

## **Urban Medical 1631**

Chapter 1631: Overwhelming fury!

Boom boom boom! !

Boom! !

There was a burst of explosions in response!

Thousands of law enforcement officers in the west were directly blown to ashes, leaving only the fairy tools and the ring of the universe to fall down!

Boom! !

Boom! !

Divine King Artifacts and Hunyuan Immortal Artifacts began to explode, and the resulting waves converged, like dozens of top bombs exploding, a breath of extreme terror and destruction, spreading across the entire Heavenly Sword City, and the shock waves of weapon explosions swept across the city. One hundred thousand law enforcement officers, including the five elders, and some casual cultivators watching dramas!

Fifty thousand artifacts!

Thirty thousand fairy artifacts!

One thousand and five hundred artifacts!

Fifty Hunyuan Immortal Tools, a piece of self-detonation, the aftermath is no weaker than the self-detonation power of the first-rank time-space soldier!

In an instant, the blood light and shock wave produced by the weapon's self-detonation crushed each law enforcement agent, and the warriors of the \*\*\*\* king realm and the mixed yuan realm were under the blood light!

In an instant, they were crushed into flesh and blood, only the higher-grade weapons and the Universe Ring were left!

Thousands of rings from the universe are like rain, falling below!

Ye Chen controls the reincarnation cemetery for admission!

"Do not!"

"Elders!"

"Combine the laws of space and time and the laws of space!" The fifteen elders looked grim and roared sadly. The shock wave alone had made him ragged and injured. You can see that when the real explosive power strikes, the body and mind are shaking, and the soul is shaking. Shaking, one after another burst out to resist!

What kind of lunatic is that \*\*\*\* king realm kid!

Burst so many fairy artifacts!

The point is, where did he get so many high-end fairy artifacts!

Damn, \*\*\*\* it, once the old man catches it, it won't be possible to peel off the skin, cramp, and blow up the ashes!

The eyes of the fifteen elders were about to split, and a powerful shock wave swept over him first. When the explosive shock wave formed by tens of thousands of forces crushed him, it was like a 10,000-weight hammer bombardment, and the whole body was cracking!

Even the eighth-order physical body of his incorporeal stage!

It can't be completely blocked!

"Help the fifteen elders!"

"Everyone makes every effort, the physical body of the fifteen elders is the strongest among us!"

"Give him the strength! Otherwise, everyone is in danger of being hit hard!"

The seventeen elders spoke quickly, immediately uniting with the other three elders of the lonely family, conveying the power of the law of space in the body, into the fifteen elders!

At this moment, the law of time does not have much effect!

The only law of space!

Use the offensive nature of the law of space to resist the lethality of the explosion!

"The masked kid!"

"If the old man is not severely injured, he will chase you to the end of the world to avenge this revenge, shame and shame today's shame!" The fifteen elder yelled, and the power of the huge space law lingered up and down all over his body, controlling a Hedao artifact in his hand, Crazy to play the blade of space!

Boom! !

Rumble!

There was a burst of explosions!

The shock wave and blood light, like a combination of volcanic ash and fierce luster, swept across the five elders of the Hedao Realm, and swept towards the distance!

Bang bang bang! !

Bang bang bang! !

Then, buildings on the ground collapsed!

Fragments of limbs were flying all over the sky, and no warrior knew how many deaths and injuries.

But everyone knows that today, the Heavenly Sword City, the Dugu Family, and the Tianxiang Pavilion have provoked a cruel stubborn stubborn stubborn stubborn stubborn stubble that blew so many weapons!

This is to die together!

This masked kid!

Where do you get so many weapons?

It's all right to kill a little school!

Hundreds of thousands of law enforcement officers fell in a flash!

The Universe Rings on them, because they were practiced by the law of space, were not damaged by external forces, and fell down one after another, but before they landed, they were absorbed by a

unique force, including the unbroken divine artifacts and chaos on them. All the Yuanxian artifacts have been taken away!

Huhuhu! !

Huhu! !

In the sky, the shock wave dissipated!

The five Hedao elders stood in ragged clothes, Yukong, their bodies were cracked, and the kingly way of God was torn apart. Such injuries have not lasted for thousands of years. Don't even think about recovering, even hurting the origin!

Ye Chen's tens of thousands of weapons exploded!

Among them, 60% of them dealt with 100,000 law enforcement officers, and 40% of the weapons exploded their power to five of them!

"what!"

"Damn little beast! I'm the eighteenth generation of your ancestor!" The seventeenth elders were blown off his arms, and screamed up to the sky in grief and tears. Thousands of years, tens of thousands of years in the Western Regions!"

"When!"

"When it comes to a kid in the Divine King Realm, such an insult to this elder!"

"Ah...little beast, if you don't die, this elder and you will never die!"

"Don't die!" On the side, the nineteen elders were also roaring, his body was more fragile, and his body was more fragile. Under the shock wave, he was directly blown off his limbs. Even if he is now reborn in flesh and blood, his limbs are strong. Not as good as before!

He was floating in the air, ignoring the tragedy below, and his grief and anger were beyond words!

This elder is a realm of harmony!

Isn't it going to be there?

Who saw this elder, didn't he nod and bow?

Which young man saw this elder, didn't he beg to kneel down and ask me to point him?

When!

This elder actually fell to such a situation?

Not only him, but also the two elders of the seventeenth and eighteenth, they were all indignant, partly angry, partly ashamed, and his high realm was unexpectedly attacked by a kid from the fifth floor of the God King realm. !

Such an insult!

Even if it progresses into three rivers, four seas and five lakes, it is definitely difficult to eliminate this shame!

In the future, what will happen, how will you face other elders of the same realm?

"It's over!"

"It's all over, it's all scrapped..." The sixteen elders' injuries were slightly better, and the fourth-tier Hedao realm's cultivation base was not broken at least, but the internal injuries were serious. The God King's Road was almost cracked and it was about to collapse. Up!

But he was not in the mood to be angry, his eyes swept across the law enforcement below!

One hundred thousand law enforcers!

Gone!

It's all gone In the explosion just now, not one of the 100,000 law enforcement agents remained, and all of them fell!

The entire Tianxiang Pavilion was turned into ashes, there were fragments of limbs everywhere, and blood was everywhere, including hundreds of law enforcement agents in the Primal Realm, all of them fell instantly under the explosion! Even if they face it alone, one hundred percent will fall!

What's more, these law enforcers!

There are even thousands of casual repairs on the side that have been affected. They are all seriously injured. Thousands of attics collapsed and tens of thousands of private houses collapsed. All of this was actually caused by a kid from the fifth floor of the God King realm. ?

"When!"

"Divine King Realm, can it be so strong?" The Sixteen Elders were a little bit down.

As the main force of resistance, the fifteen elders were directly injured by the shock wave just now, and now they are barely recovering a bit, watching the situation below, with clear eyes, and the lingering cold all over, he could not help taking out a token and convening the whole city, "Who is there? Recognize the brute's school just now?"

Chapter 1632: Nightmare! A complete nightmare!

"My lonely family!"

"A hundred thousand law enforcement officers broke into the sand!"

"Two hundred Hunyuan Venerables, thousands of Divine King Realm Warriors have fallen!"

"This hatred is not shared, as long as there is a background that provides the origin of that animal, I will reward a magical instrument of harmony!"

The voice lingered over the sky of Heavenly Sword City, and it didn't dissipate for a long time!

All the warriors looked at all this in front of them, with a blank expression, obviously they have not recovered, and have not yet sensed what is happening now!

Just as the millions of warriors were stunned and plunged into the roar of the explosion, a Hedao artifact rushed out against the sky and flew directly to the five. A Hunyuan realm war puppet flew out of the Hedao artifact, and it even issued Ye Chen's voice!

Ye Chen is controlling this war puppet!

"old man!"

"Are you surprised or surprised?"

Ye Chen's mocking voice appeared in the world!

The five elders immediately took out the Hedao artifact and fought out, as if they saw the killing of their father and the enemy, they directly attacked with all their strength!

"I won't fight you anymore!"

"Soon, the other Hedao realm gods of your Dugu family will come, right?"

"So, let's burst!"

With Ye Chen's voice falling!

This second-rank Hedao artifact that flew over exploded on the spot, generating a huge shock wave, and went straight to the seventeenth, eighteenth, and nineteenth elders of the early stage of Hedao realm. Although the power was only all of them just now One-fifth of the shock wave of the explosion, but also extremely strong!

"Little beast, dare you!"

"Do not!"

"Elder Ben, don't want to die..."

Several screams came out!

The shock wave of the explosion swept through the three elders of the first and second layers of the Hedao Realm. They were already seriously injured. The King of God's Way almost broke, the origin was also injured, and their limbs were broken!

