Chapter 1661: Hunt down!

After Ye Chen disappeared, everyone reacted completely!

The meaning of ice cold has disappeared, indicating that the person who helped Ye Chen has left!

Since he left, Ye Chen would die!

"Where is Ye Chen?"

"Ran away!"

"In the forest!"

The six immortals were taken aback for a moment, and they said together: "Disperse and find!"

Find the best scattered, find them together, and then have to fight each other for a while!

"Let's go down too!"

"I know it in the jungle!"

The butcher, the old flower caller and the medicine merchant also followed the six immortals and turned into the primitive mountains that stretched for 100,000 miles to search for Ye Chen!

...

At the same time, ten miles away, behind a huge rock.

Wei Ying came out with a pale face. She looked at the back of Ye Chen and everyone leaving, and sighed: "Ye Chen, I can only help you not much, I can only help you resist that immortal spirit. It's up to you."

With the extreme of speaking, a smile appeared at the corner of Wei Ying's mouth.

Even though the injury is serious, the smile is beautiful.

Baier walked out, handed out a pill, and said worriedly: "Palace Master, why are you so troublesome? That kid is only in the Divine King Realm, why are you helping him like this?"

"Your essence and blood are extremely precious!"

"Also, that kid is Ye Chen who you said before can help us recover the Absolute Frost Emperor Palace, I really don't see what he can help us."

"With this strength, even if he is given 10,000 years, it will barely be the same as mine."

"Also, Palace Lord, we were almost exposed just now! If outsiders know that our Absolute Frost Palace is still alive, then neither of us will want to leave alive! If it weren't for me to take you away in advance, we would definitely be caught by those guys. Find!"

Wei Ying took the pill in Baier's hand and nodded: "I know, you don't need to say more about some things."

"Save him, you may think it's not worth it now, but you will find out later that this is the most worthwhile thing!"

"What's more, he is my only friend of Wei Ying."

"If he dies, I don't want to rebuild the Absolute Frost Palace."

Baier didn't understand Wei Ying more and more. In her opinion, Wei Ying's identity was high and he had blood against the sky.

Obviously, he was not the same with Ye Chen.

As for friends?

In Lingwu Mainland, friendship is worthless at all!

"Palace Master, do you like Ye Chen?"

Suddenly, Baier thought of something, and a sly eye flashed across his eyes.

This is the only explanation!

Hearing these words, Wei Ying's pale face turned out to be ruddy, she snorted and walked outside.

"Bai'er, don't ask more if you shouldn't ask! Since he is not in danger right now, we should also go on the road!"

"We should take back the things that the palace owner of the Absolute Frost Emperor Palace took away!"

"Only by getting those things, I am qualified to fight against the top forces in Lingwu Continent!"

"go!"

"By the way, before leaving, help that guy a little bit, at least it can attract some firepower."

Wei Ying pinched his fingers, and a phantom phoenix flew in one direction.

Baier took a look, stuck out his tongue and hurriedly followed up: "Yes, the palace lord!"

...

At the same time, the hunt continues.

The six Immortal Venerables were already seriously injured and experienced hundreds of thousands of weapons that exploded. Although the weapon level is very low, self-detonation alone will not pose any threat to them, but the combination is not a matter of one plus one equals two. , But a process of qualitative change that has occurred!

Hundreds of thousands of weapons exploded!

The power is comparable to that of a warrior who is one of the heavens, with a full blow!

Similarly, it is equivalent to the spontaneous detonation of a rank 1 time-space soldier!

Such a power, fortunately, the six Immortal Venerables resisted together, otherwise, a single person would have been killed long ago, and no matter how bad they were, he would be seriously injured and dying!

Just when the six of them were about to kill one hundred thousand mountains, they suddenly saw a phoenix phantom. Among them, the ancestor of the Baili family, the supreme elder of the evil demon palace, the supreme elder of the Linghu family, and the supreme elder of the Fire Sect Attracted away!

Only two immortals are left!

And the three extremely hard-hit gods are searching for Ye Chen!

One hundred thousand mountains!

Speaking of it is one hundred thousand mountains, if you look closely, it is a vast forest, but it is almost the total area of China's land area. There are a large number of fairy beasts, fierce beasts, and beasts, which are left alone by forces such as the Dugu family. , A place to hunt down fierce beasts in Hedao realm and make Hedao artifacts!

The moment Ye Chen entered the Hundred Thousand Mountain, he sensed dozens of the auras of fierce beasts in the combined Dao realm, and dozens of half-step auras of the fairy beasts in the realm, even for a short distance. There are many fierce beasts in Dao Realm!

"Can't go deep!"

"Look for an opportunity to kill three super gods!"

Ye Chen nestled under a hundred-meter big tree, his flesh cracked, and a faint blood flowed out. The moment it dripped on the grass, the destructive force in his blood wiped out large tracts of land and grassland.

He cultivated the power of destruction and the power of nirvana, the two powers have been integrated into his body and blood!

At the moment even a drop of his blood is enough to kill a warrior who has entered the realm of God!

Huhuhu! !

Huhu! !

Ye Chen changed a place and took out a Hedao artifact, placed it under him, collected his own blood, and at the same time prevented his own breath from overflowing, and quickly punched a hole in the center of the big tree to heal his injuries!

The reincarnation of gods and demons works!

The injury is speeding up recovery!

Soon, the five powerhouses approached in the direction where Ye Chen disappeared!

"Everyone, look around!"

"Gathering together, it's not appropriate!" The elder of the Dugu family said slowly, blood and magic light circulated all over his body, and a bowl-sized blood hole appeared on his chest, and it could be clearly seen that the flesh and blood inside had been acquired. Corrosion of poison!

It was originally poisoned!

After another explosion, the old wound recurred! The venom rose sharply and spread directly to most of the body!

"I mean it too!"

"They were stopped!"

"The spoils of war must be ours!" Another immortal Venerable had a deep gaze. He looked at the four immortal Venerables in the distance being besieged by the phoenix shadow, and said: "Go!"

The voice fell off!

The two Immortal Venerables each tracked them by the secret method of essence and blood, but they chased each other towards the east and the west!

The three supreme gods all looked around with gloomy eyes, and they always called Huayan: "The three of us, let Ye Chen play! This time, each search, whoever finds Ye Chen and kills, who owns the loot, and then far away Escape to the End of the World!"

"I'm afraid I won't see each other again in ten years!"

"If someone gets the spoils, there is more than one space-time soldier, and I always ask the flower to be a slave. Just give me a space-time soldier to break the border!"

"This sentence, no matter what the occasion, no matter what the situation, has always been effective!"

"Because I really need it!"

Chapter 1662: dissipate!

Hedao god, life span of 150,000 years

There is only a thousand years left for the old bidders to live. After this battle, the lifespan is consumed rapidly, and it is estimated that only a hundred years.

Of the three, the old beggar is the most anxious

"it is good"

"can"

The butcher and the drug dealer left separately

The three supreme gods and immortals did not fight, and the three of them were seriously wounded and dying

Under the attack of the two severely wounded Immortals, I'm afraid they will fall if they can't survive a hundred moves.

Immortal Venerable is even more reluctant. Even if they can kill the three supreme gods, they themselves are almost close to the point where they are seriously injured and dying. If another strange warrior or the mysterious powerhouse is killed, everyone will be finished.

"Ye Chen"

"Ye Chen, get out"

"Where the **** are you hiding?"

The old calligrapher Hua Yukong searched around. With a wave of the wooden stick, a large area of trees was destroyed. Many fairy beasts and fierce beasts wanted to attack the old calligraphy flower, but they were all beaten by a wooden stick. , Even if severely wounded and dying, it is a supreme god, not an ordinary beast that can kill

Bang bang bang

Click

The old beggar searched and destroyed everywhere. Under the wooden sticks, dozens of fierce beasts in the Affinity realm were killed, and many beasts were slaughtered, but Ye Chen was never found, and even before dawn, he had to sit down. Healed on a big tree, he whispered, "Ye Chen, you give me a soldier of time and space, I can give you a slave for thousands of years."

"Do not"

"Ten Thousand Years"

"I know that you have at least a few space-time soldiers on your body, not necessarily all you need"

The voice was low and deep, but it spread to the surrounding mountains and forests through the sound of the wind, shocking many beasts rushing to the ground.

A supreme god

Actually begging Ye Chen

In the distance, Ye Chen in the tree hole looked at the seriously injured and dying old caller through the gap. His eyes flickered and a little gloomy. He shook his head and got such a servant. It was good.

