Chapter 1561: Ye Chen's true identity!

In the eyes of the ancestors of the soul race! Ye Chen's death is not enough, it must be used to sacrifice the formation!

Give the heaven and earth soul dragon as nourishment!

Waiting for Ye Chen to enter the Ten Thousand Years Soul Dragon Formation, and directly let the Soul Dragon of the Forbidden Land swallow him, lest Ye Chen die in the hands of the battle puppet, or waste it in the mouth of the Piranha!

"Two people stop and stop!"

"Ye Chen, prepare as soon as possible!"

"The ancestor of the soul race, let's sit down and rest!" Bei Gong Hongtian came out to make peace!

But the next moment, a wave of spatial fluctuations came!

The old man of the soul clan and Bei Gong Hongtian glanced at each other, and they both saw the jealousy in each other's eyes!

This is... the coming of the strong!

How can other strong people appear on this day of breaking the formation?

Could it be that the people from Ten Thousand Sword Emperor's Palace came to destroy it!

Don't plan to let Ye Chen break into the battle!

Just when the two were puzzled, a middle-aged woman dressed in luxurious brocade came out.

It is Lingyun Xianzun!

Lingyun Xianzun slowly landed on the ground, he glanced at Beigong Hongtian and the ancestor of the soul race, and snorted coldly:

"You two are so afraid and worried about a humble boy who came from a low level of martial arts. It is simply against the demeanor of a martial artist in the good fortune realm!"

Bei Gong Hongtian gave a wry smile, as if he hadn't heard it.

The ancestor of the soul race drank tea on his own, but he didn't hear it. This is stronger than them, and he still doesn't answer his mouth to avoid scolding!

Crucially, he wondered what did this kind of strong suddenly come here?

At this moment, Lingyun Immortal Venerable's sight fell on Ye Chen's body, his eyes were facing each other, and the entire space seemed extremely cold.

"Ye Chen, there are very few people who can move my aura, I want to see how you break the formation of the Soul Race today!"

"Of course, if you are afraid, you can give up!"

"After all, you are from the land of ants, cowardice is the nature of your bones!"

When the old man of the soul race heard Lingyun calling Ye Xitian Ye Chen, he thought of something in an instant, and his eyes flashed.

"brush!"

Ye Chen stood up, his eyes condensed coldly: "Lingyun! How about we make a bet?"

Lingyun Xianzun frowned, hesitated for a long time, still said: "What bet? What tricks do you want to play when you die!"

Ye Chen put his hands behind him, and said leisurely: "How do you like the word ant? I will make you perfect. If I succeed in breaking the battle this time, I will call you ant. What should you say?"

When Lingyun Xianzun heard these words, his suffocation was released, and the cold feeling made Beigong Hongtian and the ancestor of the soul race chill all over!

This is the real murderous intention of the strong!

Even if Ling Yun wants to!

It can be turned into flat ground instantly!

They looked at Ye Chen, their eyes filled with horror!

Is this Ye Chen really crazy?

Don't be afraid of them! Even such a strong man dared to speak like this!

Call Lingyun the ant? ?

I am afraid that only Ye Chen dare to do this in the entire Lingwu Continent!

Just before the two of them had reacted, Ling Yun Xianzun suppressed murderously and said directly: "Okay! But you can go in immediately!"

In the next second, a strong wind blows, and Ye Chen's body seems to be pushed directly into the formation by an invisible force!

Without any hesitation!

After doing all this, Lingyun Xianzun let out a cold snort, condensed a chair with spiritual power to sit down, and then transformed it into a heaven and earth mirror using the law of time and space, projected it into the Ten Thousand Years Soul Dragon Array to check Ye Chen's situation. , Soon, Ye Chen's figure appeared on the mirror!

She drank her divine tea while admiring Ye Chen's death in the Ten Thousand Years Soul Dragon Formation. She looked at the other two people from time to time and said: "You two, one is the head of the middle-class family, and the branch head of the upper-class sect. , I am afraid of this kind of rubbish! The world is going downhill, killing a lowly kid, you all have to do this, it's ridiculous..."

In fact, Lingyun Xianzun never finished speaking!

She sincerely hopes that Bei Gong Hongtian or the ancestor of the soul race will directly kill Ye Chen!

She just had an excuse to slaughter these two people again, and then she could make a deal with the lovers when she returned!

What a pity! What a pity!

With these two things, Beigong Hongtian is vacillating. It seems that both sides are investing. To put it bluntly, where the wind is strong, it is almost impossible for him to make his own decision and do it himself!

The ancestor of the soul clan, he heard his fame as an ancestor, in fact, he was the inferior elder of the soul hall. He went after being seriously injured five hundred years ago. The cat was like dead, and he did not want to do it himself. Chen went to the Ten Thousand Years Soul Dragon Formation!

"It's okay to run into battle!"

"Senior Lingyun, Ye Chen would never get past the formation without my help!"

"And the Patriarch didn't help him!" Bei Gong Hongtian gestured slightly and said, "It is nothing more than a bottle of fourth-grade monster blood, also to give a word to Wanjian Emperor, although Ye Chen Excellent talent, but still dying!"

"Don't worry too much!"

"Senior Lingyun came all the way, and was so careful to avoid it, it made my Patriarch a little confused!"

"Is it possible, is there really anyone behind Ye Chen? Not only the Wanjian Emperor's Palace? So seniors have to deal with it carefully?"

Bei Gong Hongtian is talking about it!

Seeing that he was pleasing to Lingyun Xianzun, and beckoning to his predecessors to show whether he had invested!

In fact, the ultimate goal is to talk, he intends to ask Ye Chen's origin and the people behind it!

"Bei Gong Hongtian!"

"The Beigong family is looking for you to be the head of the house!"

"Pity!"

Lingyun Xianzun said with a sigh: "The Beigong family has been declining over the years, and even falling apart. The biggest problem is blindness! Choosing someone like you to be the master of the house is a waste of resources!"

"One day, the Beigong family will be destroyed in your hands!"

"These are my aura's words, ten years later, you might as well watch it again! Is it fulfilled?"

Can't!

Bei Gong Hongtian has no absolute position, whoever is strong will follow who!

The most important thing is to be good at thoroughly discovering the status of others. Even if others hide it, he will try to find out. Once he confirms that his identity is visible, he immediately rebels without hesitation!

People of this kind are fighting between the two factions!

Or in group denominations, clan battles, or even territorial battles, the fastest death is!

It is also the existence that countless strong people hate most!

The main thing in a family is not to be conscientious and strategic. is to be calm and careless!

But Bei Gong Hongtian was narrow-minded and did not have the style of the head of the family at all!

"Ahem!"

"Not so much!"

Beigong Hongtian smiled and said slowly: "I heard that the ancestor Kuiying of the Blood Spirit Race is the nine-tiered Heaven of the Combination Dao Realm. Chen!"

He asked carefully: "I don't know, why on earth?"

At the same time, the ancestors of the Soul Race also set their sights on the Lingyun Immortal Venerable. He was also curious. With the status of the Blood Sword Gate of the Blood Soul Race, offering a reward for the Hedao artifact is equivalent to offering a reward for a time-space soldier. Come kill Ye Chen!

It shows its importance!

It can also be seen that the blood spirit clan hates Ye Chen and the heart to kill!

Chapter 1562: Red mist

Lingyun Xianzun glanced at Beigong Hongtian, and finally landed on the soul race ancestor, slightly released his momentum, and said:

"You two old guys!"

"I can tell you the answer!"

"The identity of this kid is far less complicated than you think!"

"Ye Jitian, formerly known as Ye Chen!"

"As for the Kunlun virtual world, no, according to the news sent by the deity!"

"He came from a place called Huaxia Jiangcheng!" Lingyun Xianzun said slowly: "He began to practice at the age of twenty, and he was promoted from Huaxia to Kunlun Xu. After five or six years, he was promoted from Kunlun Xu to Lingwu. mainland!"

"Count it down, he has only cultivated martial arts for seven years!"

Top Best AI for Forex Trading 2024

Seven years!

From ordinary people's cultivation to entering the realm of gods!

Such a speed, for ordinary people, for Huaxia, I am afraid that books that specifically record cultivation matters dare not record it, because Ye Chen is too evil!

But for the people of Lingwu mainland!

At most, I can only feel surprised, I can feel Ye Chen's ruthlessness and determination!

It is impossible for a person who is not ruthless and decisive enough to climb to the top!

Ye Chen climbed the summit twice in a row and entered the new world, which is enough to prove his behavior!

"Seven years!"

"Not long!" Bei Gong Hongtian shook his head slightly, and said: "The top family, at all costs, it will take seven years for the martial artist to enter the gods and cultivate to the good fortune! There is a problem, Ye Chen broke out a few days ago Close to the combat power of the third layer of Hedao Realm!"

"what's going on?"

"He has Hedao artifacts and Hunyuan fairy artifacts, as well as a large number of weapons and puppets, I know these!"

