### Chapter 1931: Devil! Sword God!

Mo Lingzi looked into the depths of the house and said loudly: "Devil Emperor! Be careful."

At this moment, the devil emperor swept by countless devilish energy, there was a trace of anger on his face.

That person still shot Ye Chen.

No matter what, he must block it.

If he recovers his physical body and restores his full strength, he can destroy it with a single eye.

But now, it's impossible for him.

He is too weak.

Seeing that the blood is about to fall, the eyes of the Devil Emperor are full of killing intent.

No matter what, he must block Ye Chen.

In the next second, the Devil Emperor stepped forward, and a magic sword appeared in his hand!

Cut down with one sword!

With this sword, the whole hall instantly turned into dust.

The big sword touches the blood.

Time seems to stop.

Although blocked, the face of the Devil Emperor is still ugly.

He can't support it for long!

However, Ye Chen is still refining.

"Ye Chen, wake up, stop refining!"

Demon Emperor Road.

However, Ye Chen at this moment couldn't hear the outside world.

There was a crack in the magic sword in the hand of the Demon Emperor.

"boom!"

directly shattered!

The Devil Emperor is unyielding, just point it out!

One finger gathers demons and burns everything.

The essence and blood are like meteorites, unstoppable.

The devil's body is moving.

Damn it!

"I can't support it anymore, what should I do?"

"Is it all doomed to fall short?"

"I must restore my body as soon as possible."

"But if this kid dies, what chance do I have to come back again!"

Just when the Demon Emperor phantom could not support it, a lazy voice fell: "Opportunities are always won by people."

The Devil Emperor was startled, and then he glanced at it.

A huge sword box suddenly appeared.

stood a lazy man behind the sword box.

The man holds a piece of grass in his mouth, looking extremely casual.

But at this moment, there was a hint of anger in the casual eyes.

"Although I am not the master of this kid, there is no need to help him."

"But, I don't like that kind of superior existence to attack a junior."

"Six sword boxes, open!"

In an instant, the brilliance is bright!

The sword box opened, and six powerful swords rushed out!

Six swords are in one, the supreme power is gathered!

The Devil Emperor showed a smile and didn't hesitate. Both of them were phantoms, and they didn't have one-thousandth of the power of the body, but they had to use everything to help Ye Chen block it.

"The group of ten thousand demons, I am the emperor, I have a long history, one finger breaks the sky!"

The man with the sword box also smiled, glanced at Ye Chen, turned around, his eyes shot like cold stars, his brows were as lacquered, his chest was broad, and he was invincible!

Point the sword!

"What about the Kingdom of God in Lingwu Continent, remember, my name is Six Sword Gods!"

"The wind is clear!"

"Broken!"

The six powerful sword intents and the endless magic energy merge into the heavenly power!

"boom!"

The blood shattered on the spot!

The thunder robbery of the sky is all erased.

The violent air wave flew, Ye Chen opened his eyes fiercely, and spit out blood!

He knew the external affairs, although he was hurt by the air wave, but it was already the best result.

He just wanted to stand up, a heavy feeling came, and he fell to the ground.

too tired.

Within a few seconds, everything returned to calm.

Because the formation was broken, Bai Zhentang and others rushed in.

When he saw Ye Chen's injury, his face changed drastically.

"Bring Ye Chen back to Xuan Yuezong."

The injured Demon Lingzi looked at everyone, and finally fell on Yin Ming's body:

"Little girl, you have accepted part of my inheritance, do you want to become stronger?"

"I can't leave this place. Would you like to practice here for a while."

Yin Che said directly: "No, I can't give her to you."

Demon Lingzi saw that everyone was desperate to take action, and continued: This is not a bad thing for this little girl. I am willing to accept her as my disciple. "

When everyone heard the words, they couldn't help being taken aback.

disciple?

What is this demon talking about?

So suddenly you want Yin Ming to be a disciple?

The demon spirit son, continued: "The hometown of the devil doesn't need me to guard it. I should train a disciple in the rest of my time."

In his opinion, it is impossible for him to follow the Devil Emperor.

But someone can!

Yin Ming!

The Devil Emperor was reborn in a young man, and this young man needs to be followed by a strong one!

and Yin Ming is the most suitable!

Just when everyone was about to speak again, Yin Ming stood up: "I am willing."

"Grandpa, Grandpa Bai, Grandpa Long, I hope you respect me."

Yin Ming's eyes are filled with determination.

Yin Che gave a long sigh, nodded and said, "Okay."

"But Demon Lingzi, if you dare to hurt my granddaughter, I swear, you will definitely die."

.....

Two days later, Xuan Yuezong, deep in the spiritual vein.

Atomized, liquefied spiritual energy, permeates the heaven and earth, here is the source of that spiritual pulse.

also, the whole spiritual vein, the spiritual energy is the most pure and dense.

And in the source of this spiritual vein, there is a clear pond.

The water in the pond is very clear, and on the edge of the pond, there are three figures sitting cross-legged.

These three are the three Supreme Elders of Xuan Yuezong!

At this time, the three of Bai Zhentang stared at the bottom of the pool intently.

In the crystal clear water, there lies a handsome young man.

is Ye Chen!

Now, Ye Chen's body has completely recovered, and even no scars are left.

You must know Ye Chen, but with such a powerful blood, he launched an attack with all his strength!

This abnormal vitality is really shameful!

However, the three elders still frowned.

Two days have passed, Ye Chen's body, although recovered as before, but his mentality has not been sober!

The blood is terrible.

Ye Chen's body may be strong enough to bear this burden.

However, although his soul, although it is far beyond the same level, it is still a bit short.

So that, until now, I haven't woken up yet.

This pool of water is the purest aura that has accumulated over countless years of condensation. In addition to its great benefits to the body, it also benefits the soul, especially for people like Ye Chen who are injured in the soul. .

Moreover, in that pool, there were also a few pills and spiritual materials immersed in them. These are holy medicine-level pill to heal the soul, and top spiritual materials that are helpful to the soul.

However, even with these help, Ye Chen's eyes are still up to now and have not opened yet.

The three of Bai Zhentang couldn't help but worry.

They were all considering whether to think of something else, Ye Chen, who was originally in the pool with his eyes closed, suddenly opened his eyes. .

With a bang, Ye Chen jumped out from the bottom of the pool and landed in front of Bai Zhentang and the others, saluting: "I have seen Master, I have seen two Supreme Elders."

Yin Che and Long Yitian waved their hands and said with a smile: "Ye Chen, when there are no outsiders, in front of us, there is no need to be so formal."

Chapter 1932: The Frost Sword God has fallen!

There is only Bai Zhentang, touching his beard, pretending to be dignified and authentic:

"The two of them are fine, but in front of me, you still have to salute."

However, even though he said so on his mouth, he looked at Ye Chen's eyes, but they were full of love.

Although, at the beginning, Bai Zhentang accepted the disciple Ye Chen, mostly because of Zi Ning, but now Ye Chen is already his most satisfied disciple.

Ye Chen smiled and nodded, "The disciple understands."

He knew that Bai Zhentang was really good to him, and he should be saluted to Bai Zhentang.

Yin Che said, "Ye Chen, since your injury is healed, go and see the instructor of Shenhua Academy. He is already in the clan and has been waiting for you for several days."

Ye Chen was taken aback, the instructor of Shenhua Academy actually came to Xuanyuezong specifically to bring him to school?

In terms of the status of Shenhua Academy and the status of the instructor in the Academy, this is simply incredible.

However, it seems that apart from this, there is no way to take Ye Chen to Shenhua Academy. After all, the location of the Academy cannot be disclosed casually.

After Ye Chen changed his clothes, he walked to the courtyard where the instructor of Shenhua Academy temporarily stayed.

Before entering the courtyard, Ye Chen heard a familiar voice.

That voice was reprimanding at this time: "Zi Ning, when you graduated, you cultivated in this way. How many years have passed, why haven't you made any progress? Why have you gone for so many years?"

Ye Chen walked into the courtyard and took a look. The person who spoke was someone he had seen before on the island where the Thang Long Competition was held, Chen Jiu, the instructor of the Law Department of Shenhua Academy!

To his surprise, there were two people standing beside Chen Jiu, it was Zi Ning and Meng Xingyun!

At this time, Zi Ning heard Chen Jiu's reprimand, her pretty face was full of grievances, while Meng Xingyun on the side was snickering.

