Chapter 1801: Ye Chen is dead? ?

I don't know how long it took, in the **** vortex, a little purple-red light gradually condensed, slowly moving towards Ye Chen.

Ye Chen frowned slightly, and the feeling of tearing on his body was extremely strong.

Even his immortal body is like this, I am afraid that most people have been ruthlessly torn up long ago!

What should I do?

At this moment, Ye Chen heard the sound of dragons!

Blood Dragon Phantom!

The blood dragon is the ancient blood dragon god!

These **** blood may have miraculous effects on the blood dragon!

Ye Chen stopped hesitating, and directly let the blood dragon rush out of his body!

The dragon chants resounded above the Tianchi, and the blood surged, as if afraid of something!

In the next second, the blood dragon plunged directly into the pool of **** blood!

A huge vortex is forming!

The blood dragon is absorbing crazy!

Ye Chen's eyes were happy, and he thought of Xiao Huang!

Xiao Huang's real body is the ancient lion **** of war!

Although there is no ultimate evolution, this blood zone must have a miraculous effect on Xiao Huang's evolution!

And Xiao Huang, like the blood dragon, can definitely withstand the power of this blood zone!

"Xiao Huang, come out! There is something good!"

A beast roar trembled, and Xiao Huang turned into a real body and appeared beside Ye Chen.

The blood of God flooded Xiao Huang's body.

After a long time, Xiao Huang poked his head out and glanced at Ye Chen with quite a enjoyment:
"Master, this blood has a miraculous effect on my blood! If I completely absorb the energy in it, it might be able to inspire me. An evolution."

Ye Chen's eyes were happy, nodded, closed his eyes, and also began to absorb the power inside!

All three of them are evildoers!

An evildoer may not be able to withstand the backlash of the blood zone!

But three evildoers, what can this blood zone shake them!

.....

At this moment, outside the Tianchi, Fen Tiangang and the burly old man stood side by side, Fen Tiangang frowned, looked at the restriction not far away, his eyes were solemn, and said to the elder: "Why hasn't Ye Chen come out yet after so long? "

"Also, I seemed to have heard the sound of two monsters?"

The expression of the great elder at this time, but it seemed a lot more relaxed, he shook his head at Fen Tiangang, smiled and said: "No one can persist in the blood zone for so long, that Xuan Yuezong kid, I am afraid, Has fallen into this Heavenly Lake."

"As for the sound of the monster beast you hear, it is probably an illusion in the blood zone."

"I told him a long time ago how dangerous it is to enter the blood zone, and remind him to do what he can, but what about him?"

arrogant and ignorant, but with a little talent, do you really think of yourself as a god? If I accepted my suggestion at the beginning, I wouldn't end up like this. Unfortunately, it is too late to regret now. "

Time is passing madly!

Ye Chen, has been in this sacred blood zone for seven days!

This is already, approaching the highest record in history!

If Ye Chen is still alive, it is undoubtedly a miracle, but the reason why a miracle is a miracle is because miracles do not happen so easily!

This Xuanyuezong disciple must have already died in the blood zone of the gods, even though he died in the blood zone of the gods, it is also a defilement of the blood of the Tianchi.

But, it's better than letting this kid go out alive. He has already explained what he has to say. If Ye Chen dies, it's completely because of his self-defense!

.....

At this time, Ye Chen was completely immersed in a wonderful state. The countless purple-red light points merged into Ye Chen's body little by little, and every light point merged into Ye Chen's body, Ye Chen's breath. , It will rise for a while, and at the same time, a strange rune will flash across his forehead.

runes covered the eyes of the devil, and he did not dare to approach it.

Blood Dragon and Xiao Huang opened their eyes to look at Ye Chen from time to time.

After all, Ye Chen is their master, they can't absorb all the resources, instead leaving the master without resources.

Fortunately, Ye Chen's state is getting more and more prosperous, Xiao Huang and Blood Dragon did not hesitate, and continued to absorb frantically!

No one knows how much Xiao Huang and Blood Dragon have absorbed!

And Ye Chen!

The countless purple-red light spots have gradually formed a wonderful technique!

In the sea of blood, Ye Chen's body was already flowing a layer of purple-golden light, and the purple-red light spots surrounding Ye Chen were almost completely absorbed by Ye Chen.

.....

Two days later, outside Tianchi, Fen Tiangang looked at Tianchi, gradually losing hope. He had a very good impression of Ye Chen.

Moreover, he also thinks that Ye Chen is a very talented evildoer, but now, even he has to admit that Ye Chen, almost certainly, fell in this Heavenly Lake.

He came this time, but he wanted to wait for Ye Chen to come out of Tianchi before introducing his daughter to Ye Chen! This kid can't just die like this!

Burning Tiangang had also entered Tianchi in the past, but he only stayed in the light red area, but, even so, he knew how terrifying this Tianchi blood was!

Although the effect is extremely strong, it can strengthen the foundation and improve the physical fitness, but it is also extremely dangerous. If one is not good, the body will be torn by the divine power in the blood!

Ye Chen has now spent nine days in the Tianchi Divine Blood Zone and has broken the record of the Hidden World. Of course, if he is still alive.

Sun Yang is still standing beside Fen Tiangang. At this time, Sun Yang, there is no half of his injuries on his body. Not only does his injury recover, but his aura is more than several times thicker!

The whole person faintly exudes a powerful spirit like the blazing sun on the sky I dare not look at it!

Sun Yang, at this time, the cultivation base had gone a step further, already very close to the realm of good fortune, and he would be able to break through soon.

Moreover, his spirit body is obviously stronger than that!

Now he has no pressure to control that Yang Dao to break the emptiness, and the power of the Yang Dao to break the emptiness is several times stronger. It can be said that he is completely confident to kill Ye Chen in the ring.

Sun Yang looked at the **** blood area of Tianchi, his face restored that confident smile.

Although he only entered the light red zone, he stayed in this light red zone for nine days!

This is also an extremely amazing record. In terms of benefits, it is definitely not better than just barely coming out after only three days in the crimson zone. Zhong You, who is still in a coma, is worse, even stronger!

Sun Yang sneered, and secretly said: "Ye Chen, you are indeed amazingly talented, even I am ashamed of myself, but you are too arrogant and arrogant!"

No matter how talented, what's the use?

People like you are destined to be swallowed by their own arrogance! Just like now, sleeping in this sea of blood! "

The burly old man looked at Sun Yang and nodded in satisfaction. Sun Yang did not disappoint him.

Being able to stay in the light red zone for nine days, the benefits are almost equivalent to staying in the blood zone for a day, don't underestimate this day, being able to stay in the blood zone for a day, and leaving alive, Then, the benefits are unimaginably huge!

Chapter 1802: Eye-popping!

He looked away from Sun Yang, looked at the sea of blood in front of him and smiled:

"In one day, the Tianchi will be closed. Even if this kid is really alive, he won't be able to get out. The next time he opens, it will be next year. If he stays in the blood zone for a year, he will be the power of heaven. You can only end up with no bones and annihilation of form and spirit. I think, Tiangang, you can go back to the clan."

Fen Tiangang sighed: "Since we have waited so many days, it is not bad for the last day."

He still didn't believe that Ye Chen would just die.

On the tenth day, Fen Tiangang looked at the lake with bloodshot eyes, one hour, two hours, three hours...

Finally, before Tianchi closes, there is only one stick of incense time left.

Fen Tiangang sighed and turned around to leave.

The burly old man laughed even more: "Hahaha, stupid boy, now, you regret that you rejected my suggestion and insisted on entering the blood zone? You didn't get anything, and you lost your life, but it's too late. Up!"

Sun Yang echoed: "It seems that this nine-day dragon has drowned in this lake, but isn't the dragon the best at water? Isn't this a dragon, but a long worm?"

The burly old man laughed with Sun Yang upon hearing this.

But at this moment, a **** vortex suddenly appeared above the heads of the burly old men, and a figure fell from it!

Burning Tiangang, Sun Yang and the burly old man looked terrified when they saw this.

These two have lived for an unknown number of years, frightening the powerhouse of the entire Hidden Land, and the most outstanding genius of the younger generation in the Hidden Land. At this time, like three wooden chickens, they watched stupidly falling from the sky. Silhouette.

That figure is Ye Chen!

At this time, the breath of Ye Chen's body was extremely strong, the strange purple-golden patterns all over his body flowed, and as the eyes turned, a faint purple light appeared.

He glanced at the burly old man and Sun Yang, and smiled: "Elder, are you talking about me?"

