Chapter 1951: Save people!

The battle between Feng Qingyang and Yan Kun outside was earth-shattering.

But Ye Chen in the sarcophagus was extremely excited.

After serving the essence and blood of the Qiankun clan, his originally stagnant cultivation base is slowly climbing.

Ye Chen didn't know how long he stayed inside.

Because it is pitch black inside, there is no concept of time at all.

And his realm has slowly entered the Ninth Heaven of Hedao Realm.

The power of essence and blood disappeared completely.

Moreover, Ye Chen discovered that even if it was the blood of the Qiankun clan, such a domineering existence was rejected when he touched his own blood.

It's like the blood of reincarnation, I don't like it.

Therefore, Ye Chen didn't integrate too much into the essence and blood, but chose to refine the power in the essence and blood alone.

It seems that the horror of the reincarnation blood is far more than the so-called Qiankun clan.

At this moment, Ye Chen felt something and opened his eyes!

The sound transmission note he gave to Ji Lin was broken!

Ji Lin is looking for himself!

Perceiving Ji Lin's crisis, Ye Chen did not hesitate to take out the Beast Rotten Sword, a sword broke the coffin.

boom!

The sarcophagus shattered.

Ye Chen was surprised to find that Feng Qingyang and Yan Kun had disappeared.

The ground is messy.

And there is a deep sword mark on the ground.

The mark of the sword is almost a kilometer long, with a depth of more than ten meters.

It was terrifying.

"It seems that Feng Qingyang's sword has already killed Yan Kun."

Ye Chen glanced at the windy stele in the reincarnation cemetery, gleaming lightly.

Obviously, Feng Qingyang has returned to the tombstone.

Ye Chen didn't hesitate, and went straight to Ji Lin's direction.

He arrived soon, and when he saw the scene before him, Ye Chenxin raised his throat.

At this moment, Ji Lin was full of scars, and Li Ting had collapsed on the ground.

Around him, there are several monsters approaching.

Obviously, the air wave caused just now shook these people, and the monsters in the Universe Killing Domain smelled the smell of blood and rushed over quickly.

Although Ji Lin had awakened the innate poison body, it was the power of the essence and blood. If the air wave and collapse suddenly formed, Ji Lin would have difficulty coping, after all, he lacked experience.

Looking at the monsters with squalid fangs, Ye Chen stepped out!

"court death!"

Ye Chen roared directly, the ghostly figure instantly rushed to Ji Lin's face, and those monsters instantly turned into blood mist.

"Are you okay?"

Taking a look at Ji Lin's injury, the anger in his body couldn't help but he took out the pill from the reincarnation cemetery and put it into Ji Lin's mouth.

"No...nothing!"

Ji Lin shook his head with tears in his eyes. At the critical moment, Ye Chen finally came!

Realizing that Ji Lin was not seriously injured, Ye Chen was also relieved a lot.

"Ye Chen, take a look at Leng Yan and Li Ting..." Ji Lin said.

Ye Chen nodded and glanced at Leng Yan and Li Ting not far away.

Li Ting's condition is very bad now, she is injured herself, and because of the abnormal movement here, she has fallen into a coma.

Leng Yan stood up from the ground, walked to Li Ting, and checked her wrist.

"No, if there is no seven-faced exquisite grass, she can't hold on for an hour!"

As soon as Leng Yan's voice fell, the whole person became desperate.

In an hour, wanting to find the seven-faced exquisite grass is tantamount to a dream.

Not to mention, she doesn't even know where the Seven-faced Linglong Grass is.

"It just so happened that I found one in Xuefeng."

Ye Chen took out seven-faced exquisite grass from the reincarnation cemetery, which was originally prepared for Li Ting.

When Leng Yan saw the seven-faced exquisite grass, her eyes widened, and her whole person became excited.

She hurriedly came to Ye Chen's side, grabbed the seven-faced exquisite grass, crushed it little by little, and put it into Li Ting's mouth.

Originally, Li Ting's pale cheeks gradually showed a trace of blood. Although she was still in a coma, she was no longer in serious trouble.

Believe that it will not take an hour to wake up.

"Thank you!"

Leng Yan stood up, looked at Ye Chen, and said.

Ye Chen smiled and didn't care, it was just the seven-faced exquisite grass, he just did it easily.

"Let's go out!"

There is no need to stay here anymore, but there are a lot of gains.

No matter what, this trip was considered a profit.

The four of Ye Chen returned the same way, and some bone-chewing ants were found in the middle, but after the sacrifice of Xuan Yan, everyone passed safely.

Coming out of the cemetery, Li Ting had already regained consciousness, and learned that it was the seven-faced exquisite grass that Ye Chen had found, and the gratitude in her heart could no longer be described.

After all, it is equivalent to a life-saving grace.

There was another reason why Ye Chen came out so quickly. He didn't know whether Yan Kun died or not. If he didn't die, who would know what would happen.

After all, that cemetery is related to the Qiankun clan. If Yankun provokes another formation, the consequences will be terrible.

He can no longer put Ji Lin in danger.

As for the relationship between the Qiankun clan and the reincarnation cemetery, Ye Chen didn't plan to go into the details, wait until the time to see the eternal holy king and ask again.

What the eternal holy king should know.

At the beginning, the Eternal Saint King once said that if the first reincarnation monument was activated, he would tell himself something.

That so-called game, the Eternal Saint King should also uncover for himself.

"Ye Chen, where are we going next... I always feel that this place is not quite right Ji Lin blinked his big smart eyes and curiously said.

Ye Chen looked around, and just about to speak, a clear voice came from the reincarnation cemetery: "Go west."

Simple words, no nonsense.

"Senior Feng, is Yan Kun dead?" Ye Chen asked.

However, the windy stele never moved.

Ye Chen had no choice but to hold Ji Lin's hand: "Let's go, go to the west and have a look."

"Also, Leng Yan and Li Ting, your things have already been obtained. For your safety, let's go out."

Leng Yan and Li Ting looked at each other, and finally said, "We will leave naturally, but not now."

Ye Chen ignored them, and let the two of them follow, moving all the way to the west.

However, in the hollow of the Qiankun clan, a figure staggered out, and it was Yankun.

The injuries Yan Kun received were very serious, but there was only a strange look on his face.

There is no anger.

The blow of the mysterious sword box man just now left him still in the shadow.

He looked at the back of Ye Chen leaving, and muttered: "That man will not kill me, let me swear by the \*\*\*\* of heaven and earth, and follow you behind."

"I don't know right or wrong."

"But in that population, you can contend against the kingdom of God, I don't believe it."

After speaking, Yan Kun's figure disappeared.

...

Ye Chen went all the way to the west, and the deeper he got, the more wrong he felt.

There was no breath of a monster beast around.

Complete silence.

It's too quiet.

Quiet is disturbing.

Ji Lin's little hand held Ye Chen tightly: "Ye Chen, why are you here? I always feel something is not right. Or, let's go out?"

Ye Chen didn't answer, his footsteps stopped directly.

Because he found that a huge vortex appeared in front of him.

Chapter 1952: Universe Killing Domain, Soul Palace?

The whirlpool was a hundred miles around, and the four of Ye Chen could only stand behind and did not dare to approach.

The black vortex is filled with countless devilish energy and blood energy, like the entrance to hell, eerie and terrifying.

Ye Chen discovered that the closer he gets, the stronger the vibrations from the reincarnation cemetery.

The inside of this black vortex is definitely related to the reincarnation cemetery, or the Ice Sword Immortal Venerable is here.

Ji Lin saw Ye Chen's thoughts, and said anxiously: "Why did you stop Ye Chen? Look at this whirlpool, it's too weird, let's leave!"

She glanced at the whirlpool, and felt a deep fear in her heart.

There seems to be something terrifying in this whirlpool.

"This place is a place of great evil at first glance."

Leng Yan's eyes looked at the whirlpool solemnly, not daring to take a step closer.

Once they look at it, they will feel uneasy, as if they will die inside.

Ye Chen smiled, and then said: "It's okay, I'll go in and check it."

Now that he has decided to go in, his mind will not change.

Regardless of what's inside, he wants to find out.

If you can find the Ice Sword Immortal, you can leave the Universe Killing Domain.

A wry smile appeared at the corner of Ji Lin's mouth. She knew that once Ye Chen decided something, it would be useless for anyone to persuade him.

This time Ye Chen planned to go alone. As for Leng Yan and Ji Lin, they found a cave for them to rest.

