

## **Urban Medical 1671**

Chapter 1671: No way!

"Ye Chen, this Thunder Tribulation is stronger than we thought."

Xiaoyao God Sovereign looked at Lei Jie in the reincarnation cemetery and was slightly shocked. This is only the second way, and it has reached the first level of the Hunyuan realm.

There are still seven thunder tribulations behind!

At this moment, Xiaoyao God did not know whether Ji Lin could survive.

Ye Chen squinted his eyes and didn't say a word. Even if the Thunder Tribulation of Good Fortune Realm, he would help Ji Lin at all costs.

Immediately after the three thunder tribulations fell, there was a trace of cracks in the Universe Heavenly Dragon Formation, and the artifact of Hedao had already shattered at this moment, even for the soldiers of time and space, there were also traces of cracks.

"Ye Chen, wait a moment to take out all the Harmony Artifacts and Space-Time Soldiers and place them on top of Ji Lin."

Originally, Xiaoyao Shenjun thought that the Universe Heavenly Dragon Array was enough to withstand the eight thunder tribulations, but who knew that at the fifth thunder tribulation, it was about to be broken.

He still underestimated the power of Thunder Tribulation.

"it is good!"

Ye Chen took out all the artifacts of He Dao, as well as the soldiers of time and space, and threw them directly into it.

These space-time soldiers also have the artifacts of the Dao, which can also weaken part of the power of Thunder Tribulation.

"Hahaha, you little beast, you are here!"

At this moment, the elder elder of the lonely family came, and when he saw Ye Chen, he couldn't restrain the excitement in his heart.

This time, his lonely family did not know how many strong men had fallen, all because of Ye Chen from a lower continent.

The elder Tai, who could feel the horror of Thunder Tribulation beside him, glanced at Ji Lin in the Universe Heavenly Dragon Formation.

In an instant, the pupils locked tight!

"Ye Chen, you want to awaken an innate monster!"

An acquired demon body, in the entire Lingwu Continent, everyone was punishable, let alone an innate demon body.

Once this matter was leaked out, Ye Chen would shout and beat everyone in the entire Lingwu Continent!

"Old stuff, how are you doing well these two days?"

Ye Chen looked at the Supreme Elder of the Lonely Family, and clenched the Soul Slayer's magic spear in his hand.

He thought that the Supreme Elder had already left, who knew he was still chasing after him.

Today he must kill the Supreme Elder in front of him, or if the innate demon body is exposed, Ye Chen and Ji Lin will face the chase of the entire continent.

If you let others know that a warrior of the Sixth Heaven of God King Realm wants to kill the Supreme Elder of the Dugu Family, no one will believe it!

Because this is completely self-digging!

"Little beast, today I will kill you first, and then kill the girl inside."

The elder Taishang stood high in the sky and rushed towards Ye Chen frantically.

He has never been so embarrassed in his cultivation to the current realm, and his hatred for Ye Chen has reached its peak.

The terrifying aura seemed to permeate the entire world, and a huge sense of oppression made Ye Chen couldn't help taking two steps back.

"Old stuff, I'll give you another gift today!"

As soon as Ye Chen's voice fell, the Hunyuan Immortal Tool and Divine King Tool were revealed in the air.

In order to prevent the monsters from attacking, Ye Chen specially arranged all the Hunyuan Immortal artifacts and Divine King artifacts around.

Never thought that the monster did not come, but the elder of the lonely family came instead.

"little bastard!"

The Supreme Elder wants to retreat, but unfortunately he has already entered the attack range, and it is as difficult as reaching the sky if he wants to leave.

boom!

The terrifying explosive force caused the ground to shake and cracks appeared on the ground.

The elder Taishang's clothes were torn, covered with blood, and looked very miserable.

"Master, lend me strength!"

The power of Xiaoyao God Sovereign poured into Ye Chen's body, and Ye Chen was briefly elevated from the sixth heaven of the God King realm to the 9th heaven of the Hunyuan realm.

This is completely the power of Xiaoyao God!

Behind Ye Chen, the five kingships of the gods of killing, kings of destruction, kings of immortality, kings of nirvana, and kings of the gods were manifested.

The elder of the lonely family rushed to Ye Chen regardless of his own injuries.

"Cold Bing Jianjue!"

Ye Chen roared, and took out a Hunyuan Immortal Sword in his hand, the body of the sword shone with the law of ice.

Sword Qi was flowing around him wantonly, making a buzzing sound.

He raised his arm and clenched the Hunyuan Immortal Sword. The moment the Supreme Elder rushed over, he cut out with a sword!

With this sword, Ye Chen exploded with all his strength, and the terrifying sword aura flowed extremely fast, and countless ice condensed on the ground.

The surrounding temperature drops instantly.

As a top god, the elder Taishang didn't care about Ye Chen Yijian.

"Fantastic Palm!"

High in the sky, a huge palm condenses in a moment.

The moment the palm condensed, it suddenly fell on top of Ye Chen's head.

"Time and Space Sword Fight!"

Ye Chen was not afraid of danger, facing this palm, raised his arm, and the Hunyuan Immortal Sword stabbed into the palm.

The breath of the law of time and space faintly flows, and it goes down with a sword, as if the world is changing color and the devil is roaring.

"boom!"

The two collided with each other, Ye Chen spit out a mouthful of blood.

Ye Chen relied on external force, although he was briefly promoted to the Ninth Heaven of the Hunyuan Realm, but facing the Supreme Elder of the Dugu Family, the gap between the two was still too big!

At this moment, he had no time to think, the figure of the Supreme Elder had already come to him.

I saw the elder Taishang holding a space-time soldier and piercing Ye Chen's chest.

However, Ye Chen didn't step back, but went head-on.

When the soldier of time and space pierced his heart, his body tilted slightly.

Stabbed!

The soldier of time and space pierced into Ye Chen's chest, blood poured out frantically, and a mouthful of blood came out of his mouth.

Facing this scene, Ye Chen smiled grimly.

He wants to kill the top gods, the only chance is to change the injury!

The blade stabbed from Ye Chen's front to his back, and the tip of the sword was blood red.

"what do you want to do?"

The elder Taishang frowned as he was about to pull the Space-Time Soldier out, but Ye Chen firmly grasped his arm with his left hand.

"moron!"

Ye Chen's grinning smile was like a messenger of \*\*\*\* harvesting lives.

Ye Chen raised his right hand, and instantly raised the Hunyuan Immortal Sword, piercing the upper elder's thigh with a sword.

"what!"

The elder screamed, raised his arm and patted Ye Chen on the chest.

"Puff!"

Ye Chen retreated, and blood spurted out of his mouth.

The elder Taishang looked gloomy and terrifying, he was actually injured by a warrior of the Divine King Realm.

He is the Supreme Elder of the Dugu Family, and he can only be injured in the same realm.

"Old stuff, how is it? Be comfortable!"

Ye Chen wiped the blood from the corner of his mouth, and his blood-red eyes looked like a demon.

The elder Taishang did not speak, but the aura from his body kept pouring out.

Obviously he was furious!

It was a shame to be injured by a lowly warrior.

"Little bastard, do you want to protect the girl behind? Let me see how you protect."

The Supreme Elder roared, and stopped talking to Ye Chen at all, but rushed towards Ji Lin instead.

He knew in his heart that the best way to torture Ye Chen was to let his friends die one by one.

Although Ye Chen is cruel, but he is passionate and righteous, this is his fatal weakness.

"Old stuff, you are looking for death!"

An anger rose in Ye Chen's chest, wishing to kill the elder of the lonely family a thousand times.

Now that Ji Lin has reached a critical moment, he will never allow others to sabotage.

Not even such a terrifying powerhouse!

Chapter 1672: It's too late!

Holding the Hunyuan Immortal Sword in his hand, Ye Chen rushed to the elder Taishang, exhausted his whole body's strength, and cut it out with a single sword.

This sword shook the world, and the anger in Ye Chen's chest was released on this sword.

One sword, suddenly that Fanghua!

The elder Taishang stood firm, and at this moment, he actually felt a slight threat.

From a \*\*\*\* king realm ant, feel the power that can threaten top gods, how is this possible?

It's incredible!

Sword Qi surged, and the extreme speed appeared in front of the elder Taishang.

In a hurry, the elder Taishang took out the shield, his sword qi rushed over, and his whole body took two steps back.

Spit out blood!

Although he was not in his heyday, he was not an existence that juniors could contend with.

Not to mention killing the God King Realm, even if he kills the He Dao Realm, he is more than enough!

But at this moment, he was beaten by a \*\*\*\* king realm to vomit blood!

The sacred face of the Supreme Elder was like a devil, and his whole body rushed into the Universe Heavenly Dragon Formation.

Although Ye Chen's speed is fast, there is still a certain gap compared with Taishang Elder.

The entire body of the Supreme Elder entered the Universe Heavenly Dragon Formation, but at this moment.

