

Urban Medical 1981

Chapter 1981: I am the devil

If he was afraid that the Star Aperture Realm would deal with him together, he would not provoke the major forces at the beginning.

Since he wanted to join the big forces to deal with himself, Ye Chen had no need to keep him.

When dealing with the enemy, one cannot be merciful.

Around Ye Chen, there were a series of terrifying auras, and the surrounding battles had reached a fever pitch.

Each warrior seems to kill the red eye, as if facing the enemy of his father.

The **** smell permeates the river, and the terrifying breath continues to condense.

Every time Ye Chen took a shot, the warrior he met almost left without looking back.

Without absolute certainty, no one dared to take action against Ye Chen.

In a corner of Changhe, eight powerhouses at the pinnacle of the Star Aperture Realm gathered together, staring at Ye Chen with unkind expressions.

Now Bai Xu is competing with another strong man who has blocked the door half step, and has no time to protect Ye Chen.

The powerhouses of their major forces gather together to deal with Ye Chen!

Although the heaven and earth luck is good, Ye Chen's threat is too powerful.

Now Ye Chen can compete with the Star Aperture Realm powerhouse only in half a step. When he reaches the Star Aperture Realm, who can still be Ye Chen's opponent.

Ye Chen has gradually threatened their major forces and must be resolved as soon as possible.

Eight powerhouses at the pinnacle of the Star Aperture Realm, just to deal with Ye Chen alone!

Absolutely generous!

Ye Chen felt the killing intent and turned his head to look, his brows gradually frowned.

Eight stars at the pinnacle of Aperture Realm, he is basically no opponent now.

If facing a star-aperture peak powerhouse alone, there is no chance.

Eight powerhouses at the pinnacle of the Star Aperture Realm rushed crazy towards Ye Chen's figure.

The terrifying aura pressed towards Ye Chen, trying to use his own aura to overwhelm Ye Chen.

The immortal divine body burst out with twinkling golden light to counter the aura of the star-aperture realm powerhouse.

"Ye Chen, today is your end!"

One of the experts at the pinnacle of the Star Aperture Realm roared, and the whole person let out a roar.

roaring, mixed with sonic attacks, rushed towards Ye Chen's mind.

In Ye Chen's mind, there seemed to be a golden dragon descending into the world, rushing away.

Immortal spirits protected Ye Chen's sea of consciousness, and made a slight ripple in his mind.

Immortal sword intent gushing out, Ye Chen's entire figure suddenly rushed over.

When he rushed past, the **** of death's magic spear exploded with a terrifying intent.

The spear intent is realised, these spear intents permeating the long river are constantly condensing, and a golden dragon with spear intent condensing, suddenly roars.

The magic energy of the Blood Demon Sword gushes, golden light and black magic energy shines on the surface of his body.

One of the powerhouses at the pinnacle of the Star Aperture Realm disappeared into the long river out of thin air, and in a blink of an eye he had already come behind Ye Chen.

The moment appeared behind him, the sharp sword in his hand pierced towards Ye Chen's back.

The terrifying killing intent was permeated. The moment Ye Chen turned around, the Blood Demon Sword suddenly lifted up.

boom!

Ye Chen's figure receded slightly, the breath in his body surged, and almost a gulp of blood came out from his mouth.

The powerhouse at the pinnacle of the Star Aperture Realm is indeed not something he can resist now, let alone there are eight others.

Ye Chen's eyes gradually became dignified. At this moment, the eight powerhouses at the pinnacle of the star aperture surrounded him, preventing him from escaping.

The depressive breath continued to fill the surroundings. Ye Chen squeezed the Blood Demon Sword and Zhutian God Demon Spear, and the whole figure rushed over.

At the moment he rushed past, the Blood Demon Sword suddenly lifted up.

Sword Qi staggered straight and crossed, like a wave of waves, slashing towards a strong man at the pinnacle of the star aperture.

One sword went down, and the other experts at the pinnacle of Star Aperture Realm directly rushed over, wanting to kill Ye Chen with a single blow.

The current situation, the more it drags on, the more disadvantaged it is for them.

In case Bai Xu solves it, it is impossible to kill Ye Chen again.

Not much time for them at all!

A pair of black wings behind Ye Chen stirred in the long river.

The aura of Bo Tianshu allowed him to improve in all directions, and he shot out with a spear from the God of Death.

The sound of breaking through the air came, with a cold light from the spear head, and one shot to a star-aperture peak powerhouse.

Boom!

The strong figure at the pinnacle of the star aperture realm slightly avoided, and the whole figure came in front of Ye Chen.

When he came to Ye Chen, he slapped it down.

A slap fell suddenly, beside him, a strong man stared at him, his sword instantly slashed towards Ye Chen's arm.

At this moment, the demon's eyes on the center of the eyebrows said: "Boy, I use a spell to cover the God's Demon Spear, you can use it as much as you want!"

"The devilish energy just now is not enough to fully use the Shura magic trick, but I have absorbed a lot in the Sea of Nine Serenities, and I can release part of it for you at the critical moment!"

"At that time, I will sacrifice the Shura magic trick!"

"it is good!"

Ye Chen Blood Demon Sword and Zhutian God Demon Spear fell directly.

boom!

The Blood Demon Sword blocked the sharp sword that was attacked and killed by the strong. When the Zhutian God Demon's Spear stabbed out, one hand held the gun body.

The strong man at the pinnacle of the Star Aperture Realm suddenly used his arm.

He can see that the extraordinary part of the God's Demon Spear wants to be his own.

hum! Hum! Hum!

Zhutian God Demon Gun suddenly buzzed, and a huge force shook the strong man away.

Zhutian God Demon Spear has its own spirit, now apart from approving Ye Chen, how could anyone else take it away!

噗嗤!

Ye Chen spouted a mouthful of blood, and behind him, a strong man appeared, and a sword pierced his arm directly.

A pair of his eyes became blood red, and the devilish energy on his body kept pouring out.

A terrifying devilish energy rose to the sky, Ye Chen turned around, clenched one hand and five fingers into a fist.

blasted out with a fist!

Boom!

The strong man at the pinnacle of the Star Aperture Realm caught off guard, and the whole figure flew out.

The devilish energy surged, stepping out in one step, and the black lotus fell in the long river.

The whole body of the Blood Demon Sword was wrapped in terrifying demon energy.

At this moment, Ye Chen's whole body was enveloped by demonic energy. Behind him, a series of demonic shadows continued to condense.

The terrifying devilish energy keeps all the forces backing.

The warriors who had snatched the luck of heaven and earth were all frightened by the movement of Ye Chen.

Behind him, the phantom of the demon **** appeared one after another, filled with a terrifying breath in the river.

The strong man at the pinnacle of the Star Aperture Realm of all forces frowned.

They could feel that Ye Chen's aura continued to strengthen, behind him, the demon **** phantom stood tall.

Ye Chen at this moment is like the Lord of the Demon God.

The Demon God phantom was behind him, and in a blink of an eye he rushed to the powerhouse at the pinnacle of the star aperture.

The Demon God phantom roared, and the moment he rushed out, the magic energy surged.

The powerhouse at the pinnacle of the Star Aperture Realm, feeling the aura of horror, constantly retreating.

When they retreated, the Blood Demon Sword in Ye Chen's hand was raised.

Sword intent surged wildly, and a sword fell suddenly like an open sky!

Chapter 1982: 9-clawed golden dragon, choose the master!

The sword light circulated in the long river, madly towards the star-aperture realm powerhouse, wherever the sword light went, it was like a roaring Thunder God.

The entire river is constantly trembling, and a sword is like cutting the entire galaxy in half.

Boom!

With a violent explosion, Ye Chen's face was pale, staring at the front.

ahem!

Star Aperture Realm peak powerhouse rushed out from the explosion range, their clothes were disheveled, and there were some scars on their bodies.

Ye Chen showed a wry smile at the corner of his mouth, as expected, he was still somewhat unsatisfactory to the powerhouse at the pinnacle of the star aperture.

Facing the powerhouse at the pinnacle of the Star Aperture Realm, even if he does everything possible, he is not an opponent.

The eight powerhouses at the pinnacle of the Star Aperture Realm rushed over frantically. Now they are really angry!

It took Ye Chen for such a long time to make them feel embarrassed.

The battle on Bai Xu's side is about to end, and there is not much time left for them.