There are no monsters in the cave, and it has obviously been abandoned for a long time.

Ye Chen asked Leng Yan and the others to stay inside, and then used a formation to condense and isolate all the breath.

He could also feel a little uneasy from the whirlpool, which made Ji Lin follow Leng Yan and the others.

Once something happens to them, Leng Yan and the others can take care of Ji Lin.

Everything was ready, Ye Chen came to the black vortex.

The closer he gets, the more he can feel a huge suction force, and he wants to \*\*\*\* his whole person in.

Ye Chen furrowed his brows, gritted his teeth and allowed the suction to attract his body.

His body continued to sink into the whirlpool, and he didn't know how long time passed.

When Ye Chen opened his eyes, he looked up at his surroundings and found that the air was filled with twilight.

Not only that, Ye Chen kept walking and found some bones, these bones did not know how many years in the past, the body has been corrupted.

The clothes they wore were obviously different from the current clothes in Lingwu Mainland.

I don't know how long has passed since this place, but there is still a trace of murder in the air.

Ye Chen kept walking, and found that it was an ancient battlefield.

The corpse and the coagulated blood, with a trace of sorrow, seemed to bring him back to that time.

The entire ancient battlefield was extremely vast, and there was no sun above the sky. Ye Chen walked around at will and found that there was an abandoned palace in the front.

The palace stands on the ground, but a corner is broken at the top and it is incomplete.

Ye Chen's whole figure rushed over and came into the ruined palace.

As soon as he entered inside, Ye Chen was directly shocked by the scenery in front of him.

In the center of the palace, there is a giant dragon statue, and the entire body of the giant dragon is entangled with countless chains.

These ancient chains were submerged in the dragon's body.

Ye Chen raised his head and glanced at the dragon. He looked unusually small beside the dragon, like an ant.

The look in the dragon's eyes was full of despair, and there were tens of thousands of sharp swords stuck in the dragon's body.

All these sharp swords were inserted into the dragon's body, leaving only the hilt outside.

Ten thousand swords swallowed the dragon, and there were countless ancient chains trapped in it, making the dragon unable to move forward at all.

Ye Chen stared into the eyes of the dragon, as if seeing a miserable scene.

I don't know how many powerful people attacked the dragon. The sharp swords in their hands constantly pierce into the dragon's body. There are some powerful people who hold chains to control the dragon's movement.

The dragon roars unwillingly, and every time a roar comes, it can make these powerful people want to die.

One sword, two swords, a hundred swords, time does not know how long it has passed, the whole ground was stained blood red.

Until tens of thousands of swords pierced into the dragon's body, the chain restricted the dragon's movement.

In the desperate eyes of the dragon, he wanted to struggle for the last time. When the dragon raised his head, a huge sword pierced directly into his head.

Slowly, the dragon closed his eyes, and the moment he closed his eyes, a drop of blood and tear came out...

Ye Chen sighed softly, bypassed the dragon, and continued to walk toward the depths.

For some reason, he suddenly thought of the blood dragon.

The blood dragon swallowed the beasts and disappeared, and has not returned yet.

The only clue is the Nine Heavens Dragon Palace.

He wanted to find the Blood Dragon, but he didn't know where the so-called Nine Heavens Dragon Palace was.

But he believes that if the blood dragon wants him to go, it will definitely give him information.

After all, the connection between him and the blood dragon is more than anything.

Even, there is a spirit beast between the two.

At this time, he stopped, his brows furrowed, and the floor of the palace was covered with bones, these bones exuding a strong demon energy and blood.

glanced forward, and found that three kilometers away, all were bones, as if they had come to a magical land.

In the magic land, Ye Chen saw forty-nine sarcophagi.

The sarcophagus exudes terrifying devil and blood. Not only that, forty-nine sarcophagi are connected to the formation.

The lines of these formations converge on a golden skull sarcophagus.

Ye Chen saw the reason for the formation, he found that forty-nine sarcophagi were gathering energy towards the golden skull sarcophagus.

Ye Chen felt something was wrong, the formation was not formed naturally, as if someone did it deliberately.

"Why are these formation sarcophagi so familiar...and this breath..."

"Why is this breath exactly the same as that on Lin Juelong!"

While he was thinking, a voice suddenly came from the cemetery of Samsara Ye Chen, be careful! "

When Ye Chen heard the sound, he subconsciously wanted to evade, inserted the dragon's head behind his back, and the huge sword flew towards him.

The sword body exudes a terrifying chill. Although Ye Chen dodges fast, the giant sword is faster.

Boom!

went down with a sword, and directly brushed Ye Chen's arm, the clothes shattered a bit, even a trace of blood was stained on the arm.

Finally, the giant sword was nailed to the stone wall of the palace.

hiss!

Ye Chen took a breath and forcibly resisted the pain!

There are other people here!

His eyes suddenly shot in one direction!

In a dark part of the palace, I heard the sound of footsteps.

Pedal!

Ye Chen heard about the prestige and found five people walking out in the darkness.

Among the five people, four of them wore black robes, but the other one wore a fiery red robes. His fingers were long and thin.

Withered fingers, the breath of life on his body seems to dissipate at any time.

There is a hideous grimace mask on his face.

There is a jade pendant hanging around his waist.

There are only two words on it, Soul Palace.

Chapter 1953: There is a way to heaven, don't you go!

Ye Chen probed it with his divine mind, his brows furrowed, and he found that the aura of these five people were all from the sixth-level heavenly powerhouse of the Star Aperture Realm.

Prior to this, he was in the seventh layer of the Hedao realm, and he could barely fight against the powerhouses of the fifth layer of the star aperture, but the sixth layer of heaven was impossible.

Although he has already entered the Ninth Heaven of Awakening, he has no chance of winning in the face of five Star Aperture Realm 6th Heavens!

After all, after the Star Aperture Realm, a small realm is very different!

When the five people appeared, Ye Chen's eyes were fixed on him.

Beast Rotten Sword is in his hand, ready to shoot at any time.

When the five people saw Ye Chen, they were slightly surprised, and then there was a smile on their lips.

"I thought someone came in, I never thought it was you, Ye Chen!"

"There is a way to heaven, you don't go, and \*\*\*\* has no way to come in."

One of them stood up and looked at Ye Chen with a playful look in the corner of his eyes.

"Ye Chen, when you destroyed my soul palace and sub-rudder, I will let you be buried here today."

The five powerhouses of the Star Aperture Realm smiled sullenly, looking at Ye Chen's expression on his face.

Now the number one enemy of the Soul Palace is Ye Chen, and he didn't expect to meet him here.

"Why talk nonsense with an ant, if you meet, you will stay here forever!"

Ye Chen didn't speak, the momentum on his body continued to condense.

The five people glanced at each other, as if they had decided something, the breath of the whole person burst out.

The aura of their five Star Aperture Realm powerhouses constantly rushed towards Ye Chen, wanting to use their aura to crush Ye Chen.

As for whether Ye Chen could escape, they never thought about it.

They are the powerhouses of the sixth layer of the Star Aperture Realm, how could they let a Trash of the Dao Realm leave?

When the five men rushed toward Ye Chen fiercely, huge pressure was formed around Ye Chen, constantly crushing his body.

Ye Chen's face changed slightly, but there was nothing, his expression solemn.

The five people in the Soul Palace believed that there was no need to make a move at all, as long as they used their own coercion, Ye Chen could die.

When the five Star Aperture Realm experts thought that Ye Chen could not survive, a faint golden light appeared on the surface of Ye Chen's body, and the aura of immortal divine body permeated all around.

When the breath of the immortal body appeared, it blocked the coercion, so that the coercion could not approach Ye Chen's surroundings.

The five Star Aperture Realm experts frowned upon seeing this scene, their eyes fixed on Ye Chen.

At this moment, the aura exuding Ye Chen made them unable to realize what it was.

"This kid is really weird. Everyone shot together. The hall master can't judge this kid by the realm. If he took his head, I'm afraid the hall master will reward us with something."

One of the experts in the Star Aperture Realm spoke directly.

About Ye Chen's weirdness, people like them have known for a long time, click and kill early, so as not to have many dreams at night.

The five people made up their minds and were just about to take action, but Ye Chen's ghostly figure rushed over.

The beastly sword in his hand was lifted, and a sword cut out suddenly.

Boom!

With a sword down, the figures of the five star-aperture realm powerhouses retreated slightly.

This sword did not pose any threat to them, but it made the five people completely angry.

In their eyes, Ye Chen should kneel down and beg for mercy, begging for his life, who knew that he would take the lead and didn't put them in his eyes.

