Chapter 1971: Encounter the Holy Dragon Family

The brave wins when we meet on a narrow road!

The stronger Ye Chen showed, it made the youngest third more and more frightened.

"Slash the sky with a sword!"

Ye Chen roared, and the blood demon sword burst out with a terrifying devilish energy, and the cold killing intent filled the air.

forms a boundary.

The sword light flew towards the youngest figure in an instant, the sword aura swept everything around, and the terrifying sword light was quite annihilating.

Break the mountains and rivers with one sword!

"Broken Star!"

The terrifying spear intent of the Devil's Spear of the God of Death filled the surroundings, and Ye Chen followed behind Jian Guang.

raised his hand and shot it out.

This gun was locked in the heart of the youngest, the **** of death and demon's gun was like a ghost of a **** and a demon, flooding the gun body.

One shot, as if there are only guns left in this world!

The sword light and the tip of the gun gradually enlarged in the third pupil's pupil.

At this moment, he stood still, as if stupid.

Boom!

The sword light suddenly fell, tearing the old third's body, and a cold light from the gun tip fell suddenly.

boom!

With a muffled noise, Ye Chen pierced his heart with a shot.

The third child held the gun body with both hands and stared at Ye Chen with a hint of resentment, but his pupils gradually lost their light, and the breath of life continued to drain.

Ye Chen then picked up his body and threw it on the ground suddenly.

Boom!

"Youngest!"

There are only two of the three brothers left, the boss and the second are angry, and they want to tear Ye Chen into two.

嗖! Whoosh!

Behind Ye Chen, two extreme sword lights suddenly fell.

噗嗤!

Ye Chen spit out blood, and the two hideous wounds on his back were bleeding.

He turned around and fixed his eyes on the two brothers.

"Those who have seen the God's Demon Spear will die. Now, it's time to send you on the road."

The expressions of the two of them changed slightly. Just as they were about to say something, a strange sword box appeared in front of them.

The sword box opened.

The bright light burst out.

The whole world is full of endless meaning of death.

The pupils of the two people are only accident and panic.

Completely dead.

.....

An hour later.

Ye Chen came to a mountain, sat cross-legged, running his injuries.

He was going to look for Ji Lin and Yan Kun when he was about to finish the treatment.

If there is a chance, he still wants to try to destroy the sarcophagus formation in the soul hall.

He now controls a part of the power of reincarnation, and should be eligible to destroy it.

"Hey, brother, are you interested in exploring Qiankun Palace with us?"

When Ye Chen adjusted his breath, a team of people appeared. Their strength was not high, and they were basically all martial artists in the realm of harmony and good fortune.

It was also because of this that he asked Ye Chen, otherwise, where would Qiankun Killing Territory take care of a martial artist in the realm of harmony?

Ye Chen opened his eyes and looked at the man in front of him, who was wearing black clothes and holding a cold sword in his hand.

The people behind him have different levels of strength, and the clothes are a bit shabby. You can tell at a glance that these people are casual cultivators.

Ye Chen still has a good impression of casual cultivator. After all, when his killing sect was established, it was because of casual cultivator.

"Where is Qiankun Palace?"

Ye Chen frowned, he hadn't heard of it, but since so many people are looking for it, could it be the place where Ice Sword Immortal Venerable was trapped?

"Brother, don't you know the Qiankun Palace? That's a palace that appeared in the highest place of the Qiankun Killing Domain."

"It is said that several ancient powerful men were sealed there."

"The key, the warriors of the entire Universe Killing Domain, the treasures they dream of are all on it."

Seal the strong?

Ye Chen's eyes shrank!

Is Ice Sword Immortal Venerable Really on it?

Ye Chen raised his head and glanced at the sky. He hadn't paid attention before, but now he saw it and discovered that there was actually a ghost.

It's just that the phantom is abnormally weak, if you don't look carefully, you can't see it at all.

Ye Chen continued to talk a few more words, knowing that this was the San Xiu Alliance.

Because most of the warriors who came in were all forces from all sides, there was no way for casual repairs, only alliances could be formed.

Ye Chen nodded lightly, agreeing to form an alliance with them.

After all, he doesn't know anything about Qiankun Palace.

As long as there is a clue to the whereabouts of the Ice Sword Immortal Venerable, he will try.

Huang Bo patted Ye Chen on the shoulder and found a casual cultivator, and their team could grow stronger and stronger.

Next, Ye Chen followed behind the team.

In this loose repair alliance, Huang Bo is the leader, with a strength of nine levels of good fortune.

There are also two sub-leaders, both of good luck.

There are about two hundred people in the entire team, except for Huang Bai, all of them are martial artists in the same way.

This force can still do something outside, but in the ancient battlefield, it doesn't have much effect at all.

A star-aperture realm powerhouse appears at random, and the loose repair alliance can be destroyed.

It's not that there is no powerful San Xiu, but it doesn't bother to be with the San Xiu alliance.

After all, their strength is too weak, there is no difference between a martial artist in the Dao realm and the head of a gift, plus in the same realm, the casual cultivator will always be the weakest party.

led to no strong people joining!

Huang Bai also knows the current situation, but there is no way, there is always a caring for walking together.

Next, the San Xiu Alliance headed to the direction of Qiankun Palace.

There is still a long distance from the direction of Qiankun Palace.

Ye Chen has been at the back of the team, as a little transparent.

The martial artist of the Nine-tier Heaven in the Dao Realm, no one paid attention, but occasionally someone came to talk.

"The person in front, stop."

While Huang Bo and the others were walking, they suddenly met a group of people.

These warriors wore gorgeous clothes, with a proud look in their eyes, wishing to write on their faces.

The number of them is not that many only ten people, but all of them are the pinnacle of good luck.

Huang Bo stood up from the group, looked at the young man in front of him, with a bitter expression on the corner of his mouth, and then said, "Young Master Long, what's the matter?"

Regardless of their strength or background, they can't afford to provoke them at all.

Longshan comes from the Sacred Dragon family, although it is not a direct line, but it can't be offended.

"Snapped!"

Longshan slapped Huang Bo's face with a slap, and then said, "You are also worthy to call me Long Shao?"

slapped it down, and Huang Bo's face instantly became red and swollen.

Longshan's strength is not that great, but Huang Bo dare not have the slightest prestige.

Ten strong fortune realm are staring behind him. If Huang Bo dares to make a move, he will definitely be killed by ten strong.

Huang Bo didn't dare to show any dissatisfaction on his face, nodded and bowed.

Although he has absolute certainty that he can kill Longshan, his power will be destroyed instantly.

Without strong strength and background, he can only pretend to be a grandson here, there is no way.

Ye Chen kept watching from behind, but didn't speak.

"Hand over everything on you, although there is nothing good, but it is also considered as a contribution to the Holy Dragon family."

After Longshan finished speaking, he stood quietly, believing that Huang Bo will definitely be handed over.

The strength lies here, either lower your head or be destroyed.

Chapter 1972:

Huang Bai's face became difficult to look, and he was in a dilemma.

The treasures on their bodies are all obtained from birth to death, and now a word, all their treasures are taken away.

"Young Master Long, you know, it's not easy for us to practice casual training, can we..."

Before he finished speaking, he was kicked out and fell to the ground with a puff.

"My master, I want your treasure to give you face, don't know how to praise it."

Longshan smiled disdainfully, a group of casual cultivators, they could massacre at will.

didn't take it to heart at all.

Huang Bo stood up hard, but did not dare to say a word.

"Give you three minutes to think about it. Otherwise, don't blame me for being rude."

Huang Bo looked up at Longshan, then turned to look at these casual repairs.

The San Xiu Alliance also knows something, and their faces are extremely ugly.

"Leader, the big deal, we will die with them!"

One of the casual repairmen said!

Longshan is really deceiving people so much that he doesn't treat them as human beings at all.

They obtained the treasure, which is a life of nine deaths. Now, how is it possible for them to hand over the treasure?

Of course there are some warriors who are afraid of death, wanting to hand over the treasure.

After all, if the treasure is gone, you can find it again. If the life is gone, there is nothing.

No one wants to bury his life.

Three minutes passed quickly, Huang Bo came to Longshan.

"Longshan, although our casual cultivator is low in strength, we are not insulting others."

Cork decides that the fish die and the net breaks, the big deal is death, what to fear.

Being able to kill a warrior of the Sacred Dragon family before death is a worthwhile trip.

Longshan's entire complexion became difficult to look, but Huang Bo and the others were so stiff.

