Chapter 1911: Clues to the Reincarnation Xuanbei!

They have always been called geniuses, but now they are what \*\*\*\* geniuses in front of Ye Chen?

They always thought that they were the most talented existence in this world, but in front of Ye Chen, what \*\*\*\* talent was there?

How can their Dao Xin not waver?

Not only that, there are scattered iron fragments under Ye Chen's feet!

Ye Chen not only won, but also completely destroyed the terrifying law enforcement puppet!

All that is left is this little residue.

What is even more incredible is that Ye Chen only made a sword!

With one sword, there is a layer of heaven against the star aperture!

What kind of horrible evil is this?

It is beyond the limit of imagination!

Ji Xuan, Xing Zitang and the others smiled at each other. Now, the others finally realized their shock at the time.

Ye Chen, that's it, it's extremely against the sky, even an unimaginable existence!

At this time, Chen Jiu's cold voice echoed on the entire island.

"A student of Shenhua College, Ye Chen, was disciplined by Chen Jiu, the instructor of the Department of Law and Discipline for violating the laws of the college. During Chen Jiu's punishment process, the law enforcement puppet malfunctioned, causing the student Ye Chen to be injured. He was not suitable for teaching at the college immediately. , Chen Jiu of the Ministry of Legal Affairs, specially approved Ye Chen for indefinite holiday training!"

"Once the student Ye Chen recovers, he must immediately set foot on the Shenhua Academy, otherwise he will bear the consequences!"

As Chen Jiu said, he turned his head slightly, glanced at Ye Chen, and said faintly: "Boy, cultivate well. After I recover, I must report to the academy, you know?"

Lou Yun was shocked when he heard this, Chen Jiu, this is the effort to shoulder the responsibility for Ye Chen!

Ye Chen looked at the wound on his forearm. He knew that the law enforcement puppet just now had no intention of taking his own life.

Moreover, the power of the star's aperture layer was not as powerful as Lin Juelong's.

After all, Chen Jiuyi's initial instructions were just punishment.

Ye Chen is not a fool. He naturally knows that Chen Jiu has stopped. He did this to create a reason for Ye Chen, so that Ye Chen can have enough time to deal with his own affairs without violating the law of the college. thing.

He looked at Chen Jiu, who was slowly leaving, with a hint of warmth in his eyes.

Ye Chen wrote down this love!

Ye Chen bowed respectfully to Chen Jiu who was leaving, and replied: "Student Ye Chen, I understand! Thank you, Teacher Chen from the Faji Department for your advice!"

Guarding the side, Cang Ye, who was ready to take action at any time, saw this scene, and finally heaved a sigh of relief. He looked at Ye Chen with a wry smile. This kid is really troublesome!

Lou Yun also smiled helplessly at Ye Chen: "Okay, Ye Chen, then, you don't need to go to the Shenhua Academy for the time being, go back and recover."

Ye Chen nodded and smiled: "Thank you for your concern."

Lou Yun didn't say anything any more, he had a seal in his hand, and powerful spiritual power whizzed out and poured into the \*\*\*\* fire ladder. The \*\*\*\* fire ladder and the high platform burst into a dazzling red light in an instant. The next moment, the entire high platform, With the geniuses on the high platform, they disappeared together with Lou Yun.

But at this moment, suddenly, the wind and cloud moved, and a deep and big hole suddenly opened in the void. Three strong breaths emerged from the hole and landed on this island out of thin air!

Not only the contestants who are still on the island, but even the representatives of the sects, cast a surprised look in the direction of the three breaths!

Because these three breaths are really too strong!

Even Chen Jiu from the Star Aperture just now is far behind!

This is far beyond the existence of Xingqiao!

But it was the three elders who exuded that breath.

Yin Che, Bai Zhentang, Long Yitian, and the three supreme elders of Xuan Yuezong appeared together on this island!

As soon as the three of them appeared, first of all, they all looked at Ye Chen.

The eyes of these three peerless powerhouses suddenly flashed, and they were surprised at the same time!

Long Yitian murmured: "Lao Bai, I'm not mistaken, am I? You disciple..."

Bai Zhentang grabbed Ye Chen, making Ye Chen a little confused for a while. He looked at Ye Chen carefully, and finally laughed wildly:

"Hahahahaha, the Mark of Shenhuo, it turned out to be the Mark of Shenhuo! I haven't seen the marks of these guys for many years! Ye Xiaozhi, you really look like a teacher, my disciple was chosen by Shenhuo Academy. Up!"

"Sacred Fire Mark?" Ye Chen couldn't help but ask when he heard the words.

Bai Zhentang just wanted to speak, but a hand fell on his shoulder.

At this time, Yin Che's eyes were deep, and he patted Bai Zhentang on the shoulder and said, "Okay, Lao Bai, the imprint, I'll talk about it later, first ask Ye Chen, how is Ming'er?"

Obviously, Cang Ye had notified the three Supreme Elders of Xuan Yuezong.

Bai Zhentang came back to his senses, smiled apologetically at Yin Che, turned his head and asked Ye Chen: "Boy, please tell me about Yin Ming's situation."

These three elders, after knowing that Yin Ming had an accident, directly used their supernatural powers to cross space and came to this island!

This island is blocked by the magic circle of the Shenhuo Academy! Even a martial artist at the pinnacle of the star aperture needs a token to enter. It is impossible to break through!

However, this seal was destroyed by Yin Che who was anxious!

He really doesn't want to wait for a moment!

Ye Chen repeated everything that had happened, and then said to the three Yin Che: "The disciples don't know how Ming'er is now, and the Shenhua Academy should also be unclear."

Bai Zhentang's eyes were dignified, he looked at Ye Chen deeply, and said: "I'm afraid Ming'er's disappearance should be related to the monument obtained by Mo Lingzi."

monument!

With a single word, Ye Chen was sure that this so-called monument was the Reincarnation Monument!

And from Bai Zhentang's weird eyes, it can be seen that the other party knew that he had entered Xuanyuezhong for the reincarnation monument in Zi Ning's body!

Bai Zhentang's delay in contacting him, or even mentioning this matter, is probably testing himself.

After all, the ten reincarnation monuments in Lingwu Continent are the existences that countless top forces must fight for and get at all costs!

As for why it was sealed in Zi Ning's body, Ye Chen didn't know.

Long Yitian and Yin Che looked at each other, and they both saw a deep shock.

For a long time, Long Yitian said: "That thing is a legendary thing, does it really exist?"

"Also, in the ancient times, I heard secretly that Xuan Yuezong also had a piece, but unfortunately, I don't know when it started and disappeared. It's a pity."

Ye Chen was startled and looked at Bai Zhentang in surprise.

The rest of the Supreme Elders didn't know about the Xuanbei in this reincarnation?

In other words, only Bai Zhentang, Zi Ning, and himself knew about the entire Xuanyue Sect?

Why should Bai Zhentang be so cautious?

Chapter 1912: His heart is only the Devil Emperor

Bai Zhentang glanced at Ye Chen, apparently reminding Ye Chen not to say anything, and then continued: "Our Xuanyue Sect has a deep heritage in ancient times, and we can naturally guard the monument, but now, we are all downgraded to a first-class power. Even if the monument exists, we can't hold it now."

"Let's talk about business. Over the years, I have investigated the devil's affairs and even got some secrets."

"After getting the monument, Mo Lingzi wanted to take it to the Demon Realm, but unfortunately, the great emperor of the Demon Realm fell and the Demon Realm became a mess, chilling the Mo Lingzi's heart."

"Later, Mo Lingzi came to the secret realm of Thang Long Dabi and left her inheritance."

"Devil Lingzi keeps practicing, just to one day avenge the devil emperor of that demon realm."

"But he has cultivated all his life, and in the end he understands that no matter how strong he is, he is not eligible for revenge."

"From then on, Demon Lingzi disappeared strangely."

"These secrets didn't mention a word about the monument in the hands of Demon Lingzi, and even the cave mansion did not leave a trace."

"But-a San Xiu once saw Mo Lingzi with a ghost enter the Nether Canyon!"

"And this Nether Canyon is near this island."

"More importantly, when I came, I observed the formation of Shenhua Academy to open the secret realm of Thanglong Grand Competition. The secret realm is similar to the atmosphere of the Nether Canyon. It is very possible that there is a path in the secret realm to the outside Nether Canyon!"

"Those people disappeared strangely at Shenglong Dabi, I'm afraid it is not for some Shenhua Academy, but for the Reincarnation Profound Monument!"

"Tabi is just a cover."

"As for Ming'er's disappearance, I am afraid that after accepting the inheritance of Demon Lingzi, he knows something, and then he left without saying goodbye."

