Chapter 1901: Arrogant?

"But—you should leave."

Ye Chen's voice fell flat.

Silence, real silence.

Lin Wei and the others looked at Ye Chen in disbelief. What did this martial artist say just now?

Let them go?

Didn't he figure out the situation before him?

They have done their best to kill the killer without suffering!

But this ant doesn't just leave obediently? Ask them to leave instead?

moron?

This is simply unimaginable! This is simply not as arrogant as humans!

Wen Hao angrily stretched out his finger to Ye Chen: "Boy, I think you want to die!"

Ye Chen looked at Wen Hao, who was full of anger, and smiled: "Who allowed you to point at me with your hand?"

"Hey..." Lin Wei sighed secretly. Now, it seems that things can't be alleviated, and this mad young man who has only half a step in his cultivation is about to pay the price.

And he, in this case, couldn't stop it, Wen Hao shot him.

At this time, Wen Hao finally couldn't bear it any longer, and shouted violently, "Trash! Looking for death!"

The whole body's breath broke out frantically, and he had to attack Ye Chen!

Wen Hao trembled all over his body, and a giant phantom surrounded by flames appeared behind him. Holding a scarlet sledgehammer, he jumped high.

The powerful force seemed to make this mountain shook slightly, holding a heavy hammer, and smashing it at Ye Chen!

Lin Wei's eyes flashed, and Wen Hao's attack had already exerted his full strength. Even if Ye Chen's strength was far beyond the realm, it was absolutely impossible to withstand it!

At the same time, he secretly guarded Xing Zitang's people, ready to take action at any time!

Facing Wen Hao's attack, Ye Chen just casually raised a hand.

Lin Wei and the others were all sneered in their eyes. Waste is really waste. Ye Chen, who is half-step in the realm of Taoism, is afraid that even Wen Hao's attack that contains the power of law can't understand how strong it is, right?

However, Lin Wei's eyes flashed suddenly, a trace of doubt arose in his heart, and he looked at Xing Zitang in confusion.

Why, people like Xing Zitang still had such a calm expression after Wen Hao took the shot?

Didn't seem to be angry or ready to shoot at all?

Could it be that Ye Chen has no value at all in their hearts?

Those things I said before are just pretending?

Thinking of this, Lin Wei couldn't help but show a smile on his face. If so, it would be easy to handle. Ye Chen provokes Wen Hao, takes the blame, and died if he died.

And he asked Wen Hao to apologize, he has already expressed his respect, Xing Zitang and others should leave.

There was a loud bang!

Fire broke out!

The high temperature instantly melted the surrounding rocks and trees, and a huge pothole was also blasted out on the ground!

The power of this blow is very strong!

The dust was flying, but Xing Zitang and the others didn't even look at the pothole, as if they didn't care about it, their expressions were calm.

When Lin Wei saw this, he was even more sure of his own thoughts. Ye Chen was not worth mentioning in their hearts, otherwise, how could they still look so calm after Ye Chen was bombarded into nothingness?

Lin Wei was about to speak, and once again asked Xing Zitang and others to leave, but the next moment, when he reached the words of his mouth, he swallowed it alive, staring at the scene in front of him dumbfounded, he couldn't believe it!

In front of him, the smoke dissipated, and in the huge pothole, stood a tall young man, not someone else, but Ye Chen!

Ye Chen didn't even die!

Not to mention he was dead, Wen Hao's blow, even the injury, did not hurt Ye Chen!

how can that be?

Lin Wei's thinking was frozen for a while, unable to function at all, unable to understand what he was seeing.

And Wen Hao was ten times more shocked than him!

He stared at Ye Chen, who was standing in front of him undamaged, and was astonished, completely astonished!

Just now, he clearly felt that his hammer, a full-strength hammer, had already hit the right hand that Ye Chen raised!

He had already shown a happy smile, and he almost saw Ye Chen's whole body burst from his arm!

but!

At this moment, Ye Chen stood in front of him well, blocking his right hand with a hammer, and even a drop of blood did not flow!

what is this?

Miracles?

Or, is there a star-aperture realm master hiding aside, silently blocking this move for Ye Chen?

Everyone's thinking is confused!

Ye Chen laughed suddenly, extremely coldly.

Wen Hao dumbfounded: "What are you laughing at?"

Is he laughing because he blocked his own blow?

Ye Chen looked at Wen Hao disdainfully and said: "I'm smiling, why in your eyes, realm represents strength?"

"How about I am half-step?"

"You laugh at me, but you don't know that in my eyes, your strongest blow is nothing but rubbish."

This remark was shocking again!

Rubbish?

In Ye Chen's eyes, Wen Hao's powerful blow just now was considered rubbish?

You know, ordinary good fortune realm, even the middle stage of good fortune, can be killed by a spike under Wen Hao's hammer!

Ye Chen, but said garbage?

What an arrogant person can speak out?

And Wen Hao, like a topping with cold water, woke up instantly!

Woke up by anger!

Although he didn't know how Ye Chen blocked his blow, no matter how weird he was, he was nothing more than a half-step Integral Realm!

Actually, dare to say so!

How can this not make people angry!

Ye Chen sneered coldly: "One last warning, leave here."

If it weren't for something to come, Ye Chen wouldn't guard this place.

That strange treasure should belong to the devil.

Mo Lingzi is related to Demon Eye, no matter what, this thing should belong to him!

His eyes gradually became cold, and his killing intent bloomed!

Wen Hao, who was still in anger, seemed to fall into an ice cave suddenly. Under the impact of Ye Chen's killing intent, all his anger dissipated. His triangular eyes trembled, and his whole body was shaking slightly. Looked at Ye Chen with confidence.

In front of him, this half-step martial artist, unexpectedly, made him feel terrified!

Almost dying!

Lin Wei and the others opened their eyes wide and their mouths wide open. Under a series of stimulation, they almost went crazy, Dao Xin was shaken!

What did they see? They didn't even see when Ye Chen acted, they saw Jin Guang, Wen Hao, a strong man, just like a baby, without any resistance, lost his qualifications in front of Ye Chen!

What a terrifying speed is this?

What a powerful force is this?

You know, the body of a martial artist who can cultivate to such a level is naturally protected by a trace of law. If you want to hurt Wen Hao so silently, it can't be done with speed alone!

Now, no one will treat Ye Chen as a half-step comradeship waste. In their hearts, countless thoughts and deep fears surge wildly. Some people even think that Ye Chen is a star orifice. The evildoer of the realm, hidden cultivation base, makes people mistakenly think that he is just a half-step fit!

They felt a chill from the depths of their souls!

Among them, several of them looked at Lin Wei, their eyes faintly with a sense of fear, obviously, they wanted to leave!

At this moment, Wen Hao let out a horrified scream: "Help! Help! Brother Lin, Daoyou Zhao, help me, help me!!!"

He even forgot the severe physical pain, his heart was completely occupied by fear, and he asked Lin Wei and others for help!

In his mind, this is the only life-saving straw!

As for Lin Wei, his expression was extremely heavy and complicated. Although he was quite confident of his own strength, he thought that he could not be able to block Wen Hao's attack in an understatement like Ye Chen and severely injured the opponent.

Ye Chen, this enchanting evildoer who seems to have only half a step, must completely crush him in all aspects!

It's dangerous to stay any longer!

He glanced at the extremely unbearable Wen Hao on the ground, and finally said lightly: "Let's go!"

After all, take the lead in taking the lead in the escape light, and fly towards the path!

The other people looked at each other, and they turned around and followed Lin Wei without seeing Wen Hao who was constantly crying for help.

In front of Ye Chen such a terrifying evildoer, where did they have the mood to care about Wen Hao?

Of course, his own life matters!

Wen Hao was taken aback and couldn't help but said in a daze, "Brother Lin will definitely save me. I have been obedient to Brother Lin. I have done many things for Brother Lin over the years.

Many things I don't want to do, Brother Lin, how can I give up on me? "

"Oh?" Ye Chen said with a smile: "What about them now?"

With those hollow black eyes, Wen Hao looked around blankly. Divine Sense swept across this mountain, a chill and despair emerged from his heart.

No, nowhere...

Lin Wei's breath, above this mountain, has completely disappeared...

