Chapter 1871: Turn it on!

Fortunately, she didn't feel strange after taking this thing for a long time, even in excellent condition.

The speed at which she absorbs spiritual energy will be greatly enhanced!

If this thing is known by a strong outsider, it will inevitably shake.

Ling Yun nodded with satisfaction: "The master is also for your good. You can also perceive the effect of this thing. Practice holy water."

"Also, in the last few days, you don't have to go out. The Thang Long Grand Competition is very important, but the starting line of the people in the Lingxian Imperial Palace and those sects are different. You can practice and feel at ease."

"Yes." Xia Ruoxue closed her eyes, her eyelashes trembled lightly, and soon entered the cultivation state.

...

Early the next morning, under the leadership of Huang Rushan, Ye Chen and others returned to the canyon. At this time, geniuses from all disciplines gathered together, everyone exuding a sense of confidence, and their eyes filled with confidence. proud.

A handsome young man in a white Taoist robe said loudly: "Everyone, this year's Rising Dragon Competition is about to begin. This time, the number of participants is greater than before, which symbolizes the future prosperity and prosperity of my Lingwu continent. I hope you all will become the pillars of Lingwu Continent in the future!"

Following the voice of this young man, the crowd in the canyon uttered deafening cheers.

At this time, Yin Ming, who was standing next to Ye Chen, frowned slightly, because, just now, she had discovered that several eyes were cast on her side. To be precise, they were cast on Ye next to her. Chen!

Moreover, this gaze is faintly cold, obviously unkind!

Presumably, because of Ye Chen's cultivation, these people first focused on Ye Chen as their goal!

Although knowing that Ye Chen's strength is extraordinary, Yin Ming couldn't help but pull the corner of La Ye Chen's clothes and said softly to him: "Be careful, there seem to be many people in this gorge already eyeing you..."

Ye Chen naturally felt the gazes of these people, but he didn't care at all. Hearing Yin Ming's words, he shrugged indifferently, but showed a hint of humor and said, "Why, you care about me so much?"

Yin Ming's eyes flashed, and the ears outside the mask were slightly red, but he coldly snorted: "You still have the mood to be joking? I know you are very strong, but in this valley, all are Lingwu The genius of the mainland.

Do you know what it means to be targeted by them? If you fall into a siege, even you will never be easy! You better be serious! "

Ye Chen was silent for a moment, then nodded and said: "Don't worry, I have my own measures."

At the same time, his eyes flickered. If these people are so arrogant and regard themselves as goals, he will definitely make them regret their choice!

At this time, a tall man who was completely hidden in the black robe also cast a faint look at Ye Chen.

When the cheers stopped, the handsome young man continued: "This time the Thang Long Tournament, we only have one round of competition. The competition time is three days. The venue of the competition is a separate area that we have developed. The rules of the competition, It's also very simple."

As he said, with a wave of his hand, countless purple light spots burst out of his hand and fell in front of all the contestants present.

Ye Chen's eyes flickered, and he took the purple light that flew towards him, the light converged, and a purple jade token appeared.

The handsome young man smiled and said: "After I teleport you inside, you can start collecting the purple jade tokens in the hands of other contestants.

After obtaining the opponent's Purple Jade Talisman, integrate it into your own Talisman to increase the purity of the Purple Jade Talisman.

Three days later, the contestant with the top forty-nine in the purity of the talisman was the last survivor! "

As soon as this statement came out, all the contestants began to look at the people around them, secretly assessing the strength of each other, and the two who were still talking and laughing with each other also began to secretly guard, and suddenly fell into a tense atmosphere in the valley. Inside.

At this moment, Ye Chen also felt that there were many eyes shooting at him, and, compared with before, the hostility was obviously aggravated.

Obviously, these people regard themselves as hunting targets.

The handsome young man went on to say: "After teleporting inside, the positions where you appear are all random, and all means of communicating with each other are blocked inside.

Therefore, it is not so easy to find a companion in your sect.

It is worth mentioning that there are many rare heaven and earth treasures, rare materials, and alien spirit beasts.

There are even Da Neng Dongfu, waiting for you to explore, if you have spare time after the game, you might as well explore it inside.

At the same time, if you want to abandon the game, you can directly remove the connection between you and the Ziyu Lingfu.

That way, you can be sent directly, but what I want to remind you is that it will take a certain amount of time to remove the connection with the Ling Fu. "

"Finally..." The handsome young man with a gentle smile suddenly revealed a faint expression: "Thang Long Competition only looks at the result, regardless of the process, whether you are in collusion before the game, or temporary cooperation, it is controlled by the forces. Whether it's a deception design, as long as the end, the purity of your purple jade token, in the first forty-nine, is qualified to have the last laugh!"

Ye Chen's eyes dazzled, and the handsome young man said that he was a little surprised. Doesn't it depend on talent?

In this way, can you win even if you cheat?

Yin Ming on the side saw Ye Chen showing a hint of incomprehension, and said: "Ye Chen, you don't understand some things behind Lingwu Continent, Shenglong is not as simple as you thought."

"Look at the many forces, do you really think there is no connection?"

"Where there are people, there are rivers and lakes. In Lingwu Continent, some powerful forces have to make concessions to some top forces, and the children of those top forces will choose some other forces for him before participating in the competition. The vassal and some guards trained in the family, join them in the competition.

The purpose is to assist the children of these forces to win successfully, so to a certain extent, it can be regarded as eligible to be recommended. "

"Also, there is a saying in Lingwu Continent called political balance. Once Lingwu Continent has a special existence threatening many top forces, the balance will soon be broken, and the many top forces will jointly erase that power."

"I heard that the Absolute Cold Emperor's Palace disappeared in Lingwu Continent overnight, maybe because of this."

"Extreme Cold Palace?" Ye Chen frowned slightly. In his impression, the sect where Kunlun Xu Weiyang was originally located was the Extreme Cold Sect.

But obviously, Wei Ying's Absolute Frost Sect could not have any connection with Absolute Frost Imperial Palace.

After all, one is a low martial plane, and the other is a high martial plane.

"Well, everything is careful." Yin Ming said seriously.

Chapter 1872: Ye Chen, it's the sky!

After the handsome young man finished speaking, he suddenly closed his eyes and concentrated, and when he opened his eyes again, he exuded a strong breath, and the face of a towering giant tree merged with the young man.

The immense aura of heaven and earth gathered towards him. At this moment, all the geniuses who participated in the Thang Long Competition felt that they had fallen into another world, a world formed under the support of that towering giant tree. .

The handsome young man showed a trace of sweat on his forehead and suddenly shouted, "Go!"

The sound is ethereal, like a decree of the gods!

The world the contestants are in begins to fluctuate with a word in the mouth of the youth!

In the next moment, everyone only felt that they had lost contact with the space around them, and a strong dizziness hit their minds. When they opened their eyes again, they couldn't help showing surprise.

Where is he still in the valley now?

The scenery in front of them is different, but everyone is sure that they have come to the venue of the Thang Long Competition that the handsome young man said!

Moreover, they soon discovered to their surprise that in this secret realm, the aura of heaven and earth was extremely rich!

In any place, the concentration of its spiritual energy is close to the degree of fogging!

Not only that, they swept around randomly, and they were pleasantly surprised to find a lot of rare elixir and spiritual materials from the outside world!

A man dressed as a monk looked at not far away with joy, like a small lake of pure and flawless emerald, a golden lotus in bloom, which is a kind of spiritual object called Luohan Jinlian.

For some Buddhist martial artists, it is extremely useful and rare to cultivate Arhat Dharma bodies, but this Arhat Golden Lotus has almost disappeared in Lingwu Continent.

Unexpectedly, this monk who happened to practice the Arhat Dharma body was so lucky, and just entered this secret realm, he found the Arhat Golden Lotus.

In this way, even if he failed to qualify in the end, he would be considered a great advantage.

The monk waved his hand impatiently, and golden light surged all over his body. Under the monk's control, the Arhat Golden Lotus immediately flew towards him.

But just as the golden lotus was about to fly into the hands of the monk, an abnormality suddenly occurred!

A sharp weapon that seemed indifferent, suddenly came from the side, the speed was extremely fast, the monk's eyes widened, his face was horrified, and it was too late to escape!

The transparent sharp weapon hit the monk's chest severely, and made a loud bang! Great earthquake trembled!