Ye Chen's eyes were fiery, and it was obvious that Bai Zhentang had a great understanding of the Reincarnation Stele!

And all kinds of clues are connected, Bai Zhentang's guess is absolutely close to reality!

Xia Ruoxue is also in the Nether Canyon!

And Ling Yun and the elders of the Soul Hall suddenly left, they must have gone to Nether Canyon in advance!

"Master, it should not be too late, let's go to Nether Canyon as soon as possible!"

Bai Zhentang said softly.

This matter is not trivial.

He actually didn't understand why Ye Chen was so excited about the Reincarnation Profound Monument, but after another thought, the Reincarnation Profound Monument is such a god, can he not be excited when replaced by anyone?

But he couldn't give the stele in Zi Ning's body to Ye Chen casually.

Yin Che nodded and said, "Okay, Lao Bai, you first take Ye Chen to the Nether Canyon, and Lao Long and I will go elsewhere to search for Ming'er's traces. We can't put all our eggs in one basket. , After all, this is related to Ming'er's safety."

In the end, Yin Che, who seemed to be quite amiable, suddenly exuded a murderous intent, and said coldly: "If I know that someone else takes Ming'er away, I swear with Dao heart, I must, Let this evil animal pay the price!"

Even with Ye Chen's state of mind, he was almost shaken by Yin Che's killing intent. Is this the supreme existence of Xuan Yuezong?

Terrible!

Bai Zhentang pulled Ye Chen with a flash of white light, and then escaped into the void out of thin air. The terrifying space storm, in front of Bai Zhentang, was like a baby's breathing, and it had no effect on him!

Soon, Bai Zhentang waved his hand, tearing the space out.

Ye Chen looked down at his feet. At this moment, they had already come to a place, above the canyon covered by gray mist. The dense gray mist gave people an extremely cold feeling, and it was a strong and extremely evil spirit!

Bai Zhentang released his powerful spirit, and after a while, he said to Ye Chen: "This is the Nether Canyon. Before entering, we should also have a good talk."

Ye Chen was startled. Just now because there were those two people, Bai Zhentang didn't say thoroughly. Now it seems that Bai Zhentang is going to have a showdown with him!

Bai Zhentang's eyes were cold, staring at Ye Chen: "You came to Xuanyue Zong, it should be for the reincarnation Xuanbei."

"Yes." Ye Chen cut the railroad firmly.

"Why do you want the Reincarnation Profound Stele? You know that my Xuanyue Zong has guarded the Reincarnation Profound Stele for life, and it is impossible to give it to outsiders." There was a hint of killing intent in Bai Zhentang's words.

Although he likes Ye Chen, but Ye Chen has a prying heart on the Reincarnation Profound Tablet, and the answer is not in line with his intentions, he must kill.

Ye Chen stared at Bai Zhentang's eyes, stepped out, just about to say the reason, the voice of the sword box man in the reincarnation cemetery sounded: "I don't care about you, but you must not disclose the blood of reincarnation and the reincarnation cemetery to outsiders. "

Ye Chen was startled and could only say to Bai Zhentang: "Master, there is a reason for this disciple. I must get the Reincarnation Stele. As for the reason, please forgive me, I can't tell."

When Bai Zhentang heard these words, he didn't do anything, and continued: "Everyone has a secret, I don't force it."

"The secret of Xuan Yue Zong, I can't tell you."

Ye Chen said again: "Master, how can you give me the Reincarnation Profound Tablet!"

"I don't hesitate to take any conditions!"

Bai Zhentang stared at Ye Chen for ten seconds.

Ye Chen's eyes didn't evade, completely sincere.

For a long time, Bai Zhentang said, "I won't kill you because I won't misunderstand the wrong person."

"You first discovered the reincarnation monument in Zi Ning's body. Actually I was nearby. I wanted to kill you, but seeing that you respect Zi Ning and didn't \*\*\*\* it, I stopped."

"I see the importance of the reincarnation monument to you, although I don't know the reason, I don't want to care."

"But aren't you curious, why I sealed such an important thing in Zi Ning's body? Zi Ning has no power to protect it at all."

Ye Chen's eyes condensed, and he tentatively said, "Is it to cover people's eyes and ears? No one else would have thought that this reincarnation monument would be inside a woman?"

Bai Zhentang shook his head: "Wrong, it's a big mistake."

"Why is that?" Ye Chen was a little confused.

Bai Zhentang put his hands behind him, looked at the Netherworld Canyon, and said, "Because - without the reincarnation monument, Zi Ning will die."

"Zi Ning is a dying person, and I protected her life with the reincarnation monument."

"In addition to its strength, there is another reason why the Profound Monument of Reincarnation is contested by countless people. Its name is reincarnation."

"The mysterious stele enters the body, using magic as the way, and the essence and blood as the guide, which can hold the reincarnation."

"In other words, the Reincarnation Profound Tablet is equal to a life."

"I haven't said one thing about the devil."

"The devil emperor of the demon domain fell, everyone is arguing for rights, everyone wants to control everything about the demon emperor, and desires to dominate the Lingwu continent!"

"However, only Mo Lingzi left the Demon Realm, and at the cost of life and death, won a reincarnation monument."

"In order to reincarnate the mysterious stele, Mo Lingzi killed countless strong people, \*\*\*\* wind."

"In order to reincarnate the mysterious stele, Mo Lingzi initiates a taboo, at the expense of lifespan and repair."

"For the sake of reincarnation Xuanbei, he even ignored his wife, son and grandchildren! He saw his relatives being killed."

"In his heart, there is only the Devil Emperor."

"The devil has fallen, he wants to rely on the reincarnation mysterious tablet to resurrect the devil!"

"This is righteousness."

## Chapter 1913: The Kingdom of God in the Darkness!

Ye Chen was stunned.

He even felt the devil's eye on the center of his brow touch.

This is a history that even the eyes of the devil don't know!

For a long time, Bai Zhentang said to Ye Chen: "Do you still want to get that reincarnation monument? At the cost of your Senior Sister Zining's life?"

Ye Chen was silent.

The Reincarnation Profound Stele was important, but he couldn't let Senior Sister Zi Ning die.

"Master, is there no other way for Senior Sister Zining's illness?" Ye Chen still said.

Bai Zhentang shook his head: "No, the people of Lingwu Continent who have great medical skills are helpless."

"Unless the Kingdom of God on the Lingwu Continent..."

Ye Chen was confused again.

Why is there another kingdom of God?

Lingwu Continent has five major domains, east, west, north, middle, and even the demon domain, but he has never heard of the kingdom of God.

Bai Zhentang continued: "You didn't know this existed since you came to Lingwu Continent not long ago."

"Most of the martial artists, even if they are closed doors, there are many people who don't know the existence of the kingdom of God. There is only one reason, that is, they are not qualified!"

When Ye Chen heard the words, his face was shocked, and the door was closed, he was not qualified to know the kingdom of God?

How terrible is this kingdom of God?

Bai Zhentang continued: "Only the existence above Taixu is qualified to learn about the kingdom of God, and the old guy who has controlled the secrets of Xuanyuezhong like me and lived for an unknown period of time faces the kingdom of God. , It's just a little knowledge."

"The only thing that is certain is that the Kingdom of God is very strong! Incredibly strong! He is called the Kingdom of God because the strong in the Kingdom of God controls everything in the Lingwu Continent and is a true god-like existence. !"

"God!?" Ye Chen couldn't help being shocked when Bai Zhentang said so.

Bai Zhentang is a well-deserved peak power of Xuan Yuezhong, and even he described this power of the kingdom of God like this, then, this kingdom of God is bound to be extremely terrifying!

Bai Zhentang continued: "Therefore, the dream of many powerful people is to enter the kingdom of God. Compared with the kingdom of God, my Xuanyue Sect, the Palace of Lingxian Emperor, and the Palace of Soul are just a joke, but the kingdom of God is not so good. In."

"Moreover, I heard that the fall of that Devil Emperor, and even the destruction of the Absolute Cold Emperor Palace, the number one power in Lingwu Continent, all have the shadow of the kingdom of God."

"According to the legend, every year, the messengers of the Kingdom of God search for talents with excellent qualifications on the entire Lingwu Continent, and imprint them with the imprint of Divine Fire. The geniuses who possess this imprint are equivalent to being candidates for the Kingdom of Divine List."

Ye Chen is a little confused, who made this mark for himself?

Why doesn't he have any impression?

Ye Chen couldn't help asking: "Then how can we truly enter this kingdom of God?"

Bai Zhentang shook his head and said: "I don't know about this. At that time, if you really meet the criteria for entering the kingdom of God, the messenger of the kingdom of God should take the initiative to contact you.

