

Urban Medical 1651

Chapter 1651: The sun and the moon contend for glory!

In the next second, Ye Chen shot a silver needle in his hand!

The cold light of the silver needle seemed to tear the space, and it came to Jinyi Youth in a flash!

"Stab!" A cry!

Cut one arm directly!

Who would have thought that Ye Chen would make a move at this time!

It broke someone else's hand in an instant!

You know, the identity of this young man in Jinyi is absolutely extraordinary!

How could a person who can be with Nether Nineteen have an ordinary identity!

The young man in Jin Yi looked at the severed hand on the ground and was slightly surprised, but he was not too scared. After all, he is a cultivator. As long as he takes the pill, the severed hand can be reborn!

He violently took out an extremely precious pill and took it directly, but the place where his arm was broken was still bleeding.

There is no possibility of self-healing!

Ok?

Jin Yi youth frowned slightly, suddenly!

What did he find!

There is a trace of destruction on his arm!

The power of destruction is devouring his arm!

In other words, in his entire life, he would never want to be reborn with his arm broken!

He suddenly raised his head and shot at the young man wearing a mask!

"Ye Chen! You turned out to be Ye Chen!"

At this moment, his voice was trembling!

Only Ye Chen has the power of destruction!

This was an uproar!

Countless strong people in the auction took a breath!

No one thought that Ye Chen would come out!

It really came out for an ordinary person!

He is crazy!

Here is the net of heaven and earth!

Not only the Dugu family, but many forces are lying in wait here!

Not to mention Ye Chen in the Divine King realm, even if Ye Chen is two or three realms higher, it will probably be difficult to fly!

Ye Chen didn't panic at all, and said lightly:

"I just know now, is it too late? You took pains, didn't you just want me to come out?"

"In that case, I satisfy you!"

Ye Chen has secretly mobilized a large number of Venerable Hunyuan and Hedao God to come!

Right now, everything is beyond control!

He can only take one step, look at another step!

"You, are you Big Brother Ye?"

"Big Brother Ye, didn't you ask you not to come out? Why did you come out, now we are both dying..."
Xiao Yu cried sadly!

Ye Chen ignored him. He flashed as fast as thunder. In a flash, he pressed his fist on the young man's cheek and flew it out like a sack. Then, with a wave of his left hand, he dispelled the pressure on Xiao Yu's body and took it out again. Put on a long robe, and said: "I didn't expect to harm you like this, I'm really sorry!"

Light rain!

Before that, I saw her, and was about to be captured by the cultivator to Tianxiang Tower!

He simply wiped out Tianxianglou, thinking that she would live a safe life, but she was arrested and almost insulted because of her own affairs!

How could Ye Chen be able to bear it? If he could bear it, he wouldn't deserve to be a person!

Dao Xin is cold, and he is not worthy of being a warrior!

Xiao Yu looked around in a panic, and said, "Brother Ye, what should we do...We can't get out."

Ye Chen smiled slightly: "It's okay, you just stay by the side! You are not important to them at all."

"Someone will protect you!"

"When the war is over, I will take you away again!"

Between Ye Chen's words, he waved his left hand and pushed Xiao Yu out.

Powerful spiritual power, no one dares to stop!

No one will stop!

After all, everyone's goal is not a light rain! But Ye Chen!

After doing all this, Ye Chen looked at You Ming Nineteen on the side, and said: "You come now and kneel and kowtow, I might be able to kill you!"

"You want me to kowtow and dream! My thirteen brother!"

"Just die in your hands!"

Nether nineteen instantly took out a divine king weapon, not to attack Ye Chen, but to kill Liang Xueyue, "I can't kill you, but I can kill your concubine!"

"Asshole!"

"This girl is not her concubine!"

Just after Liang Xueyue finished speaking, a drop of blood was stained on her cheek. She was taken aback, and when she looked at the Nine Nineteen in the late Divine King Realm, Ye Chen directly pierced her head and wiped out the Divine Soul. The action was more fierce than her own. Even more!

"There is always some rubbish!"

"Thinking that the backing is great, you can do whatever you want!"

Ye Chen shook his arm and shook the whole body of You Ming Nineteen into a blood mist. Then, he drove away the coercion of Liang Xueyue's expression, hugged Liang Xueyue, and said, "Sorry girl, you are also involved!"

"You! Your name is Ye Chen?"

The very hot Liang Xueyue was held by Ye Chen, and her cheeks were a little blushing, and said: "You guy, how did you offend the Dugu family crazy? This girl's disaster can be regarded as your cause!"

"In addition..."

"Can you let me down?"

Ye Chen was stunned for a moment, and soon put down Liang Xueyue, looked at the elder Taishang, gently took off his mask, the originally hidden aura also bloomed, saying: "The Dugu family, want to find me The trouble, whatever you do!"

"But look for a woman as a way to vent your anger!"

"It's not something that humans can do, especially you, you actually do things that are inferior to beasts!"

"Today, do you want to be annihilated by me?"

As soon as these words came out, laughter broke out!

"Hahaha! Ye Chen, you still don't know the current situation?" The Supreme Elder laughed broadly, waved his hand and said: "Come out! The big fish we want to catch has appeared. Now, you believe in the deity's plan. Is it useful!"

Whoosh whoosh! !

Whizzing! !

Whoosh! !

There are dozens of divine lights all around!

In the Dugu family, more than forty alike gods gathered together, and there were even five alike puppets, all came from all sides, and the water surrounding the Tianzhao auction was blocked, and there was even a steady stream of Hunyuan around. The guardian is here!

This is considered to be the best of the headquarters!

The Hedao God Sovereign who is no longer the Dugu family, there is no way to get it back!

However, all that can be dispatched have been dispatched!

"Ye Chen Ye Chen!"

"Do you really think that there are still people from the Ten Thousand Sword Emperor's Palace to rescue you today?"

"Even if there is, so what?"

The elders of the Supreme Court rose up from the sky laughed and said: "What's more, the Ten Thousand Sword Emperor Palace is besieged, and it will be destroyed soon. You don't have to think about them to save you. You Ah, take it to death!"

At this moment, the Taishang elder was full of spirits!

Ye Chen finally came out to die!

The deity is waiting for you, you can't wait, otherwise, it would be hard to make a bad move!

wrong! This is not a bad strategy, but a great best strategy!

"Little beast, the deity knows! There are a few strong men by your side!"

"There are three Hedao Gods in the middle, and there are two monsters in the Hedao state, right!"

"Count yourself, comparable to the gods of Hedao, that is, six gods of Hedao!"

"Excuse me, what are you fighting with me!"

"A **** from the land of ants still wants to compete with the sun and the moon! It's ridiculous!"

Chapter 1652: Give you a gift!

The elder Taishang smiled and said: "And here, the forty-five gods of the Combination Dao, 472 of the Hunyuan realm, and even hundreds of thousands of warriors of the God-king realm, I have prepared for you. Will obey the deity's orders!"

"you!"

"Do you have any tricks, you can use it!"

He glanced at the immortal martial artist of the other faction, and said: "The deity is here to solve Ye Chen, and then the auction will start as usual!"

"Nothing!"

"You solve it!"

"Old guy, do it yourself, let's watch the show!"

"Just watch the play, don't interfere..."

...

Soon, the Immortal Venerables of the five middle-class families all expressed their opinions and did not interfere!

"It's over!"

"Ye Chen may definitely die!"

Bai Lixue sighed: "I thought those people were his seniors, but he didn't expect to be him! Today, there is no Immortal Venerable from the Beigong Clan, and it is impossible for him to kill Immortal Venerable!"

"did not expect!"

"Ye Chen will fold here!"

Bai Lixue only knew that Ye Chen and the Beigong family united to destroy the seventh rudder of the Soul Palace!

I just thought that strangling the Soul Extinction of the Immortal Venerable Realm was done by the Beigong family, no matter how strong Ye Chen was, he was just like a **** of harmony!

Face more than forty peers!

There are even hundreds of warriors in the Hunyuan Realm and hundreds of thousands of Divine King Realm!

It is very difficult even if it is faced by Xianzun of Good Fortune Realm!

The butchers, the old call flowers, and other supreme gods were also taken aback. They thought that the supreme gods who could help them **** things together had some strength, but they didn't expect that the opponent was just a young kid, and his cultivation base was so low, it made them mistakes. !

If Ye Chen is the ultimate god!

Maybe everyone finds an opportunity to take action, and can also grab the soldiers of time and space!

Now all the members of the Dugu family have gathered, and what time and space soldiers are they still grabbing? It would be nice to be able to leave alive!

"Look at this posture?"

"It seems that I must die today?"

Ye Chen was fearless. Facing many powerful enemies, he suddenly looked at Liang Xueyue and said with a smile: "When you first meet, you have to die? Will you be unwilling!"

"Of course not reconciled!"

"Without you, this girl would have succeeded!"