The power of this blow can be seen from this!

A figure appeared not far away from the monk. It was a pale young man dressed in a black robe. He was panting slightly. It was obvious that the trick just now was expensive.

However, when he succeeded in a blow, he was beaming with joy. He believed that even a general late-stage martial artist would be seriously injured by his own blow!

However, the smile on his face soon solidified, because he clearly saw that the monk who was successfully attacked by him did not fall down!

At this time, the monk was full of golden light, and he looked very majestic, and a blood hole was opened in his chest.

In the blood hole, there was the invisible hidden weapon that the black-robed man had just issued. Although the monk was seriously injured, he seemed to be completely unaware of the injury on his chest. He first carefully put away the golden lotus in his hand before he took his chest. He took off his hidden weapon and grinned at the black robe man not far away.

There was a chill in the black robe man, and he didn't even intend to take back the hidden weapon that had been shot. He immediately disappeared and flew away towards the distance.

...

At this time, Ye Chen looked at the two people in front of him with a face.

The two men faintly formed an encirclement, blocking Ye Chen's path.

Ye Chen had the impression of the breath of these two people. It was the two of them who had cast unkind eyes on him in the valley before.

Now, the two people looked at Ye Chen with extremely contemptuous smiles, as if looking at a lamb waiting to be slaughtered!

One of the short men smiled at another man with a pockmarked face: "Brother Qi, I didn't expect such a coincidence. We met again in this secret realm. Why, we two, how about temporarily joining hands?"

The pocky-faced man replied: "Brother Fang, I have this intention in the next, but I want to say that it is even more coincidental that we and this waste were transmitted together. Before the start of the competition, I stared at him for a long time. Up.

Unexpectedly, my luck is so good, Brother Fang, can't you rob me? "

Listening to his words, it seems that Ye Chen has been regarded as something in the bag.

The short man frowned slightly. Obviously, he didn't want to give Ye Chen his hand to the pocky-faced man. After a moment of silence, he seemed to think of something and suddenly smiled:

"This is okay, then, I will give him to brother Qi, as my sincerity to form an alliance with youHow about?"

The pocky-faced man was overjoyed and said: "So very good! So very good!"

As he said, he showed Ye Chen the vicious look of a wolf.

The short man sneered when he saw this. He and this pocky-faced man had already known each other before the competition. The strength of the two should be between the two. However, just a few days before the start of the Thang Long competition, the short man suddenly won. A chance and a great advancement in strength, he now has the confidence to defeat this pitiful man.

However, it is not the time yet, so let this pitiful man work hard and make full use of it.

Anyway, in the end, the energy in his token still had to fall into his own hands.

However, in order to avoid the pocky-faced man from being suspicious, he pretended to ask: "Brother Qi, can I take action with you?"

The pocky-faced man laughed and said, "It takes others to deal with a half-step waste in the Dao-level realm? Brother Fang, you too look down on my Decepticons flying together?"

After that, Qi Fei's aura soared, and a phantom of a **** tiger appeared behind him, and his whole person began to be beastly transformed, somewhat similar to the means of Ye Chen's true spiritual transformation.

Ye Chen was also surprised when he saw this. As expected, each of these geniuses who participated in the Trial of Rising Dragon was unique.

However, Ye Chen's gaze quickly recovered indifferent.

Even if Qi Fei is a genius far beyond the same level, he still doesn't take it seriously.

Because, if these people can be called the top, Ye Chen is the sky!

After Qi Fei's transformation, his momentum skyrocketed, and his whole body exuded extremely terrifying power. Fang Huo, who was on the side, was quite confident in his own strength. After seeing Qi Fei's transformation, his eyes flickered slightly, revealing a little bit. The color of fear.

How can anyone who can participate in the Thang Long Contest have the same strength and realm!

Can kill enemies across borders!

Chapter 1873: Human greed

At this moment, Qi Fei, also like the king of beasts, exuded incomparably domineering power, he looked at Ye Chen coldly, opened his mouth, and said with a grinning smile:

"Trash, hand over your purple jade token and storage bag, then kneel down and knock grandpa three times. Grandpa will be merciful and spare you a bitter life. What do you think?"

Upon hearing this, Ye Chen pretended to be pleased to ask the other party: "Really? Are you really willing to let me go?"

Qi Fei seemed to be very satisfied with Ye Chen's sluggish appearance in front of him, and looked down upon Ye Chen even more. He roared, "What are you talking about? Is your grandfather a man who doesn't believe in words?"

Fang Huo frowned slightly. This Qi Fei was too arrogant. Can't you tell that Ye Chen was pretending to make fun of him?

And let him leave?

Those who can come to the Thang Long Contest, even if it is a fragile waste, must have a certain background. Just let the other party leave, don't you fear retaliation?

However, a sneer evoked at the corner of Fang Huo's mouth soon, or just let this kid relax his vigilance. After a while, he could be resolved easily.

He had secretly decided that if Qi Fei really let the opponent go so stupidly, he would kill Ye Chen when necessary.

Although Fang Huo didn't plan to let Qi Fei live, he naturally didn't care if Qi Fei would get revenge by Ye Chen, but he didn't want to be implicated in the slightest.

At the same time, Fang Huo was also a little strange. Why is Ye Chen still thinking about making fun of Qi Fei, a fool?

Qi Fei is a cultivation base of the Seventh Layer of Good Fortune, and he has touched a trace of law, and can use a trace of law.

Coupled with his natural awakening of the blood of the tiger demon, his physique is far superior to ordinary warriors, and his overall strength is still higher than that of ordinary martial artists.

Although not his own opponent, Ye Chen, a half-step martial artist in the realm of the Dao, is absolutely impossible to defeat Qi Fei...

Fang Huo's pupils suddenly shrank. Could it be that the other party had any means to save his life to escape so confidently?

Thinking of this, Fang Huo couldn't help but urge Qi Fei: "Brother Qi, this kid seems a little weird, so I should do it as soon as possible, lest..."

Hearing this, Qi Fei waved his tiger paw impatiently, and yelled: "I know, this little thing, don't interfere!"

Fang Huo's eyes flashed sharply, and he secretly scolded Qi Fei, this idiot, even daring to ignore his advice?

But it was not the time to turn his face, Fang Huo's eyes flickered a few times, and he didn't say anything.

Qi Fei glared at Ye Chen and said, "Little boy, grandpa's patience is limited. Kneel or die!"

Having said that, he let out a stunned tiger roar, an extremely fierce aura, coming out through his body, crushing towards Ye Chen like the sky and the earth!

Fang Huo couldn't help but shook his head. How stupid was Qi Fei?

Now the crisis is raging, and there are other strong people nearby. He yells so arrogantly, is he not afraid to attract others?

But that's all, that kid shouldn't be able to withstand the power of all the tiger evil spirits. After killing him, leaving immediately is...

However, both Qi Fei and Fang Huo were stunned.

Ye Chen, amidst that terrifying tiger evil, did not change his face and stood calmly to the extreme.

Ye Chen carried his hands on his back and looked at the two people who were surprised, and said lightly: "Why don't you two hand over the purple jade token and storage bag, and knock me 30,000 heads on your knees. How about keeping you a bitter life?"

Fang Huo secretly said a bad cry, Ye Chen in front of him, although his aura remained unchanged, he exuded a feeling that made him feel extremely dangerous!

Before he could take any action, Qi Fei on the side already roared, "Bottlecock, what do you say to Grandpa?"

The shadow of the tiger flashed behind, the power of the law was faintly released, and the whole person seemed to turn into a terrifying tiger, rushing towards Ye Chen!

Fang Huo flipped his hand and held a crystal long sword in his hand, faintly guarded, and ready to escape.

Then Qi Fei flew toward Ye Chen, and in a flash, he arrived in front of Ye Chen. With a move of a pair of tiger claws, he grabbed Ye Chen with enough power to tear the world!

However, when that pair of tiger paws were only an inch away from Ye Chen's face, they stopped abruptly!

Fang Huo, who was behind Qi Fei, thought that Qi Fei would not kill Ye Chen immediately and wanted to play with his opponent. He was angry and cursed, "You are waiting for a fart! You killed him!"

But soon, Fang Huo discovered something was wrong. Qi Fei didn't seem to intend to kill Ye Chen, because he saw that Qi Fei's muscular body was trembling slightly in front of Ye Chen!

