddhas!

Two of them are tall and thin, and look like the legendary Sunlight Buddha and Moonlight Buddha!

Another golden Buddha with a kind eyebrow and a kind eye, holding an elixir in his hand, is like the Medicine Buddha in Chinese legend!

Ye Chen stared at the three golden Buddhas, slightly clasped his fists and said, "Ye Chen, the reincarnation cemetery, has seen three seniors!"

"you are?"

"This is the reincarnation cemetery?"

The three golden Buddhas were obviously a little surprised, looking around at the surrounding environment.

But when they saw the weak Wang Qiantian and the towering Bing Sword Immortal Venerable, they couldn't help but shocked!

There is also a strong man in the Harmony Dao state, and a strong man in the good fortune state!

Bingjian Xianzun stood up and said lightly: "The three are the Golden Buddha Tantric Buddhism, the Sun Moon Buddha and the Medicine Buddha among the 18 golden Buddhas, right!"

"The poor monk is exactly!"

"Correct....."

The three golden Buddhas all put their hands together, nodded slightly towards Ye Chen, and then nodded towards the Bingjian Immortal!

The Chinese Medicine Master Buddha walked forward slowly, and a memory appeared in his mind, which seemed to be the memory of how he came to the Samsara cemetery. At the same time, the Moonlight Buddha and the Sunlight Buddha also recalled the original situation at the same time!

"Hey!"

"Back then, I shouldn't have waited to extradite the evil demon into the clan forcibly!"

"I thought that the evil demon would only lay down the butcher knife. I can wait for him to become a Buddha, but I don't want to end up sending him!" Moonlight Buddha sighed. They all have the peak combat power of the Ninth Layer of the Hunyuan Realm, which is different from other big ones. can!

Other powers, the power of Kunlun Void, the power of Universe Killing Domain!

The true body is still there, and the source intercepted by the reincarnation cemetery is only 10% of the combat power of the body, and at most two to 30% of the combat power.

But these three golden buddhas are not low in combat power, but there is no space law, simply with majestic aura, the true combat power may only be comparable to the first or second level of the Hunyuan realm!

"The past is gone!"

"I thought I didn't have any chance when I was destroyed by that force!"

"Unexpectedly, a force was intercepted by the reincarnation cemetery, accumulated over the years, and restored a lot of combat power!"

Pharmacist Buddha nodded towards Ye Chen and said: "Since you are the tomb owner of the reincarnation cemetery, I am not dead yet, thanks to you, I will follow you from now on!"

He slowly said: "It's just that we have been destroyed to the flesh, and now it is only divine consciousness. Although this divine mind body has accumulated nearly a thousand years of power!"

"But after all, there will be a depletion day, and there are not many who can help the tomb owner. Please also the tomb owner to make good use of our power!"

The two Buddhas, Sunlight and Moonlight , all sighed!

He did not die that year, obviously there is still a mission that has not been fulfilled, and now to be born again is to complete the mission and help the tomb owner!

In this way, even if you die again, you can feel at ease!

"Three seniors!"

"Don't be so overly sad!" Ye Chen clasped his fists and said cautiously: "The three seniors have very strong minds. You only need to find a physical body, possess it, and then it will take a while to merge, and you can live again!"

The three golden Buddhas at the peak of the Ninth Heaven!

Although the Hunyuan Realm is not too much to see, for the current Ye Chen, it is also an excellent thing to have such a boost!

Their combat power is still above the Ice Sword Immortal Venerable, the Ice Sword Immortal Venerable only has 10% of the body's combat power, but they are flourishing!

Even if the Golden Buddha Esoteric Buddhism is released, they can also use their power to destroy the Golden Sword Gate!

"No!"

"No!"

The two golden Buddhas of Sun and Moon shook their heads and refused at the same time!

Pharmacist Buddha sighed: "I am a Buddhist man, since my body is dead, how can I seize the body of others and fulfill my own affairs?"

"Three seniors!"

"Since other people's bodies cannot be used, I can build three weapon bodies for the three!"

Ye Chen said lightly: "Take the Divine King Tool as the carrier, the weapon as the body, and the Divine Mind as the spirit! You can continue to use the law of space until later, and then blend in some heavenly materials to make it a real body. It's not impossible!"

Ye Chen affirmed that if this plan is successful now! He will not be afraid of some threats in front of Lingwu Continent!

This is more likely to be his strongest hole card right now!

Of course, this move has great risks!

Even Ye Chen might be bitten by himself!

However, the wealth and wealth insurance is seeking!

Chapter 1494:

Ye Chen was excited, after all, these three divine thoughts can definitely solve the predicament before him!

But this method is too risky and difficult.

This is a refining secret technique accidentally revealed by the forging god.

Even the forging **** warned Ye Chen that he would never use this method as a last resort!

In fact, physical training!

He cultivated into a golden body during the domineering stage, and his body was as solid as a fairy!

In the transformation phase, which contains the qi into the body, the physical body at this moment is already equivalent to the divine king's weapon. The physical body is gradually turning into a weapon, and one's own flesh is tempered into an absolutely powerful weapon as much as possible. In the divine body stage, the physical body is directly a weapon!

Even some of the elements on the body can be used to create Hunyuan Immortal and Hedao artifacts!

It's just the damage!

Ye Chen suggested that it complements the martial arts. In the end, it is necessary to refine the body to be comparable to weapons, even more than weapons. It is feasible to use weapons to build the body for the three golden Buddhas in advance!

The three golden buddhas looked at each other and all nodded!

Yao Guangfo sighed and said, "So thank the tomb owner. My Buddhism pays attention to cause and effect. The tomb owner builds our body for us. We are willing to pass all the exercises to the tomb owner, and hope that the tomb owner will not mind!"

"Apprentice Ye Chen!"

"Meet the three masters!" Ye Chen directly clasped his fists and knelt down, saying: "Since you pass the exercises, then you will be the masters. Please three masters to be worshipped by me!"

咚~~

Ye Chen kowtow.

The three golden Buddhas looked satisfied, and they had just woken up and met a peerless talent like the owner of the tomb. They were not only willing to build their bodies for themselves!

It is also a blessing to worship yourself as a teacher!

"The tomb owner!"

"After many days, the deity also wants to know, are you willing to be my disciple?" Bingjian Immortal Venerable said with a smile.

"I have seen Master Ice Sword!" Ye Chen also gave a teacher apprenticeship!

"Hahaha!"

"it is good!"

"It's so good for me to have such a Tianjiao disciple!" Bingjian Immortal held Ye Chen up and laughed: "After I go out this time, I will teach you a sword technique, which I created in the past and cooperates with time and space. Sword Art has a unique effect!"

"Thank you, Master!"

Ye Chen nodded slightly, then looked at the other three golden Buddhas, and said: "The three masters, what was the situation back then, why were they killed by the strong of the Beigong family, but the Beigong family wantonly slaughtered?"