However, it is said that the owner of this Divine Fire Mark is mostly the blood left on the Lingwu Continent by some powerful people in the Kingdom of God.

That is to say, these geniuses, although they don't know it, but behind them, they have extremely strong power, that kind of power, but it is not, the power on the Lingwu Continent can be compared with it. "

Ye Chen couldn't help frowning slightly when he heard the words. He came from the world of low martial arts. Naturally, it could not be the blood of some powerful kingdom of God left on the Lingwu Continent.

"Disciple, I don't know one thing, your mark seems to have been put on a long time ago, why did you show some points in the Thang Long Competition?"

"Is there a connection between the Kingdom of God and Shenhua Academy?"

"Shenhua Mark, Shenhua Academy? It's also possible."

"After you go to the Shenhuo Academy, you can slowly pursue it."

Ye Chen was lost in thought.

He seemed to touch it.

Kunlun Xuye Family, extraterritorial meteorite, reincarnation cemetery, eternal holy king, demon eye...

Everything in the whole body seemed to have a lot to do with the so-called Lingwu Continent God State.

It seems that Kunlun Xuye Family, I am afraid it is really not that simple.

Otherwise, how could a kid born in Jiangcheng be involved in this overall situation?

How could it be possible to have the blood of reincarnation against the sky?

...

Bai Zhentang smiled and said: "Well, don't think about it so much. The matter of the kingdom of God is still far away. I am afraid, at least you need to consider it after you step into the star aperture. Now, you still follow the original Arrange, enter the Shenhuo Academy and see if you can touch any secrets."

Ye Chen nodded, the kingdom of God is indeed too far away from him.

Bai Zhentang also said: "Although the kingdom of God is strong, there are countless benefits for being a person of the kingdom of God, but the dangers are also conceivable."

"If one day you really have a chance to enter, remember to be careful."

"By the way, there is one more thing you might be interested in."

Ye Chen was startled and asked, "What?"

Bai Zhentang smiled, his eyebrows moved, and he said astonishingly: "It seems...Shenhuo Academy also has a reincarnation monument."

"Rather than paying attention to Zi Ning, it is better to figure out how to get that piece of Divine Fire Reincarnation Profound Stele."

At this moment, Ye Chen completely held his breath.

There is one piece in Zi Ning's body, one piece for Demon Lingzi, and one piece from Shenhuo Academy!

He already knew the whereabouts of the three reincarnation monuments!

Just as Ye Chen wanted to ask something, Bai Zhentang said: "Okay, don't forget the purpose of this trip. Go down and find Ming'er."

Ye Chen was taken aback, pointing to himself and said, "I'm the only one? Master, won't you go down with me?"

Bai Zhentang said indifferently: "I am not interested in that reincarnation monument, and we have been discovered by something extraordinary, so I naturally want to deal with them here."

When the words fell, Bai Zhentang disappeared.

In desperation, Ye Chen could only go alone.

Entering the land of gray mist, endless coldness hits.

I don't know how.

...

At the same time, deep in the Nether Canyon.

In front of a broken palace.

The periphery of the palace is wrapped by a powerful formation, outside of the formation, there is no vitality!

And at the gate of the palace, a bronze plaque hangs!

There are four words written on it!

Hometown of the Devil!

Just because once, the Devil Emperor and Devil Lingzi passed by here and drank a cup of tea before they grew up.

After the fall of the Devil Emperor, Mo Lingzi built a palace here!

He doesn't know where the Devil Emperor's hometown is, so he can only use this only warm place of memory as the Devil Emperor's hometown!

At this moment, this so-called hometown of the Devil Emperor.

The atmosphere is solemn to the extreme.

The ground is full of blood!

And above the blood is a corpse!

And several existences with strong killing intent are standing!

If Ye Chen were here, he would definitely find that one of them was Lin Juelong!

Lin Juelong recovered most of his injuries, his eyes were extremely gloomy, and a powerful soul hall elder stood beside him!

Judging from the identity of the elder of the soul hall, this person is extremely noble in the soul hall.

The elder of the soul hall wiped the red blood from the corners of his mouth, looked at the people in front of him, and said: "Ten Thousand Demon Valley, Lingxian Imperial Palace, do you really think that the monument of the Demon Lingzi is so easy to hold?"

"You hurt me, do you think you can break through the formation set up by the demon at the expense of life?"

Chapter 1914:

Xia Ruoxue glanced at the words in the hometown of the Devil Emperor with cold eyes. I don't know why, she felt that there was some connection between this place and her.

As for the specifics, I can't say.

She glanced at Ling Yun beside her and sighed.

I don't know what happened to Ye Chen at the Rising Dragon Competition.

He should be the forty-nine people.

Xia Ruoxue entered the secret realm of the Thang Long Competition, but did not contact anyone, instead, according to Ling Yun's request, went directly to the Nether Canyon.

After arriving here, she realized that Ye Chen actually participated in the Thang Long Competition!

It's a pity that everything is too late.

She knows that Lingyun cares about that thing!

The so-called Reincarnation Stele, Lingyun wants to win at all costs!

At this moment, Lingyun looked at the soul hall elder with cold eyes, and smiled: "The soul hall is really pervasive. I thought that few people knew this secret, but I didn't expect that you would arrive early instead."

"The value of that baby, you and I know it in your heart, it's not necessarily who can laugh to the end."

"If I guessed correctly, your Soul Palace is busy dealing with the Ten Thousand Sword Emperor Palace."

"It's been so long, and the Ten Thousand Sword Emperor Palace hasn't taken it, so your Soul Palace really can't work."

Hearing these words, the soul hall elder's face was pale!

The Thousand Sword Emperor's Palace is simply an insult to them!

I thought I could win it in a few days! It's been a few months!

His Soul Palace is often laughed at because of this!

The elder of the Soul Hall gave a cold snort, looked at another foreigner, and said: "You Ten Thousand Demons Valley also intends to take action against my Soul Hall? The Spirit Immortal Palace is not easy to deal with..."

The old man of Ten Thousand Demon Valley laughed and touched his beard: "I do everything in Ten Thousand Demon Valley. As for the things in it, I don't really care."

"However, since the young master of my family is here, he has to take things home."

The elder of the Soul Hall was startled: "Your Young Master has also come?"

The old man raised his eyebrows: "The young master is now outside to solve some troubles."

"After all, the less people know about this place, the better, right?"

As soon as he said this, the atmosphere was solemn again.

.....

Ye Chen at this moment, surging quickly in the gray mist.

This time, he did feel the existence of the Reincarnation Profound Monument!

Although he doesn't know where Ming'er and Ruoxue are, his feelings tell him that this direction is right!

He is getting faster and faster.

He never noticed that the devil's eye on the center of his eyebrows emitted a leisurely light.

seems to be half touched by something.

Suddenly, Ye Chen stopped.

A strong blood came.

And, he found corpses everywhere in front of him.

In addition to the corpse, there is also the breath of monsters, which is extremely weird.

Just when Ye Chen was puzzled, he sensed something and hurriedly headed north.

The closer he got, the more he felt a suffocation.

The strength of the person who utters this kind of evil spirit is definitely not weak.

Moreover, what is even more bizarre is that there is also a strong and extremely powerful monster in this evil spirit!

This person who gave out evil spirits was actually a monster with extremely powerful blood!

Ye Chen frowned slightly, not only this person who exuded evil aura, behind him, there were dozens of strong demonic auras, each one was no less than the late stage of good fortune!

Besides, there is one of them, he is quite familiar.

Sikong Feixing!

On that day, the Thang Long Competition was over, and Zi Ning took him and Long Xuan to meet a group of weird people in one place.

One of them made Ye Chen very clear.

That is Sikong Feixing!

Although Ye Chen has a very high vision, he has to admit that Sikong Feixing is very strong!

And from Long Xuan's words, Sikong Feixing's identity is extremely unusual!

is likely to come from the royal family of one of the five regions of Lingwu Continent!

Originally, Sikong Feixing said that he hoped to meet Ye Chen in Thang Long!

It now appears that the two did not meet because the royal family behind Sikong Feixing was also interested in the reincarnation monument of the devil.

ten miles away.

There is blood everywhere.

More dead bodies!

A young man with green hair stepped on a young man covered in blood with a playful smile on his mouth.

The green-haired young man was called Zhou Wei, the young master of Ten Thousand Demon Valley. He looked down at the crowd with blue eyes, invisibly contemptuous, and said coldly: "There are some things that you can't understand?"

The youth spit out a mouthful of blood, glanced at the fall of all the people he had brought, and stared at Yao Cong glaringly!

"You know who I am, I advise you to let me go now, and kneel down and apologize, otherwise I will make you regret it!"