Also experience the blow of a second-grade Hedao artifact!

It is equivalent to resisting the full blow of a three-tiered Heavenly Martial Artist in front of you!

Under such circumstances!

As the shock wave swept through the three of them, their bodies turned to ashes in an instant!

The Hedao artifact and the Universe Ring in his hand disappeared and entered Ye Chen's reincarnation cemetery!

With a Hedao artifact!

Change three handles, it's worth it, maybe, there are other Hedao artifacts in the three universe rings!

This sale, absolute value!

As the shock wave dissipated, Ye Chen's trail seemed to dissipate between heaven and earth, only to see the broken houses around, a young man in red standing on the edge of the street, without a mask, with completely different appearance and breath, standing on the side of the street. Shang quietly watched the situation in the sky!

It's Ye Chen!

A smile was drawn at the corner of Ye Chen's lips, and he whispered: "You don't want to kill me, how can I hit your attention! Want to trick me into the auction event, and then find a chance to kill me?"

"In that case!"

"Then bear my anger!"

"Three Hedao gods, so many masters, are enough for your Dugu Family to hurt!"

"Two days later, when the auction event is held, you will be even more painful!"

After that, Ye Chen lowered his head, walked into the crowd, randomly found a still alive attic, ordered a pot of fine fairy tea, and looked at the situation in the distance!

He hadn't noticed at all that the sealed brocade box in the reincarnation cemetery was slowly leaking a trace of original power from the inside.

As if cracking the seal.

At the same time, a distant voice came from the box.

"Finally waited..."

...

outside world.

Whirring whirring! !

Huhuhu! !

In the sky, dozens of glosses flashed!

The Dugu family, dozens of gods rushing to join the Dao, they sensed the fall of the three elders, even if they were negotiating with the elders of various factions and the guardian of the holy dragon family, they all left everything behind and came in an instant. Up!

Fifteen elders!

Sixteen elders!

The two elders in the middle stage of the Hedao Realm, lonely Yukong, and the power of the second-layer weapon exploded, shattered their healed limbs again, but failed to kill them, but their expressions were also greatly changed!

No more anger!

It is no longer the atmosphere, nor is it shame!

Is at a loss!

In the blink of an eye, three elders and three old friends of ten thousand years died!

Who did we provoke?

Spicy to this point, the murderous heart is so heavy, is it a demon?

Demon repairers, or descendants of ancient demon gods, infiltrated our Western Regions and slaughtered?

However, why do the descendants of the devil \*\*\*\* have so many spirit artifacts, immortal artifacts, divine king artifacts, and Hunyuan artifacts?

It's impossible!

How many inferior sects did this descendant of the Demon God looted before coming?

"Damn, this kid is absolutely impossible to be unknown! It's a pity that he hides his face!" The elder of the Twelfth Dugu family who came here, trembled with anger, and then looked at the two elders who were seriously injured and said: "Go back and recuperate, this lunatic, demon, I guess he won't let you go easily!"

afraid!

Even the Twelve Elders are a little scared!

A young warrior in the fifth-tier heaven of the God King realm, surrounded by 100,000 law enforcement officers from the God Realm to the Hunyuan Realm, plus five elders of the same Dao, not only did not die, but instead destroyed 100,000 law enforcement officers and killed the three together. Elder Tao!

at this time!

It is no longer what the ordinary Tianjiao can do!

This demon is too crazy, too arrogant!

He blew so many weapons and didn't die, it is hard to guarantee that he will not continue to attack!

"Yes!"

"I'll pick up the punishment later!" The 15th and 16th elders quickly left under the protection of the other three mid-level elders in the Hedao realm and returned to the headquarters for healing!

In the sky!

The twelve elders, thirteen elders, and fourteenth elders of the Dugu family, plus five middle-stage elders of the elders, ten elders, etc., scanned the Tianjian City, hoping to capture Ye Chen!

The millions of warriors below realized this.

Looking at the Tianxiang Pavilion turned into ruins, the law enforcers with corpses everywhere, and the five elders in the same Dao realm in the sky, I feel that everything in this is very psychedelic, and at the same time, I feel Ye Chen's murderous intentions. And arrogance!

Angrily, slaughtered 100,000 law enforcement agents!

The huge Tianxiang Pavilion was set ablaze. Except for the girls who were forcibly captured and ran away in advance, the others went up to the deputy chief elder and down to the guards, and they all fell!

Even a few young martial artists sighed with emotion: "Cultivating martial arts, you should be like those young people in the kingdom of God!"

"Tianjiao Warrior!"

"As it is!"

"Facing thousands of powerful enemies without fear!"

"On the contrary, almost all members of the Dugu family have been wiped out!"

Baili Yuyue and Beitang couldn't help staring at the emotional person, and it was indeed His Highness Nineteen!

His Highness Nether Nineteen scanned everything below, couldn't help swallowing, and exclaimed: "Xiucai! Xiuwu, be like him, slaughtered a hundred thousand warriors in a rage, killing five elders helpless, even Three people were killed on the spot!"

"Hahaha!"

"AwesomeAwesome!"

"This person reminds me of one person."

"Named Ye Chen!"

"At the beginning, Ye Chen dared to fight the Soul Palace alone, and the \*\*\*\* king realm dared to kill the law enforcement officers and elders of the Dugu family at the headquarters of the Dugu family!"

"This is a great hero!"

"If it weren't for Ye Chen to enter the Divine Realm, I would suspect that this guy in the fifth-tier heaven of the Divine King Realm is that kid!"

His Royal Highness Nineteen had actually suspected that the masked youth was Ye Chen.

But he knew that it was too difficult to enter the Divine Realm and to step into the Divine King Realm!

What's more, no one can cross the fifth level of the God King Realm from the God Realm in such a short time!

Chapter 1633: Trophy

Listening to the admiration of His Royal Highness Nineteen, the other three sons were all creepy!

Can let His Highness Nether nineteen speak like this, the entire Lingwu Continent Western Region, no more than three!

What is the identity of that mask boy!

In the distance, Bai Lixue's attic also trembled, and the situation was restored!

Bai Lixue glanced around and found that there was no more masked youth.

Even spiritual inspections have no results.

She looked at the Baili elders who were flying to protect her, and curiously said:

"What about the masked youth?"

"Run out of town?"

"This kind of arrogant is resolute and fierce. Once it grows up to the realm of harmony and good fortune, it can cross the world and no one can kill him! It is of great help to our Baili family!"

"You look for this person as soon as possible! At all costs!"

However, those subordinates had no plans to leave at all, instead they said:

"Miss Fifth, this kind of arrogant and ruthless person has too many offending forces! It's best not to have any connection with it. If you offend those guys, something may happen to my Baili family..."

The back-knife guard sighed, his eyes swept across the wreckage and the blood mist floating in the air. He couldn't help but take a deep breath, swallowed, and said: "Whether it is the mask boy or the Dugu family, we can't afford to offend what!"

"Especially the masked kid, his temper is elusive. If Baili's family gets angry, the consequences will be too serious..."

That's right!

Can't afford to offend!

This kind of ruthless stubbornness directly killed one hundred thousand law enforcement officers and three elders in the Heavenly Sword City!

The key is that this is the headquarters of the Dugu Family, Heavenly Sword City!

The Heavenly Sword City, where the fifth elder of the Heavenly Supreme Being sits on the second floor of the Good Fortune Realm, was turned into something like this. He killed the elders in their old lair, and disappeared without a trace afterwards, even if the five joined together. Realm elders, hundreds of Hunyuan realms, and thousands of warriors from the Divine King realm, all searched together, but no traces were found!

Such a skill!

It was a nightmare.

It may even be a ruthless person who cultivates to kill Dao!

Befriend him, of course, you can trade a large number of fairy and king artifacts with him, and enhance the strength of the family!

But if someone in the family accidentally offends him!

Today is the disaster in Tianjian City!

Tomorrow, it may be that our Baili City is in disaster!

Hearing these considerations, Bai Lixue did not speak, but frowned, as if thinking about something.

For some reason, she felt that the masked youth was somewhat similar to Ye Chen.

However, she has already ruled out the possibility of being the same person. After all, the two realms are a bit bigger, and the strength of the masked youth is obviously stronger than Ye Chen!

It can be said that one is heaven and the other is low!

The most likely thing is to learn from the same school!

She pondered and asked, "Are there huge hidden sects in the Hundred Refinements between the Star Sea and the Luochahai? There are even several high-class sects suppressing the Luochahai? Maybe Ye Chen is them. Disciple!"

"We can make good friends!"

"Not bad!"

"Xue'er, don't mention this matter for the time being, the identity of this person is unknown, even if we intend to make friends, he will not pay attention to us!" The nineteenth elder thought: "This young warrior should be here to participate in the auction event. With this mindset, You must not rob the auction event!"