Liang Xueyue slapped Ye Chen vigorously, looking around, she really couldn't run away!

How to run?

So many warriors of the same realm!

There is also the Supreme Elder on the second floor of the Good Fortune Realm, and he will die no matter how he runs!

"Ye Chen, mean bastard!"

"Just catch it!" The ten elders pointed at Ye Chen with a sword, and ordered: "If you are obediently obedient, maybe my Dugu family just punishes you, will cramp you, don't kill you, wait for the master behind you to come and ask for someone! "

"But if the fish die and the net breaks!"

"Don't blame us for killing on the spot!"

"The fish die and the net is broken?" Ye Chen smiled coldly, looked at the ten elders, and then at the supreme elders, and asked: "Are you worthy?"

"Also!"

"I want to take a look at what kind of scene the fish die and the net is broken!"

"Right, butchers, tea merchants, medicine merchants, old beggars, fishermen!"

"You five supreme gods, don't make a move?"

The voice fell off!

Five superb gods were instantly locked by more than 20 Hedao gods!

Even the elder Taishang looked at them and said with a smile: "Ye Chen, your trump card, are they five?"

"More than that!"

"They are not enough to be my hole cards!"

"But it's enough to make you messy!" Ye Chen took a step, facing hundreds of thousands of powerful enemies, without fear, just stretched out his hands and applauded twice, saying: "Go!"

Just when everyone was at a loss!

A loud explosion soared into the sky, and a huge cloud mushroom emerged!

The powerful shock wave destroyed the buildings of the huge Heavenly Sword City. All the warriors were shaken to the ground. Even the situation in the four major auction venues cannot stop!

When everyone looked around, they saw the direction of the cloud mushroom, which seemed to be the headquarters of the Dugu Family!

This explosion!

It seems that a large number of King artifacts, Hunyuan Immortal artifacts and Hedao artifacts blew themselves!

So much so that it detonated the Dugu family guarding mountain formation and many treasure houses of the fairy and king artifacts, resulting in a chain explosion, and such a huge cloud mushroom!

"Do not!"

"No, my home..."

"Ye Chen, you beast!"

Immediately, the ten elders, the ninth elders, and the eleven elders were almost limp on the ground, almost unable to believe all this!

Their lonely family!

Gone!

All people and things were annihilated in that explosion.

Even if there are not many masters in the headquarters, everyone's treasures are still there, how could Ye Chen do this!

"Everyone!"

"This is just the first gift, I am never stingy with my friends!"

"I have never been merciless to the enemy!"

With a smile on Ye Chen's face, Liang Xueyue next to him looked at the aftermath of the explosion that illuminates the sky, and the whole person is dull!

Ye Chen continued: "Everyone, this explosion!"

"It cost me 100,000 spiritual artifacts, 30,000 fairy artifacts, and 2,000 divine artifacts!"

"And a hundred artifacts, three artifacts, this firework, everyone still hope to like it!"

At this moment!

Ye Chen still smiled, talking and laughing everything at the Dugu Family Headquarters!

He is not a monk, not a warrior!

It's the devil!

It's the devil, it's the **** of death!

All the families and all the warriors felt shuddering. Looking at Ye Chen, who was full of smiles, his heart was filled with thoughts of not being enemies!

Too ruthless!

In contrast, what is the elder of the Dugu Family!

Ye Chen is the real ruthless person, the real evil spirit!

Killing a person is a sin,

Killing ten people is a sin!

Killing a hundred people is unrighteous!

Kill 10,000 people, it's a male!

Killing a hundred thousand, a million people is a hero, a hero, a true demon god, evil god, and killing god!

Ye Chen is such an evil god, demon god!

"Ye Chen!"

"You beast, you devil!"

"Devil, devil, devil!"

"Beast, you must die today!"

In the Dugu Family, several elders rose up in grief and indignation, each holding a Hedao artifact, killing Ye Chen! They want revenge, they want to kill the demon who exterminated their family, the devil!

"how?"

"Want to do it?"

"The second gift is here!"

Under Ye Chen's ghostly words, full of absolute crisis, a few magic lights flashed quickly in front of him, and several hidden demon monarchs of the same Dao directly attached Ye Chen behind him, blocking the attack in front of him!

Qiang Qiang!

Click!

boom! !

Dozens of attacks interlaced each other to produce a huge shock wave!

The five elders of the Dugu family were all repelled. They stared at Ye Chen and several demon kings on the auction stage, and their expressions changed drastically. One of the elders even exclaimed: "The Demon Lord of the Demon Sect!"

"Refining the Demon Lord!"

"Crescent Moon Demon Lord!"

"Undefeated Demon Lord!"

"Ancient Sword Demon Lord"

"The spirit kills the devil!"

"You five, didn't you die in battle?"

"How can you help Ye Chen? Ye Chen, isn't it the sect that slaughtered you?"

Chapter 1653: The nightmare of countless strong men!

The five demon kings did not say a word, and three of them rushed out, leaving the ancient sword demon king and the undefeated demon king, and the two demon kings in the early phase of the union stage protected Ye Chen!

The three demon kings and the five Dugu family elders rushed to kill!

Although it is downwind, it is not weak at all!

Ordinary warriors may have fear!

they do not!

Every move is a killer move!

"Quick...Kill Ye Chen!"

"Kill Ye Chen!"

Under the command of the ten elders, another ten or so gods of the Dugu Family Hedao Gods have come out!

Generous!

Boom! !

Boom! !

Ten more Hedao gods appeared, standing in front of Ye Chen!

"The head of the Qiankun faction!"

"The head of the Jade Emperor Sect!"

"What's the matter, you actually took refuge in Ye Chen, it's impossible!"

The ten elders were shocked, and hurriedly dispatched warriors everywhere to attack the ten Hedao gods!

When he looked at Ye Chen again, he felt that Ye Chen in front of him was so strange to himself. Is this still Ye Chen the lone traveler?

How come there are so many subordinates?

Are they all Hedao Gods?

"kill!"

"Kill them!"

"Dugu Family, Hedao Realm elders, all shot!"

Following the eighth elder's speech, together with the nine elders, ten elders, and himself, a total of more than twenty gods of the same Dao, slayed towards Ye Chen!

Whoosh whoosh!

Whizzing!

For a time, the other side rushed out of the sky full of Buddhist and magic texts!

Ten more Hedao gods appeared, fighting with them!

So far!

Ye Chenduhua's fifteen sects, a total of twenty-five gods of harmony, have all appeared on the stage, fighting with the forty-five gods of the Dugu family!

"Oh my God!"

"Why did Ye Chen come from?"

"What a powerful method, overnight, conquered fifteen small sects of Hedao God!"

"Too awesome..."

The heads of many small sects and the Supreme Elders on the viewing platform in the distance were shocked!

Ye Chen!

A person is comparable to a sect!

Where did he get such strength and combat power, so he could recruit so many Hedao gods?

This is too scary!

With such a powerful strength, the fierce attack on the seventh rudder of the original soul hall can be 100% successful!

"So strong!"

"Elder Supreme, you said Ye Chen, can you escape today?" Bai Lixue suddenly became a little curious!

"He, maybe it's not going to escape!" The Baili family's too elder, with sharp eyes, said: "With his current combat power and influence, even if he wants to leave, even if the old guy from the Dugu family takes his own hands, these are the same. Dao Jing's subordinates can also desperately hold the old guy and let him leave!"

"He has a plan!"

"I'll wait and pay attention, don't let him take advantage of it!"

"Obviously, the elder too!" The elder of the Baili family on the side passed the order, not helping or intervening!

Soon, the five major forces all expressed their views like this.

They do not participate in the affairs of the Dugu Family and Ye Chen!

Bang bang bang! !

Boom! !

Mid-air, inside the auction venue!

The elders of the Dugu Family and Ye Chen's He Dao gods fight fiercely, but it is always Ye Chen's He Dao gods and even the small sects. Their skills and weapons are not as good as the elders of the Dugu Family. They fight for a while. There is already a God of Hedao fallen!

"Since you do it like this!"

"I don't hide it, let alone hide it!" Ye Chen said with a smile on his lips, "Blast it!"

Boom! ! !

There was a fierce explosion!

The yellow-character auction platform burst open with the entire auction hall, countless celestial artifacts and divine artifacts flying in the sky, after millions of warriors saw it, they were jealous for a while, and they fought together!

Boom! !

Boom! !

There were two more shocking explosions!

The Xuanzi auction exploded, and countless treasures rose to the sky!

Even the Moonlight Buddha held a large number of treasures and swayed it among countless people, causing a wave of chaos!

There are treasures everywhere!

Everyone will **** it!

Just grab it!

That's chaos!

It is in line with Ye Chen's plan!

"Not enough!"

"The members of the Dugu family are here!"