The thundercloud was deafening, originally a hundred miles of dark clouds, condensed into thousands of miles in the blink of an eye.

When the elder Taishang entered, the entire Lei Tribulation turned into a top-notch prince's Thunder Tribulation in an instant.

At this time, Ye Chen didn't have time to think about it, and rushed towards the Universe Heavenly Dragon Formation.

Originally, the chance that Ji Lin wanted to survive the thunder tribulation was only 1%, but now, everything is unknown.

"Ye Chen, you can't go in, the current Thunder Tribulation will kill you completely with one blow."

Xiaoyao Shenjun spoke to persuade him, after all, this level of Thunder Tribulation was not something Ye Chen could touch.

"No, I want Ji Lin to live!"

In a word, Ye Chen expressed his will!

He didn't know that the current Thunder Tribulation, he would die if he touched it, but he was still fearless for the people he cared about.

Xiaoyao Shenjun sighed and stopped discouraging him. During this time, he knew Ye Chen's character.

As long as Ye Chen decides things, even if they die, they will not change!

"Old dog, I will slaughter you today!"

The five kings of gods appeared behind Ye Chen, holding two swords, like a demon god!

"Time and space sword battle."

"Cold Bing Jianjue."

The law of time and space, the law of ice, crazily pouring out of Ye Chen's body.

The two swords of the ultimate fragrance have a power of destroying the world.

Two sword lights, madly rushing towards the Supreme Elder, the sword lights crossed, and they arrived in front of the Supreme Elder in the blink of an eye.

The elder Taishang did not change his face, holding the space-time soldier in his hand, resisting with backhand.

Above Ji Lin, it was originally Thunder Dragon. At this moment, a vague figure appeared in the void.

This is a human figure condensed by the heavens, possessing destructive combat power.

The elder Taishang originally wanted to do something to Ji Lin, but seeing the figure of Heavenly Dao cohesive, even he felt a fatal threat.

No surprise, if you do, he must be dead.

"Since you broke in, use your body to help Ji Lin resist thunder."

Ye Chen roared and came to Ji Lin's face. At this time, the Universe Heavenly Dragon Formation had already collapsed.

Four soldiers of time and space, completely scrapped!

"Little bastard, what do you want to do?"

At this time, the elder Taishang suddenly felt a bad feeling in his heart.

I saw Ye Chen picking up Ji Lin and rushing towards the Supreme Elder frantically.

Lei Jie still has the last three ways, equivalent to the power of a top god, which is not something Ye Chen and Ji Lin can bear.

The only way to survive Thunder Tribulation is to rely on the Supreme Elder of the Lonely Family.

After all, he has the fighting power to crush everything, and he can resist two thunder disasters.

"Little beast, go away!"

Seeing Ye Chen rushing over, the Supreme Elder didn't understand what he meant, completely using him as a shield against thunder.

A second ago, the Supreme Elder wanted to kill Ye Chen, but at this moment he just wanted to stay away.

"Old thing, don't run! Since you want to help me resist the thunder, why didn't you say it earlier, or I will let you in."

Ye Chen was chasing after him, and the elder Tai was dumb eating Coptis at the moment, and there was no way to tell.

I had known that he would never enter the Universe Heavenly Dragon Formation, if not, he would have already killed Ye Chen already.

Why be so embarrassed as now.

Above the void, the figure blurred, raised his arm, and slapped it down.

When the elder Taishang saw this scene, his expression changed drastically. How could this be the combat power of the top-level He Dao realm, it was completely the great power of the good fortune realm.

With this slap, the electric arc flickering and the aura of extinction can be seen vaguely, covering the three of Ye Chen.

Although the elder Taishang didn't want to resist, the horrible aura had already locked him, and there was no way even if he didn't want to.

The elder Taishang took out a space-time soldier, and the power in his body went crazy into the shield.

Ye Chen hugged Ji Lin tightly, so that she would not suffer any harm, anyway, the elder Taishang resisted, he just used his strength to condense into a shield, just in case.

A slap fell suddenly, and the time and space soldiers of the Supreme Elder, who could only resist less than five breaths of time, were instantly broken.

The Supreme Elder roared frantically, and his strength kept pouring out to resist the power of destruction.

"Puff!"

The elder spit out blood, and the whole person's face was pale. If he hadn't used the power of his origin just now, he would be a dead person now.

Above the void, the figure did not make any more moves, obviously brewing the eighth thunder tribulation, which also gave the elders a little breathing time.

The elder Taishang turned his head and glanced at Ye Chen, and his Qiqiao was full of smoke with just a glance.

Ye Chen had nothing to do except for a little aftermath, let alone injured, not even a drop of blood came out.

Fortunately, the elder Taishang has a profound cultivation level, otherwise he has to faint with anger, this \*\*\*\* is too irritating and awkward.

He consumes the power of the origin and a soldier of time and space to be able to resist, what about Ye Chen? It's just standing behind him.

The strength of the origin and the soldiers of time and space make wedding dresses for others for nothing.

"Elder Tai, the first time I found out, you are really a lucky star!"

At this moment, Ye Chen didn't feel too cool, he was still worried about Lei Jie, because of the intrusion of the elder too, he did not panic at all.

If he can, he wants to have a drink now, thank him!

However, the Supreme Elder who heard Ye Chen's words was completely out of control!

He was actually used!

Damn it!

"Ahhhhhhh! Asshole!"

The elder's chest was up and down, only feeling that the whole lung was about to burst.

Since Ye Chen appeared, he has been in a panic.

"You die for me!"

The Supreme Elder didn't care about it rushed over, Ye Chen smiled instantly when he saw this scene.

He was now anxious for the elder Taishang to rush over.

Ye Chen didn't retreat but instead moved forward, the Supreme Elder took out the last space-time soldier and cut it off with a sword.

However, the elder Taishang just raised his hand, and the eighth thunder calamity has also been brewed.

The figure in the void, I don't know when to hold a sword in his hand.

A sword rushed towards Ji Lin, this sword seemed to change the color of the world, and the entire primitive mountain, as if only a sword light remained.

"Fuck!"

I don't know how much anger, the elder Taishang burst out a foul language. At this moment, his temperament that has been cultivated for thousands of years is gone.

To be able to make a top \*\*\*\* like this with the Divine King Realm, I am afraid that Ye Chen is the only one in the entire continent!

The elder Taishang couldn't regret it. He knew it a long time ago and must hold back his temper and escape from Ye Chen as soon as possible, but it's too late to say anything.

Chapter 1673: With me, you are there!

now.

A flash of sword light rushed towards the body of the Supreme Elder in a flash.

When this sword was only one centimeter away from the body of Taishang Elder... he ran away frantically.

The Supreme Elder knew very well that once this sword light penetrated his body, he would definitely die!

"Ye Chen, you bastard!"

When the Supreme Elder saw that Ye Chen had been less than one meter away from him, he almost fainted.

Don't bring such a bully!

"Look at the sky!"

Ye Chen's headless words made the Supreme Elder subconsciously raise his head and glance, only to see that the sword energy has crazily surged over.

The Supreme Elder spouted blood and waved his big hand, pulling out all the Hedao artifacts and Hunyuan Immortal artifacts to resist the power of sword qi.

This blood, condensed into a blood-red shield.

When a mouthful of blood spurted out, the elder Tai Shang was very weak.

This is a thunder robbery that no one can shake, even if it is him, he must deal with it carefully.

boom!

boom!

Stabbed!

A shield of condensed essence and blood lasted for less than ten breaths, and then the Hunyuan Immortal artifact and Hedao artifact suddenly burst.

"what!"

The elder snarled in anger, and cut the flesh and blood on his arm, and the blood condensed into a trace of blood, continuously wrapping his body.

These scarlet blood lines, but rely on the blood of his whole body, not only that, but also the essence and blood as the foundation.

boom!

The power of Jianguang impacted on the bloodshot of the Supreme Elder, and it shattered in an instant, but he also successfully resisted the eighth way of the thunder robbery.

The elder Tai was weakly gasping in the air, and a hideous wound on his arm was bleeding continuously.

When Ye Chen rushed towards Jian Qi, he had already hurriedly hid behind the Supreme Elder.

"Little bastard, you wait for me!"

The Supreme Elder turned his head and glanced at Ye Chen, then fled instantly.

At this moment, he didn't want to stay here for a moment, the last thunder tribulation, the elders did not dare to resist hard, once the ninth thunder tribulation fell, he might fall completely.

"Is it too late to run now?"

There was a cold look between Ye Chen's eyebrows, and now it was definitely the best opportunity to kill the Supreme Elder.

He killed a lot of people in the Dugu family anyway, not bad for this one!

What's more, once the elder of the Dugu family returns, Ji Lin's poisonous body will be exposed to the public!

At that time, not only Ji Lin will be in danger, but Ji Siqing will also be implicated!

Today, no matter what the price is paid, he must also cut the roots!

"Time and Space Sword Fight!"

