

URBAN MEDICAL GOD

Chapter 15: Damn it! Woke up!

When everyone heard about 50 million, their face changed completely!

lunatic!

Completely crazy!

60 million in exchange for a life loss?

Of course not to lose! And earn blood!

But this must be cured!

This is an advanced stage of cancer, a terminal illness recognized worldwide!

Ye Chen put his hands in his pockets: "Give you three seconds to think about it. My time is precious. If you die, I will go. Three...two..."

"Cure! I cure!" Mother Shen almost roared.

She has no retreat, even if the kid in front of her is a liar, she will recognize it.

"Okay." Ye Chen walked directly to the room, "Go and prepare for ten million. I will perform the first treatment to wake him up. During this period, no one is allowed to step into this place!"

After finishing speaking, he closed the door directly, leaving everyone with a bewildered look.

A few seconds later, everyone woke up.

"Can this guy really rescue Dad?" Shen Mengjia couldn't believe herself.

"Huh, the instrument has been tested, and the ECG does not jump anymore. Dad is dead and can't die anymore. Believe him in a ghost, I want to see how this little beast can make Dad wake up, if he can't do it. , I will report to him to warn him of fraud!" Shen Menglong got up and said angrily.

Qiu doctor also explained: "I checked the patient's condition an hour ago. There is no life. It is considered dead in medicine. I think everyone should stop expecting and prepare for funerals."

Mother Shen looked at the confined door, did not speak, her hands trembled, she yearned for a miracle!

in the room.

Ye Chen looked at Shen Haihua who was almost dead and muttered: "You shouldn't be fortune-telling either. At the last moment, I ran into me. The old man taught me the art of Tongtian medicine, enough to pull you back from the ghost gate!"

The words fell, Ye Chen ran "Nine Heavens Xuanyang Jue", and a light yellow qi overflowed from his dantian! It slowly gathered to his fingers!

In the next second, his fingers changed rapidly, forming a final seal!

"Heaven and earth are mysterious and yellow, ghosts and ghosts, evil spirits return to the sun! Get up!"

Ye Chen's dantian's innocence quickly pulled away, and a golden glow formed all over his body!

The array of light kept shrinking, and finally it was directly caught in the palm of his hand by Ye Chen!

"Go to me!"

Ye Chen directly smashed the array of light on Shen Haihua's body!

In the next second, something strange happened, and Shen Haihua's body was suspended!

Countless ancient runes are swimming around him!

"It's now!"

Ye Chen directly took out the silver needles from his pocket, and those silver needles fell directly into Shen Haihua's body like beating notes!

There are twelve meridians in the human body, eight meridians of the odd meridian, and the two meridians of Ren and Du are called the 14 meridians.

What Ye Chen has to do is to connect Shen Haihua's Yang Veins with a silver needle and formation!

Because of the Yang pulse, it represents life!

Soon, the lifeless spirit in Shen Haihua's chest disappeared!

is like a magical work!

And as time slowly passed, Shen Haihua's pale face turned ruddy, and he could even hear a faint breathing!

Even the ECG that was in a straight line by the bed responded!

At this moment, Ye Chen's forehead has already oozes big beads of sweat, and the whole dress is soaked!

Setting up the formation and using the needles at the same time, this extremely consumes his energy and spirit.

"It seems that I need to practice more. When I have money, I can buy those medicinal materials, and my cultivation speed should be accelerated."

Ten minutes later, Shen Haihua's body slowly fell, and the light in the entire room completely dissipated.

Ye Chen sighed. The first stage should be almost the end. It was only a matter of time before Shen Haihua woke up.

But this can only maintain his life span of three days. If he wants to live like a normal person, he needs to take a pill.

"I knew it was so costly, I should have called a hundred million! Forget it, this guy is my first customer, so let's treat it as a discount."

Ye Chen opened the door, looked at the taunting people in front of him, and said directly: "It's going well, and the guy inside is about to wake up. By the way, where is the money I want?"

Everyone was surprised when they saw Ye Chen, who was soaked and tired.

Do I need to be so tired to treat a disease?

How does it feel like running a marathon?

"Master, really? You mean Haihua will wake up soon?"

Shen mother is a little unbelievable.

Ye Chen nodded.

"Thank you... Thank you, Master, this is a bank card, and the password is six zeros."

Just when Mother Shen was about to pass the bank card in her hand to Ye Chen, Shen Menglong snatched it over!

"Mom, look inside. Where did Dad wake up? Didn't you still lie down? You believe this kind of liar? This guy deliberately took a bath in it and looked tired, just to win sympathy!"

The genius doctor Qiu also coldly snorted: "You are still a healer, and you cheat people to death all the time. I am ashamed of you."

Although Shen Mengjia beside wanted to speak for Ye Chen, he also knew that his father could not wake up unless there was a miracle.

Maybe Ye Chen is really a liar.

Ye Chen glanced at the people indifferently, and said coldly: "Don't believe me? Are you sure?"

No one was present to speak.

Ye Chen laughed self-deprecatingly, the next second, he moved, and directly slapped Shen Menglong's face with a slap.

Shen Menglong never expected that the other party would make a move, UU reading www.uukanshu.com. It was no longer possible for com to hide. He fell to the ground again, and the bank card flew out.

Ye Chen, regardless of the reactions of the people around him, reached out and grabbed the bank card, and then walked downstairs calmly.

"This is the consultation fee I deserve. Also, that guy will wake up, but he can only live for three days. After three days, I can't save him without my medicine!"

Soon, Ye Chen disappeared from everyone's sight.

Shen Menglong got up with difficulty, and when he touched his face, he found that his entire face was swollen! ,

"Damn, this beast dared to beat me! He still snatched ten million in front of so many of us, haha, so many witnesses. I want to call the police! I want him to die!"

The genius doctor Qiu also flattered: "Shen Shao, I have a friend at the Jiangcheng Police Station, I will call him now."

"Good!" Shen Menglong gritted his teeth.

At this moment, suddenly, an exclamation sound rang through the entire villa!

I saw Mother Shen rushing in!

Everyone was startled, thinking that Mother Shen was planning to commit suicide again, but the moment they looked at the house!
stunned!

Because, because—Shen Haihua who has died on the hospital bed
actually sat up!

really sat up!

how is this possible!

"I'm going, is this a person or a ghost?"

Shen Menglong stepped back ten steps in fright, his face was full of fear
besides fear!

A person who thought he was dead, just staring at him like this, how
terrible it is!

Xiao Min even sat down on the ground, his legs trembling constantly!

The genius doctor Qiu was even more unbearable, his pants under his
white coat were soaked!

He was really scared to pee.

This is a scene he has never seen before after decades of practicing
medicine.