Behind Ye Chen, the six kings of the gods appeared, making a humming sound.

The law of time, ice, and time and space have urged to the extreme.

The immortal sword intent continues to spread, and the beastly sword exudes demonic energy, wandering in the palace.

The Ten Alchemy of Blood Qi suddenly increased his physical body twenty times.

Gengjin Qi, suppress everything!

Facing the five powerhouses of the sixth-tier stars of the Star Aperture Realm, Ye Chen had to be cautious, and once he took a shot, he burst out with the strongest combat power to fight.

"Although I don't know what your soul hall is doing, since you are from the soul hall, I will send you on the road!"

Ye Chen murmured in his mouth, and the beastly sword in his hand was raised instantly.

The moment the Beast Rotten Sword was lifted up, the sword intent rushed to the five powerful stars in the Star Aperture Realm.

The five strong stars of the Star Aperture Realm sneered, and then the five stood in different directions and rushed towards Ye Chen.

stab!

When Ye Chen waved his sword and cut out, a strong man in the sixth-tier sky of the Star Aperture Realm had reached the extreme speed and avoided directly.

Boom!

A sword fell on the palace, and there was an explosion, and the dust was flying.

Behind Ye Chen, there was a sudden voice breaking through the air. A star-aperture realm expert had already come behind him, and the whole person rushed directly.

Ye Chen turned around and used the beastly sword in his hand to block.

boom!

There was a muffled sound, and the whole figure flew out directly.

噗嗤!

Ye Chen stabilized his body, the blood in his body surged.

Facing a star-aperture realm sixth-level sky, he was not afraid at all.

But the combined strength of the five is far beyond everything!

It is difficult for him to contend now!

It was not too difficult to cross the two realms with half-step merging against half-step star orifice.

Unexpectedly, facing the Star Aperture Realm, the gap between the two realms is so big!

Ye Chen directly used a hundred steps to power up! Turned into an afterimage in place!

"So fast!"

One of the strong stars in the Star Aperture Realm just fell off and suddenly felt a heavy blow in his abdomen.

噗嗤!

This star-aperture realm's sixth-tier strong man was unprepared and was directly hit by Ye Chen's sword.

When he was about to shoot, he found that Ye Chen's figure had already disappeared.

Ye Chen's expression remained unchanged, and the beastly sword in his hand suddenly swung out with sharp sword light.

Boom!

The extreme sword light, the speed has reached the extreme, and it suddenly fell.

At the moment of falling, the star-aperture realm expert retreated directly. When he retreated, another sword light of Ye Chen had quietly fallen.

When the other sword light fell, Ye Chen's whole figure suddenly rushed over.

Boom!

When the sword light fell, although the Star Aperture Realm powerhouse had already evaded, Ye Chen's figure struck, and a palm fell.

boom!

slapped a slap on the chest of the Star Aperture Realm powerhouse, and backed his legs two steps.

However, another expert of the Star Aperture Realm has appeared behind Ye Chen.

A cold spear struck. Although it hadn't reached Ye Chen's body, the terrifying aura had begun to permeate continuously.

The surrounding palaces were crumbling, the boulders rolled down and began to collapse everywhere.

The palace inside has existed for some years.

Coupled with the attack power of Ye Chen and the strong soul hall, if you continue to fight, sooner or later, it will completely collapse.

When the cold spear was only three centimeters away from Ye Chen, the terrifying cold light made him feel the pressure, and in a fleeting moment, he turned his head and slashed out with a sword.

A sword touched the gun head of the cold spear, and sparks burst out. With the help of the impact, Ye Chen's figure retreated two steps.

When retreating, the left and right sides formed a pinching force, destroying the world, and swept away crazy.

Chapter 1954: Chance of birth

Ye Chen couldn't retreat, he could only forcefully challenge, his eyes flashed with cold light, he clenched the beastly sword in his hand, and the moment he waved his hand, the golden light on his body surged.

Golden light shines, like a \*\*\*\* of war!

He activated a part of the red dust divine veins and the immortal divine body.

Because he needs spiritual power to kill people, he can only activate a small part of the red dust veins!

The combination of the two, the immortal body is extremely domineering!

Immortal body played a role at this moment, and the devilish energy of the beastly decayed sword continued to spread from the body of the sword.

The breath of gold and gold, in the entire palace, wantonly flying.

铮! Zheng! Zheng!

The sword intent surged, and between the waves, a sword swung out.

The sword is dazzling, as if the entire universe of killing is eclipsed.

stab!

A sword came out, and the experts in the Star Aperture Realm each broke out their means, and the sword energy swept across the thousands of troops.

These Star Aperture Realm experts retreated again and again, Ye Chen took this opportunity to escape from the encirclement.

A hundred steps of electric power has made Ye Chen's speed reach the extreme, but behind him, the strong soul palace is chasing after him.

turned his head and glanced, although his speed was fast enough, it was only a matter of time for the strong soul palace to catch up.

He can no longer continue to drag on like this, if not, once the Chichen Divine Veins cannot be supported, he will not even have the opportunity to resist.

In case the spiritual power in his body is exhausted, he can only be slaughtered at that time.

Now that he has decided to fight, Ye Chen stopped in the void, and his devilish energy caused a gust of wind.

Seeing that Ye Chen didn't run away, but stayed in place, the corner of the soul hall powerhouse's mouth showed a sneer.

In their eyes, Ye Chen is already a mortal existence.

is just doing the last struggle now.

The immortal divine body of Ye Chen was surging with golden light, and black magic energy appeared all over his body.

The golden light and the magic energy are entwined, staggered vertically and horizontally.

Like a demon, not like a demon.

Like a Buddha but not like a Buddha, just like a combination of Buddha and demons.

The powerhouse of the Soul Palace frowned, and Ye Chen felt too strange for them.

The sacred and evil auras blend together perfectly, without the slightest flaw.

Logically, these two top energies are incompatible.

As expected, an evildoer like Ye Chen could not be described by common sense.

kill!

The soul hall strong man has a strong killing heart, and his figure is as fast as lightning, rushing towards Ye Chen.

Five tyrannical auras, mixed with the gust of wind, swept in, Ye Chen's eyes fixed on him.

When they rushed over, phantoms of Qilin and White Tiger came out from behind Ye Chen.

The two phantom beasts let out an angry roar, and rushed over in a blink of an eye.

嗖嗖嗖!

When they rushed past, the beast sword in Ye Chen's hand waved out, and the breath of immortal sword intent tore through the space.

caused waves of fluctuations, and ripples came from the entire space, and the extreme sharpness rushed out in an instant.

Sword Qi swept like a dragon destroying the world.

There are extremely unstable fluctuations in the space, the magic energy and the golden light of the immortal divine body are mixed in the sword energy.

And, a realm suddenly formed!

In the realm constructed by the ultimate killing intent, Ye Chen seemed to have the power above all else!

With the Realm of Killing, Ye Chen was able to barely display the magical powers that tended to be the real sword of the sky.

Although it is nowhere near the power of Zhantianyijian, but!

Enough to cross the border to kill!

The power of killing was poured into this sword. At the moment this sword was cut out, everything in the realm, except Ye Chen himself, seemed to be annihilated!

"Slash the sky with a sword!"

stab!

The five strong soul hall frowns! The expression is extremely weird!

Because just now, it seems to be the power of the realm.

But how can the warriors of the Hedao Realm display the realm?

Weird! It's weird!

One of the Star Aperture Realm experts pierced out the cold spear in his hand, and the spear shot out like a dragon, as if he saw an ice dragon roaring.

Roaring and Jian Qi were in contact with each other, an illusory ice dragon penetrated his body from his head, and shattered in the blink of an eye.

At the moment of breaking, killing intent culled away.

Boom boom boom!

There were several dull noises, and there was a muffled sound of explosion, and a strong soul hall ran out of the explosion range with a gray head and gray face.

At this moment, he is a little embarrassed. Although he looks a little miserable, he doesn't have much injury.

It's just that he looked at Ye Chen's figure in a rage and wanted to tear it apart!

He, a strong man of the sixth level of the Star Aperture Realm, was so embarrassed by a Hedao Realm.

Ye Chen shook his head helplessly, facing the five people, his sword of Zhantian could not be used.

No longer think about it, his whole figure, like a ghost, suddenly came to the side of the strong soul palace.

The strong soul palace saw Ye Chen's afterimage rushing towards him, his mouth showed a fierce smile.

