Chapter 1961: Obliterate confidence!

Above the sky, thunder flickered among the dark clouds, and a blue barrier appeared around Ye Chen.

The five powerhouses of the Star Aperture Realm saw that Ye Chen did not make any resistance.

Can not help showing a sneer.

Ye Chen is really an arrogant fellow, the formation of five strong stars in the Aperture Realm.

How terrible?

It's simply not a small combined Dao realm martial artist who can bear it.

No matter how evil Ye Chen is, but the realm is there!

"Ye Chen, let you know today the power of the Thunder to destroy the World Array!"

"Haha, you little bastard, you didn't die back then, now you come here by yourself, wanting to die!"

The powerhouse of their soul palace, knows the horror of the thunder destroying the world formation, as long as the formation works, the thunder will not die!

The stronger their strength, the more terrifying the power of Thunder.

Today, Ye Chen will definitely have no place to bury his body and completely solve the future troubles.

At that time, his treasures and opportunities will not all be theirs?

When they thought of being able to kill Ye Chen and seizing the chance, they were already a little unbearable in their hearts.

Ye Chen laughed and said nothing, whether they could live or not, they said nothing.

He wants to live, but he has the final say!

The Thunder Destruction Formation has been completed, and above the dark clouds, a huge thunder fell instantly.

When the thunder fell, the hearts of the five soul palace experts couldn't help but get excited.

In their opinion, Ye Chen might not even be able to withstand the first thunder!

boom!

A burst of thunder power mixed with the aura of destruction suddenly fell on Ye Chen's body.

When the thunder dissipated, the five soul palace experts were completely shocked when they saw Ye Chen's state!

Ye Chen has nothing to do, how is this possible?

They rubbed their eyes, but found that Ye Chen was standing there, without any injuries.

hiss!

The five strong soul halls took a deep breath, what is the situation, why are they a little confused?

A smile appeared at the corner of Ye Chen's mouth. The devil body and the immortal divine body made his body indestructible.

Coupled with the blessing of blood, what does this thunderbolt count?

Not to mention the power of thunder, Ye Chen had already endured countless times.

It was because of the power of thunder, the law of time and the power of time!

He himself has certain immunity to Thunder.

"I don't believe it, he must be pretending to be a fool!"

One of the soul palace experts said, he did not believe that Ye Chen's body could be so terrifying.

Boom boom boom!

Thunder continued to fall, Ye Chen did nothing, even closed his eyes, using Thunder to practice the law of time.

After being struck by lightning, how could Ye Chen give up such an opportunity.

Huh!

A strong soul hall, a mouthful of blood spurted out, his chest rose and fell, it was obvious that Ye Chenqi vomited blood.

Looking at Ye Chen's leisurely appearance, it was like his own back garden.

"Can the Thunder's power be stronger?"

At this time, Ye Chen's words made the strong soul hall almost fainted!

What is this?

"Did you not eat? Why are you so weak, with the cultivation base of the Star Aperture Realm, have you cultivated to the dog?"

Ye Chen smiled and said, being able to anger these soul hall powerhouses would feel very comfortable inside.

"Furious old man!"

A strong soul hall, can't wait to vomit three liters of blood, Ye Chen's mouth is really too awkward.

After an hour passed, Ye Chen felt that continuing to comprehend the power of the law had no effect.

After all, it was not the World Extinguishing Thunder descended from pure heaven, and there was no comparison between the two.

"Two shots, break your formation!"

Ye Chen's words are extremely arrogant!

"You really thought you were able to come out! If you break the battle with two shots, the old man will abandon his cultivation!"

A strong soul hall spoke directly with anger.

Thunder destroys the world formation, not only attacking terror, but also extremely tyrannical defense.

Ye Chen tried his best, and there was nothing wrong with it, but how could it be possible that two shots wanted to break the formation?

Ye Chen didn't answer, he put away the Blood Demon Sword, held the God Slayer Demon Spear in his hand, and suddenly raised it.

At the moment when Zhu Tianshen Demon Spear was raised, the aura around Ye Chen completely changed.

At this moment, Ye Chen seemed to be like a gun, a **** and demon gun standing on the nine heavens!

"First shot, broken star!"

Ye Chen murmured in his mouth, and the power of heaven and earth was constantly surging into his body.

The strong man in the soul hall frowned when seeing the power of heaven and earth pouring in.

Relying on the power of heaven and earth is not only a question of strength, but also the approval of heaven and earth.

In the entire Lingwu Continent, there are many Star Aperture Realm powerhouses, but not many who break through to the Sealed Gate Realm powerhouse!

Want to break through to the closed door realm must be recognized by heaven and earth.

This is also the reason why the Door Sealing Realm is powerful, and every move is in line with the trend of the world.

No matter how powerful the gate-sealing realm is, it can only use the power of heaven and earth.

Now that Ye Chen can use the power of heaven and earth, doesn't it mean that as long as he doesn't fall and breaks through to the sealed gate, it's just a matter of time.

It was the first time they met in the Hedao Realm to be recognized by the world.

The Zhutian **** demon spear exudes a dazzling light, and the spear shoots out like a dragon with one shot bombarding the Thunder Destruction Array.

Ye Chen realized that the first shot of Star Breaking, when his strength reached a terrifying level, with this shot, he could pierce the star with one shot.

boom!

At this moment, Thunder destroys the world formation, faltering, but persists.

Seeing this scene, the soul hall experts couldn't help but breathe a sigh of relief, they were really afraid that Ye Chen would break through the Thunder and Destroy the World Array with a single shot.

Ye Chen's face didn't change at all, and his arm was raised again.

"The second shot, sweeping across the army!"

With the help of the strength of his waist, Zhutian God Demon's spear flicked, and the spear head suddenly bombarded the Thunder Destruction Array.

boom!

The soul palace expert looked at it with scorching eyes and found that the Thunder Destruction Array had not been destroyed, and he suddenly laughed.

"Two shots to destroy the thunder and destroy the world formation, do you really think you are a star-aperture realm powerhouse?"

One of the soul hall experts said, but Ye Chen's eyes looked at him, extremely plain.

"No hurries?"

Linguistic.

Click! Click!

At this moment, the entire Thunder Destruction Formation suddenly rang out.

The thunder destroys the world formation, the blue barrier began to crack continuously.

Ye Chen had already known this scene, the power of the second shot sweeping across the army is more than just superficial.

boom!

The Thunder World Destruction Formation was completely shattered, Ye Chen walked out of the formation, looked at a strong man in the Soul Palace, and said: "I heard you want to abolish your cultivation base?"

The soul palace expert did not answer, but the whole body trembling constantly.

He did say just now, but he didn't expect Ye Chen to actually break the formation with two shots.

Not only is this strong in the soul hall like this, the state of the other four strong in soul hall is not much better.

What Ye Chen destroyed was not only the Thunder Destroying the World Formation, but also their confidence.

Chapter 1962: Kunlun Xu, Soul Palace!

Now the five strong soul halls looked at Ye Chen with only a deep look of fear.

The power of the Thunder Destroying the World Array, they knew that even if they entered it, they wouldn't hold on for long before they would die completely.

But now, Ye Chen broke the formation easily, making them completely frightened!

What did Ye Chen experience in the Sea of Nine Serenities, his strength turned out to be so terrifying.

No, the really powerful thing is the extraordinary gun in Ye Chen's hand!

They always feel where they have seen it!

But no matter what, I can't think of it!

The five strong soul halls looked at each other, and immediately shot.

They can't help it, they have long been in an endless situation with Ye Chen, there is no room between the two.

At the moment when the five strong soul halls made their move, Ye Chen's whole figure moved.

He came to one of the strong men, the God of Death's Demon Spear was raised, and a shot fell suddenly.

At the moment when a shot fell, the strong soul hall felt that he was locked, and there was no way to avoid the shot.

While he was thinking, the head of the God's Demon Spear had fallen down instantly.

stab!

A shot directly penetrated his shoulder, and a stream of blood flew out.

Behind Ye Chen, a powerhouse in the Star Aperture Realm suddenly slashed it down.

Boom!

The expert in the Star Aperture Realm was stunned. He found that behind Ye Chen, there was only a white mark, and even no blood flowed out.

Now they are thinking in their minds, what kind of chance did Ye Chen get in the Sea of Nine Serenities?

Before entering the Sea of Nine Nethers, they could easily break through Ye Chen's body, but now, it seems to be just a futile effort.

Ye Chen didn't have any interest in their thoughts. He drew out the Zhutian God and Demon Spear, and stabbed him directly.

The star-aperture realm expert saw this scene and was so frightened that he backed away in a hurry, without daring to delay anything.

