Chapter 1641: 1 look!

Corpse?

Corpse?

Where are the corpses in this ruined land?

It is estimated that they have been beaten into flesh and blood, bloody!

"Who is it?"

"With such a strong combat power, overnight, slaughter the Heavenly Demon Sect?" The fourteen elders were trembling, the Heavenly Demon Sect, there is a He Dao Demon Lord with the same cultivation base as him, such a powerful Heavenly Demon Sect. Was annihilated overnight!

Then!

How does the Dugu Family control the Heavenly Sword City?

Can it be the same as before?

"The bodies of the five Hedao Demon Lords are gone!"

"Could it be that they were fighting themselves?" an elder asked!

"Not necessarily! Although the Celestial Demon Sect is respected by force, even if it is infighting, it is impossible to kill all the disciples and a few elders!"

The fourteenth elder sighed, Yukong glanced at the hundreds of protective shields around him, his heart trembled, and said: "The order must be sent to the Supreme Elder. The Celestial Demon Sect is not infighting!"

"There must be a supreme \*\*\*\* coming!"

"The supreme god?" The twenty elders changed their expressions and said: "You mean, between the good fortune realm and the co-dao realm, there is only one step away, and the accumulation is extremely deep, but there is no old monster of time and space. ?"

Such warriors, such ruthless people!

Generally, they are old monsters who have no background, no backstage, and even unwillingness to do things for the big family!

For tens of thousands of years, they have been promoted to the peak of the Ninth Level of the Hedao Realm. The Five Elements Law has been integrated, but there has been no time and space breakthrough. As a result, their combat effectiveness is much stronger than the new Hedao Realm Nine Heavenly Warrior!

Such warriors!

Also known as the Supreme God!

"If there is a supreme \*\*\*\* coming!"

"Then, the people of the Celestial Demon faction did not die unjustly!" The Twenty Elder immediately ordered the other elders, saying: "Let the order go on, and be prepared at all times to prevent the supreme \*\*\*\* from attacking!"

Immediately, one of the elders facing the surrounding martial artists declared: "The Celestial Demon Sect was attacked by a supreme \*\*\*\* and the faction has been wiped out. For specific matters, we will negotiate with the head of the Celestial Demon Sect after the auction event! "

As soon as this is said!

The entire Heavenly Sword City shook!

"The Heavenly Demon Sect, this is not an ordinary little sect, I heard that he is a sect that is very close to the middle power!"

"But in the Heavenly Sword City, he was overwhelmed by the prince of the gods, and was an act of destroying faction!"

"I'll go back quickly and reinforce the protective cover. When the auction is over, I will immediately notify the martial artists who stayed behind to meet us!"

Many warriors talked a lot, and hurriedly fled and returned to their homes!

Some casual cultivators, I don't know if it was joy or sorrow, but they wandered around, and they all began to look for single warriors to attack. At this moment, the existence of law enforcement seemed extremely small. Originally, it was through the power of the great elder of the good fortune realm, plus the law enforcement. His own strength is superb, and he can also deter the hundreds of factions and casual cultivators here!

did not expect!

On the seventh day, a young man with a mask came out and slaughtered 100,000 law enforcement officers in a rage!

On the eighth day, the Celestial Demon Sect was annihilated, and a demon monarch in the door blew himself up. He was obviously extremely sad and indignant before his death. The bodies of the other five were gone.

Two major events in a row have weakened the authority of law enforcement officials infinitely!

In the Dugu Family, many elders were very hesitant to see this in front of them!

"Let's report to the Supreme Elder first!"

"The Supreme God has appeared!" The Fourteen Elder sighed and said: "Although the ancestor can kill the Supreme God, but the Supreme God of my Dugu family has fallen too much in the past years, even if the Eight Elders were the Supreme God in the past, I fell down!"

After that, several elders went straight to the retreat of the Supreme Elder, to report, and at the same time request instructions!

The Dugu Family can be considered troubled!

Originally forty or fifty Hedao gods, sitting in the audience, and then uniting the five forces to crush hundreds of inferior sects, the problem was not big, but before it started, the sword was not lit, so Ye Chen interrupted Now, three more Hedao elders were killed, not to mention how unlucky!

The Dugu Family is in action!

In addition, some people are also thinking and acting!

In Tianyue Pavilion, Bai Lixue looked a little hesitant, staring at the tragic situation of the Demon Sect simulated in front of him, a little surprised, and said: "I feel so, this technique seems to be the power of destruction!"

"It also seems to have the power of extinguishment, and the traces of the immortal sword intent!"

"Could it really be Ye Chen?"

I have to say that this young lady of the Baili family is not only inherently smart, but also has the ability to remember!

Ye Chen has used the moves, even if it is the used weapons, the scars and the remaining strength are left. After seeing it once, she can never forget it. No matter how bad it is, she will have a big impression, so she will see it for the first time. , I thought Ye Chen did it!

"Miss!"

"Are you sure that someone from Ye Chen did it?"

"I see this trace..." The elder of the Baili family thought: "The shot was very decisive, but at least it was caused by three Hedao gods and one disciple... Most of the shots were killed by that disciple, and The skill is far from Ye Chen!"

"As for the three gods of the Harmony Realm!"

"It should be a law protector!"

Ye Chen?

Now at most you enter the Divine Realm, how can it be possible to kill the Hunyuan Realm and the Divine King Realm, like butchering chickens and ducks?

Could it be possible that Ye Chen burst out his hole cards and burst out his whole body strength without needing to recover?

The elders of the Baili family didn't think Ye Chen did it at all.

"People of the same school!"

"All cultivate the power of extinguishment, the power of destruction, and the immortal sword!"

"The three powers seem to be the standard equipment for their disciples..." The elder couldn't say anymore, and his face was flushed. Whose disciple will cultivate the power of destruction and the power of destruction, these two incomparable laws. Power as standard?

The three top families can't do it!

What kind of top school is it that can cultivate this kind of disciple!

However, the elder beside him smiled and said, "This school must be a hermit school, and only the upper-class schools are qualified to know about it. Otherwise, how could such an elite disciple be cultivated!"

"Let's not worry!"

"This time, the Taishang Qichang is here, and there is no fear of the super god!"

"Okay!" Bai Lixue walked around with anxiety!

...

Tianjian City a mountainside.

An old man in ragged clothes, with a big knife on his shoulders, pouring wine, drinking and eating a large piece of monster meat, looks extremely enjoyable!

On the side, a kind of butcher came, sat down with the old man, and the two had a drink!

It is a tacit understanding.

"Two inferior people!"

"Who allowed you to drink here?"

"I'm not here to knock my head?" I don't know who's the dude, pointing to the nose of the two of them, and cursing, there are also several Hunyuan Venerables standing beside them, looking at their origins!

Right now!

The beggar-like old man turned his head, his pupils bloomed with bleeding light, and an invisible pressure was compressed from all over the world. With the bursting sound, the daddy and the Hunyuan Realm protector turned into a pool of blood!

Chapter 1642: Chaos!

God King Realm Dandy!

The protector of Hunyuan Realm!

In the hands of the old call, it can't resist a look!

"Hey!"

"This blood stains our taste!"

With a wave of his hand, the butcher wiped out the blood from all over the place. He grabbed a piece of fat with his hand and stuffed it directly into his mouth. He said from time to time, "Hey, old fellow, have you noticed? There seems to be someone in the city. The super \*\*\*\* you know!"

"Devil Sect?"

"Hmph, it will be destroyed if you say it, it's so majestic!"

He speaks and does things in a strange way. He looks like a butcher, but he will never be a super \*\*\*\* who is weaker than the old beggar. He is only one step away from the realm of good fortune, and he is the same as the \*\*\*\* of extinction. Peerless master!

Known as the strongest warrior under the Immortal Venerable!

"I always call flowers, just to grab a soldier of time and space to prolong my life!"

"I don't want to fight with those younger generations." The old caller Hua was completely indifferent. "What's more, there are so many time and space soldiers, and they are not one. Let everyone go together. It is not impossible to get it!"

Always call flowers, butcher!

Two super gods who were once famous in the Western Regions, stepped into the nine layers of Hedao Realm for tens of thousands of years!

Especially the old beggars, whose life span has reached 150,000 years, so they have to come and seek a soldier of time and space, otherwise they will die of old age.

"That's true!"

"This cooperation, do you want to call this junior junior?" The butcher was eating meat, and the warriors who came around to disturb them, no matter what the realm, were directly obliterated by his eyes, using the law of time and space, already To the extreme!

Single-eyed!