"It should have been obtained from the Golden Buddha Tantric Buddhism! However, these things can at most only allow him to exert the power of the three-tiered Heaven in the Hunyuan Realm!"

"Where did this power come from?"

"Is it the power sealed in his body by the strong, or is he inherently possessed of such power, because his blood is extremely high and his birth is extremely high, so he can use such power when in danger?"

Lingyun Xianzun shook his head, looked at Beigong Hongtian somewhat mockingly, and said: "When this deity first started with Ye Chen, he felt that he was a little bit unusual. A few days ago, he even felt that he has a palace. Kind of fairy!"

"How can a kid from the land of ants have this kind of treasure? If I'm not mistaken, this humble kid should have the inheritance of a dead warrior, and can use the power of a palace-like warrior!"

"However, the realm of this dead warrior should not be high, either it is the realm of harmony or the realm of good fortune!"

"For the people of inheritance, I am afraid that a few strengths will be left behind! It can be counted as this kid's hole card!"

"After these few times, this guy should use this power almost."

"As for bloodline? What bloodline do you think people who come from places like Kunlun Xu have?"

"Even if there is, it is \*\*\*\* in my Lingyun eyes!"

Lingyun Xianzun's tone was chilly! It can be seen that he hates Ye Chen!

She has received countless apprentices in her life. Which apprentice is not grateful to her!

Only Ji Siqing and Xia Ruoxue!

Ye Chen was the only one in their hearts!

The way of cultivation, if you want to achieve something, you must cut your wish!

This kid named Ye Chen would only restrict Xia Ruoxue and Ji Siqing's cultivation path!

How can we not hate!

Hear such an analysis!

Beigong Hongtian and the soul ancestors suddenly realized!

"Good, good, good!"

"It turns out that his power comes from the Divine Sense of the Combination Dao Realm and the Good Fortune Realm! It is estimated that this Divine Sense should be related to the disciple or elder of the Ten Thousand Sword Emperor Palace! Otherwise, the Ten Thousand Sword Emperor Palace will not help this kid!"

"This is the protection of Dazongmen!"

Bei Gong Hongtian's eyes brightened, and he said, "It seems that I have been looking up at this little beast!"

"It's just a chance to pick up some garbage!"

"No wonder Ten Thousand Sword Emperor Palace didn't take this kid away, I'm afraid this boy is not as important as we thought to Ten Thousand Sword Emperor Palace!"

"It has been Ye Chen alone all the time!"

At the critical moment, he sensed the power of other warriors in Ye Chen!

I thought it was a certain Conferred God powerhouse or the power of a certain Immortal Venerable!

Unexpectedly, it was just the power of a group of warriors from the Hedao Realm, Hunyuan Realm, and God King Realm!

What is there to fear?

Just ants!

Ye Chen!

Killable!

Watching Beigong Hongtian's gradually hideous look, the ancestor of the Soul Race also revealed a wicked smile and lightly touched his beard, "Even if Ye Chen can really survive the formation, I am afraid that the Blood Spirit Race will not let it go. This kid!"

"If the people of the Blood Spirit Race know that Ye Chen is here, then things will become more interesting."

He clasped his fist and motioned: "Thank you, Senior Lingyun, for your guidance!"

"Senior needs are what I need!"

"So, Ye Chen, a little beast, must be buried in my Ten Thousand Years Soul Dragon Array, as the nourishment for my Array Spirit's "Heaven and Earth Soul Dragon"!"

The soul clan ancestor dispelled the last trace of doubt, completely relieved, and completely relieved, feeling that there will be no more inexplicable powerhouses to attack and kill Ye Chen. I knew this before, and I didn't need to sign the back part of the contract just now. Anyway, Wan Jian If the imperial palace will come, and if there is no one else, Ye Chen will definitely die!

At this moment!

After Lingyun Xianzun answered, the soul clan ancestor and Bei Gong Hongtian have completely strengthened their faith!

Knowing that there is no strong person behind Ye Chen, even if someone is an unfounded ant, then you can use your fists to kill Ye Chen without worrying about other warriors coming!

Ever since!

The three of them each took out the wonderful tea, and even some fairy fruit to eat, while eating, watching how Ye Chen died in the realm of time and space!

...

In the Ten Thousand Years Soul Dragon Array!

Ye Chen had just been brought into the formation by the power of Lingyun Immortal Venerable, and his body was harmless, let alone injured!

But there is always a sense of coldness around!

It was as if there were a pair of eyes watching Ye Chen secretly!

This feeling is uncomfortable!

At the same time, Ye Chen found that the black stone in his pocket was shining with a faint light.

The light is very dim. If he does not pay attention, he will definitely not notice.

Suddenly, the temperature of the entire space kept rising!

Ye Chen's clothes appeared to be burning!

"It seems that this is the formation of the Soul Race."

He got up and stared at the surroundings. There was a red mist. He could barely see his fingers. There were bowls-sized potholes on the ground, and flames of hundreds of thousands of degrees were sprayed out, making the air temperature as high as several thousand degrees!

Fortunately, Ye Chen's physical body has undergone a qualitative change, and has crossed the gap between immortal and common!

Otherwise, you just came in, and you will be killed by the environment at the moment without waiting for other war puppets to attack and kill yourself!

"Follow the instructions!"

"This is the third layer, and the outermost 10%, the flames and wind layer!"

"There are more than seventy flaming puppets of the God King Realm!"

Chapter 1563: The horror of the law of destruction!

Ye Chen urged the technique, his eyes brightened, he saw the distance of a thousand meters ahead, and scanned the surroundings, "The Ten Thousand Years Soul Dragon Array is circular, and the third layer is the outermost layer, and it is also the largest layer. Go toward the center, walk tens of thousands of meters in diameter, and you will be there!"

"In other words, to reach the second floor from here, you have to walk about 10,000 meters!"

Ten thousand meters, compared to China, is already an extremely large area!

But as far as Lingwu Continent is concerned, as far as the soul clan residence is concerned, it is only the outermost area of a formation, and when I came, I had not seen this formation, which means this formation, or It is among the huge mountain peaks.

Either in the farther area!

But all belong to the scope of the soul race!

"Ten thousand meters!"

"There are only seventy \*\*\*\* king stage battle puppets, some are missing!"

Ye Chen doesn't talk nonsense, Ji Lin's safety is in his own hands, and he can't waste time!

He set off directly to the area of the second floor!

He felt that his combat power, a human warrior in the Divine King Realm, was mostly dead when he encountered himself, let alone a Divine King Realm war puppet!

Battle puppets are not afraid of death!

But the combat experience and flexibility are not as good as the human warriors, and there are limitations!

Huhuhu! !

Huhu! !

Ye Chen's speed is extremely fast, even a little volley! Breaking through the layers of blood clouds, you can still only see a range of about 100 meters ahead. This vision is too short for him, so things and blood clouds in the eyes are constantly changing, and it is difficult to see clearly. Something, but the direction is right!

Right now!

A sharp long knife shot from below!

It is a fifth-rank divine king weapon, the blade of which circulates the aura of destruction, it is a divine king realm battle puppet forged by the law of destruction!

"Law of Destruction?"

"It just happens to be restrained by me!"

"Buddha Avenue, open!" Ye Chen yelled, and a long golden river appeared behind him. On top of it, a Buddha was made of a lotus platform, chanting scriptures in his mouth, and the scriptures and cultures came out as entities in an instant. There are tens of thousands of golden Buddhist scriptures surging, interlacing each other, like ribbons, entwining a long knife!

Qiang Qiang! !

Click! !

Along with the shattering and spreading, countless golden Buddhist scriptures burst open, turning into golden crystals and floating away!

The blade of the long sword is the power of the law of destruction. It is extremely tyrannical, even beyond the range that the Buddhist Dao can suppress. Unless the Buddha is promoted to the Buddhist God's path, it is absolutely impossible to restrain it!

Whoosh whoosh! !

Whizzing!

Freely!

Eight divine artifacts flew at the same time from eight directions, and the primitive and powerful laws of destruction power flowed on them. The whole body was pale brown, and the entire divine artifact was wrapped, tearing the space along the way to kill!

Eight types of divine artifacts, such as swords, guns and sticks, axes, hooks and forks, came together to kill, seemingly to prevent Ye Chen's evasion and retreat from various directions, forcing Ye Chen to resist!

"The Avenue of Immortality!"

"Killing Avenue!"

"A blow from the universe!"

"kill!"

Ye Chen broke out completely, wielding the soul-killing magic spear with his left hand, and the tip of the spear pierced out a phantom dragon. With the temperament of the immortal avenue, the immortal enemy will never dissipate, and he rushed towards the three-handed magic king!

The right hand turns the Excalibur Sword, bursting out the Qi to kill the world, and the sword body shoots six magnificent sword auras!

At the same time, my feet speed up, I want to escape!

Nine handles of the gods!

Give him the feeling!

Can kill him!

This is a weapon with the law of destruction, which can burst out ten times the power of the weapon itself!