"No!"

"At the beginning, the host brought back a strong monster from the endless sea!"

Pharmacist Buddha sighed and explained: "We saw that this strong person has a high level of cultivation and a level of harmony, so we wanted to converge with the strengths of the whole school to make him work for me! It's just that we didn't expect that in the process of conversion, The two hosts were beaten back into demons, and they are about to slay the sect and slaughter the world!"

"When the fifth elder of the Beigong family learned about it, they came to punish the strong man!"

"But when he came, all of our factions had been demonized, and the five elders had to move to a place of formation, to smash us all!"

"The coercion of the Fifth Elders is blooming! To obliterate thousands of disciples who have already been enchanted in the realm of gods!"

"At the last juncture, before the place of formation is about to fall, the host suddenly awakened and used a trip to exterminate the devil, and joined forces with the surviving golden Buddha to arrange the outer space shield, hoping that after our death, there will be Buddhism. People get our heritage!"

"Don't let our Golden Buddha Tantric Buddhism be buried deep in the ground, and the exercises will never see the sun!"

Pharmacist Buddha said lightly.

In the first war, the reason was that the desire to save the strong could not be achieved. Instead, the whole faction was demonized and was about to fight out, and was stopped by the five elders of the Beigong family!

It is a pity that the demonized monks cannot get rid of the demon nature unless they exterminate themselves. They are simply killed one by one. The other Arhats, the golden Buddha, and the host wake

up at the most critical moment, knowing that they cannot escape, so they are arranged before death. The space shields were subsequently destroyed by the Five Elders!

Finally, the formation of the land cover was pressed down, but it did not really suppress the Golden Buddha Tantric Buddhism!

The five elders also simply left this place as a place of experience for the surrounding hundreds of factions!

Ye Chen listened carefully, and suddenly thought about something, and said: "Three masters, since I am your disciple and the only disciple of the Golden Buddha Tantric Sect, all the things in the Golden Buddha Tantric Sect are not all Should it be mine?"

"Three masters, how can I quickly enter the Golden Buddha Wenchu? I want to temper my body, and at the same time you left eighteen Hunyuan Immortal artifacts, where are they? I want to use them to break through, and of course I will leave some for you. Build your body!"

After listening to this, Yao Guangfo sighed, it seemed that this could only be done!

My own disciple of Tianjiao, who also has Buddhism techniques, is also a disciple of myself and others, and he is really considered the last disciple of Golden Buddha Tantra!

"The tomb owner!"

"This is a token!" Moonlight Buddha used his own breath and thought power to condense a token, handed it to Ye Chen, and said: "The Tianshou Pavilion does not ban me. In the past, I can enter at will. You hold my order. The cards can go straight to the top level!"

"Golden Buddha Wenchu, on the fifteenth floor!"

"Eighteen Hunyuan Immortal artifact, I remember it was on the twenty-fourth floor!"

"The two artifacts of Hedao are at the top, the twenty-fifth floor!"

"The other layers are either Divine King Artifacts or Golden Buddha's exercises. You have to collect them!" He sighed and said: "If there is a chance to rebuild Golden Buddha Tantra in the future, these are all necessary. of!"

"Thank you, Master Moonlight!"

Ye Chen took the token and went directly to the ninth floor. After taking out the token to signal, the guarded Buddha and puppet directly opened the door of the tenth floor, as well as the door to store the gods! He took the Divine King Tool and walked straight up, a smile appeared at the corner of his mouth, "This token is easy to use!"

"Go to the twenty-fourth floor first!"

"Take a piece of Hunyuan Immortal Tool to break through, and then go back to fifteen layers to temper the flesh!"

Ye Chen acted with this idea, searching all levels of divine artifacts and techniques along the way, except for the fifteenth floor of the Golden Buddha Wenchu, which could not be moved, and almost all the treasures up to the twenty-fourth floor were let him take!

Shattering! !

Wow! !

Enter the twenty-fourth floor!

Eighteen Hunyuan Immortal artifacts, suspended in mid-air, have all kinds of things.

Zen sticks, descending magic pestles, purple golden pestles, robes, shoes, long sticks and more!

"This long stick!"

"Seven-Rank Hunyuan Immortal Weapon Good!" Ye Chen grabbed the Hunyuan Immortal Weapon in one go, and Wuzhu weapon was not prohibited.

Sitting cross-legged, he began to use the seventh-rank Hunyuan Immortal Artifact to break through, and began to mobilize the power of the blood in his body to gradually absorb the aura in the Hunyuan Immortal Artifact, turning his own Qi and blood power into aura!

Wow!

A beam of divine light was projected from Ye Chen, and he rushed away from the sky!

When the other warriors outside saw it, their expressions changed drastically, and they began to use Divine King Artifacts to break through. Now, regardless of the Divine King Artifact level, they all felt that the breakthrough would be dangerous if they didn't have the power to protect themselves. breakthrough!

He Xuan, Lin Xuan, Kuang Bai, Monk Nianxin and others were all shocked!

Ye Jitian actually started to break through!

They have to speed up!

Chapter 1495: Not to be afraid! Ji Lin's crisis!

...

at the same time!

Hundreds of thousands of miles away!

Among the mountains and forests, Ji Lin was walking dirty on the mountain road. His beautiful clothes and skirts were in tatters at the moment, and he was like a child picking up rubbish.

As she walked, she wiped her tears, "Don't cry, don't cry, you can definitely find Ye Chen!"

"I am my sister's only hope. I am the strongest. This bit of suffering is nothing, ooh..."

"Don't cry, Ji Lin, you can't cry. Although you are not familiar with the place and life here, I am not afraid of Ji Lin!"

"But... I'm so hungry now!" Ji Lin was holding his stomach, squatting down on the mountain road, looking around with tearful eyes, because of the rush from Kunlun Xu, there are not many snacks and food, and she is not right now. Dare to contact other people. I could only grab a few handfuls of green grass and stuff my mouth into the stomach. After a long time, I sat on the ground feebly and muttered to myself: "Everyone talks about the Lingwu Continent, it is the place that everyone yearns for!"

"But in my opinion, it's not at all!"

"I'm here. I have neither food nor clean clothes to wear. I have to wait for the beast to finish drinking before I even drink water!"

"Woo, sister, Ji Lin misses you so much!"

She sat paralyzed under the big tree, her eyes were red, and she said to herself: "Daoyuan Realm Nine-layer Heaven. Too weak, too weak!"

"Any monster beast is in the emperor state!"

"I can't catch any food at all, I don't have money, I can't see the city, or even a few people."

Ji Lin stared at the sky blankly, and said: "Is the direction I am going, is it right? Can I go to the land of the universe? Is it so weak in the nine-layer heaven of the Dao Origin Realm? It is so weak that it can even eat. No....."