It's enough to kill!

"The Demon Sect, the eighth-layer heaven of the Hedao Realm is also OK!"

"It's not necessarily that kid, he must be the supreme god. This time, the five old guys here are not more than one, and less than one!" The old calligraphy flower is indifferent, as if he can resist Xianzun so!

This auction event!

Attracted too many warriors, including such a supreme \*\*\*\* to them!

Of course, there is no Immortal Venerable in the Good Fortune Realm. The majority of warriors at this level belong to the major sects. Solo travelers will not dare to mess around at this level, otherwise they will be chased by the three top families jointly publishing a list!

Therefore, it is not only Ye Chen who is thinking about robbing the auction!

And these five super gods!

"That's it!"

"Let's take a look again, if that person is good at fighting, then invite him to invite him in!" The butcher shook his head and started eating meat and drinking!

...

At this moment, Ye Chen naturally didn't know the external situation, even if he knew, it had nothing to do with him.

He is now focusing on the Reincarnation of Gods and Demons!

Wow!

Wow!

Ye Chen's body lingered around his debut, not only recovered from his injuries, but the breath of his body climbed to its peak!

He opened his eyes and stood up, with a grim smile on the corners of his lips, "All the demons are cowards, but this seventh elder is a cruel person!"

"Under the condition that the five demon monarchs of the Heaven Demon Sect have all returned to me!"

"It actually exploded, but I underestimated these demon martial artists!"

With his hands dancing, he quickly arranged the next layer of formations, and then entered the reincarnation cemetery!

Ye Chen's spirit power condensed, and he glanced at the Hunyuan Immortal artifacts and Hedao artifacts all over the reincarnation cemetery, with a smile on his face.

"It's almost done. I ransacked three small sects who wanted to hunt me down, plus five Demon Dao sects, and now we have all the artifacts for setting up the Universe Heavenly Dragon Formation!"

Eight small schools were looted!

The Hunyuan Immortal Tool got close to three hundred handles!

There are a total of thirty-five Hedao artifacts, plus the original one, it is already over fifty!

"Abbot, this time! I also saved more than 20 He Dao gods and more than a hundred Hunyuan realm venerables! Now, should they be arranged for them, or are they lurking around?" Moonlight Buddha asked!

"Abbot!"

"I mind putting them on both sides of the Tianzитай and Dizитай!"

"Even Xuanhuang two auction stations have installed some Hedao gods, I believe they will always think you are just a person!"

Just one person?

This has always been a joke, even if the outside world knows that Ye Chen has a lot of puppets!

However, the outside world never knew that Ye Chen would save him!

Believe that the moment the Dugu family surrounded Ye Chen, it was the time when many Gods of Du Hua appeared!

The power of Ye Chen's soul returns to his body and continues to practice!

Although it is difficult to practice the God and Demon Reincarnation Art, once the practice is successful, the benefits are too great!

...

The auction event has not yet started!

Storm is coming!

In only the seventh day, 100,000 law enforcement officers fell!

On the ninth day, in the morning, the Demon Sect was found to have been destroyed!

Immediately, it was only at noon that there were already many casual martial artists who blatantly attacked martial artists who wanted to participate in the auction, murdered and robbed, for personal gain, and even the law enforcers came and shot them to death, and then escaped!

Gradually, by the afternoon!

The fallen casual repairmen and martial artists are hundreds of thousands of giants. The corpses were returned back if they were claimed, and they were thrown directly into the Royal Beast Pavilion as fodder for the monsters!

"In this Heavenly Sword City, law enforcement is getting weaker and weaker, and the more insecure!"

Bai Lixue let out a long sigh, but sang with Beitang Tianming and the others, checking the outside world from time to time, and from time to time the ears led to the tragic screams of the debut road, as well as the sound of the sword piercing the flesh, and the sound of the king's road cracking!

"From one o'clock noon!"

"It's been four hours now!"

"The sound of God's King's Road cracking, hasn't it stopped?"

He raised his head to look at the sky, and there were huge broken roads across the sky, which had not disappeared for a long time.

night!

A ray of light soared into the sky, defeating the warriors of the Hunyuan realm!

A law of time overflowed, smashing and killing several warriors in the mixed element realm!

All kinds of sword qi, sword qi, spear qi, etc. are overflowing everywhere in Tianjian City, and there are warriors flying in the air everywhere to fight. It is not like the situation a few days ago, but as the law enforcers 'go to law enforcement', they continue. In the case of being killed, the management of Heavenly Sword City is getting weaker and weaker, and there are even some warriors who specifically kill law enforcers for personal gain!

Heavenly Sword City is in the middle!

In the headquarters of the Dugu Family, dozens of Hedao Realm elders, Yukong, stared at the surroundings, but didn't make any moves!

Among them, the ten elders sighed and asked, "Isn't the Supreme Elder still out of the gate?"

"No!"

"Damn it, this Thousand Demon Ginseng is a jerk!"

"These years..." Twenty Elders continued to feel resentful, saying: "Over the years, the Supreme Elder needs to suppress the poisonous gas every ten years. I didn't expect the poisonous gas to erupt so quickly this time!"

"If the elder Taishang comes forward!"

"Why, now He Dao realm gods are fighting in the Yukong, do you really think my Dugu family has no one?"

He questioned the guards of the law, and asked, "What about the other five forces? Let them take action, what about their people? Didn't they all come with a good fortune realm immortal, ten martial artists in the same Dao realm?"

"Why now, no one shot?"

Chapter 1643: Most wanted!

"Let those inferior sects and casual cultivators make trouble?"

"This..." Those law guards can only lower their heads and whisper: "The five major forces say that we have no right to mobilize them. Please discuss with them, and they will help suppress!"

"Asshole!" An elder smashed a mixed-element gold and stone mountain in anger, trembling with anger, and said: "Then, the day after tomorrow is the day when the event is held! What about the treasures of their five major forces? Have you handed it over?"

It's even more difficult for a group of guardians!

The guardian captain said bitterly: "No, the five major forces all said that after the elder Taishang exits, the six factions of good fortune realm Taishang elders will jointly accept and co-chair!"

"Asshole!"

"These bastards!"

"Sit on the mountain and watch the tiger fight?"

Many elders of the Dugu family are filled with indignation!

The five middle-class families, as long as they took action, why would Heavenly Sword City fall into such a chaotic pattern?

The Dugu family is strong, but it all lies in the strength of the weapons. There are not many Hedao realm gods directly under the family. There are a dozen at the headquarters, plus more than 30 external Hedao realm elders!

In the face of any inferior sect, there is an absolute crush!

But in the face of dozens of inferior sects and hundreds of thousands of scattered cultivators making trouble, is this killing or not?

What if they were killed?

At that auction event, most of the treasures don't need to be sold!

If you don't kill!

Keep chaos?

That is more troublesome!

"We won't do anything!"

"Let them make trouble!"

The ten elders had keen eyes and said: "Wait for them to kill, as long as they don't take the initiative to attack the people of my Dugu family, they will kill them, but whoever kills, no matter who it is, send out now and bring its body back!"

Although it is \*\*\*\* the surface!

There are ten thousand unwillings in my heart!

Never hold an auction in your headquarters next time!

Blame the masked young man, not only opened this mouth, but also killed their 100,000 law enforcement officers!

One hundred thousand of the most elite law enforcement officers, and at the same time the main force to maintain the short-term security of Tianjian City, were all slaughtered, hateful!

What is even more hateful is the supreme \*\*\*\* of the Demon Sect this morning!

If it weren't for the destruction of the Demon Sect!

Where are the little sects going crazy!

The situation is gradually uncontrollable, and the Dugu family is simply out of control, let it develop!

The next day, in a stone chamber deep in the Dugu family.

An old man slowly opened his eyes!

It is the Supreme Elder of the Dugu Family who retreats.

With a slight movement of the tip of the elder's nose, he naturally sensed that the entire Heavenly Sword City was filled with thick blood.

"You come in! The auction is coming soon, what happened to the Heavenly Sword City!"

The cold voice resounded.

The door of the stone room opened, and several elders walked in cautiously.

"Thank you, the elder, Heavenly Sword City has something serious these days!"

The elder Taishang frowned slightly: "Tell me everything! Immediately! Immediately!"

Several elders trembled, but they still told everything they knew in their hearts.

It even used secret methods to project some scenes that the elders had never seen.

After watching all this, the elder Taishang fell into a long silence.

"It's strange, it's definitely not that simple!"

"Also, that masked youth is a bit familiar..."

