### Chapter 1821: Fierce wolf!

Ye Chen looked at Chi Yunhui's eyes and nodded solemnly, "I promised."

Chi Yunhui smiled and said: "Well, the trial will start in three days. You can live in this attic for the past few days. I have something to do and I have to go."

After that, before Ye Chen could answer, his figure flashed and disappeared.

On the second floor of the attic, only Ye Chen was left, looking at the jade bed still carrying Chi Yunhui's body temperature, and he was slightly lost in thought.

...

Three days later, Ye Chen woke up from the practice, opened his eyes, and exhaled a stale breath.

To say that he has been under the pressure of Chi Yunhui's Star Aperture Realm for so long before, and it is not without gain. In the past few days, he has repeatedly realized the feeling of contending with the pressure. Now if he is to face this kind of power again Coercion, I think it will be easier to deal with.

Not long after he opened his eyes, a golden light flew into the room, and the golden light converged, revealing the graceful figure of Chi Yunhui.

Chi Yunhui glanced at Ye Chen and said: "The time is almost up, it's time to go to Lingxian Mountain to participate in the spirit blood trial."

Ye Chen looked at Chi Yunhui and seemed to have some injuries on her body. Maybe she had fought with someone. He couldn't help but feel a little strange. After all, Chi Yunhui is a powerhouse in the Star Aperture Realm, so someone could hurt her?

Chi Yunhui seemed to see through Ye Chen's heart and smiled and said, "It's nothing, three old guys from the Star Aperture Realm came to me and asked me to recommend one to participate in the Spirit Blood Trial. After I refused, there was a little conflict. ."

Ye Chen's expression changed slightly when he heard the words, three stars in the Aperture Realm?

Can three star Apertures come together to ask someone recommended by Ji Yunhui, sure, not weak, right?

Moreover, the power behind this person and his status will never be worse than the status of Xuan Yuezong and Ye Chen's secret disciple.

Thinking of this, Ye Chen looked at Chi Yunhui's eyes softer, and said, "If Senior Chi is thinking about the future of the Blood Tiger Clan, this person seems to be more valuable than me, right?"

Chi Yunhui blinked at Ye Chen and said: "This is not necessarily true. Although that person is indeed a well-deserved peerless evildoer, but I am more optimistic about you, and since I have promised you, how can I turn back? Now, stop talking nonsense, let's go quickly."

After that, with a wave of her hand, a golden light wrapped Ye Chen and rose into the sky.

I don't know how long it took, Chi Yunhui took Ye Chen to a valley shrouded in clouds.

The two stood on the boundless white fog. Ye Chen looked at his feet and asked, "Is this the place where the spiritual blood trial is conducted?"

"Lingxian Mountain?"

Are Xia Ruoxue and Ji Siqing nearby?

This may be the closest he and the two are.

His powerful spirits were released, but he couldn't sense anything.

Chi Yunhui nodded and said: "Below this canyon is the place where the Spirit Blood Trial is conducted. This sea of fog is composed of the Lingxian Emperor Palace and hundreds of powerful aliens who jointly set up restrictions and protections, even above the Star Aperture Realm. There is no way to force it."

A different color flashed in Ye Chen's eyes, and this inconspicuous dense fog was so terrifying.

He looked at Chi Yunhui somewhat puzzledly again: "Senior Chi, am I the only one participating in the trial? No one from the Blood Tiger Clan participated?"

Chi Yunhui was silent for a moment, and suddenly said to Ye Chen: "Ye Chen, do you know why I used coercion when I tested you?"

Ye Chen shook his head and said, "Senior Chi, please advise."

Chi Yunhui said, "Because, this spiritual blood trial is not for the geniuses of all races to fight each other."

"That is?"

"Under this sea of fog, there is a strange treasure, called the map of beasts, and those with special blood and blood will activate a corresponding true spirit, this true spirit. It is transformed by essence and blood, capable of exuding pure true spirit coercion!"

A dignified voice loomed in her eyes: "Although the content of the trial is not fighting, it is far more dangerous than fighting to withstand the pressure of this true spirit!"

This spirit blood trial has been opened before, and a large part of the geniuses died under the pressure of the true spirit. After they die, the blood in the body will be absorbed by the true spirit's soul, strengthening themselves.

And if you can pass the trial, you can get a little blood. The talents of my blood tiger clan generation are withered. There is no outstanding genius, and there is no need to let them die in vain. "

Ye Chen heard the words, his brows frowned, just a drop of essence and blood can give him such a powerful force, even if it is because of the gods and demons reincarnation tactics against the sky, you can see how terrifying the essence and blood of ancient fierce beasts. .

I am afraid this trial will not be easy.

Chi Yunhui looked at Ye Chen's gradually heavy face and said:

"Now you know, why do you need to have essence and blood to participate in the trial? The true spirits in this picture of the beasts are all existences with extremely strong intelligence.

This trial is actually equivalent to a gamble, a game between you and this true spirit, using blood as a bargaining chip! If you want to quit now, you still have time. "

Ye Chen's expression recovered calmly, and he smiled and said, "Senior, don't worry, gamble? I have never lost, even if the true spirit comes in person, it is the same!"

No matter how powerful this true spirit is, Ye Chen will defeat it!

Chi Yunhui waved her hand and said with a smile: "Haha, you are really a good man. If you have \*\*\*\* with you, maybe you can give birth to a good offspring for the blood tiger clan."

Ye Chen's smile froze when he heard this, and looked at Chi Yunhui in shock. What did she say? Give birth to offspring? Did you hear me wrong?

Before Ye Chen could speak, Chi Yunhui offered a tiger head token, with a single finger, a drop of blood condensed at the fingertips, and flew to the token. The token instantly shined brightly and shone towards the billowing fog. sea.