He really, has gone...

Moreover, I went so far, far beyond the scope of my spiritual thoughts...

Ye Chen continued to smile and said: "Understood? You, in their eyes, it is easy to use, they will let you stay with you and treat you as an item that can be used at will. Do you think they treat you as a friend?"

"Ahhhhh!!!" Wen Hao screamed in despair, his mind completely broken.

Ye Chen shook his head and ignored it.

Yin Ming, Xing Zitang, Ji Xuan and others came and glanced at Wen Hao, who roared extremely painfully on the ground, showing no mercy. If they were so insulted, what they did would be more cruel than Ye Chen.

Yin Ming glanced at Wen Hao, and said to Ye Chen: "Will you just let him go? Will it be too cheap for him? I have a secret method that can torture the soul."

When Ye Chen was ridiculed by Wen Hao, she was even more angry than Ye Chen, wishing that Wen Hao's soul would be imprisoned and tortured for hundreds of millions of years to relieve her hatred. Now, seeing Ye Chen let Wen Hao go, she couldn't help but feel a little unwilling.

Ye Chen shook his head and smiled and said, "Why waste time on this kind of garbage? I have left a mark on his soul. After he dies, the energy in the mark will explode, completely destroying him. Divine Soul, if I put my mind on these people, I'm afraid I won't have time to practice."

Yin Ming glanced at Wen Hao on the ground coldly, and nodded after a moment of silence: "Okay, but if anyone dares to be so disrespectful to you in the future, I will never let him go so easily."

She is now completely convinced by Ye Chen. Someone who offends Ye Chen is more unbearable than offending her.

Ye Chen also showed a sneer when he heard the words: "If there are people who are so reluctant to live or die, I will naturally not let him go easily."

At this time, Ji Xuan smiled at Ye Chen:

"Brother Ye, we met again. Thank you Brother Ye for your help this time. Otherwise, Tianling and I will both die here. We have offended you before. Please forgive me."

Ye Chen also smiled at Ji Xuan and said:

"If it weren't for Brother Ji who trapped Lin Juelong, I'm afraid I wouldn't be able to seriously wound him. There is nothing wrong with the previous thing from your standpoint, so you don't need to mention it again."

Before Ji Xuan, although he hid his strength at the beginning and lurked in Zheng Yuan's team, at the end, he just let the Four Spirit Servant block Ye Chen, and did not do anything excessive.

Although the Four Spirit Servant is dead, it is also the responsibility of the Four Spirit Servant.

Moreover, Ji Xuangong is indispensable to kill Lin Juelong this time, and now he treats Ye Chen with courtesy. With Ye Chen's heart, naturally he will not care about anything with him.

At this time, Xing Zitang asked Ji Xuan: "Brother Ji, what is going on with you making such a big movement this time? Is it convenient to tell?"

Ji Xuan smiled bitterly: "Actually, there is nothing. Before I participated in the Thang Long Competition, I received news that the secret realm chosen by the Thang Long Competition this time was probably the place where the devil had left secrets."

"Furthermore, part of the blood in my body comes from the demon spirit child, and I also got some small opportunities left by the demon spirit child here."

"What! Demon Lingzi! Isn't that thing here?"

When everyone heard this, their faces were shocked, and they looked at Ji Xuan in shock.

Ye Chen was a little puzzled. Apart from the box of Devil's Eye, did the Demon Lingzi master something else?

Chapter 1903: 3 things!

Ye Chen pretended to ask, "Is there anything special about this devil?"

Xing Zitang looked at Ye Chen somewhat unexpectedly and said, "Brother Ye, don't you know Demon Lingzi? Demon Lingzi, but one of the strongest demon clan ten thousand years ago!"

"Leave aside his monstrous strength, after Mo Lingzi left the Demon Race, it is said that he got a treasure that countless people in Lingwu Continent wanted!"

"Because of this baby, he was hunted down by many top forces in Lingwu Continent! Finally disappeared mysteriously, no one knows where he went."

"No one knows where the secret that shocked Lingwu Continent is."

Xing Zitang smiled and said: "Then, congratulations to Brother Ji, you got the inheritance of Demon Lingzi. It seems that the possibility of your ascent has increased by a point."

However, Ji Xuan smiled bitterly:

"Hey, the inheritance I got is only a small part, and I entered the cave with Brother Ye at the time, I am afraid that Brother Ye and I did not get the secret."

"In fact, in this secret realm, Mo Lingzi still left a legacy, and this legacy is the most complete and valuable.

However, this inheritance must be unlocked before the world spirit seal can be released.

And the key to unlocking the seal of the world spirit lies in the inheritance I have obtained.

Before, I unlocked the world spirit's seal, and now the world spirit is slowly waking up, only then will such a big movement be made. "

Xing Zitang wondered: "Isn't that better? What's your dissatisfaction with Brother Ji?"

Ji Xuan sighed and said: "This second inheritance is not inherited if you want to inherit. The demon spirit child has left behind his own divine consciousness in the world spirit. The inheritor must be approved by that divine consciousness. Qualified to accept the inheritance."

He then smiled again and said: "However, in this way, all of us will have the opportunity to be passed on."

When everyone heard this, they all showed joy, although they would not compete with Ji Xuan for this inheritance, but if the inheritance really chose themselves, for them, there is no reason to refuse.

No one noticed the deepness of Ye Chen's eyes.

He and Devil's Eye didn't see Demon Lingzi in the cave, but saw what the Demon Lingzi made the stone statue to guard.

And that thing shouldn't be a heritage, that thing's demon eyes didn't open immediately, there should be a reason.

Now the eyes of the devil are sleeping, and the details are unknown.

He was suddenly curious, what exactly was the thing that the devil had obtained for the top forces to chase down?

He asked Xing Zitang and others, but they were not clear about the details.

Next, several people stayed on this mountain top, each began to heal their injuries, waiting for the world spirit to fully recover.

Tian Ling and Chi Xia have jointly deployed a high-level formation nearby to prevent people from coming to harass.

...

Ye Chen entered the reincarnation cemetery.

Now the reincarnation cemetery is much quieter.

For some reason, he felt a deep loneliness.

The three masters and the three golden Buddhas disappeared, which was a great loss to Ye Chen.

Although the strength of these six people is not enough to support, but Ye Chen is a nostalgic person.

Yu Beast Lingshen, who was about to dissipate, came over and said with a smile: "You don't have to be so emotional, things are not bad."

"Xiaoyao Shenjun and others have been struggling to support it, and it's only a matter of time before it dissipates."

"Their spirits did the most meaningful thing at the last minute."

Ye Chen nodded, just about to say something, Yu Beast Lingshen continued: "As for the three golden Buddhas, have you forgotten that there are still three of them in your body?"

"As long as the relics are still there, even if the three golden Buddhas died in battle, there is still a glimmer of hope for resurrection."

Ye Chen was startled slightly, and quickly sensed his body!

Sure enough, the relic exudes colorful light in the body!

Very vitality!

"The relic is the foundation of the Buddha's cultivation. The three of them still have a chance, but your previous method of reshaping the body is a little bad."

"If there is a chance in the future, you can use the relics as a guide to forge them a true golden body."

Ye Chen was a little excited!

Things really are not too bad!

If the three golden Buddhas really cast the golden body, they can also get earth-shaking changes!

"Thank you Master for reminding!" Ye Chen arched his hands.

Yu Beast Lingshen shook his head: "Don't talk, let me say, I should explain everything."

"Next time, you see my body, don't know when it will be."

Ye Chen nodded, his eyes solemn.

Yu Beast Lingshen glanced at the tombstone of the sword box man, and said: "If you participate in the Thang Long Competition, you will really come into contact with some things in the upper layers of Lingwu Continent."

"The crisis you face in the future is huge."

"The Soul Palace is different from the Soul Race you faced before. As far as I know, the Soul Palace is extremely mysterious."

"For so many years, many forces in Lingwu Continent have not figured out the bottom of the Soul Palace."

"Some things about the Soul Palace that are spread by the outside world are not necessarily true."

"But today, I'm sure about one thing. A huge plan is brewing to seal the door of your soul temple. It is a good thing that Lin Juelong is not dead. He is the Kunlun Void Blood League. And the medium of Lingwu Continent Soul Palace."