Speaking of this, the elder of the Dugu family hurriedly pinched his fingers, and a drop of blood was forced out.

A few faint blood-colored figures floated unexpectedly!

The first figure was in Ye Chen of the Soul Race!

And the second and the third are the phantoms of the mysterious masked youth and the Demon Sect!

The three figures suddenly coincide!

At this moment, the face of the elder of the Dugu family was completely black!

With a violent shout in the clear sky, he directly slapped the two elders in front of him and shouted angrily: "Where are the three people? Obviously they were all made by the brute Ye Chen! You idiots, actually gave Ye Chen a chance to breathe. !"

boom!

boom! !

Boom! !

The elder of the Dugu Family was so angry that he slapped many Inner Sect elders slap after slap!

"Asshole!"

"A bunch of bastards, great time, you just missed it!"

"Ah... ah, this \*\*\*\* little beast is really lingering!" The elder Tai was so angry that he pointed at the many kneeling elders, and said: "I tell you, yesterday was a kill, or grabbing leaves. Chen's best time, you missed it!"

"Do you blame the five forces sitting on the mountain and watching the tigers fight?"

"This is our own territory. We don't do it ourselves, so why should people do it? You idiots, your gods don't go out to kill the troublemakers, let them go out and kill those warriors, dreaming!"

Useless!

In the first World War, the talents of his Dugu family were all lost!

Otherwise, how could you be the people of these wine sacs and rice bags today, helping the deity take charge of the family!

"Too elder!"

"Not necessarily!" An elder crawled over, with a red palm print on his face, and said: "How could the heavenly demon faction be destroyed in Ye Chen's hands, with six co-dao demon monarchs!"

He scratched his neck and said: "It is impossible to die in Ye Chen's hands! Other gods must have done it!"

"We acted arbitrarily, we are very likely to be ambushed by them!"

"While the other five clans do not take action, we will attack alone, and we are very likely to be defeated and killed!"

Boom! !

boom! !

A crackling sound came out!

The elder Taishang directly squeezed the talking elder on the third layer of the Hedao realm to death, and his aura completely bloomed, like the tide of the sea, the Hedao God Lord who was pressing down on the scene quickly knelt down, daring not to be undaunted.

He waved his hand to wipe away the fragments of the elder, and said coldly: "You still don't understand?"

"How much the deity value Ye Chen, but you have despised the enemy again and again! I warn you, Ye Chen must not be underestimated, the seventh sub-rudder of the soul race has been destroyed in his hands, and he wants to destroy a demon. Pie, easy!"

The elder Taishang is veteran and smart, and he can see the crux of the matter at a glance!

The ultimate god!

Each one is a soldier to grab time and space!

How could it be possible to do something against the demons!

At best, there are some artifacts in the Heavenly Demon Sect There are absolutely no time and space soldiers, and they will not be noticed by the super god! Even if it is a newly promoted deciding \*\*\*\* who wants to become famous, he will never choose the Demon Sect!

After the faction will not be destroyed!

Not even a name!

Therefore, it is definitely not the work of the absolute gods, and it will not be the hands of the five major forces!

The only possibility is Ye Chen!

Only Ye Chen had this ability and courage to do it!

"Pass the order!"

"List Ye Chen as the top most wanted order!"

"Thirteen elders, please personally investigate the ins and outs of Ye Chen's entry into the city, destroying the Tianxiang Pavilion, and then disappearing!" The Supreme Elder looked at the other elders angrily, and said: "The rest of the elders have their own orders. Send the head in person here!"

Chapter 1644: Yama!

"If you don't come!"

"No matter what the status, what the reason!"

"My Dugu Family, exterminate it and send it to extinction, the reign of Heavenly Sword City is not impossible!"

"But not now!" He haunted his \*\*\*\* killing intent and said: "Everyone in the Dugu family listens to the orders. After all the sect leaders are gathered, the deity will hold a meeting!"

"The conference is over!"

"The warriors who are still fighting, regardless of their status, kill them directly!"

overbearing!

Absolutely overbearing!

If you don't come, no matter who you are, you belong to the middle school!

I want to kill, not only to kill, but also to destroy your school and your seed!

The Dugu Family, the only immortal powerhouse in the headquarters, bloomed with the courage and dominance that he should have. With his combat power, even if three hundred sects gather, as long as there are no more than ten Supreme Gods, and no time and space in hand Soldiers, he can spend a lot of time and kill them one by one!

Xianzun!

Ten thousand immortals are supreme, above the gods!

Killing the gods, but just waving!

"understand!"

"I quickly issued a wanted order and investigated the whole situation!" The Thirteenth Elder immediately got up and went to investigate!

The elders of Qiyu all clasped their fists and stood up, saying: "Taily elder, I will go right away!"

Immediately, a large number of elders of the Hedao Realm left each to inform the heads of the various factions!

Sitting in the middle hall, the elder Taishang was a bit entangled in his heart. Perhaps the auction event should not be placed in the headquarters, but if it is not particularly familiar to other places, it will be attacked by the supreme god!

Calculate it!

Or headquarters is the most suitable!

According to the original plan, before the start of the auction event, one hundred thousand elite law enforcement officers led more than one million law enforcement officers to maintain law and order!

What's more, there are close to 30 He Dao gods, 500 Hunyuan realm Venerables, and even the gods and Venerables of the other five powers to maintain safety, so as not to cause stormy conditions and cause the auction to not start. It evolved into a big fight!

result!

On the seventh day, Ye Chen came!

First destroy the Tianxiang Pavilion and the 100,000 law enforcement officers, and give the Supreme Elder a prestige!

It directly frustrated the faith of law enforcement officials and many Hedao Gods!

On the eighth day, destroy the demons!

It even destroyed the elders of the Dao Stage in the Dugu family. His desire to make a move was regarded as a supreme god. He was afraid of being killed, and he actually shrank in the headquarters one by one. Waiting until the early morning of the ninth day, the Supreme Elder came out. Report all this when it is closed!

"Ye Chen!"

"This child's behavior looks messy and seems to be messing around!"

"But there are subtleties everywhere!"

"Snake hits seven inches, the first day I hit seven inches..." The elder sighed and thought: "The next day, I hit the snake's head, causing a group of dogs to besiege the snake, and then hid myself. It's a plan!"

"but....."

"Ye Chen is here for what?"

"A simple treasure? Hedao artifact? He has no shortage!"

"The soldier of time and space, he also has it!"

"Then why is he?" The elder Taishang suddenly fell into a bewilderment. He glanced at the clerk Xiaoyu who was pressed by the thirteen elders to receive Ye Chen and asked: "Is this the person who served Ye Chen first?"

"Yes, too elder!"

"Speak!" Thirteen elders yelled, endless pressure surged, and Xiao Yu's expression changed!

The elder Taishang waved his hand and said: "Don't worry, although it's just an ordinary person, it's enough to have this medium. Press it down, and wait for Ye Chen to come out tomorrow. Now, the deity wants to manage the \*\*\*\* storm of Heavenly Sword City!"

medium!

Light rain!

Although only a medium, he understands Ye Chen!

Since the fall of Dugu Fengchen, Dugu Family has been investigating all the information of Ye Chen!

They knew very well that Ye Chen was decisive, but he was not a villain!

If you know that innocent people are humiliated because of him, or die because of him, it will definitely affect Dao Xin! It affects his way of killing even more!

How many years the elder Taishang has lived, he knows human nature well.

He wanted to see Xiao Yu being insulted, and playing a lively \*\*\*\* palace in front of hundreds of thousands of people!

That murderous Ye Chen!

Dare to come out!

See if Ye Chen can bear it, the people who helped you have died tragically under the eyes of hundreds of thousands, and they will endure countless insults and tortures before death!

"understood!"

"Ye Chen, this little bastard, as long as he comes out, he will definitely die!"

The thirteen elders pressed Xiao Yu down, but this was their big killer against Ye Chen, as to hide their face?

Tomorrow's matter!

Who dares to insult the Dugu family half a word, kill!

No matter who it is, kill them, even the members of the Holy Dragon family will not be so boring, to provoke a middle-class family for one sentence!

"Report!"

"The head of Xuantian Sect is here!"

The guards of the God King Realm came forward to report.

Immediately afterwards, one by one guards rushed in and reported to the pavilion master of the various factions that had arrived.

"Report!"

"The head of Tianyin faction is here!"

"Unlimited send too the elder to come!"

"Tianyang Pavilion Supreme Elder is here!"

"Tianyang Pavilion Supreme Elder..."

"Wangdao faction..."