When he backed away, Ye Chen chased him, reluctant to give up!

Suddenly, a strong soul palace appeared to his left, trying to rescue his companion.

Ye Chen showed a sneer at the corner of his mouth, and then took the bleeding magic sword and slashed it out.

An extreme sword light fell in an instant.

Although this sword can't bring any substantial damage to the soul hall powerhouse, for Ye Chen, it is enough to hold the breath.

The time of these two breaths is enough for him to do something.

"Broken Star!"

Ye Chen murmured in his mouth, and the **** of death demon spear pointed at the escaped Star Aperture Realm powerhouse with a shot.

Boom!

The star-aperture realm powerhouse had been frightened since Ye Chen broke through the Thunder Destruction Array with two shots.

When a shot came, there was not even any resistance.

A shot penetrated his abdomen and blood flowed out desperately.

When Ye Chen drew out the Zhutian God Demon Spear, the Star Aperture Realm expert fell from the void to the ground.

The remaining four strong soul halls rushed over in an encircling force, Ye Chen's expression remained unchanged, and he said coldly, "Sweep the army!"

The power of heaven and earth rushed into Ye Chen's body frantically, holding the Zhutian God Demon Spear, and swept away.

Although the speed of the four soul palace experts is fast enough, compared with Ye Chen, they are still a bit slower after all.

bang bang bang!

The spear pierced through their flesh and blood, making them scream.

When the scream ended, they hadn't reacted yet, and a dark energy suddenly exploded in their bodies.

Boom boom boom boom!

噗嗤!

a stream of blood spurted out, and the faces of the four strong soul halls were pale, and their bodies fell to the ground.

They and Ye Chen could still entangle for a while, and even have a chance to kill Ye Chen.

It's just that they themselves have some injuries, and when Ye Chen rushed out of the Thunder World Destroying Array, they had no intention of fighting.

That's why I lost so fast, or else I could hold on for a while.

Ye Chen fell from the void, looked at the figures of the five powerful soul halls, and said directly: "Your soul hall is in the ancient battlefield, what are you planning?"

After he entered the palace and saw those formations and coffins, he knew that the Soul Palace must be preparing something.

This is the direct reason why Ye Chen didn't kill.

He wants to know what the Soul Palace is going to do.

What are the formations and coffins, these can only find answers from them.

The five soul palace experts glanced at each other, but no one said anything.

This is related to the biggest secret of the Soul Palace, otherwise they would not send the five stars here.

was able to send five stars to the Aperture Realm, one can imagine how much the Soul Palace attaches importance.

"Did not say?"

The corner of Ye Chen's mouth rose slightly, and as soon as his voice fell, the Blood Demon Sword in his hand was directed at an expert in the Star Aperture Realm with one sword.

Broken arm.

"what!"

The star-aperture realm expert made a miserable cry. He hadn't reacted to it just now, and his arm had already landed, and there was severe pain.

Ye Chen looked at him, and then said: "I have time to spend with you now. If you want to die happily, or be tortured to death, you choose for yourself."

It is obviously impossible to let go of these soul palace powerhouses!

The star-aperture-level expert, forcibly endured the pain, but still didn't say a word.

Ye Chen holds the Blood Demon Sword, another sword!

stab!

'S arm fell on the ground, and the remaining strong soul hall glanced, revealing a look of fear.

In their eyes, Ye Chen is a devil.

Killing but nodding, so torturing...

The vitality of a strong star in the Aperture Realm is extremely tenacious, not to mention breaking hands and feet, even if the heart is not extinguished, you can live.

The Star Aperture Realm expert wanted to speak, who knew Ye Chen was faster, and the Blood Demon Sword directly cut off his two thighs!

"what!"

The screams of killing pigs came from the ancient battlefield, but unfortunately only six of them could hear it.

Ye Chen finished all this and came to the side of another strong soul palace.

When the strong soul hall saw Ye Chen, his eyes were endlessly frightened.

"I said, I said! Please don't torture me, give me a good time."

Whether they can live or not, they never even thought about this question.

Ye Chen will definitely not let them go, this is inevitable.

"Look, this is obedient!"

Ye Chen's voice fell, and the star-aperture realm powerhouse who had his legs cut off, wanted to cry without tears, he wanted to say it, who knows, Ye Chen won't give a chance at all!

There is no light in the eyes of the five stars in the Aperture Realm. Not to mention it is dead, but still dead.

I only hope to have a happy way to die!

"This time, the Soul Palace arranged for us to come over, mainly because of an accidental visitor, Lin Juelong, Lin Juelong came from the low martial plane Kunlun Xu, and a sect of Kunlun Xu was once a frightening one in the ancient Lingwu Continent. The dormant power of this power has the secret to change the pattern of Lingwu Continent."

Chapter 1963: Goodbye Yan Kun!

"According to legend, as long as you control this secret and succeed, you can stand at the pinnacle of Lingwu Continent.

can even compete against the kingdom of God.

The Kingdom of God has been pursuing the whereabouts of that power over the years. Our Soul Palace cannot experiment with all of this, only the Universe Killing Domain is the safest. "

Ye Chen's eyes condensed, he had already noticed Lin Juelong's breath in this formation.

As expected, I can't get rid of Lin Juelong!

As for the Kunlun imaginary forces in these populations, they should be blood alliances.

Since the blood alliance is related to Lingwu Continent, why is it so easy to destroy?

Still, there is something deeper behind Kunlun Xu?

Ye Chen thought of something, and continued to ask: "You should have a lot of information in your control, do you know other things about Kunlun Xu?"

The soul hall star orifice expert knew the mortal situation, he didn't want to be tortured again, he hesitated for a few seconds, and suddenly said: "I heard the hall master mention one incident by chance. Kunlun Xu seems to be very close to a family in the Kingdom of God. contact."

"It is of course the low martial arts world, but behind it there are things that cannot be controlled."

"The Blood Sword Gate created by the blood spirit tribe, and even our Soul Hall, are all vassals of the Kingdom of the Spirit Martial Continent, and an adult in the Kingdom of God once allowed the blood sword gate of average strength to invade Kunlun Void, ostensibly to grab resources. But in fact it seems to be looking for someone..."

Hearing this, Ye Chen clenched his fists, endless killing intent surged.

Blood Spirit Race! Blood Sword Gate! How many years have suppressed Kunlun Xu!

even imprisoned the power of the reincarnation cemetery!

And all this, there is actually the shadow of the kingdom of God behind it!

What exactly is the Kingdom of God in Lingwu Continent going to do?

"What is the name of Lord Shen Guo!"

Ye Chen suppressed the shock in his heart.

What these soul palace experts are talking about is certainly gossip, but they also have certain qualifications for reference.

may even be accurate!

Right now, the biggest clue is the so-called Lord of the Kingdom of God!

The strong soul palace glanced at Ye Chen, his mouth opened slightly, just about to speak!

Qiankun Killing Domain suddenly burst out with an extreme aura!

is extremely cold and mighty!

Before the words of the strong soul palace were finished, suddenly his body exploded.

Boom!

At the moment of the explosion, countless flesh and blood danced in the void, not only that, the remaining four strong souls of the Soul Palace, with wide-eyed eyes, the whole body also exploded directly.

Ye Chen hurriedly backed away, even using the Chichen Divine Veins to protect the body!

Then there is no injury.

He stared at everything in front of him, frowning.

Obviously, the strong man in the soul hall has already noticed something.

These five soul hall powerhouses, there must be something in their bodies, they will explode when they tell their secrets.

At this moment, the abnormal change suddenly emerged, and the blood in the air gradually converged into a ghost of the old man.

Ye Chen glanced at him and was alert for an instant. This is definitely a strong one he can't touch, at least the existence above the door.

Even if it is too virtual, it is possible!

Is this the lord of the soul hall?

Or is it the people of the kingdom of God in the mouths of these soul palace experts?

The old man glanced at Ye Chen, his eyes were a little surprised and fluctuating, and finally returned to calm.

did not take action against Ye Chen from beginning to end.

soon disappeared between heaven and earth.

The ghost of the strong soul of the soul hall disappeared, Ye Chen took a look, but did not take it in his heart.

The grudge between him and the Soul Palace will end sooner or later.

Ye Chen came to the palace alone and glanced at the coffin and the formation. He wanted to use brute force to open it, but found that the coffin did not move.

Relying on his current strength, it is impossible to break open with brute force. Obviously, the restriction inside was not arranged by the five strong soul halls.

Since it couldn't be opened, Ye Chen didn't feel in the mood to check it again, and then walked out of the palace.

He left the whirlpool and went outside to find Ji Lin.

.....