The Great Elder was already shocked and speechless at this time, not only because of Ye Chen's appearance, but also because of Ye Chen's breath!

At this time, the Great Elder actually felt a trace of...similar to the protection of ancient blood from Ye Chen!

how can that be!

After a long while, the elder faintly said: "Uh... this... of course not, but how did you stay in the blood zone for so long?"

In the past, the longest stay in the Tianchi God Blood Zone was seven days. This person is the most outstanding genius in the history of the Hidden Land.

The seven days in the blood zone of the gods brought him huge benefits that ordinary people could not imagine. After coming out of the blood zone of the gods, the cultivation base would be thousands of miles away, and he was respected as a true god!

eventually became a peerless existence that suppressed the hidden world for tens of thousands of years!

The ancient blood protection is a magical skill created by this person.

And Ye Chen actually stayed longer than him, staying for nine days!

Doesn't this mean that the benefits Ye Chen has gained from the blood zone are greater than the strongest person in history?

Sun Yang felt the breath of Ye Chen. His face was full of confidence. He collapsed by the way. He looked at Ye Chen in horror as if he had seen a ghost. At this moment, Ye Chen glanced at him with a glance. The blood flickered.

Just this look!

actually forced Sun Yang to step back!

Ye Chen said lightly: "Now, have you seen it clearly?"

He stared at Sun Yang scorchingly.

"I, is it a dragon or a worm?"

what happened!

How could his eyes put such a huge pressure on people!

Sun Yang clenched his teeth, and in his eyes, a faint golden light also appeared. The breath of the whole person changed, emitting extremely hot fluctuations. He used the spirit body strengthened by the Tianchi. At this time, he could finally Can withstand Ye Chen's gaze.

He took a deep breath, and when he was about to speak, Ye Chen in front of him suddenly opened his eyes wide, and his eyes flashed with purple-gold electric lights like substance.

For a while, Ye Chen's figure was constantly enlarged in Sun Yang's eyes, turning into a magnificent **** on top of his head and feet on the ground! It's so tempting to worship!

At the same time, a violent drink echoed in Sun Yang's mind: "Say! I am a dragon! Or a worm?"

"How is this possible! How could this be? You are not Ye Chen, who are you!"

Sun Yang was completely lost, his face was pale, his body trembled, and the spiritual power in his body was almost unable to work! How could Ye Chen become so scary? Even more terrifying than the Great Elder?

Boundless pressure is coming towards Sun Yang, he feels that as long as he doesn't answer Ye Chen's question, the next second, he will be torn to pieces by this divine might!

With a faint sound, Sun Yang couldn't help but knelt on his knees, and roared tremblingly: "Yes...it's a dragon! You're a dragon! I'm a worm!"

As soon as the voice fell, the boundless coercion disappeared in vain, as if it had never appeared before!

Ye Chen looked at Sun Yang playfully and said, "Sun Yang, what are you doing? I'm just kidding with you. Use it, kneel down?"

At this time, the great elder looked at Sun Yang's behavior, his expression was already extremely ugly, but what shocked him most was not Sun Yang kneeling to Ye Chen, but the breath that Ye Chen just revealed...

Is that... the power? The real power?

what the **** is it? What happened to Ye Chen in this blood zone ?

Sun Yang lowered his head and stood up slowly. No one could see his face clearly. After he was silent for a while, he turned and left without saying a word. At this moment, the figure that was originally like a blazing sun, but at this moment, it was like rolling down. The earth and rocks on the side of the road are generally desolate.

The great elder looked at Sun Yang's departed back and sighed. This scorching sun, which had been rising slowly, had fallen completely at this time, and his pride had been crushed by Ye Chen.

He turned his head and looked at Ye Chen's eyes, faintly exuding chill.

Fen Tiangang saw that there was something wrong with the atmosphere, so he hurriedly came out and laughed: "Brother Ye, I really scared me to death. I thought you really fell in this **** blood zone. You

know, you stayed in the **** blood zone in history. The person who got the longest stayed for only seven days.

That is already a miracle, and you stayed for nine days, this is simply a miracle! "

Ye Chen smiled lightly: "It's just a fluke."

In fact, if he wants to, he can stay in this divine blood zone for a longer period of time. However, the divine essence in the blood sea has been absorbed by Ye Chen, the blood dragon and Xiao Huang, so wait After recovering again, I don't know when it will be, and it's no use staying any longer.

Fen Tiangang said: "Well, since you have already come out, please follow me back to the Fentian clan first, tonight, first rest here for one night, and tomorrow morning, you can return to Xuanyue Sect."

Chapter 1803: What a fool!

As he said, he gave a long scream and called the big eagle, then turned his head and said to the burly old man: "Elder, let's go back first."

The Great Elder stared at Ye Chen, seeing Fen Tiangang feeling nervous. If the Great Elder really shot Ye Chen, he might be able to stop him. Now, he already regards Ye Chen as his own.

Finally, the elder said in a low voice, "Let's go."

Burning Tiangang felt relieved and immediately took control of the black eagle, rose into the air, and disappeared into the sky instantly.

Fen Tiangang let out a sigh of relief and said to Ye Chen: "Boy, you are really arrogant, you actually pressed Sun Yang to kneel in front of the elder? You know, the elder just now planned to attack you. ?"

Ye Chen smiled: "As long as the Tianchi is not closed, even the Great Elder can't kill me."

Fen Tiangang heard the words, his eyes condensed, but he didn't ask anything.

Soon, they returned to the Burning Heaven Clan.

In the room, Ye Chen sat on the bed, frowning slightly, the purple-gold lines on his body, the light flashing, this was not his intention, but he could not completely refine the expression of the power he had just obtained.

just put pressure on Sun Yang because he used this power skillfully.

This power seems to be somewhat similar to the Heavenly Dao Thunder Tribulation that has been absorbed.

But this Tianchi brought him other benefits.

is the realm first, he has already stepped from the third-tier heaven of the Hunyuan realm to the fifth-tier heaven of the Hunyuan realm, and is very close to the sixth-tier heaven.

Next is the Immortal Divine Body, he always feels that the Immortal Divine Body has something more.

But without fighting, he can't perceive what this thing is.

In the end, it is his own reincarnation bloodline.

He was in the blood zone, and for a moment, he awakened the blood for three seconds!

In those three seconds, Tianchi surged! It's like the end!

It seems that it is necessary to speed up the acquisition of the Xuan Yuezong's reincarnation monument.

Yu Beast Lingshen smiled and said: "Boy, now, what you have is the real ancient blood protection. It is not like Sun Yang's imitations, and the feeling of being integrated with Tianchi, how about?"

is cool, right? Tsk tusk, one glance overwhelming the strong in the good fortune realm, how does this power feel? "

Ye Chen said: "It's cool! Of course it's cool! But after all, this power is not my own. No matter how cool it is, I will not lose myself because of this power!"

Yu Beast Spirit God praised: "Well said, once the Tianchi is closed, or you leave the hidden world, this power will no longer exist.

However, it is not completely disappeared. You have the inheritance of the ancient powerhouse. In your body, you have a trace of true divine blood protection. It is much stronger than the blessing given to you by the Xuanyue Grandmaster. It is very good for you. Big. "

Ye Chen opened his eyes, clenched his fists, and black electric patterns appeared in the space!

In his eyes, the color of ecstasy appeared, even without the help of the power of Tianchi, Ye Chen now has the power to break everything!

Now, without the help of the reincarnation cemetery and the eye of the devil, he should be able to fight the strong below the fifth level of the creation realm!

don't know the realm of Ling Yun's old lady!

It's not long since the one-year appointment.

That divine essence is so powerful that even Ye Chen's body is just as good as it can be absorbed, and there is a trace that he cannot fully digest to strengthen the foundation. Therefore, the purple lines on Ye Chen's body, Cannot be hidden.

Besides, Ye Chen also got the inheritance of the ancestors of this hidden place!

At this moment, there was a knock on the door of Ye Chen's room.

Ye Chen glanced at the door and said directly: "Come in."

The door opened, and a young girl walked into the room with her head down and a tray of food.

Ye Chen glanced over the girl's face, and he couldn't help being stunned. Most of the women in the hidden world were rough, but the girl in front of her had an extremely delicate face, and her face was no worse than Zi Ning, Xia Ruoxue, and Ji Si.

Even the temperament on his body reveals a sense of antiquity.

The girl blushed and said, "My father asked me to bring you food."