Both of them were once students of Shenhua Academy!

Chen Jiu's sharp gaze shot at Meng Xingyun and said, "Meng Xingyun, are you still smiling?"

Meng Xingyun showed a trace of fear when he heard the words, and quickly put away his smile.

Chen Jiuqing shouted: "Meng Xingyun, your talent is not under Zi Ning at all, but when you graduated, your cultivation level was not as expected.

In the college, I slack off my practice all day, except for molesting female classmates. I think you haven't learned anything, right?

Although you have recently graduated, but at your age, at least, it should be the pinnacle of the star aperture. Just like you, you can still laugh? "

Meng Xingyun's expression also became bitter when he heard this.

They both heard Chen Jiu's reprimand when they were in Shenhua Academy. Unexpectedly, they would be reprimanded by Chen Jiu after they left the academy.

However, they knew in their hearts that Chen Jiu's words were completely out of good mentality for them.

Ye Chen couldn't help but smile upon seeing this, and walked to Chen Jiudao: "Teacher Chen."

Chen Jiu nodded, looked up and down Ye Chen, suddenly his expression changed: "Ye Chen, when did you break through to the seventh level of the Hedao Realm!"

Refining the Reincarnation Profound Tablet that day, Ye Chen finally stayed in the seventh layer of the Hedao Realm.

across five small realms!

You need to know that the more you get to the back, a small realm may take a lifetime to cross!

And crossing so many small realms in one breath, this is impossible in Lingwu Continent!

However, the Reincarnation Stele is the strongest thing in the world, and naturally has this qualification.

However, if there is no such action, I am afraid Ye Chen can break through more.

Ye Chen smiled: "Some chances."

Chen Jiu didn't ask too much, he was scarce at first, Ye Chen is like that, he cherishes it even more!

A smile appeared on his serious face and said: "I heard several seniors of Xuan Yuezong say that you have been seriously injured. It seems that you are recovering well now. Let's set off now."

Zi Ning and Meng Xingyun couldn't help but stay in a daze.

This legendary demon teacher actually laughed?

Besides, for Ye Chen, a student who violated the law of the college?

This is simply more incredible than seeing a real dragon flying by!

Ye Chen, it's too bad!

Chen Jiu didn't care about them at all. With a raised hand, he released a superb artifact flying magic weapon and flew into it first.

But Ye Chen did not go up.

Chen Jiu felt something was wrong and said, "Boy, what do you mean, why don't you come up."

Ye Chen said, "Teacher Chen, I still have some things to deal with, and give me some time to rest."

As soon as these words came out, Zi Ning and the three Xuan Yuezong Taishang elders changed their faces!

Ye Chen, I really don't know what to do!

Repeating this again and again, are you really afraid to provoke Chen Jiu?

However, Chen Jiu hesitated for a few seconds and then unexpectedly said: "How long will you still have?"

"Actually, if you go to Shenhua Academy, you can still get out. Shenhua Academy is not a prison."

Ye Chen still said: "Give me half a month."

Chen Jiu didn't talk nonsense, nodded and said: "Okay."

instantly disappeared from everyone's sight.

Meng Xingyun and Zi Ning are completely dumbfounded, when did this hard-faced selfless fellow talk so easily?

Shouldn't he be angry at Ye Chen?

They wanted to say something to Ye Chen, but Ye Chen handed over to Bai Zhentang: "Master, I have something to do, I want to go out for a while."

That day the blood of the Devil Emperor's hometown made Ye Chen understand the crisis.

He doesn't know if his identity is exposed.

He must look for a powerful existence.

Shelter him who has not yet fully grown up.

Right now, UU reading [www.uukanshu.com](http://www.uukanshu.com) should try to save those great abilities.

When the Yu Beast Spirit God dissipates, tell him to seek power, it is best to rescue the Ice Sword Immortal.

Although the Ice Sword Immortal Venerable Lan Xueyue is the Immortal Venerable, but being trapped in the Universe Killing Domain for so long, it is extremely possible to cultivate to the point of horror!

As for how terrifying, he didn't know.

The appearance of the essence and blood made Ye Chen perceive the crisis.

The Devil's Eye fell asleep temporarily.

The sword box man also did not move.

He has to do something on his own.

This is the first step behind shaking the blood!

After explaining everything, Ye Chen did not immediately go to Qiankun to kill the domain.

Instead, I went to see Ji Lin on Blood Fiend Island.

He found that Ji Lin has been fluctuating very strongly these days.

I am afraid I will wake up.

.....

At the same time, inside the Wanjian Emperor Palace.

Fierce Fire Sword God stood directly above, and the group of elders below was filled with sorrow.

The whole hall is extremely depressed, and some are dull.

"The life token of the Frost Sword God is broken!"

Liehuo Sword God spoke, there was no sound in the entire hall.

The life token is broken, which means that it is dead. The Frost Sword God's strength is extremely terrifying. Now it has all fallen, and the Universe Killing Domain may have a big chance of murder. .

Fire Sword God saw that none of the elders below spoke, and continued to speak slowly:

"At the moment when the Frost Sword God died, he would burn his essence and blood at the expense of his life to deliver an important message that only Ye Chen is qualified to step into the Universe Killing Realm."

Chapter 1933: 7-sided exquisite grass

One sentence stirred up a thousand waves, and strong people like the Frost Sword God had already died in the Universe Killing Domain.

Ye Chen, a martial artist in the realm of harmony, is really qualified to enter the universe of killing?

Everyone hesitated in their hearts, but the words of the Frost Sword God definitely had some truth.

"Anyway, you have to investigate clearly, Qingjian Xianzun, you go find Ye Chen, explain the ins and outs of the matter to him clearly, and let him decide for himself."

Qingjian Xianzun took his command, turned around and left the hall.

This time is not only about saving the Frost Sword Immortal, but also investigating what fatal crisis the Frost Sword God has encountered.

.....

Ye Chen returned to the Blood Fiend Island and came to Ji Lin's room.

However, Ji Lin still fell asleep.

Ye Chen frowned: "Is all this an illusion?"

At this moment, Ye Chen felt something and went directly to the hall.

He discovered that he had seen an acquaintance: "Qingjian Xianzun, you are..."

The complexion of Immortal Azure Sword at this moment is extremely ugly, I am afraid that something has happened to the Imperial Palace of Ten Thousand Swords.

The anxiety in his heart is even stronger.

Green Sword Immortal Venerable came over, laid down the barrier, and said, "Ye Chen, Frost Sword God, has fallen!"

"what!"

Ye Chen sat on the chair, and his whole person stood up directly, so powerful that he died in the Universe Killing Domain...

Green Sword Immortal Venerable said the whole cause and effect again, and Ye Chen probably understood it.

As for why the Frost Sword God said that only he can step into the Universe Killing Domain, I am afraid he knows something.

Otherwise, I would never say such a thing.

Qingjian Xianzun quietly waited for Ye Chen's reply.

Even if Ye Chen didn't go to the Universe Killing Domain, he would not be blamed. After all, such a strong person would fall. Who cares about his own life?

Ye Chen's current situation is only the seventh layer of Hedao Realm, and the chance of falling is too great.

If you are not careful, you will be overwhelmed.

"Even if you don't come, I will also go to Qiankun Killing Domain."

Ye Chen didn't hesitate to speak directly. If it wasn't for Ice Sword Immortal Venerable, he didn't know how many times he had fallen.

My master, I must save it!

Green Sword Immortal Venerable glanced at Ye Chen with relief, Bingjian is proud enough to have such an apprentice.

For the next thing, Green Sword Immortal Sovereign chatted for a few words and left alone.

After all, there are still a lot of things in the Ten Thousand Sword Emperor's Palace. After Ye Chen arranged everything, he was going to the Universe Killing Domain.

When he was about to leave, a voice from the reincarnation cemetery sounded.

"Take Ji Lin over!"

The source of the sound, turned out to be the sleeping six swords, the wind is clear!

Ye Chen has some doubts, Ji Lin is in a coma, how to take it?

But Feng Qingyang said so, there must be a reason.

Ye Chen carried Ji Lin on his back, got the map of Qiankun Killing Domain, and rushed directly.

Chen Jiu of Shenhua Academy has been urging himself, he can't delay it for too long.

Right now, he has too much to do.

