Chapter 1611: God cannot take my life!

"Secondly, it melts the acquired poison, and then evolves into the innate poison!"

"Finally, the most critical thing!" He sighed lightly, and said: "You need to're-survey the calamity of the sky', that is, the sky thunder you faced yesterday. The sky thunder of that level is reasonable. Say, it's already very weak!"

"but....."

The Ice Sword Immortal Venerable cast his gaze on Ji Lin, sighing sadly, "How easy is it to let a Ji Lin who has entered the early stage of the God Realm bear the sky thunder that can blast the Star Aperture Realm Conferred God Warrior?"

"Doing this is tantamount to idiotic dreams!"

"This is also the reason why innate poisonous bodies have never been produced since the death of the congenital poison **** 300,000 years ago, and they have appeared in the mainland and have had obvious deeds! Even acquired poisonous bodies have been less than five fingers in these years. Even when they have risen before they have fully grown, they have already fallen!"

"This is the case for Ji Lin!"

"At most one year...Of course, there are ways to make her sleep forever, but she won't die!"

"Apprentice, you think for yourself, Tian Lei, you can't interfere with it, otherwise Tian Lei will be stronger... I think that the power of the reincarnation cemetery is limited after all, it can stop once, not necessarily the second time!"

"Besides, yesterday's sky thunder is only the first sky thunder of the contract!"

"There are three real Heaven Smiting Thunder, and one is better than one..."

After hearing the words of Ice Sword Immortal Venerable, Ye Chen fell into deep thought!

Tianlei!

I have gone through it twice now. The first time was to refine the elixir state pill in Danxu town. The pill needed to go through the pill calamity. The power of the sky thunder was at most equivalent to the middle stage of the emperor state. The world of low martial arts, its heavenly way is not strong, at most equivalent to the power of the **** of the gods!

But Lingwu Continent is the world of Gaowu!

Its Heavenly Thunder, Heavenly Dao, I am afraid that the canonized saint martial artist in the Taixu realm, if he has the cultivation base and combat power of the canonization, he will naturally not fear the Heavenly Thunder and Heavenly Dao!

But if it is Ye Chen's current power!

Go hard and resist the sky again!

If the cemetery of reincarnation doesn't make a move!

That is mortal!

As for the second time!

It is the contract of the Blood Saint Demon recognized by the Heavenly Dao. If the contract is violated, the Heavenly Dao will descend into the Heavenly Tribulation. There are three heavenly thunders in total. One heavenly thunder is equivalent to a full blow by a martial artist in the three-tier heaven of the star aperture. The full force of the sixth level of the Aperture Realm, and the third step, almost equivalent to the full force of the 9th level of the Aperture Realm!

Three sky thunders!

There are very few who have survived this class of thunder in the past!

What's more, Ye Chen?

Without a reincarnation cemetery, it is almost impossible!

"Do not!"

"Jilin is Siqing's younger sister. Those five years have helped me a lot. I must not let her be a living dead!"

"Besides, what is the heavenly thunder? I have broken the heavenly tribulation twice, and I don't care about this third time!" Ye Chen stared at the Ice Sword Immortal Venerable, as well as the six great gods, buddhas and gods, and asked carefully: "Several teachers Honor, the Innate Poison God of the year, if he could say such a thing, he must have gone through this calamity!"

"So!"

"It's very possible that the Innate Poison God has left behind some methods, such as a certain powerful formation!"

"Can you withstand the descending of the sky thunder?"

"Formation?" Ice Sword Immortal Venerable thought: "Formation is possible, but..."

Eternal Blood Demon Formation?

Survey the sky and ask the ground?

Universe Sealing Demon Formation?

...

No, no!

These formations are not powerful enough, and they can't stop the bombardment of Sky Lei by themselves!

Unless there is a powerful person in the world, but a powerful person in the world must at least have the power of the Star Aperture Realm of Conferred God, otherwise...

But when the Fengshen Warrior came, it would not be easy to help them, and it would be good to not even seek wealth or death. As for asking the Fengshen Warrior to make a move, I am afraid that the wealth needed is no less than an artifact!

Artifact!

The value of any artifact is above the ten soldiers of time and space!

Ye Chen, can't afford this price, and they can't afford it!

"Formation!"

"Tomb Lord, I suddenly have an idea!"

The **** of nine dances said lightly: "At that time, we Kunlun was empty, because there were not many immortal materials, so the formation method mostly relied on the energy of mountains and rivers as a

carrier, or a common source, which can often withstand two or three warriors in the greater realm. Offense!"

"It's just like the Heavenly Dragon Formation left by many seniors back then!"

"It is this type of formation that can be used together by the warriors of the Hunyuan realm, and it can even resist the attack and kill of the nine-tier gods of the Hedao realm. It is not impossible to resist the attack and kill of the martial arts realm for a while!"

Heaven and Earth Dragon Formation!

At that time, Ye Chen led the various forces of Kunlun Xu and Lingcheng, and gathered ninety martial artists into the gods!

Manipulating these formations abruptly blocked the blood spirit tribesmen in the late God King realm, and even fought against the soul tribe elders in the Hunyuan realm. It was only because the spirit tribe co-dao realm elders intervened, causing the formation to collapse and Ye Chen was captured!

"can!"

"The mountains and rivers of Lingwu Continent are almost always separated by dragon veins!"

"Under the dragon veins is the earth dragon formed by the earth qi, which is equivalent to a half-life body. If the formation can be used to connect the mountains and rivers, dragon qi and earth qi, as a support body, then use time and space soldiers, and even many artifacts of the Dao. , To build a large array, it may not be impossible to stop the sky thunder!"

Ye Chen is very happy, this kind of formation that draws on the power of mountains and rivers is very rare!

Fortunately, in the ancient times of Kunlun Void, there was also a predecessor power in the Good Fortune Realm, and even the Star Aperture Realm, leaving behind this type of formation, which happened to be mastered by Ye Chen, so he used eight time and space soldiers to occupy each. In the

position of gossip, with fifty combinatorial artifacts, they gather into a five-element celestial formation of gold, wood, water, fire, earth, and heaven. The sky thunder has been weakened by the two-fold formation.

By the time!

Ye Chen is using the reincarnation cemetery to shield his breath, enter the formation instead of Ji Lin to resist the bombardment of the sky thunder, help Ji Lin completely accommodate the power of Thousand Demon Ginseng, Ji Lin will definitely wake up, and awaken the innate poison!

"This situation!"

"It's not impossible, but extremely difficult!"

"If there is a difference the owner of the tomb, it is very likely to fall!" The Bingjian Immortal said something like this after a long period of brewing, and wanted to stop it, but it was unreasonable, so it could only be done!

"Falling?"

"Heaven can't take my life!"

"Neither can it be on the avenue. There is no one in this world. Any creature or rule can take my life!"

Ye Chen stared at Ji Lin next to him, paused for a moment, and said: "I will not let my person be a living dead, let alone forever. I will definitely arrange for this battle!"

Ice Sword Immortal Venerable raised his head, his eyes were unique, and he looked at Ye Chen as if he didn't recognize him!

Ye Chen!

Too determined, even too stubborn!

In Ye Chen's eyes, everything can be done without fear of any difficulties and obstacles!

But Ye Chen did it too!

Chapter 1612: madman!

Nine deaths many times!

Heaven can't take his life, maybe it is precisely because of this that Ye Chen's realm will rise at an extremely fast speed. To practice in retreat like an ordinary person, I am afraid that it will take a thousand years to cultivate to the current realm. Long!

"So..."

"The gap between the Space-Time Soldier and the Hedao artifact..."

"How to make up for it?" Bingjian Xianzun solemnly said: "Hunyuan Immortal Tool and Divine King Tool cannot be used. Under the thunder of the sky, even if there are tens of thousands of Hunyuan Immortal Tool and Divine King Tool, they will be there. Destroyed instantly!"

This is a fundamental difference!

No matter how many eggs there are, no stone is hard!

If you want to resist the sky thunder, at least it must be a Hedao artifact!

Hearing this, the corners of Ye Chen's lips turned out a wicked smile, and said quietly: "You think, the news that I bought Thousand Demon Ginseng will leak out!"

"Since it leaked out!"

"Someone must kill me. Some small schools and small forces will inevitably be driven by big forces to kill me!"

"And I left the clone to play with their ancestors of the Affinity Realm, and I will copy their lair myself, and I can still get the magical weapons of the Affinity!" Ye Chen's eyes suddenly became cold, this action is not even playing with fire, it is simply Just looking for death!

As for buying?

All factions and families lack He Dao artifacts, and they hardly sell them!