If Ye Chen ran away, forget it, now he rushed over unconsciously.

The smile on his face flashed away, and when he saw the space-time soldier in Ye Chen's hand, the whole person's laughter stopped abruptly.

As Ye Chen's enemy, naturally knows his methods.

His mind only felt buzzing, and he didn't dare to hesitate anymore, he turned and ran.

Although his speed was fast enough, he was still a step slower after all.

Ye Chen's whole figure rushed over, and the space-time soldiers he was holding threw out.

Boom!

There was a sound of earth-shattering explosion, and the whole palace was blown into a hole.

The palace continued to collapse, Ye Chen glanced forward, and found that the star-aperture realm expert was very scarred and had suffered serious injuries.

I will kill you while you are sick!

This is Ye Chen's thoughts At the moment he rushed past, four strong stars behind him were chasing after him.

The four powerhouses of the Star Aperture Realm followed all the time, but Ye Chen couldn't manage that much now.

Now he must solve one person as soon as possible.

At that time, his pressure will be reduced a lot, only to have a win.

Just now one after another attack was to find a chance for a breakthrough.

Now that I find an opportunity, I can't let it go.

The Star Aperture Realm expert turned his head and found that Ye Chen was still chasing after him crazily.

A trace of fear appeared in his heart.

Ye Chen now looks like a killer, making him terrified.

He is a star-aperture realm's great power, and he is afraid of a martial artist in the Dao realm.

Ye Chen was behind him, raising the beastly sword in his hand.

When the Beast Rotten Sword was lifted, the breath of the immortal sword intent shocked the powerhouse of the sixth-layer heaven in the Star Aperture Realm.

looked back and found that a sharp sword light had hit his face.

Jianguang's speed reached an extreme, and immediately rushed to his side.

When he was only 30 centimeters away from his body. The sharpness behind him was like sharp thorns, constantly impacting his body.

Chapter 1955: 9 You Shura!

There was no way to escape, the strong soul palace stopped, his body was surrounded by black aura.

These black auras condensed together and entangled continuously, forming a phantom armor.

Boom!

Ye Chen's sword attacked on his armor.

Click!

Cracks continued to appear in the armor. The strong man in the Star Aperture Realm suffered a huge impact, and the whole figure flew out directly.

噗嗤!

A spit of blood came out of his mouth, his face gradually became pale, but no matter what, he finally saved his life.

Ye Chen furrowed his brows tightly, and it was really not easy to kill the powerhouse of the sixth layer of the star aperture realm.

One blow did not kill, he had already lost his best chance, after all, behind, the four strong men of the Soul Palace watched.

嗖嗖!

At this time, darts burst through the air and appeared behind Ye Chen.

turned his head, the beast sword blocked two or three darts, and his strength made him take two steps back.

Behind him, four strong soul halls came to Ye Chen's side, and one of them came to the injured soul hall warriors.

None of the five of them thought that just now, Ye Chen almost killed one person.

Ye Chen's talent now showed more and more against the sky, and it made their killing intent more and more intense.

If he is allowed to grow, it will not be impossible for the soul palace to be destroyed.

If you are waiting for Ye Chen to break through to the Star Aperture Realm, who will be able to kill him when the soul palace is strong?

This kid must be strangled in the cradle.

Boom! boom! boom!

One of the strong soul halls looked after the injured martial artist, and the other three strong soul halls suddenly took action.

This time they shot, they no longer have any reservations.

Sword energy, sword light, gathered above Ye Chen's head, mixed with terrifying coercion.

Everything around was torn to shreds by sword energy and sword light.

The aura continued to crush, but on Ye Chen's body, the golden light of the immortal divine body disappeared completely, leaving only endless devil energy.

Ye Chen must die!

The corners of the mouths of the powerful soul hall star orifices revealed the joy of the winner.

"Little beast, you destroyed the Soul Palace in the Divine King Realm at the beginning. Now you are in the ninth level of the Dao Realm, and your strength is so weird. If you step into the good fortune realm, I am afraid that the few of us will not be able to kill you. "

"But, if I guess right, you don't have much spiritual power in your body."

"What secret method you should have used just now."

"But the secret method is a secret method after all, you still have to die!"

"Haha!"

A few blows with the ultimate cold killing intent, like an evil beast, swallowed towards Ye Chen!

Ye Chen's eyes condensed, and he checked the spiritual power of his dantian, his face was cold.

has been opening a part of the bloodline, which is too depleted.

He Dao Realm cannot be combined with the Chichen Divine Vein after all, so it must break through to good luck as soon as possible.

The divine veins are too against the sky, and the current cultivation base is undoubtedly a violent heavenly thing, unable to exert the true power of the red dust divine veins and the reincarnation profound stele!

But it is impossible for him to sit still!

The six swords, the clear wind, must be impossible to shoot in such a short time.

can only rely on yourself!

Ye Chen grasped the beast rotten sword tightly, just about to take a shot, he found that the devilish energy in his body was increasing.

Also, the tingling sensation between the eyebrows is extremely strong.

Is this the devil's eye awakening?

Devil Emperor?

"Demon's Eye, aren't you asleep?"

Ye Chen was surprised.

"I was asleep, but something here woke me up."

"This Qiankun Killing Domain is one of the most mysterious places in Lingwu Continent, which is somewhat interesting."

"Since ancient times, the Universe Killing Domain has existed. After so many years, the Lingwu Continent has changed greatly, but the Universe Killing Domain has remained the same."

"The master you are looking for is trapped here. I am afraid there is something extremely intriguing behind him."

"Although you have stepped into the Ninth Heaven of the Hedao Realm, you are obviously unstable. Facing the cooperation of these people, your experience is not enough to deal with."

Ye Chenyixi: "You want to help me?"

Devil's Eye shook his head: "I just awoke, and I don't have much power to help you. After all, I wasted too much by fighting the blood in the Devil Emperor's hometown that day."

"However, the magic here is so strong, I thought of an interesting technique that can resolve the crisis a bit."

"This technique is based on devil energy, and it is called Shura Yin Mo Jue!"

"You look good!"

In the next second, the devilish energy of a hundred li all gathered in front of Ye Chen.

The footsteps of the few soul hall star orifice powerhouses suddenly stopped, so much devil energy made them feel that something was wrong.

is extremely depressing.

suddenly!

Those rich magical energy gathered together into an extremely vast figure!

The figure is eerie and terrifying, with a height of one hundred feet and a devilish spirit.

The entire ancient battlefield seems to be enveloped by endless magic.

There is no light in the sky, only the frightening darkness.

The three strong soul halls saw this scene and were shocked.

"Is this the Nine Nether Shura in the Biography of the Demon Race?"

"How come here!"

Nine Nether Shura!

Rumor has it that Nine Nether Shura possesses three heads and six arms, with a violent nature.

Like God but not God!

Like a devil but not a devil!

Like a person but not a person!

Nine Nether Shura is the master of killing, everything is in his hands, all for destruction.

At this moment, the figures of the three strong soul halls looked extremely small, as if Nine Nether Shura could destroy them with one kick.

The three pairs of killing eyes stared at them, making them feel the deep fear in their hearts for an instant.

One of them reacted first: "This is not the real Nine Nether Shura, but a magic technique, quickly, use all your strength to break this magic technique!"

"This kid is really evil. The more we drag, the more we can't control it!"

But Ye Chen didn't give them time to think, when they were stunned.

Nine Nether Shura's figure moved, every time he took a step, the ground shook the mountain, and a huge footprint appeared on the whole ground.

His thighs were bent and his feet were raised. The soul hall powerhouse only felt that the whole world had become dim.

Nine Nether Shura is coming, if there is no blood! how is this possible?

This moment is like apocalyptic dusk, yellow spring and blue sky.

Boom!

One step down, the Star Aperture Realm expert's reaction speed is not slow, and he feels a huge crisis in his heart.

Under this situation, they had no time to think about it, and used the fastest speed to escape from the attack range of Nine Nether Shura.

Stepped on the air, Jiuyou Shura didn't care.

If killing the Star Aperture Realm powerhouse is so simple, their cultivation base can be regarded as the dog.

Behind Nine Nether Shura, six arms held the soldiers of time and space, and one sword, one spear, and one knife kept falling.

Boom boom boom!

The violent aura around him continued to spread, and huge cracks appeared on the ground.

The three strong soul halls can only evade in a hurry, and there is no chance to fight back.

Who is the knife and who is the fish? No one is allowed until the last moment!

Chapter 1956: Hole cards!