However, I didn't have the means to restrain the old beggars

As for the King of God

He is in the fifth level of the God King realm, and can save the martial artist who can save the 7th level of the Dao Realm to the death. As for the supreme god, he can't do it at all, unless he advances to the Hunyuan realm and uses the sword seal

The power of the soul of the old beggar is ten times that of Ye Chen

The Universe Sword Seal will be lifted instantly, and Ye Chen will die at that time

Ye Chen ignored the old call for flowers, and recovered his injuries as much as possible. Although he did not fight directly, he was chased and killed by so many warriors. Even if he was attacked by air attack, the law of time and space, etc., he almost defeated Ye Chen.

He entered the reincarnation cemetery and asked "how many immortals, how is the situation?"

"Everything is fine"

"However, the people who came back were seriously injured" Bingjian Xianzun took a long breath, his figure was a little indifferent, his eyes flashed across the three gods and Buddhas who were healing, and the bodies were all pierced by the immortal. If it were not for invincibility, Already fallen

Twenty-five Gods of the Hedao Realm

After several battles, only thirteen were left, and the others were killed. The thirteen people are all at a level above the third or fourth level of the Heavenly Combination Realm. They are okay against other people, and against the supreme gods, they are basically killed by a second.

Ye Chen thought about "the old calligraphy flower guards the exit to the north"

"Want to go out"

"You have to kill the old beggar"

"As far as the south, the butcher, the injury is lighter and harder"

"West, the elder Dugu Taishang"

"To the east, there is also a fairy statue"

"In addition, there are drug dealers patrolling around in the middle area."

"Rather than being surrounded on all sides, all sides are guarded, and the guards on both sides are Xianzun." Ye Chen thought about the surrounding situation, looking down at the current situation in the reincarnation cemetery, entering the gods and kings, almost Exhausted

leftover

There are more than one hundred Hunyuan realm war puppets

In addition, there are more than a dozen puppets

As for the massive weapons harvested, my soul power is no longer enough, and the weapons that can't be detonated are gone.

Otherwise, ten thousand spiritual weapons, millions of immortal artifacts, more than 300,000 divine king artifacts, thousands of Hunyuan immortal artifacts, hundreds of Hedao artifacts, ten weapons of time and space, just take out some weapons to detonate, Are enough to smash these five people

"Several Masters"

Ye Chen stared at the three gods and Buddhas, and saw that their injuries were so severe that they were almost dying out. He couldn't help but shook his head. When the three gods and Buddhas detonated the venue, they were already very injured, and they were sheltering himself from fleeing. At this time, blocked an onslaught of a fairy

Let them practice a thousand ice bursts

Then detonate a lot of weapons, it's difficult, even almost impossible

If you really do this, the three gods and Buddhas will inevitably fall directly because of the exhaustion of their souls

"Tomb Master"

"It's confused and can't escape"

Ice Sword Immortal Venerable's eyes flickered quickly said, "You must go to war right away and flee from the tomb owner immediately. Don't heal your wounds. While you are healing, they are also healing. After that, they will recover a lot of combat power, and the gap will be even greater when the time comes."

"I have no strength to supply you"

"It's the three gods who can help you"

He looked at Zhu Mie Shenjun and the other three people, sighed, and said, "I'm almost on the verge of dying. No, it's not dying, it's the day when my spiritual thoughts are broken."

Ye Chen looked at Immortal Bingjian suddenly and couldn't help but wondered, "Master, your true body is not only in the middle of the good fortune realm."

Divine Sense in the Middle Stage of Good Fortune

Although it is very strong, it is nourished by the Heaven and Earth Soul Dragon, but it is not so strong.

Logically

When the Tianxiang Pavilion was destroyed, the spirit of Ice Sword Immortal Venerable had been exhausted.

He confused "unless"

"Unless I am in real form, I have already advanced to the Star Aperture Realm and become the titled Sword God, right"

"Perhaps this is true for my real body, because my divine power is indeed terribly strong." Frost Sword Immortal sighed, "The real body titled Sword God, let me think about what name the real body will use Ice Sword Sword. God"

The Ice Sword Immortal ridiculed himself, his figure getting weaker and weaker, even his feet had faded, his legs had faded, and he was no longer as solid as before. At this moment, he seemed to be blown away by a gust of wind.

His eyes are gentle.

He glanced at Ye Chen, he had no regrets to be with Ye Chen during this time.

I even cherish this time

He has cultivated for thousands of years, has he ever had such a passionate experience

It was given by Ye Chen

Spiritual thoughts are about to dissipate, but Ice Sword Immortal Venerable feels more relaxed, and the corners of his lips have a smile on his face, saying, "Three, no, three of the six have already resurrected. Fortunately, you can resurrect directly, and you can get a direct return. ."

Chapter 1663: Nemesis!

He lowered his head, a little sad, and said: "Maybe, I really need some time to be free!"

"But what I want to say is that the spirit of our reincarnation cemetery is like a successor!"

"Every time, come out to take over the tasks left by the previous one!"

"Task-to accompany the tomb owner for a period of time, so that the tomb owner can grow!"

Ye Chen didn't interrupt, even if the forging gods, **** pill gods, hundred sword gods Nie Baijian and so on had all said these words, but the mood and feelings were different, and each had something to explain to the successor!

"Do not worry!"

"The strength of the tomb owner has improved very quickly!" Xiaoyao Shenjun laughed and said: "Since we are both people in the cemetery of reincarnation, then we are friends. It does not take a year or two. We will be free when we are in real life. Drinking and writing poetry together!"

Lord Zhu Mie held his hands, nodded slightly, and his eyes were a little different. It seemed to feel that after a short while, he would be able to tell other successors. Generally speaking, this is a mission, and it is also a glorious and great opportunity!

Help someone for a while!

In exchange for real relief!

Or in exchange for a chance to resurrect!

Not a big opportunity, or something!

"it is good!"

"It seems that what I want to say, you all know, then I won't explain it!"

"In the coming day, we will meet in person, it will be better!" Bingjian Xianzun glanced across the three gods Zhu Mie, Jiuwu and Xiaoyao, and smiled: "Everyone, see you first!"

At this moment, I have finished explaining this!

Ice Sword Immortal Venerable's lower body has completely collapsed, turning into rays of light and dissipating in the reincarnation cemetery!

Finally, Ice Sword Immortal Venerable looked at Ye Chen, and said cautiously and pleadingly: "The Dugu Family Supreme Elder said that Wanjian Emperor's Palace was under siege, and this was indeed the case before, but it seems that the battle situation is not good for us!"

"My Ten Thousand Sword Emperor Palace!"

"It should be five Star Aperture Realm Sword Gods, a dozen Good Fortune Realm Sword Gods now!"

"In this case, I want to ask the tomb owner one thing!"

As soon as the voice fell, Immortal Bingjian held his fist and bowed slightly, his attitude was extremely humble!

Ye Chen hurriedly supported him, nodded and said, "Save the Ten Thousand Sword Emperor Palace, right!"

"Correct!"

"It may be difficult for the tomb owner, but I still hope that the tomb owner will take a look. You are the son of destiny, the person favored by the times, and the owner of the supreme blood. Go, you will surely save the Ten Thousand Sword Emperor Palace, there , After all, it is my home, I don't want to be destroyed!"

The Ice Sword Immortal Venerable's neck has basically dissipated, and he quickened his speed and said: "If it is possible, the weapon on your body, the tomb owner, can be detonated, and it should be able to repel the enemy. , To rescue my real body!"

"Let my true body go to save the Ten Thousand Sword Emperor Palace!"

"This is my last plea!"

The sound has not fallen yet!

The Ice Sword Immortal Venerable has completely turned into countless rays of light, permeating the reincarnation cemetery!

Soon the rays of light dissipated, as if the spirit of Ice Sword Immortal Venerable had never appeared before, Ye Chen quietly looked at the exploded tombstone of Ice Sword Immortal Venerable, his thoughts abound, he had already sent it away. How many masters are there!

"Someday!"

"We will all meet!"

Ye Chen quickly cheered up and ordered: "Exterminate the gods, activate all the battle puppets, and at the same time bless your power on my body, the battle puppets set up a self-destruct procedure in advance as a last resort!"

"north!"

"Always begging flowers, I want to break through from him personally!"

"Kill him, if it fails, detonate a large number of war puppets, blow him up, and flee!"

As the Ice Sword Immortal Venerable disappears without any more power!

Ye Chen's biggest support now is the three gods and the three gods and Buddhas!

The combination of the three gods and monarchs can make Ye Chen burst into battle power comparable to the seven or eight layers of the Hedao Realm. The three gods and Buddhas have been seriously injured and can no longer fight, so they can only rely on Ye Chen to fight. The supreme **** at the peak of the Ninth Heaven in the Hedao Realm!