At this moment, Ye Chen was looking in front of him with a smile, his pupils trembled violently, his teeth trembled, and Qi Fei looked extremely frightened, and smiled: "What? I just let out a little breath, so I made you so scared?"

You are also worthy of being a Decepticon? Calling you a Tyrant is almost the same. "

That Qi Fei expression struggled, he wanted to roar, retort, and tear Ye Chen apart, but at this time, he was shrouded in fear that erupted from instinct, shaking all over, unable to control his body at all.

Don't say it was retorting and cursing, he was able to maintain his standing now, and if he didn't kneel and surrender to Ye Chen, he was desperately insisting.

He didn't know what was going on, it was just a half-step ant in the realm!

How can I be afraid of him being this way?

Ye Chen's expression suddenly froze, and Gengjin Qi and Devil Qi swept!

The power of the six kings of the gods is gathered!

The ghost of the ancient white tiger and unicorn behind is released!

The strong aura bloomed, and now, not only Qi Fei, but Fang Huo's body also shivered slightly, which was a kind of oppression from higher life.

Ye Chen, at this moment, seemed to incarnate a higher existence than them, and people couldn't help but give birth to a heart of worship.

Qi Fei, who had been trying his best to persevere, couldn't help it anymore. He knelt down in front of Ye Chen, and began to kowtow frantically, his head dripping with blood!

Qi Fei has the blood of the tiger demon, this low-level tiger blood, under the full eruption of Ye Chen's white tiger spirit blood, only surrender!

Fang Huo was finally scared. The strange scene in front of him completely shocked his soul. Now, he finally realized that the half-step young man in the realm of Taoism in front of him, what is the younger brother waste who relies on his family background to try his luck...

This person is a real super evildoer!

Fang Huo screamed, the long sword in his hand trembled, the essence of blood came out, his own strength completely exploded, a blazing sword light swept towards Ye Chen, completely ignoring Qi Fei who was kneeling on the ground at this time, and wanted to join him. Ye Chen cut to pieces!

Murder is coming!

Chapter 1874: Turn into nothingness!

At the same time as he took out the sword, Fang Huo flashed a phantom flame behind him, and instantly merged with himself, turning into a soaring flame, flying away in the opposite direction of the sword light, at an extremely fast speed!

When Ye Chen saw this, his eyes flashed coldly, and he sneered slightly, actually not caring about the Jianmang who swept toward him.

But at the time of the life and death crisis, he broke through the limit and broke free from the restraint of Ye Chen's coercive pressure. The whole body was condensed with evil spirits, and he fisted at the sword light that was slashed at him. !

When the fist wind passed, a whistling sound faintly sounded, infinite power!

Ye Chen's eyes flashed, but he didn't expect Qi Fei to break free from the pressure. It seems that the geniuses who can come to participate in the Thang Long Competition are really not the general generation.

With a loud bang, Qi Fei's fist slammed on the sword glow, his figure shook violently, and one arm was blown to pieces. However, this punch also completely offset the sword glow.

Qi Fei showed hatred on his face, which was extremely ugly. From Fang Huo's sword just now, he had already seen that Fang Huo had no intention of joining hands with him at all. I am afraid that in the end, he would also attack himself. .

However, in Qi Fei's own mind, he couldn't say that he didn't have similar ideas.

Although Qi Fei's injury is not light now, this is not the thing he cares about most. After the spiritual energy stops the blood, he looks at Ye Chen fearfully.

Although he broke through the coercive restraint under the stimulation of Fang Huo Jianmang just now, facing Ye Chen, he was still extremely frightened.

If you start with Ye Chen now and are seriously injured, you may only have 30% of the strength left.

Although Ye Chen seemed to have only a half-step Harmony Realm cultivation base, and his strength was still unknown, Qi Fei would never look down upon Ye Chen now.

After all, if Ye Chen was really weak, when he used coercion to suppress himself just now, he would definitely seize the opportunity to severely injure or kill himself immediately, instead of being as calm as before.

Ye Chen glanced at Qi Fei indifferently, and said to him: "You, just said, what are you?"

Qi Fei's complexion changed, thinking of his disrespectful remarks to Ye Chen just now, his complexion changed drastically, and he bowed his head cowardly and said: "I said...I am a grandson, you are grandpa, grandpa, please forgive me. Fate."

Having said that, he was also decisive, kneeling down again while putting his storage bag and purple jade order on the ground.

Ye Chen smiled and looked at Qi Fei playfully. This person seemed reckless and arrogant, but in fact, he knew that he could advance and retreat, bend and stretch, and now he could not determine his strength, but he was willing to show his weakness and kneel down, happy. Recognizing counseling is also somewhat interesting, not a stupid person, but a little extraordinary.

Ye Chen smiled and said, "Do you hate me?"

Qi Fei said frankly: "I don't know good or bad, I have no eyes, and offended my grandfather. Now I naturally have to bear the responsibility, because I think that grandpa is stronger than me, and being stronger is the truth. How can I remember the courage to hate grandpa?"

Of course, in the future, I will be stronger than Grandpa..."

When he said this, he grinned and said, "I admit, I might be troubled by Grandpa."

Ye Chen laughed loudly: "You can be considered magnanimous. If you say that, you are not afraid that I will kill you?"

Qi Fei lowered his head and said, "I'm afraid, why not be afraid, but I don't think there is any need to lie. If Grandpa will kill me because of this, you will not let me go even if I hide it, right?"

Ye Chen nodded: "You look rude, and you can be considered rough and fine, but you can also be considered magnanimous, well, I will spare your life."

He is naturally confident, Qi Fei will never be stronger than himself, this is Ye Chen's pride.

When Qi Fei heard the words, his face was happy, and he was about to kowtow to thank him, but Ye Chen's voice sounded again: "As long as you give me what you hide in your arms."

Qi Fei's face froze, his eyes flickered, showing hesitation, but soon his eyes regrouped, his hand stretched out, he took out a piece of animal skin from his arms and put it on the ground.

He understands a truth, no matter how good things are, they have to be worthwhile.

Ye Chen smiled and nodded, "Go away."

With a wave of his hand, after putting away all the things on the ground, he turned into a golden thunder and flew away in the direction of Fang Huo's escape, and disappeared in an instant.

When Qi Fei saw this, his face was shocked. At this speed, let alone a martial artist in the realm of harmony, even a martial artist of good fortune, I am afraid it will be difficult to find a speed that can surpass Ye Chen, right?

At the same time, he was lucky, but fortunately, he didn't use any life-saving methods to attack Ye Chen and escape.

At the same time, Qi Fei showed a smirking smile and said to himself: "Fang Huo, Fang Huo, do you think you are smart? Right away, you will pay the price for your own cleverness."

After that, he focused his attention on pinching the tactics. After half a stick of incense, he finally succeeded in cutting off contact with the Ziyu Lingfu, teleporting and leaving the secret realm.

At this time, Fang Huo finally stopped his escape after flying out of nowhere. He looked back and saw that Ye Chen had no sign of chasing and he was slightly relieved.

He gritted his teeth bitterly, why he was so unlucky, just when he came into this secret realm, he ran into such a monster, it seemed that Fang obtained the token, he couldn't get it.

Just when he was planning to find a hidden place to take the pill to restore the spiritual power he had consumed, a faint voice rang in his ears: "Why? I can't run so quickly?"

Fang Huo's expression changed drastically, and without looking back, he chopped out a blazing sword light behind him, and at the same time, the flames all over his body rose again and flew away in the opposite direction from the sound.

However, as soon as his escape light rose, a golden light flashed in front of him, and he saw a figure standing with his hand holding his hand, his face indifferent, blocking him.

Fang Huo's face changed wildly, and he shouted: "How is it possible! How can you catch up with me in a half-step Harmony Realm cultivation base!?"

However, although he was flustered, he didn't stop at all in his hand, and his whole body poured out without a drop of spiritual energy, slashing towards Ye Chen.

Countless fiery flames rose, faintly transformed into a crimson dragon full of bursting sword intent, roaring to kill Ye Chen!

Ye Chen's eyes didn't fluctuate at all, the Gengjin Qi was launched together with Qilin Sha, and a strange aura rose up and rushed towards the flying dragon.