The strong man who had taken care of the wounded Soul Palace saw the scene in front of him, so he could only rush over.

If you don't help anymore, the three strong soul halls are not allowed to die.

With a radius of thousands of miles, like the end of the world, Ye Chen was slightly startled and curiously asked: "This technique is so powerful?"

Devil's Eye smiled slightly: "The most important thing in this technique is the rich demon energy, so much demon energy, how can it be so easy to meet, unless you go to the demon domain."

"Also, this spell cannot last too long."

"Don't you find that Nine Nether Shura's breath is declining?"

"The devil around me is getting less and less."

"Your danger is not so easy to remove."

"The reason why I use it is just to teach you."

"In the future, you will eventually go to the Demon Realm and master some demon means, which will be good for you."

The devilish energy that Nine Nether Shura wielded continuously spread, forming a wave of devilish wind.

These magic winds have lasted for a long time, destroying everything in the ancient battlefield.

The yin wind whistling, there seems to be ghosts roaming the world.

However, Ye Chen also found that this breath was declining.

These Soul Palace powerhouses are all Star Aperture Realm powerhouses, with extremely rich combat experience. Obviously, they have also discovered that Nine Nether Shura's aura is not right. They quickly stabilized, and began to counterattack one by one, even attacking Ye Chen.

Under this situation, Ye Chen's condition is getting worse and worse, but the strong soul hall is not much better, and all of them have suffered serious injuries.

The five powerhouses of the Soul Palace, never thought that an ant would make them so embarrassed.

It's just that they don't have time to think much now, they must solve Ye Chen as soon as possible.

No one knows how long Ye Chen can hold on.

But they have no time, so they continue to waste it, and if Ye Chen has any other means, the five of them are not allowed to die in Ye Chen's hands.

When they thought of this, their knowledge of Ye Chen rose to a level.

Ye Chen must be killed this time, and he must not be allowed to leave alive.

Ye Chen exhaled deeply. On his body, there was no idea how many large and small wounds appeared.

Now that none of the five Soul Palace powerhouses has resolved, it is very bad news for him.

If this continues, he might die!

After all, the longer the delay, the more disadvantaged he is.

Now he has to think of a solution, Ye Chen looked at the four strong soul halls with cold light in his eyes.

At this time, he stepped forward and rushed directly over him.

When he rushed past, he didn't know how many space-time soldiers he took out.

When the soul hall powerhouse saw Ye Chen rushing over, his brows furrowed, he instinctively wanted to avoid it, but time was too late.

At this moment, Ye Chen murmured in his mouth: "A thousand soldiers burst!"

The soul hall powerhouse heard Ye Chen's voice, and his whole body trembled.

Is Ye Chen crazy?

detonate so many space-time soldiers?

Not only will they be injured, Ye Chen will also have problems!

Now everyone's distance is within the explosion range of a thousand soldiers.

Their thoughts are fleeting, they just feel that they can't hear any sound in their entire ears.

Boom!

With their bodies as the center, they exploded in an instant, and any existence within ten miles would be destroyed.

Time passed bit by bit, and there was a sound.

Cough cough cough!

"This madman."

A strong soul palace stood up with difficulty. At this moment, he was seriously injured and blood was bleeding all over his body.

looked up and looked around, and found that there was no grass growing in the whole surroundings and there was no breath.

One after another, the four strong soul halls climbed up with difficulty. Each of them was seriously injured. I am afraid that they will not be able to recover without ten and a half months of recuperation.

"That little \*\*\*\* Ye Chen is still alive?"

One of the powerhouses in the sixth layer of the Star Aperture Realm asked. They looked around and found that there was no Ye Chen.

"There should be no ashes left?"

Another strong soul hall, a sneer came from his mouth.

The damage from the explosion just now, they all seemed to be unable to sustain it.

Ye Chen's realm is there, he is always a Hedao realm, how can he still survive?

When he finished speaking, he was beaten in the face for an instant, and in the distance, a figure stood up.

There is no good place on his body, and the beastly sword is stuck on the ground.

Although his breath is weak, he is still alive.

"Damn it, Ye Chen, this little beast is not dead!"

Seeing Ye Chen's figure, they only felt that their heads were big!

Where did this monster come from, and survive such an explosion.

Ye Chen raised his head and glanced, and found that the five strong soul halls were still alive, showing a ferocious smile.

The hair on his head was dripping with blood, dripping on his forehead, and falling on the ground along his cheeks.

There was blood in his mouth, and his cheeks were covered with scars.

I had to, Ye Chen could survive such explosion damage, thanks to the Immortal Divine Body.

He doesn't have enough spiritual power to activate the red dust divine veins.

Ye Chen looked at the strong soul hall, there was no fear in his eyes.

He knew that he was almost out of strength to swing a sword now, but he wouldn't fall down easily if he breathed.

Even if he died, he would swing his last sword.

The four strong soul halls glanced at each other, their current state is not much better, but it is better than Ye Chen.

They can also detect that Ye Chen is currently in serious injury, but they dare not gamble.

Who knows if Ye Chen has any other cards?

They have to be cautious now It's really not good, everyone use the secret technique, right? "

One of the soul hall experts directly spoke, and there was a joint attack formation in their soul hall.

Only four people are needed to form an array, with the help of the power of the formation, blast Ye Chen!

The other three powerhouses nodded slightly. They didn't want to take risks with their bodies, they could only use their formation to kill Ye Chen.

made up their minds, the four of them rushed directly to Ye Chen's side, pinching their fingers!

Ye Chen saw this scene, and raised the beastly sword with difficulty, his body was shaky, gritted his teeth, decided to swing the last sword!

However, the four strong soul halls did not attack Ye Chen, but stood in four directions.

Ye Chen saw their cautious attitude, and a mocking smile appeared at the corner of his mouth.

When will the powerhouses of the sixth-tier stars in the star-aperture realm be afraid of a martial artist in the same way?

The few strong soul halls stretched out their hands, and wisps of black energy emerged from their palms.

These black auras spread around Ye Chen, surrounding him.

After doing all this, they cut their fingers and squeezed out a drop of blood.

A drop of blood from a strong star in the Aperture Realm can kill the Hunyuan Realm in seconds.

Four drops of essence and blood stood in the air, and there were waves of fluctuations.

Chapter 1957: Absorption of Demon Eye

In this fluctuating situation, the entire surrounding space has become somewhat unstable.

Four drops of essence and blood burst out with brilliant light at the same moment.

Ye Chen stood motionless, he was considering how to escape.

It is absolutely impossible to give up until the last minute.

He raised his head and glanced around, and found that there was an abyss one kilometer away from him.

Although he didn't know what was under the cliff, this was his only chance to survive.

The formation of the soul hall powerhouse has begun to gradually take shape, and above Ye Chen's head, there are even waves of thunder.

Dark clouds are overwhelming, as long as the formation is completed, the thunder will descend suddenly.

Ye Chen clenched the beast rotten sword, the formation has not yet been completed, there are still some weak points.

He raised the beastly sword with difficulty, the immortal sword intent broke out, and he forcibly endured the severe pain in his body.

His wound, which was about to heal slowly, collapsed again.

The blood will not flow out like money!

Ye Chen at this moment has become a blood man, but now he can't manage so much.

Boom!

A sword fell, and a gap appeared in the big formation that was about to be formed.

Ye Chen's mouth spouted out of blood, and his pale cheeks were even more bloodless.

The soul hall powerhouse saw this scene, and suddenly had a bad feeling.

wanted to stop Ye Chen, but it was too late now!

Ye Chen wiped the blood from the corner of his mouth, strode hard and rushed out.

At the moment he rushed out, the four strong soul halls were chasing after him.

Although his speed is a bit slow at this moment, the strong soul hall behind is not much better.

They are already injured, but they are forced to produce blood, which will only make their injuries more serious.

Ye Chen's eyes were getting more and more confused, but he couldn't fall down, only 300 meters away from a thousand meters.

Three hundred meters to him, only three breaths of time.

The four strong soul halls frowned when they saw the direction Ye Chen was running away.

Below that cliff is taboo!

Ye Chen didn't know, but there was still a chance for him to jump into the cliff. If he didn't jump, he wouldn't even have the last chance.

came to the edge of the cliff, Ye Chen staggered down.

The moment he jumped down, he closed his eyes and passed out completely.

The next thing, everything can only be resigned!

However, Ye Chen didn't hear it, and a voice came from his eyebrows: "Interesting, I didn't prompt you to go there, you did it yourself."