"Ye Chen, sister!"

"I miss you so much, I miss my previous days in Kunlun Xu..."

Gradually, Ji Lin, who was hungry and hungry, fainted by the big tree.

In Lingwu Continent, there are almost no people under the emperor's realm, and there are no fierce beasts and fairy beasts under the emperor's realm. For Ji Lin of the nine-layer heaven in the Daoyuan realm, it is not a fierce beast. Anything she can conquer can eat her!

After running for several days in a row, he escaped many attacks by beasts.

But there is nothing for her to eat, even the fruit on the grass.

Because the energy contained was too sufficient, her body couldn't be transformed. She ate the fruit several times and was almost overwhelmed. So she didn't dare to eat the fruit anymore. When she was hungry, she would eat some grass and leaves. After the beast drank the water, when the remaining prestige was still alive, he hurried over and took a few sips, but could not drink too much, for fear of being discovered by other beasts.

At this moment, a woman in a red robe stood on a branch, looking at Ji Lin under the tree, showing curiosity.

"Poor little sister, where are you from? Why are you alone?"

The red-robed woman is not surrounded by flames, but is surrounded by a wave of ghostly power, like a ghost coming out of the underground palace. The crimson robe is particularly eye-catching, and at the same time it gives people a breath. Feeling domineering!

She leaped gently and came to the ground. She stroked Ji Lin's cheek with her slender fingers. She smiled slightly and said, "Yes, Immaculate Body, but the realm is so low. It should come from the low martial arts world, in the low martial arts world. It's not bad to be promoted to the ninth level of the Dao Source Realm at this age!"

In Lingwu Continent, it is impossible to have people from Daoyuan Realm!

So, this girl is undoubtedly a person from the low-wu world!

The red-robed woman smiled lightly, giving people a feeling of soothing charm, carefully inspecting the situation in Ji Lin's body, and muttering to herself from time to time: "This little baby is probably in her place and has a good talent! "

She pondered slightly, looked at the surrounding situation, and said: "The closest space teleportation formation here is the teleportation formation leading to the world of low martial arts, Kunlun Xu!"

"This girl should come from Kunlun Xu!"

"Two years ago, a great battle broke out around the Space Teleportation Array."

"At least dozens of Hunyuan realm were killed in battle, so that the air contains undissipated spatial laws!"

As a Hunyuan realm powerhouse, she also came to investigate the situation this time, but when she came to the Space Teleportation Array, Ye Luoer had already been taken away by the Linghu Patriarch, and she explored the surroundings and found Ji Lin by accident!

"Ah You....."

"Who are you?" Ji Lin woke up, looked at the red-robed woman with a look of fear, and said: "Sister, I don't have any treasures, and I don't have anything to give you, okay if you don't kill me?"

"Do not kill me!"

"Don't worry about killing you!" The red-robed woman Qianmei smiled and asked: "What's your name, little sister, where are you from, and why are you here?"

Ji Lin stared at the red-robed woman and hesitated for a long time. The other party may be the only one who can help him. Although he will not starve to death, he can automatically absorb the spiritual energy of the world and ensure the most basic operation, but it will take at least a long time to find Ye Chen!

Simply!

Bet she is a good person!

"SisterMy name is Ji Lin!"

"From Kunlun Xu, I am looking for my sister and friends here!" Ji Lin said lightly, "My friend is Ye Chen, who is from Kunlun Xu just like me, and is now in the land of the universe, with the Beigong family!"

"You send me there, I ask him to give you a fairy, okay?"

In her cognition, fairy weapons are the most powerful weapons!

Moreover, sister Luo Er was caught, she must tell Ye Chen!

Ye Chen will definitely give a piece of fairy artifact!

"Low Wu World?"

"Ye Chen? Haven't heard of it, it must not be Hunyuan Realm!"

"No, how could a kid from the low martial world be in the Hunyuan Realm!"

The red-robed woman had a playful look, looked at Ji Lin, and said to herself: "In other words, you little genius with no leakage, don't you have a backing?"

"sister!"

"what are you going to do--"

Before he finished speaking, Ji Lin felt a pressure lingering all over his body, and he could hardly breathe! It's so uncomfortable!

The woman in the red robe showed an evil smile, grabbed Ji Lin, and sneered faintly: "Little sister, my elder sister is called Soul Ying, from the soul race, a young genius like you, my elder sister likes it the most, especially not The little genius of the backer!"

She grabbed Ji Lin, and the law of space imprisoned the opponent. At this moment, it was as simple as carrying a fruit basket!

She made a seal with her other hand, called a mount, jumped up, threw Ji Lin into a cage, and smiled slightly: "This time, there are almost enough people. This is both a genius and a genius. It's a baby, but a twelve-year-old girl is really hard to find!"

"Just come out and explore!"

"You can actually catch one. As for the backer?"

"A warrior from the low martial world is not to be afraid!"

Chapter 1496: Memorial ceremony!

As soon as the voice fell, the corners of Soul Sakura's lips outlined a pleasant smile, and personally controlled the mount to cross thousands of mountains and rivers to an extremely remote boundary in

the Western Regions. Looking down, this area is covered with scorched earth, and there are even mountains. Made of pure iron and pure steel, it is not like a place where humans would live!

But this place has countless buildings!

Men, women, and children wearing long robes live here, and there are even many Hunyuan realm powerhouses guarding the Quartet from the air, and even the Daoist realm powerhouses are sitting here, and even the good fortune realm is there, and here is a terrifying one. The name-Soul Race!

FREE VISA SPONSORSHIP JOBS IN SWEDEN | NO DEGREE NEEDED

Soul race!

An extremely threatening group in Lingwu Continent!

The human warriors here, unlike other places, do not cultivate the power of bloodline or spiritual energy, only the power of the soul and the power of the great road!

Once the power of their souls is used, they can instantly wipe out the souls of the strong at the same level. In this way, the opponent has fallen before the fight has actually started. They are the people of the famous Lingwu Continent. There are strong people in the good fortune realm, but the strong in the star aperture realm dare not offend them at will!

The Beigong family and the Huangpu family have a good relationship with them!

But just business meetings, even these medium-sized big families, will be afraid of them!

"Soul Sakura!"

"Why is a girl here this time?"

A young warrior asked, his face was painted with a silver totem of evil charm, just looking at him would be creepy!

He is also a strong man in the Hunyuan realm, only thirty years old, but he is a young and strong man in the soul race, named the soul knife.

"You don't need to worry about it!"

"At that time, when this memorial ceremony is over, you will no longer be eligible to see me!"

Soul Ying threw the cage to the elder's side, saying: "This girl has excellent talent and physique. She comes from the world of low martial arts and has no backing or background. It is suitable for memorial ceremony!"

"The body without leakage!"