Suddenly, in the foggy sea, a channel was divided, and the bottom of the valley could be vaguely seen.

Chi Yunhui flashed golden light all over her body, leading Ye Chen into the passage and flew away.

Soon, the two reached the bottom of the valley.

At this time, many people had gathered in the valley.

Soon after Chi Yunhui brought Ye Chen to the ground, suddenly there was a somewhat acrid voice from a woman:

"Oh, isn't this Chi Yunhui? Why? Why did your blood tiger clan bring someone to participate in the spiritual blood trial? Huh, is it still a foreigner?"

Hahahahaha, is the blood tiger tribe already so unbearable? In my opinion, it's okay to remove the name from the True Spirits. "

After Chi Yunhui heard the words, a cold light flashed in her pale golden eyes, and she looked at a woman in a gray robe not far away.

The gray-robed woman had gray hair and had a cold breath. Behind her, there were three young men with extraordinary breaths.

When Ye Chen looked at the last person, his eyes flashed, and there was a bloodthirsty feeling in this person.

Extremely cold.

The bloodline seems to have the wolf intent of an ancient beast!

Although humanoid, it is like a fierce wolf!

## Chapter 1822: They are not my opponent

"Yu Beast Spirit God, you know the monster beast, what is the origin of this person?"

The voice of Yu Beast Spirit God sounded in Ye Chen's mind: "This person should have a part of ancient spirit wolf-thirsty bloodline. Wolf-thirsty is among the true spirit beasts, and the individual strength is not strong, but wolf-thirsty is a minority. Can live in groups and follow the orders of the Wolf King, and it is said that there are old grudges between the wolf-loving clan and the tiger clan."

Ye Chen glanced at the few people behind the gray-robed woman, except for the wolf-willed young man, the other two were not weak.

That human martial artist is the cultivation base of the Ninth Floor of Hedao Heavenly Peak, but his aura faintly carries a sense of mystery. It is obviously a martial artist who deliberately suppresses his cultivation and understands good fortune.

And the other person is also the peak cultivation base of Hedao Realm.

Chi Yunhui looked at the gray-robed woman coldly and said, "Li Qing, no matter how weak my blood tiger clan is, I can raise my hand to kill you, so you'd better speak carefully."

While talking, Chi Yunhui's body flashed with golden light, and a monstrous might surged toward the gray-robed woman. The gray-robed woman's complexion changed slightly, and the whole body was all together, blocking Chi Yunhui's coercion.

However, his complexion paled slightly. The two had just collided with each other, and they had already distinguished themselves. It was obvious that there was a huge gap in strength.

Ye Chen's eyes flickered slightly, and the aura of this gray-robed woman was also extremely strong, I don't know if it was a half-step star aperture or star aperture, but we can also see how powerful Chi Yunhui is.

Li Qing glanced at Chi Yunhui with some trepidation. She knew that after a year of absence, Chi Yunhui's strength had become stronger again!

However, there was still a sneer on her face, and she screamed: "Hehe, the blood tiger clan is really amazing, I am afraid of you, I don't say yes.

But, Chi Yunhui, you won't be able to shoot at the junior, right? "

As soon as she finished speaking, the wolf-willed youth on the opposite side smiled weirdly at the man beside him:

"Brother Tan, the tester of the Blood Tiger tribe opposite, actually only has the Hunyuan Realm.

When can this kind of garbage participate in this flourishing age?

Although Brother Tan's cultivation is only the pinnacle of Hedao, I really admire his strength.

This friend on the other side must be a super evildoer who can fight higher levels, right? "

Tan Tian looked at Ye Chen with a mocking expression on his face and said, "Brother Li, don't you say that? I don't dare to compare with the fellow Taoist opposite.

After all, I was forcibly suppressing the cultivation base on the Ninth Layer of Hedao. If I want to break through, in a short period of time, with enough heaven and earth aura and space-time soldiers, I can go straight to everything. Therefore, my strength is stronger than that of the same level. a little. "

He paused and looked at Ye Chen who hadn't reacted. The color of contempt in his eyes became stronger, and he continued:

"But, this fellow Daoist on the opposite side is not suppressing his cultivation level. It is a real Hunyuan realm. The breath can't be faked at all. He can participate in the spiritual blood trial with Hunyuan

cultivation. , It must be the kind of peerless evildoer that is rare to see in thousands of years, and can truly leapfrog.

Otherwise, with this kind of waste cultivation base, anyone on the road will be better than him, and the blood tiger tribe will die, and will not let this kind of waste participate in the trial, right?

And this kind of super enchanting has only appeared in the legend, and I don't know if there is a super evildoer. How can I, the person who suppresses the cultivation base, compare?

Maybe, the three of us, this fellow Daoist didn't care at all. Look at his indifferent and cold look, like what we said, to him, it's like fart at all. , Really handsome, hahahaha! "

The ridicule is extreme.

In addition to Tan Tian, Li Cheng and Li Hui also laughed out loud.

Li Cheng even stared at Ye Chen's eyes and provocatively said: "Boy, we praise you so much, why don't you say a word? Still that cold-hearted look? Isn't it true that what we say is considered fart? what?"

Then Li Hui also booed: "I see, this friend, maybe the one who doesn't like to talk and likes hands? Or, before the trial, how many of us, we should discuss with him first? But he is That kind of legendary super genius, I'm so scared, can you ask him to give me a hand?"

Seeing the crazy taunts of several people at Ye Chen, Chi Yunhui's face flashed angrily, but she really couldn't attack them because of the cynicism of several juniors towards Ye Chen, she was about to take Ye Chen away. At that time, there was an indifferent voice in my ear.

"Yes, I just think you are farting."

Chi Yunhui was taken aback for a moment, and looked at Ye Chen in surprise, wondering if she had heard it wrong.

The three Tan Tian and Li Qing looked at Ye Chen in disbelief.