"Waiting for the complicated event of the auction event is over!"

"Talk about the origin of this warrior again!"

When the elder of the Baili family finished speaking, he sighed, staring at the furious Dugu family warrior, with a disdainful smile on the corner of his lips, and whispered: "Tonight, I'm afraid it's not peaceful here!"

"The Futility Dugu family is still the closest family to Zhongyu!"

"The grandeur held an auction event for the six major sects. I didn't expect that the event would be broken before the event started!"

...

This night, no one is destined to be able to sleep!

As soon as this shocking event happened, not long after, all the major and medium sects in the Western Regions, and the lower sects, were all soldiers. The treasures brought by the guardian at all times, for fear of meeting that young warrior!

On a street!

Ye Chen sat in the teahouse, glanced at the warriors who came back, they were discussing their own affairs, and a smile was drawn from the corner of his lips, the power of the soul entered the cemetery of reincarnation, and began to count the spoils!

This time!

Most of the self-destructed are fairy weapons and spiritual weapons!

Earlier, I got the Divine King Artifact and it exploded a quarter, the Hunyuan Immortal Artifact exploded about a third, and the Seventeen Hedao Divine Artifact also exploded. You have to explore the universe ring you harvested!

"Masters, are you ready to investigate?"

Ye Chen stepped forward and took the ledger from the Sunlight Buddha. He looked down and was overjoyed. He said: "Okay, this is an unexpected joy! The harvest is great! When I completely copied the Dugu Family auction this time, You can set up the Universe Heavenly Dragon Formation!"

He stared at Ji Lin who was sleeping in the distance, a little sad, and said: "Don't worry, Ji Lin, Brother Ye will save you! It's just a ginseng of a thousand devil, fifty-handed artifact, eight-handed warrior of time and space. That's it!"

"It doesn't take long, I will raise it properly!"

"When the time comes, you will wake up, and I will find you a Poison Sect inheritance to make you stronger!"

After that, Ye Chen carefully inspected all kinds of fairy weapon trophies!

Spirit weapon, more than 20,000 handles!

Immortal weapon, about seventy thousand handles!

The divine king's artifact, which is about seven hundred handles, made up half of it!

Hunyuan Immortal Tool, sixty-seven handles, more than bombed.

A total of fifteen Hedao artifacts were obtained, seven of which were snatched from Tianxiang Pavilion, five were in the rings of the three Hedao elders, and the other three were weapons used by the three elders. The explosion impacted a lot. , It can only be regarded as an incomplete Hedao artifact!

"The power is a little weaker!"

"It can't be used to set up a large formation, so I count it, I have twenty-eight Hedao artifacts in my hand!"

"If you find another force to trouble you, maybe you can find a few more Hedao artifacts!"

Ye Chen muttered and calculated the spoils!

One hundred thousand law enforcers!

Three elders of Hedao Realm!

They were all killed by explosive shock waves Compared with the weapons they used, most of them were directly destroyed by explosions. Almost all the spoils that can be obtained are taken from the ring of the universe. Earned a lot in World War I!

"Abbot!"

"Remember to be careful"

"Now the Dugu Family has reacted!"

Moonlight Buddha put his hands together, and said slowly: "Next, the abbot wants to rob the auction, I am afraid it will not be easy! The poor monk's suggestion is to grab the Hedao artifact first, and while waiting for the auction event, take a picture of Thousand Demon Ginseng, and then Directly grab the soldiers of time and space!"

"Look at what the host said!"

"The six major forces take out the treasures to sell, and the buyers are generally powerful top families, similar to the sidelines of the Holy Dragon Family and the Shenlong Family!"

Chapter 1634:

"The two top families have also sent Hedao realm guards. They should carry time and space soldiers as the capital of the transaction. Based on the momentum and the six forces, the two top families will bring at least four time and space soldiers!"

"Dugu Family Headquarters, there should be three space-time soldiers!"

"And now, the fighting in the Northern Territory is fierce, and there is only one Great Fifth Elder of the Dugu Family in the Heavenly Sword City!"

"At best, one more martial artist of good fortune!"

"No!" The Medicine Master Buddha directly denied, saying: "The two big families will certainly not send good fortune martial arts, but the six powers are not necessarily there. Each family has two good fortune immortals, and it is very likely that there will be two good fortunes. Realm Immortal!"

"Count it down!"

"Three! In addition, there are some old-fashioned powerhouses in the Nine-tier Heaven who also want to grab the soldiers of time and space!"

"Good Fortune Realm Immortal Venerable, it may be four to five!"

"Half-step good luck, estimated to be around eight people, if there is a melee at that time!"

Pharmacist Buddha paused for a moment, his eyes sharpened, and he said: "The host should only grab the soldiers of time and space, and prepare to release all the puppets as a cover! Hedao artifacts, it is best to prepare before the auction event!"

Eight-handed space-time soldiers!

It is the minimum requirement for arranging the Heaven and Earth Heavenly Dragon Formation to resist the three heavenly thunders. It is impossible to reduce it!

Ye Chen currently has two space-time soldiers, which he obtained from the seventh rudder of the Soul Palace, which is equivalent to six space-time soldiers. At the auction, the two top families will use four space-time soldiers to purchase. Many treasures and immortal materials of the six forces!

Plus, the Dugu Family Headquarters!

There are still three or four space-time soldiers, which is equivalent to Ye Chen almost equivalent to killing all these space-time soldiers in one go!

You have to face five immortals of good fortune realm!

At least eight, old-fashioned cultivators of Hedao Realm Nine-layer Heaven with the same purpose as him, and those casual cultivators, are mostly solo travelers who have no sect or even many friends and relatives, and have robbed the six forces of time and space. , Don't be afraid of being retaliated, as long as you spend time refining the soldiers of time and space and advance to the realm of good fortune, your combat power can be increased tenfold!

At that time!

Even the middle-class family dare not provoke them easily!

Also because of the rare availability of space-time soldiers, many veteran Hedao realm gods will do it!

It is equivalent to that Ye Chen needs to grab food from the mouths of these powerful men, and not one handle, but all!

He has to pack at least six space-time soldiers alone, so if he speaks this behavior, everyone will think that Ye Chen is daydreaming!

"Hedao artifact!"

"You can rob those little sects!"

"As for the six or seven space-time soldiers!" Ye Chen's eyes flickered, staring at the four auction platforms that have been established in the distance, namely the heavens, the earth and the Xuanhuang. They are distinguished according to the grade of the auctioned items and the cultivation of the guests!

Yourself!

You need to have the Tianzitai and Dizitai, two auction houses!

It is estimated that there are about 2,000 of his own battle puppets, but most of them are in the Divine King Realm. Even if they are all thrown out, they can only provide themselves with a three-minute delay to face dozens of immortals and half. Bu Xianzun, it's not easy to solve!

"Blood Dragon and Xiao Huang!"

"At that time, we need their help!"

"Escape, it's not difficult, use the space teleportation array!" Ye Chen suddenly thought of the teleportation array, and said: "Ice Sword Immortal, can I build a small space teleportation array?"

"Space God Stone, I have seized a lot these days!"

Bing Sword Immortal Venerable heard that, he took a long breath and said: "I can't do it alone, if all six of them come to help, yes! However, the small space teleportation array, the space channel cannot be completely stabilized!"

"It is very likely that you are in the process of teleporting!"

"I was directly smashed into the space channel by some old guy, and then fell out of the void!"

"Don't be afraid!" Ye Chen's lips suddenly drawn a smile, and said: "There are still two days to rob a few enemies, get more Hedao artifacts, even if the Hedao artifacts explode, it will not kill Xianzun and Half a step. Xianzun, it is okay to delay their attack!"

"Besides!"

"I like it!"

"Especially in the presence of so many sects, I like it even more! Besides, Ji Lin's problem can't be delayed any longer. It only takes more than ten days, otherwise it will only make Ji Lin sleep forever!"

Congenital poison blocks the meridians!

It can only last for twenty-eight days at most!

When the time is up, the meridians may rupture directly, causing the innate poison to spread into Ji Lin's own body!

At that time, Ji Lin will not die, but will fall asleep forever and ever, and there will be no possibility of awakening, so Ye Chen has no choice! !

"it is good!"

"Then I will start to refine the space teleportation array!"

"It takes about a day!" Bingjian Xianzun summoned six gods and gods and started to take action!

"it is good."

Ye Chen nodded, this time he was bound to bear huge risks.

After all, his strength is too weak.

How else would you have to do this step by step?

If he is a strong immortal, he might be able to suppress everything with a wave of his hand At that time, saving Jilin would be so troublesome?