"Cold Bing Jianjue!"

Ye Chen was holding two swords, and his body exuded two completely different powers. Seeing this scene, the elder Tai Shang frowned.

If it were normal, Ye Chen would naturally not be able to threaten him, but now that he is seriously injured, the strength of his whole body may only be able to display one-tenth.

As the saying goes, you will kill you when you are sick!

Two sword lights rushed towards the Supreme Elder frantically, a deadly danger filled his heart.

The Supreme Elder gritted his teeth and burned a drop of blood in his body.

Blood escape!

Relying on essence and blood, the speed of horror erupts, if it is not a last resort, the Supreme Elder will never use it.

The elder Taishang escaped very fast, but a sword light directly cut off one of his arms.

It penetrated the heart of the Supreme Elder!

Life or death is unknown.

Ye Chen frowned. He didn't expect that at a critical moment, the Supreme Elder would still be able to perform such a spell.

I just don't know if he died.

But even if he doesn't die, he's already a useless person.

Had it not been for Ji Lin's thunder robbery had not yet passed, he would have chased and killed him long ago.

"Buzzing!"

There was a humming sound in the entire void, and dark clouds covered the sky. At this moment, there was no light in sight.

The condensed figure in the void has long since disappeared, and Ye Chen can't breathe with the full breath in the air.

This last thunder tribulation is also the most terrifying thunder tribulation!

"Disciple, this thunder robbery..."

Xiaoyao Shenjun did not go on, but the meaning was self-evident.

"I know!"

Ye Chen gave a wry smile and took a deep breath. This time he was afraid that it would be too bad.

Even so, Ye Chen did not retreat half a step, he knew in his heart that if he retreated, Ji Lin would undoubtedly die.

"Ye Chen, is it worth it for you to do this?"

At this moment, Xiaoyao God speaks, in this world, morality is the most ridiculous thing.

"worth it!"

Ye Chen murmured, how about giving his life for the person he cares about?

He has experienced an unknown amount of life and death. If he retreats today, it will affect his Taoism in the future.

Behind Ye Chen, the five divine roads hummed like the King of Slaughter God, the King of Destruction, the King of Immortality, the King of Nirvana, and the King of Duhua.

In the void, the pressure of horror grew, causing Ye Chen's legs to bend slightly.

The ferocious face was holding back the pain, and the bones were crunching.

In the void, nine thunder dragons manifested, with a body of a thousand feet, pulling a palace, in the palace, a man who manifested heavenly way stood inside.

"The congenital poisonous body should not exist in the human world, so be punishable!"

The man spoke angrily, and the surrounding void exploded. With just one sentence, the entire void was shattered.

A man's word represents the meaning of heaven!

Heaven is in control of the power of life and death, no matter anyone, in front of heaven is like an ant.

"If I let her live, no one can determine her life and death, not even God!"

Ye Chen spoke plainly, but in his tone, there was an unwavering self-confidence.

"presumptuous!"

The surrounding wind roared, and the crazy heavy rain dripped, dripping on Ye Chen's cheek.

Huh!

Ye Chen spouted blood, and the entire internal organs were slightly cracked.

With the Hunyuan Immortal Sword inserted on the ground, Ye Chen half-kneeled, staring at the man above the void.

"What about heaven? I want to be higher than the sky!"

Ye Chen smiled sullenly, even if he faced Heaven's Dao, he was not afraid.

"ridiculous!"

The man didn't get angry but laughed. With a big wave of his hand, a dark pupil appeared in the void.

His pupils had not opened yet, but Ye Chen could feel the power to destroy everything.

"Today represents the way of heaven, judges the innate poison body, destroys the world's magic pupil, open!"

One eye slowly opened, and the world-killing power poured out frantically.

The world-destroying aura continuously cut Ye Chen's body. In the blink of an eye, Ye Chen's whole body was covered with blood.

Ye Chen hugged Ji Lin tightly to prevent her from being hurt.

"Ye Chen...you go quickly..."

At this time, Ji Lin opened his eyes weakly. Although she was unconscious during this period, she could feel everything outside.

Ji Lin's eyes were full of tears. Originally, she was looking for Ye Chen when she stepped into the Lingwu Continent, but who knew it had caused him such a big trouble?

"Relax, I am here, you are here!"

Chapter 1674: Don't bet!

Back then, Ji Lin's sister spared no effort to help herself, and he would never end his life.

"You go...you go..."

Ji Lin grabbed Ye Chen's clothes and spoke in pain.

Ye Chen didn't speak, and looked up at Demon Eye.

This is a judgment from heaven, at this moment, he looks extremely small.

The moment the Demon Eye of Exterminating World opened his eyes, a crisis of death enveloped Ye Chen.

Unmatched!

With one blow, Ye Chen couldn't survive at all.

"Ye Chen, we do our best to help you."

Xiaoyao Shenjun did not speak to dissuade him. After getting along during this time, he already understood Ye Chen's character.

If Ye Chen abandoned Ji Lin for his own safety today, he would have missed this disciple!

however! Ye Chen stayed!

Even if you know that you are invincible, you must fight your fate!

If there is one person in the world who can rescue him from that group of people!

Only Ye Chen!

Many people obliterate humanity in the way of martial arts! selfishness!

Think that ruthlessness can make great achievements!

Wrong!

A truly strong man must not only have a firm heart, but also a determination to value love and justice!

And now Ye Chen, let them see an incomparable Dao Xin!

This Dao Xin is bound to be invincible on this difficult and dangerous road of cultivation!

At this moment, the demon pupil of the world was exterminated, a purple light condensed, and the purple light horrible atmosphere made the primitive mountains and the monster beasts of the good fortune realm feel a trace of fear.

"Today, I want to stain the sky with blood!"

A burst of world-destroying purple light arrived, Ye Chen held the Hunyuan Immortal Weapon in his hand and cut out with a sword.

This sword, there is a crazy, endless will.

"Not enough is not enough, I want to be stronger!"

Xiaoyao Shenjun, Medicine Master Buddha, Sunlight Buddha, Moonlight Buddha, the four of them madly transmitted power to Ye Chen.

Ye Chen, who was in the Divine King Realm, suddenly reached the Ninth Heaven in the Hunyuan Realm, but all this has not ended yet!

The Hedao Realm is here!

There were cracks in Ye Chen's body, as if the porcelain jar was about to break.

"Disciple, we must stop, or your body can't bear it."

"Master, continue!"

Ye Chen's eyes were bloodshot, and there was not a single place in his body.

At the same time, the remaining medicinal effects of Rank Nine Pill are surging crazily!

The realm of life and death mentioned by Lin Qingxuan is actually now!

Once he has survived, Ye Chen will surely achieve great success!

"what!"

Ye Chen roared up to the sky, like a \*\*\*\* god, once again slashed out with a crazy sword to release the violent power in his body.

Boom boom boom!

The sword light slashed madly towards the purple light, but the speed of the purple light did not slow down at all.

Ye Chen didn't change his face, and behind the Slaughter God King Way, Destroy God King Way, Indestructible God King Way, Nirvana God King Way, Duhua God King Way, rushed to the purple light frantically.

Even if you destroy your own foundation and lose the kingly way of God, you will never hesitate!

"Ye Chen!"

Ji Lin cried madly, sacrificing his own kingly way, this is no different from suicide.

To survive in the future is also a useless person.

Huh!

Ye Chen's pale cheeks, blood gushing out from his mouth.

The five kings of the gods finally withstood the pace of the purple light, but in less than ten breaths, the five kings of the gods suddenly shattered.

Ziguang rushed towards Ye Chen again, at this time he was already unable to fight anymore.

The moment the five kings of the gods shattered, his realm dropped crazily.

Ye Chen exhausted his last strength, holding Ji Lin in his arms, trying to use his physical strength to do his last bit.

The breath of death filled Ye Chen's heart. He was not afraid of death, but he was unwilling to do so. He still had a lot of things to do.

The moment the purple light rushed into Ye Chen's body, the world-destroying breath filled his body.

"Are you going to die..."

Ye Chen murmured a word and closed his eyes suddenly. The moment he closed his eyes, a burst of energy from the reincarnation cemetery poured into Ye Chen's body...

Ye Chen's bloodline was actually filled with a horrible breath.

At the same moment, the efficacy of the Nine Deaths Pill was brought to its extreme!

Ye Chen's whole body seemed to be wrapped in the light of stars.

The light of the stars finally converged into a pole and penetrated into Ye Chen's body.

Then, in the light, a blood-red dragon shadow flickered!

The endless dragon chants resounded throughout the mountain.

Then came another violent roar.

It seems to be against the injustice of heaven!

In the end, no one knew what happened there.

Because it has become a piece of ashes.

I don't know how long it took, and a little girl crawled out of the dust.

The little girl opened her eyes, her body was glowing with poisonous light,

She was at a loss.

Suddenly, she saw a young man in a coma.

Rushed over without warning!