"Xuanshui..."

"day....."

One after another, the names of hundreds of sects resounded in the hall!

There are a total of two hundred and thirty-seven small sects. Some are under the Dugu family, some are under the palace of the evil demon, and there are also sects under the middle forces such as the Baili family and the Fire Sect. Lead the team here!

The leader of the lesser half sect is in the early stage of Hedao Realm!

Other sects, most of the team leaders, are in the late stage or middle stage of the Hunyuan realm, and the level is the same as the original Golden Sword. Tao artifact!

Or maybe it is to sell superfluous and unused Hedao artifacts in exchange for a large number of Hunyuan Immortal artifacts to increase combat power to prevent accidents!

The elder Taishang glanced over these people now. The expression was extremely cold, like a king in the ice palace, and said: "The elder of the Tiger Blade Pavilion, the head of the Qiankun School, the head of the Jade Emperor... ..Wait, there are fifteen heads of power and the elders, why not?"

"This....."

"Elder Tai, when I am waiting to rush away! The protective shields of those sects have not been opened!" A Hunyuan realm guardian said with his fists, "It seems that they have not received our order inside!"

As soon as this is said!

The elder Taishang's expression changed drastically, and he quickly ordered: "Quickly, go and see these fifteen little schools. What happened?"

"Yes!"

Several elders and others quickly stepped out!

Soon, the fourteenth elder returned with an extremely bad look, and sighed: "The Jade Emperor faction I broke through and found inside, none of them survived... In addition, in the most eye-catching courtyard, Jianfeng carved some characters! "

"Content!" Taishang Elder's breath is extremely cold!

Chapter 1645: Want all!

The fourteenth elder slowly replied: "The content is...Jade Emperor Sect. Three hundred years ago, dozens of villages were slaughtered. One hundred and fifty years ago, one town was destroyed and a million innocent creatures were slaughtered... Seven years ago, Destroy seven villages and slay 70,000 people... The law of heaven is clear, the retribution is unhappy, and the words are left—the King of Yama!"

Yama!

Ye Chen left the word Yama, not only to destroy the faction!

Before destroying the faction, I investigated the faction, whether it should be destroyed!

If it should be exterminated, Ye Chen will definitely try his best to exterminate the Qimen faction and transform its head. If it should not be exterminated, he will not do it. He asks himself to kill, but he is not a butcher who doesn't care about anything!

"Damn it!"

"Dare to call the King of Yama!"

The elder Taishang was so angry that he blew his beard and stared, and asked, "Where is the Jade Emperor Sect's He Dao artifact?"

"The Jade Emperor Sect is the seventh minor sect under my Linghu family!"

"There should be a few Hedao artifacts!"

"Yes, but they were all taken away!"

Hearing the reply from the Fourteenth Elder, the Supreme Elder suddenly felt that he had asked for nothing!

Soon, another elder rushed back and said with a fist: "I went to the Qiankun Sect, but there was no response inside. I broke through the protective shield and found that no one survived inside. The courtyard was carved with handwriting. It is the deeds of Qiankun Sect in the butcher village over the years, and keep the words-Yan Wang!

"Report!"

"Elder Taishang, the Tiger Blade Pavilion has been annihilated, and there is nothing alive. There is the handwriting of Tiger Blade Pavilion that has done evil over the years, and the word Hell!!!"

"Elder Supreme, the Heavenly Sword Gate was destroyed, and none of them survived..."

"The Willow Gate was destroyed, and none of them survived..."

"The Kuangfeng Pavilion was destroyed, and none of them survived..."

"day....."

.....

One after another!

News from fifteen schools!

The fifteen sects were all destroyed, and all of them were dead. They all left words to explain the crimes of the destroyed sects, and at the same time left the words Hades!

Suddenly, the two to three hundred heads of the hall, the Supreme Elder, and so on, were all in danger, and all of them rioted!

Fifteen schools!

There are thirty Hedao gods together, right?

Between two days!

It was broken one by one!

Up to the Hedao state, down to the God state!

No one is alive! Ye Chen, you can be called a devil!

"Too elder!"

"I want to go back and sit in the sect!"

"Elder Too!" Some heads asked for instructions and said: "I want to entrust the immortal artifacts to be traded to you in advance. You pay me the bill, and I will leave soon!"

"exactly!"

"Elder Tai, I will give you the fairy weapon soon!"

"You give us what we want, we have to leave as soon as possible, it is too dangerous here!"

"The elder too..."

"Dugu Madam..."

Many heads and elders yelled!

Ye Chen can destroy seven or eight schools in one day, and fifteen schools in two days. Maybe tonight, it will be about them, how can he not be afraid? How can you not be afraid? Not a desperado, how could he not be afraid!

"To shut up!"

"Whoever dares to speak half a word, the deity will destroy him!"

The elder screamed angrily, shaking more than two hundred leaders of various factions in the Dao and Hunyuan realms trembling, and some even knelt down without the pressure!

He walked off the platform personally, his eyes were extremely cold, and he said, "Ye Chen, Ye Chen!"

"Ye Chen! The deity just wanted to control the riot!"

"You sent me such a big gift!"

"You are fine, I underestimated you!"

He turned to look at the many heads and elders, and said boldly: "Okay, I promise your request, but the auction will be advanced to tonight, and you will trade in advance!"

The elder too, is it possible to agree to hundreds of small sects to leave at the same time?

What a joke!

These small sects add up, and even the background of his Dugu Family can't be compared!

When the storm is over again, when the chaos is happening, it is necessary to sell a large amount of the Dugu family's various immortal materials and medicinal materials that have been accumulated for many years to them. The slightly intermediate fairy materials must be exchanged with the five major forces for trading. How can they be allowed Leave!

"The auction event!"

"Must do!"

"Masters, it will be held tonight, you don't have to be afraid!"

The elder Taishang turned to look at the thirteen elders and others, saying: "If the order is passed down, all the elders in the family, their law protectors, and law enforcement officers will be dispatched. The deity will have no more murders in Heavenly Sword City within an hour!"

"Even if it's the ultimate god!"

"The deity will kill him himself!"

"As for the masters of the sects, the protective cover does not need to be opened, or someone would be killed inside, we don't know!"

"Obviously, the elders too!" The thirteen elders and the others quickly removed them vigorously, mobilizing all the staff of the Dugu family, and completely quelling the riot caused by Ye Chen!

Only calm down!

The auction event can only continue!

And the auction cannot be interrupted, only in advance!

This time!

The Dugu family dominates the auction!

Even if everything in the family doesn't make money, you can earn back a huge amount of money equivalent to one or two space-time soldiers by relying on fees alone, and then make some transactions with the Sacred Dragon family. In short, the Dugu family anyway, Will not lose!

"Masters, leave!"

"Of course, you can ask your subordinates and their followers to come here!"

"The deity's people can protect you, or send someone to send you directly to the venue!" The elder Taishang looked at the guardian on the side and said; "The venue is warming up and ready to welcome all major forces and casual practitioners!"

"Understand!" The law protector took the order and executed it in accordance with the pre-set conditions, but it was only a day earlier!

Seeing this, hundreds of heads and elders could only go to the venue in advance!

...

On the streets, in the sky, there are Venerable Hunyuan Realm of the Dugu Family, and a godlike monarch, who are killing them and arresting them for casual repairs!

puff! !

A sword surged into the sky!

A Venerable Hunyuan Realm has fallen, that's a messy random repair!

Boom! !

One after another, the loose repair corpses that messed up the Hunyuan realm fell down like dumplings!

Not only the Dugu family, but the other five forces of Hedao Gods and Venerable Hunyuan Realm also took action one after another, all to calm the riots and make casual repairs!

Ye Chen sat in a teahouse looking at the corpses falling down in the sky, a wicked smile was drawn on the corner of his lips, and he said, "Old guy, just reacted?"

"The six powers of Hedao Gods will take action together!"

"The riots must be calmed down!"

"It seems that it is not easy to catch fish in troubled waters. At this time, the power of casual repair has greatly weakened. When the time comes to rob the soldiers of time and space, there will only be the supreme god, when I am covering!"

"Butcher!"

"Beggar!"

He tapped his fingers on the desktop with rhythmic rhythm, thinking about something!

Just now, two supreme gods invited themselves to grab the soldiers of time and space together!

After agreeing to get things done, give yourself a soldier of time and space!

However, does Ye Chen only need one handle?

He wants it all!

Chapter 1646: Turn it on!

and!

The five supreme gods do not know his true identity!

Just knowing that their code name "Hades" is like their code name, "Butcher"!