"kill!"

"Always call flowers!"

"Old treachery, do you think I will believe you?"

Ye Chen turned into a stream of light, and went straight to the north to kill, the power of destruction and nirvana burst out from his body, gathered on the Divine Punishment Sword in his hand, a sword was sacrificed, and the radiance of the four directions overflowed into layers of thunder. Surging, like a tide, suddenly burst out!

"Ye Chen!"

"I have decided to surrender to you!"

"you....."

The old caller was so anxious that he spouted a mouthful of blood, and could not help holding up the stick in his hand to resist.

Boom! !

boom! !

A loud explosion came out!

The old calligraphy flower burst back tens of meters and landed on the top of a tree. He couldn't help but bend down and spurted blood, his face turned reddish brown. Like a zombie, there were corpse spots in it, but dead people would appear. , Means that his deadline is coming soon!

"Damn it!"

"You use the power of dying!"

"Little beast, you want to kill me?"

The old caller Hua burst out, and the whole body was violent to the extreme. The dry and cracked flesh was like a huge zombie, full of corpse energy, and violently waved the wooden stick in his hand~www.mtlnovel.com ~ Attracts countless thunder lights, mixed with the laws of space to fight!

"The Extinction of the Sky!"

"kill!"

The old beggar mobilized the law of the whole body space, knocked it out with a stick, and everything around Ye Chen tore relentlessly in an instant, and dozens of space blades condensed, and they killed Ye Chen!

Bang bang bang! !

Generous!

puff!

A trace of blood spilled from the corner of Ye Chen's mouth, and his physical body was more damaged, so he hurriedly controlled the Divine Sword to resist the attack of the spatial blade. Even if the three powerful forces on his body converge, it is very difficult to resist the spatial blade composed of the laws of space. .

Huhu!

call! !

A space blade that was knocked off hits the ground, like a sharp sickle cutting tofu. It instantly splits the ground. The depth is as large as a hundred meters. When faced by an ordinary Hunyuan martial artist, it might happen in no time. destruction!

"Old stuff!"

"You don't have much longevity, so you can only make three moves to survive!"

"This is the first move!"

"I'm not waiting to be idle!" Ye Chen yelled violently, and immediately took out a Hedao artifact and threw it away, with the power of dying attached to it!

The power of death!

Just hit!

Old stuff!

You don't even have a chance to issue a second trick!

Sisi~~

The old beggar hurriedly dispersed. The original huge body was to better attack Ye Chen, but it became an obstacle instead. However, the shoulder was crossed by the **** of harmony, and the tyrannical force of death quickly spread to the whole body. His own crusted body quickly turned dark black, and his cheeks quickly dried up. The gray hair that was originally gray was completely lost, even if there were only a few teeth left!

now!

The old beggar is like a corpse that has been in the soil, and then the corpse becomes a zombie!

The old beggar longs for the soldiers of time and space, just to extend their life!

However, Ye Chen's power of death was his complete nemesis!

Chapter 1664: 9 Endless Dan!

There is not much life expectancy, if it is consumed again, there is only a dead end!

"No no no..."

"My Shouyuan, no..."

"Little beast..." The torn eyes of the old beggar spewed black blood, the body trembled violently, and the joints made resonant sounds. It seemed that it was about to fall in the next moment!

"Master!"

"Disciple, sorry for you!"

The old beggar did not know where to take out a white jade long sword. The body of the sword is full of ancient and mysterious Taoism. It contains a strong will to attack. It seems to be composed of the law of destruction, the real law of destruction, and Not the power of destruction!

Generous!

Click!

The old beggar broke off the small white jade sword, absorbed the power of the law of destruction, and his body burst directly, leaving only one head hovering in the air, his eyes filled with resentment, "This white jade sword is my master. For me!"

"It contains his power!"

"But if I use it, he will suffer heavy losses!"

"Originally, I didn't want to make Master suffer severely when I was dying, but Ye Chen, you must die, you cut off all my hopes, even in hell, I will not let you go!"

Huhuhu! !

Huhu! !

The old Hua that is full of the power of a dragon and the power of the law of destruction, sprayed out of his mouth, and gathered into a long sword, a long sword that is invincible, murderous and dominating the sky. This sword is afraid that it can kill. It's a super god!

"The breath of the Shenlong family!"

"did not expect!"

"You old fellow's master is still a member of the Shenlong family!"

Ye Chen couldn't help but tilt his head to look at other places. The other four had already found the traces of the battle, and they would be able to arrive soon. The battle must be resolved as soon as possible!

"The King of Nirvana!"

"Destroy God's King Way!"

"Kill~!"

Ye Chen took out the Soul Slayer Magic Spear and issued the strongest blow, to smash the white jade sword, and then kill the old flower!

"Hahaha!"

"Ye Chen, you are just struggling to death!"

"Someone secretly helped you just now, and now she is not here, how do you live!!"

The old beggar made a weird sound, and immediately the only spiritual power and soul power in the whole body was integrated into the white jade sword, "Even if I die, even if I have no reincarnation, there is no possibility of recovery, I I'm going to kill you!"

As soon as the voice fell, the head disappeared and turned into power into the white jade sword!

In an instant!

The white jade sword exploded with incomparable power, directly tore everything, tearing a hundred thousand mountains, countless beasts burst into large swaths of flesh and blood under the pressure, facing this power that could destroy everything, even It was Ye Chen who frightened with fear!

Always begging flowers, desperately!

Possibly, the old beggar felt that if Ye Chen hadn't come here!

I, together with four superb gods, and more than a dozen masters of the Affinity Realm who were close to the super kings, snatched the soldiers of time and space, no matter how they had a chance.

But now, no chance!

There is no chance!

Even if he killed Ye Chen, he couldn't save the situation of death!

At the same time, the other four people will be cheaper, and Ye Chen will be completely killed, with the hope that the white jade sword will destroy Ye Chen's palace-like fairy artifact!

"Oh shit!"

"I really thought I was so bullied?"

"One by one, all the methods left by the senior master have erupted!"

"I thought I didn't?"

After Ye Chen finished speaking, he was a little indifferent. He also had it, but he had already used it. Facing the white jade long sword that caused the gods and thunder, countless sword auras, it was obviously impossible to rely on the master!

"God King Realm!"

"I melted the Hedao artifact when I broke the boundary!"

"Now that I am breaking through, I really think I'm a bully!"

"Also, I might not be able to take the Nine Deaths Pill just now!"

"Now I have time to take it!"

"Nine dead Dan! Drive me!"

Following Ye Chen's roar, after taking the pill, countless medicinal effects surged!

Ye Chen felt that his blood was burning!

At the same time, there was a burst of weird light on his body!

What a terrible effect!

Lin Qingxuan said that he would take it at the critical moment!

It will have a miraculous effect!

And now is the critical moment!

Ye Chen believed that Master Lin Qingxuan could never lie to him!

Ye Chen's momentum is constantly rising!

He coldly watched the crisis approaching, pinched his fingers, and forced out a drop of blood, forcibly forcing the power stored in the Hedao artifact to bloom, and his own breath was soaring!

There is even a sense of breaking through!

Cool!

"Sixth Heaven in the Divine King Realm!"

"broken!"

Ye Chen shouted violently, his aura climbed extremely again, and the five kings of the gods were greatly improved and improved, and the relative combat power increased a lot! He gathered the power of destruction and the power of nirvana with both hands, blessed on the soul-slayer magic spear, and resisted the white jade long sword that flew from the front!

Qiang Qiang! !

Huhu!

Boom! !

Countless explosions and tearing sounds came out!

The tip of the white jade long sword collided with the tip of the soul-killing spear!

Immediately afterwards, an extremely crisp sound came out, the tip of the Soul Exterminating Demon's sharp spear burst quickly, and the spear head exploded directly. The sword body of the white jade long sword contained the aura of destruction, directly hitting the soul demon god. The gun slammed Ye Chen's chest in one step!

This is the time!

Lin Qingxuan said that to stimulate the power of this pill, it is when the body is destroyed!

Ye Chen didn't even block it!

He is enjoying this moment!

Like a lunatic!

Huhuhu! !

Huhu!

The crazy power of the law of destruction quickly destroyed Ye Chen's Dao Yun and physical body!

Qiang Qiang!

Click! Click! !

Ye Chen's body seemed to be covered with cracks like spider webs, stained with blood, I'm afraid it will burst in the next moment!

At the same time, a bright light attached to Ye Chen's body!

It seems to be recovering Ye Chen's wound quickly!