Fly all the way crazy, without any stop at all.

After a full day and a half, Ye Chen and Ji Lin finally came to the entrance of the Universe Killing Domain.

is different from what Ye Chen thought, there are many people here!

Didn't you say that this place is dangerous?

Why are there so many warriors from the Lingwu continent?

After asking, Ye Chen suddenly.

It turns out that in the Universe Killing Domain, danger and opportunity coexist. I don't know how many warriors come to hunt for treasure in the Universe Killing Domain.

Beside them, some warriors were shouting and recruiting.

In the entire Universe Killing Domain, under the Star Aperture Realm, four people must form a team to enter.

Otherwise, it will be blocked by the formation of Qiankun Killing Domain.

Ye Chen didn't want to form a team, but in front of the rules of the universe killing domain, there was no way.

was only able to find some teams, but they were basically rejected.

Ye Chen's surface realm is only the Hedao realm seven-layer heaven, and it is a hindrance in the Universe Killing Realm.

As for Yu Jilin, not to mention, he was in a coma and weak, and he didn't even have the qualifications to hold back.

In this case, no one is willing to accept two people in a team.

Not only that, Ye Chen's face was slightly solemn, he found that when he came to Qiankun Killing Domain, a tombstone in the Samsara Cemetery shook.

In the Universe Killing Domain, it seems that there is not only one great power of Ice Sword Immortal Venerable, but also another great power.

"Xiang Xiaozong is still two people behind, is there any team together?"

At this time, there was a gentle female voice, Ye Chen's eyes condensed, and he decided to give it a try.

As for Xiangxiazong, Ye Chen also had a certain understanding, and he was the first-class sect of the entire Lingwu Continent.

Lingwu mainland has a vast territory with numerous sects, tens of thousands of times that of China!

This has also resulted in the emergence of hundreds of top sects and thousands of top sects in the Lingwu Continent. The number of sects of other levels is even more terrifying.

Ye Chen came to Xiang Xiazong's side and found two women, one of whom was wearing a black outfit, with a rugged figure at a glance, but the arrogant look on her face couldn't be erased.

Another woman was wearing a floral dress with a trace of morbidity on her face and obviously suffered some injuries.

"The strength of the two of you is too weak, and entering the Universe Killing Domain is also looking for death."

A look of disdain flashed in the eyes of the woman in the black costume. Any kind of cat or dog dared to come to the world to kill.

Ye Chen didn't say a word. He glanced at the strength of the two. The woman with strong black clothing was probably in the late stage of Good Fortune Realm. As for the eighth-tier or ninth-tier, she didn't know.

The morbid woman's strength is also above the realm of good fortune. The strength of these two individuals is not strong in the Universe Killing Domain, but they have a certain strength to protect themselves, Ye Chen himself is sure of a move. Defeat them within.

"Sister Leng Yan, it's really impossible to have them two!"

"Besides, this guy also brought a sleeping child..."

Now there are not many warriors who can't find the team in the Universe Killing Domain.

Senior Sister Leng Yan turned to look at Li Ting, a look of helplessness flashed in her eyes.

If it wasn't because of Li Ting's injury, she would rather procrastinate.

"It's okay to take the two of you together in a team, but you must be obedient, or don't blame me for being angry."

Leng Yan looked at the two Ye Chen, flashing a look of warning, if it weren't for Li Ting, these two cumbersome, she would not bother to bring them around.

Ye Chen nodded slightly, not wanting too much entanglement with these two people.

Anyway, enter the Universe Killing Domain to find a chance and then part ways.

He didn't want to follow Leng Yan and the others. Leng Yan thought Ye Chen was a burden, so why didn't he think so.

'S contempt for Leng Yan didn't take it seriously.

The next four people entered the entrance of Universe Killing Domain. During this period, Leng Yan didn't say a word, but Li Ting talked a few words. .

Ye Chen learned from it that because Li Ting was injured, he needed a seven-faced exquisite grass to heal his injuries and only come to the Universe Killing Domain.

The entire Lingwu Continent can only find the seven-faced exquisite grass in the Universe Killing Domain.

## Chapter 1934: 1 sword broken!

The four people entered the Universe Killing Domain together and found that there was only a faint light in the entire Killing Domain, and it was abnormally dark. Ye Chen looked up and found that there were countless intersections in the entire Universe Killing Domain, only crossing horizontally.

Ye Chen could feel that there are some terrifying existences in every intersection. It seems that it is not so easy to find the Ice Sword Immortal.

Leng Yan watched carefully from the side, but couldn't see it at all, basically every road was almost the same.

In this case, there is no particularly good way.

Leng Yan pointed to a road casually and asked Li Ting.

As for Ye Chen and Ji Lin, she automatically ignored them.

Ye Chen didn't think too much, anyway, he could go any way.

Now that it has been decided, the four people walked one of the roads on the left.

An hour's time, the four were cautious, after all, no one knew what they would encounter in the Universe Killing Domain.

Every time you take a step, you have to check carefully, Ye Chen's face gradually showed a solemn look.

He didn't dare to be careless here, the Frost Sword God could fall into the Universe Killing Domain, and you can imagine how terrifying it is.

Click!

At this moment, there was a dull sound, and a blood-colored barrier suddenly rose into the sky.

Boom boom boom!

There was a rumbling sound from the whole ground, and the deafening sound made everyone shocked.

"No, we touched the ancient incomplete killing array!"

Leng Yan's pretty face became very ugly. He didn't expect that he would be dangerous just walking.

I didn't finish this one-third of the journey, and I met a threat. I didn't know what horror existed behind me.

This made Leng Yan feel, thinking of the chance of finding the seven-faced exquisite grass, it became increasingly slim.

The entire killing formation rose up, and a fatal sense of crisis radiated from the cold face.

This sense of crisis became stronger and stronger, Leng Yan turned to look at Ye Chen, and then laughed at herself.

In the current situation, Ye Chen can't take care of herself alone, let alone help her.

Knowing this a long time ago, I would never agree to let Ye Chen and Ji Lin join the team.

is nothing but a drag.

However, Leng Yan has no time to regret now. The entire killing formation has been activated, and strands of red silk appeared above their heads.

These red silks are like snowflakes, falling continuously, and every red thread can feel the breath of terror.

If it falls on their bodies, they will probably explode directly, and they will be seriously injured by the explosion.

Leng Yan also couldn't count on Ye Chen and Ji Lin, took out a fiery red long sword in his hand, suddenly flew into the void, and cut it out with a single sword.

Boom boom boom!

At the moment when Jian Qi came into contact with these red silks, a fierce explosion occurred.

During the explosion, I could not see what was happening inside, and suddenly Ye Chen frowned.

Right above the formation, a suspended sword suddenly appeared. The entire sword was pitch black. Behind the sword, there were so many small swords standing.

Every sword exudes an aura of horror, the sword rain fell, and Ye Chen took out the rotten beast sword to protect Ji Lin.

As for his own words, these sword rains still pose no threat to him.

Because of the cold face from above, Li Ting can easily resist.

At the top of the formation, Leng Yan has been insisting hard, basically resisting most of the damage.

Roar!

Suddenly the sword rain disappeared, and there was a roar of monsters.

Ye Chen looked up and found a monster phantom. The entire monster has three heads. The whole body is jet black. A pair of scarlet eyes stared at the cold face.

You can tell at a glance, this is the spirit of the entire formation, the three-headed dog of hell.

As long as the three-headed dog of \*\*\*\* is defeated, the formation is naturally unbreakable.

Leng Yan saw this scene, a wry smile appeared in the corner of his mouth.

The strength of the three-headed \*\*\*\* dog has reached the peak of good fortune.

This is due to the incomplete formation of the ancient formation, otherwise it will only be even more terrifying.

The pinnacle of Good Fortune Realm, even if Leng Yan tried his best, he might not be the opponent.

She didn't expect it, but she was in a deep crisis just when she came in.

Leng Yan gritted her teeth and rushed forward with the sword in her hand. No matter whether she could defeat the three-headed dog of hell, she would try her hardest.

Ye Chen looked at the top of the formation and did not make a move. If the cold face can't solve it, it won't be too late to make a move.

Li Ting's pretty face was full of worry. Although her cold face was cold to others and her appearance was dismissive of anyone, she knew in her heart that it was just cold outside and hot inside.