Do you really dare to turn back this waste? What kind of evildoer is he?

She knew that Ye Chen was very strong and could resist her coercion in the Hunyuan realm. There were not many in the entire Lingwu Continent.

Moreover, if she reads it right, Ye Chen's physical body is extremely powerful!

However, what she really valued was Ye Chen's potential! Not his current strength!

Li Hui, Li Cheng and that Tan Tian, these three people are not ordinary martial artists in the realm of harmony, but real super geniuses.

It can fight against the existence of the early stage of creation!

Otherwise, how can you qualify to participate in this spiritual blood trial?

Chi Yunhui could feel the slight aura revealed from their bodies, all three of them could display the power of good luck!

Then, even if Ye Chen is extremely good, the outcome of these super geniuses who have a cultivation base that surpasses him is unknown.

Moreover, there are three other people!

Before the spirit blood trial begins, one should never accept the opponent's provocation.

Thinking of this, she couldn't help but glanced at Ye Chen with a bit of blame. Why is this kid so impulsive?

Ye Chen blinked at Chi Yunhui playfully with a completely indifferent look.

Chi Yunhui whispered to Ye Chen: "Ye Chen, don't treat them as ordinary martial artists in the realm of the Dao, they are evildoers just like you, and they are not easy to deal with."

Ye Chen said lightly: "Don't worry, they are not my opponents."

Chi Yunhui shook her head and said nothing more.

Compared with Ye Chen's calmness, the complexions of the three Tan Tian gradually became ugly. When have they been so calmly insulted by others? Still be a trash that hasn't stepped into the road!

Tan Tian sneered and looked at Ye Chen and said, "It's worthy of being an eternal evildoer. It's really overbearing. It's so rare. Fortunate to know a genius like this fellow Taoist. I don't know if this fellow Taoist condescends and waits with me. Discuss each other?"

The three Tan Tian looked at Ye Chen with a smile, and they were all ready to look at Ye Chen who had finished talking, panicking.

The big talk is not over. Now, if you want to really make a move, can you still pretend?

Chapter 1823: Cold light!

However, to everyone's expectations, Ye Chen's complexion was still calm, his eyes calmly looked at Tan Tian, and he said lightly: "Yes."

The three of them were taken aback for a moment, but did not expect Ye Chen to accept it like this?

Immediately, joy appeared on their faces, and cruel rays of light flashed in their eyes.

This idiot dared to accept it, so now even Chi Yunhui can't intervene at will to teach Ye Chen!

Tan Tian stepped forward and was about to speak, but at this time, Ye Chen's voice rang again.

His voice was still flat and gentle.

But it fell into the ears of several people in Tan Tian, but it was hard to tell!

"You three go together."

The air between the few people suddenly fell silent, what did he say? Go together?

Top Best AI for Forex Trading 2024

This \*\*\*\* tells the three of them to go together?

The eyes of the three of them burst into raging anger.

They are all extremely proud geniuses. Ye Chen's attitude and tone when facing them is simply a huge insult to them!

But what they never expected was that Ye Chen turned his head to look at Chi Yunhui at this time, and said again: "Can you kill people here?"

kill? In his eyes, is he an ant that can be killed at will?

At this time, Tan Tian couldn't bear it anymore. He exploded and shouted angrily at Ye Chen: "Trash, you dare to say it! Go to hell!"

Tan Tian's body changed, and an extraordinarily powerful machete appeared in his hand. At the same time, a ghost of a wolf head appeared behind him, exuding a good fortune!

"Sirius said: Extreme Shadow Kill!"

Tan Tian's figure moved and turned into a phantom that reached the extreme, rushing towards Ye Chen, while the wolf head behind him made a very harsh scream, shocking the soul.

But the most terrifying thing is the scimitar in Tan Tian's hand, brewing a terrifying sword intent, that kind of sword intent is like a lurking wolf pounces on its prey, and it kills with one blow!

Ye Chen picked up his eyebrows. This Tan Tian really has some strength. The decent spirit attack combined with the extremely fast body technique plus the powerful sword that contains the power of the law, even if it is an ordinary heavenly martial artist of the first level of good fortune. Without precaution, it is possible to be wiped out by this knife!

However, it is just that.

The howling wolf couldn't shake Ye Chen's soul at all, his face was calm, and the moment Tan Tian moved!

Ye Chen couldn't fully use the body technique given to him by the Supreme Elder Xuan Yuezong, so he would comprehend the part and combined his own body technique to create a new body technique!

Chasing the wind!

Although its speed is far inferior to one hundred steps, it is enough to be proud of among this group of warriors!

At this moment, Ye Chen's three hole cards all came out!

The power of the six kings of God is covered!

The spirit of Gengjin swept!

A layer of condensed golden light condensed on his other arm!

Tan Tian slashed out, and the blade's intent was released like thunder, Ye Chen shattered in an instant, and a cruel smile appeared on his face, but his smile instantly solidified!

Because he found that what he had chopped up was only the phantom of Ye Chen!

When Ye Chen couldn't let his hair happen, his figure swayed slightly and escaped his knife!

At the same time, he faintly noticed that there was a violent force surging beside him!

"roll!!!"

Fist whistling, like a raging fire!

Tan Tian's complexion changed wildly, and he almost subconsciously spurred his body protection magic weapon with all his strength, and a lavender brilliance suddenly enveloped his whole body.

But at this moment, a surging force suddenly struck, and the dazzling golden light suddenly drowned Tan Tian!

There was a loud noise, and a figure ejected like a cannonball.

Li Qing's eyes flashed and her hand waved, and the figure that was flying backwards quickly landed in front of her. It was Tan Tian!

Tan Tian was embarrassed at this time, but it looked terrible!

