Chapter 1681: The nightmare of the Dugu family!

Ye Chen shook his head helplessly: "The only one who can threaten me Ye Chen is the dead!"

"How are you, the elder, too! Today! I, Ye Chen, erased the Dugu Family from Lingwu Continent!"

In the next second, Ye Chen did not hesitate! Directly squeezed Dugurong's neck.

The lone loneliness of the Eighth Heaven in the Hedao Realm, death!

The death of Dugurong also represents Ye Chen's attitude, and the endless dying of the Dugu family!

"Ah! Little bastard!"

Taishang Elder Dugu proudly attacked his heart, if it hadn't taken into account the purple light in Ye Chen's hand, he would have shot it.

He had been hiding in the dark just now, and the purple light made him feel the threat of death.

So he didn't dare to make a move, afraid of being killed by Ye Chen directly.

He didn't understand where Ye Chen had the means.

It's daunting!

"Ye Chen, you really think that your trump card can destroy the Dugu Family. The background of my Dugu Family is beyond your imagination."

In the past two days, Dugu proudly feels restless, just in case, I contacted my old friends years ago.

The old friend was on his way, and he didn't believe that Ye Chen's methods could threaten the realm of good fortune.

"The forces hidden in the dark, listen, don't forget, how many people Ye Chen killed in your sect, don't you plan to take revenge."

At this moment, Duguao wanted to kill someone with a knife!

Although he himself did not dare to make a move, he could let others do it.

He didn't believe that Ye Chen's hole cards could be used countless times, and there was always time to exhaustion.

At this time, a group of people walked out of the dark, and these people, without exception, were all martial artists in the realm of harmony.

Ye Chen frowned. He naturally knew the matter of the Primordial Mountain, that he did not massacre a million at all.

"Today, I only act on the Dugu Family. If you block it, as long as I don't die today, you can imagine the consequences."

In a word, Ye Chen stopped the people who wanted to make a move. Now who dares to regard Ye Chen as a \*\*\*\* king?

In case Ye Chen runs away, can their sect resist Ye Chen's revenge.

"Dugu proud, your strength, to kill Ye Chen alone, naturally there is no problem, we will put you on the sidelines!"

"Yes, yes, with the means of the Dugu Family Supreme Elder, it is natural to deal with a Ye Chen."

A group of people talked and talked, but the general idea, it goes without saying, is to let Du Guao take a shot.

If Dugu Ao can destroy Ye Chen, everyone will be happy, if not, they will not offend Ye Chen.

After all, Ye Chen standing there was a threat.

The corners of Duguao's mouth twitched fiercely. He naturally knew what calculations these old foxes were doing one by one, but if he wanted to make a move, he was afraid that Ye Chen would directly kill him with a single finger.

He hasn't figured out what martial arts in the world, one finger can completely surpass all power.

Even, the power of Ye Chen's finger just now seemed a bit similar to the Thunder of Heaven in the Sun Formation!

"Dugu old dog, die for me!"

Ye Chen dare not waste time! He stretched out a finger, directed at the loneliness, the aura of destruction and terror, suddenly burst out in the surrounding air.

hiss!

Everyone took three steps back and stayed away from Ye Chen, even if it wasn't to attack them, but it was also heart palpitating!

Duguao's expression changed drastically, and Ye Chen didn't expect Ye Chen to do it.

The extreme sense of crisis made Duguao's whole body full of strength.

"Ye Chen, first stop and have something to say!"

Duguao hurriedly shouted, but Ye Chen didn't kill him at all. The hatred between him and the Dugu family must be baptized with blood.

boom!

The purple light fell in an instant, Duguao looked grim, took out the Hunyuan fairy tool, and cut it out with a single sword!

After doing all of this, Duguao didn't end there, grabbing the last two of the Dugu family, and throwing them out.

The two Hedao Realm elders did not expect that they would directly let their family elders abandon them.

Have to say, extremely sad!

At the moment when Ziguang and Jianmang collided with each other, Jianmang shattered directly, and the two combined realms used their bodies to resist part of the purple light's damage, suddenly split in half!

Duguao threw out the Hunyuan Immortal Tool in his hand, but he was still a little worried, took out the Hedao artifact, and threw it out together.

"Bang! Bang! Bang!"

There was a muffled sound in the void, but the aftermath of purple light hit Dugu proud.

Dugu proud of the whole person's body, directly flying out, a mouthful of blood gushing out.

Seeing this scene, everyone took a breath, the power is terrible.

Duguo is the top powerhouse of the Dugu family. If they were replaced by them, they would die in the sixth heaven and seventh heaven in the same Dao realm.

Dugu proudly stood up hard, his entire face was too collapsed, the injuries he recovered in the past two days have completely turned into nothingness.

"You people, do you still want to watch a good show here?"

Dugu proudly looked at everyone with difficulty!

He hopes this group of people can take action!

However, no one shot!

Because Ye Chen pointed at everyone, when everyone saw this scene, they hurriedly avoided.

No one dares to bet whether Ye Chen can play a terrifying force.

Now, no matter what level of powerhouse he is, he is afraid of Ye Chen's finger!

One finger shocked everyone!

If it is spread out, a finger of the \*\*\*\* king realm can shock so many warriors!

I'm afraid no one will believe it!

"If you don't leave, you will all stay here."

When everyone heard Ye Chen's words, they said goodbye and hurriedly left. They stayed there to ensure that Ye Chen would kill.

Ye Chen didn't do this kind of mass murder once or twice.

The entire sect of the Western Regions dare to kill!

Could it be that a few of them will be missed!

Everyone didn't have the guts to stay on, everyone was afraid of death, there was no need to confess their lives here just to watch the fun.

The crowd dispersed in a rush, and on the side of the Dugu family, only Duguao was left.

At this moment, there is no way to describe the hatred and suffocation in Duguao's heart.

If the powerhouse of their family did not go to the Demon Realm, where would a Divine King Realm ant be presumptuous here.

"Ye Chen, I am willing to hand over all the property of the Dugu Family, how about you spare my life."

Duguao's original injury was not healed, and if Ziguang came once, he would not survive.

He can only seek to live!

Just stay alive, and then go to the Demon Realm to inform those strong in the Dugu Family!

Ye Chen is still going to die!

"Do you think it is possible?"

Ye Chen gave a sneer at the corner of his mouth. At the beginning, Dugu proud, chasing him in the primitive mountains, almost let Ji Lin not survive the thunderstorm.

These things are enough to make Dugu proud to die a hundred times!

"Dugu old dog, when you die, I will show you what pain is."

As soon as Ye Chen's voice fell, he took a look at Liang Xueyue.

At this moment Liang Xueyue nodded slightly.

When Liang Xueyue was fighting, he had secretly arranged poison in the entire Dugu family.

At this time, the Dugu family continued to scream, and the disciples of the Dugu family were rotten.

There is no perfect place on the whole body. The flesh and blood are falling continuously, and they can't control it at all.

Chapter 1682: Blood Demon Flower

"Ah, what's the matter? Why do my flesh and blood fall like crazy."

"Elder, hurry up and save us, I don't want to die yet."

"Ah! It hurts!"

Below, the screams continued, and the entire Dugu family seemed to be a \*\*\*\* on earth.

The \*\*\*\* breath floated in the air, and disciples continued to die, like a plague.

Tens of thousands of disciples of the Dugu family instantly turned into nothingness.

This is the horror of the acquired Poison Body, and why, back then, countless forces wanted to kill Liang Xueyue's grandfather.

Some disciples wanted to resist, but this was a toxin arranged by a powerful person in the Combination Dao realm, could these Divine King Realm and Hunyuan Realm be able to resist?

They regret it!

They even showed up in their minds the hideous smiling faces they used to!

Relying on their connection with the Dugu family, they don't know how many women from good families have been captured! I don't know how many innocent people were killed!

And today, is it the retribution in the legend!

"Ah! You little beast!"

These warriors entering the gods, although the elders do not care, but the gods and the Hunyuan realm, these warriors are they consume countless resources.

But now all of this has been abandoned, completely turned into nothingness.

Even if Ye Chen could be killed, but the Dugu Family was completely finished.

The prosperity of a family, in addition to the top strong, the most important thing is a steady stream of talented disciples.

These disciples can guarantee that there will be no faults in a family.

The blood-red eyes of the Supreme Elder wanted to kill Ye Chen, but he didn't dare!

Although he is angry, he also knows himself.

"The years go by!"

Ye Chen stretched out his finger and pointed at Dugu Hou, now Dugu Hou's combat power can't resist the strength of the years.

No matter your side is strong, if you are injured, you will not be the opponent of the years after all.

The power of the years rushed towards Dugu proud!

At this moment, alone, arrogant and arrogant, he closed his eyes in despair.

