Chapter 1621: Threat

"There are so many things that we need to save together!"

"But..." The scar guard showed a wicked smile, rubbing his hands and said with a smile: "...it would be nice to steal a few good treasures!"

"In fact, this time, everyone is going to sneak a few good treasures!"

The Scar Guard seems to know this well, and it seems that he has done this before!

"what....."

"This is my father... You are so!" Xiuhu Lan Gongzi just said a few words, and he was directly covered by the scar guard!

The Scarab Guard lightly stroked Young Master Xiuhulan's head with a sigh. He pulled Young Master Xiuhulan away from the other two elders, and talked in a low voice: "Master, you are stupid, exchange those treasures back. Isn't it for you to improve your strength?"

"Besides!"

"The old man is your person, the old man follows you and supports you!"

"You are the only son of the pavilion master, and you will be the pavilion master in the future. Now your subordinates are stronger, okay?"

Young Master Xiuhu Lan nodded ignorantly!

The scar guard had a wicked smile, and it seemed that people were always prettier, and it was not the first time this old guy flicked the tiger blue!

"The son!"

"Think about it!"

"What is the realm of the Great Elder? It's only the three-tier heaven of the Hedao Realm!"

Scar's guard said earnestly: "The eight elders, seventeen disciples, and eight elders who are here this time, only the first elder is in the three-tiered heaven, and the second elder is in the first-tier heaven!"

"The other six elders are all seven or eighty-nine layers of the Hunyuan realm, but they generally ignore you, right?"

"If you exchange those special Hedao artifacts and become Hedao God Sovereign, they will still pay attention to you? Keep it intact, and another person will be elected as the Pavilion Master!"

As soon as these words came out, Young Master Xiuhu Lan got anxious!

"Master, don't worry!"

"So, let's get something out to improve the strength of you, my elder, and me!" Scar's guard said with a deep gaze, "When the elders arrive in the afternoon, the night is the first night. Those elders will not leave. , But very cautious!"

"We!"

"Go to Tianxianglou first and have fun with those ignorant girls who just snatched it over!"

"By the way, look for the arrogant little brat just now, and kill him, so that we can become more ambitious, and then we will go the next day..."

The Scar protector really wants to do this, and this plan is well planned!

I'm also ready to find the only son in the martial arts as a partner, and if something goes wrong, all sons will stand up!

Hearing these words, Xiu Hulan felt very reasonable, and couldn't help but nod quickly, and thought: "Go, let's go to see the house, and then go to Tianxianglou at night, or, first go find the little **** in Qingpao!"

At the same moment, Ye Chen walked in the Heavenly Sword City and saw many powerful men with terrifying strength.

To his surprise, he even saw a few acquaintances.

He didn't kill Beitang Wuyang at the beginning, and now he also appeared in Heavenly Sword City, but now Beitang Wuyang can't recognize Ye Chen at all!

"Tianyang Festival!"

"All the arrogances gather to discuss the Tao, you are officially selling tickets!"

"Listening to Tianjiao's Dao, one comment can solve your confusion. Maybe you are more proficient in a certain Dao than the elders. Different cultivation methods and different cultivation paths can increase your knowledge and broaden your horizons!"

A warrior in the early stage of the Hunyuan realm, standing on a balcony selling tickets!

Ye Chen walked over and took a look. It was just that some of the arrogances of the six major forces had arrived. They held a banquet with a good name called Taoism. Then their subordinates peddled the

martial art here, each one of the nine-rank immortal implements. Zhang can ask those Tianjiao a question!

He ignored it, but when he turned around, he didn't expect a large number of civil warriors to flood in!

"strange....."

"With this fairy tool, it's not good to find a reliable **** king realm warrior to guide you?"

"You have to ask Dapai disciples, can someone give you some advice?"

Ye Chen felt bored and walked out of the crowd.

At night, Ye Chen gradually came to an ordinary residential area and found an inn.

"Hello... are you here to stay?"

A beautiful girl came up wearing coarse clothes. She was eighteen or nine years old, with a low cultivation base, but she was born with a watery appearance!

It's just that the other party is obviously a little nervous, and he keeps looking around, as if he is afraid of something.

Ye Chen frowned and said lightly: "You say inn on it, why don't I come to the hotel to chat with you?"

When the girl heard these words, her face turned red, and she shook her head again and again: "No..."

Seeing that the girl couldn't help but molested, Ye Chen laughed: "I'm kidding you, I might stay a few nights."

Suddenly, the girl glanced outside and whispered: "Um...Guest, you should be hungry on the way, or else eat something."

Ye Chen nodded: "Any signature dishes in your store, come up!"

Afterwards, he directly took out a dozen of the best immortal stones, handed them to the girl, found a table by the window and sat down!

He looked around and found that this was a somewhat dilapidated inn, but no one came, he was the only customer.

"Thank you guest!"

"Thank you, thank you so much..."

With a grateful expression on her face, the girl excitedly went to the kitchen to inform her. Then she walked out and brought a large amount of wine to be delivered. She said apologetically, "These wines are the best in our store. They are provided to the guest officials for free. Officer, I'm afraid we won't be able to open this shop anymore!"

"Nothing!"

"By the way, since you are opening an inn here, you should understand your surroundings. Tell me, what is this auction event like?"

Ye Chen has a habit of going to the inn and teahouse wherever he goes to inquire about news. He didn't expect to walk into an inn casually. The only guest in it was himself, so he could only ask the girl to ask.

"The guest is too praised!"

"Just call me Xiaoyu!"

The girl talked about the auction event and said cautiously: "Guests, please be careful not to go out at night!"

"Don't look at the law enforcement team in Tianjian City during the day!"

"In fact, it's chaotic after nightfall. A large number of foreign warriors all want to grab the treasures of the martial arts who came to participate in the auction. It is very likely that they will be killed by mistake!"

"Guest, your strength..." She smiled apologetically and said: "As long as you stay in the inn, our little shop is dilapidated, and there will be no strong people!"

Ye Chen nodded. Originally, he wanted to ask some basic information, but he didn't expect Xiao Yu to admonish him a few more words.

He has a good impression of this girl named Xiao Yu.

But he was curious, where did Xiao Yu's parents go?

Such a girl can really manage an inn?

Do the parents behind the girl or the elders rest assured?

And, this girl obviously doesn't understand the world.

Chapter 1622: What a courage!

This Lingwu continent undercurrent surging, the strong like a cloud, a girl with little strength is too dangerous after all.

But this is the other party's private matter, Ye Chen didn't plan to ask more.

He asked Xiao Yu to watch the food, while drinking wine, while thinking about the plan for the auction.

Not long after, Xiao Yu came out with a few plates!

however!

"Boom!" Two beeps!

I saw two small dishes falling on the ground, followed by a noisy sound!

Xiao Yu rushed to the kitchen like a mouse when he saw a cat. She changed into a very rustic outfit. She came out cautiously with pot ashes on her cheeks, and stared at the door of the inn all the time.

Ye Chen felt a little strange, and looked at it!

Sure enough, a group of murderous men came in, dressed very strangely, carrying knives and swords, walking in and ruining cabinets, looking around from time to time, "Is there no one in this store?"

"What kind of broken shop are you?"

"I wonder if our Tianxiang Pavilion is searching for people?"

The head of the man swaggered in, cast a glance at Ye Chen, took Ye Chen's wine bowl nonchalantly, drank a lot, shouted happily, and immediately shouted: "Boss, get out of here, grandpa, I'm here. Didn't you see it?"

"Yes Yes....."

"My lord is here..."

Xiao Yu lowered her head, her voice pretending to be old, standing timidly beside the leader!

"You guy!"

"Why is it so slow? What about the girls in your shop?"

"Why is there no one? There is still a shortage of people in Tianxiang Pavilion, grandpa, let me tell you!"

The leader grabbed Xiao Yu's head and said loudly: "Follow my grandfather and I will go to Tianxiang Pavilion. There are fragrant and spicy food, and there are high-ranking officials. The young Tianjiao is honoring you. This is your honor..."

He talked, and found that no girl came out of the inn, he was furious and kicked Xiaoyu, "What about those girls? How come there are none? Grandpa, I came here to accept people. You are not alone. What do you mean? "

He immediately poured a bowl of wine over, just to throw away the ashes on Xiao Yu's face.

The beautiful face is instantly revealed.

The headed person was dull for a few seconds, and then he took a closer look, and his **** rose, with a wicked smile on his lips, and said, "Oh? There was an unexpected harvest today. With such a beautiful face, why should I wipe those on my face? thing!"

After saying that, the headed man seemed to be catching a chicken and rushed towards Xiao Yu with a lewd smile.