Unthinkable to the extreme!

Even Ye Chen's eyebrows have a faint plan to rush out!

"Devil's Eye!"

"Turn on for Lao Tzu!"

Ye Chen tried desperately to mobilize his reincarnation bloodline, a very strong force surged from the dantian, various bloodlines, meridians, and jointly restrained the power of the law of destruction in the white jade sword!

He forcefully pulled out the white jade sword inserted in his body, and the power of the Hedao artifact in his body was once again aroused!

"Ninth stage of the incorporeal period!"

"broken!"

With a heart-piercing roar!

Ye Chen's body received a lot of nourishment, and the blood hole the size of the bowl on his chest also quickly healed, and the cracked body recovered as before. The body that entered the ninth stage of the incorporeal stage was almost not much weaker than the body of the super god!

how is this possible!

The next moment when the old calligraphy flower spirit dissipated, it was shocked to the extreme!

He had no idea that this blow would not only kill Ye Chen, but also break Ye Chen!

What the **** did this kid come from!

Is it an evildoer!

Also, what was this kid just taking!

Chapter 1665: Ye Chen did it all!

Top elixir?

Where is the pill that can only be taken in the realm of death in Lingwu Continent!

However, his spirit still dissipated.

With unwillingness and pain!

The old beggar, completely fallen!

...

Ye Chen gasped slightly: "Master did not lie to me, the power of this pill is too terrible, but unfortunately there is only one."

"Also, I seem to find that the power of this pill has not been fully utilized!"

Before Ye Chen finished speaking, a loud shout came!

"Ye Chen!"

"Haha! You are here!"

The butcher in the distance laughed broadly, wielding a **** long knife and smiled: "You killed the old flower, I don't believe how much power you have to stop me!"

"Where is your war puppet?"

"Why don't you have any, how about your fairy weapon? Why didn't you blow it up?"

He laughed wildly at this provocation and said: "You continue to explode weapons, grandpa, I want to see you, how many weapons can be detonated!"

Ye Chen!

This insidious little beast is definitely unable to explode his weapon anymore!

Otherwise, how could it be possible to kill the old beggar by himself, and almost be killed by the old beggar!

Obviously, Ye Chen, this beast, has reached the point where he is exhausted!

Whoosh whoosh! !

Whoosh whoosh! !

In an instant, dozens of glosses appeared on Ye Chen's body, each of which was a battle puppet of the Mixed Origin Realm. Qi Qi rushed to the nearest butcher, and immediately blew himself up after approaching. The aftermath of the explosion spread out, and his head also Leave without returning!

Now his realm is not completely stable!

Not suitable for war!

Moreover, the old call for flowers has been torn apart!

Now is the best time to leave!

Of course, he has a better choice, such as throwing out a space-time soldier, letting them **** it, and he can leave safely, but the price is too great to pay!

A soldier of time and space!

Means the birth of a fairy god!

No matter what they snatched, it would be a threat to themselves in the future, so they simply wouldn't give it!

Is it a Hedao artifact? It won't cause them to scramble at all, and the treasures further down are even more unnecessary!

Boom! ! !

After the explosion and shock waves are over!

The butcher looked at the endless plain covered with blood. Ye Chen had already disappeared without a trace. He trembled in anger and shouted angrily: "Ye Chen, my butcher will kill you, even if I chase you to the ends of the world!"

"Hunt him!"

"Don't bother you!"

Suddenly, an old voice suddenly sounded!

Actually the elder of the Dugu family!

The Supreme Elder suddenly shot, a blood stained with acquired poison, pierced into the butcher's heart, and then quickly mobilized the law of time and space, with absolute strength, sneak attack and obliterate the butcher who was about to be seriously injured and dying!

"you....."

"Asshole, it's not about killing Ye Chen——"

The butcher has not yet fallen, the power of the soul is directly extinguished by the Supreme Elder, and his own universe ring is also taken away!

In the distance, the Immortal Venerable saw this scene and also moved towards the medicine merchant who was coming!

"Butcher, butcher!"

"I didn't want to kill you, but Ye Chen has escaped!"

"The loss has already occurred, and the elder Taisho must find a way to make up for it!" The elder Taishang weighed the butcher's universe ring, and smiled insidiously: "Dozens of Hedao artifacts, Hundreds of Hundred Immortal artifacts, it's okay. , It can be regarded as saving some losses!"

He carried the corpse of the butcher, as if carrying a toy, "As for the corpse, it is not a problem to create a half-step fairyland war puppet!"

"It can make up for the loss!"

Lost all the time and space soldiers stored in the family, about six time and space handles, and the other three were sent by the five middle-level family sects. The loss of as many as six handles can only be exchanged for a half-step fairyland war puppet, blood loss what!

But there is victory!

As for the loss of other Hedao artifacts!

The elder Taishang quickly took out the treasures in his universe ring, forcibly suppressed the acquired poison in his body, his eyes showed a cruel color, and he said to himself: "The treasures obtained by slaughtering these little sects and casual cultivators, also It can make up for the consumption of our Dugu Family!"

"Always, push them all to Ye Chen!"

Make up your mind, leave all the responsibility to Ye Chen!

Anyway, Ye Chen also detonated so many immortal artifacts, he didn't care if he carried hundreds of thousands of blood debts!

boom! !

Boom! !

To the west, a sound of the power of the soul exploded!

The Immortal Venerable killed the dying medicine merchant who was also seriously injured, and obtained the treasures of this supreme god, and even his corpse, which can refine half-step Immortal Venerable Puppets. In this way, the previous wastage is OK. Make up most!

As for the death of family members!

Then there is no way to make up, but you will die in the future, it doesn't matter if you die early, just make up the things!

The Immortal Venerable and the Supreme Elder glanced at each other, knowing each other's meaning, they left each!

The elder Taishang returned to the chaotic Heavenly Sword City and summoned the remaining warriors with the gold medal of the Dugu family. After a closer look, there were only fifteen of the more than forty monarchs in the original headquarters at the moment. I can't help but feel hurt.

Fortunately, the Dugu family has a large territory, and the Hedao gods who guard the Quartet together, there are about a hundred a large family, it is impossible to be weakened by the first war!

"Too elder!"

"Now, what should I do?" Dugu Tianyu asked. He, a **** of the eighth-tier heaven of the Affinity Realm, had survived many times of bad luck with good luck, and now he was only injured extremely badly, and he did not fall away!

The elder Taishang turned his eyes to see that the other five clans and sects of the gods have already withdrawn, and there are only a dozen or so low-level Hedao gods, and all the Hunyuan and Divine Kings. They are still attacking and killing various types around. Musha!

He decisively ordered: "Slay all the casual repairers and the people involved in the chaos, and use their materials to make up for this loss!"

"what?"

"These casual cultivators are close to 900,000!"

"Although they are all people of lower realm, but..." Dugu Tianyu's mind was shocked, so many people must be killed at once?

More than one million people who entered the city for casual repairs!

All participated in the chaos and looting, but Ye Chen detonated the fairy weapon and had already killed more than 300,000 in the battle, wounded more than 200,000, and left 800,000 to 900,000? It's impossible to kill them all, how can you explain to other forces!

"You are thinking about things to explain!"

"And those little school things, right!"

The elder Taishang showed an extremely insidious face, his eyes swept across the hundreds of thousands of law enforcement officers and all the power of the Dugu family, and said: "I ask you, this explosion was caused by Ye Chen, right? "

"Yes!" Dugu Tianyu and others nodded!

"This explosion killed all the casual repairs, and Ye Chen, the demon, killed all the warriors of the minor sects! Killed none of them, right!"

Facing the elder Taishang asked so!

Everyone was a little at a loss, and immediately understood what it meant!

Responsibility to slaughter these people in your own family!

Push them all to Ye Chen!

Chapter 1666: Blood Slaughter King Ye Chen!

That would make people angry!

In this way, countless powerful men and forces will endlessly hunt down Ye Chen!

Ye Chen will definitely die!

This is like piercing the sky!

Who can survive under the chase of the entire Western Regions? ?

Some elders of the Dugu family were a little bit intolerable. After all, not the entire Dugu family was evil, and some were good. It was really difficult for them to start. One elder stood up and said, "Will it be too cruel? If things leaked out, would it also be a catastrophe for our Dugu Family?"

The Supreme Elder touched the tiger, and smiled slightly: "No!"

"There are many creatures in the city, but there are more people in my Dugu Family!"

"Anyone around the casual repair group and the small sects should be arrested, and soul bans will be set to prevent them from making trouble!"