Seeing that it is a nine-handed five-sixth-rank divine king weapon, the actual power is like a nine-handed nine-handed divine king weapon killed, each of which can injure his body, if he does not realize the silence Tao and Buddhism Avenue, as long as they are hit, they will dissipate between heaven and earth in less than a day!

There is no possibility of resurrection!

This is the overbearing nature of the law of destruction!

There is no power to exercise restraint. Once you hit you, you will die if you don't want to die!

Qiang Qiang!

Boom!

Shenlong phantom flew three divine king artifacts, and it burst open!

The six sword auras hit the six divine king artifacts respectively, and the sword aura shattered, followed by the three divine king artifacts wrapped in the law of destruction!

"Tiansha Demon Fist!"

"Flame Burning Heaven Palm!"

Ye Chen received the weapon, used his most comfortable hand and adapted his palm and boxing techniques, relying on the power of the flesh to rigidly accept these three divine weapons! If you use the Soul Slayer Magic Spear and the Excalibur Sword to resist!

I am afraid that I have only sacrificed the two weapons I have trained, even if there are no problems, there will still be cracks!

boom! ! !

A long voice came out!

Ye Chen's fist smashed a long stick-type divine weapon in the front, and the whole fist felt extremely hot. In the next second, blood poured out, and a burst of pain penetrated into his mind, making Ye Chen's complexion big. change!

"Law of Destruction, so powerful!"

Immediately, he turned around and slapped a spear-shaped divine weapon!

Click! ! !

Click! !

The sound of broken metal came out!

The spear head burst open, but the spear body slipped over Ye Chen's palm, revealing a wound!  
Suddenly there is a heartache!

puff!

A long-knife-shaped divine weapon!

Directly penetrated Ye Chen's eighth-rank Divine King Tool, and immediately passed Ye Chen's shoulder!  
Wear out from behind, bring out a large piece of blood!

For every blow, Ye Chen deliberately avoided the point!

The injury is not too serious!

All this lies in Ye Chen's crazy combat experience!

If someone in the same realm of Lingwu Continent stepped into it, he would die in one second!

Even at the peak of the Divine King Realm, it can't hold a blow!

In the next second, Ye Chen felt a force entwining his whole body!

"puff....."

Spit out blood!

The law of destruction is still on him, ready to give himself a fatal blow!

"Damn, too strong, no wonder they are so confident..."

Ye Chen immediately fell from the sky, and after several struggles, he landed steadily in a valley. He glanced at his body, and the law of destruction had already spread!

Like a toxin!

This is the overbearing power of the law!

"I still underestimate this formation, the first level alone is so difficult!"

"The reincarnation cemetery is right! Entering this array, it must be nine deaths!"

"But I don't regret This is Ji Linsheng's only chance!"

"No matter how strong this formation is, I, Ye Chen, will break it!"

Ye Chen glanced at Ji Lin who was unconscious in the reincarnation cemetery. At this moment, Ji Lin's pale and tender face was full of pain!

This is his greatest belief in this trip!

"At the moment, we must break through the remnants of the law of destruction as soon as possible!"

A puff of ancient brown gas lingered around Ye Chen's body, like a germ, constantly destroying the physical power that swallowed Ye Chen!

The flesh that was originally glowing!

It seems that the next second will be full of holes!

Even Ye Chen's face is not to be extremely dry, like a man crawling out of hell, not at all like a young man in his twenties, his life force is rapidly consuming, I am afraid it will not take half a day, Ye Chen's lifespan It will be exhausted!

Chapter 1564: What can't kill him will only make him stronger!

The law of destruction!

It is mainly to destroy the life primitive, physical strength, spiritual power, and even the power of the Great Dao of the warrior!

There are both the energy of consuming the martial artist's lifespan and the method of abolishing the martial artist's skill!

It can be regarded as a complete version of the law of space and the law of death!

It is one of the most powerful laws in the world!

Fortunately, this law of destruction does not seem to be composed of the law of destruction of the Dzogchen level, otherwise Ye Chen would turn into a cloud of blue smoke and spread out in an instant, and even the soul and Taoism would not survive!

"Buddha Avenue, break this path of destruction for me!"

"The Avenue of Silence, resist..."

Ye Chen's eyes condensed, and he wanted to use the power of two great roads to resist, but it was still so difficult!

His forehead was covered with sweat and the pain in his heart was useless even if he clenched his teeth!

He hurriedly sat cross-legged, and even the ground was contaminated with the power of the Law of Destruction, and they all turned into green smoke and dispersed. The original valley floor gradually fell into a big hole, even with the presence of Ye Chen. And keep going down!

A big pit appears on the ground!

And disappearing at a speed visible to the naked eye!

The power of the law of destruction is horrible to the extreme!

"Damn it!"

"A little bit of the law of destruction, do you want to destroy Lao Tzu?"

"impossible!"

"Hunyuan Immortal Tool still has its core power!"

"Fit for Laozi, refine for Laozi!" Ye Chen roared, and stored in the core of the Hunyuan Immortal Tool in his body, suddenly bursting with power, and constantly nourishing his body and avenues, and even his original foundation and life primitive!

"For the rest of my life, I have never been like this, the rule of destruction!"

"Want to kill me too? Idiot dreaming!"

At this moment, Ye Chen stood up suddenly, like a demon, not afraid of everything!

His whole body gradually glowed with light!

The light actually took the initiative to destroy the power of the law in the resisters!

The original wounded power is healing at an extremely fast speed, the new flesh and blood are reborn, the power of the law of space contained in the bones and the power of the law of nirvana are combined, and the power of the law of destruction is gradually driven away!

The healing power of Buddhism Avenue is running fast!

Ye Chen's great power turned out to be tyrannical!

next moment!

A majestic momentum is blooming!

This is the breath of breakthrough!

Ye Chen actually got a blessing in disguise under the power of the law of destruction! Promoted to the eighth level of the God Realm!

The Buddhism Avenue was further perfected. His physical body stepped into the second stage of the incorporeal stage. He turned around and saw a ghost-like god-king battle puppet slaying. He stretched out his hand, like a dragon's claw, and grabbed it directly. This war puppet!

Huhuhu! !

Huhu!

A war puppet that looks like a human, but like a ghost!

Black skin, armor, and cloak, his pupils glowed green, flames burst out from his mouth, his hands and feet kept waving, trying to attack Ye Chen!

"Just like you war puppets!"

"Want to kill me?"

"Unless the old miscellaneous hair of the Soul Race comes in person, it's almost the same!"

Ye Chen forcefully squeezed the battle puppet from the fifth-tier heaven of the Divine King Realm, and was directly squeezed by him when he heard a "click"!

He jumped out and landed on the edge of the valley, watching the eight battle puppets flying over, showing a grim smile, and immediately a cloud of luster appeared in his hand, the luster collapsed, the sword of death appeared, and a sword was sacrificed. The sword spirit of the four directions is vertical and horizontal, as if the rivers and seas are endless!

Little war puppet!

Means to have the law of destruction, want to kill Laozi?

I slaughtered you clean!

Whoosh whoosh!

Huhu! !

The majestic sword aura is as dense and violently attacked as the waves of the sea!

The eight war puppets seemed to know that they couldn't stop them, and unanimously threw out their own weapons, which contained the divine weapon of the law of destruction!

The Eight-Handle Divine King Tool is here again!

Bang bang bang! !

Boom! !

With bursts of popping sound!

The tide of sword qi wiped out the remaining seven divine king artifacts, and only one axe type divine king artifact was left to kill. An axe slashed on the Divine Judgment Sword, and the axe body's destruction law would fly to Ye Chen on its own. He wants to destroy Ye Chen!

Ye Chen hurriedly shattered these laws of destruction, but found that his body was not devoured by destruction!

He was subconsciously overjoyed and said: "Is it possible that I can now absorb the power of the Law of Destruction as I did when I absorbed the power of the Avenue of Nirvana?"

At the beginning, Ye Chen's avenue of nirvana, how did the nirvana power come from?

It is because of being bombarded with the power of nirvana, and as a result, I survived by chance and possessed resistance in the body, so I can absorb the power of nirvana from others and achieve oneself. This is the way of nirvana!

just now!

Ye Chen has the resistance to the law of destruction!

Doesn't it mean that you can comprehend the avenue of destruction?

And it is very likely that with the power of the five great roads, you will be promoted to the realm of the gods and become the five kings of the gods?

Is the power of Dao fifty times stronger than a person of the same level?

Such a powerful power can make up for the power of the law of space, and it is not impossible to leapfrog the Hunyuan realm!

But why he can do this, he doesn't know!

Is it because of your own reincarnation blood?

Reincarnation Cemetery Da Neng once surprised Ye Chen's blood!

Now it seems that the horror of his blood lies in this!

"Haha!"

"That old soul clan! He wanted to kill me, but he sent me treasures!"

"When I pick the Ten Thousand Years Soul Dragon Grass, I will ruin your formation!" Ye Chen grabbed the Divine King Tool and absorbed the power of the Law of Destruction, but his body became stronger and he was even more overjoyed. The Law of Destruction not only enhances the power of Tao, but also enhances the strength of the physical body!

