

Urban Medical 1711

Chapter 1711: 0 Inheritance of Poison Lord!

At this moment, a ball of light appeared in Demon Saint's hand, and he ran into Ye Chen's mind actively and merged into one.

There are countless memories in Ye Chen's mind, these memories contain the techniques of the demon saint, as well as the secret techniques!

It's just that he can't understand some, extremely obscure.

"Ye Chen, the next thing, I can only rely on you, if you want to go out, the fire dragon will naturally take you away."

At this time, the body of the demon saint faintly shattered, and his body could not last long.

Ye Chen looked at the demon saint's about to shatter body, quite moved.

A generation of peerless powerhouses, at the last moment, still does not forget their mission.

Such a strong man deserves Ye Chen's respect!

boom!

The body of the demon saint shattered suddenly at this moment, without a trace of vitality.

Ye Chen stood up and walked out of the wooden house. At this time, Liang Xueyue came to him and said, "Ye Chen, what is the seal, how is the situation now? I always feel wrong."

When Liang Xueyue asked, Ji Lin and Chen Feng also looked curious.

"Lingwu Continent will be unrest soon, the blood soul race that was once sealed will swept over, and the demon saint has already left!"

They will know these things sooner or later.

However, a few people don't know the past, let alone the origin of this so-called blood soul clan.

But from Ye Chen's tone, I also feel how troublesome this so-called blood soul clan is!

At this moment, the fire dragon came to Ye Chen's side, and the fire dragon's eyes were full of tears.

Want to come to the demon saint to die, it has already felt it.

Ye Chen followed the fire dragon to the exit and came out from the inside. Ye Chen took a look and found that the air was filled with the smell of blood.

"It seems that a part of the blood soul race has already ran out of the void passage."

Ye Chen murmured, killing is indispensable!

...

Ye Chen and Liang Xueyue walked in the summer arbitrarily and found the bodies of many warriors.

These corpses are without exception, their hearts have all been excavated!

All the blood disappeared!

Death is extremely hideous.

"This...what the **** is going on!"

Even the so-called blood soul clan would not dig out the heart, right?

Chen Feng watched a chill, and was able to dig out his heart. How abnormal are these people!

"Let's keep going!"

Ye Chen's eyebrows were locked tightly, and he didn't say much, he wanted to find the Killing Sect as soon as possible.

In the current Demon Saint Secret Realm, everyone is in danger, and I don't know how many strong people have fallen.

However, Ye Chen discovered that Liang Xueyue and Ji Lin did not move.

"What's the matter?" Ye Chen stopped and asked.

Liang Xueyue hesitated for a few seconds and still said: "Ye Chen, you should know the biggest reason why Ji Lin and I came to the Demon Saint Secret Realm..."

"We are not here for the inheritance of the demon saint, but for poison..."

Because of killing the disciple, Liang Xueyue did not continue.

Ye Chen slapped his forehead, suddenly suddenly!

Ji Lin's innate poisonous body, and even Liang Xueyue's acquired poisonous body, need an inheritance in the secret realm!

Not from the demon saint!

Other people!

He glanced at the few people behind him, and then asked Chen Feng to take them to find the disciples of Killing Sect.

The purpose of coming this time is not only for the inheritance of the demon saint, but also for the inheritance of Ji Lin.

The inheritance of the Thousand Poison God Lord hasn't been inherited by Ji Lin, how could Ye Chen leave willingly.

Soon, after Chen Feng and the others left, only Ye Chen, Liang Xueyue and Ji Lin were left.

"Ye Chen, I have found a little clue that the inheritance of God Sovereign Thousand Poison lies in Winterland."

Hearing Liang Xueyue's words, Ye Chen nodded slightly.

If it hadn't been for the inheritance of the demon saint, Liang Xueyue and Ji Lin would have already sought the inheritance of the Thousand Poison God Sovereign.

For the inheritance of the demon saint, the two of them were less interested in it.

"Okay, let's check it out in Winterland."

Now that they had found their way, the three of them went straight to the winter ground without stopping.

Now the rules in the Demon Saint Secret Realm have disappeared, and the three of them walked directly from the sky.

Merge everywhere, and the three of them will be there in no time.

Half an hour later, Ye Chen saw the poisonous gas in front of him strolling through the mountain.

A towering mountain peak is full of terrifying poisonous gas, not only that, but there is a vaguely poisonous repair, and it keeps moving forward.

The three of Ye Chen fell from the sky, and the poisonous gas all over the sky made him frown.

As for Liang Xueyue and Ji Lin, they didn't feel any at all, and they were even comfortable.

For poison repair, these poisonous gases are the best place to practice.

"Ye Chen, I have a hunch that this is where the inheritance of God Sovereign Thousand Poison lies."

Liang Xueyue had an excited look, her pretty face was flushed, and her heartbeat kept accelerating.

"Well, let's go in, don't let others get on the ground first."

At present, Ye Chen's physical body and the surrounding poison gas had no effect on him at all.

The three people walked into the mountain and found some poisonous insects flying around, and even some poisonous snakes hovering on the branches, waiting for their prey.

Along the way, Ye Chen saw a lot of corpses, these corpses were poison repairs, some were killed by humans, and some died under poisons.

The road ahead was covered by poison gas, and they couldn't see clearlyYe Chen and the others could only move forward cautiously, but he felt the strangeness of Ji Lin.

He discovered that these poisonous gases had involuntarily entered Ji Lin's body.

Be part of her.

Extremely weird.

Seeing this scene, Ye Chen was shocked secretly, if Ji Lin practiced in this for a period of time, his strength would definitely skyrocket.

Walking from the foot of the mountain to the mountainside, Ye Chen didn't know how many poisons he had solved during this period.

After reaching the mountainside, the terrifying poison gas made Ye Chen's body feel a bit uncomfortable.

The field of vision in front was completely invisible, and at this moment, a sword light suddenly appeared in front of Ye Chen.

"court death!"

A cold expression flashed through Ye Chen's eyes, and then he slapped it.

boom!

The sword light disappeared, and there was a jitter on the ground.

"You two, be careful, someone is lying in wait."

The eyes around me couldn't see clearly at all, and the divine mind didn't work at all here.

Liang Xueyue and Ji Lin nodded slightly and looked around carefully.

The ghostly figure shuttled beside Ye Chen and the others at extremely fast speed.

Ye Chen stood motionless, a whistling sound came from his ear.

At this moment, he stretched out an arm, bent his five fingers, and blasted out with a fist.

boom!

"what!"

A scream came and a person fell to the ground.

Ye Chen took a look and found that it was just the peak of the Hunyuan realm and grabbed his neck directly.

With a grimace mask on his face, Ye Chen tore it off directly.

Stabbed!

A face without any blood color appeared in front of Ye Chen, with black pus on his cheeks, looking abnormally terrifying.

"Since you want to kill people for treasure, why not stand up!"

Ye Chen grabbed his neck and roared loudly.

Chapter 1712: Ancient stele!

There was definitely more than one person just now!

"Let go of my third brother, or you will die without a burial place."

At this moment, two people appeared in front of Ye Chen, also wearing grimace masks.

Ye Chen noticed the breath a little, and found a Hedao realm first-level sky and a sixth-level sky.

This point of combat power can only be regarded as a medium existence in the Demon Saint Secret Realm.

If you are more careful, you will protect yourself, but in front of Ye Chen, this strength is not enough.

"In front of me, I knocked my head ten times. If I want to be in a good mood, I may not be able to let him go with compassion."

These three people obviously treat them as prey!

"Second brother, don't talk nonsense, you hold him, I will solve this woman."

In their eyes, Ye Chen didn't take Ye Chen seriously, after all, a mixed element realm rubbish, kneading at will.

"it is good!"

After making up his mind, the second child came directly to Ye Chen, sneered at the corner of his mouth, and raised his arm.

After this slap, he believed that Ye Chen would die directly!

It is too simple to torture and kill the Hunyuan Realm for the strong in the Hedao Realm.

But the next second, the second child was stunned!

Ye Chen actually grabbed his arm directly, and then exerted a slight force.

"Crack!"

His bones shattered directly, and Ye Chen kicked it out!

At this step, a huge force came.

The second child's chest was sunken and his ribs were broken.

One kick directly caused him to be seriously injured!

"An ant-like thing, I don't know where you have the courage to shoot at me."

There was a cold smile in the corner of Ye Chen's mouth, looking at him as if looking at an idiot.

Presumably this group of people also came for the inheritance of God Sovereign Thousand Poisons.

