Chapter 1921: Who should kneel!

That phantom, looking at Ye Chen, the faint blue flames in his eyes flashed, and his lips opened and closed slowly, and an extremely harsh and hoarse voice, like a terrifying sound from the Nine Nether Abyss.

"Who are you, and why are you so familiar with the devilish spirit!"

Ye Chen wanted Demon Eye to release its breath, even a little bit was fine, but Demon Eye still fell silent.

He could only test it out: "I know the Devil Emperor!"

However, at this point, the phantom of the magic robe is completely angry!

In his opinion, how can a person in his twenties know the Devil Emperor!

This is defilement!

This is blasphemy!

However, what is weird is that the devilish qi in this young man does have the aura of a devil emperor.

Did this person get the magic weapon that the Devil Emperor left in the world?

He stared at Ye Chen, pointed at the most powerful Bai Zhentang among them, and asked in that terrifying voice: "What is the relationship between you and that human over there?"

Ye Chen's eyes flashed with a different color, and he still replied, "This is my master, we are masters and apprentices, from Xuanyuezhong, dare to ask Senior, why suddenly attack us?"

Just when Ye Chen's voice fell, there was another thunderbolt in the clear sky, two strong auras, coming from the void, and coming to Bai Zhentang's side.

Yin Che and Long Yitian are here too!

At the same time that the magic robe phantom appeared, Bai Zhentang notified them both.

At this time, the three powerful men of Xuanyue Sect were connected in aura, and faintly contended with the magic robe phantom. Although they were not against each other, if the magic robe phantom wanted to defeat these three people, there would be no way. so easy!

Yin Che glanced with excitement, Yin Ming beside the phantom of the magic robe, with only one glance, he knew that the spirit of his granddaughter had not disappeared!

Own granddaughter is not dead yet!

However, Yin Che's complexion soon became gloomy, because this phantom obviously didn't mean to let people go.

The flame in the eyes of the magic robe phantom flickered, and he said: "This ghost is useful to me. Seeing you take action on it, I will naturally, and I must protect it."

"Also, here, no other people are allowed to come!"

Yin Che took a deep breath and forced himself to calm down and said, "This fellow Taoist, if the ghost beast is useful to you, you can take out its soul."

Although he hated this ghost beast, it was nothing compared to Yin Ming's safety. Now, the most important thing is to protect Yin Ming.

The magic robe phantom nodded and said: "Yes, yes."

Yin Che smiled and was about to speak, but the harsh voice sounded again: "But, deity, when do you need to wait for your instructions?"

As soon as the words came out, the magic robe phantom burst out of a strong aura. As soon as this aura burst out, even the laws between the heavens and the earth were stirred by him. The aura of the heavens and the earth that was originally pervading all around instantly transformed into extremes. The cold and terrible true Yin Qi!

Yin Che, the three of them, their complexions changed wildly, and they burst out with all their strength in an instant. Only by combining the three breaths can they barely contend with the other's breath.

Ye Chen's eyes flickered as well, and he couldn't help but think of the ghostly canyon that had existed in the Lingwu Continent for tens of thousands of years. Could it be that this demon spirit child created it?

What is the cultivation base of the Ancient Demon Lingzi?

Being able to become a subordinate of the Devil Emperor, I am afraid it is also the power of heaven!

"But..." The ghost suddenly let out a sneer, and said to Ye Chen: "You kid, I'm quite interested. The devilish energy on you is pure, you should be regarded as a member of the demon race. If you can Promise me one thing, but I can let this little girl go, and I don't need the ghost beast."

When several people heard the words, they were all shocked, this demon exists, what needs Ye Chen to do?

Ye Chen frowned and said, "Senior, can you tell me, what's the matter?"

The virtual shadow said with a smile: "This incident is not a bad thing. It may be good for you, and of course it is extremely dangerous."

"However, I can't tell you exactly what it is, and it's not something you can accomplish now..."

He paused and said, "First of all, you have to wait until you are invited to enter the kingdom of God."

The Kingdom of God! ?

turned out to be the kingdom of God again!

Ye Chen will only die faster if he touches the kingdom of God!

Yin Che and others' complexions are even more ugly.

If they are ordinary strong people, they have the background of Xuan Yuezong, it is not that they can't compete with each other.

However, the other party is the demon spirit child next to the ancient devil emperor, Xuan Yuezong, which is not enough.

In this way, if you want to save Yin Ming, I'm afraid that the only way is to let Ye Chen answer the party's request.

Ye Chen, apparently also thought of this, after a moment of indulgence, he said to the magic robe phantom: "I, I agree."

He already guessed what this request was.

Even if Demon Lingzi doesn't mention it, Demon Eye will probably mention it.

Yin Che heard the words and looked at Ye Chen's gaze. He was a little grateful. Facing the weird existence of this magic robe phantom, even if Ye Chen refused the request of the other party, he could not blame Ye Chen, but Ye Chen agreed!

The magic robe Xu Ying said with a smile: "Yes, but I still have a small test to test your potential. If you pass, then you are qualified to do that for me. "

After that, the ghost robe phantom suddenly stretched out his hand to Yin Ming, Yin Ming made a strange beast roar, and then, a phantom beast was drawn out of Yin Ming's body by the ghost phantom.
!

That phantom is the ghost!

The spirit of the ghost beast, in the hands of the magic robe phantom, constantly struggled, showing a look of extreme fear!

The magic robe phantom asked Ye Chen, "What do you want to do with this ghost beast soul?"

Ye Chen's eyes flashed coldly, and he said coldly: "Kill!"

Hearing Ye Chen's murderous words, the ghost beast remnant soul trembled!

The flames in the eyes of the magic robe phantom flickered, and said to Ye Chen: "Okay, very good, then, my test for you is to kill this beast!"

what?

Yin Che and others are all happy!

Kill this monster? What kind of test is this? With Ye Chen's strength, naturally he is not afraid of the remnant soul of this ghost beast!

Moreover, I can even take revenge on the monster that seized Yin Ming!

"But..." The magic robe phantom let out a shuddering sneer, "Of course it's not such a monster."

said, he suddenly took out a large piece of unknown beast meat out of thin air, and that piece of beast meat, as if it were alive, trembled slightly!

And, it exudes a strong breath!

With a move of the magic robe phantom shadow, the spirit of the beast was merged into the flesh of the beast!

The flesh of the beast squirmed, and it changed quickly!

gradually turned into the image of a monster!

And, from its body the breath of the realm of cultivation was exuded!

is still there, and it is rapidly increasing!

Under the incredible gaze of everyone, the flesh of the beast completely changed into the shape of a beast!

The ghost beast that has regained its body, the cultivation base is quickly recovering...

In an instant, the pinnacle of the star aperture!

You Beast suddenly opened its eyes on its head, staring at Ye Chen, and vomiting!

It faced Ye Chen and laughed frantically: "Hahahaha, my strength is restored! Completely restored! Want to kill me, are you sure you have this qualification?"

Ye Chen's face changed slightly, this magic robe phantom is undoubtedly trying to give himself a smashing power!

It is impossible for him to fight the pinnacle of the Star Aperture Realm now!

Must die!

The magic robe phantom smiled slightly: "Of course, you still have a second choice, kneel down in front of me, this is the punishment for you to defile the Devil Emperor!"

"The name of the devil emperor is not something you like ants can mention casually!"

At this point, everyone changed color.

This is undoubtedly making things difficult!

Ye Chen would die if he didn't kneel!

If Ye Chen kneels, Dao Heart will be destroyed!

Several eyes fell on Ye Chen's body, worried and flustered.

And Ye Chen suddenly showed a smile, stepping out, like the voice of the nine-day emperor: "Devil Lingzi, kneel down!"

At this moment, no one noticed that Ye Chen's eyebrows were shining with blue light.

Chapter 1922: Devil, what is a devil?

"Demon Lingzi, kneel down!"

Ye Chen's sudden words made everyone present panic!

Yin Che and Bai Zhentang turned pale in shock.

What the **** is Ye Chen doing!

actually let the devil kneel down?

Don't die!

Demon Lingzi wants to kill Ye Chen, it's easy!

What's more, Mo Lingzi's status is noble, and he is the subordinate of the legendary Devil Emperor!

Who would dare to let him kneel!

Looking at the entire Lingwu Continent, no one has this qualification!

Long Yitian's expression is extremely ferocious, he really served Ye Chen!

arrogance also has arrogant capital!

In this way, the cost is extremely high!

even pulled Xuan Yuezong on!

How did Bai Zhentang accept such a kid who doesn't know how serious it is!