Just when the hands were about to touch the light rain, a black shadow flickered.

Ye Chen directly stood in front of Xiao Yu.

With an icy chill in his eyes, he stared at the headed person, and said coldly, "What did you mean by what you just said?"

"Can this Heavenly Sword City plunder people at will?"

anger!

Ye Chen was already extremely angry!

In Heavenly Sword City, the headquarters of the Dugu family, there will be people who will grab young women to enjoy them at will?

Isn't there a king here!

What do those law enforcement officers do?

There is so much movement here, no one is even asking!

The strong guys who come and go outside do not even look at them, as if they are used to it!

...

"Hahaha, you kid, dare to ask me?"

"It turned out to be a young kid, just came to Heavenly Sword City?" The leader smiled, although he only has a cultivation base in the middle of the **** realm, he is not afraid of the third level of the gods realm Ye Chen, even if he knows that Ye Chen's cultivation is far away. Above myself, but still confident!

"Little ones, bring chairs!"

"Grandpa, I will teach this young boy well today!"

The headed person leaned down, leaning against the wooden chair that he had moved, with Erlang's legs tilted, his eyes scanned the shy and fearful light rain, and then at the indignant Ye Chen, he said casually: "Boy, look at you. You are here to participate in the auction event, right?"

"These days! The adults of the Dugu family are holding an auction event, but there are three mountains and five mountains, people from all sects are here!"

"Of course you look like this, it's a casual cultivator, but grandpa, I think you are immature, so I won't care about you for the time being!"

A wicked smile spread out at the corner of his lips, and he said: "Our Heavenly Sword City is a mixture of fish and dragons. We have everyone, and we have no shortage of people. Among them, the Tianxiang Pavilion is the most famous because it is the Dugu Tianyu of the Dugu family. The elder personally opened the business!"

"As for you think of robbing civilian girls and women?"

"That's their honour. It's hard to grow more beautiful. Could it be that in this ordinary residential area, you will meet some servants of the emperor realm? The waste of entering the realm of gods, and then living for the whole life, this is too wasteful!"

"and so!"

The leader pointed to his nose and said with a cold and stern voice: "We are dedicated to helping Tianxiang Pavilion look for beautiful women. As long as we look at them, they will be sent to Tianxiang Pavilion to entertain those sons and grandchildren, Tianjiao characters, this It is their honor!"

He looked at Ye Chen up and down, and thought: "Now, you seem to be testing on the edge of death!"

"Grandpa, I will give you two ways!"

"First, you have a good cultivation base, just follow Lao Tzu!"

"Second, Grandpa, I will ask someone to arrest you and send it to Tianxiang Pavilion. Tianxiang Pavilion also accepts men. Young niche like you with delicate skin and tender flesh will be liked by many old witches!"

In a word, if you are fancy, both men and women are caught!

Ye Chen was unmoved.

He is considered to have some understanding of Tianxiang Pavilion.

It's just the black industry of the elders of the Dugu Family!

Although this is the territory of the Dugu Family, it is too open.

He glanced at Xiao Yu, who was trembling, leaning tightly against Ye Chen, obviously scared to the extreme.

"Fine, since I met, let's save it once."

Ye Chen's indifferent voice slowly fell: "Xiao Yu, do you want to go with them?"

When Xiao Yu heard that, although she didn't know why Ye Chen said that, she still shook her head like a rattle: "I don't want to...my parents were killed by them, I would rather die than go to Tianxiang Pavilion!"

Ye Chen's eyes shrank: "Okay."

Then his icy eyes fell on everyone: "If the girl doesn't want to go, don't force her, get out!"

Hearing this sentence, the leader laughed!

It was the first time they saw someone daring to fight Tianxiang Pavilion!

This kid is not only stunned, but also an out-and-out lunatic!

"Little beast, you're afraid it's even death..."

The leader hadn't finished speaking yet, Ye Chen offered a sword!

Wow! !

The magnificent sword energy slashed through the air, and directly slashed dozens of gangsters who had entered the realm of gods. The gangsters barely said a word, and directly turned into two sections, followed by being twisted into blood by the sword qi!

Nowadays, the martial artist who enters the realm of God, under Ye Chen's hand, almost all can kill at will at will!

"you!"

"What a courage!"

Chapter 1623: The sound of reincarnation cemetery!

The leader was so frightened that he fell to the ground, immediately took out a token, and quickly notified Tianxiang Pavilion that something went wrong, and was caught by Ye Chen just after the notification!

"You know, why didn't I just kill you?"

Ye Chen's faint voice fell.

He didn't want to cause trouble, but just now, a voice came from the reincarnation cemetery!

"Go to Tianxiang Pavilion to get something!"

This voice repeated many times!

Extremely intense!

Not the powerful voice of the reincarnation cemetery!

But the sound of the reincarnation cemetery itself!

Whatever it is, it must be important!

At this moment, the headed person was completely confused!

Although I knew that Ye Chen's strength was stronger than them, I didn't expect it to be so strong!

The power that broke out just now cannot be the Divine King Realm at all!

"For... why..."

The voice of the leader is getting softer, his eyes are full of fear.

"The token worked, yes, your usefulness is over!" Ye Chen's voice fell, he directly pinched the head of the head into a **** mist, then turned his blood-stained cheeks over, looked at Xiaoyu, and said "You can find a place to avoid it. The night sky today is bloody!"

Ye Chen knew very well that since the reincarnation cemetery wanted to take that thing, it must be a **** storm.

He has no choice.

"what....."

"Senior, you better go!"

Xiao Yu said in a panic, "Tianxiang Pavilion is home to a powerful person in the Affinity Realm..."

Wow! !

A lustre enveloped the light rain and hid it in the backyard!

Ye Chen clapped his hands, the luster spread in his hands, and two immortal artifacts appeared all over his body, one with endless power of destruction. It is shattering the space, and it can destroy everything from a distance. It is the Soul Slayer's sharp spear, not only repaired. , It is even promoted to the fifth-grade Hunyuan Xianqi!

The other is a sword whose light is overwhelming and the power of annihilation is more like the ocean. The sword is engraved with ancient inscriptions. It is a sword of death. It has become a sixth-grade Hunyuan immortal weapon, all of which are smelted by Ye Chen. Immortal tools, so quickly advance!

These two fairy artifacts!

They were all made by Ye Chen personally, and they accompanied Ye Chen for a long time, and they were also handy. Therefore, whenever the fairy tool couldn't keep up with his own power, he would practice it again to make it stronger!

Whoosh whoosh! !

Whizzing! !

In the sky, a few streamers passed, and a few extremely tyrannical guards arrived, all wearing the robes of Tianxiang Pavilion!

Three Divine Kings Realm, One Hunyuan Realm!

Such a huge combat power is definitely enough to deal with some civilian warriors, and the sect warriors will not provoke them, but they will never think that today they provoke Ye Chen!

The guard of the Hunyuan realm ignored the fight not far away, and Yukong stared at Ye Chen, with an aloof look, and said coldly: "God king realm third-tier heaven kid, do you know what crime you committed!"

Ye Chen put his hands behind him, looked at the people in mid-air, and said lightly: "I have been waiting for you for a long time."

The Hunyuan Realm guard was taken aback, and immediately sneered: "Arrogant little beast! It seems that you are not conscious yet!"

"In that case, I won't kill you today, I want you to feel endless torture!"

In the next second, the four people came directly towards Ye Chen.

Ye Chen didn't want to waste time either. He stepped out in one step and rushed against the sky. He showed the king of immortality behind his back. An immortal aura filled the whole body. He suddenly

held the Divine Judgment Sword, turning around and slashing the sword horizontally. A round of Haoyue, spinning and flying out!

When passing through the air, there was a burst of blue light, and the small half of the Sky Sword City was illuminated in an instant, attracting many warriors to raise their heads!

"It's ridiculous that he even dared to resist the third layer of the heavens in the Divine King Realm!"

A guard of the Divine King Realm showed a wicked smile, thinking that he was cultivated in the fifth and sixth layers of the Divine King Realm, and he was not afraid of Ye Chen's third layer of the Divine King Realm!

But when Haoyue got closer and closer, he completely felt an invisible evil intention, and his smile instantly stiffened!

Turns, his complexion changed drastically, and there was no time to defend in a hurry, and he was directly run over by Haoyue's sword energy, turning into a cloud of blood and floating out!

"Be careful!"

"This person has hidden the cultivation base!"

"Hands..."

All of a sudden, the other three guards were shocked, and hurriedly took out their divine artifact to fight!

Looking at Ye Chen's cultivation base just now, he was so weak.