His figure stepped back slightly, and came behind ten strong creation realm. Who knows if Huang Bo will suddenly get into trouble.

Huang Bo saw this scene, and the corners of his mouth evoked a trace of disdain.

How about the people of the Holy Dragon family? It's not the same as being afraid of death.

Ten powerhouses of the good fortune realm stood up and prepared to do it. In their eyes, Huang Bo and the others are ants, and they can slaughter at will.

When Huang Bo was about to do his hand, Ye Chen stood up from behind, glanced at Huang Bo, and then said, "Leave me the next thing."

Huang Bo looked at Ye Chen, frowning, how come out of a martial artist in the Nine-tier Heavenly Realm.

If Huang Bo and the others choose to compromise, Ye Chen will not be nosy, and leave alone.

There is no warrior, Ye Chen has no interest in staying inside.

Fortunately, Huang Bo and the others did not disappoint Ye Chen.

When Ye Chen stood up, the warrior on the side of the San Xiu Alliance exclaimed.

What's the situation, the warrior of the Ninth-tier Heaven in the Hedao Realm stands up, are you not afraid of death?

There are ten masters of good fortune on the scene!

Huang Bo was also a little dazed. He didn't know what was going on with Ye Chen, or he had some brain problems.

Ye Chen saw this scene and didn't say much. He walked to the front.

Take out a sword at random, and Ye Chen didn't pay attention to these ten strong men of the Holy Dragon family.

There is not even a Star Aperture Realm, and it can be massacred at will.

On the side of the Sacred Dragon Family, looking at Ye Chen like a fool, I don't know where the courage is coming from the He Dao realm in front of me that I actually want to go against them?

The immortal sword intent on Ye Chen's body burst out directly, and the breath of the law of time continued to flow.

The ten strong fortune realm frowned, and the aura that burst out of Ye Chen's body was really strange.

gave them a sense of danger in their hearts.

Huang Bo next to Ye Chen couldn't help taking two steps back, and he couldn't stop the breath that burst out of Ye Chen's body.

What kind of enchanting warrior did you receive?

Huang Bo felt a little dazed in his heart. He felt Ye Chen's breath and didn't dare to say anything, and silently retreated behind.

Ye Chen's ghostly figure rushed over, and at the moment he rushed past, the sword in his hand was lifted up at this moment.

Boom!

An extreme sword light suddenly fell.

At the moment of falling, the figure of one of the strong fortune realm was directly locked.

stab!

A sword fell, and the strong man in the good fortune realm died directly.

At the moment of death, his pupils opened, and he fell to the ground with an unbelievable appearance.

The remaining nine powerhouses in the good fortune realm were directly stunned.

One sword kills the realm of good fortune, is this really the realm of harmony?

However, they couldn't think of too much, Ye Chen's whole figure had already rushed over.

Nine powerful masters of the good fortune realm took action together, and the horror spread, causing the warriors and Longshan of the Sanxiu Alliance to retreat continuously.

This level of power is no longer something they can intervene!

The terrifying breath can smash them!

Every time Ye Chen dropped his sword, he took away a strong man of good fortune.

Even if the nine of them besieged, it would not cause any harm to Ye Chen.

Soon the strong man on the side of the Holy Dragon family is already a little scared, but three more died in the time of two breaths!

This is a complete massacre, and they are not even qualified to fight back.

"Your Excellency, we accidentally provoke you, hoping to see the face of the holy dragon family and forgive us."

The strong of the Holy Dragon family knows that this time he has kicked the iron plate!

can only move out of the reputation of the holy dragon family, believe that it is a warrior, will be jealous.

"Holy Dragon Family? It is your holy dragon family who killed."

Ye Chen's voice fell, and he killed another person again.

He and the Sacred Dragon Family have already had enmity, since they have already met, it is absolutely impossible to let it go.

The face of the Sacred Dragon Family changed drastically, and they wanted to shoot Dragon Mountain dead.

If it weren't for Longshan how could there be the current disaster?

On the side of the San Xiu Alliance, one by one, their eyes widened. Although they were not able to participate in the battle, they were able to check the situation inside with their spirit.

Ye Chen is so terrifying!

The sword fell in his hand, and no one of the good fortune realm could resist it. It was a killer god.

The aura of killing and the smell of blood filled the air, every time Ye Chen dropped his sword, a warrior fell to the ground on the side of the Holy Dragon Family.

In less than ten breaths, Ye Chen's body was full of blood.

Of course, these blood waters belong to the Holy Dragon family.

Longshan's legs are already limp on the ground at this moment, and a pair of eyes is full of deep fear.

Ye Chen fell on the ground, looking at Longshan and didn't do anything, but instead said to Huang Bo: "This person will be killed by you!"

The dignity that Huang Bai lost in front of Longshan naturally made him find it personally.

It's just a Longshan, Ye Chen didn't take it seriously.

Huang Bo glanced at Ye Chen gratefully, and then came to Longshan.

"Please, don't kill me!"

Longshan was completely scared to urinate. He looked like he was alive just now, and now he is like a bereaved dog. .

Huang Bo did not speak, but sneered, grabbed Longshan by the collar, and dropped a sword.

Longshan's eyes widened, and the breath of life disappeared in the next second.

Chapter 1973: Talent?

At this moment, Huang Bo came to Ye Chen and said: "Brother, you should be the leader of this loose repair alliance!"

Now no one dared to look down upon Ye Chen anymore, killing a strong creature in the good fortune realm is like killing a dog.

Ye Chen shook his head slightly, he was not interested in being the leader.

Although Ye Chen did not become the leader, Huang Bo also arranged a position of deputy leader.

Ye Chen demonstrated the strength, not to mention the deputy leader, the leader is just a word.

In this world, the strong is respected!

Ye Chen stood beside Huang Bo, walking all the way.

Huang Bo also chatted with Ye Chen a little along the way, and wanted to join the Killing Sect in his heart.

Now that the killing sect is the holy place for casual cultivators, anyone who is a casual cultivator is willing to go to killing sect.

"Ye Chen, you won't be the one who killed the sect, are you?"

At this time, Huang Bo said.

Although he has not seen the Sect Master of the Killing Sect, he also knows some of Ye Chen's deeds, beheading the strong by leapfrogging, just like playing.

"how is this possible?"

Ye Chen shook his head. Although he did not change his name, he changed his appearance.

Let others invisible!

After all, there are too many portraits of himself in the Western Regions, and I don't know how many forces want to kill him.

Huang Bai thought about it, too, how could Ye Chen be in the Universe Killing Domain, now he should sit down and kill the Sect.

Suddenly, Ye Chen looked up at the sky and found that Qiankun Palace became more and more obvious.

Walking along this road, I saw a lot of warriors, and it was obvious that they were all heading to Qiankun Palace.

No one knows the exact location of Qiankun Palace, but as long as it gets closer.

The phantom of Qiankun Palace is getting deeper and deeper, and now it is almost like a real palace, standing in the sky.

At the forefront, Ye Chen found a group of warriors converging, and all forces formed a small group.

In front of these warriors, there is a vast ocean, with sea water surging everywhere.

The arrival of the Sanxiu Alliance, no one cared about it, after all, it was just a group of Sanxiu, weak in strength.

Even if the Qiankun Palace really appeared, these casual cultivators would not get anything good.

I'm not sure that it will be possible then, let these casual cultivators explore the way first.

Ye Chen they found a corner at random and adjusted their breath.

The Qiankun Palace hasn't appeared yet. Once it appears, it will probably be another big battle.

The warriors in the Sanxiu Alliance have a nervous expression, there are too many powerful people in the good fortune realm, even the star aperture realm has a lot of power.

There are also three strong men who closed the door half-step. They want to enter the Universe Palace to find treasures. I am afraid there are some problems...

Huang Bai also knows the current situation, but he can only take one step to see.

Ye Chen didn't have too many thoughts. As long as he didn't meet a half-step locker, he was confident that he could escape if he couldn't beat it.

As for closing the door half step, he is not sure about it now.

Time passed bit by bit, and for the past ten days, the palace of the universe above the sky finally showed a slight change.

The entire Qiankun Palace made a humming sound, and the light yellow halo continued to fall.

Ye Chen opened his eyes and looked at the Qiankun Palace above the sky.

In ten days, it seems that Qiankun Palace is finally about to appear.

Almost at the same time, all the warriors stood up and looked at the sky nervously.

At this moment, a long ladder suddenly appeared in the Qiankun Palace!

The ladder fell slowly and appeared on the ground.

"Ladder!"

One of them said!