"If the medium is dead, you may not be able to touch the deeper secrets of the reincarnation cemetery."

Ye Chen was taken aback, and said in surprise: "Lin Juelong knows the cemetery of reincarnation?"

Yu Beast Lingshen shook his head: "How is it possible! Only you in the world know this secret."

"What does the master mean?" Ye Chen was a little confused.

Yu Beast Lingshen stared at the many tombstones and slowly said: "Don't you be curious at all, why can your reincarnation bloodline be temporarily stimulated by me to seal Lin Juelong's power? It seems like a nemesis."

"In other words, the blood of reincarnation can suppress the secret of Lin Juelong and the Soul Palace!"

"From this connection, there may be some connection between the secret of Lin Juelong and your bloodline of reincarnation."

"Also, at that time, when the breath of reincarnation in your body was inspired, Lin Juelong expressed fear for a moment. He didn't know your secrets and blood. From the aura alone, he was subconsciously afraid. It was very intriguing."

"There are some things, I can't say more, you understand by yourself."

"Next, listen up."

"Go and do three things!"

"First, there is a chance to go to the blood spirit tribe to save that part of Kunlun's trapped power! I don't know the reincarnation cemetery, but I vaguely feel that these people may be an opportunity to upgrade the reincarnation cemetery... this may be You touch the biggest clue of the secrets deep in the reincarnation cemetery."

When Ye Chen heard these words, his brows turned into Sichuan.

There is another form of reincarnation cemetery?

But also right, from the perspective of time, the one-year agreement with Lingyun coincides with the time when Blood Sword Gate once again attacked Kunlun Xu.

There is not much time left, and this threat must be eliminated.

Chapter 1904: Sudden change!

"The second one, go to the Universe Killing Territory. The Ice Sword has been trapped in it for thousands of years. It is full of opportunities and treasures of heaven and earth. I am afraid that he has already broken through to a certain degree of horror. The powerful force you offend is too Many, if he takes the shot, you will be much safer."

Ye Chen found that Yu Beast Spirit God's figure became more and more blurred: "Master, I understand."

"By the way, Master, where are you trapped again?"

Yu Beast Lingshen smiled: "Wait for you to go to the Blood Sword Gate and the Blood Spirit Clan before you are qualified to know my whereabouts."

"After all, in Lingwu Continent, too many powerhouses are just puppets."

"The third thing is that I briefly activated your reincarnation bloodline. Although it has been restored to its original state, I still found something."

"Aren't you curious, why others break through fast, but your chances are against the sky, but you break through so slowly?"

Ye Chen said: "I roughly understand that a practitioner of reincarnation blood will be hundreds of times more difficult to break through than a general warrior. However, although I am half-step in line, in a sense, it should be half-step fortune."

Yu Beast Lingshen nodded: "Yes, the blood of reincarnation is the strongest blood of the ten thousand realms. Since it is the strongest, he naturally has great demands on you."

"If you don't have the blood of reincarnation, your chances and talents, I am afraid that you will have entered the star aperture long ago."

"However, it is difficult in the early stage, but these benefits are in the later stage. This is the so-called bitterness before sweetness."

"What I want to tell you is not this, but when I was activating your bloodline, I discovered the breath of a reincarnation monument! And it was extremely close to you!"

"This reincarnation profound stele is either in the secret realm or outside!"

"Find a way to get it!"

At this point, Yu Beast Spirit God almost disappeared.

But the last sentence shocked Ye Chen too much!

The Reincarnation Stele is nearby!

Except for the piece of Zi Ning's body, this is the second piece!

"By the way, disciple, the part of Lin Juelong's ability that was sealed by you is fading. Although it is not suitable for you, it should be refined as soon as possible and it should allow you to enter the Hedao realm immediately!"

After this sentence, Yu Beast Spirit God completely disappeared.

Ye Chen returned to reality, bid farewell to everyone, and came to a distant place in the secret realm.

Set up a shielding formation and make a breakthrough!

This night, there were many visions, and it was extremely uneven.

The terrible thunder and calamity came, and the earthquake occurred thousands of miles away.

It's like a nightmare devouring the secret realm.

Even the formations around the secret realm have cracks.

All the geniuses were shocked by the vision above, and even guessed that someone had broken through the Star Aperture Realm!

Otherwise, how could there be such a vision!

This night, outside.

The handsome young man who opened the secret realm changed color again, spitting out a mouthful of blood.

The injury is heavier!

The faces of many forces present have changed drastically!

I don't know what happened in the secret realm!

What kind of person can cause such a backlash against the secret realm?

This is destined to be an unsolved mystery.

A day later, Ye Chen opened his eyes, he refined the power of the seal, and he had already entered the He Dao realm.

And it is the second floor of Hedao Jing.

Great harvest.

Ye Chen returned to the top of the mountain, watching everyone still healing, smiled slightly, and sat cross-legged.

Suddenly, Ye Chen seemed to have the feeling, opened his eyes and looked into the sky.

Several other people also opened their eyes one after another, looking towards the sky, and saw a strange wave coming from high in the sky, and then, a white light hole appeared in the air, a translucent shadow of human nature, from the white hole Out of it.

As soon as the phantom appeared, Ye Chen and others' complexions changed slightly, and the phantom was blurry, making people unclear. However, his eyes were extremely agile and full of wonderful charm.

What is even more frightening is that the entire body of this phantom is filled with a force of law, as if this phantom is the secret realm itself!

Presumably, this is the blessed world spirit!

In this secret realm, even if it is the existence of Tongtian, it may not be able to subdue this world spirit phantom!

The world spirit's gaze was swept away from everyone. Everyone had a feeling of being pierced by their gaze. Except for Ye Chen, everyone else couldn't help but get nervous. They knew that the world spirit was here. Examine the inheritors.

This is related to the inheritance of a strong man!

The world spirit's gaze fell on Ye Chen, and a horrible color appeared in the smart eyes.

Although the Devil's Eye was asleep, Ye Chen clearly still had a trace of Devil's Eye on his body.

Others can't detect it, but it doesn't mean that the world spirit doesn't know.

The world spirit directly covered everyone's perception with a spell, and came to Ye Chen's body.

"See Demon Emperor!"

Ye Chen was too lazy to deny it, and said directly: "Are you choosing to inherit?"

"Yes." Jie Ling said.

In the next second, Ye Chen felt a flow of information in his mind.

It is roughly the content of the inheritance.

Ye Chen shook his head, he found that the inheritance left by Demon Lingzi was not suitable for him.

Besides, he has a reincarnation cemetery, and he doesn't care much about the inheritance of Demon Lingzi.

He thought of something and looked at Yin Ming and said, "Give it to her, she should be the most suitable." Jie Ling glanced at Yin Ming and nodded directly.

Ye Chen thought of something, and then said: "Do you know what the devil's treasure is for people to chase down?"

Jie Ling shook his head and said nothing.

Ye Chen was a little bit lost, he thought it was the Reincarnation Profound Monument.

"never mind."

World Spirit returned to its original position.

Because Jie Ling's gaze stayed on Ye Chen for a while, the hearts of several other people were also raised, and they couldn't help thinking, looking at this, would Jie Ling choose Ye Chen?

However, after another while, Jie Ling finally moved his gaze away from Ye Chen and looked at other people.

After examining everyone, the world spirit suddenly stretched out his finger and pointed at one of them, far away!

A white halo appeared on the person, leading her to fly towards the sky.

This person was actually Yin Ming with the lowest cultivation level except Ye Chen!

Yin Ming was taken aback. Although the mask could not see her expression clearly, her beautiful eyes clearly revealed a surprise!

Even if she is the granddaughter favored by the elder Xuan Yuezong, it is difficult to get a powerful inheritance!

The others smiled bitterly and shook their heads, especially Ji Xuan, after a lot of hard work, almost fell into the hands of Lin Juelong. In the end, it was Yin Ming who became complete.

After all, although inheritance depends to a certain extent on qualifications, suitability is also very important.

Ji Xuan, Xing Zitang, and even Tianling's aptitude surpass Yin Ming, but obviously Yin Ming's physique is most suitable for the inheritance of Demon Lingzi.