Ye Chen smiled slightly. Not only did this girl not look like a woman in the hidden world, but she didn't even resemble her personality, she was so reserved and shy. Feeling the similar aura between the other party and Fen Tiangang, Ye Chen understood.

He nodded to the girl and said, "Thank you, put it here."

The girl put the food tray on the table, but the person didn't leave, she stood stubbornly in the room, a little at a loss, but her pretty face turned red.

Ye Chen looked at her strangely and said: "What's wrong? Is there anything else?"

The girl was silent for a moment, her face hesitated, and finally raised her head suddenly as if mustered courage, and blushed and shouted to Ye Chen: "I...I...My father wants me to be here with you tonight!"

Ye Chen was startled. He didn't expect this reserved girl to say such a thing, and then showed a bitter smile. This Fentian clan chief's thought was really unexpected.

I'm leaving tomorrow, but let my daughter come with me tonight.

Ye Chen shook his head and said: "No need, you can go back."

The young girl stood there blankly when she heard the words, but a layer of mist was covered in her beautiful eyes. She whispered in a crying voice, "Is... don't you think I'm not good-looking?"

She knew that she was not as cheerful and unrestrained as other women in the tribe. She had always envied other women and was able to talk and laugh unscrupulously with men.

But, she is always a little timid, she thought, men in the clan would not like girls like her, right? So I have always been somewhat inferior.

Ye Chen looked at the girl and smiled bitterly: "No, you are beautiful, just..."

For a while, he didn't know how to explain it. After holding back for a long time, he only suffocated one sentence: "I have someone I like."

What surprised Ye Chen was that the girl actually said directly: "I don't mind, my father said, since ancient times, women have been vassals of the strong, I..."

Ye Chen was a little helpless, and said casually: "Is this voluntary or forced by your father?"

This Burning Tiangang is really disrespectful to the old! What is this trouble!

The girl took a peek at Ye Chen. Although Ye Chen is not as strong as the other men in the tribe, his appearance makes the girl feel good-looking. Compared to those tribal men with muscles, the girl prefers to be as clean as Ye Chen. The boy nodded softly.

Seeing the girl nodded, Ye Chen opened her mouth slightly, the girl nodded unexpectedly, what should I do now...

Both of them were silent in the room for a while, and the atmosphere was a bit strange.

Suddenly, something unexpected happened to Ye Chen, and the girl unbuttoned her clothes.

The perfect body was revealed in front of Ye Chen.

Seeing this scene, Ye Chen couldn't help but feel a little dry.

He is a man after all.

The young girl came to Ye Chen with her perfect figure, and she fell into her arms directly in her warm embrace.

Ye Chen forcibly suppressed the heat in his heart, suddenly raised his hand and said, "Wait!"

The girl's movements were stagnant, and tears almost came out of her eyes, her lips trembled and choked, "Sorry, I'm going out now..."

Just as she turned around, Ye Chen's voice sounded behind her, "What's your name?"

The girl's movements were stagnant, and she whispered: "My name is Fenying..."

Chapter 1804: Are you ok?

Ye Chen took off his clothes, put them directly on Fen Ying, and said, "I understand what you mean, but you don't understand me."

"If one day, if you understand me and are willing to give it to me, I will not refuse."

"But by no means now."

The girl's pupils dilated and looked at Ye Chen in surprise.

For a moment, she actually moved her heartstrings to this man.

If Ye Chen forcibly took her for the first time tonight, she might hate her father and Ye Chen all her life.

But at this moment, she discovered that this man named Ye Chen was actually different from others.

For a long time, Fen Ying looked at Ye Chen with watery eyes: "Then can you let me stay here tonight, otherwise my father..."

Ye Chen hesitated for a few seconds, then nodded: "Okay."

Ye Chen just let Fen Ying sleep on the bed, while he was running the reincarnation art of the gods and demons.

...

Early the next morning, Ye Chen walked into the teleportation altar outside the tribe during the farewell between Fen Tiangang and Fen Ying. After a while, he returned to the teleportation place outside the Xuanyue Sect.

Ye Chen shook his head and looked up. Two figures appeared in front of him, it was Cang Ye and Zi Ning, who had been waiting here long ago.

He saluted the two of them: "Senior Sister, the head."

Cang Ye saw Ye Chen's cold face, and said, "I already know about Zhou Yan. You don't have to care. Now, go back to the sect. From today, you will belong to Xuan Yue Sect. Secret disciple, you first rest for a few days, and then follow me to meet the three supreme elders."

Zi Ning snorted: "I actually stayed in the blood zone for nine days. It's really a monster. Did you know that we are all worried to death?"

Ye Chen smiled embarrassedly: "Sorry, it could have come out earlier, but the divine essence of the blood zone is too powerful. In order to consolidate them, I stayed in it for a while."

Zi Ning was a little speechless. To other people, the Tianchi Divine Blood Area, which was extremely fatal to Ye Chen, looked like an ordinary lake...

Suddenly, Zi Ning thought of something, and said: "By the way, Junior Brother, before you entered Xuanyue Sect, have you ever gotten into trouble?"

Ye Chen frowned and said in surprise: "Senior Sister, what does this mean?"

Zi Ning's beautiful eyes fringed: "The girls have come to the door, are you sure you don't talk to the senior sister?"

Ye Chen became more and more confused.

He doesn't know many girls in Lingwu Continent, who would come to him?

Seeing that Ye Chen still pretended not to know, Zi Ning continued: "Don't tell me, you don't know the girl from the Lingxian Imperial Palace!"

Hearing the Lingxian Emperor's Palace, Ye Chen's breathing was a little short.

He does know a girl from the Lingxian Imperial Palace!

Xia Ruoxue and Ji Siqing!

If it hadn't been for Lingyun Immortal Venerable to bring the two to Lingwu Continent, he wouldn't forcefully come to Lingwu Continent.

Could it be that the two of them knew their whereabouts and came to find themselves?

But how did the old lady Lingyun allow it?

Or could it be said that one of Ji Siqing and Xia Ruoxue escaped?

Ye Chen suppressed the doubts in his heart and said excitedly: "Senior Sister, where is the person! I will see her soon."

Zi Ning gave Ye Chen a white glance: "The duplicity man, who just pretended not to know him, is more excited than anyone else."

"Since you want to see you, come with me. The girl has been waiting for you for some time. If it's me, I have already left."

...

Ten minutes later, Zi Ning took Ye Chen to a yard.

This is the area where Xuan Yuezong entertains guests.

A young girl was boringly fiddled with flowers and plants.

Down-hearted.

Ye Chen stopped, his smile suddenly stiffened.

The back of this girl was not Ji Siqing, let alone Xia Ruoxue.

Very strange.

Ye Chen certainly didn't know this person.

"Xiao Yun, I brought Ye Chen." Zi Ning said to Xiao Yun.

In the past few days, it was Zi Ning who had been hosting Xiao Yun, and the two naturally met.

Xiao Yun heard the sound and quickly turned around. When she saw Ye Chen, the expression on her face was ugly to the extreme!

She hurriedly came to Ye Chen: "You are Ye Chen? It's not a problem, you are only in the Primal Realm. I really don't know why the two senior sisters miss you so much."

Ye Chen calmed down and said seriously: "Did Ji Siqing and Xia Ruoxue let you come?"

"Nonsense!" Xiao Yun was a little displeased, turned around and walked towards the house, "You come with me, I am ready to go back when I finish the task."

Ye Chen glanced at Zi Ning, then honestly followed Xiao Yun into a room.

It has been a long time since Ji Siqing and Xia Ruoxue have been doing well. This woman may be the best breakthrough.

The door closed.

Xiao Yun took out a formation plate and placed it at the door, forcing a drop of blood.

In an instant, a formation barrier covered it.

Isolate everything.

Xiao Yun knew that Xuanyue Sect was not simple, that thing was extremely crucial, and naturally it could not be discovered by those old guys.

As soon as Ye Chen wanted to speak, Xiao Yun interrupted and said, "Ye Chen, although I know that you have a bad reputation in the Western Regions, your current realm is far from that genius after all!"

"Senior sister asked me to come to you, just because I was afraid of your fall, I hope you can cherish your life."

"Don't offend other forces! Do you understand it!"

Ye Chen ignored him, waiting for the rest of Xiao Yun's words.

Seeing Ye Chen's indifferent appearance, Xiao Yun sighed and took out a brocade box: "Senior Sister Ji Siqing asked me to give it to you."

"She told me to give it to you personally."

"The things inside are extremely critical, don't tell the second person!"