"The ants of the Little Divine King Realm think they have some ability, so they can show off their power?"

Originally desperate, the lonely arrogant, hearing the source of the sound, opened his eyes in a flash, replaced by ecstasy.

At this moment, his friend finally came!

"Ye Chen, you little bastard, do you think that only you have a second hand?"

Dugu proudly stood up slowly and glanced at the people in the void.

At this moment, Ye Chen frowned and found an old man in the void, wearing a black robe, holding a spear in his hand.

There is a scar on the old man's face, slightly hideous!

A good fortune realm, a powerhouse at the immortal sovereign level!

Although the old man did not exude power, he glanced at Ye Chen.

Ye Chen only felt that the whole person stepped into the abyss.

Even the top gods can't give Ye Chen this feeling, only Xianzun can!

"Spear and Fire Immortal Venerable, if you don't come again, I'm afraid the old man will die!"

Dugu proudly came to the front of Gunfire Immortal Venerable.

At the beginning, Gunfire Immortal Venerable hadn't reached the realm of good fortune, so Duguao made friends with him.

Although Qianghuo Xianzun is a casual cultivator, no one dares to underestimate his strength.

"Ye Chen, you little \*\*\*\* didn't expect that there will be a strong immortal, today I will let you die."

Although Duguao was injured, he roared ferociously and vented his inner anger.

Only by letting Ye Chen die can he feel at ease.

"Ye Chen? I recently fell out of the entire Western Regions. I really thought that no one could deal with you. I would give you a chance. Let's talk, how do you want to die?"

One sentence directly broke Ye Chen's life and death!

Arrogant and domineering, he didn't put Ye Chen in his eyes at all! !

Gunfire Immortal Venerable has enough arrogant capital. As a generation of Immortal Venerable, how could he put a god-king ant in his eyes?

"Ye Chen, what should I do now?"

Liang Xueyue glanced at Ye Chen worriedly, let alone the two of them, even if there were ten more, they would not be an opponent of Xianzun.

Good Fortune Realm Immortal Venerable, one person can kill hundreds of top Hedao Realm gods!

Although the gunfire immortal venerable, it is only a great world of good fortune, but that is also immortal venerable!

"war!"

Ye Chen only said one word, representing his will!

He still has two world-destroying powers in his hand. Although he can't kill the spear and fire Immortal Venerable, it can also hurt him.

Cooperating with him and Liang Xueyue's poison, it is not that there is no chance to kill the Gunfire Immortal Venerable!

"The power of the ants, dare to shout!"

I saw the Gunfire Immortal Venerable casually, an aurora, lightning-like speed, descended on Ye Chen's arm!

"boom!"

Ye Chen's arm was directly pierced through a hole, the speed just now was too fast.

He was just about to escape, but it was too late.

hiss!

Ye Chen held his arm with his fingers, enduring the severe pain, a blood hole appeared in the whole arm, and blood flowed out like money.

Duguo saw Ye Chen's injury from the side and laughed wildly, only feeling extremely happy in his heart.

What about Ye Chen's arrogance and arrogance, like an ant, was stepped on by the gunfire fairy!

"Aren't you very good? I see how you can destroy me, how can you destroy my lonely family, hahaha!"

Duguo had an arrogant face, and didn't even think about being beaten to death by Ye Chen.

"I am the sky, you are an ant, looking up to the existence."

From beginning to end, Gunfire Immortal Venerable didn't even look at Ye Chen.

Even if you kill Ye Chen, you are damned!

Only the strong are qualified to make rules, and the weak can only accept the rules.

"Want me to die? To be honest, you are not worthy!"

Ye Chen stood in the air, looking directly at Gunfire Immortal Venerable, and directly stretched out a finger.

The aura of extinction spread in an instant.

At this moment, Qianghuo Xianzun frowned, and he felt a slight threat with this finger. Although not fatal, he was Xianzun.

A Xianzun felt a threat from a warrior in the Divine King Realm, which was impossible before!

"How about you being the Immortal Venerable? Today I slaughtered you the Immortal Venerable!"

The purple light burst out with bright light, and rushed to the past instantly.

"Liang Xueyue, don't do it now, when will you wait?"

Liang Xueyue heard Ye Chen's cry and hurriedly nodded, and rushed directly to the void, only to see that she took out a small jet black bottle.

A blood-red, enchanting rose flew out of the small bottle.

When it was taken out, Liang Xueyue's face was painful, it was the blood demon poison flower.

In the entire continent, it was even more difficult to find a blood demon poisonous flower.

This blood demon poison flower was only obtained by her chance.

The blood demon poison flower rushed into the air, and at this moment turned into a enchanting woman, her delicate hands were slightly lighter.

The terrifying poison gas spread instantly, and the blood-red poison gas continued to fly towards the gunfire fairy.

Ye Chen didn't hesitate, the power of destroying the world condensed again and burst out.

The expression of Qianghuo Xianzun's whole person changed slightly, one hand stretched out directly, and a fire lotus was condensed in the palm of his hand.

The moment the fire lotus appeared, the whole surrounding reached a terrifying temperature.

Chapter 1683: An extremely shocking scene!

"go with!"

Gun Huo Xianzun let out a low roar, and the fire lotus flew out from his palm.

Fire lotus changes from one flower to three in the air instantly!

"boom!"

The power of destroying the world directly smashed a fire lotus and rushed to the body of the gunfire immortal.

Gunfire Immortal Venerable raised his brow, and the flame spear in his hand was pierced with a single shot!

"boom!"

Gunfire Immortal Venerable held a blazing gun, and his whole body flew upside down, spouting blood.

All this is just a matter of blinking an eye.

Gunfire Immortal Venerable glanced at his chest, purple light flashing on it, constantly devouring his power.

"It's interesting, but it's a bit close to killing me."

Gunfire Immortal Venerable sneered. This kind of power can kill the top Hedao God Sovereign in a flash, but it only hurts Good Fortune Realm a little.

Ye Chen didn't say a word, he didn't intend to use the power of destroying the world to destroy the gunfire immortal.

But found that facing these strong people, you can hurt!

But not fatal!

Or his cultivation base is too low!

If you sue some, maybe you can shake it!

"Master, give me power!"

The realm of the Eighth Heaven of God King Realm is still too weak, he now does not rely on the reincarnation cemetery, and can destroy the Hedao Realm 2nd Heaven Warrior alone.

At this moment, Ye Chen's momentum continued to rise, breaking through directly from the Divine King Realm! A short boost!

Even in the Hedao Realm!

"How about using the secret technique to break into the Hedao Realm? There are ants under the Immortal Venerable."

Gunfire Immortal Venerable no longer hesitated, the power in his body was concentrated on the tip of the gun, and the actual killing intent formed a violent wind.

Seeing Gunfire Immortal Venerable rushing over, Ye Chen took out a Hunyuan Immortal Tool and clenched his hand.

In the days when he lost his cultivation base, he kept studying the power of destroying the world, and comprehending the law of time from the power of destroying the world.

"This sword, I use the law of time to comprehend the years, so let's call it the killing sword of years!"

Ye Chen murmured at the corner of his mouth, raised the Hunyuan Immortal Tool in his hand, and the sword intent filled the sword.

Shocked!

The speed of a sword light was not fast but extremely slow, but at this moment, the speed of the gunfire immortal also dropped suddenly.

The law of time can not only affect speed, but also time.

Time freezes at this moment!

Ye Chen's years of killing the sword suddenly speeded up, and a sword slashed towards the throat of the gunfire fairy.

boom!

When the sword was about to fall on his throat, the Gunfire Immortal Venerable directly broke free from the power of the law of time.

The figure of the whole person flashed, and directly avoided a sword!

At this time, a trace of cold sweat broke out on the forehead of the gunfire fairy.

If it hadn't been for his strong strength and directly broke free of the shackles, his head would have fallen to the ground.

Gunfire Immortal Venerable looked at Ye Chen with a trace of jealousy in his eyes. What he was jealous of was not Ye Chen's strength, but the power of the law of time.

In the entire Lingwu Continent, people who can comprehend the law of time may not necessarily appear in hundreds of millions of people, but without exception, people who can comprehend the law of time.

As long as they can survive, they will become the top experts in Lingwu Continent, standing at the pinnacle of martial arts.

As long as Ye Chen does not die, he is destined to become the pinnacle of martial arts!

This is the horror of comprehending the law of time!

At this moment, Gunfire Immortal Venerable had decided that no matter what means he took, he must destroy Ye Chen.

If not, let the tiger go back to the mountain, and the next time we meet, he will die!

It is absolutely impossible for Ye Chen to leave alive.

Since you can't be a friend, you must pay all the price and kill him!

When Ye Chen saw this scene, he gave a wry smile, it was really not easy to deal with the powerhouse price of Good Fortune Realm.