Ye Chen sighed. Suddenly, his eyes noticed the mysterious brocade box flowing in the reincarnation cemetery.

Out of curiosity, Ye Chen still went to the brocade box.

"Where did this thing come from? Why was it obtained by the Tianxiang Pavilion of the Dugu Family?"

"From the position of the treasure house, Tianxiang Pavilion didn't think this brocade box was extremely important!"

"I'm afraid this brocade box is just a precious thing for ordinary people, but it is meaningful to me."

"After all, I control the existence of the reincarnation cemetery."

Ye Chen came to the mysterious brocade box and grabbed it with five fingers, and the brocade box appeared in the palm of his hand.

Suddenly, he noticed something, his face changed slightly!

"The power of the source! The power of the source is flowing inside!"

In Kunlun Xu, Ye Chen already knew the horror of Origin Power!

And his bloodline is closely related to the power of the source!

But there are still too few things that flow the original power!

Unexpectedly, there is a mystery hidden in this brocade box!

Before Ye Chen could react, Ye Chen discovered that the power of the source had penetrated the seal on the brocade box!

The seal was solved magically!

"Crack!"

The brocade box is opened!

At this moment, Ye Chen was extremely excited.

I saw a chess piece standing quietly in the brocade box.

The chess pieces seem to be made of special black stones, so extraordinary!

The power of the origin flows throughout the body.

And there is a vigorous and powerful character engraved on it!

"will!"

Bloody red!

With a single glance, Ye Chen had a strong sense of oppression!

"This is the blood of the ancient power! Why is it carved on this chess piece!"

Ye Chen's voice just fell!

That chess piece suddenly shattered! Turn into powder!

Chapter 1635: Only once in the eternal years!

The light of stars seemed to be surging above the reincarnation cemetery!

In the end, the light of the stars converged into a phantom.

That is a gray-haired old man!

The old man wears a Taoist robe, full of fairy spirit! The whole body is the power of the source!

His eyes seemed to penetrate the time!

The old man glanced around, and when he saw tombstones, his expression was extremely shocking! It even made a surprised voice:

"This... this turned out to be the reincarnation cemetery... Didn't that guy fail? He succeeded?"

After that, he noticed something, and his eyes fell on Ye Chen's body!

At this moment, Ye Chen felt that his whole body could not move, as if he was locked in by an invisible force!

"In your body..."

The old man seemed to be greatly shocked, stepped out and appeared in front of Ye Chen.

Then, the fingertips slipped, and a sword intent came into being!

The sword intent cut Ye Chen's finger!

A drop of blood floats out!

It flew to the old man's shadow.

The old man looked at the blood in the palm of his hand and his eyes were filled with surprises:  
"Reincarnation blood! Someone has awakened reincarnation blood!"

"That game of chess, did not lose! Hahahaha! The old man knows!"

The old man is crazy to the extreme!

It took three full minutes before the old man's smile stopped, and he stared at Ye Chen with scorching eyes!

"Unfortunately, the realm of God King! The realm is too rubbish!"

"And the blood of reincarnation only awakens a small part, this kind of blood that is against the sky, falling on you kid, it is simply a violent thing!"

"With your strength, let alone the power of saving those hundred tombstones, if those guys perceive your existence, I am afraid they can wipe you out of this world with a single thought."

Ye Chen was slightly startled, but he didn't expect that he would be so unbearable in the eyes of the old man!

What he just wanted to ask, the old man said again: "What kind of exercise are you practicing now?"

Although practicing exercises is the secret of the martial artist, Ye Chen knew that the old man would not attack him, and the old man was the only one he met and knew the existence of the reincarnation cemetery!

This kind of person is bound to solve his countless doubts!

Immediately, Ye Chen arched his hands and spoke the exercises seriously.

However, what Ye Chen didn't expect was that the old man's expression became extremely weird. Instead, he asked Ye Chen: "You have the blood of reincarnation, so you don't practice the God and Demon Reincarnation Art? Did anyone tell you?"

"No wonder you are only an ant in the Divine King Realm! You haven't fully awakened your blood!"

"Boy, do you know that your blood is the existence that countless people dream of?"

Reincarnation of Gods and Demons?

Ye Chen had never heard of it!

The old man stared at Ye Chen, sighed helplessly, and then pointed out that a powerful flow of information instantly appeared in Ye Chen's mind.

At this moment, Ye Chen was completely stunned by the Reincarnation Art of God and Demon!

This technique can perfectly integrate all the powers of the king's way and the law!

Not only that, but the speed of absorbing aura is more than ten times faster than any exercise!

At the end of cultivation, the wave of hands is the source!

Gods and demons are afraid!

There is such a technique in the world!

In a pleasant surprise, Ye Chen quickly looked at the old man and said, "Thank you, senior!"

The old man looked at Ye Chen and sighed: "Boy, you don't need to thank me. It is an obligation for me to give you the reincarnation formula of gods and demons, but it is not so easy for you to completely awaken your blood."

"You should be in the Western Regions of Lingwu Continent now. The Western Regions can be said to be the weakest place in Lingwu Continent. You are still far away from those people."

"The group of people can't discover your existence in a short time!"

"But, one day, you will enter the realization of that group of people!"

"If you don't fully awaken your bloodline at that time, you will die. Not to mention the vain attempt to save the hundred powers in the reincarnation cemetery."

At this moment, Ye Chen seemed to have broken his worldview, subconsciously said: "Could there be a stronger existence of the blood spirit race?"

"Blood Spirit Race?" The old man chuckled, "What you see now is only the tip of the iceberg, the mere blood spirit race, do you think you can really trap those hundred people?"

"Behind the blood spirit race, there is still a huge monster standing! From the beginning, the blood spirit race is just a puppet!"

"This behemoth, even the ancestors of the Shenlong Family and the Holy Dragon Family must be jealous!"

"Now, do you dare to fight against that force?"

At this moment, the old man looked at Ye Chen interestingly, as if waiting for Ye Chen to give up.

In his eyes, even with the blood of reincarnation and the reincarnation of gods and demons, it is useless without a firm heart.

Unexpectedly, in the next second, Ye Chen stepped out one step at a time, and the five kings of the gods surged out, covering the cold killing intent and determination!

"Although I don't know who that power is! But I, Ye Chen, have never been afraid! Even if they are the gods in the sky! I, Ye Chen, will personally set foot on the heavenly palace and crush the sky! Put them down the way of reincarnation!"

As soon as he said this, he seemed to feel Ye Chen's monstrous meaning, and the hundreds of tombstones in the reincarnation cemetery were shaking!

At the same time, a dragon chant and beast roar resounded through the sky!

The blood dragon phantom sky appeared!

Invincible!

Xiao Huang turned into a monstrous behemoth, with ferocious fangs, blue and red pupils, glowing with the meaning of bone erosion.

Majestic to the extreme!

One dragon and one beast guarded Ye Chen!

This picture seems to be invincible!

The old man still despised Ye Chen a bit, but when he saw the blood dragon and Xiao Huang, he was not calm at all.

There was a huge wave in my heart!

"How is it possible, there are these two guys beside you!"

"Who are you!"

He knows the origins of Xiao Huang and Blood Dragon!

Such a bloodline, if it is awakened and revived, the entire Lingwu Continent will inevitably shake!

At that time, it is not impossible for Ye Chen to face that force!

The figure of the old man gradually faded, and obviously there was a limit to the time he could condense.

At this moment, he can only forcefully suppress the inner shock, and said to Ye Chen: "Boy, I will tell you one more thing."

"This matter is extremely important!"

"You want to awaken your blood It's not enough to have the reincarnation technique of the gods and demons! This world is distributed with a strange stone that has the same origin as the reincarnation cemetery, and ten strange stones. The top powerhouses have built ten monuments that shook the world, called the Reincarnation Monument!"

"The power of reincarnation blood is flooded with the power of reincarnation on the profound monument of reincarnation!"

"If you find these ten reincarnation monuments, absorb them thoroughly! The blood will awaken!"

"At that time, you will be qualified to fight those guys!"

"Remember, you must find those ten reincarnation monuments at all costs! Awaken your blood!"

"Before the blood is awakened! Don't contact that force! Don't!"

"When you awaken your bloodline, there will be a vision of heaven and earth! Wanxiang shakes! Ten thousand demons are afraid! Jiuyou wailing! Thunder robbery swallows the sky!"

"Eternal years, only this time!"

Chapter 1636: act recklessly!

"On that day, that force will kill you at all costs!"

"Also, that force is called..."

The old man's words disappeared in an instant before he finished speaking!

Ye Chen watched the old man disappear, but still didn't get the answer.

He shook his head helplessly: "What exactly is that power that makes so many powerful people jealous?"