He suppressed the anger in his heart, and said to Yin Che and Bai Zhentang: "When things are up to this day, the only thing to do is to take action together!"

"If Demon Lingzi wants to kill the killer, we have to make Demon Lingzi pay some price!"

Yin Che looked at the demon robe phantom with a murderous look, and said to Ye Chen: "Ye Chen, you don't have to pay attention to his absurd test. This **** is obviously playing me and waiting! We will send you away. , Just leave it to me to wait for the three people, huh, what about the devil? Old man, I have long wanted to learn!"

As he said, Long Yitian also released a substantive killing intent, locking the ghost of the magic robe!

The Supreme Elder of Xuanyuezong is going to fight this strange ghost ghost!

However, at this moment, Bai Zhentang said: "Wait first, I understand this apprentice, I'm afraid things are not that simple!"

"Watch the change."

The three elders of the Xuan Yuezong Supreme Supreme could only stop, and their three eyes turned towards the ghost robe.

As expected!

At this moment, under the magic robe, it was a pair of cold eyes flashing endless anger!

is like a warcraft about to swallow the world!

The magic robe phantom walked towards Ye Chen step by step.

Every step I take, the surrounding air seems to burst.

"Although you have some familiar aura, so what."

"I guess it's because you have been to certain places in Demon Realm."

"Even if you are from the Demon Realm, even if you are the descendants of the Demon Realm powerhouse, you are not qualified to make me kneel."

"In this world, only the Devil Emperor can make my devil kneel down!"

"And the Devil Emperor is dead, no one in the world can let me kneel."

"Now, it's time to send you on the road, the ants who live and die."

Every step of Mo Lingzi made everyone present feel pressure.

Xia Ruoxue's face was pale, and she tightly grasped Ye Chen's hand!

Regardless of what this demon spirit will do to Ye Chen, she must be by Ye Chen's side!

Even if he blew himself up, he would delay Ye Chen.

She knew very well that Xia Lingqiu had left her forbidden spirits, no matter what, she still had to return to the Lingxian Emperor Palace.

She just wants to guard this man at this last moment!

Ye Chen felt Xia Ruoxue's nervousness, patted Xia Ruoxue's hand, and said, "Don't worry."

Xia Ruoxue felt relieved a little bit for some reason.

Then, Ye Chen walked toward the devil without fear.

The breathing of everyone present has stopped!

Demon Lingzi's hand was shining with blue light, and a powerful sword appeared with rolling devilish energy, as if it could kill everything.

The magic sword dances and hangs high in the sky!

is about to fall!

Yin Che, Bai Zhentang, Long Yitian glanced at each other, absolutely!

"Do it!"

The three of them all released their momentum, just want to rush out!

Ye Chen spoke.

"Devil Lingzi, you can remember the words I said to you that day, under the mountain of blood skeletons."

'S voice is calm, as if narrating the past.

Yin Che, Bai Zhentang, Long Yitian stopped, a little confused.

What the **** is Ye Chen doing?

However, when they looked at the demon Lingzi, they found that the latter's body was trembling, and his eyes were filled with disbelief.

No one knows what kind of stormy seas are set off in Mo Lingzi's heart!

Blood Skeleton Mountain thing! Only he and the devil know!

There is no record in the world!

How does this kid know!

And this tone... why is it so familiar!

Ye Chen smiled slightly, walked towards the demon spirit child, and continued: "The thick bones of the Blood Skeleton Mountain, is that a demon?"

"It's not, but what is the devil in the world?"

"The devil is the beginning of the opening of heaven and earth."

"Devil is not the source of evil in the world."

"The devil, with the common people in his heart, dare to shake the kingdom of God!"

"The devil, dye the sky with blood, shake the courageous world!"

"Devil, dare to laugh at the Emperor of the Three Realms, and destroy the Heavenly Dao Palace with the sword!"

"The devil, based on the heart of Dao, based on righteousness, take that step, holding the sword of life and death, dare to slash all injustices in the world! Dare to slash the rules made by the above!"

At this moment, the pictures overlap.

That day, the Devil Emperor rescued the Demon Lingzi from the Blood Skeleton Mountain.

Both were seriously injured.

And behind them is the corpse and blood of the pinnacle expert on Lingwu Continent.

Under a linden tree.

Demon Lingzi was weak and barely supported. He looked at the stalwart and majestic man and asked: "The Devil, what is a demon? Why are those people killing us and why!"

"Is it true that our demons must be cast aside by everyone, representing the existence of evil?"

Devil Emperor smiled.

stretched out a finger, killing intent shot towards the sky!

said that famous sentence of the ages!

"Devil, dare to laugh at the Emperor of the Three Realms, and destroy the Heavenly Dao Palace with the sword!"

At that moment, the devil lingzi swore to follow the devil to the death!

Only such a man is qualified to stand on the pinnacle of the world and tell all beings what a devil is!

At this moment, the Nether Canyon.

Mo Lingzi's eyes are soaked.

He stared at the boy before him.

He smiled.

He cried.

He knew that the Devil Emperor was back.

The top power of the Lingwu Continent, and even the nightmare of the Kingdom of God has returned.

"Pump!"

With his knees bent, he knelt directly in front of Ye Chen.

The picture seems to be still.

Yin Che, Bai Zhentang, and Long Yitian have huge mouths open. What cultivation level and status are they, but they have never seen such an incredible thing in this life!

The high demon spirit child actually knelt down to a Xuanyuezong disciple!

Xia Ruoxue's beautiful eyes are fringed, and her slender hand covers her mouth.

She thought that she could protect Ye Chen if her realm was higher than Ye Chen.

It seems that this man is still a mystery.

As that day, in Huaxia Jiangcheng, this man refused her invitation.

can't be forever.

and mysterious.

At the moment, Yin Ming's body is trembling, her eyes have changed from surprise to determination!

This man sees her face, she is worthy of following!

The ghost beast turned into a solid body, the meaning of anger completely disappeared.

Only deep fear is left.

Mo Lingzi knelt down.

Ye Chen put his hands behind him, glanced at Demon Lingzi, and said, "Get up."

"Take me to see."

Mo Lingzi nodded: "Yes, magic..."

The sound stopped abruptly.

He glanced at Yin Che, Bai Zhentang, and Long Yitian. He knew that the Devil Emperor was back, it was destined to be a secret!

cannot be discovered by anyone!

Even these three people!

Chapter 1923: Reincarnation Xuanbei!

Mo Lingzi bowed and took Ye Chen to the hometown of the Devil Emperor.

cautiously.

When the two came to the gate of the Devil Emperor's hometown, Mo Lingzi looked at You Beast and said angrily: "Keep this place, no one is allowed to enter."

"Also, you must not hurt the few people present!"

"Otherwise, Zhu!"

"Yes." You Beast suddenly respectfully said.

Mo Lingzi looked at Yin Che, Bai Zhentang, and Long Yitian again, and said, "You guys wait a moment here."

Soon, the two figures disappeared from the sight of everyone.

Yin Che, Bai Zhentang, and Long Yitian glanced at each other, and they were relieved from shock.

Long Yitian touched his beard and said to Bai Zhentang: "Your apprentice is amazing."

Bai Zhentang did not speak.

Although he doesn't know why Demon Lingzi is like this, he can vaguely catch some guesses.

If it was before, he would definitely show off in front of the two.

But now, he just sighed deeply.

Ye Chen is related to that person, I don't know if it is a blessing or a curse.

At this moment, Yin Ming ran over and looked at Yin Che and the others: "Grandpa, Grandpa Long, Grandpa Bai, I'm sorry, Ming'er is not filial, so you are worried."

Yin Che, a strong man in the Lingwu Continent, at this time, tears appeared in his eyes, and he said with a warm voice, "Ming'er, it's okay, grandpa, I will take you back to Xuanyuezong soon."

Yin Ming smiled, and suddenly looked at Xia Ruoxue: "You should be Sister Ruoxue."

Xia Ruoxue nodded.

Suddenly, Yin Ming stretched out his hand and took off the mask on his face.

A breeze blew by, with a few petals coming from nowhere.

What reflected in her eyes was a face that was extremely beautiful.

Every point and every inch of that face looks like a masterpiece made by skilled craftsmen who have brought together all the heavens and worlds, who have spent their entire lives and carefully crafted them!

Against this face, Xia Ruoxue also smiled, and her icy eyes were filled with a holy breath!

Yes, it is holy!

Xia Ruoxue in front of her, her temperament, seemed to have exceeded the human level!

The two stood like this, as if they were a painting.