Even indifferent to everything that happened in the Demon Saint Secret Realm.

"Second brother!"

The boss was originally fighting Liang Xueyue, his strength surpassed Liang Xueyue, and Liang Xueyue needed to protect Ji Lin, which was extremely easy.

Liang Xueyue had been pressed and beaten by him, and it was only a matter of time to take her down.

But who knows, my own brother was defeated in an instant!

"who are you!"

A look of horror flashed in the eyes of the boss, and he moved away from Liang Xueyue.

"Ye Chen!"

The shadow of the famous tree!

In a word, the headed boss's face changed drastically and he knelt down!

Who doesn't know Ye Chen's name in the Western Regions?

This is a **** of murder, slaughtering millions of warriors in the Western Regions.

How could they possibly shake this evil spirit by poison repair!

"My lord, the three of us don't know Taishan, please forgive us."

As a strong man in the sixth-tier heaven of the Hedao Realm, only fear was left in his eyes.

In the eyes of others, the Hedao Realm Sixth Level Heaven is good, but it can be regarded as a fart in Ye Chen's eyes!

Ye Chen killed the six levels of the Hedao Realm, is there still less?

What about the dignity of the strong?

He naturally knew which dignity was more important than his own life.

In fact, Ye Chen didn't expect that the other party was so lacking in backbone.

The boss headed at this moment kept kowtow, and even blushing blood spilled over his forehead!

"It's not impossible to spare you, hand over things and become my puppet."

Any existence that dared to pose a threat to Ji Lin would only be ruthlessly strangled by Ye Chen.

Since the other party didn't make any more moves, Ye Chen didn't bother to care, he didn't have time to waste here.

The inheritance of God of Thousand Poisons must be obtained by Ji Lin!

"This.....!"

The headed boss is completely confused. It doesn't matter if you hand over the treasure, you can rob others, but become a puppet...

"Why? If you don't want to, you can send you on the road now, and your things are still mine."

With a word, Ye Chen completely let go of his thoughts.

"The villain Zhang Yuan is willing to be the puppet of the adults."

Zhang Yuan took out the treasure without hesitation, and even forced a drop of blood to Ye Chen's hand.

After Ye Chen made the contract, he let go of the two of them and asked for their names, only to know that the pus-faced person was Wang Hailin and the other was Li Feng.

"My lord, if you are looking for the inheritance of the Thousand Poison God Lord, I suggest you give it up. On the top of the mountain, there are already strong people in the good fortune realm."

Zhang Yuan spoke respectfully from the side, who didn't want the inheritance of God of Thousand Poisons.

These people are all poison repairers, and they came here to pass on, but Zhang Yuan and the others, also knowing how many catties they are, can only give up robbing halfway through the mountain.

Ye Chen frowned, it was not easy to deal with the strong of good fortune realm.

Although there are not many poison repairs, there are always a few people who have cultivated to a good level.

"I have my own plans for this!"

In any case, Ye Chen always had to fight for Ji Lin's future.

Seeing Ye Chen saying so, Zhang Yuan was too embarrassed to say more, after all, he was just a slave now.

There is a natural restriction in this poisonous peak, they can't fly in the void, or they would have fallen on the top of the mountain.

The closer to the top of the mountain, the more powerful the poison gas, Ye Chen took out the anti-drug pill and put it in his mouth.

As for Liang Xueyue and Ji Lin, they didn't care about them at all, they were comfortable.

It was about to reach the top of the mountain, and the poison in it was getting stronger and stronger, and there were all in the seventh layer of Hedao realm.

However, it was still destroyed by Ye Chen At present, only top gods can threaten him.

It took three hours to finally reach the top of the mountain.

On the top of the mountain, Ye Chen saw ten top gods and three good fortune realms, and there were many Hedao realms and Hunyuan realms beside them.

These people gathered around a stone monument, whispering, as if they were talking.

"Ye Chen, let's go and take a look!"

Liang Xueyue was already a little impatient, she could feel the aura left behind by God Lord Thousand Poisons.

This is definitely where the Thousand Poison God Lord inherits.

Ye Chen nodded slightly, and the three people walked over. As for Zhang Yuan, they were waiting.

The three of them had already given up, the inheritance of the Thousand Poison God Sovereign, there were many strong men present, and they could easily kill them.

Although the inheritance is good, it also requires fate.

Ye Chen's appearance brought a lot of shock, no way, he was a celebrity in the Western Regions.

The warriors of the Western Regions basically know Ye Chen's appearance!

Wanted by the major forces in the Western Regions, it's hard not to be famous.

In the Demon Saint Secret Realm, none of these creation realms and top gods have passed.

In their eyes, the inheritance of Thousand Poison God Sovereign is the most important.

Ye Chen glanced at the stone tablet and found that there was a technique written on the stone tablet with a line of small characters at the bottom.

To gain inheritance, you must comprehend this technique.

He could tell at a glance that this exercise was only part of it.

This is a practice, not a practice of poisoning, but a practice of practicing the body.

"This... really is the place where the Thousand Poison God Lord inherited?"

Ye Chen glanced at Liang Xueyue. You must know that God Sovereign Thousand Poison is a Poison Cultivator, how could there be a body-refining exercise?

"I... I don't know either!"

Now Liang Xueyue is also confused, the aura remaining in it is definitely not wrong, but why is it a body training?

Chapter 1713: I know!

"Forget it, let's go one step at a time now!"

Ye Chen didn't think too much about it, maybe the God Sovereign Thousand Poison had also practiced his physical body.

Ye Chen took a look at this technique, and felt that he was broad and proficient, able to condense flesh and blood for a short time, and explode twice the effect.

Now Ye Chen finally knew why these people didn't cultivate.

They are all old poisonous cultivators, where do they know how to train their bodies?

Even a person like Ye Chen who specializes in cultivating the flesh can't figure it out for a while.

Ye Chen sat down cross-legged, staring at the ten prescriptions of blood energy, quietly began to comprehend.

Everyone present was about to give up, seeing Ye Chen cultivating, suddenly lowered their voices.

They know that Ye Chen has always been good in this aspect of the body, and they may not really be able to comprehend it.

At that time, they will be able to take a closer look.

The strong in the good fortune realm, wishing someone could practice, take them in.

They are the most promising inheritance of the Thousand Poison God Lord.

After all, the people present are not as strong as them.

Ye Chen sits for three hours, and his brows are sometimes frowned and sometimes stretched.

Four hours later, Ye Chen stood up, a bloodshot condensed in his hand.

"open!"

Ye Chen roared, and suddenly the whole mountain shook, and a secret room appeared in front of him.

This trace of blood, like a key, fell into the door of the secret room and opened it directly.

In an instant, everyone present was excited. Some Hunyuan Realm couldn't control the excitement in their hearts and rushed in frantically.

The powerhouses in the good fortune realm and the co-dao realm did not move one by one.

Who knows if there is any danger inside? Let these ants explore the way first.

"Ye Chen, should we go in now?"

Liang Xueyue came to Ye Chen's side and said.

She could feel that the moment the secret room opened, the aura left by God Lord Thousand Poison became more and more intense.

The inheritance of God of Thousand Poisons is definitely in it.

"go!"

Ye Chen decided to go in and looked at Zhang Yuan and the others.

"My lord, you go, we will wait outside."

Zhang Yuan spoke with embarrassment, they didn't want to go inside to die.

Who knows what the **** is in it, and Ye Chen wants the inheritance of the Thousand Poison God Sovereign, and he will definitely fight the creation realm by then!

Ye Chen took a look and didn't say much, but rushed in with Liang Xueyue and Ji Lin.

Zhang Yuan saw Ye Chen and the others leave, wiped the cold sweat on his forehead, for fear that Ye Chen had just killed them with a single sword.

You know, they are puppets, not following the master, which is disrespectful.

"Boss, Ye Chen has entered now, shall we leave?"

Wang Hailin ran up to Zhang Yuan and said secretly in his ear.

"Still, wait a minute!"

Originally, Zhang Yuan also wanted to escape, but this idea passed away in a flash.

Ye Chen went inside, he felt nine dead for a lifetime, but who knows if this frightening existence in the Western Regions will come out alive.

...

Ye Chen and Liang Xueyue walked inside and found that there was no danger, instead there was a black pool of water.

There was a terrifying poison gas in the pool, which made Ye Chen dare not approach it.

Some weak-strength Hunyuan realms jumped in, and were instantly poisoned to death, with their bodies still floating on the water.