"How about Elder Dugu sitting in Tianxiang Pavilion! This kind of garbage force shouldn't exist!"

Relying on his physical strength, Ye Chen approached the two god-king realm guards directly, and immediately pierced the two with a sword, and then wiped out the power of the two souls, just like slaughtering ants!

The two great masters of the Divine King Realm fell directly before ten seconds!

"How is it possible! How could the ordinary Divine King Realm be so terrifying!"

The Hunyuan realm guard only had this idea in his mind, he just turned around and ran, what a joke, the **** king realm instantly kills, the combat power is stronger than himself!

"Since it's here!"

"Then don't go, anyway, if you run back, it's a dead word!"

Ye Chen Yukong chased up, a sword was sacrificed, and the four directions of sword energy were vertical and horizontal. Following the thunder light, the qi gushing, directly cut off the arms of this Hunyuan realm first-level heaven guardian, and a handle appeared under his feet. The Hunyuan fairy weapon, the driver came out, faster, and almost only the afterimage remained, under the vast night sky, chasing the Hunyuan realm protector!

"Help!"

"Help, Deputy Pavilion Master, help!"

"A bold thief attacked me and killed many of our guards. Help..."

The Hunyuan realm guardian rushed all the way, and his success with roaring and screaming attracted the attention of large-scale warriors.

There was also a Hunyuan Immortal Tool at his feet, very fast, about to run wildly towards Tianxiang Pavilion. It has to be said that the Heavenly Sword City is extremely large, with his cultivation base of the Primordial Realm, he actually rushed for dozens of seconds before reaching his destination.

Huhuhu! !

Huhu! !

In the sky, running and chasing, as the sword qi overflows, blood is poured down!

The warriors below looked up at them with a look of aghast, killing people so fiercely at night? Didn't the law enforcers say that they were not allowed to kill?

"grandfather....."

"Will the law enforcement officers stop it? This these two are so powerful....." A few young people asked the old man beside him!

The old man closed his surprised mouth, shook his head and said, "That young man seems to be a disciple of the sect. He is extremely powerful. He actually chases and kills the people of Tianxiang Pavilion. Law enforcement should not dare to control!"

"Let's go and take a look!"

"Maybe this young man has a great background, and Tianxiang Pavilion dare not do anything!"

"Yes, go and see!" Many young people responded.

Almost instantly, hundreds of warriors ran wildly on the streets, all rushing to Tianxiang Pavilion. They didn't dare to fly in the sky and were afraid of being killed by man, but there was no shadow of running wild on the street.

Everyone wants to see it!

Who the **** is it, the person who dared to kill the Tianxiang Pavilion, killed so arrogantly, so powerfully!

It must be a Tianjiao disciple of a certain school, no matter how bad it is, he is also a certain powerful disciple!

Chapter 1624: no choice!

"Hahaha!"

"Little beast, there is Tianxiang Pavilion ahead, you are dead!"

"Captain Qin, help... the little beast behind wants to kill me and provoke the authority of Tianxiang Pavilion!"

Slap~~

Two broken voices burst out!

When the Hunyuan realm guards flew to Tianxiang Pavilion, their feet had been severed by Ye Chen, and the immortal blood fell in the front yard of Tianxiang Pavilion. Many dandies were surprised to retreat again and again, and the girls were also beautiful. Looks pale.

Hunyuan realm warrior!

Was cut into this directly!

What a cruel person!

"Who is here!"

"Why kill my Tianxiang Pavilion guard?"

A middle-aged man in a green robe walked out of the platform on the ninth floor of the Tianxiang Pavilion. He was surrounded by the power of the law of space. He seemed to be a pinnacle master of the Hunyuan realm. He wore a long sword on his waist and a white jade crown on his head. Although he is not young, he is still handsome!

He stepped out from the sky, his eyes swept over thousands of guests and girls, his expression was extremely plain, he stared at Ye Chen, and asked: "Below is the deputy chief of Tianxiang Pavilion Lu Zhanyuan, this guest, I don't think your cultivation level is high. But who dares to act like this, who is the disciple of the senior master?"

"If my Tianxiang Pavilion offends you, I can tell it!"

"You don't have to use the knife to kill people like this, there are people on our Tianxiang Pavilion, even if it is the master behind you, it doesn't necessarily cause it!"

Lu Zhanyuan saw Ye Chen, wearing a mask, but wearing a pair of very ordinary clothes!

The cultivation base is not high, but he has great courage, so he judged that Ye Chen is very likely to be some powerful disciple!

"Oh, this guest officer!"

"It's not good to have peace and harmony, don't fight and kill at all times!"

"Come and see our girl here!" A fat woman applying thick rouge came out, pushing two pure girls beside her, smiling: "Guest officer, come and have a look, our girl is cute and lovely. Let's get rid of the fire first!"

The eyes of the two girls were filled with suffering, but they did not dare to say a word.

Obviously, it was forced to come!

Wow! !

Wow! !

This sentence directly exchanged Ye Chen's three sword auras, the sword auras combined into a sword gang, leaping into the air, vowing to kill this woman!

The fat woman directly pushed away the two girls, her face was ruthless, her arms agitated, and the two ribbons jumped out, combined to form a show flower ball, and went straight to the sword gang. The two collided together and produced one. The explosive sound of the guji drama caused the Tianxiang Pavilion to shake. Many young princes standing at the top were all staggering, and two princes who had fallen into the realm of God fell directly!

Among the masters, Master Xiuhulan, Master Bingyue, etc., not only showed a sense of horror, they stared at the collision between Jian Gang and Xiuhua Ball.

Wow! !

Wow!

Two breaths spilled out, followed by a chuckle sound, the Xiuhua ball was cut directly, and Jian Gang continued to fly!

The fat woman's expression changed drastically, and her cultivation of the second-tier of the Hunyuan realm could not stop this Jian Gang, this young man was so powerful!

Seeing that the fat woman was about to fall under Jian Gang, Lu Zhanyuan came from the sky, and the law of the debut space appeared all over his body!

The huge spatial law, turned into dozens of spatial sharp blades gathered from all sides, directly shattered Ye Chen's Jian Gang!

Lu Zhanyuan looked extremely gloomy at this moment, staring at Ye Chen, a little jealous!

This kid!

I don't know the origin!

It is extremely powerful!

He was able to leapfrog from the Divine King Realm to the Hunyuan Realm and almost beheaded his people!

Absolutely not small!

He cannot easily kill the opponent, but has to probe his bottom!

Immediately, Lu Zhanyuan and the fat woman looked at each other, and they all understood each other's thoughts. It is not difficult to kill Ye Chen, but the key is that I don't know if there is a master sect behind Ye Chen, and I can't directly investigate the number of Ye Chen's techniques, so I have to ask first. ask!

After all, it comes from the big door!

Still a lone traveler alone!

For the former, you have to apologize, for the latter, kill!

"The little brother is very skilled, don't know what the name is?"

"Where did I offend the little brother in Tianxiang Pavilion?" Lu Zhanyuan smiled warmly, showing his old fox-like behavior, and said: "No matter what happens, it can make you so angry, what happened today is my Tianxiang Pavilion. Little brother!"

"How about this!"

"I personally prepare the gift, and follow the little brother to visit the honored master and apologize to you, how about?"

Obviously apologize!

The secret is to explore Ye Chen's bottom line!

Ye Chen's expression changed, and he also saw Lu Zhanyuan's thoughts. He immediately mobilized the many divine artifacts in the reincarnation cemetery, began to charge each artifact, and placed the power of the divine soul, which can be detonated as long as it is taken out. At the same time, he looked at Lu Zhanyuan and said : "No need to apologize!"

"I don't need things like you in the dirty place, come and apologize to me!"

"Little brother, what are you talking about! I just want to make friends with my little brother." Lu Zhanyuan still smiled brightly, looking at Ye Chen's bottom as if he were a family!

"Never mind friends! I'm not rare!" Ye Chen said lightly, "I just don't think your Tianxiang Pavilion needs to exist anymore!"

Ye Chen had a plan on his way here, he was bound to make a big deal!

...

Thousands of people in Tianxiang Pavilion, tens of thousands of warriors around, just stare at the two people in mid-air!

One insisted on coming to apologize!

An attitude is uncertain!

So much so that in the eighth and ninth floor of Tianxiang Pavilion, many young talents and dandies are a little surprised.

Among them, Baili Yuyue, the ninth son of the Baili family, picked up the wine glass with a look of surprise and said: "Uncle Hong, these two are interesting. If you don't want to fight, you will have a chat!"

"The son!"

"I'll leave first when I wait!" The old man named Uncle Hong seemed to be Baili Yuyue's servant, and his cultivation level was similar to that of Uncle Li.