Fang Huo was panting, his figure swayed slightly. The move just now had exhausted all his spiritual power. When he saw Ye Chen standing motionless, he still showed a trace of joy, secretly saying that this idiot was so supportive. Great, he will surely die tragically under this powerful shock of his own.

He is confident that his sword is enough to slay an ordinary martial artist!

However, the next moment, the joy on his face completely solidified, and his extremely strong spiritual power merged with the rhyme of fire, and the condensed shocking fire dragon, after the white light of Ye Chen's body flashed, it was just like that. Annihilated into nothingness?

Chapter 1875: Some strength!

No, it's not nothingness. Fang Huo soon discovered that the giant fire dragon was compressed into a crimson bead by the light emitted from Ye Chen's body.

how can that be?

Fang Huo looked at the round bead in disbelief, his sword intent and the power of the law all took a fierce and fierce path, and he was so violent when he shot it, he couldn't even shrink it.

How could it be compressed into this way by Ye Chen with the power of a half-step Harmony Realm?

Ye Chen played with the crimson bead the size of a thumb, and his expression was quite satisfied, although he would not be so strenuous now when he casts Qilin Sha and Niwang Blessing.

However, there are still limits.

The reason why his opponent used Qilin Sha with such a vulnerable item was because he wanted to test the power of Qilin Sha. Ye Chen's current performance also satisfied Ye Chen.

Na Fang Huo was already full of horror at this time, he wanted to escape, but his whole body was exhausted, and Ye Chen's escape speed was obviously far faster than himself, even if he wanted to escape, he couldn't escape.

Immediately, his face showed the color of determination, and he immediately began to cut off the contact with the Ziyu Lingfu, intending to teleport away from the secret realm!

Ye Chen glanced at him. Although Fang Huo didn't offend him much, he regarded himself as a target and obviously had a murderous intention. Naturally, it was impossible for Ye Chen to let him go.

With a move of Ye Chen's wrist, his entire body, under the control of the force of the microcosm, completely acted on that scarlet orb, and the ball trembling, it was already extremely fast, and it flew towards Fang Huo!

That Fang Huo, definitely too late to react, was burned into nothingness by his own power amidst a loud bang.

With a wave of his hand, Ye Chen drew out Fang Huo's storage bag and purple jade token from the thick smoke.

He took out his own token, and his spiritual power surged, and the other two tokens turned into pure energy, which was absorbed by Ye Chen's token.

After doing all this, Ye Chen is not eager to find other contestants. As time goes by, the energy of the tokens in the hands of contestants who are still in the secret realm will become stronger and stronger. When the time comes, just grab Their command symbol is.

Now, he could collect materials in this secret realm. On the way to chase Fangkuo, he had already collected a few treasure materials that he didn't even have in Xuanyue Sect.

Moreover, if you are lucky, maybe you can discover some powerful caves or mysterious ruins. That way, the benefits will be even greater.

However, he suddenly remembered the handsome young man who opened this place.

He felt threat from the youth.

It seems that Lingwu Continent is also heavenly and there are people outside the world.

At this time, in this vast mystery, similar scenes are constantly being staged. The contestants either **** the tokens of the weak, or explore the mystery leisurely, or find allies to form a clique...

In a mountain covered by ice and snow, a young man in black robes faced three geniuses of various factions whose auras were at the pinnacle of good fortune.

Those three warriors are obviously not weak, even at the level of good fortune, they are extremely shocking.

They should have had the upper hand, but at this time, when they faced the black robe warrior, they were faintly fearful!

The black-robed warrior's aura is strange, constantly changing, from strong to weak, making it impossible to determine his cultivation level!

The face of the black-robed warrior was hidden under the hood, facing the bitter wind and snow, walking towards the three warriors step by step.

Among the three warriors, a blue-haired youth standing in the middle suddenly gritted his teeth, as if he had made some decision, and said to the black-robed warrior: "This fellow Taoist! Please stop!"

Hearing the words, the black-robed warrior actually paused and stopped.

The blue-haired young man breathed a sigh of relief. It seems that there is still a possibility of negotiation. He said to the black-robed martial artist: "Friends, your purpose is just a purple jade token, right? If the order is handed over, can you let me wait to leave?"

A handsome man next to the blue-haired youth heard this, his face changed slightly, and he said anxiously: "Brother Li, what are you talking about? Just give up the Thang Long Competition?"

It was discovered by the young master of the Xing Family of Ten Desolations, let alone us, maybe even our sect would be implicated! "

Before the blue-haired youth spoke, a dark-skinned man on the side shook his head and said: "I agree with Brother Li's opinion. We are only doing the dowry of Xing Zitang when we come to participate in the Thang Long Competition. Why should we take risks for him? It's better to hand over the order now."

The handsome man's complexion changed slightly and said, "Brother Ke, what are you talking about, this person, but your brother..."

The dark-skinned man smiled bitterly and said: "My junior is the strongest of the three of us, but he was killed by this person with a single move. Do you really think that if we join hands, we have a chance of winning?"

Hearing this, the handsome man's expression kept changing, and finally he sighed and acquiesced to the blue-haired youth's decision.

The black robe warrior finally spoke at this time: "Yes, hand in the purple jade token, and you can leave by yourself."

When the three of them heard the words, they all felt a little loose in their hearts, and unanimously took out the purple jade order and threw them at the black robe warrior.

The black robe warrior waved his hand and took the purple jade order, then turned and prepared to leave.

Upon seeing this, the three exchanged glances, and together they wanted to go in the opposite direction.

However, as soon as the three of them leaped up, an overwhelming rich demon energy swept toward them at an extremely fast speed!

The three warriors all changed their complexions, and roared: "Despicable villain, you have turned your back!"

At the same time, they each displayed their strongest hole cards to attack the weird magic energy in front of them with all their strength!

The rumbling sound is endless!

However, it didn't take long for the ice and snow mountains to leave only the whistling of the cold wind and no other sounds.

But at this moment, that Ye Chen had seen a tall beauty with a very hot figure beside Xing Zitang, a contestant from the Xing Family of Ten Desolates, in the Yinxian Forest. She looked at the formation in her hand and frowned. A wrinkle, facing Xing Zitang:

"Young Master, since one of our vassals fell just now, three more vassals fell at the same time not far from the place where this person fell."

If any contestant can form an alliance in the Thang Long Contest, the Thang Long Contest only opens the back door to the superpowers, and it is the spiritual disc in the hands of this tall beauty.

In this secret realm, all means of communication are shielded. Even if the general forces collude with each other, it is difficult to find each other in the secret realm. However, this spiritual disk is an exception. Relying on the main disk of the spiritual disk, it is attached to Participants of top or super-class forces can roughly sense each other's position and accurately sense the position of the main plate through a single sub-plate.

Xing Zitang touched his bald head and said as if he had discovered something interesting:

"Oh? Can you defeat three of my vassals at the same time? This person has some strength."

Chapter 1876: apologize!

Apparently, he didn't care about losing three vassals.

The hot woman looked at Xing Zitang with a bit of annoyance: "Young Master, this Thang Long Competition is no better than usual. This person is by no means simple, although the four vassals are not a big loss to us.

However, we should not underestimate the enemy. We should first stay away from the place where the three people fell, and wait until the nearby vassals reconcile with us, and then move in that direction to hunt down this person. "

Xing Zitang shook his head indifferently and said, "Why? Chixia, I am different from the **** that I competed in the clan before. Originally, I didn't want any vassals at all. These were just imposed on me by the clan.

Even if they are all dead, I don't care at all, because since I was a child, I have understood a truth, to be a person, I can only rely on myself! "

After that, he glanced at the insight pan, and walked directly in the direction of the three people. At the same time, he asked with great interest: "You said, that person got the second pan of the insight pan, will he move towards us? From where you are?"

Chixia stomped her feet with anger, but she could only sigh, followed Xing Zitang in that direction, shaking her head and saying:

"If it is not a single contestant who killed those people, but other super-class forces, it is possible. If it is a single contestant, it is naturally impossible. Then doing it is just looking for death...

However, even if he wanted to, he couldn't do it. Only the vassal selected by us can use it. Others get it, and it's useless. "

...

At this time, in the snow and ice mountains.

A black-robed warrior, looking at the formation plate in his hand, a chilling smile appeared at the corner of his mouth. On the formation plate, some dim light spots around and a dazzling red spot in the distance were vaguely revealed.