"Ye Chen!"

...

Three days later.

In the jungle of the primitive mountains, a young man with a pale face wearing a black robe, holding the hand of a ten-year-old girl.

This young man didn't seem to have any cultivation bases, but there was not a monster beast who did it on him.

Even more bizarre is that there are hideous wounds on the young man's skin.

There was also a scar like thunder and lightning on his pale face.

The scars even have an ancient breath.

It seems impossible to eliminate.

Ye Chen tried to disguise, but found it impossible.

The scars on the body and even the lightning lines on the face are too powerful.

Even disguised, it recovers instantly.

The young man's determined eyes were filled with bloodshot eyes, and he seemed to have experienced everything without fear.

This young man is not someone else, but Ye Chen.

When the trial of Heaven came down that day, Ye Chen fell into a coma, and finally the reincarnation cemetery, a burst of energy entered his body to save his life.

"Ye Chen, if it weren't for me, you wouldn't be like this."

Ji Lin's eyes were red, and when he thought of what happened three days ago, he couldn't help crying.

Now Ye Chen's body is full of wounds, and his cultivation has dropped a lot.

Crucially, the hideous wound on the arm made people couldn't bear to look straight.

It seemed like a devil.

"Don't worry, I will be fine."

Ye Chen reached out with difficulty and touched Ji Lin's head.

He knows the situation in his body, and the world-killing power of Heaven's judgment has been in his body.

Although there is no cultivation base , he can use the power of destroying the world.

He roughly estimated that the power of destroying the world in his body could be used five times.

This world-destroying power can kill even a strong person at the pinnacle of the Affinity Realm.

As for his cultivation base and God's kingly way, he can feel that it has not disappeared, but has been in his own body.

It seems to be sealed by the power of this heaven and earth.

This time he was a blessing in disguise.

Ye Chen and Ji Lin came out of the primitive mountain and decided to go to Kunyu City.

The agreement he made with the Hundred Poisonous Girl hadn't forgotten, and he needed the power of the Hundred Poisonous Girl to destroy the lonely family with him.

The power of destroying the world in his body was enough to destroy the top Hedao God Sovereign in his heyday, not to mention a supreme elder who knew nothing about life and death.

He dare not bet.

Chapter 1675: humiliation!

If the Supreme Elder is still alive, he must be killed!

Only the dead can know the secret of Ji Lin's innate poison!

The grandfather who killed the Hundred Poisonous Girl had a share in the Lonely Family. He believed that if there was a chance, the Hundred Poisonous Girl would be willing to give the Lonely Family a nightmare.

...

Three days later, Ye Chen and Ji Lin walked into Kunyu City.

In Kunyu City, the city lord is a powerful man in the realm of Harmony, and it is natural to be able to sit on a city.

On the streets of Kunyucheng, Ye Chen pulled Ji Lin and wanted to find an inn to stay, but before stepping into the inn, a sound made Ye Chen stop.

"Stop the ugly monsters!"

Ye Chen turned his head and took a look, and found a young man in the first heaven of the \*\*\*\* king, and two guardians beside him, both martial artists of the second heaven in the Hunyuan realm.

"Ugly monsters, this young master is interested in your granddaughter, hand it over, get out of here!"

On the street, seeing this scene, I couldn't help shaking his head, looking at Ye Chen with a hint of pity.

This Wang Hanwen is the young master of the Hehuan Sect. This sect specializes in the practice of harvesting Yin and nourishing Yang.

Wang Hanwen also has a disgusting hobby. He doesn't like young and beautiful women, but prefers girls.

In the entire Kunyu City, I don't know how many girls died because of Wang Hanwen.

"Brother Ye Chen, this person is really disgusting."

Ji Lin glanced at Wang Hanwen in disgust. Since her congenital poisonous body awakened, her cultivation speed had increased crazily.

Now she has reached the peak of the emperor realm.

"It's just a rubbish, don't bother."

Although Ye Chen's voice was not loud, it was clear to the crowd onlookers.

At this time, everyone had only one idea, this black robe youth was dead!

Ye Chen ignored everyone's opinions and took Ji Lin's hand in a blink of an eye to leave.

"Ugly monsters, you dare to say that this young master is rubbish, today it makes you want to die."

In addition to the power of the city lord in Kunyu City, he needs to worry about it. Who would dare to resist the Acacia Sect?

As soon as Wang Hanwen's voice fell, he rushed up, trying to punch Ye Chen half to death.

The two guardians of Wang Hanwen watched quietly in place, just a kid with no cultivation base, kneading at will.

"roll!"

Ye Chen turned his head and said a word. Suddenly, Wang Hanwen's whole body appeared cracks, which broke instantly, bursting out a cloud of blood mist.

Although he has lost his cultivation base, the power of the flesh is still there. Using the power of the flesh to condense a word, is it a piece of \*\*\*\* in the Divine King Realm that can be resisted?

"hiss!"

The crowd onlookers took a breath and rubbed their eyes vigorously.

Did they read it right? Just say one word to kill a strong person in the Divine King Realm?

Everything that happened was less than ten breaths away, and some people even didn't react at all.

The speed of the end is too fast!

At this time, the two law protectors reacted, and their young master was killed in seconds.

"Ugly monsters, dare to kill our young master, you are dead!"

The two Hunyuan realm martial artists were furious, and the sect master always came to succeed, but this was his most beloved son, who was killed in the crowd?

If the sect master blames it, both of them are in a disaster.

The only way now is to take Ye Chen away, so that the two of them might survive.

The two Hunyuan realms rushed towards Ye Chen with the mighty hatred.

Ye Chen stood there, didn't move at all, at the moment when two rushed over.

Ye Chen raised both arms, grabbed the arms of the two people with both hands, and twisted them slightly.

Click!

The two Hunyuan realm warriors let out a scream, their entire arms were twisted into twists by Ye Chen, and the bones inside had already been broken.

Ye Chen let go, then kicked out at the two of them.

The two warriors of the Hunyuan realm flew directly upside down ten meters away, their chests collapsed, blood overflowed from the corners of their mouths, and flew to the ground, completely dead and could not die again.

"Let's go!"

Ye Chen didn't change his face, he didn't know how many warriors of the Mixed Origin Realm he had killed.

When Ye Chen and Ji Lin left, everyone reacted. The son of the sect master of Hehuan died, and the two protectors were also killed. This was a major event.

I am afraid that the sect master of Hehuan will be completely angry.

In an inn, Ye Chen and Ji Lin were sitting in a remote corner.

"Brother Ye Chen, killing the three of them will not cause trouble, will it?"

Now Ji Lin is afraid of bringing disaster to Ye Chen, if it weren't for him, Ye Chen would not have become like this.

"It's okay, just a bunch of ants."

Now that Ye Chen can have the confidence to fight against the supreme god, why care about a sect with only Hunyuan realm.

If he wanted to, he would immediately let the Hehuan Sect annihilate.

At this time, Xiao Er brought up the food and drink, and many warriors around were discussing recent events.

"Have you heard that the City Lord's Mansion has caught a poisonous girl in the Harmony Realm today. I heard that it was an acquired poisonous body."

"I also know about this. The son of the City Lord's Mansion wanted to indecent assault on that poisonous girl, but was completely abolished. Later, the City Lord's Mansion wanted to find the poisonous girl covered in poison. Many warriors died. ."

"It's a pity, such a beautiful woman will be executed today."

Ye Chen frowned when he heard what those warriors were discussing. If he said about the poisonous girl, he might be a hundred poisonous blood girl.

There are already very few people practicing poison skills, let alone acquired poisonous bodies.

After Ye Chen waited for Ji Lin to finish eating, he paid and came out of the restaurant.

"Ji Lin, I'll find an inn for you, you live in first, then I will pick you up."

Although Ye Chen is not afraid of the power of the City Lord's Mansion, Ji Lin's realm is still too low. If someone sneaks on her, Ye Chen can't take care of her.

"Okay, I'll wait for you at the inn."

Ji Lin knew that his strength was too weak to help Ye Chen at all.

When Ye Chen handled Ji Lin well, he asked about the execution ground on the street.

This time, the City Lord's Mansion was specifically under the audience to kill the poison girl, which was obviously furious.

This matter has long been no secret in the entire Kunyu City , anyone knows it if you ask.

Ye Chen came all the way to the execution ground to the west of Kunyu City. At this moment, the execution ground was already crowded with people.

These warriors are here to watch the excitement.

Ye Chen looked up and found a woman standing above Xingtai.

The woman's hair is a bit messy, and there are blood stains on her face. The woman is no one else but Liang Xueyue.

Behind Liang Xueyue, a man held a big knife in his hand, the person who was responsible for execution.

"It's a pity that such a beautiful woman actually offended the City Lord's Mansion."

"It is not the son of the city lord. He has done a lot of evil, and now he is abolished by others. It deserves it."

The crowd on Xingtai whispered.