However, Ji Xuan is also an open-minded person, so he is not so disgusted with Yin Ming, and even though he is incomplete, he still has some inheritance.

However, just when everyone felt that Yin Ming became the inheritor and everything was about to end, the sudden change occurred!

Chapter 1905: Mysterious black long sword

The gaze of the world spirit suddenly focused on Ye Chen, and the next moment, Ye Chen's white light, along with Yin Ming, entered the white hole together!

When everyone saw this, their faces couldn't help but become weird!

Ye Chen, what kind of evil is it?

Not only is his strength terrifyingly strong, he is also selected as the inheritor under this strange situation?

It seems that the heavens are watching him.

Even the disciples of these first-class forces couldn't help but envy Ye Chen a little.

But Ye Chen was stunned!

Didn't he tell the world spirit not to choose himself?

Why is this?

Ye Chen said helplessly: "Well, when I accepted the inheritance, I gave up on my own initiative and let Yin Ming accept it."

Soon, the two passed through the white light hole, and after their eyes lit up, they came to an altar.

At the center of this altar, there is a stone platform. Before the stone platform, there is a futon. The spirit message from the world spirits, they know that as long as they sit on this futon, they can begin to accept the inheritance!

In front of the stone platform, there was also a black long sword. Although the body of the sword was mottled and dilapidated, its whole body exuded an extremely ancient aura. Ye Chen raised his eyebrows. This black long sword was extraordinary!

Ye Chen said to Yin Ming: "Let's worship first."

Yin Ming nodded, and the two respectfully bowed to the location of the stone platform.

After getting up, Yin Ming suddenly said to Ye Chen: "Ye Chen, this inheritance, you accept it! With your qualifications, it is definitely more suitable than me!"

Now, Yin Ming has sincerely convinced Ye Chen. When Ye Chen blocked Lin Juelong's blow for her, when Ye Chen was attacked by Lin Juelong, when he was almost dead, Yin Ming was already dead. Understand that Ye Chen is worth following!

She could even give her own life to Ye Chen, a trivial inheritance, what counts?

Ye Chen was stunned. He didn't expect Yin Ming to say that. However, he still shook his head and smiled and said, "No, this inheritance is of little use to me. Go and accept the inheritance, the spirits chose at first. It's you too, isn't it?"

Yin Ming was still in a daze when he heard this, and her beautiful eyes began to fluctuate violently. She thought that Ye Chen was to let her inheritance, so she said, although the world spirit chose her at the beginning, but this When she entered this place of inheritance, she could clearly feel that it was Ye Chen that inherited Shitai, not her.

As for what Ye Chen said, the inheritance is useless to him, Yin Ming took it for granted as an excuse. After all, even the star orifice powerhouse, even the existence on the star orifice, dare not say such an inheritance. , Useless to myself.

There was a trace of anxiety in her beautiful eyes, and she said to Ye Chen: "Ye Chen, you don't care about me. If it weren't for you, I would have died a long time ago. What is an inheritance?"

Moreover, this is not an ordinary inheritance. Even super-class geniuses will fight for this inheritance, right?

If it weren't for our friendship with Ji Xuan and the others, they were seriously injured again, maybe they would fight for it.

You said that this inheritance is useless to you? Don't you know what this heritage means? With it, with your qualifications, plus one hundred years of cultivation, you can definitely become one of the strongest in Lingwu Continent! "

Ye Chen shrugged indifferently and said, "If you don't want to accept it, then you don't accept it. As for me, I won't accept it anyway."

His eyes suddenly turned to the black long sword, and smiled at Yin Ming:

"If you feel uncomfortable, just give me this long sword. My blood demon sword has some cracks and has not been repaired. I just need a weapon in a short time. This long sword is of extremely high grade, although my current strength may not be able to Control it, but I faintly feel that this long sword fits me very well."

Although the Blood Demon Sword is powerful, it has been relegated to a soldier of time and space because of the passage of time.

Now there are cracks again.

Ye Chen really lacked a handy weapon.

Yin Ming wanted to say something. She felt that this would be too unfair to Ye Chen. A long sword was indeed of great value, but compared with the inheritance, it seemed a little insignificant.

Having obtained this inheritance, in the future, what kind of weapons do I need and can not get?

However, Ye Chen didn't wait for Yin Ming to speak, so he took the long sword directly into his hand. The moment Ye Chen touched the hilt of the sword, the mottled and dilapidated long sword uttered a clear cry, as if expressing. Joy!

The next moment, a dazzling cold light flowed over the sword body, and the original mottled marks disappeared in an instant, revealing the extremely sharp sword body!

Ye Chen looked happy and couldn't help but praised: "Good sword!"

He suddenly turned around and said to Yin Ming, "Okay, I am going to start to practice this long sword. There is a time limit to accept the inheritance. Once the time is up, we will be automatically sent out here. If you don't want this inheritance, it's wasted, just start accepting it quickly." After that, regardless of Yin Ming, he directly cross-legged on the ground and began to sacrifice the long sword.

Yin Ming was silent, and looked at Ye Chen's back with big eyes gratefully. Suddenly, her eyes flashed, and she said to Ye Chen with a bit of twist, "If you promise me a request, I will accept the inheritance obediently!"

When Ye Chen heard this, he turned around curiously and said, "What's the requirement?"

Yin Ming lowered his gaze, as if he did not dare to look at Ye Chen, his expression was a bit twisted, and he refused to speak.

Upon seeing this, Ye Chen deliberately teased: "If you don't say it, I will start to sacrifice this thing."

Yin Ming heard this and hurriedly said: "I...I hope you don't call me Yin Ming..."

"Oh?" Ye Chen looked at her with a smile: "I won't call you Yin Ming, what do you call you?"

"Call me..." Yin Ming seemed to be a little shy, hesitated for a moment, and finally plucked up the courage to say: "Call me Ming'er!"

Ye Chen looked puzzled, looking at Yin Ming's shy appearance, he nodded and said, "I see, Ming'er."

Yin Ming heard the words, like a little girl who has been rewarded, hummed happily, and walked towards the stone platform.

Finally, the girl sat on the futon in front of the stone platform and began to accept the inheritance.

And the moment Yin Ming sat on the stone platform, a strong breath erupted from the stone platform, covering Yin Ming's body. Yin Ming's breath gradually merged with this strong breath, and began to gradually Enhance it!

Ye Chen looked at Yin Ming, nodded with a smile, and then began to sacrifice the black long sword.

As soon as the spiritual energy poured into the long sword, Ye Chen immediately felt that this long sword actually contained a spirituality!

This is an artifact with a powerful sword spirit!

This long sword contains sword spirit, which is obviously an unexpected joy for Ye Chen.

Generally speaking, the higher the level of magic weapons, the consumption of spiritual power and divine consciousness will increase a lot, and once the magic weapons beyond their own realm are used too much, even Ye Chen cannot control it freely.

And this spirit, obviously, likes Ye Chen very much!

Chapter 1906: Something's wrong!

Soon, Ye Chen's face showed another hint of joy. Through communication with Qi Ling, Ye Chen learned that this long sword was called the Beast Rotten Sword.

It is most suitable for those warriors who have the blood of monsters and spirit beasts. It is precisely because the true spirit essence and blood in Ye Chen's body is extremely strong that it has such a strong attraction to the sword spirit of the beast sword!

With this beastly sword, Ye Chen's strength can be improved again!

Moreover, with the assistance of the Beast Rotten Sword, Ye Chen felt that in a short time, he might be able to use the Beast Rotten Sword to try to use it, the real immortal sword intent!

Thinking of this, Ye Chen couldn't help but look forward to it.

He glanced at Yin Ming and couldn't help but his eyes flashed. Yin Ming's cultivation base at this time has actually climbed straight!

Moreover, the inheritance is not about to end yet!

Then this power of inheritance, Yin Ming's cultivation base, I don't know how high it will be.

However, after seeing Yin Ming inheriting the inheritance and nothing serious, Ye Chen withdrew his gaze and started the reincarnation art of God and Demon.

The breath of the two of them, in this way, slowly strengthened.