Yin Ming stuck out his tongue: "Sister Ruoxue, you are so beautiful, I often hear Big Brother Ye mention you."

In Yin Ming's view, she wants to follow Ye Chen, and the relationship between Xia Ruoxue and Ye Chen, the other party can naturally see her own face.

This is her attitude.

At this point, Yin Ming looked at the hometown of the Devil Emperor and muttered: "I wonder what happened to Big Brother Ye inside?"

As soon as he said this, countless eyes turned towards the broken palace.

They are curious, but they are destined to only become a secret inside.

.....

The hometown of the Devil Emperor.

Ye Chen and Mo Lingzi came inside.

The control of the Devil's Eye has been lost, and Ye Chen has recovered as before.

What surprised Ye Chen was that the inside and the outside were incompatible.

is extremely simple.

is even a bit ordinary.

The Devil's Eye is in Ye Chen's Sea of Knowledge: "This place is just a place where Mo Lingzi and I passed through a resting place ten thousand years ago. I didn't expect the Mo Lingzi to retain everything..."

"I have no hometown, so I have very few people in this life."

Ye Chen was a little confused: "Don't you have a daughter?"

Hearing these words, Demon Eye shook his head: "This matter, let's talk about it later."

"You take that piece of reincarnation monument first."

Ye Chen nodded, suddenly thinking of something, and curiously said: "Devil's Eye, what is the box you obtained in the secret realm of Thang Long Da Bi?"

"I thought it was a tombstone of reincarnation."

Devil's Eye said lightly: "That thing, it's not time to open it yet."

"Do you still remember that a little **** the island gave you a storage ring? At the time, I was fighting with the sword box man."

Ye Chen nodded: "Remember."

Demon Eye said again: "Now, there is still one thing missing."

"What?" Ye Chen asked curiously.

However, the Demon Eye did not continue, but changed the subject and said: "First take your reincarnation monument."

Ye Chen came back to his senses and looked at the demon next to him and said, "Back then, could you obtain a reincarnation monument in the kingdom of God?"

Mo Lingzi nodded and said excitedly: "Devil Emperor, I have heard that the Reincarnation Stele has a miraculous resurrection effect. I just want to use this to revive you."

"It was only later that I discovered that the body of the devil's soul has disappeared. Even if there is a reincarnation monument, it is impossible. I hid the reincarnation monument here, and at the expense of blood and life, I will guard it here for generations. Devil Emperor."

"I thought I had nothing but despair for this life, I never expected the Devil Emperor to come back!"

"Devil Emperor, did you take away the body of this young man?"

Ye Chen glanced at the Demon Emperor whitely and shook his head: "This matter is unclear, you take me to find that reincarnation monument."

"Yes." Demon Lingzi said.

Soon, Ye Chen came to a main hall.

In the main hall, there is a mighty statue billowing devilish energy.

Shan Shan Ye Chen glanced, and felt the supreme authority and fright.

Is this statue the real body of Demon Eye?

And in front of the statue, there is an old stone monument!

Vague runes are carved on the stele.

is extremely mysterious.

The moment Ye Chen appeared, this stone tablet was shining with bright colorful light!

Also, the whole main hall is full of the original energy.

Even Demon Lingzi is a little confused.

This reincarnation monument has stood here for many years, and there has never been any movement!

Why changed today?

At this moment, Ye Chen's eyebrows were surging, and a stalwart figure was suspended in the air, and he ordered the demon Lingzi: "Devil Lingzi, you go out first!"

"Keep the main hall gate, no one is allowed to step in."

"No matter who it is, if anyone dares to rush, kill!"

Demon Lingzi saw this stalwart figure and completely determined Ye Chen's identity, flushed and red: "Yes, Devil Emperor!"

The door was closed, and only Ye Chen and the Demon Emperor were left in the whole room, as well as a brilliant reincarnation monument.

At this moment, Ye Chen's body was covered with bursts of stars, and the blood in his body seemed to burn!

Ye Chen can't wait to refine this reincarnation monument immediately!

Activate the first part of the bloodline!

What did the Demon Emperor feel, and he said: "Are you sure you are refining now?"

"The Reincarnation Stele is a sacred object, once it is refined, it will trigger a strong vision, and then the people of the kingdom of God will come.

"You and I will die."

"Also Although you have the blood of reincarnation, the profound monument of reincarnation may not necessarily recognize you. In the profound monument, I heard that there is a powerful guardian of divine consciousness."

"Since ancient times, no one has tried to refine it."

"But in the end, all the refining people were killed by the strong spirit."

"This is the consequence, I must tell you."

Ye Chen's excitement completely cooled down. If he faces the so-called Kingdom of God now, he and the Devil Emperor have no chance of winning.

Isn't it refining?

"Devil's Eye, are you telling me to give up?" Ye Chen asked.

However, unexpectedly, the Devil shook his head: "No, on the contrary, I hope you try to refine."

"I can count you along the way. I want to know if you will be recognized by this reincarnation monument."

Chapter 1924: Ye Chen's silence

"The ten reincarnation monuments represent different strong attributes in the world. I don't know what attributes this piece is, let alone what kind of danger it represents."

"Generally, those who try to refine the reincarnation mysterious tablet, the lowest is not the peak of the star orifice, and you are not in the realm of harmony..."

"You are mentally prepared."

"Also, this place is guarded by the demon spirit sub-array, and the vision will not be too big. If I cover it again, I should be able to minimize the vision."

"In short, this place should be the most suitable place for refining this samsara mysterious monument."

"Try it."

The Devil Emperor was obviously suspicious.

Ye Chen's eyes condensed, without talking nonsense, sitting cross-legged in front of the reincarnation monument.

The reincarnation of the gods and demons works!

The light of stars all over the body instantly built a bridge with the Samsara Stele.

The ancient text on the Samsara Xuan Tablet circulates rapidly.

The next moment, he seemed to have entered the world of the reincarnation monument.

That is a desolate place.

There is no one.

"Where is this?"

Ye Chen was slightly surprised, he wanted to try to exit this space, but found that it was impossible!

What a strong prohibition!

Just then, an indifferent voice sounded in the sky: "Oh? For thousands of years, someone has come."

"But, unexpectedly came a Hedao state?"

"Could it be that the Lingwu Continent has become so weak in these ten thousand years?"

"It's ridiculous!"

In the next second, Ye Chen saw an old man appeared on the sky.

The old man is wearing a Taoist robe and riding a fierce beast with a strong breath!

Ye Chen just wanted to say something, the old man left the fierce beast and appeared in front of Ye Chen.

He stared at Ye Chen, with some doubts, and said: "I actually mastered the reincarnation of the gods and demons, which is interesting."

"The aura on your body... actually has the meaning of reincarnation... Is it the legendary blood of reincarnation?"

Ye Chen thought that his reincarnation bloodline could make the other party surrender, but he didn't expect that the old man shook his head and sighed: "The reincarnation bloodline is on a trash body. I really don't know what those guys are doing."

"It's because you are the blood of reincarnation, you go."

"However, if you want to refine this reincarnation monument, stop dreaming!"

"You still don't deserve this reincarnation monument!"

Ye Chen was a little angry, he naturally couldn't give up, let alone leave!

He stepped out! Instantly cast the gods and demons reincarnation tactics, burning blood tactics, sacred blood, and blood qi ten alchemy, holding the beast sword, staring at the old man opposite.

"Are you and the outsiders so vulgar, just look at your cultivation?"

"If this is the case, I am afraid this reincarnation monument is nothing but rubbish."

As soon as he said this, the old man's eyes flashed with irritation, but it quickly disappeared.

The old man smiled, reached out his hand to touch the beast, and said, "Have you not eaten human flesh for a long time?"

"This kid has the blood of reincarnation. It is good for you to eat it. It can also absorb the spiritual energy of this reincarnation monument, and may even transform people. Would you like it?"

The fierce beast had fiery eyes, looking at Ye Chen like a prey.

The old man laughed, then looked at Ye Chen, and said: "Since you want to refine this reincarnation monument, I give you this opportunity."

"If you can survive this animal, I might change my mind."

The next second, the fierce beast rushed towards Ye Chen!

Its whole body is very powerful! From antiquity!

Fortunately, the strength of the fierce beast is not too high, it should be in the early stage of the star aperture.

Facing the fierce beast, Ye Chen had no room to spare!

Otherwise, he will die!

Just then, a lazy voice sounded in Ye Chen's ear: "Boy, how about a deal."

"I teach you a sword, how about you help me find something?"

The sound comes from the mysterious power of the reincarnation cemetery, the sword box man!