Zhou Wei seemed to have heard some funny joke, and laughed loudly: "What kind of identity can you have in your own good fortune realm? Still let me kneel?"

"Besides, can your identity be stronger than mine?"

The words fell, Zhou Wei stepped on the young man's foot, and the sound of broken bones sounded.

However, what surprised Zhou Wei was that the youth did not have any pain, let alone beg for mercy.

He just wanted to speak, when an extremely cold voice sounded: "If I say, I am from the royal family."

"Are you sure Ten Thousand Demon Valley offended the royal family?"

Zhou Wei's face changed slightly when he said this.

The imperial family is neither a top-level power nor a first-class power, but in the regions of Lingwu Continent, it is an existence that cannot be ignored!

was born to be king, this group of people is talking about!

Zhou Wei grabbed his five fingers, and a jade medallion hung around the youth's waist appeared in his hand!

As expected, there are a few words written on it!

Royal family! Sikong Feixing!

Sikong Feixing smiled coldly when he saw this scene: "Now do you know if I am qualified?"

Zhou Wei was a little flustered, but soon, his fluster was replaced by a sneer: "Sikong Feixing, you say, I killed a royal man in this nether canyon who would know?"

Sikong Feixing instantly turned pale!

Zhou Wei laughed, and a sharp knife appeared in his hand: "To be honest, if I kill a member of the royal family, I'm afraid it will be enough to brag in Ten Thousand Demon Valley."

"Now, I will send you on the road!"

In the next second, cold light flashed, and the sharp knife pierced Sikong Feixing like a meteor.

At this moment, Sikong Feixing had nothing but despair in his eyes!

He was carrying the blood of the royal family, and he fell like this!

He shouldn't have told the secret!

Seeing that the sharp knife was about to pierce into Sikong Feixing's body, a dark long sword suddenly appeared.

blocked the path of the sharp knife!

The powerful air flow made the blood on the ground surging away!

Everyone's face changed a lot!

Zhou Wei raised his head fiercely, but found a strange young man!

The young man holds a dark sword in his hand, and a playful smile is outlined at the corner of his mouth.

Not only that, the youth's thin lips opened slightly, and the indifferent voice slowly fell:

"You just said that someone who killed the royal family would know, right?"

"Sorry, I know now."

"By the way, my name is Ye Chen."

Chapter 1915: Terrorist killing

"By the way, my name is Ye Chen."

This sentence resounded like thunder in the hearts of everyone!

No one thought that someone would suddenly appear!

The key to this person's breath, they never noticed it from beginning to end.

The comer is not good.

At this moment, Sikong Feixing at Zhou Wei's feet has wide pupils, extremely shocked!

He never expected to see Ye Chen here!

He thought that a strong man would rescue him, but he did not expect that the so-called strong man was Ye Chen.

Ye Chen now has broken through to the Hedao Realm!

However, what about the Hedao Jing!

Sikong Feixing spit out a mouthful of blood and said: "Ye Chen, this matter has nothing to do with you, you leave as soon as possible!"

"You go now, tell the royal family, the royal family will avenge me! You go!"

In his opinion, Ye Chen's appearance would only cost him his life in vain!

He only hopes Ye Chen can escape!

In this way, he has hope of revenge.

However, Ye Chen remained unmoved.

Zhou Wei looked at Ye Chen, and suddenly laughed: "I thought someone would protect you, haha, so ants, even the people in the Ten Thousand Demon Palace can't match it!"

Zhou Wei turned his sharp knife, pointed at Ye Chen and said, "If I were you, I would kneel now."

However, Ye Chen ignored it at all. Instead, he looked at Sikong Feixing and asked, "How much is your life worth?"

Sikong Feixing was startled, but still said: "Ye Chen, if I can really live today, I swear, my royal family owes you a great favor!"

Ye Chen nodded: "Okay, your life belongs to me, no one is qualified to move."

Ye Chen knows very well that his power alone is not enough after all, he needs allies.

The royal family behind Sikong Feixing is unusual in Lingwu Continent, maybe when it is needed.

What's more, since Sikong Feixing knows the whereabouts of the Molingzi Reincarnation Profound Tablet, it means that he is very likely to know the whereabouts of other Reincarnation Profound Tablets!

This person must be saved!

And when Zhou Wei heard Ye Chen's words, the anger on his face was particularly strong!

"Boy, you still haven't figured out the situation in front of you? You can't protect your own life, and you want to save others? It's ridiculous!"

The words fell, the monster clan powerhouse behind Zhou Wei kept approaching Ye Chen.

Sikong Feixing frowned and said, "Ye Chen, are you sure?"

Although he knew Ye Chen's strength was very strong, he still hadn't reached the level of good fortune. Among these monsters, there were several monsters in the late stage of good fortune.

There are even two monsters at the pinnacle of the nine-tiered sky.

A group of monsters like this is not something Ye Chen can contend with.

Ye Chen said with a faint smile: "A group of beasts, what is there to be afraid of, I stand here, and he doesn't have the right to move me without making a move."

The sword fell and stuck on the ground.

The desolate breath surged.

A barrier formation instantly wrapped Ye Chen and Sikong Feixing.

Provocative!

Extreme provocation!

The monsters behind Zhou Wei roar in anger!

Loud!

"Hahahahaha!" Zhou Wei laughed wildly, and squinted at Ye Chen and said: "I didn't expect this trash to be really crazy! Interesting, really interesting, I can't help but see you kneeling on the ground begging me Let go of your appearance!"

He slammed the tactics, and his whole body erupted with a demon-like spirit, showing its prototype, which was actually a large python with emerald-like scales, dozens of meters long, and a bucket thick!

The python spat out, "Give me all my strength to smash this defensive formation!"

After a group of monsters uttered a roar, they attacked the formation that enveloped Ye Chen and Sikong Feixing together!

Countless extremely powerful attacks bombarded the light curtain of the defensive formation one after another. The formation was extremely high, and it couldn't help shaking violently!

Sikong Feixing's complexion slightly changed, the power of this attack is so strong!

But the next moment, all the monsters stopped their attacks at the same time, and even Zhou Wei's eyes flashed with surprise!

Ye Chen unexpectedly walked out of that defensive formation?

That's it, walked in front of these terrifying monsters?

Besides, you still look indifferent?

Does this person really want to die like that?

Zhou Wei came back to his senses and laughed loudly and said: "You are really unexpected, unexpected! Although it is a trash, it is also considered a funny trash, and successfully made this young master amused."

Ye Chen faintly looked at the monsters in front of him, and said coldly: "Are you going to die one by one, or die together?"

Since these monsters want his life, he will naturally not let any of them go.

"Hahahahaha!" Zhou Wei laughed wildly again: "I heard that right? This guy still wants us to shoot together? I'm afraid, for a moment, even the scum will not be left? That, isn't it, Is it too cheap for him?"

Zhou Wei turned into a human body again, saying: "This young master will do it himself today, I want to see where your pride comes from."

Suddenly, one of the demonic elders felt something, his eyes condensed, and he said to Zhou Wei: "Young Master, the aura on this child is a little weird. You should not be careless if you use secret methods."

"To deal with him, do you need to use the supreme secret technique?" Zhou Wei was surprised and dissatisfied when he heard the words. His master taught him a secret technique that can greatly improve his strength. However, Facing a warrior like Ye Chen, who had never achieved good fortune, he had to use secret methods, which made him quite unhappy.

Zhou Wei's birth is actually not simple. He is the eighth son of the Lord of Ten Thousand Demons Valley. Although among his own brothers, his qualifications are only average, but in Lingwu Continent, it is definitely different. A genius that the big forces will scramble wildly!

He has the top bloodline of the demon race, the blood of the Azure Python, although he did not inherit too much of the Dragon Swallowing Dragon bloodline of the Valley Lord, but it is also extremely powerful!

Therefore, Zhou Wei is also extremely proud!

Zhou Wei walked towards Ye Chen and said: "Boy, although, using the secret technique on you is like a sledgehammer, but since the still hope so, I will give you the honor of dying under my secret technique. , Soon, you will know what the real power is."

Ye Chen heard the words and glanced at Zhou Wei and said: "To be honest, I really want to know what it was like to kill the Ten Thousand Demon Valley Young Master."

At this moment, Zhou Wei was so angry that he turned back and laughed, his whole body soared in an instant, and in an instant, he had approached the strength of a half-step star orifice.

He narrowed his blue eyes slightly, his eyes flickered crazily, and said with a sneer at Ye Chen: "For a trash, you can be mad, but soon you will understand that a too mad trash will end. It's even more miserable. I hope that later, you won't ask for mercy."

"Pray for mercy?" Ye Chen flipped his wrist, and a dark long sword fell into his hand.