"But, it's not messy enough, right, old Piff, do you think everything is under your control?" Ye Chen's voice fell, and the Buddha of Medicine and the Buddha of Sunlight rose up into the sky, each with three combined Daoist wars. The puppets and thirty mixed-element realm war puppets are directly copied into the Tianzi auction and the earth auction!

Boom! !

Boom! !

Two violent explosions came out, and many battle puppets and king artifacts blew themselves up, exploding the treasure house of the auction!

Countless Hedao artifacts, King artifacts, Hunyuan artifacts, various immortal materials, and immortal materials soared into the sky and scattered!

In the middle of the journey, Medicine Master Buddha and Yueguang Buddha quickly put away two space-time soldiers!

When the other three space-time soldiers were exposed to the sky, the spirits reacted and quickly manipulated the space-time soldiers, bursting out with a terrifying murderous intent, and returned to their respective schools!

"Hahaha!"

"The soldier of time and space!"

"This is Lao Tzu's!"

The butcher rose to the sky, slashed and killed an elder in the fierce demon palace, and kicked and killed an elder in the second-tier heaven of the Fire Sect.

"I want this one!"

"I want this!"

"I thank you Ye Chen for always calling flowers!"

In a flash!

The other four super gods also shot, and they all rushed towards the three time-space soldiers, along the way, daring to resist them, no matter who belonged to them, they were killed in an instant!

"Butcher!"

"Always call flowers, are you looking for death?"

The elder Taishang shouted angrily, offering a sword, but he only knocked the butcher off!

But failed to kill the butcher!

"Hahaha!"

"Old thing, your strength is poor, and the poison has not been solved yet!"

The butcher laughed broadly, and rushed out toward the space-time soldier of the Dugu Family!

Supreme elders can't do it, at most they only have the power of a layer of good fortune realm, not afraid of it!

In a flash!

The six middle-level powers of Hedao Gods all rushed out together, and they all went to grab the soldiers of time and space!

Some want to grab the space-time soldiers of their own sect, and some want to **** the space-time soldiers of other sects. By the way, they will collect some artifacts, various top materials, etc., and directly kill Ye Chen from the Dugu family. , Turned into a chaos!

not to mention!

There are also five superb gods, as well as Ye Chen's Hedao gods, who directly became a mess, and evolved into people who are not from their own sect, they all fight and kill!

People of nearly a hundred small sects, how fast is that?

The middle-class families are fighting together, they stay here and wait for death!

Ye Chen was on the side, staring at the melee in the sky, looking at the Moonlight Buddha on the side, and asked: "How many space-time soldiers have been collected by the Dugu Family Headquarters and the Detonation Tianzi auction?"

"Enough to save Ji Lin?"

"Although the threat of the Dugu family disrupted my plan, but fortunately I made a lot of preparations!"

"It's just that the people who really hide behind have not done anything..."

"This battle is difficult, but for Ji Lin, I am going out alive too!"

At this moment, Ye Chen's eyes were full of ice cold.

...

At the same moment, outside the Heavenly Sword City.

A girl wearing a veil stopped.

The girl is the master of the Absolute Cold Imperial Palace, Wei Ying!

Wei Ying raised her head and looked at the mushroom clouds rising from the Heavenly Sword City, frowning her eyebrows: "What a powerful energy fluctuation, it seems that countless celestial weapons exploded."

"Which madman would dare to do this?"

"Isn't it the auction of the Dugu Family today? How can I be so restless?"

"Somewhat interesting."

Bai'er next to Wei Ying closed her eyes, sniffed the tip of her nose, and then her face changed slightly:
"Palace Master, something has happened to Heavenly Sword City, and many people have died."

"Moreover there are many strong men lurking in the depths!"

"I'm afraid the auction will change, shall we go?"

"Now the palace owner, you can't expose it too early. If they know that you are the future palace owner of the Absolute Frost Emperor's Palace, the forces of the entire Lingwu Continent will hunt you down at all costs!"

There was no warmth on Wei Ying's beautiful face, Gu Jing did not wave.

After a long time, she grabbed her with five fingers, and an escaped warrior came to her.

The warrior who escaped was completely frightened, and quickly said: "This lord, we have no grievances and no grudges, don't you want to kill me?"

Wei Ying's eyes condensed, and a cold voice sounded: "Have you ever heard of a person named Ye Chen?"

The warrior who escaped was originally afraid, but when he heard the word Ye Chen, his legs became weak!

How could he not recognize the two words Ye Chen!

This is the nightmare of countless powerhouses in Heavenly Sword City!

Chapter 1654: The fisherman benefits!

Wei Ying looked at the warrior in front of him with a horrified expression, and frowned slightly: "Do you know this person?"

The warrior might be frightened, and he didn't say a word. Even Baier on the side was a little unhappy. The breath on his body was released, and he said coldly: "Palace lord...No, my lady is asking you something, if you don't Answer, I will let you disappear into this world!"

At this moment, the icy chill spread throughout the body, and the warrior was completely awake. He knew very well that these two women with extraordinary origins were extremely dangerous!

If you don't explain honestly, you may fall here completely!

"Two young ladies, during this period of time, Heavenly Sword City is not at peace, and all this has benefited from a man, Ye Chen you asked!"

Top Best AI for Forex Trading 2024

"However, the Lingwu Continent often has the same name. I am not sure if the Ye Chen you asked is the person I understand!"

"Now, the auction house is in chaos!"

"That Ye Chen actually ruined the foundation of the Dugu Family in the Western Regions, and caused the anger of the Dugu parents. Now, countless powerful men have surrounded Ye Chen! I am afraid that this time, it will be difficult for him to fly!"

"I'm just an ordinary casual cultivator. I have no discipline or faction. I am not strong. I did not offend the two of you. Please don't kill me!"

Hearing these words, Wei Ying glanced at the bracelet in her hand, released her hand, and said indifferently: "You mean, Ye Chen is in danger now?"

The warrior was startled, he keenly felt that the voice of this veiled girl seemed to be filled with anger!

Is this woman related to Ye Chen?

He dared not say anything but nodded sharply.

"Understood, Baier, let's go."

Wei Ying left a word, the coercion dissipated, and the misty figure instantly moved towards the auction.

Baier also followed.

The warrior saw the two daughters leaving, and exhaled a long breath: "Finally, they are gone. What is the origin of these two girls? Why do I feel a strange breath in them, as if I am not facing two A girl, but a fairy who has lived for thousands of years?"

"Especially the woman wearing the veil. I have only felt the majesty and coldness of the elder of the Dugu family."

"It's weird."

...

At the same time, Ye Chen's eyes at the auction were extremely serious.

This time, his general goal has been reached!

Grabbing the Space-Time Soldier should be able to help Ji Lin!

He just doesn't know if the formation is enough, if it is not enough, he must continue to think of ways!

"Host!"

The moonlight Buddha who came here was obviously excited!

They are now in a middle-class family land. They not only exploded the middle-class family headquarters, but also exploded their four auction stands. Now, all people and everything are in absolute chaos!

It was the host who caused all this!

However, the presiding officer only has the cultivation base of the fifth-tier heaven of the God King realm, but it can make the supreme gods cooperate, make the immortal gods of the good fortune realm useless, anxious, and slaughter the gods of Hedao like a chicken and duck. Dreamy!

"Report to host!"

"Before blowing up the Dugu Family Headquarters, collect five space-time soldiers!"

The Moonlight Buddha handed Ye Chen a ring of superb universe, everything was inside, "In addition, there are 107 Hedao artifacts, Hunyuan Immortal artifacts 1,300 handles, Divine King artifacts about 100,000 soldiers, and Immortal artifacts a million. The handle, there are also a lot of refining materials, various pills, etc.!"

"it is good!"

"There is also a surprise!" Ye Chen looked at the elder of the Dugu family who was in a hurry and was attacked by the butcher and the old beggar, and said: "This old guy must have more treasures. The accumulation of money lies with us, but the most important thing is definitely on this old man!"

Dugu family!

Several immortals have been called up for the expedition, it is impossible to carry a lot of treasures!

The Immortal Venerable outside the town certainly won't bring too many treasures, and the treasures stored in the headquarters should be the things accumulated by the Dugu family over the years, and they are not counted as treasures taken out for auction, and they are not counted as individual items. The treasures of the Great Elder, the Protector, and the Immortal Venerable are purely accumulated by the Dugu Family and do not belong to anyone, so there is no way to carry them with the Supreme Elder, but that's it, there are already so many!

Worthy of being a middle-class family!

The background is not comparable to the rudder of the soul palace!

"There must be more on that old guy!"

"It's just!" Ye Chen glanced over the five supreme gods and the hundreds of gods who participated in it, then looked at the other five good fortune realm immortals who had already shot, and sighed, "now is not the time to kill the old guy. , Even if you kill, you will be besieged and killed by other immortals!"

"Five soldiers of time and space!"

"Not bad! I thought that the Dugu Family Headquarters had only three space-time soldiers, but I didn't expect it to be five!"