What's more, even if the Tianbao Pavilion is on sale, hundreds of artifacts can be exchanged for a Hedao artifact, which is not worth it, so it is better to grab it directly!

"So..."

"Where are the soldiers of time and space?" Xiaoyao God asked, his expression no longer laughing, but rather calm!

"Let the snake out of the cave, and then use the momentum of thunder to destroy its snake hole, and take its snake egg!" Ye Chen slowly said something more philosophical, and after listening carefully, the expressions of the great gods changed greatly, and then looked towards When Ye Chen was in time, there was a sense of fear in his eyes!

Xiaoyao Shenjun swallowed, and said: "You want to..."

"You want to attract middle-powered Good Fortune Realm Immortal Venerables out, and then copy their lair?"

"Aren't you... afraid of dying in their lair?"

"afraid?"

"Why do you start talking?"

"I have four thousand six hundred divine king artifacts, two hundred seventeen Hunyuan Hunyuan Immortal artifacts, and seventeen Hedao artifacts!"

Ye Chen got up, his eyes became extremely cold, his whole body lingered with murderous aura, as if a murderous **** was alive, his cold voice lingered in the ears of many gods, and said: "What's more, there are 1,600 puppets in the Divine King Realm! "

"There are more than 70 warriors in the Hunyuan realm!"

"Four Puppets in the Hedao Realm!"

"It is expected that once these things are exploded, they can kill more than ten Hedao gods and level a middle-level family headquarters!"

The territory of the middle family is vast!

Usually, in the most important area, there is only one elder of the Great Fortune Realm, and the rest belong to several Hedao God Sovereigns. In addition to more than 100 Hunyuan Realm, nearly a thousand Hedao God Sovereigns are assigned to this one!

So attached!

If Ye Chen's battle puppet and weapons explode together, except for the elder of the Great Fortune Realm, the other immortality must die!

"You are crazy..."

"Crazy...no, this is too..."

The expressions of the three great gods trembled, almost unable to believe what Ye Chen said!

Crazy!

madman!

No, crazy, really crazy!

Only in the third floor of the God King Realm, dare to fight for the idea of the middle family headquarters?

Even if he encounters a **** of harmony, Ye Chen will be killed on the spot if he doesn't even think about it!

When the three gods and Buddhas heard this, they had put their hands together, and understood that their abbot Ye Chen was already considered a demon Buddha. He focused on killing, supplemented by saving, and there was no way for himself and others to persuade. Mainly, as long as it is feasible, it can only be contended, so that the strength can be greatly increased, then everything is feasible!

"The Dugu Family..."

"Although it is at the end of the top ten forces!"

"But, 1,300 years ago, they fell two Supreme Elders!"

"Therefore, and there is no **** prince of the Ninth-tier Heaven of the Affinity Realm. The strongest is the eighth-tier Heaven of the Aionism Realm. Therefore, we should save the time and space soldiers and leave it to this elder of the Eighth Heaven of Aionism Realm For the impact of the realm!"

Pharmacist Buddha said lightly: "I heard that the Dugu family is a branch of the Sacred Dragon family. Therefore, there are definitely more space-time soldiers than the Beigong family. The strong inside, at least, do not need to wait for the time and space like the Beigong family. Soldiers come to break through!"

Dugu family!

Five elders of the Great Fortune Realm, and at least five or six surplus soldiers of time and space!

According to the memory of the Medicine Buddha, the five Supreme Elders all came to fight with space-time soldiers, which proves that there are extra space-time soldiers and can do it!

As for the inferior sects, it is not surprising that there is a **** of harmony. If you want to be promoted to the middle sect, you must have a good fortune realm immortal.

"The Dugu Family, it happens that they want to destroy me!"

"I want to trouble them too!"

"This time, it's better for me to go directly to the site of the Dugu family, and even let the Beigong family help, so that those old guys who make ideas suffer!" Ye Chen is ambitious, if not for the previous behavior, showing his ability and courage. The six great gods, Buddhas and gods, will definitely think that he is greedy and not greedy!

God King Realm!

Dare to seek the soldiers of time and space!

The warrior of the Divine King Realm in Lingwu Continent, who would have this idea?

The warriors of the Divine King Realm are all trying to find Hunyuan Immortal Tools, even if they can catch up with Ye Chen, they already have the idea of seeking a soldier of time and space!

Even Ye Chen dared to make ideas for a middle-class family!

How arrogant is this? How arrogant?

But he dares and has this ability. During his practice, it is not that he did not have the experience of seeking higher-level weapons and being an enemy of the big family!

make a prompt decision!

Since you want to be good, you have to do it right away, and it will change after a while!

Ye Chen went straight out of the reincarnation cemetery, preparing to head towards the Dugu Family to the east!

...

at the same time!

The news of Ye Chenzhu's Seventh Sub-rudder in the Hall of Destruction Soul has not spread!

The main hall of the Dugu Family in the east is another eventful autumn, the Warcraft riots, and even their Linghu Family are directly under the Sacred Dragon Family, taking away the three great elders of good luck!

Only two elders are left!

The four elders are in charge of all the sites!

Supreme Five Elders sit in the main hall! He is the Immortal Venerable Good Fortune Realm who was injured by the Thousand Demon Ginseng poisoning, and now sits at the Linghu Family Headquarters!

The top ten families and sects of the Western Regions!

Almost all clans are subordinate to the two top families in the Northern Territory. Almost all the clans behind the clans are supported by powerful sects and families in the Eastern and Central Territories. Seventeen elders of the Great Fortune Realm were taken away and rushed to the Demon Realm to support!

"Hurry up!"

"Inventory the treasure store in the main hall, and prepare to hold another auction meeting! This is the only way to enhance our clan's strength right now!"

Chapter 1613: The nightmare is back!

"This time..." The fifth elder of the Dugu family, looking at the fifth elder of the eighth layer of the Hedao realm on the side, said: "This time, after selling these things, I will look for the guardian of the Holy Dragon family. , Exchange for a destiny fruit, repair your original foundation!"

"As long as you enter the realm of good fortune!"

"The pressure on my Dugu family has suddenly dropped!"

"Otherwise, the Patriarch's son will not be killed by others, and I will not be able to take revenge!"

He paused for a moment, his eyes showed fierceness, and said: "I heard that the little beast named Ye Chen was killed by the soul hall offering a reward, right?"

"Yes!" The fifth elder of the inner door, Dugu Tianyu also nodded slightly, with helplessness on his cheeks.

Seven hundred years ago, his roots were injured by others, so that he stayed in the eighth layer of the Hedao realm and couldn't make any further progress. Now he is even more involved in holding an auction for his family to raise funds to purchase the fruit of the destiny. It made him very ashamed!

"Reward!"

"Okay..." The fifth elder showed a gloomy smile and said: "Immediately pass the book and invite the little beast Ye Chen to come to participate in the auction, and then the elder personally shoots the little beast. Revenge, secondly, you can also get some Hedao artifacts!"

"This time..."

"Auction of these useless medicinal materials and magical weapons is great to be able to exchange for a large number of Hedao artifacts! As for the soldiers of time and space..."

He put his old hand on the nanmu chair and said: "Our Dugu family does not lack the soldiers of time and space. What we lack is those who can use the soldiers of time and space. If we can cultivate two immortals of good fortune this time, we can recover. Brilliant five thousand years ago!"

"As for these medicinal materials, Araceae, Star Stone..."

"Wang Wang Haisha, Thousand Demon Ginseng, etc., there are not many warriors needed..."

The Fifth Supreme Elder looked at the Seventh Elder of the Inner Sect who was leading the auction in front of him, and said, "So, I send invitations to the nearby warriors. This time, Yan Ming is led by my Linghu family. The Baili family, the Beitang family and the Feiyu Pavilion will all participate. There are many treasures, and we sincerely invite powerful people from all walks of life to bid!"

The Fifth Supreme Elder couldn't think of it at all, the game he set up seemed to have made Ye Chen!

The mantis catches the cicada and the oriole is behind!

Who is the praying mantis! Who is the oriole is not certain!

...

At the same time, there was a cold place north of Lingwu Continent.

Here is covered with layers of ice.

The environment is extremely harsh.

Because of the temperature, there are almost no living creatures in the surroundings.

Of course, the only use here is that there is a space teleportation array.

It's just that because of the surrounding environment, almost no one will enter this space teleportation array.

More importantly, the place where this teleportation array communicates is a low-spirited world called Kunlun Xu.

As the world of high martial arts, the Lingwu Continent, except for the blood spirit tribe, I am afraid that most people are not interested in the world of low martial arts.

At this moment, the expanse of the cold place is only accompanied by the cold wind.