At the moment when the ladder appeared, all the warriors were crazy. As long as they climbed the ladder, they would be able to enter the Universe Palace.

What is in the Qiankun Palace, no warrior knows, but there are definitely treasures.

Huang Bo came to Ye Chen and asked, "Brother Ye, do we want to go up?"

Ye Chen shook his head lightly, not in a hurry now, let's check the situation.

Qiankun Palace is present, although there are treasures, but it is also accompanied by crisis.

Some warriors have already started to climb the ladder. The moment he stepped on the ladder, he suddenly felt that his whole body was seen through.

seems to have an eye hidden in the void, staring at everything secretly!

The warrior stepped up the ladder step by step, and soon the gap widened. Some of the martial artist in the realm of harmony, the speed of advancement is faster than the realm of creation!

This scene surprised everyone, what is the situation?

Ye Chen is not anxious, but Huang Bo is a little anxious, and the warriors of the San Xiu Alliance are a little anxious.

If the treasure lets others get on the ground first, what else do they play?

"Let's go!"

Ye Chen said lightly at this time, there should be no crisis in the ladder.

Among the ladders, at the top are three strong half-step closures.

This ladder does not look at strength, but talent.

is able to cultivate to a half-step close the door, needless to say the talent.

As for the back, it is uneven, with some Hedao realm in the front, and good luck realm and star aperture realm behind.

On the ladder, the strength does not have any effect, but the strength of the whole body is imprisoned, and only one-third of the strength can be exerted.

Ye Chen stepped on the ladder, with an eye invisible, he wanted to see through him, but with just one glance, he immediately retreated.

Pedal!

Step by step, Ye Chen didn't feel anything at all.

easy! Extraordinarily easy!

The pressure of the so-called warrior talk is completely nonexistent!

The weaker the talent, the higher the upward when ascending the ladder, the greater the pressure it will bear.

As for Ye Chen, let alone pressure, he can't even feel the slightest amount of gravity.

Constantly moving upwards, Ye Chen quickly surpassed the people in front. As for the San Xiu Alliance, some warriors took two steps, and they felt unable to move forward.

Otherwise, it will be shredded by the terrifying gravity!

There is no way, they can only give up!

When Ye Chen stepped forward, many warriors and forces noticed him.

A warrior of the Nine-tier Heaven of the Hedao Realm has surpassed the powerhouse who does not know how many creation realms, and is about to catch up with the Star Aperture Realm.

Everyone is making progress step by step, but Ye Chen is good, and he feels like walking fast.

is too fast!

How terrifying is this talent?

They don't know, they just feel very scary.

The strong man who closed the door half step also noticed Ye Chen, frowning slightly, but he didn't care about it either.

Entering the Universe Palace, they don't believe that talent determines everything.

Ye Chen continued to move forward, he didn't want to waste time, he wanted to enter the Palace of Heaven and Earth.

The three strong half-step door-closing men looked at him closely. If you don't get in early, how could a good treasure fall in his hands by then.

In the next scene, all the warriors are stunned!

They all walked step by step, but Ye Chen was running, and it seemed to be flying.

This running speed, if there are no accidents, I am afraid that it does not take five minutes to enter the Qiankun Palace.

Some strong people in the Star Aperture Realm blushed. They are so powerful that they are not as good as a He Dao Realm.

Being able to reach the Star Aperture Realm, the talent naturally doesn't need to be said much, but compared with Ye Chen. .

Talent, they were embarrassed to show off in front of Ye Chen.

is really shameful!

Chapter 1974: It's for you!

The three half-step strongmen were also dumbfounded, because Ye Chen quickly surpassed them, and his face was neither flushed nor breathing, and there was no pressure.

At this level, even if they dare not be too aggressive, Ye Chen...

Ye Chen didn't care about the thoughts in the hearts of these powerful men. He quickly reached the top and stood at the door of Qiankun Palace.

In the middle of the entrance of Qiankun Palace, it is written Qiankun Palace, three words!

The gate of the Hall of Universe, I don't know what material it was cast, exuding a touch of coercion.

This coercion was extremely powerful, Ye Chen took a step forward and was instantly bounced back.

Ye Chen frowned, what's the situation?

Is it impossible to enter the Palace of Heaven and Earth, but after another thought, it seems impossible.

If you can't get in, the ladder cannot fall.

Ye Chen observed carefully and found three black holes in the middle of the gate.

These three black holes, staring at Ye Chen like three eyes, seem to be about to come alive.

"Those who enter the Hall of Universe need the blood of three peerless talents."

Ye Chen stood outside and heard an indifferent voice.

It seems that he wants to enter the Palace of Universe directly, which is a waste.

There is definitely no problem with his blood, but he still needs the blood of two peerless talents.

can only wait here quietly now.

Ye Chen sat cross-legged on the spot, these warriors want to come up, it will take some time, he is not in a hurry, as much as possible to improve his strength.

One after another, warriors came up. Fortunately, the space above was large enough to bear all the warriors.

The indifferent voice came again, the warriors all understood what was going on, one by one you look at me, I look at you.

The warrior who can come up has absolutely no problems with talent.

is just a sentence of peerless arrogance. I don't know what the real threshold is.

If a drop of blood does not work, their old faces will be lost.

No one tried it easily, but the warriors all looked at the three strong men who closed the door halfway.

Their strength lies there, so naturally there is no need to say more about their talents.

It must be the request of the peerless Tianjiao, no problem!

The three strong men who closed the door half-step but no one did it first, mainly they were also afraid of shame.

The older you live, the more you care about your face.

No one wants to be ashamed!

The three half-steps closed the door and came to Ye Chen. The scene on the top of the ladder was unforgettable for all the warriors.

They believe in Ye Chen's talent and there is absolutely no problem.

"This little brother, are you interested in dripping blood?"

One of the elders who closed the door halfway opened his mouth.

Ye Chen stood up and nodded slightly, originally he wanted to go in.

Now there is no need to fight against the strong who is half-stepping the door.

Ye Chen came to the front of the gate and dripped a drop of blood. The blood was in the void, and it seemed to be drawn into the black hole. For a moment, it shone with bright light.

Soon a black hole lit up, leaving only two holes.

Two of the strong men who closed the door half step stood up, dripped blood, and the blood entered the cave entrance, and one of them came out with a bright light.

But for the other one, the blood flew out directly, which seemed a bit disgusting.

The old man whose blood flew out, his whole face became hard to look.

His blood is not yet a peerless talent.

Almost instantly, the eyes of all the warriors fell on the old man.

The old man felt these gazes, and the horror breath broke out directly.

As soon as the strength of the half-step door-blocking powerhouse erupted, these warriors looked away, but they only knew what they were thinking in their hearts.

Another strong door-blocker came over, dripped blood, and soon flew out again!

Of the three strong men who closed the door half step, only one could be regarded as a peerless arrogant.

The threshold is higher than they thought!

At almost the same moment, no warrior dared to drip blood, mainly for fear of shame.

The two strong men who blocked the door half-step can't do it. What effect can their Star Aperture Realm and Good Fortune Realm have in the past?

Huang Bo came to Ye Chen's face. He had cultivated to the realm of good fortune as a casual cultivator, and his talents were not bad enough.

After came, he ran directly to Ye Chen, his good fortune realm was nothing here.

At this moment, there is a deadlock. No one wants to try. There is no way for the three strong half-steps to close the door, and they cannot always force these warriors.

"I'll try!"

There was a hoarse voice at this moment. He was completely dressed in a black robe. He couldn't see his cheeks, even if the realm was not detected.

The black robe man stepped forward from behind, dripping blood. His blood was not the same as ordinary people, but black.

The blood dripped into the black hole, and it burst into bright light soon.

At this moment, the door opened automatically, and there was light flashing inside.

The warriors above couldn't help but rush in directly, and now the treasure is in front of them, they have long been unable to bear the inner restlessness.

Of course, some sane strong men did not go in, but were behind.

Qiankun Palace is obviously not easy, how can it be easy to obtain treasures.

Ye Chen did not move, and Huang Bo did not move, waiting quietly.

After the warrior had almost entered, Ye Chen began to move, and he and Huang Bai walked in slowly.

As soon as he stepped inside, Huang Bo almost couldn't control the restlessness in his heart.

He saw all kinds of treasures and space-time soldiers, and they placed them on the ground.

When Huang Bo was about to rush over, Ye Chen directly pulled him back with one hand.

Think about it in my head, it can't be true at all.

If there is a treasure on the ground, it has already been taken by the incoming warrior, how could it be placed here.

is obviously an illusion!