Baili Yuyue shook her head, she looked like a handsome young man. Although she was a man, she attracted many girls to admire her white skin and beauty.

He sighed Don't worry, don't worry! "

"Let's finally come out once, and Dad won't let me come to Fengyue Land often!"

"Today, my son has a good time. When the time is up, he will naturally go to the auction venue!"

This time, the Baili family sent a Hedao Realm elder, plus a son!

This is the Baili Yuyue Young Master. The cultivation base of the peak of the God King Realm is not weak. He just likes to stay in the Fengyue place, even this time the three major forces of the Fierce Demon Palace, the Linghu Family and the Beitang Family My son, who likes fireworks, are all sitting nearby together!

Baili family, Baili Yuyue son, twenty-seven years old, ninth-level heaven in the Divine King Realm!

The Beitang family, the son of Beitang Tianming, twenty-nine years old, the nine-tier heaven of the gods!

Linghu family, son of Linghu Xingyan, thirty years old, eight levels of heaven in the Divine King Realm!

Fierce Demon Palace, His Royal Highness Nether Nineteen, twenty-seven years old, seven heavens in the Divine King Realm!

Chapter 1625: Divine King Realm 4th floor, broken!

The six major forces of the auction held this time, almost the leaders of the four major forces, are sitting here, watching the girls playing music, and in the evening they will take the girl's Yin Yuan to practice, so I directly saw the wearing Ye Chen in the mask!

The four princes looked at Ye Chen's dress with a look of disdain!

They talked and drank, and they didn't think what would happen to Ye Chen!

However, Lu Zhanyuan's smile gradually disappeared in mid-air, and his voice was cold and cold: "You mean, you must attack Tianxiang Pavilion?"

"Presumptuous! Do you know what kind of existence stands behind Tianxiang Pavilion! Let alone you, even the people behind you dare not provoke!"

Ye Chen put his hands behind him, and said lightly: "Don't waste time, this time I will be the only one!"

As soon as the voice fell, Ye Chen turned his head and rushed into the Tianxiang Pavilion. With a light wave of the Divine Sword in his hand, the blood filled the first floor!

just now!

Ye Chen's only goal is to rush to the sixth floor!

There is a place where the Tianxiang Pavilion stores treasures. There must be a lot of fairy artifacts and stones, and even a lot of fairy artifact materials!

Very important for this auction!

"kill!"

"All the guards **** the guests out!"

"Three guards, seven guards, kill this little beast for me!"

Lu Zhanyuan gave a strong order and called three guards from the early and middle stages of the Hunyuan realm, and seven guards from the middle stage of the Hunyuan realm, and directly encircled Ye Chen!

He sat floating in the air in mid-air, his eyes swept over the first, second and third floors of the escaping sons and girls, the corners of his lips were smiling, and he said: "You can leapfrog, you can beat the second floor of the Primal Realm, and at most Defeat the third layer of the Hunyuan realm!"

"Now, ten Hunyuan realms, kill you!"

"enough!"

The voice fell off!

The three major guards shot at the same time, and they didn't use the Hunyuan Immortal Weapon. Instead, they condensed the space blade in their hands and hit Ye Chen directly!

from their perspective!

All weapons are not as important as the law of space!

The attack power of Space Law is still above the Hunyuan Immortal Tool!

Wow!

Puff! !

The blade of space slashed, and the ensuing void on both sides continued to crack, and when it hit Ye Chen, it suddenly made him leave deep blood marks on the bones!

Ye Chen took a breath of cold air, and immediately slashed out these space blades, and fought close with the three major guards!

Unexpectedly, his physical body of Tier 6 in the incorporeal stage would be hurt by the space blade composed of the space laws. It seems that he has not cultivated the space laws. It is still very difficult to directly resist the power of the space laws!

Bang bang bang! !

There is a sound of breaking!

The four figures were entangled together. From the first floor of Tianxiang Pavilion to the second floor, countless tables, chairs and benches were broken in the battle. The three major guardians almost crushed Ye Chen to fight, even if the injury was exchanged, Ye Chen's injury Are much more serious than them!

"That's it!"

"I thought it was very strong!" Many warriors were lost to Ye Chen, thinking that there was a peerless Tianjiao, but they didn't expect to make the three guards look like this.

No background, no help, dare to provoke Tianxiang Pavilion?

Are you looking for death?

What an idiot!

"This guy, I seem to have seen it before!"

"It seems to be the man during the day!" The seventh-floor Xiuhu Lan Gongzi looked surprised, looked at Ye Chen who was fighting below, and suddenly smiled: "During the day, I thought he was a great person, but I didn't expect it to be like this. goods?"

"This cheap thing?"

"So crazy, how did you survive?"

"Elder, if we want to give that kid a blow, it will be considered a good Tianxiang Pavilion!"

"No need!" The elder Scar Guard shook his head, his eyes were clear, and said: "This kid is bound to die! Our action is equivalent to stealing someone else's victory!"

God King Realm three-tier heaven!

Impact the Tianxiang Pavilion with dozens of Hunyuan Realm?

There are even a large number of martial arts in the city, and the Tianxiang Pavilion opened by the Dugu family, this kid is looking for death!

"Little Er!"

"Come on, order wine and food for this young man. This young man wants to eat and drink while watching how this little boy died!" Young Master Xiuhu Lan beckoned and shouted! He is on the eighth floor, and every floor of Tianxiang Pavilion has an array to maintain. Even if the lower two layers explode, as long as the overall array does not explode, people at higher levels will feel nothing!

In the ninth floor!

His Royal Highness Nether Nineteen, Baili Yuyue, Dugu Xingyue, and Beitang Tianming took a look at Young Master Xiuhulan, and suddenly felt that the other party's suggestion was good. They all called for wine and food, ready to appreciate the unexpected." activity"!

In their opinion, Ye Chen's move!

It's very appropriate to call it an egg hitting a rock!

Soon, the little two on the eighth floor began to get busy, and began to serve drinks and food to the big brothers!

On the second floor, the four people in the thousands of square meters of exhibition hall played extremely fiercely, and the Seven Guardians were to sit around to prevent Ye Chen from running away!

boom!

"kill!"

"Kill this humble little bastard!"

The three Hunyuan guards, under a joint blow, directly knocked Ye Chen back, using the spatial rules of one hand to make them vivid!

In mid-air, Ye Chen turned his body around, and a smile appeared on the corners of his lips. He said: "It's just time to use you to test new sword arts and techniques!"

Use Hedao artifacts to break through!

Obviously Ye Chen didn't have most of the power of digesting the Divine Artifact!

At this moment, it is the best choice to use the warrior of the Hunyuan realm as the sharpening stone!

"Be bold!"

"I want to use us as a grindstone to find death!"

Among them, the guard of the Hunyuan Realm third-tier sky emerged more empty, his figure flickered, and quickly turned into eight figures, slaying at Ye Chen from all directions. In an instant, he had already played against Ye Chen with a thousand moves!

Ye Chen was dripping with blood!

He is not having a good time!

Seeing this, the two guardians on the side attacked and killed together, using the law of space to attack, with the fastest effect and the greatest power!

Bang bang bang! !

Boom! !

Countless explosions and collisions came out!

The four of them had been fighting for dozens of minutes. Lu Zhanyuan beside him was a bit disdainful, saying, "Does it take so long to kill a kid in the Divine King Realm? The three major guards directly broke out the law of space and killed him. Supplement the law of space for you!"

"Thank you!"

"it is good!"

"It's sir!"

The three guardians looked sharp!

One of them wrapped his fist in the law of space and slammed it directly at Ye Chen!

Obviously planning to kill Ye Chen

"Want to kill me?"

"I really thought I was not against you?"

"Now, it's almost the same!"

Ye Chen suddenly sketched a cruel smile at the corner of his mouth, took a step, and said: "It's almost tempered, the fourth layer of the gods, broken!"

boom! !

With a burst of roar, it filled the surroundings!

The five kings of gods emerged, and the various powers were more than several times stronger!

Chapter 1626: The secret of the reincarnation cemetery!

Ye Chen is like a new born, surrounded by countless fairy qi and devil qi, like ancient gods and demons. He turned and pierced a guard of the Hunyuan realm second-tier heaven with a sword, spouted a mouthful of blood, and the blood turned into a blood sword, piercing the other The head of a Hunyuan Protector!

Boom!

Boom! !

Two crackling sounds came!

The heads of the two Hunyuan Law Protectors exploded, and they were killed by Ye Chen before they could react!

Ye Chen turned to look at the Hunyuan guard who had just collapsed his chest, and said with a smile: "You played very well just now, right? Now, it's me!"