"However, my strength at the moment is still too low after all. Even if I know it, it will only affect Dao Xin. It's better not to know."

"Fortunately, I have the God and Demon Reincarnation Secret Art. If the chance is good, I find the ten reincarnation monuments, and I might achieve the supreme way!"

"Forget it, go back to the inn and practice the reincarnation of the gods and demons."

Top Best AI for Forex Trading 2024

Ye Chen's soul returned to his body, staring at the surroundings, just about to leave, but suddenly saw a few people!

It is Xiuhulan and others!

"Xiu Hulan is not dead yet?"

Ye Chen clearly remembered when the weapon exploded!

He also threw a few Hunyuan Immortal artifacts and Divine King artifacts to Xiuhulan!

Unexpectedly, instead of killing him, only two elders of the Primordial Realm were killed!

"Since you just attacked me at a critical moment!"

"Then, I happen to need something more, so I will use your Tiger Blade Pavilion to perform surgery first!"

After Ye Chen settled the bill, he went out of the teahouse, followed behind Young Master Xiuhulan and Elder Scar. With his current combat power and secret skills, it is even harder for ordinary strong men to find him!

At the moment, on the street.

Mr. Xiuhu Lan's left arm was cracked by the explosion, and he was slowly healing, and he could not help cursing: "Damn beast, how good is his life, he ran away, and want to blow up this young man?"

"I knew it! The previous sword released all the weapons, even if it can't kill him, it can hold him!"

"Perhaps Lu Zhanyuan can hit him hard, and cooperate with the elders of the Dugu family. It is estimated that he has already been killed by that boy. Where did the 100,000 law enforcement officers killed?"

He walked all the way cursing, passing by many law enforcement agents!

The Heavenly Sword City is a huge city that can hold hundreds of millions of creatures. There are over a million law enforcement officers in the city, but the elite one hundred thousand has already been destroyed by Ye Chen! The other eight or nine hundred thousand law enforcement agents started operating, and they have already put down the riots in Tianjian City in a short time!

"My son, this little beast is a little weird in strength, let's not worry about it!"

Elder Scar came to a secluded street with Young Master Xiuhu Lan, bypassing the streets and alleys, and came to a secluded street. "The elders of the Dugu family are equivalent to our senior elders. All died tragically in the hands of this kid!"

"hateful!"

"Sigh!"

"We must be more careful, if this animal dares to attack us, we can't stand it!"

"Huh!" Young Master Xiuhu slapped a passing San Xiu with an anger, and took a deep breath and said: "This little beast won't live long. It should be seriously injured. After we go back and explain to the elder, it's best. Come out and contact a few schools to search for the whereabouts of this little beast!"

Find the whereabouts of this little beast!

You can get a Hedao artifact!

And it's not that I sent those special Hedao artifacts, it can let me send an additional Hedao God!

Shattering! !

Wow! !

The two gradually came to a glorious protective cover. Inside was a villa. The warrior of the Tiger Blade Pavilion bought this villa and set it up. After the formation, even if the formation is not strong, you can get it. He Dao Shenjun can be broken by onslaught!

During this gap, they can notify the support of the Dugu Family!

At night, the lone travelers fight together, and the Dugu family doesn't care!

But the Dugu Family will still take care of the small sects that come!

at this time! A cold voice suddenly sounded!

"Two, do you want to kill me?"

"I don't like threats. Since you threatened me, should I erase it?"

Ye Chen suddenly appeared in front of the two of them, with a smile on the corners of his lips, like a ghost, and immediately he swiped the Divine Sword in his hand, and went straight to Elder Scar!

Hearing this voice, Xiuhulan and Elder Scar were dumbfounded!

The whole city is searching for this kid!

Not only did this kid not run!

Instead, he came to die!

Is this really confident?

However, the cold sword aura instantly made the two sober!

Young Master Xiuhu Lan turned around and ran, Ye Chen could even kill Lu Zhanyuan with a single blow. What good is he as a fellow of the Divine King Realm!

Half a knife is gone!

He scrambled towards the protective cover and at the same time took out the token, wanting to go in!

On the side, the nirvana sword aura split into three in mid-air. Elder Scar only blocked two, and another nirvana sword aura hit his shoulder!

boom! !

Elder Scar fell to the ground, his chest was pierced, but his expression was shocked, and he said, "Your power is not right, it is not your power!"

Just now, Ye Chen could kill Lu Zhanyuan at the peak of Hunyuan's ninth-level sky with a single blow!

Kill him!

It just caused him to be slightly injured!

Things are not right!

Obviously, the elixir to enhance the strength has passed!

At this moment, Elder Scar was not flustered, but a cold smile appeared on the corner of his mouth.

He knew very well that not only was this kid incapable of improving his strength, but he was bound to be seriously injured!

"Since you are not strong enough!"

"Then I—"

Elder Scar is preparing, but ignores his own changes, his vitality is rapidly losing!

"You actually use nirvana..."

In an instant, he seemed to have transformed from an old man into a pair of white bones, and then the white bones turned into a ball of dust and fluttered away, like a million years of death!

Not even qualified to speak!

This Inner Sect elder of the sixth-tier Celestial Origin Realm!

Falling directly into Ye Chen's hands!

This is the horror of the way of annihilation!

"Waiting for you to open the protective cover!"

"Good job!" Ye Chen jumped up, grabbed Young Master Xiuhulan, and went directly into the protective cover. The next moment, the channel originally opened disappeared suddenly, so the formation can withstand the fifth level of the Hedao realm. battle!

Just to my own heart!

Solved these guys!

It will not be discovered until at least the next day!

"Who!"

"So courageous Dare to break into the place of my Tiger Blade Pavilion?"

"court death?"

Three violent shouts came!

The Tiger Blade Pavilion Grand Elder, the Second Elder, and the Third Elder directly rushed out, followed by dozens of guardians of the late Hunyuan realm, and even nearly a hundred elders of the early and middle stages of the Hunyuan realm, and dozens of young disciples. Kill it out!

The great elder stared at Ye Chen wearing the mask, feeling very strange. They stayed in the room, naturally they had not noticed the turmoil outside, so they said to Ye Chen: "The fifth layer of the gods, dare to come. Break into the place of my Tiger Blade Pavilion!"

"Live and die! Kill!" The second elder directly mobilized the major elders and surrounded Ye Chen. The young disciples were all watching the battle. They seemed to want to see how this unrelenting divine king realm would die in the elders. Man!

Chapter 1637: The King of God!

Divine King Realm?

It's not Hedao Jing!

Assault us here, 100% looking for death!

"Three Hedao Realms!"

"One hundred and seven Mixed Origin Realms!"

"Twenty Divine King Realm, enter the Divine Realm!"

"I like this strength, I believe you should have what I need!" Ye Chen's lips outline a smile, ignoring the intimidation of the tiger blade pavilion, and said: "Three gods and Buddhas, please come out. Help me block these three old guys!"

He waved his sword and pointed at the opposite side, and said with a smile: "Other people, give it to me!"

"it is good!"

"Ownership order, you should follow it!"

In an instant, three divine lights emerged from Ye Chen's body!

The Medicine Buddha on the fifth-tier of the Hedao State, the Moonlight Buddha and the Sunlight Buddha on the fourth-tier of the Hedao State, joined forces to kill the three elders of the Tiger Blade Pavilion!

When the three gods and Buddhas appeared, the light of the Buddha filled.

Mana is boundless.

But everyone in the Tiger Blade Pavilion was completely confused!

Obviously the barriers are closed, why suddenly three powerful gods and Buddhas appeared!

Could it be that this kid summoned by secret method?

This is a strong person in the Harmony Realm!

They didn't even notice it at all!

Seeing three murderous opportunities are coming!

"The situation has changed!"

"All the elders come together!" As soon as the elder's voice fell, he was entangled by the Medicine Buddha, and the two were inextricably beaten!

The second elder and the third elder were also stopped by the Sun Moon Light Buddha!

The six gods and buddhas in the combined Dao realm fought against each other and destroyed a large house in a moment. Fortunately, the house is vast and can live in thousands of people at ordinary times. There is enough space to move around. Otherwise, if it is beaten out, it will attract the attention of the Dugu family. Ye Chen could only run away again!

"Don't run!"

"You guys are mine!"

Ye Chen blocked the three Hunyuan realm elders with a sword, turned around and punched the three young disciples of the God King realm!

Tiger Blade Pavilion in the Western Regions is famous for burning, killing and looting!

Every disciple is stained with the blood of innocent people who don't know how many!

And Ye Chen was also killing Dao!

It's just to use the blood of these people to sacrifice those innocent casual repairs!

"kill!"

"Kill this little bastard!"

"Kill this little beast, and then help the elders to solve the three gods and Buddhas!"