His left chest and abdomen were beaten to pieces, and the whole body was stained with blood. At this time, his eyes were closed tightly, his face was extremely pale, and his breath was dying.

Dead still, completely dead!

Ye Chen actually severely injured Tan Tian with a punch! ?

Li Hun and Li Cheng glanced at Tan Tian on the ground, their faces were full of shock, they lifted their heads stiffly and looked at Ye Chen.

The golden light converged, and Ye Chen's figure appeared. At this time, he was still carrying a hand on his back, maintaining the posture of punching, and there was a bright red knife wound on his right rib.

Ye Chen glanced at the wound on his side. Although he avoided Tan Tian's knife just now, his speed was still slightly slower and was affected by the tyrannical sword aura.

However, given that he has an immortal divine body, he has only suffered a little skin trauma, and under the influence of his strong vitality, the wound has begun to heal quickly, and it has no effect on him.

Ye Chen turned his head again and asked Chi Yunhui: "Can you kill people here?"

Chi Yunhui's complexion at this time has returned to calm, she smiled and glanced at the gloomy Li Qing, and said: "Forget it, killing people here will be a lot of trouble."

Ye Chen nodded, facing Li Qing and the others, his indifferent eyes met Li Hui, and Li Cheng and Li Cheng had some dull gazes, and coldly said: "Now, can you guys go together?"

Then, he stared at Li Hui, and said, "Can you give me a hand? Yes, you, you only deserve to let me use one hand."

Arrogant!

Extremely arrogant!

This is Ye Chen's response!

He came to the site of Xia Ruoxue and Ji Siqing, he was going to be arrogant for a while!

At least the more you move, the easier it is for them to know.

Li Cheng's complexion was cold, and a pair of dark eyes stared at Ye Chen, and said in a low voice, "Do it!"

He and Li Hui are brothers, and they have joined hands, and they have long been incomparable tacit understanding!

Two roars sounded at the same time, two similar wolf-shaped phantoms rose up behind the two of them, and the ferocious beast aura roared out.

"Qianyou!"

The two of them screamed in unison even the moves they performed were the same!

Two wolf-shaped shadows revolved around Ye Chen, forming an angle to each other, completely blocking all Ye Chen's evasion routes!

At this time, Ye Chen still maintained his posture with one hand behind and the other hand in front.

And the wolf-shaped shadow, for a while, did not launch an attack, but was brewing more violent power.

Finally, the aura of both of them reached the peak at the same moment!

Li Hui and Li Cheng are connected with each other in their hearts, their eyes are concentrated, and they shoot at the same time, all over the sky, attacking Ye Chen in the center!

Ye Chen took a deep breath and moved his body skills to the wind, his body swaying at a speed that was hard to distinguish by the naked eye, and shuttled among the sky full of claw shadows!

But at this moment, two cold lights suddenly lit up in the boundless claw shadow!

Chapter 1827: The real evildoer!

Li Hui and Li Cheng didn't know when they flashed beside Ye Chen, one after another, they fought Ye Chen!

Ye Chen's pupils shrank, his figure twisted, and he escaped Li Hui's violent claw first. In his induction, Li Hui's power was stronger than Li Cheng.

Li Cheng, who was in front of Ye Chen, saw a grim smile on his face. He knew that Ye Chen could not hide his claw!

Facing the two of me at the same time, you are bound to pay a heavy price for being so big!

Li Cheng looked at Ye Chen, he wanted to see Ye Chen's panic and panic.

However, all he saw was the indifferent face as always.

In an instant, Li Cheng's smile solidified.

Facing his full blow, Ye Chen didn't even mean to dodge at all. Instead, the golden light condensed in Ye Chen's right hand became more and more dazzling!

Ye Chen actually wanted to fight all his attacks hard and attack him?

"Grass!" Li Cheng cursed secretly, but he knew that at this time, he must not allow him to hesitate!

His face was cruel, gritted his teeth, his claws were facing the stab wound on Ye Chen's side, and he furiously grabbed it!

At the same time, Li Cheng let out a wolf howl, and he said to Li Hui: "Kill him!"

Li Hui's eyes were condensed, he missed a claw, his spiritual power turned, and the wolf shadow appeared behind him again, and he launched a claw attack on Ye Chen again!

With a bang, Li Cheng grabbed the knife mark on Ye Chen's side, and the wound that was about to heal instantly tore!

"Something!"

Ye Chen sighed secretly, and at the same time, his fist slammed Li Hui's chest fiercely, a crackling sound rang out, and a cloud of blood exploded in front of Li Cheng, and his whole person was like Tan Tian. , Was instantly knocked off.

Li Qing waved together in front of her, and shot again to stop Li Cheng's body. She glanced at Li Cheng, her complexion instantly became extremely ugly, with a wave of her hand, a pill melted into Li Cheng's body.

Li Cheng's injury was even more serious than Tan Tian's. It was basically impossible to participate in this spiritual blood trial.

Her eyes flashed and she looked at Li Hui and Ye Chen. Ye Chen received a blow from Li Cheng. Even though Li Cheng was seriously injured to such a degree, she must not be well, right?

In this way, it is impossible to escape Li Hui's claws, and even if Ye Chen is not dead, he will definitely be seriously injured if he receives two attacks that are comparable to the level of good fortune!

But soon, her originally confident eyes suddenly stared out.

I saw that Ye Chen received a blow from Li Cheng. After knocking him into the air, he turned around almost without any influence, and escaped Li Hui's claws dangerously.

Ye Chen's eyes flickered. Sure enough, his judgment just now was correct. Although Li Hui's power was only slightly stronger than Li Cheng's, his speed was a bit weaker than Li Cheng's. If this claw was issued by Li Cheng, With Ye Chen's wind-seeking style, I am afraid it is difficult to escape.

Then, Ye Chen was in Li Hui's unbelievable gaze, and hit Li Hui's hand with a fist!