Bleak.

Withered.

Suddenly, the long-silent space teleportation array was flowing with a bright light.

The light is getting bigger and bigger!

In the end, it directly formed a beam of light and went to the sky!

I don't know how long it took, the beam of light gradually disappeared.

A veiled girl walked out of the teleportation array.

Although the veil can't hide the beauty of the girl.

The indifferent eyes seemed to be unable to melt into all the red dust.

The girl was dressed in a white plum blossom cicada wings, like Xia Ying draped on her shoulders, with a gold-rimmed ribbon standing on her slender waist, and she was impressed.

The waist, round buttocks, and slender legs that resemble a willow form almost perfect proportions.

There are beautiful women in the north, peerless and independent, I'm afraid this is the girl who is talking about.

The girl's eyes looked at everything around her, and a smile was drawn at the corner of her mouth: "This is the Lingwu Continent? Sure enough, aura is much richer than Kunlun Xu."

"The Absolute Frost Imperial Palace was the top power of the Lingwu Continent, and the nightmare of countless powerhouses could not escape the fate of destruction."

"This time, I, Wei Ying, came with the blood spirit body, carrying the life of the cold imperial palace to recover."

"I want to let the people of Lingwu Continent see what it means to be a woman! Even a declining dynasty can return to its peak!"

At this moment, Wei Ying exploded with great momentum.

A ghost of ice crystal phoenix appeared above his head unexpectedly.

A vague vision appeared above the sky.

"I heard the elder Taishang say that my evil spirit body can only show its power in the Lingwu Continent. Today I want to try, what is the real evil spirit body!"

The cold voice fell, Wei Ying stretched out a slender hand, a drop of blood overflowing from her fingers.

"Tick."

The blood fell on the icy ground under Wei Ying's feet.

The next moment, the whole world seemed to feel an earthquake.

Visible to the naked eye! The ice that was almost a hundred feet or even a thousand feet slowly melted!

The power of essence and blood is like ripples on the water surface, constantly dispersing.

The ice tree melted, revitalizing.

A monster ice sculpture in the Hunyuan realm, the restriction on its body is also broken.

Restore the physical body.

His eyes opened, full of surprises.

Not only the Hunyuan realm, but even the monster beasts in the Hedao realm have recovered!

These monsters did not know why they were sealed by Binghan and turned into ice sculptures.

There is almost no life.

But at this moment, a drop of blood gives them life!

The cold mountains in the distance have become a sacred mountain full of vitality!

An endless lake suddenly turned into an endless lake under Wei Ying's feet.

She just hovered above the lake, feeling everything around her.

Countless monsters rushed towards Wei Ying in the center of the lake!

He knelt down towards Wei Ying quite spiritually.

Monster beasts have spirits, they know who rescued them!

What's more, there seems to be a special force in this lake center girl to suppress their blood!

Even if their realm is many times higher than that of a girl!

I dare not make any trouble!

Wei Ying looked at all the monster beasts around her, and a satisfied smile was drawn at the corner of her mouth. Then, between her fingers, she said to a white demon fox in the Dao realm: "Come here."

The Hedao realm demon fox hovered above the water, came to Wei Ying, knelt down, and said cautiously: "Master..."

"You call me master? Are you willing to take orders from me?" Wei Ying was slightly surprised. She didn't know that a drop of her own blood could actually achieve this kind of harvest. "Then can you transform into a human form?"

The white fox nodded, and in the next second, bursts of light glowed all over his body, finally turning into a girl's appearance.

The human form of the white fox is about seventeen or eighteen years old. She is dressed in plain white clothes. She has a delicate appearance and a fair complexion. Under her beautiful face, no matter how beautiful her clothes are, she is already pale and colorless.

Of course, it cannot be compared with Wei Ying at this moment.

Wei Ying was very satisfied with the white fox's figure and nodded: "From now on, you will stay by my side and be my personal maid, I will call you Baier."

It is definitely the first time for a strong man in the Harmony Realm to be a maid!

"Yes, master."

Baier nodded.

Wei Ying glanced at Baier, her eyes fell on the many beasts who bowed down again, and the cold voice resounded throughout the world!

"Also, don't call me master, call me palace lord."

"From now on, I have only one identity."

"The Supreme Palace Master of the Absolute Cold Imperial Palace!"

The Palace of Absolute Frost!

These four words come out!

Baier's eyes widened to the extreme!

Not only her, but all the monsters around, there was a deep fear in the eyes!

What kind of existence can make Hunyuan realm and even Hedao realm terrifying!

Everyone dared not look into the eyes of the girl in the lake.

There is only one answer in their hearts.

The nightmare of Lingwu Continent finally came back.

Chapter 1614:

Wei Ying saw the reaction of Baier and the many monsters, and realized what the Absolute Frost Imperial Palace meant to Lingwu Continent.

She still underestimated the Absolute Frost Palace.

"Baier, how much do you know about Absolute Frost Imperial Palace?" Wei Ying's red lips kissed her, and a faint voice lingered in everyone's ears.

Baier glanced at Wei Ying in fear, before hesitating for a long time before saying: "Palace Master, Absolute Cold Imperial Palace has always been taboo in Lingwu Continent, and few people are willing to mention it."

"I have practiced for thousands of years, and I only know that the Absolute Frost Emperor Palace once stood at the pinnacle of Lingwu Continent! But somehow, the Absolute Frost Emperor Palace disappeared overnight."

"As if it never existed."

"Furthermore, the top powers of the Lingwu Continent jointly announced on that day that the Absolute Cold Imperial Palace is a generation of magic palaces. From then on, the warriors of the Lingwu Continent cannot be mentioned at all! And the site of the Absolute Cold Imperial Palace was also greatly affected. It can be closed with a formation, no one can step in."

Hearing these words, Wei Ying's eyes instantly produced a cold killing intent.

In an instant, the lake under Wei Ying's feet condensed into ice again!

Endless killing intent envelops many monsters!

At this moment, it is hell!

"Palace Master..." Bai'er's face was almost pale to the extreme.

Only then did Wei Ying react and withdraw her momentum.

She thought of something, and suddenly said seriously: "The matters of the Absolute Frost Palace are not that simple. I am afraid that the top forces want to cover something."

"Since I have come to Lingwu Continent, there are some things that I will reveal after all."

"I am not strong enough now, and I need to break through as soon as possible."

"By the way, have you ever heard of a man named Ye Chen?"

At the mention of this name, Wei Ying, who was originally calm and gentle, was a little excited.

There seemed to be a ripple on the calm lake.

Baier frowned and shook his head:

"Palace Master, I don't know much. As for the others, we have been frozen for too long and have been isolated from outside information, so naturally we don't know."

"But we are fairly familiar with Lingwu Continent, and we should be able to investigate..."

Wei Ying sighed, and walked towards the shore step by step: "No matter, the whereabouts of that guy is not so easy to find, after all, he was hunted down by the Blood Spirit Race. Right now, I need to build the Absolute Cold Imperial Palace as soon as possible."

"The ancestor of the Absolute Cold Palace gave me a map and a special jade medal. It's time to get back some of the things hidden in the Absolute Cold Palace."

Soon, a group of monsters surrounded a beautiful veiled girl and disappeared into the picture.

As if never appeared.

...

The screen turns.

The Dugu family is preparing for the auction in full swing.

They opened the auction this time, and united with the five middle-class families and forces, and was protected by the Tianbao Pavilion. Not to mention the vastness, it was also extremely magnificent. The six hegemony that almost ruled the Western Regions held auctions together. It hasn't happened for tens of thousands of years!

The previous auction!

At most, it will be organized by two medium-sized families, two medium-sized sects, or three medium-sized forces!

There has never been a matter of the six major forces organizing together, it is hard to imagine how huge the items in this auction will be!

The number is probably comparable to the 50,000 annual auction held by the three top families!

auctions!

In fact, the last scene where you can trade things!

Basically based on the best immortal stone, most of them are immortal weapons as the basic unit, bidding to bid for all kinds of treasures, within the jurisdiction of the six powers, but the warriors above the **** king realm, the weapons that are not useful, also Or treasures that are difficult to keep, or are unpleasant, can be put out for auction, so as to obtain a large number of other fairy artifacts, or cultivation resources!

This is the bidding method of the middle and lower warriors!

On the upper level, warriors of the level of the five elders of the Taishang are all in exchange for things. They exchange artifacts for the destiny, exchange soldiers of time and space for the alchemy star iron, and exchange time and space with a large number of artifacts. The soldiers and so on!

Compared with the transactions of middle and lower warriors, the quantity and treasures involved are much more precious!