They rushed over directly, and the moment they rushed past, one after another tyrannical attacks fell instantly.

At the moment of falling, Ye Chen's immortal body and demon body burst out at the same time.

One gold and one black, constantly flowing on the surface of his body.

The Blood Demon Sword slashed out frantically, one sword after another!

Boom!

Within the scope of the explosion, a black mushroom cloud appeared, the powerhouse at the pinnacle of the star aperture, looking ahead.

They didn't believe that Ye Chen could survive so many frantic attacks.

at this time!

Demonic energy suddenly condenses!

An extreme sense of depression surges!

"Why do I feel something is wrong, why is there so much magic?"

Humane.

Roar!

With a roar, a huge phantom appeared in the explosion, surrounded by endless demonic energy!

The phantom has three heads and six arms, and the devilish energy gushes out frantically.

Nine Nether Shura is born!

Nine Nether Shura ruled the killing, and the surrounding murderous aura formed a whirlpool storm.

Nine Nether Shura's three pairs of eyes stared at the powerhouse at the pinnacle of the Star Aperture Realm, and the pair of blood-red eyes were extremely terrifying.

Invisibly, the long river resounded with violent winds, black clouds covered the sky and the sun, and demonic energy surged.

Everyone seemed to stand in the midst of demonic energy. The strong men who had been fighting for the luck of heaven and earth kept backing away.

These devilish energy are not something they can bear, and they must find a way to stay away as soon as possible.

If they are not careful, they may become a killing machine if they get devilish.

The major forces besieging Ye Chen, almost spit out blood, Ye Chen was still alive!

seems like a Xiaoqiang who can't be killed, there is no way to deal with it.

They looked at Ye Chen vigilantly one by one. In front of Nine Nether Shura, the powerful forces seemed unusually small.

Killing Qi and Demon Qi continued to condense, and the two condensed into a magic sword above Ye Chen's head.

There was a terrifying breath from the magic sword, making the strong brows of the major forces frowned.

The wind is whistling, the magic cloud is flowing, and the breath of the magic sword is like the might of the world, who will fight for the front!

Ye Chen discovered that this time he had more devilish energy than the last time he summoned Nine Nether Shura!

This also makes Jiuyou Shura extremely strong!

It's a pity that there is no magic energy, Nine Nether Shura can't form.

This demonic spell is powerful, but there are too many restrictions.

How can there be so much magic in the outside world?

Nine Nether Shura raised his six arms and stretched out a finger. The magic energy surged and condensed on his fingertips, and then fell in an instant.

Six black beams of light, at this moment, fall instantly!

Boom boom boom!

The explosion sound continued, and the powerhouses at the pinnacle of the Star Aperture Realm continued to evade. When they evaded, the magic sword suddenly fell.

stab!

The magic sword came to the world, and the entire long river space became extremely unstable.

In an area of the crowd, the space was constantly trembling and buzzing.

This is the strongest blow Ye Chen can release in an injured state!

Click!

In the long river, cracks constantly appeared, just like the moment the mirror was broken.

The magic sword fell, and a mouthful of blood gushing out of Ye Chen's mouth, his face was pale and his body was shaking.

He had been attacked by various forces, and coupled with the forcible sacrifice of Nine Nether Shura, his body was already almost unable to support it.

Ye Chen's eyes stared at the front. If the powerhouses of the major forces can still fight, he is afraid it will be difficult to hold on.

The strong men of the major forces, all of them pale, extremely weak, and full of blood.

Although all of them have suffered serious injuries, compared with Ye Chen, one is in heaven and the other is in hell.

Ye Chen's expression was dim, his devil energy was consumed too quickly, and Jiuyou Shura's body was almost unable to support it.

He couldn't maintain it either.

Now he has basically no ability to resist.

Boom!

At this time, a martial artist at the pinnacle of the star aperture suddenly came to Ye Chen's side and slapped it out.

At the moment a palm fell, Ye Chen's whole figure backed away.

suddenly fell on top of a sarcophagus.

boom!

There was a muffled sound, and a golden pattern suddenly appeared on the sarcophagus.

When a sarcophagus appeared on it, golden patterns appeared on the remaining sarcophagus.

These patterns seem to come alive, leaving the sarcophagus, floating out.

The sarcophagus trembled violently, and the sound of the sarcophagus shocked the warriors who were robbing the world.

They stopped one by one, staring at the sarcophagus.

On the top of the sarcophagus, Ye Chen felt a soft breath, and he was continuously healed. His physical injuries his injuries, he recovered extremely quickly, I believe it does not take half an hour to recover To its heyday.

When the golden patterns were flying in the air, the cover on the sarcophagus suddenly flew up.

Ye Chen was above the cover, looking at the inside of the sarcophagus, his face changed in an instant.

Inside this sarcophagus was a nine-clawed golden dragon, and the dragon's might spread out.

The closed eyes of the nine-clawed golden dragon suddenly opened. At this moment, they came back to life.

A nine-clawed golden dragon hovered in the long river, and the dragon was shaking. Forty-eight nine-clawed golden dragons hovered in the air, leaving only golden light in the entire river.

"The golden dragon possesses the body, the luck is added, and the crown is king!"

The mechanical indifferent voice came again, and then, a warrior rushed towards a golden dragon.

When he was about to grab it with his hand, the golden dragon suddenly opened his mouth, took one bite, and swallowed him.

In this scene, all the warriors took a breath, and the existence behind them was very clear.

They can naturally understand the truth, the warrior who originally wanted to shoot, seeing this scene, can only give up.

The one who shot just now was a star-aperture realm powerhouse, who had no resistance at all and was swallowed.

They are not confident enough to withstand the damage of the nine-clawed golden dragon.

"Nine-clawed golden dragon, choose your own master, you can release your blood."

Chapter 1983: Long Wei!

"Nine-clawed golden dragon, choose your own master, you can release your blood."

When the existence behind, after finishing speaking, a famous warrior stood up and released his blood.

Some bloodline is only ten or a hundred zhang, and some Tianjiao reaches a thousand zhang.

The golden dragons that were originally hovering in the long river flew one by one to stay beside the warrior.

There are at least a thousand warriors present, but only forty-eight can obtain the luck of the nine-claw golden dragon.

With more wolves and less meat, one by one bursts out of their own blood, wishing the Golden Dragon to choose himself.

As for the nine-clawed golden dragon to choose, they have already given up.

If you really want to do it, I am afraid that it is no different from the warrior just now, and it will be swallowed directly.

They don't dare to make fun of their lives now.

Ye Chen came to Huang Bo.

"Young Master, don't you release the power of bleeding and choose the nine-clawed golden dragon?"

Since he was about to join the Killing Sect, he changed his mind in the face of Ye Chen.

"Don't worry, I'm taking a look!"

The nine-clawed golden dragon Ye Chen didn't want it, but once the power of the blood vein was released, the breath of the blood of reincarnation would float out.

In order to prevent the breath of reincarnation blood from exploding, it doesn't matter if you can't get the nine-clawed golden dragon.

He is confident that the reincarnation bloodline is more powerful than the nine-clawed golden dragon.

If he can't get the nine-claw golden dragon, he doesn't care either!

When he watched, there was already a warrior who had successfully obtained the nine-clawed golden dragon.

I saw the nine-clawed golden dragon rushing into the body of the warrior, and his body burst out with a brilliant golden light.

Behind him, a nine-clawed golden dragon loomed and disappeared in his body.

Seeing this scene, all the warriors were envious, and they couldn't wait to use all their energy to communicate with the nine-clawed golden dragon.

But the effect is minimal. The nine-clawed golden dragon is alive, so it will naturally choose the most talented warrior.

Among the more than 1,000 warriors, at least 95% of the warriors are disappointed.

The warrior who did not get the nine-claw golden dragon completely gave up, sighed and paid attention to others.

The eyes of some warriors were placed on Ye Chen's body.

After all, Ye Chen's strength is obvious to all, and his talent is naturally not bad, but everyone was taken aback when he saw that he was unmoved.

Doesn't Ye Chen want to get the nine-claw golden dragon?

Still think his own talent is not enough?

Everyone guesses wildly, no one knows!

"I'm afraid Ye Chen knows that his talent is too bad, so I am embarrassed!"

At this time, a strong man of the Holy Dragon family spoke coldly.