As for the identity of the sword box man, he still does not know.

"what?"

"It's just a sword box I once wore."

"it is good."

The words fell, Ye Chen felt a stream of information flooding into his mind.

There is only one sword!

is called Zhantianyijian!

The sword box man said solemnly: "According to the character of this fierce beast, he should be able to play with you as much as he can, instead of using his full strength at the beginning to kill you. This is your chance to win!"

Ye Chen heard the words, his eyes lighted up, and he burst out with unprecedented light!

Since there is still a chance, he will definitely do it!

"Boy, listen up, you have to practice the Heaven Slashing Sword in this battle! This is your only chance to survive! This fierce beast is not easy."

The sword box man fell silent after speaking.

He knew that Ye Chen's talent was very good and very strong.

However, it is not certain whether he can master the Heaven Slashing Sword, the sword box man in this battle.

If it is a general martial arts, sword box man, have confidence in Ye Chen.

But, Zhantianyijian, is it a general martial arts?

No one knows better than the sword box man. He can be sure that if Ye Chen really learns the power of the Heaven Slashing Sword, if he has mastered it, he can definitely slay the ancient beast of the star aperture across the realm!

However, no one knows better than the sword box man how difficult it is to cut the sky with one sword!

Slashing the sky sword is a sword in his sword box.

is the weakest though.

But it was the first sword art he learned.

It took him a whole day to learn this sword art.

And how much time does Ye Chen have at this moment?

If Ye Chen can learn quickly, he would consider adopting Ye Chen as a disciple.

But, do you want Ye Chen to master this level of magical powers in the face of a powerful enemy far beyond his own strength?

difficult.

It's hard to get to the blue sky!

At this time, the fierce beast looked at Ye Chen, but did not immediately launch an attack. Instead, it narrowed its eyes and sneered: "The blood of reincarnation on your body must be delicious."

It said, with a sudden wave of its front paw, a thick and fierce aura, whizzed out, instantly covering the area where it and Ye Chen were.

The power of the powerful realm is permeated in the endless evil spirit.

The power of this realm is much stronger than Lin Juelong and others!

Ye Chen, can even feel that the fierce beast is a **** in this realm!

is a **** with endless majesty!

If it is the power of the lower realm, Ye Chen can still break the law with his strength, and with the strong power, completely wipe out the realm.

However, facing the power of the fierce beast's realm, Ye Chen knew that this could not be achieved by strength alone.

The sound of the fierce beast suddenly sounded from all directions at the same time, and said to Ye Chen: "Ant, do you feel fear now? Samsara Xuanbei is a sacred object, it is not something you can refine in the same way!"

It has self-confidence, and with the power of the realm that it has reached the pinnacle, it can completely defeat Ye Chen!

The reason why it didn't make a rash move, was that it was worried that Ye Chen would be killed too soon!

Ye Chen was silent, and under the beast's interrogation, he was silent!

In this realm, the words of the fierce beasts are extremely difficult to refute!

wants to refute the fierce beast, as if to be the enemy of the whole world!

Chapter 1925: Zhantian 1 sword!

The more silent Ye Chen, the fierce beast, the happier naturally!

It knew that Ye Chen couldn't even refute himself!

Ye Chen is almost a lamb to be slaughtered by himself now!

The fierce beast appeared from the boundless fierceness, slammed Ye Chen on the foot, and mocked:

"Do you still want to refine the reincarnation monument now?"

The old man saw this scene, smiled, and touched his beard. There was no anger in his eyes, but calm.

There is even some expectation.

Ye Chen is indeed a genius. No one can deny Ye Chen's aptitude, but no matter how genius, there is also the ultimate...

This extreme is impossible to break through with talent.

And the fierce beast is so ecstatic that it can't be ecstatic!

Because, Ye Chen, who was extremely arrogant and unbelievable, was trampled underfoot by himself at this time, just like that, bearing his own insult!

This is so refreshing!

In the eyes of the fierce beast, a cruel brilliance suddenly flashed, and he said to Ye Chen: "Now, do you still want to refine the samsara monument?"

said, it suddenly lifted its beast claws and grabbed Ye Chen's thigh!

This claw is very strong!

is so terrifying!

Even if Ye Chen's body is incredibly tough, under this claw, that thigh will undoubtedly be caught!

But, at this moment, Ye Chen, who had closed his eyes like a corpse and motionless, suddenly opened his eyes.

And in his eyes, flashing, the ultimate killing intent!

At the same time the fierce beast's claw fell, Ye Chen's body flashed with electric lights, and his body moved extremely fast!

The calm eyes of the old man also made waves at this moment!

Looking at Ye Chen's movements, where is it that he was suppressed by the power of the realm and couldn't speak?

There was a loud bang, and the fierce beast slammed its claw into the empty space, and the eyes flashed with incredible light!

Ye Chen, actually moved?

escaped his own blow?

how is this possible?

Isn't it, like a dead dog, suppressed by himself completely unable to move?

Even, under your own insult, can't you even talk back?

Why, I can move now?

not only moved, but also escaped his own blow?

Then, the fierce beast is angry!

The prey that was originally like a dead dog turned over?

How can it be tolerated?

In its imagination, Ye Chen should endure his own torture and insults obediently!

At this time, Ye Chen's faint voice suddenly sounded in this realm.

"I hate people getting my clothes dirty, let alone being a beast!"

"Whether you are from the ancient or the ancient!"

Refuting the fierce beast, like an enemy to the whole world?

Enemy with the whole world, so what!

For Ye Chen, this has absolutely no effect!

If the fierce beast is the heaven of this world, then he is Zhantian, so what?

Slashing the sky sword, originally, it exists for Zhantian!

From the beginning, he was not silenced because he was suppressed by the power of the realm.

The reason why he was silent is only because, exhausted all his mind, he is comprehending the sword of Zhantian!

That's it!

"Humble human!" The fierce beast roared and slammed a claw, rumbling, countless loud noises sounded in this, as the fierce beast hit a claw, there were countless claw shadows toward Ye Chen strikes!

And Ye Chen wanted to show off his figure, but it seemed like countless towering mountains were placed on him. It was extremely difficult!

However, Ye Chen didn't mean to dodge!

Slashing the sky is a sword, a magical power to kill and slash the enemy.

blindly dodge, **** the enemy? Kill the enemy?

How to hone this magical power?

Ye Chen, killing intent burned wildly in his eyes, he still didn't believe it!

He has the blood of reincarnation, he can't even deal with a beast of a profound monument!

Then awaken a fart reincarnation blood!

The boundless killing intent to the fierce beast supports his body!

In his hand, the beast sword danced frantically, and tidal golden light poured out, that is, the Gengjin Qi that is extremely restrained against the fierce Qi!

Moreover, there is still immortality in the sword intent.

Ye Chen didn't care about the practice, but also tried to integrate his own power!

"Cut me!!!"

Following Ye Chen's violent shout, a world-shaking sword light suddenly appeared in the realm enveloped by fierce aura, as if, really want to cut this piece of heaven and earth apart!

There was a loud bang, and the golden sword light collided with the boundless claw shadow. For a moment, it was as if water entered a pan, and a violent reaction occurred!

The whole realm is boiling!

The golden sword light, although extremely strong, but!

But under the endless shadow of the claws, it gradually faded away!

This is the horror of the power of the realm!

Under this realm, every blow is equivalent to that the whole world has launched an attack on you!

And let alone, this is the power of the realm exerted by the big monster who has not known how long they have lived!

Although I don't know why the opponent only has the Star Aperture Realm, this fierce beast is threatening enough!

Ye Chen's figure was soon overwhelmed by that boundless claw shadow!

Ye Chen's body was torn, torn, and broken.

Not only the skin, flesh and blood, bones, internal organs, but even the spirits are under attack!

Blood, splashed out instantly!

is like a fountain, gushing crazily!

"Ants!"

Looking at Ye Chen who was seriously injured, the fierce beast let out a wild laugh, "This is what you said, kill me? Look at what you look like now! With your appearance, I want to ask you, did you kill dead ants? Make people laugh out of their teeth! Overwhelming trash!"

At this time, Ye Chen was extremely embarrassed!

There are broken, broken marks everywhere!

This look is so miserable that it cannot be miserable!

And Ye Chen, the skyscale armor he wore on his body was actually scratched to pieces!

Even the body of the magical bodyguard was shattered by this blow!

If Ye Chen had not used a variety of methods to strengthen the tenacity and vitality of his immortal divine body again, I am afraid that this blow would really kill him. However, although Ye Chen was extremely injured, his eyes are still bright, bright and cold, endless killing intent, condensed in his eyes!