"Listen, everyone in Heavenly Sword City!"

"The auction event will be held at nine o'clock tonight!"

"Every powerful warrior, casual repair, you can already buy tickets to enter the venue!"

A Hedao \*\*\*\* shouted in the sky, using the voice blessed by the power of the soul to ensure that every creature can hear clearly!

The auction event was held ahead of schedule!

It is not just the meaning of the elders of the Dugu Family!

At the same time, it is also the meaning of the other five forces. It is better to hold it in advance than to go through another night of wind and rain!

"Oh, the auction event is held!"

"Let's buy a magical king's tool!"

"I heard that this time, the value of the purchase is very cheap!"

"Hunyuan immortal artifacts seem to be the same, only the corresponding immortal materials are needed to exchange them, let's go to the yellow character station to participate..."

...

A lot of comments from the warriors came around!

Ye Chen took a deep breath, staring at the information obtained in his hand, the four platforms of Heaven, Earth, Xuanhuang!

In fact, Huangzitai and Xuanzitai are only auctioning some Hunyuan Immortal artifacts, plus dozens of Hedao artifacts. They are all auction houses for casual repairs. After the auction, other immortal artifacts will be sold publicly. The school does business with them!

The real auction sites are the Tianzitai and the Dizitai!

The floor of the earth, the auction houses of small sects and middle-class families, all auctioned are all kinds of immortal medicines, immortal materials such as star stones and other treasures! And a large number of transactions for the gods, the Hunyuan Immortal and Hedao artifacts!

Tianzitai, the most brilliant auction platform!

The six middle-level forces and the guardians of the Holy Dragon Family and the Shenlong Family will auction each other and exchange treasures with each other!

The most complete and precious places with treasures are all on the Tianzi Platform, and the young masters and princesses of the six middle-level clan denominations, even Hedao elders, good luck immortals, etc., will also gather once!

"Little Er, check out!"

Ye Chen threw down a few top-grade immortal stones and walked to the street. He glanced at a few people with very strange expressions. He nodded slightly and walked in different directions! These people are He Dao gods and Hunyuan Xianzun who were saved by others!

He doesn't just want to grab Tianzitai!

Still have to grab the land!

And the lair of the Dugu family!

With his current strength, doing such a thing, once it succeeds, even the entire Lingwu Continent will shake!

Ye Chen spent a divine king's tool and bought a martial art that entered the Tianzитай auction site. When he walked in, he found that the auction site is not large, that is, the scale of a football field is much smaller than other auction sites. Up!

It's not just the eight clans who come here!

There are also some solo travelers, casual cultivators, etc., counting down to about 10,000 people!

In the venue of nearly 10,000 people, only 30% of the people belong to the big family sect. The others are the families in some areas. They are very financially powerful. Of course, there are also solo travelers. Those who really have the financial resources to buy, there are also people like Ye Chen is such a supreme \*\*\*\* with the idea of grabbing the auction!

Compared to the other three venues, the number of people in the Tianzитай venue is already the least!

Nearly 150,000 people in the ground floor venue!

Millions of people in Xuanzитай!

The Huangzитай is not closed at all. It is open-air, and almost tens of millions of people have come to participate. Anyone who has the financial and strength can be auctioned, and they can trade the gods and immortals!

"Everyone!"

"Welcome to the Tianzитай venue, this auction event was held by the guardians of the six middle-class clans and two top families!"

"Not much to say, just start entering the first auction!" The auctioneer is an old man, unlike the other three venues, which are all hosted by women raised by the Dugu family!

"The first treasure!"

"A special Hedao artifact, a three-rank Hedao artifact with thunder attributes!"

"It's called Tianyue Knife. It was used by Tianxiyue, a generation of swordsman four thousand years ago. After the swordsman fell on his way to the demon realm, it was collected by the elder of the evil demon palace, and it was specially taken out for auction today. It is the first auction treasure!"

The auctioneer ordered someone to present a long knife that was whitish and circulated in thunder, and continued to introduce: "This knife has the ability to call thunder, and it is also mixed with the swordsman's ice and snow technique of the year, and it also calls thunder and frost!"

"Starting price!"

"Hundred handles, Nine-Rank Divine King Tool!"

"Please note that every time you increase the price, you will use the Ninth-Rank Divine King Artifact or the Ninth-Rank Mixed Yuan Immortal Artifact. As data, the price increase of the Divine King Artifact shall not be less than ten handles, and the price increase of the Mixed Yuan Immortal Arti handle!"

Almost equivalent to exchanging goods!

It is actually the best immortal stone of Lingwu Continent, for them, it has rarely worked!

Only when the immortal artifacts and king artifacts are auctioned, will the best immortal stones be used. For example, the auctions of Hunyuan immortal artifacts and Hedao artifacts all use the nine-tier artifacts as the transaction currency!

The elder of the evil demon palace made a bid: "Three-hundred-handed Nine-Rank artifact!"

"Four hundred Handle Nine-Rank Divine King Tool!" The Baili Family also bid!

"Five-hundred-handed Nine-Rank Divine King Tool!"

"Six hundred handles..."

"Six hundred and seventy handles..."

"Seven hundred handles..."

...

"Three handles and nine-tier mixed yuan immortal artifact!"

"Five handles..."

"Seven handles..."

The data is still growing upwards. After removing the bids from the Fierce Demon Palace and the Baili Family, the others are all casual repairs, and some sects are bidding!

One hundred nine-tier \*\*\*\* artifacts, equivalent to a nine-tier mixed element immortal artifact!

The value of the three-rank amalgamation artifact is about between twenty and thirty nine-rank Hunyuan Immortal artifacts, but it is a special blending artifact that can't be refined and can only be reduced by half, which is only equivalent to the fifteen-pins for the nine-rank Hunyuan artifact. The value of Yuan Xianqi!

Ye Chen didn't bid, just glanced lightly across everyone.

Except for the private rooms of the eight major clans, among the people sitting outside, he had already seen the butcher, the old beggar, and others.

"Boy!"

"Don't worry!"

"When they finish paying the price both parties will take out everything, when we are ready to trade, let's do it again!"

"Good stuff, it's still behind!" The butcher transmitted to Ye Chen. He couldn't understand Ye Chen's cultivation base and identity, but he felt Ye Chen's spirit power, something special, so he recognized Ye Chen!

"it is good!"

"What I want, don't bid for it!" Ye Chen told them, his eyes turned to the Dugu Family Headquarters, his heart smiled slightly, all the Hedao Gods of the Dugu Family came out, there were not many people in the headquarters!

"it is good!"

"Sixteen Handle Nine Stage Mixed Yuan Immortal Artifact three times!"

"This Heavenly Moon Knife belongs to Lord Mochizuki!"

As soon as the auctioneer's voice fell, the loose repair \*\*\*\* immediately took out the corresponding 16-handle 9-rank Hunyuan Immortal artifact from the Qiankun ring, and handed it to the auctioneer. After the end, he can get the third-rank combined Dao artifact Tianyue Sword. !

Chapter 1647: The show begins!

Compared to Hedao God!

No amount of Hunyuan Immortal artifacts are as powerful as Hedao artifacts!

As a result, He Dao Shenjun has a strong combat power. When it is very likely to fight, the Hunyuan Immortal Weapon cannot withstand their own power. Without being interrupted by the enemy's weapon, they are crushed by themselves, which is not worth it!

It is quite easy for a solo traveler like him to rob a few small schools, sixteen nine-pin mixed yuan immortal artifacts!

"Ahem!"

"Everyone, the second auction item, one thousand gold stars!"

"It is a good treasure for refining the soldiers of time and space. It comes from the Dugu family. The starting price is ten mixed fairy artifacts!" As soon as the auctioneer's voice fell, the following major forces had already bid, especially the Baili family and Beili. Don't wait!

They are very short of time and space soldiers!

They are not like the Dugu Family. The Space-Time Soldiers have extras, but they are not used by the elders of the Nine-tier Heaven in the Affinity Realm!

"Thirty Nine-Rank Mixed Yuan Immortal Artifacts!"

"Forty handles..."

"Seventy handles..."

"Eighty handles..."

Soon, the price will exceed one hundred nine-pin mixed fairy artifacts!

The main material for refining space-time soldiers is that dozens of Hedao artifacts are difficult to exchange, and the price will increase a lot. One hundred Ninth-Rank Hunyuan Immortal artifacts are almost equivalent to a Ninth-Rank artifact. The price of Hedao artifact!

Estimated!