When he communicated with the Nine-Clawed Golden Dragon, he didn't succeed at all. Seeing Ye Chen was not moved, he didn't mind a mockery.

Many warriors, upon hearing the words of the Holy Dragon family, dismissed it with a smile.

Although they didn't like Ye Chen's arrogant posture, they wouldn't believe it if they wanted to speak of talent.

At the beginning, Ye Chen dripped blood outside the Qiankun Palace. It was obvious to all, who would dare to say that his talent was not enough.

As for why Ye Chen didn't communicate with the nine-clawed golden dragon, they themselves couldn't figure it out.

No one knows what Ye Chen thought.

Huang Bo was also looking anxious, he naturally didn't believe that Ye Chen could not succeed.

The nine-clawed golden dragon himself has no ideas, which doesn't mean he doesn't want Ye Chen to get it.

As long as Ye Chen's strength gets stronger and stronger, his life will also be guaranteed.

Nine-clawed golden dragon, now there are three recognizing masters, some of the remaining nine-clawed golden dragons are waiting and watching, and some warriors are about to communicate successfully.

Ye Chen stepped forward, looked at the nine-clawed golden dragon, and suddenly said, "Who wants to follow me!"

stood there, only said a word, many warriors looked at Ye Chen like a fool.

If it is a sentence that can make the nine-clawed golden dragon follow him, they will not be so strenuous to communicate.

Ye Chen didn't care about the eyes of many warriors. The nine-clawed golden dragon had its own mind.

If you want to, naturally you don't need to say more, it is impossible to release the power of bleeding.

If these nine-clawed golden dragons are not moved, he will give up!

"Haha, if he can make the nine-clawed golden dragon recognize the lord in one sentence, I will slap myself a hundred times."

A strong man in the Sacred Dragon family, just finished speaking, the boss with wide eyes.

Gold dragons kept flying in the direction of Ye Chen, standing beside him, their eyes revealed a humane and flattering look.

"My dragon..."

One of the warriors cried and said, originally the nine-clawed golden dragon had agreed and was about to enter his body, who knew what Ye Chen said.

The nine-clawed golden dragon that was going to enter his body actually ran away!

Could it be that... these opportunities are to be seized by Ye Chen alone?

This...Is this a **** human!

草!

Some warriors, looking at the strong of the Holy Dragon family, the meaning in their eyes is self-evident.

In the current situation, Ye Chen chose at will, and it was only a sentence.

They want to know whether the strong of the Holy Dragon family will slap their face.

The strong man of the Sacred Dragon family, his face flushed, and he wanted to find a place to sew in.

"Nine-clawed golden dragon, what's good!"

The strong man of the Saint-Long family speaks with anger into anger, and typically cannot eat grapes, saying that grapes are sour.

Due to the power of the Holy Dragon family, although the rest of the warriors did not dare to say anything, they were very clear in their hearts.

A nine-clawed golden dragon can't say that it can change their aptitudes. The powerhouse who can only attack the Star Aperture Realm in their entire life, as long as they don't die can't possibly break through to a half-step seal.

Ye Chen's face is a little weird, he just tried it, he was ready to fail, who knows...

These nine-clawed golden dragons can't wait to blend into his body.

This scene is so dumb, can you still play like this?

They worked so hard to communicate with the nine-clawed golden dragons one by one, and they might still be disliked. Who knew that these nine-clawed golden dragons were vying to be the first to blend into Ye Chen's body.

Ye Chen, can't you be a person?

People are more popular than people!

Huang Bai's excited heart no longer knows how to express it in words.

He is the disciple of the killing sect, and Ye Chen is the suzerain of the killing sect.

The nine-clawed golden dragon completely surrounded Ye Chen!

is even more gathered to Ye Chen's Dantian!

At this time, Ye Chen felt that the nine-clawed golden dragon was in his body, constantly blending with him.

A totem of a nine-clawed golden dragon appeared behind him, bathed in golden light, Ye Chen seemed like a god.

The dragon soul hovered in his dantian, and Longwei spread from Ye Chen's body.

In this life, Ye Chen is destined to go against the weather!

Longwei is its own!

The emperor's fate, completely awakened!

Chapter 1984: Universe God Armor

The nine-clawed golden dragon blending into the body does not bring the benefits of realm.

It is more of chance and luck.

Even, according to legend, the integrator has a certain chance to realize the magical skills of the dragon clan.

When all the nine-clawed golden dragons were merged, there was a sudden shock in the river.

The whole river split a hole from the center.

The opening continued to spread, and the golden light flickered, as if to pierce the eyes of the warrior.

The diffused breath became more and more intense, everyone stared curiously, and an armor appeared in their vision.

The armor was snow white all over, with a flowing halo, as if standing in the long river like a battle robe.

From the breath of the armor, the warrior can detect it, it is definitely a treasure.

The warriors who didn't get the nine-clawed golden dragon had blood red in their eyes, and they wanted to rush over and **** them away, but their reason didn't make them move.

No one knows what will happen when grabbing the armor.

The nine-clawed golden dragon was a lesson.

In their hearts, they only hope that it is not a test of talent, otherwise Ye Chen has the greatest opportunity to obtain the treasure of the armor!

In terms of talent, they really didn't dare to compare with Ye Chen.

Suddenly, a mechanical voice came from the armor:

"Forty-nine is the number of formations, it is also the number of sarcophagi, and it is the shape of the forty-nine foundations of the Universe Killing Territory. Forty-nine people were selected and stepped onto the ring together."

"Lingwu Continent, Qiankun Killing Domain, since it is a Killing Domain, only one person is qualified to get it."

"The loser is the winner, plundering heaven and earth fortune, there is only one person who is crowned the king and obtains the armor of the universe."

When the words fell, several rays of light fell all at once.

One of them fell on Ye Chen's body.

Ye Chen's expression didn't have any joy, but rather solemn.

The Universe God Armor is indeed extraordinary, but it must be fate to get it.

This is obviously the final game.

Only one person can survive.

The powerhouse who can obtain light, among a thousand warriors, the talent is absolutely the best, but can only survive one person, the process can be described as extremely cruel.

Among the forty-nine people, the strongest is a warrior at the pinnacle of star aperture, from the Holy Dragon family.

As for the half-step closure, no one won, and the three half-step closure elders basically have no further possibility.

Boom boom boom!

At this moment, Ye Chen's entire figure flew into the void uncontrollably.

Not only him, but the remaining forty-eight warriors also flew into the void.

Ye Chen glanced at the crowd and found that there was no black-robed man. When he was outside the Qiankun Palace, the blood of the black-robed man represented the peerless Tianjiao. Why was it not recognized? He didn't know why.

Is there something hidden in the mysterious black robe man?

Ye Chen always felt an invisible crisis shrouded.

This left Ye Chen's mind. From the very beginning, the men in the black robe had nothing to do with the world and had no sense of existence.

Heaven and Earth Qi Luck, the nine-clawed golden dragon, he didn't seem to mind at all.

Looking for the Ice Sword Immortal Venerable in the form of Universe Killing Domain, I am afraid it will soon come to an end.

Even Ye Chen had intuition, and eventually survived alone, and Bingjian appeared!

boom!

At this moment, a ring appeared out of thin air in the void.

Ye Chen and the 48 warriors' faces were a little gloomy, they naturally knew what it meant.

Once stepped onto the ring, only one person can survive.

Although it is good to get the chance, but now it seems to be a reminder for them.

The game has no rules, only one requirement, to be alive, nothing more.

Whoosh! Whoosh!

At this time, the figures of the two warriors flew in the direction of the ring uncontrollably.

The strength of these two warriors is at the peak of good fortune realm.

"No...no, I want the last one."

One of the warriors spoke timidly, even if he could survive a battle, he would face the challenge of forty-six warriors next.

The two of them are basically dead.

Even if one can survive, death is only a matter of time.

Ye Chen glanced at them sadly. There is no free lunch in the world.

Now that we have obtained the opportunity, we have to bear some things.

If you want to wear a crown, you must be weighted!

The two warriors at the pinnacle of the good fortune realm fought hard, they knew they couldn't survive at all, and there was no need to keep their hands.

The battle came quickly and ended quickly. Within a few minutes, only one warrior was left standing on the ring.

The victor was not happy at all, but only dead ashes remained in his eyes.

He is already scarred, and if another warrior comes, it is impossible to survive.