For a time, Dugu Tianyu, the fifth elder of the Inner Sect, was not surprised, and said: "The six major forces of the Western Regions will hold auctions together... It hasn't been a long time, why should our Dugu family take the lead? The treasures of Hopeless Sea Sand are taken out to bid..."

Thousand Demon Ginseng!

Hopeless sea sand!

Araceae, Star Stone, Destiny Grass, etc., are all vital treasures!

Even many of the treasures that the Dugu family have stored for thousands of years, or even thousands of years have not been taken out, why are they going to be taken out now?

Even if you need to redeem the original destiny fruit, you don't need the family to take out so many treasures, right?

"Ha ha....."

"You still don't understand..." The fifth elder Dugu Feiyu showed a grim smile, glanced over the teams of guardians and disciples who were carrying the treasures, and said cautiously: "The chaos of the Demon Realm, haven't you noticed?"

Demon!

To be precise, is the domain outside the northern part of the Lingwu Continent. It seems to be an area where sea and land intersect each other. It is full of various beasts and descendants of beasts from the ancient and ancient times, and even was attacked by strong humans in the ancient times. The many descendants of the peak of the demon gods killed were all in the demon domain!

No one knows how big the Demon Realm is!

On the edge of the Demon Territory is the entrance to the Nine Jedi. Other seas and land are connected to the Northern Territory. They have been attacking and invading the Lingwu Continent for hundreds of thousands of years. At the same time, the Holy Dragon Family and the Shenlong Family, the two top families are also resistant to the Demon Territory. The main power of many fierce beasts!

"In recent decades!"

"Devil's attack is getting more and more fierce!"

Suddenly Dugu Feiyu raised his head, cold and **** eyes, staring at Dugu Tianyu, and said: "You will not fail to find out that except for the Eastern Phoenix Family and its subordinate forces, you need to resist the impact from Raksha Sea. , Are the top powerhouses of the other four domains of aristocratic sects conscripted to resist the demon?"

"Called?"

"I found out..." Dugu Tianyu was a little puzzled, and said: "Since ancient times, every school has recruited high-level warriors from two top families to resist the demon realm!"

Not from ancient times!

At least 70,000 years ago until now, this is the case!

When most sects are almost not full, there are warriors in the Northern Territory to assist the two big families to resist the impact of the Demon Territory!

something wrong?

Or are the elders all over?

"stupid!"

Dugu Feiyu put his left hand on Dugu Tianyu's shoulder, and he squeezed it hard, and heard the sound of broken bones. At the same time, the wound was filled with black mist, like toxin. It is estimated that his poisonous injury has not been completely healed. , So that the large pieces of flesh and blood on Dugu Tianyu's shoulders were corroded!

"Elder!"

"I know it's wrong... Tianyu knows it..."

Chapter 1615: 9 Days of Sealing Demons

Dugu Tianyu's complexion was pale, and he hurriedly clasped his fists and knelt down.

As soon as he acted like this, the surrounding Hunyuan realm guards, **** king realm guards, etc., stopped everything in their hands and knelt down, but he didn't dare to confront the fifth elder of the Inner Sect. Half of his arm was abolished in one sentence, not to mention their lower status!

In Lingwu Continent, respect martial arts!

The strong in martial arts is absolute authority and dominance, not just domineering the enemy and others!

Even for his own people, he will guarantee absolute authority and power!

"A total of hundreds of Immortal Venerables of Good Fortune Realm have been transferred from the four regions in the south, north and middle!"

"There are more than fifty Conferred God Warriors, and there are even dozens of them with the power of the titled True God, and they jointly resist the offensive of the Demon Realm!" Dugu Feiyu lingered in

the cold air, his eyes swept across the clansmen, and said: "In the past, the two major clans selected middle-class warriors, and they would not exceed 20%, but now it is more than 60!"

"Just ten days ago!"

"My top ten sect families in the Western Regions, and the number of good luck realm immortals who have been taken away exceeds forty!"

"In this case, you still don't know that this matter has reached the time when the situation has changed?" He took a long breath and said: "The Patriarch is in retreat, and the four elders are sitting in various jurisdictions, and the Lord's family uses the deity as an order. !"

"Since the situation has changed, it means that the world has changed!"

"Keep guarding these treasures, what use are these fairy medicines, poisons, and strange materials?"

"It's simply auctioned out, in exchange for more Hedao artifacts, space-time soldiers, and strengthening your own combat power is the best strategy!"

Dugu Feiyu stared at Dugu Tianyu and asked, "Do you understand?"

"understand!"

"This elder understands, please forgive me too!" Dugu Tianyu's cheeks were dripping with sweat, and he couldn't kneel down and didn't dare to move! He is such a **** of the eighth layer of the Dao Realm, facing the Immortal Venerable, saying that there is no power to fight back, it is not worth it!

Dugu Feiyu looked at many protectors and protectors, and said: "You and others will go. This auction will be held in the main city of our Dugu family, Heavenly Sword City. People from the five major forces will be there in ten days. It's the most important thing for thousands of years, so prepare for each of you!"

The voice fell off!

Those guards and guards got up and worked again, but the speed was obviously faster than before!

Dugu family!

The huge warehouse is tens of thousands of square meters, storing all kinds of treasures, from unique soul artifacts, divine king artifacts, Hunyuan artifacts, to weapons with special powers, such as gold, wood, water, fire, earth The five elements of the power of the gods, the immortal materials containing the thunder and the fire, and so on, seem to be innumerable. The guards of the gods, unlock the restrictions one by one, and then cooperate with the Hunyuan realm to take out the treasures in it. !

Hundreds of guards of the God King Realm!

Cooperating with more than fifty Hunyuan realm protectors, there are thousands of divine servants outside who are responsible for the transportation. Such a huge team started to act the day before. Until today, Dugu Feiyu and Dugu Tianyu came to inspect, but they have not moved. Finished a quarter of the treasure in the treasury!

"Tianyu!"

"You have disappointed me in the past few days. In the future, you will become a realm of good fortune, so you can only serve as a pioneer for the family!"

Dugu Feiyu's expression slightly eased, and then he said: "In addition, this time there are also three Inner Sect elders in the Seventh Floor of the Dao Realm, and I will help you four break into the Good Fortune Realm together!"

"Then, each of you is holding a space-time soldier!"

"Enough to match the old guys of the second and third layers of the good fortune realm. In this way, my Dugu family is considered the strongest left-behind sect among the top ten forces!"

Nine forces such as the Beigong family, the Linghu family, the evil demon palace, and the fire religion!

Every power has almost three or more, and twelve or more immortal gods of good fortune, but they received the call of the holy dragon family and the **** dragon family three days ago, and each family left two immortal gods of good fortune. Xianzun has been transferred away!

If it is the Dugu family, three more good fortune realm immortals will be born!

It is comparable to the sum of the left-behind forces of the two middle-level sects!

Taking advantage of this time to expand the territory and enhance the family power, maybe when the other forces return, the Dugu family has already become the largest family in the Western Regions!

"Ten days from now!"

"The leaders of the five major forces will come with treasures!"

"They are all the gods of the Ninth-tier of the Hedao Realm. Our Dugu family does not have the gods of the Ninth-tier of the Dao Stage. I am not suitable for this deity to meet them, so you will be responsible for meeting them!" Dugu Feiyu said slowly Now!

Dugu Tianyu was taken aback, and asked, "Hedao Realm Nine Heavens?"

The five major forces are enough!

At this time, shouldn't the Ninth Layer of the He Dao Realm be closed for practice in order to go further?

Actually escorted the team personally?

Dugu Feiyu seemed to see Dugu Tianyu's thoughts, and explained: "This time the auction, when the six major forces gather, they will come up with their own housekeeping treasures, and they will not send the gods of the nine-tier heaven to guard them. , Do you want to be snatched by some snitches and thugs?"

"On the contrary, our Heavenly Sword City will also have a big formation!"

"In case some brave people come to the auction!"

Since ancient times!

Will an auction attract the attention of criminals?

Absolutely, and definitely will be robbed by criminals!

These fierce bandits, the worst of them are the Venerable Hunyuan Realm, and even some of the gods of Hedao, there have been half-steps of good fortune realm in history, and they have robbed a group of treasures and fleeing far away. They have not been found yet!

What if there are many treasures if you are not strong?

Without a considerable master, the treasure is not yours, because you can't keep it!

So the six major forces jointly held the auction, and the guarding formation is the most important thing. If it is picked up by a gangster, the six major forces can only wait to stare!

At that time, what kind of face they had, they had to go home and review it!

"understand!"

"Heavenly Sword City arranges the Nine Heavens Sealing Demon Array!"