If it weren't for the strength of you just now, temper my body and God's way!

How can you hurt me?

Wow! !

There was a sound of breaking through the air from his fist, and the Hunyuan guard was panicked and turned around to flee!

Who would have thought that a **** king realm would have such a terrifying combat power!

It's not an exaggeration to say that it is Hunyuan Realm!

Immediately afterwards, Ye Chen's fist blasted into his chest and directly penetrated his chest. With blood splashing, Ye Chen's arm shook, and the extremely powerful physical force directly blasted the guard of the Hunyuan realm third-tier heaven!

At this moment!

There are already many civil warriors in the periphery!

That mortal kid unexpectedly broke the realm with a Hunyuan realm powerhouse?

The key can actually kill the Hunyuan Realm in a second?

What a joke!

Ye Chen lingered in blood, wearing a pair of armor, holding the Divine Punishment Sword, and his evil and arrogant eyes fell on the Seven Great Protectors, slowly waving the sword at them, and saying: "Come on, I Still need a while!"

"I look forward to entering the fifth heaven of the God King Realm!"

"In that way, I will kill you like a chicken and a duck!"

"The incompetent!" Lu Zhanyuan's face was clear, and he waved: "Go, kill him! Within three minutes, I can't kill him, I will kill you!"

"Yes, my lord!"

The great guardian of the seventh-layer heaven in the Hunyuan realm, raised his hands and clasped his fists, and immediately his eyes fell on Ye Chen, moving his muscles and bones, and saying: "You are really looking for death, thinking that you can defeat us by breaking the realm?"

"I don't know what kind of elixir you have eaten, the strength is silted!"

"If you want to use our hands to temper your flesh and God's kingly way, you are not qualified!"

As soon as the voice fell, the Great Protector's figure flashed, and he came directly behind Ye Chen, with a palm, and countless rays of light burst out, like a sledgehammer hitting the wood, knocking Ye Chen back tens of meters!

On the opposite side, the second, third, and fourth protectors took action!

Each raised the Hunyuan Immortal Tool to form a sword formation, and directly hit Ye Chen's body!

Generous!

Generous! !

There was a burst of metal collision!

Fortunately, Ye Chen's physical body is extremely strong, otherwise he would have spurted blood!

"Interesting, I'm not afraid of you seven coming together!"

"It just happens to break the realm today, and kill Lu Zhanyuan again, I will become the sixth heaven of the Divine King Realm!" Ye Chen laughed broadly, not afraid of the seven!

"Humble thing!"

"Dare to be arrogant!"

"Besiege him!"

"He dared to escape the encirclement and directly use the law of space to besiege with all his strength!"

The great law protector mobilized the six law protectors. He personally fought Ye Chen in close combat. He was surrounded by two layers of encirclement. When trapped in such a formation, the martial artist of the eighth layer of the Hunyuan realm would fall!

What's more, Ye Chen is just a mere pal!

It takes less than three minutes!

Within a minute, Ye Chen would be beaten to death!

"kill!"

"Golden Knife!"

"White Moon Sword!"

"Qiankun Fist, Tiger Palm..."

The Great Guardian played all martial arts moves, dozens of times, Ye Chen almost collapsed, but after each collapse, the unrefined Hedao artifact power in Ye Chen's body would surge out to help Ye Chen heal his body!

He mobilized the God King Dao to bomb Ye Chen's God King Dao!

But the next moment!

The power of the He Dao artifact repaired Ye Chen's King Dao, but the power was stronger than before!

"Damn it!"

"Little beast, what did you eat!"

"So much strength in the body, bastard!"

The guardian is getting more and more anxious, what's going on!

Every time Ye Chen was almost beaten to death, and even several times he was almost beaten to death.
Will the opponent be alive in the next moment?

How much power does he have in his body?

What kind of pill did he eat?

It's so aggressive!

"My way is to kill!"

"If you can't kill me, it will only make me stronger!"

"You are just my stepping stones!" Although Ye Chen was injured, he still laughed arrogantly!

Other people's gods and kings must practice hard, and the flesh must be tempered slowly!

He doesn't need it!

When he crossed the gap between immortal and common world, he used Hunyuan Immortal Tool!

When his Dao evolved into the King of God Dao, he used He Dao artifacts!

What he has is power siltation, as long as the siltation power is released for refining, he can be stronger!

Bang bang bang! !

Boom! !

The guardian is getting more and more angry!

In the reincarnation cemetery, many powerful people watched this scene, not feeling distressed, Moonlight Buddha sighed: "Abbot, why bother?"

"Those powers can be refined slowly!"

"Suffering from this pain, changing to someone else, I would have broken down long ago!"

The body was completely destroyed seven times!

God King Dao was almost destroyed many times, just to increase strength, the host is too crazy, right?

"You do not understand!"

"The pressure on this kid is very great!" God Lord Zhu Mie sighed and said: "He can use our power, we can take action, and we can kill these protectors in a moment, but he doesn't!"

"This kid!"

"What I want is an increase in strength!"

"The real level and the improvement of combat power, instead of relying on us to oppress and kill the enemy!"

"Pain and gain are side by side! This kid, it is because of this perseverance that he can go to the present stage, he can dominate the two realms at this age, and even create a huge legend in the Lingwu Continent!"

Ye Chen!

The talent is very strong, the heritage is more!

From ancient times to the present, the strongest background is Ye Chen, right?

If you change to someone else, you just need to be a little numb, ignore anything, practice slowly, and you can achieve the Taixu Realm without tens of thousands of years, and become the strongest saint and king of all time!

But Ye Chen didn't!

Why?

His Tao is coming step by step!

His way is above blood!

As soon as these words came out, the three major gods and Buddhas and Ice Sword Immortal were silent, but they were ready to take action at any time!

Suddenly, the **** of Xiaoyao finished his exercises, and the sound transmission said to Ye Chen: "Tui'er, it has been investigated clearly. In the treasure house of Tianxiang Pavilion, there are seven Hedao artifacts and more than 100 Hunyuan artifacts. These are of course value. Amazing, but you must never let the reincarnation cemetery make a sound!

No qualification!

With the power of divine thought, I also noticed that there was a sealed mysterious brocade box inside. Although it was sealed by a powerful force, the atmosphere inside was somewhat similar to the reincarnation cemetery! "

"I'm afraid that the reincarnation cemetery wants you to take this thing!"

"If you find it, you may touch the secret of the reincarnation cemetery!"

Chapter 1627: Loss of merit

Ye Chen heard Xiaoyao's words, his eyes condensed, and his heart was already determined.

Even if you offend the entire Tianxiang Pavilion, you must get that mysterious brocade box.

This mysterious brocade box may not be important to Tianxiang Pavilion at all!

But to Ye Chen, it was extremely important!

Grandpa's millennium, the secret of his bloodline, and even the crisis that the mysterious old man said must be related.

He still can't figure out why he chose him in the reincarnation cemetery.

And why did he land at the Ancient Kunlun Xuye Family?

Grandpa does not hesitate to pay any price, even if he gives up the position of Patriarch, conceals his life, and arranges a game that belongs to Ye Chen with his remaining fate!

Too confused.

Ye Chen has a faint intuition in his heart!

If you want to unlock everything, you can only get the mysterious brocade box of Xiangge that day!

Ye Chen looked at the crowd with cold eyes. He knew very well that the group of Tianxiang Pavilion looting the girl was probably not a good bird.

That being the case, we will completely erase this Tianxiang Pavilion today!

...

"kill!"

"All shots, one-time boom-"

Before the big protector had finished speaking, a divine light appeared in front of him, and a breath of breakthrough came. He couldn't help his eyes split and shouted: "Damn, this little beast has broken through again! He just wanted to Break through with us!"

He has heard of the martial artist breaking through in battle, but he has never heard of the martial artist breaking through in the siege!

Because there are many factors to consider for breakthroughs!

In this situation, how could he still concentrate on the breakthrough!

"Hahaha!"

"The fifth floor of the Divine King Realm is broken!"

"The seventh stage of the physical training phase, break!"

Following Ye Chen's two violent shouts, several powerful forces blessed him, raised his arms, and directly shook back the Seven Protector and Six Protector, and then took out the Soul Demon God Spear, and the gun body burst into countless nirvana Power, flew out with the gun gun!

puff!

"Do not....."

The two Hunyuan realm second-tier heaven guards, before they could react, they were hit by a gun!

The body is not broken, but the life span is dying at a very fast speed!

Seventy thousand years of life!

Fleeting!

Immediately afterwards, the two guardians directly turned into two bones and fell to the ground!

This is the horror of Ye Chen's King of Nirvana!