"Yes, it adds up to exactly ten!" The white-robed elder looked at Ji Lin carefully, nodded slightly, and said: "This memorial service, the ten virgins needed, I didn't expect to gather so soon!"

"How long does the memorial ceremony start?" Kunying said lightly: "According to the rules, I provide a virgin who is eligible to participate!"

Elder Baipao responded: "Twelve days later!"

Upon hearing these words, a smile was drawn at the corner of Kunying's mouth.

"Twelve days!"

"If I can have a place, then I will be able to advance from the fourth-tier heaven of the mixed element realm to the fifth-tier, or even the sixth-tier!"

"If you have very good luck, absorb the remnant thoughts of a certain strong person, and directly become a strong person in the late stage of the Hunyuan realm, it will be no problem!"

The soul cherry is in love with words, looking forward to the memorial ceremony twelve days later!

She gradually looked at the soul knife on the side, with a hint of disdain on the corners of her lips, and snorted softly. These low-cultivation guys are only in the third level of the Primordial Realm when they are thirty, and they want to pursue me. ?

Wait until the end of the memorial service!

When I reach the late stage of the Hunyuan realm, I will enter the inner circle. You are not qualified to see me in this life!

"Humph!"

"There will be many people attending the memorial ceremony at that time!"

"There are also many people who hope to make a breakthrough in the memorial ceremony. Many people have this idea for the memorial ceremony once every 100 years, but only two or three people have succeeded in a thousand years!" The soul knife also felt the tone of the soul cherry. And attitude, looks a bit bad!

The elder white robe looked up at them and said slightly, "Hun Ying, you can have a place!"

"As for the soul knife!"

"I didn't catch the right person, after handing over the task, get out!"

"Elder, maybe I can also catch a suitable girl, why my soul race's memorial ceremony, my soul race people participate in the least, this is not fair--"

Before the words were finished, a strong brilliance leaped over!

Elder Baipao shot and directly interrupted the soul knife, condensing a blood-red blade of time, instantly slashing the soul knife all over, and then flying out, he continued to bow his head to depict the formation on the weapon!

Based on his early cultivation base of He Dao Realm!

It is naturally easy to clean up a disciple from the early stage of Hunyuan Realm!

However, the start was extremely fierce. If the Soul Knife suffered such a heavy injury, it would take at least two to three hundred years to heal on its own without the treasure healed. Such a blow would break the Soul Knife's genius path, so cruel!

To the disciples in your own clan!

It's so spicy!

It is indeed a frightening soul race!

"Elder, the people who participated in the memorial ceremony this time are the same as before?"

"My soul race, or twelve people?" Soul Ying was also a little unwilling. Her own group held a memorial ceremony, consuming the bodies, blood and essence of ten talented girls. The ritual held was to pursue some that have fallen but not died. The remnant of the strong man!

Why, such a ceremony!

My soul clan participated in the least number of people, and all other factions could send people, and even more than a hundred people participated in total, and they had the opportunity to touch those Cannian!

If you are lucky, you can catch those remnants and devour them, and your strength will rise!

After all, after the fall, there are still strong people with Cannian, who generally have the cultivation base of the Dao-level, and most of them are in the good fortune realm. They also appeared in the star-aperture realm thousands of years ago. They were swallowed by the genius of the Shenlong family. That genius went from the fifth level of the Hunyuan realm to the peak of the 9th level of the Hedao realm overnight!

Can Nian contains so much power!

Why, my soul race, there are so few people who can participate?

"You shouldn't know! You don't need to know!" The elder Baipao raised his head to look at Soul Sakura and sighed, "Finally, if you caught a girl, I will tell you something. This memorial ceremony, although it was caused by I send as the leader!"

"But it is the Beigong family, Ten Thousand Sword Emperor Palace, Undefeated Immortal Palace and other forces that provide materials, space **** stone, time **** stone, and even life **** stone, and their people will naturally participate!"

"It's only because of my soul race's unique physique and talent that I can lead and start this big formation!"

"And other strong people can't!"

The white-robed elder looked at Soul Sakura with dark eyes, and immediately said with a cold voice: "Well, what you want to know, I will tell you!"

"Get off!" With a wave of his hand, he shot Soul Sakura away from a kilometer away, and he did not do anything lightly, but he saved his strength and did not hurt the origin of Soul Sakura, otherwise a single palm would be enough to shoot Death Soul Sakura!

"This little girl!"

"Looking at the beautiful people, they actually came from the land of ants!" The white-robed elder came to Ji Lin, smiled faintly, and made a weird voice, and said: "It's still that kind of place, people in the land of ants, why? Kill, how to play, there will be no problem!"

"People from Lingwu Continent!"

"It's not easy to catch!"

He knows well that once the genius girls required for the soul race memorial ceremony are given enough time and resources, everyone will be a powerful person in the combined Dao realm, and may even be promoted to the good fortune realm. They are all people of great potential!

In the Lingwu Continent, the vast majority of girls with such talents are descendants of a large family, and cannot be caught, let alone killed, otherwise they will be in trouble, so it is better to be from the low-wu world!

Chapter 1497: sorrow!

Those who have captured the world of low martial arts, even those strong ones know it!

So what?

Wow~~

Wow~~

The elder white robe flashed a blue light, unlocked Ji Lin's blockade, and smiled slightly: "Little girl, I have wronged you these few days. For twelve days, the last day may be a little bit painful. Thousands of ants will eat your heart. It can survive, you have to survive it!"

"It's time!"

"You're dead, don't worry, the ceremony will not be long, it's only half an hour!"

"You will be free, and there are nine companions. You won't be lonely these days!"

He described all this indifferently, extremely indifferent!

Ji Lin woke up and looked at everything strange around him in fear.

She regretted it.

Completely regret it.

You shouldn't have come to Lingwu Continent to find your sister!

"Woo..."

"I don't want to die... I don't want to die..."

"Sister, Ye Chen... Ji Lin doesn't want to die... Sister Luo Er, how are you..."

Ji Lin was holding two iron pipes in both hands, standing in the cage with a small body in a very sad state, tears running across his cheeks, patted the iron cage made of special steel from time to time, and shouted: "Why?"

"why?"

"I haven't offended you, why are you killing me?"

"Why? Obviously I have never said about you, nor scolded you, let alone beat you, why are you so vicious!"

Ji Lin roared hysterically: "Let me go out, otherwise you don't want to complete the okay ceremony, I will blow myself now!"

She gradually mobilized the strength of her own blood and continued to support her body, and her young body gradually expanded.

Wow~~

A red light flashed across!

Ji Lin's body returned to its original shape, looking at the white robe elder with a blank but helpless expression?

why?

why?

I didn't do anything, why should I kill me?

Sister, Ye Chen, Sister Luo Er!

Can you come to rescue me?

"Whether you do it or not."

"You have to die, if you want to ask the answer, it is your life!"