For a time, more than a hundred Hunyuan realm elders came to kill, and a Hunyuan fairy weapon flew out!

Ye Chen's figure resembled a ghost and quickly escaped from the attack range. He was close to a group of Hunyuan realm elders. He turned the Soul Demon Spear with his left hand and the Excalibur Sword with his right hand.

With the sound of bursting!

The seven elders of the early Hunyuan realm fell into Ye Chen's hands!

Boom!

Click! !

Ye Chen stubbornly resisted the attack of the three late stage elders of the Hunyuan realm, spurted blood and retreated a few steps, and said: "Master gives me some strength, I will slaughter them as soon as possible! Their bodies can be refined into war puppets!"

"it is good!"

"Attention, don't let the fighting breath escape!"

Bingjian Immortal raised a word, and sent a force of strength to Ye Chen!

In an instant, Ye Chen's aura is comparable to a \*\*\*\* of the first level of the Dao Realm, and his combat power is stronger. If he enters the elders of the Hunyuan Realm, it is like a wolf entering a flock, and he can kill a Hunyuan with his fists. The elders!

Under Divine Punishment, every sword aura can kill two or three elders!

With the help of the Kingly Way of the Immortal God and the Kingly Way of the Netherworld God Spear, one shot can penetrate three or five elders!

Huh! !

Boom!

Puff! !

Countless blood flew out. In the past, a domineering elder of the Hunyuan realm in Tiger Blade Pavilion!

At this moment, Ye Chen was slaughtered like a chicken and dog!

Thirty young disciples were killed by Ye Chen in the air as soon as the battle started!

"No no no!"

"Who are you..."

"Why, why is it like this? We Tiger Blade Pavilion didn't offend you!" The Great Elder was slain by Medicine Master Buddha, and his body was cracking. He asked sadly, "Why? Why?"

"You ask us why?"

"You should ask your Xiuhulan!"

Pharmacist Buddha made a sword on the chest of the great elder. With the blood flying across, he once again knocked the great elder into the air, saying: "Your so-called son Xiuhulan, in the fierce battle with Lu Zhanyuan, we presided over, unexpectedly attacked in secret, almost ordered Our host was seriously injured!"

"after that!"

"I want to search for the whereabouts of our abbot!"

"So, we have never offended you, and you want us to die everywhere, so, should you die?"

Boom! !

As the voice fell, an explosion sounded!

A Hunyuan realm elder blew himself up!

After being killed by Ye Chen, he blew himself up, but the aftermath still hurt Ye Chen. Ye Chen was faster. Seeing the 107 elders of the Hunyuan realm, there are only more than forty elders left at this moment. The sword pavilion will be destroyed!

"I see, it's our fault!"

"But, can you, don't kill me again, I beg you..." The eyes of the great elder are dripping blood. This is his own school, his own belongings, and I can't afford to lose!

The Tiger Blade Pavilion originally had only two gods of the Affinity Realm, but on the day when they came to the Heavenly Sword City, the three elders felt that they refined an ordinary God of Affinity Artifact, and without dying, they directly became the second heaven of the Aion Realm!

At this moment, the three elders are fighting with the Moonlight Buddha!

With the disadvantage of being two smaller realms, he could abruptly resist the Moonlight Buddha's attack!

Moonlight Buddha, the fourth level of the Hedao Realm, even if they have just entered the Hedao Realm, the three elders have just entered the Hedao Realm, and the two of them are inextricably beaten. Such a scene is that the Tiger Blade Pavilion and Ye Chen have some surprisingly!

"Three gods and Buddhas, puff..."

"Everyone, we are willing to hand over things, please let us leave the Tiger Blade Pavilion!"

The elder's words were pierced through the chest by a sword of the Medicine Master Buddha. The seventh-order physical body in the incorporeal stage appeared extremely weak, and the ice-blue blood was scattered from the bottom. The blood condensed into crystals in the air. There was no trace of blood, on the contrary. Somewhat poignant!

Bang bang bang! !

Pharmacist Buddha attacked with all his strength, almost pressing down on the Great Elder.

"Everyone..."

"We are willing to surrender Stop killing..."

The Great Elder is really going to cry!

Although they killed a lot of people in Tiger Blade Pavilion, but no force dared to attack them like this!

I thought that if you step into this place, you can gain a lot!

Unexpectedly, everyone in the Tiger Blade Pavilion would fall here!

The key until now, they have not understood what kind of \*\*\*\* and deep enmity their Tiger Blade Pavilion and these three gods and Buddhas are!

The physical body of the great elder fell to the ground, and the buildings on both sides were dissipated by sword qi. This elder of the three-tiered heaven of Hedao realm, even though the time of entering the Hedao realm was far above the Buddha of Medicine, but the pure power gap, But it made it difficult for him to stop the onslaught of Medicine Master Buddha, so he could only beg for mercy and resist!

Bang bang bang!

Click! !

On the side, countless blood spurted out!

Chapter 1638: Special Hedao artifact!

Ye Chen shot and killed a Hunyuan elder with a single shot, turned around and pierced through two elders in the Hunyuan realm with a sword, killing the elders of the Hunyuan realm, at this moment is as simple as killing a chicken, and directly ignores the attack of many spatial laws, forcibly Break into dozens of Hunyuan elders and kill them!

"No no no..."

"Who did we provoke?"

"What's the matter, this kind of evil god, this kind of devil, who caused it?"

The eyes of the second elder of the Tiger Blade Pavilion were about to split, and even if the fighting limbs were broken, it was still difficult to escape the attack range of the Sunlight Buddha, and it was difficult to rescue the elders of the Hunyuan Stage, and couldn't help groaning in his heart!

Their Tiger Blade Pavilion!

Although a lot of Hedao artifacts were escorted, they were all special types of Hedao artifacts, and they couldn't be used by ordinary Hunyuan realm peak martial artists!

Just like that, after they came to Heavenly Sword City, they were all cautious!

There has never been a presumptuous act, why is it still attacked by such extinction?

What did they do wrong?

Why offend such a powerful existence?

Fortunately, Young Master Tiger Blue and Elder Scar have fallen, otherwise if they were alive, they would be able to pinch the tragic Third Elder and the Great Elder to death!

"beg for mercy?"

"How to beg for mercy?" Ye Chen suddenly stopped the killing in his hand, slapped it out with one palm, and shook back dozens of elders in the Primordial Realm. He looked at the great elder in the distance and asked: "How do you want to beg for mercy?"

Since the other party begs for mercy!

The key is the Hedao Realm God Sovereign, which is quite rare!

The method of Buddhism and Taoism can be applied!

"My Tiger Blade Pavilion is willing to belong to your Excellency!"

"Please go around us for a lifetime!"

The great elder was bruised and bruised and had to hold his fist at Ye Chen for mercy!

Correspondingly, the second elder and the third elder were also suppressed by the Sun Moonlight Buddha, and the three elders of the Tiger Blade Pavilion were suppressed in front of Ye Chen!

"Since you ask for mercy!"

"I accept too!"

"Bloom out of the depths of your souls, I set a restriction, and you can die around you!" Ye Chen has never been a soft-hearted person. Although most of the elders in the Tiger Blade Pavilion have no intention to kill him, Young Master Tiger Blue already has Kill him, and act!

Everyone in the Tiger Blade Pavilion must follow!

Simply!

Start in advance and save the three elders!

It is also useful for this auction of Robbing the Dugu Home!

"This....."

"Okay..." The great elder sighed, looked at the second elder and the third elder, and said; "Our Tiger Blade Pavilion offended this senior, and his skills are not as good as everyone. Perhaps this will allow me to retain a little foundation. !"

In the Lingwu continent!

Nothing is wrong, the only fault is not enough strength!

Cultivate together, step on the road to heaven, contend with the heavens and all things, fight against countless colleagues, and grab resources!

Whoever is strong, who is righteous, can control the lives of others, such as Ye Chen!

If Ye Chen didn't have a reincarnation cemetery today, he would be kneeling on the ground now, and he would be the one who opened up the restraint of the soul! Shattering! !

Wow!

Gradually!

Behind Ye Chen emerged a King Way of Dihushen (Buddhism King Way). The luster of Dao Dao Bai Zhi leaped out at an extremely fast speed, directly flooding into the spirits of the three elders, and at the same time assimilating them, obliterating the three elders. The original subject consciousness!

Soon, the three elders recovered a lot from their injuries, and there were countless Buddha lights lingering around them, making them extremely peaceful!

His eyes are no longer pure, although he is a living body, he has no ability to think independently, so he put his hands together, bowed to Ye Chen, and said stiffly: "Master!"

Degree!

The kingly way of saving gods, cultivation is the power of Buddhism, which can be used for all creatures in the world!