Ye Chen took the box as if not understanding, and instantly felt an extremely mysterious power coming from the box.

This power even made the blood in his body begin to boil.

The absolute value is impressive.

"Open it, so that I can complete the task completely." Xiao Yun said impatiently.

Ye Chen's eyes sank and he opened the box directly.

In an instant, a strong spiritual energy filled the whole room.

And in the box there is a piece of jade pendant and a drop of blood.

The jade pendant was carved in the shape of a monster.

And the blood, full of extremely terrifying power!

Even the beast spirit **** in the reincarnation cemetery was alarmed: "Boy, your little girlfriend is really willing. This jade pendant can save your life at a critical moment. As for this blood, it is the blood of the ancient white tiger. The blood of reincarnation is great."

"You previously refined a drop of ancient white tiger essence blood. If you refine a few more drops, your immortal divine body and reincarnation bloodline can go further!"

Ye Chen put the box away and said to Xiao Yun, "Thank you!"

Xiao Yun shook her head: "Don't thank me, but if you want to, thank my two senior sisters."

Ye Chen's eyes condensed and he said, "Are Ji Siqing and Xia Ruoxue okay?"

Chapter 1805: Blood Burning Technique

Xiao Yun wanted to leave, but her pace soon stopped: "Senior Sister Ji and Senior Sister Xia are very good. Both of them are the most talented evildoers in the Lingxian Imperial Palace. The gap between them and you is like a moat!"

"The gap will get bigger and bigger."

"Perhaps, they will become the most dazzling stars in Lingwu Continent in the future, and you can only look up from the bottom."

"Finally, let me tell you one more bad news."

"You and Master should have an appointment for one year. However, Master got the chance a few days ago and breaks through again. Your chances of winning are almost zero."

"If I were you, don't go to the Lingxian Emperor Palace."

After speaking, Xiao Yun left.

Only the contemplative Ye Chen remained.

Lingyun actually broke through again?

What state is it now?

Star Aperture Realm?

Still higher?

.....

After Xiao Yun left, Cang Ye and Zi Ning took Ye Chen to the sky above a Lingmai Cave.

Cang Ye said to Ye Chen: "From now on, you will live on this spiritual vein. The specific cave will be selected for you by Elder Zi. When I have time, come to see me in the Xuanyue Hall and I will leave first."

Zi Ning took Ye Chen to land on the top of the mountain and smiled at Ye Chenjiao: "Or, you will move to your sister's cave in the future, how about living with your sister?"

I thought Ye Chen would be flushed with her amusement, but he didn't expect Ye Chen to chuckled softly: "That would be better."

Zi Ning Qiao blushed, she was a little at a loss, so she didn't look away and said, "Huh, just kidding, what do you think? I'm your senior sister! Okay, this cave is good, you live here. Okay, I'm leaving now."

Ye Chen smiled and looked at Zi Ning's hurriedly leaving back. After receiving the protection of the ancient blood, he found that as long as Zi Ning didn't deliberately use the spirit body, he could completely resist the power of charm she radiated.

Entering the cave, Ye Chen couldn't help being moved even if he was mentally prepared. The spiritual energy here was so strong that it was liquefied, turning into a little rain and dew, swaying and wafting in the cave, as soon as he came into contact with Ye Chen's body, he poured into it and turned into one. A powerful spiritual force flooded the limbs.

It seems that the mysterious woman's suggestion is somewhat reasonable. Xuan Yuezong and Tianchi are all great opportunities.

Lingyun broke through.

Lingwu Continent is not as simple as I thought.

What he has to do now must settle down and accelerate the breakthrough of strength.

It's a pity, because of the existence of reincarnation blood, his breakthrough speed is slower than anyone else.

But once a breakthrough, the greater the span of strength that can be generated!

Ye Chen sat on the futon, let out a sigh of relief, closed his eyes slightly, and dived into the sea of knowledge. In his sea of knowledge, hundreds of purple-red texts formed a technique!

This is the biggest treasure he got in Tianchi!

Ye Chen, who is in the sea of knowledge, stared at this exercise, with a solemn expression, and whispered softly: "Tian Fen Zhen Ju."

However, Ye Chen didn't make enlightenment, but quickly withdrew from the sea of consciousness. This exercise was too obscure, and he couldn't fully enlighten it for a while, only to comprehend that it was rare.

Therefore, he was not in a hurry, but began to summarize the gains from this trip to Tianchi.

First of all, his cultivation base, because of entering the Heavenly Lake Divine Blood Zone, was elevated to the fifth level of Hedao.

This is just the result of the traces of overflowing essence being transformed into cultivation base by Ye Chen. The growth of the cultivation base in Tianchi was originally expected, and Cang Ye and Zi Ning were not too strange.

Then, it was his immortal divine body, which was originally extremely terrifying vitality and physical resilience, which had been greatly improved.

Then, it is the mastery of the law of the great road, far beyond the previous.

In the end, I got the protection of Ancient Blood and the True Art of Burning Heaven.

However, Ye Chen frowned and said, now that his cultivation base is getting more and more unable to keep up with his strength, it seems that it is necessary to improve and enter the He Dao state as soon as possible.

Thinking of this, Ye Chen took out the body of the alien demon snake he had tried on Zhenji Island. Thinking of the delicious meat of the demon crocodile, Ye Chen swallowed.

Moreover, by swallowing this demon snake corpse, in addition to improving the cultivation level, there may be other benefits.

Immediately, Ye Chen was in this cave, cooking the devil snake meat.

A few days later, Ye Chen, who was sitting cross-legged, finally opened his eyes, and his face was full of joy. After he swallowed all the flesh and blood of the demon snake, the benefits he gained were a little beyond imagination!

At this time, his cultivation base has been upgraded to the sixth level of the Hunyuan realm!

He stretched out a finger, and at his fingertips, a lavender flame lit up, exuding a rather terrifying breath!

Yu Beast Spirit God said: "I don't know what kind of luck your kid is, but you got a trace of fire with the power of evolution."

Ye Chen wondered: "What is a kind of fire with the power of evolution?"

He faintly felt that this kind of fire was quite powerful, but he didn't know what the power of evolution was.

Yu Beast Spirit Shendao: "You know, the Dragon Dao that Longxuan comprehends can use the power of evolution, right? This is also a kind of magical power, and the little snake also returned to the ancestors of the dragon blood."

In his natal thunder and fire, there is this kind of evolutionary power. The fire with the evolutionary power can increase his rank by swallowing other fires. This purple fire is the blue thunder and fire that swallows your blood. The product of change after the flame. "

Ye Chen is overjoyed, so to speak, this kind of fire has unlimited possibilities in the future.

Yu Beast Spirit God said: "How do you plan to use this fire?"

Ye Chen muttered for a while, and said: "I want to use it to practice the Burning Blood Technique!"

Burning Blood Jue is one of the techniques he obtained from the inheritance of the ancient powerhouse.

Fire repair is divided into two types, one is to repair external fire, attacking the enemy by putting flames outside, and the other is to repair internal fire, which uses the power of fire to burn blood and enhance physical ability!

This blood burning technique is the top-level internal fire practice.

But after practicing the blood burning technique, Ye Chen's fire cannot be released, but Ye Chen is not worried. Instead of attacking with the fire that has not grown up, it is better to use it to strengthen the already abnormal physical ability.

When the time comes to combine with the immortal body, it will be a miraculous effect.

However, although the current fire is strong, but it is not yet capable of practicing the blood burning technique, Ye Chen put away the fire. This time, his biggest gain is another magical power from the demon snake!

The technique of God sloughing!

However, it is only a degraded version of the magical sloughing technique. Ye Chen can use this magical power once a month. Through this magical power, Ye Chen can recover from a near-death state to a state of harmlessness. However, using this magical power The cost of repair is required as a price, and the specific repair cost depends on the injury.

The heavier the injury, the more repair base it consumes.

Even so, it was enough to make Ye Chen happy. This was almost equal to one more life. Originally, Ye Chenqiang was strong on the foundation of his body, not on his cultivation.

But that being said, if you break the repair base too frequently, it will also damage the foundation.

Chapter 1806: Near the Lingxian Imperial Palace?

Ye Chen moved his body and walked out of the cave. Now, it was time to meet Cang Ye.

And he became a secret disciple, does it mean that you can mention the reincarnation monument with that person?

He needs this thing too much.

Although he knew that the reincarnation Xuanbei was not necessarily willing to give it to himself immediately, after all, he had only entered Xuanyuezong for such a short time.