Soon the next moment!

Ye Chen took the initiative to fight, which was very different from the scene where he was forced to flee and almost died in battle!

In an instant he was fighting with the eight gods of the gods realm battle puppets. After he was not afraid of the rules of destruction, he killed the gods of the fifth and sixth layers of the gods realm, and he was no different from killing chickens. He quickly exploded the eight battle puppets. Absorbed the power of the law of destruction from the war puppet!

nowadays!

Ye Chen already had a basic law of destruction in his body, and even took the initiative to use a trace of the law of destruction power, more than doubled his combat power!

He stood up from Yukong again, with an evil smile drawn on the corners of his lips, and said: "There are more than 60 war puppets, I will wait for Yukong to kill you!"

At this moment, Ye Chen's eyes were only hot!

What can't kill him will only make him stronger!

...

Everyone outside the array naturally saw the situation in the picture.

The smiles at the corners of the three people's mouths gradually solidified!

In their eyes, Ye Chen is about to die under the law of destruction!

But the critical moment unexpectedly changed!

How could the key to the gods block the power of the law of destruction!

They naturally didn't know that Ye Chen not only resisted, but also absorbed the power of the Law of Destruction!

After all, this is too shocking!

No one in Lingwu mainland can do it!

No matter how geniuses and evildoers exist, they are not qualified!

At the moment Lingyun and others are horrified besides horror!

This shouldn't have happened!

"Damn little beast!"

"It can actually block the law of destruction! Is this kid's physical body changed? More powerful than I thought? This is the law of destruction! It's not a child's play!"

Bei Gong Hongtian was a little angry, even a little regretful, he felt that he shouldn't give Ye Chen the bottle of the fourth-grade sky golden beast's blood!

It was originally for excuses, but I didn't expect to help Ye Chen!

If Ye Chen didn't have a physical body in the incorporeal stage!

Otherwise, he would be dead now!

In his opinion, Ye Chen's chance to survive was nothing more than his physical strength!

It's ridiculous!

Chapter 1565: Newborn blood!

"I didn't expect that the one who really saved Ye Chen would be the essence and blood of my Fourth-Rank Sky Golden Beast, hey, things are unpredictable."

Bei Gong Hongtian sighed helplessly.

He has no choice.

If you don't use this as the price, the Ten Thousand Sword Emperor's Palace is here, and you can't completely get rid of the suspicion. In the end, even if the Ten Thousand Sword Emperor's Palace will not start a war against your Beigong family, those elders will definitely let yourself go out in order to protect themselves. I apologize and admit my mistakes. I have to take the main palace master or the deputy palace master of the Wanjian Emperor's Palace to save it. It is impossible to die!

But it may be hit hard!

It seems that they are in their realm, titled Immortal Venerable, and even later titled gods, titled true \*\*\*\* level warriors!

It's extremely difficult to get hurt, but once you get hurt and you don't have the corresponding treasure treatment, you have to rely on your own practice to recover. You don't even want to recover for a thousand or eight hundred years. It may even be like the soul ancestor, five hundred years. Not only did the injury in the past not heal, but it may also get worse, and in another thousand years, it may fall into the realm of good fortune!

"give him....."

"It's fate!"

"However, this humble boy is going to die after all!"

The ancestor of the soul race was relieved from the shock. He naturally heard Beigong Hongtian's words, and said in amazement: "This child's physical body can resist the law of destruction because of the essence and blood of your fourth-grade sky golden beast?"

"That's not right, the essence and blood of the fourth-rank Tianjin beast does have a certain effect on the law of destruction, but it is not so exaggerated."

At this moment, Lingyun Xianzun's indifferent voice fell!

"Just now this kid blocked the law of destruction at a critical moment. It was a bit weird. However, if the 4th-Rank Sky Golden Beast is at the 4th-Rank peak, it is possible!"

"I'm afraid this kid is lucky, and the blood of the fourth-rank sky golden beast is just infinitely close to the fifth-rank existence, and he hasn't completely refined it, leaving a part of it!"

"This small part, if blessed with secret methods, it is possible to fight the law of destruction."

After finishing speaking, Lingyun Xianzun glanced at Beigong Hongtian and scolded: "Success is not enough to fail!"

Lingyun Immortal Venerable's expression was extremely cold, even though he looked bad at Beigong Hongtian, he also knew why Beigong Hongtian did it!

Although I don't know Wanjian Emperor's Palace, why Ye Chen was accepted as a disciple!

But in terms of the importance of the swordsman Immortal Venerable, their level of warrior's attention to Ye Chen, Ye Chen is bound to have some secret things related to the Ten Thousand Sword Emperor Palace, no matter how bad it is, it is the inheritance of a certain Sword Venerable, Sword God!

But Lingyun Xianzun does not care so much!

Sword Sovereign, titled Immortal Sovereign level?

She is herself!

What's more, the Ten Thousand Sword Emperor Palace has gradually declined, and now it has many enemies!

She has no fear!

Even if those top-level powerhouses act for Ye Chen!

The palace lord behind her is the Conferred God-level Star Aperture Realm martial artist!

It's not that she wants to kill Ye Chen, anyway, Ye Chen is looking for death on her own. At most, the Wanjian Emperor's Palace will be angry, what else can she do!

"Something's wrong!"

suddenly! The soul clan ancestor seemed to have discovered something, his eyes were staring straight at the scene projected from the mirror!

"Look, two, what the \*\*\*\* is this kid doing!"

Hearing the voice of the ancestor of the Soul Race, the sights of Lingyun Xianzun and Bei Gong Hongtian fell on the screen again!

See you! Ye Chen walked away from the air, and attracted eleven destroying war puppets. These war puppets used the secret method of the soul clan to plant the power of the law of destruction while the warrior was alive, and then killed them, making the war puppets all the time. Maintain the power of the law of destruction!

It stands to reason that these war puppets have great attack power!

However, Ye Chen defeated eleven destroying war puppets in a row!

Such a record!

It's not easy!

"The physique of this kid Ye Chen!"

"Something's wrong, absolutely something's wrong!" The ancestor of the soul race stood up, his expression was a little shocked, and he unconsciously came to the front of the screen.

He carefully looked at Ye Chen's moves, and even accepted the Law of Destruction, and took the initiative to absorb the actions of the Law of Destruction on the war puppet. He couldn't help but stroked his beard lightly and said: "His physical body is equivalent to the Primordial Realm!"

"Ordinary warriors, have such a physical body!"

"Although it is powerful, it is absolutely impossible to resist the laws of destruction, not to mention that he seems to... actively absorb so many laws of destruction!"

"Yes! It is absorbing the power of the law of destruction!"

"Gosh! What the \*\*\*\* is this monster!"

"There is something wrong with his physical body, it seems that there is a special magic power!"

Absorb power!

The power of magic!

These words come out!

The three martial artists of good fortune, including Beigong Hongtian, Lingyun Xianzun, and the ancestor of the soul race, all looked at each other, each with a sense of horror in their eyes!

Let alone how absurd the law of absorption is!

The four words Power of Magic Dao alone are enough to shake the Lingwu Continent!

Pure innate magic power, not the power that comes from cultivating demons!

Ye Chen is not a warrior who has endured fierce qi since he was a child, and came from the cultivation of devil qi!

That means Ye Chen's blood is extraordinary!

Even, it is very likely to be the descendants of the ancient demon god!

"Descendants of the Devil God!"

"This power of the Demon Dao bloodline did not actively unfold, or even passively absorb the law of destruction!"

The ancestor of the soul race instantly recalled that he had read through all the materials of the ancient times. Some materials about the many demon gods, the king of beasts, and the demon saints in the ancient times of Lingwu Continent, all shook their heads slightly and said: "There is no corresponding match!"

"My soul clan records!"

"There is no record of the power of the blood in Ye Chen! And his blood is really strong!"

"Either he is a descendant of the Demon Sage of an extremely strong man, and he is the descendant of an unknown Demon Sage in the ancient times!"

"Either it is, the newborn bloodline!" The ancestor of the soul race became more and more astonished as he said. Before he felt the violent and even evil of Ye Chen's bloodline power, but he did not expect that Ye Chen's bloodline and flesh body could actually absorb the so-called 'world. Power of the law of destruction with the strongest attack power!

at this point!

First-rate blood can't do it!

The dragon son and daughter of the Sacred Dragon family and the Shenlong family have never heard of anyone who can do this!

"Newborn blood!"

"Newborn blood!"

Beigong Hongtian and Lingyun Xianzun talked about the word , their eyes became more murderous.

The blood of the first generation means that he is a warrior with the blood of the first generation. The blood is produced by himself, and is the first and strongest generation. If the blood of Ye Chen is the blood of the first generation, the future is boundless!

Of course, there is another possibility, that is to waste the pulse!

Any blood of the first generation, without awakening, is a waste of blood!

In Lingwu Continent, the blood of the first generation is not too small!