"With the two handles in my hand, there are already seven handles. I just need to grab another one!"

"For the sake of safety, at least two of the four time-space soldiers that are flying out now must be snatched!"

"Host, I'll mobilize all the staff to come over right away!" Yueguang Buddha heard it and hurriedly went over to order!

"Wait!" Ye Chen's lips suddenly outlined a wicked smile, his body turned, avoiding a Hedao God Sovereign who was shot down!

On the side, the Moonlight Buddha and the Sunlight Buddha came, and directly joined forces to kill the Hedao God!

In the sky!

Hundreds of Hedao Gods are in chaos!

The six Immortal Venerables of Good Fortune Realm were in a hurry, hitting whoever caught them, anyway they didn't hit their own family!

Bang bang bang!

Boom! !

With the sound of countless explosions, the entire auction had been destroyed seven or eighty-eight, only a few seats remained. A semi-enclosed stadium, the strange auction field, was completely broken into four sides without obstruction. , A steady stream of warriors from Hunyuan, God and Hedao rushed in!

same time!

A corpse of the Hunyuan Realm fell down Some belonged to the Murder Palace, and some belonged to the Baili family!

There are even more casual cultivators and the Dugu family!

Ye Chen stood in a secluded place, watching silently, and said: "Now we are not in a hurry. From the current point of view, our goal has been achieved. All parties are in chaos. It is not like an alliance. The treasures of the teachings, the Baili family and the Beitang family compete with each other for the treasures that each other has been bombed!"

"Even, the Linghu family is grabbing the treasure of the Dugu family!"

"Everyone is robbing each other, and there are hundreds of loose cultivators, five superb gods, and gods from all sides fighting each other!"

"We! We will do our best later, let our war puppet and medicine master Buddha withdraw!"

Give an order, Ye Chen's soul power enters the reincarnation cemetery, and place his own soul power on the newly collected Hunyuan Immortal and Hedao artifacts in order to use the "Thousand Soldiers Burst" that forged the gods!

Chapter 1655: Never die

Thousands of soldiers burst!

As long as you use enough fairy weapons, you can cause endless explosions!

Moreover, it only consumes Ye Chen's soul power, and will not backfire Ye Chen. Of course, the weapons controlled by the soul power also have a limit, but Ye Chen's soul power is extremely strong, equivalent to the power of the supreme god. It's not a problem to control tens of thousands of immortal artifacts, spirit artifacts, or hundreds of Hunyuan artifacts and Hedao artifacts!

"understand!"

"Okay, host!"

The Moonlight Buddha and the Sunlight Buddha took orders, and they were busy with the flying fairy tools and divine pills, and took down their war puppets!

Nowadays, all kinds of immortal artifacts, king artifacts, elixir, refining materials, alchemy medicinal materials, etc. are scattered all over the sky. The outermost Huangzitai and Xuanzitai are fighting, and millions of warriors are fighting for it. The law enforcement officers who rushed in, not only did not suppress them, but robbed them!

On the platform of the earth, although the number of people is small, they are all stored with Hunyuan Immortal artifacts and Hedao artifacts, and not only Sanxiu and the martial artists of the small sect are competing!

Even the middle-class clans and middle-class clansmen are vying for it. Now that the Dugu Family can't protect itself, can it still destroy them all? As for making them spit out?

Totally impossible!

What else can I give you?

Playing tough?

Be careful to kill yourself!

This is the mentality of all robbing fighters, don't grab white, don't grab!

Boom!

Boom! !

Hundreds of feet of sword air guns fly in chaos!

More than a hundred Hedao gods are fighting each other, the six middle-level forces are fighting each other, and the most intense is within the scope of Tianzитай!

"Hahaha!"

"The soldier of time and space!" The tea merchant was about to grab the soldier of time and space in mid-air, and was directly nailed to the chest by the evil demon palace immortal, and inserted on the ground in the distance!

"roll!"

"This is something from our palace!"

The Immortal Venerable of the Fierce Demon Palace leaped forward. Just as he was about to collect, the butcher and the old beggar joined forces to attack. They flew with one stick and one knife, almost cutting off his arm, forcing him to explode with all his strength. The law of time and space forced the two back!

"Go away!"

"Get out of here!"

He still flew towards the soldiers of time and space, and flew all kinds of gods along the way.

"That belongs to our Dugu family!" The elder of the Dugu family directly exploded and grabbed the soldier of time and space. This is a Dugu thing, how can someone else take it away!

Boom! !

After a while, the elder Taishang was not able to catch his own space-time soldiers, so he was beaten by the Linghu Family and Baili Family's Immortal Venerables, and the two began to fight for the space-time soldiers!

On the side, butchers and old beggars, together with a dozen of Sanxiu monarchs, are also fighting for this space-time soldier!

In contrast, the weaker Hedao gods and Hunyuan realm protectors from various factions are also robbing the next Hedao artifacts, Hunyuan fairy artifacts, and battles. The treasures of each family are all mixed together. Who is in a hurry to distinguish clearly?

Huh!

Click!

Boom boom!

The sound of explosions and blood spurting continued to emerge, and at the same time there was the sound of blood rain falling and the cracking of the king's way in the sky!

There are three space-time soldiers, plus one space-time soldier that flew out of the platform. There are a total of four arms. There are a total of six immortal monarchs, five supreme gods, and more than 30 San Xiu Dao gods are fighting!

Form four battle groups each, located above the sky!

In the lower space, each family added up to more than a hundred Hedao gods and thousands of Hunyuan realm masters fighting each other, vying for dozens of Hedao artifacts and thousands of Hunyuan artifacts ejected!

"This....."

"That's amazing!"

"With the power of one person, stir up the six big families and let countless casual repairs and small sects fight each other!"

Liang Xueyue covered her mouth, and could hardly believe that the six big families allied with each other were actually fighting each other. The point is that Ye Chen, who led all of this, did not take out anything at all, "Ye Chen, I seem to understand, why did you just now Then I have a chance to win! Why dare to stand up in front of so many people."

Ye Chen glanced at Liang Xueyue, but had no plans to speak.

He looked at everything condescendingly, only then did he understand the cruelty of Lingwu Continent.

Life is of no value at this moment.

Countless strong men have fallen for **** benefits.

Only the strong can have the last laugh.

The ten elders and the eleven elders of the Dugu family snatched the five handles and seven grades of Hedao artifacts. Before they could collect them, they were attacked and killed by five Hedao gods including the Ferocious Demon Palace, the Blazing Fire Sect and the Baili Family. Grab another five Hedao artifact!

This is cruelty.

Seeing that Ye Chen did not speak, Liang Xueyue continued:

"Ye Chen, I really want to hear how you single-handedly picked many families to fight!"

Her big watery eyes were full of curiosity.

Ye Chen smiled slightly and put his hands behind him: "It's just two words, human nature! Greed!"

"Although they have cultivated to become immortals, they are not monsters who cut off their emotions, they are still humans!"

While walking, Ye Chen watched the fall of many Hedao God Sovereigns and Hunyuan Realm Venerables. At the same time, he said, "These things are logically the treasures of the six great families!"

"Of course, there are also a hundred small sects treasures!"

"But, there are nearly a million casual cultivators around here. So many things have been flying out. The casual cultivator cannot wait for them to collect the treasures in an orderly manner. What's more, there are five superb gods in the casual cultivator, dozens of them. An existence close to the supreme god!"

"As soon as these top players in casual repair start to grab them!"

"Other casual cultivators must take action!"

While speaking, Ye Chen leaned back and avoided a flying sword, and looked back at the thirteen elders of the Dugu Family looking at him in grief and indignation!

"Ye Chen!"

"Animal, animal, you ruined us!"

"I will kill you if I die!" The thirteen elders were extremely angry, with blood and bruises all over his body, and wanted to pass through the heavy barriers!

Bang bang bang!

Click! !

He was blocked by the loose repairs of several He Dao gods and more than a hundred Venerable Hunyuan Realm!

Someone among them said: "You have to blow yourself up and not stop your hand over the treasure!"

"Yes, you die, you will hand over the treasure!"

"Hand it over!"

"If you don't pay, I will kill you!"

...

The thirteen elders listened to the casual practitioners with grief and angrily, then looked at Ye Chen, whose clouds were light and clear in the distance, and suddenly looked up to the sky and screamed, "Ye Chen, you dare to deceive my clan so far!" He waved his sword and pointed at many casual practitioners. , Shouted angrily: "You are waiting for a casual cultivator, just relying on Ye Chen, this brute to make trouble, you and others dare to be so presumptuous to this elder!"

"Ye Chen!"

"Even if the elder dies, even if my lonely family is wounded!"

"But I will never let you go. I am waiting for you in hell. I want to live with you..."

The voice is still in the future, an explosion came out!

Chapter 1656: human nature!