When Ye Chen grasped the Beast Rotten Sword, a mixture of divine coercion, tiger \*\*\*\* evil and unicorn evil, like a real killing intent, rushed towards Zhou Wei!

Chapter 1916: Reply!

Under the cover of this terrifying killing intent, Zhou Wei only felt a chill, his brain was in chaos, and his spiritual power was stuck in stagnation, and it was difficult to operate. But in his line of sight, only Ye Chen, incarnate A golden light, coming in extremely fast!

At this moment, Zhou Wei finally understood the reason why Ye Chen was calm, because at this moment, he felt that death was coming!

At the time of life and death, he uttered an extremely sharp neigh all day, and instantly transformed into the original body, and a powerful monster burst out, breaking through the imprisonment of killing intent.

There was a cold sweat on his snake head. If he had not activated the secret technique ahead of time and had reached the half-step star orifice, he would now be able to break through the imprisonment with a demon energy, otherwise, I am afraid that he can really only be slaughtered!

But, even so, it was too late, Ye Chen, had already arrived in front of Zhou Wei!

And Zhou Wei, at this time, he can no longer control, what to keep, what to educate Ye Chen, he shot with all his strength, all his cards were exhausted, and he launched the strongest blow towards Ye Chen who had already arrived in front of him!

There was a loud bang, and the expected collision did not happen, but Zhou Wei's blow hit the ground fiercely!

Zhou Wei's eyes trembled!

How could this be possible, he obviously saw Ye Chen right in front of him, why, disappeared instantly?

At this moment, behind Zhou Wei, Ye Chen's faint voice sounded.

"Do you think someone will beg for mercy from an ant?"

together with the shocking sword light, under the blessing of the beast rotten sword, Ye Chen slashed out an unparalleled strong sword!

This sword severely slashed Zhou Wei's body.

The extremely tough defense of the monster clan actually seemed like paper.

Zhou Wei's body burst completely under this sword!

Even his soul was wiped out in an instant!

silence.

No one can make a sound.

I even forgot to breathe.

just stared at what was happening in front of him.

Zhou Wei, who is half a step star orifice, just like that, was killed by Ye Chen with a single sword?

Was a warrior from the second-tier heaven of Hedao Realm?

That is Zhou Wei!

The young master of Ten Thousand Demon Valley, Zhou Wei with the blood of the top azure python!

Not to mention, he also used secret techniques to improve his strength to the extreme!

Ye Chen's strength, how can it not be suffocating!

Even the bloodthirsty monsters, seeing this scene, are a little afraid.

Ye Chen looked at the beastly sword in his hand and smiled. This beastly sword is more powerful than he thought.

But the spiritual power in the body consumes more than half.

There is a price to use this sword.

The young master of Ten Thousand Demon Valley died, and the group of beasts roared and attacked Ye Chen one after another. Among them, two demon beasts at the pinnacle of good fortune, their attack power is even more terrifying!

However, the most terrifying thing is the attack from the old man with a demon clan atmosphere!

The old man's breath broke out all over his body, which was even stronger than Zhou Wei's breath after using the secret surgery!

At the same time, a weird shadow exuding a strong gloom emerged, sending out a shocking claw, as if the sky was falling, pressing towards Ye Chen!

Sikong Feixing couldn't help but his eyes darkened. Under such a combined attack, he is the Star Aperture Martial Artist. If he hits him, he will have to die instantly, right?

At the same time, he was also extremely frightened, when did Ye Chen's strength become so strong?

But under such a terrifying offensive, can Ye Chen really be able to resist it?

At this time, Ye Chen took a deep breath and shouted angrily: "Beast Rotten Sword, let me see your immortal sword intent! Go back to me!"

In an instant, Ye Chen, who was already quite tall after performing the reincarnation technique of the gods and demons, rose again, and in addition to the purple \*\*\*\* patterns, he also began to show black magic patterns on his body!

Feeling the almost infinite power in his body, Ye Chen uttered an angry roar at the dozens of attacks that could break the earth!

"Ahhhhh!!!"

His whole body exudes a golden black light, and the beast sword in his hand also emits clear blasts!

Finally, Ye Chen moved, facing the sky full of attacks, cut out the strongest sword!

This sword is enough to destroy the world!

This sword can kill everything!

There was a loud bang, resounding through the entire Nether Canyon, and the entire ground was slightly shaken!

A white light flashed in the sky, and Bai Zhentang was awakened by this attack and had to make a move!

When I witnessed the attacking Sikong Fei Xing at close range, my mind trembled beyond words!

Strong!

is too strong to describe!

Is this still that, Ye Chen who was once crushed by himself a bit?

How could Ye Chen be so much stronger in just a few months?

This sword doesn't need a seal, it is enough to kill it head-on, right?

At the same time, Sikong Feixing smiled wryly.

Since he was a child, he has always been a leader among his peers, and his speed of improvement is unparalleled!

Therefore, he has always believed that his talent will not be lost to anyone.

But, only today did he realize that his vision is too narrow!

Today, he only knew that Ye Chen still exists in the world, who is truly against the sky!

After a sword, Ye Chen still stood on the spot, but the ground under his feet completely collapsed into a crack.

And Ye Chen, standing in the rift, despite the turbulence, his figure remained motionless!

However, Ye Chen also left shocking scars...

But!

What is really shocking!

Ye Chen's wound is healing fast!

This is no ordinary trauma!

The combined attacks of monsters and beasts at the pinnacle of good fortune realm all contain the power of law!

And Ye Chen can heal so quickly even under the damage of the power of law.

Then, it can only show that Ye Chen's vitality and body are extremely powerful!

This is simply the body of the real gods and demons!

At this time, Ye Chen, who was like a demon, walked towards the old man step by step.

There was a look of fear in the eyes of the old man, it was hard to believe what he saw.

This old man has existed for a long time, and even experienced that martial art, practice, and the most prosperous era in Lingwu Continent!

Ordinary warriors at that time can be regarded as geniuses in the current Lingwu continent.

At that time, there were endless geniuses, and every genius, in the current Lingwu Continent, can be called an eternal evildoer!

The old man thought that he had already seen enough geniuses, enough powerhouses...

However, he has never seen him, such a perverted existence like Ye Chen!

It is precisely because of this that he can understand how terrifying Ye Chen's talent is, so terrible that even now, in front of this Ye Chen who has not really grown up, he almost trembles! !

He stared at Ye Chen and said angrily: "You killed the Young Master of Ten Thousand Demon Valley, you will never escape the nightmare in your life!"

Ye Chen smiled slightly and replied with a very familiar word: "You said, this Nether Canyon, I killed the Young Master of Ten Thousand Demons Palace, who would know?"

Chapter 1917: People of the Kingdom of God

At this point, the old man's complexion changed drastically. Just about to speak, the sword intent was torn past.

The old man and the living monsters vanished into blood mist.

Everything returned to calm.

Ye Chen glanced at the storage bag on the ground, grabbed with five fingers, and went directly to the reincarnation cemetery.

Good harvest.

After doing all this, Ye Chen's gaze fell on the sluggish Sikong Feixing: "You should have seen nothing."

Sikong Feixing was startled, and quickly got up and said, "Brother Ye, don't worry, Sikong Feixing will fight this matter alone. Facing the royal family, Ten Thousand Demons Palace dare not say anything!"

"If there were no brother Ye, I am afraid that Sikong Feixing would have been a dead soul!"

Ye Chen nodded, thinking of something, and asked: "Why are you here?"

Sikong Feixing dared not hide it, and said directly: "Reincarnation Profound Monument."

"An old man of my royal family who is proficient in deduction of destiny, at the cost of losing his lifespan, calculated this time the Rising Dragon Competition, the reincarnation monument of the Devil Lingzi will appear!"

Ye Chen took a deep look at Sikong Feixing. It seemed that this royal family was indeed extraordinary, and the reincarnation profound monument could be deduced by such a holy thing.

"So you are here to fight for the samsara monument?"

Sikong Feixing smiled bitterly when he heard these words: "Brother Ye, do you think I would be so miserable if I really wanted to fight for the Xuansara Stele?"

"This time, I just brought a few vassals."

This time, Ye Chen's turn was puzzled. Sikong Feixing has a noble status, and such a holy thing will naturally be accompanied by a strong person, and now, obviously only Sikong Feixing is left.

What qualifications does a martial artist in the good fortune realm have to get the Xuansara monument?

Perceiving Ye Chen's doubts, Sikong Feixing took a deep look at Ye Chen, hesitated for a long time, and said, "Brother Ye, the old man asked me to come to the Nether Gorge not for the reincarnation monument, but for a good relationship. ."