Soon, an hour passed, Ye Chen and Yin Ming opened their eyes at the same time. At this time, on the stone platform, there was no longer any aura, Yin Ming completely inherited the inheritance of the devil spirit!

Yin Ming opened his eyes again. Those big eyes that were originally beautiful, with a trace of savageness, but now, there is a transcendent, indifferent breath that is not mortal, and the whole person also emits non-human fireworks. General temperament.

Moreover, what is even more frightening is that Yin Ming's cultivation base has not entered the Star Aperture Realm! But the Star Aperture Realm is already approaching!

It only takes one step!

You know, the more you get to the back, the harder the breakthrough!

How terrible!

Ye Chen showed a gratified smile. Obviously, Yin Ming's improvement was not only in cultivation, but also in spirit, and the gains could not be said to be small.

Ye Chen was naturally happy that Yin Ming could get such a great harvest.

If he accepts it, because of the particularity of the reincarnation bloodline, I am afraid it will not be of much use.

He looked at Yin Ming with soft eyes, smiled and said, "Ming'er, congratulations."

Yin Ming glanced at Ye Chen deeply, trying to say something, but he swallowed it back, and only nodded: "Yeah."

"I will remember this moment."

"Ye Chen, do you want to see my true face?"

Ye Chen stared at Yin Ming's mask without expressing his attitude.

However, Yin Ming took off the mask directly.

The eyebrows are long and perfect, and the eyes rippling like tassels.

There is a small cherry mouth under the nose bridge.

The lips are thin, and the corners of the mouth are slightly upward, with a sad smile.

The whole face is meticulous and beautiful, so refined, there is almost no smell of human fireworks.

Before Ye Chen could relax, Yin Ming put on the mask.

"I have something to deal with. Leave for a while, don't find me or follow me."

Yin Ming's tone was a bit rush.

Ye Chen didn't think too much, obviously Yin Ming was a little shy.

After all, her face was seen for the first time,

As for whether this so-called matter is an excuse or something else, it doesn't matter.

Ye Chen smiled indifferently: "Why does this little girl wear a mask with such a handsome face?"

After all, he took a step, passed through the white light hole, and returned to the top of the mountain.

After Ye Chen left, the white light hole also closed completely and disappeared.

Ye Chen looked around for a while and saw Ji Xuan, Xing Zitang and others all present. They healed their injuries while accepting inheritance protection for Ye Chen and the others. At this time, they had not left.

However, the only one missing is Yin Ming.

Ye Chen asked Ji Xuan, "Yin Ming, have you gone?"

Ji Xuan nodded: "We wanted to ask her something, but she didn't expect that she would ignore us at all, and left in a panic...like being afraid of something..."

Ye Chen didn't think much, and smiled, I'm afraid the other party is afraid of himself.

"By the way, Brother Ye, what do you plan to do next?" Ji Xuan asked.

After all, the inheritance of Demon Lingzi has ended, but the Rising Dragon Competition has not yet ended, and the time for the secret realm has not yet arrived.

Ye Chen pondered for a moment, and said: "I have enough purple talisman, I plan to look around."

He got the purple talisman that Lin Juelong swallowed so many strong men.

Enough to look down upon the heroes.

The most important thing at the moment is to determine whether there is a reincarnation monument in this secret realm!

If it is not inside, it must be outside!

Ji Xuan thought for a moment, then said: "That's right, with Brother Ye's purple talisman, I won."

Suddenly, Ji Xuan discovered something!

How did Ye Chen's cultivation become the second-tier heaven of Hedao Realm?

Only a few days now?

Half-step Hedao crosses the Hedao one layer of heaven, and it is understandable.

As a result, Ye Chen went directly to the second floor?

Could it be that Ye Chen triggered the vision a few days ago?

Thinking of this, Ji Xuan quickly shook his head.

That vision should be caused by a strong star orifice, not Ye Chen.

Otherwise it would be too evil and weird!

Xing Zitang also discovered something, directly facing Ye Chen, murmured: "Ye Chen, you are not a certain monster in disguise? Are you still a human being at your cultivation speed?"

Ye Chen smiled faintly, without talking nonsense, and went straight to the distance!

And open the consciousness!

Search the entire secret!

Only for the reincarnation monument!

For several days Ye Chen searched the entire secret realm, but he didn't perceive the reincarnation monument.

Logically speaking, if one's blood is close to the reincarnation monument, it will change!

However, there is no such thing in the secret realm.

It seems that it can only be outside.

Finally, the Thang Long Competition is about to end.

All the contestants who were still in the secret realm were instantly wrapped in a bright purple brilliance. The next moment, the purple light flashed, and they completely disappeared from the secret realm!

With a flash of purple light, everyone returned to the island where the Thang Long Competition was held. Ye Chen looked around. Now, the 10,000 geniuses who originally participated in the competition are less than one-tenth!

Among these people, only forty-nine people can successfully advance.

The handsome young man who originally hosted the Thang Long Competition and helped the crowd to teleport appeared.

His face paled a little.

He even regretted coming here.

The price is too great.

Looking at the geniuses present, he still announced: "This Thang Long Competition is officially over. Please take a rest. We will announce the results later!"

As soon as his voice fell, the purple jade tokens in everyone's storage bags automatically flew out, turned into purple lights, and gathered in the hands of the handsome young man.

But Cang Ye found Ye Chen in this gap and said anxiously, "Ye Chen, where is Yin Ming?"

Ye Chen was startled, his face changed slightly: "Yin Ming didn't come out?"

Logically speaking, all the strong alive should have been sent out!

Why didn't you see Yin Ming?

He glanced around, but did not find Yin Ming's figure!

Cang Ye shook his heart and took out a jade plate with Yin Ming's name on it.

"Just now, Yin Ming's jade brand flashed red! It's not right!"

Chapter 1907: Ye Chen's doubts!

"I searched the entire island, but I didn't find Yin Ming's figure! It was like... completely disappeared."

"What's weirder is that Yin Ming should be alive, why is there no trace? It's not right!"

At this moment, Ye Chen was lost in thought.

He recalled the picture after the inheritance, it seemed that something was wrong with Yin Ming.

There should be no problem with Mo Lingzi's inheritance, he checked.

Then, what happened in between?

Yin Ming wants to leave in such a hurry?

There must be something wrong with the intermediate link!

At this moment, the handsome young man before, said again: "Well, now, we are about to announce the forty-nine winners! In order, starting from the forty-ninth, please be read to the name. Geniuses of all factions, ascend this magic fire ladder!"

After he finished speaking, he waved his hand, and a dazzling long ladder full of red, like a crimson crystal appeared in front of everyone, and the end of the long ladder was a gorgeous high platform with forty-nine positions from high to low.

This sacred fire ladder, and the high platform that accompanies it, exudes the breath of a divine tool!

Moreover, the breath is incredibly strong, and it turns out to be a top artifact!

Seeing this scene, the geniuses in the gorge couldn't help but exclaimed!

The handsome young man, watching the performance of the crowd, nodded in satisfaction, opened the scroll in his hand, and began to announce: "Forty-ninth, Wan Xuanzong, Liu Shengming!"

As soon as the voice fell, a white-faced young man stood out from the crowd with his head high and his eyes filled with excitement and pride!

The people who watched Liu Shengming walk towards the God Fire Ladder showed a look of envy!

Soon, Liu Shengming stepped onto the God Fire Ladder!

As soon as he walked on the God Fire Ladder, Liu Shengming's complexion changed, and soon he showed ecstasy. This God Fire Ladder has the effect of tempering the flesh!

The handsome young man explained: "The God Fire Ladder can temper the body of the first-time climber, and the higher the ranking, the higher the position on the platform, the better the tempering effect."

Everyone heard the words and looked at the God Fire Ladder, it was almost draining!

They are jealous! I'm so jealous!

This was just the beginning, and a big gift was given!

This handwriting is really lavish and scary!

Many people have secretly made up their minds, even if it is dangerous, they must participate in the Thang Long Competition again next year and try to get there!

As the handsome young man chanted his names one by one, more and more contestants were on the stage, including Long Xuan, Ji Xuan, Xing Zitang, Tian Ling, Chi Xia and others...

Finally, the handsome young man finished chanting forty-eight names.