Huang Bo also reacted, his face flushed, and his face looked embarrassed.

If it wasn't for Ye Chen, he would have been a corpse now.

The surrounding scenery gradually changed. There were no treasures on the ground, but there were vines in the treasures.

If you really get the treasure, you will definitely be attacked by the vines, and you will definitely die by then.

Beside the vine there are some corpses of warriors.

Every corpse was drained of blood, leaving only bones.

Huang Bo sees this scene, he has a lingering fear, if it weren't for Ye Chen, he would really be dead.

There are not many vines, Ye Chen and the others can pass safely, but what makes Ye Chen wonder is, where did the warriors go?

There were a lot of warriors coming in, but there was no sound, let alone fighting, not even footsteps.

Ye Chen looked at the front and found that there were countless rooms, and the door of each room was closed.

He guessed that these warriors might be in the room, Huang Bo followed Ye Chen, cautiously walked over, and came outside the door of the room.

Boom!

At this time, a door opened. Ye Chen walked in and found that there was nothing in the room.

Huang Bo just wanted to walk in, but was blocked by an invisible barrier.

Boom!

At this time, the entire gate was closed, Ye Chen was locked inside, and no sound was heard.

As for Huang Bo's situation, Ye Chen didn't know at all, so he could only ask for more blessings. .

Ye Chen frowned, there was nothing in this room, do you want to trap him?

While Ye Chen was thinking deeply, the wind Qingyang and Binghan from the Samsara Cemetery made a decisive voice: "Hide your breath, people from the Kingdom of God will come to the Universe Killing Realm! They are very likely to be directed at you!"

Chapter 1975: Goodbye Sun Yi

Ye Chen heard Feng Qingyang's voice, his face changed slightly, and he quickly cast a spell to hide his breath.

With Feng Qingyang's cultivation base, words are so anxious, it must be difficult for people who come to the universe to kill him to find him.

At this moment, a very strong spiritual thought enveloped the entire universe of killing domain!

Even entered the Qiankun Palace.

Not only that, people were not present, and the invisible air pressure made everyone present breathless.

Ye Chen didn't feel it, but the so-called loose repair alliance all knelt down!

The face is full of fear!

Ye Chen asked Feng Qingyang: "Senior, what is the origin of this person?"

"The power of the soul is so powerful?"

Feng Qingyang narrowed his eyes and sneered: "It's just that guy's dog."

"But although it is a dog, the forces of Lingwu Continent dare not offend it."

"I am just a divine mind. If discovered, it will inevitably endanger you."

"If you don't want to get involved, you can completely hide your breath, just release your cultivation in the realm of harmony."

Ye Chen's eyes condensed slightly, and soon, he felt that divine mind enter his room.

Moreover, a phantom of a man in a purple robe appeared in front of him.

The man's eyes were sharp, his high gaze fell on Ye Chen's body, and he said in amazement: "Oh? He Dao realm nine-layer heaven, something interesting."

After speaking, Xu Ying approached Ye Chen unexpectedly.

Ye Chen was nervous, but he was ready to fight at any time.

If he is discovered by a person from the kingdom of God, he will pay all the price and erase the person!

The man in the purple robe finally stopped. He stared at Ye Chen and said lightly: "The breath on you makes me feel very familiar."

"what's your name?"

Ye Chen was startled, after hesitating for a few seconds, he still said, "Ye Lingtian."

Now the two names Ye Jitian and Ye Chen are almost no secrets in Lingwu Continent.

Anyway, Ye Lingtian is in Kunlun Xu, just use this name to deal with it.

"Ye Lingtian?" The purple-robed man frowned slightly, "This name is not bad, but it can only be used in Lingwu Continent."

"If you go to that place, you will have to change your name. That person doesn't want you to be above the sky."

After speaking, the man in the purple robe patted Ye Chen on the shoulder: "Go, you don't need to be nervous."

"Maybe in this life, you are no longer qualified to see me."

"Ye Lingtian of the Ninth Level of the Hedao Realm, I hope you are qualified to obtain the Heaven and Earth Qi Luck of the Universe Palace."

After the words fell, the phantom disappeared.

Everything returned to silence.

...

At the same time, it was an icy place thousands of miles away from the Universe Killing Domain.

The two figures are moving slowly.

One man and one woman.

The headed girl is extremely hot, although she is dressed in plain clothes, it can't hide it.

The girl wore a veil, covering her face.

Riding a snow bear under him.

Snow bear is a more common mount monster in Lingwu Continent.

As long as you have enough money, you can buy it.

In front of Xue Xiong was a man with sharp eyes, and his cultivation base was not high in Lingwu Continent.

But the breath radiating from his body was a cold killing intent.

"Snee!"

The man sneezed and frowned slightly.

Sun Yi on the snow bear asked, "Ye Lingtian, are you catching a cold?"

Ye Lingtian shook his head: "This weather is nothing to us warriors. I always feel that someone is scolding me."

"Miss Sun, don't worry."

Sun Yi smiled: "This is not China, what are you doing with this set?"

The smile disappeared quickly. Sun Yi stared at the heavy snow ahead and said helplessly: "Where is Ye Chen? The Lingwu Continent is ten thousand times larger than Kunlun Xu and Huaxia. It is really difficult to find someone."

"Furthermore, the danger of Lingwu Continent is far more than anything else. Just asking people casually will almost cause death."

"I'm afraid Ye Chen is not having a good time here, right."

"Hey, it's been a long time since Lin Juelong came to Lingwu Continent. If you don't find Ye Chen, Lin Juelong might attack Ye Chen."

When Ye Lingtian heard these words, his eyes were solemn: "Miss Sun, the subordinates are incompetent! If the subordinates are strong enough, we don't need to be so cautious."

Sun Yi shook her head: "You are not to blame for this incident. I must come to Lingwu Continent. Right now we can only take one step and look one step at a time."

Ye Lingtian led the snow bear and continued to march forward.

At this moment, a team appeared in sight.

On the banner of the team are written the four characters of the Western Region North Palace.

There are two Beigong families in the Lingwu Continent. The Beigong of the Western Region and the Beigong of the Eastern Region are completely independent and have no connection.

Ye Lingtian didn't plan to take risks, and he didn't like contact with people in Lingwu Continent, so he led the snow bear to another direction.

Keep your distance deliberately.

However, for some reason, the team went to Ye Lingtian and Sun Yi.

At this moment, the two of them looked solemn.

Ye Lingtian knew that he couldn't escape, so he took out a cold sword and said to Sun Yi: "Miss Sun, if you do, you ride away on a snow bear immediately, even if I die, I have to hold them back!"

At this moment, the team suddenly stopped.

A young girl got off the carriage pulled by the wind beast.

The girl's beautiful eyes were full of surprises, and she pointed to the jade card on Ye Lingtian's waist: "Where are you from?"

Although she is a harmless girl, Ye Lingtian still condensed killing intent: "It has nothing to do with you."

The girl touched her head, smiled, and said, "Don't be nervous, our Beigong family is not a bad person."

"By the way, I haven't introduced myself yet, my name is Beigong Ziyu."

"The reason why I stopped the team is because I have a friend who has the jade medal on you, so I was curious to ask."

Ye Lingtian glanced at the jade brand, his face changed slightly.

Because this jade brand is obviously a product of Kunlun Xu, why would people in Lingwu Continent know?

"You don't come from Kunlun Xu too." Beigong Ziyu tentatively said.

At this moment, Ye Lingtian's expression completely changed! Just about to move his sword, Sun Yi stepped down from the snow bear, and came to Beigong Ziyu, and said, "We are from Kunlun Xu."

She admitted that it was because she saw Kunlun Xu's jade medal at the waist of this strange girl!

This jade card is probably related to Ye Chen!

Beigong Ziyu's eyes were so excited, she took Sun Yi's hand, and just about to speak, Sun Yi asked first: "Little girl, I want to ask you personally."

"Ye Chen, do you know?"

As soon as he said this, Bei Gong Ziyu's smile suddenly stiffened.

Not only Beigong Ziyu, but the entire team of the Beigong family members are filled with endless chills.

Because this man named Ye Chen is a nightmare for all forces in the Western Regions!

It is a rising and unpredictable superstar in Lingwu Continent!

...

The screen turns.

Qiankun killing domain, Qiankun Palace.

Ye Chen exhaled, the aura of the purple-robed man was too strong.

Although he can't detect his cultivation base, at least the mid-season stage!

Ye Chen asked Feng Qingyang what he thought of, and said, "Senior Feng, what does the **** of the kingdom mean by heaven and earth luck?"