The white-robed elder smiled evilly, and a blue light flashed across his hand. A special white prison uniform was worn on Ji Lin's body. He picked up the cage with his hand, as if he was carrying a plaything. It easily contained the weight of a million catties. The cage of the law of space was lifted up and swaggered into the dungeon!

He walked through layers of guards and levels!

Among them, none of the guards dared to be disrespectful to him, but wherever he went, they all bowed their heads and dared not look directly.

Soon, the white-robed elder stopped and went to the deepest cell. This huge cell was hundreds of square meters wide and empty. There were nine cages in the center, nine of which were also dressed in white. Girl in prison uniform.

Nine girls, with dull eyes, sitting in the cage with their legs in their arms, as if lost!

They looked at the white-robed elder without any movement and came in with the crying Ji Lin, without any response.

It seems that all of this has been accepted!

Life ends in twelve days!

Now, there is no need to have any emotions and words anymore, anyway, after twelve days, everything will be nothingness.

"Well, the tenth seat!"

"Just right!" The white-robed elder smiled and happily hung the cage on a special iron chain. He watched Ji Lin still inquiring and crying in the cage. He slapped Ji Lin's face with his hand, hitting Ji Lin. Lin's cheeks flushed.

"Little girl!"

"I tell you!"

"No matter how foolish you are, this elder will not kill you, but will let you experience what despair is!"

The white-robed elder's icy eyes were like lone wolves in the snow, fiercely fierce, "Look at nine of them. At the beginning, I was distressed. The realm may not be as high as you, but I keep crying, but what are the consequences? They know what they are now!"

"As for the consequences, guess for yourself!"

"That would be your nightmare!"

When these words came out, Ji Lin trembled with fright, and he dared not say a word!

Seeing this old white robe smiled fiercely, "That's right, the old man is not used to being called perverted, let alone torturing girls, so be acquainted with yourself, maybe you can still eat in the last twelve days. Drink it well before hitting the road!"

"If you dare to make noise!"

As soon as the voice fell, the elder Baipao crushed a Hunyuan Immortal artifact, and the fragments crossed Ji Lin's cheeks, leaving many wounds, and immediately said with a fierce look in his eyes: "At that time, don't blame the elder for not talking about humanity!"

Ji Lin stopped crying, but kept twitching, until the white robe elder left, she didn't say a word.

Soon it was night. Ji Lin curled up on the edge of the cage. From time to time, he looked at the nine cages hanging on the left. None of the nine girls said a word. They were like sculptures, curled up in the cage, shaking and crying from time to time. sound.

It is hard to imagine how these girls have been treated before.

So that the sanity is a bit unclear.

Ji Lin curled up, became a little more sober, and said to himself: "Ye Chen, where are you?"

"Sister Luo'er is in danger, I want to inform you, but I can't do it, Ye Chen, where are you?"

"Sister, where are you? Ji Lin misses you so much I miss you so much, I miss Huaxia's snacks, and I also miss Han Yun and Ye Lingtian, Ye Chen, when you are away, They all shelter me."

"Brother Hei Yao, Brother Qingxuan, Brother Huang Zhantian, they all treat me a lot and give me a lot of snacks, but I can't eat it now. I really want to go back to Kunlunxu. I really want to go back to see them. I want them to play with me."

"Ye Chen, since the first time you went to Lingwu Continent, people from the Blood Spirit Clan came."

"A lot of brothers and uncles have been cultivating hard, and they ignored me. Brother Huang Zhantian and they are all busy with all kinds of things. I am the only one who has nothing to do in the huge palace, so I want to come to you. I went to the city outside Lingcheng, but I couldn't get into Lingcheng."

"I have been waiting."

"I have waited until Sister Luo'er can finally enter Lingcheng and finally come to Lingwu Continent."

"Ye Chen, I thought I could come to you, just like I was in Kunlun Xu, in the City of Thousand Jues, but the Lingwu Continent is really too dangerous..."

Ji Lin said, wiped his tears, and swallowed several times, "I'm going to die in twelve days?"

"Ye Chen, will you come to rescue me before then?"

"Blood Spirit Clan comes, Ye Chen, you rushed back, will you come to save me this time?"

"Twelve days?" She looked at her little hand, pointing her fingers and said: "Twelve days, I will wait for you every day!"

"Ye Chen..."

While speaking, Ji Lin fell asleep in a daze.

In the middle of the night, a cold wind came from outside the window, and even terrible wolf roars awakened Ji Lin. She could only count every second, looking forward to the next moment Ye Chen came in to rescue her.

The nine girls on the side looked at her and still did not speak, but their eyes showed sadness.

Chapter 1498: Terrifying speed of clearance!

They have done this kind of thing too many times long ago, sending out jade pendants, soul paper cranes, even cutting the primordial spirit, and gods and souls, but what awaits them is endless torture.

What if Ye Chen from Ji Lin's mouth came to rescue them?

No matter how strong this Ye Chen is, does he dare to offend the soul race?

Totally impossible!

...

now!

Golden Buddha Tantric Site!

Several people including Chen Ben, He Xuan, Lin Xuan, Monk Nianxin broke through, and dozens of godly king roads were revealed!

Zilin Zong He Xuan and Lin Xuan set foot on the peak of the Ninth Heaven of the God Realm for five years, and both used the Sixth Rank Divine King Tool to break the realm. After breaking through the realm, they directly reached the 4th Heaven of the God Realm.

After breaking through the border, the two leaders of the Purple Forest Sect directly forcibly broke the golden light shield of the Tianshou Pavilion, broke into the Tianshou Pavilion and began to break through the barriers, preparing to break through and kill Ye Chen.

They don't know which floor Ye Sutian is on, but they know that as long as they go up, they can kill Ye Sutian before Ye Sutian is completely broken!

Whoosh whoosh!

At the same time, dozens of Tianjiao from the Divine King Realm rushed into the Tianshou Pavilion!

It is not Chen Ben and other Tianjiao, but some ordinary disciples. They themselves possess semi-divine king artifacts, and even first-rank or second-rank **** artifacts. He Xuan, Lin Xuan and others have been found to have broken through before. !

They don't care, maybe He Xuan and Lin Xuan killed Ye Jitian!

Turn around and kill them?

Anyway, everyone is not of the same sect, and is originally an enemy!

Just now it was because Ye Jitian was rushing into the Tianshou Pavilion, so everyone joined together for a short time to look for the undiscovered artifacts outside, seeking some opportunities to break through, but now the opportunities are gone, and the artifacts that have not been snatched. People, simply use the low-grade artifacts in their hands to break the realm!

Of these arrogances, many people only have one artifact, and the grade is not high!

After a simple breakthrough, many of them were in the first-tier heaven of the Divine King Realm, supporting the second-tier heaven of the Divine King Realm, far less powerful than He Xuan and Lin Xuan!