He shouted violently: "Bring it to me!"

With another loud noise, Li Hui's hand was completely distorted by Ye Chen, and even the whole arm was distorted.

Juli followed Li Hui's arm into his body, his mouth let out a stern howl, and the ground under his feet instantly shattered, spit out a large mouthful of blood, and fainted in the deep pit that was blasted out by Ye Chen.

Ye Chen looked at his \*\*\*\* fist, then looked at Li Hui who fell to the ground. It seemed that, compared to Li Cheng, Li Hui's real strength was not in strength, but in physical toughness.

He thought that this punch could completely smash Li Hui's arm and blast him into the air, but in the end, it just knocked him to the ground.

Li Qing watched at this moment taking out a pill and taking it, Ye Chen, who looked like a okay person, looked at Li Cheng, Tan Tian, and the big pit that Ye Chen smashed out, her eyes dull, her face was all over. It collapsed instantly.

There is no hope for their clan to participate in this spiritual blood trial.

At the same time, there was an incredible color in her eyes. You must know that Tan Tian is a secret disciple of Tian Juezong, a top-ranking force on the Lingwu Continent. He is extremely powerful and comparable to a martial artist.

The two brothers Li Cheng and Li Hui are also the best geniuses of their clan for hundreds of years. With the strength of half-step good fortune, they can even defeat the real good fortune three-tier heavenly warrior.

These three people can be said to be almost equivalent to three good fortune powerhouses. Ye Chen even won the three good fortunes in a row?

Moreover, it seems that he hasn't been injured much yet?

This is simply too hard to imagine!

Looking at Li Qing's appearance, Chi Yunhui sneered and said: "Li Qing, I said, you have to be careful when you speak. This time the spirit blood trial your clan ended up like this, it's all because of you.

Can you afford this responsibility? After going back, the elders of your clan, I am afraid it will not be so easy to let you go? Now, are you happy? "

Li Qing's expression changed, and with a gesture, she sucked Li Hui's body to her side. She viciously glanced at Chi Yunhui and Ye Chen, and silently left the canyon with the seriously injured Tan Tian trio.

Thinking that the elders might punish her, at this time, she was really in no mood to argue with Chi Yunhui.

Seeing Li Qing leaving, Chi Yunhui looked at Ye Chen with concern and said, "How is your injury? Can you still participate in the Spirit Blood Trial?"

Ye Chen smiled and said, "How long will it take before the Spirit Blood Trial begins?"

Chi Yunhui said: "About two hours."

Ye Chen said: "Enough, give me an hour, I can fully recover."

After speaking, regardless of Chi Yunhui's surprised look, she sat down cross-legged to resolve the medicine.

He just resisted Li Cheng's blow and then confronted Li Hui. Although he used his strength to resolve part of the injury, and was supported by a strong body and vitality, he still suffered internal injuries. However, he was already extremely abnormal. , The body that has been strengthened by the blood of the gods has an hour to recover, which is enough.

The blood of reincarnation is not awakened This immortal body is the most terrifying place of Ye Chen at the moment!

The key immortal body has not yet entered the late stage!

Ye Chen suddenly became curious about the few people on the reincarnation ship.

What has been given to yourself?

The eternal holy king hasn't moved for too long, and he doesn't know when he can give himself a real answer.

After more than an hour, Ye Chen opened his eyes, a purple light flashed in his eyes, and stood up again, his breath was condensed, and the whole person could hardly see the trace of injury!

Although Ye Chen's breath seemed to have returned to its peak, Chi Yunhui still looked at him with some doubts and said:

"You really recovered?"

This is simply more shocking than Ye Chen's losing three of them in a row. Even if she has such a strong blood of monsters, she does not have the enchanting physique of Ye Chen in the same realm.

Chapter 1828: True spirit

Ye Chen took Chi Yunhui's hand to the place where he was hit, and said, "I don't have to lie to you."

Chi Yunhui's fingers touched the firm muscles of Ye Chen's body, her eyes trembled, and a strange ripple in her heart.

However, soon, she was shocked to find that Ye Chen really recovered completely, and not even a trace of wound was left!

Chi Yunhui retracted her hand and looked at Ye Chen with a gleam in her eyes, and said: "You are really enchanting, well, the trial is about to begin, let's go over."

Under the leadership of Chi Yunhui, Ye Chen finally came to the place of the beast map containing the true spirits of hundreds of essences and blood.

Ye Chen felt the wild aura radiating from the map of beasts, and his face was shocked. The reincarnation of the gods and demons that he has been running, at this time, is constantly returning strong signals!

Is this picture of beasts related to the reincarnation of gods and demons?

Otherwise, how could there be such a big movement!

Ye Chen looked at the huge stone sculpture embossed with countless images of birds and beasts. He couldn't help but think that if he could get this picture of beasts, he might be able to take the Gods and Demons Reincarnation Art to the next level!

Yu Beast Spirit God's voice resounded in Ye Chen's mind at this time: "Boy, feel free to prepare for the trial, this thing, even if it exists in the Star Aperture Realm, it is impossible to get involved."

Ye Chen heard the words, closed his mind, closed his eyes and adjusted his breath, maintaining his state at its peak.

Soon after, a loud voice echoed in the canyon!

"Dear trialers, the spirit blood trial is about to begin. The old man is Qi Tianzheng. I will preside over this trial on behalf of the Lingxian Emperor Palace and the Hundred Clan Alliance. Before the animal figure, accept the trial."

As soon as his words fell, several men with horns on their backs came to the picture of the beasts. Qi Tian was looking at the young men with a gentle color in his eyes, and said loudly:

"Trialer of the Kylin tribe, are you ready?"

The three Kylin youths respectfully saluted Qi Tianzheng and said, "I'm ready to wait."