Ye Chen found that his figure was already moving, he did not expect to come so soon.

Even the third place is myself.

The warriors of the major forces in the Sifang Formation immediately became excited when they saw this scene.

I didn't expect Ye Chen to be in the ring so soon.

How to stick to the end, it seems that Ye Chen doesn't need them to solve it, and Ye Chen can't survive.

Huang Bai and Bai Xu are a little worried, and now Ye Chen is playing, the chances of surviving are really low.

Ye Chen didn't have too many thoughts in his heart, what should come will come, just start ahead of time.

The warrior standing on the ring saw Ye Chen completely desperate.

At that time, the eighth-layer heavenly powerhouse at the peak of the Star Aperture Realm had no way to deal with Ye Chen.

He was the pinnacle of good fortune realm and couldn't survive at all.

"Ye Chen, no matter what, you are going to die today!!"

The warrior at the pinnacle of the good fortune realm directly spoke, he had completely given up his plan to shoot, it was completely unnecessary.

To be able to die in Ye Chen's hands, in his opinion, is also an honor.

Ye Chen nodded slightly, holding the bleeding magic sword in his hand, swiping his hand with a sword!

Jianguang pierced his neck, a stream of blood spewed out, and the whole body fell to the ground.

A golden light appeared in his body, directly falling into Ye Chen's body.

The golden light was mixed with the luck of heaven and earth, as well as a trace of dragon energy, which was absorbed by the dragon soul in the dantian.

The body fell on the ring and disappeared in the blink of an eye!

Ye Chen glanced at the front and found that it was a martial artist from the second-tier sky of the star aperture.

"Although I know that I am not your opponent, but I have to try my best."

Ye Chen nodded slightly, there was no hatred between them, but the rules were here, only one person could survive.

The strong man in the second-tier sky of the Star Aperture Realm held the saber in his hand and swung it out in an instant.

Dao Mang rushed towards Ye Chen suddenly, reaching an extreme speed.

Ye Chen's ghostly figure evaded directly, and in a flash, he had already come to the side of the warrior.

The moment he came to him, the Blood Demon Sword in his hand suddenly lifted.

When he lifted it up, a sword struck it.

A white light flashed across the neck of the second-tier Celestial Martial Artist in the Star Aperture Realm.

The neck cracked and blood gushed out, and the body fell to the ground.

Golden light poured into Ye Chen's body again, and he could feel that the dragon soul was gradually growing in his dantian.

His strength has also been slightly improved.

Very close to the good fortune world!

Chapter 1985: Ye Chen, you mean!

All the major forces in the square frowned.

Although Ye Chen's realm is not high, his own combat effectiveness, the speed of improvement is too fast.

Give Ye Chen another ten years, maybe the entire Lingwu Continent will look up to him.

The major forces wanted to kill Ye Chen quickly, but Huang Bo and the others were extremely excited.

As long as Ye Chen's strength gets stronger and stronger, one day, the warriors of the Lingwu Continent will surrender to his feet.

As for these forces, they will eventually become Ye Chen's stepping stones, and he is the witness of this era.

In the following, after Ye Chen solved the three warriors, a warrior of the sixth level of the Star Aperture Realm appeared.

Facing the sixth-layer sky, although Ye Chen didn't need to be careful, he still had some precautions.

And he must ensure that he does not waste too much energy in his body.

This is a protracted battle, and you must keep yourself on top.

"Ye Chen, today is your death date."

This warrior came from the forces of the Western Regions, and Ye Chen already had blood hatred.

Ye Chen smiled but didn't say a word. He really didn't care about a sixth-layer heaven in the star aperture realm.

The warriors of the major forces below showed an expression of excitement when they saw this scene.

Even if the powerhouse of the sixth layer of the Star Aperture Realm cannot be killed, as long as the energy in Ye Chen is consumed, he will naturally not survive.

Their ideas are beautiful, but reality is a cruel thing.

There were a few swords floating in Ye Chen's hands, and he didn't even think about using the energy in his body, only using the power of the soul.

As long as the power of the soul is not consumed too much, there is no major problem.

The warrior of the sixth-tier sky of the Star Aperture Realm saw this scene, his face changed slightly.

"How can you use Thousand Soldier Burst!"

In the ring, as long as you are alive, whatever means you use, as long as you can survive, it is a good means.

"This is all cheating!"

Below, the major forces saw this scene, and couldn't wait to spit out old blood.

What is the difference between using Qianbingbang and cheating?

Ye Chen's idea is very simple, what if I just open the plug-in openly?

If you are not convinced, if you can practice a thousand soldiers and explode, no problem!

The soldiers of time and space and the celestial weapon of Hedao made a humming sound in the void, and the aura of terror spread instantly.

As for the martial artist on the sixth floor of the Star Aperture Realm, his entire complexion became extremely ugly.

He was not confident that he could take the blow, his legs trembled a bit, and the sharp sword in his hand was a bit unstable.

boom!

The breath of a thousand soldiers exploded, at this moment, it exploded in an instant!

The sparks of the explosion, flying around, the deafening sound, almost pierced the warrior's eardrums.

Fragmented limbs and flesh, flying around, the martial artist of the sixth layer of the Star Aperture Realm was wiped out by the explosion in an instant.

During this trip, he had long been scarred.

How to face the violent currents.

The warrior who has not yet fought in the void, his face is gloomy.

Ye Chen's hand also made them tremble, thinking that the martial artist in front could consume him, but now it seems that their abacus has failed.

Faced with this situation, their mood is a little dull.

Originally Ye Chen's strength was already terrifying, and they did not have absolute certainty to kill.

Next, Ye Chen continued to fight, not knowing how many warriors died, the breath of heaven and earth luck and the nine-clawed golden dragon poured into his dantian.

Ye Chen's aura gradually weakened. Although there were thousands of soldiers bursting in his hands, more and more warriors were being dealt with.

The power of the soul has been consumed almost, and the thousand soldiers can no longer be used to burst, the next situation will be more difficult.

There are now three powerhouses left in the void, two powerhouses from the eighth-layer sky of the Star Aperture Realm and one powerhouse at the pinnacle of the Star Aperture Realm.

The major forces in the square array had already imagined the scene of Ye Chen's death.

Now everyone can see that Ye Chen's breath is obviously weak.

Two Star Aperture Realm eighth-tier heavens were enough for him to bear, not to mention the existence of a Star Aperture Realm pinnacle.

There is basically no big problem in killing Ye Chen!

Cork looked solemn, and now it has reached a critical moment.

As long as Ye Chen can defeat the three, he will not only survive, but also obtain treasures.

Basically no one of the martial artists present thought that Ye Chen could stand till now, even if he had a thousand soldiers burst, it was already a miracle.

The martial artist of the eighth-tier sky of the Star Aperture Realm stepped onto the ring, Ye Chen's eyes were solemn, and he held the Blood Demon Sword and the Beast Rotten Sword in his hands.

"You judge yourself!"

The powerhouse of the eighth layer of the Star Aperture Realm directly spoke, he did not want to waste energy on Ye Chen's body.

For him, there are two strong players behind, which are extremely difficult to deal with.

If Ye Chen can judge himself, it would be best, without wasting the energy in his body, to be able to prepare for the future.

"Are you worthy?"

As soon as Ye Chen's voice fell, the corners of his mouth rose slightly, a wicked smile, and the whole figure suddenly rushed over.

The moment he rushed past, the power of the six Dao behind him, the energy of Gengjin, buzzed.

The law of time, the law of ice, the law of time and space, three laws flow throughout the body.

God blood gathers!

The golden light of the immortal divine body burst out, and the blood demon sword in his hand suddenly lifted.

He must solve it as soon as possible cannot be delayed.

The immortal sword intent burst out from Ye Chen's body frantically, and the brilliant light of a sword suddenly fell at this moment.

At the moment of falling, the martial artist of the eighth-layer heaven in the Star Aperture Realm clenched the sharp sword in his hand, and then slashed out with a sword.

The two extreme sword lights clashed, making a buzzing sound and exploding instantly.

When it exploded, Ye Chen's ghostly figure came to him.

The beastly sword, a sword stabbed in the past, and the terrifying sword intent flew freely.

boom! boom! boom!

The powerhouse of the eighth-layer heaven of the Star Aperture Realm kept evading, but Ye Chen refused to give up, stabs him frantically.