Ye Chen raised his head and glanced around, and found that there was still a stone tablet, there must be a secret room, but he needs to continue to understand.

Ye Chen couldn't bring up any interest in Poison Pond at all, he was not a Poison Cultivator himself.

"Ye Chen, I can feel that if I soak in the pool water, my poison can rise to the next level."

These poisonous gases are highly poisonous to others, but in front of Liang Xueyue and Ji Lin, they are completely tonic.

"Go in, be careful!"

Because Ji Lin was a congenital poisonous body, Ye Chen didn't need to worry at all.

When Liang Xueyue and the others jumped into the pool, he came to the stone tablet and continued to comprehend.

The strong in the good fortune realm and the co-dao realm came in one after another, and when they saw the pond water, they rushed in directly.

People like them don't have any worries.

These old poison repairmen frantically absorbed the poison gas in the pool water, only to stay for a while, suddenly frowned.

They discovered that the poisonous gas around them was becoming scarcer and scarce. They opened their eyes and found that most of the poisonous gas was concentrated in Ji Lin.

A small part was condensed next to Liang Xueyue.

How can they agree to this situation?

This is an opportunity, and now that the opportunity is snatched away is tantamount to the hatred of seizing a wife!

"Damn, if this goes on, we won't get any benefits!"

One of the Seventh-tier Heavenly Heda Realm powerhouse stood up, looked at Liang Xueyue, a fierce expression flashed in his eyes.

He was full of poisonous gas, and his aura condensed into a poisonous snake, sticking out his tongue, and flew towards Liang Xueyue.

"Puff!"

Liang Xueyue had been cultivating with all her concentration, but she was suddenly attacked, a mouthful of blood spurted out, her face pale.

"mean!"

At a critical moment, the Seventh Floor of Hedao Realm unexpectedly attacked her!

"You two have absorbed all the poisonous gas here, get out!"

One person shot, a series of clamors sounded next to everyone is selfish, and no one wants to give up the opportunity.

The surrounding quarrels caused Ji Lin to wake up from his practice.

She realized that Liang Xueyue's eyes were rosy and tears were about to flow out.

"Jilin, let's go!"

With so many people, Liang Xueyue and the others have no ability to compete.

Liang Xueyue and Ji Lin could only be forced to leave helplessly, and some screams could be heard.

"Sister Xueyue, shall we just change hands like this?"

Ji Lin's eyes were angry, these people were too much.

If you don't have the ability, you will use this despicable method.

"What can you do? Don't tell Ye Chen about this."

Liang Xueyue knows Ye Chen's character, and once you let him know it, she will definitely be furious. It doesn't matter who you are.

In this situation, Ye Chen had no benefit at all to offend these people.

As time passed bit by bit, Ye Chen woke up from the practice, and glanced at the pool water, and there was no figure of Liang Xueyue and others.

"what happened?"

Ye Chen stood up and came to Liang Xueyue and the others.

"It's okay, we have already practiced!"

Liang Xueyue spoke with a smile, but Ye Chen saw the tears in the corner of her eyes and Ji Lin's unhappy look, he knew something must have happened.

"Say it!"

Ye Chen stared sharply at Liang Xueyue.

"Really...really okay..."

Liang Xueyue found that Ye Chen had been staring at her intently.

"Ye Chen, these people are too mean!"

At this moment, Ji Lin couldn't bear it, and directly stated the cause and effect.

"I know this!"

There was no expression on Ye Chen's face, he just touched Ji Lin's hair.

Chapter 1714: deterrence!

"Forget about it, it's not good to have a conflict with them now!"

Liang Xueyue hurriedly spoke to dissuade her, but she found that Ye Chen came to the pool regardless of her concern.

There was no anger on his entire face, but anyone who knew Ye Chen knew it.

Ye Chen is really angry now!

If someone scolds him, he doesn't care, but he is never allowed to scold Ji Lin!

The dragon will die if it touches the scales!

He promised Ji Siqing to take good care of Ji Lin, and he must hand Ji Lin to Ji Siqing completely in the future!

In order to return the five years of Kunlun empty feelings!

"The people who drove away the two of them, get out of here!"

Ye Chen's voice was mixed with spiritual energy, and his words made the people cultivating in the pool wake up one by one.

Cultivation was interrupted, and every one of Ye Chen's eyes became unkind.

"Ye Chen, what do you want to do, there is me in it, what can you do to me!"

At this moment, a grumpy He Dao Realm second-tier sky blasted Ye Chen angrily.

He didn't know the things in the Demon Saint Secret Realm at all, otherwise he wouldn't be the first bird to kill him now.

In his eyes, Ye Chen just has some means, even if he breaks through the Hunyuan Realm, what about?

With so many powerhouses present, they could suppress Ye Chen.

"well!"

There was a sneer at the corner of Ye Chen's mouth, and a magical instrument in his hand appeared.

"Years kill the sword!"

At this moment, Ye Chen did not hesitate to burst out the killing intent in his body, and raised the sword in his hand.

A sharp sword light rushed away suddenly!

Stabbed!

One sword was so fast that it made people unable to see clearly, only a puff was heard.

The head of the person who clamored just now had fallen into the pool, and a headless corpse fell instantly!

hiss!

The powerhouses in the He Dao realm took a breath.

Could it be that Ye Chen has reached the stage of torture and murder?

Even a strong man in the third layer of the Hedao Realm would not dare to say that he could kill the second layer in a flash.

The whole scene is silent!

A pair of eyes stared at Ye Chen!

"Who else, stand up!"

In a word, no one dared to speak, Ye Chen had already proved his strength just now with a sword.

"How? Do you dare not be it?"

Ye Chen sneered and called Liang Xueyue over.

Liang Xueyue looked at some people with anger in her eyes.

She naturally knew what Ye Chen called her over!

Liang Xueyue pointed to a strong man in the three-tiered heaven of the Affinity Realm.

"No... Without me, I really didn't mean it!"

At this moment, he was completely scared. Just now everyone clamored, and he couldn't help but say a few words.

If he were alone, he would naturally dare not speak to Liang Xueyue.

After all, Liang Xueyue's strength is also in the fifth layer of the Hedao Realm.

Ye Chen did not speak, but simply raised the sword in his hand, and the sword fell.

The people who clamored at the beginning, a bitter chill, pierced their whole bodies from head to toe.

Kill the third layer of the Hedao Realm with a single sword!

Who knows if Ye Chen can kill the fourth layer of the Hedao Realm with a single sword?

The unknown is the most terrifying!

"Little brother, just forget it!"

An old poison repairman in the good fortune realm suddenly spoke.

The strong in the good fortune realm spoke, and everyone thought Ye Chen would stop.

After all, he is a good fortune realm, and he still has to give more or less face.

Everyone hoped that the strong fortune realm would take action and directly pinch Ye Chen to death.

"What are you? Ye Chen, do I want to listen to you!"

Ye Chen's words are extremely arrogant!

Everyone looked at Ye Chen with different eyes.

Only then did they remember that Ye Chen was a lunatic!

As long as he provokes Ye Chen, he doesn't care about the consequences at all, otherwise he won't turn the entire Western Regions upside down.

"you!"

The strong good fortune realm, with a look of anger, just about to kill Ye Chen, who knew that two strong good fortune realm stared at him.

As long as one shot, I am afraid it will be stopped instantly.

"Old Mo Chen, it's not your business, let's forget it!"

The two good fortune realms stared at him, even though Old Mo Chen had resentment in his heart, he could only suppress it.

Ye Chen sneered, he naturally had some confidence to say so.

These people need him if they want to open the secret room.

How could it be possible for Old Demon Chen to kill him?

Even if Ye Chen asked Good Fortune Realm to kill these people, his brows would not blink.

Who can cultivate to their level, who doesn't have thousands of lives in their hands?

When Old Mo Chen gave up, everyone was completely desperate!

If the good fortune realm is strong, who can suppress Ye Chen?

Liang Xueyue pointed out one by one, Ye Chen didn't hesitate at all, and cut it out with one sword.

Soon the entire pool was stained blood red.

After everything was resolved, Ye Chen watched Ji Lin and the others enter the pool.

At this time, no one had any objections, Ye Chen's killing method, who would dare to continue to say?

After an hour, the pool water was completely free of poisonous gas, and everyone looked at Ji Lin enviously.

In the scene, Ji Lin's cultivation base was the lowest, but who knew that she would get the most benefits.

Next, Ye Chen continued to open the secret room, and some treasures appeared, and everyone began to fight frantically.