If he was a top-notch God Lord, he would be seriously injured if he didn't die, but the Gunfire Immortal Venerable escaped easily.

"Ye Chen, Gunfire Immortal, we are not opponents."

Liang Xueyue could see that now the Gunfire Immortal Venerable, with only half of his strength, was already so tricky.

She originally wanted Ye Chen to escape, but after all, she was not afraid of not having firewood.

"To be proud, must die!"

The current law of time is stronger than all hole cards, but it can't kill the gunfire fairy.

Ye Chen had already planned to leave, but Duguao definitely couldn't live.

The matter of congenital poison is too important.

"can....."

Liang Xueyue wanted to say something more, but when she saw Ye Chen's firm eyes, she couldn't say a word.

Although she had known Ye Chen for a short time, she knew Ye Chen's character very well.

As long as the things once recognized, no matter what the price is paid, they must be achieved.

Even if you sacrifice your life!

Ye Chen squeezed the Hunyuan Immortal Tool in his hand and rushed directly to the Gunfire Immortal Venerable.

"There is a way to heaven, you don't go, \*\*\*\* has no way to break in!"

Qianghuo Xianzun sneered and stabbed Ye Chen with a shot.

At this moment, Ye Chen only felt that death was constantly filling his surroundings.

Dugu proud behind, he was excited when he saw Ye Chen's complete fall, how he was not excited.

He only felt extremely happy in his heart, if it wasn't for the time, he would want to laugh out loud.

When a shot rushed to Ye Chen's chest.

A trace of blood overflowed from the corner of Ye Chen's mouth, and a frightening aura made his internal organs almost shifted.

Ye Chen held the Hunyuan Immortal Artifact in his right hand, endured the pain in his left arm, stretched out his arm, and grabbed the gun body with one hand.

"what!"

Ye Chen let out a painful roar, and the clothes on his left arm shattered instantly.

The muscles on his left arm kept trembling, and there were more scars.

pain!

Bloodthirsty!

Endless magic! Buddha Qi! The power of the avenue! All gathered on Ye Chen's arm!

At this moment, Ye Chen twisted slightly, avoiding the tip of the gun.

In an instant, Ye Chen passed by the body of Gunfire Immortal Venerable.

When Ye Chen showed crazy killing intent, Gunfire Immortal Venerable understood in an instant.

When the Gunfire Immortal took back the Liebao Gun and turned his head to take a look, it was too late.

The Hunyuan Immortal Sword in Ye Chen's hand slashed towards the head of the Supreme Elder.

"No... don't kill me... I don't want to die yet!"

As soon as Duguao's voice fell, blood spurted out of his entire head, splashing on Ye Chen's cheek!

At this moment, the Supreme Elder of the Dugu Family, died!

The biggest threat, lifted!

"Little beast, you dare to kill in front of me!"

For a moment, Gunfire Immortal Venerable was furious, and an ant from the Divine King realm killed someone in front of him, and couldn't tolerate it. This was simply his shame.

Gunfire Immortal Venerable was completely enraged, and the killing intent came out frantically.

"You want to kill me? You don't have this strength yet Ye Chen is standing in the air, one hand is full of blood, but like an immortal \*\*\*\* of war!

At this moment Liang Xueyue had already evacuated. After all, Ji Lin was still in the city, so she could only let Liang Xueyue take away first.

"Time to kill the sword!"

Ye Chen raised his right arm and slashed out with a sword, and the power in his body poured out frantically.

After the sword was cut out, Ye Chen did not hesitate and fled madly.

"Little beast, I see how you run away today!"

Gunfire Immortal Venerable, chased directly after one step.

If Ye Chen were to run away from him, what face would he have to dominate the Lingwu Continent?

Ye Chen escaped from the city, and all the warriors in the city were paying attention to this scene.

This is an extremely shocking scene!

Chapter 1684: The power of a drop of blood!

Ye Chen knew the horror of Immortal Venerable, and could only continue to flee. Half an hour later, Ye Chen saw Liang Xueyue and Ji Lin in his arms.

They haven't left yet!

"Why didn't you go!"

Ye Chen frowned, and he attracted Gunfire Immortal Venerable because Liang Xueyue could escape with Ji Lin.

Liang Xueyue hesitated for a few seconds, but still said: "We may not have a chance to kill the Gunfire Immortal Venerable."

Ye Chen heard Liang Xueyue's words and didn't know where she was emboldened, but when she thought of it, Liang Xueyue would not make fun of her life.

"I'm ten miles ahead and set up the ancient formations passed down by my family. Then I will introduce the Gunfire Immortal Venerable into the formations and kill him together!"

This is one of the ways Liang Xueyue's family left her.

Ye Chen nodded slightly, and the Gunfire Immortal Venerable was chasing after him with no intention of giving up.

For them, the time of ten miles is nothing more than two breaths.

"Ye Chen, this is it!"

Liang Xueyue fell from the sky and hid in the jungle with Ji Lin.

...

"Ye Chen, you little beast, why don't you run? Now you are self-deciding, maybe I can leave you a whole body."

Gunfire Xianzun looked at Ye Chen with a playful look.

In his opinion, Ye Chen must know that he can't escape and decided to fight to the death.

"Old stuff, are you worthy? Sorry you are not worthy!"

Ye Chen raised his \*\*\*\* and grinned.

"Since you want to die, I will cut you thousands of times with a single knife to commemorate the spirit of my friend in the sky."

In the eyes of the gunfire fairy, Ye Chen is now a dead person, who can knead at will.

As long as he wanted to, Ye Chen could be wiped out instantly.

After Ye Chen finished speaking, his figure flashed, he turned his head and ran forward.

Qianghuo Xianzun sneered, a god-king ant compared to him in speed, it was beyond his control.

Ye Chen must be killed today!

Gunfire Immortal Venerable's figure just moved, and suddenly hit a barrier!

"Ok?"

Gunfire Immortal Venerable frowned. At this moment, Ye Chen and Liang Xueyue walked out holding Ji Lin.

"Ye Chen, do you think one formation can trap me? In the face of absolute strength, all conspiracies and tricks are clouds."

As soon as Qianghuo Xianzun's voice fell, he was just about to raise the Lihuogun and rush out of the formation.

At this time, a drop of blood suddenly fell from the formation.

This drop of blood was normal, but the gunfire immortal actually felt his heart tremble.

"Some tricks!"

Gun Huo Xianzun held a fiery gun and pierced into the blood.

boom!

The blood was torn apart, and the Gunfire Immortal Venerable didn't notice, the blood dripped on his clothes, quietly blending into the flesh and blood.

"It's just a drop of blood, pose in front of me!"

Gunfire Immortal Venerable, pierced the trapped formation with one shot, and rushed out directly.

At the moment he rushed out, a shot pierced Ye Chen's head.

Ye Chen saw the Gunfire Immortal Venerable, before hesitating, he rushed over with the Hunyuan Immortal Tool.

He didn't know what Liang Xueyue was doing, and at this moment he could only believe in Liang Xueyue.

"Cold Bing Jianjue!"

One sword, thousands of miles away from ice!

The cold air exploded around, and when the Hunyuan Immortal Sword in Ye Chen's hand came into contact with Lieqiang, it suddenly collapsed.

The killing intent of an immortal venerable directly penetrated Ye Chen's body.

Ye Chen twisted his body in desperation to avoid a shot, but the tip of the gun cut through his flesh and blood.

"Sister Xueyue, are you sure my blood is useful?"

Below, Ji Lin spoke with some worry, and when Liang Xueyue found Ji Lin, he directly asked for a drop of blood.

"That's natural, you are the congenital poisonous body that everyone in Lingwu Continent fears! This is a body against the sky! When the gunfire Immortal Venerable, you don't know how to die!"

Why did you experience thunder tribulation after the congenital poison body awakened? Isn't it because it's too bad?

If Ji Lin was in the realm of He Dao, when this drop of blood merged into the body of the gunfire immortal, it would completely poison his vitality.

...

At the same time, Tianjian City was hundreds of miles away.

A young girl was riding a wind-type monster beast rushing.

The girl is Xiao Yun from the Lingxian Imperial Palace!

Xiao Yun's face was covered with sweat.

She had forgotten how long she had been traveling day and night.

If it wasn't for Ji Siqing and Xia Ruoxue's face, she wouldn't risk rushing here.

The aura of the outside world was not as strong as the Lingxian Imperial Palace, and even many monsters appeared along the way.

If she hadn't had a lot of magic weapons in her hands, I'm afraid she would have been ill-fated.

However, she has not yet used the hole cards of the Lingxian Emperor's Palace.

If it is used, what are the people and monsters who stand in the way?

Suddenly, Xiao Yun stopped.

She looked around with puzzled eyes, and there were countless powerful people around her.

And these powerhouses flock in the same direction.