But no matter what, no matter what price the person has to pay, he is willing to exchange it.

.....

Ye Chen came to the Xuanyue Hall, Meng Xingyun and Cang Ye were both in the hall.

"Brother Meng, the head."

Meng Xingyun smiled and said, "Congratulations, Junior Brother Ye, for winning the first place in the Martial Arts Tournament, the feeling of the blood zone is not bad."

Ye Chen also smiled and said, "I have benefited a lot."

Cang Ye said: "Alright, Ye Chen, let me meet the three elders."

Following Cang Ye, Ye Chen quickly came to a remote attic. When he went up to the attic, he saw three old men sitting on the main seat, each drinking tea. In addition to Bai Zhentang and Long Yitian, there was one with a gray head. Hair, extraordinary breath, heroic-looking old man.

What surprised Ye Chen was that Long Xuan was also in the building.

Cang Ye said: "I have seen the elders of the Three Foreign Supremes, this is Ye Chen, this time the secret disciple."

The gray-haired old man smiled at Ye Chen: "Oh? It's the disciple who won the first place in the martial arts tournament, not bad..."

The gray-haired old man was about to say something, but at this moment, a black shadow suddenly sprang out from behind the black-haired old man, and attacked Ye Chen at an extremely fast speed!

Ye Chen's pupils shrank when he saw this, there is someone else here?

He hadn't noticed this shadow before!

However, Ye Chen didn't panic at all. Facing the incoming person, he held his fingers with his five fingers, and a knife standing on the side appeared in his hand instantly.

Ye Chen turned into a phantom and disappeared in a flash, slashing at the black shadow!

The gray-haired old man's eyes flashed with a hint of appreciation, and he was obviously quite satisfied with Ye Chen's sword intent.

There was a loud bang!

The powerful fluctuations dissipated, but they disappeared into form in an instant, and were suppressed by Cang Ye.

And the three old men were still drinking tea leisurely, as if nothing had happened.

A stab hit his opponent, but Ye Chen took a half step back, and his face was shocked. This man is so strong!

The cut just now, although not considered Ye Chen's strongest blow, is definitely not keeping his hand. If so, did he take a half step back?

Now, he finally sees his opponent clearly. This person is wearing a black robe and a black mask, only a pair of eyes are exposed.

However, Ye Chen still discovered that this person was actually a woman!

Those exposed eyes are very moving!

The gray-haired old man smiled at this time: "Ming'er! You are really a fool, how can you rashly do something to the junior?"

Ye Chen glanced at the gray-haired old man speechlessly. With his cultivation level, it was naturally easy to stop the woman, but obviously the old man had no plans.

Moreover, although he was verbally reproaching the woman, he was completely spoiled.

The old man seemed to see what Ye Chen meant, and he didn't care about it. He smiled at Ye Chen: "Haha, my name is Yin Che. This is my granddaughter and my apprentice Yin Ming. He was rude to you before. I apologize to you for her."

Ye Chen said: "It turned out to be Senior Sister, it doesn't matter."

Yin Che laughed, then turned to Bai Zhentang and said, "Old Bai, you have a good apprentice."

then touched Yin Ming's head and said, "Ming'er, how is it? Your Junior Brother Ye is pretty good, right?"

Yin Ming glanced at her left hand. She was shaking slightly at this time. She put her left hand behind her back and snorted coldly: "Huh, it's normal, so I can win the first place in the martial arts tournament?"

"I tell you, don't be too arrogant. If it weren't for my brother to help you, you wouldn't be able to win the championship!"

said, as if she was a little angry, she had to walk down the attic, but the elder Yin Che repeatedly dissuaded her, but she didn't even look back.

Ye Chen frowned slightly, this woman was too arrogant, but she said someone would help me?

What is this?

Could it be that Sun Yang's disappearance of ancient blood protection had something to do with him?

Yin Che shook his head helplessly. Without waiting for him to speak, Bai Zhentang's teacup was placed on the side, and he spoke:

"Smelly girl, my apprentice is really not a weapon, and his strength is just average, but it is the ability to let him step back half a step under your good fortune realm sneak attack. Of course you don't like it, even if you don't like it, don't Are you walking in such a hurry?"

Is your hand hurt? If your hand hurts, Grandpa Bai has medicine. Why are you running outside? "

Bai Zhentang's voice turned into a rolling sound wave and spread to the outside of the attic. I am afraid that it will spread throughout the entire Xuanyue Sect. There is no meaning to lower the volume.

Ye Chen was taken aback. He didn't expect that Bai Zhentang, as the Supreme Elder, would quarrel with a younger generation like a child, but he still felt warm. It seems that Bai Zhentang is indeed very short-term protection.

Being bullied as his apprentice, he naturally finds a place back.

Yin Che smiled bitterly and said, "Lao Bai, just let this girl go, you will anger her to death like this."

Then he turned his head and said to Ye Chen: "I made you laugh, in this martial arts tournament, in fact, we Xuan Yuezong made some preparations to make the protection of the ancient blood fail. This method is also something we can do recently. ."

"So I haven't used it before. Ming'er's girl was in the big competition before. Due to the existence of ancient blood protection, she only got second place. She has always been worried about this, so she will treat you like this."

Bai Zhentang coldly snorted: "Old Yin, if you are so used to this girl, sooner or later you will cause a catastrophe."

Yin Che frowned slightly when he heard that and worried about this.

, Long Yitian smiled heartily and said, "Hahaha, old Yin, it's time to find a man to discipline Minger."

Yin Che's smile disappeared instantly when he heard the words, and said solemnly: "No! Ming'er is still young!"

The look of a few people looking at Yin Che was quite speechless, this Yin Che is really spoiling his granddaughter...

Long Yitian said to Long Xuan: "Well, Xuan'er, you should go back first, improve your cultivation level as soon as possible, and be ready to participate in the spiritual blood trial on Lingxian Mountain in a month."

After Long Xuan said yes, he withdrew from the attic.

Ye Chen heard the words and his expression moved.

Lingxian Mountain?

Is it possible to have any connection with Lingxian Imperial Palace?

If it is really near the Lingxian Emperor Palace, does it mean that he can see Ji Siqing and Xia Ruoxue?

Even in case of such a trial, Ji Siqing and Xia Ruoxue would also participate?

That would be the best!

Ye Chen suppressed the excitement in his heart, and asked Long Yitian: "Elder Long, is this Lingxian Mountain near the Lingxian Imperial Palace?"

Long Yitian glanced at Ye Chen in surprise, and said, "Yes."

"Ye Chen, you may not know it. This is a trial jointly organized by the Lingxian Imperial Palace and other forces. My apprentice did not qualify as a secret disciple this year. I contacted an old friend and recommended him to participate in this spirit. Trial of blood."

Chapter 1807: Ning Cui Jiao

"After all, he is considered to have a trace of dragon blood in his body, and he has the qualifications to participate. After successfully passing the trial, a strong man with dragon blood will recommend him to participate in the Dragon Tournament, and he may also get a trace of special essence. blood."

Ye Chen's expression moved: "Special blood? Can I also participate in this trial?"

He knows very well that this is his greatest opportunity to meet Xia Ruoxue and Ji Siqing at the moment!

Bai Zhentang said: "Do you want to participate too? By the way, your kid also has a trace of ancient monster blood, which is considered eligible to participate."

"Actually, I am calling you this time to help you improve your strength, so that you can face the Thang Long competition more than four months later. The secret disciple is a disciple cultivated by a sect.

If you want to go, you will naturally be allowed to go. The conditions for participating in this spiritual blood trial are to have a trace of special blood or strong blood, and, under the age of twenty-five years old, the cultivation base will reach the He Dao state, the time is After a month, that is to say, you have a month to improve your cultivation and enter the realm of aura. "

Ye Chen said: "This is naturally no problem."

With his foundation, there are many ways to improve cultivation, so naturally there is no need to worry.

Yin Che asked, "Do you need that blood?"

Ye Chen smiled slightly: "Essence and blood are important, but I have a bigger reason!"

Yin Che nodded and didn't ask much, and said: "Okay, if that's the case, then Ye Chen, you should prepare for the spiritual blood trial in a month. After all, the special essence and blood... basically have been used by those with strong blood. Controlled, even if we are not easy to get, but we will try to help you collect."

Ye Chen heard the words in surprise and said: "Any ancient monster blood is fine!"

The expressions of the three elders moved slightly, but without further questioning, Yin Che threw a golden card to Ye Chen and said, "Okay, leave it to us. You should hurry up and improve your cultivation level. What is needed? You can collect it freely in the clan."