"In addition... the homes where all the major forces transported treasures have arranged formations inside and outside to prevent them from being attacked!" Dugu Tianyu thought for a while, and kept

asking: "Taiwan elder, it is reasonable to say In previous auctions, weren't all treasures stored in the leader's universe ring? Why, a large-scale array formation is still needed?"

Formation is not used to protect a person!

It is used to protect a group of people!

Logically speaking, in the past, when auctions were held, the treasures did not have to be stored in the hands of a few people. Then, once these people came, they could just open the auction directly. Furthermore, they could kill the bandits of those people, even if they were deployed. The effect is not big!

Chapter 1616: Why is she here

Snapped! !

Dugu Feiyu slapped the Dugutian imperial fan directly with a slap, and said with an icy voice: "For such a grand auction, the treasure is stored in the hands of one or several people. Who will agree?"

"No matter who that person is, the respective forces will not agree to it!"

"As soon as they enter the city, they will find a place to take out the treasures and store them in, and send people to guard them so as not to steal them! Therefore, the deity let you arrange the formations. This time, the things brought for auction, especially the evil demon palace. A drop of acquired poison, the Thousand Demon Ginseng of our Dugu family is invaluable. Maybe some old monsters of the poisonous family will covet it!"

"If these things are gone, are you responsible?"

"Or is the deity responsible?"

Speak out this anger!

Dugu Tianyu just stood up, so he can only bow his head in acquiescence!

For small auctions, only a few strong men are needed to transport treasures.

Large auctions are too expensive!

Even a reputable powerhouse cannot be allowed to bear the responsibility of guarding the treasures. This time, all the things that are shipped are priceless. Everyone is afraid of theft by their own family members or theft by some unscrupulous people!

Therefore, it is best for everyone to keep it together!

"It's the Supreme Elder, I understand!"

"I will do it right!" Dugu Tianyu respectfully said.

"and many more!"

"By the way, what about that little **** Ye Chen?" Dugu Feiyu looked cold, paused for a moment, and said: "External rumors, he destroyed a Soul Race sub-rudder? It seems that there is someone behind it?"

"Just now I asked you to invite him over to participate in the auction!"

"Change it to invite him over to participate in the auction cooperation matters!"

"I think Ye Chen will get the Soul Race treasures. It's best to come to the auction to deal with it! Especially Tianbao Pavilion is established by the three top families. The credibility is reliable and can deceive him!"

Dugu Feiyu thought about it: "After cheating, investigate the person behind him, who is it! Check it out, unite all forces and punish him!"

"Our middle-level family and middle-level sect are certainly not the overlord!"

"But our prince, your lord, is not this humble bastard, you can kill!"

"Since he killed him, he simply tricked him into solving it together. Anyway, after which auction was there a **** storm? It doesn't matter if one more Ye Chen died!"

"Yes! Supreme Elder!"

"Ye Chen, this little beast, relied on someone behind him to kill the son of my Dugu family!"

"This humble bastard, it's best to kill it, it's best to strip the skin and cramp, and then wear it with a Hunyuan red gold iron chain, and burn it with the Jiuyou flame day and night until it is turned into ashes for a hundred years!" Dugu Tianyu was also full of indignation. , Holding his fist, the hatred towards Ye Chen is also obvious!

For many years, the Dugu family has been at war with several other big family sects!

The family prince died in battle, not uncommon!

But without exception, they were all killed by the sons of the opponent's family, or by some powerful gods, or even by the hands of Immortal Venerable Good Fortune Realm!

When will it be Ye Chen's turn to kill such an inferior bastard?

Even if the son is going to die!

They can only die in the hands of other princes of the same position!

Inferior **** are not worthy to kill!

Besides, since it was killed, it would be necessary to torture this little animal life for hundreds of thousands of years to show the majesty of my Dugu family, otherwise, dare to do anything humble to the people of my Dugu family!

"it is good!"

"You quickly arrange it!"

"In addition, the people behind Ye Chen are bold and bold. They are most likely the thieves and bandits of the Sky-Splitting List. Be careful of that guy sneak attacking you, or sneak attacking people from the other five major forces!" Dugu Feiyu thought about it, and then said. "Okay, let the order go on, and always supervise Ye Chen's location. As for the situation of the Soul Palace secretly sending someone to kill Ye Chen..."

The sub-rudder of the Soul Palace is destroyed!

This matter except for the senior members of the major families!

Other folk martial artists, or people of lower sects, did not know at all, and even the vast majority of martial artists did not know that there was a power in the soul hall, but Ye Chen punishable the soul hall!

The soul of the soul palace, but it used Ye Chen to covet the saint's body as an excuse to hunt!

Obviously a bit tricky!

But don't worry about so much, as long as you wait for the three Hedao gods in the family to be promoted to the Immortal Venerable Good Fortune Realm, you can avenge the many old friends who died under the Soul Palace in the past!

"Too elder!"

"The Soul Palace has an enemy with us, do you need to help the Soul Palace to hunt Ye Chen?" Dugu Tianyu asked!

"No need!" Dugu Feiyu said with disdain: "A mere Ye Chen, with an excuse for inviting him to come and hunt him, has made the deity feel a little uncomfortable, not to mention even hooking up the enemy to kill him!"

"Ye Chen, you don't deserve it!"

"As long as Ye Chen arrives, if you just find an excuse to kill it before the auction!"

"Yes!" Dugu Tianyu received the order and immediately went to make arrangements!

Heavenly Sword City, the main city of the entire Dugu family, is lively, and one after another magnificent and tall auction platforms have been built. Civilian warriors from all quarters, and even warriors of many lower sects, have flooded into Heavenly Sword City, preparing to participate in the auction meeting. !

...

now.

Ye Chen couldn't be idle naturally, he needed to rush to the Dugu Family as soon as possible.

The Lingwu Continent is vast, and the distance between the Dugu Family and the Beigong Family is not close.

Ye Chen couldn't tear the void now, so naturally he had to buy time.

Just as Ye Chen was about to leave, he suddenly noticed something, and with a grip of his right hand, a bracelet made of weird stones was actually shining with a faint light.

This bracelet has been left by him in the corner of the reincarnation cemetery, which is difficult to detect.

If Ji Lin, who was not in a coma, was near the bracelet, he would not have noticed.

"Yep?"

Ye Chen frowned, staring at the hand chain, his expression even more weird.

"Wei Ying?"

He murmured, the past flooded like a tide.

At the beginning of Huaxia Demonstration University, in order to save his mother Jiang Xirong, Wei Ying did not know how many times he helped him.

He only owes Wei Ying. As for his feelings for Wei Ying, Ye Chen can't tell.

Wei Ying might have been an ordinary college English teacher, but she didn't expect that because of herself, she would wake up with a **** body.

Perhaps it was the **** cold body that bound the two together.

But Ye Chen couldn't understand why this bracelet flickered at this time.

There is a powerful prohibition in it, once the two sides have special circumstances, it will flash.

Of course there is a bigger premise, that is, the two are in the same place.

"Could it be that Wei Ying also came to Lingwu Mainland?"

Ye Chen felt a little bit in his heart. Although there had been no news of Wei Ying for a long time, he knew that Wei Ying would not be able to survive unless he was in a state of **** cold body.

What is this girl doing in Lingwu Mainland?

Chapter 1617:

However, judging from the brightness of the bracelet, Wei Ying should not be dangerous.

Just as Ye Chen was thinking, an old voice slowly fell: "Boy, how do you feel in Lingwu Continent, are you still used to it?"

Hearing this familiar voice, Ye Chen's expression instantly stiffened!

In the next second, he saw an old man carrying a hip flask standing not far away.

The old man took a sip of wine, his face was reddish, and he was staring at Ye Chen with scorching eyes, as if he had a strong interest.

At this moment, Ye Chen has too many doubts in his mind. From Huaxia Xiangjiang, to Kunlun Xu, to Lingwu Continent, this old man has always existed!

The key opponent is also very clear about Grandpa's situation and ancient things!

"Who are you? Why are you following me?"

"And what was it that you said I had to face a more terrifying force?"

"Since Grandpa is out of the game, why don't you tell me and pass your mouth?"

Ye Chen asked several questions in a row, but the old man was in no rush, found a rock and lay down, drank wine, and was at ease.

"Boy, the secret is not to be revealed."

"What's more, even Tianji doesn't know about you. Interesting is really interesting."

"If I guessed correctly, you are now going to the auction of the Dugu Family."

"Under the whole world, you are the first one to rob a highly toxic thing like Thousand Demon Ginseng in the Divine King Realm."

Ye Chen's face changed drastically as soon as he said this!