Outside the black whirlpool, there are three women beside Yan Kun, it is Ji Lin and Leng Yan.

Yankun came to the black vortex and noticed that Ye Chen's breath disappeared.

He wanted to go in, but he felt too evil and didn't check.

He doesn't have the guts of Ye Chen, all the hope of the Qiankun Clan lies in him.

originally wanted to leave, but found that there was still Ye Chen's breath in another place.

He finally found Ye Chen's formation to isolate the atmosphere, and easily broke it.

and found Ji Lin and Leng Yan.

These three women have Ye Chen's breath, Yan Kun guards these three women, waiting for Ye Chen.

"You better let us go quickly, otherwise Ye Chen will never let you go."

Ji Lin threatened to the side, looking at Yan Kun with no fear at all.

She is not from Lingwu Continent, and she hasn't been here for too long, and she doesn't know Yan Kun's identity.

Also, Yan Kun never intended to hurt them.

But Leng Yan and Li Ting are two different people, and Yan Kun's identity was instantly recognized.

Qiankun clan!

They are the warriors of Lingwu Continent, and they naturally know something.

The Qiankun clan has long since disappeared for millions of years, and I didn't expect it to be alive.

Yankun glanced at the three of them, did not speak, and continued to guard the entrance of the cave.

"I'll wait for him."

The words hadn't fallen yet, a voice filled with anger sounded:

"Yan Kun, you are injured, you are sure to move my person! Dare you!"

Ye Chen is here!

When Ji Lin saw Ye Chen, he was ecstatic.

Ye Chen entered the black whirlpool, she had been worried, but now she finally came back safely.

As for Yankun, Ji Lin is not at all worried, Ye Chen will definitely save them.

Whether Ye Chen can beat Yankun, Ji Lin has no such idea in his mind.

In her opinion, Ye Chen is invincible. Although there is some blind worship, it does not hinder him.

"Ye Chen, if it doesn't work, just run away!"

At this time, Leng Yan speaks She is not like Ji Lin, she knows Yan Kun's identity.

Although Yankun only has the cultivation base of the Star Aperture Realm, it is normal for the Qiankun Clan to leapfrog.

I am afraid that in the face of a half-step closure, there is room for resistance!

And the legend of the Qiankun clan makes them think that the Qiankun clan is invincible.

Ye Chen shook his head lightly, there were some things that couldn't hide.

His killing intent was suddenly released!

Ye Chen just wanted to sacrifice the Zhutian God's Magic Spear and attack Yan Kun.

Yankun stepped forward and came directly in front of Ye Chen!

didn't make a shot this time!

but knelt down!

what!

The only living being of the Qiankun Clan in Lingwu Continent, actually kneeled to Ye Chen?

Leng Yan and Li Ting are completely dumbfounded!

The whole world seems to be quiet at this moment!

Ye Chen's expression is also extremely weird.

Is it the wrong way to open this?

Ye Chen suppressed the shock in his heart, and said: "Yan Kun, what do you mean?"

Yankun raised his head, his eyes resolutely: "I am defeated by Feng Qingyang, I promise him, follow you."

"My life is born because of you, and I die because of you, it does not belong to me."

Ye Chen just came across.

Chapter 1964: Golden Dragon!

He entered the sarcophagus without knowing everything outside.

After an earth-shattering battle outside, I am afraid that Yan Kun, who has just awakened, is not the opponent of Six Swords and Shenfeng Qingyang.

Losers, the price of not dying is to follow oneself.

Feng Qingyang probably knows that the enemy he will face in the future is strong, and now he needs a right-hand man to kill Yan Kun.

This is a move.

The chess piece that the wind Qingyang gave to himself.

Ye Chen nodded, just about to speak, Yan Kun continued: "Ye Chen, you refine the essence of my Qiankun clan, and you can be regarded as a member of my Qiankun clan. Can you and me not be the master and servant?"

"I recognize you as the big brother, this is the limit I can accept."

After finishing speaking, Yan Kun sacrificed a drop of essence and blood: "This is my essence and blood. I can sign a contract with you, and I will not betray my whole life."

Ye Chen smiled slightly: "Get up."

"No contract is needed, I trust you."

Qiankun family, Ye Chen has heard about it. Behind the powerful blood is a firm belief.

As for deception, it is impossible.

It can even be said that the Qiankun clan is powerful, but they are all extremely upright.

At this moment, Yan Kun's eyes were filled with surprise, and even his eye sockets were getting wet!

Ye Chen's trust made him feel respect.

Ye Chen patted Yankun's shoulder lightly: "You don't need this kind of reaction, you are free."

Yankun was taken aback, stood up, his eyes firm: "Brother, from now on, you and I will conquer the Lingwu Continent together, but unfortunately you are not a female, otherwise you can create the glory of the Universe Clan."

Ye Chen heard Yan Kun's words and almost spewed out a mouthful of old blood, what kind of brain circuit.

He suddenly remembered what Hua Xia said, I treat you as a brother, you want to sleep with me!

Ye Chen brought Yan Kun to Ji Lin and Leng Yan.

"This is my sister Ji Lin! You can't let her get hurt at all, you must protect her at the most critical moment!"

Yankun's protection of Ji Lin can make Ye Chen feel at ease.

Yankun glanced at Ji Lin and nodded.

However, Ji Lin suddenly blinked his eyes and corrected him: "You are Yan Kun, right? Ye Chen had something wrong. I am not her sister, I am Ye Chen's sister. Therefore, you will call my eldest sister. ."

Ye Chen: "....."

Leng Yan: "....."

Yankun glanced at Ji Lin thoughtfully, and still said, "Yes, big sister."

Ji Lin was quite satisfied and turned his back.

I don't know if I was laughing.

After the introduction, Ji Lin asked about the things inside Ye Chen's black whirlpool.

Ye Chen didn't say much, but told Ji Lin that there was a strong soul palace in the black vortex, but he had already solved it.

As for this black vortex, it should have been formed in the Universe Killing Domain, and it could not be arranged by the strong soul hall.

If it hadn't been because he hadn't found his master yet, Ye Chen would already want to leave the Universe Killing Domain.

This time, he has gained enough, not only the demon body but also the **** of death spear, and of course Yan Kun.

These opportunities are enough to make Ye Chen wake up from his sleep, but he has not found his master until now, and there is always a thorn in his heart.

Especially the reincarnation cemetery still has a shock. I am afraid that not only the Ice Sword Immortal Venerable is trapped in it, but there is also a great power who is also in the Universe Killing Domain.

As long as the Master and another great power can be rescued, Ye Chen's trip will be considered complete.

Just where is the Ice Sword Immortal Venerable in the Universe Killing Domain?

This time, neither Feng Qingyang nor Demon Eye gave a hint to himself, and Ye Chen could only rely on luck.

"Ye Chen, where are we going now? I found a lot of black vortexes in the universe killing domain."
Ji Lin said.

Ye Chen nodded, he always felt something was wrong.

He just wanted to talk when the black stone in his pocket flew out!

rushed in one direction quickly!

Ye Chen's face changed drastically!

The black stone is related to the cemetery of reincarnation, staying in your pocket carefully all the time!

How could it suddenly change at this time!

He didn't hesitate anymore, he used a hundred steps to chase out!

The speed is extremely fast!

"Yan Kun, protect Ji Lin and others, wait for me in the old place!"

After speaking, Ye Chen disappeared.

Continue to chase, Ye Chen noticed that the sound of the violent wind was getting louder and louder.

If this is the case, it is nothing, but these violent winds gradually made his physical body almost unsupported.

What's in front?

Why did Black Stone bring him here!

There are too many secrets hidden in this Universe Killing Domain!

Ye Chen came interested, the closer he got, the stronger the wind's resistance became.

insisted on flying for three hours, Ye Chen finally found the tuyere.

hesitate for a few seconds and step directly in! Darkness.

At this moment, Ye Chen's body was torn apart some flesh and blood by the wind, and blood flowed out along his body.

This is also on the basis of Ye Chen's possession of a demon body and an immortal body!

After a long time, the darkness disappeared.

Ye Chen stood up, looked up at the surroundings, and found that there was nothing around, only a deserted area.

In the air, there is still the aura of the ancient battlefield, but it is more concentrated.

Could it be that the aura in the ancient battlefield was passed from here?

This is just my own conjecture, I don't know if it is correct, I can only continue walking.

Soon, his eyes were pleasantly surprised, and he found two warriors here!

He took a look and found that the strength of the warrior was nothing more than good luck!

Ye Chen came in front of the two people, and the two martial artists glanced vigilantly.

"Brother, I have no intentions, just want to ask, where is this place?"