Ye Chen glanced at Chi Yunhui and asked, "Why does this Kylin tribe seem to have no foreign contestants?"

Chi Yunhui said: "Recommending Xuanyuezhong disciples to participate is a means used by various alien races to protect people with spiritual blood. Some of the more powerful alien races are confident that with their strength, there is nothing on the Lingwu Continent. People dare to violate their dignity, so generally they would not recommend other sect disciples to participate."

Ye Chen nodded and continued to watch the trial.

The three Qilin Clan geniuses are all at the peak of the Hedao Realm, and they are faintly exuding good luck. Obviously, they have entered the realm of a half-step road.

People of all races onlookers looked at these three Qilin tribe geniuses, all smiled and admired:

"The Qilin Clan is indeed the most powerful being among our alien races. The oldest of these three people is only twenty-eight or ninety-nine and less than thirty years old. They have reached this level of cultivation. It's amazing.

I don't know, what level of spirit will they call? "

Ye Chen looked at Chi Yunhui with some doubts, and asked again: "What do they mean when they talk about the spirit level?"

Chi Yunhui said: "I told you before that participating in the spirit blood trial is equivalent to playing a game between your own blood and the true spirit in the beast picture, and this spirit is the true spirit. Essence, separates what is transformed by a trace of essence and blood in the body.

This is also the bargaining chip he uses to play with you. If you successfully pass the trial, you will be able to get the spirit blood that transforms into this spirit soul, which is divided into different levels according to the level of the spirit blood. "

Ye Chen wondered: "What do you mean? This true spirit, why don't you use all your spiritual blood to exert the strongest coercion every time? Wouldn't it be easier to get the spiritual blood in the tester's body?"

Chi Yunhui smiled and said: "That is impossible. If he uses all his spiritual blood to exert pressure, how can a younger generation be able to resist it?"

This picture of a hundred beasts has limitations on the true spirit essence, and the spiritual blood he can use has an upper limit.

Moreover, every time the spirit blood is divided, it is a kind of damage to the true spirit essence, even if he wins in the end, he obtains the spirit blood of the tester, and takes back the spiritual blood remaining after the trial. , This kind of damage is still irreparable.

If he uses the maximum concentration he can use to deal with the testers every time, even if all the contestants fail to pass, in the end, this true spirit might have a greater loss than the gain. "

Ye Chen showed a stunned look and looked at the members of the unicorn clan again. At this time, they had already sat cross-legged in front of the beasts map, and on the beasts map, a relief in the shape of a unicorn suddenly lighted up.

After a while, a huge and terrifying giant unicorn phantom appeared above the beasts!

Ye Chen looked at the unicorn phantom and his pupils shrank. The aura of the phantom was too strong, giving him a kind of jealousy from the level of life, as if he had seen a real ancient beast!

The Qilin phantom glanced at the three geniuses of the Qilin tribe, and there was a hint of human thinking in his big eyes, obviously extremely intelligent.

After a while, the unicorn phantom opened its mouth and let out a long howl. A half-yellow, half-orange and two yellow mini unicorn phantoms flew out of the unicorn's mouth and fell in front of the three unicorn geniuses.

And Qi Tianzheng, who was standing in the air, only smiled and nodded when he saw the two yellow phantoms, looking quite satisfied, but when he saw the half-yellow and half-orange unicorn phantom, his eyes flashed Surprise!

Looking at the three, the youngest Qilin genius sitting in the middle.

When everyone saw this , many people screamed in surprise.

"Half yellow and half orange, it turned out to be half yellow and half orange, that's a half-step orange spirit soul!"

"The posterity is terrible. Fortunately, this Qilin tribe is blessed. Two yellow-level geniuses and a half-step orange-level genius have emerged. If they can all pass the trial, it is impossible to imagine how strong the Qilin tribe will be in the future."

"As expected to be a top genius, it is really enviable. If my clan also has such a genius, even if it is only a yellow-level genius, even a half-step yellow-level genius, I will be satisfied."

Ye Chen felt the coercive gap among the three phantoms, the half-yellow and half-orange spirit, although the other half was orange, but its aura was not a little stronger than the yellow spirit. At the slightest, I couldn't help asking:

"How much is the orange rank higher than the yellow rank? How big is the gap?"

Chi Yunhui said: "The spirit soul level, from top to bottom, is divided into seven colors, namely, red, orange, yellow, green, blue, and indigo purple. The orange level is only one level higher than the yellow level."

Chapter 1829: an early closure?

"However, in the first three layers, the concentration of spiritual blood in each layer is very different! So even the half-step orange step is much stronger than the yellow step, and it can make the true spirit essence. A genius who uses the blood of the Huang Tier is already a very enchanting existence.

Not to mention the Crimson Rank, even if it is a half-step Orange Rank, it is likely to be the highest rank spiritual blood that appeared in this trial.

And the orange step basically appears once a hundred years, the real red step is almost the existence that has only appeared in the legend! "

Ye Chen nodded, but he didn't care about it in his heart. If he wants to challenge, he must challenge the strongest red-order spiritual blood!

At this time, the trial officially began. The unicorn phantom was once again integrated into the map of beasts, and the three mini unicorn spirit souls uttered a hostile roar at the trialer in front of them, all over the body. Breath brewing, ready to go.

Suddenly, three powerful forces, toward the three Qilin tribe, rushed away!

The three Qilin clan geniuses who still maintained a touch of self-confidence instantly changed their complexions, their spiritual power was running to the limit, and the spiritual blood was stimulated to the

extreme, and their own roads appeared behind them to resist the boundlessness, like the collapse of the Tianshan Mountains. To exert pressure on oneself.

Many geniuses who have not yet participated in the trial, after feeling the shocking coercion, their complexion changed wildly, and their hearts were beaten up.