Every time the gun fell, a hole appeared in the entire river.

In the void, the depressive breath continues to spread, even the warriors in the square can feel it.

After a few minutes.

The strong man of the eighth-layer heaven of the Star Aperture Realm fell on the ring, and suddenly there was no aura.

"waste!"

The major forces below the square array yelled angrily. They thought they could kill Ye Chen, but who knew Ye Chen would kill him.

This time there was no respite at all. After absorbing the luck of heaven and earth, another warrior came directly.

His expression was solemn, looking at Ye Chen without any contemptuous expression.

Ye Chen frowned. He was able to kill the warrior in a short time just now because the opponent underestimated the enemy, but now it seems that it is not so easy to kill the person in front of him easily.

A fan appeared in the man's hand, and he waved his hand at random, and the fan blew violently.

Whoosh whoosh!

Every time he waved his hand, there was a gust of wind blowing, and soon some large and small tornadoes appeared on the ring.

The terrifying wind made Ye Chen's robe rattle.

Chapter 1986: Seriously injured!

Ye Chen put away one of the beast swords, and a cold spear appeared in his hand.

It's just that this cold gun is obviously obscured.

After all, Zhutian God Demon Spear cannot be exposed yet.

However, there are not so many problems when used after masking.

When Ye Chen rushed out, the Blood Demon Sword and Zhutian God Demon Spear were directly raised.

With a shot and a sword, it fell directly, and the martial artist of the eighth-layer heaven in the Star Aperture Realm didn't want to shoot at all, but kept evading.

When he was avoiding, those large and small tornadoes moved towards Ye Chen.

The speed of these tornadoes is not slow at all, but rather fast to the extreme.

Every time Ye Chen was about to stab him, the tornado had already come, and he had no choice but to solve the tornado first.

Top Best AI for Forex Trading 2024

The martial artist of the eighth level of the star aperture realm has a very simple idea, as long as he waits for the energy consumption in Ye Chen's body, he will naturally be sure of victory when he makes a move.

Ye Chen couldn't guess how he thought, but he kept waving the fan in his hand when the Star Aperture Realm Martial Artist fled.

The tornado can't be beaten at all. After one tornado is solved, two will emerge.

Even if these tornadoes don't attack, they can still bring some resistance to Ye Chen.

This made him have some headaches, the martial artist of the eighth layer of the Star Aperture Realm was very fast.

If he wants to catch up, there will be some difficulties in itself, and with the resistance of the tornado, it will be even more difficult to hit the eighth level of the Star Aperture Realm.

Ye Chen gradually loses patience, and if he continues to do this, he is not sure that he will be dragged to death, and he must be broken with strength to have the possibility of defeating him.

boom!

The devil qi gushed out, Ye Chen stood in place, and the terrifying devil qi exploded from his body and the blood devil sword.

These devilish qi continued to condense in the air, forming a storm.

The sound of the howling of the wind continued to come out, and in his place, a tornado formed by a devilish energy gradually became louder.

At this moment, Ye Chen's eyes had turned blood red, completely entering a state of enchantment.

Since Ye Chen couldn't spend a short time, and Ye Chen couldn't solve these tornadoes completely, then there was a wind showdown.

The powerhouse of the eighth-layer sky of the Star Aperture Realm frowned. He did not expect that Ye Chen would be the same as him.

If you can't solve the tornado, then swallow it!

Ye Chen wanted to see if the tornado formed by the fan in his hand was powerful, or the tornado formed by his devilish energy was powerful.

The black tornado was constantly blowing, and the warriors below the square array struggled to resist one by one.

Both winds have made them all need to work hard to resist.

The devilish energy continuously swallowed the tornado, and rushed towards the figure of the eighth-layer Celestial Martial Artist in the Star Aperture Realm.

The moment he rushed past, the powerhouse of the eighth layer of the Star Aperture Realm did not retreat but instead rushed directly into the tornado condensed by demon energy.

When his figure rushed inside, he found Ye Chen who had been enchanted.

Ye Chen's **** eyes stared at the powerhouse of the eighth layer of the Star Aperture Realm, making his heart tremble fiercely.

"Since you are here, you don't have to go!"

As soon as Ye Chen's voice fell, he raised the Blood Demon Sword in his hand and waved it continuously.

The sword auras crossed straight and horizontally, rushing away frantically.

The powerhouse of the eighth-layer heaven of the Star Aperture Realm, took the fan in his hand and directly blocked it, and the moment the fan blocked him, he waved in the opposite direction.

The sword energy that originally attacked him flew towards Ye Chen.

Ye Chen frowned, and it seemed that this fan was a treasure.

Sword Qi rushed over frantically, and Ye Chen took out the God Slayer Demon Spear to resist.

boom! boom! boom!

One shot after another, Ye Chen's hand was fast enough, but the sword energy was too much, and it would inevitably hit him on the body.

The situation inside, the warriors below the square formation can't see clearly, only two illusory figures can be seen.

Ye Chen put the Blood Demon Sword into the reincarnation cemetery, and the whole figure rushed over.

The moment he came to the eighth floor of the Star Aperture Realm, a shot fell suddenly.

Sword Qi could not pose any threat to him, and he could only use the God Killing Spear.

boom!

A shot fell, and there was an explosion, the speed of the strong man was extremely fast.

The moment he avoided it, he slapped Ye Chen on the chest instead.

Huh!

Ye Chen spit out blood in his mouth, and his whole face was a little pale.

He found that the person who chose the armor was really particular!

This person also has the ability to leapfrog!

It is by no means a simple eight-layer sky in the Star Aperture Realm!

The devilish spirit danced freely, and the two figures were constantly confronting each other without stopping at all.

One shot, one fan, big fight!

"Broken Star!"

Ye Chen murmured in his mouth, the blue veins on his arms burst, and the energy in his body rushed into Zhutian God's Demon Spear madly.

If you continue to fight, it is only yourself who will suffer, Ye Chen is ready to kill with one shot!

Success or failure in one fell swoop!

The devil energy blessed on the Zhutian God's Demon Spear, and it fell in the blink of an eye.

The powerhouse of the eighth-tier sky in the Star Aperture Realm waved the fan in his hand, and it instantly became bigger, covering his whole body.

boom!

The devilish tornado disappeared, leaving only a cloud of black mist. What was the situation inside, I could only wait quietly.

At this time, a figure stood up.

"Ye Chen is dead?"

The moment that star-aperture realm eighth-level heavenly powerhouse stood up, the major forces thought that Ye Chen was already cold, and his heart was ecstatic, and he couldn't wait to look up to the sky and laugh.

However, their laughter stopped abruptly. Behind the eighth layer of the Star Aperture Realm, the spear head had penetrated his heart.

Although Ye Chen was scarred, he was still alive!

Pulling out the God Slayer Demon Spear, the figure of the eighth layer of the Star Aperture Realm fell on the ground.

Ye Chen stood on the ring, and the blood flowed down his arm on the ground.

Tick! Tick! Tick!

At this moment, he, despite his serious injuries, stood there like a demon.

No one dare to look down upon it!

The strength of half-step good fortune, persisting until now, who dare to say anything?

Only one step away, you can completely obtain the treasure.

Only this one step away, in front of many warriors, is already impossible.

Ye Chen is still going to die after all, making wedding dresses for others.

There is also a pinnacle of Star Aperture Realm, Ye Chen is so seriously injured, how to fight?

Apart from Huang Bo, no one of the warriors of the square formation can be optimistic about Ye Chen.

Even in his heyday, Ye Chen was not necessarily an opponent of the pinnacle of Star Aperture Realm, not to mention that he was seriously injured now.

It is already a miracle to be able to stand on the ring now. .

"Lei Wu can definitely kill Ye Chen!"

The warriors of all forces murmured in their mouths, although the strong didn't kill Ye Chen, but he was already seriously injured, what about Lei Wu's opponent next?

Chapter 1987: Blood, anger!

Ye Chen didn't know the thoughts of these people, even if he knew it, he wouldn't care.

At this moment, he has only one intent to fight, even if he is seriously injured? Just fight to the end!

Zhutian God Demon Spear pointed at Lei Wu and roared: "Come to fight!"

The strong of the Sacred Dragon family has already forged a vengeance, so there is no need to say more!

If Ye Chen knew Ye Luoer's whereabouts, I'm afraid this anger would be even more terrifying!