Chapter 1976: Heaven and earth luck

However, before the words fell, the room he was in shook!

Then, a mechanical and icy voice fell like this:

"Peerless Tianjiao fights ancient warriors, win, get luck, lose, and die!"

Suddenly, a beam of light appeared beside Ye Chen.

The light beam disappeared, and a man with hollow eyes appeared. The man was wearing a suit of armor and holding a battle sword in his hand.

Ye Chen gave a wry smile, it really made him look like he was a powerhouse in the eighth-layer heaven of the Star Aperture Realm.

He didn't know what the heaven and earth's luck is, and wanting to come is also the condensed thing of heaven and earth.

The space of the room is not large, only 100 square meters, if it can't be beaten, it is impossible to even escape.

Can only fight to death!

From the moment Ye Chen stepped onto the ladder, he felt an eye behind him staring at him.

I'm afraid there is also an invisible big hand in Qiankun Palace, controlling everything.

The ancient war general, the moment he saw Ye Chen, the sword in his hand fell directly.

When the sword fell, Ye Chen directly took the bleeding magic sword.

Holding the Blood Demon Sword in his hand, a sharp sword aura suddenly rushed over.

Ye Chen was not afraid of the eighth level of the star aperture realm.

A sharp sword aura fell suddenly.

At the moment of falling, the ancient warlord fell with a knife and directly dissipated Ye Chen's sword light.

Ye Chen frowned, and the strength of this ancient warlord didn't seem to be the strength of the eighth layer of the Star Aperture Realm.

This ancient warlord is just like him, not just eight levels!

Even better than one of the three brothers!

Ye Chen's eyes gradually became dignified, even the martial artist of the eighth layer of the Star Aperture Realm must be cautious.

Who knows what other methods the ancient warlord has, he must deal with it carefully.

The breath of law filled the room, and the entire wall condensed into layers of ice.

The ice condensed the legs of the ancient warlord, but only a slight movement was seen.

The ice shattered in an instant, and the figure was like lightning, rushing towards Ye Chen quickly.

The blood demon sword exudes a terrifying devilish energy.

The breath of the law and the demon energy were condensed together, and an extreme sword light suddenly fell.

When it fell, the war knife in the hands of the ancient warlord lifted up in an instant.

Stabbed!

The sword was swung out. Although the broken sword was a little broken, it was unusually sharp.

Sparks shot in all directions, and the figure of the ancient warlord retreated slightly.

When he backed away, Ye Chen found the right opportunity, took out the God Slayer Demon Spear, and the whole figure suddenly rushed over.

At the moment he rushed past, his arm was directly raised, he clenched the Zhutian God Demon Spear, and reached out.

boom!

A shot fell and pierced the chest of the ancient warrior.

Click!

There was a clear voice, and the ancient warlord's chest was directly penetrated.

However, the ancient warlord did not receive any influence, instead he raised his broken arm and stab Ye Chen's arm.

Ye Chengang was about to pull out the Zhutian God Demon Spear, but it was too late.

The sword cut through the flesh and blood on his arm, and blood flowed down the arm.

When he drew out the Zhutian God Demon Spear, he moved away from the ancient warlord.

At the moment when the distance was opened, the ghostly figure of the ancient warlord rushed over.

At the moment he rushed past, his thigh was slightly bent, and one foot was placed on his chest.

Huh!

Ye Chen spit out blood, and there was severe pain in his chest.

The Blood Demon Sword in his hand lifted up and slashed on the arm of the ancient war general.

With a sword down, cracks appeared on the arm of the ancient war general, but no blood flowed out.

The ancient warlord didn't know the pain, which made Ye Chen a little headache. This was completely a killing machine.

Originally, the strength of the ancient warlords was extremely strong, but now in this state, his strength is a bit stronger.

The war knife in the hands of the ancient warlord was constantly waving, and Ye Chen was under great pressure every time he swung it.

boom!

The moment the Blood Demon Sword and the sword touched, there was a crisp sound, sparks flying everywhere.

The Zhutian God Demon Spear in Ye Chen's hand directly pierced out.

At the moment of the stabbing, the ancient warlord stretched out his left hand and directly held the gun body.

Ye Chen frowned and kicked out.

boom!

Once he stepped down, the ancient warlord didn't even move, staying in place.

The attack and defense of the ancient warlords have increased by many times!

The Blood Demon Sword threw out a sword flower, and the arm used its full strength, and the God Killing Demon Spear broke free from the hands of the ancient war generals.

Ye Chen's figure gradually backed away from the ancient warlord, showing the power of the six Dao Dao behind him.

The law of time, time and space, and the law of ice are constantly flowing.

Divine blood and Gengjin Qi broke out!

"Slashing the sky with a sword!"

Ye Chen murmured in his mouth, the Blood Demon Sword exploded with a terrifying breath, and then a sword fell suddenly.

Jianguang tore through the space and rushed towards the figure of the ancient warlord.

Stabbed!

boom!

The ancient battle will be hit by a huge impact, and the whole figure burst out.

When the ancient war generals rushed out Ye Chen's ghostly figure rushed away.

When he rushed over, two ghosts of beasts appeared behind him.

The phantoms of two divine beasts roared in the air.

Whoosh whoosh!

The two figures rushed away and landed on the body of the ancient warlord.

boom! boom! boom!

The aftermath of the explosion blew Ye Chen's hair, and the God of Killing Spear in his hand quietly fell!

A cold spear fell, like the mighty power of the world, in an instant, it fell on the chest of the ancient warrior.

The Zhutian God Demon Spear was tightly inserted into his chest, Ye Chen did not pull out the Zhutian God Demon Spear, but continued to smash it into his body!

The ancient war general is extremely difficult to kill, if he doesn't shatter his body, who knows if he can stand up again.

When Ye Chen shattered his body, the two arms of the ancient warlord grabbed the Zhutian God Demon Spear and suddenly used force.

Ye Chen looked solemn, and even under these circumstances, the ancient warlord was still alive.

Where did the monster come from!

Ye Chen stretched out a leg, raised his foot, the Immortal Divine Body burst out with golden light, and dropped a foot, stepping on him crazily.

Bang bang bang!

One foot after another, the ancient warlord's hands gradually loosened.

Ye Chen drew out the Zhutian God Demon Spear, took a look, and found that the ancient warlord had completely fallen to the ground.

Moreover, the body of the ancient warlord gradually disappeared, and a flash of golden light suddenly burst out over Ye Chen's head.

The soft breath filled Ye Chen's whole body, and he felt warm.

Ye Chen sat cross-legged on the ground, he felt that he was about to break through, a muffled noise came from his heart, and he stepped into the realm of good luck!

Only half a step away from the good fortune realm!

Standing up from the ground, Ye Chen took a look and found that a teleportation formation appeared around him.

Chapter 1977: Shrine country prisoner!

Standing on the teleportation array, Ye Chen suddenly felt dizzy. When he opened his eyes, he found that there were already many warriors.

Looking around, he didn't find Huang Bo.

Came to the side of a warrior, took a closer look at the front, and found a small palace.

Around them is a square array, three kilometers away from the small palace.

Some distance in the middle is a long river, and the palace is in the long river.

The distance of 3,000 meters was not far, but these warriors did not move, and only found out after inquiring.

It turned out that he couldn't fly, and if he wanted to pass, no one knew what to do.

The warrior was talking on the side, and at this time an old man who had sealed the door half a step came to Ye Chen.

"Little brother, are you interested in joining hands with the two of us?"

Ye Chen glanced at it. This old man was just outside the Qiankun Palace, who asked him to drip blood.

He glanced at the old man interestingly, and slowly said: "I am only a martial artist in the realm of the same Dao, why should I come to me?"

The strong man who blocked the door half-step smiled, and then said: "I have a means to divination."

Having said this, the old man didn't continue speaking, he believed Ye Chen understood what it meant.

Ye Chen glanced bewilderedly at the strong man who closed the door halfway. Fortune-telling he naturally knew that he could turn good luck and budget for the future.

The fortuneteller's life span is not long, and if he is not careful, he will be backlashed by the heavens.

"In that case, there is no problem in joining hands."

Ye Chen didn't think too much about it. It would be good for him if there is a strong man who has sealed the door halfway and really wants to join hands.

Even if the old man has other ideas, Ye Chen is confident that although he is not an opponent, he has no problem keeping his life.

Ye Chen had a few conversations with the old man, and he knew that his name was Bai Xu, an elder of a first-rate sect.