The two warriors glanced at each other and found that Ye Chen only had the Ninth Level of Hedao Realm, and didn't take it to heart. They said in a cold voice, "We just stepped into this place Ye Chen frowned. Is there more than one entrance?"

Next, Ye Chen finally understood that large and small black vortices appeared in various places in the entire Universe Killing Domain.

Some warriors came in to check on their own. Of course, some were forced. They were sucked into the wind by the strong wind and couldn't resist.

These two warriors are in a bad mood, probably because they were forced to enter here.

The black vortex should have formed only recently, otherwise the soul hall powerhouse had already discovered it.

Next, Ye Chen said goodbye to the two people and continued to walk forward. He still found a lot of warriors, and encountered many of the strong stars in the Aperture Realm.

After walking for a while, he found a dense forest in front of him, with fighting sounds and the roar of monsters.

Entering the forest, Ye Chen saw three martial artists in the eighth-tier sky of the Star Aperture Realm, and ten good fortune realms next to him.

When seeing their target, Ye Chen's eyes became serious instantly.

turned out to be a golden dragon!

There is a golden dragon with a thousand feet in front, the whole body is golden yellow, and the ground is shaking.

The powerful forelimbs, with one paw down, can instantly blast the powerful in the world of creation.

But what surprised Ye Chen was that the strength of the golden dragon was only at the sixth level of the Star Aperture Realm. Facing the attack of the eighth level of the Star Aperture Realm, the defeat was only a matter of time.

Could it be that this golden dragon was injured long ago and was also trapped in the Universe Killing Domain?

Chapter 1965: Different treasure!

At this moment, the eyes of the three powerhouses of the eighth layer of the star aperture realm showed greed.

The golden dragon is full of treasures, even a drop of blood is valuable.

Let them meet now, how can you let it go?

Ye Chen had been watching from a distance, the powerhouse of the Star Aperture Realm had already spotted him.

It's just that he didn't take it in his heart at all. How could it be possible for a martial artist of the Dao realm to **** the golden dragon from them?

After the golden dragon is solved, they can slap to death with a slap.

Ye Chen didn't care, since he met the golden dragon, he didn't want to let it go.

The powerhouse of the eighth level of the Star Aperture Realm, although he is not necessarily an opponent at the moment, he still has a certain degree of self-confidence when he pulls his teeth out of his mouth and leaves safely.

Three strong men from the eighth-tier sky of the Star Aperture Realm attacked frequently, and the remaining Martial Artists of the Great Fortune Realm supported them.

The golden dragon can't support too much time, Ye Chen guessed, I'm afraid it can only last for half an hour.

Time passed quietly, half an hour later, the golden dragon had no ability to continue fighting.

Its eyes were filled with ashes, and if there was no breath, its huge body fell to the ground.

The three powerhouses of the eighth layer of the Star Aperture Realm showed excitement, and then arranged for their subordinates to plug the wound of the golden dragon.

A drop of blood is worth a lot!

One of the Star Aperture Realm experts took a look at Ye Chen's direction and found that a small Combat Dao Realm martial artist had not left yet.

"The third child, you arrange your subordinates and shoot that ant to death!"

An ant in the Harmony Realm, he doesn't even have the qualifications to let them shoot.

The old third nodded slightly, and then called a warrior at the pinnacle of good fortune realm.

said a few words in his ear, and soon the warrior at the pinnacle of good fortune realm gently nodded and ran towards Ye Chen.

Ye Chen saw this scene with a smile on his lips.

Let a warrior at the pinnacle of good fortune come over, isn't this a death?

The Blood Demon Sword was held in his hand, and when he saw the figure of the peak martial artist in the good fortune realm, he slashed out with a sword.

The warrior at the pinnacle of the good fortune realm smiled disdainfully, and a Hedao realm ant would dare to take the lead against him?

He slapped down at random, and then a huge handprint, at this moment, patted Ye Chen.

When he fell, he originally wanted to turn around and leave, and he didn't even have to look down.

However, Ye Chen directly tore everything with a sword, chopped his handprint in half, and the sword energy rushed to the warrior at the peak of the good fortune realm in an instant.

The speed of sword qi is extremely fast, and the warrior at the pinnacle of good fortune realm has no time to escape.

At this moment, he felt a threat of death in his heart. Although the sword energy had not reached his side, it had already cut through his body.

So strong! Is this really the Ninth-tier Heavenly Martial Artist in the Hedao Realm?

The thoughts in his mind flashed by, and the whole person's head flew into the void and fell on the ground.

A corpse fell straight down.

The sound of fighting here attracted the attention of three Star Aperture Realm experts, and found that the subordinate he arranged was cut to death by a sword.

"Does this person pretend to be a pig and eat a tiger?"

One of the Star Aperture Realm experts said in a cold voice.

Other than that, he really couldn't think of why a martial artist could kill the peak of the creation realm in a flash.

Ye Chen knew that it didn't make any sense to continue hiding like this.

The whole person flew directly to the crowd, heading towards the body of the golden dragon.

"No, stop him!"

Ye Chen's speed is too fast, making them all a little dazed. If they don't stop, I'm afraid they will be able to reach the golden dragon in ten breaths of time.

嗖嗖!

The figure of a famous good fortune realm powerhouse rushed over, but a faint taunt appeared at the corner of Ye Chen's mouth.

The Blood Demon Sword in his hand was directly slashed out.

At the moment of swinging out, a sharp sword light suddenly rushed over.

The sword light tore through the space, causing a gust of wind to roar, and wherever Ye Chen went, the surrounding trees fell to the ground.

stab!

With a sword down, one of the strong people in the good fortune realm, a sword aura directly penetrated his chest.

the besieged good fortune realm powerhouse, took a breath.

Seeing this scene, I almost got scared to pee!

Where did the Hedao Realm martial artist come from, so terrifying?

Killing the strong in the good fortune realm is like slaughtering a dog.

once shot, it directly suppressed many warriors, so that they would not dare to move easily.

Ye Chen also took advantage of this opportunity to come to the corpse of the golden dragon.

His hand grabbed the corpse, and then the entire corpse of the Golden Dragon disappeared in front of everyone.

The three star-aperture realm powerhouses, with big eyes and small eyes, reacted in a bewildered moment.

The prey they finally killed is now in the hands of others.

Angrily, their three brothers suddenly rushed past with extreme speed.

Although Ye Chen has some evil sects that can kill the martial arts realm in a second, they didn't take it to heart.

Even if they make a move, they can also kill the strong in the good fortune realm.

They didn't believe it, Ye Chen could also kill them in seconds.

The terrifying aura rushed over instantly, Ye Chen frowned and ran away without any hesitation.

A strong man in the eighth-layer heaven of the Star Aperture Realm, he couldn't solve it if he wasn't sure, let alone the three now.

The moment Ye Chen ran away, the three brothers chased him directly.

When Ye Chen ran away, they knew in their hearts that this person was definitely not the opponent of the three of them.

Otherwise, I won't run away.

When they think of this, their speed is urged to the extreme, as long as they catch up with Ye Chen, the corpse of the golden dragon will be caught.

The thought of Ye Chen daring to pull his teeth in front of them made his heart feel angry.

At that time, I will catch Ye Chen. I will definitely torture him and dare to break ground on Tai Sui
I am impatient!

Although Ye Chen's speed is fast, there is still a gap between him and the powerhouse of the eighth layer of the Star Aperture Realm.

"Haha, brother, this kid can't run away!"

One of them had a hideous scar on his face, and said with a sneer.

They are getting closer and closer to Ye Chen's figure, and I'm afraid they will be able to catch up after a while.

Ye Chen turned his head and glanced, directly cast the Divine Demon Transformation, and then the speed suddenly increased by a few points.

Seeing Ye Chen's speed increase, the three brothers almost spit out old blood.

The speed of a martial artist in the Dao Realm, so fast, no matter what, he hasn't used his full strength.

The three brothers couldn't help but speed up a bit for the golden dragon.

As long as he can catch Ye Chen and get the golden dragon, even if he pays some price, he can still accept it.

The speed of their three brothers is at its extreme, and they even use secret techniques to increase their speed.

After three hours, the three brothers got closer and closer to Ye Chen, and they had reached a certain range of attack.

The third strongest among them, took out a **** red sword in his hand.

The aura from the sharp sword is exactly the soldier of time and space.

As soon as the sword in his hand was raised, a sword air waved out.

A sword light rushed towards Ye Chen's direction.

Wherever the sword light went, rows of big trees crashed to the ground.

Chapter 1966: Weird singing!

The sword light from behind struck, the speed reached an extreme, Ye Chen turned and stopped, the immortal sword intent on his body spurted out.