"Where are so many warriors in the Western Regions going?"

Xiao Yun got off the mount and directly stood in front of a warrior on the road, and said coldly, "Where are you going?"

The warrior hurriedly stopped, his eyes fell on Xiao Yun's body, slightly startled, even a trace of greed appeared in his eyes.

Because he found that the clothes and even the weapons of the little girl in front of him had a special rhyme flowing.

The rank is extraordinary!

I found the treasure!

The martial artist smiled evilly and rubbed his hands: "Little girl, are you lost? Or should I take you away? I can take you to drink spicy food!"

"roll!"

Xiao Yun couldn't be ignorant of this person's purpose, even if she was innocent, she released a cold murderous aura!

Sacrifice with a sword!

To the extreme!

In an instant, the cold sword fell on the warrior's neck.

The feeling of coldness instantly panicked that warrior!

He never expected to kick on the iron plate today!

"Little girl...no, heroine, I was wrong! I slap my mouth."

Xiao Yun snorted coldly, "I just want to know two things. First, where are you going to?"

"Second, do you know the whereabouts of Ye Chen?"

As soon as these words came out, the warrior's face was pale, and even hesitated!

There are two problems!

Obviously it is a problem!

"Say it! My patience is limited!"

The icy cold sword has cut through the warrior's neck, and a faint blood mark appeared!

The warrior did not dare to hesitate and said quickly: "Ye Chen... Ye Chen has appeared! He is in Heavenly Sword City! I heard... Ye Chen is going to kill the Dugu Family today! We are going to see, after all, who If you can kill Ye Chen, you will get a supreme treasure!"

Xiao Yun was startled, she also learned about the power of the Dugu family during this time on the road.

Although the Western Regions are the weakest region in the entire Lingwu Continent, the Dugu Family is not weak in the Western Regions no matter how.

Such a family should be killed by a God King Realm?

It's ridiculous!

This Ye Chen is too arrogant!

But when she thought of the explanations of the two senior sisters, she still shook her head helplessly  
No matter whether Ye Chen was alive or dead, she still had to complete this task!

In the next second, Xiao Yun got on the mount and rode away!

Seeing Xiao Yun left, the warrior exhaled a long breath!

However, in the next second, the abnormality will emerge!

A cold light flashed!

Penetrated the body of that warrior!

After that, Han Guang thought about Xiao Yun's direction!

Soldiers without an owner! Threat of killing!

This is Xiao Yun's attitude!

She is from the Lingxian Imperial Palace!

Her authority does not allow anyone to question!

Chapter 1685: Ye Chen is here!

    this moment.

Ye Chen naturally didn't know about Xiao Yun, even if he knew, he didn't have time to care!

The only thing he has to do is to withstand the power of the Gunfire Immortal Venerable!

Give Liang Xueyue and Ji Lin enough time!

He can feel that his body is being destroyed! Is this the horror of the strong immortal?

Enter the Divine Realm, Divine King Realm, Hunyuan Realm, Hedao Realm, Good Fortune Realm, Star Aperture Realm, Sealed Door Realm, Supreme Void Realm!

The Immortal Venerable of the Good Fortune Realm, how can he resist a warrior in the Divine King Realm!

He stared at Gunfire Immortal Venerable, his eyes were ferocious and angry!

But Gunfire Immortal Venerable constantly pierced Ye Chen's flesh and blood, instead of killing him.

A Ye Chen no longer has any threat in his eyes, he might as well torture and kill him slowly to relieve his hatred!

Ye Chen's five fingers tightly grasped Gunfire Immortal Venerable's weapon, and did not give in at all!

Even if you are injured, I don't hesitate!

"Little beast, do you feel fear now?" Gunfire Immortal said condescendingly, "The gap between you and me

It's too huge, your current behavior is nothing more than looking for death. "

At this time, Gunfire Immortal Venerable, with a playful look in his eyes, once again pierced Ye Chen's lower abdomen.

Ye Chen's eyes were cold, he wanted to release all his power to resist!

But found it impossible!

The power the master gave him is almost dissipated!

He can't last long!

He Yu Guang fiercely looked at Ji Lin and Liang Xueyue.

The only chance is in their hands!

Although he didn't know what they were going to do, Ye Chen was willing to believe them!

Seeing Liang Xueyue pinch the tactics with his fingers, the formation was even more fluctuating.

In an instant, brilliance flickered!

Abnormal protrusion!

The moment the gunfire fairy venerable stabbed out, he only felt severe pain in his arm, not only that, but the whole body

Down, as if countless ants were biting his flesh and blood.

"Well, what's the matter?"

Gunfire Immortal Venerable stopped for two steps, sweat on his forehead, severe pain, made him motionless.

Ye Chen saw the appearance of the gunfire immortal, and knew that his opportunity had come.

If you don't shoot now, when will you stay?

"The years go by!"

Ye Chen stretched out his fingers, and the strength of the years rushed into the fingers madly.

boom!

A finger fell, and the strength of the years rushed into the body of the gunfire fairy.

If it is normal, this blow will not enter his body at all. After all, if a fairy is willing to resist, the root

This is okay, but now, the pain is unbearable, how can I pay attention.

The strength of the years enters inside, a little bit of the body of the gunfire immortal, and life, but the speed is not

Not obvious.

After all, he is also a good fortune realm immortal, how can it be compared with hedao realm?

Gunfire Immortal Venerable gritted his teeth and stared at Ye Chen.

The reason in the body now is probably the drop of blood. He didn't care about it. Who knows now, it's become him

'S joker!

What kind of blood is this blood!

So scary!

Qianghuo Xianzun endured the pain and stood up, turning around to run away.

The toxins and years in the body are constantly eroding, and if the battle continues, he may die.

Ye Chen saw that Gunfire Immortal Venerable wanted to escape, and said in a cold voice: "I just want to escape now, isn't it too late?"

"Didn't you just ask me if I felt fear? Now I will give you the original words!"

"Do you feel fear?"

"Time to kill!"

The power of the law of time madly poured out of Ye Chen's body.

Even wrapped around the body of Gunfire Immortal Venerable!

At this moment, Gunfire Immortal Venerable is frozen there!

Embarrassed to the extreme!

Ye Chen didn't hesitate anymore, and took out the Soul Demon Spear.

A shot to his heart!

"boom!"

The gun went down and directly pierced into the heart of the gunfire immortal, Ye Chen was still worried, the gun head was crazy in his body

Shred his flesh and blood.

Qianghuo Xianzun's entire body fell to the ground fiercely.

Splashing dust!

The whole world seems to usher in a huge earthquake!

Ye Chen fell from the air and stepped on the cheek of the gunfire fairy.

"You...you little bastard, you can't die!"

There was no blood on Gunhuo Immortal Venerable's face, he could feel that his life was losing crazily.

This time, he was completely planted!

I knew that he should kill Ye Chen directly instead of torturing... It's a pity that there is no regret medicine in this world!

Ye Chen looked at Gunfire Immortal Venerable with indifferent eyes, and then kicked it down!

Click!

Gunfire Immortal Venerable's head suddenly fell apart.

A generation of Xianzun, die!

Of course, Ye Chen's current power could not obliterate the Immortal Venerable! Thanks to Liang Xueyue and Ji Lin for all this!

The three people set up such a big picture!

The pride of Gunfire Immortal Venerable completely sent himself into hell!

Ye Chen watched the vitality of the gunfire immortal vanish, exhaled deeply, took out the healing medicine, and took it directly.

A strong medicinal effect radiates in the body.

"Liang Xueyue, did that drop of blood belong to Ji Lin?"

Just now the gunfire Immortal Venerable, a problem suddenly appeared, it must be the problem of that drop of blood.

It is impossible for the blood of the acquired poisonous body to poison the Immortal Venerable a little bit. The only thing that can be poisoned is Ji Lin's blood.

Ji Lin's cultivation base is not high, but she has control of the innate poison body!

"That's right, once Ji Lin reaches the He Dao state, when the time comes to kill the great world, it is not without a chance."

Ye Chen heard Liang Xueyue's words and nodded deeply.

This is the terrifying aspect of the innate poison body. Now Ji Lin's realm can poison the immortal with blood and essence. Once

Reaching the Harmony Realm, even ordinary blood, will cause headaches for the strong fortune realm.

"Go, go to Dugu's house!"

Ye Chen put away the Soul Slayer God Demon Spear, he knew that the Dugu family had a lot of wealth.

Now that the Dugu family is destroyed, these things can't make others cheap.

Ye Chen, Liang Xueyue, and Ji Lin all came to Tianjian City.

...

In Tianjian City, countless warriors from the Western Regions gathered.

Talk about it!

There is only one subject for everyone to chat!

Ye Chen!

"To be honest Ye Chen is really a bit level. This period of time has upset the entire Western Regions.