A strong man in the realm of harmony was executed by a large audience, completely humiliating her on the deathbed.

Chapter 1676: 1 finger kill!

Ye Chen squeezed into the crowd.

"Which \*\*\*\* squeezes me?"

"What are you ugly squeezing? What is on your face, will it be contagious?"

"This ugly monster is so powerful. Let's step aside. Seeing that the guy is young, there is something wrong with him."

Ye Chen squeezed to the front and just took a step forward, the guard of the City Lord's Mansion stopped him.

"Be one step forward, let alone kill!"

As soon as the guard's voice fell, the head fell instantly. Since he wanted to save Liang Xueyue, he was destined to be an enemy of the City Lord's Mansion.

"No, someone robbed the law ground!"

"The kid from nowhere, broke into this place and killed him!"

The guards from the City Lord's Mansion swarmed in, and these guards were basically martial artists in the gods, and they were instantly killed by Ye Chen as soon as they rushed over.

"This black-robed boy is so strong, please inform the lord of the city."

In less than three breaths of time, the warrior who entered the gods died and injured more than a hundred.

These people were all killed by Ye Chen, and no one dared to step forward.

The warriors who were watching the good show below are all messed up in the wind!

It's not too easy to kill a martial artist in the gods and kill a little chicken.

Ye Chen stepped out, and the guards surrounding Ye Chen couldn't help taking a step back.

Even some people with poor psychological quality have a little shaky grasp of the knife in their hands, and their legs tremble on the ground.

This mysterious young man in black robes is too terrifying, looking weak and not having any cultivation base, who knows...

Ye Chen came to Liang Xueyue and twisted the short rope with one hand.

Now Liang Xueyue's whole body's cultivation base is imprisoned, and it will take a while to unlock the seal.

Liang Xueyue looked at Ye Chen and was full of questions. She was a poisonous girl and had few friends at all. When others saw her, they could not wait to hide. When did they meet the young man in black robes?

She was slightly surprised when she saw Ye Chen's hand.

Then when I saw Ye Chen's profile, the lightning scar was shocking.

A sense of familiarity came to my heart.

"You are Ye..."

Before he finished speaking, Ye Chen interrupted him: "I am your uncle! Don't talk nonsense!"

Liang Xueyue: "..."

Liang Xueyue was sober now.

You know, Ye Chen is now a taboo in the Western Regions!

If someone discovers the identity of this black-robed youth, the two of them will definitely fall here.

It's just that the current Ye Chenwei and will become like this?

Is it for fear that people will recognize their identity?

Even disguise is not necessary.

Also, Ye Chen didn't have any cultivation base anymore.

Is there a magic weapon to cover the breath?

No, she vaguely saw Ye Chen's pale face!

This is hurt!

In that case, Ye Chen didn't cover his breath, but really didn't cultivate it!

And the power you just used seems to be related to the physical refining!

What happened!

After the auction, Ye Chen was chased down to where he is now?

"Let's go now."

Liang Xueyue was just about to leave but was grabbed by Ye Chen with one hand.

"Don't worry, solve the people in the City Lord's Mansion, and we will leave."

Liang Xueyue almost spewed out a mouthful of old blood, aren't you trying to hide your identity! Didn't you fail to fix it!

Why did you stay here instead?

Ye Chen wanted to die, but she still wanted to live well.

"Presumptuous, who dares to deceive my City Lord Mansion!"

At this time, there was a violent rage in the void, a middle-aged man, wearing a luxurious robe, fixed his eyes on Ye Chen.

The strength of the Fifth Heaven in the Hedao Realm, even in the middle family, is also the elder of one side, only one grade lower than the elder of the Taishang.

"The city lord is here, this black-robed boy is so fierce."

"No matter how good the black robe kid is, how could he be the opponent of the city lord."

"I guess the city owner can kill the old man in one shot."

...

The onlookers whispered, not afraid of making a big noise, after all, they were just watching the fun.

Liang Xueyue had a desperate look in her eyes. If they ran away just now, they still had a chance, but now...

There is no chance to escape.

He looked at Ye Chen, but found that Ye Chen didn't have the slightest fear on his face.

Instead, he stepped forward and looked straight at the tall city lord!

Then, a cold voice resounded!

"What is the name of a \*\*\*\* in the Five Heavens of Hedao Realm?"

hiss!

Everyone looked at the black-robed youth. Isn't this black-robed youth a fool?

The God Sovereign of the Five Heavens in the Hedao Realm can be regarded as a strong one.

Here in the black robe youth, it turned out to be a rubbish, what an arrogant tone, he could not regard himself as an immortal.

The city lord Xiao Jing in the void flushed, and he was really furious. He had not known how many years he had dared to challenge the majesty of his city lord mansion.

"Ugly, since you want to die, I will fulfill you."

Xiao Jing took out a Hunyuan Immortal Tool, a Fang Tian painted halberd, held it in his hand, and pressed the terrifying breath towards Ye Chen.

This breath was not aimed at everyone present, but everyone felt tight in their chests, and everyone who was pressed could not breathe.

The \*\*\*\* of the Five Heavens in the Hedao Realm, so strong!

Xiao Jing thought that Ye Chen would kneel on the ground and couldn't afford it. Who knew this black robe youth had nothing to do.

You must know that the power on Ye Chen's body is the lingering power of Heaven's destruction!

How could the Yuwei of the Heavenly Dao be crushed by the coercion of a strong man in the Harmony Realm?

It's ridiculous!

"court death!"

Xiao Jing became angry, holding Fang Tian's painting halberd, and instantly rushed to Ye Chen.

At this moment Liang Xueyue closed her eyes, she was already desperate.

"It's a pity that such a sturdy black-robed youth must provoke the city lord."

The onlookers shook their heads, already predicting the scene of Ye Chen's head splitting.

however!

Ye Chen, who was hideous under the black robe, smiled!

He slowly stretched out a finger!

Pointing to Xiao Jing in the void, a little purple light flashed on his finger.

The aura of World Destruction and Heavenly Dao came out frantically.

A ray of purple light blinked and rushed to Xiao Jing's head.

"boom!"

With a muffled sound, Xiao Jing's head split instantly, completely cutting off his breath in the void.

The dignified \*\*\*\* of the five heavens was directly killed by Ye Chen with a single finger!

This is the power of heaven to destroy the world!

Although there are only a few, they are extremely precious!

Even more powerful!

"The young man in black robes should be dead."

Everyone didn't take a close look at the corpse, but within a minute, everyone reacted.

The headless corpse turned out to belong to Xiao Jing, but the black-robed young man had nothing to do with him.

Not to mention the injury, did not even shed a drop of blood.

Liang Xueyue thought that she would die, who knew that after a long time, she found that nothing happened, and then she opened her eyes.

When she opened her eyes, she found that Ye Chen had put away the city lord's Fang Tian painting halberd.

"This...what's the situation?"

At this moment, Liang Xueyue only felt that her brain was not enough.

The powerhouse of the Five Heavens in the Hedao Realm, just died like that?

This is not about entering the Divine Realm and Divine King Realm, but a real powerhouse.

When did Ye Chen's strength change so terrifying!

Isn't he not repairing it?

Isn't he injured?

This... even kills the strong man with only one finger!

Chapter 1677: What is the origin!

Even Xianzun is not so exaggerated.

At this moment, Liang Xueyue's heart really set off a great storm!

"What are you doing, go to the treasure house of the City Lord's Mansion."

There should be many good things in a treasure house of the Five Heavens in the Hedao Realm.

Ye Chen just needed Hedao artifacts, Hunyuan Immortal artifacts, and healing pills to heal his injuries.

When everyone saw the figure of the black robe youth drifting away, they all understood one thing. At this moment, Kunyu City had changed.

At the same time everyone knows that there is a young man in a black robe who can't mess with him! so horrible!

An hour later, Ye Chen came out of the city lord's mansion with a smile on his face. This time he got ten Hedao artifacts, two Hunyuan Immortal artifacts, and all the pills for him to take away.

"Ye Chen, why did you become like this? Are the marks on your face and body intentional or real?"

Liang Xueyue still asked.

"Really." Ye Chen only uttered these two words.

The marks on his body and the scars on his face are a bit strange.

It should be related to the power of heaven.

Removal can definitely be removed.

But it should not be easy.

"Ah? And your cultivation base... You don't have the aura of cultivation base at all, but you can kill the strong of the combined Dao realm in a second... Why?" Liang Xueyue asked curiously.

"This matter is a long story. Now the elder of the lonely family has been seriously injured, are you interested in destroying the lonely family with me?"

The Supreme Elder of the Lonely Family knew about Ji Lin's innate poison, Ye Chen couldn't let him go.

There are no strong people in the Lonely Family Good Fortune Realm at all, and only a group of Hedao Realm remains.

Liang Xueyue glanced at Ye Chen, and if someone else said to destroy the lonely family, she would definitely be despised as a fool, knowing nothing about life and death.