Facing the powerhouse of the eighth layer of the Star Aperture Realm, he had to be cautious.

The immortal sword intent was in the air, Ye Chen at this moment seemed like a peerless sword.

The sword moves with the heart, and the energy in the body is constantly pouring into the Blood Demon Sword.

Raised his hand, a sword swung out, and the sharp sword light fell suddenly.

The moment the two sword lights touched, there was a violent fluctuation.

horrible fluctuations and explosions.

The scope of the explosion spread from the center.

Ye Chen retreated madly with the impact of the explosion.

At the moment he backed away, the three star-aperture realm experts suddenly caught up.

The three brothers surrounded Ye Chen, and a sneer came from the corner of their mouth.

Ye Chen saw that he was surrounded, his face did not change, but his brows were frowned.

"Take our things and still want to run?"

"Hand over the golden dragon, and you can leave a whole body."

In the eyes of the three brothers, Ye Chen is already a dead person, it is impossible to live.

Ye Chen smiled and said nothing, the three of them really thought he was going to be taken.

The Blood Demon Sword and the Zhutian God Demon Spear were held in his hands, and there was an extraordinary breath.

The three brothers took a look, and suddenly felt a little heart-stirring. They didn't expect that a martial artist in the same Dao state would have a lot of treasures on his body.

The three of them could tell at a glance that the extraordinary nature of the Zhutian God Demon Spear and the Blood Demon Sword is definitely the existence of soldiers that transcend time and space.

How can this kind of treasure be placed on a small martial artist?

Ye Chen could see the greedy look of their three brothers, but they had to be able to get it.

The law of time, the law of ice, and the law of time and space erupted frantically from Ye Chen's body.

Here, dynamic usage is more effective than other methods.

Besides, the power of his laws has improved.

In the entire air, three laws were flying freely, and the surrounding trees were directly frozen at this moment.

Click! Click!

The ice is all over the ground, and the breath of the law of time and space makes the void extremely unstable.

The breath of the law of time flows in space.

The three powerhouses of the eighth layer of the Star Aperture Realm frowned, and the aura formed around them made them all feel a slight threat.

Ye Chen made them unable to see through, and decided to solve it as soon as possible to avoid any changes.

The three of them are all powerful swordsmen, and they also have a set of combined attack skills.

Between them waved, three sharp sword lights suddenly rushed over.

The Blood Demon Sword and Zhutian God Demon Spear in Ye Chen's hand resisted the two sword lights.

When another sword light hit, Ye Chen twisted his body and avoided it in a blink of an eye.

After avoiding the three sword lights, Ye Chen's body suddenly rushed over.

The moment he rushed past, the spear light and sword light attacked instantly.

Zhuotian's magic spear turned backhand and landed on their bodies.

When was about to fall on them, one of the strong men grabbed the gun directly.

Ye Chen did not hesitate at the moment when he grabbed the gun body.

then cut it down with a sword.

Boom!

A sword suddenly went down, and the strong man felt the sharp sword aura and quickly released his hand.

Ye Chen took a look and decided to rush out. Fighting with them to death and death, it has no effect.

After all, he still hasn't figured out what place it is.

Who knows what kind of danger there will be, escape from their hands early is the most important thing.

Facing the powerhouse of the eighth layer of the Star Aperture Realm, there is no way to hide it yet.

Ye Chen didn't want to be in love, so he found a gap and rushed out directly.

The moment he rushed out, he used the power of his whole body to reach the extreme speed.

The three brothers glanced at each other, wishing to slap Ye Chen to death, they could only continue to chase.

If it were an ordinary powerful person in the Dao realm, they would have already killed him, but this kid is too evil.

is simply a monster, they have never met such a warrior.

Ye Chen ran away all the way, when he was escaping, he came to the caves of some monsters.

In the cave, he deliberately attracted the monster beast. As for the next thing, he naturally left it to the next three brothers.

The three Star Aperture Realm powerhouses behind Ye Chen were furious, and they all carried some injuries.

These injuries are all due to Ye Chen.

If Ye Chen hadn't deliberately attracted monsters, how could they have become like this now.

Fortunately, the strength of the monster beast is not particularly strong. The three brothers can deal with it.

also because there are three star-aperture realm powerhouses, they didn't lose Ye Chen.

or put it on one of them, I'm afraid Ye Chen would have already escaped.

Time passed by one minute and one second, and the deeper, the more powerful the aura of the monster beast, and some monsters Ye Chen didn't dare to provoke them, and could only find another way.

The three brothers didn't think about giving up, after all, Ye Chen was already evil enough.

If they encounter any powerful monsters in the depths, they may not survive, but when they think of the treasures on Ye Chen's body, they can only clenched their teeth and continued walking.

Ye Chen glanced at the front and noticed that a thick white mist had arisen.

The white mist in front is getting denser and denser, and Ye Chen always has an ominous premonition in his heart.

The closer to the white mist, the ominous premonition in Ye Chen's heart grew stronger.

Ye Chen stood on the edge of the white mist, motionless, considering whether to enter.

At this time, three strong men from the eighth-layer heaven of the Star Aperture Realm had already caught up.

They saw Ye Chen staying where they were, and suddenly laughed.

"Why don't you keep running!"

"I am afraid you are exhausted now Now hand over the treasures on your body and be our slave. Maybe you can save your life."

Ye Chen didn't care about the words of the three of them.

He stared at Bai Wu, and decided to go in and take a look.

The three brothers looked at the white mist in front of them, and also felt a little weird, but they frowned when they saw Ye Chen's figure rushing in.

Now they are wondering whether to go in or not.

What horrible existence is in this white mist, they don't even know.

Who knows what it is like to enter inside.

"What are we afraid of, even a martial artist in the same way dare to enter, what are we afraid of?"

The boss headed by spoke directly, and the three figures disappeared into the white mist.

After entering the white mist from Ye Chen, he found that the power of his soul was shielded and could not be used. He could only observe with the naked eye.

The white mist is getting denser and thicker, and I almost lose sight of my fingers when I stretch out my hand.

Ye Chen walked forward cautiously by himself. After about a stick of incense, he suddenly heard the sound of singing.

The singing voice seemed a bit depressed from the beginning, as if seeing a group of armored warriors, ready to die.

Soon the war broke out, and the singing became enthusiastic at this moment.

Gradually, the voice of defeat in the battle seemed a bit bleak.

Chapter 1967: Is there a reincarnation monument in the universe killing domain?

Ye Chen was attracted by the singing, followed the singing, stepped out, and there was a clicking sound under his feet.

looked down and found a dead body that had already been air-dried.

kept walking, more and more corpses, a clicking sound was heard every step.

I don't know how many years these corpses have been stored. Under his feet, they are all white bones.

Ta Ta Ta Ta!

At this moment, Ye Chen heard the sound in front of him, walked for ten minutes, and found that in front of him, each soul was standing there.

These souls wore battle robes, and each one looked solemn, and beside them, there were war beasts.

These war beasts stood beside the armored warriors.

Ye Chen can see that these souls are all dead armored warriors, and they have been here because of their resentment.

These armored warriors suddenly looked in the direction of Ye Chen.

Ye Chen yelled badly, he was found!

Sure enough, one of the leading generals stepped on the beast, took out a sword, and pointed in Ye Chen's direction.

"kill!"

嗖嗖嗖!

The armored warrior quickly mounted the battle beast, the sound of horseshoes continued, and he rushed in the direction of Ye Chen.

Ye Chen saw this scene, his whole person smiled bitterly, his breath of life was too obvious.

These souls are surrounded by death spirit, but he is different.

Seeing the armored warrior rushing over, Ye Chen had to fight, grabbing the bleeding magic sword, and rushing over directly.

Although there are many armored warriors, the strength is not particularly strong.

are basically in the Awakening Realm or Good Fortune Realm, but the general in the armored warrior is a powerhouse in the Star Aperture Realm.

The moment Ye Chen rushed over, the Blood Demon Sword in his hand swung out with a sword.

A sharp sword light fell quietly, and every sword light was mixed with a frightening atmosphere.

嗖! Whoosh! Whoosh!

Sword light flew out, and the row of armored warriors running in the front fell crashing to the ground.

These armored warriors themselves are souls condensed by death, and they don't know about timidity.

constantly rushed towards Ye Chen.

An hour passed, Ye Chen didn't know how many soul armor warriors had been killed, but these armor warriors seemed like they could not be killed.

Every time a wave is killed, a wave will pop up. How many armored warriors have died here?

He Dao Realm and Good Fortune Realm had no ability to resist in front of him. In an hour's time, he killed not 10,000 but also 8,000 soul armor warriors.