After breaking open five secret rooms in a row, the surrounding air is mixed with the smell of blood. With more and more treasures appearing, there will naturally be fighting!

Killing is inevitable!

"Ye Chen, I have a feeling that there must be the inheritance of the poisonous lord in the sixth secret room."

With an excited look on Liang Xueyue's face, she and Ji Lin also obtained some poison repair treasures.

Naturally, no one dares to fight for these treasures!

"It is good!"

Ye Chen nodded slightly, broke open the secret room directly, and a group of people rushed in mightily.

The three of Ye Chen and Ji Lin followed behind.

Upon entering the secret room, Ye Chen first saw a headless corpse.

His body exudes a frightening atmosphere, and beside it, there is an intact body filled with poisonous gas.

"Thousand Poison God Lord!"

There was a bright light in the eyes of Old Mo Chen, and this corpse was definitely the **** of a thousand poisons.

Tears surged in Liang Xueyue's eyes, and the **** of a thousand poisons was equivalent to her ancestor.

When everyone was different, the corpse of God Sovereign Thousand Poison actually stood up little by little.

Ye Chen frowned. Could it be that the Thousand Poison God Sovereign was also resurrected from the dead?

"I am the pet of the god, the blood-eyed poisonous toad. If you want to gain the inheritance of the owner, you can rush out of the poison array!"

When everyone was shocked, Thousand Poison God Monarch's pet spoke.

At this moment, everyone understood that it was a monster controlling the body of God Lord Thousand Poison.

About Thousand Poison God Lord, they probably all have some understanding, knowing that there is a mount, it is the blood-eyed poison toad.

Unexpectedly, God Lord Thousand Poisons died, and the blood-eyed poisonous toad was still alive.

The blood-eyed poisonous toad controlled the dead of Poison Lord, and with a big wave, a black pattern suddenly appeared under their feet.

Ye Chen looked back at the first glance.

"Jilin, you two are careful about everything."

As soon as Ye Chen's voice fell, the formation turned, enveloped by a black light curtain.

Chapter 1715: Hand over Ji Lin!

Ye Chen couldn't intervene in the things inside, and everything could only depend on them.

Ye Chen found that the blood-eyed poisonous toad did not pay attention to him, and walked to the headless corpse.

If he guessed correctly, God Sovereign Thousand Poison must have practiced the Ten Alchemy of Blood Qi, otherwise he would definitely not be able to walk in.

Ye Chen didn't know how powerful the headless corpse was before death, but it must be an extremely terrifying existence.

He has thoroughly learned the Ten Alchemy of Blood Qi.

Ye Chen took a closer look and found that all the organs in the headless corpse had disappeared, leaving only an empty shell.

Who on earth killed him?

This method is too cruel. It cuts off people's heads and hollows out everything inside.

Even if you kill, you don't have to do this kind of thing, right?

Ye Chen studied for half an hour and found nothing, and decided to wait for Ji Lin and the others to come out.

"Little guy, you use the Ten Alchemy of Blood Qi, try!"

The blood-eye poison toad's voice suddenly spoke.

Ye Chen didn't know what it was, but the monster beast that had lived for thousands of years would not tease him.

A bloodshot came out of his finger and found that the bloodshot had entered the headless corpse uncontrollably.

Hum!

There was a sound from the headless corpse, Ye Chen no longer hesitated, bloodshots melted in.

Ye Chen saw that the blood vessels of the headless corpse were filled with his bloodshot eyes.

At this moment, the headless body's fingers moved slightly.

"Alive?"

Ye Chen's eyes widened, almost not shocked!

A good corpse, the fingers can move.

This is not even the head and all the internal organs.

Ye Chen sent more and more bloodshot eyes, and his entire face became pale.

Click!

I don't know how much blood was transferred, the headless corpse stood up little by little, walked behind Ye Chen, motionless!

"Senior, what's the situation?"

Ye Chen didn't understand, so he had to ask the blood eye poison toad.

"The owner has already discovered the existence of this corpse, but the battle was not used at the time. He can now listen to your orders."

The words of the blood-eyed poisonous toad made Ye Chen overjoyed, he just didn't know how to deal with the good fortune realm.

Now it's totally dozing off to give pillows!

Ye Chen intends to take action in times of crisis, after all, he has obtained the ten alchemy of blood and energy, which can be regarded as accepting the inheritance of the gods.

"Thank you senior!"

Ye Chen bent slightly towards the blood-eyed poisonous toad.

"No, I don't want the offspring of the master to die here!"

In a word, Ye Chen understood thoroughly, and the blood-eyed poisonous toad spoke, completely looking at Liang Xueyue's face.

He directed the corpse to continue lying down, time passing bit by bit.

At this moment, there was a loud noise from the poison array.

boom!

The poison formation was shattered, a figure appeared, Liang Xueyue held the unconscious Ji Lin and appeared in front of Ye Chen.

"what happened?"

As soon as Ye Chen saw Ji Lin unconscious, his anger was about to explode.

"Ji Lin gained the inheritance, but those people were despicable and shameless, and they secretly shot, but Ji Lin didn't suffer much damage, he just passed out temporarily."

Liang Xueyue's expression was not very good either, obviously because of protecting Ji Lin.

This time, although she did not gain the inheritance, she also received some benefits.

Moreover, relying on her relationship with Ji Lin, the inheritance of God of Thousand Poison is the same to everyone.

Ji Lin will definitely tell her then!

"okay, I get it!"

Ye Chen suppressed the anger in his heart, these people actually dealt with Ji Lin for their own benefit!

The inheritance is over, and one by one, the powerful people of the same Dao state come out.

Their faces were so ugly that they were inherited by a little girl in the Divine King Realm!

They only feel that the cultivation of these years has been done to the dog.

Shame!

It doesn't matter if it is better than Ye Chen, now even a little girl can't compare it.

Can't wait to find a piece of tofu to kill!

"Ye Chen, hand over the little girl in your hands!"

A top **** spoke angrily, since the inheritance did not choose them, he could only **** it by force.

When the three powerful people of good fortune came out, they also looked at Ye Chen with a bad expression.

They must obtain the inheritance of the thousand poison gods.

Eight top gods and three good fortune realm experts, and 30 Hedao realm stared at Ye Chen.

"Ye Chen, what shall we do now?"

Liang Xueyue said anxiously. In this case, if Ji Lin were not handed over, they would die forever.

She understood Ye Chen's character, how could she give it up?

Rather Stick to your guns!

Liang Xueyue is now ready to die in battle.

"Relax, leave everything to me!"

Ye Chen stepped forward and looked at these strong men without the slightest fear.

"The chance doesn't belong to you, now I want to take it forcibly? A group of old guys, really shameless!"

A word made these people's faces fierce pain.

What is chance? Those who are destined get it!

Ji Lin can get it, that is her fate!

Now these people have no fate and want to force him to hand it over!

"Ye Chen, I advise you to hand over this little girl, otherwise no one can save you!"

Old Mo Chen stood up and spoke directly. He had already seen Ye Chen not pleasing to his eyes. If Ye Chen didn't need to open the secret room, how could he tolerate it until now?

Now that Ye Chen's value is gone, they naturally don't have to worry!

"Yes! Hand it over, the inheritance of the Thousand Poison God Sovereign, a **** of the God King Realm, unworthy!"

Old Mo Chen spoke, and the others echoed, and the scene suddenly became lively.

The blood-eyed poisonous toad didn't say a word in the body of God Lord Thousand Poison, as if tacitly acquiescing everything!

Ye Chen knew that he couldn't count on the Blood Eye Toad.

"Hahaha! A group of despicable and shameless people want me to hand it over unless they step on my body."

Now that he had made up his mind, Ye Chen was not keeping his hands, and he took out the Hedao artifact in his hand.

Sword intent erupted, and an unyielding fighting intent filled the surroundings madly.

Even in the face of so many strong people, why be afraid of them?

Ye Chen clenched the Hedao artifact, and the ghostly figure rushed over.

A dazzling sword light dazzled everyone's eyes!

Stabbed!

With one sword down, a martial artist in the fourth-tier heaven of the Dao Realm fell directly.

"kill!"

Old Demon Chen roared, his hands entwined with poison gas, and he rushed over frantically.

With the breath of the heavens in the good fortune realm, the suppressed Ye Chen couldn't breathe.

"Ten Alchemy of Blood Qi!"

Ye Chen whispered at the corner of his mouth, and the headless body suddenly stood up!

When the headless body stood up, everyone's eyes were dull.

Is this corpse still alive?

The breath of the headless corpse made everyone fearful and afraid to act rashly!