The elder Taishang thought: "It might be possible to seal three million people, but with the power of our family, one day is enough. As for people in other areas, they don't know the specific things here, so don't worry about it!"

"Furthermore!"

"This time our Dugu family, we will lose all the treasures!"

"Don't kill some, make up for it. In the future, the Patriarch and many elders will return. I wait, how can I explain?"

He looked at the questioning elder and said: "If you don't do anything, Elder Ben Taishang will kill you himself!"

"understood!"

"I'll do it!" The elder can only lower his head.

After all, the elder Taishang is right!

The Dugu Family Headquarters is gone!

The accumulation of tens of thousands of years is gone, and there is no foundation to speak of. A large number of weapons and fairy materials in the inventory must be replenished, otherwise the Dugu family will be difficult to maintain in the next thousands of years, even if it is a medium-sized family!

Will be the weakest middle-class family!

It may even be eaten away by other middle-class clan sects, and it will be difficult to restore a strong day!

As for the guardian of the Shenlong Family and the Holy Dragon Family?

Under the chaos, he had been killed by the three gods and Buddhas a long time ago, and there is no need to worry about it. Anyway, the opponent's realm is low and his status is not high. It would be fine to knock all Ye Chen down!

Good luck, the Shenlong Family and the Holy Dragon Family have no time to pursue it!

If it is bad luck, the Shenlong family and the Shenglong family are furious, and Ye Chen may not be able to survive for a day!

"Go!"

"Kill these loose repairs, as well as the various sects!"

"Then spread the mainland, named Ye Chen the Demon Head, and led the martial artists of the world to punish them together!" After the Supreme Elder gave the order, he found a retreat by himself. The original retreat was completely blown up. Find a place to heal temporarily!

Dugu family!

There are hundreds of thousands of law enforcement agents left to operate!

The remaining fifteen Hedao gods and hundreds of warriors in the mixed element realm, nearly a thousand gods and kings realm protect the law!

The middle-class family, even if most of their strength is eliminated by Ye Chen, it is definitely not comparable to the small sects and casual repairs, even if the number is more than them, but the realm is definitely not as good, and the weapons and equipment are even worse!

quickly!

The blood stained the Heavenly Sword City!

The people around were all set up with soul bans, and the news of Ye Chen's massacre of a million warriors spread like wind!

Less than three days!

Ye Chen's devil's life is famous in the Western Regions!

...

In the distance, in the Beigong family, Beigong Hongtian naturally did not know about the Heavenly Sword City. He was carefully sorting out the information about the blood spirit tribe after investigating it, and smiled and said: "Blood spirit tribe, it seems that there are many forces behind it. Support! It seems that it is not only the Beigong family in the Southern Territory who are supporting!"

"The same Beigong family, my Beigong family in the Western Regions is eager to make friends with Ye Chen."

"And the Beigong family in the Southern Territory has completely offended Ye Chen!"

"No wonder!"

"The Kunlun Xu in those days had dozens of supreme gods!"

"There are dozens of gods in the Hedao realm, thousands in the Hunyuan realm, and countless warriors in the realm of Gods!"

"Except for the fact that there is no good fortune realm immortal venerable, it is no more than an ordinary middle school, but it was defeated by a lower school, and captured many powerful and Tianjiao martial artists! Even the southern middle school and the upper class who wanted to help Kunlun Xu were isolated. family!"

He shook his head slightly and sighed, "The people behind the Blood Spirit Race are really powerful!"

"Is it the Sacred Dragon Family?"

"Shenlong family, or the soul palace?"

Bei Gong Hongtian sighed and couldn't find out. He just found out how many warriors there were in the blood spirit clan. The matter of the war that year was unable to deeply explore the secret behind it!

He integrated the information and handed it to Beigong Ziyu next to him, and said with a smile:

"Daughter, you will give it to Ye Chen this time!"

"You and Ye Chen have a good relationship. Some things need something to maintain."

"On the matter of the Demon Realm, our Beigong family has been recruited by five immortals! It is considered to have taken away most of the power."

"Fortunately, I have always had hidden power in the North Palace Family of the Western Regions! Everyone in the outside world knows that we have seven immortals. In fact, we have ten immortals!"

Ten Immortals!

It is the strongest among the middle-class families in the Western Regions!

Hidden thousands of years of efforts will not be in vain!

But as a last resort, Bei Gong Hongtian will never expose it!

"Patriarch!"

"The big thing is bad!"

Uncle Zheng rushed in in a hurry, looking flustered.

Beigong Hongtian gave Uncle Zheng a blank look, and blamed: "Uncle Zheng, you are so big, why are you still like a young man in chaos!"

Uncle Zheng trembled, swallowed, and desperately said: "Patriarch! It's really a big deal! Ye Chen... something happened to Ye Chen!"

"Huh? What's the matter?"

"Ye Chen was besieged? I guess it's causing trouble again. Could it be that he killed a certain Immortal Venerable son and was hunted down?"

Bei Gong Hongtian was taken aback, and he didn't think that Ye Chen had something to do. If something happened, someone else had something to do!

Uncle Zheng holds a crystal book, which is the ranking list of the Demon Cultivators published by Tianbao Pavilion, among which Ye Chen is directly listed as the first demon of the gods!

This is the first time in a thousand years!

Uncle Zheng handed the crystal book to Beigong Hongtian and said eagerly: "Just a few days ago, Ye Chen rushed to the Dugu family to participate in the auction event!"

"Result! Things changed suddenly!"

"Ye Chen controlled a large number of immortal artifacts, king artifacts, and Hunyuan immortal artifacts combined with Dao artifacts to explode!"

"Directly blow up the headquarters of the Dugu family, and killed more than one million casual repairs and all the small sects who participated in the event, and detonated the auction venue, causing chaos, killing the Dugu family 30 or so gods!"

"It's a devil!"

"just now!"

"Tianbao Pavilion named Ye Chen as a cultivator of Demon Dao, the first in the Divine King Realm!"

"The title is the King of Blood Slaughter, the demon head and demon king who slaughtered millions of people with one person's power. Now there are people who want to kill Ye Chen everywhere in the Western Regions. Are we still cooperating with Ye Chen?"

"What?" Bei Gong Hongtian was taken aback.

Million people?

Blood Slaughter God King?

Blew up the Dugu Family Headquarters, it was a medium-sized family, with Xianzun in charge, Ye Chen actually blew up their headquarters?

how is this possible!

It's a big deal for this kid to offend the Soul Palace!

Now, this kid, Te Ma still feels that it is not enough? Offended the entire sect of the Western Regions!

Damn it!

What exactly is Ye Chen doing!

Chapter 1667: Mystery

now.

Bei Gong Hongtian stood on the hall, shaking all over!

In his eyes, Ye Chen is simply a devil, slaughtering millions of people in the Western Regions wildly. How did he do it?

"Patriarch, now Ye Chen is a crossroad mouse in the entire Western Regions. If we want to help Ye Chen, it is equivalent to opposing the entire Western Region sect."

"I can't use it!"

"That's why I was panicked just now."

"Even, I'm afraid Ye Chen's life will be around soon!"

When Uncle Zheng said this, his fingers trembled slightly, this was the entire Western Region sect.

His Beigong family is the top middle-level power in the Western Regions. But facing the entire Western Regions, everyone can drown them with a single spit.

He claimed that he knew Ye Chen well, and he was very optimistic about Ye Chen because of Beigong Ziyu!

Top Best AI for Forex Trading 2024

And now!

Ye Chen is so frantic and so cruel and inhumane!

It's just self-defeating!

"I will carefully consider this matter."

Beigong Hongtian was originally a wall of grass, if he offended a sect, he could also help Ye Chen secretly, but now Ye Chen alone offends the entire Western Regions.

Ye Chen wanted to die, and their Beigong family couldn't follow it.

"Also, I always feel that this matter is not that simple. You can go to the land of the Dugu Family and investigate carefully."

"Although Ye Chen is decisive, Ziyu told me some details."

"If he really kills innocent people so indiscriminately, why should he risk his life to save people from the Soul Race?"

"It's a pity that people from other families in the Western Regions don't know Ye Chen as much as we do. Whether it's true or not, Ye Chen may be in desperation."

"I hope I see Ye Chen next time, it's not a corpse."

Bei Gong Hongtian sighed.

The Western Regions used to be stable, but since Ye Chen appeared, everything seemed to be chaotic.

The land of the universe, the Golden Buddha Esoteric Buddhism, the Soul Hall, the Blood Spirit Race, and even the entire Western Regions.

As if because of a young man, the stormy waves were rolled up.

This rough sea is deadly enough.