Above the formation, Leng Yan exhausted every move, and the three-headed dog in \*\*\*\* was full of humane jokes.

Facing the warriors in the middle and late stages of the good fortune realm, he has absolute confidence to kill.

The battle basically lasted for ten minutes, and the three-headed \*\*\*\* dog's mouth suddenly emitted black energy, hitting Leng Yan's body.

噗嗤!

Leng Yan's face was pale, without any blood, a mouthful of blood spurted from his mouth, and his figure fell from the void to the ground.

Li Ting hurried over and held Leng Yan's body.

"It seems that the two of us are going to fall here."

There was a bitter smile from the corner of Leng Yan's mouth, and now no one can stop the three-headed \*\*\*\* dog.

Houhouhouhou!

There was a roar from the three-headed dog in the hell, red light appeared in his eyes, and the figure rushed towards Leng Yan.

Leng Yan and Li Ting closed their eyes in despair. Then they can only face death.

At the very close of the shot, a lazy voice sounded: "It seems that I still have to take action."

Ye Chen's whole figure directly rushed over, and the rotten beast sword in his hand rose instantly.

There was a muffled noise as soon as it was lifted up.

The three-headed dog in \*\*\*\* roared in pain, his eyes fixed on Ye Chen.

Leng Yan and Li Ting opened their eyes, and did not expect Ye Chen to make a move at the critical moment.

There was no change in Leng Yan's face when he saw Ye Chen take a shot.

Even if he shoots, a warrior in the Seventh Floor of the He Dao Realm is not an opponent of the Hell Three-Headed Dog.

The three-headed dog in the \*\*\*\* might be able to kill Ye Chen in seconds with one move, which is of no avail and cannot change any ending.

The three-headed dog of \*\*\*\* at the pinnacle of good fortune realm, Ye Chen didn't pay attention at all now.

The immortality in        burst out, like a huge wave, gushing out.

The breath of the three-headed dog in the \*\*\*\* rushed toward his face, but Ye Chen was unmoved, he didn't pay attention to it at all.

It's just a beast!

waved a sword and slashed out, the power of the law of time was blessed, so that the three-headed dog of \*\*\*\* had no time to escape.

This sword circulates in the void and rushes directly.

Boom!

There was a loud noise, and the three-headed \*\*\*\* dog made a miserable cry, and the entire illusory body suddenly shattered. .

Click!

One sword went down the three-headed dog in the \*\*\*\* and was directly killed in seconds. The moment the three-headed dog in the \*\*\*\* died, the whole formation suddenly shattered at this moment.

Chapter 1935: The Frost Sword God is down!

The three-headed dog of \*\*\*\* is the eye of the entire formation. Once it dies, the formation will break without attack.

Until now, Leng Yan is still in a dazed state, a pair of beautiful eyes staring at the front, eyes full of incredible.

What is going on here?

She feels that the amount of information is a bit big, and she doesn't know the situation at all.

A martial artist of the Seventh Floor of the Hedao Realm killed the beast at the pinnacle of the Good Fortune Realm!

This is real?

Leng Yan only felt that he had hallucinated, the boss with an open mouth.

Li Ting was the first to wake up and patted Leng Yan on the shoulder.

Leng Yan only reacted at this time, they are really fine!

Now Leng Yan looked at Ye Chen, completely changed.

She felt that Ye Chen was completely pretending to be a pig and eating a tiger, deliberately revealing the realm of the He Dao realm, which may be the existence of the peak of the good luck realm, or the great power of the star aperture realm.

Some of Leng Yan's thoughts, Ye Chen didn't take it to heart.

Now that he has entered the Universe Killing Domain, Ye Chen didn't want to continue with Leng Yan and the others.

After all, looking for the Ice Sword Immortal Venerable is very important, and there is no room for any mistakes.

Li Ting came to Ye Chen and said directly, "Thank you, if it weren't for you, we would die here."

Ye Chen nodded slightly as an answer, then step by step came to Leng Yan's side, and then directly said: "Since we have entered the Universe Killing Domain, we shall part ways."

The Universe Killing Domain is too threatening, Ye Chen has been extremely difficult to take care of Ji Lin alone. If Leng Yan and Li Ting are added, it would be difficult to get out of the Universe Killing Domain alive.

Leng Yan didn't speak, her character was like this, and she understood what Ye Chen meant.

Li Ting's face turned slightly ugly. If Ye Chen left, she and Leng Yan would not even have a chance to get out of the Universe Killing Realm alive.

How can the two of them be good?

Ye Chen didn't mean to discuss, and after finishing talking, he took Ji Lin and left directly.

Li Ting came to Leng Yan's side, watching Ye Chen and their backs leaving, whispered: "Senior Sister, what should we do now?"

Leng Yan pondered for a while, and decided to follow Ye Chen secretly, so that they would have a better chance of living in Qiankun Killing Domain.

Otherwise, if I rely on the two of them, there is no way to continue walking.

Li Ting's injury can no longer continue.

made up his mind, the two followed Ye Chen surreptitiously.

After an hour, Ye Chen walked so aimlessly that he could not find the Frost Sword God at all.

Ye Chen also found Leng Yan two people behind, but they didn't stop him.

At this hour, Ye Chen also encountered some broken formations and monsters, but they were all resolved by his own power.

Just like that, Leng Yan two talents can always come over.

Ye Chen took out a token, which was given to him by Immortal Azure Sword.

This token belongs to the Frost Sword God and possesses the breath of the Frost Sword God.

Ye Chen decided to use the secret technique to find the approximate location of the Frost Sword God, which is better than looking aimlessly.

After a quarter of an hour, he finally sensed the approximate direction of the Frost Sword God.

Ye Chen took Ji Lin to change direction, headed directly to the east, and quickly stopped.

He looked up and found a palace in front of him.

The whole palace is floating around, the blue breath is very strange.

The two people who had been following Ye Chen's cold face, their expressions changed completely.

Ye Chen carried Ji Lin on his back, his brows furrowed, he also knew a little bit about Qiankun Killing Domain.

This should be the legendary Netherworld Spirit Hall.

There is a rumor in the Universe Killing Realm that there is an old and one young living in the Nether Array Spirit Hall, and the formation is extremely cruel, with human blood as the formation.

On this road, Ye Chen didn't know how many formations he broke through, I am afraid it was arranged by this old and young.

The breath of the Frost Sword God is right in front, no matter what, I have to make a breakthrough.

Ye Chen glanced at Ji Lin who was in a coma, and walked into the Nether Array Spirit Hall.

When approaching the Netherworld Spirit Hall, a young man suddenly appeared.

The young man glanced at Ye Chen and Ji Lin, but there was no expression on their faces.

Ye Chen didn't know what was going on in the Nether Array Spirit Hall, and now he didn't want to conflict.

"Here, no one can enter. Get out quickly. You are not qualified to step into this place."

The young man's haughty look made Ye Chen slightly unhappy, suppressing the anger in his heart, and continued: "I have an elder missing. I hope it will be convenient for me to enter it without touching the contents. "

"I said, you are not qualified to step into it. If you don't leave, don't blame me for being polite."

Ye Chen could see the young man's contemptuous look, but the breath of the Frost Sword God was inside, how could he leave.

The mortal beast sword was held in his hand, and the breath of his whole body radiated. Since he did not agree to enter, then he could only forcibly break into it.

Seeing this scene, the young man didn't have any timid expression on his face. Instead, he waved his big hand and suddenly the formation moved.

The formation was working, Ye Chen found that the energy in his body was constantly being suppressed.

The aura of Hedao Realm was instantly suppressed to a mortal.

Ye Chen's brows furrowed, this formation can obviously restrain everyone's strength.

In the formation, not even a trace of power can be used, just like a mortal.

Ye Chen also thought about cracking the formation, but the formation he had learned in Kunlun was weak here.

Want to break through this formation is tantamount to idiotic dreams.

"Here, you cannot use force. If you want to go in, unless you can defeat me in the way of formation!"

As soon as the young man's voice fell, Ye Chen's face gradually became difficult to look.

It can be seen at a glance that this young man specializes in cultivating formations, but his level is not realistic at all if he wants to win.

The arrow had to be sent on the string, and Ye Chen wanted to leave.

A smile flashed from the corner of the young man's mouth, and then his fingers touched the ground, his speed was dazzling, and Ye Chen couldn't see clearly.