Bang bang bang! !

Boom!

In the castle tower, no matter how many people come in.

They will all be divided, each corresponding to a room, to deal with the corresponding war puppet or Buddha.

That's the case, the battle puppets who entered the gods realm were still unable to resist in the hands of these gods who stepped into the gods realm!

The first four levels still have the ability to divide and surround other people, but when it comes to the fifth level, they don't have the ability to divide other people through.

The strong man who guarded the second-tier heaven of the Divine King Realm on the fifth floor was transformed by the evil thoughts of the monks, but they could not resist He Xuan and Lin Xuan. Blocked by the strong!

However, the dozens of Tianjiao who came later, because they did not meet the guards on the fifth, sixth and seventh floors, once came to the eighth floor. Some helped Lin Xuan against the guardian puppets on the eighth floor, and some secretly Attack Lin Xuan and He Xuan!

These war puppets!

It was used to afflict the monks of the Golden Buddha Tantric Buddhism!

It was just that the five elders of the Beigong clan killed the faction back then, and the five elders did not move these war puppets, so they have been kept until now!

Especially the battle puppets from the fifth layer onwards, they have almost never shot before, so now the core immortal stone energy has not been consumed much, and they are still in full bloom. If Ye Chen has a token, otherwise they will not reach the tenth floor, or they will be exhausted. , Or be killed.

Bang bang bang! !

Boom!

In the castle tower, the fight is full of enthusiasm!

In the mountains outside, a peaceful God King's way slowly descended and was taken into the body by Monk Nianxin!

After the Nianxin monk stabilized his realm for a while, he actually broke the realm directly and reached the fifth heaven of the God King realm. He received a seven-rank divine king artifact Zen stick, plus many year-end accumulations, so the broken realm was higher than Lin Xuan and He Xuan. For growth!

"about there!"

"It's time to kill Ye Sutian!"

"These guys, they played for three hours before they hit the tenth floor!"

Monk Nianxin dazzled his eyes and saw that there were more than 20 Buddhist princes who had become gods. He simply took these princes and went straight to the Tianshou Pavilion, injecting another force into the crowd who were rushing through the barrier!

There were originally more than two hundred Buddhist disciples, of whom about sixty or seventy people entered the Ninth Heaven Peak of the Divine Realm!

Some of these people chose to break through, and some did not. They are still looking for opportunities in the periphery. Not everyone will break through. After all, many of the Buddhist disciples who have broken through are on the first level of the gods realm, and the second level of the sky, except for the monks of Nianxin. Besides, there are almost no three-tiered powerhouses.

Without him!

There are no middle and high-level artifacts!

The background is not enough, but time is in a hurry and I have to break through!

Otherwise, it would not be their turn to kill Ye Sitian to capture the treasure, and they might even be killed by the disciple of the Breakthrough God Realm!

In the castle tower!

Probably more than fifty God King Realm Tianjiao attacked the guards together!

Originally, there were more than seventy God Kings who came in, but under the circumstances of cannibalism and the killing of guards, twenty God Kings Tianjiao fell!

God King Realm!

The fall of one person from the outside world will cause turmoil!

Although the fallen **** king realm here is the result of a breakthrough made by the disciples of each faction, the future will be the main combat force of each faction!

If the outsiders of the hundred factions know about it, I don't know what they will think.

"Keep killing!"

"Ye Xitian is not on the tenth floor!" He Xuan was **** staring at a battle puppet in the sixth-level heaven of the Divine King realm that was killed by them, and couldn't help cursing: "He is still on top, Damn, how did he get up!"

"The tenth pass, guarding the battle puppets of the sixth heaven of the Divine King Realm!"

"How could Ye Jitian be so fast!" Chen Ben couldn't say a few words!

Wang Dao and Li Hong directly smashed to the eleventh floor, and joined forces with several Tianjiao who arrived in the middle stage of the Divine King Realm to guard this golden Buddha in the seventh heaven of the Divine King Realm together.

This golden Buddha is the result of the mind power of sentient beings left behind by the Golden Buddha Tantric Buddhism.

The immortal existence!

But so, it was still quickly defeated by everyone!

Monk Nianxin waited to rush to the next level, and the more he went up, the more shocked he became. It was shocking that Ye Jitian was not on the first twelve level!

In addition, the rewards for all the cards mentioned above-the king of gods!

It's all gone!

According to everyone's knowledge, the levels above the fifth level are all broken together!

Then, there are at least eighteen artifacts in one level!

However, from the fifth level to the twelfth level, there are a total of eight levels, and I have not seen a single artifact!

Where to go

It must be in Ye Xitian's hands!

"Damn Ye Jitian!"

"Why did he break the barrier so fast?"

"The question is, why are there guards remaining after he breaks the barrier?"

"On which floor is Ye Jitian retreating?"

This question raised by Chen Ben almost appeared in the minds of all the strong!

Yes indeed!

The magic weapon of every level is gone!

But the guards are still there!

Obviously, how could it be possible for a nine-layer heaven at the emperor's realm so fast, even surpassing the speed of our forty or fifty **** king realms?

impossible!

It's impossible!

But it clearly appeared!

Chapter 1499: Shake the sky!

Is Ye Sutian the heir of the Golden Buddha Tantric Buddhism?

Nonsense, the Golden Buddha Tantric sect was extinct thousands of years ago. At that time, all the sects were there, and all the sects were finished. How could there be any descendants?

What the **** is Ye Sitian doing?

Li Hong resisted the attack of the strong guards, furious, "Ye Killing Tian! Damn ants!"

"This ant has taken away all the magical artifacts and benefits!"

"We have been fighting all the way, without any benefits or supplements, and there is no time for healing!"

"The benefit lies with Ye Jitian, this **** bitch!"

As the top three of the top three, he also broke the border!

At the same time, he broke the realm and reached the fifth layer of the God King realm. In this way, the guards were almost hit hard, and he didn't understand how Ye Chen broke through.

Chen Ben, who hadn't spoken all the time, couldn't help it, and said, "Everyone! Quickly break through the barrier, and we have reached the peak of the Ninth Heaven in the Divine Realm 400! Now we are close to a hundred who have broken the realm and become the powerhouse of the Divine King Realm!"

"The other three hundred people will quickly break the border soon!"

"At that time, we can't kill them all!"

"Otherwise, the elders behind them will not let us go. If they wait until they come, even if they kill Ye Sutian, they will have to give them the king's artifact!"

"So, we must break the barrier as soon as possible, kill Ye Jitian who is breaking the realm, and divide the treasure in his hand. When the others come, they dare not do anything to us, and there is no reason to ask us for the king's artifact!"

Don't send warriors!

Going into the realm can kill!

But in the Divine King Realm, you cannot kill!

