

URBAN MEDICAL GOD

Chapter 17: How difficult is a beauty formula?

Suna took a napkin, stepped back, and said proudly: "I want to see, this is another shameless man who wrote you a love letter!"

"you give me!"

This is a gift from Ye Chen to Sun Yi. It is of great significance to Sun Yi, and naturally cannot be taken away by Su Na.

"Oh, the reaction is so intense, it must be something shameful."

Suna took the napkin and ran to the corner. She thought it was something nasty, but unexpectedly it was an inexplicable prescription.

There are five characters on the top of the key!

Seeing these exaggerated words, Suna suddenly laughed out: "Haha, Sun Yi, Sun Yi, are you crazy? This is still a junior Zhu Yan Dan, why don't you say it is an elixir for life? I guess who was the brain-dead who wrote this to trick you into going to bed, is it possible that you really thought it would save the company?"

After finishing speaking, Su Na directly threw the napkin on the ground and stepped on her foot heavily.

The prescription of the elementary Zhanyan Pill also broke in half!

Sun Yi's eyes were red, even if this thing was fake, it was the only thing Ye Chen gave her!

If Ye Chen went back to the countryside quietly because of what happened in the morning, this would be her only thought!

Is she so qualified to laugh at Suna?

What right to ruin!

Sun Yi rushed over, and even pushed Suna to the ground, then carefully picked up the torn napkin in two and held it in her palm.

"Smelly bitch, you dare to push me! Push me for a piece of torn paper!"

Su Na stood up angrily. Just about to start, the door of the conference room was suddenly pushed open, and the whole world seemed to be quiet.

Su Na couldn't take care of everything, she hurried back to her position and gave Sun Yi a vicious look.

"Let's go and see!"

Although Su Na is not afraid of being in the Huamei Group, she does not dare to make any mistakes at this moment, because the president of Huamei Group Xia Ruoxue is here!

Everyone looked up at the door, and found a beautiful suffocating face.

Bai Shengxue, willow leaf eyebrows, high nose bridge, eyes like a puddle of clear water, her own elegance and elegance, her eyes have a hint of coldness and arrogance, like a high fairy, looking down at the mortals of the world.

All the women present, and even Sun Yi did not dare to meet these eyes.

Xia Ruoxue's straight waterfall-like hair leaned down and touched her waist. Her lower body was a pair of beige slacks, tightly wrapped around the rounded area.

A pair of black high heels are stepped under the slender and straight thighs. As a result, the height is even more than 80% of the men in the conference room.

Every time she took a step, the pair of white rabbits on her chest trembled slightly, towering tall, eye-catching, and imaginative.

No loss is one of the three beauties in Jiangnan Province!

Xia Ruoxue came to the top position, and then left a report on the conference table.

"You are very clear about the theme of today's meeting. I want to know why after so many years, the products of Huamei Group are still stagnant!"

Her voice was exceptionally cold, which made everyone in the room nervous.

Xia Ruoxue was angry for a reason. Five years ago, she was dissatisfied with the marriage arranged by her parents and left directly from the top family Xia family in Jiangnan Province! Regardless of the mother's dissuasion, he came to Jiangcheng, a place of right and wrong!

At that time, in Jiangcheng, no company dared to develop here, it was because the Ye family was destroyed!

But she Xia Ruoxue didn't believe in this evil, she made a beauty empire by herself!

She tried to rely on the Huamei Group to let her parents give up that marriage!

But now her five years of hard work is about to be in vain, can she not be angry!

The entire conference room was silent, and no one was standing at gunpoint.

Xia Ruoxue put her arms around her chest, glanced at everyone, and then said: "Is all dumb? Or, what happened today is Xia Ruoxue alone!"

Everyone in the conference room felt cold, and they didn't dare to stand up even if they wanted to stand.

At this moment, Sun Yi stood up: "President, I am mainly responsible for what happened today. The marketing department did not respond quickly when the incident happened. Moreover, the sales of Huamei Group in the second quarter were higher than the first. The quarterly decline of 10% is due to my negligence."

Xia Ruoxue glanced at Sun Yi, nodded, not angry.

Sun Yi was pulled up by her with one hand, and she is impeccable whether she does things or behaves.

She glanced at the people in the R&D department with their heads down, and snorted coldly, "Let a woman stand up and take the main responsibility? The men in your R&D department eat dry food?"

"For three whole years, Huamei Beauty Oral Liquid has not been upgraded! Is your R&D department really planning to smash your laurels?"

The tip of the gun is pointed at the R&D department!

A few seconds later, an old man stood up. He is a professor at the Capital Medical University and has a good understanding of Chinese medicine formulas.

"Mr. Xia, what you said is really correct. Our R&D department has very few new products in recent years, but you don't know. We have researched all the formulas for beauty, and we really can't find a better substitute. ."

As soon as this remark came out, another medical master Xu from stood up: "Mr. Xia, we really want to contribute to the Huamei Group. Our R&D department even went to all over the world to spend a lot of money on formulas, but From ancient times to the present, there are really few beauty

formulas. Even if we go through the ancient books, we can't find a suitable one."

"Yes, Mr. Xia, you are not in the pharmaceutical industry. You don't understand how rare beauty formulas are in China."

With several veterans taking the lead, a large number of people in the R&D department stood up and cried.

Xia Ruoxue also frowned, she also knew that these people were right, but she was really unwilling.

Did you just give up like this?

Honestly, return to Jiangcheng to accept that marriage?

At this moment, another R&D manager also stood up and explained: "Mr. Xia, I just received a notification from my friend that Li Xing was able to rise mainly because they acquired a formula overseas. It is said that one hundred million was spent, and the beauty oral liquid they released was adapted from this formula."

Xia Ruoxue's eyes lit up and she quickly said, "In this case, we will also go overseas to collect formulas. One hundred million is not enough, but two hundred million, two hundred million is not enough, five hundred million!"

Everyone in the R&D department shook their heads, somewhat helpless.

If the recipe is so easy to find, how could it happen today?

When everyone was downcast, Su Na, the director of the public relations department, stood up: "Oh, how difficult is a beauty formula? I heard that Director Sun is holding a sky-high price formula. There seems to be another one. It's a nice name, Zhuyan Dan, you can stay young forever after eating it~"

Hearing these words, everyone took a breath.

Zhu Yan Dan!

This is a recipe lost in ancient times.

Is it really there?