But when Ye Chen said these words, he couldn't help being convinced. Ye Chen was not only crazy, but also constantly creating miracles.

"Ye Chen, what realm of warriors can you fight against now?"

Liang Xueyue did not directly agree, although the Lonely Family had participated in the battle.

If there is a chance, Liang Xueyue will definitely deal a fatal blow to the lonely family, but it does not mean that she will die in vain when she is not sure.

"I was able to kill the peak \*\*\*\* monarch powerhouse in Hedao realm four times in a second!"

With Ye Chen's words, Liang Xueyue took a breath and killed the gods four times.

This is the strongest existence under Xianzun.

If he didn't know Ye Chen's character, he would think he was joking.

"Okay, I'll go with you!"

Liang Xueyue gritted her teeth and nodded in agreement. The Lonely Family is currently absent from the good fortune realm. The two of them may not really have a chance to destroy the Lonely Family.

Even if they can't beat them, as long as they can't get out of good fortune, they have the confidence to escape.

For the hatred of the lonely family, Liang Xueyue is no less than Ye Chen.

"This is half a Thousand Demon Ginseng, which is reserved for you."

Ye Chen took out Thousand Demon Ginseng, placed it in Liang Xueyue's hand, and headed towards the inn.

Liang Xueyue got the Thousand Demon Ginseng and was extremely excited!

With this thing, she can awaken the acquired poison!

Once the poison body becomes full, it means her blood is awakened!

At that time she will never be as embarrassed as she is today!

"Ye Chen, I have inherited this love from Liang Xueyue! When I awaken, the poisonous body will be invincible, no one dares to hurt you!"

Ye Chen smiled helplessly when hearing the acquired poison body, he could only nod his head.

Liang Xueyue saw Ye Chen's appearance, thinking that Ye Chen thought he was talking big, and quickly explained: "Ye Chen, you are not born in Lingwu Continent, so you don't know anything about Lingwu Continent. My father and grandfather back then, After the acquired poisonous body awakens, the power of the entire Lingwu Continent will give way!"

"I dare to assure you that in ten years, there will be a poisonous road, and I am respected by Liang Xueyue! And this status will not be shaken in ten thousand years!"

"In the future, if you report my name, Lingwu Continent can walk sideways!"

At this moment, Liang Xueyue was full of spirits!

She has this confidence!

This is the power of blood in her body!

However, Ye Chen still did not speak, he had already opened the door.

Liang Xueyue was really displeased with her acquired poisonous body being despised, she snorted coldly, and just about to speak, a clear voice came from behind: "Ye Chen, you are finally back. I'm so bored, I can only stay in the house. Cultivation, I feel that my bloodline is a little different..."

As soon as this remark came out, Liang Xueyue's face changed completely!

because!

She found her blood boiling!

This is the fear from blood!

Her acquired poison body is actually terrified!

And this fear comes from behind!

Before she knew it, her clothes were soaked! Even outline a beautiful line!

She turned around hard and saw a little girl!

The little girl was wearing a skirt, she was not too old, and she was even eating a candy in her mouth! Even a little unhappy on the face!

All this seems too ordinary!

However, only Liang Xueyue knew that this girl was not ordinary at all!

This special mother is a congenital poison!

The congenital poison that disappeared in Lingwu Continent for thousands of years!

A hundred times stronger than her acquired poison body!

There are even rumors! Congenital poisonous body is born, Lingwu Continent is destroyed!

It can be seen how fearful the people of Lingwu Continent are of innate poisons!

Liang Xueyue's horrified and surprised pupils suddenly looked at Ye Chen!

She finally understood why she wanted Thousand Demon Ginseng!

Why don't you care about her acquired poison at all!

There is a congenital poisonous body beside this guy, so what did she do with Liang Xueyue!

Damn it!

What the \*\*\*\* did Ye Chen come from!

Didn't you say that you came from the low martial world?

Now people in the low martial arts world are so \*\*\*\* awesome!

Ye Chen naturally saw Liang Xueyue's reaction.

Naturally, ordinary people can't detect Ji Lin's blood, but Liang Xueyue can.

After all, they are all poisons.

Even if Ji Lin did not release the power of the bloodline, the sense of suppression between the poisonous bodies would still exist.

"This is a secret, understand?" Ye Chen blinked at Liang Xueyue.

He naturally believed that Liang Xueyue would not reveal Ji Lin's secret.

Liang Xueyue swallowed, forcibly suppressing the shock in her heart, glanced at Ji Lin, and finally nodded.

This secret is too big.

She did not dare to reveal a half point.

"Well, in that case, you take a break, and we should get on the road."

"The Dugu Family will live an extra day, and we will feel uneasy."

...

This time, Ye Chen not only wants to destroy the lonely family the people who chased him back then have to pay the price.

Along the way, the three Ye Chen rushed non-stop to the city of the lonely family.

Because Ye Chen's appearance had changed, no one on the street knew Ye Chen at this moment.

If you know that the black robe youth on the street is Ye Chen, I am afraid that many people want his life.

"Let's find an inn to stay in, and move tonight."

Although Ye Chen has the ability to kill the gods in a flash, he must be prepared to face many martial artists in the combined Dao state.

The injuries in his body require a lot of healing pills. Of course, he can make alchemy, but it won't help if there is no medicine.

Simply go to some sects to get it.

Rather than take it, use grabbing to be more considerate.

Chapter 1678: The culprit!

As night fell, Ye Chen and Liang Xueyue walked out of the inn, while Jilin stayed in the inn.

"Let's go to Ling Tianzong first!"

Back then, there was Ling Tianzong in the Western Regions hunting forces.

The Sect Master of Ling Tianzong, whose strength reached the triple heaven of Hedao Realm, was more than enough for Ye Chen and Liang Xueyue to deal with.

Two people sneaked into the Lingtian Sect and found that the Sect disciple didn't even have a Divine King Realm.

"Ye Chen, how did you do it in the first place, slaughter all the Divine King Realm."

Liang Xueyue glanced at Ye Chen weirdly.

About the rumor of the Western Regions, almost the entire continent knows that Ye Chen slaughtered a million warriors in the Western Regions, and was known as the King of Blood Slaughter.

Millions of warriors would kill if they wanted to kill, only Ye Chen was the only one.

Ye Chen gave Liang Xueyue a roll of eyes, but didn't say much.

The more you describe this matter, the darker it gets.

Liang Xueyue radiated toxins as she walked, and when it broke out in an instant, none of these disciples might be alive.

Two people walked into the palace of the overlord and found that the lights were brightly lit, and strange sounds came from the palace.

Liang Xueyue was a little curious, glanced at the crack of the door, and instantly blushed.

Ye Chen smiled, knowing it would be the result a long time ago, and kicked the door open.

boom!

When he stepped down, the door of the room was torn apart. As soon as Ye Chen entered, he saw the Sect Master of Heaven Spirit Sect and several women.

The woman was so scared that she yelled, but Ye Chen slapped her and stunned.

"You... who are you two? What do you want to do."

"What do you do? Naturally the one who will kill you."

As soon as Liang Xueyue's voice fell, a black rose in her hand was enchanting but deadly.

The rose fell on the body of the Heavenly Spirit Sect Master, bursting out black powder.

In the blink of an eye, the Tianlingzong roared in pain, and the body was scattered with pitch black patterns.

Ye Chen was slightly shocked at the side, and the poisonous skill was indeed powerful. For a moment, a powerful person in the Dao Stage didn't even have the opportunity to resist.

Liang Xueyue and two of them took away a lot of pills from the Sky Spirit Sect and drew away.

In the early morning of the next day, the news that the Tianling Sect was destroyed overnight spread to everyone's ears.

However, this was not the most shocking. For five consecutive days, the sect was destroyed every night.

Some small sects opened the guardian formation, hiding in the sects shivering, for fear that death would fall on them.

The lonely family was furious and wanted to thoroughly investigate the murderer. These sects were all under their lonely family.

Losing a sect is a loss for their lonely family.

The lonely family went crazy to track down the murderer, but there was no clue.

Every sect was annihilated by the whole army, and I couldn't find anyone who wanted to find it.

In the lonely family, the elder Taishang sat on the chair, but his face was slightly pale.

"You trash, lonely family, what use do you want!"

The elder Taishang was on the main hall, shouting loudly, everyone in the lonely family bowed their heads and dare not say a word.

Since Tai Shang failed to chase Ye Chen, he returned to the family, his cultivation level plummeted, and his temper was dying.

As long as they commit a small thing, they must swear. If they are not in the same way, they will have already let the elder Taishang slap to death.

"Check it out for me as soon as possible. It must be as soon as possible."

The elder Taishang left angrily, don't know why, he has always had a bad thing about to happen these two days.

Let his mood, inexplicably irritable.

...

"Ye Chen, are you sure that we will fight it up tomorrow?"

Inside the inn, Liang Xueyue looked at Ye Chen questioningly.