How could this old man know his intentions!

Ye Chen subconsciously murdered.

However, when the old man moved his finger, the condensed murderous intent suddenly disappeared.

"Boy, your biggest shortcoming is this murderous and hostile spirit."

"Of course, your greatest strength is also the murderous and hostile spirit of this body."

"Don't worry, I'm putting the bet on you, so how can I act on you."

"I came to you today, first to see how you are in Lingwu Continent, and second, I'm here to reveal something."

"I admit that I was not optimistic about you before, but now, I have changed my mind."

"You are the existence I think is most qualified to fight against those people!"

Ye Chen's eyes shrank: "You mentioned those people again, who are they? Could it be the heavenly way of Lingwu Continent?"

This is the strongest existence Ye Chen can think of!

However, the old man chuckled: "Compared with those people, the way of heaven is far worse."

"Stop talking nonsense, two things."

"First, you came from the Earth Kunlun Void. The aura on your body is too obvious, and it is easy to be noticed by the strong. This is because you did not enter the Lingwu Continent according to the usual rules. If you have the opportunity, you can participate in the Ascension Channel. , Maybe you can still meet some seniors who also came from the Earth Kunlun Void. When that time, the Earth Kunlun Void Mark on you will be completely eliminated, so that those people will not find you."

"You have made a lot of noise in the land of the universe, and even the soul race. If your life is not good, it is easy to be detected by those people in advance."

"At that time, they will be able to wipe out this little threat of you with a spirit."

Ye Chen was startled, with a cold feeling behind him.

He knew that this old man could not lie to him.

His current strength is simply not enough to contend with that so-called power!

He just wanted to ask something, but the old man completely ignored him, and interrupted directly:
"Second, the one behind you..."

Before he finished speaking, the old man suddenly felt something and looked to the northwest.

He snorted coldly: "It seems that those guys haven't been eyeing you yet, but you were eyed by other guys in advance."

"I am not afraid of those little guys, but my existence cannot be known to some people, otherwise, not only you, but even your grandfather's game will be destroyed."

"I'll leave first, you can continue on your way, and in a few days, I will come to you again."

"Hope, you can leave the auction alive by then!"

After speaking, the old man left Ye Chen's sight abruptly.

Ye Chen knew that once he entered this round, it would be difficult to leave, but at the moment, his strength is not enough, and some things are indeed not qualified to know, so he can only take one step and see one step.

He glanced along the northwest direction, shook his head helplessly, and continued to drive towards the Dugu Family.

...

In the Northern Territory, among the mountains called the Land of Thousands of Swords, each mountain peak is inserted with a giant sword of a thousand feet, with sword aura and clouds floating around, it looks very ethereal, and on the sacred mountain of which lies a place of magnificence and magnificence. Palace group!

Headed by the huge palace, the whole body is made of the material of Hedao artifact!

It is a manifested palace-like Hedao artifact!

An artifact of the palace class!

The biggest effect is that you can pretend to be inside anytime and anywhere, and shrink and take away. However, this palace stands on the holy mountain and has not been moved for tens of thousands of years, but today I want to move, but I can't do it!

Echoing the palace artifacts are a large group of warriors some are wearing black robes, some are wearing red robes, white robes, etc. They are warriors from the Soul Palace, the Holy Dragon Family and the Baixian Palace!

Around the palace-like artifacts, the great warriors of the Ten Thousand Sword Emperor's Palace are all holding long swords, and their white robes are dyed blood. It seems that after a **** battle before, most of the realms were occupied. The remaining palace at the core has not yet been captured!

This place is the headquarters of Ten Thousand Sword Emperor Palace!

As the Azure Sword Immortal Venerable and Ye Chen said, they were attacked by five Conferred God Warriors, twelve Immortal Venerables of Good Fortune Realm, and even more warriors, and the Palace of Ten Thousand Swords suffered heavy losses!

In the palace, five sword gods sit in the lobby. Compared with the sixteen sword gods such as Qingjian Xianzun, the injuries are not light. Many of the limbs of the gods have been severed and it is difficult to heal!

"Everyone, the situation today..."

"It's very serious. Of course we can leave, but those disciples cannot escape!"

"The Ten Thousand Sword Palace has been locked, and this **** cannot shrink and take it away!" The Flame Sword God sitting in the main seat said helplessly.

He is indeed the lord of the Ten Thousand Sword Emperor's Palace, the Star Aperture Realm!

But even these sword gods are unsustainable. They are helpless in the face of the besieged coalition forces. If it weren't for the advanced level of cultivation and the exquisite swordsmanship, I am afraid they would have been seriously injured!

"escape?"

"No!" Another Frost Sword God angrily shouted: "If we leave, what will happen to the hundreds of thousands of disciples in the palace behind? Thousands of disciples of the God King realm who died in battle, hundreds of Hunyuan realm What should I do to protect the law and go to the Lily Taoist Lord?"

"Their hatred, isn't it?"

"Soul Palace, Holy Dragon Family, Baixian Palace, these damned bastards!"

"Isn't it just killing some of their direct disciples, sons and daughters? As for that!

Is it fooling me to send my ancestors to sit down so that no one can suppress them? "

Chapter 1618:

"The three major forces...Will it be just because we killed a few of their children and disciples?" At the side, the female sword **** wearing a pale yellow robe sighed and glanced over the many warriors in the hall, saying: " The old ancestor turned into a sit-down because of injury. This matter has been hidden for three hundred years!"

"Who actually passed it on?"

The female sword **** is the deputy master of the Ten Thousand Sword Emperor's Palace, the broad sea sword god, not weak in strength, but was almost killed by the old things in the soul hall!

Some of the old guys in the Soul Palace were conscripted to the Demon Realm. Unexpectedly, they ran out a lot. They also joined forces with part of the Holy Dragon Family to besieged and killed the Ten Thousand Sword Emperor Palace!

"Flame!"

"Frost, Huangpu, Broad Sea, come out for a fight!"

"In the past, you dared to kill our three ancestors, today you will fight to the death!"

A Conferred God elder from the Baixian Palace leaped forward and shouted!

"Old witch!"

"I'm afraid you won't succeed!"

A sword **** wearing an earth-yellow robe fought against the sky and the sky was shocking. Numerous sword auras charged up like stars in the sky, surrounded by a stream of swords, like a galaxy, violent Crash out!

In contrast, the elder of the Hundred Immortal Palace took out a blue long knife, split it horizontally, and the sword light turned into a small world and flew over!

Boom! !

The two forces collided and burst, causing the earth to crack and the sky, and at the same time destroyed the mountains with the great swords!

Soon, the Sword God of Huangpu and the Conferred God Elder of the Baixian Palace were fighting together, as if two rounds of the sun were colliding, and the earth was trembling for a while. In the blink of an eye, the two of them fought a thousand moves, and one round of the sun's light was greatly reduced. !

"Old Whampoa!"

"Hand over the true artifact, Rao Er can't wait!"

Another Spirit Clan Conferred God Warrior rose into the sky and turned into a blazing sun, and violent explosions sounded again between the heavens and the earth. Before their level, they could only see two suns enveloping the center and attacking. Can't see the specific moves at all!

"I'm waiting here for revenge!"

"The second is the true artifact. The true artifact in your hands can allow a Conferred God peak elder of the Shenlong family to break through the realm, achieve the Sealed Door Realm, and rank in the Real God Realm. It is beneficial to the battle against the Demon Realm. Hand it over!"

"Anyway, the ancestor you sent is dead!" The elder of the Soul Clan Conferred God attacked while demanding the true artifact!

咚咚咚!!

Bang bang bang! !

The sky and the earth shook violently, the mountains and forests swayed, and lightning slashed down. Ten thousand golden lights collapsed, causing violent fluctuations in the nearby sea.

The ensuing eternal sword aura, if the divine light of the beginning, cut through the world and shattered the laws of time and space between the two, but it was hit hard. One-to-two, originally did not occupy the advantage, besides, Huangpu Sword God has repeatedly nirvana , Now it's time to exhaust!

"Eternal night turned into a sword!"

"kill!"

Sword God Huangpu went forward and slashed out a sword with all his strength, and then said without anger: "Stray dogs, you soul hall group of running dogs, the Shenlong family wants a real artifact. If you don't come, you will be sent to you dog slaves and those from the Holy Dragon family and Baixian Palace. People come, really shameless!"

The voice fell off!

The sword that was struggling to cut shattered, and then it was also severely injured by the soul hall Conferred God elder!