There is no bid for a three-five-handed Nine-Rank Hedao artifact!

This piece of golden star stone will not be easily photographed!

"This time, the Dugu Family has made a lot of money!"

"Nine-Rank Hunyuan Immortal Artifacts are sold everywhere..." Ye Chen was drooling when he looked at him. So many Hunyuan Immortal Artifacts, not Dabai Tofu, were actually used as the main material for refining Space-Time Soldiers. Bid at all costs!

But the happier the big families bid!

Ye Chen is happier!

In the end, it was all his!

In the private room, the elder of the Dugu family nodded in satisfaction, and said: "A thousand-gold star stone has harvested three Hedao artifacts, yes, yes, in the next few years, the number of Hedao gods in our Dugu family will skyrocket!"

"correct!"

"Take advantage of this time period, bring Thousand Demon Ginseng up to see if anyone bids!"

"Yes, Supreme Elder!" The Twelve Elders paused for a moment and asked, "Elder, what should Ye Chen do?"

"Not in a hurry!"

"When the auction is over, the deity is forcing him to come out!" The elder too was full of interest and said to himself: "With so much harvest, maybe the deity can also exchange a million years of cold. The ice grass has removed the acquired poison from the body!"

Acquired poison!

Originated from Thousand Demon Ginseng, the owner of Thousand Demon Ginseng is the original Thousand Poison Evil God!

Fortunately, the Thousand Poison Evil God has fallen, otherwise this Lingwu Continent will be a bloodbath after another!

The great elder of the Dugu family deeply touched the power of acquired poison!

Even the one or two thousand years he himself suppressed can only delay the toxicity, and even gradually weaken the toxicity, but cannot completely eradicate the toxicity. Then the Thousand Demon Ginseng, which is contaminated with a large amount of acquired poison, should be extremely changed in this situation. Use it!

Just ask!

Even Xianzun can be poisoned, even the acquired poison can be poisoned!

Which force would not want it?

Perhaps before, which one was useless, and it was impossible to use it to deal with the betrayed Immortal Venerable, which caused the war of extermination, but now it is different, the Demon Realm is dangerous, internal waves are everywhere, undercurrents are surging, and more and more dangers Emerged!

"Everyone!"

"The third auction item is a shocking item called Thousand Demon Ginseng!"

"It is the thing of the Thousand Poisonous God that fell in the past years. It was personally retrieved by the Taishang elder of the Dugu family, and maintained that the Taishang elder was poisoned for many years. It was not until five hundred years ago that the poison was cured!" I will spread the poisoning of my own elders!

He stretched out his hand to indicate to the side, a black ginseng wrapped in a brocade box, the ginseng flowing up and down the simple magical energy, and even drips of acquired poison, appeared, "Among the thousand demon ginseng, there is a famous acquired Poison!"

"This poison!"

"Use it well, you can poison Immortal Venerable!"

"Under the Immortal Venerable, anyone can be poisoned!"

"I believe you must have a sexual interest, and the starting price is ten pieces of nine-piece mixed fairy artifacts!"

The voice fell off!

Ye Chen in the audience was so excited that his eyes were a little hot!

He came to Sky Sword City with all his hardships just for this Thousand Demon Ginseng!

This is the key to awakening Ji Lin!

It is the key to Ji Lin's blood awakening!

During those five years, Ji Lin and Ji Siqing helped him countless times!

This love, Ye Chen is destined to never end in a lifetime!

Ye Chen forcibly calmed down, sensing everything around him.

However, the strange thing is that there is no such thing as scrambling to bid!

It seems that the major forces don't want the Thousand Demon Ginseng. This Thousand Demon Ginseng is nice to say, it can poison the Immortal Venerable, but in fact it will poison its own people if it is not well preserved, or it is better not to contaminate it!

Someday the butchers, the old beggars and other superb gods did not say anything!

The Supreme Elder of the Dugu family was a little bit disappointed, and sighed: "Hey, I didn't expect that there was still no one bidding!"

at this time! Abnormal protrusion!

"I have twelve Hunyuan Immortal artifacts!"

This voice shocked everyone!

Including Ye Chen, even if Ye Chen wanted to get Thousand Demon Ginseng, he did not bid at this time because it was too dangerous!

Ye Chen looked at the source of the sound and found that it was a young man who also wore a mask. He couldn't help but wondered: "Is there anyone who wants the acquired poison in Thousand Demon Ginseng? Or, that person is a poisonous person. ?"

"Poisonous people, so courageous?"

"A few years ago, I poisoned so many gods in the Dugu family, but now dare to come over?"

When Ye Chen was puzzled, everyone around was staring at him, but he didn't make the young man feel any discomfort!

"Twelve-handed Hunyuan fairy artifact, once!"

"Twelve-handed Hunyuan fairy artifact, twice!"

The auctioneer talked about the bid price over and over again, and every time he said it, his mind was trembling. This place is being sold at such a low price.

"Twelve Hunyuan Immortal Artifacts, three times!"

"Success, Thousand Poison Ginseng belongs to this young man!"

After the auctioneer finished speaking, he broke into a cold sweat!

In the private room, the elder Taishang stared at the masked young man, his eyes sharpened, and he thought carefully: "This kid, something is wrong!"

"Thousand Demon Ginseng!"

"Even the seven martial arts families did not bid!"

"Even Sanxiu and Supreme God Lord did not bid but he did!"

He took a deep breath, and said: "Several elders, go and show me this person, right!"

He stopped the two inner door elders, and immediately said: "Bring the female store manager of the inn, it's time for the live eroticism palace to be staged, otherwise, the little beast Ye Chen will run away with the Thousand Demon Ginseng later!"

The Supreme Elder does not care about the true identity of the masked youth.

In his opinion, everything is going according to plan!

The corner of his mouth outlines a successful smile. He believes that it will not be long before the Dugu Family will slay this young man who has made countless forces in the Western Regions nightmare in front of everyone!

The show begins!

Chapter 1648:

Not long.

The elder of the Dugu family appeared on the stage.

With his hands behind him, he glanced at the masked young man who had photographed the Thousand Demon Ginseng, and then his eyes fell on everyone!

"Ahem!"

"Dear elders of sects, young masters, princesses, casual cultivators, and the superb gods hidden in secret!"

"The old man will come out and say something, don't get in the way!" The breath of the elder Taishang burst out like deep sea waves, and it made it extremely difficult for everyone to breathe!

The masked young man frowned, and deliberately imitated the rough voice falling: "I took something, shouldn't it be given to me first?"

The elder Taishang smiled slightly: "No hurry, there is a free drama at this auction. It is a gift for everyone."

Although the masked young man was a little unhappy, he still waited for the follow-up of the elder of Dugu's family.

seems to feel that the fish has taken the bait, and the coercion of the elders continues to strengthen!

"Xianzun Powerful!" Bai Lixue, who was sitting not far away, was holding his chest, feeling like a big rock pressing on him!

This feeling is terrible!

Corresponding!

The son of the Beitang family and His Royal Highness Nine Nine were all lying on the table one after another, breathing extremely difficult!

They wanted to resist, but found that their strength was not enough!

This is a strong immortal!

Who can resist the coercion!

The other Hunyuan Protector, Hedao elders, etc., are all as if they are facing an enemy, staring at the Supreme Elder of the Dugu Family, a sense of fear rises in their heart, and the breath alone is enough to suppress them, let alone a real shot!

The sidelines of the Holy Dragon Family and the Shenlong Family!

The two guardians of the same Dao state gently took out a treasure, blocking the coercion!

But other casual cultivators have no such good luck. One by one, the crushed servants rushed to the ground, afraid to move. This coercion is too powerful!

Ye Chen naturally felt the endless pressure from the elder of the Dugu family.

There were cracks in the ground under his feet.

Like a huge mountain on his shoulders, he pressed down!

"This person's strength is probably not weaker than Lingyun."

Ye Chen murmured, running the reincarnation of the gods and demons at will!

wanted to resist, but found that the pressure that had made him so uncomfortable had gradually reduced!

Ok?

Is this the power of God and Demon Reincarnation Technique?

Can you resist the coercion of some strong people?

Ye Chen glanced at the people around him, but found that everyone's expression was full of difficulties and pain.

At this moment, a cold voice sounded in the crowd!

"Scatter!"

I saw, the supreme elder of the Baili family yelled, his own coercion burst out, dispelling the immortal coercion of his clan, and then said: "Old fellow of the Dugu family, what are you going to do?"

"Open!"

"Exit!"

"Drive!"

"Broken!"

Immediately afterwards, four violent shouts came out!