At the same moment, Lingxian Emperor Palace.

Two beautiful girls are practicing in a room surrounded by spiritual energy.

There are faint shadows on the two of them.

The terrifying breath of blood gradually awakened.

A young girl was gentle as water.

A young girl was frosty.

These two people are Ji Siqing and Xia Ruoxue.

During this period of time, the two focused on cultivation, but asked about all the dust.

Because they knew that under the control of Lingyun Xianzun, it was impossible for them to leave.

Only practice!

If one day, the two of them are stronger than Lingyun Xianzun, then they can leave! You can even look for Ye Chen!

For a long time, outside the practice room, a knock on the door sounded.

Ji Siqing and Xia Ruoxue opened their beautiful eyes, looked at each other, and said in unison: "Come in!"

The door opened, and a seventeen-year-old girl hurriedly walked over.

The girl's face is covered with sweat, and her cultivation level is not high, but her talent is not bad.

She is one of the new talented disciples of the Lingxian Emperor's Palace. She grew up on the Lingwu Continent and is named Xiao Yun.

Xiao Yun became friends with Xia Ruoxue and Ji Siqing just after she entered the Lingxian Imperial Palace because of her simple nature.

Because Ji Siqing and Xia Ruoxue were restricted in their movements in the Lingxian Imperial Palace, they could only ask Xiao Yun to inquire about the outside world.

Xiao Yun also continued to enjoy it, secretly bringing a lot of outside things and interesting news for Ji Siqing and Xia Ruoxue.

"Little Junior Sister, why are you here?"

"Also, why is your expression a little flustered."

Ji Siqing got up and poured a cup of tea for Xiao Yun, with a rare smile on his mouth.

Xia Ruoxue also took out a handkerchief and wiped the sweat beads on Xiao Yun's forehead, and said concerned: "Little Junior Sister, you have just finished the trial? Why do you sweat so much, what good things did you bring us this time?"

Xiao Yun took the tea that Ji Siqing handed over, drank it all, and then panted, "I just heard some news...about...about Ye Chen!"

"Patter!" The teapot in Ji Siqing's hand fell to the ground all his life.

At the same moment, Xia Ruoxue and Ji Siqing had a hint of surprise in their eyes!

Even spread into ecstasy!

The biggest purpose of all the training is to hope that one day I can see Ye Chen!

Guard Ye Chen!

Who would have thought that they would have heard Ye Chen's news again.

"Little Junior Sister, say it quickly, where is he! Say it!"

Both hands held Xiao Yun's hand tightly, and even made Xiao Yun feel pain.

She frowned: "Sister, it hurts!"

Xia Ruoxue and Ji Siqing realized that there was something wrong, and quickly let go of their hands, their gazes against Xiao Yun!

Waiting for the next words.

Xiao Yun looked at the excitement of the two, without talking nonsense, and directly said: "I just met a few people from the Western Regions under Lingxian Mountain who looked flustered. They have one thing in common. They are all talking about a young man!"

"That young man is Ye Chen!"

"It's just that I'm not sure if this Ye Chen is the person in your mouth!"

"What happened?" Ji Siqing and Xia Ruoxue said excitedly at the same time, "We need to know everything!"

Xiao Yun hesitated for a few seconds, and still said: "I heard that Ye Chen is from the world of low martial arts, but he has gone the magic way! He hastily participated in a grand auction held by a Dugu family in the Western Regions!"

"It's normal for a warrior to participate in the auction and have casualties! However, this Ye Chen is a heinous person. He even slaughtered the city in order to win the treasure of others!"

"Kill the innocent! Kill the Dugu family! Kill the big and small sects participating in the auction!"

"Now the word Ye Chen has become a taboo in the entire Western Regions!"

"The entire Western Regions are chasing him down!"

"To be honest, if it wasn't for this person's name Ye Chen, it was the name that the senior sisters cared about, I would have cursed someone!"

"Although the entire Lingwu Continent respects strength, this kind of innocent people is more irritating than those in Demon Realm!"

"By the way This Ye Chen, the people of the Western Regions even gave him a nickname, called the King of Blood Slaughter!"

When the words fell, Ji Siqing and Xia Ruoxue's eyes were already cold!

They had determined that the blood slaughter **** king of the Western Regions was Ye Chen!

but! Ye Chen would never kill the innocent!

There is definitely a problem here!

"Little Junior Sister, I hope you will help us pay attention to all the news from the Western Regions! I believe Ye Chen can't do such a tragic thing! Someone must plant the blame! But at present one thing is certain, Ye Chen is still safe!" Xia Ruoxue said with firm eyes.

She wanted to have a chance to go out after leaving the Lingxian Emperor's Palace, but Lingyun Xianzun set a restriction around her.

No right to leave at all!

"Also, Junior Sister, I hope you can go to the Western Regions during this time and bring him something."

The next second, Ji Siqing took out a box.

Chapter 1668: The price of blood!

The box is glowing with bursts of light, and it is made of fine fairy wood, and it contains supreme coercion.

Absolutely extraordinary!

Seeing this scene, Xia Ruoxue and Xiao Yun's complexion changed!

Xiao Yun even said: "Sister, this thing is given to you by the master! Looking at the entire Lingwu continent, it is priceless! And it will be of great help to your cultivation! How can you give it to others! If the master knows, It must be a terrible rage!"

"I will never give this to that heinous bastard!"

Xia Ruoxue also persuaded: "Siqing, you want to give this thing to Ye Chen? Then what do you do?"

Ji Siqing's eyes were filled with determination: "I don't need this thing for Ji Siqing's practice, and I faintly feel that Ye Chen needs this thing more!"

"After all, this thing has the effect of stimulating blood! It is a rare treasure in Lingwu Continent!"

"He needs it even more in his current situation!"

"I have decided, Junior Sister, take it to the Western Regions!"

Xiao Yun saw Ji Siqing's determination, sighed, silently accepted the box, turned and left the training room.

The door closed and everything returned to silence.

...

At the same time, the Western Regions, inside the jungle of the primitive mountains.

Ye Chen found a hidden cave and sat cross-legged on a stone platform inside the cave.

I saw the momentum on his body continued to increase, and when the Sixth Heaven of the Divine King Stage was completely stabilized, Ye Chen slowly opened his eyes.

Ji Lin's innate poison can no longer be dragged on. At this moment in the primitive mountain, it is just right to set up the Universe Heavenly Dragon Formation.

His only trouble now is the pursuit of the Lonely Family and the Western Region Sect!

Ye Chen knew in his heart that he must go deep into the primitive mountain to avoid being chased by the Lonely Family and the Western Regions Sect.

In the primitive mountains, I don't know how many monsters are there, even in the depths, there are many monsters of the supreme god.

He knew that once he entered the depths of the primitive mountain, he would not only face the threat of the Western Region sect, but also the monsters, but he had to treat Ji Lin.

This is his determination, no matter how difficult it is, he must go all out!

"boom!"

When Ye Chen was about to leave, there was a sudden explosion outside the cave.

"Ye Chen must be around, he can't run far!"

The warriors of the Western Regions sect outside, frantically sweeping the primitive mountains, vowing to kill Ye Chen!

Ye Chen came out of the cave and was spotted in an instant. He looked up and found dozens of Hunyuan realms and more than 30 God King realms!

"You demon demon, slaughter our millions of warriors in the Western Regions, rob the soldiers of time and space, you and I will never die!"

One of the warriors of the Hunyuan realm spoke, and his eyes were full of bloodshot eyes. Their Heavenly Sword Sect was originally a top sect of the Western Regions. Who knew that the warriors of the Divine King realm had been slaughtered by Ye Chen alone.

"Kill! Kill this devil together!"

Fifty warriors were furious, wishing to slash Ye Chen thousands of times.

Ye Chen stood on a high place, frowning, slaughtering a million warriors?

Although he killed a lot of people in the Western Regions, millions of people are simply nonsense.

In just an instant, Ye Chen wanted to understand that this was probably done by the Lonely Family.

This time he caused the lonely family's vitality to be greatly injured, and it is impossible to recover in a short time. Unless he does something to other sects, after all, it is the easiest to get rich overnight, and he will be directly planted and blamed.

The lonely family is a good calculation!

Fifty warriors each took out the Divine King Tool and the Hunyuan Immortal Tool, and the horror breath erupted wildly, faintly causing a buzzing around!

Facing the attack of fifty warriors, Ye Chen didn't have the slightest fear. He didn't know when he took out the Soul Demon God Spear, and in the blink of an eye, he came to a Hunyuan realm warrior!