The only thing left is that the genius who participated in the Thang Long Competition this time and won the top leader has not yet read it!

The handsome young man paused deliberately, and everyone's hearts gradually came up!

They all want to know who this genius is!

Upon seeing this, the handsome young man smiled and said loudly: "The first winner of the Dragon Rising Competition this time is a genius from Xuan Yuezong, Ye Chen!"

At this time, a young man came from the crowd, and everyone couldn't help but make way for him.

Ye Chen's complexion was indifferent, without joy or sorrow, neither pride nor excitement.

Just walked up to the high platform indifferently, and passed the geniuses to the top of the high platform!

In silence, everyone on the island looked at the young man silently.

They were surprised.

What surprised them was Ye Chen's cultivation base!

Ye Chen, didn't even reach the realm of good fortune?

How could such a person be the first?

Many warriors who had a cultivation base higher than Ye Chen felt dissatisfied, felt unfair and unwilling!

However, at this time, no one dared to taunt Ye Chen, because taunting Ye Chen was equivalent to taunting the contestants who ranked lower than Ye Chen!

Ye Chen looked down at these people and knew the thoughts in their hearts, but he didn't care.

Because these people and him do not exist at the same level.

He was still thinking about the reason for Yin Ming's departure.

The handsome man didn't look different, and smiled slightly, "Well, this Rising Dragon competition is officially over. Now these 49 qualified people, congratulations, have the talents dreamed of entering the

Lingwu Continent. The place! You have the qualifications of the Shenhua Academy. Now, stand on the high platform without moving, we will directly send you to the Shenhua Academy!"

Everyone felt that the Thang Long Competition was finally over, and when they were preparing to leave, a faint voice suddenly sounded on the high platform.

"and many more."

Wait?

Now all qualified candidates can't wait to go to the Shenhua Academy, but someone has to wait?

Let Shenhua Academy wait?

What a courage!

And the person who spoke was the one that everyone was a little dissatisfied with before, Xuan Yuezong, Ye Chen!

After everyone stayed, they all showed unhappy expressions. Originally, they felt that Ye Chen, the number one, was too moist!

Now, the number one who is full of moisture has to wait?

Such a big show?

People are too mad, too arrogant, it's easy and unpleasant!

However, Ye Chen naturally wouldn't care if these people were upset, he couldn't go to Shenhua Academy now.

Since he was going to be teleported over immediately, of course he wanted them to wait.

The handsome young man was also taken aback, but after seeing that Ye Chen was talking, he still smiled and asked Ye Chen:

"What's wrong? But is there anything else, haven't you finished it?"

This handsome young man, named Lou Yun, although he looks young, and his time in the Shenhua Academy is not short. He knows that every Thang Long is better than the first strong man, no matter how strange, How weak and small, in fact, they all have extremely strong strength!

If someone else asks him to wait for a while, he may have to speak directly, Shenhua Academy, can you wait?

However, since it was Ye Chen, he could open the net.

However, when everyone saw Lou Yun's attitude towards Ye Chen, they couldn't help it, and began to talk a lot about what happened to Shenhua Academy? Is such a good attitude towards a first person who is so moist?

Some people even started yelling: "Shenhua Academy, teach this kid!"

Seeing this, Lou Yun couldn't help frowning slightly.

Ye Chen's complexion remained unchanged, and he said lightly: "Yes, I did not finish some things."

Lou Yun said: "You can entrust your teacher to handle it for you first, or I can give you a time to solve it."

When Lou Yun said this, everyone was shocked!

An hour!

This Shenhua Academy was actually willing to wait an hour for Ye Chen!

What a shame this is!

Shenhua Academy, actually attaches so much importance to Ye Chen?

Now, not only the contestants on the island, but even some geniuses who have been successfully admitted to the Shenhua Academy are shocked.

At the same time, many people, looking at Ye Chen's eyes, showed a deep jealousy!

They all roared in their hearts: "Why, why can a waste with no good fortune be treated like the Shenhua Academy, but they can't even get admission?"

The noise on the island is getting louder.

However, just after everyone thought that Ye Chen would accept the concession of the Shenhua Academy, he shook his head and looked at Lou Yun and said, "I have a question. In the secret realm of Thang Long Competition, except for the elimination and our promotion. Apart from those, is there anyone mysteriously disappearing?"

Lou Yun was taken aback and nodded: "This is also where I was puzzled. There are indeed a few people."

"Which people?" Ye Chen asked.

Lou Yun didn't understand Ye Chen a little. After all, it was normal to disappear for no reason, and he didn't usually bother in the past.

However, as the first question raised by Ye Chen, he still said: "Xuan Yuezong, Yin Ming, Soul Palace, Lin Juelong, Lingxian Imperial Palace, Xia Ruoxue..."

really!

It seems that there is still a problem with the Thang Long Competition!

Not only Yin Ming!

Lin Juelong also disappeared!

However, in the next second, Ye Chen's eyes widened!

What did he hear?

Xia Ruoxue of the Lingxian Imperial Palace?

Why is Xia Ruoxue here? ?

And like Yin Ming, disappeared mysteriously in this secret realm?

Chapter 1908: Endless coercion!

Ye Chen felt for the first time that Thang Long was not so simple!

Even judging from Lou Yun's expression on this Shenhua Academy, they were dumbfounded.

This Thang Long Competition is considered to be one of the prosperous times in Lingwu Continent.

But only a part of the first-class and top-level forces of Lingwu Continent came.

What is even more strange is that Ye Chen's entire Big Bi only saw part of the first-class forces.

The disciples of those top forces have disappeared?

The Lingxian Imperial Palace behind Xia Ruoxue is very powerful.

If Xia Ruoxue knows that she will participate in the competition, she will definitely come to herself.

He made a lot of noise in the Thang Long Da Bi, and Xia Ruoxue couldn't find herself.

Then why did Xia Ruoxue not show up?

Lingyun is not qualified to step into the secret realm, and it is logically impossible to restrain Xia Ruoxue!

Combined with the many things in front of him, Ye Chen seemed to understand something.

Before the Yu Beast Spirit God dissipated, he told him that there was a reincarnation monument near this place.

I'm afraid it is only this reincarnation monument that can make the big forces so ready to move.

Now, he must figure out where these people have gone!

Not only for Xia Ruoxue and Ming'er, but also for the reincarnation monument he must get!

Lou Yun's voice kept ringing, and Ye Chen heard several acquaintances again.

Sikong Feixing.

Ye Chen had met this person once, and this person wanted to meet at Shengxian Dabi, but the other party did not appear either.

Where did Xia Ruoxue, Ming'er, Sikong Feixing, Lin Juelong, and everyone else go?

Could it be that they are fighting for the reincarnation monument at this moment?

Lou Yun of the Shenhua Academy finished reading, and stared at Ye Chen with scorching eyes: "Ye Chen, in the past there were indeed people who disappeared from the Shenglong Grand Tour. We may have overlooked them. They might have left."

"Even if the elders who brought them have left, you still want to look for them? For example, the elders of the Soul Palace, or Senior Lingyun, the deputy master of the Lingxian Imperial Palace, these people have left early. In my opinion, They may have something important to go back."

"After all, these forces have noble status, and there are so many things in the clan, it is impossible to stay outside."

"The Rise of Immortals is actually unnecessary for them. Only through the Rise of Immortals can some first-rate powers and the lower sects obtain the supreme chance of Shenhua Academy."

"But even if those top forces fail, their disciples are eligible to enter the Shenhua Academy, but generally they don't. There are many sects in Lingwu Continent rated as top forces, but there are only a few. The disciples have a better choice than Shenhua Academy."

"Besides, they cannot fail if they participate."

Ye Chen looked at Lou Yun and continued, "Senior, are you sure that the missing people have entered the secret realm?"

"OK." Lou Yun said.

Ye Chen continued: "Then judging from the total number of purple talisman, did none of them get a purple talisman?"

Lou Yun was startled, feeling something wrong, but still replied, "Yes."

He didn't want to continue to talk with Ye Chen, so he asked: "Ye Chen, we can't delay for you, how about giving you an hour? If your matter is not important, it doesn't matter if you go to the Shenhua Academy to solve the matter."