The elders of the Immortal Venerable Realm of the four major forces of Linghu Family, Beitang Family, Fierce Demon Palace, and Blazing Fire Sect, all shouted violently, exposing their own coercion, and dispelling the Dugu Family for their own disciples. The coercion of the elders!

The coercion of casual repair is even more serious!

But no one dared to say a word, otherwise the coercion would be more serious, and even some Hunyuan realm's casual repairs were about to be pressured!

The head of a small sect was also panting, unable to speak.

"You old guys!"

"Don't worry!"

"Where is the old man, I want to invite you to watch a scene!" The elder too, staring at the masked youth who had just photographed the Thousand Demon Ginseng, smiled slightly and said, "Ye Chen, are you in such a hurry?"

"Do you know?"

"Who is Ye Chen?"

"That's a little demon from an extraordinary origin. Relying on some \*\*\*\* luck, it wiped out the seventh rudder of the Soul Palace, and even linked the Beigong family, killed Soul Miesheng, and obtained many artifacts and A soldier of time and space!"

"Now, this little beast has come to our Heavenly Sword City!"

"He is very powerful. On the first day he came, he wiped out the 100,000 law enforcement officers of my Dugu Family, and the three Hedao Gods!"

"Even seven small schools were wiped out overnight!"

"The next day, eight sects were wiped out and a lot of Hedao artifacts were robbed!" He looked at the masked youth and said, "I'm right, Ye Chen!"

At this moment, countless eyes fell on the young man who photographed the Thousand Demon Ginseng!

Bai Lixue and even the others who knew Ye Chen opened their mouths completely!

horrified to the extreme!

Ye Chen, who killed the soul clan, came to the auction?

What's even more terrifying is that Ye Chen is the mysterious young man who has made Heavenly Sword City restless these days?

Didn't Ye Chen enter the realm of God?

When is there such a terrifying power!

At this moment, the atmosphere of the auction hall is extremely tense, and it is as silent as a graveyard at midnight!

"I do not know what you're talking about!"

"I am not the Ye Chen in your mouth!"

"I photographed something, is your Dugu family going to regret it?"

The masked youth denies directly!

His eyes are full of doubts!

At the same time, Ye Chen on the opposite seat, in order not to reveal his identity, pretended to be pressured to the extreme.

In fact, his heart is completely dazed!

Is it?

Someone pretending to be him was found?

Still, people just want to buy Thousand Demon Ginseng, but he didn't expect to be burdened by him?

led to face-to-face greetings from the elders of the Dugu family?

"Hahaha!"

"Ye Chen, Ye Chen, when did you dare to behave?"

The elder Taishang firmly believed that the young man who bought Thousand Demon Ginseng was Ye Chen, and immediately said: "Ten Elders, take me the cub of Ye Chen!"

"Yes, elder!"

"Ye Chen, you dare to kill the elder of my lonely family, you deserve to die!"

The ten elders went up to the sky, and a light blue long sword emerged in his hand. The sword's body shone with red and blue lustre, and it shot out with the point of the sword. It was accompanied by the law of time and space, which had the effect of imprisonment. , There is also a strangling power comparable to the law of destruction!

One shot is a killer move!

It can be seen how much the Ten Elders hate Ye Chen!

Who would have thought that this time the Dugu family suffered such a heavy loss, it would come from one person!

"you!"

"Do not....."

The masked youth is imprisoned by the law of time, unable to move!

The next moment, the sword energy formed by the law of space, when it hits her, a unique light rises in her body, colliding with the law of space!

Boom! !

A huge shock wave spread!

The mask of the young man wearing a mask fell down, and his gorgeous long hair flowed out, revealing a face full of beauty!

At this moment, everyone is calmed!

Who would have thought that this young man was actually a daughter!

Female disguised as a man!

deceived everyone! !

is deliberately not revealing himself with a rough voice!

However, by mistake, the elder of the Dugu family mistakenly thought it was Ye Chen!

Chapter 1649: 0 Poisonous Woman

"you!"

"Dugu Family, you are so bold!"

"Thousands of poisons!" The young woman showed her claws with five fingers, swiped one claw violently, and countless poisonous smoke and poisons floated out. Following the action of the law of time and space and the law of space, she violently attacked and killed the ten elders!

He Dao Jing!

This young woman actually exists in the third layer of the Hedao Realm!

For the ten elders who have seven levels of Hedao, they attacked instead of running, but there is a certain heroic spirit!

"Still a girl!"

"It seems that there is no sense of disguise."

"who are you?"

"It doesn't matter, even if you are not Ye Chen, you may be Ye Chen's concubine and kill you!"

"The sword breaks the sky!" The ten elders left two fingers, stroked across the sword, and stabled a sword, with earth-shaking power, dispelling the poisonous fog, and a sword stabbed the young woman in an instant, but was repelled by an invisible force !

"The guard of time and space soldiers!"

"It seems that this person is really related to Ye Chen! At this age, he must be the concubine of that little beast!"

"Fuck! You are a concubine. Your whole family is a concubine. This girl does not change her name or her surname, Thousand Poisonous Blood Girl, Liang Xueyue!" The young woman spouted a mouthful of blood, and then took out the broken space-time knife in her body. Have a blood relationship with her!

Liang Xueyue controlled the knife of time and space, and the world changed for a while, and countless luster emerged, and he wanted to kill the ten elders!

"Enough!" The elder said in a soft voice, and slightly stretched out his hand, the heaven and the earth are in harmony, directly repelling Liang Xueyue, and said:

"Hundred Poisonous Blood Girl? Are you the daughter of the Hundred Poison God Monarch in the past?"

"Ha ha!"

"Your grandpa has fallen!"

"Your father, the Hundred Poison God Lord, has also died out. I did not expect that the acquired poisonous body will leave you such a woman!"

"It's no wonder that Ye Chen will come here! It turned out to be this concubine to buy Thousand Poison Ginseng. Why, he didn't say anything, but you did it yourself?"

What the elder Taishang said!

It is really shocking, the grandfather of this handsome woman in front of me is actually the \*\*\*\* of thousands of poisons who was famous in the mainland back then!

It seems that this Liang Xueyue already has part of the acquired body, and still wants to take the road of his grandfather back then?

Slaughter the world again?

"I thought that this person was Ye Chen..."

"Unexpectedly, I actually caught a big fish!" Bai Lixue said with emotion, "This beautiful body is a bit pitiful!"

"What's the pity!" On the side, the young master of the Beitang family smiled: "Maybe, Ye Chen has already stayed with her. This kind of woman has no use even if she looks good."

"Also, people from the Poison Sect, how can you describe it as pitiful!"

"Do you know how many powerhouses her father and grandfather killed with poison!"

"It can be said that none of their family should survive in Lingwu Continent, this woman will undoubtedly die today!"

"However, I'm very curious, how does the woman with acquired poisonous body feel? I'm afraid only Ye Chen knows."

What a pity this beauty!

Actually got involved with Ye Chen!

It may be one of Ye Chen's many harems!

"No!"

"She is a virgin!" Nether Nineteen had keen eyes and stared directly at Liang Xueyue, and said: "You will not be over thirty years old, but it may have been frozen for thousands of years before the cultivation level is so high. If we can use it as a furnace ding to supplement, our skill may directly advance to the middle and late stages of the Hunyuan realm!"

They are in the late stage of the Divine King Realm!

Pick up a virgin in the early stage of Hedao Realm!

The cultivation base must be soaring!

"or!"

"Let's find an opportunity to let the elders talk to the Dugu Family and buy it for Liang Xueyue?" You Ming Nineteen asked!

He still has a good impression of a woman like Liang Xueyue!

After all, you can improve your own strength!

Although Liang Xueyue was restrained, everything around her was very clear.

She glared at His Royal Highness Nether Nineteen!

"roll!"

"A group of dudes, this girl will kill you sooner or later!"

"And you, old stuff, who doesn't slap her head, this girl is only one person. If you want to kill or slash, whatever you want!"

Liang Xueyue stalked her neck, glaring at the elder of the Dugu family, and said: "What's more, Thousand Demon Ginseng is my grandfather's property, why shouldn't I take it away!"

The Supreme Elder ignored her, like catching a chicken, and confined Liang Xueyue in midair!

He thought that the masked youth was Ye Chen, but he didn't expect it to be behind the poisonous gate.

No matter if this is a misunderstanding, Ye Chen must draw it out!

He glanced at everyone in the auction house with dignity and said, "I know, Ye Chen, you are here!"

"I also want to know why you still can't bear to come out!"