Behind Ye Chen, the five great ways of killing the king of God, destroying the king of God, the king of immortal God, the king of nirvana, and the king of Duhua are manifested!

"boom!"

The spear was like thunder, and one shot went down, suddenly smashing the head of the Hunyuan realm warrior.

At this moment, Ye Chen, transformed into a devil of hell, walked around the crowd constantly, representing the fall of a warrior every second.

"Run away!"

At this moment, they were completely stunned by Ye Chen. When would a martial artist of the Divine King Realm be able to kill the Hunyuan Realm?

The most important thing is to kill mixed Yuanjing warriors and chop melons and vegetables.

"Fighting if you want, or fleeing if you want to escape, really treat me as a soft persimmon?"

There was a fierce look in Ye Chen's eyes, murderers, people will always kill!

"Ten Thousand Dao Flying Sword!"

Ye Chen roared. Behind him, countless sword shadows were added, and the terrifying sword aura directly targeted the warrior who wanted to escape.

At this moment, everyone who fled suddenly felt a fatal crisis.

Everyone just reacted, but those sword shadows were like battlefield harvesters, plundering their lives.

"what!"

The screams continued, and the sword energy directly pierced into their hearts, and then exploded.

Regardless of the Divine King Realm or Hunyuan Realm, all died without exception.

Around everything, a cloud of blood mist erupted, and blood was mixed in the blood mist, and it fell on the ground.

Ye Chen put away the Soul Demon God Spear, and felt that a wave of warriors from the Harmony Dao Realm and countless Mixed Origin Realms were coming.

The movement he made just now has attracted countless warriors who want to kill Ye Chen.

This time, Ye Chen didn't know how many sect martial artists had been slaughtered in order to obtain the soldiers of time and space. In addition, the Lonely Family had secretly killed a million people and blamed Ye Chen.

Hao said without exaggeration, the entire Western Regions sect, seeing Ye Chen, could not wait for a thousand swords.

Ye Chen glanced at the front, and then went deep into the depths of the primitive mountain, but he did not hesitate, lifted his foot and stepped forward, madly forward.

"Ye Chen, you little bastard, can't escape!"

"My sect disciple of the **** king realm, the whole army is annihilated, and he doesn't share the sky with him!"

"Kill, take the space-time soldiers from him, and I will be able to go one step further and earn my life!"

Regardless of avenging the soldiers of time and space or avenging the sect, everyone has only one idea, to completely kill Ye Chen, and must not let him escape or the entire Western Region is a joke in the eyes of others.

"If you want to kill me, come here if you don't accept you, a group of old dogs, one day, I will kill you all!"

Ye Chen glanced at the crowd, showing no fear at all, and he burst out laughing!

In the face of the powerhouses of the Hedao realm, countless martial artists of the Yuanyuan realm, there is no fear at all, how bold!

In the primitive mountains, night fell, Ye Chen had already fled for a long time, but the warriors behind him not only did not decrease, but kept increasing.

All this is due to the lonely family!

This Qiu Yechen secretly noted that when the time comes to rescue Ji Lin, he will definitely make the lonely family pay a painful price.

In the dark night, in front of Ye Chen, there were a pair of dark green eyes, a fierce wind and wolf, their eyes were staring at Ye Chen, as if they were delicious.

"Since you want to hunt me down, you have to pay the price of blood!"

Chapter 1669: Shaking Demon Ape!

These blast evil wolves are basically in the Hunyuan realm, and the wolf king is even more of a monster in the Hedao realm.

He entered the depths of the primitive mountains, not only wanted to get rid of the pursuit, but also used the monster beast inside to help him block the warriors behind.

"Wow!"

The wolf king roared, and a hundred violent wolves behind him pounced on Ye Chen.

A warrior of the **** king realm, in the eyes of the wolf king, he does not need to act.

Ye Chen grabbed a Hunyuan Realm evil wolf that was rushing forward, and threw it behind him!

The blast demon wolf rushed over frantically, Ye Chen didn't want to fight at all, and a few flashes rushed to the wolf king.

Catch the thieves first!

He Dao Realm Wolf King, if Ye Chen doesn't use a thousand soldiers to explode, there is no way to use it, but it is easy to escape.

At the moment when the Wolf King pounced, Ye Chen raised both arms and grabbed its forelimbs.

The Wolf King roared, opened his big mouth and sharp teeth, trying to bite Ye Chen.

"Naughty animal, get out!"

Ye Chen forcefully threw the Wolf King out of his waist and fled forward.

The Wolf King wanted to chase Ye Chen, but when he saw his men, the Western Region sects killed them all!

"Oh!"

The wolf king let out a tragic roar, no longer called Ye Chen, and rushed towards the warriors of the Western Regions.

"It's not good, the demon beasts of the aspirational realm, warriors below the aspirational realm of martial arts retreat!"

The warriors of the Hunyuan Realm and the God King Realm just wanted to retreat, but how fast is the opponent of the Storm Wolf King?

The Great Wind Wolf King originally held the heart of death. Although it was in the Dao realm, it still has the top gods of the Western Regions.

"No, this beast wants to blow himself up!"

Boom boom boom!

A black mushroom cloud in the jungle behind Ye Chen exploded!

"Ah, this little beast, I must kill it!"

A martial artist in the Harmony Realm, because the wolf king blew himself up, his reaction was a little slow, and his arm was blown up.

A martial artist in the Hedao realm would be killed if he was not careful. As for the Hunyuan realm and the Divine King realm, there were countless casualties!

In the primitive mountain, Ye Chen escaped for two days, and only three top gods were still chasing after him behind his back!

In the depths of the primitive mountains, even the top gods may fall by accident.

As for those Hunyuan Realm and God King Realm, I don't know how many died in the past two days, and the warriors below Hedao Realm dare not go further.

"Ye Chen, you little beast, the old man must kill you!"

It was not someone else who was speaking, but the elder of the lonely family.

In the past two days, because of the pursuit of Ye Chen, he encountered many demon beasts of the Affinity Realm. Although he was very strong, he could not stand being constantly consumed.

At this moment, he was covered in broken clothes, and his whole person was ashamed. All this was given by Ye Chen!

"Old dog, want to kill me, are you worthy?"

at this time! A voice suddenly sounded!

Ye Chen laughed loudly. There were many people who wanted to kill him, but his enemy, the grave grass was three meters high.

"Damn, angry old man!"

The elder of the lonely family, trembling with anger, had never been so angry in many years.

Ye Chen ignored it, and rushed to the front frantically. For about half an hour, he felt a terrifying breath in front of him.

This must come from a powerful monster!

"Ye Chen leave quickly, such a powerful monster is not something you can contend with."

"Monsters are good at killing. You are already exhausted. If you love fighting, it will be very troublesome!"

Xiaoyao Shenjun hurriedly spoke in the reincarnation cemetery, knowing that the monster itself is stronger than the warrior.

"Master, this is an opportunity for me to get rid of the lonely elder."

In Ye Chen's eyes, a crazy look appeared, and the chances of relying on the monstrous beast of the Affinity Realm to get rid of the elders too high were too small.

Unless the monster of the same strength!

This time is a crisis and also an opportunity!

The only chance!

Roar!

In front of Ye Chen, a behemoth stood up, covered in brown hair and pupil-colored eyes. At one glance, it seemed to make people fall into the sky, and the thousand-foot-long body seemed to cover the sky and the sun.

Shaking Demon Ape!

Even among the monsters, it is a top-notch existence, not to mention the strength of a top-level god.

The Sky Shaking Demon Ape stared at Ye Chen and the people behind him. This area was its territory, and now someone broke in and had completely angered it.

I saw the demon ape raised his thick arm, and his huge fist suddenly rushed towards Ye Chen at this moment.

Vaguely, there were waves of ripples in the void.

A breath of suppressed death rushed towards Ye Chen.

Ye Chen's ghostly figure dodges quickly, and the demon ape's fists pass by his clothes.

boom!

The fist fell on the ground, and a deep hole appeared across the ground.

Ye Chen didn't feel well at the moment, just the breath of his fist almost made him spit out a mouthful of blood.

"Little bastard, I see how you run!"

Behind, the elder of the lonely family, the elder, saw Ye Chen's injury, and was all excited.

He didn't believe that Ye Chen could still escape this time.

There was a hideous look on the face of the elder Taishang, and he wanted to laugh out loud.

However, the smile stopped abruptly for less than a second, and he saw a demon ape staring at him.

From the point of view of Demon Ape, an ant in the Divine King Realm could squeeze to death at all without paying attention to it at all, but it was different from the elders too, whose breath also made it feel dangerous.

Behind him there are several martial artists who can pose a threat to it.