"During the deduction, he saw some future. He told me that for the royal family to live forever, they must form a causal bond with an imperial person who is against the sky during this trip."

"I didn't understand at the time. After all, my royal blood is the real emperor's destiny, but the old man told me that my royal blood is the emperor of mortals, and the ultimate direction of the emperor's fate is the emperor! God is the emperor. !"

"Now I understand the meaning of the old man. The man whose emperor's fate is against the sky in his mouth is probably Brother Ye."

"It is unheard of to be able to kill the existence of a half-step star orifice in the realm of harmony."

"The matter of the young master of Ten Thousand Demon Valley is the relationship between me and Brother Ye."

At this moment, Ye Chen was stunned.

He is indeed a king.

He thought that the emperor's fate was just to become the master of Kunlun Xu.

It seems that he underestimated the emperor's fate.

Sikong Feixing smiled slightly, not caring about the injury at all, and said seriously: "Brother Ye, there are still three forces in this Nether Canyon."

"They are the Lingxian Emperor Palace, the Soul Palace, and an elder of the Ten Thousand Monster Race."

"These three forces want to get the reincarnation monument at all costs, but I'm afraid that things will backfire."

Ye Chen condensed his eyes, and asked, "Who finally got this reincarnation monument?"

Sikong Feixing laughed: "The answer of that royal old man has explained everything."

Suddenly, Sikong Feixing's smile diminished, and he solemnly said, "But Brother Ye, you must be clear about something."

"The Reincarnation Profound Stele is something that the Kingdom of God values, once it is triggered, it is very likely to lead to the power of the Kingdom of God, then..."

Sikong Feixing wanted to speak but stopped.

"At the beginning, this reincarnation monument was taken from the edge of the kingdom of God by the devil, and it cost a great price."

"The Soul Palace and the Lingxian Emperor Palace are so diligent, I am afraid it is for the people of the kingdom of God..."

"Anyway, be careful."

Ye Chen heard the word "God Kingdom" again, and was a little bit shocked in his heart, and asked: "Sikong Feixing, how much do you know about the Kingdom of God?"

Sikong Feixing shook his head: "I am not qualified to know these things, but I only learned from the old man."

"Some things are inconvenient for me to say. Brother Ye has already entered the Shenhua Academy. In the future, he may come into contact with a part of the Kingdom of God. You will gradually understand..."

"Brother Ye, let's say goodbye. The task given to me by the royal family has been completed."

"Ten Thousand Demon Valley, my royal family will carry it alone, don't worry, and our Sikong Feixing owes Brother Ye his life, you can come to the royal family at any time, and I will personally welcome it!"

Quotations, Sikong Feixing left.

Of course, his injuries throughout his life have been trampled on his dignity.

But it's worth it.

Ye Chen shook his head helplessly, no longer thinking about other things, and went straight to the depths.

.....

At the same time, not far from the top of the mountain, there are two figures hanging high in the sky, watching Ye Chen from a distance.

One of them laughed and said: "Unexpectedly, there are still such excellent talents in Lingwu Continent. Such talents will continue to grow, even in our kingdom of God, can they get a place?"

Another person shook his head and said, "Is it so easy to have a place in the kingdom of God? Although this kid's talent is okay, what about other aspects?"

family history the background, the power behind, the great appreciation, what does he have?

In the Lingwu Continent, if it reaches the closed gate state, it almost represents the status, but in the kingdom of God? Not qualified after all.

After all, our Kingdom of God is the Lingwu Continent, the real ruler, and only the strong who come out of our Kingdom of God can have the ability, called the pinnacle of the real Lingwu Continent! "

The person who began to speak laughed and said, "Nevertheless, our kingdom of God also needs fresh blood. We secretly come to watch the Thang Long Competition over the years, not just to find talents with aptitude against the sky and recruit them. Enter the kingdom of God?"

Although this young man has no background and is not favored by any power in the kingdom of God, his aptitude has already reached the standard, otherwise how could he have that mark.

In the past five years, we have not found a single candidate, so we can't deal with those guys. "

The other person pondered for a moment, and finally nodded and said: "Hope, this kid will not let us down in the future."

"Hey, being on our waiting list can prevent those people from attacking him. If so, he still can't grow up, or even if he can't survive, then he doesn't have the qualifications to enter the kingdom of God. Okay, mission Finish, let's go back."

"Go back? What about Demon Lingzi's Reincarnation Monument?".

Hearing this sentence, the man smiled: "Devil Lingzi's reincarnation monument is so easy to get, this Nether Gorge is only regarded as a secret by this group of people, before this, I don't know how many people have been here. "

"But the ending is the same, you either die or you go home."

Chapter 1918: It's like a nightmare!

"I'm afraid that this time, the reincarnation monument is still sealed, you know, this is the hometown of the Devil Emperor."

At this point, the man's expression was lost in thought, and he murmured: "The battle between the Devil Emperor and the Heavenly Way Palace of the Kingdom of God is really unforgettable."

"He is the real powerhouse who has stepped out of Lingwu Continent, and he is also the first existence who dares to challenge the Heavenly Dao of Lingwu Continent."

"His sentence, 'If the sky abandons me, the sky can also deceive, if the Dao punishes the devil, the devil slaughters the way of heaven!' Really domineering, dare to make the way of heaven surrender, I am afraid that only the devil dared to speak."

Another person suddenly thought of something, turned his head, and said with a trembling voice: "Don't forget, in addition to the Devil Emperor, there is another person who broke the Heavenly Dao Palace and killed the last Heavenly Dao Palace Lord. That surname is too crazy. It's..."

Suddenly, the man turned his head and made a silent gesture: "You can't mention this! Otherwise, you won't know how you died."

They make eye contact, stop talking nonsense, and disappear out of thin air.

.....

The deepest part of the Nether Canyon.

In front of the broken palace.

The elders of the Soul Hall, the elders of Ten Thousand Demon Valley, and even the aura of the Lingxian Imperial Palace were seriously injured, and their breath was weak.

Obviously, these three people all want to fight for the samsara monument in the palace!

Although the elders of Ten Thousand Demons Valley and the Lingxian Imperial Palace have joined forces, the most powerful thing in the Soul Palace is not force, but secret techniques.

The elders of the Soul Hall used essence and blood as the secret technique, and they even reached the peak of the star aperture in a short time.

All three of them were seriously injured.

It is impossible to restore the peak level in a short time.

"Puff!"

Lingyun spit out a mouthful of blood, her pale face looked at Xia Ruoxue, who hadn't taken any action next to her, and said, "Ruoxue, the teacher has no right to take action anymore. I will leave it to you next. During this time, the Lingxian Emperor's palace will All resources are piled on you, and only you are qualified to enter it."

"Now, you kill the old soul hall immortal!"

"I hope that after five minutes, only you and me will stand on the court."

"If you get that thing, I will ask the palace owner to unlock the soul imprint on you! Even let you have the right to enter and exit the Lingxian Imperial Palace freely!"

"This way, maybe you can see that kid."

Lingyun knows how to inspire Xia Ruoxue's fighting spirit.

Sure enough, Xia Ruoxue's eyes instantly froze after hearing Ling Yun's next few words.

A cold sword was sacrificed in her hand, and the breath on her body was completely blooming, and it turned out to be the pinnacle of good fortune!

is about to enter the half-step star orifice!

In the past few months, the Lingxian Imperial Palace has put all top resources on Xia Ruoxue and Ji Siqing!

Even, Xia Ruoxue has become a tester of that divine stone!

Take it every day, the cultivation base climbs extremely fast!

It's just this miraculous effect that caused Xia Ruoxue's foundation to be unstable, and even the Lingxian Emperor's Palace didn't know if the divine stone would have a counterproductive effect!

The boundless sword intends to go to the seriously injured soul hall elder!

The soul hall elder's complexion changed drastically, and he quickly looked at Lin Juelong beside him: "Juelong, take it!"

Lin Juelong nodded, the boundless magic surging! Because of his battle with Ye Chen, he was injured a bit and his realm fell.

After , because of that black robe phantom shot, he recovered a bit.

The current realm is almost at the peak of the good fortune realm!

Xia Ruoxue saw Lin Juelong, her breath became even more violent! And:

"Master, you don't need to say, I want to kill this person too."

"Lin Juelong, never thought that you actually came to Lingwu Continent!"

"In that case, I will help Ye Chen erase your threat!"

In an instant, the two sword intents complement each other!

Endless murderous aura swallows everything!

The sky-shattering crackling sound continued, and the ground cracked like a spider web!

The soul hall elder, Lingyun, and even the elder of Ten Thousand Demon Valley can only retreat!