She originally thought that Ye Chen wanted to destroy the lonely family and would do it secretly, and no matter how bad it was, Ye Chen only told her to fight openly.

"Don't worry, I won't do things that are uncertain."

Liang Xueyue glanced at Ye Chen contemptuously. Although she wanted to believe it, she still felt unrealistic in her heart.

If Ye Chen is reliable, I am afraid that there is no one in the whole world who is unreliable.

There was no words for a night. Early the next morning, Ye Chen and Liang Xueyue wearing masks stood at the door of the lonely family.

The autumn wind is bleak, making the two figures look lonely and lonely.

Seeing Ye Chen and Liang Xueyue, the gatekeeper of the Dugu family naturally did not recognize them.

But they keenly felt something was wrong.

A gatekeeper headed even more scolded at Ye Chen: "A person is not a ghost or a ghost, what do you do with a black robe! Do you know where you are stepping on now!"

"Give you two choices, go away! Or die!"

"Your existence has tarnished my Dugu family!"

Ye Chen sneered, what kind of family, what kind of dog!

He waved it casually!

The power of the physical body has completely exploded!

"Snapped!"

After this slap, the gatekeeper's entire body was torn apart, and blood splashed on the door.

Ye Chen glanced at Liang Xueyue, and saw that she took out a Hunyuan Immortal Tool and slashed it on the door of the Lonely Family.

"Crack!"

The door banged and shattered, and the warrior who had passed by saw the scene in front of him, and was frightened to leave.

A young man in black robes and a young woman dared to do something against the lonely family, where are they fools.

It's just that the news that someone had done something to the Lonely Family was spread, and some warriors with good strength came to see the excitement.

"Who, dare to be presumptuous in our lonely house!"

At this time in the lonely family, ten warriors from the Primordial Realm stood up and saw a black robe youth and a young woman. The brows of the whole person frowned, and there was even more anger in his heart.

Is this bullying his lonely family? A young man in a black robe who didn't have the slightest level of cultivation dared to act on their lonely family.

"The \*\*\*\* of the Hunyuan realm, Ye Gan is presumptuous in front of me!"

"Have you forgotten the nightmare of the last few days?"

Ye Chen squinted his eyes and smiled coldly, the strength of refining body burst out, and the endless waves of Qi shook towards the warriors of the Hunyuan realm.

"Fuck!"

With a clear sound surging, these Hunyuan realms did not even have the opportunity to resist.

"Be brave in front of me, get out!"

Ye Chen scolded angrily, the ten Hunyuan Realm martial artists who were suspended in the air had no chance to stand.

At the moment these Hunyuan realm martial artists fell, Ye Chen patted it with one hand and directly suppressed it mercilessly.

"Puff!"

Ten martial artists of the Mixed Origin Realm, beheaded instantly!

"presumptuous!"

In the lonely home, a series of tyrannical auras are constantly pouring out.

A strong person in the Harmony Realm, has appeared!

Even high in the sky, five powerful men in the Quadruple Heavens of the Combination Realm are holding Combination artifacts.

The condensed breath of the five people in the Dao realm is daunting.

"Is there no one in the lonely family? There are only five Harmony Stages left?"

Ye Chen sneered in the face of the five powerful people in the Affinity Realm. The hatred between him and the lonely family was endless.

"The young man in black robes, you are just a body refiner. No matter how tough your body is, you are not our opponent. As long as you kneel down and kowtow ten times, you will be a servant of my lonely family for thousands of years, and you can spare you. I advise you not to know what is good or bad."

Now the strength of the Lonely Family has dropped drastically, otherwise they wouldn't want to let Ye Chen serve as a servant, and would slap to death long ago.

"Hahaha, it's not that I said, the lonely family, everyone here is spicy chicken!"

"Your lonely family is too elder, you can't even catch a god-king Ye Chen, and you are seriously injured!"

Ye Chen's voice fell off. The warrior who watched the show, for a while, the elder of the lonely family was seriously injured. Is it true?

"Fart! Ugly, you are talking nonsense here and die to me!"

A powerful person in the Harmony Realm suddenly became furious, and the Supreme Elder was seriously injured. This is an unclassified legend!

How does a black robe youth know?

The powerful person in the Hedao realm slapped him down, but at this moment a puppet suddenly appeared and blocked him!

"This is the Heavenly Spirit God Sovereign?"

The Tianling Sect was completely destroyed, but at this moment the master of a sect was refined into a puppet, how sad.

"You are the culprit!"

At this time, the four gods understood that the person in front of him was the murderer who destroyed the sect in the past two days.

The key is no cultivation base, just relying on body refining, killing so many powerful people? ? ?

Chapter 1679: who are you!

"Yes, it's me, what can you do with me?"

Ye Chen sneered, and at this moment, with a wave of his hand, six puppets of the Harmony Dao Stage appeared in front of everyone.

These six puppets were just in this period of time, destroying the sect master.

Extreme God!

Heavenly Dragon God!

God of war!

These are all well-known experts in the Harmony Realm, and they are the main force in chasing and killing Ye Chen!

During this period of time, Ye Chen even heard that in order to please the Dugu Family, and to get the reward, these gods killed all those who were about the same age and appearance as Ye Chen!

I would rather kill 10,000 by mistake than let one go!

A corpse was placed in the Dugu family!

Shocked the entire Sky Sword City!

However, no one would have imagined that these people would experience this!

Now they are all made into puppets by one person.

"Today is the time when the Dugu family is destroyed!"

Ye Chen sketched a sneer at the corner of his mouth, thinking that the Dugu family had chased him madly. If it were not for the elder of the Dugu family, he would not have become like this.

However, he would like to thank the Supreme Elder of the Dugu Family.

If there is no Elder Dugu Taishang who rescued Ji Lin's formation, he would really not be able to resist it!

But even so, in his eyes, there is no need for the Dugu Family to exist.

Lingwu Continent is cruel, and all threats must be suppressed in the cradle.

You are kind to the enemy and cruel to yourself and the people around you!

"Not ashamed!"

At this moment, a figure walked out of the sky. It was the great elder of the Dugu family, Dugu Rong, who possessed the power of the Eight Heavens in the Hedao Realm, and was the first person under the Supreme Elder.

The Eight Heavens in the Hedao Realm, the terrifying aura, directly crushed Ye Chen's six puppets.

A \*\*\*\* of the Eighth Heaven in the Hedao Realm could kill these six puppets in seconds.

At this moment, Liang Xueyue was a little flustered and glanced at Ye Chen subconsciously.

"Hedao Realm Eighth Heaven, that's nothing more!"

There was a wicked smile at the corner of Ye Chen's mouth, now he is qualified to be arrogant.

His body contains the power of heaven!

Although it's just a remnant of heaven!

But it is not an existence that ordinary warriors can contend!

"court death!"

Dugurong roared, then raised his arm, slapped it down, and suddenly a frightening aura descended in front of Ye Chen.

When the slap was about to fall, Ye Chen raised his finger, and one finger asked the sky, emitting a purple light.

The power of heaven and earth!

start!

The aura of destruction made everyone feel as if they had fallen into the ice cave and stood in the air, even if they didn't even dare to move.

Even some weak people of the Dugu family couldn't bear this kind of power, so they knelt down!

The knees were crushed by force!

Dugurong's face changed drastically in an instant. This deadly breath made his mind tremble constantly.

too frightening!

Unmatched!

Dugurong folded his hands on his chest and muttered in his mouth, only to see a golden light radiating from his whole body.

However, the threatening aura did not make him feel any decline, but as Ye Chen continued to condense, it made him more and more frightened.

boom!

The purple light suddenly rushed towards Dugurong. At this moment, there was no time to hesitate. With a hideous look on Dugurong's face, he suddenly grabbed an elder and placed it in front of him!

"Ah! Great Elder, don't!"

When he said this sentence, suddenly his entire chest burst, a mouthful of blood spurted out, and suddenly he lost his breath.

Kill Hedao Realm in one hit!

However, all of this is not over yet, the great elder backed frantically, and Ziguang landed on his arm.

Click.

The entire arm was crushed directly, and the aura of destruction melted into the flesh and blood of Dugurong, continuously destroying his body.

Dugurong took out the Hedao artifact and chopped off the meat on his arm.

"what!"

The painful roar made him collapse, if he hesitated a little bit earlier.

The power of destruction would enter his body and directly shatter the organs in his body.

"What kind of power is this! Isn't this little beast without cultivation base?"

"What exactly is this power! It's too scary!"

"Does this black robe boy come from a top-tier family? The Shenlong family? The Holy Dragon family? Or is it something higher?"

At this moment, Dugurong's forehead was covered with cold sweat, and the entire arm was scrapped, and there was no chance of growing out in the future.

At this moment, he looked at the black robe boy and only felt like a devil.

This mysterious power can completely kill top gods in seconds.

"Now do you think you are qualified to be presumptuous in front of me?"