The disciples who have not yet reached the Divine King Realm are considered sacrifices in the eyes of the elders of various factions. They don't care how much they sacrifice, unless they are descendants of the powerful, such as Mu Feng and Wang Peng, who are the sons of the head. The two factions flew into a thunder after death!

But for other gods, it doesn't matter how much you die.

But disciples of the Divine King Realm, they can't die, they are the main combat power of each faction, and the future is either an elder or a guardian.

For example, even the fifth-tier heavens of the God King Realm, such as Tianling, are the city lord who sits on one side, and they are highly powerful!

Hundreds of God Kings here are really going to fight each other, they will not be able to please anyone if they go out, and will be punished!

Therefore, other disciples of the Divine King Realm cannot be killed unless they are killed in the chaos, just like in the ninth level, when they were attacked and killed 3 or 5 people during the chaos, more than 10 others were killed. Divine King Realm disciples are all killed by guards!

Can't kill!

They are going to **** treasures again!

Therefore, for the present plan, we can only break the barrier as soon as possible and kill Ye Jitian!

Having seized his treasure, and other people from the Divine King Realm come in again, there is no reason to make a move!

Bang bang bang! !

Bang bang bang!

Chen Ben and others attacked the gatekeeper faster and faster!

In the twenty-fourth floor of the Tianshou Pavilion, Ye Chen didn't know about it yet.

The energy of his whole body is transformed into spiritual energy, and even the power of the law of space is contained in his body. What he has broken through is the Seven-Rank Hunyuan Immortal Artifact.

At this moment, his physical body exudes a pure golden luster, and he has reached the ninth stage of the dominance stage!

Cross the eighth level and reach the ninth level directly!

This is the benefit of incorporating Hunyuan Immortal Tool!

Huhuhu! !

Ye Chen is still absorbing the aura and space laws in the Hunyuan Immortal Tool!

In the Tomb of Reincarnation, Immortal Ice Sword looked at all this and nodded slightly, "I am breaking through, with enough spiritual energy, but with his current strength, between the emperor state and the **** state, my soul has not yet turned into a divine soul!"

"Although the physical body has broken through!"

"But the three avenues have not been completely transformed!"

"Someone needs to provide him with strength!" He looked at Wang Qiantian, who had opened his eyes, and whispered: "Go ahead. I'll help this kid again!"

He looked at Medicine Master Buddha and asked, "Golden Buddha Wenchi, can I move it over?"

"The situation of the tomb owner is excellent now!"

"If you absorb the power of the golden Buddhist literary pond again, you can forge your body to the transformation stage. By then, you can compete with the power of the gods and the king without relying on weapons!"

It seems that there is only a small difference between the peak of the nine-level heaven of the gods and the first heaven of the gods!

However, when Li Jiawei was killed in the Battle of Lingcheng, the gap could be seen!

Li Jiawei, who had reached the pinnacle of the Ninth Level of the God Realm, was destroyed before Ye Chen broke out of the power of the first level of the God King Realm.

Between the two, there is at least a tenfold difference in combat power!

If Ye Chen hadn't forged the body in the transformation phase, even if he entered the third or fourth level of the gods, he would be able to defeat the strong at the first level of the gods. This is still to deal with the strong who do not use the gods, if the opponent takes the gods. , But it's not necessarily overwhelming.

"Yes, yes!"

"If the tomb master integrates into our inheritance technique!"

"It is the new head of the Golden Buddha Tantric Buddhism who is qualified to move the Golden Buddha Wenchi, but we can't!"

The Medicine Buddha took over the power of the Sun, Moon and Light Buddha, and then combined his power with the power of the remaining 15 golden Buddhas and two presiding officers in the Tianshou Pavilion, forming a golden token and infiltrating Ye Chen's body!

In a flash!

A golden light spreads everywhere in the castle tower!

A brand new will appeared in the Golden Buddha Tantric School, it was Ye Chen's will!

From this moment on, Ye Chen accepted the power blessings of eighteen golden Buddhas and two presiding officers and officially became the new head!

Ye Chen opened his eyes slightly, and said in amazement, "Monk Nianxin, the fifth-tier heaven of the God King realm! He Xuan and Lin Xuan the fourth-tier heaven!"

"Chen Ben, Li Hong, and Wang Dao are also the fourth-tier heavens of the Divine King Realm!"

"Kuang Bai Divine King Realm three-tier heaven They are all broken, and they led the 60 Divine King disciples who just broke the realm, they are actually attacking the 13th floor!"

"I still need some time to break through!"

"Finally, mobilize the guards of other levels and block them for the time being!"

"With the strength of the guards of those levels, they know they are invincible, and they should automatically withdraw!"

He stretched out his hands and squeezed a mark. In the eighteenth floor of the Tianshou Pavilion, the five-tiered battle puppets of the eight gods and kings came to the thirteenth floor in no time, which greatly increased the pressure on Chen Ben and others!

"I don't want to kill you, but you moved me to kill me!"

"I'm in retreat, and I don't have time to kill you. If you are acquainted and retreat on your own, if you don't understand, don't blame those guards for being merciless."

So many sects!

Ye Chen took so much time to pay attention!

Only the higher-level gatekeepers can be mobilized to come to the middle-level gatekeeper!

These people are acquainted and retreat by themselves, and it's okay!

I don't know what to do, I deserve it!

Ye Chen personally moved the Golden Buddha Wenchi, stepped in without hesitation, and said coldly:
"Little Huang, Blood Dragon, all come out, let's share this opportunity!"

"Come on, boss!"

"the host!"

Xiao Huang and the blood dragon were revealed in an instant, and a dragon and a beast showed a terrifying murderous intent!

It can be seen how strong it is after the last breakthrough!

One dragon and one beast looked at the Golden Buddha Wenchi with surprise!

Xiao Huang swallowed and said, "Boss, you robbed another secret realm? Last time, it seemed that you robbed Mr. Jingshui!"

"Don't talk nonsense, enter the practice!"

"After this breakthrough, I want you to shake the sky of Lingwu Continent with me!"

Chapter 1500: 4th Avenue

Xiao Huang wanted to ask anything more, but Ye Chen pressed Xiao Huang in with one hand!

At the same time, he yelled: "Blood Dragon, into the sea!"

Hearing Ye Chen's call, Xuelong Xuying instantly fell from a high altitude!

Splashing waves!

Ye Chen knew that time was pressing and he must break through as soon as possible!

After stepping into the Lingwu Continent, he did not summon Xiao Huang to fight with the blood dragon!

On the one hand, he does not want both to be injured, on the other hand, he does not know what kind of situation the appearance of the blood dragon and Xiao Huang will disturb!

After all, the blood of both are extremely heaven-defying existence!

At this moment, he himself received the nourishment of countless golden Buddhist scriptures, faintly gathered a large amount of Buddhism power in his body, and even wanted to go out of the fourth way-the way of Buddhism!