Suddenly, the old man in Ten Thousand Demon Valley found something, took out a broken jade card, his face changed greatly: "Something happened to the young master!"

Before everyone could react, the old man from Ten Thousand Demon Valley rushed in one direction!

As if he didn't care about the reincarnation monument.

Lingyun outlines a smile at the corner of her mouth: "It just so happens that we are missing a competitor! Ruoxue, make a quick fight!"

Xia Ruoxue's eyes flashed with the meaning of ice cold, and a phantom surging out of her body!

The phantom flew away and returned to her sword in a flash!

"The phoenix breaks through the sky!"

In an instant, a flaming phoenix rushed out of Xia Ruoxue's sword!

Boundless flames burn!

Lin Juelong's face changed drastically, his fingers pinched, and a black barrier guarded him!

However, the phantom of the Phoenix touched the barrier, and the barrier appeared on the spot!

Lin Juelong was secretly shocked, why did this daughter of the Xia family in Jiangnan Province also appear in the Lingwu Continent?

Even if he appears, shouldn't he be with Ye Chen?

How did        become a disciple of the Lingxian Imperial Palace?

More importantly, Xia Ruoxue did not have the ability to absorb others' cultivation, how could she break through so quickly!

Is it the bloodline against the sky?

Thinking of this, Lin Juelong's horrified eyes showed a trace of greed soon.

If he absorbs Xia Ruoxue's skill and blood, does that mean he can be stronger!

In the next second, Lin Juelong broke through the barrier, carrying the devilish energy in his right hand and even grabbed Xia Ruoxue's sword.

The blood oozes from the palm of his hand, but it forms a billowing black air along the Han Jian, towards Xia Ruoxue!

Xia Ruoxue's beautiful eyes sensed something wrong and wanted to break free, but she was a step late.

The endless black air is like the mouth of a giant beast, swallowing her.

And, Xia Ruoxue found that something seemed to be pulling her blood and cultivation away!

"What means is this..."

Damn it!

Xia Ruoxue tried all means to leave but found that she was not qualified.

Her face is pale!

The elder of the Soul Palace smiled when he saw this scene, and said to Lingyun: "Lingyun, Lingyun, you don't even know that Lin Juelong is not that simple, he is different from all of us, he holds the secrets. , Enough to make your Lingxian Emperor Palace fear!"

"Haha, your disciple is going to die!"

Lingyun naturally found the problem and wanted to take action, but found that the elder of the soul hall had already come to her.

She couldn't save Xia Ruoxue at all.

The elder of the Soul Hall smiled extremely ferociously: "It seems that the Reincarnation Profound Tablet belongs to our Soul Hall. No matter what, the techniques of our Soul Hall are somewhat close to those of Demon Lingzi. It seems that all this is doomed!"

At this moment, Xia Ruoxue's face was so pale that she was very uncomfortable.

Looking at Lin Juelong's gloomy face, she felt despair for the first time.

How to do?

Is it possible that everything he built in Lingwu Continent will be destroyed?

She still wants to help Ye Chen!

Now, how can I help!

But Lin Juelong's eyes were ecstatic, he found that the power in Xia Ruoxue was extremely powerful! In addition, there is still a source of power in the bloodline, he quickly forced out a drop of essence and blood, wanting to completely swallow Xia Ruoxue with devil energy.

However, an abnormal change has emerged! !

The absorption of Xia Ruoxue by the devilish energy suddenly stopped!

And, he found that all energy seemed to be sealed again!

Chapter 1919: The whereabouts of Yin Ming!

This feeling is like a nightmare!

He experienced exactly the same in the Thang Long Competition!

how is this possible!

Suddenly, his pupils dilated, because the devil energy in Xia Ruoxue's body gradually dissipated, and a cold and arrogant figure appeared.

Ye Chen!

At this moment, Ye Chenlou lives in Xia Ruoxue's waist, and his murderous intent is concentrated: "Lin Juelong, you dare to move my woman!"

In the next second, a bright sword light soared into the sky, named Immortal!

Jianguang was so powerful that it penetrated Lin Juelong's body on the spot!

"Puff!"

Lin Juelong's horrified eyes, his body flew upside down, and hit the barrier of the Devil Emperor's hometown heavily!

A mouthful of black blood is spit out!

is extremely injured!

How long did it take to lose to Ye Chen again!

Lin Juelong's eyes were bloodshot, almost bursting!

An angry burst!

The elder of the Soul Hall changed his face, and he quickly stopped fighting with Lingyun and guarded Lin Juelong.

He knows the importance of Lin Juelong!

Lin Juelong is the person appointed by the Soul Palace!

must not die!

Ye Chen glanced at Xia Ruoxue, and smiled slightly: "I'm not late."

Xia Ruoxue wanted to say something, but a thousand words could only be gathered into a kiss.

The faint tomato-colored red lips directly touched Ye Chen's lips.

"Ye Chen!"

After a long time, his lips left, Ye Chen cast his eyes on Lin Juelong, and just wanted to do it, but found that the soul hall elder was full of energy!

The other party is going to explode!

"Go!"

Ye Chen hugged Xia Ruoxue and left quickly!

The blew of a star orifice expert, he can't afford it!

The key is why a soul hall elder would do this!

But it's too late!

The powerful air current swallowed the whole world like a monster!

Above the void, Bai Zhentang, who was sitting cross-legged, suddenly opened his eyes, tore the void directly, and came to Ye Chen and Xia Ruoxue.

Throw out a golden jade pendant!

A barrier full of ancient runes protects you!

The terrifying air wave didn't hurt!

But Lingyun's eyes are completely desperate! The powerful star orifice has the power to explode, she is seriously injured now, how to hide!

Seeing that I am going to turn into blood mist! Suddenly, the void in front of her cracked!

A pair of slender hands stretched out!

"Useless things! Come in!"

Hearing this cold voice, Ling Yun's eyes were completely surprised!

The Supreme Palace Lord Xia Lingqiu of the Lingxian Emperor's Palace has made a move!

"What about Ruoxue?"

Xia Lingqiu snorted coldly: "She has my soul restraint on her body, don't worry! She can't escape our palm!"

"go!"

Void Rift suddenly closed!

Xia Lingqiu and Lingyun completely disappeared in place.

I don't know how long it has been, everything is calm.

Ye Chen looked at Bai Zhentang and said, "Thank you, Master!"

Xia Ruoxue also leaned slightly: "Thank you, senior, for the shot."

After finished, she glanced at Ling Yun's direction.

Bai Zhentang also glanced in that direction: "It seems that the palace lord of the Lingxian Imperial Palace has been paying attention to this matter, otherwise it is impossible to tear the void at a critical moment."

Ye Chen thought of something and asked: "Master, why did the soul hall elder blew himself up? He is extremely powerful, and I am afraid that he is noble in the soul hall, and he can leave if he uses secret techniques."

Bai Zhentang pondered for a few minutes, and then said: "If I'm not mistaken, he wants to save the man who was seriously injured by you at the cost of his life."

"I am afraid that in the soul hall, the man is more important than the elder of the soul hall."

"Also, on the man who was seriously injured by you, I felt the breath of an old fellow in the Soul Palace... there is a problem."

After speaking, he looked at the temple in front of him, and said with emotion: "A good chess game played by the demon spirit son, the blew of a strong star in the star aperture can't destroy the hometown of the devil emperor. Easy to take."

"Also, I can feel Ming'er's breath, she is inside. As for why she entered, it should be related to the inheritance of Mo Lingzi."

Ye Chen heard this, and then looked at the hometown of the Devil Emperor. For some reason, he felt a tingling sensation between his eyebrows.

It should be that the Demon Eye also sensed something and figured it out, but the Demon Eye obviously has no energy to come out.

Ye Chen glanced at Xia Ruoxue. He had a lot to say to Xia Ruoxue, but it was obviously not the place to talk.

He could only grab Xia Ruoxue's hand, with his fingers clasped.

Xia Ruoxue clearly understands Ye Chen, and smiles.

A hundred Meisheng smiled.

What Bai Zhentang was about to say, suddenly, the entire Nether Canyon shook!

And the hometown of the Devil Emperor in front of me is even more weird, with countless demonic energy!

is like an ancient magic temple!

Extremely cold!

Bai Zhentang frowned: "No, the vibration just now, I'm afraid it touched the anger of this formation."

"The Devil Lingzi wants to keep the peace of the Devil Emperor, and our move undoubtedly destroys the tranquility of the Devil Emperor's hometown!"

"Go!"

And now!

In the ghostly canyon shrouded in gray mist, there was a magic robe phantom in the eye sockets. When Bai Zhentang sensed the danger, two faint blue flames ignited!

In the faint blue flame, there was an aura, a terrifying aura that ruined the world!