"kill!"

"He will kill the law, kill, if you don't kill him, we will all become bones!"

Following the roar of the great guardian, Ye Chen danced the soul-killing demon spear, violently destroying his breath, and shook him and the second guardian back!

In the next moment, the great guardian came up again, and when she took a closer look, the five guardians and the four guardians had turned into two bones!

Two more brothers died!

What is the origin of this guy!

Must kill!

"Lu Zhanyuan, want to kill me?"

"Your subordinates are not qualified enough!" Ye Chen dodges the attack of the great law protector, and slaps the great protector with a palm!

Huhuhu! !

Huhu! !

A wave of dying power surging out, directly enveloping the great protector, like a spider web, no matter how the great protector breaks away, even if the power of the law of space blooms, it does not break away!

Not between two breaths!

The Great Protector of the Seventh Layer of Hunyuan has turned into a bone!

Immediately afterwards, the two bones fell down. They were the Second Protector and the Third Protector. In terms of combat power, Ye Chen is certainly no match for the three guardians in the middle and late stages of the Hunyuan Realm, but the power of Annihilation is okay. As long as you have a lifespan, you can. Death!

Boom! !

As Ye Chen smashed seven bones!

The hearts of the tens of thousands of warriors all around shook a little, seven Hunyuan realm protectors!

All seven people were wiped out in an instant, and their lifespan was exhausted and died, this young man!

So vicious!

He even controlled the power of extinguishment!

Although it hasn't reached the level of the Law of Annihilation, it is definitely not weak anymore. It is even more powerful than the Law of Destruction to deal with the warriors in the realm of good fortune!

The warrior in the realm of good fortune!

Longevity and vitality are king!

This is the origin of life!

The power of annihilation can wipe out your life span of tens of thousands of years in an instant. How much can they hold back?

Without the baptism of the soldiers of time and space, the origin of life has not been transformed, and without receiving a large amount of life force, you will soon die in the force of extinguishment, and resistance is impossible!

The great guardian of the seventh-tier heaven in the Hunyuan realm!

The physical body is not as good as Ye Chen, but he fights alone, Ye Chen does not use his hole cards, and only relies on the physical body, the king's way, and the spiritual power. It takes less than ten minutes, and he will definitely die! But using the power of nirvana, this great guardian fell within two breaths!

"I thought! Ten of them would kill you!"

"Unexpectedly, it still fell short of success!"

"But..." Lu Zhanyuan slowly flew into the second level. With his cultivation base of the nine-layer heaven in the Hunyuan realm, the law of space was perfect, and in a short time he could strangle any warrior who did not have the law of great perfection, including the Hunyuan realm. Eight heavens!

The law of space is complete!

Appreciating a trace of the law of time means half a step for God!

This kind of cultivation base can already be the overlord in other places, controlling at least ten giant cities and the lives of hundreds of millions of creatures, it is still possible!

"That's it!"

"Lu Zhanyuan did it himself, that guy will definitely die!"

His Royal Highness Nineteenth Nether sighed for a long time, put down the wine glass, stared at the many warriors outside the window, couldn't help but smiled, "Killing a humble thing in the Divine King Realm, two Hedao Gods actually came? Interesting, so interesting!"

"The Dugu Family hasn't been good for these years!"

"Perhaps!" Beitang Tianming raised his wine glass and said for a moment: "It is normal for two gods to come to check it out! However, this day Xiangge has prepared so many treasures and gave them to us, just to make the auction more prosperous. !"

"At the critical moment, if Lu Zhanyuan fails!"

"It's okay for us to shoot!"

Linghu Xingyan beside him shook his head. While pinching the cheek of the girl sitting beside him, he smiled and said: "We still don't have to. When that kid is dead, you and I should enter the room and enjoy the fun. , My son can't wait any longer!"

The boys above are talking!

Below, Ye Chen and Lu Zhanyuan fought very fiercely. From the second floor, they hit the fourth floor directly. Ye Chen took out the Excalibur Sword, the Soul Slayer, and even a 9th Grade Mixed Yuan. The immortal sword, constantly constraining Lu Zhanyuan's laws of space, fortunately his physical body is comparable to the realm of the Dao, and it has been tempered many times, or it would be shredded!

Boom! !

Boom!!!

The two played extremely fiercely!

Ye Chen asked for some power from the Moonlight Buddha, and directly hit Lu Zhanyuan on the sixth floor, and even step by step towards the treasure house of Tianxiang Pavilion!

Lu Zhanyuan realized that something was wrong, his expression changed, "What are you going to do?"

He saw Ye Chen bombarding the treasure house, and then he suddenly said, "The treasure house?"

"Do you dare to pay attention to the treasure house?"

"It seems that your purpose from the beginning is a treasure house!"

"Little beast, are you really looking for death?"

Chapter 1628:

Wow!!

Ye Chen slashed, and was splitting Lu Zhanyuan's weapon!

Just when Ye Chen was about to smash the treasure house, a magical instrument of Hedao flew up suddenly!

Murderous intention locked Ye Chen instantly!

He quickly waved the Soul Demon God Spear to block it, but found that the power of the long sword with the Dao magical tool was terrifying to the extreme!

It's like a huge mountain is crushed down!

Ye Chen retreated dozens of meters and fell to the edge of the wall. Lu Zhanyuan knew that this was an opportunity, so he killed him again!

At this moment, Ye Chen was struggling again!

"Oops! This little beast's life is really hard, he didn't die!"

On the seventh floor, Xiuhulan and Elder Scarab sighed and hurriedly returned with the Hedao artifact!

While resisting Lu Zhanyuan's strength, Ye Chen looked towards the seventh floor!

When he saw the person who shot, his face instantly turned black!

It's really narrow!

In that case, this so-called Xiuhulan didn't need to keep him alive.

At this moment, Xiu Hulan had no idea that the crisis of death was gradually coming.

...

far away.

"We still want to help Lu Zhanyuan!"

"Unexpectedly, I didn't kill it, strange!" Xiu Hulan didn't care, and was about to go back, but was injured by a sword gas!

If he hadn't sensed the crisis and had turned sideways for a few minutes, this sword aura would have penetrated his heart!

He stared at Ye Chen, who was doing it, and cursed secretly!

Xuan Even was escorted back to the seventh floor by Elder Scar!

On the sixth floor, Ye Chen saw that his sword qi hadn't reached Xiu Hulan, and he couldn't help but furiously said: "Tiger Blade Pavilion, if you dare to attack and kill me, you will be destroyed later!"

"come on!"

"Do you think you still have the right to leave alive today? It's ridiculous!"

Xiu Hulan went back cursingly, and found that he had no chance of doing it, he could only retreat outside the Tianxiang Pavilion temporarily.

Ye Chen glanced at Lu Zhanyuan, knowing that the realm of the two is still too far apart. If this continues, let alone get the brocade box, whether he can hold it or not is a problem, so he no longer thinks about it, and speaks directly. : "Three gods and Buddhas, give me some strength!"

"it is good!"

Three vigorous and powerful voices sounded in the reincarnation cemetery.

The voice fell off!

Three forces poured into the body!

Ye Chen's breath increased tenfold in an instant!

There is also a faint Buddha light around the whole body!

As the closest existence to Ye Chen, Lu Zhanyuan naturally felt Ye Chen's changes.

He shook his heart!

When is there such a genius in this area?

Forcibly improve cultivation!

At this moment, he even felt fear.

It feels like being stared at by death!

Before he could react, Ye Chen offered a sword!

Sword intent is monstrous! The Buddha light seems to cover the whole world!

This is a kind of compassionate power! It seems to be a killing Buddha again!

Weird to the extreme!

"Puff!"

Mid air!

Sword intent across!

Lu Zhanyuan suddenly noticed something. He lowered his head, and gradually, a sword mark appeared from head to toe, and then a severe pain came along. Go, Hedao God!

"Elder help me!"

At this moment, he completely realized that something was wrong!

Only seek shelter from the elders of the Dugu Family!

...

Ye Chen sensed that the surrounding crisis was getting stronger and stronger, and now that Lu Zhanyuan had been resolved, he went to the treasure house of Tianxiang Pavilion.

As soon as he stepped into the treasure house, he instantly felt a strange prohibition coming.

In the next second, he felt a cold murderous opportunity.

This is his sixth sense on the edge of life and death.

He took a step back!

And where he stood just now, five arrows fell down!

The key is that these five arrows are all Hedao artifacts!

If he hadn't avoided it, he would definitely die!

At this moment, Ye Chen realized that Tianxiang Pavilion was far from simple.

He glanced around and saw that there was no more danger before stepping cautiously into the treasure house.