But only a handful of people are truly awakened!

The ranks are even different! The value cannot be measured!

This is why Ye Chen was ignored by the Huaxia Jiang family from the beginning!

Once born, it is the detection of the root of the dead pulse! Can't practice!

Chapter 1566: The power of the avenue!

It is impossible for this kind of roots and veins to achieve much in martial arts!

Such descendants will only tarnish the powerful blood of the Jiang family and even Jiang Xirong!

But no one thought that Ye Chen would arouse the black stone when he was an adult!

It is the cultivation base rising against the sky!

The blood is gradually awakening!

It's just that Ye Chen's bloodline was only awakened by one percent at this moment!

The killing intent in everyone's eyes grew stronger.

Although the first generation bloodline is very likely to waste a lifetime, but at this moment Ye Chen has already bloomed some light!

If they grow up, it is indeed possible to threaten them!

"Can't let him leave alive!"

"In that case, let him stay in the formation today at all costs!"

Both the soul clan old man and Bei Gong Hongtian spoke.

kill!

Must be killed!

I have already offended Ye Chen!

Such a young warrior with the blood of the first generation against the sky will have a 1% chance to become a warrior of the sealed gods in the future, and may even reach the sealed door realm, titled the true god, that is definitely not something we can offend!

Since it is dangerous!

Just kill the danger in the cradle!

The soul clan ancestor immediately took out a blue-blue stone, and the ancient Dao Yun circulated on the stone, and then handed the stone to Beigong Hongtian, his eyes were deep and said: "I have signed the contract and cannot attack Ye Chen, this It is the center stone that controls the Ten Thousand Years Soul Dragon Formation. You control and change the formation to trap and kill Ye Chen!"

Lingyun Xianzun's eyes flickered, and he didn't say anything to stop it, and he didn't say anything to accept it!

Bei Gong Hongtian quickly took it in his hand, and immediately sensed in his mind all the \*\*\*\* king realm battle puppets within the third layer of the Ten Thousand Years Soul Dragon Array. Suddenly his

expression changed, and he said: "How come there are five \*\*\*\* king realm eight? Nine-tier heaven's destruction war puppet?"

There are five more puppets in the Divine King Realm containing the rule of destruction!

The eight heavens of the three gods!

Two gods in the realm of nine heavens!

Didn't it mean that there are no war puppets in the late God King realm?

"Ha ha....."

"How could this ancestor be someone who put all his cards on the surface!"

"The formation of the spirit world soul dragon is unwilling to come to the third floor to kill Ye Chen, because I look down on Ye Chen, but I can mobilize the war puppet hidden in the depths and kill him!"  
There was a fierce glow in his eyes!

This old thing is hidden!

There are hole cards!

It seems that the information about the Ten Thousand Years Soul Dragon Array flowing out of the outside world is beyond belief!

Or, it cannot be used as an absolute guide!

"Hahaha, good!"

"Ye Chen will die today!" Bei Gong Hongtian pinched the blue stone, and a drop of blood was forced out and left on the stone.

Suddenly the cyan light continued to flicker.

Wonderful.

After that, Bei Gong Hongtian felt something, a wicked smile appeared at the corner of his mouth, the power of the soul flowed, and a consciousness was transmitted to the five war puppets in the formation through thousands of miles away, originally hidden in the lava of the volcano. The five battle puppets rose up into the sky in an instant and headed straight for Ye Chen!

The murder was released!

...

In formation!

Huhuhu! !

Huhu! !

The sound of breaking through the sky came out!

Five lava destroying battle puppets are made from the sky, arranged in a five-element line, each wearing a black cloak, a long bow at the waist, and a blood-colored long sword. The face is like black iron, and the eyes are like lava, exuding extremely powerful murderous aura. , Every murderous aura has the mighty power, extremely powerful!

The combined power of the five battle puppets is comparable to the combined power of the other thirty destroying battle puppets!

These battle puppets were specially placed by the ancestors of the soul clan. Over the years, many Tianjiao martial artists who had been lucky enough to pass through the seventy destroying war puppets and jointly attacked them all died tragically under their hands. After the death of those Tianjiao martial artists, their bodies were also Was made into a new destruction war puppet, placed in the third floor!

Seventy war puppets!

This number has been maintained!

But after several changes, almost none of them were the original destroyer puppets!

They are all refined from the body of the Tianjiao martial artist who is not self-reliant to the offspring. Only these five war puppets are the third layer of true king war puppets!

The outside world only knows that those Tianjiao warriors who defeated the piranhas in the second layer have never known that they were refined into war puppets, and it was these lava that made them into war puppets. Destroy war puppets, these war puppets even possess a certain spirituality!

In the distance, in a sandstorm!

Ye Chen pierced out with a sword, and boundless sword energy flew out vertically and horizontally, directly blasting the sandstorm. At the same time, one sword defeated the three destroying puppets, turning around and punching one destroying puppet to the ground!

With claws in his left hand, he suddenly landed on the head of a Destroyer Puppet. The palm of his hand was like a vortex black hole, absorbing the power of the Law of Destruction frantically. With every second, his rising aura would be tyrannical!

Even to the back, Ye Chen can directly break through the power of the law of destruction to destroy the war puppet, thereby directly defeating the war puppet!

And you can attack while absorbing the power of the war puppet!

Bang bang bang! !

Generous! !

A few crackling sounds came out!

The five god-king battle puppets who were sucked up to the law of destruction were suddenly kicked and exploded by Ye Chen!

"Twenty-eight!"

"Thirty!"

"Thirty-seven!"

"Forty-one!"

Ye Chen muttered the number, and the sword light of the Divine Sword in his hand flickered in the sky, sweeping the destroying war puppets one by one!

So far, he has absorbed the power of forty-one destroying war puppets and smashed them, leaving twenty-nine war puppets, and only 18 are left here. Other war puppets are still on their way!

boom! !

Ye Chen punched through the chest of a ruined war puppet, and his arms exploded with incomparably powerful absorption power, sucking up the power of the war puppet like a demon king. Immediately after his arm shook, the war puppet burst open, turning into countless fragments. Out!

He swung his sword to kill other war puppets, subconsciously thinking: "Not enough! Not enough!"

"These battle puppets are not enough to combine the power of the law of destruction in my body into a road of destruction!"

"Destroy the Avenue! As long as there is the power of Tao as the foundation then it will be much easier to understand its laws!"

There is the power of the great road, and the power of the king of gods as an auxiliary!

To comprehend the law again, for Ye Chen, it is a multiplier thing with half the effort!

nowadays!

Four roads in Ye Chen's body!

The Avenue of Nirvana, you can comprehend the law of nirvana that absorbs the life of others and complements the life of the body!

The Dao of Immortality, you can comprehend the immortality of its own will, and then attack the immortal law of immortality!

Killing avenue, you can understand the law of killing thousands of killings, to kill killing!

The Great Way of Buddhism may be understood as the law of sentient beings, the law of understanding, or the law of healing!

If you master the path of destruction and understand the law of destruction, when you achieve the Hunyuan realm, the five principles will be comprehended and merged. The power is still above the Five Elements Law, and even all merged and cultivated to Dzogchen, the power is far beyond the law of time and space!

Chapter 1567: what happened!

At that time!

The four rules are focused on killing!

One rule is the cure!

Ye Chen will always be invincible, unless he encounters an enemy who is completely unstoppable and will be killed when he meets him, otherwise the same state of warrior, even the warrior of a great realm above him, is definitely not his opponent!

Just when Ye Chen continued to absorb destruction!

A blood-red long sword with pure sword intent, bluntly pierced through the air, bursting into layers of air and killing!

Ye Chen obviously felt wrong and swung his sword to resist!

Cang! !

A distant sound of metal collision came out!

The violent power struck, and Ye Chen's expression changed instantly!

"This power...how is it possible!"

"boom!"

Ye Chen flew upside down and rolled onto the desert. The corners of his lips overflowed with blood, and his internal organs were shaken. He quickly took a pill to protect his injuries, and then looked at the Ninth-Rank Divine King's Sword Excalibur in his hand. , A crack appeared!

Moreover, this crack has the meaning of expanding!

What power did that fall just now!

This is the Divine Punishment Sword comparable to the Second Grade Hunyuan Immortal Tool!

It was actually just resisting an attack, and it was all cracked!

It's impossible!

Is a Hunyuan realm war puppet coming?

Whizzing! !

Whoosh! !

Ye Chen raised his head and suddenly noticed something, his eyes were full of ice!

I saw three scarlet swords coming from three directions!

Ye Chen leaped quickly, avoiding the \*\*\*\* long sword flying close to the ground. When he was in midair, a sword tactic was sacrificed, blocking a \*\*\*\* long sword for a short time!

However, it didn't last long before Ye Chen's sword art was completely shattered!

When Ye Chen turned over and landed on the ground, another \*\*\*\* light flashed suddenly!

This is too fast!

No time for Ye Chen to react at all!

It is even more intended to Ye Chen's death!