And this breath just locks the bodies of Ye Chen and Xia Ruoxue, making them unable to move at all, and even produces a kind of idea that the other party can destroy their body and spirit with the first thought, completely lost The will to resist!

Ye Chen is immortal, and he can resist a bit.

No Xia Ruoxue A blush of blood showed up at the corner of her mouth.

Ye Chen wants to awaken the devil's eye desperately!

But the eyes of the devil did not move at all!

Damn it!

In desperation, Ye Chen wrapped Xia Ruoxue with the meaning of immortality, and Xia Ruoxue felt better!

And Ye Chen, resist this coercion!

Bai Zhentang just wanted to take Ye Chen and Xia Ruoxue away, suddenly his eyes discovered something, staring into the depths of the palace!

That is the figure of a girl!

It's just that Ming'er's eyes are cold and fearful at this moment, her whole body is coiled with a hideous phantom!

The breath is terrifying!

This is... the ghost beast that Mo Lingzi brought to the Nether Canyon!

And You Beast wants to seize Yin Ming!

It seems that when Yin Ming inherited the inheritance of Demon Lingzi, this ghost beast intervened!

"Ye Chen! Grandpa Bai!"

Yin Ming shouted with all his might!

Bai Zhentang stared at You Beast's eyes, those eyes seemed to have passed through the barrier of the body, and his sight directly reached into the sea of knowledge. Then, on Bai Zhentang's old face, a happy smile appeared.

The monster has not succeeded in seizing the house.

Fortunately in misfortune. .

He turned his head and said to Ye Chen: "Boy, that girl Yin Ming is fine, don't worry."

Ye Chen was overjoyed when he heard this. He looked at You Beast and said to Yin Ming: "Ming'er, I'm sorry, it's all because I didn't take good care of you. When you passed on, the ghost beast came in and took possession of yours. Body, but everything is okay now. With a master, this evil animal can only wait for death."

Chapter 1920: Do you recognize me?

As he said, Ye Chen's eyes were cold, and he stared at You Beast and said: "Immediately, it will, I wish I would die sooner."

Yin Ming, in the sea of knowledge, was already in tears, but tears of joy.

But when I noticed Xia Ruoxue next to Ye Chen, and the ten-finger gripping hands, for some reason, his eyes dimmed a little.

But he recovered in a flash.

Bai Zhentang's eyes flashed with cold light, looked at You Beast, and said murderously: "Naughty animal, get out of me and die!"

As he said, Bai Zhentang waved his big hand towards Yin Ming's body, and he was about to grab the ghost of the beast directly.

And the ghost beast, feeling that his soul is about to be separated from Yin Ming's body in an instant, how can it resist such power?

You beast's mouth could not help but let out a very miserable roar!

But at this moment, a sudden change occurred!

In the void, a golden hand suddenly stretched out and pressed it towards Bai Zhentang's chest!

And in that hand, there are countless devilish annihilations and rebirths. This press actually seems to be a sphere that gathers devilish energy and presses against Bai Zhentang!

Bai Zhentang's eyes flashed, but he was still calm, his whole body burst out unreservedly, and in an instant there was a divine tool long sword in his hand, and he slashed away at the golden big hand holding the devilish energy in one blow. !

At the same time, with a wave of his other hand, Ye Chen and Xia Ruoxue were dragged into the void by Bai Zhentang uncontrollably!

Because Bai Zhentang knew that the aftermath of this blow might kill Ye Chen and Xia Ruoxue!

Even if Ye Chen's vitality is strong, it will not help!

Because, the owner of the golden hand, even he, could not be sure of the existence of victory. What he issued was a blow from the demon who guarded the hometown of the devil emperor!

boom! As if two worlds collided with each other, under the attack of Golden Hand and Bai Zhentang, that piece of Nether Canyon, there was no vitality in an instant!

In ruins!

The next moment, in the void, with the fluctuations, Bai Zhentang appeared beside Ye Chen.

Ye Chen looked at it, and was shocked in an instant!

Bai Zhentang, he was injured at this time!

At this time, Bai Zhentang was covered in blood, and his sword holding hand was about to break.

Ye Chen couldn't help asking: "Master, what happened on earth!?"

The golden hand's sneak attack just now was so fast, even Ye Chen and Xia Ruoxue did not react and were taken away!

Bai Zhentang just wanted to answer, but his complexion changed again. The magic robe phantom appeared in the void again, beside him, there was also a beast with blank eyes.

Bai Zhentang saw this, but his expression was extremely ugly. He was attacked by the opponent just now and he was not fully prepared. The opponent is a higher realm than his own.

After all, Demon Lingzi is more than just closing the door! He is still a person who has fought against the power of the kingdom of God!

More importantly, no one can shake the heart of the demon emperor guarding the devil!

Now, a trace of the power of the devil has been hit in the body, and his spiritual power has not been completely adjusted. If the ghost of the demon robe is shot again, I am afraid, I really can't resist it!

At this time, Ye Chen finally saw the appearance of the magic robe phantom. The magic robe phantom was exuding extremely biting true Yin air. At the same time, on that body, countless mysterious runes were also engraved.

In his eye sockets, two faint blue sparks were burning. Although this phantom was extremely powerful, Ye Chen could not perceive any breath from it. On the contrary, the phantom was really like a dead thing. .

However, Ye Chen knows that this is because the difference in cultivation base between himself and the opponent is too great!

The other party is an extremely terrifying existence!

Is this the legendary Demon Lingzi?

At this time, the phantom slowly raised his hand, and the real and emptiness in the hand were born, as if there were countless stars rotating, and the stars were constantly shattering and reborn.

This phantom is going to be shot again!

As soon as Bai Zhentang gritted his teeth, he was about to throw Ye Chen and Xia Ruoxue again to take the opponent's blow.

A figure stood in front of Bai Zhentang.

Ye Chen's figure!

At this time, Ye Chen's breath broke out all over his body, and the endless demonic energy broke out!

He did this not to fight the magic robe phantom, but to prevent Bai Zhentang from dragging him into the void.

In his current state, his aura is too strong. If Bai Zhentang rashly pulls him into the void, he is not well controlled, and Ye Chen's aura leaks slightly, which can cause spatial turbulence, which is extremely dangerous!

Xia Ruoxue is prone to accidents!

And, this is the territory of the Demon Eye!

He must be enchanted as soon as possible to wake up the eyes of the devil!

Bai Zhentang was taken aback, and then furiously said: "Boy! What are you doing! That's a real existence above the Gate-Seal Realm! It may even be the pinnacle of the Gate-Seal Realm. Half a step is too empty. Just move your fingers and you can completely remove you from the world. wipe out!

Do not be silly! I am about to lose my breath, I will send you and that girl away! "

And You Beast, seeing Ye Chen actually blocking the magic robe phantom, finally recovered a trace of soberness, looking at Ye Chen, his face was ecstatic!

The reason why it can't swallow Yin Ming so late is because of this man!

If this man dies, it will be extremely easy to seize the house!

And Yin Ming, who was in the sea of knowledge, was so desperate that she almost collapsed. Originally, she was going to be saved, but at the last moment a magic robe phantom appeared inexplicably, unexpectedly, shot against Grandpa Bai!

The powerful Grandpa Bai is not his opponent!

This is simply a nightmare!

And now, Ye Chen is standing in front of the Demon Robe Void again. Even if Yin Ming has confidence in Ye Chen, he cannot believe that he is the opponent of the Demon Robe Void. This is completely impossible. !

At this time, she could only cry in vain in the sea of knowledge: "Ye Chen! Get out of here! Ye Chen! Please, get out of here!"

Even Xia Ruoxue wanted to pull Ye Chen back, but for some reason, the moment she reached out her hand, she chose to believe in Ye Chen!

Everyone thought that Ye Chen was going to be completely wiped out by the blow of the magic robe phantom, the magic robe phantom, the hand that had been stretched out, slowly dropped again.

Time seems to have stopped.

Yin Ming, Xia Ruoxue, You Beast, and Bai Zhentang all looked at Ye Chen sluggishly for an instant.

What happened just now?

Demon robe phantom, unexpectedly, in front of Ye Chen, withdrew his hand?

how can that be?

An ancient existence, but because of the obstacle of a Hedao existence, he withdrew his hand?

It's like walking alone on the road, and suddenly seeing an ant blocking the way in front of him, this person turns around and goes back. It is incredible!

Then, Bai Zhentang, Xia Ruoxue and Yin Ming were pleasantly surprised, while You Beast was extremely unwilling and angry! !

Why! ? Why is Ye Chen still alive?

Ye Chen stared at the phantom of the magic robe, and said: "Do you recognize me?"