"I forgot to be with you just now, then the following is the biggest reason to wake me up."

"It seems that the fate between you and the devil is not as simple as I thought."

The voice disappeared.

Darkness.

That is the abyss of the universe killing domain.

An abyss that no one dares to touch.

.....

A few strong soul halls came to the edge of the cliff, glanced at the bottom, deep fear flashed in their eyes.

"Since this little beast has jumped into the Sea of Nine Netherworlds, let's go!"

One of the strong soul halls, when he arrived at the Sea of Nine Nethers, his body shuddered uncontrollably.

It is a taboo for them to come to the Sea of Jiuyou, as long as they jump down, no one can come out alive.

Even if they jumped into the Star Aperture Realm, they were dead and dead, without any chance of survival.

The other three strong soul palace nodded slightly, even if they glanced down, they felt endless fear.

Ye Chen jumped into the sea of Jiuyou, and in their eyes was already a dead person.

Since Ye Chen is dead, they don't care about it.

What role does the talent of a warrior have when it goes against the sky? As long as the moment of death, everything disappears completely.

"Let's go, go to the sarcophagus, the experiment has not been completed yet."

"The time left by the lord is running out."

.....

Ye Chen didn't know how long it took to fall, but felt severe pain from his body.

These pains temporarily restored him a bit of sanity, and he glanced around.

found all black magic energy, these magic energy has been realized, forming a vast ocean.

Around Ye Chen, from the moment he fell down, countless demon energy surged into his body.

These demonic qi seemed to be ready to swallow Ye Chen.

"what!"

Ye Chen roared in pain, and the whole person fell into a coma again.

When he was unconscious, twenty violent beasts appeared beside him.

These monsters were originally monsters, but they were infected by the demonic energy inside and completely turned into monsters.

These monsters looked at Ye Chen, their eyes shone brightly.

One of the devil tigers came to Ye Chen's side, and the saliva in his mouth was about to flow out.

They don't know how long they have not swallowed the flesh and blood of the human race.

The devil tiger raised his forelimbs, his sharp claws exuded a cold light, and when he wanted to enjoy the food, a light suddenly appeared between Ye Chen's eyebrows.

The eyes of the devil are open!

The eyes of the devil started to absorb the magic energy frantically.

With Ye Chen as the center, the surrounding devilish energy formed a tornado that continuously entered the center of the eyebrows.

When these demon qi constantly rushed into Ye Chen's body, the energy gathered by the eyes of the devil continued to form a figure.

The figure gradually appeared, revealing a phantom.

The virtual shadow guarded Ye Chen's side and glanced at the devilish energy around him.

"Go!"

spit out, these monsters spit out a mouthful of blood.

The power of one word is terrifying!

You must know that these monsters are the strength of the Star Aperture Realm. Just spit out a word to make these monsters vomit blood.

This is still a phantom How powerful would it be if it were the real body?

Warcraft stood up hard, and glanced at the phantom. The pupils were shrinking, and the whole body was trembling constantly.

This...this is...

These monsters knelt down beside the middle-aged phantom, one by one did not dare to look up.

Xuying glanced at these monsters, and slowly said, "Go collect the Yellow Spring Magic Water, Ten Thousand Years Nether Magical Grass, and Fire Magic Stone."

As soon as the virtual shadow's voice fell, these monsters left one by one, they had already turned on their spiritual wisdom, and naturally knew these things.

After the monster left, Xu Ying glanced at Ye Chen, who was unconscious, and looked up at the front of the Sea of Nine Nethers.

"Fortune and misfortune depend on each other, boy, it seems you are destined to inherit the mantle of my Devil Emperor!"

After the Devil Emperor finished, he stopped talking.

Two days passed, and the monsters that had disappeared came back one by one. They were holding things in their hands, which happened to be the Ten Thousand Years Gentle Demon Grass.

Warcraft looked at the Devil Emperor as if he were the most devout believer.

The Devil Emperor took these things in his hands, his eyes swept away, and the beasts that had been staying left fearfully.

These things were specially used by him to build Ye Chen's body!

Although Ye Chen already possesses an immortal divine body, there will not be any conflict between the two.

If you want to truly step into the magic way, Ye Chenguang can't have an immortal body!

Chapter 1958: Zhutian God Demon Spear!

The Immortal Divine Body was mainly aimed at Ye Chen's flesh and blood, but the demonic body was different, aimed at his magic way.

Once the demon body is formed, Ye Chen will become even more powerful after entering the demon.

It is conceivable that when the two are combined, Ye Chen's physical body will reach a terrifying height.

The Devil Emperor looked at Ye Chen with complicated eyes, and muttered: "Boy, when you meet me, it is fate."

"When I reached the top of Lingwu, I never thought that I would have any trouble with others."

"The cause and effect in this world is unpredictable."

"You got that magic orb in Kunlun Xu, it represents the cause between you and me."

"As for the fruit, it is the existence we are fighting against together."

"The magic way is destined to be the lonely way, the unfeeling way, the killing way."

"However, the magic way still has warmth and righteousness."

"I have been observing you all this time."

"I saw my shadow from you."

"well."

"Even, I think you are more suitable for the devil than me."

"Being the devil, be free and easy, and go upstream, I hope you won't let me down."

At this moment, the Devil Emperor was filled with emotion.

The past keeps emerging.

"let's start."

After speaking, the Devil Emperor pinched the Jue with his fingers, and the billowing devil energy wrapped Ye Chen.

The devil energy penetrated directly into Ye Chen's skin and bone marrow like a blade.

However, soon, a ray of light gushed out of Ye Chen's body surface, guarding Ye Chen.

The immortal body is blocking the entry of devil energy.

"Boy, I know you can hear, relax, that's the key."

Ye Chen, who was in a coma, frowned slightly, as if hearing the words of the Devil Emperor, the light of the Immortal Divine Body faded.

Let the devilish energy swallow the whole body.

There was a crackling sound from Ye Chen's body, as if the bones were all broken.

This process was extremely painful, but fortunately Ye Chen was already in a coma and did not feel much pain.

Every time, the Devil Emperor will be just right and will not harm Ye Chen's origin.

This was an extremely challenging and long process, even the Devil Emperor took a day.

Next he needs to melt the flame demon stone into Ye Chen's body.

Let Ye Chen merge with the Flame Demon Stone.

Then, add the sap of Wannian Genie Grass.

Now Ye Chen, strange black lines appeared on his skin.

This is the legendary magic pattern.

This is the beginning of the magic way.

Moreover, Ye Chen's devilish energy became stronger and stronger.

This Sea of Nine Serenities seemed to accept Ye Chen very much.

Finally, Huangquan Mo's water drops fell on Ye Chen's internal organs.

Although this process is simple, the pain it brings is ten thousand times.

The internal organs want to merge with the Yellow Spring Magic Water, and there can be no mistakes in this process.

As long as there is a little problem, Ye Chen will definitely die.

With the Devil Emperor, this kind of thing is naturally impossible.

After everything was prepared, the Devil Emperor watched the changes quietly and experienced three days.

Three days later, Ye Chen finally woke up from the coma. When he woke up, he noticed the changes in his body at a glance.

When he looked up and saw the Devil Emperor, his brow frowned: "Devil's Eye, why did you come out?"

The Demon Emperor smiled, and said what happened after Ye Chen was unconscious.

When Ye Chen knew his demon body, he gratefully glanced at the demon emperor, which was tantamount to rebuilding.

"Is this what you said made you wake up?"

Ye Chen glanced around, curiously asked.

The Demon Emperor nodded: "This place is called the Sea of Jiuyou."

"The Sea of Jiuyou once belonged to the Demon Realm."

"As for why it appeared here, I am afraid it was the catastrophe of the Demon Realm that year, the space turbulence."

"But this universe killing domain is not easy."

Ye Chen raised his brow when he heard this. Judging from the murals of the Qiankun clan, he found that this place was unusual.

"Devil's Eye, do you know where the Ice Sword Immortal Venerable is trapped?"

Devil's Eye took a deep look around and said: "This matter is not in a hurry. Since we have come to the Sea of Jiuyou, there are some things we must do."

"The magic body is just the beginning."

"This is just a small chance, the real chance is not here, you follow me."

After the Devil Emperor finished speaking, he took Ye Chen and flew forward.

Ye Chen followed closely behind.

I don't know how long it took, Ye Chen felt that the devilish energy became stronger and stronger, and it became more and more terrifying.

He found that everything around him had completely changed!