As soon as he was about to fall, the Frost Sword God came out to succeed the Huangpu Sword God. As soon as the other Ten Thousand Sword Emperor Palace Sword Gods wanted to take action, three Conferred God Warriors of the Shenlong family appeared on the opposite side of the sky. Two top families, two high-end forces, sent eight warriors to besieged Wanjian Emperor Palace!

Eight to five!

Even if the skill is not as good, there is an absolute advantage!

Seeing this, the Broad Sea Sword God and Hoarfrost Sword God could only pick up the Whampoas Sword God who had been hit hard, but did not immediately rush out!

Seeing this scene, the Flame Sword God looked up to the sky and sighed, feeling deep and feeble, "If the ancestors of the past were still there, my Wanjian Emperor's Palace would cross the three domains of the north, east and middle, why is this? People have slaughtered tens of thousands of elite disciples, but they cannot be rescued!"

hate!

I only hate lack of combat power!

I only hate that I haven't restored my sect to the glory of the past years. If the 18 sword masters of the past years are gathered together, it can be comparable to one or two Conferred Gods! At that time, there is a chance of victory, and the people of the four major forces can be pushed back!

"too strong....."

Huangpu Sword God was eclipsed.

The Sacred Dragon Family and the Shenlong Family, while resisting the Demon Realm, they still have spare power to attack them!

Fortunately, their Ten Thousand Sword Emperor Palace did not follow the orders of the two great families to send the Sword God to the top of the Northern Territory to resist the Demon Territory, otherwise it would have been defeated by such an attack today!

"Method....."

"It's not impossible to live, just those disciples..."

The Sword God Baishuang sighed and said: "We really want to leave. The five sword gods and sixteen sword masters work together. It is not a problem to kill them. It is just our disciples... they have also beaten them correctly. We will not give up the elite. The disciple escaped..."

He looked at the eight Conferred Martial Artists flying in the distance and the Frost Sword God who was gradually falling into the air, muttering to himself: "They did not attack to force us to take the initiative to hand over our ancestors. The true artifact left behind, and we will not give it away!"

"If it is at this moment, two more swordsmen!"

"It's not impossible to cooperate with my faction and fight against his eight Conferred Warriors!"

Ten Thousand Sword Emperor Palace, five sword gods!

Such a huge sect can only be played by a sword god!

Why?

Because there are more enemy Star Aperture Realm Conferred God Warriors than them!

They dare to fight with all their strength and all fight, then the disciples behind will be slaughtered. If they don't fight with all their strength, they can only fight one by one, and one by one will be severely injured!

Can't escape!

Can't fight!

There is no solution to danger!

"Two more swordsmen..."

"The elite disciples of the Hedao realm are all dead and injured...what if it is recovered?" Green Sword Immortal Venerable suddenly said: "Palace Master, you great elders, I sent many swordsmen to fall, and they all left their gods in the palace. Inside, if you try your best to revive them, it may not be impossible!"

"It won't work!"

"Even if you use up your foundation, the spirit will resurrect, and after the resurrection, the combat power will only be the Hedao realm!" The Flame Sword God said slowly, and suddenly asked: "Qing Jian,

you said that the Ice Sword has not fallen yet... 50,000 years ago, He is the middle stage of good fortune realm!"

just now!

Fifty thousand years have passed!

The former Ice Sword Junior Brother should have also stepped into the Star Aperture Realm, titled Sword God, right?

"If Junior Brother Bingjian returns!"

"It can solve this danger..." The Sword God of Huangpu said the same way. One more Sword God can compete with the two weaker Hundred Immortal Palace Conferred God Elders, and the powerful Frost Sword God can resist the two soul palaces. Conferred martial artist, the other four, one-on-one, must be able to fight the four star-aperture martial artists of the Sacred Dragon Family and the Shenlong Family!

Boom! !

boom! !

While speaking, the world changed color, thousands of thunder lights flickered, and the aura of destruction filled everywhere!

Chapter 1619: Without fear!

The Frost Sword God retreated with one enemy and three severe injuries, but he also severely wounded an elder of the Soul Race Conferred God, and almost beheaded another Conferred God Warrior of the Holy Dragon Family!

Wow! !

Wow! !

Around the Wanjian Emperor's Palace, thousands of divine lights were shot out, condensed into a protective cover, very powerful, and could block the attack of the Fengshenwu for the time being!

The Frost Sword God stepped into the lobby with blood, and he slumped in his chair and began to heal his injuries. Obviously, his injuries were heavier than the Huangpu Sword God.

Seeing such a scene, several sword gods became worried and looked at the Azure Sword Immortal Venerable.

At present, only the return of the Ice Sword Immortal Lan Xueyue can solve the predicament, right?

Immortal Azure Sword stood up and said: "Palace Master, Elder Ice Sword, a few years ago, he accepted a disciple named Ye Chen!"

"Ye Chen has seen Elder Ice Sword's divine mind body, and he should know where his true body is! Besides, the Universe Killing Domain is full of fairy artifacts and secret treasures. Elder Ice Sword has been trapped for fifty thousand years. Cultivation, it is very possible to advance to the realm of good fortune, titled sword god!"

The Azure Sword Immortal Venerable came up with a bold idea and said: "If it is possible, I think I will temporarily close the palace for one month, and wait for all the elders to recover. One of the elders will lead me out of the siege and go. Find Ye Chen!"

"Let Ye Chen take us, forcibly break into the Universe Killing Realm, and rescue Ice Sword Elder!"

"At that time, our two sword gods, one sword master, cooperate with you to fight in, you can repel them, or take the opportunity to take the disciples away!"

"It doesn't matter whether you go to the Southern Territory or the Eastern Territory. Anyway, except for the Western Territory, there are seniors with the title of True God in all regions. The two big families will definitely not be able to chase us down!"

"Hide for a while!"

"Waiting for the palace lord to accommodate the true artifact and advance to the door closed state!"

"By then, there will be no need to fear the two top families!"

escape!

Had to escape, the huge Ten Thousand Sword Emperor Palace could only escape!

As soon as these words came out, everyone in the hall fell silent, each thinking about whether it was feasible!

"it is good!"

"That's okay!"

"The four sword gods including me, relying on the mountain guard formation and true artifacts, can resist for several months!" The Flame Sword God carefully looked at the Frost Sword God and the Azure Sword Immortal Venerable, and said: "Please, please. !"

Stop talking!

The Flame Sword God took out the treasures he treasured, Shen Tianye, the blood of the monsters who had been titled true gods in the past!

He handed it to the Frost Sword God, and said: "Everything in the Ten Thousand Sword Emperor Palace, please two. After one month, I will personally resist them and **** you away. Even if I don't find Master Ice Sword, you can go to the Phoenix Family for assistance. !"

"True artifact!"

"Even if it is finally handed over, I would rather give it to the Phoenix family than to them!"

.....

Changes in the Northern Territory!

In the Western Regions, the six major forces are all preparing to hold an auction event!

There are ten days to prepare for Tianjian City!

On the seventh day, a young man wearing a mask walked in through the north gate.

The young man holds a sword with one hand and a bamboo hat on his back. Just like an ordinary folk warrior, who specializes in hunting low-level monsters and beasts, the cultivation base of the three-tier heaven in the Divine King Realm has flooded into Heavenly Sword City. Among the folk warriors, it is unremarkable!

Even the Venerables of the Hunyuan Realm are everywhere!

"Finally here..."

"Hurrying for half a month..."

Ye Chen sighed, seeing the light rain in the sky, he took out the bamboo hat belt on his back, patted the dust on the green robe, and glanced over the large number of warriors in front of him, thinking: "From the jurisdiction of the Beigong family, Rush to the jurisdiction of the Dugu Family!"

"Across thirteen million miles!"

"It's tired enough for me... this is the speed of driving the flying boat!"

At Ye Chen's current speed, returning to China, it only takes a few minutes to make a circle around the earth!

Unexpectedly, it took half a month for the light to travel from the range of one family to another. The region is vast and dangerous along the way. If it weren't for Ye Chen's high level of cultivation and high combat power, I'm afraid it would have turned halfway.

A lot of warriors in the **** realm, and even warriors in the **** king realm!

It doesn't matter if you are a city lord or a guard captain in a small remote place. If you want to travel to the Lingwu Continent, you don't have the cultivation base of the Hunyuan realm, you don't understand the laws of space, and you can't break through the void. The land has to spend a lot of time!

"Tianzi Pavilion?"

"Dizige?"

Ye Chen came to a street corner and looked at the two huge auction houses on the side. They were hundreds of times larger than the Bird's Nest of China, but they were carved with two more identical names. "Is it impossible? The auction will be divided. One by one?"

"If there are more auction houses...it will be troublesome"

Ye Chen didn't say these words, but his thoughts changed a little with the time he was on the road!