Ye Chen accepted the card and asked, "How many elders, do you have high-level physical and martial skills?"

Although he is an immortal divine body right now, he does not have strong physical and martial skills.

The strongest person in the reincarnation cemetery is Yu Beast Spirit God.

And Yu Beast Lingshen is not too powerful for body skills.

Before the next tombstone is triggered, Ye Chen had better control a strong body technique!

And Xuan Yuezong, as the strong sect of Lingwu Continent, naturally has a treasure!

Bai Zhentang pondered for a moment, then took out a piece of jade slip and threw it to Ye Chen, saying, "Here, this is the most suitable martial art for you now. More advanced martial art is still difficult for you to control for the time being. Let's talk about it when you reach the realm of good fortune. ."

Yin Che and Long Yitian were a little moved and said, "Lao Bai, do you want to give Ye Chen that martial art? We know that Ye Chen's talent and savvy are extremely enchanting, but is it too high?"

It wasn't that they were stingy, they were just worried that Ye Chen could not control it, but it was not suitable for him to use.

A strange light flashed in Bai Zhentang's eyes: "Will my eyesight go wrong? Go back, kid, you can't chew too much, so you can improve your body skills first."

"Also, Zi Ning told me something today. If you really want me to promise you something, I will consider it only if you at least enter the Hedao state."

"A person without absolute strength can't protect that thing!"

Ye Chen was slightly startled, never expected that the senior sister would actually mention the samsara monument to the master.

But looking at the reaction of the other party, the master did not reject too much.

He nodded and said, "Thank you, Master! Thanks to the two elders, Ye Chen retire."

said, put away the exercises and left the attic.

After stepping out of the attic, Ye Chen did not return directly to the cave, but came to the Wan Beast Pavilion in the sect. He wanted to exchange for some monster corpses with different fire supernatural powers to devour!

With his current foundation, it is not impossible to use these external forces to upgrade to the aura. The corpses of these monsters and different fires do not need to be too advanced, otherwise neither he nor the fire can swallow them, so he does not Ask the elder Tai.

Ye Chen asked Yu Beast Spirit God: "Yu Beast Spirit God, what kind of fire should I absorb now to strengthen my fire?"

Beast Spirit God said: "Boy, you should just exchange the different fires honestly. My technique is to increase the cultivation base by devouring monsters. The chance of getting magical powers is not high..."

Ye Chen smiled and said, "Although it is so, I am inexplicably confident. Didn't I succeed in the previous two times? Moreover, if it is to improve the cultivation level, it is to refine the different fires, and to test in the spiritual blood. In the past, it was impossible to evolve the current blue fire into a fire capable of cultivating the blood burning technique."

Yu Beast Lingshen was silent for a moment and said: "Well, your kid is really special. After all, you are not human, maybe you can. Your fire evolution is also regular, you need to swallow a suitable flame. It is not that the higher the level, the better the flame."

It depends on the compatibility with your fire source. Otherwise, the rank of fire may not rise but fall. You can exchange it for the Cangyan Beast of the fifth-tier sky of the Hedao realm, and the blood sun tiger of the sixth-tier Hedao realm. One copy of the corpse of the Black Bone Flame Ox at the pinnacle of Hedao Stage.

Then exchange for one Red Moon Fire, one Cold Orchid Fire, and one Nine Spirit Flame. In this way, the cultivated fire seed should be enough to perform the Burning Blood Technique. "

Ye Chen nodded and came to the Wan Beast Pavilion. At this time, Ye Chen was already a secret disciple, so he changed the purple robe of the true disciple.

"Boy, there seems to be a special atmosphere in the Wan Beast Pavilion, go and take a look!"

Yu Beast Lingshen suddenly spoke.

Ye Chen naturally agreed, after all, Yu Beast Spirit God knew too much about monsters.

can be described as special by him, absolutely extraordinary!

Xuanyuezong's Ten Thousand Beast Pavilion, in addition to the corpses and materials of various monsters, can also be exchanged for various spirit pets.

Ye Chen's gaze swept across the strange monsters, but he didn't find anything interesting to him.

Suddenly, Yu Beast Lingshen whispered in Ye Chen's mind: "Boy, you are close to the fourth restraining cage on the left, let me see."

Ye Chen heard that, close to the cage that Yu Beast Spirit God said, in the cage, there is a strange animal imprisoned, the figure is only the size of a human little finger, the whole body is crystal clear emerald green, and a pair of heads grow The little horns looked like a flood dragon that was countless times smaller, flying in the cage.

Ye Chen glanced at the introduction label outside the cage, which read: "Ning Cui Jiao larvae, currently in the early stage of the Divine King Realm, still need 300 years of adulthood. After they reach adulthood, they can have the strength of the He Dao Realm and possess bloodline evolution. Possibly, possess the supernatural power of thunder and the ability to heal."

A strange color flashed in Ye Chen's eyes, this Ning Cui Jiao, it seems there is nothing special?

Chapter 1808: Contention

Being an adult is only the strength of Hedao. It is the bottom of the Jiao class. Moreover, even if he can feed him all kinds of natural treasures to accelerate its growth, it will take two or three years. Time can be adulthood, right?

When the time comes, this kind of combat power will be nothing to him. Why is Yu Beast Spirit God interested in this little dragon?

Yu Beast Spirit God smiled and said: "The ghost beast, it is really a ghost beast. This is a good thing, boy, your luck is so bad that you found a ghost beast in Xuanyue Sect. It's not a **** Ning Cui Jiao, take it away, it will be useful to you in the future."

"Not only is it useful for you, it is also great for the blood dragon in your body!"

"The blood dragon is phantom after all, and there is no entity. With this spirit beast, the strength of the blood dragon can be increased by at least dozens of times!"

"Quick!"

Ye Chen was overjoyed when he heard the words. It seemed that he had found something good again. Just as he was about to reach out and remove this label and take it to the exchange office to exchange this ghost beast, a tender voice suddenly sounded not far from him. Female said: "Wow, Brother Li, look at that little dragon, isn't it cute? I want that!"

Then a male voice responded: "Haha, okay, brother bought it for you, hey, brother, take your hand away."

Ye Chen glanced in the direction where the voice came from, and saw a petite girl with a white complexion and seemingly innocent, holding a handsome man's arm, with the other hand pointing at the restraint of the Ning Cui Jiao in front of him. cage.

Both of them are dressed in black robes, and they seem to be the inner disciples of Xuan Yuezong. The smiling woman is a Hedao fifth-layer heaven cultivation base, and that handsome man is not weak.

Although Ye Chen swept his gaze towards them, his movements didn't stop at all. He directly took off the label, then retracted his gaze, turned and left.

When the petite woman saw this, her face was aggrieved, and she looked at the handsome man with big eyes and said:

"It's a pity, Brother Li, was taken away by that brother first. In fact, I liked this little dragon a year ago. How well does this Ning Cui Jiao match my name?"

I have been thinking, if one day, my beloved man could give it to me as a gift, how romantic it would be.

Alas, but since the brother took it away first, there is no way.

And, look at that brother, he didn't even care about what Brother Li said. It seems that he is not a good talker. I am a little afraid of him. Let's go. "

Hearing this, the handsome man looked gloomy, looking at Ye Chen's eyes, full of anger!

His cultivation level of Li Yi is quite famous among the inner disciples. Who wouldn't sell him a bit of face?

And Ye Chen didn't even wear the inner sect disciple's robes and clothes. It looked like he was a disciple who had just entered the inner sect and had not had time to distribute the robes and clothes, and he was just a Hunyuan realm cultivation base, dare to ignore him?

Hearing Lin Cuiming's words, the handsome man became even more angry. He said coldly, "Cuiming, don't call him brother! He, a disciple who has no robes, dares to be so rude to the brother in the door? Don't worry. That Ning Cui Jiao, I will definitely give it to you! By the way, teach this kid the rules!"

A sly smile flashed in Lin Cuiming's eyes, but he quickly took Li Yi's hand with a worried expression on his face and said, "Well, I know, but for Ning Cuijiao, forget it. Well, if there is a conflict, what should I do if I hurt Senior Brother? No matter how much I like Ning Cui Jiao, if it hurts Senior Brother, I don't want it either."

Li Yi's face sank when he heard the words, feeling that his self-esteem had been greatly insulted, and sneered: "I will get hurt? Hahahaha, because he can hurt me? Cuiming, you are still worried that the kid will be killed by me, right? !"