It's really interesting that a Divine King Realm can do this. "

"It's a pity that the Divine King Realm is the Divine King Realm after all, and the garbage is garbage after all. Facing the strong immortal, it is still inevitable.

Has fallen. "

A Jinyi warrior said to a friend around him.

A young girl beside the Jinyi Warrior seemed to have not recovered yet, and said with a trembling voice:  
"You said, Ye Chen

Could it be that the Dugu family was so hunted down, they didn't kill Ye Chen, but the Dugu family was destroyed...

If he is still alive, will we be retaliated if we say that. "

When the warrior in Jinyi heard this, he laughed: "Girl Ling'er, you women are as timid as a mouse, and the lone lone is too high.

What is the old cultivation base? And what is the cultivation base of the Gunfire Immortal Venerable? "

"I heard that the gunfire immortal has great spear skills, not to mention the Divine King Realm, even if the Hedao Realm is in his hands, it can't support it.

Take a shot.

As for Ye Chen, just an ant from the low martial world, no matter how hard he struggles, he will still die.  
"

Chapter 1686: Ji Lin's guilt!

"I can even assure that Ye Chen is a soft-blooded man without blinking his eyes! Maybe before he died, he knelt down and begged for mercy in front of the gunfire immortal with tears and nose."

When the Jinyi warrior was talking about it, he didn't know that the three figures were slowly approaching.

And the appearance of these three figures instantly stunned the Jinyi warrior and even everyone behind him!

The fear in that eye was like hell.

Why did Ye Chen come back?

He was not chased and killed by Xianzun, should he escape for his life now, or be killed by Xianzun?

Does Ye Chen have the strength to kill the Immortal Venerable?

impossible!

Even if Ye Chen is against the sky, it is impossible to shake Xianzun like this!

"Ye Chen..." The girl named Linger kept rubbing her eyes, for fear of her dizziness!

However, that figure still did not disappear!

That devil is not dead!

He is back!

Jinyi warrior Liu Cheng didn't notice the existence of Ye Chen at all. He could feel the dull and shocked eyes of everyone, thinking that he was frightened by his endless eloquence.

The more he talked, the more excited he was, and the more he said: "I have the feeling that when Ye Chen killed the friend of Gunfire Immortal Venerable, Gunfire Immortal Venerable will inevitably be angry. It is estimated that Ye Chen's body has turned into pieces of treasures scattered in the world. ...Haha...Should we pick up the leaks?"

"Then Ye Chen has a lot of treasures, if you get one or two, it's a worthwhile trip."

Just as Liu Cheng was excited, the Ling'er girl could no longer bear it, her legs softened and she knelt on the ground.

Only then did Liu Cheng feel that something was wrong, he found that the eyes of his friends around him were full of fear, and some even seemed to remind him of something!

He turned his head sharply!

An icy breath instantly enveloped him.

In the next second, he saw an unforgettable picture in his life!

Behind him stood a damned young man!

Ye Chen!

"thump!"

Liu Cheng also softened his legs and knelt directly in front of Ye Chen!

"Mr. Ye...what a coincidence... why... why are you here..."

Liu Cheng is really going to cry!

He said so many bad things just now, maybe it is him who will be divided the next second!

This guy in front of you is a murderous demon!

Even, he could feel that his lower body was soaked!

Scared to pee!

Ye Chen naturally couldn't do anything to this kind of warrior. He shook his head helplessly and headed towards the Dugu Family.

After Ye Chen left, Liu Cheng's knees seemed to dissolve on the ground!

Can't get up for a long time!

This is a kind of fear!

The deepest fear in my heart!

...

When Ye Chen came to the door of the Dugu family, he found that many warriors had rushed into it to \*\*\*\* treasures.

As soon as Ye Chen appeared, the warriors who took the initiative to \*\*\*\* the treasures were there motionless.

Everyone saw with their own eyes that Ye Chen was chased and killed by a fairy.

No one felt that Ye Chen could survive, after all, it was too simple for Xianzun to kill a Divine King Realm.

However, Ye Chen came back openly, what does this mean? It can only explain one thing, the Gunfire Immortal Venerable was beheaded by Ye Chen!

Thinking of this, all the warriors took a breath.

Is this kid really God King Realm?

Horrible!

"You are not qualified to condemn the treasures here. Give you three breaths time, put down the treasures, and leave immediately, otherwise, die!"

Standing outside the door, Ye Chen spoke directly, and the Dugu family was destroyed, and all the treasures were naturally his!

His things can't be touched by others!

When all the warriors heard Ye Chen's words, they gritted their teeth and took out the treasures and left quickly.

Life is the key!

If you offend this evil spirit, the fruits of your life's cultivation will be in vain!

If Ye Chen hadn't killed Immortal Venerable, they could still deal with it together.

But Ye Chen could even slaughter the Immortal Venerable, they didn't dare to take action, no matter how important the treasure was, he didn't have his own life worthy.

They know that Ye Chen can't afford it!

These warriors came quickly and left quickly.

Seeing all these warriors leave, Ye Chen and the three directly entered the treasure house of the Dugu family.

The powerhouses of the Dugu Family's Good Fortune Realm have all entered the Demon Realm, and naturally they cannot carry the treasures with them.

Otherwise, if you die, these treasures will only be cheaper to others.

These treasures have been kept in the Dugu Family Treasure House, and now all this is naturally cheaper for Ye Chen.

When Ye Chen came out of the treasure house, his face was full of smiles. He didn't expect the Dugu family to be so rich, and it deserves to be the top middle-class family in the Western Regions.

In the treasure house, Ye Chen found two time-space soldiers, took one by himself, and gave another one to Liang Xueyue.

Liang Xueyue's trip is extremely critical.

Without her spellcasting, Ji Lin's essence and blood alone would be useless.

As for the soldiers of time and space, Ji Lin is awake, which means that everything is not important.

However, when searching for the treasure, Ye Chen found something wrong.

What's wrong is not a treasure.

But Ji Lin.

Ji Lin looked sad at many inadvertent moments.

This is what Ye Chen has never seen before He always thought that Ji Lin's sad expression came from the soul clan.

It seems that it is not at all.

Under that sad face, it seemed to be jealous.

And Ji Lin is now extremely eager to practice, extremely eager to become stronger!

All these signs seem to indicate that Ji Lin is ready to do a big thing.

After Ji Lin woke up, Ye Chen asked Ji Lin for the first time what had happened before she was captured by the soul clan.

When asked about this, Ji Lin hesitated, as if he was afraid of something, Ye Chen didn't force it, so he didn't continue to ask.

It seems that this little girl still hides some secrets and refuses to tell herself.

Or maybe it's afraid of getting involved in this secret.

Does she want to fight hard by herself?

Ye Chen shook his head helplessly, no longer thinking about it.

"Ye Chen, now that the Dugu family has collapsed, are you interested in going to the Luoachai Sea with me? Now that the Demon Saint Secret Realm is born, there is not only the inheritance of the Demon Saint, but also the heritage of my grandfather, the Thousand Poison God Sovereign."

"Even if you don't go, Ji Lin must go. I'm doing it for her, and I can't waste her talent!"

This time Liang Xueyue obtained Thousand Demon Ginseng and awakened the acquired poison body, just to find the inheritance of Thousand Poison God Sovereign.

When Ji Lin heard Liang Xueyue's invitation, he was extremely excited, and his little hand directly grabbed Ye Chen's clothes corner.

She knows very well that if she wants to become strong, she must go here!

These days, Ji Lin has thought many times about whether to tell Ye Luoer's affairs!

Although her cultivation level is not high, she also knows how terrifying the person who took Ye Luoer away!

She wanted to say, but every time she saw Ye Chen hurt, she couldn't bear it!

Once Ye Chen enters this muddy water, something may happen!

Although she is not old, she only has guilt towards Ye Chen.

Chapter 1687: The eternal holy king!

Because of himself, Ye Chen offended the entire sect of the Western Regions!

Because of himself, Ye Chen endured the torture of the power of Heaven!

Because of himself, Ye Chen was scarred again and again, shocking again and again!

She can't bear it!

She wants to bear it with her small body!

She wanted to rely on her own innate poison to counter the power of taking away sister Ye Luoer!

This is her stubbornness!

Ye Chen glanced at Ji Lin's longing eyes, and without thinking, he nodded and agreed. Although Ji Lin has awakened the congenital poison, he also needs nourishment by the acquired poison.

And if Ji Lin were to get the inheritance of the Thousand Poison Lord, his strength would be even more terrifying.

"It happens to be nothing right now, so let's get on the road now!" Ye Chen said.

"it is good!"

The two women spoke in unison.

...

Not long after Ye Chen, Liang Xueyue and Ji Lin left the Dugu family, the entire Western Regions once again became a sensation.