The warrior who has been saved no longer has his own main idea. From then on, he is just a living dead. The audience will give the orders of the saved people, just like the three elders, even if they are not rebellious at all. Have!

"Who is it that ruined our Tiger Blade Pavilion..."

"The three elders were saved, and we too..."

In the distance, the 23 Hunyuan realm elders who survived the Tiger Blade Pavilion all looked sad!

Now, the three elders of the combined elders have been converted, most of the other elders have been killed, and the elite disciples have been burned. Since then, the Tiger Blade Pavilion has fallen, even if it is not as good as the third-rate inferior sects!

Wow!

Wow!

Ye Chen turned to more than 20 Hunyuan elders and used his power to save them. He also saved them. He couldn't help but said with joy: "The method of saving is better than the sword seal of Qiankun!"

The Qiankun Sword Seal is a forced seal, which is equivalent to just planting a bomb beside the enemy!

If the enemy rebels, you will know it, and you can also detonate the bomb to kill the enemy!

But Duhua is different, the warrior who has been Duhua worships Ye Chen from the bottom of his heart, it is impossible for him to be at all strange!

"Abbot!"

"Tiger knife pavilion's treasures at this auction are all searched!" Moonlight Buddha took out two universe rings and handed them to Ye Chen. He couldn't help but smiled: "Unexpectedly, the tiger knife pavilion will actually have a special amalgamation artifact, look. Coming to set up the Universe Heavenly Dragon Formation this time, the success rate will greatly increase!"

Special Hedao artifact?

Ye Chen was taken aback, the power of the soul scanned the inside of the universe ring with a blank face, and asked: "Masters, what is a special harmony artifact?"

"Special Hedao artifact!"

"It refers to the combination of the magical artifact that contains the pure laws of time, but also contains the nine powers of gold, wood, water, fire, earth, light, dark, thunder, and wind!"

Ice Sword Immortal Venerable held up a light green He Dao artifact, saying: "Ordinary He Dao artifacts are composed of monsters in the He Dao realm, or the heart cores and cores of fairy beasts and monsters, and then cooperate with them. Some monster clan limbs and refining materials are made!"

"As for the grade!"

"The level of the central core and the demon core of the Hedao artifact is the level of the monster beast. The higher the level of the monster beast, the stronger the Hedao artifact created!"

For example, killing a monster beast in the third-tier heaven of the Harmony Realm can produce a three-rank Harmony artifact!

Killing the fairy beasts and monsters of the seventh-tier heaven in the Dao Realm can also refine the Seven-Rank He Dao artifact!

Ye Chen was taken aback for a moment, then turned to look at the Lord of Death, and asked: "Once, forging a master, can refine a \*\*\*\* of harmony, I remember that we Kunlun Xu, there are not so many fierce beasts of the \*\*\*\* of harmony!"

"Apprentice!"

"That's what you see now!"

"Ten thousand years ago, Kunlun Xu was like the Lingwu Continent, with fairy beasts and monsters everywhere!"

"In the end, ten thousand years ago, the Kunlun Void Lord of that generation launched the peak battle and slaughtered all the orcs above Kunlun Void and above the \*\*\*\* level!" The \*\*\*\* of death said at that time: "At that time, all the demon cores collected were all It was placed in a deep sky not far from Danxu Town!"

"Everyone knows it too!"

"However, Chen Anping is the only one who is eligible!"

"With a large number of Hedao realm beast demon cores, plus a part of the time rule, he can create many Hedao artifacts!"

Chapter 1639: 1 It must be him!

Hedao artifact!

The reason why it is called Hedao is to merge the body with the Dao.

Must contain extremely strong power, and the law of time!

What is the source of power?

It is the monster core of the hunted monster! The law of time is something that allows the martial artist to generate the power of the law of time, so that he can practice on his own!

"An ordinary Hedao artifact!"

"The power comes from the fierce beast, so when you fight hard, you will burst out with a full blow, and there will be a phantom of the beast!"

"As for the special Hedao artifact!" Frost Sword Immortal Venerable's lips stretched out with a smile, and said: "That is the Hedao artifact that does not use beast cores and demon cores, but usually uses the five elements source stone and wind thunder. A Hedao artifact created by four kinds of divine stones of light and darkness!"

Hearing the explanation of Ice Sword Immortal Venerable, Ye Chen took advantage of those special Combination Artifacts, and found that there was indeed no strong and powerful energy and blood power like ordinary Combination Artifacts, but instead had a soft water spiritual power and partial time law. !

Ye Chen carefully checked the eleven special Combination Dao artifacts that he had collected before he understood: "The special Combination Dao artifacts have strong attack power, but without the power of the monster's blood and energy, they cannot transform the peak martial artist of the Mixed Origin Realm! "

Between the special Hedao artifact and the ordinary Hedao artifact!

It's just that the way of refining is different. The former can't make people break through, but the combat effectiveness is much stronger than the latter!

The former is used to set up an array, it is best!

"Tiger Blade Pavilion, these special amalgamation artifacts should have been found somewhere in the ruins!"

"But it's still unlucky, guarding the eleven combo artifacts, and there is no way for the elders in the door to refine and advance. It is also sad!" Ye Chen suddenly smiled and put away all the spoils. At the same time, several masters They are all refining Hunyuan realm war puppets!

He scanned the huge villa and said: "You three, let's hide each one!"

"In two days, I will give you an order!"

"Observe, Master!" The three elders nodded, and each looked for a place to hide. Hedao God wanted to hide, so if you didn't search at the same level, no one would find their traces.

Ye Chen changed into a long robe, walked out of the villa innocently, and walked to other places. Halfway through, he said: "The King of God!"

"Perhaps I can talk to some Hedao gods of the Demon School!"

"At that time, not only the war puppets and the fairy weapons will explode, but also these He Dao gods who have been saved by me!"

"It can also be used by me to resist those old monsters!"

Good Fortune Realm Xianzun!

With all his strength, even if Ye Chen has a reincarnation cemetery, he has no confidence!

What's more, there are as many as five people in this auction, as well as some cruel solo travelers of the Nine-tiered Affinity Realm, he will be the biggest goal by then!

Not enough preparations!

That is undoubtedly death!

In the reincarnation cemetery, the \*\*\*\* of nine dances said: "Tui'er, the reincarnation cemetery has approached more than a hundred demon sects who have arrived in Tianjian City!"

"It can save them!"

"They usually practice by slaughtering creatures. They should be the ones who should be killed. I will help you!"

"This night, maybe we can save a lot of Hedao Gods, and our actions will be better in two days!"

"Okay!" Ye Chen received a lot of words from the master, and hurried to the addresses of many demon schools!

The demon sects who entered the Heavenly Sword City have all purchased houses in the city, and they are also equipped with protective covers, which can block the onslaught of Hedao God!

Even so, Ye Chen took advantage of these magic sects to enter and exit normally, and directly mixed in!

From night to midnight, and then to early morning!

Ye Chen didn't know how many demon martial artists had been influenced.

The Buddha and the devil are incompatible with each other!

If he becomes a Buddha, there are no demons in the world! If he becomes a demon, how can he be!

This is the theory of Buddha and Demons.

Of course, fortunately, the Demon Dao sect of these Heavenly Sword City is not strong, otherwise Ye Chen would not be able to easily influence.

If it was the Demon Clan, or the top Demon Dao sect, Ye Chen would be beheaded before he played the King Dao of the Demon God!

Everything that happened inside the protective cover, the news and breath were not revealed, basically no one could find out what happened inside!

When Ye Chen attacked the last demon sect, the Heavenly Demon Sect, an elder of the Heavenly Demon Sect and the God Sovereign Realm blew himself up and broke the outer protective cover, which attracted the attention of other warriors!

Boom! !

A violent explosion sounded, and the spilled power of the law of time drifted away with the flesh and blood and aftermath, causing the protective shields of other martial houses around to sway violently, even civilians hundreds of miles away. The houses in the district are collapsing in large areas!

All warriors looked up at the sky!

It rained blood, and the power that dissipated made him tremble!

From a distance, Bai Lixue in Tianyue Pavilion stared at him, her figure trembled slightly, and her face was blank: "How is it possible, there is a Hedao God in the city, and he blew himself up!"

"The God of Hedao Realm blew himself up! Heaven and earth wept, and the King of God was broken, completely cutting off all opportunities for reincarnation!" On the side, the Hedao elder of the Baili family suddenly felt a little empathetic took a long breath. He said: "It's the second elder of the Celestial Demon Sect. He was forced to explode!"

"The elders of the Demon Sect liked to kill that day, but many sects were destroyed, and many of the sects of the Western Regions were extremely afraid. How did they fall to this point today? Could something big happen?"

Blew!

Not being beheaded, not being suppressed!