He did not fall, because the fierce beast is not dead!

die!

In Ye Chen's mind, the word "death" echoed. This killing intent supported him. Every insult from the fierce beast fell into his ears and turned into a stronger killing intent!

The old man suddenly smiled when he saw this. Sure enough, he was right. This is Ye Chen's kid, interesting!

Ye Chen yelled: "Beast, come and die!"

That crazy, cold, and substantive killing intent, whistling out again, under the impact of such killing intent, even the fierce beast changed its color slightly, and fear flashed faintly in the four eyes.

But in the next moment, that trace of fear turned into a stronger anger!

I am scared! ?

The fierce beast couldn't accept it, and the noble blood of himself, in front of this second-tier human being in the Affinity Realm, was actually afraid?

"Roar!" The fierce beast roared, and again, it swung a claw, which was stronger and more terrifying than the previous one!

Now, it doesn't even want to play with Ye Chen. It just wants to wipe out this hateful human being!

And Ye Chen, another sword swung!

The strong golden light shines again!

The moment Ye Chen took out the sword, the fierce beast was shocked!

Why?

Because Ye Chen's sword is strong!

This sword is stronger than the previous one!

Ye Chen is actually improving! ?

In this, in front of a powerful enemy far surpassing his own strength, progress?

The existence of the old man was shocked by Ye Chen!

The doubt in that eye socket started to beat frantically!

However, even if this sword is stronger, it is still annihilated by the sky full of claws.

Boom, Ye Chen's body almost fell out!

formed a deep hole in the ground!

Fierce Beast let out a wild laugh and said:

"Now, do you know the gap between you and me? Don't think that you can make a miracle by roaring like a mad dog!"

And Ye Chen at this moment, the broken body and the eyes full of killing intent were finally closed.

The eyes of the old man calmed down. This is indeed amazing, but it is not enough.

The fierce beast stared at Ye Chen for a while, and finally heaved a sigh of relief. At the same time, he regretted that Ye Chen died like this. It is too cheap for him...

But at this moment, the eyes that were originally closed suddenly opened!

And in his eyes, a stronger killing intent is burning!

A cluster of crimson flames began to burn in Ye Chen's bones.

In Ye Chen's eyes, it started to burn.

Ye Chen's eyes full of killing intent stared at the fierce beast. For a moment, the fierce beast suddenly had an urge to escape!

It is in my heart, roaring frantically, why?

Why! ? Shouldn't this kid be dead long ago?

Why, he can still open his eyes?

He already understands that there is a gap with mine, right?

Why, such a strong killing intent could still burst out?

Why, his Dao Xin hasn't collapsed in the slightest?

Too many questions, too many do not understand, Ye Chen himself, almost surpassed the cognition of the fierce beast, and became an unknown existence!

The fierce beast has been alive for a long time, and has experienced many life-and-death crises. Even, by the current owner, it was almost completely destroyed!

There is only a trace of life, just lingering.

At the time, it thought it had experienced the greatest fear in the world.

But now it knows that it was wrong!

In front of him, the youth who looked like a ghost from **** was a more terrifying existence than death!

The killing intent that erupted from Ye Chen's body suddenly filled the entire territory!

The stronger killing intent enveloped the fierce beast, and the fierce beast suddenly realized that under the cover of this killing intent, his own control over this realm was actually weakened!

This time, the fierce beast is truly terrifying!

Killing intent, how can it resist the power of the realm! ?

I don't know how many years it has lived, but I have never heard of such a thing!

This killing intent is by no means ordinary killing intent!

But Ye Chen's body at this time was extremely broken, and he couldn't even stand up. There were dozens of healing pills in his mouth, but even so, the powerful medicine still hadn't had time to repair his body. .

Is the power of the star aperture so easy to get rid of?

However, although Ye Chen's body could not stand, his person did not fall down!

The layer of blood flame on the body turned into an illusory body, supporting Ye Chen's broken body, step by step, walking towards the fierce beast!

Ye Chen actually broke through the Burning Blood Jue to another level before practicing the Heaven Slashing Sword!

This is the real power of the Burning Blood Technique!

Burn blood to burn your body, forge your body with blood!

has cultivated the blood burning technique to the extreme. Even if the body is seriously injured, it can be trained into the form of the body by burning the blood in the body!

"Impossible, impossible, impossible, impossible!"

As Ye Chen approached, the fear in the eyes of the fierce beast grew stronger and stronger. What happened to Ye Chen?

Is it immortal?

Ye Chen's eyes burned with blood flames, and his whole body exuded the ultimate killing intent. The broken body that was approaching constantly created unprecedented pressure.

Ye Chen at this time is like a Shura coming to the world from purgatory!

Fierce Beast began to be anxious, it was obviously it, which had an absolute advantage, but at this time, facing Ye Chen, it unexpectedly began to worry!

It is scared!

It is afraid. The longer the fight is, the more fear Ye Chen will bring to it!

The sword just now, it felt very clearly, Ye Chen, it was strong again!

Be so stronger again... Be stronger again...

The heart of the fierce beast trembled, because, in its original view, it was something like a fantasy. At this time, it seemed to be gradually realized in front of its eyes!

Although reason tells the fierce beast that it is impossible to happen, it can't help but fall into the fear of the impossible!

It is now, regretful, so regretful. At the beginning, why are you still thinking about playing with Ye Chen?

If you start with all your strength crazy suppression, maybe, can you really suppress Ye Chen?

And because of its slight contempt and carelessness, Ye Chen seized the opportunity!

This kind of potential, even the fierce beast with the star aperture will tremble!

But in this battle, the fierce beast can only face it!

The hair on its whole body was erected upside down, and the fierce aura erupted at the limit. The entire realm was trembling in the aura of its explosion. The beast's mouth opened wide, and from its mouth, it spit out a cloud of ashes condensed from extremely pure evil aura. Light!

At the same time, Ye Chen cut out with a single sword!

boom!

This sword full of killing intent, but still, in the gray light, disappeared!

This gray light, sturdily, hit Ye Chen's body!

Chapter 1927: 1 word, kill!

The fierce beast was panting violently, and performing the move just now was not a small expense to him, but at this time, the fierce beast had no intention of stopping at all. With a movement, the huge beast body approached Ye Chen, with both claws. Move, in an instant, how many claws were caught!

And Ye Chen, after receiving the blow of the gray light, the body that had gradually recovered, instantly tended to collapse, almost completely supported by blood.

But, what is frightening is that even so, facing the fierce beast that rushed at extremely fast, Ye Chen's blood-condensed arm, unexpectedly danced the beast sword again!

In this way, this battle continues.

Time passed by, and in a blink of an eye, Ye Chen and Fierce Beast were already in that evil spirit realm, as if they had been fighting for a day and a night!

At this time, even the old man is not calm.

This day and night, Ye Chen, I don't know how many times, his body tended to collapse when he was attacked by the fierce beast, but, strangely, Ye Chen couldn't die!

And now, the Star Aperture Fierce Beast, which originally had the advantage, now has a lot of scars on its body!

There is also a tired look in his eyes!

Looking back at Ye Chen, even though Ye Chen still looks like a shattered phantom surrounded by blood at this time, his body with purple-gold runes gradually began to bleed!

The attack of the fierce beast caused the scars on Ye Chen, and it has gradually been unable to keep up with Ye Chen's recovery speed!

and!

What is even more amazing is that the influence of this realm on Ye Chen is getting smaller and smaller!

A layer of blood-red murderous aura, like a substance, wrapped around Ye Chen's body, which actually offset most of the power of the realm!

The old man's eyes narrowed slightly, his eyes faintly fixed on the purple gold inscription on Ye Chen's skeleton.

He knew that Ye Chen was still alive. Although it was shocking and terrifying, it was not completely unreasonable.

What supports him is the power of God's blood!

That's right, it's the blood of God! He will never admit his mistakes!

The blood of God is very strong, it has unimaginable potential, and can even make the owner almost immortal, but!

How much power can ordinary people exert?

I'm afraid, even one in 10,000 will not be there!

And Ye Chen, with the cultivation base of the He Dao realm, can use the blood of God to such a degree, this is definitely not simple!

This sub-reincarnation bloodline has this power without activation. What does it mean if it is activated?

If there is no **** blood, even if there is a blood burning tactic, how can it be supported?

At this time, although the winner has not yet been determined, the old man has made a decision.

But, he didn't mean to stop the battle.

Because he wanted to see, where is Ye Chen's limit?