"Satisfy you!"

Lei Wu sneered and came to the top of the ring. His eyes looked at Ye Chen, full of killing intent.

Ye Chen took the bleeding magic sword, and at this moment, the whole person rushed over.

When he rushed past, Lei Wu stood there and didn't move at all. In his opinion, Ye Chen, who was seriously injured, no longer needed to care.

The moment Ye Chen rushed over, Lei Wu slapped it directly.

boom!

With a palm down, endless waves of Qi surged, and Ye Chen flew out directly.

Huh!

A mouthful of blood spit out from Ye Chen's mouth.

At this moment Ye Chen stood up hard and wiped off the blood in the corners of his mouth.

A pair of eyes stared at Lei Wu tightly. The gap between his current state of injury and the peak powerhouse of the Star Aperture Realm was too big.

The current state between the two is not a level at all.

If he was in his heyday, he would not necessarily be so embarrassed!

The warriors of the major forces below the square array were excited when they saw this scene, Ye Chen was finally dying!

"Seeing that there is no gap between you and me, today I must slowly kill you."

Lei Wu said this, and the major forces below the square formation were a little unhappy.

Chi Ze has changed, who knows if Ye Chen still has a hole card, what if there is one?

However, seeing the appearance of Ye Chen being seriously injured, just think about it, they also want to see the appearance of Ye Chen's abuse.

As for Ye Chen's ability to turn defeat into victory, they had no idea at all.

The energy in Ye Chen's body could not last long, not to mention that even in the heyday, he was not necessarily Lei Wu's opponent.

Holding the Blood Demon Sword in his hand, Ye Chen's face did not change in any way. From the reincarnation cemetery, he took out some healing pills and put it in his mouth.

He wanted to activate the Chichen Divine Veins, but he gave up thinking of Feng Qingyang's explanation.

Qiankun Killing Domain was too mysterious, he always felt a pair of eyes staring at him behind his back.

The blood of reincarnation and the profound stele of reincarnation, still try not to be exposed in front of so many people.

Perform a hundred steps by electricity!

When he came to Lei Wu's side, the God Killing Spear and the Blood Demon Sword fell directly.

boom!

One sword and one shot, suddenly fell.

Lei Wu's expression remained unchanged, clenched his fists, dodges the Blood Demon Sword and Zhutian Demon Spear, and blasted out with a fist.

Now he was a little joking, and didn't take Ye Chen in his heart at all.

Under the wheel battle, Ye Chen's dantian probably didn't have much spiritual power, plus an injury, how to fight?

"boom!"

Ye Chen's chest sunk directly, and a mouthful of blood gushed out.

His figure took two steps back and almost fell. Facing such a powerful Lei Wu, it would not be easy to defeat him.

At this moment, a thick magical energy overflowed the entire sky.

The magic energy envelops everything and obscures everyone's sight.

Ye Chen saw this scene, and he was instantly happy!

"Devil's Eye, open!"

Ye Chen murmured in his mouth. On the top of the ring, the devilish energy surged, and a jet black eye suddenly appeared.

Although the eyes were closed tightly, any warrior in the four square formation could feel the aura of terror.

The breath is just as substantial, and the terrifying devilish energy continues to condense.

Lei Wu's face gradually changed, but he didn't say anything, he took out a sharp blade in his hand.

Above his head, the jet-black eyes do not know when they will open.

The devilish energy in the Blood Demon Sword continuously poured into his eyes, and Ye Chen's face became paler and paler.

He dripped a drop of blood.

The essence and blood fell in the void and went toward the demon's eye.

When his blood dripped out, the whole person's face became paler.

His eyes have gradually become dark, Ye Chen bit his tongue and struggled to wake himself up.

The eyes above the ring slowly opened, and the black magic energy condensed into a whirlpool.

The vortex continued to expand, and a black beam of light suddenly fell.

boom!

There were cracks in the originally strong ring, when the beam of light fell.

As if there was only darkness left in the whole world, there was no trace of light.

The black beam of light lasted for a minute before it stopped, and then the demon energy continued to dissipate.

Ye Chen's eyes kept staring at the front, and now he didn't know what happened to Lei Wu.

Pedal! Pedal!

The sound of footsteps sounded, Ye Chen's face gradually darkened, and Lei Wu was still alive.

At this moment, Lei Wu's figure appeared in Ye Chen's field of vision, but his condition was not particularly good now.

The clothes on his body had become shattered, and his entire face was pale.

There was still blood on his arms and his hair was messy, like a beggar walking out of a slum.

"Little bastard, I must let you die today!"

Lei Wu roared, but he didn't expect that the seriously injured Ye Chen could still bring him some injuries.

If it weren't for my own desperate resistance just now, I might really die.

The powerhouses of the major forces below the square array finally felt relieved after seeing this scene.

As long as Lei Wu is not dead!

If Lei Wu died, their hearts would collapse.

If this can't kill Ye Chen, how can you kill him in the future?

Ye Chen changed from the appearance of Jiuyou Shura to a human being, and he could no longer continue to maintain it.

The ghost-like figure of Lei Wu suddenly came to Ye Chen's side.

If it were heyday, Ye Chen could still see Lei Wu's trajectory, but now he has been seriously injured, and his whole body is almost unable to support it.

Only a black light flashed across, and when Lei Wu came to Ye Chen's body, a sword pierced towards Ye Chen's heart.

With this sword, even if Ye Chen didn't die, he would be seriously injured.

There was a fatal sense of crisis in Ye Chen's heart. By instinct, he protected his heart with both hands.

Stabbed!

A sword directly penetrated his arm and sank into his chest.

Ye Chen backed away in an instant, and moved a distance from Lei Wu. At the moment he opened the distance, blood was flowing across his arm.

In the chest, the depth of the sharp sword piercing, only three centimeters from the heart.

Fortunately, Ye Chen used his arm to block just now, otherwise he would have killed him at that time!

Huang Bai's heart was squeezed, and the scene just now almost made him think that Ye Chen was dead!

At this moment, Ye Chen's state was very bad. He had the power of one person to fight against so many martial artists in the Universe Killing Domain, and he had already become a blood man. .

With the Blood Demon Sword inserted on the ring, Ye Chen tried his best to keep his body from falling.

Lei Wu could see that Ye Chen was exhausted and had no ability to resist.

Chapter 1988: People in the dark!

He laughed out loud, Ye Chen was finally going to die in his own hands, even if he returned to the Holy Dragon Family, he could still brag.

Ye Chen's eyes have gradually blurred, even if it is now impossible to transmit energy to the strong in the reincarnation cemetery.

His body is completely unable to bear it now.

Lei Wu came to Ye Chen slowly, and then fisted down.

噗嗤!

Ye Chen's blood spurted out, and the whole figure could no longer be controlled, and he fell directly on the ground.

When Lei Wu saw this scene, a sneer appeared at the corner of his mouth.

Ye Chen now has no combat power at all, he can knead at will.

The sharp sword was held in his hand, ready to pierce into Ye Chen's body.

Top Best AI for Forex Trading 2024

Now he, so as not to have many dreams in the night, he directly solves Ye Chen.

When his sharp sword was about to pierce in, suddenly there was a dragon chant.

The dragon chants resounded throughout the world, and on Ye Chen's body, a nine-clawed golden dragon appeared.

The nine-clawed golden dragon protected Ye Chen's body and let out an angry roar at Lei Wu.

Not only that, the breath of the nine-clawed golden dragon continuously healed the injuries in Ye Chen's body.

Lei Wu saw this scene, his whole face changed completely, it turned out to be a nine-clawed golden dragon body guard!

Don't say it's him, even the warriors below the square formation don't know what the situation is.

In fact, every time Ye Chen killed a martial artist, the dragon spirit would strengthen the dragon soul in his body.

Killing so many warriors, the dragon soul in Ye Chen's body has reached a terrifying level.

It's not surprising to be able to protect yourself.

If Lei Wu kills all the way, he can still enjoy Ye Chen's current treatment.

Killing all the way, although there are disadvantages, but there are also certain advantages.

Ye Chen deserves all of this!

Lei Wu didn't believe that the nine-clawed golden dragon could protect Ye Chen for a while, and could he also protect his entire life?

The sharp sword in his hand was continuously slashed out, one sword after another, but the nine-clawed golden dragon directly blocked it.