Compared to Mr. Jingshui's Dragon Washing Pond, it was a forged body of countless murderous intent and thunder and lightning!

The Golden Buddha Wenchu is formed by the thought power of sentient beings and the power of Buddhism. It is extremely soft, and basically just lie in it!

Seven or eight hours passed!

Ye Chen opened his eyes suddenly, and four avenues appeared behind him, four perfect avenues, just need to be perfected in the direction, and then they can be promoted to the four kings of gods, namely the avenue of nirvana, the avenue of immortality, the avenue of killing and the avenue of Buddhism. !

Kill the three main roads ahead!

The master of the Buddhist Daoist heals, heals the flesh with his own Buddhism power, and is immune to the power of destruction and nirvana from opponents!

It can be described as both offensive and defensive!

"swallow!"

"melt!"

Ye Chen shouted loudly, condensing the seventh-rank Hunyuan Immortal Artifact into a part of himself, and burst out a very strong aura in an instant, his body broke through the Huagang Realm and reached the first stage of the Huagang Realm!

Body training finally broke through!

At this moment, his body is absolutely comparable to the body of a heavenly powerhouse of the God King Realm!

Hunyuan fairy!

It's not that Ye Chen can fully integrate into his body now, so he just extracts a part of the power for his own breakthrough. The main body of the Hunyuan artifact is still there, and it is extracted by Ye Chen and condensed in the palm of his hand. In this way, the Hunyuan Immortal is carried in his left hand. The power of the weapon, the power of attack and killing has to be enhanced a lot!

I don't know how long it took!

Huhuhu! !

Huhu! !

Only heard the sound of breaking the realm!

Ye Chen has been promoted to the third level of the God Realm, the power of blood is transformed into a steady stream of spiritual energy, and the power of soul is transformed into the power of soul!

He left the Golden Buddha Wenchu and saw Xiao Huang and the blood dragon still absorbing the energy inside, the seven breaths were extremely terrifying!

He looked at the other seventeen Hunyuan Immortal Weapons, and in his mind there was an article in "Ten Thousand Soldiers Forging Decision", which happened to record the method of using weapons to build a body!

"Three Masters!"

"And Master Ice Sword, you all give me some strength!"

"I'm now blending Yuanxian weapons, try to use weapons to carry your spiritual thoughts!"

Ye Chen took a handful of Hunyuan Immortal Artifacts, then took out his refining furnace, using himself as a carrier, and started trying!

This move is undoubtedly crazy!

Unheard of after all!

If it weren't for the forging **** to enter a secret realm in the Lingwu continent by coincidence, and crack the ancient forging method, it would not be possible to be controlled by Ye Chen now!

"it is good!"

Ice Sword Immortal Venerable played a power of space law!

Ye Chen had the power of the law of space to transform the Hunyuan Immortal Tool, otherwise he would not be able to break the Hunyuan Immortal Tool.

Warriors below the Daoyuan Realm cannot use weapons to carry them because their bodies are not qualified!

But after the physical body enters the dominance stage, the soul can carry the weapon body!

this process!

It is not only a waste of energy, but also a waste of time!

I don't know how long it took, Ye Chen failed again and again!

His face was extremely pale, and he was restored by a lot of pills!

But Huangtian paid off, finally! Ye Chen created three weapon bodies that could carry the spirits, each of which used three mixed-element immortal weapons and 20 divine king weapons to produce the physical strength of the weapon body, comparable to the seventh-order physical body of the incorporeal stage.

To this end, Ye Chen consumed nine Hunyuan Immortal artifacts and sixty Divine King artifacts!

"Three Masters!"

"The body is well built, please enter the three masters!"

Ye Chen clasped his fists and gestured!

He suppressed his excitement by force!

He doesn't know if he will succeed!

Or maybe the three masters cannot enter!

Now, he can only wait!

Soon, three golden lights flew out of the reincarnation cemetery and entered the three bodies respectively.

The three bodies bloomed with Buddhist golden light, which was extremely peaceful, and even soon condensed a series of human figures, which looked like real people!

In this way, the Medicine Buddha, the Sunlight Buddha, and the Moonlight Buddha are already reborn!

The three Buddhist monks who had been annihilated for thousands of years have returned and become a great help for Ye Chen!

"Disciple, if we weren't there for you, we would not have survived two or three months!"

"Yes, from now on we will be your master, your guardian, and even your subordinates!"

"Yes, we are under the new head!"

The voice is first-rate, the three golden Buddhas directly put their hands together and bowed their heads towards Ye Chen!

Now, Ye Chen is the new presiding officer of the Golden Buddha Tantric Buddhism. They are the Golden Buddha and should salute the presiding officer. What's more, Ye Chen has the grace to recreate them, just like their parents, and they are their proud disciples. They go to die, they will not have any objections!

"Three Masters!"

"This is a shame for me I will be the revitalization of the Golden Buddha Tantra in the future!"

Ye Chen asked: "Now, how much combat power do the three masters have?"

Pharmacist Buddha looked at the other two people and said lightly: "Now we have just resurrected, with a lack of spiritual energy and a physical body comparable to those of the Seventh-tier Heaven in the Hunyuan realm, and the law of space will take some time to recover!"

He paused for a moment, and then said: "It is equivalent to the third level of the Hunyuan realm. We will recover our previous combat power over time! It is estimated that within a month or so, we can return to the seventh level of the Hunyuan realm!"

"it is good!"

"Great!" Ye Chen nodded slightly!

Jindaomen is not afraid of it!

Three Masters of the Hunyuan Realm!

In addition, the Ice Sword Master is sitting in town, as long as it is not in the Harmony Realm, I dare to fight!

"Three Masters!"

"You can enter the reincarnation cemetery to recover!"

"Unless I am in danger, I don't need three masters to come out and help!"

Ye Chen watched the three golden Buddhas enter, and when he turned his head, he found that Xiao Huang and the blood dragon had finished forging their bodies. The auras of the two monsters were stronger than before, and the golden Buddha's literary pond was also exhausted!

He calculated the harvest this time. There were hundreds of Divine King artifacts and eight remaining in the Hunyuan Realm. He planned to go to the 25th floor to collect the other two Hedao artifacts.

However, at this moment, the outside world is a fryer!

On both sides of the canyon, the elders of the Hundred Schools looked at Uncle Zheng and others with anger, holding the Divine King and Hunyuan artifacts in their hands!

Among them, Mu Sui wished that his eyes were red, and he was trembling with anger. He glared at Uncle Zheng and said, "Okay, okay, your Beigong family is finally cruel!"

"You have already controlled the Golden Buddha Tantric Sect and the Tianshou Pavilion, right!"

"That's why you will send Ye Xitian in, mobilize countless combat puppets and strong men in the Tianshou Pavilion, and attack and kill our disciples!"