At this time, the fierce beast is completely complete, and is on the verge of collapse. If you face an enemy, how can you not die, and the enemy that is still growing stronger, will you collapse?

But, what can happen to it?

The master can't stop without calling to stop!

Its eyes locked Ye Chen, the perfect body of a fierce beast, now it is already scarred!

An ancient fierce beast in the Star Aperture Realm was wounded in the hands of a Hedao Realm existence!

But, at this moment, Ye Chen, who was walking slowly towards the fierce beast, suddenly stood there and stopped moving.

The fierce beast was taken aback when he saw it, and then, in his eyes, there was joy at the same time!

Ye Chen, is this exhaustion?

Yeah, I fought with myself for a day and night, and even myself was a little overwhelmed. Ye Chen, how could it be possible to hold it?

Besides, Ye Chen still doesn't know how many fatal injuries he has suffered!

However, the fierce beast did not attack rashly at this time. It calmed the disordered spiritual power in the body, slowly accumulating its strength. It must seize this opportunity to launch a fatal blow to Ye Chen!

It stared at Ye Chen, sneered in his heart, no matter how tenacious the vitality is, the ant is still the ant, and there is an irreparable gap between the Harmony Dao state and the Star Aperture state. This Ye Chen, although weird and difficult, but this battle, it's finally over!

And myself, is the final winner!

Fierce Beast didn't believe it, Ye Chen, who had exhausted himself, had the possibility to stand up under the blow of his own power!

It, I don't want to believe it!

Finally, the aura of the fierce beast rose to its extreme, its body moved, and the teleportation usually appeared in front of Ye Chen. Seeing Ye Chen still closed his eyes at this time, the joy in the eyes of the fierce beast became more intense!

With a wave of its beast claw, its body burst out with great power, this claw is enough to crush the world!

The old man's eyes were serious.

Is Ye Chen finally reaching his limit?

Even if I persisted for so long, is it still impossible to cross the mountain of Xingqiao?

But at this moment, Ye Chen's eyes slowly opened again.

There was a kind of comprehension in the eyes that were burning with blood flames.

The fierce beast was surprised when he saw it, but the joy in his eyes did not fade!

It's too late, even if Ye Chen has regained his strength now, there is no time to escape!

At this time, he also vaguely sensed that Ye Chen was really about to reach the limit.

So many Star Aperture attacks have been imposed on Ye Chen, even if he has the heaven-defying recovery methods, he can continue to fight, but!

The power of the ultimate law of the star aperture is constantly accumulating in Ye Chen's body. Now, it has arrived, and it is about to explode!

If the power of the law bursts out, even the almost immortal body will turn into nothingness!

And while Ye Chen opened his eyes, the fierce beast clearly felt that the power of the law in his body was already on the verge of exploding. The reason why Ye Chen didn't act just now was presumably because he was restraining the law that was almost uncontrollable. Force it!

The joy in the eyes of the fierce beast has not diminished, on the contrary, it has become more and more intense!

It is confident, if this claw goes down, this strong boundary power is poured into Ye Chen's body, and it will surely become the last straw to crush the camel!

Fierce beast, how can you be unhappy?

It even said, "Go to hell!"

"Oh? Really?" A faint voice echoed in this realm.

Ye Chen's voice.

The claws of the fierce beast faintly speeded up a bit, and a grinning smile appeared on his face!

Waste, until now, still want to be tough, and still want to be strong?

Now, give it to me and turn it into nothingness!

And Ye Chen, from beginning to end, just stared lightly at the beast claws swung towards him.

Indeed, I was almost at the limit, and the power in my body was about to explode.

However, facing the claws of the fierce beast, he did not show the slightest fear.

I don't even have the idea of avoiding it!

just said a word indifferently.

"Those who violate my power, kill."

After the killing word blurted out, time seemed to have a momentary standstill. The next moment, the ultimate killing intent that originally surrounded Ye Chen's body, actually, instantly spread!

Chapter 1928: Reincarnation Xuanbei, dust!

"What!?" The fierce beast exclaimed, what did he sense in that murderous aura?

impossible?

It must be my own illusion, right?

The fierce beast looked at Ye Chen's murderous aura, but suddenly his pupils shrank, and said in shock: "That's... the power of the realm! How could it be the power of the realm!"

Ye Chen, there is only the cultivation base of Hedao Realm!

He Dao realm cultivation base, can comprehend the power of the law, is already rare!

is already a genius among geniuses!

And the power of the boundary?

That's nothing short of a dream!

If someone told them before that, there are martial artists in the realm of harmony who have mastered the power of the realm, they will definitely slap that person without hesitation!

But now, things that the old man can't believe are happening right before his eyes, it happened to Ye Chen!

What is even more terrifying is that Ye Chen's power in the realm is extremely high!

Even, faintly is about to override, the fierce beast of the star aperture realm, above the evil spirit realm that it displays!

How terrifying!

The old man murmured: "Ordinary martial artists think that the abilities of each realm can only be mastered when they reach that realm. It is really ignorant. In the kingdom of God, there is a saying, called the mundane world under the star aperture. In other words, the Star Aperture Realm is regarded as real, and it has entered the ranks of cultivation.

Under the Star Aperture Realm, it is just the realm that mortals divide by their own standards. The true, transcendent genius, naturally has the qualification to cross realms and master higher powers! "

That fierce beast is almost crazy at this time!

But, in madness, in disbelief, in anger, in terror, and in ecstasy!

Because Ye Chen still hasn't avoided it!

Although he understands the power of the realm, his strength will inevitably skyrocket, but he can completely annihilate the power of the realm at this most critical moment before he can't exert the power of the realm!

It's me who won!

That claw hit Ye Chen firmly.

In the eyes of the fierce beast, a scene appeared at the same time.

Ye Chen's body, under the explosion of the power of law, instantly turned into nothingness!

won, finally won?

Fierce Beast stunned for a moment, exhaled at will, and said: "It's finally over?"

Around, there was still a strong suffocation, no response.

The fierce beast originally had a trace of nervousness in his heart, and completely relaxed, it seems that Ye Chen is really dead, completely, dead!

Just when it was, ready to recover the power of the realm.

A faint voice suddenly sounded around.

"Is it my fault."

At this time, Ye Chen coldly looked at the fierce beast hanging in the air in front of him, the beast's claw that condensed a powerful force, and stopped an inch away from the top of his head.

Why?

Because, the current fierce beast, under the impact of Ye Chen's strong murderous intent, its soul is completely confused!

Of course, ordinary murderous aura, no matter how strong it is, it cannot have such an impact on a Star Aperture Warrior, especially in his realm!

Star Aperture Warrior, in his own realm, is close to a god, want to affect him with killing intent?

is impossible.

However, Ye Chen's killing intent, naturally, was not an ordinary killing intent.

Slashing the sky sword is the famous sword intent of the sword box youth.

The so-called slashing the sky is the ultimate killing!

While swinging the sword time and time again, contending with the fierce beast again and again, Ye Chen's understanding of Zhantianyijian became more and more profound.

Although he has not completely mastered the ultimate supernatural power of this sword intent, he has mastered another power through his insight into Zhantian Yijian!

In the comprehension of the killing and the tempering of the killing, Ye Chen has mastered the power of the realm that is impossible to possess!

That is, the realm of killing!

Although the fierce beast was not discovered, the moment the realm of killing was unfolded, the spirit of the fierce beast was hit by an unimaginable impact, so that, for a time, it fell into chaos!

Ye Chen stared at the frightened beast's eyes, he knew that the beast was about to wake up from the chaos.

He, the reason he hasn't shot yet is because he is waiting!

is waiting, the moment when the beast is sober!

He wants to kill, but also when the beast has consciousness!

Only in that way can this beast experience the fear of death thoroughly!

At this moment, there was a hint of clarity in the eyes of the beast!

It finally woke up. Just now, the scene of killing Ye Chen by himself was nothing but his own fantasy!

Soon, its eyes fixed on Ye Chen in front of him!

Ye Chen, even standing still, didn't move!

For an instant, a kind of fearful sword aura containing boundless killing intent bloomed in Ye Chen's unfolding killing intent realm!

This was originally just a very short moment, even less than one thousandth of a second.

However, at this moment, in the thinking of the beast, it became extremely slow!

is slow!

Some people say that when death comes, time will slow down.

However, the fierce beast does not know that it will become so slow!

Moreover, it is not only slow, but also terrifying!

At this time, it seems that it is not facing a person, but a huge shadow!

The shadow of death!

After the shadow, the existence beyond imagination and horror is almost impossible to describe in words.

If there is one word to describe the existence behind the shadow.

is, death!