However, Ye Chen spoke lightly again: "No, I must go to this matter too, and one hour is not enough."

Silence, everyone who was still noisy, all quieted down.

One by one, they all looked at Ye Chen in disbelief, and looked at Ye Chen like a lunatic!

Shenhua Academy, willing to wait for you for an hour, you are not enough! ?

Still unwilling to accept such conditions?

Do you really consider yourself to be a **** descended to the world?

Don't you know at all?

This is Shenhua Academy!

Can't make it right, even if you are the number one in the competition, in front of the Shenhua Academy, you are so presumptuous, you may be cancelled directly, and you are eligible for admission!

Could it be that Ye Chen really didn't have any sense of awe for Shenhua Academy?

Lou Yun frowned completely.

Shenhuo Academy can even represent the face of some people in Lingwu Continent, and those top forces dare not let Shenhuo Academy do this.

He was willing to wait for Ye Chen for an hour, it was enough to give Ye Chen face, but now Ye Chen still refused to accept it?

What does he mean?

Lou Yun spoke again: "So, what do you want?"

At this time, his tone was already a little cold.

Ye Chen still said indifferently: "I will not join the Shenhuo Academy for the time being. I will join after I have handled that matter."

"I am willing to accept all punishments."

Although Shenhuo Academy represents the supreme chance of Lingwu Continent, Ye Chen has more important things to do!

At this moment, everyone's expressions were petrified.

Shocked, not only the contestants, but also the passers, even Lou Yun was shocked by Ye Chen!

You are the Shenhuo Academy, is your home?

The location of Shenhua Academy is a secret of Lingwu Continent, naturally it is impossible to disclose it at will, but you, Ye Chen, treat it so casually? Having lost this opportunity to enter the Shenhua Academy at , do you think you can get it at will?

Being selected by the Shenhua Academy is the supreme glory and the supreme luck! You don't cherish it at all?

At this time, Ye Chen added another sentence: "If it is not possible, I am willing to give up the qualification to enter the Shenhua Academy."

Now, everyone is not shocked!

Everyone, including Lou Yun, looked at Ye Chen with extremely ugly expressions.

This is the face of the Shenhua Academy!

Historically, only Shenhua Academy has the right to refuse others to join. When did anyone give up entering Shenhua Academy?

Or did he give up after winning the first place in the Thang Long Competition?

Isn't this just like saying that Shenhua Academy is not good enough for me?

Rumble, a very strong momentum, soaring into the sky, even those present, even the peak martial artist of good fortune, were shocked by the aura and could not move!

That is the breath of the real star aperture!

And that breath, directly towards Ye Chen, shrouded it!

Ye Chen's complexion changed slightly, this breath is so strong!

In an instant, he subconsciously displayed the God and Demon Reincarnation Art, Divine Blood, and Burning Blood Art! The power of six ways! Gengjin gas!

boom!

Ye Chen's breath also broke out crazily, colliding with the extremely terrifying breath of the late Star Aperture!

"puff!"

When the breath collided, Ye Chen couldn't help but spouted a mouthful of blood, but his waist was straight, and he looked towards the direction where the breath came!

"How is it possible!" Countless pairs of eyes stared at Ye Chen, staring at his straight figure, as if they had seen something beyond understanding!

How could this guy who hadn't even reached the realm of good fortune, withstand the aura pressure of the Star Aperture Martial Artist?

That was the coercion that went directly towards Ye Chen!

Chapter 1909: You must obey!

Some weaker geniuses in the good fortune realm and co-dao realm, even if they were affected by the exuded coercion, were almost unbearable, unable to stand, this is still the case when they themselves are geniuses beyond realm!

And Ye Chen, in the center of coercion, I am afraid, it is a thousand times stronger than what they have endured, ten thousand times stronger!

With Ye Chen's cultivation base, shouldn't it be crushed directly into nothingness?

but?

Is Ye Chen crushed?

No!

Not only not!

He stood up straight and straightened his waist! Even under this pressure, he can turn his head to the direction of the breath!

This is not against the sky, what is against the sky?

Now, where are there people who dare to look down upon Ye Chen?

Those who thought Ye Chen was weak, thought he needed a lesson, thought he was not even as good as himself, only felt that there was a burst of hotness on their faces!

Completely slapped by Ye Chen!

Now, anyone with a little brain can see that Ye Chen is not weak at all, and it can be said to be extremely against the sky!

How many so-called geniuses can be shackled with this terrifying body that resists the coercion of the star's aperture?

But Ye Chen was not in the mood to take care of this at this time. He looked at the direction from the coercion. There stood a middle-aged man with a stern face and a long face, like Lou Yun, dressed in the white of Shenhua Academy. robe.

When Lou Yun saw this, he couldn't help showing a bitter smile. This person was Chen Jiu from the Shenhua Academy and the Ministry of Law and Discipline. In Shenhua Academy, he was always known for being harsh.

Like Ye Chen, he started to engage in special thorns before enrolling in school. When he met Chen Jiu, it could be said to be bad luck. According to Chen Jiu's personality, he would definitely beat him hard, even if Ye Chen is not dead, I am afraid that she will also peel off her skin.

However, this Chen Jiu, there is another point, that is, he is very talented.

When encountering those geniuses who are truly worthy of training, on the contrary, they will greatly help.

Now, it's up to Ye Chen whether he can get Chen Jiu's favor.

Chen Jiu saw that Ye Chen had blocked his coercion so easily, and a smile flashed in his eyes. This kid was kind of interesting.

However, on his face, there was still a cold look, facing Ye Chen, he spoke without emotion:

"My Shenhua Academy, is it a place where you join when you want to join, or just leave when you don't want to join?"

Do you still look at the college? Boy, don't think that if you have a bit of talent and won the first place in this competition, you can do whatever you want. This is not where you stand out!

Even a genius needs to grow, do you understand? "

Ye Chen lowered his head and said apologetically: "Senior, I'm sorry, I don't have any idea of being pushy, but there is something that must be dealt with. This matter is extremely important!"

Speaking of the end, Ye Chen raised his head again, facing the star-aperture powerhouse with his eyes, and he didn't give in!

Ye Chen is certainly no match for the opponent, but in terms of momentum and coercion, Ye Chen did not lose at all!

After all, he stepped into the Lingwu Continent from Huaxia Jiangcheng, and his condensed blood and killing intent, as well as his determination to fear the world, no one can shake!

What's more, he has an immortal body and reincarnation blood!

Between heaven and earth, what can make him surrender!

Many people present secretly laughed at Ye Chen's stupidity. At this time, no matter how important things are, they should first be soft to the predecessors of the Shenhuo Academy, not like Ye Chen, who refutes his face in public!

This Ye Chen has too little experience!

Although strong, many people feel that Ye Chen's future achievements are limited!

After all, in the spiritual world, if you want to mix well and get more resources, it's not just talent!

You have to know how to behave, know who you should associate with, who can offend!

Now, Ye Chen obviously offended someone who shouldn't offend, so he will definitely pay the price!

However, Chen Jiu stared into Ye Chen's eyes, but did not show any disgust or anger.

If Ye Chen suddenly changed his attitude now, he would look down on Ye Chen!

He Chen Jiu, one is one, two is two, and he never likes smooth people!

Therefore, Ye Chen's current attitude makes him appreciate it. To be honest, he has no intention of blaming Ye Chen anymore. He knows that Ye Chen does not want to be different and express his own difference, but really Something happened.

but! As a member of the Law Department of Shenhua Academy, he could not allow Ye Chen's behavior!

Fa intolerance!

The Ministry of Law and Discipline should be selfless!

Only in this way can the face of Shenhua Academy be maintained!

He can tolerate one hour, two hours, even twelve hours!

However, what Ye Chen wanted to do was obviously not something that could be done in a short time. Then, no matter what reason Ye Chen had, he would not allow it!

Ye Chen now, since he has been admitted to the Shenhua Academy, he is already a member of the Shenhua Academy, and he is naturally bound by the discipline of the Shenhua Academy.

If you want to disobey the arrangement of the Shenhua Academy and leave by yourself, how can you be allowed to easily?

If it is really allowed, the face of Shenhua Academy, do you want it?