This formation disk is surprisingly the secondary disk of the spiritual disk, and, for some reason, this black-robed warrior can actually use it normally!

The black-robed warrior moved and turned into a black shadow, rushing towards the direction of a nearby blurred spot of light.

In a dense forest, the blood of the blood demon sword in Ye Chen's hand flashed, and a white lion with a pair of sharp horns wailed and fell down in response.

Ye Chen waved his hand and put away the body of the white lion with a smile on his face. This white lion can use a powerful white flame.

Perhaps, after refining it, the flame can be used to enhance the profound flame.

It's a pity that Yu Beast Spirit God hasn't woken up yet, otherwise, you can ask him.

And the reincarnation cemetery that can be induced is also temporarily silent.

After putting away the white lion, Ye Chen suddenly turned to a certain direction and said lightly: "I have been watching for so long, can I come out?"

After a while, what was originally empty was suddenly distorted, and a figure appeared immediately. He was a rather handsome man with blue eyes.

He smiled at Ye Chen and said, "Dao's friendly eyesight, in the next heaven Lingzong Zheng Yuan, dare to ask how Dao friends are called?"

Ye Chen looked at Zheng Yuan, this person's surface was the cultivation base of the Ninth Heaven Peak of Good Fortune Realm.

However, his aura was like an abyss, and he was not sure how much stronger than the Zhao Lei he had seen before. Ye Chen also had the impression that the Heavenly Spirit Sect he was talking about was a first-rate force similar to Xuan Yuezong.

Seeing that Zheng Yuan didn't seem to be malicious, Ye Chen said lightly: "Ye Chen."

After all, he didn't mean to do anything with him, turning around and leaving.

Now, even if he got Zheng Yuan's Token, he couldn't add much energy, so on the first day of entering the secret realm, Ye Chen didn't intend to actively **** the Token.

Seeing that Ye Chen was so indifferent, Zheng Yuan didn't care, and still smiled and said, "Friends, wait a minute."

Ye Chen turned around and looked at Zheng Yuan coldly and said, "What? Do you want my order?"

Zheng Yuan heard this and shook his head and said, "Don't dare. With the strength of fellow daoists, Zheng can't have the confidence to play against fellow daoists. But don't leave in a hurry. I want to ask fellow daoists if you are in this secret Things, interested?"

"Oh?" Ye Chen raised his eyebrows when he heard this, "What do you mean?"

Zheng Yuan smiled and said, "Don't be concealed, I found a cave in this secret realm, but, with my own strength, it is estimated that I cannot easily break through the restrictions of this cave. Therefore, I have been looking for some powerful people nearby. Participants want to join forces temporarily to explore the cave."

Ye Chen pondered for a moment, and said to Zheng Yuan: "So, are you looking for me to jointly explore this powerful cave? Besides me, how many people are there?"

Zheng Yuan said: "In addition to you and me, there are three fellow daoists. Together with us, a total of five people should be enough to make a breakthrough. Don't worry, fellow daoists. I have no other intentions. If I am really worried, I can. Swear by the heart of Tao."

Ye Chen subconsciously wanted to refuse, but at this moment, there was a tingling sensation from the devil's eye between his brows.

"go with."

A icy voice to Jiuyou sounded in Ye Chen's mind!

The Devil's Eye actually wants him to go?

After staring at Zheng Yuan for a while, Ye Chen said, "You don't need to swear. In that case, I agree to explore the cave with you."

Although Zheng Yuan is strong, Ye Chen still doesn't think he can threaten him.

Zheng Yuan was overjoyed when he heard the words: "It's so good. Fellow Daoist Ye, please come with me."

After all, incarnate a faint aura, flying in a certain direction, Ye Chen's whole body of golden light also turned into a golden thunder, and followed Zheng Yuan.

Soon after, Zheng Yuan fell down in front of a clearing. Ye Chen glanced over the empty clearing, and he sensed a faint aura fluctuation. Obviously, some kind of hidden formation was laid here.

Just as the two fell into their bodies, there was a flash of inspiration in the clearing, and three figures appeared, two men and one woman.

Zheng Yuan smiled and said to the two men and one woman: "You Daoyou Song Daoyou Yu, You Daoyou Xie, this is Daoyou Ye Chen and Ye Daoyou, and we have five people together. Let's explore the Da Neng Dong Mansion."

At the same time, he turned around and pointed to the three of them to introduce Ye Chen one by one.

Ye Chen glanced over these people and nodded secretly. These people were all cultivated in the late good fortune realm. Although they were weaker than Zheng Yuan, they were not comparable to ordinary warriors.

But at this moment, a man with an inch head looked at Ye Chen and said with disdain: "Brother Zheng, you said to find a strong and powerful person to join us, so you can find this kind of stuff? Half a step? You are here. What does it mean? Do you want to lure him here and give me his purple jade order?"

Ye Chen narrowed his eyes, looking at the man named Song Jue, there was a faint cold glow.

When Zheng Yuan heard the words, his expression became dark, and he said to Song Jue: "Friend Song, why, are you questioning my decision? From the perspective of me, how can you judge the strength of others simply by the realm?"

I guarantee you Daoyou Ye's strength. Please apologize to him for his rudeness just now! "

Chapter 1877: Thanks a lot!

When Zheng Yuan said this, Song Jue, Yu Yuan and Xie Pingping were all taken aback. They didn't expect that Zheng Yuan would value Ye Chen so much. In order to protect Ye Chen, he asked Song Jue to apologize to Ye Chen?

And Song Jue even jumped with blue veins on his forehead. Zheng Yuan is just a little stronger than himself, so he wants to apologize for such a half-step in harmony with the waste? How can he bear it?

Immediately, the two sides looked at each other coldly, and the atmosphere was momentarily solemn.

Ye Chen looked at Song Jue and said lightly: "You just said that you want my purple jade order?"

Everyone didn't expect that Ye Chen would speak at this time, and couldn't help turning to Ye Chen. Song Jue looked at Ye Chen's still indifferent appearance, couldn't help sneering in his heart, staring at Ye Chen and said:

"Yes, you'd better leave the token behind and leave the secret realm on your own. I don't want to take a burden into the dangerous cave mansion."

Zheng Yuan's face completely sank, and he shouted:

"Song Jue! I discovered this cave. Without my leadership, none of you can get in. Naturally, it's up to me to decide who to join hands with.

What qualifications do you have to decide Ye Daoyou's stay? Apologize to Daoyou Ye immediately, otherwise, please leave this team! "

Being so fiercely refuted by Zheng Yuan, Song Jue finally couldn't bear it anymore. His eyes flushed, burning with bursting killing intent, staring at Zheng Yuan and roaring:

"Zheng Yuan! Don't think that you have a bit of strength, just give Lao Tzu stunned! Am I the one who called you when you wanted, and drove away if you wanted to? If you continue to defend this kid, even you will die!"

Zheng Yuan's eyes were cold, and he wanted to say something, but at this moment, Ye Chen walked up to Song Jue and took out the purple jade token and said: "Okay, I'll give you a chance, take it."

Now, let alone the three of Song Jue, it was Zheng Yuan. They were all stunned. Ye Chen's strength, he knew it, shouldn't be under him. How could he easily command his Ziyu Fu, how about handing it to Song Jue?

Could it be that it's really yourself?

Ye Chen's strength is actually only this, so under Song Jue's repeated threats, did he admit it?

When Song Jue saw this, he burst into laughter, and looked at Zheng Yuan with sarcasm: "This is the strong man you found? Really strong, so proud!

He took the initiative to hand over the ling talisman to me. What a powerful and powerful man, what a boldness he can have? "

Zheng Yuan frowned, but Ye Chen took the initiative to do so, and he couldn't say anything.

Song Jue saw that Zheng Yuan didn't speak, and his expression was even more triumphant. As soon as he reached out his hand to hold the purple jade token in Ye Chen's hand, he was about to put it in his pocket, but the next moment, his expression changed slightly, and he froze in place. ,not moving at all.

And Ye Chen still looked calm and composed.

When Yu Yuan and Xie Pingping saw this, they also showed strange colors. Yu Yuan even asked directly: "Brother Song, what's wrong with you? Why aren't you moving?"

Song Jue did not answer Yu Yuan, but looked at Ye Chen incredibly.