Cold! Unfeeling! Bone!

Ye Chen could only turn around quickly with consciousness!

But it's still too late!

"Bah!"

A blood-colored long sword crossed Ye Chen's arm, and the sword Qi led his flesh to rush back several tens of meters before stopping!

Endless murderous intent seemed to completely envelop Ye Chen at this moment!

"Damn, what's the matter?"

"The three Nine-Rank Divine King Tools have the rules of destruction of Xiaocheng Realm!"

Ye Chen grabbed the hilt of the sword, twisted it to the left, mobilized the power of the law of destruction in his body to resist, and immediately retreated the blood-colored long sword, but the long sword broke free from his own hands and returned to the hands of the master a kilometer away.

He looked up in surprise and saw five destroying lava battle puppets!

Every murderous intent is enough to turn this formation into a land of ten thousand years of ice!

Ye Chen stretched out his hand and wiped the blood stains off the corners of his mouth. He couldn't help but sneered, "That's right, it seems that the old soul clan has left behind!!"

"Presumably the show has just begun!"

"Five war puppets at the peak of the Divine King Realm!"

"Having the power of Xiaocheng's Law of Destruction, it is comparable to a warrior of the first-tier heaven in the Hunyuan realm, and the weapon in his hand is comparable to the third-rank Hunyuan fairy weapon!"

"Well, since you mobilize such a strong war puppet, I will use these war puppets to hone and hone martial arts!"

In an instant, Ye Chen fought and fought, with one enemy and five, directly into the circle of war!

Although he was extremely brave at the beginning, the absolute power quickly suppressed Ye Chen!

The five battle puppets are listed as a five-element formation, standing in five positions in the south, east, north, and middle. With the cooperation of the decisive alliance, they completely exceed the power of the five!

Let alone Ye Chen!

Even the powerhouses higher than Ye Chen two great realms are not qualified to face it!

A few minutes later, Ye Chen was covered with blood, and the power of the Law of Destruction of the Xiaocheng Realm was much stronger than the entry-level power of those Destroyed Puppets!

Ye Chen can block or even absorb the destructive power of ordinary destruction war puppets!

But the power of lava to destroy the battle puppet, Ye Chen can't do it, not qualified!

"Not bad!"

"This bastard, just die!"

The ancestor of the soul race lightly touched his beard, staring at Ye Chen being besieged by five war puppets, and said lightly:

"It is estimated that within half an hour, he will be killed on the spot! His physical body, I really want to use it to refine a lava destruction battle puppet, and then lead five lava destruction battle puppets and arrange a large array, which is Hunyuan The warriors of the second and third levels of the realm are here, and they are all falling into the sand!"

In the eyes of the ancestor of the soul race!

Whether it is Ye Chen's body or blood, it is the best choice for refining war puppets!

It is the key factor of this powerful formation!

Unexpectedly, Ye Chen rushed into the formation and gave him a great gift to the soul race!

Don't even think that Ye Chen is just entering the realm of gods, he can use the materials to change his realm to the realm of gods, and then change his physical body, with the rule of destruction, then Ye Chen, a war puppet, can be alone. Fight against the warriors of the first layer of the original realm!

Together with the other five lava destruction battle puppets!

Even the warriors of the second and third layers of the Hunyuan realm will have to die, and the warriors of the fourth layer of the Hunyuan realm may not be able to win them!

"such a pity!"

"What a pity!"

The ancestor of the soul race seemed to have determined that Ye Chen would die, and couldn't help but said with emotion: "This is a disciple of the Taoism of the Ten Thousand Sword Emperor Palace, the corpse must be returned, otherwise, hey, the ancestor is rare!"

Ye Chen must die!

No need to think!

Five battle puppets that can join forces to hunt down the second-tier Heavenly Warriors of Hunyuan!

Still don't believe that you can't kill Ye Chen who has entered the eighth-level heaven of God!

As for refining war puppets!

The ancestors of the soul race are coveted, if you get Ye Chen's corpse, use the \*\*\*\* of destruction stone awarded by the soul hall, extract some rules of destruction, and leave in his body the rules of destruction comparable to the realm of Xiaocheng, then it would be too perfect That's it!

"old man!"

"Ye Chen, the corpse of this humble boy, you'd better not make up your mind!"

"His body is useful to both me and the Emperor Wanjian Palace!"

Lingyun Immortal Venerable's face was cold, and he said faintly: "The disciple of the deity needs to recognize the corpse, and the green sword of the Ten Thousand Sword Emperor's Palace also needs to recognize the corpse, don't think about it!"

Corpse!

Only take back the body!

Only her two precious apprentices would really believe that Ye Chen, a humble boy, was dead!

At that time, the two disciples might think that because of their love for their motivation, maybe their speed in practice will be even greater?

"Ahem!"

"Two good students are interesting!"

Bei Gong Hongtian also smiled heartily, looking at the situation in the picture in a very good mood.

Once Ye Chen is dead!

Then he naturally doesn't have to worry about Ziyu!

"Five war puppets!"

"Half an hour!"

"Unexpectedly, so fast!"

Bei Gong Hongtian immediately leaned on the chair, drinking tea comfortably, and even slightly closed his eyes, waiting for news of his death!

Then he went in to get the body!

Finally, notify the Wanjian Emperor's Palace to recognize the corpse!

Of course, there may also be Lingyun Xianzun's disciples, and the old man's baby daughter, who will come to recognize the corpse!

After recognizing the corpse, this matter will be completely over!

His Beigong family is also the family that has gained the most this time!

Chapter 1568: Give you relief!

Bei Gong Hongtian was even thinking that Ye Chen's journey along the way, Golden Buddha Tantric, and a lot of opportunities, must be treasures, and you can divide it up.

...

Ten thousand years soul dragon formation!

Endless murderous intent seems to overflow the formation.

The desert was violent, driven by the sword aura, as if sandstorms were raging one after another!

In the sandstorm, standing a young man covered in blood, but his eyes filled with determination!

It is Ye Chen!

Of course Ye Chen can use the Reincarnation Cemetery to solve these war puppets!

But he didn't want to!

He does not want to rely on the reincarnation cemetery!

His way of killing is to experience life and death to strengthen!

The stronger the enemy, the stronger he will become!

This is his martial arts belief!

In just a few years, from a \*\*\*\* that everyone spurned, set foot on the Lingwu Continent, the strongest magic weapon in the martial arts world where the heroes are fighting for hegemony!

and!

He knows very well that this is his best opportunity to comprehend the avenue of destruction!

Whoosh whoosh!

Bang bang bang! !

Every brilliance flickered, and every attack penetrated each other!

Ye Chen never fell down, even though the casual clothes on his body were broken, and the whole clothes were stained with blood!

In less than ten minutes, his physical body had been penetrated dozens of times by the Scarlet Longsword. If it weren't for the second-order physical body of the incorporeal phase, he would have really died clean!

"puff!"

"I still don't believe it!"

"Destroy Avenue, I can't understand it!"

"Suck, let me absorb it!"

Ye Chen completely let go, put away the Divine Punishment Sword, his hands were in the shape of claws, as fast as a dragon and snake, knocking on the heads of the two lava destruction war puppets, forcibly absorbed the law of destruction in their bodies!

Huhu!

call!

An ancient brown rule of destruction gathered from the two lava destruction battle puppets and gradually flowed onto Ye Chen's arms!

It can be clearly seen that Ye Chen's arms have turned into an ancient brown, like poisoned, with broken meridians, but it is still difficult to absorb the power of the law of destruction, and refine and purify in the body, wanting to bear the fruit of the law of destruction!

Bang bang bang! !

Boom! !

The other three war puppets continued to use their fists and \*\*\*\* swords to kill Ye Chen!

Ye Chen bloomed several Hunyuan Immortal Weapons around his body, but he was still injured by the sword energy that had attacked and killed through the gap.

In an instant, Ye Chen's body was pierced by sword qi more than a hundred times, and he was hit by a killer move, completely shattering all the devil qi and spiritual qi guarding his body!

"today!"

"Lao Tzu may become the avenue of destruction!"

"Either I die here, I don't believe me. How many war puppets can kill me?"

"You are not qualified enough!" Ye Chen yelled, desperately, and broke out completely, absorbing the power of two lava destroying war puppets frantically!

In the reincarnation cemetery!

Ice Sword Immortal Venerable looked at this scene, nodded, and exclaimed: "I like this kid more and more. He has a brutal force in his body that we have never had before in cultivation. He is cruel to himself and must be cruel to the enemy!"

"Such behavior is rare, hard to see!"

"Anyone who can endure such pain since ancient times, if they don't die, without exception, will become a frightening hero!"

"This kid is not only super talented, but his ability is definitely not low!"

"I really want to see if this kid can stand on top of Lingwu Continent!"

"In this way, my body will untie the shackles, and I must proudly tell everyone that this son is a disciple of my Ice Sword Immortal Venerable!"

"Thousands of years ago, although I received thousands of disciples, I never had any truly satisfied disciples. I thought this was the biggest regret in my life!"