Old Mo Chen had an embarrassed look. He wanted to make a move, but when he saw the corpse of the gods, he backed away.

He can feel the danger of this corpse!

Definitely more threatening than Ye Chen!

The key is why this little beast can control the things beside Thousand Poison God Lord?

Chapter 1716: The power of the corpse!

Outside the secret.

A girl in red with a hot body was pacing back and forth.

The girl is the Zi Ning of Xuan Yuezong.

Zi Ning sent away Ye Chen's friend, thinking that Ye Chen would appear when he came to the agreed place, and then went to Xuanyuezong to complete the trial with her.

However, Ye Chen seems to have evaporated!

I can't find it at all!

How many days have it been!

She even suspected that Ye Chen had been secretly killed!

Fortunately, she was completely surprised when she inquired nearby!

The Secret Realm of Demon Saint is open!

"I'm afraid this little boy went to the Demon Saint Secret Realm!"

Top Best AI for Forex Trading 2024

"This Ye Chen is also true, no matter how good the secret realm is, what benefits can he get from a mixed origin realm!"

"Now even the sect affairs are delayed! The head of Cang Ye may be angry when he sees Ye Chen."

"How should this be good."

The more Zi Ning thought about it, the more things went wrong, she didn't know what Ye Chen was doing inside.

With Ye Chen's temperament, I am afraid that he has offended many people again!

In the next second, she stopped hesitating and stepped into the secret realm.

The restriction of the Demon Saint Secret Realm has been opened, and there is no restriction on cultivation base, she can naturally step into it.

Not long after Zi Ning left, two old men with fairy charm came to the entrance of the secret realm.

The jade plates on the waists of these two people read four characters-Wanjian Emperor Palace!

They came from Xuan Yuezong to look for Ye Chen's Azure Sword Immortal Venerable and Frost Sword God!

If it hadn't been for Ye Chen's entry into the secret realm and the aura was temporarily obscured, they would have found here long ago.

Fortunately, the seal of the Demon Saint Secret Realm was lifted, and Ye Chen's breath was revealed again.

"Qing Jian, if we can't find Ye Chen anymore, we will have to go back. The crisis of the Ten Thousand Sword Emperor Palace, the longer the delay, the more dangerous."

The Frost Sword God spoke.

Azure Sword Immortal Venerable nodded: "Sword God, please rest assured, Ye Chen must be inside, and the seal has been lifted, I am afraid that the inheritance of the Demon Saint Secret Realm has been obtained, and he should come out."

"We just have to wait patiently here."

The Frost Sword God nodded, put his hands behind him, closed his eyes, and the ethereal breath made many powerful men fear!

Among the crowd, the strength of his Frost Sword God is enough to crush everything!

In his eyes, Good Fortune Realm is nothing more than ants!

This is the sword god!

Those strong men waiting outside dare not say a word, for fear that this strong man will open his eyes and kill them directly!

They didn't even dare to approach the Frost Sword God and Azure Sword Immortal Venerable!

...

In the secret realm, the place where a thousand poison gods inherit.

Watching the appearance of the headless corpse, Old Mo Chen stepped back slightly, and even wanted to find a seam to get in directly.

What a shame!

"Who wants to seize the opportunity now, stand up!"

Ye Chen stood in place, like a **** of war!

No one can shake!

Now, who dares to regard Ye Chen as a powerhouse in the Primordial Realm Realm!

Ye Chen's terrifying strength, coupled with this headless **** corpse, would be the first to stand up.

The consequences are extremely disastrous!

Even if they could hurt Ye Chen, they would definitely pay a great price!

not worth it!

None of the people present dared to take action anymore, and the aura from the main headless corpse was too terrifying.

The atmosphere is extremely solemn!

There was a stalemate for a while, a Heavenly Powerful One of the Good Fortune Realm still couldn't resist the temptation of the Thousand Poison God Lord's inheritance, and said: "This corpse is just a strong breath. Don't be afraid, let's do it together!"

After the good fortune realm is finished, he bears the brunt, and seems to want to play a leading role.

However, his figure rushed forward, but no one followed.

To put it bluntly, everyone first let him get to the bottom, whether he can fight before, let's see the situation!

The old demon of the good fortune realm also knows the thoughts of these people, but has rushed out, it is impossible to lick an old face and go back?

"court death!"

Ye Chen commanded the headless corpse, and saw his palm slapped down.

The figure of the old demon in the good fortune realm was directly imprisoned.

Although the strength of the headless **** corpse has not been fully recovered, it is in the inheritance of Thousand Poison Lord.

His power is blessed here, and it is infinitely amplified!

If it is outside, it may not necessarily be the opponent's opponent!

But here, what about this strong fortune realm!

"Do not!"

A miserable roar came, and the palm of the headless corpse fell directly, and the terrifying power shook to the extreme.

The strong man in the realm of good fortune flew out on the spot!

A mouthful of blood was spit out.

At this moment, the whole world seemed to be extremely silent!

No one would have imagined that a strong person in the good fortune realm could not even stop the slap of a headless corpse!

Because of fear, they didn't notice that the aura of the headless corpse was declining.

The blow just now was almost the strongest blow of the headless **** corpse combined with the strength of this thousand poisonous gods.

What Ye Chen has to do is to shock everyone!

Now it is obvious that the effect has been achieved!

run!

For a moment everyone no longer hesitated. In this case, no one could tell that Ye Chen's ability to command the headless corpse was an invincible existence.

Everyone fled, but Ye Chen didn't chase him, after all, Ji Lin was still injured.

"Let's go."

Ye Chen thought for a while and there is no need to stay here After all, Ji Lin has inherited it.

Just when he was about to leave, the blood-eyed toad that had not spoken said:

"Boy, your fate, I can't see through."

"But I know the fate of the girl in your arms."

"You protect her well."

"Her strength will one day make Lingwu Continent tremble."

"The congenital poisonous body will not choose people casually."

Ye Chen was startled, glanced at the blood-eyed poisonous toad, and said, "Thank you."

The blood-eyed poisonous toad didn't speak, and closed his eyes, as if it turned into a stone sculpture.

...

Outside the secret room, Zhang Yuan, Li Feng, and Wang Hailin waited quietly.

"Boss, it seems someone has come out!"

Li Feng suddenly said, Zhang Yuan stood up immediately and found a top **** flying out.

"Fuck, what's the situation, boss, let's run!"

Wang Hailin panicked completely, the top gods all fled, how could Ye Chen still come out.

"hold on!"

Zhang Yuanyi gritted his teeth and decided to wait for a while. They were outside and saw a powerful man with a well-known Dao realm, his expression panicked, as if he had encountered a horrible existence.

boom.

A strong good fortune realm suddenly ran out, his face was no different from the expression of a martial artist in the same way.

"Big...Big brother, what's the situation!"

Wang Hailin was so scared that both legs were trembling, and only three good luck realms entered.

Even if other good fortune realms are inherited, he doesn't need to look like hell, right?

"You ask me, where does I know!"

Zhang Yuan slapped him on the head, and the shock in his heart was not much less.

However, what happened next made them unforgettable forever.

Several figures walked out of the darkness, it was Ye Chen, Liang Xueyue and others who were holding Ji Lin.

Chapter 1717: Blood of the Blood Soul Race

Strangely, Ye Chen did not run, but was extremely indifferent.

But the eyes of those strong in the good fortune realm and the combined Dao realm looked at Ye Chen, but they were terrified!

Could it be... these people fled in embarrassment... Ye Chen was afraid?

Isn't this guy Hunyuan Realm?

At this moment, the hearts of the three of them set off a great wave, and even Ye Chen didn't dare to say a word when they came out.

Ye Chen ignored the three of them, but placed Ji Lin carefully on the ground, and pointed a finger on Ji Lin's brow.

He wanted to use his true energy and spiritual power to make Ji Lin wake up sooner.

However, when his power entered Ji Lin's body, an extremely terrifying poison spread.

"bump!"

Ye Chen's hand broke free in an instant, and his eyes looked at Ji Lin in horror.

He discovered that Ji Lin had an extremely terrifying power in his body.

Could this be what Ji Lin got in the inheritance of the Thousand Poison Lord?

Ye Chen looked at Liang Xueyue, who also shook his head and said: "Although I have also entered the inheritance, but for a long time, the God of Thousand Poison only communicated with Ji Lin."

"Between them, I don't know what happened."

"No, I was wrong. The Thousand Poison God Lord had already become the Thousand Poison Evil God, and the inheritance is far more terrifying than imagined."