The claws of the fierce beast were instantly shattered, and it itself was facing the imminent and inevitable death!

It knows that it must die!

It fears, it trembles, it collapses, it does not know, it turns out that a certain death will bring such a huge pressure!

For ordinary people, the pressure of death is just a moment.

However, the fierce beast at this time seems to be trapped in the endless terror!

It opened its mouth, wanted to mourn, wanted to scream, but it couldn't make any sound!

Even, I can't even open my mouth!

Its movement has also been slowed by countless times!

There is no end here, and in front of death that seems to come next moment, the fierce beast completely collapsed!

"I just want you to die in fear." Ye Chen's voice sounded.

"Slash the sky with a sword!"

Although Ye Chen has not yet fully comprehended the extraordinary supernatural powers of this supreme sword box youth, but in the realm constructed by this ultimate killing intent, Ye Chen seems to have the power above all else!

Through the Realm of Killing, Ye Chen was able to imitate the magical powers that tended to be a real sword.

Although it is nowhere near the power of Zhantianyijian, but!

Enough to cross the border to kill!

This sword is enough to destroy everything under the star aperture!

The power of killing was poured into this sword. At the moment this sword was cut out, everything in the realm, except Ye Chen himself, seemed to be annihilated!

And the fierce beast in front of Ye Chen, the eternal great demon of the star aperture, finally, under Ye Chen's knife, completely turned into nothingness.

Even the souls were completely cut off under this boundless killing intent!

Ye Chen actually won this battle!

With the cultivation base of He Dao Jing, I won!

The killing intent domain dissipated, Ye Chen retracted the beast rotten sword, staring at the old man in the distance, coldly said: "Now I am qualified to refine the samsara monument."

The old man who has always seemed to be calm, after Ye Chen used the Slashing Sword, his eyes jumped wildly, almost jumping out of his eyes, exclaiming:

"Learn this evil sword in such a short time, boy, who are you!?"

This makes him, how not shocking, how not terrifying!

The old man gradually calmed down and smiled.

This gain is too great.

"Papa Papa Papa Papa....." The old man actually clapped for Ye Chen!

Ye Chen at this time, the flesh and blood has not yet recovered, it looks like a phantom wrapped in blood, on the phantom, there are many mysterious purple runes imprinted, it seems to be a god!

Hearing the applause, Ye Chen turned around and looked at the old man coldly and said: "Now I am qualified to refine the reincarnation monument."

"Or, you want to fight me too."

Ye Chen certainly cannot be the opponent of the old man, but his way is to kill.

Kill Dao, can't shrink back, can't be afraid!

The old man smiled at this moment: "No need, you are qualified to refine this reincarnation monument."

"You are also the first in these endless years to be qualified to refine the existence of this reincarnation profound monument!"

"This reincarnation monument, name: dust!"

Chapter 1929: Shouldn't you go back with me

"This reincarnation monument, name: dust!"

"Do you know that at the beginning of the opening of this world, the vast universe nurtured a supreme sacred stone. This sacred stone has the theory of controlling yin and yang and reincarnation. This supreme sacred stone has experienced endless years and finally met a master, then People divided this divine stone into ten pieces and scattered them in the world."

"Waiting for someone destined."

"And named the Reincarnation Xuanbei"

"Every reincarnation monument contains the supreme power. This is the power that the gods are qualified to control."

"Even the Heavenly Dao of Lingwu Continent is not qualified to control it."

"Every time the Reincarnation Xuanbei appears, there will be countless strong people competing."

"But after so many years, no one has completely refined the reincarnation monument."

Ye Chen was startled, and curiously asked: "Since they can't be refined, why are they competing for the Reincarnation Profound Monument?"

The old man touched his beard and smiled: "The magic of the Reincarnation Stele is that even if he does not refining, he will cultivate extremely fast if he puts it around him."

"Also, the warriors all over the world are arrogant, how can they think that they can't be refined."

"The most important thing is that possessing the reincarnation monument is equivalent to having a chance of life."

"This famous reincarnation monument was originally controlled by a family in the Kingdom of God, and Mo Lingzi wanted to save the devil emperor, but he barely seized it after exhausting the demon clan's methods."

"The devil's anger was violent, and he can only defend it forever at the cost of his body and life."

"The fierce beast you killed just now should have dissipated in the years. I gathered him with the mysterious power inside the samsara monument and gave him power."

"And this power is your limit."

"Fortunately, you have surpassed the limit, otherwise, you may have to leave this world forever."

Ye Chen was slightly surprised when he heard these words.

He was still wondering why the ancient monster beast realm happened to be in the star aperture realm, and now he understood.

This fierce beast is the test of the samsara monument.

Ye Chen glanced at the old man, and continued to ask: "Senior, why is this samsara mysterious tablet so famous? You just said that every samsara monument has a certain attribute, then what does this monument represent?"

The old man nodded, stretched out his arm, and the space inside the mysterious stele changed color.

The ground under Ye Chen's feet split instantly.

Endless dust surges.

"In this world, there is a line called Chichen Divine Line."

"The Red Dust Stone is harder than Geng Jin. This bloodline is activated and can condense the Red Dust Shield with the limit of cultivation. If you have enough cultivation, no one in the world can break this shield."

"This reincarnation monument, the master!"

Ye Chen probably understood what the old man meant, and said: "If I refine this reincarnation profound monument and condense the shield of red dust, what is the effect?"

The old man took a deep look at Ye Chen, and said: "You are now in the second layer of the Hedao realm. If your blood is activated, at the cost of repair, you can block the blow of the second layer of the sealed door realm."

"You can only block one blow."

Ye Chen set off a stormy sea in his heart, starting from the Star Aperture Realm, every small realm was different.

He can fight with people in the early stage of the Star Aperture Realm at most, and it would be dangerous if he encounters a strong person in the middle of Star Aperture Realm.

And now, the activation of this bloodline can actually block a blow from a strong man in the door-sealing realm!

This is still in a state of harmony!

This is too bad.

He faces too many enemies now, what he needs most is a hole card to protect himself.

And this so-called Chichen Divine Vein, couldn't be better!

The old man glanced at Ye Chen and urged: "It shouldn't be too late, you can refine it as soon as possible."

"Also, there will be a vision in refining, maybe it will attract people to come, you should be psychologically prepared."

Ye Chen couldn't take care of that much anymore, and directly used the God and Demon Reincarnation Art to absorb the energy of the Reincarnation Profound Tablet.

Endless dust surging!

Ye Chen seemed to be surrounded by the dust of the whole world.

His blood is burning!

Crazy burning!

The old man looked deeply in the distance, his eyes were not the same as before, but a touch of complexity.

"I'm afraid that this kid is waiting for the Reincarnation Xuanbei."

"Although this dust monument is the weakest among ten, it is the only thing this little guy can absorb right now."

"It's what this kid needs most right now."

"The Red Dust veins are about to reappear in the world, I'm afraid there will be another **** storm."

"If this kid gathers ten profound tablets, the ten divine veins awaken and gather into the true reincarnation blood, I am afraid those guys will be scared."

At this point, the old man's eyes narrowed slightly:

"Ye Chen, this person's surname is Ye...He has reincarnation blood on his body. According to legend, someone from the Ye family escaped to a low-spirited world, dormant forever..."

"Could it be that the time has come, are you ready to fight back?"

Thinking of this, the old man looked at Ye Chen's expression even more weird.

.....

Time is passing madly.

outside.

Xia Ruoxue, Yin Ming, and the three supreme elders of Xuan Yuezong looked closely at the hometown of the Devil Emperor.

Ye Chen has been inside for too long, why is there no movement.

Did something happen?

Bai Zhentang thought of something, looked at Xia Ruoxue, and asked: "Miss Xia, you have a weird aura, can you let the old man take your pulse..."

This is Bai Zhentang's constant doubt.

From the very beginning, he found that Xia Ruoxue's aura had a problem, and even though Xia Ruoxue's cultivation base was high, he had a feeling of forcibly improving.

This is not a good thing for warriors.

Xia Ruoxue's beautiful eyes are a little puzzled but she still stretched out her hand to Bai Zhentang and said, "Ruoxue thanked seniors."

Bai Zhentang nodded, just about to touch Xia Ruoxue's pulse with his finger, a crack appeared in the void.

A strong woman came out.

The woman wears a black and purple robe, a fan-boned crown, slender thighs, and a cold face.

When appeared, the air surging, purple robe flew.

The momentum is pressing.

Seeing this woman appear, Bai Zhentang and other three Xuanyuezhong Taishang elders, their complexions changed slightly, and they were ready to fight.