He stopped at half a step to seal the door for too long, knowing that there are countless opportunities for the universe to kill the domain, he wants to try if he can use the universe to kill the domain to step into the door in one fell swoop!

The warriors all wanted to check the palace in the long river, but there was no way to go there, they could only wait anxiously.

When Ye Chen was talking with the old man, he finally saw Huang Bo's figure.

At exactly this time, Huang Bo also saw Ye Chen and hurried over.

Ye Chen glanced at Huang Bo and found that one of his arms had disappeared.

Huang Bai felt Ye Chen's gaze, and said with a smile: "When dealing with the ancient armor warriors, he accidentally suffered some injuries, but finally walked out alive."

"Fortunately, that ancient warrior was transformed according to his own strength, otherwise I would have died long ago."

Ye Chen nodded slightly, what he met was an ancient warrior, and he naturally understood how strong he was.

Although the ancient armored warriors were weaker, it was not easy for Huang Bai to come out.

This time Huang Bo was a blessing in disguise, and his strength improved a lot.

At this time, Huang Bo noticed Bai Xu next to Ye Chen, and said suspiciously, "This lord?"

"He came to me to join forces. He is also an ally."

Ye Chen's words made Huang Bo's admiration in his heart cast the ground.

He could see that Bai Xu's strength was a half-step closure.

There are powerhouses who block the door halfway, whoever wants to attack them must weigh their strength.

boom!

At this time, there was a sudden explosion, and they stood on the square array, constantly moving, toward the small palace.

No change could be seen on Ye Chen's face, but Huang Bo was full of excitement.

Everyone wants to know what's in the little palace.

Most warriors believe that there must be treasures inside.

The square array is not moving fast, but the distance of three kilometers is not far, and it takes less than ten minutes to come to the side of the small palace.

Some warriors rushed over with interest, but Ye Chen stood still and did not move.

Waiting quietly, but ten breaths of time passed, the warriors who had rushed in suddenly all ran out.

Their faces were full of fear, and their mouths still said in a flustered manner: "Run out!"

Ye Chen didn't know what came out, but looking at the expressions on the faces of these warriors, he knew that it was definitely not a good thing.

Boom! Boom! Boom!

A muffled noise came from the small palace.

Ye Chen held the bleeding magic sword in his hand and stared at the front, ready to fight at any time.

There was not much fear on Huang Bo's face either, after all, there was a strong man who blocked the door halfway.

If a monster that is more powerful than the half-step locker is really out, they will not be able to escape.

At this moment, you can only fight to the death. There is no road behind. No one knows what will happen if you fall into the long river, but you don't dare to bet.

An armored warrior suddenly emerged from the palace.

These armored warriors are no different from the ancient armored warriors, but now their necks are replaced by green vines.

Every armored warrior is not weak!

Ye Chen frowned, these ancient armored warriors seemed to be controlled by vines.

These vines happened to be encountered inside the gate of Qiankun Palace.

These ancient armor warriors had already rushed out, and Ye Chen rushed over without hesitation.

There are many ancient armored warriors, but they still have strong men who can block the door half a step.

Although there are many, it just has to waste some time to solve it.

Originally, the hanging heart in the martial artist's heart also let go, and rushed over one by one.

Ye Chen's Blood Demon Sword was able to take away an ancient armored warrior with every sword swing.

Needless to say, Bai Xu slapped at least ten ancient armored warriors dead.

When these armored warriors died, vines ran out and fell on the ground.

No one dared to move these vines, and they all avoided them.

Around them, a strong breath of warriors burst out,

The ancient armor warriors came quickly, but the speed of death was not slow.

After an hour, almost all the ancient armored warriors had died, and there were many vines on the ground.

"I'm afraid, things are not that simple."

Bai Xu came to Ye Chen and said.

Ye Chen nodded lightly. If it were that simple, I'm afraid he wouldn't be here.

Some warriors showed joyful expressions, but some warriors were even more worried.

boom!

The little palace suddenly exploded at this time.

A figure walked out of the explosion range.

A frightening atmosphere permeated the square array. Ye Chen stared carefully and found that the figure's clothes were written with the words "Prisoners of the Kingdom of God"!

"Prisoner of the Kingdom of God?"

Ye Chen murmured in his mouth, glanced with his spirit, and found that he had reached the peak of the star aperture.

The ancient warlords could leapfrog the ranks, and the prisoners of the Kingdom of God who reached the pinnacle of the Star Aperture Realm might threaten to block the door half a step.

Even the strong in the early days of closing the door may not be able to compete!

At this moment, the warriors in the square array took a breath.

This terrifying aura is completely beyond their ability to contend.

Chapter 1978: ally!

"Killing the prisoners of the Kingdom of God, you can get luck!"

The indifferent mechanical voice came out again.

Ye Chen understood that the ancient armored warriors were nothing more than appetizers, and the prisoners of the Kingdom of God in front of them were the real highlight.

Huang Bo came to Ye Chen's face. He had no strength to participate in this level of battle.

A prisoner of the Kingdom of God can stab him to death with just one finger!

In the current situation, only the warriors above the eighth level of the Star Aperture Realm dare to grab the luck of heaven and earth.

Star Aperture Realm eight-layer sky is just the minimum standard!

Bai Xu glanced at the two strong men who had blocked the door halfway, they had already joined forces.

The luck of heaven and earth is most likely in the hands of the three of them.

The other two strong men who blocked the door halfway had the same idea and decided to take a risk.

The warriors who can stand in the square formation have all been baptized by the luck of heaven and earth, and naturally understand the benefits.

It's just that most warriors can only watch, their strength, to deal with the prisoners of the Kingdom of God, is no different from seeking death.

At this moment, the prisoner of the Kingdom of God had already launched an attack, and the war knife in his hand was chopped off.

喂!

The sound of breaking through the air, the speed of the blade is extremely fast, like lightning, it falls instantly.

Some warriors reacted a little slowly and were directly chopped in half.

Around the prisoners of the Kingdom of God, the powerhouses in the late stage of the Star Aperture Realm have already taken action, and they have a chance to get a share.

Ye Chen stared carefully, making Huang Bo be more careful, and the ghostly figure suddenly rushed over.

Heaven and earth luck is a good thing, and Ye Chen has no plan to let it go.

The Blood Demon Sword is held in his hand, and the closer he is to the prisoners of the Kingdom of God, the more horrible he can feel.

Ye Chen did not go too far, he must be cautious as a prisoner of the Kingdom of God.

If you are not careful, you are in danger of falling.

There are only three figures in the front, all of them are strong men who shut the door halfway, and only they can bring fatal damage to the prisoners of the Kingdom of God.

When Ye Chen rushed past, the warrior hiding in the distance saw this scene and thought he was crazy.

In order to get the luck of heaven and earth, he didn't even plan to take his life.

is simply gaining and losing heart!

Every time the prisoner of the Kingdom of God went down, it made the star-aperture realm powerhouse difficult to avoid.

can stand here, the lowest is the late Star Aperture Realm.

Ye Chen stood at the outermost periphery, he was alone, with the Star Aperture Realm in front and the half-step sealing of the door, which made him a lot safer.

The law and the Gengjin Qi continued to flow, and the sword light blasted towards the prisoners of the Kingdom of God.

Ye Chen's expression was solemn. At this moment, all the strong people who blocked the door had already suffered a lot of injuries.

If the strong man who blocked the door half step is seriously injured, who will be able to resist the prisoners of the Kingdom of God by then.

What is afraid of? One of the strong men who closed the door half step, withstands the sword of a prisoner of the Kingdom of God.

There was a mouthful of blood from the whole person's mouth, and there was a fatal wound on his chest, and he couldn't continue fighting at all.

The half-step strongman who closed the door gave an unwilling look, but there was no way, he could only leave.

After he left, there were only two strong men who closed the door halfway.

The warriors hiding in the distance have been paying attention. If the strongest person is defeated, all of them will die, and none of them will survive.

The two strong men who closed the door half-step were under great pressure, and leaving one made them even more uncomfortable.

Now the prisoners of the Kingdom of God have suffered some injuries, but they are not fatal at all.

These injuries have nothing to do except some of his speed.

Two half-step lockers, struggling to support them, I believe they will not last long, and the defeat is only a matter of time.

At this moment, everyone is desperate!

Where should they go if the strong one is defeated after waiting for a half-step?

Ye Chen's face didn't look good either, now everyone is a grasshopper on a rope, and it will be lost if it is prosperous!

The attacks of the prisoners of the Kingdom of God are getting more and more fierce, and every cut is stirring the situation.