It feels like being in an illusion.

And this environment turned out to be the bones of thousands of people.

Bone abound.

Bloody sky.

This is like the endless abyss of the extremely gloomy place in the world.

The gang wind danced wildly, the blood was congealed, and the sound of ghost crying and wolf howling came from the deepest place.

Not only that, but he can also feel a trace of gun intent.

The spear was like a dragon, piercing Ye Chen's body, trying to prevent him from getting closer.

Ye Chen did not prevent the spear intent from penetrating his body, but instead used the surrounding spear intent to understand.

Soon, Ye Chen felt something, and he swept toward the reincarnation cemetery.

A long dusty spear was found shaking.

This gun was the secret of the Xuye Lingtian family in Kunlun!

Jiuyou Skykiller!

It was in this gun that Ye Chen saw an enchanted person!

The person who is enchanted is himself.

Where is the Demon Eye taking him?

Why would the former Jiuyou Skykiller shake at this time!

It seems, very excited!

"Look ahead!"

Ye Chen has been feeling the intent of the gun It has been another hour without knowing it.

If it hadn't been for the Devil Emperor to speak, he would probably still continue to understand.

Ye Chen looked up, his eyes became hot.

On the wall, a spear was inserted into the stone wall.

The gun body was black, and there was a sharp spear intent, and a cold light from the tip of the gun, like the soul of nine ghosts.

The gun body is about three meters long. Although the whole body is black, Ye Chen can see his shadow from the gun body.

The surrounding air was ruined from the spear.

Ye Chen stared at it carefully and found five small ancient words written on the spear, the \*\*\*\* of death and magic spear!

However, Ye Chen faintly felt that this gun was very similar to the Jiuyou Skykiller.

Even the breath is somewhat consistent.

"This is your real chance, but if you want to get it, you still need to get it yourself."

As soon as the Demon Emperor's voice fell, he looked at Ye Chen.

Ye Chen's eyes were filled with a firm look, he must get the God Slayer Demon Spear.

How could such a chance give up easily!

Ye Chen lifted his footsteps, and just walked five steps, suddenly countless gunshot intentions swept across wildly.

Zhutian God Demon Spear itself already had a certain amount of intelligence, and his master must be an evil and unparalleled in order to get his approval.

From the point of view of Zhutian God Demon Spear, Ye Chen's strength is far from enough!

A martial artist in the realm of harmony, the strength is too humble!

Not worthy to control him!

The corner of Ye Chen's mouth rose slightly, and there was no timid expression in his eyes.

Step by step, he continued to move upward, with the extreme spear intent tearing Ye Chen's clothes and falling on his flesh and blood crazily.

Tick, tick!

A drop of blood dripped from Ye Chen's body, even if he stepped forward, it was extremely difficult to take a step forward.

Zhutian God Demon Spear is resisting!

Chapter 1959: Extraordinary origin

How about surrendering to me, in the future, I will take you to battle the world, and take you to see the world's brightest fireworks. "

Ye Chen knew very well in his heart that Zhutian God Demon Spear possessed its own intelligence and could definitely hear his words.

As soon as his voice fell, there was no response in the past three minutes.

In the eyes of Zhutian God Demon Spear, Ye Chen's strength was too weak.

He Dao Jing also wants to control him? how is this possible?

Ye Chen's brows furrowed, since Zhu Tian God Demon Spear was unhappy, he could only take it by force.

Continue to move forward step by step, although the gun intent can penetrate his flesh and blood, but for now, it will not cause too much threat.

When Ye Chen kept moving forward, he also completely angered the God Killing Spear.

Around the Zhutian God Demon Spear, countless demon qi gathered together. Not only that, but the devilish energy is also mixed with spear intent.

These gun intents are more terrifying than before!

boom!

The shock hit Ye Chen's body.

Huh!

Ye Chen stepped back three steps, spitting out blood.

Even if it is an immortal divine body, it pays such a price.

It seems that the rank of this gun is very high!

"You are too humble!"

At this moment, there was a voice finally, Ye Chen heard the words of Zhutian God Demon Spear, and his eyes became sharp.

"Although I am weak now, it does not mean that in the future, 30 years in Hedong and 30 years in Hexi, don't bully the young and poor!"

As soon as Ye Chen's voice fell, the Blood Demon Sword was held in his hand, and his eyes completely turned scarlet.

The whole body was exuding black magic energy.

He knew that this gun was a demon, so his weapon must also be a demon.

The Blood Demon Sword is the best.

However, the Blood Demon Sword had been damaged a bit in the last battle and could only barely support it.

At this moment Ye Chen was in a state of enchantment, since the God Slayer Demon Spear said he was too humble.

Then prove it to him!

Pedal! Pedal! Pedal!

One step, two steps, and three steps, Ye Chen kept moving forward, and the crazy spear shot came.

The devilish energy of Ye Chen's whole body protected his flesh, raised his hand, and swiped it out with the Blood Demon Sword.

Spear intent and sword intent filled the air, and the Devil Emperor in the distance did not intervene, just watched quietly.

He believed that Ye Chen could definitely succeed, after all... Ye Chen's talent was far superior to him.

At this moment, it seemed to be a confrontation between spear intent and sword intent, and Ye Chen couldn't see any changes on his cheeks.

Every step was extremely difficult, but he didn't give up, and he didn't mean to shrink in his heart.

The confrontation between the two lasted for an hour, and Ye Chen could barely take a hundred steps.

However, he was getting closer and closer to Zhutian God Demon Spear, every step was extremely difficult, but he was extremely firm.

Ye Chen can walk step by step to this day, completely relying on unyielding will.

Pedal! Pedal! Pedal!

Finally getting closer and closer to the Zhutian God Demon Spear, he stretched out his hand.

At this moment, Ye Chen's hands were full of scars, as he was about to hold the Zhutian God Demon Spear.

The Zhutian God Demon Gun suddenly exploded with a terrifying breath.

When Ye Chen saw this scene, the monstrous demon energy and sword intent of the Blood Demon Sword burst out, contending with the God Slayer Demon Spear.

Stretching out his arm and opening his hand, Ye Chen held directly on the body of the Zhutian God Demon Spear.

At this moment, the pictures around him completely changed.

Ye Chen saw a person standing in the void, and what he clenched in his hand was the God Killing Spear.

But, for some reason, Ye Chen couldn't see the other side's face.

This strong man faced too many enemies, and the aura from any enemy could instantly kill Ye Chen.

However, the strong man holding the God Slayer Demon's spear did not even have the slightest timidity in his cheeks, and even a hint of arrogance.

The Zhutian God Demon Spear in his hand was shot out, as if it had the aura of destroying the world.

A hole was punched in the entire sky with a shot.

Countless strong men have fallen, and the strong men holding the gods and demons' spears, each gun carries great power.

I don't know how long the battle has been, the whole world is dark, and I don't know how many enemies were exploded by a single shot.

The enemy continued to fall, but the strong man holding the God Slayer Demon Spear gradually couldn't hold on.

After all, there are too many enemies, as if they can't be killed, he insisted to the last step.

When he was about to fall, he threw the Zhutian God Demon Spear in his hand.

...

"Surrender me, I can avenge your former master in the future!"

Ye Chen stared at Zhutian God Demon Spear with a pair of eyes.

The person who can smash the door with one shot is definitely the top existence in Lingwu Continent.

Despite this, Ye Chen didn't have any timidity, one day he would surpass this person.

"You are too weak!"

At this time, there was the sound of Zhutian God's Demon Spear. In his eyes, Ye Chen's realm might not even be counted as an ant.

Ye Chen's immortal divine body, immortal sword intent, demon body, divine blood, and golden aura, six divine kingships were revealed.

The surrounding breath is straight and horizontal, as if the sky is dark.

"Although I am weak now, who can be accurate in the future?"

Ye Chen looked at Zhutian God Demon Spear and waited for his reply. He didn't know how long it had been before, and a feeling of blazing heat spread across the palm of his hand.

As if thousands of degrees high temperature.

Ye Chen's hands will melt!

test?

Ye Chen snorted coldly, running the reincarnation tactic of the gods and demons, and the whole body was surging!

Not only that, Ye Chen's red dust veins were completely activated!

The extremely strong defense is completely opened!

not afraid!

However, hasn't stopped, the endless souls of the dead came out of the Zhutian God and Demon Spear and swept towards Ye Chen!

Ye Chen's face changed slightly, and the Red Dust Divine Veins running the blood of reincarnation took a huge amount of spiritual energy!