This time the sensation is like an explosion!

Western Regions, inside the Beigong Family Hall.

Bei Gong Hongtian sat on the main hall, heard Zheng Uncle's trembling voice report, and stood up suddenly.

"Uncle Zheng, are you sure that the Dugu family was destroyed by Ye Chen?"

At this moment, Bei Gong Hongtian could not take care of his own gaffe.

When he heard the report, he thought that Ye Chen had been dead for nine years, but who knew that Ye Chen actually destroyed the Dugu Family!

The Dugu family has existed for thousands of years, but it was destroyed by a young man.

This young man is still in the Divine King Realm!

This is too incredible!

Even if Ye Chen had a hole card against the sky, it couldn't be so strong!

Is this still a human?

"Patriarch, more than that! The real horror is not here."

Uncle Zheng's body is shaking!

He is scared!

He felt fear because of Ye Chen's deeds!

Beigong Hongtian frowned: "A god-king realm, wouldn't it be terrifying to destroy the Dugu family? Is it possible that this guy is against the sky?"

Uncle Zheng suppressed the shock in his heart and said word by word: "I heard that Duguao asked Gunhuo Xianzun for help. Ye Chen faced a strong immortal realm and directly killed Duguao."

When Uncle Zheng received the news, he was even worse than Bei Gong Hongtian.

"Then Ye Chen should be dead, right?"

Even if Ye Chen had great ability, an immortal master could not survive.

"Patriarch, wait for me to finish."

Uncle Zheng took a deep breath, as if trying to suppress the shock in his heart, he continued to speak: "The Gunfire Immortal Venerable shot, Ye Chen fled, but three hours later, Ye Chen and Liang Xueyue appeared at the door of the Dugu family again. What does this mean? Patriarch should be very clear..."

Having said that, Uncle Zheng didn't go on talking. When he got the news, he almost jumped out of his heart.

At this time, Beigong Hongtian made a puff and sat in the main hall. He just heard Uncle Zheng's report, and his legs could not stand firmly.

Ye Chen was able to stand at the door of the Dugu Family, what does this mean?

It means that the Gunfire Immortal Venerable was beheaded by Ye Chen, or else would you dare to rush out?

Although I don't know how Ye Chen killed Xianzun, Xianzun is indeed dead!

Now Ye Chen Divine King Realm can kill the Immortal Venerable, this...

Bei Gong Hongtian has not dared to think about it anymore, it is too scary.

In the entire continent, who would dare to say that the God King Realm killed the Immortal, only Ye Chen!

"No matter what the price is, you must pay Ye Chen!"

Bei Gong Hongtian spoke directly. He was still hesitating to offend the entire Western Region martial artist, but now he has completely decided to stand on the same front with Ye Chen.

Now Ye Chen can kill Xianzun at the Divine King Realm, and once he reaches the Good Fortune Realm, he can't imagine how terrifying Ye Chen's combat power is.

Ye Chen defies the sky, making Bei Gong Hongtian plan to pay everything to make a bet.

...

The picture turned, just as Ye Chen, Liang Xueyue and others were preparing to leave.

An old voice reached Ye Chen's mind.

"See you at the top of the hill."

These simple three words made Ye Chen's expression startled.

It's the mysterious old man again!

Last time I rushed to the auction of the Dugu Family, the mysterious old man appeared once!

I wanted to explain something, but because of some special breath, I left directly!

Said it will appear again in a few days!

Ye Chen also tried to wait, but there was no more news!

He is sure that this old man is definitely related to the reincarnation cemetery!

Even, the old man knows the best thing about the game that Grandpa played in Huaxia.

He has always felt a pair of big hands pushing him!

From the time when the ancient Kunlun Xuye's family dropped an extraterritorial meteorite, the reincarnation cemetery appeared! Grandpa escaped into China River City!

Even now, Ye Chen set foot on Lingwu Continent.

All this is by no means accidental.

He looked at Liang Xueyue and Ji Lin and said seriously: "You wait here for a while, and I will come as soon as I go."

"it is good."

...

Ten minutes later, Ye Chen came to the top of the mountain.

I saw an old man sitting under a tree, with his back leaning against the big tree, drinking happily.

The liquor got on the old man, but the old man paid no attention.

"It's coming."

The old man smiled and said to himself: "Recently, a few old guys from the Lingwu Continent discovered that I had come to the Western Regions, so the meeting time was delayed."

"My whereabouts can't be known by too many people, even if you meet me, it can't be noticed by outsiders."

"Otherwise, even if your cards are against the sky, you won't survive tomorrow."

"This world is not just the Western Regions, and even the Taixu Realm is not the end."

"Ye Chen, logically speaking, your grandfather once asked me to look after you and help you. I should have done this."

"But since I got to know you, I intend to be a bystander, not to interfere with your life as a last resort."

"Because once I intervene in your life, the enemy you will face will be crushing! Xianzun? Haha, Xianzun doesn't even have the qualifications to lift shoes for those guys."

The old man seemed to think that he talked a little bit, and patted the dirt beside him: "Ye Xiaozi, don't stand, come over and have a few drinks with the old man."

"No one has been drinking with me for a long time,"

Ye Chen frowned, but sat down, "Old man...what should I call you?"

The drinking old man laughed loudly: "The old man talks about being crazy about youth, so it doesn't matter what you call me."

Ye Chen gave the old man a white glance, and said speechlessly: "Don't say anything, your rapper is right, you can go to China to participate in a rap show."

After drinking, the old man was startled. After reacting, he laughed and handed the jug in his hand to Ye Chen: "Take a sip. I brewed this wine myself. It's unique in the world."

"Also, I have many names, but friends around me like to call me Yonglao. As for why I am called Yonglao, it's just because I have another title in Lingwu Continent-Eternal Saint King!"

The eternal holy king!

When you hear these four words! Ye Chen was completely stunned!

Although he does not know what these four words represent!

But the status of the eternal holy king in Lingwu Continent is definitely the highest!

Chapter 1688: Undercurrent surging!

This old man can freely enter and exit China, Kunlun Xu, Lingcheng, and even Lingwu Continent!

really! Identity is by no means ordinary!

That's the problem!

Such a strong person, why should he care about his affairs?

Could it be the chess game that grandpa said?

Yong Lao glanced at Ye Chen with a plain gaze, the corners of his mouth were outlined, but he was actually a little proud.

After all, sitting beside him is the famous thorn head of the Western Regions!

It may be a pleasure to shock such people.

Ye Chen stiffly stretched out his hand and took the flask.

Yong Lao's thin hand touched Ye Chen's fingers.

In the next moment, his originally smug smile suddenly solidified!

The eyes are even bigger!

As if seeing something terrible!

"You actually practiced the Reincarnation Art of Gods and Demons!!!"

"Also, the power in your body...the way of heaven...how can it be!"

Yong Lao is really not calm anymore!

According to his plan, it would be at least ten years after Ye Chen touched the God and Demon Reincarnation Art!

How early!

Which link went wrong in the end!

Also, how could Ye Chen's body have the power of heaven!

impossible!

Tian Dao and this kid are obviously two extremes!

Logically speaking, Tiandao should wish to erase Ye Chen's existence, so why give it back?

"What happened to you recently!" Yong Lao said excitedly.

Ye Chen raised his eyebrows: "Yong Lao, since you know the Reincarnation Art of Gods and Demons, do you also know the whereabouts of the Reincarnation Profound Tablet?"

Yong Lao suppressed the shock in his heart and nodded: "Before that, please tell me what happened recently."

"Okay." Ye Chen told Yong Lao about the recent events, the mysterious brocade box and even the formation to save Ji Lin, because of a blessing in disguise.

Yong Lao then suddenly said: "A monster! It's a monster! The gods of heaven and thunder will make you immortal, you are in the realm of the gods, dare to carry everything! What a \*\*\*\* lunatic!"

After a long time, Yong Lao calmed down and said, "There are ten pieces of the samsara profound stele, and each piece hides the power of the reincarnation bloodline. If you get these ten pieces, your bloodline will be completely awakened. At that time, I am afraid that there will be no one in Lingwu Continent. I can stop you!"

"No, if you get five yuan and completely absorb the power inside, it will be great."

"Even if you only refine one piece, the blood of reincarnation in your body will be extremely powerful to the point of horror."

"Bloodline is the foundation of the martial artist. Although you have reincarnation bloodline, you can only use one percent now."

"This is also your fatal flaw."

"At the same time, the reincarnation bloodline is the most difficult existence of all bloodlines!"

"You have to be strong, you can only find those ten reincarnation monuments!"

Ye Chen's eyes condensed, and he said seriously: "Please tell me the whereabouts of the Samsara Profound Tablet!"

Yong Lao nodded, stretched out his hand, waved his hand, a picture was formed!

The picture is a place filled with immortality.