"Get up!"

The young man roared Beside him, a golden dragon rose into the air.

This is not a real dragon, it is a phantom formed by a formation.

"Golden Dragon Temple Sky Formation, are you interested in entering it and check it out?"

The young man looked at Ye Chen with provocative eyes.

Ye Chen glanced deep, the Frost Sword God's message was inside.

No matter what, he will enter.

He activated part of the bloodline, can't he break a formation?

In the next second, Ye Chen stopped hesitating, stepped out, shook his head and said, "Why do I have to take action?"

Chapter 1936: Boy, is there nothing to do?

The youth watched Ye Chen really come in, sneered again and again.

He was born in the realm of Qiankun killing, subtly practicing the way of formation.

On formation, he has never been afraid of anyone.

Fighting formation is also divided into two rules, death fight and life fight. The young man obviously wants to fight Ye Chen to death.

But what puzzled the youth was why this kid brought a comatose girl in.

is carrying a little \*\*\*\* his back, is this looking down on him?

Still talking about breaking the tank and breaking it?

"Smelly boy, the power in the formation is enough to destroy the girl. It seems that you have to put your back on you when you die."

The young man laughed.

However, Ye Chen hugged Princess Ji Lin in his arms, then walked on the edge of the formation, inserted the Beast Rotten Sword aside, pinched his fingers, the Beast Rotten Sword formed a sword intent barrier, and then gently put down Ji Lin, use this sword to protect Ji Lin.

Put Ji Lin outside, he was naturally uneasy.

Only in the formation, he has the confidence to protect.

However, he really couldn't figure out why Feng Qingyang wanted him to bring Ji Lin to the Universe Killing Domain.

A comatose person, in such a dangerous place, life and death are hard to control.

What's more, I have to protect Ji Lin everywhere.

is difficult to display.

"Jilin, Ji Lin, when are you going to sleep until this time."

Ye Chen shook his head helplessly, and finally looked at the youth.

Suddenly, the power of the formation condenses.

Everything around is blurred.

The formation method of Lingwu Continent, although Ye Chen didn't have much research, he still knew something.

The so-called array path is divided into two types, the array using treasures, and the other using the power of heaven and earth.

When Ye Chen watched the young man just now, he felt that he hadn't stored any treasures. It was obviously a golden dragon temple array that was arranged by the power of heaven and earth.

When Ye Chen was thinking, he suddenly felt a dangerous breath, and the originally dim place suddenly became brighter.

The dazzling light made Ye Chen unable to open his eyes at all, and suddenly there was a roar of a monster.

The illusory golden dragon roared from above, and the whole ground was shaking.

Ye Chen didn't have time to hesitate, so he backed away.

The only way at the moment is to find the formation and then find a way to crack it.

is easy to say, but it becomes extremely difficult to do it.

Borrowing the formation of the power of heaven and earth, it is more difficult to find the formation eye, not so easy.

Golden Dragon chased after him. Fortunately, Ye Chen's physical body was strong, and he activated a part of his bloodline, but the consequences would be disastrous.

However, before the critical moment, he will never use the power of that bloodline.

Ye Chen dodged while observing the formation with the naked eye.

If you continue to drag things like this, the situation will only get worse.

Ye Chen showed a wry smile when he thought of this.

The corners of the young man's mouth rose slightly, how could his formation be easily broken.

Ye Chen's ending in it is only death!

Inside the formation, Ye Chen's situation was getting worse and worse. During this period, he destroyed three places, but the formation was still circulating.

You can only find the formation eye, but the formation eye is too secretive, even Ye Chen feels that this formation eye is a living formation.

Every time when he is about to approach the front, he can automatically escape and hide. It is not a fixed front.

Relying on Ye Chen's knowledge of formation, there is no way to break it, and his actions are getting slower and slower.

The young man smiled: "Boy, in this world, the power of formation is far better than force. What are you fighting against me?"

At this moment, Ye Chen's eyes flashed a fierce look, and he took out two space-time soldiers and ten Combination Dao artifacts.

"Today I would like to see if it is your formation or my thousands of soldiers!"

He decided to break the formation with force. Although the energy in his body is confined, the power of the soul in his mind can still be used.

With the help of the power of the soul, the power of urging a thousand soldiers to explode is enough to break this formation.

Time and Space Soldiers and He Dao artifacts are condensed together, Ye Chen turned to face the Golden Dragon behind him, muttering in his mouth: "Thousands of soldiers burst!"

At the moment Ye Chen's voice fell, the terrifying aura exuded from the space-time soldiers and Hedao artifacts exploded in an instant.

The youth's face changed drastically!

This kid actually exploded with a soldier of time and space!

This \*\*\*\* crazy!

How can there be such a fight!

This is completely messy!

However, he can't help but react!

Boom!

Endless power swallowed!

The air is surging!

Ye Chen went to Ji Lin's face, using his body to block the aftermath of the explosion!

The deafening sound made the young man's complexion drastically changed, and the whole formation suddenly shattered, and there was a clicking sound.

At the moment when the formation was broken, Ye Chen's figure appeared.

The young man did not dare to think too much, suppressed the shock in his heart, and released the killing intent in his eyes.

As long as another formation is deployed, Ye Chen will not have a chance to survive.

The young man did not continue to take action, waiting for Ye Chen.

Next, it is Ye Chen's turn to arrange the formation, and the young man will break the formation!

Ye Chen's face gradually became solemn, his formation method is top-notch in Kunlun Xu, but when used to deal with young men, it is a little insignificant.

But the Frost Sword God of Ten Thousand Sword Emperor's Palace is inside.

He must go in The Frost Sword God has been looking for the Frost Sword Immortal Lan Xueyue for many days.

Maybe, the other party is in control of Lan Xueyue's whereabouts!

No matter what, Ye Chen has to try his best by himself.

It doesn't matter if he dies, but Ji Lin is still by his side, and nothing can happen.

Ye Chen took out the spirit stone and the formation plate according to the formation method passed to him by the power in his memory, forced out the blood, and directly condensed the formation!

When the young man saw this scene, his eyes became even more disdainful. Using the formation of the spirit stone and the formation, he could easily break it open.

Within a quarter of an hour, Ye Chen's formation was completed. This is a trapped formation with elements of magical formation added.

He wanted to kill the young man with the killing formation, Ye Chen had no such idea at all, it was not realistic at all.

The only hope is to be able to trap the young man for a moment, and then take advantage of the opportunity to rush in with Ji Lin.

The sleepy formation was set up, and the young man stepped directly inside.

The moment the young man stepped inside, Ye Chen was about to rush in with Ji Lin, but at this time, the entire formation was faltering, and it was already broken.

Ye Chen frowned, the young man just entered inside, less than three breaths time.

If the power in the body has not been sealed, Ye Chen can use the time of three breaths to leave directly, but now it is impossible. .

The wind is still clear and there is no movement, I am afraid that the formation method mastered by the opponent is extremely against the sky.

Seeing Ye Chen's expression, the youth suddenly smiled: "Boy, is there nothing to do?"

Chapter 1937: Ji Lin wakes up!

"I've been cultivating here for so many years, and looking at the entire radius, there are not many people who can fight against me."

"Today, even if the king of heaven comes, you will definitely die!"

Ye Chen raised his head, and just about to say something, a crisp voice suddenly rang in his ear.

"It's really noisy... I can't sleep at ease!"

Hearing this sound, Ye Chen was extremely excited!

Ji Lin... Ji Lin unexpectedly woke up!

Ji Lin stretched lazily, glanced around, and then noticed Ye Chen, with surprise in his eyes: "Ye Chen, where is this?"

"I'm so hungry, do you have snacks?"

"Ye Chen, we haven't been to China for a long time, can you go and get me some snacks."

"I want Lay's potato chips, I want marshmallows, I want pickled chicken feet... I want a lot of them, and I have hidden a few storage rings. When do we go to install them."

"Have I slept for a long time? I'm really hungry."

"Ye Chen, have you listened to me? You dog man, you tricked me into here and won't give it to me. I want to tell my sister that I want to report it under my real name..."

Ye Chen: "....."

What surprised Ye Chen was that the first thing this girl woke up was thinking about China's snacks.

However, he vaguely felt that something was wrong with Ji Lin.

Even he can't check Ji Lin's cultivation!

is like being protected by a force!