Zheng Yuan's eyes flashed suddenly, and he found that Song Jue's whole body was agitated, his muscles bulged, his blue veins jumped, his complexion flushed slightly.

This Song Jue was not motionless at all, but could not be moved!

He had tried his best to get this purple jade token from Ye Chen's hands, but this purple jade token seemed to be inlaid in Ye Chen's hands, not moving!

Song Jue was completely confused at this time, how could this be possible?

He is quite accomplished in the art of refining the body, and his strength and physique are stronger than most martial artists at the peak of good fortune.

Gradually, Yu Yuan and Xie Pingping also saw the clues and couldn't help looking at the calm and calm Ye Chen in shock.

This person wrestled with Song Jue, who was skilled in body refining, but his expression remained unchanged, as if effortlessly. His power was so terribly strong?

Ye Chen said indifferently to Song Jue: "What's the matter? Didn't you want it? Why didn't you take it away? The purple jade token is placed in front of you, can't you even take it?"

Song Jue heard Ye Chen's mockery, and finally couldn't bear it anymore, and roared:

"You let me go!"

As soon as the voice fell, he flipped the other hand directly, holding a blue-purple spirit axe with many electric lights, and at the same time a fuzzy figure appeared behind him, and the power of the law rushed out without leaving it. With all his hands, he cut to Ye Chen's door!

A cold light flashed in Ye Chen's eyes, and his figure was quite strong. The devilish energy and the Gengjin energy swept through his body. The strength in his hand suddenly increased several times.

A huge force rushed out, and before the spirit axe hit him, he slammed Song Jue to the ground!

There was a loud bang!

The earth shook wildly, countless extremely deep cracks spreading under Ye Chen's feet, the earth and rocks collapsed, Yu Yuan and Xie Pingping, who stood close, immediately moved and flashed to the side, while the place where Ye Chen originally stood collapsed into a big pit.

Looking at the scene in front of him, not only Yu Yuan and Xie Pingping, but even Zheng Yuan was shocked. Ye Chen's power was so incredible?

Is that human being?

Under the influence of that tremendous force, Song Jue slammed the axe to the ground, and he was smashed to pieces by Ye Chen and his muscles burst!

He held the hand of the Ziyu Lingfu and dropped it weakly, Ye Chen coldly retracted his Ziyu Lingfu and looked down at Song Jue, who was like a pool of rotten meat.

This Song Jue was not weak. Under his almost full swing, he was not directly smashed into nothingness. At this time, although he was seriously injured, he was not dead. If he was given time, he would surely be able to recover as before.

The genius who can participate in the Dragon Contest is really much better than the average martial artist of the same realm.

The forces behind Song Jue were not ordinary. Although that force had prepared a lot of life-saving things for him, there were no items of the same rank that Zhao Lei had used before.

Even so, his injury seemed serious, but Ye Chen knew that it was actually better than Zhao Lei's situation at the time.

Zheng Yuan looked at Song Jue's tragic situation, shook his head, and said to Ye Chen: "Brother Ye, although Song Jue didn't know what was good or bad, he was invited by me after all. Could you please spare him his life?"

Ye Chen swept Zheng Yuan a little bit. Seeing his sincere expression, he nodded slightly, and with a gesture, he put away Song Jue's storage bag and the purple jade order, and absorbed the energy of the purple jade order on the spot. The connection between the characters.

Song Jue's body was instantly teleported out of the secret realm.

Zheng Yuan arched his hands to Ye Chen: "Thank you, Brother Ye."

At this time, Yu Yuan and Xie Pingping also walked towards Ye Chen cautiously. When Ye Chen first came, in fact, they also had a slight contempt for Ye Chen in their hearts. However, out of respect for Zheng Yuan, no Just say it directly like Song Jue.

But now, where did they dare to look down on Ye Chen?

Not only that, but on the contrary, they had a deep fear of Ye Chen. If Ye Chen hadn't let Song Jue go for the last time, and he didn't seem to be a bloodthirsty person, I'm afraid they would have to withdraw from Zheng Yuan's team on the spot.

It is precisely because of this that Ye Chen did not immediately kill Song Jue.

Chapter 1878: The Heavenly Dao of Lingwu Continent will surrender for you!

After all, it would take too much time for Zheng Yuan to find other people.

The reason why Zheng Yuan asked Ye Chen to let Song Jue go was obviously because of this consideration.

Immediately, Zheng Yuan said to Ye Chen and others:

"According to my estimation, to break the prohibition of the cave, five people are required to attack together at five positions. Now Song Jue is missing. Please wait for me to find a way to explore the Da Neng cave together. Friends."

Ye Chen and others naturally had no objection. After Zheng Yuan left, Ye Chen followed Yu Yuan and Xie Pingping into the hidden circle.

About an hour later, Zheng Yuan came with another warrior. This person seemed to have an ordinary face. He was twenty-five and sixteen years old, and his cultivation level was in the late stage of good fortune. It seemed that his strength was about the same as that of Song Jue who was seriously injured by Ye Chen.

After seeing Ye Chen and the others, the man smiled and said, "Good ones, my name is Chen Xin."

After a few brief introductions to each other, Zheng Yuan said: "Everyone, we are participating in this Rising Dragon competition. Frankly speaking, I think I am quite good.

However, if it is said that it can be passed successfully in the end, the chance is slim.

The reason why there are so many people participating in this Thang Long Competition is that a large part of the reason is that those people use a secret realm that has hardly been explored as the venue for the competition.

The main reason why I came this time is also to get benefits in this secret realm. In fact, in the past, there were also those who were unsuccessful in the Thang Long Competition, and they got great benefits in the secret realm. The final achievement, Not even lower than those who passed smoothly! "

Having said this, he paused, and after taking a look at the faces of the people, he continued:

"So, I hope that in this Da Neng Dongfu, you will not have any other thoughts, unite and cooperate, and in the end, you will be able to get benefits. If someone in this team plots bad luck, I, Zheng, will never let him go easily."

After speaking, regardless of other people's reactions, he turned around and flew in a certain direction.

Under the leadership of Zheng Yuan, the group also encountered some contestants along the way, but those contestants, after discovering that there were five people in Zheng Yuan's team, they all avoided from a distance.

Two hours later, they finally fell into shape in front of a hidden cave.

Zheng Yuan took out a formation plate, seeming to be calculating something, suddenly raised his hand in a certain direction, and shot a white light, which sank into the stone wall.

The cave, which originally seemed ordinary, suddenly began to twist slightly, revealing a long and narrow passage made of colorful spirit jade.

Zheng Yuan held the array and entered it first.

Several other people looked at each other and all followed.

In the process of marching, Ye Chen frowned, stepped, turned his head and looked behind him, and saw Chen Xin walking at the end. Seeing Ye Chen cast his eyes on him, he showed a kind smile.

Ye Chen glanced at Chen Xin and continued to move forward. He had a vague feeling just now that Chen Xin seemed to stare at his back, his eyes a little strange.

Moreover, this Chen Xin seemed to have a mediocre cultivation level, but it gave him a strange feeling, but Ye Chen couldn't tell what that feeling really meant, but he still secretly added some caution to this Chen Xin.

At this time, he couldn't help but sigh, if Yu Beast Spirit God is not asleep at this time, he will definitely be able to help himself.

Soon, everyone came to the end of the colorful passage. In front of them, there was a golden gate. Outside the gate, various auras flickered. Obviously, it was guarded by the formation.

Zheng Yuan stared at the formation in his hand and kept making calculations. After a while, he said to everyone: "This is a five-element formation with five formation eyes. Presumably the restriction in the cave is also of this type. As long as the five of us If you work together, you should be able to break through this restriction. Stand in the direction I specified and you will definitely break the formation!"

Under Zheng Yuan's instructions, everyone stood in different directions. Then, Zheng Yuan raised his hand and attacked the golden gate shrouded in colorful light. There was a loud bang, and the light curtain shook slightly, flashing dazzlingly. The light, the power of restraint, rushed towards everyone, Zheng Yuan looked serious, and immediately shouted: "Broken the formation!"

That colorful brilliance, divided into five streams of different colors, poured into the place where everyone stood, the power of the five elements burst out instantly, engulfing everyone, for an instant, everyone seemed to be in another place full of certain elements. Power of the world.