"It seems that my main body is trapped in that place, and my spiritual thoughts are here. It is not a bad thing, on the contrary, it is an out-and-out providence!"

"No regrets in this life!"

He stood with his hand, and did not help Ye Chen!

With him and three golden Buddhas, Ye Chen couldn't die!

But Ye Chen's determination and decision like this shocked the four of them!

Hardly resist the attack of the three lava destruction war puppets!

Just to condense the road of destruction!

There is no other way!

If Ye Chen refused to give up his temptation and grabbed two battle puppets to absorb him, and kept fighting fiercely with the five battle puppets, he would really be like what the ancestors of the soul race said, within half an hour, he would definitely die!

But Ye Chen can escape!

But if you escape, the heart of martial arts is not there!

It is no longer possible to defeat the five lava battle puppets!

and so!

Only resist the three battle puppets and absorb the power of the two battle puppets!

Of course, you can also ask four masters to take action, but Ye Chen disdain to do so, and did not encounter an irresistible enemy, but let the master take action. This does not meet Ye Chen's code of conduct. As a warrior, you must not only stand upright, but also Have the courage to face all enemies!

"what....."

"Break it for me!"

Suddenly, Ye Chen yelled violently, and directly exploded two lava destruction battle puppets in the eighth-tier heaven of the God King Realm!

The next moment, a long river of destruction appeared behind him, countless ancient brown rivers surging, and waves of destruction moved up and down the world, like a demon god, even one breath, one breath, has the power of killing people!

"Avenue of Destruction!"

"Hahaha!"

"Okay, old soul clan, you want to kill Laozi!"

"I just finished it!" Ye Chen immediately looked at the three battle puppets in front of him, with a wicked smile on the corners of his lips, and said, "Now, it's your turn!"

Ye Chen put away the Hunyuan Immortal Tool and directly fought out. He grabbed a war puppet and revealed the destruction road in his body. He burst into the battle puppet in an instant, followed by chasing and killing other war puppets who fled. He was determined and domineering. Extremely!

"I want to run!"

"Some spirituality, it seems to be refined by living people!"

"The soul race, it's really vicious, nothing, let me get you free!"

Ye Chen flew out and grabbed a battle puppet in the nine-tier heaven of the God King realm. He was not afraid of the opponent's law of destruction, and directly smashed the head of the battle puppet with a punch, and kicked the battle puppet!

Although not advanced!

But one more avenue!

It means that your combat power has more than doubled, and facing a puppet who is only a small level higher than yourself, it is naturally easy!

Between the Warriors Between the Puppets!

If you don't count weapons, spiritual power, and physical combat power, you can judge the strength by whose avenue is strong!

Especially for Ye Chen, who has mastered the top five avenues of Tianjiao when he enters the gods, it is difficult to take him when the ordinary Hunyuan realm first level martial artist arrives, unless it is a Hunyuan realm warrior who possesses a combination of magical artifacts. , It can confine Ye Chen for a short while!

As for other warriors?

Other weapons and law power, great power!

Don't even think about it!

boom! !

With the explosion of the last lava destruction battle puppet!

Ye Chen's road of destruction is 100% perfect!

Now, there is only the Buddhist Dao Road, and 30% of it has not been completed, otherwise Ye Chen will be able to step into the nine levels of the Divine Realm immediately, and even melt the He Dao artifact to break through!

Chapter 1569: Life and death are only between one thought!

"Old stuff!"

"I know you are observing Lao Tzu!"

"Since you have sent such a powerful war puppet here!"

"I won't give you a good face, you, the third-tier war puppet, don't ask for all of them!"

Ye Chen became fierce and didn't enter the second floor, but directly attacked the third floor!

The other destruction war puppets could not hide, they were directly bombarded by him, making his destructive power stronger. He came to the junction of the second and third floors, saying: "Old stuff, you Wait, wait for me to come out of the formation, save Ji Lin, and destroy your soul race land in the future!"

Stop talking!

Ye Chen entered the second level directly, the Black Water Profound Realm, a black water river!

This piece of black water is extremely wide, almost as a river composed entirely of water of death, plus the violent killing air, it is full of extremely powerful corrosiveness!

Ordinary golden body fighters come in!

As long as it falls into the water and is not eaten by a piranha, it will instantly turn into a pool of meat!

Only the body above the transformation stage can block it!

Ye Chen was looking for a key place to cross the river, but the three people sitting in the attic were already pale!

Especially the ancestor of the soul race, now his teeth creaked with anger, he almost squeezed his seat!

"Ye Chen, this guy!"

"An dare to insult this ancestor!"

"Damn, damn, little beast!" The ancestor of the soul race was out of breath. If it wasn't for the contract issue, he would immediately go in and kill Ye Chen. Once upon a time, the ancestor had suffered from such a lowly warrior. What an insult!

Such insults, even if the three rivers and five lakes are drained, it is hard to wash this face with shame!

Ben ancestor!

I just said how useful Ye Chen's corpse is!

Ye Chen is still alive and ruined the outermost layer of the ancestor's formation, the face of the ancestor!

"This little beast!"

"I'm waiting to underestimate him!"

Bei Gong Hongtian also looked ugly, breathing heavily, and even couldn't help shaking his head!

He sighed sadly, and continued to think about Ye Chen's background!

Ye Chen Ye Chen!

What is your background?

You can actually withstand the attacks of the five lava war puppets, defeat these war puppets, absorb their power of the law of destruction, and forge your own power of destruction. Hey, what is your background identity!

If you have a strong background!

For example, if you are really a disciple of a certain Sword Sovereign Elder from the Emperor's Palace!

You just said it!

The owner of the family rebelled and came to help you!

Beigong Hongtian started to shake again at this moment. He had to kill Ye Chen just now, but he didn't kill him. Instead, he saw that Ye Chen was even more powerful. He kept muttering in his heart, or was he secretly helping Ye Chen?

At this moment, what if Ye Chen helped him?

Will you remember it?

Just remember!

If there is a sword master or a sword \*\*\*\* level warrior behind him, the master of the house will also make money!

At least the head of the Patriarch didn't break his face with Ye Chen in person, he could talk, and it was a roundabout way!

"You two!"

"It can be regarded as the existence of some identities in the Lingwu Continent, but there is no such humble boy calmly!"

Lingyun Xianzun could see Xiao Jiujiu in Beigong Hongtian's heart at a glance, and even the anger of the ancestor of the soul race!

She no longer said much, just sneered at You Sheng!

Lingyun knows Ye Chen, right?

What background does this kid have?

It's nothing more than a disciple of Kunlun Xu's ancient power!

As for the Palace of the Ten Thousand Swords Emperor, it is a Daoist disciple of the Sword Master inside. Ji Siqing and Xia Ruoxue are also Daoist disciples of the same deity. In contrast, this humble boy is not bad!

It's just!

Ye Chen, this kid, doesn't have any fear!

It is this attitude towards her Lingyun!

It is impossible for her to default to Ji Siqing, Xia Ruoxue and Ye Chen!

If Ye Chen is willing to kneel down and apologize to her, this deity can't accept him!

The key is that this kid doesn't know how important it is to fear the strong in Lingwu Continent!

If not, it should be killed!

"Ahem!"

"Old fellow of the Soul Race!"

"On the second floor, there are some magic fish, right?"

A murderous aura flashed in the eyes of Lingyun Immortal Venerable. Since Ye Chen, a humble boy, is unwilling to bow his head to himself, he wants to hook up with his Daoist disciple, simply kill it! anyway!

What if this humble boy!

Still alive, let's talk about it!

"Magic fish, it's not nothing!"

"There are 30 man-eating and demon-thirsty fish in the early stage of the Divine King Realm. Together, they can mobilize 300,000 emperor-level and man-eating black fishes in the Divine Realm. They can eat Ye Chen instantly, just..." The ancestor laughed at himself and said: "The old man has been caught by Ye Chen's shameless little beast's trick, so he can't do it himself!"

His gaze fell on Beigong Hongtian's body, and a cold smile appeared immediately, saying: "Beigong Patriarch, I still have to trouble you!"

"I?"

"Well..." Bei Gong Hongtian began to shake, looking at Lingyun Xianzun from time to time, and said: "Senior Lingyun is here, since Senior Lingyun proposed..." He handed the formation stone to Ling. Yun Xianzun said: "Senior Lingyun should be in control!"

Ye Chen!

It's better not to be contaminated with this kid's affairs!

The Hundred Zong arena Grand Competition, Golden Buddha Esoteric Buddhism, the Land of the Soul Race, the Ten Thousand Years Soul Dragon Formation, etc., originally thought that they would definitely die four times, but they never die every time, and their strength is getting stronger and stronger. Well, if Ye Chen is really dead, the Patriarch will lean over!

"As expected of the family owner!"

"The style is very good!" Lingyun Xianzun satirized Beigong Hongtian, took the formation stone, and thought in his heart: Ye Chen, Ye Chen, you should not be disrespectful to the deity. If you are not dead, then It is the test of the deity for you!