Li Yi yelled at Ye Chen who was leaving: "I **** told you to give me what I was holding on to Lao Tzu. You just take it and leave? Are you **** deaf?"

The aura that he fits all over the Dao realm exploded, leaning on Ye Chen!

Ye Chen paused, and Li Yi raised the corner of his mouth. He sneered in his heart: "Boy, you can't move because of my breath, right? He Dao state and Hunyuan state are the difference between heaven and earth."

The next moment, Ye Chen turned around lazily, glanced at Li Yi, and said indifferently: "Are you talking to me?"

Li Yi was slightly surprised to see Ye Chen turn around so easily, but he didn't take it to heart. What if he is not affected by his own aura? Could he still be his opponent?

As an inner disciple of Xuan Yuezong, Li Yi's strength is not comparable to ordinary Hunyuan realm martial artists.

What's more, even Xuan Yuezong's inner disciple, wanting to cross the border, it is almost impossible to do it.

Li Yi looked at Ye Chen disdainfully and said: "So, you are not deaf? Then I told you to put down the label, you didn't hear it? Turned around and left? Brother is talking to you, what is your attitude!?"

At this time, there are already a lot of Xuan Yuezong disciples, looking at this side, Lin Cuiming lowered his head and pulled Li Yi's sleeve and said, "Brother Li, forget it..."

However, she secretly scanned Ye Chen's gaze, but she was faintly proud.

Ye Chen said lightly: "I will ask you again, are you talking to me?"

He didn't want to just become a secret disciple, just crush an ordinary inner disciple.

After all, the position of a secret disciple in Xuan Yuezong is almost comparable to the elder of the half-step Xingqiao because, the secret disciple of Xuan Yuezong is almost destined to enter in the future. In the Star Aperture Realm, moreover, they grow extremely fast.

Of course, this is when the other party is not actively seeking death.

Li Yi's forehead has already burst into blue veins at this time, clenching his teeth, staring at Ye Chen, what's the matter with this kid? Until now, are you still reluctant to subdue? Still this attitude towards yourself?

Many people around already recognized him, Li Yi was silent for a moment, feeling that the time was almost right, he was going to severely hurt Ye Chen and stand up for himself!

He slowly raised a hand, and his hand was surging with spiritual power. He stared at Ye Chen's indifferent eyes, and said: "I'm not talking to you, am I talking to a dog?"

After finishing speaking, he slapped Ye Chen with a palm!

A monstrous palm print, like a huge mountain falling down, pressed towards Ye Chen!

Lin Cuiming covered her mouth in panic and said, "No!"

But, her eyes are full of joy and pride. Ye Chen dare to take what Lin Cuiming wants? Haha, please break your leg first.

And at this moment, Ye Chen finally moved, but Ye Chen's movements shocked everyone present, even Lin Cuiming and Li Yi's eyes straightened for a while.

Ye Chen didn't evade or evade, and he didn't even offer a magic weapon to resist. He didn't even mobilize his spiritual power. That's it, slowly walking towards Li Yi step by step, as if the palm print containing terrifying energy, It's papery!

Chapter 1809: ridiculous!

Li Yi woke up and said, "Idiot, defend yourself! Are you going to die?"

If Ye Chen is really beaten to death, even if Ye Chen is just a new disciple with no background, then he will probably be expelled from the sect, or even abolished the cultivation base!

Lin Cuiming, on the other hand, had an expression of forbearing not to laugh. She has been with Li Yi for almost three months. She already feels tired and wants to get rid of each other, but she is afraid of Li Yi's entanglement and revenge. Li Yi really beat Ye Chen to death and was expelled from Xuan Yuezong. The happiest thing was that she was Lin Cuiming, even though Li Yi did this to help her get that Ning Cuiming.

In Lin Cuiming's eyes, Li Yi should treat her well, and if he is expelled from the teacher's door for this reason, he is just stupid.

Many disciples have already turned their heads, not wanting to see Ye Chen turning into Roumo.

With a bang, Wan Beast Pavilion seemed to sway slightly, and that palm hit Ye Chen firmly.

Li Yi closed his eyes, his face was covered in cold sweat, and he quickly figured out what to do next...

But at this moment, Ye Chen's faint voice sounded: "Today, you will remember a word to call trouble from your mouth. From now on, you will be a waste."

The disciples who were onlookers all let out a surprise, Ye Chen unexpectedly appeared in front of Li Yi intact!

That extremely terrifying palm, even the corner of Ye Chen's clothes was not lifted!

Li Yi suddenly opened his eyes, looking at Ye Chen in front of him, his face was full of incredible color, as if he could not understand what was going on.

And Lin Cuiming, even more quickly, let go of Li Yi's hand, his figure burst out more than ten meters away, panting violently, looking at Ye Chen with big eyes, his face was full of horror.

Ye Chen glanced at Lin Cuiming, this woman's instinct was good.

He glanced at Li Yi who was still shocked. In comparison, although Li Yi's cultivation base is strong, his combat talent is really poor.

He faintly said: "Use your strongest defense means to defend, you can escape if you want."

Li Yi heard this, and at this moment, he subconsciously followed Ye Chen's order and sacrificed a tortoise shell, full of spiritual power, poured into the tortoise shell without reservation.

Suddenly, the tortoise shell exudes a vast aura, which instantly magnifies and protects Li Yi's whole person under the tortoise shell. At the same time, the whole person quickly retreats, and the tortoise shell protects him like a shadow.

The surrounding disciples stared at Ye Chen one by one at this time. They can now be sure that this guy with only the Hunyuan realm is an extremely powerful metamorphosis, and even surpasses the Li Yi of the Hedao realm!

They wanted to see how Ye Chen would use Li Yi's strongest defense against the sky!

But what they saw was Ye Chen slowly stretched out a finger and pointed towards the tortoise shell in front of Li Yi!

Everyone was dull and confused. Did Ye Chen just pretend it?

There is no way to break Li Yi's defense at all? Do you just mean so casually now?

Besides, Li Yi's speed is so fast, Ye Chen's slow finger can't even touch the tortoise shell.

The next moment, everyone only felt a flower in front of them, Ye Chen's figure had appeared in front of Li Yi, and that plain finger fell on the terrifying tortoise shell so slowly!

That finger fell silently on the tortoise shell, and the tortoise shell's defensive mask was pierced by Ye Chen's finger as if there was nothing, and one finger gently tapped on Li Yi's tortoise shell.

There was a soft click, that very high-grade tortoise shell, there was a crack in an instant!

The figure of Li Yi, who flew back, stopped suddenly!

Everyone's jaws are about to fall to the ground. What kind of fingers are they like?

actually penetrated the tortoise shell defense so easily?

even, leaving a crack!

Li Yi stood in place, motionless as if solidified. The next moment, a canopy of blood mist burst out from behind Li Yi, and the blood mist was mixed with white powder!

Ye Chen's finger instantly shattered all Li Yi's bones except for the skull, as well as the meridians and dantian all over his body.

What is even more shocking is that the power of Ye Chen's finger smashed Li Yi's meridians, bones, and dantian, but it was controlled so well that it did not hurt his flesh and blood organs!

Li Yi's whole person, as if melted, limp on the ground, barely turned his head, and looked at Ye Chen with extreme fear.

Ye Chen glanced at him and said coldly: "Now, have you learned that word? Be a human, don't be too unscrupulous, especially in front of me."

Li Yi was so stupid, but Ye Chen's words kept echoing in his mind.

He stunned and said: "I learned, I was wrong, I don't dare anymore."

Ye Chen nodded and said: "If you have a chance to stand up again, before practicing, learn how to behave."

After speaking, he must turn around and leave.

"and many more!"

At this time, there was a soft female voice behind her. A pure and petite girl, like a frightened little rabbit, walked to Ye Chen tremblingly.

Li Yi came back to his senses and shouted at the girl desperately: "Cui Ming! Leave! Leave me alone!"

He glanced at Ye Chen with extreme horror, his pupils were trembling, but he still calmly said: "I...I'm fine, he is not an opponent you can contend with, you go!"

Lin Cuiming glanced at Li Yi in disgust, and seeing Lin Cuiming's eyes, Li Yi was instantly sluggish.

Why does Cui Ming look at me so much? Am I wrong?

Ye Chen glanced at Li Yi who was bewildered, then looked at Lin Cuiming with interest and said, "What? Do you want to avenge him?"