Is this because of the awakening of innate poison?

The young man listened to Ji Lin's chattering endlessly, his expression was a bit frozen, endless anger surged!

I was actually ignored by these two ants!

He roared: "Looking for death!"

"In that case, I will personally send you and that stinky girl to hell!"

In the next second, the young man pinched his fingers, and a powerful array of light was flowing around his body.

Ye Chen just wanted to protect Ji Lin, but Ji Lin broke free of Ye Chen and walked towards the youth step by step.

Her mouth is pouting, her big eyes are filled with displeas!

Ji Lin is very angry, the consequences are serious!

When standing five meters away from the young man, Ji Lin stopped: "Who are you scolding?"

The young man was startled, he found the ripples flowing around the girl a little strange.

can even step into the formation at will.

But he didn't think too much, and sneered: "It's you stinky girl, I..."

The voice suddenly stopped.

I saw Ji Lin force a drop of blood.

As soon as the blood came out, the aura within ten miles was extremely cold.

An invisible killing intent covers everything!

Moreover, all the surrounding formations shattered directly.

is too weird!

"You are the stinky girl, your whole family is stinky!"

"I have a lot of blood, I will give you a drop!"

"Go!"

Accompanied by Ji Lin's voice, the blood floated in the air.

The strength emanating from the blood is extremely terrifying.

The moment the blood was submerged in the formation, the whole formation suddenly changed its appearance.

The array hummed, and the originally white light curtain became abnormally dark.

The black pattern condenses on the light curtain, Ye Chen can see that when Ji Lin's blood drips into it, the entire formation becomes a killing formation.

These black auras are the poisonous gas of innate poison.

These poisonous gases filled the entire formation.

The young men were about to break the formation, who knew that suddenly, the formation became extremely terrifying.

caught him off guard and inhaled some poison gas.

He thought it was just ordinary poison gas, who knew that the poison gas quickly spread all over his body.

There is no way, he can only temporarily suppress the poisonous gas in the body first, but the poisonous gas in the formation is getting stronger and stronger.

He must break the formation as soon as possible before he can get out, or he will die here sooner or later.

Time passed bit by bit, Ye Chen himself could not see the situation inside.

The formation is full of poisonous gas, and the situation inside cannot be seen clearly with the naked eye.

The voices of fear were continuous and shocking.

Click!

At this time, the formation was broken, and Ye Chen pulled Ji Lin over and let her stand behind him.

What is the young man doing now, he doesn't know.

When the young man appeared, Ye Chen was completely relieved.

Now he, completely dark, with an expression of pain on his face, let out a scream, his body rolled on the ground, anguish.

Nowadays young men don't even talk about setting up the formation, whether they can survive is another matter.

"You are a poisonous body! How can it be? How can blood and blood break the formation!"

The youth's vitality is fading, he looked at the little girl not far away in horror.

But Ji Lin stretched out and touched his nose: "I haven't figured out what this trick is."

After finishing speaking, she looked at Ye Chen and asked: "Ye Chen, what kind of move do you think sounds very powerful?"

Ye Chen just wanted to talk, Ji Lin patted his forehead: "Hey, I thought about it, this trick is called Super Invincible Essence Technique!"

"Well, I'm really smart."

The words fell, the young man turned into a black smoke on the spot, and he didn't even have the right to struggle.

Ye Chen was stunned.

Is this the power of innate poison...

This is too scary!

Before Ye Chen could react, Ji Lin took Ye Chen's hand and walked toward the Netherworld Spirit Hall: "Ye Chen, don't worry about my super invincible essence and blood technique."

"From now on, I will be the kind of mysterious master of TV series, and I can't shoot casually."

"From now on, my value is different from yours."

"Of course... I can do it a box of snacks."

"Children are not bullied, hee hee!"

Ye Chen: "....."

Ji Lin's eyes showed a light: "Forget it, I won't tell you, let's go in and take a look."

.....

At the door of the Ming Array Spirit Hall, Ye Chen directly opened the door and walked in.

As soon as he came in, the dark room suddenly lit up. Ye Chen glanced around and found a lot of monsters' bodies lying on the ground.

Ye Chen came to the corpse of a monster beast and took a look, his brows furrowed.

All the internal organs in these monster beasts disappeared, and not only that, there were no scars on the outside.

Obviously something happened in the body.

When Ye Chen was thinking, Ji Lin's horrified roar came.

"Ye Chen, be careful!"

Hearing Ji Lin's words, Ye Chen raised his head and glanced up, and found that he didn't know when, these dead monsters actually stood up one by one.

When these monsters stood up, there was no light in their eyes.

Seeing this scene, Ye Chen retreated to Ji Lin's side.

These monster beasts don't have any breath of life, and they are obviously dead. As for why they can still stand up, I'm afraid something in their body is controlling.

Roar!

The number of monster beasts is at least 500, and their strengths vary.

There are monsters in the Hedao realm and monsters in the good fortune realm, and these monsters pounce on Ye Chen one by one. .

Ye Chen took out the Beast Rotten Sword, slashed it out with a single sword, and the sharp sword light rushed over.

Chapter 1938: whereabouts!

A sword light directly crushed the limbs of a monster beast, but these monsters could not feel any pain. Although they could not act, they kept roaring.

The demon beast rushed in from all directions, Ji Lin snorted coldly, waved his big hand, and the poison gas in his hand was released.

The existence of the innate poison body can not be tolerated by the heavens. One can imagine how terrifying the strength of a body.

For Ji Lin, the leapfrog operation is completely stress-free and extremely easy.

The two people kept cleaning up the monsters, Ye Chen's speed was not as fast as Ji Lin.

To deal with a group of enemies, poison is the best way to kill in a large area. Ye Chen specializes in containing the powerful monsters. As for the monsters in the Harmony Realm, they are handed over to Ji Lin.

Ye Chen swung a sword, and the monsters of the good fortune realm continued to fall down, but they also kept consuming the energy in his body.

With his hand up and the sword falling, Ye Chen cut open the belly of a monster at the peak of Good Fortune Realm, and found that there was a small formation inside it.

Ye Chen saw this scene and had to admit that the person who arranged the formation was a ghost.

It is only ghosts that can use the formation to keep these dead monsters fighting.

Although there are a lot of five hundred monsters, it is relatively easy for Ye Chen and Ji Lin to solve them, but it only takes some time.

Soon, all the monsters on the ground have been cleaned up.

Ye Chen took out some pills and put them in his mouth, and the two of them instantly recovered to their heyday, and continued to the second floor.

I don't know what to face next, Ye Chen must be fully prepared.

After        came to the second floor, there was nothing, Ye Chen and Ji Lin could only continue walking.

I didn't see anything from the second to the fifth floor. When he came to the sixth floor, Ye Chen felt a trace of death.

Although there was only a slight strand, it also made Ye Chen's heart become vigilant, and no one knew what was inside.

The moment Ye Chen opened the sixth floor gate, he saw a man standing not far away.

There was no aura of life in the man, but Ye Chen could see that his strength had reached half a step into the star aperture.

Ye Chen asked Ji Lin to step back a little. Although this man was already a dead person, if he guessed correctly, there must be a formation inside.

He didn't expect that someone would experiment with a powerful half-step star orifice.

The man held a sledgehammer in his hand. Next to him, there were more than a hundred dead people, all of whom were at the pinnacle of good fortune.

These people have completely died, Ye Chen can detect with the power of the soul, there is no formation in it.

is obviously a failure.

The man standing on the ground suddenly opened his eyes closed.

At the moment of opening, the figure suddenly rushed towards Ye Chen.

At the moment when he rushed towards Ye Chen, the sledgehammer in his hand directly lifted up and slammed it on his head.

Ye Chen directly took out the rotten beast sword, the power of the six gods, the power of the king's way and the energy of Gengjin, burst out.

Although he is a half-step star orifice, Ye Chen didn't take it to heart.

This half-step star orifice has already died, and his practice cannot be used at all, he can only use the sledgehammer blindly.

Facing a mindless half-step star orifice, Ye Chen didn't care at all.

The rotten beast sword in his hand was directly lifted, and a sword swung out.

Boom!

Buzzing!

The void murmured, and the dead corpses around were directly frozen into ice sculptures.

A sword rushed towards his face, and the man used his sledgehammer to block it.