It's daunting.

"The first reincarnation monument is here, but whether you can get it depends on your good fortune. The value of this thing is too terrifying, and it must be tightly guarded. As for the specific location, you can explore it yourself, I don't know."

"Blindly interfering in your life is not a good thing."

Ye Chen looked at the place in the picture and frowned slightly: "Where is this place?"

Yong Lao explained: "Originally, I wanted you to reach the Hunyuan Realm before going to this place, but now it seems that you can indeed go, and you not only want to go, but also go on behalf of Kunlun Xu and the earth!"

"This place is at the junction of the western and eastern regions of the Lingwu Continent. It is also known as the land of immortality of the Lingwu Continent. Many subordinate forces of the Lingwu Continent, the strong in the Zhongwu world and even the low-wu world, when their own strength reaches one Timing, it will step into this place!

There is the place they must pass through to enter the Lingwu Continent. "

"You must go here!"

"One is because of the profound monument of reincarnation, and second, you now have the power of heaven in your body, and the power of heaven has not strangled you, and it has left this heaven-defying power in your body. This is absolutely forbidden! Presumably those people already Enraged, no mortal should master the power of heaven!"

"any!"

"They can perceive the breath of heavenly power in you, and you are now a dying prey!"

"But if you enter the Ascension Channel and enter that place, they won't be able to check your breath! Even if you stay in it for ten days, the heavenly breath will be naturally obscured! It will be impossible for them to find you at that time!"

"So, you must go to this place right away! Right away!"

At this moment, Yong Lao's eyes were full of seriousness!

Ye Chen is the most critical existence in this game of chess!

It is also the potential stock that is most likely to fight against that group of guys in ten thousand years!

He must not die!

Once he died, the game set by the old guy would be ruined!

Ye Chen was slightly shocked!

He never expected that Ji Lin would be chased and killed by Heaven on that day when Ji Lin crossed the Tribulation?

What is this!

I am in the realm of the king of gods, what is your high heavenly way to chase and kill me!

But Ye Chen changed his mind, and the authority of Heaven's Dao was beyond doubt.

Power is even less likely to be controlled by mortals.

There is a trace of lingering power remaining in his body, which is really wrong.

Tiandao's anger is also normal.

It seems that this eternal old so-called land of ascension must be visited.

Fortunately, the limelight has been too tight recently, so we should avoid it.

Not for myself, but also for the awakening of blood.

Elder Yong took the hip flask, patted his \*\*\*\* and stood up, glanced at Ye Chen with a deep meaning, and said, "I wanted to tell you another thing, but now it seems that it is not the time."

"Your situation is very dangerous. You must go there as soon as possible. As for whether you can find the Samsara Profound Monument, it depends on your good fortune."

"Since ancient times, the Reincarnation Profound Stele has not been an ordinary thing. One piece is enough for countless powerful people to compete. Because this is the opportunity for them to awaken the blood of reincarnation. The only opportunity!"

"If those top powerhouses can feel the blood of reincarnation in the saint monument of reincarnation by chance, even a trace will be enough to increase their strength a hundred times!"

"Boy, there is a treasure house in you, and now you haven't even discovered the tip of the iceberg of this treasure house! The old man is a pity for you!"

"Don't talk nonsense, go and prepare you will come here again in an hour! If I don't come to you today! I'm afraid you would have been suppressed by God!"

At the same time, a mysterious palace in Lingwu Continent.

The hall is surrounded by clouds and mist, like a fairyland.

If you observe carefully, you will inevitably find that every stone in the palace is an extremely rare Lingwu Flame Stone!

A single Lingling Flame Stone can make countless top experts in Lingwu Continent breathe!

What's more, these tens of thousands of Jinling Flame Stones!

In the deepest part of the temple, a quaint door was knocked.

It was an old man who knocked on the door.

The old man is thin, but his whole body is full of rhyme, and it can even be said to be immortal!

He can't see through his cultivation at all, and he can see the terror!

Chapter 1689: The only chance!

"Come in!"

A strong voice came from behind the door.

The next second, the door opens! Countless spiritual energy surges!

The old man took a long breath and walked in cautiously.

However, inside, there are indeed countless gods and thunders coiling around!

A huge dragon is lying in the depths!

The breath is terrifying! Horrible!

A mysterious man sat cross-legged on the terrifying dragon.

The man didn't open his eyes, and said indifferently: "Why are you bothering me?"

The old man's face was pale to the extreme, and he knelt down with a splash!

"A few days ago, someone awakened the congenital poison..."

In the next second, the man above the dragon suddenly opened his eyes, and the cold murderous intent made the whole world seem to be a piece of ice! The body of the old man is even more covered by a layer of ice!

Become an ice sculpture!

After a long time, all ice will disappear! The old man recovers!

The man above the dragon slowly closed his eyes and said: "You don't need to care about the acquired poison body, but the innate poison body has always been forbidden by the heavens. Presumably, the heaven and the \*\*\*\* thunder have already wiped out the incompatible person."

When the old man heard these words, his face became paler, and his voice was trembling: "On that day, the heavens and gods thunder landed, and the power of the heavens suppressed, the innate poison body should have fallen. However, some outsiders actually resisted all harm. ! Protect that innate poison at all costs..."

"What!" A sound of shocking rebuke resounded throughout the hall!

Cold and angry!

The man above the dragon stood up, and the endless pressure covered everything!

Extremely majestic! Like a real king!

"That person is looking for death, and the outsiders dare to contend with the power of heaven! Presumably both of them have fallen! Even if they do not die, they are still useless!"

This man is so confident!

However, a trembling voice still sounded...

"My lord, neither of those two died... What's even more bizarre is... the power of heaven was absorbed by a young man!! I really can't figure it out! I can't even detect the existence of that person! That's why I came to disturb the adults!"

As soon as these words came out, the expression of the terrifying regal man was not calm at all! Stormy seas are set off in his heart!

Absorb the power of heaven!

how is this possible!

How can a mortal be with the sky!

"Are you sure? If you dare to deceive this monarch, you cannot afford the consequences!"

"Subordinates are sure!"

At this moment, the man knew the seriousness of the matter!

He was very clear about the strength of the old man in front of him.

If this old man can't even detect the existence, it is definitely a threat to him!

More importantly, the other party can absorb the power of heaven!

No one can do it for thousands of years!

This threat must be killed!

For a long time, the man's cold voice sounded again: "Since this has absorbed the power of the heavens, the breath must be detected by us!"

"Now you go to the place where the incident occurred and release thousands of miles of spiritual knowledge! Find the person with the aura of heaven! Punish immediately!"

"There is also that congenital poisonous body, but also to kill!"

"Leave now!"

"Yes, my lord!" The skinny old man trembled and disappeared completely in the next second!

He dare not neglect! There is no right to neglect!

...

Ye Chen returned to Liang Xueyue and Ji Lin.

"Where have you been and why did you come back now?" Liang Xueyue frowned.

Ye Chen glanced at Ji Lin, hesitated for a few seconds, and still said: "I have something to deal with now, would you like to go with this sister first?"

"I'll come to meet you when I'm done."

Ji Lin wanted to say something, and finally nodded: "Ye Chen, I only have one request, you must come to me, come to me well, I will practice hard, and will not hold you back."

"Also, I will give you a month at most. After a month, if you don't show up, I will treat you as if something has happened. I will use my congenital poison to kill the common people!"

Threatened.

Ye Chen never thought that this little girl would threaten him.

But the threat made him feel warm.

"Okay, I promise you." Ye Chen stretched out his hand and touched Ji Lin's head.

Ji Lin gave Ye Chen a white glance: "Don't touch my head, I am not a child, I am a congenital poisonous body, Ye Chen, don't always look like an adult. In my eyes, you are a little kid. The kid who wants me to cover."

"Liang Xueyue, let's get on the road."

Ji Lin even called his name directly.

"Can't be polite!"

Ye Chen just wanted to blame, but Liang Xueyue smiled and said, "It's okay, it's okay. Ji Lin's blood itself suppresses me. If I call me that name, I can't stand it."

"Since you have something to do, then we will meet at that time. Take this jade pendant with some ground markings. Ji Lin and I will be waiting for you in Tianwu City."

"it is good."

Ye Chen watched Ji Lin and Liang Xueyue leave, and finally his eyes became extremely determined, and he moved towards the top of the mountain.

Regardless of whether it is to avoid heaven, but to reincarnate the mysterious monument!

This trip is extremely important!

...

On the top of the mountain, Yong Lao has been waiting for a long time.

"Is everything handled properly? But you don't have to worry about that congenital poison. I will take care of you one or two, which is also to solve your worries."

Ye Chen nodded: "Yong Lao, thank you."

Yong Lao smiled, took out a formation from his waist and threw it directly out.