Many people in the Star Aperture Realm powerhouse have died, and the remaining powerhouses are not much better.

Some of the Star Aperture Realm powerhouses fled the attack range of the prisoners of the Kingdom of God regardless.

Seeing this scene, the two strong men who closed the door halfway, wanted to slap them to death.

Some of the Star Aperture Realm experts evacuated, making the prisoners of the Kingdom of God even more unscrupulous.

Ye Chen gritted his teeth, and the whole figure rushed over.

Originally, he thought about being on the periphery and calculating how much he could help.

Whether you can get the luck of heaven and earth depends entirely on luck, but now I can't control so much.

Bai Xu and the others must not be seriously injured, otherwise it will be a disaster that cannot be prevented.

Ye Chen came to the side of the prisoners of the Kingdom of God, under tremendous pressure.

The breath that came out of the prisoner of the Kingdom of God almost made him breathless a little.

The Ten Alchemy of Blood Qi broke out, and the immortal body shone with golden light.

God blood activated!

Kill the realm, open!

Facing the prisoners of the Kingdom of God, Ye Chen must use all his hole cards, except for the power of reincarnation and the bloodline of Chichen.

Behind him there are six kingly ways of God, the law of time, the law of ice, and the law of time and space.

The breath of the three laws came out, Bai Xu glanced at Ye Chen, but there was nothing more.

In the current situation, one more person will have more power. Unfortunately, the warrior hiding in the distance has already been scared by the prisoners of the Kingdom of God, and he doesn't even have the courage to shoot far away.

There are even some warriors who still don't understand that once the half-step closure of the powerhouse is defeated, they will also die.

There is still a trace of luck in the hearts of these warriors.

Ye Chen's arms were constantly waving, and three terrifying sword auras crashed on the body of the prisoner of the Kingdom of God.

Upon a closer look, he found that there was no physical body of the prisoner who had breached the Kingdom of God, but a white mark appeared on his body.

The prisoner of the Kingdom of God felt the presence of Ye Chen. The whole person turned around, raised the sword in his hand, and slammed it out.

The terrifying aura directly locked Ye Chen's figure, the speed of the sword was extremely fast, and it had already reached his head in a blink of an eye.

Ye Chen couldn't retreat, he could only hold the Blood Demon Sword in his hand to resist.

and took out the extremely high grade beast sword!

Two swords resist together!

Boom!

There was a thunderous explosion, and the aftermath of horror spread madly around.

噗嗤!

Ye Chen squirted out a mouthful of blood, and the veins on his arm burst, and the blood kept pouring in his body.

Just in an instant, the entire arm was about to shatter, but fortunately, it was supported by an immortal body and a demon body.

Ye Chen's whole figure flew out, and stood up from the ground with difficulty.

The moment he stood up, the prisoner of the Kingdom of God rushed towards his face, held the saber in both hands, and cut it over.

Ye Chen showed a wry smile at the corner of his mouth, and the speed of the prisoner of the Kingdom of God was too fast.

Even if he was injured, he could only see an afterimage in his eyes.

At the moment when the sword was about to fall, Bai Xu's whole figure rushed over.

The green sword in his hand blocked the war knife of the prisoners of the Kingdom of God, and he turned his head and said, "Go!"

Chapter 1979: 1Introduction to casual repairs, no worries

Ye Chen nodded slightly, the speed of the whole person reached an extreme distance from the prisoner of the kingdom of God.

Bai Xu spit out blood, his entire chest sank, and when Ye Chen fled, the prisoner of the Kingdom of God kicked out directly.

By this step, Bai Xu's life is almost dead!

Although the prisoners of the Kingdom of God only have the pinnacle of the Star Aperture Realm, their strength is no less than half a step!

Ye Chen saw this scene, and his eyes became blood red gradually.

The black magic entanglement on his body, if it were not for himself, Bai Xu would not have suffered such a serious injury.

Ye Chen gradually entered a state of enchantment, the devil body exuding a black dazzling light.

Ye Chen at this moment seemed like a demon god.

evil, horror!

Ye Chen's Blood Demon Sword was held in his hand, and a terrifying demon aura poured out, and the whole figure suddenly rushed over.

When he rushed over, he took out part of the space-time soldiers in his hand.

Once the Thousand Soldier Burst is used, his identity will definitely be exposed, but now he doesn't have much thoughts, only wants to kill the prisoners of the Kingdom of God.

Ye Chen murmured in his mouth: "Thousands of soldiers burst!"

At this moment, the soldier of time and space exudes an aura of terror.

The breath continued to diffuse, and there was a sound of earth-shaking noise.

Boom!

When the warrior in the distance saw this scene, his whole face changed slightly.

This is a thousand soldiers burst!

They can tell at a glance!

He is Ye Chen!

The entire Western Regions knew that only Ye Chen was able to use the Thousand Soldier Burst, and could never find a second one!

Huang Bo in the distance opened his eyes wide, and he only felt as though he was about to suffocate.

turned out to be Ye Chen!

is not the same name and surname!

Kill Zong, Ye Chen!

Huang Bo was excited at the thought of him and Ye Chen who was killing Zong.

Ye Chen's name is known to everyone in the entire Western Regions. I don't know how many forces have been offended, but they are still alive.

even caused many forces to stumble.

Ye Chen alone can do this in the entire Western Regions!

Some warriors' faces gradually became gloomy, and their forces basically hated Ye Chen.

If it weren't for the prisoners of the Kingdom of God, they might have already swarmed them now.

Ye Chen didn't have any thoughts in his heart. Thousands of soldiers exploded. At the moment of the explosion, he knew that his identity could not be hidden.

The prisoner of the Kingdom of God rushed out of the explosion range, and the sword in his hand fell instantly.

At the moment it fell, Ye Chen's Blood Demon Sword suddenly cut out.

boom!

With a crisp sound, Ye Chen didn't hesitate to see the ghost of the beast behind him, and he blasted out.

Behind the prisoners of the Kingdom of God, another strong man who blocked the door half step found an opportunity, without any reservation of his strength, and burst out directly.

slashed out, towards the back of the prisoner of the Kingdom of God, and blasted out.

Boom!

The whole body of the prisoner of the Kingdom of God fell to the ground, and behind him, a huge scar appeared.

In one blow, the prisoner of the Kingdom of God was seriously injured.

Ye Chen found the opportunity, and his whole body roared: "Sura Attracting Magic Technique!"

At this time, a jet black figure appeared above the long river.

The terrifying magical energy, surging wildly, formed a storm.

The devilish energy surged around, and the wind and clouds changed color.

Some warriors kept retreating, feeling the terrifying devilish energy, and could only avoid its sharp edge.

Ye Chen stepped out, and a black lotus appeared on the ground, charming and evil.

When Shura appeared, all the martial artists present only felt trembling.

The evil desire in my heart is constantly aroused.

The evil hidden deep in their hearts burst out constantly.

Boom! boom! boom!

A jet black figure, like a world-destroying thunder, descended into the world in an instant.

At this moment, it seems that the whole world has become eclipsed.

Above the square array, I can't see my fingers, as if everything is plunged into darkness.

Click!

There was a crisp sound, and the body of the prisoner of the Kingdom of God was instantly torn apart.

Shura's breath dissipated, Ye Chen's entire face was pale.

If it wasn't for a few half-steps to close the door and severely injure the prisoners of the Kingdom of God, and the nearby demonic energy is strong, maybe he is not qualified to perform this technique!

The side effects of this technique made him extremely weak.

Just then, a golden beam of light fell from the long river.

Heaven and earth luck!

The Star Aperture Realm powerhouse showed a look of envy, and the strike of the half-step strongman who closed the door just now caused serious injuries to the prisoner of the Kingdom of God.

, coupled with the unprovoked terrorist attack, directly took away the prisoners of the kingdom of God.

Ye Chen successfully made up the knife!

This time it took a little longer for Heaven and Earth Qi Luck. Although Ye Chen didn't break through, he felt unclear.

Ye Chen stood on the ground. At this moment, he was too weak, and he was too weak to fight.

嗖嗖嗖!

A group of figures came to Ye Chen.

Star Aperture Realm powerhouses surrounded Ye Chen, these warriors were all from the Western Regions and Ye Chen had more or less grievances.

Ye Chen had already thought of this scene!

At this moment, there are twenty of these Star Aperture Realm powerhouses, even if there are five at the peak of Star Aperture Realm.

Now they can see that Ye Chen is very weak, and it is definitely the best time to kill him.