The thirteen elders of the fifth layer of the Hedao realm blew themselves up, actively detonating the five Hedao artifacts in their Universe Ring and many Hunyuan Immortal artifacts, exploding, killing a Hedao **** and more than 30 people on the spot. Venerable Yuan Realm Relaxation!

"Damn it, bastard!"

"Grab someone else!" The leading casual repairer turned around unluckily and led the others to continue snatching treasures!

"Ye Chen!"

"Little beast!" An elder in the second-tier of the Hedao Realm in the Fierce Demon Palace watched as his Hedao artifact was seized by the casual practitioners, and he was besieged by several Hedao Gods. The God King's way burst and his body cracked. Seeing that the treasures and artifacts were taken back indefinitely, I couldn't help shouting in grief and indignation: "Ye Chen, you beast, my fierce palace will destroy you!"

"You wait for a casual repair!"

"Extremely humble, but taking advantage of Ye Chen's brutal chaos, I dare to provoke this elder!"

"dead!"

The voice fell off!

This elder was about to burst into the Sanxiu group, but was beaten by a walking stick to his body and exploded. The power of the soul was completely killed by the Sanxiu in an instant!

"Ye Chen!"

"Little beast!"

"I won't let you go!"

"Great Elder, kill Ye Chen, don't grab the soldiers of time and space, kill Ye Chen first, vent your anger!"

...

Many elders and guardians of the six forces shouted in grief and indignation.

Soon after, they were either trapped in a siege or were directly siege and blew themselves up.

The other elders can only keep their heads down and continue to kill, first take their own belongings back!

Hear these sad and angry words!

Ye Chen shrugged his shoulders and said with a smile: "When the Dugu Family was about to kill me, why didn't they see your good intentions? Since they are not friends, why let you sit and watch a good show?"

"Be obedient!"

"As for your Supreme Elder? The soldiers of time and space are much more important than me!"

"Aren't you afraid?" Liang Xueyue was a little frightened, and tentatively asked: "Aren't you afraid of the six powers, do you want to settle accounts afterwards?"

Ye Chen was taken aback, looked at Liang Xueyue, and suddenly smiled: "I am not afraid of anyone or any forces in the world! Besides, after the first war, the six great forces combined with the Dao Sovereign and the Hunyuan Realm have lost too much, suppressing their own people. It's too late to resist the impact of the fairy beasts and beasts and prevent the infiltration of the soul hall!"

"Where can extra power kill me?"

"Even if you want to kill me? Now that the Demon Region is in a hurry, each family has to prepare for the battle, how much power can they draw out?"

"Hold it to death, but a few super gods!"

"As for Xianzun?"

"I haven't killed it!"

Listening to Ye Chenyun's breezy answer, Liang Xueyue's heart was completely shocked!

Ye Chen!

More than evil spirits, killing gods!

It's even a great wise man. Even if he had planned everything long ago, he knew that the six major forces could not try their best to kill him!

So dare to be like this, not a brash man, but bold and careful, so is the wise man!

"As for the gods of each family!"

"The six forces have come up with four space-time soldiers in total!"

"Not every family has taken it out, but for every family and every faction, a time and space soldier means a fairy, and it is not too much!" Ye Chen smiled and continued: " The four martial-arts families who originally came out of time and space soldiers want to take them back!"

"But the five great gods!"

"The eleven casual cultivators who have just entered the Ninth Floor of the Hedao Realm, or the warriors of other families who are masked, also want to compete!"

"Natural war broke out!"

"The Immortal Venerables of the other two factions wanted to fight, so they used the pretext of helping, or they believed that the air soldiers belonged to his family at that time, so they would also come to snatch!"

"The soldiers of time and space are like huge wealth!"

"As long as you get it, you can take it back right away to enhance your martial arts strength!" He stared at the martial artist flying around, and said: "Just ask, who doesn't want it? Who wants to give up?"

After listening, Liang Xueyue didn't realize it was correct, so she nodded secretly!

Four space-time soldiers!

Just like four vaults, for the six major factions, one immortal venerable can be added!

For the five great gods, this is their only chance to advance to the Immortal Venerable, how can they not fight with all their strength?

What's more, they came here in the early stage of the Immortal Venerable. The strongest is just the Supreme Elder of the Third Layer of Good Fortune in the Fierce Demon Palace. The other five are all on the first and second floors of Good Fortune, and their combat power is not extremely high. There are too many gods, at least within a thousand moves, if you can't kill the gods, they dare to fight for them!

"how about you?"

"Now you are safe, and people are saved!"

"I have also harvested the treasures of the Dugu Family Headquarters. These invisible treasures are all with you. Are you afraid that everyone will think back that there are more treasures on your body, so come to rob you?" Liang Xueyue asked sincerely!

Ye Chen shook his head slightly, and said domineeringly: "Dare they?"

"Even if they are all here!"

"I can leave smoothly, but it's not time to leave yet!"

It's not time to leave?

Is it possible that Ye Chen wants more?

Liang Xueyue thought about it, suddenly her expression changed drastically, staring at Ye Chen, and said: "You want to grab the soldiers of time and space!"

She saw Ye Chen and didn't deny it Her heart was shocked, Ye Chen, how bold!

So many forces!

There are so many gods and immortals here. He doesn't rush to run away before everyone wants to deal with him. He actually wants to stay and grab the soldiers of time and space. This is no longer a daring description!

This is arrogant!

A wolf actually wants to grab food from hundreds of wolves, or even hundreds of tigers?

I'm afraid that in the Lingwu Continent, the most powerful figure in the past thousand years is Ye Chen!

"It's not time yet!"

"The six immortals only consume a quarter of their power!"

"The five great gods consume more than half of their power, and the other gods of the Harmony are not small, but there is still more energy!" Ye Chen quietly calculated, he was waiting for everyone to be almost exhausted, and all of them grab the treasures and prepare to run separately. When you are on the road, start again, and eat black!

I am afraid that the people of the six major forces know Ye Chen's thoughts, they can stop immediately and destroy Ye Chen first!

Boom! !

Click! !

The elders of the evil demon palace are one enemy to three, simultaneously resisting the elders of the Dugu family and the Baili family, holding the looted time and space soldiers, and constantly releasing the law of time and space to attack, and at the same time, the body shakes and kills. The few nearby He Dao realm had a casual cultivator on the first floor, shouting: "What do you mean!"

"This is the space-time soldier of our fierce demon palace!"

"Shit!" The Dugu family elder trembling with anger, waved his long sword and attacked, and said at the same time: "This long-sword-like space-time soldier belongs to our Dugu family, with the sun and moon imprinted on the back!"

The Supreme Elder of the Fierce Demon Palace turned over and found that he really belonged to the Dugu family!

But the next moment, in front of the Supreme Elder, he erased the sun and moon imprints and added the skull mark of his own evil demon palace, and yelled: "This is something from our evil demon palace. thing!"

Chapter 1657: Great fortune!

"What about the Fierce Demon Palace, our Baili family is not afraid!"

The supreme elder of the Baili family flew over from the middle, stormed the two of them, and directly snatched the soldier of time and space!

"kill!"

"chase!"

The two Immortal Venerables were taken aback, each yelled, and then caught up!

ally?

When you need it, you are an ally, when you don't need it, that's bullshit!

"Too elder!"

"We can't stand it anymore!"

"A lot of our things have been snatched away!" The eight elders of the Dugu family shouted in grief and angrily. Several elders around him were directly blown up by the Fierce Demon Palace and Sanxiu Sovereign. He finally took back dozens of pieces. Dao artifacts are almost impossible to keep!

"Too elder!"

"The soldiers of time and space are gone, you can still grab them back!"

"Kill Ye Chen first!"

"Kill Ye Chen!" Many were besieged, or why the elders of the Dugu family who killed others shouted!

"Kill Ye Chen!" The fourteen elders of the Dugu family smashed to death a **** of the Beitang family, and said: "Everyone, Ye Chen detonated the headquarters of our Dugu family. There must be four or five space-time soldiers on him. There are hundreds of Hedao artifacts, kill him first!"

One voice!

Everyone was dumbfounded, looking at Ye Chen one after another, as if being imprisoned by the law of space, stopped the sword attack in his hand!

Yes indeed!

Ye Chen copied the old nest of the Dugu Family!

The baby is definitely the most!

"Kill Ye Chen!"

"Kill Ye Chen first!" The butcher turned around and immediately prepared to kill Ye Chen. Ye Chen's time-space soldier, killing Ye Chen of the Divine King Realm, is easier than grabbing things from Xianzun!

"Zai Yechen!"

"Kill Ye Chen!"

"Kill Ye Chen!"

For a while, everyone's eyes fell on a young man!

Even countless figures rushed over!

However, they strangely discovered that the young man did not have a trace of fear, but there was still a smile on his mouth!

...

Not long!

The six major forces and San Xiu almost reached a consensus, and they rushed towards Ye Chen!