Boom!

The whole figure of the man flew out like a cannonball.

The moment the man flew out, Ye Chen's whole figure directly followed.

took it along, and sword flowers blossomed towards his face.

With a stab, the sword flower fell on the man's body, and it did not cause substantial damage to the body.

Ye Chen frowned, and he didn't expect this to happen.

Logically speaking, this man's body could no longer hold Ye Chen's swords, but the situation now is completely different.

The opponent's defense is extremely strong.

Even so, Ye Chen didn't think much about it. He stretched out a finger and murmured in his mouth: "The years are like a shuttle!"

hasn't used the power of the law for a long time, just familiar with it.

The power of the law of time burst out, and one finger fell suddenly, as if one finger was on a sunny day.

fell on the man, and there was a dull explosion.

Suddenly, the figure of this man disappeared strangely.

Behind Ye Chen, a sledgehammer screamed, reaching the extreme speed, he turned his head directly, the beast sword in his hand blocked it, and sparks flew.

"Go!"

At this moment, a sword cut out suddenly, wherever the sword light went, the entire ground was flying dust.

A sword urged it to the extreme, like a dazzling light.

铮! Zheng! Zheng!

Click!

The sledgehammer shattered, the sword's momentum was unstoppable, and it penetrated directly from the abdomen of the half-step star orifice powerhouse to the back.

Half-step the body of the star orifice powerhouse became two halves, and the formation inside was broken.

Ye Chen glanced, I'm afraid this is the best ending for this strong man.

Even if the body is incomplete, it will not be controlled by others.

Ji Lin came to Ye Chen's side, frowned and said: "Ye Chen, there is something mysterious here."

"I am afraid."

Ye Chen retracted the beast rotten sword, glanced at Ji Lin, and smiled slightly.

Congenital poison body, there are times when you are actually afraid.

He took Ji Lin's hand and continued to the seventh floor.

He can feel that the breath of the Frost Sword God is getting stronger and stronger, I am afraid it is here.

Frost Sword God has fallen here. Ye Chen didn't know what kind of horror existed in the Nether Array Spirit Hall, and could only move on.

After arriving on the seventh floor, Ye Chen opened the door of the room and found an old man sitting aside.

The vitality of the old man was very strong, and when Ye Chen glanced at it, his anger could no longer be controlled.

The blood held by the old man belongs to the Frost Sword God.

Now he actually uses the blood of the Frost Sword God to create a big formation.

Ye Chen only felt that his anger was almost uncontrollable.

He could perceive that this old man is at least a star-aperture realm powerhouse.

This is not the most terrifying, this old man is obviously a master of formation.

The old man slightly opened his eyes and stood up directly, staring at Ye Chen with penetrating eyes.

Ye Chen watched the old man directly take out the beastly sword, his body erupted, ready to do it at any time.

"You can walk here as an ant, I am afraid there is something extraordinary."

There are red lights in the old man's eyes. For him, the human body is the best treasure for studying formations.

Especially the stronger the warrior, the more he can arouse his interest.

Ye Chen obviously meets this point. .

There must be something extraordinary about a martial artist in the Seventh Floor of the Hedao Realm who can defeat the half-step star aperture puppet.

This made him interested, he wanted to trap Ye Chen and study it.

Chapter 1939: Red and blue phantom

Ye Chen saw that the old man hadn't taken a shot, the whole figure suddenly rushed over.

At the moment he rushed past, suddenly a green light appeared under his feet.

"Formation?"

Ye Chen's brows furrowed, he hadn't noticed the existence of the formation just now.

The formation of the old man is much stronger than that of the young man.

At the moment when the formation was enveloped, Ye Chen suddenly saw countless corpses rushing over.

There are at least tens of thousands of these corpses, and the realm inside the corpses is also different.

Everything from the Divine King Realm to the Star Aperture Realm, these corpses are obviously not phantom formations, but the old man deliberately put them in the formation.

The old man squinted his eyes and looked at the situation inside the formation.

When Ye Chen was unable to do so, he closed the formation and took a good look at Ye Chen's body.

Thinking of this, the old man's heart couldn't help becoming excited.

Inside the formation, these corpses kept charging towards Ye Chen without knowing the pain.

"Jilin, blood!" Ye Chen said.

Ji Lin nodded obediently, immediately forced out the blood, and cast the congenital poison!

The endless corpse seems to be trapped by an invisible force, unable to move!

And Ye Chen rushed in too!

Gengjin Qi and martial arts magic energy package!

"The energy of Gengjin, the power of the six realms, the immortal sword intent, open, and the spirit and evil strike together! Break!"

Ye Chen let out a low cry, his whole body burst out, and he cut out a sword!

The explosion formed a frightening atmosphere, like a huge wave burning.

The terrifying aura permeated the entire formation from around Ye Chen.

stab!

At this moment, Ye Chen lifted up with a sword, and suddenly cut it out.

When cut out, the whole formation was constantly shaking.

The old man outside the formation looked at the scene, slightly surprised.

It seems that he overlooked one thing.

That little girl and this mysterious young man are both worth studying.

I don't know how long he has been in the Universe Killing Realm. Could it be that the genius outside has become such an evil spirit?

Ye Chen can feel the energy in his body, which is constantly being lost. I am afraid that it will not take too much time before it will be all consumed.

Boom boom boom!

Ye Chen didn't know how tired he was waving the beast sword in his hand. Pieces of corpses fell, but soon other corpses would rush over.

In this case, problems will occur sooner or later.

Ye Chen took out the Space-Time Soldiers and Hedao artifacts and threw them into these corpses.

"A thousand soldiers burst!"

At this moment, the space-time soldiers and the Hedao artifacts exploded directly.

When it exploded, there was a cracking sound from the entire formation.

The combination of the essence and blood of the innate poison body and the explosion of a thousand soldiers, it is somewhat miraculous!

When the formation broke down, Ye Chen rushed out directly.

The old man's brow furrowed, he didn't expect Ye Chen to burst out.

When Ye Chen's figure got closer and closer to the old man, he only saw the old man's fingers slightly slightly.

When he pointed his finger out, Ye Chen found that he was covered by the formation again.

Seeing this scene, Ye Chen almost vomited a mouthful of old blood, and the old man was able to arrange a formation at will.

The attainments of the formation method are too powerful.

Now that he entered the formation, Ye Chen had no time to think.

He found that all the surrounding scenery had changed. The surrounding dense forests could not be seen at a glance.

When Ye Chen was about to move, he realized that his legs could not move.

Ye Chen looked down and found that Mu Teng had wrapped his legs around him without knowing when.

He tried hard to break away, but these wooden vines didn't respond, still wrapped tightly around his legs. Not only that, the branches of the surrounding trees seemed to come alive one by one, and the branches instantly entangled Ye Chen's whole body.

These branches, even if Ye Chen tried his best, could not tear them off.

Wooden vines and branches, with constant force, wanted to crush Ye Chen's body.

Right in front of Ye Chen, a sharp sword rushed towards him, the sharp sword exuding cold light.

Ye Chen can't move his whole body now, and there is no way to resist.

The sharp sword pierced into Ye Chen's body, making Ye Chen's entire complexion pale.

ticking!

A drop of blood fell on the ground, and a black breath appeared in Ye Chen's eyes.

The beastly sword in his hand was showing a devilish spirit.

"From the demons?"

The old man's face changed slightly outside the formation.

Ye Chen now has entered a state of enchantment.

Ye Chen heard an icy voice, these magic qi fell on the wood vines and branches, and one by one broke instantly.

Although there was a slight change in the old man's face, he did not take it seriously.

Even if he was mad, he still couldn't escape the palm of his hand.

With absolute certainty, he played Ye Chen in the palm of his hand.

The branches and the vines were disconnected, and Ye Chen's body was able to move.

The most important thing now is to solve this formation to be able to rush out.

The big trees around the sky rushed towards Ye Chen frantically.

Ye Chen's face did not change in any way. It was impossible for him to rely on the way of formation to break open. He could only use brute force, but if this continued, he would be dragged to death here sooner or later.

This is a situation Ye Chen doesn't want to see, but there is no way.

Within a short time, he could not think of a way to crack it.

A wry smile appeared at the corner of Ye Chen's mouth Just when Ye Chen didn't think of a way to break this infinite loop, suddenly a group of red and blue light burst out of his body!