Leiwu almost squirted out blood when he saw this scene. It was so irritating!

was only one step away from killing Ye Chen, but this step was still impossible.

If it wasn't for the nine-clawed golden dragon, Ye Chen would already be a dead person.

How can I live to the present?

Every time the sword goes down, the color of the nine-clawed golden dragon will dim a bit, and Lei Wu also sees hope.

Boom! boom! boom!

One sword after another, unable to stop at all, the nine-clawed golden dragon gradually dimmed, and when it was about to break, Ye Chen opened his eyes directly.

When Ye Chen opened his eyes, Lei Wu trembled all over.

Zhuotian magic spear, stabbed out instantly!

Before Lei Wu could react, a shot had been pierced into his chest.

A stream of blood spurting out, and Lei Wu's whole body stepped back three steps.

A pair of eyes stared at Ye Chen.

Ye Chen stood up from the ring. Although his injury hadn't fully recovered at this moment, it was much better than before!

The violent breath erupted frantically from his body.

"Go!"

Ye Chen roared, and the three laws continued to merge together.

Divine blood and Gengjin Qi broke out!

"Slash the sky with a sword!"

The entire ring is full of sword intent, flowing crazily!

Ye Chen waved his hand, and a sword fell suddenly.

This sword burst out with brilliant light, and the sword light whizzed through the space!

Boom!

With a thunderous explosion, Lei Wu's entire figure flew out.

Jianguang's speed is too fast. Just now, he had fallen behind before he could resist!

Leiwu stood up from the ring, a hideous wound appeared on his chest.

Below the square formation, the warriors of the major forces suddenly had a bad feeling in their hearts.

I didn't kill Ye Chen just now, and if I want to kill it now, I am afraid there will be some difficulties, or in other words, there is no chance at all!

Except for the powerhouses of the major forces, the rest of the warriors had a pair of eyes widened. From the moment the nine-clawed golden dragon guarded the body, they were already shocked.

Now that Ye Chen kills Lei Wu with a single sword, is it really going to turn defeat into victory?

Suddenly there is an unreal feeling in their hearts!

It is a miracle to be able to fight until now. How can it be possible to kill Lei Wu now?

They don't know what will happen next, so they can only keep watching.

Leiwu let out a roar, and his eyes had turned blood red.

Ye Chen has completely angered him now.

I can't wait to tear Ye Chen's figure into two pieces!

Only in this way can he solve his hatred.

Lei Wu's figure suddenly rushed towards Ye Chen at this moment.

The sharp sword in his hand was raised directly.

At the moment when he lifted it up, a sword swung out, slashing towards Ye Chen's body.

An extreme sword light had already arrived in front of Ye Chen in an instant.

Ye Chen's face did not change in any way. Behind him, ghosts of ancient unicorns and white tigers appeared.

The power of spiritual blood!

The two mythical beasts roared, causing turbulence in the entire river.

At the moment Jianguang rushed over, the ghost of Qilin rushed over.

The moment the two touched each other, there was a loud explosion.

The fiery flame swept over, and the white tiger opened its sharp claws and smashed it.

The immortal divine body in Ye Chen burst out directly.

At the moment when the immortal divine body was flowing, the Blood Demon Sword instantly lifted, and a sword light suddenly rushed past.

Cut all the beauty of the world with one sword, the power to open the sky!

Wherever the sword light goes, it is destruction!

Boom!

A sword suddenly fell on Lei Wu's body.

噗嗤!

Leiwu spewed out a mouthful of blood, and his whole body fell to the ground.

Heaven, earth and energy poured into Ye Chen's body!

Ye Chen grinned at this scene, his body was almost too much to bear it, but fortunately, at the last moment, he won!

Thanks to the nine-clawed golden dragon for all this, if it weren't for the nine-clawed golden dragon to protect himself at the end, he would have already become a blood man!

The warrior below the square array took a breath, Ye Chen actually won!

The warriors of the major forces, the whole person's complexion became extremely ugly, I did not expect that at the last moment, Lei Wu died!

They watched Ye Chen's strength grow step by step, and now they can still hold him down, but what about the future?

They didn't dare to continue to imagine, and give Ye Chen a certain amount of time. I am afraid that there will be no strong man who can punish him in the future.

"The winner is crowned! The Universe Killing Domain will be closed in three days!"

The indifferent mechanical voice came out again, only to see the Qiankun Divine Armor coming to Ye Chen.

The Universe Divine Armor poured into Ye Chen's body and appeared on the surface beside him.

The moment Ye Chen put it on, he stood in the long river like a **** of war.

The warriors below the square array have an illusion that Ye Chen seems to be a god!

Even a glance can determine their fate! !

"The universe **** armor, dragon soul, heaven and earth luck, you should hand it over!"

Suddenly there was a hoarse voice at this moment.

Chapter 1989: Reincarnation 6 discs

Ye Chen looked towards the voice and found that the person speaking was the man in the black robe.

All the warriors stared at the black robe man with a pair of eyes.

If it weren't for the voice just now, they had even forgotten the existence of the black-robed man.

The blood of the peerless Tianjiao of the black-robed man at the time made them deeply remembered, and later it seemed to be transparent.

Ye Chen squinted his eyes and didn't say a word. How could it be possible for him to hand over things like the Universe God Armor?

The dragon soul of the nine-clawed golden dragon has merged with his dantian. If you want to hand over the nine-clawed golden dragon, you must abolish the cultivation base.

Moreover, whether the Universe Divine Armor or the Heaven and Earth Qi Luck, he obtained it step by step.

His things, if others want to get their hands, unless let him die!

"What if I don't pay?"

Ye Chen said directly at this time!

A wicked smile appeared at the corner of the black robe man's mouth, and he took out a compass in his hand.

The compass is black all over, exuding a weird aura.

When the black compass appeared, Ye Chen suddenly had a bad feeling in his heart.

"What's the matter? My body?"

When the weird aura was floating in the square, the golden light on the body of some warriors emerged.

"Heaven and earth luck?"

Ye Chen murmured in his mouth, and he could tell at a glance that the heaven and earth luck in the martial artist's body was being deprived a little bit.

forcibly deprived the world of luck, causing the warrior to roar in pain.

A warrior appeared in such a situation, one after another, and the heaven and earth Qi Luck in the body of the other warriors continued to pour out of their bodies.

seems to be completely out of control, deprived of the luck of heaven and earth, poured into the black compass.

"Shoot together and kill him!"

A warrior suddenly spoke. If the black robe man is allowed to continue, their heaven and earth luck, I am afraid that nothing left of what they have done before can only become someone's wedding dress.

As soon as the voice fell, a strong man from the eighth-layer sky of the Star Aperture Realm rushed over and came to the black robe man.

There was no change on the face of the black-robed man. When the eighth-level heavenly powerhouse of the Star Aperture Realm rushed over, his left hand was raised at will, and a slap fell.

Boom!

slapped down, the powerhouse of the eighth layer of the Star Aperture Realm was immediately killed!

When the warrior saw this scene, his brow furrowed.

Unless the strength of the black-robed man has reached half a step to close the door! Even close the door!

When I think of this, the faces of many warriors become extremely ugly!

Half-step to block the strong, only Bai Xu and the others will have a chance!

Whether they are good fortune realms or star aperture realms, they have no ability to resist at all in the face of the powerhouse at the half-step closure level.

Ye Chen frowned, he stood in the long river, and something seemed to jump out of him in his body.

If it weren't for the utmost suppression, I am afraid he would be deprived of the luck of heaven and earth in his body now.

He couldn't see through the strength of the black-robed man, it seemed like a vast ocean.

Even Bai Xu didn't give him this feeling.

The strength of the black robe man is definitely above Bai Xu!

Bai Xu glanced at the other two powerhouses who had blocked the door halfway. Although the heaven and earth luck in their bodies had not been deprived, they had been resisting with difficulty.

Heaven and Earth Qi Luck is deprived of their bodies, I am afraid it is also a matter of time.

glanced at each other, Bai Xu and the other two strong men who had blocked the door half-step directly shot, and could not let the black robe man continue to do it.

The three strong half-step closures made a move together, allowing the warriors to see hope.

The only ones who can compete with the black-robed men now are Bai Xu and the three powerhouses.

Ye Chen stared at him tightly, not optimistic about Bai Xu and the others in his heart.