The shamelessness of the various forces in the Western Regions, Ye Chen has already seen it, this scene is not surprising!

Ye Chen didn't have any words, instead he clenched the Blood Demon Sword in his hand and took out the Beast Rotten Sword.

If you want to fight, you will fight, so why are warriors afraid to die!

The atmosphere of the scene gradually became solemn, and the warrior in the distance did not say a word.

Some warriors know that if it weren't for Ye Chen, they would have been beheaded by the prisoners of the Kingdom of God, but what about?

These forces can't afford to offend them, and once offended, they will be destroyed.

They don't have the courage of Ye Chen.

"Who dares to deal with Ye Chen, don't blame the old man for being polite!"

There was a voice at this time, and Bai Xu stood up and came to Ye Chen.

At this moment, Bai Xu also suffered a lot of injuries, but he was also a strong one with half-step closure.

When Bai Xuyi appeared, the warriors of various forces their complexion changed slightly, and a look of jealousy appeared in their eyes.

Although they are an injured half-step strongman, they have no confidence and can kill 100%. They are not allowed to explain here.

"Senior, we are all from the major forces in the Western Regions. Do you want to fight against all of our forces for Ye Chen?"

A strong man in the Star Aperture Realm of the Holy Dragon Family stepped forward!

Although they are a strong half-step closure, they are not afraid.

If Bai Xu was in his heyday, they would turn around and leave.

Now Bai Xu is seriously injured. Although he is a little afraid, they also believe that he will never do anything.

"What about the major forces? Don't think I don't know how shameless you are. If it weren't for Ye Chen, you would have already died. Where were you when the prisoners of the Kingdom of God were there?"

Get out! Or don't blame the old man for being polite. "

Bai Xu couldn't wait to slap these hypocritical guys to death. When dealing with the prisoners of the Kingdom of God, he did not see them making any move.

Now that the crisis is lifted, no matter what, Fu Ye Chen means a bit of gratitude and revenge.

Huang Bo ran in front of Ye Chen at this time. Although there was nothing to say, he had already expressed his attitude.

The various forces were speechless by Bai Xu.

"I am not afraid of your revenge.

Chapter 1980: Scramble!

With a single word from Bai Xu, the expressions of the various forces gradually changed.

As the saying goes, barefoot is not afraid to wear shoes!

If Bai Xu had power, he would certainly not be unscrupulous, but now it is different.

Once Bai Xu makes a move, it will be difficult for them to resist.

"Hehe! I hope seniors can shelter Ye Chen forever!"

The strong man of the Holy Dragon family snorted coldly, turned and left.

There are strong people who have blocked the door half step. If they want to kill Ye Chen, it is basically impossible.

can only give up and make plans later!

When all the forces saw that the Holy Dragon family had already left, there was no need to stay here.

After waiting for the parties to leave, Ye Chen glanced at Bai Xu gratefully, and said, "Thank you, senior!"

If it weren't for Bai Xu, even if he could kill some warriors, it would not be easy to survive.

"Aren't we allies?"

Bai Xu smiled and it didn't matter much, it was just a matter of effort for him.

If Ye Chen really becomes the strongest in Lingwu Continent in the future, he will be able to follow along.

Although his ability to block the door in a half step is strong, it is not invincible.

Bai Xu is optimistic about Ye Chen's future. As for the threats from various forces, he doesn't care at all.

He didn't completely anger all the forces, and it is absolutely impossible to arrest him, a strong half-step closure.

To reach his level, if he didn't kill him, he would escape by luck. At that time, it would be a disaster for all forces.

Ye Chen nodded slightly, took out the pill from the reincarnation cemetery and put it in his mouth.

Bai Xu also healed his injuries by Ye Chen's side. In the Universe Palace, no one knew what would happen next.

Only when one's own strength is strong enough, can he guarantee safety.

As for Huang Bo, there is nothing to do, waiting quietly.

Two hours later, Ye Chen's injury was almost healed, and he stood up from the ground.

Bai Xu's injury will not heal for a while, and he is still recovering.

"Cork, are you interested in joining us to kill the clan?"

Ye Chen asked at this time.

Huang Bai has a good strength, and he has a strong backbone. When facing Longshan, he would rather be broken than jade!

Ye Chen appreciates this, and when Huang Bo was able to stand up, he was considered a person of love and justice.

Hearing Ye Chen's words, Huang Bo only felt that happiness came a bit too suddenly, and the whole body couldn't help being a little excited.

Killing Sect, but a holy place for casual cultivation!

Being able to enter the killing sect is a kind of glory for the casual cultivator.

"I...I do."

When Huang Bo is excited, there are some disadvantages in his words.

The words haven't fallen yet, and there is an unexpected movement from the square array!

.....

In a corner of the square formation, a black-robed man stared at Long River, and muttered in his mouth: "It's time to come, it's almost here after all!"

After half an hour, a black vortex suddenly appeared in the long river.

The whirlpool gradually spread, and the depressed aura fell on the heart of every warrior.

Ye Chen looked at the long river, a black sarcophagus appeared in the black whirlpool.

The moment when the sarcophagus appeared, it revealed the aura of ancient times, spreading around.

After seeing the sarcophagus clearly, Ye Chen's pupils shrank.

There is not much difference between this sarcophagus and the sarcophagus in the broken palace, except that the width and length of the sarcophagus are larger than those in the broken palace.

The sarcophagus in the broken palace is like a reduced version.

When the first sarcophagus appeared, forty-eight sarcophagi appeared one after another in the black whirlpool.

Ye Chen's eyes gradually became serious, what is in the sarcophagus?

What does the 49 sarcophagus that suddenly appear now mean?

Ye Chen felt a mist in his heart.

Forty-nine sarcophagi are placed in exactly the same position as inside the broken palace, except for the lack of golden skull sarcophagi.

The warriors in the square array stood quietly on the spot, looking at the sarcophagus in the long river.

"Heaven, earth and luck gather together, crowned king!"

The indifferent mechanical voice sounded again, and strands of gold thread emerged from the sarcophagus.

When these golden threads were floating in the long river, the warriors of the square array showed fiery expressions one by one.

They can feel the breath of golden silk, it is the luck of heaven and earth!

At this moment, Ye Chen knew that the next thing was a melee!

The existence of heaven and earth luck, it is impossible for any warrior to miss it.

Although there are a lot of golden threads floating in the long river, compared with the warriors standing in the square formation, there are not many!

When there are more wolves and less meat, you can only kill others to rob you of luck.

Ye Chen didn't understand what exactly he wanted to do with the existence behind Qiankun Palace.

Except for the luck of heaven and earth, there is no treasure in the Qiankun Palace.

Now forty-nine sarcophagi appear again, eliciting the luck of heaven and earth, as if it is to keep the warriors fighting.

When he was thinking, there were already a part of the warriors who started to grab the luck of heaven and earth.

When the forty-nine sarcophagus appeared, the warriors were able to fly in the void, flying towards the Long River one by one.

Ye Chen frowned, and then rushed into the river.

Since he couldn't figure it out, he simply took one step at a time, and he wouldn't let it go.

Huang Bo was standing on the square, with some hesitation, his strength was not high.

If it is to grab the luck of heaven and earth, I am afraid it will be difficult.

When watching Ye Chen's figure rushing towards Changhe, he gritted his teeth and rushed in, anyway, he should try it anyway.

Ye Chen holds the Blood Demon Sword, and finds a thick and long trace in the long river of heaven and earth luck, and there are two star-aperture experts competing for it there are only two star-aperture experts competing. The strength of the seventh layer, when Ye Chen's figure rushed over.

The two warriors glanced at each other, and their faces became difficult to look.

Ye Chen's strength is very clear to them. If two people shoot together, they are probably not opponents, but the world's luck does not want to give in.

This is a treasure!

How can I let go easily!

"You go by yourself, or do I do it?"

Ye Chen's words didn't go on, but the meaning was self-evident.

"You have offended the major forces now, why bother us, if we join the major forces..."

One of the experts in the Star Aperture Realm was not finished yet, suddenly a sword light appeared.

The sword light burst out in the long river, and the martial artist of the star aperture realm, his pupils shrank, and a white light flashed in his eyes.

The whole body fell into the river!

He didn't react at all, Ye Chen shot directly!

Another star-aperture-level expert said goodbye, and left without looking back.

Ye Chen came to Tiandi Qiyun and held it in his hand.

At this time, the Qi Luck of Heaven and Earth poured into his body. As for the words of the star-aperture realm powerhouse, he didn't care at all.