Ye Chen had no choice but to continue to kill. These soul armor warriors had already lost their minds, only their instinct to fight.

They had already regarded Ye Chen as an enemy, and they would not have any affection at all.

The aura of the law of time made these soul armor warriors stay in place, and then the sword of Zhantian rose into the sky, a sword swung out, and at least thousands of armor warriors fell to the ground.

Fortunately, the strength of these armored warriors is not strong. If it were a strong star in the Aperture Realm, he might have died long ago.

Fighting ceaselessly, killing ceaselessly, Ye Chen continued to move forward every time he killed a row of armored warriors.

When Ye Chen walked forward, these armored warriors seemed to kill red eyes, constantly surrounding Ye Chen.

After two hours of killing, Ye Chen only felt a little sore in his arm.

There is a steady stream of these armored warriors, and Ye Chen feels that if he kills here for a lifetime, he may not be able to kill them.

He didn't want to continue fighting anymore, and glanced at the general who commanded the armored warrior ahead.

decided to rush over from here, he wanted to see what these armored warriors were protecting.

"Hundred steps to power!"

Ye Chen murmured in his mouth, the speed was extremely fast.

Spiritual power is rapidly depleted!

These armor warriors can't stop them at all, Ye Chen's speed is very fast.

In a blink of an eye, he came to the general's front. After seeing Ye Chen, the general looked solemn and cut out with a sword.

Ye Chen barely dodged, with some scars on his body.

Suddenly the singing sounded again, Ye Chen looked up and found a statue.

The statue is not a man, but a woman. Wearing a shirt and holding a spear, she has a sense of heroism.

A woman is the **** of war?

This was the first feeling for Ye Chen, like a **** of war fighting on the battlefield.

The armored warrior behind, stopped chasing, glanced at Ye Chen, turned his head and left!

Ye Chen saw the weird scene and didn't say anything.

The singing came from the statue of God of War. Ye Chen leaned forward to observe and found that the statue was no different.

After staying for a while, Ye Chen didn't notice any problems. He was about to go around the statue of God of War and move on, but he just took a step and found that he had hit something.

boom!

With a muffled noise, Ye Chen touched his forehead, then reached out to touch the front, and found a barrier.

There is no road ahead, or it is deliberately blocked by others.

Ye Chen was about to go back. Since the three star-aperture realm experts have disappeared, there is no point in staying here.

He took a step, but he felt like something dripped on his forehead.

Ye Chen looked up, only to find that the eyes of the God of War statue were crying.

"What's happening here?"

Ye Chen murmured, a little confused about the situation.

The statue was in tears, it was the first time he saw it.

Just then, the black stone appeared again!

This time, the black stone was suspended in front of Ye Chen and the goddess of war!

The bright light is extremely dazzling!

"You finally came!"

An illusory voice came into Ye Chen's ears.

The voice was a woman, with a clear ear, Ye Chen felt that the person speaking was the God of War.

That sentence, you are finally here, let Ye Chen feel that the statue of the God of War is here, as if waiting for himself deliberately.

Ye Chen stopped, wanting to keep watching.

The words of God of War gave him some suspicion, as if he knew himself.

While he stayed, he found the white mist around him gradually dispersed.

Ye Chen saw a tomb right in front of him!

If that's all there is to it, at the front entrance of the tomb, there are nine dragons.

The dragon is not a living thing. I don't know how many years it has been dead for a long time, but the breath from these nine dragons made Ye Chen breathless.

Ye Chen believed that if these nine dragons were still alive, a single glance could kill him in seconds.

"Blessings and misfortunes depend on each other, and they will eventually meet!"

The voice of God of War came into Ye Chen's ears again.

Ye Chen had an intuition in his heart that the God of War wanted him to enter the grave.

Although I don't know why, this kind of intuition is very strong.

Ye Chen continued forward and found that the barrier he had originally had completely disappeared.

came to the front of the tomb, the sudden change occurred, the nine dragons, the dragon soul appeared, and flew into the void.

The nine dragons roared and stared at Ye Chen.

The terrifying aura made Ye Chen almost lie on the ground.

There is no doubt that even if it is just a dragon soul, if you want to kill yourself in a second, you only need a finger.

Gradually, Ye Chen found that the eyes of these dragon souls were a little moist.

"Master, you are finally here!"

In a word, Ye Chen almost stared out, Master? What the **** is this?

Ye Chen only felt a little pain in his head, nine dragons, calling him master, absolutely impossible to make a mistake, just why?

He couldn't figure it out, but the nine dragons didn't seem to want to tell Ye Chen the answer.

The dragon souls of the nine dragons returned to the body, Ye Chen stepped forward and opened the door of the tomb.

stab!

The door opened, Ye Chen took a look, walked in, and found that it was like daytime inside, and there were countless beasts on both sides of the road.

White Tiger, Suzaku, Phoenix, Xuanwu, Qinglong, Qilin...

These sacred beasts are not statues, on the contrary, they are real existence, but they have been dead for tens of thousands of years.

Although they are dead, the aura from them is more terrifying.

The realm of couldn't be explored at all, and he continued to walk, Ye Chen found that there was a stone gate, opened the gate, and found a figure.

"The God of War?"

Ye Chen spoke directly, staring at the figure in front of him with amazement.

This figure is the statue of the **** of war outside He never thought that he would meet here.

Now the God of War is only a ray of soul, I am afraid that he will survive for hundreds of millions of years.

Ye Chen stood in awe when he thought of this, he was definitely the strongest.

A strand of soul has survived so long, the strength can be imagined how terrifying.

"The Lord of the Reincarnation Tomb, finally made me wait."

God of War's words made Ye Chen not know how to answer.

Up to now, whether the nine dragons or the **** of war, they all seem to know themselves.

even knows the secrets of the reincarnation cemetery!

The **** of war did not pay attention to Ye Chen's puzzled gaze, but came to him with a pair of slender hands stroking his cheeks.

"You come with me!"

After God of War finished speaking, he walked in front, and Ye Chen followed behind.

About an hour later, he came to a coffin.

Ye Chen's heart couldn't help beating violently.

"There can only be one person in this world of reincarnation blood, and you are the only one."

"You have the blood of reincarnation, you must know the reincarnation monument."

Ye Chen heard the words of the God of War, and his breathing was a little short. Could it be that the Qiankun Killing Domain also has a reincarnation monument?

Chapter 1968: People of the Kingdom of God?

"Senior, do you know the whereabouts of the Samsara Profound Tablet?"

"This is very important to me!"

Ye Chen arched his hands and said very seriously.

The female war **** smiled slightly: "I already feel the breath of the samsara mysterious stele in your body. This seems to be a dust stele."

"Although the dust monument is the weakest among the ten reincarnation monuments, right now, it is the most suitable for you."

"It's just that your realm is lower after all. After you step into the half-step closing the door, you can feel the true power of the Reincarnation Profound Tablet."

Ye Chen's eyes dimmed when he heard the door closed for a while.

This is a little far from myself.

If you can find the few remaining reincarnation monuments, you may have the opportunity to quickly step into the gate.

"One thing may disappoint you. Qiankun Killing Domain does not have a reincarnation monument."

Hearing these words, Ye Chen couldn't help feeling a little lost.

However, the goddess of war continued: "Although Qiankun Killing Domain does not have a reincarnation monument, I know the whereabouts of the remaining nine reincarnation monuments."

what!

Ye Chen's eyes widened, and he never thought that this female God of War would know the whereabouts of the remaining samsara profound monument!

Does that mean that I can collect ten yuan as soon as possible!

Completely activate the bloodline, can he move freely in Lingwu Continent!

It is even possible to crush the kingdom of God.

"Don't be happy too early, the remaining nine reincarnation monuments are not so easy to get."

"Once, ten Reincarnation Profound Steles, each with ten guardians, you have the aura of Xuan Yuezong, I'm afraid you already know the whereabouts of the Xuan Yuezong Profound Stele."

The **** of war said lightly.

Ye Chen condensed his eyes and said excitedly: "Where are the remaining guardians?"

The goddess of war sighed: "Some people are dead, some are hiding in the depths."

"The effect of the Reincarnation Profound Tablet is too great, and it is very important to those who are at the pinnacle of Lingwu."

"It's normal to kill and loot treasures in Lingwu Continent."

"Moreover, the Kingdom of God in Lingwu Continent cares very much about this thing."

"Since you have found the Dust Stele, I suggest you go to the Flame Stele of the Shenhua Academy next."

"On the road of martial arts, manipulating flames is equivalent to manipulating everything."

"The Yanbei also has extremely powerful explosive power in the battle, even in its strongest state, not weaker than hundreds of true artifacts exploding at the same time."

Ye Chen was slightly surprised.