The Dugu family opens the auction independently!

Then there is no need to rob the sect's nest, just grab the auction!

After grabbing the treasures from the auction, find a place to arrange the Heavenly Dragon Formation so that Ji Lin can survive the catastrophe?

However, the auction is divided into several sessions. When will the treasure be delivered?

When will the treasure be delivered to the auction house?

What level of existence do you have in different auctions?

All this information must be investigated!

"That stupid boy, what are you doing here?"

"Call you, speak!"

While Ye Chen was pondering, a young man in brocade interrupted Ye Chen's thoughts. He walked slowly, looked at Ye Chen proudly, and snorted coldly: "While wearing a mask, what he did is shameless. Thing?"

Wow~~~

The moment the young man in Jinpao was about to wave his hand to take off Ye Chen's mask, Ye Chen stepped away, his figure as fast as thunder and lightning!

There were still thunder lights all around, which caused everyone to be shocked!

Even an invisible wave of air rushed towards the young man in Jinpao!

The Jinpao youth's face changed slightly. He saw that Ye Chen was only in the Divine King Realm, how could he think of such power.

What's the crux of this blast!

His body staggered and he finally stood firm!

Embarrassed to the extreme!

At this moment, the eyes of the Jinpao youth disappeared proudly.

An invisible anger surges!

Whizzing! !

Whoosh!

Three middle-aged men leaped forward. The sword in their hands was out of the sheath, and they aimed at Ye Chen, seemingly sheltering the young man in the brocade!

The three middle-aged people are not low in cultivation. The first one is from the sixth layer of the Hunyuan realm, but is somewhat comparable to Uncle Zheng. There is a huge scar on his cheek, which looks particularly hideous. They are also wearing brocade robe and chest. There is a red short knife carved in front, which seems to be Zongmen costume!

The Scar Guard motioned to Ye Chen and said: "Boy, you don't have eyes! You dare to fight back! Give you two choices, either cut your arm or come up to explain the situation, we Tiger Blade Pavilion, it's not that you can provoke of!"

Ye Chen frowned slightly.

He really doesn't want to cause trouble.

But what's in front of you is too inexplicable.

"Tiger Blade Pavilion?"

"What rubbish, sorry, I haven't heard of it!"

Ye Chen's indifferent voice fell slowly like this.

Without fear!

Chapter 1620: conspiracy!

Ye Chen has never heard of this sect. There is no middle power with this name among the five domains, and even the upper-class powers do not have this name. Obviously, they are inferior sects!

For this kind of sect, he naturally didn't care.

"you!"

"What a courage!"

"This son is the son of Tiger Blade Pavilion. When others see me, they will bow their knees, bend over and nod. How dare you be so arrogant?" The face of the young man in Jinpao became completely dark.

He naturally has his arrogant capital, just because he is called Xiuhulan!

He is the famous Master Tiger Blade Pavilion.

Noble status, extraordinary talent!

The scar guard naturally felt the anger of the son, and the evil spirit broke out, glaring at Ye Chen and said:

"What a courage!"

"I think your realm is on the third level of the God King realm!"

"So arrogant, and not like a big school disciple, really think we dare not take you?" The voice of the scar protection guard was cold, naked and threatening, thinking that from Ye Chen's clothes and matching weapons, the opponent was just a folk Martial artist, looking young, I am afraid there is no background!

Since there is no background!

Dare to be so rampant?

Do you really think they are ants?

They are the top ten Tiger Blade Pavilion among the three hundred inferior sects of the Dugu Family!

"I am not interested, nor do I want to do it."

Ye Chen was not even afraid of the Soul Clan and Beigong Clan, how could he be entangled with this kind of garbage sect, he put his hands behind him, turned and left.

Treat everyone as air completely.

At this moment, Xiu Hulan and the many guards' faces were completely dark.

How have they been so neglected here!

"Little beast, look for death!"

Wow~

A blade of light floated in the air, shocking everyone!

The scar guard has taken action!

Ye Chen naturally felt murderous, and his eyes were instantly cold! Just wanted to do it!

Suddenly, the mutation appeared! I saw a law enforcement officer on the side drew out his sword, shattered the blade, pointed the sword at the scar guard, and said: "The auction event is about to be held, you should stop and make trouble again, don't blame us! "

Enforcer!

The law enforcers here are all the cultivation bases of the God King Realm and Hunyuan Realm!

Obviously much stronger and more interesting than the law enforcers of Tianling City!

Seeing this, the scar guard sighed, closed the knife, clasped his fist and said, "Sorry, we won't do it!"

Immediately, the respectful and polite attitude disappeared. He looked at Ye Chen fiercely and said: "Little beast, you'd better be cautious. The law enforcement in the city has orders. I can't kill the **** things before the auction is over. you!"

"But it doesn't mean the event is over!"

"You can still live!"

"Oh." Ye Chen completely dismissed it and turned to leave.

This time he came here, there are more important things.

Otherwise, he would not wear a mask and try to hide himself.

Before being exposed, it's best to find out about the good situation, otherwise it will be known by the soul clan or the lonely clan, but it is not easy to start!

This time on the road!

Ye Chen repeatedly discovered that there was a **** of Hedao behind tracking him, and even after entering the jurisdiction of the Dugu family, he first received an invitation letter from the Dugu family about this auction event!

The invitation letter made Ye Chen feel weird.

He killed the son of the Dugu family, but the Dugu family actually invited himself to participate in the auction event?

Obviously unpredictable!

Moreover, Ye Chen also sensed that there was a Dugu family's Hunyuan Realm protector, and even Hedao God Monarch was investigating and tracking his own situation!

Simply!

Two days ago, Ye Chen shielded his breath, pretended to be like this, and entered the city.

Folk warriors in costumes like him come to participate in the auction. I don't know how many people are buying the artifacts. Can the Dugu family still search them one by one? As long as they don't take action for a while, the members of the Dugu Family will not be able to find him!

"Huh, this kid!"

"I really don't know how to live or die!" Young Master Xiuhu Lan hugged his hands and snorted, obviously the anger in his heart has not yet diverged!

"My son, don't be angry!" The scar guard showed a sullen smile and said: "I heard that Tianxiang Pavilion has recently come to a group of virgins. Why don't you try? I heard that some of the women were snatched by force. If you don't do this, I believe it will have a special flavor!"

"Really?" Xiuhulan's eyes glowed with a lustful glow, and even his body was shaking!

Scar's guard's smile deepened, and he continued: "There are all kinds of women, and Tianxiang Pavilion will always go to the ordinary residential area in Tianjian City to search for various natural beauties, and all of them have just been caught... guaranteed. Fresh and hot..."

"At night, let's try it?"

"Since you have said so, let's go now!" Young Master Xiuhulan couldn't help it!

"My son, don't worry!"

"We have to do the things arranged by the elder first!" The fellow practitioner of the scar guard, Young Master Tiger Blue and others, walked to a building area and said: "The elder arranges for us to come to heaven first. Buy a house in Jiancheng!"

"This time..."

"Our Tiger Blade Pavilion will transport a large number of auction treasures, including 20 Hunyuan Immortal artifacts and 35 Hedao artifacts!"

"Some of them are exchanged for some higher harmony artifacts, which are used by many masters in the sect to break through!"

"Furthermore..." He smiled even more, and said: "You can also help the son exchange some thousand-year-old ginseng and miraculous autumn grass that nourish yin and nourish yang. Yuan Jing!"

"That's true!" Young Master Xiuhu Lan had a bright light in his eyes and thought: "This time, let's buy a big house to store auction items and provide housing for many elder guards. However, the elder personally led the team, Why not store the auction item directly in Tianbao Pavilion?"

When the scar guard heard these words, he felt distressed and said: "My son, you are stupid!"

He whispered quietly: "My son, do you know how many treasures will be sent this time when the elder leads the team?"

"how much?"

"Isn't it a hundred or so immortal artifacts?" Young Master Xiuhu Lan was taken aback.

"That's on the bright side..." Scar's guard said: "I am in the family, and I can be regarded as the seventh elder, this time you have to come out, I will follow you and protect your pavilion master's only son!"

"This auction is not as simple as imagined!"

"The pavilion master and the great elder felt something was wrong, it seemed that the storm was about to come, so the great elder deliberately led the team, at one time, three hundred divine artifacts, twenty-seven Hunyuan artifacts that were not used in the martial arts, and even All seven special types of Hedao artifacts have been brought!"

"In addition to other immortal materials, top-quality immortal stones, etc., almost all the treasure troves have been emptied, just waiting for this time to exchange some Hedao artifacts that we can use!"