"And all this inheritance is weighed on a little girl."

"It's Ji Lin."

"When Ji Lin wakes up, I'm afraid her strength will truly grow."

"Even surpassed you in a short time."

"Give her some time to absorb those inheritances."

Ye Chen felt that what Liang Xueyue said really made sense, so he stood up and went in one direction:
"Let's go, the secret realm should also end."

"I still need to go to Xuan Yuezong and Wanjian Emperor Palace."

But soon, Ye Chen stopped. His eyes glanced at the terrified three people in the corner and said directly:
"If you don't have a place to go, then join an organization called Killing Sect."

After speaking, Ye Chen and others disappeared into the sight of the three.

...

A few hours later, Ye Chen and the others finally came to the site of Killing Sect and found that the three hundred people who had originally condensed, there were only more than one hundred at present.

When everyone saw Ye Chen, they hurriedly greeted him, knelt before him, and said, "Young Master!"

"Huanglong, tell me, what's the current situation!"

Huang Long happened to be one of the Heavenly Powerhouses of He Dao Realm.

"My lord, we have been waiting since the demon saint inheritance was opened, but we encountered a demon beast in the middle of the journey, and suffered heavy casualties. During this time, some guys who claimed to be the blood soul clan appeared and killed a lot!"

"Where is there a blood soul race in Lingwu Continent? We have never heard of it."

"The methods of the key group of guys are extremely strange..."

Ye Chen's eyes were shining with cold light, and it seemed that part of the blood soul race had come out of the opened channel.

But the strength should not be considered too strong.

Otherwise, the killing sect would have been destroyed long ago.

Right now, the seal was unlocked, and he couldn't close it, so he could only take one step to see.

"First take a day off, and leave the Demon Saint Secret Realm tomorrow!"

At this moment, Ye Chen spoke and took out the healing pill to allow the injured disciple to recover as soon as possible.

Now the Demon Saint Secret Realm can no longer stay, and now the seal is unlocked, I don't know how many blood soul clan powerhouses will emerge.

One day passed quickly, and the rules in the Demon Saint Secret Realm had completely disappeared.

They don't need half a day to leave.

Liang Xueyue hugged Ji Lin and followed Ye Chen.

Ye Chen glanced at Ji Lin, knowing that she would not wake up in a short time, and shook his head helplessly.

He really couldn't figure out why Ji Lin wanted to fight like this?

What is she hiding?

From seeing Ji Lin in Lingwu Continent, he always felt that Ji Lin had something to hide from him.

The previous naivety was much less, replaced by a strange heaviness.

What is this heaviness and pressure?

Ye Chen did not force Ji Lin to speak out.

If Ji Lin wanted to, he would definitely choose to tell him.

Just when everyone was about to leave the Demon Saint Secret Realm, a sound that shook the sky and the earth sounded.

In the next second, Ye Chen saw the thick blood qi above the sky.

This blood seems to come from hell.

Blood Soul Race!

When Ye Chen's sight saw the source of the sound and blood energy, even though he had prepared himself, he was slightly shocked.

There is only one exit to leave the demon saint secret realm, and the blood soul clan powerhouse obviously also knows.

Specially let people guard here, this obviously wants to wipe out the strong in the Demon Saint Secret Realm in one fell swoop.

Ye Chen waved his hand to make everyone stop. There were at least a hundred strong blood soul clan in front, and one strong man of the third layer of the good fortune realm was sitting.

If they rushed past, I am afraid that no one but Ye Chen would be able to go out alive!

"Ye Chen, there are too many blood soul races here, we can't just rush out, and we can only wait for the strong from the Western Regions."

Liang Xueyue spoke next to Ye Chen. In this situation, no one can go out due to any power alone!

"Let's find a place to hide first!"

Ye Chen arranged for everyone as night fell, he decided to go out alone to inquire about the situation.

Everything about killing the sect was directly handed over to Liang Xueyue, and the major forces in the Western Regions would definitely go out, and one day they would meet them.

The ghostly figure of Ye Chen walked in the bushes like a ghost in the dark night. He raised his head and glanced ahead and found two blood soul races stationed.

The strength of the two blood soul races is only the fourth layer of the He Dao realm, and he can deal with it alone at present.

In the blood soul race, you can see the slaughtered warriors, and the blood soul race **** the blood of the warriors little by little, as if the world is delicious.

Ye Chen is hidden in the bushes, and currently he can only wait for the lonely Blood Soul Race.

After waiting for half an hour, Ye Chen finally saw a blood soul clan and walked out slowly, obviously drunk.

The Blood Soul Race came to the bush step by step, getting closer and closer to Ye Chen's position.

At this moment, Ye Chen found the right time to shoot directly, mobilizing the spiritual power in his body, burst out frantically, and slapped it over!

This slap directly hit the blood soul clan's head, slapped him faint.

Ye Chen grabbed his arm, turned and left, found a place one kilometer away from the Blood Soul Race, and directly woke him up!

The strength of this blood soul clan is not strong, only the third layer of the Hedao realm. Seeing Ye Chen's first glance, he immediately drew out a crystal clear war knife with a fierce look.

Ye Chen was expressionless and slapped his cheek with a slap.

"Snapped!"

The blood soul clan powerhouse obviously did not expect that someone would dare to act on him, and a pair of **** eyes stared at Ye Chen angrily.

"You dare to move me, you know the origin of my blood soul clan! Sooner or later you will kill all of you humble ants."

Chapter 1718: opportunity!

"I advise you to let me go, otherwise, you will die."

"My **** Hanlin can't be moved by your humble ants!"

Xue Hanlin is completely confident!

Ye Chen glanced at Xue Hanlin, didn't know where the strange flower came from, it seemed that he didn't recognize the situation clearly.

"I want to see how hard your bones are!"

Ye Chen gave a sneer at the corner of his mouth, took out an artifact of Hedao, and slashed his calf with a sword!

Stabbed!

Xue Hanlin's bones snapped and broke directly. At the moment of breaking, a scream broke out.

Fortunately, there is a distance from the base camp of the Blood Soul Race, otherwise his cry would have attracted the power of the Blood Soul Race to check it out!

Ye Chen took the Hedao artifact and fell with one sword and one sword. In less than a quarter of an hour, Xue Hanlin could no longer hold on.

"Don't fight! Don't fight! I'll tell you everything you want to know!"

Originally, Ye Chen thought Xue Hanlin was a hard bone, who knew he couldn't hold on for half an hour.

"How many people from the Blood Soul Clan came from the Void Passage this time, and how many are strong in the good fortune realm."

Xue Hanlin glanced at Ye Chen timidly, and then abruptly said: "This time the leader is the Blood Soul Race, Master Blood Shock, who has the strength of the third layer of the good fortune realm, and there are 30 top gods. There are 1,000 people in the Hedao realm and 3000 in the Hunyuan realm!"

Hearing Xue Hanlin's words, Ye Chen frowned, and there were more people coming than he thought.

A third-tier heavenly powerhouse in the good fortune realm is already tricky enough, and there are still thirty top gods.

At present, there are only a dozen top gods in the Demon Saint Secret Realm.

Even if the powerhouses of the major forces are assembled at that time, they will suffer heavy losses if they want to rush over.

"You should still rely on our Blood Soul Race, and become the puppets of the Blood Soul Race. It is better than death!"

As soon as Xue Hanlin's voice fell, Ye Chen reversed his sword and drew it directly.

Snapped!

Going down with this sword made Xue Hanlin's whole body dizzy and staring at Venus.

A slap also made Xue Hanlin completely honest, and he did not dare to talk too much.

Ye Chen thought secretly, surrendering to become a puppet? how can that be!

It's just that they have the strength to kill the sect, even if they wait for the major forces to come over and rush over together, there will be very little that will eventually survive!

Ye Chen looked at Xue Hanlin and continued to inquire about something.

This time the void passage opened, and Xue Zhen and some people were the first to wake up and step out.

Next, with the influx of energy from the Lingwu Continent, the sealed powerhouses will gradually wake up.

For Ye Chen, this is bad news, they have no time to continue to consume it.

At present, the Demon Saint Secret Realm is the most dangerous place. Once a strong man in the middle or late stage of the good fortune realm comes over, he can kill anyone in seconds.

"My lord, if you want to leave, I have a way!"

At this time, Xue Hanlin said that although he is a strange flower, he also knows that the current life is in Ye Chen's hands.

Whether you can survive or not depends on what Ye Chen meant!

"If you really have a way to spare your life, it doesn't matter!"