The explosion of a thousand soldiers he can control is terrifying, dozens of time and space soldiers exploded, shaking the earth.

And the Yan stele is equivalent to hundreds of true artifacts?

Hedaoxian (sacred) weapon, space-time weapon, artifact, true artifact, holy weapon!

Ye Chen couldn't imagine the gap between this!

While Ye Chen was thinking deeply, the female war **** continued: "Don't talk nonsense, since you are here, you should get some things."

After the female war **** finished speaking, she didn't give Ye Chen time to think about it, and she waved her fingers gently.

The sarcophagus moved.

boom! boom! boom!

Outside, thunder came to the world, and the warriors who were looking for opportunities looked up at the sky one by one.

Who is it that made Tiandao angry?

Thunder fell, I don't know how many warriors died, the outside world is like a purgatory.

A figure suddenly appeared in the sarcophagus.

What surprised Ye Chen was that the man in the sarcophagus looked a bit like him!

The man raised his head and glanced at the sky. With just one glance, there were countless cracks in the sky.

Click!

At this moment, heaven seems to be about to break!

A mournful sound came from the sky, as if begging for mercy.

At a glance, the way of heaven is going to be broken, not daring to fight, just thinking about how to beg for mercy.

The thunder disappeared, and a seed suddenly appeared in the sky, the seed exuding a dazzling light.

Countless powerful people in Qiankun Killing Territory saw that seed, showing a greedy look, even crazy.

This is the Taixuan Taoist!

Rumor has it that the Taixuan Dao seed was conceived at the beginning of heaven and earth, and if it can be obtained, it will represent heaven and earth.

After obtaining the Taixuan Dao seed, the warriors of the entire Lingwu Continent must surrender to his feet.

These Star Aperture Realm powerhouses became completely crazy, and there were even three powerhouses who blocked the door in half a step.

These powerhouses flew into the void one by one, trying to **** the Taixuan Dao seed, but disappeared in the next moment.

The Taixuan Taoist species disappeared, and all the warriors didn't know where to go.

Sometimes things like chance are powerful and not useful.

Tai Xuan Dao Seed appeared in front of Ye Chen, and even fell into Ye Chen's body.

Ye Chen felt that a seed appeared in his dantian, but the seed stayed quietly in the dantian without any movement.

The Taixuan Taoist species, Ye Chen also knew that it would only show some effect when he waited for the germination.

It's just that Ye Chen didn't know what this function was.

There are only legends about Taixuan Taoism, and no one has ever obtained it.

"This thing will be hidden in your body for now."

"Only the blood of reincarnation is qualified to be nurtured."

"As for whether it can germinate or not, I don't know."

"Everything depends on cause and effect and fate."

Ye Chen had too many doubts in his heart, why did the female **** of war appear here.

Why do you know about the reincarnation cemetery?

What he wanted to ask, the goddess of war didn't bother at all. With five fingers, the figure in the sarcophagus spouted a drop of essence and blood a drop of essence and blood floated quietly in the air, and the goddess of war said: " Grab this drop of blood and blend it into your body. Don't panic if you encounter anything then!"

Ye Chen nodded lightly, grabbed the essence and blood in the void, and directly refined it.

boom!

At this moment, his body seemed about to burn, and the blood in his body was boiling.

At this moment, the blood of reincarnation became completely violent. Gradually, Ye Chen felt that his eyes became dark.

Time doesn't know how long it has passed, and when Ye Chen opened his eyes again, he found that everything had changed.

Monster beasts and human races are constantly fighting, and even some other races are fighting each other.

The evil spirits and Asuras killed the red eyes one by one, only killing in their minds.

"This is the inside of the six paths?"

Ye Chen was a little shocked when he saw this scene. The blood of reincarnation is in charge of the six reincarnations.

Heaven, humanity, asura, animal, hungry ghost and hell.

Among the six realms, the entire sky is dark and all order is disrupted.

The six realms are all concentrated in one world, and the dead souls of Ashura, Human Race, Demon Race, can no longer enter the reincarnation.

Just because the Lord of the Six Paths is no longer there, the so-called Six Paths also completely collapsed.

Ye Chen knew that seeing the scene before him was probably related to that drop of blood.

Ye Chen didn't know what the state of the real six realms was. I'm afraid it was exactly the same as what he saw now.

Next, Ye Chen continued to walk and found these monsters and human races, and couldn't see him at all.

He seemed to have never appeared before.

The picture turned again, Ye Chen found a figure standing in the void.

The figure is the man who resembles himself in the sarcophagus.

He stands in the void, like an emperor who controls everything in the world.

Chapter 1969:

Suddenly the situation changed, and a jet black finger suddenly fell.

The man tried desperately, but he still lost.

Hum!

Ye Chen opened his eyes and found that he was still in place, and the God of War looked at him quietly.

"The six realms have collapsed. You need to grow up as soon as possible and rebuild the order of the six realms. The bloodline of reincarnation must not be exposed, otherwise you will only die. Unless you surpass that person, you will have a ray of life."

"Now the six ways of Lingwu Continent are under the control of the Kingdom of God."

"You are not even qualified to compete."

Ye Chen was startled, hesitated for a few seconds or asked, "Who is that man?"

The female war **** glanced at Ye Chen calmly:

"The existence that once surpassed the kingdom of God."

"Do you really think you are just a young master who was born in China Jiangcheng?"

"From the moment you were born, the game between man and power has begun."

"You are a chess piece, or not."

"Because, in this game of chess, there is only you a piece."

"The opposite of you is the real monstrous power and the existence that countless people look up to."

"The Kingdom of God has already been aware of you, and your time is running out."

"go in."

Ye Chen found a secret room in front of him.

"If you enter it yourself, whether you can get the recognition of that person depends on your good fortune."

Ye Chen nodded slightly, pushed open the stone door of the secret room, and walked in.

Once inside, there was nothing in the secret room.

Suddenly, a figure appeared, and the figure floated out. Ye Chen took a look and found that it was the man in the sarcophagus.

"Beat me!"

However, the realm is the Nine Heavens in the Hedao Realm.

Both are in the same state, Ye Chen held the bleeding magic sword in his hand.

His eyes gradually became dignified. Although they were all in the same realm, Ye Chen didn't think that they would defeat him easily.

Ye Chen was the first to bear the brunt, and a stride rushed directly.

At the moment he rushed past, the illusory figure did not move, but instead reached out a hand.

boom!

With a finger down, Ye Chen felt that he was completely locked in, without any resistance at all.

Huh!

With a finger down, it penetrated Ye Chen's body directly, and a mouthful of blood spurted out, and the whole person's face became abnormally pale.

Ye Chen raised his head and stared at the illusory figure, with a wry smile at the corner of his mouth.

The opponent unexpectedly had already exploded into the pinnacle of Star Aperture Realm in the Ninth Level of the Hedao Realm.

Ye Chen knew that he was not invincible right now, but he thought he was still invincible under the same realm.

However, it now appears that there are people outside the world, and there are days outside the world!

This man is really terrifying!

"With the help of external forces, you can never defeat me!"

Ye Chen put the Blood Demon Sword in the reincarnation cemetery and took out an ordinary sword.

The law of time is constantly flowing, and a sword is swept out.

The power of the years spread everywhere, and the speed of the illusory figure reached an extreme, evading a sword light directly and came to Ye Chen.

boom!

With a punch, Ye Chen's whole figure flew out directly.

When flying out for an instant, the illusory figure kicked out.

From the beginning to the end, no exercises were used, just a simple punch and kick.

Ye Chen got up from the ground and wiped off the blood from the corner of his mouth.

A pair of eyes fixed on the illusory figure.

The sword was thrown on the ground, and then the whole person rushed directly.

Behind him, the power of the six daos was released, the law of time, the law of ice, the law of time and space, the blood of gods, and the realm of killing, all burst out.

The immortal divine body exuded golden light, raised his arm, and blasted it with a fist.

The illusory figure then raised a punch, the moment the two touched.

There was severe pain in Ye Chen's fist, and he almost couldn't help but roar.

The immortal body is powerful, but it seems to have no effect in the face of the illusory figure.

Ye Chen stepped back two steps, and the whole person entered a state of enchantment. Then, the whole body was filled with black magic energy.

The demon body shone with black light, and Ye Chen rushed out again.

The moment he rushed past, the illusory figure was motionless, and when a fist was about to fall on his chest, a faint smile appeared on the corner of his mouth.

"Still too weak."

boom!

With a fist down, the illusory figure stood in place, without even taking a step back.

Ye Chen frowned. Even though the opponent had reached the strength of the pinnacle of the star aperture, his punch would definitely suffer some injuries if the pinnacle of the star aperture could not resist it.