Blast the soul and spiritual power of the whole body, turn it into the strongest blow, and make an attack that will kill you!

At the cost of completely disappearing between heaven and earth, issue this attack!

"Who is it?"

"It's so fierce that he actually killed the demon sect, and forced a demon master to explode?" In the distance, countless martial artists were full of questions.

Previously, the mysterious masked youth killed the Tianxiang Pavilion and killed the elders of the lone solitary. Now the elders of the Celestial Demon faction blew themselves up, and everyone faintly smelled a sense of death.

Everyone is enveloped by an invisible fear! Extremely difficult!

Could it be that this time the auction in the Western Regions is going to be a big deal?

At the same time, hundreds of miles away.

A veiled young girl rode a very high rank monster beast step by step towards the Western Regions and furiously flew away.

The girl was filled with waves of ice.

There was a fair-skinned maid by her side.

What is even more strange is that the maid's cultivation base and aura are actually higher than that of the girl!

The masked girl is Wei Ying!

"Bai'er, how long will it be from that place?"

Baier glanced at the map, frowned, and said respectfully: "Palace Master, it will probably take a long time."

"Palace Master, that's just a gossip, what if Ye Chen isn't the Ye Chen you were looking for?"

Wei Ying smiled slightly, glanced at the bracelet in her hand, and muttered: "It must be him."

...

Chapter 1640:

Baier glanced at Wei Ying and sighed.

They had other things to do, after all, the palace owner's mission was to restore the Absolute Cold Imperial Palace.

As the imprisonment of countless top forces on the Lingwu Continent, the Absolute Cold Imperial Palace must act in the dark.

Otherwise, once they are known by those forces, they will inevitably be chased and killed madly!

However, when the palace lord heard a news about the word Ye Chen, he came to this side non-stop.

is very decisive.

Baier also got the information of the person named Ye Chen from the bit by bit of news.

Enter the realm of God, even if it is the realm of God King!

She really couldn't figure out why the palace lord would care about a person with such a cultivation level.

The future palace lord has to cross the Taixu realm and achieve the supreme cause.

After all, the palace lord's bloodline against the sky, and even the inheritance of the Absolute Frost Imperial Palace, is destined to overlook the entire Lingwu Continent.

And now, is it because the palace is mainly for men and women to give up the revival of the Frost Imperial Palace?

An ant in the Divine King Realm is not worth it at all.

Wei Ying seemed to notice the look in Bai'er's eyes, she rolled her eyes, and said lightly: "Bai'er, do you have something to tell me?"

Bai'er shook his head fiercely, and then nodded fiercely, and said: "Palace lord, Baier has something to say or not."

The cold wind blew Wei Ying's veil, revealing a cold and beautiful face.

"Say."

An extremely crisp voice.

There is no trace of temperature.

Baier finally said, "Palace Master, your destiny and starting point are destined to surpass the geniuses of the entire Lingwu Continent."

"It can be said that you are now the palace lord of the Absolute Frost Emperor's Palace, the Sacred Dragon family, and even the patriarch of the Shenlong family will bow down to see you."

"Your identity, you should not go to the man named Ye Chen."

"You should focus your energy on cultivation and finding the secrets of the Absolute Frost Emperor's Palace in Lingwu Continent."

"Although Baier doesn't touch the feelings between men and women, Baier knows that cultivation and strength are the foundation of Lingwu Continent's survival."

Hearing these words, Wei Ying didn't feel angry at all. A smile was drawn at the corner of her mouth: "You don't understand him."

"Although his current realm and strength are not high, he will definitely affect the situation of Lingwu Continent in the future! Even, the establishment of my Absolute Cold Imperial Palace requires this person's help!"

At this moment, Baier was completely stunned.

The establishment of the Absolute Frost Imperial Palace needs the help of a \*\*\*\* king realm kid?

What are you kidding?

What can God King Realm do?

Even if she waved her hand, she could suppress the existence of the peak of the Divine King Realm!

What else Baier wanted to say, but Wei Ying interrupted: "I don't need you to worry about it."

"What's more, this time, I didn't deliberately go to see that kid, but in the depths of the Western Regions, there is something from my Absolute Frost Palace, which I naturally want to get.

"Let's go."

After speaking, Wei Ying rode away.

In the blink of an eye, dissipated in the world!

.....

At the same time, Lingwu Continent, Western Regions, Heavenly Sword City.

The entire Sky Sword City was completely exploded!

A demon \*\*\*\* was forced to blow himself up!

What a ruthless method this must be!

Forcing a demon \*\*\*\* who killed countless people to blow himself up, what kind of demon king's handwriting was it?

The shock wave of the Hedao Realm God Sovereign exploded like a second sun, and the gloss covered all parts of the Heavenly Sword City in an instant. Tens of millions of creatures were not able to look up and stare at the afterglow passing by, and their hearts were shaking!

"Who dares to violate the law of my Heavenly Sword City!"

"What a thief, dare to be so arrogant!"

"Who!"

"Ignoring the order of my clan Immortal Venerable and arbitrarily killer, who is it?"

Several shouts of violent shouts flooded out, and then the seven divine light beams rose into the sky!

In the Dugu Family, the seven He Dao gods rushed to fight against the sky, and went straight to the place of the Heavenly Demon Sect. Everyone was a \*\*\*\* in the middle stage of He Dao realm, and even the elder of the Immortal Realm Supreme Realm stared at him. !

Who is ?

Before the auction event started, a demon \*\*\*\* blew himself up?

is the old antique of the nine-story heaven in the Hedao Realm?

or a solo traveler?

Countless warriors guessed the identity of the attacker, who would have expected that in an inn on a dozen streets apart from the address of the Demon Sect, Ye Chen leaped in in rags, embarrassed to the extreme.

There were scars on his body, and his clothes were stained with blood.

The injury is extremely serious.

Ye Chen panted heavily, swallowed a few pills, and sat cross-legged.

I just wanted to use the exercises, but found that the injury became even more serious.

"Damn it!"

Suddenly, Ye Chen raised his eyebrows and thought of something!

He is now in control of the Reincarnation Technique of Gods and Devils, and should abandon all cultivation methods. The main way is to study the Reincarnation Art of Gods and Demons.

After all, this technique may be the most suitable existence for him in the entire Lingwu Continent!

is one of the keys to unlock his reincarnation blood!

No longer thinking about it, Ye Chen started to operate the God and Demon Reincarnation Art according to the information in his mind.

It was extremely difficult at the beginning of the operation.

He spit out blood.

God and Demon Reincarnation Art is against the sky, but it is far more difficult than other exercises!

Ye Chen did not give up!

keep going!

I don't know how long it has been!

Ye Chen's dantian unexpectedly appeared in a tiny source of energy!

Although        is only a prototype, it does exist!

"Is this God and Demon Reincarnation Artifact an ancient Heaven-defying level technique? If my dantian is full of original energy, what counts the Blood Spirit Race, Soul Hall, and Lingyun Immortal Venerable?"

Ye Chen is extremely ecstatic!

Not only that, but he also discovered that the operation of the reincarnation of the gods and demons, combined with the kingly way of the gods, he recovered extremely quickly!

"Could it be that this God and Demon Reincarnation Art completely inspired the blood of reincarnation in my body?"

"If I find those ten reincarnation monuments can my reincarnation bloodline reach the point of immortality!"

Ye Chen tasted the sweetness, and then began to run wildly the reincarnation of the gods and demons!

This is extremely crucial to this auction!

.....

The address of the Demon Sect.

"Who can do it?"

"Say!"

"Who did it?"

The elders of the Dugu family watched this scene, the address of the Demon Sect was turned into ashes, all the demon heads disappeared, and the blood flowed into a river of blood on the scene. It was terrible. In the past, the scene that could only be seen when the Demon Sect killed other sects, did not expect to happen now. It's on the demon faction itself!

"I just killed the devil and blew himself up!"

"Where are the other five demon kings of the Heavenly Demon Sect?" On the side, the Fourteen Elder flew out, inspecting everything in front of him, and could hardly believe that it really existed!

Tianma Sect, but one of the top ten inferior sects under the Dugu Family!

There are even eight Hedao Demon Lords in the sect. Of the six Hedao Demon Lords who came here, one of them blew himself up and the other five were missing!

"Report to the elder!"

"Tian Demon faction, according to the record of entering the city, and the current corpse record!".

"Come to our Heavenly Sword City, there are 137 disciples from the Divine King Realm, 47 from the Hunyuan Realm, and 6 from the Hedao Realm!"

"Now, except for the corpses of the five Hedao-level seniors and 30 Hunyuan-level seniors that can't be found, the others have basically fallen!" On the side, the Dugu family Hunyuan-level peak guardian returned!