Chen Jiumeng's face sank, and he shouted to Ye Chen: "No matter what you have, please return to the high platform for me and obey the academy's arrangements!"

Following his words, the aura on his body rose up instantly and heavier than ten times!

Just now, Chen Jiu hadn't burst out with all his strength?

Now, Chen Jiu's breath has completely exploded, his cultivation level is terrifying, and it is truly shown in front of everyone. Only a trace of breath that escapes makes most of the contestants on the island crush to the ground, even standing, Can't do it!

Those who can stand, but only a few people!

However, most people, even though they were crushed, were very happy in their hearts, and quickly realized!

Because, they knew, just as they expected, Ye Chen, because he offended this star-aperture powerhouse in public, this super powerhouse will inevitably make him pay the price and let him taste the suffering of offending the powerhouse. , I was extremely jealous of Ye Chen, now, seeing Ye Chen being tortured, how can he be unhappy?

You must know that when you step into the Star Aperture Realm, every small realm is an earth-shaking difference!

Obviously, this Chen Jiu is not an ordinary Star Aperture Realm!

They believed that even if Ye Chen was the reincarnation of a top-level monster, he would definitely be crushed to death in the face of this terrifying pressure that made the void tremble!

Even if you can't bear it directly, it's possible to be crushed to death!

And Ye Chen in the center of coercion burst into a burst of blood mist in an instant!

At this time, Ye Chen only felt that the spiritual power and flesh and blood of his whole body were all compressed and solidified, and he could not use a single bit. Every inch of his body was suffering from

unimaginable pain. If it were not for Ye Chen's immortal will, it was like steel. , The pain alone is enough to make people collapse!

Chapter 1910: Law enforcement puppet

He also discovered that in the secret realm, Lin Juelong absorbed power and briefly stepped into the first level of the star aperture realm, but this Chen Jiu's star aperture realm was very different from Lin Juelong's heaven!

This is the foundation of Shenhua Academy!

But Ye Chen clenched his teeth tightly, said nothing, his waist was still straight!

This coercion, I am afraid that the average peak martial artist of good fortune, can't bear it?

If it weren't for his physical fitness, he had gone to the extreme, far surpassed everything, and possessed an incomparable terrifying power, I am afraid, it would have been completely crushed.

However, in this terrifying coercion, Ye Chen still clenched his teeth, his gaze did not waver!

Suddenly, endless magical energy surged out.

Ye Chen's eyebrows flashed slightly.

Very light, so light that others can't find it.

The Devil's Eye was asleep, but felt a little angry when he sensed the threat.

What is even more strange is that Ye Chen's pupils turned out to be a scarlet blood moon.

This is obviously going to be enchanted!

Ye Chen unexpectedly withstood the full coercion of the powerful late stage star aperture! ??

At this time, even Lou Yun fell into a sluggishness, that was Chen Jiu's coercion! He knows that with Chen Jiu's character, since he has exploded with all his strength, he will not keep his hands, but Ye Chen has resisted like this! ?

There are many geniuses Lou Yun has seen. In the Shenhuo Academy, there are already geniuses, but geniuses are like dogs!

However, there are very few geniuses like Ye Chen!

It's so pitiful!

They, even in the Shenhuo Academy, can stand out!

They are real dragons! It's true, can disregard all existence!

And such a genius, almost every one can become the Lingwu Continent, the real supreme existence, the existence that transcends everything!

Lou Yun's eyes flashed suddenly. From Chen Jiu's stern face, he vaguely saw a smile?

Chen Jiu, why are you laughing?

Isn't he going to punish Ye Chen?

Now Ye Chen resisted his coercion, why can he still laugh?

Suddenly, Chen Jiu received the coercion and sneered at Ye Chen: "Good boy, can you withstand my coercion? Great, but you have not heard of the academy's arrangements? Now, your behavior belongs to the public. Violating the instructions of the instructor of the Ministry of Law and Discipline, this is not something that can be solved with coercion."

When everyone heard this, it was another joy! They knew that Ye Chen was really dead this time!

Ye Chen is very strong, so strong that he can resist such a terrifying pressure!

However, it is still the same principle. You defy a strong man in public, and in front of so many people, can he let you go after sweeping his face?

No matter how strong you are, you must die!

Now, this invincible powerhouse is afraid that he is going to make a move, right?

With that, Chen Jiu waved his hand, and an organ puppet appeared in front of everyone.

Chen Jiu said to Ye Chen coldly: "This is our Shenhua Academy, the law enforcement puppet of the Ministry of Law and Discipline. As an academy tutor, I am already in the Star Aperture Realm. Even if you violate the Academy's laws and regulations, I cannot possibly personally punish you, so let this law enforcement puppet act on your behalf!"

In the eyes of the organ puppet, two red lights suddenly shot out, and it was completely awakened. Within the heavy metal body, suddenly, there was a breath that was no less than a layer of the Star Aperture Realm!

This is actually an organ puppet equivalent to a heavenly warrior on the first level of the star aperture!

Moreover, when such puppets fight, there is no fear at all. In their consciousness, they can only complete the task! Don't care at all, how much damage it causes to yourself!

Even more terrifying than ordinary human warriors!

Those who were crushed on the ground all stood up one by one, their eyes shone with cruel, excitement, and anticipation!

That is the mechanism puppet of the Star Aperture Realm!

Ye Chen, who is on the second floor of the Dao Realm, even if his body is strong enough to withstand this terrifying pressure, he can't really defeat the existence of Star Aperture!

Moreover, it is still more terrifying than the existence of ordinary star orifices, and an organ puppet that fears death!

They are now waiting to see that Ye Chen was beaten up by the organ puppet!

At the next moment, the body puppet suddenly flashed, and rushed towards Ye Chen at a very fast speed. At the same time, the steel arm turned into a long sword and slashed towards Ye Chen fiercely!

This blow is amazing!

The powerful sword aura even forced some onlookers to take a few steps back!

That terrifying sword aura directly split the void!

This mechanism puppet is terribly strong! Terrifyingly strong!

Quite a few qualified people couldn't help swallowing their saliva after seeing this puppet's blow. At the same time, they secretly swore that they would never violate any laws when they entered the Shenhua Academy!

If this organ puppet cuts a sword, it is really fatal!

Seeing the horror of this trick, those contestants wanted to cheer, even, some people were sure that Ye Chen would be destroyed by this sword in a single battle!

Star Aperture and Good Fortune are completely the gap between heaven and earth. Even a super genius who can fight crazy and leapfrogging can hardly compete with Star Aperture Martial Artists with the realm of Good Fortune.

If we say that the realm of good fortune is a level that almost every genius can reach, then Xingqiao is the real feng shui ridge. In front of this realm, even a terrifying genius whose cultivation speed far exceeds others, Possibly, you will not be able to enter it even after your entire life.

However, the difficulty of breaking through the Star Aperture Realm also proved its power!

Ye Chen will definitely die!

The best case is serious injury!

Even Lou Yun has changed a little. Wouldn't it be too cruel if Chen Jiu did this?

Ye Chen is no ordinary student of Shenhua Academy, he is a genius of true dragon level!

How could Chen Jiu, who always loves talents, be so cruel to Ye Chen?

Just when everyone thought that Ye Chen was over.

Ye Chen's complexion was very calm and indifferent.

A dark long sword fell into the hand, it was the beast sword!

And the black lines on Ye Chen's body were also spreading rapidly.

Just like a demon manifesting, fully display it!

The next moment, the devilish energy erupted!

The dazzling black light illuminates the entire island!

There was a bang, a peerless explosion, the sea was tumbling, the earthquake was shaking, and the wind was howling!

In an instant, the sight of the end of the world appeared before everyone!

Chen Jiu looked at the center of the light, with a smile on his stern face.

With a wave of his hand, he suppressed all the vision, then turned and left.

At this time, everyone looked towards the place where Ye Chen fought with the law enforcement puppet.

I saw a figure standing there.

An inhuman figure.

A figure like a **** or devil.

One, flesh and blood!

Ye Chen, actually won!

how can that be!!

Seeing this scene, almost all geniuses, Dao Xin, were shaken!

The world they used to be proud of, and the world they used to think, almost collapsed!