It seems that I have discovered that the richest person is Ye Chen. Ye Chen has treasures accumulated by the Dugu family for tens of thousands of years. It is much richer than the auction. The auction is at best a quarter of the treasure of the Dugu family, plus The treasures of the five families!

The five major families?

Take out three space-time soldiers!

Hundred-handed Hedao artifact, one or two thousand Hunyuan artifacts, tens of thousands of artifacts!

As for Ye Chen, the treasures on his body are estimated to be several times this amount. A Ye Chen in the fifth-tier of the God King realm is easy to kill, at least much better than Xianzun!

"Everyone!"

"Finally remembered me?"

Ye Chen stood steadily and calmly, as if everything was under control.

If at the beginning, everyone's spearhead was against him, he might definitely die.

This is what he was worried about at first!

But at this moment, many strong men were seriously injured!

It's not that simple to deal with him!

Why should he be afraid!

Ye Chen stepped out and said: "Originally planned, you are all fighting almost, I am coming out, I did not expect you to fight each other for ten minutes and kill more than fifty gods of Hedao, more than three hundred Venerable Wei Hunyuan, this number is half the distance from the data in my mind!"

"In that case!"

"I will do it myself!"

As soon as Ye Chen's voice fell, on the ground that had been turned into a relic, countless light groups quickly rushed out, densely packed, and directly surrounded thousands of warriors, and the number seemed to be several times that of the warriors!

Every light group is a weapon!

Or a spiritual tool, a fairy tool, or a divine king tool, a Hunyuan fairy tool, or even a Hedao artifact!

Whoosh whoosh! !

Whoosh whoosh!

Immortal artifacts and king artifacts are still coming from all directions!

The Moonlight Buddha, Medicine Buddha Buddha, Sunlight Buddha, War Puppet, etc. in the distance are still releasing the weapons that Ye Chen has already deployed with the power of the soul. At this moment, there are tens of thousands of weapons and light groups flying in, they have already escaped. Above the walls of Heavenly Sword City!

Ye Chen took out a Nine-Rank Combination Dao artifact Feizhou, and Liang Xueyue stepped onto the Feizhou and said: "Goodbye, everyone!"

As soon as the voice fell, the flying boat started quickly, burning several Hunyuan Immortal artifacts as power, and even surpassed the beam of light, and went straight to the city wall.

Mid air!

There was a sensational voice "Boom!"

The voice fell off!

Click! Click!

Click~~

The power of the thousand soldiers burst completely!

Countless light groups cracked one after another, and countless divine artifacts, immortal artifacts, spirit artifacts, mixed-element immortal artifacts, etc. were exposed, wrapping thousands of warriors!

This is Ye Chen's biggest trump card!

The trump cards that have been prepared since entering the Heavenly Sword City!

The forging **** will teach him the Heaven Defying Spell Thousand Soldiers!

But he didn't expect Ye Chen to carry forward this technique!

The power of Thousand Soldier Burst is extremely terrifying, and there is only one shortcoming!

That is extremely costly!

And now Ye Chen, the most important thing is the fairy!

Although it hurts to destroy so many immortal artifacts, Ye Chen didn't care at all!

And all the innocent people at the auction were evacuated, leaving behind the greedy generation!

Whether it can survive or not depends on their good fortune!

"Ye Chen!"

"Beast!"

"No, no, Ye Chen, we were wrong!"

"Beast, don't run..."

Many warriors' eyes were **** In the midst of constant struggle, a loud crackling sound came out!

Boom! !

Boom boom! !

Not only the biggest explosion, but also a chain explosion!

Most of the Heavenly Sword City is covered in it, more than four thousand warriors, even the millions of warriors fighting outside, are surrounded by it.

In the distance, Ye Chen on the tower thousands of miles away was stunned by the shock wave, but with an evil smile, saying: "After this battle, I am completely famous in the world. As for those warriors..."

"Martial art is the good fortune of heaven and earth!"

"The vitality and destiny of others makes themselves successful. They should have left at the beginning of the fighting and chaos. If they don't leave, they want to **** treasures or fish in troubled waters. No wonder !!"

Martial arts is the road against the sky, the road to murder!

If you want to snatch, you must **** the good fortune of heaven and earth, kill people and win treasures!

What's more, you are in the Lingwu Continent, a place where strength is always respected. As for the explosion of Tianjian City, it will take at least fifteen minutes for Tianjian City to be chaotic until the explosion begins. Leaving Tianjian City.

It only takes a few minutes to enter the God Realm and God King Realm!

I haven't run for so long, and haven't evacuated!

Then don't blame Ye Chen for detonating many immortal artifacts, the aftermath shocked them to death!

"This explosion!"

"It costs one hundred thousand spiritual artifacts, fifty thousand immortal artifacts, five thousand divine king artifacts, one thousand mixed yuan immortal artifacts, and thirty Hedao artifacts!"

"This is the maximum I can control and detonate!" Ye Chen said: "Blasting, it can't kill Immortal Venerable, He Dao Shenjun, if you pay attention to it properly, such a big impact will not necessarily blow up too much! "

"But it's absolutely uncomfortable!!"

"It may even take a hundred years to return to peak state!"

Chapter 1658: Go crazy!

Ye Chen looked at the three gods and Buddhas beside him, and said quickly:

"Three gods and Buddhas, please control many battle puppets, and when the explosion is over, they will rush into the Heavenly Sword City together and collect the heaven and earth rings of the people who have been blown to death under the Hedao God!"

"Observe, host!" The three gods and Buddhas hurriedly clasped their fists!

Twenty-five Hedao Gods of Duhua!

Now, there are only eighteen people left, and seven have been blown up. This is still when Ye Chen ordered him to retreat at the beginning of the melee. Otherwise, if he insists on until the explosion, I am afraid that there will be more than a few left!

Liang Xueyue stared at Ye Chen and said: "You evil god, this time you got so many spoils. The Thousand Demon Ginseng I wanted was also obtained by your men. Can you give it to me? I can give you a few pieces. Dao artifact!"

This is the biggest reason why Liang Xueyue did not leave!

Thousand Demon Ginseng is too important to her!

What's more, Ye Chen doesn't practice Poison Art, Thousand Demon Ginseng has no effect on him at all!

"No!"

"Thousand Demon Ginseng, I want to save a friend of mine!"

Ye Chen stared at Liang Xueyue, and said: "I know that you are an acquired poison, but it is incomplete. You still need acquired poison to perfect it, but I can't give it to you now. In this way, you go to a place a million miles away. Kunyu City!"

"In ten days, I will go to you!"

"If there is anything left, I will give you the remaining poison of the day after tomorrow!"

Ji Lin, needs acquired poison to perfect his blood and body!

According to several masters, the acquired poison is only half of the Thousand Demon Ginseng!

However, Ye Chen still doesn't know if that formation will fail!

So he must have it all!

There are at least two opportunities!

Liang Xueyue! Because he was implicated, if there is something left, give her some acquired poison, it will be considered compensation!

"This....."

"Give me a jade pendant!" Liang Xueyue said in a deep voice after receiving Ye Chen's call about jade pendant, "I hope you don't lie to me!"

"I never lie to people, especially beautiful women!" Ye Chen joked, only to see Liang Xueyue turn into streamer, and then the night rushed to the distance. She is not leaving now, waiting for the people in the congregation to react, but she can't leave. Lost!

Boom boom boom! !

Boom! !

In the Heavenly Sword City, the aftermath of the explosion caused many fairy and king artifacts to explode!

Before the voice stopped, Ye Chen stood on the tower, admiring this moment that was remembered by history!

Long time passed!

About ten minutes later!

The explosion stopped!

In mid-air, only eight figures remained standing still, the immortals of the six powers, and the old flowers and fishermen who released several top-notch artifacts!

"what....."

"Ye Chen, beast..."

"brute....."

The butcher, the drug dealer, and the tea dealer, the three supreme gods, were originally injured by the immortal, and after experiencing the impact of the explosion, they were lying on the ground with incomplete limbs, blood overflowing, and blood and blood around them, countless stumps. Broken arm!

Without their powerful warriors, or without the defenses of Hedao artifacts, those with bad luck will almost all be dead and clean!

There are more than a hundred He Dao gods, and now there are more than 50 lying on the ground wailing, and there are more than a dozen others who are not in the center of the explosion, and they are not seriously injured. They are all staring blankly at all this, including Dugu Tian. Yu the eight elders!

Bai Lixue left when the chaos started, and was not injured at all!

But the other princes were all scrapped, not only were they scrapped, almost none of the Venerable Primal Realm they brought was healthy!

"This....."

"Ye Chen, little beast!" The elder of the fierce demon palace, too, cursed in ragged clothes, his body was cracked!

He was so angry!

"My disciple, my disciple!" The supreme elder of the Baili family looked at all this sadly. Although he saw the unimpeded Bailixue and his subordinates, the other members of the Baili family were extremely injured. serious.

All this is to blame for him being too greedy!