Even Ye Chen frowned slightly. This half-step orange-level coercion is indeed very strong, but this level-level coercion, he is confident that he can bear it, just don't know, the orange-level and the chi-level coercion The pressure is much stronger than this.

Ye Chen looked at the Qilin geniuses with violent veins and asked Chi Yunhui: "How long does it take to hold on to pass the trial?"

Chi Yunhui said: "I said before that if the true spirit separates the spirit blood and exerts coercion, it will cost a lot to test the tester?"

It is because they need to use the true spiritual energy in their bodies to exert coercion. The more concentrated spiritual blood is driven, the more true spiritual energy is needed. Once the true spiritual energy is exhausted, the spiritual blood will return. For ordinary spiritual blood.

At that time, the tester had passed the test. "

"That's it."

Half an hour later, one of the pale yellow unicorn phantoms let out an unwilling whimper, and the breath on his body suddenly weakened.

Soon, his figure shattered like a bubble, turning into a little yellow light and dissipating, leaving only a mass of blood exuding a powerful aura!

The tester's face was extremely pale at this time, blood was flowing out of the seven orifices, his skin burst, and he seemed to be on the verge of collapse.

At this moment, he was finally liberated from the horrible coercion, and he couldn't help showing ecstasy. Looking at the blood, his eyes were filled with excitement. With one move, he put the blood in a jade bottle, and never again. Unable to support it, he collapsed to the ground.

When Qi Tianzheng saw this, he also showed a very relieved look. He personally shot a pill into the body of the Qilin genius under his spiritual power. Then, with a wave of his hand, the body of the genius flew towards the Qilin. The direction of the strong in the clan.

As the genius of the Kylin tribe successfully passed the trial, applause broke out in the canyon.

"Passed! Really passed! This unicorn genius has unlimited future!"

"Yes! It is very likely that a powerful person with the power of the sky will be born in the Qilin tribe in hundreds of years!"

"God bless the Qilin tribe, if all three of them pass the trial, it will almost guarantee the prosperity of the unicorn tribe for tens of thousands of years in the future."

Ye Chen looked at the other person who was still barely supporting in front of the Hundred Beasts, looking at the other person who looked a bit more miserable than the genius who passed the trial just now, and couldn't help asking:

"Why did they all accept the Huang Tier Spiritual Soul Trial, but ended up early alone?"

Chi Yunhui said: "Although they are all yellow ranks, there is still a difference between the concentration and the true spirit aura they use. The genius who passed the trial just now faced only a pale yellow spirit.

And now the other genius in front of the beast map is dark yellow. The darker the color, the stronger the spiritual blood. "

She looked at the genius who was covered in blood and still gritted his teeth and said: "However, it is not that the higher the level of the spirit, the better. After all, that means the more difficult the trial. You see That genius is likely to be unable to persist."

"Ah ah ah ah ah!!!"

The unicorn genius who faced the deep yellow spirit suddenly let out a crazy roar, his whole body flashed with blood, his skin quickly dried out, and his hair quickly turned white and fell off. He suddenly changed from a strong young man into a strong young man. A dying old man.

The crowd onlookers let out an exclamation, all thinking that his spiritual blood would be taken away.

But Ye Chen looked at the person, but his eyes flashed. He found that although the vitality was declining, the person's breath suddenly rose instead of falling, as if returning to light!

This genius obviously used some secret method of burning longevity!

If it is an ordinary trial person, even if the trial fails, at most they will lose their spiritual blood, and the body will be severely injured, and the cultivation base will drop.

But if he does this, even if he succeeds in passing the trial, if one is not good, he will probably die!

Chi Yunhui sighed: "Among the foreign races with some monster bloodlines, many people regard their spiritual blood as more important than life. If they lose their spiritual blood, it will be more uncomfortable than death. Therefore, this Qilin The genius of the clan is also working hard!"

The genius of the unicorn tribe stared at the yellow unicorn spirit in front of him, with a resolute expression on his face. He had no intention of giving up the trial and saving his life. If he wanted him to lose his spiritual blood, he would take his life first!

The face of Qi Tian in mid-air is solemn Looking at the Qilin genius, the tiger's eyes are full of appreciation.

In the end, the dark yellow unicorn spirit also let out a wailing, which disappeared into bubbles.

The genius of the Qilin tribe breathed out lightly, and before he had time to be happy, he fell to the ground without knowing his life or death, even before he had time to get the spirit blood back.

At the moment that genius fell to the ground, Qi Tian waved his forehead and took his body into his hand, and raised his sword to connect points on his body, and several pills were beaten into the genius's body.

The man's breath, which was originally like a candle in the wind, gradually stabilized, but his face did not recover. He still looked like an old man. It seems that although he passed the trial, he lost a lot of life. .

Everyone couldn't help feeling sorry for this genius.

However, some people said: "In fact, this matter is not necessarily bad. If he can use his remaining lifespan to break through to the star aperture, the lifespan can be greatly increased. Then, it will not be a problem."

Chapter 1830: Slap Ling Yun fiercely?

"Yes, generally speaking, it is still earned. After all, with his aptitude, plus the spiritual blood he obtained, there is still hope to advance the star orifice with the remaining lifespan. Anyway, this is the second Qilin clan. A genius who has passed the trial is a happy event for the Qilin tribe."

Another said: "If it is a happy event, the most important thing depends on the remaining genius."

Everyone's eyes focused on the last Qilin genius in the field. Although this person was the youngest, he had the most profound cultivation. He was the true peerless genius of the Qilin family!

Even though the coercion he faced was far stronger than the two geniuses in front of him, at this time, although he was covered in blood, his complexion remained calm and his aura remained undisturbed.

The half-orange and half-yellow unicorn spirit was obviously much higher spiritually. Seeing that the unicorn genius was so calm at this time, he couldn't help but let out an impatience roar, and the coercion exerted faintly began to increase.