Just when everyone thought Lin Cuiming was going to fight Ye Chen for Li Yi, but Lin Cuiming suddenly hugged Ye Chen and choked:

"Woo, thank you brother! Thank you for saving me! This dog thief, always relying on his own cultivation base, forcing me to stay with him! In order to deal with him, I force a smile every day, but go back to the room every night, I wash my face with tears, I hate him!"

Lin Cuiming buried her small face on Ye Chen's chest. Seeing that Ye Chen did not move, a smile appeared at the corner of her mouth, and then said:

"Before he disrespect and provoke him, I have discouraged him. I don't want any Ning Cui Jiao, nor do I like bullying, arrogant and unreasonable people. However, he insists on teaching you. I want to kill you! He is completely blamed for what he ends up like this now!"

Li Yi now has a pale face, and his heart is extremely cold. He really likes Lin Cuiming. Now what Lin Cuiming said is even more unacceptable than Ye Chen's abolition. His lips trembled and said:

"Cui Ming, what's wrong with you? Are you irritated? There is a solid pill in my storage bag. You take it quickly and return to normal soon, okay?"

Lin Cuiming ignored Li Yi, looked up at Ye Chen, and said with a smile: "Now, I am finally free, brother, my name is Lin Cuiming, what is your name? Cuiming will repay you in the future. Of kindness."

Ye Chen wrapped one hand around Lin Cuiming's waist, and smiled: "My name is Ye Chen."

Chapter 1810: not worth it!

Lin Cuiming blushed, and said shyly: "Senior Brother Ye, don't be like this..."

However, her body was even closer to Ye Chen, tightly sticking to Ye Chen's body, her waist twisted like a struggle, and she kept rubbing against Ye Chen's body.

Li Yi watched Lin Cuiming's behavior, leaving two lines of blood and tears. He didn't want to believe what he saw before his eyes, and he trembled: "Cuiming! Cuiming! What's wrong with you? Are you under the attack? How could this be?"

Ye Chen let go of Lin Cuiming, and said lightly: "Your brother is calling you, I'm leaving now."

Lin Cuiming's face changed, Ye Chen is so powerful, how could he be a new student? Even if he is really a new beginner disciple, in the future, he will definitely fly into the sky. Is it like Li Yi's trash can be compared?

I must do my best to stay with Ye Chen.

When I thought that Li Yi's trash was still there at this time, talking nonsense, damaging his good deeds, Lin Cuiming really wished Li Yi exploded right now!

She hugged Ye Chen harder with her hands, turned her head, looked at Li Yi on the floor with disgust and coldly, and said sharply: "You rubbish, can you stop being hypocritical! Are you still pretending? Interesting? ?

I was just forced to be with you. Nothing happened to you at all. Don't make us seem to be in a good relationship, OK? Please shut up!

I feel sick when I see you, do you know? The pill to stabilize the soul? Are you mentally ill? Eat two more pills for yourself, okay? I beg you, let me go! "

Li Yi's heart was completely broken. Only at this moment did he realize what kind of woman Lin Cuiming, whom he once loved so much, was a woman. He practiced desperately for her, and in exchange for the resources she needed for cultivation. .

He whispered to please those inner disciples with rich combat experience and let them team up with him to complete those extremely dangerous tasks.

Although he has a good talent for practice, he is completely a rookie in combat. Therefore, he will face life-threatening in almost every mission. If it were not for the rescue of his teammates, he would have died many times. Saved by those powerful teammates every time.

As a result, Li Yi's status in the team has been extremely low, and he has almost become a subordinate of other teammates. He is not without pride, but for the sake of Lin Cuiming, he has always put up with it, because he believes that Lin Cuiming is the same. Those who love him will definitely be willing to do it for themselves.

But now, he realized that he was wrong, very wrong!

In Lin Cuiming's eyes, he is an ATM and a tool. Lin Cuiming has no feelings for himself at all!

Lin Cuiming finished speaking, and brought his head close to Ye Chen again, rubbing her soft body gently on Ye Chen, and said softly:

"Senior Brother Ye, don't listen to this villain's nonsense. I and him, nothing happened at all, let alone any feelings. He is just a pervert who covets my flesh.

Fortunately... Fortunately, I have been sticking to the bottom line, so I didn't let him succeed, Brother Ye, do you believe me, OK? I don't care if anyone misunderstands me, but...but I just don't want to be misunderstood by you..."

Ye Chen smiled and said: "Okay, but there is one thing, I want to ask you."

Lin Cuiming nodded obediently and said: "Senior Brother Ye, you said, I will answer you truthfully."

At the same time, she was disproportionately plump with her petite body, pressing hard against Ye Chen's body,

Ye Chen still kept that indifferent smile, and said: "Who let you touch me?"

Lin Cuiming was in a daze, subconsciously stopped the small movements of the body, looked at Ye Chen puzzledly and said, "Brother Ye, what did you say?"

"Who let you touch me?"

Ye Chen was still smiling, he looked good when he smiled, but his smile fell in Lin Cuiming's eyes, but it was inexplicably terrifying.

Lin Cuiming's body trembled slightly, released the hand holding Ye Chen, and carefully stepped back, barely squeezing a smile on her pretty face and said: "Sorry, Senior Brother Ye, I was ashamed and offended you."

"Hahahahahaha!" Li Yi suddenly limp on the ground laughed wildly: "What a Lin Cuiming, what a Lin Cuiming, hahahahahaha!"

Lin Cuiming turned her head and stared at Li Yi steadily. She had already planned to find a chance to get rid of this inhumane Li Yi, but when she heard Li Yi speak again, she almost wanted to rush to Li Yi now. In front of him, he stomped his face hard, telling him to shut up.

She told herself to be calm and not to lose her temper in front of Ye Chen for the sake of a waste.

Li Yi's laughter stopped abruptly, staring at Lin Cuiming grimly and said: "Bitch! I want you to die!"

Suddenly, a very violent spirit wave emanated from Li Yi. Some of the disciples onlookers changed their expressions and exclaimed: "No! He wants to explode!"

The crowd onlookers withdrew from the distance in an instant, and Lin Cuiming's expression also changed wildly. She did not expect that this waste, Li Yi, would die with herself at this time?

Just as the frenzied fluctuations emanated, Lin Cuiming immediately wanted to avoid it, but she was horrified to find that she could not move! Her body can't move a bit!

This Li Yi's soul is so strong? Under the lock of Li Yi's soul, she has no power to resist!

Lin Cuiming screamed in fear: "Brother Ye, save me! Save me!"

Ye Chen raised his eyebrows and glanced at Li Yi somewhat unexpectedly. Li Yi has some talent for spirits.

Seeing Ye Chen's expression indifferent and indifferent, Li Yi's face became more and more ferocious, Lin Cuiming finally collapsed, tears in her beautiful eyes surged, and the sound of water ticked down below her body.

was actually scared and incontinent!

Lin Cuiming saw that Ye Chen seemed to care about himself, and hurriedly turned around and said to Li Yi: "Brother Li, don't be impulsive! What I just said was angry, calm down, I still remember us..."

Just as Li Yi's face was crazy, the air was so restless, and the moment before the spirit was about to detonate, Ye Chen suddenly looked at Li Yi, his eyes flashed purple.

The next moment Li Yi's face solidified, and his soul, for a moment, seemed to be sealed, completely out of his control.

Lin Cuiming suddenly collapsed on the ground and looked at Ye Chen. There was excitement in his beautiful eyes. Ye Chen saved himself!

"Brother Ye, my life is yours in the future!"

Li Yi shouted at Ye Chen: "Why! Why stop me! Why! Let me kill her! Let me kill this bitch!"

Ye Chen ignored him, but squatted down, pinched Lin Cuiming's chin and said, "You said, your life is mine?"

Lin Cuiming chuckled, and said softly: "Yes."

She knows that, generally, an extremely powerful man like Ye Chen likes the opposite **** to absolutely surrender to herself. In order to tie herself and Ye Chen together, she will do whatever it takes, even if she abandons her dignity!

"Then you go to die." Ye Chen pulled his hand away, took out his handkerchief and wiped his fingers, then threw it on Lin Cuiming's head, stood up, leaving Lin Cuiming, who looked at him in disbelief, walked towards Li Yi screaming frantically.

Seeing Ye Chen walking towards him, Li Yi also became quiet.

Ye Chen looked down at Li Yi and said to him: "You ask me, why do you want to stop you?"

Li Yi nodded hard.

Ye Chen said: "It's not worth it."

"It's not worth dying for such a bitch."

After saying this, turned and left.