A lowly capable blood soul clan, Ye Chen could kill it with his hand, not paying attention at all.

"Our blood soul clan has a secret technique that allows you to have the breath of the blood soul clan for a short period of time, and you may be able to pass the test."

After Xue Hanlin finished speaking, Ye Chen did not speak. If he could pretend to be a blood soul race and enter the exit, it was indeed a way.

It's just that once they are discovered at that time, they will not have any chance to escape from the blood soul clan's base camp.

Ye Chen thought about it for half an hour, and gritted his teeth for the last time, deciding to seek wealth and wealth.

They don't have much time. The more they stay for one day, the more dangerous they will be.

"Are there any side effects from this secret technique? Is there a time limit!"

"My lord, the secret technique has no side effects, but there is a half hour limit."

Xue Hanlin said flatly, as for betraying the blood soul race? He has not much thoughts now.

The most important thing now is to save his own life!

"Half an hour!"

Ye Chen whispered in the corner of his mouth, only half an hour, time is a little tight, if everything goes well, it will be enough!

"My lord, the secret technique is here, check it out for yourself!"

Xue Hanlin also knew how to observe words and colors, and he knew that his heart was moved by looking at Ye Chen's expression!

Ye Chen took it, took a closer look at the technique, and found that there was no problem, and the cultivation was simple.

It only takes half a day to master!

"My lord, look, what should be said and what should not be said, I have told you, can you spare me a little life!"

Ye Chen ignored Xue Hanlin and turned to leave.

Seeing that Ye Chen actually intended to let him go, Xue Hanlin exhaled a long breath, his eyes turned from fear to coldness.

The technique he gave to Ye Chen is true, but Ye Chen also has his life to go out alive!

Once he informed Lord Xuezheng, Ye Chen would definitely die!

However just as Ye Chen disappeared, a light flashed.

The violent power abruptly shot into Xue Hanlin's eyebrows!

Xue Hanlin's eyes widened, and he stretched out his finger to point at Ye Chen and said, "You actually regret it..."

"Sorry, I don't like to leave threats."

"What's more, you are not dead. You are a puppet for me first, it is still useful to me."

...

Ye Chen came to the hiding place of Killing Sect with the **** Hanlin with hollow eyes.

"Ye Chen, how is it, have you found out clearly!"

"This person is?"

At this moment Liang Xueyue came over and stared at Ye Chen. Not only her, but the warriors of the Killing Sect stared at him with expectant eyes.

Now Ye Chen is the backbone of the killing sect. As long as Ye Chen is alive, the killing sect will never disperse.

"I have found out the news clearly. Even if the major forces are assembled and rushed over, they will suffer heavy casualties."

Ye Chen's words dimmed everyone's expressions, even though they came to the Demon Saint Secret Realm, they were already ready to die.

But if you can live, who wants to die!

"You don't need to despair. I got a secret technique from the blood soul clan, which can have the breath of the blood soul clan for a short time, but there is a time limit, only half an hour, if we are lucky, we can also enter the entrance and exit. ."

"As for this guy by my side, it is the key to our departure."

Ye Chen's words undoubtedly brought great hope to everyone, as long as they can have a glimmer of life, try it anyway.

"Everyone rests first, and when they fight, we will leave!"

What we can do now is to wait for the major forces to break out of war before they have the chance to get through.

Ye Chen and the others are waiting for one day!

On this day, the forces of the Western Regions gathered together and decided to rush out.

They can't wait or consume.

Chapter 1719: Kill a blood path

"kill!"

The good fortune realm of the major forces gathered together and decided to rush out.

In an instant, the war broke out, and the sound of fighting continued, and blood dripped on the ground, quickly staining blood red.

Ye Chen did not go out and continued to hide.

Now they only need to wait for an opportunity, as long as the opportunity is sufficient, they will rush out!

The two sides fought for a period of time, and both sides suffered casualties, because the blood soul race had a powerful person in the third layer of the good fortune.

Suddenly, the two sides drew a tie, after all, there were also five strong good fortune realms among the major forces.

Although it can't defeat the third layer of the good fortune realm, it can still hold it.

The fight outside was hard to separate, and the major forces did not rush out in the first wave and could only retreat.

At this time, Ye Chen's opportunity came!

Now the blood soul clan is counting the casualties, and every blood soul clan powerhouse is busy.

Now for Ye Chen, this is the best opportunity!

"Everyone uses secret techniques!"

At this time, Ye Chen spoke directly, and within three minutes, everyone in Killing Sect was full of blood.

No different from the strong blood soul clan!

Next to Ye Chen followed Xue Hanlin, as long as Xue Hanlin dared to inform, he would be able to kill immediately.

Killing more than a hundred people, following Ye Chen and Xue Hanlin, swaggered into the resting place of the Blood Soul Race.

At this moment everyone can see that some blood soul races are absorbing the blood of the warriors of the Western Regions!

The methods are extremely cruel.

The Blood Soul Race was busy here, and didn't care about Ye Chen and the others.

Ye Chen and the others went very smoothly along the way, and they were only less than 500 meters away from the exit.

At this time, a blood soul clan powerhouse from the sixth level of the Hedao realm came to Xue Hanlin's side.

"Xue Hanlin, where have you been in the past two days!"

Xue Hanlin glanced at Ye Chen, with a panicked look on his face, forcibly resisting the anxiety in his heart, smiled and said, "Man, these two days..."

Before Xue Hanlin finished speaking, the blood soul clan powerhouse in front of him waved his hand and said directly: "You take these people and go outside to guard, maybe those humble ants will sneak attack."

Ye Chen frowned slightly, and now let them go outside to guard, I am afraid it will be directly exposed to everyone's sight.

Xue Hanlin glanced at Ye Chen with embarrassment.

This situation suddenly appeared at this moment, no one expected it!

Now Ye Chen had no time to hesitate, came to Xue Hanlin's body, and blasted out with a fist.

boom!

With a fist, Master Man was unprepared, directly causing him to be seriously injured, and his whole body was dying.

Now they are only 500 meters away from the exit. Even if they are found, they have a great chance to rush over.

The sound of fighting here attracted the attention of the Blood Soul Race in an instant.

Because of time constraints, Ye Chen's blood spirit race aura disappeared completely!

When they recovered, the blood soul clan exploded in an instant.

These blood soul races began to frantically surround everyone, as for Xue Hanlin already dumbfounded.

Now Ye Chen and the others have revealed that even if Xue Hanlin can survive, he will definitely die when he is tracked down!

Selling the blood soul clan is a capital crime!

"Cold Bing Jianjue!"

Ye Chen was holding a cold sword, a frightening aura burst out with a sword, and cracks appeared on the ground faintly.

The power of the law of ice rushed out crazily, and the blood soul clan expert couldn't help backing two steps.

The breath that Ye Chen burst out was too terrifying!

Thousands of miles in ice with a sword!

boom!

Raise the sword in his hand and go down with this sword to kill at least one hundred strong blood soul clan.

A gap appeared in the surrounding people, and Ye Chen roared, "Go!"

The distance of five hundred meters is not far, Ye Chen and the others only need five breaths of time!

One breath, two breaths, and three breaths are getting closer and closer to the exit. At this moment, three terrifying breaths suddenly fly in.

Ye Chen frowned, and the blood soul clan powerhouse of half-step good luck came forward!

"After I come to break, you leave quickly!"

At this moment Ye Chen spoke directly, and now he has no time to hesitate.

"Ye Chen!"

Liang Xueyue turned to look at Ye Chen, wanting to stay.

Ye Chen kicked Liang Xueyue who was holding Ji Lin directly into the entrance and exit!

One after another, people rushed into the entrance and exit, not many 100 people, many rushed in.

At this time, three half-step strong men had already arrived, and their aura directly locked on Ye Chen.

Ye Chen took out ten Hunyuan fairy artifacts and two Hedao artifacts!

At present, he can only rely on a thousand soldiers burst!

The headless corpse has no poisonous gas, and it is difficult to exert all its power!

"The humble ants disguised themselves as our blood soul race, unforgivable!"

One of the half-step good fortune experts of the blood soul clan roared and waved his big hand out!

The terrifying breath made Ye Chen feel a huge pressure.

The blood soul clan's powerhouse is above the same realm, and is far stronger than the current warrior in the Lingwu continent!

Is it the secret method of the Blood Soul Race?

"Years kill the sword!"

Ye Chen gritted his teeth and waved the sword in his hand.

His figure has been locked. The chance of getting into the entrance and exit is too slim.