Hearing Ye Chen's words, Dugurong remained silent, only feeling the fiery pain on his face.

Ye Chen took out six more puppets, and rushed directly to the strong man in the Dugu family's Dao realm.

Liang Xueyue did not hesitate to rush over, seeing Ye Chen's methods, and completely relieved.

In the past two days, Ye Chen has a lot of He Dao artifacts and Hunyuan Immortal tools. Although he can't kill the powerhouse of He Dao Stage Eight Heavens, it can also hurt the opponent.

As for Dugurong, today he is going to kill with his own hands.

"Little bastard, die!"

Seeing Ye Chen's methods, where would Dugurong give Ye Chen a chance to gather mysterious light?

Dugurong rushed towards Ye Chen frantically, bursting with a breath.

"Bahuang Slash!"

Dugurong roared in the air, clenching the Hedao artifact in his hand, and slashed it out.

Although the sharp blade hasn't arrived yet, the blade intent is pouring out, cutting everything.

There were even cracks around!

"Old dog, if you dare to come over today, you must pay a \*\*\*\* price."

Ye Chen was not afraid of danger, without the slightest movement in his hands.

Dugurong didn't feel the aura of destruction and destruction, and was not afraid at all.

Although the black-robed youth in front of him was a bit wicked, he was just a mortal.

When Ye Chen saw Dugurong walked into the attack range, a wicked smile appeared at the corner of his mouth. What he was waiting for was now.

At this moment, Ye Chen took out all the Hedao artifacts and Hunyuan Immortal artifacts.

Dugurong frowned, and a bad premonition surged in his heart.

He wanted to take two steps back, but it was too late.

"A thousand soldiers exploded!"

Ye Chen whispered to the corner of his mouth In an instant, all Hedao artifacts and Hunyuan artifacts suddenly exploded.

boom!

With a terrifying explosion, a black mushroom cloud burst out of the void.

All Hedao artifacts and Hunyuan Immortal artifacts explode, which is more terrifying than the damage of an atomic bomb.

"what!"

Dugurong rushed out from the explosion range, covered in blood, with a miserable look.

"who are you!"

Dugurong stared at the young man in front of him, and he could use the Hedao Divine Tool and Hunyuan Immortal Tool to explode. He only knew that Ye Chen could use these things.

"Want to know who I am? Before you die, fulfill your wish."

As soon as Ye Chen's voice fell, he stepped out. He who was a mortal at this moment has completely changed at this moment!

Chapter 1680: Life is better than death!

The power in Ye Chen's body surged crazily. He, who was a mortal, stepped directly into the emperor realm, but this moment was not over yet.

The emperor's realm has one and nine layers of heaven, enters the first and nine layers of heaven in the divine realm, and then directly steps into the eighth layer of God's realm before stopping.

Behind Ye Chen, there are six kingships of the gods of killing, king of destruction, king of immortality, king of nirvana, king of life, king of years.

The God of Time, Ye Chen realized that during this time, destruction was rebirth, continuous reincarnation.

The years are not the same, a child lands on the earth and is destroyed at the moment of death.

On Ye Chen's skin, the hideous wounds slowly merged.

The lightning tattoo on his face slowly sinks into the skin.

Restore as before.

The punishment given to him by God is not permanent!

When he comprehended the Kingship of the Years and Moon God, he completely disappeared!

If Ye Chen can't comprehend the kingly way of the Years and Moon God, then it will be so forever!

However, Ye Chen holds so many kingly ways! His understanding of the Kingship of God far exceeds that of anyone in Lingwu Continent!

...

At this time, everyone could see Ye Chen's face clearly.

An extreme fear shrouded everyone's hearts!

"You are Ye Chen, the God King of Blood Slaughter!"

The warriors of the entire Western Regions did not expect that the ugly monster in front of them turned out to be Ye Chen.

"Ye Chen, you dare to show up! Massacre our millions of warriors in the Western Regions."

With a word from Dugu Rong, the warriors of the Western Regions and Ye Chen stood on the opposite side.

"Have I slaughtered millions? I'm afraid your Dugu family knows best. Don't you think it's ridiculous to call thieves to catch thieves in front of me?"

This kind of thing is well known to the Dugu family, but it cannot be admitted to death, otherwise the entire Dugu family will be completely destroyed.

"court death!"

Dugurong didn't believe that Ye Chen had other methods, even if Ye Chen had more methods, they were nothing but ants of the Divine King Realm.

Although he was seriously injured now, he was still able to deal with a warrior in the Divine King Realm.

"The years go by!"

When Dugurong rushed over, Ye Chen pointed out that this finger did not have the power to destroy the world, but had a sense of sight that the years melted away.

A ray of light melted into Dugurong's body.

Originally, Dugurong still had something to guard against, but he felt that he hadn't suffered any harm, so he immediately felt relieved.

But he didn't see that his fingers, cheeks and body were aging step by step.

Ye Chen took out a Hunyuan Immortal Tool and held it in his hand, slashing it directly at Dugurong.

Dugu Rong sneered sneer, the power of the Divine King Realm, he didn't pay attention to it at all.

He was just about to lift the knife, only to find that there was no strength in his hand.

At this time, he looked at his fingers and found that the dry fingers did not have any blood.

It seemed like an old man about to be late.

"No...no, how could this be."

Dugurong touched his cheek with his hand, only to find that the wrinkles on the cheek were one after another.

"What kind of magic do you use?"

At this moment, Dugu Rong was completely panicked. This kind of aging gradually became a twilight old man.

It is impossible for a strong man like him to accept it.

Looking at his body inwardly, Dugurong discovered an unnamed force that made him age and erode his life.

"How can you understand the power of years?"

The years that Ye Chen comprehends are endless, it can be said that he has no power, or it can be said that he has terrifying combat power.

The main reason that Dugurong, a powerful person in the Eighth Layer of the Dao Realm, was able to become like this, was to underestimate Ye Chen.

If Dugurong could pay attention to Ye Chen's use of the years, it would not be what it is now.

You can even kill Ye Chen first!

So this technique can only be unexpected!

It is useless at all if you face a strong immortal or a cautious god!

"What about the Divine King Realm, now I can kill you at will."

As soon as Ye Chen's voice fell, his legs jumped directly with the help of the ground.

When he jumped, Ye Chen clenched his fist with his five fingers, and the power in his body rushed into the fist crazily along the meridians.

Ye Chen hit Dugurong's cheek with a fist.

"boom!"

With a fist, he directly dented Du Gurong's right cheek.

Boom boom boom!

Ye Chen madly beat Dugurong, punch after punch, the other party screamed constantly in the air.

The people who were observing in secret, the corners of their mouths twitched slightly. A martial artist in the Divine King Realm, who beat a strong person in the Eighth Heaven Realm, was almost living and unable to take care of himself.

This is a beast!

"Ah, don't fight anymore, don't fight again, the elder too, hurry up and save me."

Ye Chen hit Dugurong's bones with every fist, but it wouldn't kill him.

Every fist went down, making him unhappy.

At this moment, Dugurong felt extremely regretful in his heart. If he had paid attention to it just now, he would not have become like this now.

He knew in his heart that his lifespan was not much longer, and the power of years was consuming his life crazily in his body.

There are only ten days left in his lifespan, and he is still consuming it.

Even if Ye Chen stopped working on him, I am afraid that it would not take a day for Dugurong to completely dissipate in the world.

Unless Dugurong can come up with medicinal materials that prolong life, it is a drop in the bucket.

"Ye Chen, you are too presumptuous!"

At this moment, there was a roar in the void.

Ye Chen grabbed Dugurong's neck and looked up at the sky.

"Dugu proud, how come out of the turtle shell?"

The person here is the Supreme Elder, who is currently the strongest combat power of the Dugu Family.

He didn't die!

It seems that that day did not completely abolish the Dugu Family Supreme Elder!

This also shows how terrifying the Dugu Family's background is!

Duguao didn't speak, and slapped Ye Chen's puppet, which was suddenly shattered.

Liang Xueyue retreated from the void. Although she was in the fifth heaven of the Dao Realm, she was not enough to look at Dugu and Pride.

Two powerful men from the Dugu family fell to the dead. If it weren't for Dugu, it wouldn't be long before the entire army was wiped out.

Ye Chen controlled the puppet to rush towards Duguao, and exploded beside Duguao.

Duguao took two steps back, his whole body was not injured, but his head was gray.

Ye Chen had never thought of using a puppet to destroy Duguao, such a strong person, even if a hundred martial artists in the realm of harmony, is not his opponent.

"Let go of Dugu Rong, what I can do today has never happened."

Now Duguao felt a little dazed in his heart when seeing Ye Chen.

Since Ye Chen appeared in his vision, there hasn't been a good thing.

Dugurong sighed when he heard that the elder Taishang was willing to save him.

Then, he looked at Ye Chen and said coldly: "Ye Chen, if you don't let me go, I swear, you will endure endless pain! Life is better than death!"