When he saw everything glittering in front of him, he no longer hesitated and went directly to the reincarnation cemetery!

The only thing was nothing.

That is the brocade box that the voice of the reincarnation cemetery said!

Ye Chen walked towards the brocade box step by step!

Runes were entwined around the brocade box, and the power in the depths of Nine Nether was surging in the runes.

Ye Chen is sure that the power of this seal is absolutely terrifying!

Ye Chen stretched out his hand slowly, he was nervous to the extreme, when his finger touched the sealed brocade box! An invisible force came directly!

"boom!"

Ye Chen retreated ten steps, and a mouthful of blushing blood was spit out.

Embarrassed to the extreme!

"It seems that the seal of this brocade box is repelling me."

Ye Chen narrowed his eyes and glanced at the reincarnation cemetery, but he was shocked to find that the entire reincarnation cemetery seemed to usher in rounds of earthquakes!

This is a change in the reincarnation cemetery!

"No matter what, this brocade box must be taken away!"

Ye Chen made up his mind and tried several more times, but the result was the same every time!

That invisible force has scarred Ye Chen!

"How to do?"

Ye Chen perceives that the aura of the strong outside is getting closer!

If you don't leave, it may be really troublesome!

Suddenly, Ye Chen thought of something, he took out the black stone in his pocket.

At this moment, the black stone is shining with a faint light The black stone, as the bearer of the reincarnation cemetery, your strength should be able to counter the seal. "

Ye Chen murmured, the next second, the hand holding the black stone directly grabbed the brocade box!

This time, the seal of the brocade box no longer rejected Ye Chen!

"There is a play!"

Ye Chen was overjoyed and put the sealed brocade box directly into the reincarnation cemetery!

After that, he rushed outside!

Although the crisis has come, but this time, he must blaze a trail!

...

now.

outside.

The seventeenth elder of the inner door of the Dugu family caught Lu Zhanyuan, and was about to recover the other party's injury, but the next moment, a cracking sound came out!

Lu Zhanyuan burst!

Burst into countless pieces!

how is this possible!

That young man in the Divine King Realm only used a sword!

The seventeenth elder's expression is like hell!

But soon, his surprise turned into countless anger!

Kill Lu Zhanyuan in front of the Dugu Family!

If this were to be spread, the Dugu Family would definitely become the laughing stock of Lingwu Continent!

"One sword!"

"Lu Zhanyuan, who has cut the nine-tier sky in the Hunyuan realm, you are so bold!"

The eyes of the seventeen elders were cold, and the eighteen elders together surrounded the Tianxiang Pavilion!

Two Gods of Hedao!

Like a god, guarding the Tianxiang Pavilion everywhere, and even the elders of the Dugu family in the distance came!

Whoosh whoosh! !

Whizzing!

Several streamers passed in the sky!

Three more elders from the Dugu family came here, namely the fifteenth elder, the sixteenth elder and the nineteenth elder!

The five elders in the early and middle stages of the Hedao Realm decided to besiege Tianxiang Pavilion. When they fixed their eyes on the sixth floor, their eyes immediately exuded an icy and decisive aura, like the cold winter of the twelfth lunar month, as if they could freeze all the temperature!

Chapter 1629:

The fifteen elders stood in the air, as if they had issued an imperial decree: "The masked kid!"

"Hedao artifacts, Hunyuan Immortal artifacts, these things are not what you should get!"

"Hand it over, we can give you a whole body, simply and neatly! Otherwise, we will torture you for thousands of years!"

Domineering and decisive!

Hand it over, give you the whole body!

If you don't pay, you will be tortured!

At the same time, the seventeen elders' complexion softened, looked at the eighth and ninth floor of Tianxiang Pavilion, and said: "My dear sons, stand aside first. We have solved this brave and humble bastard. We will let all of you come back later. Tianxiang Pavilion!"

Five elders of Hedao Realm!

Five gods, and they are still at the headquarters of the Dugu Family!

Even if the king of heaven comes here!

"This masked youth is so strong!"

"How courageous, I dared to pull my teeth out!"

"At the headquarters of the Dugu family, grab the Dugu family's magical artifact and look for death!"

Many small sects and even casual cultivators all agreed that the young man in the Divine King Realm would die!

Five Hedao Gods are here!

If it hasn't come yet, there may be a ray of life for the youth of the God King realm!

And now, it is absolutely impossible!

Unless he is the Immortal Venerable Good Fortune Realm, he will definitely die!

"Five old guys!"

"Want to kill me, it's not that easy!" Ye Chen glanced at Young Master Xiuhulan who was about to leave, and began to plan the next action in his heart!

He stood on the top floor of Tianxiang Pavilion and looked around. There were already hundreds of thousands of warriors gathered on the street. He seemed to want to see the scene of Hedao Shenjun fighting against him. There are countless powerful people in the pavilion in the distance, all watching Yourself here!

same!

The five middle-level forces that came to participate in the auction this time, hundreds of people from the lower sects, all looked at the theater, and among them were the tiger sword pavilion repairing tiger blue son, who originally attacked and killed himself to please Dugu Family thoughts.

Young Master Xiuhulan couldn't make a move, and those people of the same realm would naturally not dare to move!

Qiang Qiang! !

Qiang Qiang! !

There was a burst of iron armor, and a team of Jin Ge warriors lined up and killed!

He was covered in black mysterious armor, with a long bow on his back and a long sword on his waist. It was the law enforcement team of Tianjian City. There were only a hundred thousand people, but each of them had the cultivation level of the middle stage of the gods. Individual law enforcement captains and captains Wait, the cultivation base once reached the middle and late stages of the Divine King Realm, the early and middle stages of the Hunyuan Realm!

"Array!"

"Enclose Tianxiang Pavilion and prepare Blood Moon Bow to prevent that kid from escaping!"

A law enforcement squad commander swung his sword to give the order. He has the cultivation base of the four-tier heaven of the Hunyuan realm. As soon as his voice fell, 100,000 law enforcement officers were divided into four teams to come to the streets of Tianxiang Pavilion and even into the gods. , The law enforcement officers of the Divine King Realm have taken out the blood moon bow behind one after another!

Shattering! !

Wow!

As the Bow of the Blood Moon was pulled apart, blood beams converged, condensed into crystalline long arrows, powerful, and even faintly filled with the aura of destruction. All the blood moon arrows aimed at the top of the Tianxiang Pavilion. Ye Chen!

"Wind blows!"

"Sky Formation!"

The law enforcement team leader once again ordered that thousands of law enforcers in the middle and late stages of the God King realm, combined with 30 law enforcement officers in the mixed element realm, went up in the air, under the five elders, and at the same height as Ye Chen!

A blood-yellow long sword came out of its sheath, then changed into a spear, and also aimed at Ye Chen!

Only an order!

Arrow rain all over the sky!

Throwing the fairy spear will pierce Ye Chen into a hedgehog!

Such a scene showed that the army of elite law enforcement officers deployed in a formation, which only took tens of seconds!

The air was full of murderous auras and endless power, which really shocked the martial artists around!

Kill a young man in the kingdom of God!

The army of one hundred thousand law enforcement agents is here!

Plus five Hedao gods!

Even the gods of Hedao Realm will fall in an instant, right?

"Report to the five elders!"

"The guy above felt that something was wrong with this masked kid, and his strength improved too quickly!"

"Specially dispatched subordinates to dispatch the first army of law enforcement officers to come to assist the elders to kill this person, and at the same time to shake the younger generation!" The law enforcement team leader respectfully clasped his fists and said to the five elders, his voice fell and his figure fell. Shocked, blood gushed out from the sky!

A hundred thousand law enforcement officers followed, and absolute blood and vitality emerged from everyone. It seemed that it was not just an army defending the city. It should have been fighting with monsters in the past!

And, the law enforcement team leader showed his attitude!

Today, more than just killing this person!

But also to shock Baipai and many casual repairs!

The auction event is about to start, there can be no more incidents, after it is over, you can kill it anyway!

Such a scene made many casual practitioners frightened!

In a jasper attic in the distance, a pure and beautiful girl stopped by the window, staring at Ye Chen on the top floor of Tianxiang Pavilion, her eyes flashed with doubts, "The person wearing the mask looks like a person... "

"Miss, who is it?"

The Hunyuan Realm guard at the side asked.

The girl lowered her head slightly Yinya bit her lip, then raised her head a moment later, her eyes pure, and said: "Ye Chen!"

"He looks like Ye Chen at the time!"

"Facing thousands of enemies alone and staying still, even waiting for the enemies to gather, just like Ye Chen back then, with absolute self-confidence, absolute dominance and arrogance!"