Doing something wrong is to bear the price!

Before this, the deity couldn't kill you. First, because your talents are good, the deity has a love for talent, so I don't want to kill you!

Second, the two Taoist disciples of the deity, the only two Taoist priests, both love you!

So the deity could not kill you before, only let you die in the hands of others, so that the two Taoist disciples of the deity can practice with peace of mind!

But now it's different!

You humble, low-strength plane boy, repeatedly rejected the kindness that this deity gave you!

Kneeling down!

It's not for your life, it's not for your power, and it's not for closing you!

On the contrary, if you are willing to worship the deity as a teacher, the deity has never been able to regard you as a disciple. When you kneel down and kowtow, it will be considered as your apprenticeship, but it is a pity that you are too stubborn!

Too stubborn!

So much so that the deity wants to kill you!

In an instant, Lingyun Xianzun's complexion cleared, holding the formation stone, the power of the soul penetrated thousands of miles away, directly controlling the devilish fish in the second layer formation, leading hundreds of thousands of piranhas Kill Ye Chen!

Life and death are only in one thought!

Chapter 1570: Merry people, look at the present!

She muttered to herself: "Ji Siqing, Xia Ruoxue!"

"Two lovers, don't blame Master!"

"Ye Chen, this kid, is too arrogant and overbearing. Sooner or later, he will die. Even if he does not die today, he will die tomorrow!"

"Since he is going to die, it is better to die in the hands of a teacher than to die in the hands of others!"

"As for Ye Chen's Kunlun Xu, the deity will take care of you, and you won't let anyone in Kunlun Xu die in the hands of the Blood Sword Sect and the Blood Spirit Race. You can go with peace of mind!"

As for Ji Siqing and Xia Ruoxue!

Their future achievements are destined to be extraordinary, if they want to choose a spouse!

That is a true genius, and in the future, he can worship as a teacher again and be in harmony with you!

"Ahem!"

"I have some tea!"

Bei Gong Hongtian twisted his neck, moved his body, and clearly felt the killing intent of Lingyun Xianzun!

This woman!

So cruel!

If you don't get it, you will destroy it!

Who told her to be tyrannical, she directly mobilized the strongest power of the second-layer formation to kill Ye Chen, and also said something like this, this woman is too poisonous, too ruthless, and decisively and fiercely. Offend her obviously!

"Oops....."

Beigong Hongtian thought of something, his expression changed a little, and he secretly contacted the nine good luck elders of the Beigong family!

In case the vicious old woman Lingyun Xianzun killed Ye Chen!

Are you going to blame yourself and the old fellow of the Soul Race?

You have to ask all the elders to wait in the void!

Just in case this old woman beat herself up!

The old soul clan watched this scene, drank tea indifferently, and achieved his own goal. No matter what form it was, as long as Ye Chen voluntarily broke into the formation and died, and he did not control the formation and kill Ye Chen, he and himself It's ok!

Lingyun Xianzun did this!

So cruel!

It's none of your business!

.....

Wannian Soul Dragon Array!

Ye Chen found a dark bridge in the second layer of the Black Water Profound Realm, and immediately reduced his breath to the lowest level, as if he was a dead man, gently crossing the river, and he could even see the piranha swimming in the surrounding river!

Ye Chen stared at the front, step by step cautiously, even if he stepped on the water, he was very quiet!

He looked at these piranhas, they were different from the piranhas on earth!

Piranha of the earth!

At most it is the size of a slap, with sharp teeth!

It is mainly dispatched in groups, and quickly eats clean prey, leaving only bones. Ordinary people will undoubtedly die if they fall. People with a little skill can step out of the water before being seriously injured and can save their lives!

But the Piranha in the formation is not that simple!

Every head is the size of a person, but the mouth does not match the proportion of a normal fish. It is only seven inches in size, and one bite can crush the flesh of the gangster stage! As long as fifteen or six are gathered together, a piranha fish will leave with one bite, and a whole person will be eaten instantly without any bone residue left!

And this piranha fish is full of soul toxin!

The toxicity is not much worse than the soul poison!

Once contaminated in the human body, unless he is treated by the Hedao-level \*\*\*\* pill, he will definitely die!

While walking, Ye Chen couldn't help but raise his head and stared at the sky. A thousand meters above were raging thunderclouds, countless blasting thunder and lightning flashed back and forth, and at the same time, there was no creature in the vast sky!

"Can't walk in the air!"

"Piranha jumped from the surface of the river and can jump directly into the thundercloud!"

Ye Chen recalled the information on the intelligence he had purchased before, and when he walked in the air, he would be jumped into the river by hundreds of piranha fish. Unless he possessed the body of the god-physical stage, he would be a martial artist in the realm. It was gnawed clean!

Suddenly, the water fluctuates constantly!

Ye Chen looked intently and saw that piranhas continued to rise on both sides of the river. In an instant, the river within a hundred meters around him was full of piranhas. There were tens of thousands of them, and the targets were all staring at him, including one. The ten-meter giant devilish fish stared at him, two pairs of ice blue fish eyes, full of the breath of death!

"Damn it!"

"These beasts found me!"

"Also! Not only piranha fish, even magic fish have come out, it seems that someone mobilized them!"

"The old soul clan, Beigong Hongtian, Lingyun!"

"Three bastards!" As soon as Ye Chen's voice fell, hundreds of piranha fish around him leaped towards him with ferocious aura. He had to take out the Demon Slayer and the Excalibur Sword, and burst out all

the power to urge two pieces. The magical weapon, bursting out pieces of spear, sword, and thunder, forming a tide sweeping away!

Puff puff!

There are constant crackling sounds!

Dozens of piranhas burst into flesh!

When the other piranha fish fell, thousands of piranha fish jumped up to attack Ye Chen standing on the dark bridge!

"Oh shit!"

"do not care!"

Ye Chen jumped up and couldn't stand on the dark bridge anymore, otherwise, facing the endless stream of piranhas, once he fell into the river, he would definitely die!

He had just jumped a hundred meters, and as expected, he was hit by the design of the formation. The surrounding river quickly jumped up tens of thousands of piranha fishes, densely packed with no edge in sight, and they all came straight to Ye Chen!

"Some fish also want to eat Laozi?"

"Avenue of Destruction!"

"Thousands of destruction!"

Ye Chen put away the two weapons, opened his hands with both hands, and a steady flow of destructive power emerged in each of his hands, forming two light knives, which were immediately combined to form a sky screen, spreading out in all directions!

All the piranhas hit by the Sky of Silence burst open!

In the blink of an eye, thousands of piranhas burst, and five or six thousand piranhas fell down and were directly eaten by their kind!

...

At the same time, on top of a mountain in Lingwu Continent.

Clouds and mist, full of aura!

The intensity of aura here far exceeds that of any place in Lingwu Continent!

Not only that, there are countless ancient formations surrounding the mountains.

Anyone who forcibly breaks in will inevitably turn into powder!

Even Hunyuan realm, Hedao realm!

There is even a trace of origin power in the formation!

On the top of the mountain, on a chessboard, two elders with fairy style and bones are playing chess.

The eyes of the two elders were slightly closed, and they sat cross-legged without any movement!

But the pieces on the chessboard are constantly moving.

If there is a strong player nearby, you will inevitably find that seemingly ordinary chess pieces contain laws!

One chess piece is enough to drive countless experts in Lingwu Continent crazy!

At the same moment, there was a picture floating in the sky above the chess game!

In the picture, Ye Chen is breaking the formation!

This is not the scariest!

What's more terrifying is that Lingyun Immortal Venerable, Soul Race ancestor, Beigong Hongtian, three of them are in the picture!

Being monitored by the strong, they didn't even notice it!

A few seconds later, one of the old men opened his eyes, his eyes seemed to come from eternity, and he would live forever!

He glanced at the chess game, took out a jug of wine from the chessboard, poured it in, and then said to the old man on the opposite side: "I said, that kid is the key to this game, right?"

"Today, he awakened the way of destruction from the spirit race formation, adding five ways to his body. As long as he does not die, I will win this game of chess."

"For so many years, how many young talents have we seen, but which young talent can do this?"

The old man facing the fairy wind road bone slowly opened his eyes He stared at Ye Chen in the broken array, his eyes were extremely complicated.

After a long time, he opened his mouth and said: "You are wrong, have you forgotten the kid with the surname Ren we used to look at?"

Hearing the old man mention this name, the old man's face suddenly changed, and his eyes were even more frightened!

The old man of Xianfeng Dao bone stood up, with his hands behind him, looked at the entire Lingwu Continent from the top of the mountain, and continued: "That kid dominated the Nine Nethers and shocked countless top powerhouses. He also used the stars and veins and the blood moon. The power, how many undefeated myths left in Lingwu Continent!

"You said, can the boy who broke the formation at this moment exceed his achievements!"

"The game is not at the end, we will never know it!"

"But the eternal lover, still look at the present!"

...