Everyone's complexion changed slightly, and they exclaimed: "It's worthy of being a half-step orange-level spirit, and agility is not comparable to that of the yellow-level. It started to increase the coercive strength at the cost of higher consumption of true spirit energy!"

"In this way, in a short period of time, it is enough to exert the same pressure as the orange rank. That super genius of the unicorn tribe is dangerous!"

Sure enough, after the half-step orange-level Qilin Spirit Soul's pressure rose to its peak, the super genius of the Qilin tribe finally changed his complexion, and the pressure suddenly increased greatly.

Ye Chen's eyes flashed. He didn't expect that Qilin Spirit Soul would make such a move. It seemed that he had to be careful.

This sudden increase in pressure made some Qilin geniuses who had adapted to the pressure of the unicorn feel very uncomfortable. His eyes condensed as if he had made some decision. The phantom behind him was a pair of blood-red vertical eyes, although Above the vertical eyes exudes a breath similar to a unicorn, but it is obviously not that pure.

At this moment, the pair of \*\*\*\* vertical eyes suddenly exuded a layer of black light!

The Qilin Clan genius shouted in a low voice: "Dao Lin Dao, look at the abyss!"

That thick black light suddenly fell on the Qilin tribe genius, and his appearance changed drastically in an instant!

The originally cracked skin was completely torn, and black scales were exposed under that skin, and his eyes turned into blood red.

When everyone saw this, they exclaimed again: "It turned out to be the bloodline of a mutant unicorn? This is a demon unicorn?"

"It's also possible that in addition to inheriting the Qilin spirit blood, his body also contains the blood of the Demon Race."

"Generally speaking, because of the mutually exclusive relationship between the blood of monsters and the blood of monsters, it is difficult to inherit them at the same time. The probability is extremely low. If it can be done, it is undoubtedly a very talented existence!"

At this time, the Qilin Clan's genius, the aura climbed again, faintly able to withstand the pressure of the orange-ranked unicorn.

The black light emitted by this abyssal gaze is his accumulation of several years. Originally, this trick was intended to be used in the upcoming Thang Long Competition.

But he did not expect that after the Qilin's coercion broke through the orange level, it would be so powerful. The powerful physical body created by his blood and devil blood was even hard to resist. He could only use the energy of this abyss gaze to completely demonize it to improve. The physical strength has increased.

He stared coldly at the spiritual soul that had already transformed into a completely orange color in front of him. Unlike other Qilin geniuses, he did not want to burn his lifespan for the Qilin spirit blood in his body and fight with his life. If necessary, he might Will voluntarily give up the trial and hand over the Qilin spirit blood.

After all, although Qilin's spirit blood is strong, it is in conflict with demon blood. Otherwise, with his demon blood talent, he would not need to accumulate the power of the law for several years to perform this extremely powerful magic trick.

Abandoning the Qilin's spirit blood is a big loss for him, but if he has the heart to develop towards the magic way, it is not necessarily a bad thing.

More importantly, he knew that he had a very high talent above the magic way! Therefore, even if he loses Qilin's spirit blood, his future achievements will never be bad!

Time passed by minute by minute, even if the body was demonized by staring at this abyss, this Qilin tribe genius was gradually reaching its limit.

Just when the Qilin tribe genius frowned, he felt that the demonization was about to end, his body was overwhelmed, and he was faintly hurting his origin, which might cause his cultivation to regress and he was about to give up.

The faintly orange unicorn on the opposite side suddenly roared and turned into half-orange and half-yellow again, and then broke apart with a bang, turned into bits of light and dust and dissipated.

The genius of the Qilin tribe, the demonized body also returned to normal at this time.

He protruded a big mouthful of blood, but his complexion became loose. After taking a pill to adjust his breath for a while, he took the blood and essence into his sac without delay.

Qi Tianzheng in the high air also showed great joy. He smiled and looked at the genius of the Qilin tribe. This genius is the symbol of the prosperity of the Qilin tribe. This trial of spiritual blood is also the Qilin tribe for nearly a hundred years. The best result achieved.

At this time, there was a burst of applause in the canyon!

"Kirin tribe, this is going to rise strongly in Lingwu Continent!"

"It's against the sky, it's against the sky!"

"This is the real genius!"

"It seems that the Qilin Clan's first position among alien races will be held firmly for ten thousand years!"

Ye Chen frowned slightly. This spirit blood trial seemed to be more difficult than he had imagined. Even though he had confidence to resist the orange-level coercion, he would not despise it, so the stronger Chi What about coercion? Can he really stop it?

Even Ye Chen, after witnessing the trial process of the Qilin Clan genius just now, was a little worried.

He asked Yu Beast Spirit God, "Yu Beast Spirit God, do you think I can stop the Chi-step coercion?"

In Ye Chen's mind, Yu Beast Lingshen's laughter suddenly sounded.

Ye Chen was taken aback, and said in a puzzled way: "Yu Beast Spirit God, what are you laughing at?"

Yu Beast Spirit said: "As early as when the blood tiger clan female doll tried to test you I probably guessed the content of this trial. Don't worry, don't dare to say anything else, as long as there is me Now, you can definitely pass this spiritual blood test!"

"Don't forget my name, Yu Beast Spirit God! What is Yu Beast! What is Spirit God!"

"Above all beasts, I am a god!"

"Besides, I'm in your little girlfriend's place anyway, I can't let you lose face."

"And that old lady Lingyun, don't you think the most cool thing is to slap her severely in her place?"

Hearing these words, Ye Chen's eyes were happy, and the corner of his mouth was even more drawn with a playful smile.

I am afraid that in Lingyun's eyes, I am still the old ant.

If this so-called ant did something extraordinary in Lingxian Mountain, this Lingyun would probably vomit blood.