Although Bai Lixue has repeatedly suggested helping Ye Chen, for the Supreme Elder of the Baili family, if Ye Chen is a soldier of time and space, he will desperately kill Ye Chen!

The Supreme Elders, such as the Beitang family and the Fire Sect, are even more saddened, looking at the half of their own team who was killed in the bombing, still in a daze!

That's it!

It's all over!

Sanxiu He Dao gods, Hunyuan realm venerable, weapons and equipment are not as good as theirs, almost all dissipated in the world, eliminating the five super gods! But their own team was also finished, half of them died, most of them were seriously injured, and even though they were slightly injured, they were of little use!

This time the auction event!

Completely ruined!

The immortal and divine artifacts on auction were almost destroyed, and the ones that were not destroyed almost exploded with one piece!

The six Immortal Venerables are all thinking this way.

Whizzing!

Whoosh! !

Just as everyone was at a loss!

Four blue lights soared into the sky, the stone claws exploded, and four space-time soldiers rose into the sky, rushing towards the four immortals of the Baili family, the Agni sect, the Beitang family, and the Dugu family, respectively, to return to their master's Around!

"The soldier of time and space!"

"It was not blown up!"

"So many celestial artifacts and divine artifacts didn't withstand the explosion, they all blew themselves up. The Universe Rings that didn't blow up were scattered all over the ground. I didn't expect the four time-space soldiers to be harmless!"

In the distance, Bai Lixue looked at all this, shocked in her heart!

It is worthy of being a soldier of time and space. With the laws of time and space, he can protect himself from being destroyed at critical moments!

"We are the soldiers of time and space!"

"I will eventually return to my hand!" The elder of the Beitang family sighed!

"After the soldiers of time and space return, strangling Ye Chen!" The elder of the Dugu family cracked his body and trembled with anger, and wanted to reach out to pick up the soldiers of time and space!

As long as the soldiers of time and space return!

Regardless of everything, kill Ye Chen!

Suddenly!

A figure dashed through the air, grabbing four space-time soldiers, and before they waited for the time-space soldiers to resist, they were directly loaded into the reincarnation cemetery. Even the holy soldiers could not escape in the reincarnation cemetery!

Ye Chen landed, smiled, more than a thousand Hunyuan Realm and Divine King Realm battle puppets appeared all over his body, and he quickly collected many cosmic rings and weapons scattered on the ground. In the distance, millions of low-level casual repairs and small sects were bombed. Most of the dead, a large number of treasures were also left behind, all of which were collected by the three gods and Buddhas, led by the gods and monarchs of the realm, at an extremely fast speed!

The forces on both sides converge!

The universe ring and all the treasures have entered Ye Chen's reincarnation cemetery!

"Everyone!"

"It's not so easy to offend someone, Ye!"

"You guys do it for yourself, I'm going now!" Ye Chen smiled cheerfully and left directly with the Hedao artifact!

"Ye Chen!" The heart-piercing roar of the Supreme Elder stunned the world, and immediately rushed out holding the shattered Hedao artifact, and at the same time exclaimed: "Dugu family, the surviving warrior, kill Ye Chen with the deity!"

With a wave of his hand, he exploded Ye Chen's dozens of Hunyuan Realm battle puppets, and straight Ye Chen left!

Chapter 1659: I won't!

"Ye Chen!"

"Kill Ye Chen!"

"Kill Ye Chen!"

"kill....."

The other immortals were anxious and frustrated. They thought they could keep the soldiers of time and space. Although the people died, the treasures and artifacts were left behind, and there were some gains. Ye Chen didn't expect these to be taken away!

"The Baili family, the warriors who are still alive, kill Ye Chen with the deity!" The elder of the Baili family was so angry that he rushed out regardless of his injuries!

"The Linghu family, the still alive warriors..."

"The warrior who is still alive in the fierce demon palace, follow..."

"The Beitang family is still alive..."

"The Fire Cult also..."

The five immortals were furious, leading the only remaining fifty or more than a hundred martial artists of the Hunyuan realm to rush out!

"Ma De, this kid gets everything!"

"kill him!"

"Yes, kill him!"

Five extremely wounded gods including the butcher, the old flower caller, and the drug dealer also rushed out!

Ma De, Lao Tzu struggled with all their strength to grab the soldiers of time and space with the six immortals!

Ye Chen is good!

Finally, you are out!

If you grab everything and run away, Lao Tzu will kill you. Even if you don't kill you, you have to spit out all the space-time soldiers to Lao Tzu. Lao Tzu is waiting for these things to break through and extend their life!

Whoosh whoosh! !

Whizzing! !

In Heavenly Sword City, many warriors burst out into the sky, chasing Ye Chen!

Now, the six most elite and most powerful factions and the surviving San Xiu all rushed to the past, and the goal was one-to kill Ye Chen!

Huhuhu! !

Huhu!

Ye Chen released the battle puppets in the reincarnation cemetery as he ran, "Chasing me? Some of the battle puppets of Lao Tzu, this time I took a lot of corpses, and waited for me to slow down and make them into battle puppets, killing you!"

"The tomb owner!"

"Why don't you continue to release the weapons and blow them up?" asked the Moonlight Buddha who was also running for his life beside him!

"Do you think my soul has unlimited power?"

"Every weapon must cut the power of my soul!" Ye Chen's lips overflowed with blood, and smiled: "When these weapons are exploded, my power of soul has been weakened to the equivalent of a warrior who has entered the gods. Within time, I can no longer detonate the weapon!"

"Get the treasure, run quickly!"

"You thought I could kill them all!"

Ye Chen continued to release tens of thousands of battle puppets in the god-king realm. He was blown up by the chasing soldiers in the blink of an eye, and had to put some high-level battle puppets. Ji Lin perfected the innate poison body, but he didn't want to destroy them!"

Bang bang bang!

Click! !

boom! !

A series of explosions came out!

Divine King Realm war puppets fell extremely fast. Under the six immortals, dozens of them were dropped every second. Nearly ten thousand God King realm war puppets could not stop them for long. Fortunately, they could hold them and let Ye Chen run first!

Huhuhu! !

Huhu!

Ye Chen led the crowd and ran wildly for several hours, and a large number of chasing soldiers were thrown away, but the main ones were still following!

"Ye Chen!"

"Hand over the treasure, otherwise you will never die!"

"Yes, hand over the treasure!"

"Hand it over!"

Six immortals!

The three great gods are still following!

The other gods and monarchs of Hunyuan realm were all trapped by the large number of battle puppets released by Ye Chen.

At this moment, Ye Chen had almost escaped from the scope of Heavenly Sword City, and was rushing towards the next area under the jurisdiction of the Dugu Family. He couldn't help but look back, and the group of strong men still chased after him.

Damn it!

Ye Chen's condition is also seriously injured now, if he fights against these strong men, he is not qualified for a battle at all!

Suddenly, the footsteps of a terrifying, blood-covered Xianzun slowly stopped.

He knows very well that it is useless to chase down like this!

In this battle, his injuries were too serious!

The soldiers of time and space are in Ye Chen's hands!

Ye Chen must die!

Otherwise, if he can't get back the Space-Time Soldier, he won't be able to explain to his family!

The Xianzun's eyes flashed with determination, and he took out a piece of jade pendant from his waist!

Then, a drop of blood was forced out!

Yupei suddenly flashed a phantom!

"Master is here! I vowed never to use this divine mind! But now I have to sacrifice it!"

"What's ridiculous is that I actually used this power of divine consciousness to kill a little beast in the Divine King realm!!"

"It's a violent thing!"

"I don't believe it, this badly injured little beast can still resist a force that the Immortal Venerable can't resist!"

"The Ten Thousand Demons Killing Order, go!"

When the words fell, the jade pendant shattered, as if it turned into a blood-red arrow and flew toward the fleeing Ye Chen!

Dark clouds rise above the sky!

Gradually become bloody!

Extremely cold and bloodthirsty!

Those supreme gods and other immortals naturally found something, and looked at the blood red arrow and gave a slight pause!

"Xianzun's peak power!"

"Someone used the power of an immortal **** to punish Ye Chen!"

"Haha, Ye Chen must die!"

"In this way, he will never take away the soldiers of time and space!"

Everyone slowed down.

In their opinion, this time, Ye Chen couldn't fly with wings!

With such an injury, if it can block the peak power of the Immortal Venerable Spiritual Mind, it would be hitting everyone in the face!

The blood-red arrow gets closer and closer, wherever it goes, there are ruins! It shows how terrifying power is!

And Ye Chen at this moment naturally noticed it!

He was chilly!

This is a feeling of being stared at by death!

For the first time since he stepped into Lingwu Continent, he felt dead!

Ye Chen sighed, "Master, I'm afraid you still have to help!"

"Six badly injured immortals!"

"Three extremely dying gods! If you chase me down like this, I will definitely die."

However, there was no response from the reincarnation cemetery!