The array instantly divided into four, and four different rays of light flickered!

It broke the void in front of you!

Ye Chen was slightly shocked!

Such a random manipulation of the laws of time and space, this eternal old is too terrifying!

Yong Lao's eyes condensed, and he said seriously: "The group of guys have already rushed to smell the breath. If you go on your own way, you will be more ill-fortuned."

"Only if I break through the void can I get you there as soon as possible."

Ye Chen didn't hesitate, stepped out in one step, just about to step into the void, to the junction of the Western Region and the Northern Region!

But was pulled back by an invisible force.

"Boy, what are you doing in such a hurry!"

"You don't have the aura of immortality. If you go there rashly, you will be ruthlessly torn apart."

After speaking, Yong Lao threw out an elixir and said: "I spent a lot of money to refine this elixir. It has a unique aura. If you take it, the space disorder will not tear. Split you, and when you get there, no one will find out that I sent you there."

"Furthermore, there is the essence and blood of an imaginary strong man from Earth Kunlun, which is considered to be a match for you."

"It's just that the Kunlun Void of Earth is ultimately a low martial plane, you should have felt the contempt of everyone in Lingwu Continent."

"At the junction of the Western Regions and the Northern Regions, I am afraid this contempt will become stronger."

"So I hope you can change this situation."

"What happened here in the Western Regions should not spread to there so quickly. You should be safe for the past ten days."

"But the paper can't hold back the fire. Once you get the Reincarnation Profound Tablet, you will immediately come out! Understand?"

Chapter 1690: Never bow your head!

Ye Chen nodded solemnly, and immediately took the pill.

Yong Lao exhaled and threw out another bottle.

"There is some chance with you. I'm afraid you will have an accident inside. This drop of blood is the blood of an ancient monster. If you absorb it, you will benefit infinitely. There is only this I can help you. Go ahead. "

Ye Chen took a deep look at Yong Lao, and just about to step out, Yong Lao kicked it out, he staggered and went directly into the torn void!

In the next second, the void suddenly closed!

Yong Lao smiled.

"You thorny head of the Western Regions, the limelight is too high, I should give you a sense of strength."

"Don't say it, it's cool."

After speaking, he returned to his calm face, looking at all this, and muttered: "Ye Chen, Ye Chen, I hope you don't let me down."

"I'm ahead of this move, and the hexagrams show that you are fierce and auspicious. But your destiny is unchecked. How can there be hexagrams in the world that will break your life?"

"I'm betting. Bet you will live up to my eternal holy king!"

At the same time, at the junction of the Western Regions and the Southern Regions.

Rumbled, there was a thunder in the space, and a huge crack emerged out of thin air, as if torn the space slowly, the crack was a deep darkness, exuding a chilling breath, as if it could tear into it. all.

Suddenly, a figure flashed out of the crack, fell to the ground, and let out a surprise shout: "I succeeded! I have come to Lingwu Continent! Hahahahaha!"

The visitor was a young man who looked about twenty years old and was looking at everything in front of him excitedly. But when he landed on the ground, his face suddenly changed, he slowly lowered his head in disbelief, and saw his lower body. It disappeared completely!

The youth suddenly vomited a mouthful of blood, his eyes were congested, and he yelled unwillingly: "Impossible! I am a peerless genius of Blue Star! I have successfully passed the Ascension Channel and came to the Lingwu Continent. How could I fall here? !impossible!"

With a puff, his body fell to the ground, and the young genius who was once a mastermind by Blue Star fell.

Not far away, two middle-aged men in Taoist robes stood with their hands in their hands, staring blankly at the scene in front of them.

This place is called Dengxiantai, and these two people are Li Yu and Huang Can, who are the guides of Lingwu Mainland Dengxiantai.

Li Yu glanced at the young man's corpse, and with a wave of his robe sleeves, the corpse turned into powder and dissipated. Only a storage bag flew into Li Yu's palm.

The divine consciousness flashed into it, and Li Yu's eyes flashed a hint of surprise, but his expression was rather regretful. He sighed: "I'm afraid that the ranking of the blue star in the subsidiary plane is about to drop again. The risers from this place have even risen continuously. The fairy channel can't pass."

Huang Can snorted coldly: "This time the power of the space turbulence in the Ascension Channel is more powerful than before. Those geniuses in the lower planes are not even as good as the children of the Western Regions in our Lingwu Continent. They rely on them. , Can also succeed? Waiting here is a waste of my time!"

Li Yu smiled and said, "Brother Huang stay safe, and in ten minutes, the passage will be completely closed and our mission will be over."

Huang Can had something to say, but at this moment, the two of them suddenly changed their expressions and looked at someone together.

I saw another crack in the sky, and the violent spatial turbulence rushed out from it. Even Huang Can and Li Yu were slightly moved, and Huang Can's face showed a hint of joy. Such a fierce space storm, even this celestial being. If he can come to the Lingwu Continent, he will probably not survive, so his relics belong to him.

But the strange thing is that the passage of ascending immortals has been opened for a full five minutes, but no one is coming out. Huang and Li can't help showing different colors. You must know that if the ascendant dies, the passage will be closed directly. , This person can persist in such a violent time and space turbulence for such a long time, it is really unexpected.

Huang Can couldn't help but ask Li Yu: "Which plane is this the ascendant?"

Li Yu took out the Immortal Ascension Order. The Immortal Ascension Order could show where the Immortal Ascendant came from. He glanced at the information on the token, which was a bit weird because the text above seemed to have changed.

But he could only think that he was dazzled. He glanced at the information on the token again and said: "This person comes from a place called Kunlun Xu Kunlun Xu."

"Kunlun Xu?" Huang Can was slightly disappointed, "It's just an ant from a low-level martial art plane. How long has this place been no one."

As soon as his voice fell, he heard a loud bang, and a figure fell from the crack and hit the ground firmly.

It is Ye Chen!

Ye Chen wanted to scold his mother, couldn't this Yong Lao use a gentle behavior?

Send yourself away and kick back!

What is this!

It is simply an old and disrespectful fellow to get an expert!

Ye Chen got up from the ground with a grin, and looked around.

Sure enough, this is stronger than the aura of the Western Regions.

Moreover, he could feel his blood burning.

This is the performance of the change!

The Reincarnation Profound Monument is indeed here!

Must be found as soon as possible!

But soon, Ye Chen calmed down, because he found that he was not alone here, and two middle-aged men in Dao robes were staring at him scorchingly not far away.

These two people must be attracting people, right? Ye Chen thought to himself, walking towards the two of them, and at the same time slightly shocked, his soul power far surpassed the same level, but at this time he could not perceive the realm of the two. This can only show the cultivation level of these two people. Far stronger than the current self.

Ye Chen walked to the two of them, and politely clasped his fists and said, "The two seniors, Ye Chen, the junior, are from Kunlun Xu!"

Ye Chen's successful appearance surprised both Huang and Li, but at this time he saw that he only had the cultivation base of the Divine King Realm, and he came from a land like Kunlun Xu, and he was a little disapproved.

Huang Can even sneered and said: "As expected of a lower plane, even those who have ascended to immortals have only the initial cultivation base of the Divine King Realm brat, don't think that you are lucky enough to pass the ascending channel and everything is fine. , Passing through the Ascension Channel only means that you are qualified to participate in the Ascension Contest. Those who want to truly gain a foothold in the Lingwu Continent can only get a good ranking in the Ascension Contest. You? Haha, I I advise you not to be embarrassed."

Ye Chen's face sank when he heard the words, and he looked at Huang Can coldly. He finally understood what Yong Lao meant, and he didn't expect to be ridiculed by others just when he came here!

Huang Can saw Ye Chen's expression and smiled disdainfully: "You look at me like this because you want to do it? Haha, you might be a genius in Kunlun Xu, but I tell you, in Lingwu Continent, you are not even a fart. You are now an ascendant, protected by the power of the law of your plane in a short time, but after you shot me, the power of the law can't protect you anymore."

"But..." Huang Can suddenly changed his voice. "Although I said it more directly, it is for your own good. You are low in strength and participate in the Fairy Rising Competition. Not to mention winning rankings or even losing your life. I urge you to quit. , I think you are pitiful, if you are willing to hand in your wealth, I can let you join my Dengxian Pavilion, as a handyman disciple, for you such a low-born ant practitioner, it is very big Chance!"

Seeing that Ye Chen's complexion became calmer, Huang Can couldn't help being quite proud. This kid must have taken the bait!

Ye Chen said indifferently: "What are you worthy of asserting that I can no longer get a place in the Immortal Competition?"

How about Dengxian's access? What about the advanced realm? Even if Xianzun is here, Ye Chen will never back down!

He just killed the Gunfire Immortal Venerable!

It is a nightmare for countless people from the Western Regions!

Others will bow to this kind of person, he won't!