And now, if you want to fight against these countless souls, it is obviously enough!

What should I do?

Just as Ye Chen thought about it, a black glow rushed out of his body!

Jiuyou Skykiller!

The Jiuyou Sky-killing Spear had absorbed all the devilish energy around it, and then pierced the Zhutian God Demon Spear with a single shot!

The two bright lights are merging!

"This is... Jiuyou Sky Killing Spear wants to merge with Zhutian God Demon Spear?"

Ye Chen was very surprised.

After leaving Kunlun Xu, Ye Chen seldom used the Jiuyou Skykiller.

On the one hand, it was because the level of Jiuyou Sky-killing Spear was too low, and it was not enough to face the powerhouses of Lingwu Continent.

On the other hand, the Jiuyou Heavenly Killing Spear is full of so many secrets that he still can't understand why he can see himself through the phantom of the spear.

And now, the Jiuyou Sky Killing Spear actually needs to use the Zhutian God Demon Spear to gain new life?

The light is surging!

The whole world is like day!

It's like a time when Yin and Yang cross!

Moreover, Ye Chen discovered that part of the power of the demon energy had poured into the Blood Demon Sword!

How much did the Blood Demon Sword even repair?

This... how should we explain it?

When the light dissipates!

"Crack!"

There was a buzzing sound from the Zhutian God Demon Spear, which broke away from the wall.

Ye Chen was overjoyed when he saw this scene. It was obvious that the God Slayer has recognized him.

Otherwise, it won't come out of the wall.

Ye Chen held the Zhutian God Demon Spear and the Blood Demon Sword, spear intent and sword intent, constantly pouring out.

The Devil Emperor took a relieved look from the side, and then the whole figure came to Ye Chen's side.

"Since you have obtained the God Killing Demon Spear, it proves that you are qualified to control the Demon Path."

Chapter 1960: Blood sacrifice gun!

The origin of this gun is extraordinary. "

"What surprises me is that your gun is able to take away such a powerful Zhutian God Demon Gun."

"It seems that some things are not that simple."

"Also, this Zhutian God Demon Gun comes with the meaning of three spears, you have a good understanding."

"Besides, anyone who sees the God's Demon Spear will die. If someone with a heart discovers this secret, you will be murdered, understand?"

"It doesn't matter if you use it in the Universe Killing Domain, but if you go outside or go to the Shenhua Academy, you can't use it unless it's critical."

"Finally, Ye Chen, if one day, you have the opportunity to go to the Demon Realm for me."

"The Demon Realm is dangerous, but it is the place where I am in charge after all. If you want to fight against the kingdom of God, the power to kill the domain is not enough. The Demon Realm is the best choice.

"Of course I also have selfishness. There are my grievances, my relatives, and some cause and effect. I should also ask."

"Well, I can't stay in the outside world for too long. If it weren't for this sea of Nine Serenities, I would not be able to help you."

As soon as the devil emperor's voice fell, he gathered into the rolling devilish energy and penetrated into Ye Chen's eyebrows.

Ye Chen nodded slightly, his eyes a little ruddy.

The Devil Emperor is too kind to him.

He is not the power of the reincarnation cemetery, and there is no need to help himself.

But every time, the Devil Emperor was extremely serious.

Ye Chen looked at Zhutian God Demon Spear and Blood Demon Sword, and murmured from the corner of his mouth: "One day, I will lead you to cut out a flourishing age!"

It belongs to Ye Chen's flourishing age!

After getting the Zhutian God Demon Spear, Ye Chen was ready to leave, and staying in the Sea of Nine Serenities had no effect.

Now his demon body is complete, and he has the \*\*\*\* of death demon spear, the next thing, revenge!

At the beginning, the strong soul hall, let him jump into the cliff, although he got a great opportunity, but the account of the soul hall should be settled.

There are some things that should be paid back and can't get away!

Ye Chen didn't leave immediately, and decided to comprehend the three shots of Zhu Tian in his mind!

This is the inheritance from the God of Heaven Killing Demon Spear. Although there are only three spears, it destroys the world.

Relying on Ye Chen's current realm, he could barely play two shots.

And the second shot, Ye Chen's current spiritual power, can only display part of its power.

As for the real power of the second shot, I am afraid it is not so easy.

At least it has to reach the realm of good fortune.

After another day, Ye Chen woke up from the Sea of Nine Nethers, and flew over the cliff.

He came to the cliff and glanced at the palace before the ancient battlefield.

I am afraid that the strong soul hall is still in the palace.

The body of this group of people is not as strong as their own, it is impossible to recover so fast!

Now that he has a demon body and the God of Heaven Killing Demon Spear, these soul hall powerhouses who have not yet recovered are enough to fight!

It's not too late for a gentleman to revenge for ten years, and Ye Chen only fights for revenge!

Now he will get rid of the strong soul hall!

Immediately flew towards the palace.

When only 300 meters away from the palace, five figures appeared.

These five figures happen to be strong in the Soul Palace. They noticed the aura, and then came to check, who knew it was Ye Chen.

Ye Chen walked out of the Sea of Nine Nethers alive with their eyes alive.

What's happening here!

The five experts in the Star Aperture Realm were stunned.

How did Ye Chen come out alive?

Now the five of them still have some injuries, but looking at Ye Chen, nothing happened.

How is this possible?

At the beginning, Ye Chen's injury was worse than theirs. Even if he didn't die, he would basically not be able to recover without two years.

They are full of questions.

The only explanation could only show that Ye Chen got the chance, otherwise, it would be impossible.

When they think of this, their eyes gradually become serious.

Ye Chen had severely wounded them all by himself, but now he has the opportunity to avenge him.

Although Ye Chen would be crazy sometimes, he was definitely not a reckless person, and he definitely had some certainty.

When they think of this, they feel a little flustered inside!

Are you fighting or running now?

Ye Chen is probably the only person who can join the Dao Realm and make the Star Aperture Realm want to escape!

The five powerhouses of the sixth level of the Star Aperture Realm each took out their weapons and decided to fight with all their strength.

If they really see Ye Chen and run away without even hitting them, what face would they have to say that they are strong in the Star Aperture Realm?

It would be too shameful to let others know!

They can't afford to lose this person!

There was a wicked smile at the corner of Ye Chen's mouth, and the Blood Demon Sword and Zhutian God Demon Spear were held in their hands.

When the strong soul hall sees Zhutian God's magic spear, he can tell at a glance, it's extraordinary!

The existence of soldiers absolutely beyond time and space! It may even be an artifact!

Even if it is a real artifact, they believe it!

When they think of this, they feel jealous in their hearts!

Why can Ye Chen obtain such a treasure?

kill!

The five star-aperture realm powerhouses attack first, and the five ghostly figures suddenly rushed past.

At the moment they rushed over, Ye Chen stood in place. The Blood Demon Sword and the God Slayer's Demon Spear were directly lifted, one shot and one sword, suddenly cut out!

Hum! Hum!

With one shot down, everything in front of him seemed to have been poked through a hole, and the gun intent surged wildly.

A sword swung out, the immortal sword intent erupted crazily, the ultimate sword light, like the thunder of the world.

boom!

The five soul hall powerhouses blocked a shot and a sword and rushed to Ye Chen's side.

When they rushed over, Ye Chen swept out with a shot.

The cold light of the gun head surged, and the five strong soul halls felt the sharp gun intent, and they could only retreat and distance themselves from Ye Chen.

The five soul palace experts glanced at each other, and they had already fought against Ye Chen.

If this continues, Ye Chen will not be able to solve Ye Chen at all, maybe he will be defeated one by one.

The blood of the five strong soul halls dripped out, and there were already some injuries.

Now they continue to consume their blood and make them completely useless after recovering from their injuries.

Five drops of blood fell in the void, and the sky was covered with dark clouds.

The five strong soul halls made strange handprints, and black aura radiated from their bodies.

These black auras kept going around Ye Chen.

Ye Chen swung out with a shot and a sword, but these black qi couldn't be solved at all.

With a pair of eyes looking at the five strong soul halls, Ye Chen stood motionless.

He decided to sit back and watch the changes, but to see what the five powerful soul halls used.

I have to say that Ye Chenyi is bold!

If other warriors can't solve these black qi, they will definitely want to escape.

However, Ye Chen did not move at all.

In Ye Chen's heart, these five star-aperture realm powerhouses were already dead.

Obtaining the Demon Spear of the God Killing God, just use the blood of the strong star of the star aperture to sacrifice the spear!