The Heaven-shaking Demon Ape no longer talked to Ye Chen, with his generous palm, directed at the elders of the Supreme Being, and crashed down.

"Ye Chen, you bastard!"

The elder Tai was aggrieved, and Ye Chen didn't know how many monsters he provoke.

Let them solve it all, but they escaped.

The sky-shaking demon ape, even he dare not easily provoke it.

The elder Supreme screamed angrily, and a shield appeared in his hand at some unknown time.

The charm flowing on the shield is a soldier of time and space.

"boom!"

The sky-shaking Demon Ape slapped down, and the elder Tai Shang sprayed out blood, and the entire internal organs almost collapsed.

If it weren't for the time and space soldier, this blow would have been enough to kill him.

"Old stuff, you play slowly, I'll go one step ahead!"

Ye Chen is not a fool, and now is the best time for him to escape.

"Ah! I want to torture your spirit for thousands of years!"

The elder of the lonely family, looking at Ye Chen's disappearing figure, he spouted blood in anger.

At this moment, he was half to death!

The Sky Shaking Demon Ape didn't stop Ye Chen from running away, even if it was inside, he didn't dare to go deeper.

A human being in the Divine King realm, dare to enter, it is completely seeking death.

The elder Taishang wanted to pursue Ye Chen, but there was a heaven-shaking demon, so he couldn't take care of himself. In addition, he was already injured, facing a top **** monarch monster in his heyday, he was not an opponent at all.

"You guys, it's time to contribute to the old man. When the time comes, I will kill Ye Chen personally, which can be regarded as revenge for you."

Chapter 1670: Qiankun Tianlong Array

The elder Taishang gloomily looked at the several Hedao Realm martial artists behind him.

At this moment, there was a bad feeling in the hearts of these martial artists in the same Dao state. They saw that the elder Taishang grabbed the head of a warrior with one hand and madly absorbed the power in the warrior.

In the blink of an eye, a strong man in the Harmony Realm turned into a white bone. The bone was blown by the wind and disappeared between the heaven and the earth.

"you....."

There was not a trace of blood on the face of the strong people in the Affinity Realm. They did not expect that the elder of the lonely family would actually attack them.

The elder Taishang didn't change his face, and continued to catch a strong man in the Affinity Realm who wanted to escape.

These warriors are basically the triple heavens of Hedao Realm, facing such a powerful elder, there is no power to fight back.

Not long after, in the entire jungle, only the Supreme Elder remained, whose original decadent aura reached its peak.

At this moment, he completely recovered his previous aura, even if he couldn't kill the Sky Shaking Demon Ape, he could still deal with it with ease.

Ye Chen, who was escaping, didn't know this scene. At this moment, he slowed down, and the sky-shaking demon ape was enough to hold the elder of the lonely family for a period of time.

This was already deep in the primitive mountain, Ye Chen had to be careful. He passed some places just now, and he felt a lot of aura that could threaten him.

Here, even if there are good fortune level monsters, if you are not careful, you may be forever.

Ye Chen continued to travel on the primitive mountain for a day, and found that the Supreme Elder hadn't caught up at all, so he was completely relieved.

"Master, I am now enough to set up the Universe Heavenly Dragon Formation. This primitive mountain, natural mountain range, is definitely the best place."

The innate poison in Ji Lin's body could not be suppressed, and there was no time to drag it down.

"Well, it's okay here, but the primitive mountains, there are a lot of monsters in the Affinity Realm, and when the sky thunder falls, many monsters may be able to detect it."

There is no problem arranging the Qianlong Tianlong Array here, but...

Ye Chen also understands this truth, but he must let go, otherwise Ji Lin will fall asleep completely.

He would never allow such things to happen.

"Master, how to arrange the Universe Heavenly Dragon Formation?"

Although he is proficient in the formation, but the Universe Tianlong Formation has never been arranged.

"Using four pieces of time and space soldiers to suppress in the southeast and northwest, with the dragon gas under the primitive mountains as the front view, and the Hedao artifact as a supplement, it is enough to set up the universe and heavenly dragon formation."

Ye Chen heard what Xiaoyao God said, nodded slightly, and found an empty place in the primitive mountain.

Take out four space-time soldiers and place them in the four directions, southeast, north-west, and do all this, and then take out the Hedao artifact to assist the space-time soldiers.

Ye Chen used his own power of the soul to portray constantly. After doing all this, his face was pale, his body was shaky, and the power of the soul was consumed too much.

Make him feel a little unsteady!

"Now put Ji Lin in the center of the formation!"

As soon as Xiaoyao Shenjun's words fell, Ye Chen hugged Ji Lin out of the reincarnation cemetery.

Looking at Ji Lin's pale face and closed eyes, Ye Chen's eyes revealed a soft light.

"Ji Lin, rest assured, I will be able to keep you safe and sound."

Ye Chen murmured at the corner of his mouth, took out Thousand Demon Ginseng, and continuously refined it with the power of the soul.

The power of Thousand Demon Ginseng is too domineering and must be continuously refined, otherwise Ji Lin is an emperor and cannot bear it.

The juice of Thousand Demon Ginseng dripped onto Ji Lin's body.

At this time, Ji Lin's body was filled with black patterns, and the juice of Thousand Demon Ginseng fell on her body and melted into her body.

Ye Chen was beside him, and felt a terrifying poison gas radiating from Ji Lin's body.

Although it did no harm to Ye Chen, he faintly felt a threat.

With his current strength, he was able to kill even the five heavenly powerhouses in the Hunyuan realm, and he was even threatened by a slight threat in front of an emperor.

Congenital poison body, terrifying!

The juice of Thousand Demon Ginseng kept dripping. At this moment, the sky was cloudless, and suddenly, dark clouds covering the sky and the sun were above Ji Lin.

In the dark clouds, the thunder and lightning flickered, and the depressive aura was quite an aura of dark clouds pressing the city.

Ye Chen could feel that the whole Heavenly Dao was angry and roaring, and Heavenly Dao did not allow innate poisonous bodies to appear such a terrifying physique.

The thunder and lightning in the dark clouds flickered, a breath of destruction, spreading wildly.

The monster beasts in the primitive mountains let out a roar and the breath of sky thunder made them feel fear.

Ye Chen's approach at this moment is tantamount to going against the sky.

"Ye Chen, the time has come, you leave quickly, Tianlei is about to come to the world, staying inside will only make Tianlei more terrifying."

Xiaoyao God in the reincarnation cemetery hurriedly spoke!

Ye Chen put away only half of the Thousand Demon Ginseng and withdrew from the Universe Heavenly Dragon Formation.

"Boom boom boom!"

Above Ji Lin, the deafening sky thunder seemed to roar.

Ye Chen stood outside the Qiankun Heavenly Dragon Formation, looking at Ji Lin inside, with anxiety in his heart.

Once Ji Lin is over, he will be able to become an innate monster, but if he can't be over...

Ye Chen will never allow it to happen, even if he fights for his own life, he will not hesitate!

Outside the Qiankun Tianlong array, Ye Chen was holding the Soul Demon God Spear, and his robe was blown by the wind.

The hair on the head is dancing in the wind.

The elder Taishang in the lonely home in the original mountain has a trace of blood overflowing from his mouth.

His luck is not as good as Ye Chen's, and he has encountered many powerful monsters this day.

Looking at the dark clouds ahead, he sneered.

He believed that everything in front was definitely made by Ye Chen.

The figure of the Supreme Elder disappeared, and Ye Chen, who was outside the Universe Heavenly Dragon Formation, didn't know all this.

Above Ji Lin, a thunder dragon flew out from the dark clouds. The thunder dragon had a body of hundreds of feet, lightning-like eyes, and a huge body, flashing electric arcs.

Thunder Dragon rushed over from the dark clouds and rushed towards Ji Lin quickly.

When Ye Chen saw this scene, his whole heart was caught!

The Thunder Dragon, with the power of destroying the world, rushed towards Ji Lin's body, a fire dragon appeared in the Universe Heavenly Dragon Array, entwining Ji Lin's body.

This is the dragon spirit in the primitive mountains.

The Thunder Dragon fell and disappeared in the blink of an eye.

Seeing this scene, Ye Chen was relieved a lot, but he also knew that this was only the first thunder tribulation.

The thunder dragon disappeared, and ten thunder dragons appeared on the top of the dark clouds in just one breath.

These ten thunder dragons, with a frightening aura, were more vigorous than before, and they rushed towards Ji Lin without hesitation.

"Boom!"

The deafening sound made Ye Chen retreat slightly.

The universe and heavenly dragon formations are constantly swaying.