At this moment Ye Chen Peak Immortal Venerable Spiritual Mind is locked!

Even the connection with the reincarnation cemetery is temporarily cut off!

Damn it!

How to do!

The distance is getting closer!

Life and death are only in one thought!

at the same time!

A girl wearing a veil hurried over here!

It is Wei Ying!

At this moment, Wei Ying naturally felt Ye Chen's crisis!

Her eyes are extremely cold!

The evil spirit body exudes endless chill, as if the temperature of the whole world has dropped to freezing point!

During the words, Wei Ying forced a drop of blood!

The power of the blood spirit body is released!

In an instant, the blood flew out!

Turn into a blue ice arrow!

Above the ice arrow, there seemed to be an ice crystal phoenix phantom coiled around!

The land that the Frostbolt reaches has turned into a continuous ice!

Even snow fell between heaven and earth!

Flying snow in June!

The meaning of death!

Heaven and earth vision!

At the same time, Wei Ying's face was pale to the extreme!

Using the power of blood, she was very attritional!

After all, she is not proficient in the control of the evil spirit body! And did not fully awaken!

But no matter what, she didn't allow Ye Chen to be injured! Ye Chen is not allowed to die!

In her mind, there were many years when she was with Ye Chen's neighbor at Beijing Normal University!

Once, there was a young man who defended her from the blood and cold body again and again!

Once, there was a young man who, at all costs, rose from a desperate situation to turn the tide! Guard her!

Once, a young man warmed her cold and determined heart with his arms.

That young man is called Ye Chen!

From China Jiangcheng!

It is the only friend of Wei Ying, the lord of her Chilling Palace!

At this moment, Wei Ying's voice filled with endless anger slowly fell!

"Anyone who wants to kill him, my Absolute Frost Palace does not allow it!"

Chapter 1660: Mysterious power!

Countless pairs of eyes stared at the blood red arrow close to Ye Chen!

100 meters!

Ten meters!

one meter!

The power of that Immortal Venerable even drove a powerful wave of air, tearing Ye Chen's clothes suddenly!

Seeing that the blood red arrow was going to penetrate Ye Chen's body!

Once touched, under the Immortal Venerable, it is bound to fall!

Even if Ye Chen communicated with the reincarnation cemetery, it was useless!

Suddenly, Ye Chen remembered something!

When Kunlun was vacant, before Lin Qingxuan, who had the power of medicine and power, dissipated, he had given him a pill!

"Apprentice, this pill is a top-level pill that my teacher spent a month in the reincarnation cemetery. It is infinitely close to the tenth product. It is extremely precious. Looking at the Kunlun Void, it is only one. If I refine it on the body, it may be It is the top ten, but now it can barely make do. This pill is called the Nine Death Pill!"

Top Best AI for Forex Trading 2024

"Before you fall into the realm of death, or your body is completely destroyed, taking this pill can at least change the adversity. Remember, don't take out this pill until you are in the realm of death! Or it will only be a waste!"

Lin Qingxuan was not too strong in martial arts in the ancient times, but in terms of medical science and alchemy, he was definitely a top-level existence in Lingwu Continent!

This Nine Death Pill, even if it is put on the Lingwu Continent, must be of great value!

Now, it is time for him to sacrifice.

However, the blood red arrow behind it was too fast, Ye Chen couldn't complete the process of subduing the nine death pills at this moment!

How to do!

At this moment, his spiritual knowledge spread.

He seemed to see those immortals sneering.

I even saw the greedy eyes of those super gods!

Once they fall, this group of people will swarm! Take away the soldiers of time and space!

What about Ji Lin?

He promised Ji Siqing to take good care of Ji Lin!

However, once he falls here, the reincarnation cemetery will inevitably dissipate in the world!

Ji Lin will not be able to live by then!

strength!

I want strength!

Endless strength!

I want to awaken my reincarnation blood!

Only by controlling the blood of reincarnation can I be unafraid of any forces!

However, there is no chance.

Suddenly, in the sight of everyone!

A icy blue light broke through the sky!

Come through!

Everyone even heard a long howl of a phoenix!

This sound shakes the world!

"bump!"

Under countless sights, the arrow with the phantom of the ice crystal phoenix and the blood red arrow actually touched together!

The two forces are deadlocked!

Just hanging in front of Ye Chen!

Weird!

Weird to the extreme!

At this moment, the whole world seemed to be quiet.

Those powerful immortals and even the supreme gods are all dumbfounded!

Someone wants to break away that fairy goddess?

This fairy goddess, even they can't resist it!

I'm crazy!

"Huh, Manti Arms can't stop the car!" The Supreme Elder of the Dugu Family snorted coldly!

In his eyes, that power has no solution!

No matter who is helping Ye Chen, he will suffer the pain of backlash!

However, "click!" With a sound, the blood red arrow shattered on the spot in full view!

At the same moment, the Ice Crystal Phoenix Phantom let out a roar, hovering around Ye Chen!

As if guarding him!

Elder Dugu Taishang's face is black!

It's completely black!

His assertion last second, at this moment, it was ruthlessly slapped in the face!

Who is the key to saving Ye Chen!

Being able to resist the peak blow of the Immortal Venerable Spiritual Mind in this way is not just the Immortal Venerable, but a stronger existence?

Could this be Ye Chen's arrogant real reliance?

At this moment, all those who were chasing Ye Chen stopped!

They are scared!

If there is such a strong guard, how can their current state kill Ye Chen!

Just when Wan Lai was completely silent, an old and doubtful voice sounded:

"Have you noticed that the Frostbolt accompanied by the Ice Crystal Phoenix Phantom is a bit familiar..."

"It seems...it seems to be the technique of an extinct sect in the ancient times?"

"Moreover, this chilling coercion... comes from a bloodline..."

"Could it be the Absolute Frost Imperial Palace!!!"

As soon as these words came out, everyone present turned pale!

Completely scared!

In Lingwu Continent, you don't need to know the blood spirit race! You may not know the Shenlong Family and the Holy Dragon Family!

You may not know the magic domain!

But you can't help but know the existence of the Absolute Cold Imperial Palace!

The Absolute Cold Imperial Palace was one of the most terrifying forces in the ancient times on the Lingwu Continent!

The palace owner of the Absolute Frost Imperial Palace can destroy the entire Western Regions with a single thought!

It's a pity that the Absolute Cold Palace suddenly disappeared overnight for some reason!

It has become a forbidden in the hearts of everyone in Lingwu Continent!

Unreachable!

According to legend, everyone in the Absolute Frost Imperial Palace was destroyed by countless forces!

No one survived!

Even the techniques and inheritance of the Absolute Cold Imperial Palace have all disappeared!

You know, the Absolute Frost Imperial Palace, as a top power, has countless treasures!

Even the worst may be the soldiers of time and space!

There is a legend in Lingwu Continent that when the owner of the Absolute Cold Imperial Palace died in the ancient times, he took away everything in the Absolute Cold Imperial Palace with the power of divine thought!

Hidden in a mysterious place in Lingwu Continent!

Only when the destined talents will be fully opened!

This class is ten thousand years!

"It can't be the Absolute Frost Emperor Palace. The Absolute Frost Emperor Palace has long since disappeared. How can it still appear?"

"Lingwu Continent has a lot of ice-based techniques should be similar, I am afraid you are mistaken!"

"If the palace owner of the Absolute Frost Emperor's Palace is still alive, I am afraid that the entire Western Regions will disappear. It is impossible for us to stand so well."

"Old guy, don't scare us!"

An Xianzun frowned and analyzed.

As soon as the words came out, the others nodded.

It seems that this is convincing.

The elder Taishang of the Dugu family looked ugly, he looked around, as if he wanted to find someone to shoot!

However, everything around is empty, besides them, there is no one!

After a few seconds, Ye Chen in the distance was relieved.

Someone is saving him?

He frowned as he watched the ice crystal phoenix gradually disappearing above his head.

Not long after he came to Lingwu Continent, he made many enemies and few friends!

Apart from the power of the reincarnation cemetery, how could anyone save him?

And the power just now, at least the immortal venerable level!

"That old guy drinking? Impossible, this technique is obviously a female technique, and the other party is at the level of the immortal! It can't be him!"

"Is it the Ten Thousand Sword Emperor Palace?"

"Impossible, Ten Thousand Sword Emperor Palace cannot protect itself now, it is impossible to help me."

Ye Chen thought about it, and even thought of Lingyun Immortal Venerable, and finally reluctantly shook his head and waved away all thoughts.

The crisis has not been resolved yet!

He fiercely looked at the few immortals and the supreme gods who hadn't reacted behind him, and then swept towards the virgin forest below. As soon as he entered the forest, he relied on the reincarnation cemetery, shielding his breath!

Since he was hunted down!

Then he wants to see who can have the last laugh today!

As for who was helping him, he didn't have to guess randomly. He believed that since the other party was willing to make a move, he would definitely come to see him!