But what is the situation now?

Although the man is strong, it is impossible to achieve invincibility.

Where is the real invincibility in this world?

"Follow the origin, these things on you will only become your shackles!"

The words of the illusory figure make Ye Chen frown and follow the origin?

What is his true origin?

Demon body? Not!

Immortal body, nor is it!

Even the six gods, the law of time, the law of ice, the law of time and space, these are not.

Only the blood of reincarnation is his true origin.

"There are too many shackles on your body. Although they are all means to increase your strength, the real treasure is your blood!"

Immortal divine body and demon body are nothing, only the blood of reincarnation is his strongest method.

It's just that Ye Chen didn't know how to urge the blood of reincarnation.

He did not try before, but all ended in failure.

The illusory figure did not speak, his purpose of existence was to give pointers.

With his current strength, if he wanted to kill Ye Chen, it would be easy.

Ye Chen hid the immortal divine body and the demon body in the deepest place, trying to stimulate the blood of reincarnation.

Buzzing!

At this time, the blood in his body seemed to roar and roar, trying to stand out from his body.

Bloody water filled Ye Chen's whole body, and the breath of his whole body smelled a trace of reincarnation.

"This!"

Ye Chen was stunned. He used to be indifferent to the blood of reincarnation, but now he has a slight reaction.

In this case, Ye Chen was ecstatic, probably because of that drop of blood.

At this moment, the aura of Ye Chen's whole body had undergone earth-shaking changes.

"drink!"

Ye Chen roared, then raised a punch, the blood in the whole body moved.

The power of reincarnation surging, flowing in his internal organs.

He punched out, bombarding the illusory figure.

The illusory figure took two steps back, but didn't care. Instead, he said: "Your reincarnation bloodline has no real awakening, but it has already understood the Red Chen divine vein and is barely reluctant."

The illusory figure is not invincible. Only by comprehending the power of reincarnation can he hurt him.

If you want to understand the power of reincarnation, the most important point is the blood of reincarnation.

Chapter 1970: 1 Qu Hongchen is scattered, the past is like smoke!

The law of time can affect people's years, just like birth, old age, sickness and death.

After all, one day will be consumed by years and time.

The power of samsara is in charge of samsara, from birth to death, and into samsara.

Ye Chen stared at the illusory figure, and the whole person rushed over.

The breath of the power of reincarnation rushed out, like a torrent of violent storms.

When the power of reincarnation really reached its peak, as long as Ye Chen used it, he could let the enemy step into reincarnation.

boom! boom! boom!

Ye Chen and the imaginary figure punched one after another without any pause at all.

Both sides exploded with the power of reincarnation, constantly fighting.

The state that the man had set was just a realization of the power of reincarnation.

The levels of the two are comparable. If Ye Chen wants to win, he must surpass that man by comprehending the power of reincarnation to be able to defeat!

What is reincarnation?

Ye Chen was thinking in his mind that birth and death are constantly reincarnation.

When he was thinking, every punch went out.

Between the two, the breath of reincarnation, the constant struggle.

"You are the Lord of Samsara in this world!"

The illusory figure suddenly said a word, and Ye Chen's eyes gradually brightened.

He is the Lord of Samsara, and all matters of Samsara in this world are under his control!

boom!

With a fist down, the illusory figure flew out directly.

Between the two, it is not the actual strength confrontation, but the power of reincarnation.

Whoosh!

At this time, a shock appeared in the reincarnation cemetery.

The illusory figure disappeared into the world.

Ye Chen came out of the secret room, just to see the female **** of war, but her illusory figure is getting faint, I am afraid it will not last long.

"The power of reincarnation, don't use it outside."

"Unless you are truly in a mortal situation."

"Otherwise, if you are noticed by those people, you will be very dangerous."

"Also, now you can't control it at all. Just now it was just an illusion. If it were reality, it would have a huge backlash against you."

"Unless you refine five reincarnation monuments."

Obviously, God of War knows everything inside!

Ye Chen nodded slightly, once the blood of reincarnation was discovered, he might not survive at all.

"Since you have got everything, the existence here has no meaning, I should leave too!"

The goddess of war did not have any sadness on her face, but she couldn't help looking at Ye Chen.

"I hope I can still play a piece for you!"

In the hands of the goddess of war, a piano appeared at some point.

She sat on the ground, playing gently, Ye Chen looked at her quietly!

The piano sounded, and the reverberation sounded around the beam, like a dragon and a phoenix flying.

In this life, he had already forgotten the God of War, even if he had no memory of his previous life.

"A song of red dust scattered, the past is like a cloud of smoke!"

"The mountains and rivers are stirring up the world, the smoke is everywhere and fighting the sky!"

"Eternal reincarnation is the emperor, a song of death to send you farewell!"

"The past and present lives are decisive, and the plum blossoms fall away and cherish the cold!"

The female war **** murmured, and the song ended, she stood up from the ground, looked at Ye Chen and said, "It's a pity that you won't see the day when you will rule the world in this life."

Ye Chen's eyes gradually moistened, but he didn't know what to say.

"My name is Qu Chenyan!"

As soon as the voice of the female warfare myth fell, the phantom of the whole person disappeared in the world.

Ye Chen stood there quietly, after a long time passed, he walked out step by step.

Coming out of the tomb, Ye Chen found that the white mist around him had long since disappeared. Behind him, the tomb slowly disappeared, leaving only the statue of Qu Chenyan standing on the ground.

Ye Chen came to Qu Chenyan's statue and said softly: "If I can meet you in this life, I will show you the world!"

He felt a little heavy. The man was strong, but he died.

Only strong strength can control one's own destiny.

"Boss, he is here!"

Ye Chen heard the sound and looked up and found that it was the three brothers.

The three of them followed Ye Chen into the white mist, but they didn't find anything and kept going in circles.

Unexpectedly, the white mist suddenly disappeared, and they happened to see Ye Chen!

When the three brothers saw Ye Chen, they surrounded him directly.

Ye Chen is not in a good mood now, it seems that because of Qu Chenyan's departure, there is some sadness.

He looked at the three brothers coldly, the power of reincarnation could not be exposed, and he had some difficulties in dealing with the powerhouses of the eighth layer of the Star Aperture Realm.

But now Ye Chen didn't want to escape, he needed a fight to ease his mood.

With the Blood Demon Sword in his hand, since he couldn't kill the three brothers, he still wanted to kill one.

After killing him for so long, there will be some price to pay.

The three brothers laughed but didn't say anything. They knew Ye Chen's strength very well, and it was absolutely impossible to be their opponent.

Ye Chen took the initiative, and the whole figure suddenly rushed past at this moment.

When he rushed past, a sword in his hand slashed out directly.

With a sword in the air, a terrifying aura burst out, and an extreme sword light fell at this moment.

boom!

The three powerhouses of the Star Aperture Realm evaded a sword, and then rushed towards Ye Chen.

When Ye Chen saw this scene, a mocking smile appeared at the corner of his mouth, and the golden light of the immortal divine body erupted.

Then a sword blocked it, and at the moment of blocking, another Star Aperture Realm expert rushed over without hesitation.

The moment he rushed over, Ye Chen's figure backed slightly.

"court death!"

The surrounding ground is covered with layers of ice, and the temperature in the air drops instantly.

The legs of the three brothers were covered with ice, temporarily controlling their mobility.

Although only able to control their five breath time, it was enough for Ye Chen.

A cold light condensed, and the sword light rushed out instantly.

The power of this sword was all aimed at one person, and the horror breath burst out crazily.

boom!

A sword fell directly on a strong person in the eighth layer of the Star Aperture Realm.

A scar appeared on the chest of the strong man, and he took three steps back.

"Second, are you okay?"

One of the strong men said The second shook his head and said that he had not suffered any major injuries.

Although this injury is a bit painful, it is not fatal.

The second child's injury also made the remaining two powerhouses crazier. Of course, they were more afraid of Ye Chen's strength.

It was the first time that they had met the ninth layer of the Hedao realm and wounded the eighth layer of the Star Aperture Realm.

The offensive of the three brothers was even more fierce. Ye Chen held the Blood Demon Sword in one hand and the Zhutian God Demon Spear in the other.

The frantic attack, although facing three people, did not have the slightest look of fear, on the contrary, the more they fought and the more courageous.

The more the three brothers fought, the more frightened, the injuries on Ye Chen didn't even affect his offensive in the slightest.

The most bitter thing is the third child, Ye Chen has been attacking him, recruiting and killing him.

Especially seeing Ye Chen's eyes full of killing intent, bloodthirsty and crazy, he obviously wanted to kill him.