"If that's the case, then bring people up!"

The voice fell off!

The elder came up holding the ragged light rain, clasped his fists and said: "Report to the elder too, it is intact!"

The elder Taishang smiled evilly and said: "Liang Xueyue's grandfather is the common punishment of all factions in the Lingwu Continent. Naturally, his granddaughter deserves to die too. As for this little girl, my Heavenly Sword City, the first to receive Ye Chen people!"

"As a person from Heavenly Sword City!"

"She's guilty!" He caught Xiao Yu with a lewd smile, and said: "The four sons of Beitang, Linghu, Baili, and Youming, I think you should want to supplement them!"

"Simply!"

"If you Ye Chen can't come out, I will ask these four sons to pick Liang Xueyue and this girl together!"

"The torture to death, stage a live erotica, I believe you have no comments!"

Huhuhu! !

Huhu!

As soon as this word came out, there was horror all around!

Many casual cultivators looked at the elders in amazement. This is to let the four elders humiliate Liang Xueyue and Xiao Yu to death in front of them, and stage a live eroticism in front of nearly 10,000 people?

How vicious!

This old man is too vicious!

This is ten million times more vicious than killing two girls, just to force Ye Chen out?

Is this Dugu family doing too much?

The key is that the girl who has no strength, just meets Ye Chenping is treated like this?

What is the difference between this and those demon sects?

"Elder!"

"That's not right!" Bai Lixue pleaded: "They are girls after all, how can this be done!"

"Xue'er, kindness is not used here!" Baili Family Supreme Elder said: "Dugu Family has hated Ye Chen, so stop talking!"

The supreme elder of the Baili family knows!

The Dugu family has reached the point of madness, otherwise they will not ignore the bottom line and do such a cruel thing, and now to mediate, it is equivalent to disrupting the deployment of the Dugu family, and will bear the anger of the Dugu family at that time, even The two families are at war!

Just for the innocence of the two women!

This is not worth it!

Almost at the same time, the representatives of the various major families and major families did not speak, but watched all this quietly!

Chapter 1650: I'm someone you can't afford!

"Old bastard, old beast!"

"If you want to kill you, kill, want to use this girl to force the person you want to find, dream!"

"He may not even be here at all. This girl doesn't know Ye Chen, don't know, what are you doing!" Liang Xueyue struggled and roared: "Even if you blew yourself up, don't want to move me a bit!"

At this moment, Xiao Yu looked around in a panic.

She didn't know what to do.

She has not experienced everything in front of her.

In Heavenly Sword City, she knew that the Dugu family was so powerful, and even more that Heavenly Sword City, the lives of ordinary people were not worth any money!

But she couldn't figure it out. Just because she had a relationship with a young man, the Dugu family would treat herself like this.

Listening to the angry voice of Liang Xueyue next to her, she also faintly made up her mind, if these people want to insult herself, she would rather die than follow!

Even, she would use all means to explode like Liang Xueyue!

Countless pictures flashed in her mind.

She thought of her parents and her life.

But the more I think about it, the more painful she becomes.

She is only a teenager!

The future has just begun!

However, at this moment, why should she receive such inhuman treatment.

At this moment, Xiao Yu couldn't help it anymore. The crying pear flowers brought rain and the heart-piercing crying made many people present a little moved! Using a fourteen-year-old girl to force Ye Chen to appear, the Dugu family really has a face!

The faces of many elders of the Dugu family in the distance were cold and merciless.

They are a superior existence, torturing an ordinary girl, so what?

This is right!

The elder Dugu Taishang stepped out, wiped his beard, and said to Xiao Yu: "Little girl, crying can't solve the problem, I advise you, it is better to let that Ye Chen come out, although you only have a relationship, but no matter what Say, Ye Chen should be a little human, is he willing to die for him by an ordinary girl?"

At this moment, everyone's attention was on the elders of the Dugu Family and the two trapped girls, but they did not notice that in an inconspicuous corner of the stage, a young man wearing a mask exuded an extremely cold breath!

This breath seems to cut off everything!

Let the land around one meter be hell!

At this distance, no one dared to approach it.

This masked youth is naturally Ye Chen!

Ye Chen's heart seemed to burn with anger!

Even swallow him!

His original plan was seamless, but he didn't expect that the Dugu Family would use an innocent person to lure himself out!

Despicable!

He was hesitating! Should we stand up?

Once he stood up, all his plans were disrupted! You may not even be able to get out of this auction alive!

What did Ji Lin do then?

But if you don't go! What about Xiaoyu?

Although Ye Chen practiced killing Dao, he only killed the people who should be killed!

His heart is gentle towards those who are kind and those around him!

Jagged tenderness is what a man should have!

At this moment, Xiao Yu stopped crying in the quiet and cold hall.

She looked at her helplessly, and finally her eyes became extremely firm!

"Brother Ye, I don't care if you are in the auction or not, I hope you don't come out!"

"If Big Brother Ye didn't save me, I might also be sold to Tianxiang Pavilion."

"Although you and I have only one side, Xiao Yu believes that Big Brother Ye is the person who made great things, and will finally stand on the top of Lingwu Continent one day!"

"Xiao Yu has always had a fate since she was a child. The Dugu family killed me and humiliated me."

"However, Xiao Yu still wants to thank Big Brother Ye."

"I hope that in the next life, Xiao Yu and Big Brother Ye will be friends!"

Xiao Yu said these words in one breath.

This is what she thought in her heart.

It's simple.

Although she doesn't understand anything and her strength is very poor, she knows that there is absolutely a problem with the Dugu Family's so hard way to attract Big Brother Ye out!

The Dugu Family is afraid of Big Brother Ye!

That being the case, it might as well use her fate to exchange the surviving of Big Brother Ye.

The words fell, and there was a sound.

Many people were deeply moved at the auction venue.

An ordinary person is more righteous than the Dugu Family!

However, this is the rule of the world.

The weak eat the strong.

After all, the weak have to be played with by the strong! ! !

At this moment, the face of Elder Dugu Taishang was black! She wanted to use light rain to attract Ye Chen out!

But I didn't expect this little girl to be so uncooperative!

In the next second, a terrifying wave of air slammed toward Xiao Yu!

A red mark appeared on Xiao Yu's cheek instantly!

"Things that do not live or die! In that case, the show begins!"

Wow!

Wow! !

Xiao Yu and Liang Xueyue were imprisoned with their whole body cultivation and strength!

Both were overwhelmed on two wooden boards, unable to move, could only curse, or cry!

"Four princes, come up!"

"Four of you, which one is first? Don't worry, I will be covered by magic techniques, and some private things will not be noticed by outsiders." The Supreme Elder still smiles, not believing that Ye Chen will not come out!

"I'll do it first!"

"The virgin of Hedao Realm, I just need it!"

Nether Nineteen jumped up with a smirk on his face. This is a great time! I originally wanted to buy Liang Xueyue, and later the Fierce Demon Palace will adjust it well, but I didn't expect that there will be a chance to kiss Fangze now. Although he is in the public, he is a man, not ashamed!

What's more, a magic spell is enough!

"This ordinary girl!"

"I'll come first, then you!" Another young man in Jinyi showed a smile and walked toward Xiao Yu!

At the same time, Nether Nineteen's hands were about to untie Liang Xueyue's robes, and he was about to perform humiliation in the public!

Just at this critical moment! A cold voice spread throughout the auction house!

The powerful force even shocked the entire auction floor!

"enough!"

Everyone's gazes shifted, only to see a young man wearing a light blue robe and a bronze mask slowly getting up, pacing Yukong out, and coming to the stage, his gaze swept across You Ming Nineteen and Young Master Jin Yi, The anger in my heart has risen to the extreme!

now!

Ye Chen couldn't help it anymore!

Dugu Family, Nether Nineteen, Young Master Jin Yi!

Saying that they are beasts insulted the beasts, and even the beasts are not worthy of such behavior in the public!

"What do you want to do?"

"Or, you are the Ye Chen the Dugu family is looking for?"

Young Master Jinyi asked tentatively, he didn't care about the danger in front of him, and even planned to reach out to touch Xiaoyu, and said: "This is the base camp of the Dugu family. Get out of here!"

At this moment, the masked youth exudes coldness.

Under the mask, only a pair of eyes revealed!

What kind of eyes are that!

Like the coldest \*\*\*\* of death in the depths of hell.

The ants who are not worth living in the world are being judged!

"You ask who I am? I tell you!"

"I'm someone you can't afford!"

"Also, take away your dirty hands!"