Young girl, it was Bai Lixue who appeared in the soul clan sacrificial hall at that time!

This time the Baili family came to participate in the auction event. Not only was the son of Baili Yuyue led the team, Bailixue also came, but he did not bother to go to places of wind and rain, so he came to the first attic of Tianjian City, where he lived in Tianyue Pavilion. !

At this moment, Ye Chen committed suicide and went to Tianxiang Pavilion alone. Facing the five elders, the undaunted momentum of 100,000 law enforcement officers directly attracted most of the people in Tianjian City, including Bailixue!

"Ye Chen?"

"I've heard of that person, he seemed very arrogant when he was in the land of the soul race!"

"With the power of one person, I want to contend with the eight great gods of the Soul Palace, dozens of Hunyuan Venerables, and more than a hundred divine king-level warriors!" The elderly guard on the side stared outside, thinking: "But miss, there are five big ones right now. Divine Lord, hundreds of Hunyuan Venerables, thousands of Divine King Realm Martial Artists, and more than 100,000 Divine Realm Martial Artists!"

"This masked man!"

"If there is no back-hand, no helper, no backstage, you will definitely die!"

"In the beginning, Ye Chen, I heard that the elder Qingjian from the Ten Thousand Sword Emperor's Palace rescued him. Now this person is facing a scene much stronger than Ye Chen's enemies back then..."

Bai Lixue suddenly looked at him and asked calmly: "You know, that place of the soul race, the seventh rudder of the soul hall, what's going on now?"

The guard shook his head. He is the guardian of the peak of the Hunyuan realm, who specializes in protecting Bailixue, but obviously he has no high authority and status in the family!

"The seventh rudder of the soul palace!"

"It's gone!"

Chapter 1630: Big killer!

Bai Lixue carefully scanned dozens of subordinates and said: "According to his father, Ye Chen killed the seventh rudder alone!"

She then looked at Ye Chen in the distance, and said: "This person's skills and courage are very similar to Ye Chen. It seems that the weapons and techniques used, as well as the king's way, are also quite similar to Ye Chen. If they are not the same person, they must be too. If you can save him... maybe it's the chance of my Lingwu Continent Baili family."

Saved this man!

You can also make Ye Chen well!

Ye Chen, who has entered the realm of God, can destroy the seventh rudder of the Soul Palace, and the background behind it is definitely not low!

If this person and Ye Chen go out of the same school, then even if they offend the Dugu family, there will be great benefits!

"Yes, miss!"

"I'll go and notify the elders of Hedao to come to discuss the matter!" The guard quickly took out the token to send the message!

However, high in the sky!

The five elders looked indifferent and looked at Ye Chen like gods.

The fifteenth elder slowly said: "Humble little beast, I don't know what you are waiting for, but now the formation has been deployed, even if two or three more Hedao gods come, they can't escape!"

"Now!"

"Elder Ben, commit suicide for you!"

As soon as the voice fell, the fifteen-year-old age made a stream of light, and the speed was fast to the extreme. I don't know when there was a red short knife in his hand. It was a Hedao artifact. The knife mark was extremely sharp, and Ye Chen was about to be hit!

Ye Chen didn't have the slightest panic. At the moment when the opponent's sword intent fell, Ye Chen took out the Divine Punishment Sword and sacrificed it, blocking the knife mark. His body couldn't help but retreat dozens of steps, but his eyes became even more evil!

Soon, Ye Chen and the fifteen elders were fighting together, and with the cultivation base of the fifteen elders in the five-layer heaven, they only suppressed Ye Chen's fierce attack, and did not kill Ye Chen in seconds!

In the reincarnation cemetery!

The three great gods and the Frost Sword Immortal are all giving Ye Chen strength!

At the same time, thousands of artifacts are ready!

What is this going to do?

Is it just a self-explosive magic weapon to escape?

Ye Chen wouldn't be so wasteful!

It just so happens that there are so many people today, and he wants to do a big deal!

Bang bang bang! !

Generous!

Wow!

Countless explosions, the air of swords, and the sound of collisions came out!

The fifteen elders used the law of space and Ye Chen fought fiercely in the top floor of Tianxiang Pavilion. The two were extremely fast. They fought a thousand moves in the blink of an eye. Although Ye Chen was beaten fiercely with blood and retreated at every step, there was no escape. meaning!

"This masked man!"

"No doubt it will die!"

"Definitely dead!" The warrior on the side dismissed it and said: "Don't look at it, Hedao elder personally shot, a kid of the gods, even if he has the background, how about the hole cards?"

"It's just a **** luck, and luckily ate the heaven-defying baby!"

"I want to use the Hedao elder to temper my body!"

"Total death!"

The words of the young warrior spread, and the surrounding warriors nodded in agreement!

That's right, God King Realm provokes He Dao Realm?

There is no limit to looking for death!

Just wiped out the top ten martial artists of the Tianxiang Pavilion, it was already enough to show its power, and there was still time to run!

Now I can't get away even if I want to run!

Must die!

Almost hundreds of thousands of warriors have this idea in their hearts!

Divine King Realm provokes Hedao Realm. What's the difference between it and baby provocative top boxer? Even if there is treasure support for a short time, it will be finished in the end!

gradually!

More and more law enforcers in Tianjian City, more and more casual repairs are coming!

Millions of warriors gathered in the streets and low air around Tianxiang Pavilion, and even the hundreds of millions of creatures in the huge Sky Sword City were shocked, and they watched the battle between Ye Chen and the fifteen elders!

boom! !

Ye Chen's horizontal sword blocked the fifteen elders with a knife, and then slammed back against the golden nanmu wall. He glanced at the surrounding situation, and a smile was drawn on the corner of his lips. He said: "Old things, you guys are so many. !"

"However, I am so happy that so many people gather in such a close place!"

"It's so good, so wonderful!"

One hundred thousand law enforcers!

This is a good opportunity!

Great opportunity to reinvent the Dugu family!

The fifteenth elder was taken aback, frowned slightly, staring at Ye Chen, and suddenly felt something wrong in his heart, but when he watched again the next moment, he kept shouting angrily: "Want to run? All the law enforcement officers will kill the elder!"

Shattering! !

Wow! !

However, Ye Chen did not continue to escape at all.

It stopped.

He closed his eyes and stretched out his right hand!

Thousands of rays of light appeared in the palm of the hand, and the light was still increasing violently!

In the blink of an eye, thousands of rays of light have already flown in all directions, everywhere in the world, and even Ye Chen's body has also turned into a ray of light and flew out with so many rays of light, disappearing without a trace in just an instant!

"It turns into light?"

"Want to run?"

"Enforcer, smash these rays of light!" The fifteen elders furiously rushed out of the platform, ignoring the light flying around him, he was sure that Ye Chen would not dare to hide beside him!

but!

This is the ultimate insult!

The kid of God King Realm turned into a streamer and left in front of this elder?

If you can't catch this kid, what's the face of this elder!

"Yes, elder!"

"Enforcer, go further and smash these lights!"

The head of the law enforcement squadron personally rose into the sky and scanned the surrounding rays of light. Suddenly one of the rays was divided into two, and the two divided into four. The sky was full of yellow light. He couldn't help but feel puzzled, and he always felt something wrong!

One hundred thousand law enforcement officers, most of them vacated close to those lights!

Some of them were not vacated, but they were also wrapped in many rays of light. They were surprised to see the silk-like rays of light scattered around, not fast or slow, like flying maple leaves, lingering between heaven and earth!

Even the other four Hedao elders are the same!

Wrapped by the rays of light, a little at a loss!

As everyone knows!

The **** of death has arrived, standing beside them!

Waiting to **** the undead to hell, reincarnation again!

Individual law enforcement officers, waving their swords in doubt, are about to smash the light in front of them!

Just as the long sword fell in the middle of the way, the fifteen elders suddenly split his eyes, his dark color changed greatly, and he shouted, "Don't destroy!"

The law enforcement officer was lightened with a dazed expression.

At the same time, many law enforcement officers were also covered with light, looking at the fifteen elders, full of doubts, didn't you tell us to cut them?

how?

something wrong?

Suddenly, when the law enforcement officers looked down again, the shattered light in front of them suddenly converged, presenting a complete third-rank immortal implement, fourth-rank immortal implement, even 9th-rank spiritual implement, and first-rank divine king implement.

Suddenly, there were bursts of crackling sounds, as quickly as China set off firecrackers.

As the rays of light shattered, many celestial artifacts unfolded, and the celestial artifacts were quickly charged and turned into blood-red color. In an instant, countless fragments and powers rushed out from the interior of the celestial artifacts-the celestial artifacts exploded!