At this time, he can only fight to the death!

A brilliant sword light fell in an instant, but the half-step fortune powerhouse of the blood soul clan grabbed this sword light and directly crushed it.

Then a fist hit Ye Chen's chest!

The power of this blow actually surpassed the good fortune realm one level!

too horrible!

Ye Chen's whole figure flew out and turned over to stabilize his body.

The power of the blood soul clan is not high, but the power alone is too strong!

Ye Chen had found more and more blood soul races, and began to form an encirclement.

Now he has entered a desperate situation!

Ye Chen endured the pain and stood up with difficulty. At this moment, he must calm down.

The more you panic, the faster you die!

He currently wants to enter the channel, only to defeat these three half-step strong fortune.

The key is that the power of these three people is close to the heavens of Good Fortune Realm!

At present, his strength can't do it, but the aftermath of the explosion of a thousand soldiers can cause a certain amount of chaos!

This was also the only chance Ye Chen could rush into the exit, and he only had this chance.

If it were the second time, these blood soul clan powerhouses would definitely be alert!

Thinking of a way, Ye Chen looked at the three half-step good fortune powerhouses, and then threw the Hunyuan Immortal Tool and Hedao Divine Tool toward them.

Seeing this scene, the three half-step strong fortunes frowned. Does this humble ant know that he can't escape and wants to please them with these weapons?

That is to say, the blood soul clan didn't know Ye Chen's method, if he let the warriors of the Western Regions see it, he would have already fled.

"A thousand soldiers exploded!"

Ye Chen murmured in his mouth, that is, at this moment, those Hedao artifacts and Hunyuan artifacts made a buzzing sound.

Chapter 1720: Am I here in time?

"what's the situation!"

The three half-step good fortune experts have not figured out the situation now, and are still looking up.

boom!

In an instant, it exploded in an instant, and within the scope of the explosion, there was a scream of not knowing how many blood soul clan experts.

The limbs that were shattered in an instant flew in the void.

Ye Chen didn't have any hesitation, turned around and wanted to escape. When will he not run now!

The three half-step strong fortunes were caught off guard and suffered serious injuries, but for them, it didn't matter.

The three of them are strong fortune in half a step, with a look of anger. Although there is nothing wrong with them, they are injured by a Hunyuan realm three-layer sky, how to put their faces!

Later, others knew how to raise his head in front of the strong blood soul clan.

"Since you are here, don't even think about running!"

When Ye Chen was about to step into the exit, an indifferent voice came from the void.

Ye Chen's expression changed drastically, and the powerful person in the third layer of the good fortune realm made a move!

In the void, a huge handprint suddenly fell, and the terrifying aura made Ye Chen no ability to resist.

Huh!

Before the huge slap fell on Ye Chen's body, he already felt the power of terror.

Ye Chen's mouth overflowed with blood, and he had no ability to resist in the face of the powerhouse of the third-tier heavens in the good fortune realm!

The gap is too big!

Moo!

At this time, there was a cry of a cow, Ye Chen looked up, and the sky barbarian green cow appeared!

Roar!

There was a roar in the void, and the red firework unicorn appeared!

"Who dares to kill the inheritor of the master!"

The Chi Yanhuo Qilin roared, and the flames burst out instantly.

The Tianman Green Bull went down with a hoof, and the huge palm print disappeared instantly.

"What do you want to do, don't forget our previous agreement!"

At this time an angry voice came from the void!

The powerhouses in the good fortune realm of the blood soul clan were very angry at the obstruction of the Tianman Qingniu.

If it weren't for the strength of the Sky Barbarian Blue Bull, the blood soul clan powerhouse would have killed them a long time ago, so why need any agreement!

"You can kill anyone, but you can't kill the young master!"

At this moment, Tianman Qingniu spoke, Ye Chen got the inheritance of the demon saint, and they said that the young master did not have any problems.

Ye Chen let out a deep breath, since Tianman Qingniu and the others are here, he won't be in any danger anymore.

Unless the blood soul clan is a strong person in the good fortune realm, he wants to tear his skin!

Otherwise it is absolutely impossible to shoot!

Tianman Qingniu talked with the blood soul clan powerhouse for a while, and finally the powerful aura in the void receded.

Ye Chen knew in his heart that the blood soul clan powerhouse had obviously compromised, otherwise he would not retreat.

The Tianman Green Bull and the Chi Fireworks Qilin came to Ye Chen and turned into two old men.

"Little Lord!"

At this moment, the two old men knelt on one knee and looked at Ye Chen respectfully.

The demon saint had left a last word long ago, and once the inheritance is truly obtained, they need to assist the inheritor.

"Two seniors, hurry up!"

Although Ye Chen probably understood what it meant, he didn't dare to ask for it.

After all, these two monsters are both powerful in the good fortune realm.

Ye Chen was just a junior in front of the two good fortune beasts. If it weren't for them just now, he might be a dead person now.

"Young Master, this is not a place to talk, let's leave first!"

At this moment, Tianman Qingniu stood up and said!

The surrounding Blood Soul Race had already retreated, but in their base camp, who knew if the Blood Soul Race powerhouse would change their minds.

"it is good!"

Ye Chen nodded lightly and followed the old man into the entrance and exit.

The figures of the two old men have disappeared.

Just when Ye Chen was about to step in, an extreme danger struck!

He swept away his consciousness and found that behind him appeared a monstrous arrow that swept through countless blood!

The speed of the monstrous arrow is terrifying to the extreme!

Came behind Ye Chen in the blink of an eye!

Ye Chen never thought that the blood soul clan powerhouse would turn back!

So despicable!

The key is all this is too sudden, Ye Chen can't react at all.

Moreover, the power of this monstrous arrow is in the third layer of the good fortune realm!

Obviously, the blood shock of the blood soul clan wanted to kill himself!

Just at this moment, a charming laugh sounded in Ye Chen's ear: "Senior brother, your concept of time is not good, senior sister has waited too long..."

In the next second, Zi Ning appeared beside Ye Chen, smiled slightly, and waved his big hand.

Numerous petals entwined the whole body!

Converged into a huge flower shield!

"bump!"

The monstrous arrow collides with the flower shield!

The two extreme forces make the surrounding air seem to tear apart!

Soon, everything dissipated!

There was even a "Huh" voice in the void. The blood shock of the Blood Soul Clan obviously did not expect that there was a strong person who wanted to protect this kid!

But with that woman, it is obviously difficult for him to move Ye Chen!

"Humph!"

With a cold snort, Xue Zhen still disappeared!

In his eyes, a boy in the Primordial Realm clearly couldn't make waves!

When more blood soul clan powerhouses wake up, the entire Lingwu continent will become the **** of blood soul clan!

At this moment Ye Chen looked at Senior Sister Zi Ning in surprise, wishing to kiss her!

Zi Ning came too in time!

"Do you want to say that Senior Sister came in time?" Zi Ning's charming voice sounded.

Ye Chen was startled, but nodded.

Zi Ning gave Ye Chen a white glance, and said with an annoyance: "You are ashamed to say that you promised me to get it done in a few days. Look, it's been a few days now! I'm afraid this time I return to Xuan Yuezong, the head of Cang Ye will be angry! "

"Forget it, let's go out first, no more delay!"

In the next second, Zi Ning took Ye Chen and left directly!

Although she blocked the blow, for some reason, she always felt something more terrifying.

Must leave as soon as possible.

...

Ye Chen looked around and found that he and Senior Sister Zi Ning had come to a sea area, and at the moment they were above the sea area.

The two elders Tianman Qingniu and Red Firework Qilin both conceal their breath.

After all, this is not a demon saint secret realm, it is better to keep a low profile outside.

Ye Chen looked around, suddenly his eyes were filled with anger!

He saw Liang Xueyue and Ji Lin everyone trapped by countless warriors!

At this moment Liang Xueyue obviously also saw Ye Chen, and hurriedly said, "Hurry up!"

Beside Liang Xueyue and the others, there are warriors from all major forces.

Originally, Liang Xueyue and the others came out of the exit, thinking they were safe, but who knew that as soon as they came out, they would encounter warriors from various forces.

Liang Xueyue and Ye Chen had friendships for a long time, and the major forces had already investigated them.

When they saw everyone in Liang Xueyue, they went out without hesitation and directly trapped them.

Ye Chen didn't listen to Liang Xueyue's words, the people outside the demon saint secret realm didn't even know.

This time, there were not too many strong people who came to respond, and the strongest was no more than a good luck realm second-tier heaven.