This woman has a terrifying cultivation base.

The key to her identity is more deterrent.

Xia Lingqiu, the lord of the Lingxian Imperial Palace!

Xia Lingqiu is extremely mysterious in Lingwu Continent and rarely shows up.

The strength of the Lingxian Imperial Palace was not strong at the beginning, but for some reason, Xia Lingqiu suddenly rose up, with the means to reach the sky, and even the Lingxian Imperial Palace jumped from the first-class sect to the top power.

This kind of woman can't be careful.

When Xia Ruoxue saw this woman, her expression was full of fear, and she bit her red lip, a trace of red blood overflowed.

She was afraid, but she came.

Although I knew I would return to Xuan Yuezhong in the end, I didn't expect it so soon.

Xia Lingqiu planted some forbidden techniques in her body, and she was destined to not escape. .

Xia Lingqixie glanced at the crowd with a cold look, and smiled slightly: "It's really lively here."

After finishing speaking, she looked at Xia Ruoxue and said, "Ruoxue, the Thang Long Competition is over. Since I didn't get what I wanted, should I go back with the temple?"

Chapter 1930: Unprecedented crisis

Bai Zhentang and other three elders stood in front of Xia Ruoxue, their breath exploded.

Bai Zhentang said: "Miss Xia, you don't have to go."

However, Xia Ruoxue walked towards Xia Lingqiu.

She has no choice.

If the three elders of Xuan Yuezong were in conflict with Xia Lingqiu because they were protecting themselves, she could not afford the price.

Today, she is satisfied to see Ye Chen and kiss her familiar lips.

Besides, it was not long before the one-year appointment, she believed Ye Chen would come to the Lingxian Imperial Palace.

will hold her hand and leave.

This is her confidence.

Xia Lingqiu nodded in satisfaction, and when he raised his arm, a space crack appeared.

When she left, she also glanced at the hometown of the Devil Emperor.

Because she didn't find Ye Chen unexpectedly.

Did that kid go in?

But thinking of this, Xia Lingqiu still shook his head. In her opinion, that kid's cultivation level was too low for the devil to admit.

It's even more impossible to admit that reincarnation monument.

.....

After Xia Ruoxue left, Bai Zhentang just wanted to say something, suddenly a beam of light burst into the sky in the hometown of the Devil Emperor!

Not only that, Bai Zhentang found that the surrounding ground was shaking!

Countless stones are floating up!

Wanzhang dust appeared!

The billowing dust is coming towards them like a sandstorm!

seems to be completely blocked here!

Bai Zhentang and Long Yitian's expressions changed drastically, and they hurriedly pinched their fingers, trying to destroy this sandstorm!

But as soon as their power touched the dust, they disappeared!

how is this possible!

Yin Ming had a weird expression and asked, "Grandpa, what happened?"

However, no one answered.

The three elders of Xuan Yuezong looked at each other, and finally landed in the hometown of the Devil Emperor.

Is that kid really ready to refine the samsara monument?

The key point is that this vision is too big, if it is discovered, the consequences will be disastrous!

Bai Zhentang pondered for a moment, then made a decision, and said: "The three of us unite and find a way to suppress this vision to a minimum!"

"Otherwise, Ye Chen is in danger!"

"it is good!"

The three elders of Xuan Yuezong Taishang cross-legged, pinching their fingers, and three drops of blood flowed out!

An ancient formation is directly formed!

However, even their cultivation level cannot conceal this vision.

.....

At this moment, in the hometown of the Devil Emperor.

The Devil Emperor looked at the abnormal movement between Ye Chen and the Reincarnation Profound Tablet, and was slightly surprised.

"This kid has passed the test and is refining?"

"The key vision, you can't suppress it here."

"Bigger than I thought, **** it."

The magic energy around him rolled around, forming a barrier to wrap Ye Chen.

Obviously, he wants to protect Ye Chen.

The devil emperor's face was pale, and he hurriedly said to the devil outside: "Devil, is this formation formed by your own destiny?"

Demon Lingzi nodded: "Yes, Devil Emperor!"

A fire of Jiuyou ignited in the hands of the Devil Emperor, and the flame swallowed the entire barrier!

Ye Chen was covered by the fire of Jiuyou!

The vision around the body is faintly suppressed.

After finishing all this, the Devil Emperor ordered: "Activate the strongest protective formation and try to minimize the vision."

"Yes, Devil Emperor."

The nether gorge outside was collapsing, and numerous cracks appeared throughout the gorge.

The vegetation withered.

The giant tree burned out.

The countless monsters of the Nether Canyon turned into powder.

No one knows what happened in Nether Canyon.

And at this moment, Ye Chen is wrapped in the light of stars!

The cultivation base is climbing rapidly!

He Dao Jing three-tier heaven!

The four layers of heaven in the Hedao Realm!

He Dao Jing Five Heavens!

He Dao Jing Sixth Heaven!

The blood of reincarnation activated a part of it, the red dust divine vein!

actually promoted Ye Chenxiu's rank crazy!

This is the horror of the internal power of the Samsara Xuanbei!

Ye Chen's immortal divine body seemed to have sensed something, merged into the light of the stars, and was rapidly changing.

.....

At the same time, a mysterious palace.

A man sat cross-legged on a terrifying dragon.

Shenlong's scales shed countless auras, which were absorbed by the man.

The breath of the man's body is extremely powerful!

a golden brocade, destined to be extraordinary!

Suddenly, the man above Shenlong felt something and his eyes opened suddenly!

These eyes seem to have supreme authority and majesty.

He left the Shenlong below him, and said in a deep voice, "Open your mouth!"

The dragon opened its mouth!

There is an ancient stone monument in the dragon's mouth!

The radiance of the stele is extremely hot!

If Ye Chen were here, he would surely find that this was also a reincarnation monument!

The Shenlong man's complexion sank, and he murmured: "It seems...a piece of reincarnation monument has been refined."

"Someone has refined the samsara monument!"

"Damn it!"

"Before the congenital poisonous body awakened, now the reincarnation profound monument has changed. Is it possible that the guy's prediction will come true?"

A man feels a sense of crisis for the first time.

In the next second, the man took out a formation, slapped a palm on the formation, and quickly pinched his fingers.

The array turns.

Then, the man's cold eyes condensed, his five fingers grabbed, and the light of the reincarnation monument in the mouth of the dragon was actually held in his hand.

"With the light of the mysterious stele, look for the people who refine the stele!"

"Essence and blood are the guide, break through the void, stifle threats, addiction!"

The words fell, and a drop of blood shot at the samsara monument!

Void torn!

The blood seems to span thousands of miles!

And, the man above the dragon is pale!

Obviously, such a spell is too expensive!

.....

The hometown of the Devil Emperor.

At this moment, suddenly the wind is surging!

Thunder exploded in the sky!

A void crack appeared!

A drop of blood fell from the sky!

This blood is ruthless.

This blood, supernatural power.

This blood is going to kill the people who refine the monument!

Bai Zhentang and others naturally discovered something, and their expressions changed a lot!

"Not good Someone wants to shoot Ye Chen! Damn!"

"Lao Yin, Lao Long, you guys will stop with me!"

In the next second, the three elders of Xuan Yuezong took out swords in their hands, exerting a monstrous force and the power of closing the door.

The sword light is like three wild beasts, swallowing the blood!

However, the power of blood is terrible.

The three sword intent phantoms were directly torn apart.

They only slightly hindered the speed of their blood.

"boom!"

The three elders of Xuan Yuezong fell on the ground and vomited a mouthful of blushing blood.

They covered Ye Chen's formation, which had already consumed spiritual energy. Now it is naturally impossible to block this powerful essence and blood!

Who wants to kill Ye Chen!

Bai Zhentang watched as the blood shot towards the hometown of the Devil Emperor.

Demon Lingzi's formation barrier trembles slightly, and the blood is actually hanging in the air.

It can be seen how powerful Mo Lingzi's formation is at the expense of life and cultivation.

Bai Zhentang exhaled: "It's okay."

Suddenly, the abnormal change suddenly appeared, and the blood became an arrow phantom.

carrying a monstrous might, actually penetrated the barrier!

Bai Zhentang's face changed a lot!

Yin Ming covered his mouth and said loudly: "No!"

She doesn't want Ye Chen to be killed by blood!

However, the arrow of essence and blood still penetrated everything and headed for the depths of the hometown of the Devil Emperor.

The demon who guarded the gate became weak. .

The formation was penetrated, and he was greatly backlashed.

He wanted to stop, but he was powerless.