Ye Chen was in a sea of flames, and the raging flames continued to transform into various beast-like shadows and rushed towards Ye Chen, as if to burn Ye Chen to the end.

Ye Chen's complexion did not change, he used the True Spiritual Transformation, and under the blood demon sword in his hand, he cut the flame world to pieces in an instant.

This moment was unexpectedly broken by Ye Chen.

He raised his eyes and scanned the other people, and saw that although they were still standing on the spot, they were all wrapped in a light curtain formed by an elemental force. They used various methods to attack the light curtain in front of him.

Ye Chen glanced over several people one by one, Yu Yuan, Xie Pingping, and Chen Xin seemed to be struggling, while Zheng Yuan was a lot easier.

However, Ye Chen's gaze suddenly turned back to Chen Xin, watching him clenching his teeth, his dignified face, holding a long spear, constantly impacting the appearance of the khaki light in front of him, he couldn't help frowning again, this Chen Xin Although he seemed to be doing his best to attack, but for some reason, he always gave him a lingering weird feeling.

Finally, with Xie Pingping's strenuous blow, all five eyes were broken one by one, and the colorful light curtain guarding the golden gate disappeared completely after a violent shaking.

Upon seeing this, Zheng Yuan showed a hint of joy. Then he led Ye Chen and the others to the golden gate. Zheng Yuan looked at the golden gate, stretched his hand on the door panel, and pushed hard, but the golden gate did not move at all. Frown slightly.

Upon seeing this, Ye Chen asked, "What's wrong, Brother Zheng?"

Zheng Yuan smiled bitterly: "This golden gate is a kind of rare material, called heavy gold, and it is unusually strong. If we forcibly bombard this gate, it may cause a prohibited counterattack behind the gate.

Moreover, it takes a lot of time, but it is extremely difficult to use force to open this door . "

Ye Chen stretched out his hand and pressed it on the heavy golden gate. After a trial, he said to Zheng Yuan: "Brother Zheng, you stand back."

Zheng Yuan looked at Ye Chen with a little surprise. Does Ye Chen want to push the door of heavy gold by himself?

Although he knows that Ye Chen's strength is extraordinary, he shouldn't be strong enough to open the door of heavy gold, right?

Ye Chen took a deep breath, his strength gathered!

A phantom image of a unicorn and a tiger appeared behind him. Ye Chen also used the Ten Fang Blood Technique, the Burning Blood Technique, and the power of spiritual blood. In an instant, a strong aura burst out to make everyone present. Can't help but step back half a step, looking at Ye Chen with a horrified face, the whole body's breath bulging, who is pushing the heavy gold gate hard.

Can this breath really come from the half-step Harmony Realm?

The people present could not help but have such doubts in their hearts. The next moment, a scene that shocked them even more appeared. I saw that the door of heavy gold in front of Ye Chen started to tremble slightly with his movements. !

Ye Chen really pushed this door of gold!

At this time, the devil's eyes on Ye Chen's eyebrows felt tingling.

And there was another voice in Shihai!

Very hurried voice!

This is the first time Ye Chen has discovered that Demon Eye is not calm!

"Boy, you will follow my route later, the aura in the depths of this place is very similar to my men back then."

"If that guy really falls here! There is a way to reunite my body!"

"If you help me, I promise you that the Heavenly Dao of Lingwu Continent will surrender for you!"

After the words fell, Ye Chen's body was slightly startled.

Demon Eyes begging for themselves?

And, on the condition that heaven surrenders?

This.....

Chapter 1879: Can you kill me?

It turned out to be the ruins of the Devil's Eye?

Although Ye Chen didn't know what the Devil Eye came from, one thing was certain!

The strength of the Demon Eye's body is absolutely above the Eternal Holy King.

Moreover, Demon Eye revealed that he has no physical body and can only exist in this situation.

From Kunlun Xu to Lingwu Continent, Demon Eye has helped him too much.

If he had a chance to reshape the body of Demon Eye, he should.

"Okay, I'll help you!" Ye Chen said seriously.

Soon, the voice of Devil's Eye came from the sea of consciousness: "Open this door first, and then you will listen to me."

"I can't be sure, but I have to try it!"

"Open!" Ye Chen let out a low voice, and his power exploded. The door of heavy gold made a huge crunch and slowly opened back.

Chen Xin stared at Ye Chen's back, his eyes flickering slightly.

Finally, under everyone's incredible gaze, that heavy golden gate was pushed abruptly by Ye Chen!

Ye Chen sighed softly and stepped into this cave mansion first.

Since this place is about the eyes of the devil, he must enter immediately!

The rest of the people recovered from the shock, and followed Ye Chen into the cave.

Xie Pingping couldn't help but leaned against Ye Chen after seeing Ye Chen pushing open the door of heavy gold with his great strength, her pretty face flushed slightly.

After entering the cave, Zheng Yuan signaled everyone to stop. After looking at the array, he said with joy: "Everyone, the prohibition in this cave has stopped operating because of the age. Now, you can search with confidence. ."

When several people heard the words, they all showed joy.

Zheng Yuan smiled and said: "Then, from now on, we will search separately."

Several people nodded, all tacitly choosing a different direction to explore.

After Chen Xin glanced at the direction Ye Chen had chosen, he chose another direction farther away from Ye Chen.

This cave is said to be a cave, but it looks like a huge palace, with pavilions, pavilions, and water pavilions.

Ye Chen walked into a separate attic following the prompt of the devil's eye between the brows.

"Is it here?"

Ye Chen said curiously.

However, the eye of the demon at the center of his brow did not respond.

It wasn't until a few seconds later that he said, "Did you see the bookshelf? Go over!"

In this attic, there are several bookshelves. Ye Chen walked into one of the bookshelves as instructed. When he scanned the books on the bookshelf, he suddenly condensed and pulled out an ancient book from it.

After a while, Ye Chen closed the book with a smile on his face.

This classic is actually a log written here, which not only records the life of this strong man named "Mo Lingzi", but also describes in detail the structure of this cave and the relics left over there.

This Demon Lingzi is a strong existence of the Demon Race. After strayed into this secret realm that year, he also collected a lot of strange objects and treasures.

At the end of the log, it was written that he was about to break through the Ninth Layer of the Sealed Gate Realm, taking away most of the useful things, and leaving this log before looking for the breakthrough.

Mo Lingzi was not very sure about this breakthrough, because he was worried that he would accidentally fall during the breakthrough.

Therefore, in this cave, he left his inheritance and some treasures that he didn't use for future generations.

In this way, even if he really falls, some people will still remember him, and the gains from his lifelong practice can be continued.

After reading it, Ye Chen felt a lot of emotion, and immediately asked, "Devil's Eye, is your subordinate called Mo Lingzi?"

"Yes."

A low voice sounded.

Although Ye Chen was prepared, he was shocked uncontrollably.

The devil's eye's men sealed the door for nine layers of the sky, almost half a step into the too virtual realm.

How terrifying is the power of the Demon Eye? ?

At this moment, the eyes of the devil seemed to fall into memories, and said lightly:

"At the beginning, Demon Lingzi was nothing but a waste that everyone spurned."

"He has no parents, no relatives, and no sect is willing to take him in."

"It's freezing cold. I found him in the ruins of an ancient battle. He was trembling in the cold wind."

"I didn't want to have cause and effect with this person. I never expected that when I left, he stretched out his hand and hugged my leg and asked me to take him away."

"The look in his eyes that day is still unforgettable to me."

"That's the look in the eyes of a lowly struggling lowly person who is eager to become stronger."

"I asked him: What is a demon? What is the truth in the world?"

"He told me that there is no truth in Lingwu Continent. If there is a demon in his heart, it is the truth."

"I took him in, I took him into Jiuyou, I taught him the magic way, and then I left, I have more important things to do..."

Ye Chen fell into deep thought, and for a long time, he asked, "Why is there no information about you in his log? Even the name."

This time, the Devil's Eye replied incomparably simply: "I am not tolerated by God I cannot leave any information in this world."

"Otherwise, the devil will die."

Ye Chen rolled up the stormy sea in his heart!

There is no information about Demon Eye in this world?

Why should God not allow it?

So unfeeling? What happened in ancient times?

"Boy, don't think about it, rush to the place of inheritance left by Demon Lingzi as soon as possible!"

Suddenly, according to this log, Ye Chen moved quickly toward the heritage and treasures left by the demon spirit.