The red and blue light seems to have turned into a giant phantom!

Ye Chen was extremely surprised when he saw this phantom burst out.

This is Xiao Huang!

Isn't it just that Ji Lin wakes up, Xiao Huang also completely refines his ribs and wakes up?

Soon, Ye Chen's surprise color was completely dimmed.

In the reincarnation cemetery, the red and blue \*\*\*\* did not break.

It's just that it is obvious that Xiao Huang can perceive the danger from the outside world.

Such an endless loop of formations, Xiao Huang shot at all costs!

The red and blue phantom roared, opened his huge mouth, and even directly swallowed the formation.

The old man outside the formation frowned, and he didn't think of the sudden change.

When the old man saw the red and blue phantom clearly, something suddenly came to his mind.

"This...this is..."

The old man had a shocked look on his face. He never thought that this species was still in Lingwu Continent.

The moment the formation broke open, Ye Chen rushed directly to the old man.

The old man knew that if he continued to arrange the formation, it had no effect. After all, there were red and blue shadows, and any formation was useless.

When Ye Chen rushed over, there was no change in the old man's face. .

Although he knew Ye Chen was a bit weird, he didn't take it to heart.

The monstrous aura of the beast rotten sword filled the entire hall, and Ye Chen cut it out in a sudden.

Chapter 1940: What is Heaven in my eyes to Ye Chen!

When the sword was cut out, the old man chuckled, and then a black formation flag appeared in his hand.

I saw the old man wave his big hand, a yin wind blew, and the souls rushed towards Ye Chen like moths fighting the fire.

Ye Chen saw this scene, and the anger in his heart broke out even more.

These unjust souls are all the dead souls of warriors.

I thought that these warriors were already dead, who knew that the soul was still imprisoned by this old man.

"Slash the sky with a sword!"

The beast sword in Ye Chen's hand burst out with brilliant light, and the sword was cut out instantly at this moment.

At the moment they were cut out, these evil spirits made a miserable cry one by one.

When the unjust soul was destroyed, Ye Chen's whole figure rushed over.

The figure of the old man dodged slightly, and a figure suddenly appeared with a wave of the formation flag in his hand.

The moment Ye Chen saw the figure, Ye Chen's eyes turned blood red.

This is exactly the soul of the Frost Sword God.

At this moment, the Frost Sword God looked at Ye Chen, without any expression on his face, like a doll.

The soul of the Frost Sword God holds a sword in his hand, which is his saber.

Ye Chen did not expect that the soul of the Frost Sword God would also be imprisoned in the formation flag.

Logically speaking, the strength of the Frost Sword God should be stronger than the old man!

Why are you trapped?

But after another thought, Qiankun's killing domain is too dangerous, I am afraid the Frost Sword God has been injured.

In addition, the old man's formation is extremely weird, it is impossible to guard against, and it is possible to be restrained.

But right now, it's not bad.

From the appearance, the Frost Sword God has fallen, after all, the body has lost its vitality.

But the soul is not destroyed, there is still a chance to find the body!

Even so, Ye Chen still stirred up anger in his heart!

All this is caused by the old man.

The sin is unforgivable!

Ye Chen's whole body was full of anger, and the beast rotten sword in his hand exploded with terrifying devilish energy.

Immortal sword intent burst out of Ye Chen's body frantically.

staggered the Frost Sword God and rushed directly to the old man.

And at this moment, the soul of the Frost Sword God flashed awake, and turned towards the old man.

A crack appeared in the soul of the Frost Sword God when he went out.

When Ye Chen saw this scene, his heart ached.

Even if the Frost Sword God is dead and his soul is imprisoned, I still want to help him!

In his eyes, the old man is already a mortal existence, and he is definitely not allowed to live.

With a sword down, the palace is crumbling.

Although the old man is a powerhouse in the Star Aperture Realm, he has been studying the formations his entire life.

'S own strength is not strong, just forcibly used a pill to improve it, how could it be Ye Chen's opponent.

Facing this sword, the old man has no way to resist it.

噗嗤!

The old man spit out blood and looked at Ye Chen with a pair of eyes.

At this moment, the beastly sword in Ye Chen's hand fell on his neck.

"Don't... don't kill me, I know the secret of Qiankun Killing Domain."

"I can still resurrect that guy!"

The cold sword intent made the old man's eyes filled with terror.

He couldn't imagine that a boy in the Seventh-tier Heaven of the He Dao Realm would have more power than the Star Aperture Realm!

What the \*\*\*\* is this evildoer!

Ye Chen's eyes were overjoyed, the beast rotten sword slightly cut the old man's neck, blood overflowed: "Immediately, right away!"

"Yes Yes Yes!"

The old man pinched his fingers, and the ground suddenly cracked, and a sarcophagus hovered out: "I picked this person back in the Universe Killing Domain."

"At that time, the breath was already weak, so I started to use the human body to train the formation..."

At this point, the sarcophagus opened, and the scarred body of the Frost Sword God appeared in front of Ye Chen.

His clothes were soaked with blood, you can imagine what happened inside!

"My lord, you only need the remnant soul to enter the body, and take the Nine Ranks Spirit Pill, you have a chance to wake up! However, the strength has been greatly reduced, and it is difficult to return to the peak period..."

Ye Chen's killing intent broke out: "Don't talk nonsense, since you say that, you must have the Nine Revolving Spirit Pill!"

The old man was startled and looked at Ye Chen: "I hope you swear by the way of heaven, if I provide the Nine Transformation Spirit Pill, you will not kill me."

Ye Chen nodded: "As long as you provide medicinal pills, I won't kill you. Heaven is proof."

The old man took a long breath when he heard these words, and carefully took out a Nine Revolving Spirit Pill from his arms, blended it into the body of the Frost Sword God, and used a spell to let the remnant soul of the Frost Sword God into the body.

Ye Chen's eyes condensed, this pill is extremely high, and it is also a supreme treasure.

It seems that this universe killing domain is really not easy.

Time goes by every minute and every second.

I don't know how long it took, the Frost Sword God suddenly opened his eyes!

He struggled to get up, but found it impossible.

He released part of his spiritual sense, and when he found Ye Chen, he was very pleasantly surprised: "Ye Chen, you are really here!"

"Am I still alive?"

"My cultivation base..."

Ye Chen exhaled: "As long as you are alive, you can start again as far as your cultivation base is concerned."

At this moment, the old man excitedly said to Ye Chen: "I have restored your friend, his cultivation has nothing to do with me, he himself was injured."

"Are you supposed to let me go, you just swore to heaven."

Ye Chen hasn't spoken yet, Ji Lin has already walked out, with a drop of blood floating in his hand, endless poisonous intent gathering.

The old man's eyes shrank: "What are you going to do!"

Ji Lin smiled coldly: "Ye Chen swears, what does it have to do with me, Ji Lin?"

The old man panicked completely: "You can't be so mean!"

Ji Lin just wanted to use his bloodYe Chen stopped and said: "Ji Lin, you don't need to do it."

Ji Lin's eyes widened, in disbelief: "Ye Chen, you don't really want to let this bad old man go, he is necrotic and killed so many people! I want to poison him!"

Ye Chen said directly: "Recover the blood, listen to me."

Seeing this scene, the old man smiled and was extremely excited: "Boy, you are right like this. I swear that no matter what, I won't move you. We will assume that nothing is posted--"

The voice stopped suddenly!

The old man's eyes widened!

Because he found that the sword in Ye Chen's hand was directly cut down!

This son, want to kill him!

He stretched out his hand in disbelief and pointed at Ye Chen: "Why are you killing me? You swear to heaven!"

Ye Chen retracted the sword, his eyes exuded a powerful coldness, and a voice that sounded like nine days:

"What is the way of heaven in my eyes, Ye Chen!"

"What qualifications does he have to testify for me, Ye Chen!"

"boom!"

The old man's body fell to the ground and his head rolled off.

The eyes are extremely ferocious, with blood all over.

Ye Chen didn't plan to let the old man go from the beginning!

Such a despicable person, who is fighting on the lives of others, \*\*\*\* it!

As for the oath of heaven, it is ridiculous!

His fate, from the very beginning, Tiandao was not qualified to check it! !

What can this so-called oath restrain him!

Even if heaven really comes, Ye Chen, he still wants to compare with heaven and earth!