Soon, he reached the position where the demon spirit child left the inheritance.

However, during the flight, he suddenly changed his expression and stopped to hide.

At the moment Ye Chen stopped, a loud noise suddenly erupted not far away.

There are people fighting there!

Ye Chen frowned slightly, and after pondering for a moment, he sprinted in that direction.

Zheng Yuan and Chen Xin turned out to be the two players who played against each other!

At this moment, Zheng Yuan was covered in blood, and it seemed that he was injured, but Chen Xin, who was opposite, still kept a simple smile on his face, and there was no trace of fighting on his body.

A golden thunder flashed, and Ye Chen's figure appeared. Zheng Yuan looked at Ye Chen's arrival with a hint of joy.

As for Chen Xin, his eyes flickered, and he said to Ye Chen, "Unexpectedly, you came so soon."

Ye Chen ignored Chen Xin and turned to Zheng Yuan and asked, "Brother Zheng, what's the matter?"

Zheng Yuan said, "Brother Ye, be careful, this Chen Xin is not a good person, and he suddenly shot at me. Moreover, he has hidden his strength, his true strength is extremely terrifying, I am not an opponent at all!"

Chen Xin turned to look at Ye Chen, still looking so simple and honest, he smiled: "Your strength is not bad, if you leave like this, I can spare your life."

Ye Chen said calmly: "Spare my life? Can you kill me?"

Chapter 1880: The ultimate sword!

Chen Xin shook his head and said with a smile: "I'm afraid I can't do it by myself, but..."

At this moment, there was a loud noise from outside the cave. Ye Chen looked in the direction of the sound, and a purple light flashed in his eyes. At the entrance of the cave, several lights appeared at the same time!

When Chen Xin heard the noise, he burst into laughter, and said to Ye Chen: "Just let you go, you didn't go, now, if you want to go, it's not that easy."

Ye Chen looked at Chen Xin coldly, raised his hand and cut out with a sword!

The sky-shaking sword light surged, and the meaning of immortality was covered. The bitterly cold sword intent seemed to freeze everything, and slashed towards Chen Xin with an aura of destruction!

Chen Xin's eyes were solemn, but he didn't panic, and his hands formed a strange seal!

A piece of bone hung in front of him, emitting a pale aura, there was a loud bang, and the piece of bone trembled violently.

Chen Xin also took a few steps back, but after the light condensed, Chen Xin completely blocked Ye Chen's sword, without injury at all!

Ye Chen raised his eyebrows, and he was obviously surprised that Chen Xin was able to block his sword so easily, and at this time, several rays of light fell in front of Chen Xin.

As soon as those people showed up, they respectfully said to Chen Xin: "Shao Zun."

After Chen Xin blocked Ye Chen's sword light, his figure twisted for a while, and he turned into a slender young man with a very handsome appearance.

On the man's forehead, there was a strange spirit pattern. At the same time when he showed his true body, his aura rose in an instant, and it soared directly to the peak of the good fortune realm, even half a step into the star aperture!

As for the three men who fell in front of Chen Xin's body, their cultivation bases were equally impressive, and they all existed in the eight or nine layers of the good fortune realm!

Zheng Yuan's face was completely pale and bloodless when he saw this scene.

Obviously, when Chen Xin attacked himself just now, he didn't use all his strength because of fear that the fluctuation caused was too strong.

Otherwise, he should already be a corpse now.

Even Ye Chen frowned slightly, Chen Xin's aura was extremely strong.

Its strength may still be higher than the half-step Star Aperture Warrior Chen Feiying that Ye Chen had defeated.

Seeing these people's attitudes towards Chen Xin, Ye Chen's eyes flashed, and he asked faintly: "Are you a top or top-level contestant?"

Chen Xin hadn't spoken yet, a young man from the eighth layer of the good fortune realm gave Ye Chen a sideways glance, then cut out a sword casually, and said coldly:

"A piece of trash who is half-step in the realm, dare to talk to Shao Zun so casually? Looking for death."

A cold light flashed in Ye Chen's eyes, the blood demon sword moved, and the sky-shaking sword light rose up, instantly extinguishing the sword light of the talking man. The remaining power was not eliminated, and he went straight to the man in the eighth layer of the good fortune realm!

The man's eyes were wide open, looking at the horrible sword glow, he was shocked, his long sword danced wildly, his spiritual power working to its extreme.

It even broke through the meridians, and countless sword lights were woven into a huge sword net, blocking the dazzling golden sword lights!

There was a loud bang!

The man in the eighth layer of the good fortune realm spurted blood, and he retreated dozens of steps before barely stopping his figure, half kneeling on the ground!

Chen Xin didn't seem surprised when he saw this scene, smiling silently.

The injured man's complexion was extremely ugly.

The other two men laughed loudly and mocked: "Huang Ling, this is your strength? Now, can even a half-step aquatic waste can seriously hurt you?"

I think you should give up Huang Ling's name to others. What face do you have to stay with Shao Zun? "

Huang Ling's face became more ugly when he heard this, but he said nothing.

Ye Chen's face was slightly solemn, and these people were not simple.

Is it a genius of the top power?

When Zheng Yuan saw this, he gritted his teeth, pinched the Jue with both hands, and began to cut off the connection with the Ziyu Lingfu!

Chen Xin didn't care about him either, but just asked the man in front of him: "Where is Tianling?"

The man replied respectfully: "Tianling seems to have encountered some trouble and can't make it for the time being."

Chen Xin nodded, turned and walked to the place where the demon spirit child left the inheritance, and said lightly: "Although this person has only half a step in the realm of cultivation, but his strength makes me feel threatened, you join hands to block him."

Earth Spirit and Xuan Ling looked solemnly: "Get the decree!"

At this time, Huang Ling also stood up from the ground, and the three of them faintly formed a strange formation. Under the combination of their breath, the ground vibrated!

Xuan Ling looked at Ye Chen contemptuously and sneered:

"I really don't know what happened to Shao Zun. I actually said that this half-step trash in the Dao Realm is as strong as Shao Zun?"

Huang Ling, don't hold us back. In the face of this waste, we must completely crush it into slag.

Otherwise, what qualifications do we have to be the servant of the young master? "

Ye Chen squinted his eyes slightly when he heard the words. He vaguely remembered that in the Lingwu Continent, there was a very powerful Hidden Shizong Sect, named Tianlingzong, a first-class powerful force not weaker than Xuanyuezong.

Every disciple in the door can be called a genius on the Lingwu Continent .

Within the Tianlingzong, the masters of the past are hereditary.

This mysterious bloodline is extremely powerful, every Shao Zun is a talented generation, and the one who accompanies Shao Zun to grow into the next noble master is the four best disciples in the Heavenly Spirit Sect. They are called heaven and earth. Xuanhuang Four Spirit Servant.

The disciples of the Tianling Sect all regard being able to serve Shao Zun as a supreme honor, and the Four Spirits Servant is also a replaceable existence.

Therefore, each of the four spirit servants will try their best to show their strength in front of the young respect, so as not to be replaced by others!

The earth spirit suddenly showed a faintly enlightened expression: "Xuanling, do you think Young Master is because Huang Ling was cut back by this waste with a sword, in order to protect his face, he deliberately exaggerated the strength of this waste? ?"

When Huang Ling and Xuan Ling heard these words, both their faces appeared in a daze. To them, Shao Zun was a god. How could it be compared with a half-step Harmony Dao Realm waste?

Huang Ling was even more grateful, and suddenly said, "Wait, I will take care of this waste!"

He was repelled by Ye Chen with a sword just now. If he couldn't defeat Ye Chen alone, I'm afraid that Huang Ling's position would be changed after the Dragon Rising Competition was over.

Although he feels that he is not Ye Chen's opponent faintly, even if he is dead, he will die as Young Master's spirit servant!

Ye Chen pondered for a moment, although, at his speed, these people might not be able to stop him.

However, if you enter the place of inheritance and are attacked by these three people and Chen Xin, I am afraid that even him will feel a little bit tricky. It is better to defeat these people here first.

He took a deep breath, and the power of the six kings of the gods was blessed by the body, the blood burning art worked extremely, and disappeared from the place in an instant, appeared in front of the Huang Ling, behind him, the unicorn and tiger shadow flashed, and the ultimate sword went crazy. !