Since the black-robed man dared to make a move, how could he care about three strong men who blocked the door halfway?

When Bai Xu and the others shot, the figure of the black-robed man evaded slightly, and the compass in his hand suddenly flew into the void.

hum! Hum!

The compass made a buzzing sound, suddenly becoming louder in the void.

At the moment it became bigger, all the warriors of the square formation were all shrouded in the compass.

The black and strange breath keeps pouring out!

"what!"

A warrior let out a cry of pain, and scarlet blood flowed out of the corner of his mouth.

The energy in their bodies is constantly being stripped out!

When stripped out, it poured into the compass, and then used the compass to continuously rush towards the black robe man.

The aura of a black-robed man continues to strengthen, reaching an extreme speed.

Originally, Bai Xu and the others wanted to make a move, but the energy in their bodies was also out of control.

can only stop temporarily, want to suppress it!

Ye Chen alone did not feel any discomfort. From the breath of the compass, there was even a familiar feeling.

"Long time, you haven't given up in this vein!"

Suddenly there was a sound, and above the compass, an old man with a fairy-like spirit appeared.

When the old man appeared, the black-robed man said in a cold voice: "You can't stop it, the six-track reincarnation is in your hand, even if you appear, it won't help!"

The old man smiled slightly, and then said: "I can't stop it, but one person can!"

When his words fell, he pointed at Ye Chen!

The black-robed man followed his fingers and found Ye Chen who was only half-step for good fortune, and then sneered: "It's just an ant who hasn't stepped into good fortune. Although his talent is good, it doesn't help!"

The old man shook his head and glanced sadly at the black-robed man, then slowly said: "The six-track plate of reincarnation, it doesn't belong here. Even if you can't control it, he alone!"

Ye Chen listened to the side, but didn't say a word.

When he heard the six discs of reincarnation, he knew why the breath was so familiar.

He himself is the blood of reincarnation.

The six discs of reincarnation may have some connection with the blood of reincarnation, and even the man in the sarcophagus who resembles himself.

"It is impossible for the six discs of reincarnation to recognize you as the master. When the real master appears, do you think it belongs to you?"

"At the beginning, you stolen the six discs of reincarnation in the same vein, and spent your entire life, without unlocking the secrets in the six discs of reincarnation!"

As soon as the old man's voice fell, he glanced at Ye Chen and smiled softly!

The old man knew from the moment he entered the Palace of Heaven and Earth in the black robe, but he didn't stop him at all.

He knew that the real master appeared!

Even if the black robe man exhausts his means, it is in vain!

Fate is already doomed!

The black robe man's whole body aura burst out, and roared: "This seat was once sealed for nine levels. If it weren't for being seriously injured by the Eternal Holy King, and the realm fell to half a step, who could be my opponent!"

"Although the current strength is no better than before, but it is still qualified to contend with everything."

The strength of closing the door in a half step is enough to stand out from the crowd! !

He has enough capital!

Preparation for such a long time, he does not allow himself to fail!

Chapter 1990: That thing actually appeared again

The old man did not answer the black robe man, but looked at Ye Chen and said, "Go! No one can take away the things that belong to you!"

Ye Chen nodded slightly, and his whole body came to the top of the six discs of reincarnation!

How terrifying the old man's strength is, he doesn't know, but he can see his secret at a glance, and he definitely shouldn't be underestimated.

I just don't know why, the other party didn't attack the black robe man!

He believed that some secrets must be guessed by the old man, otherwise he would not be so confident, thinking that Ye Chen could control it.

When Ye Chen came to the top of the six compasses of reincarnation, the black robe man rushed over.

He didn't know what Ye Chen was going to do, but there was a bad feeling in his heart.

The black robe man flew over, and Ye Chen didn't care about it, stimulating the Red Chen divine vein in his reincarnation bloodline, and a drop of blood merged into the six paths of reincarnation.

hum! Hum! Hum!

The six reincarnation discs ran wildly, making a cheerful sound. When the black-robed man rushed over, he suddenly felt a terrifying aura and directly shook him out.

噗嗤!

A mouthful of blood came out of the black robe man's mouth!

His eyes stared at the Six-Daopan of Samsara, and he felt that the Six-Daopan of Samsara was gradually out of his control.

The breath of him and Samsara Six Dao Pan is getting less and less!

The aura in the six discs of reincarnation rushed into Ye Chen's body madly.

嗖!

Ye Chen felt that there was a slight connection with the six-track plate of reincarnation.

jumped into the square formation from above, and with a big wave of his hand, the six reincarnation discs shrank instantly and appeared in Ye Chen's palm.

The black-robed man took off his robe, his face looked terrifying.

There is no blood on his face, even the bones of his cheeks are about to collapse.

"In order to forcibly control the six-track reincarnation, why bother?"

The old man shook his head, then held out a finger!

A dark green light suddenly rushed into the body of the black robe man.

The man in the black robe didn't make any sound. He could feel that this dark green light poured in, not far from death!

The original six-track reincarnation plate can block any attack from the old man.

However, when the six discs of Samsara fell on Ye Chen's hands, he knew that he had been defeated.

"Haha, even if I die, old man, if you take action, you won't survive!"

The old man has lived for countless years, and if he doesn't take action, he can still survive for two years, but now, I'm afraid he won't survive two hours!

"If I die, I will make him pay!"

The black robe man looked at Ye Chen with a bitter expression!

Originally, there was no problem with his plan, except that he didn't expect...

Samsara's six discs, if he wants to truly control, only the blood of reincarnation, he himself knows.

"Killing a heavenly arrogant today is worth even death!"

As soon as the black robe man's voice fell, the whole figure suddenly flew towards Ye Chen.

When he flew towards Ye Chen, the aura of the whole person continuously exploded.

Ye Chen saw this scene and ran away frantically!

The black robe man wanted to explode, even if he died, he wouldn't let Ye Chen feel better!

half-step closure of the door, the self-destruction of the nine-story heavenly powerhouse who once sealed the door, the abnormal horror, can blow up the entire Qiankun Palace into ruins!

The warriors of the square formation, seeing this scene, were scared to sweat.

Although the black-robed man targeted Ye Chen, the scope of his self-destruction, even if they can survive, is not certain.

The old man's aura gradually weakened. He looked at the black-robed man and pointed his hand towards the river.

Whether Ye Chen can survive or not, no one knows, but they know that if they don't run away, they may not be able to protect themselves!

"Puff!"

The aftermath of the explosion affected some warriors, who spewed blood out, and the breath of the whole person was looming!

The warrior who fled outside, saw the entire Qiankun Palace, constantly cracks and collapsed!

Seeing this scene, the warrior who was in the Qiankun Palace back then still has a lingering fear.

The scope of the explosion is too scary, they guessed that Ye Chen might be dead!

The strong man who closed the door half-step blew himself up, Ye Chen is just a martial artist in the realm of the Dao, how could he survive?

The strong men of the major forces were ecstatic, and thought they could not kill Ye Chen!

Who knew that the black robe man was chasing Ye Chen in the end!

Now Ye Chen is afraid that there will be no whole body, and their worried hearts are completely let go.

Huang Bo watched the collapse of Qiankun Palace, tears in his eyes, such a terrifying explosion, how could Ye Chen survive?

One after another, the warriors left, now that the Qiankun Palace has collapsed, there is no need to stay.

It might as well continue to look for some other places to see if there is any chance.

.....

One day after the collapse of the Qiankun Palace, a rustling sound came from the ruins.

Ye Chen ran out of the ruins. At this moment, he was covered with blood. Every step he took made him feel severe pain.

When the black robe man exploded, although Ye Chen activated the red dust veins!

But the remaining prestige is too great, and the red dust veins are not enough!

Fortunately, the reincarnation six discs automatically protect the lord.

It was also because of the six reincarnation disc that Ye Chen could barely survive.

Otherwise, he would already be a dead person!

It is a pity that the six discs of reincarnation have been dimmed, and it seems that it needs some energy to activate.

Ye Chen originally wanted to get the source of the reincarnation cemetery from it, but now it seems that it should be impossible.

ahem!

Ye Chen spouted blood and fell to the ground!

Walk hard step by step!

Ye Chen's cheeks are gray now, if you don't look carefully, no one will know him.

From the reincarnation cemetery, he took out various healing pills and put them in his mouth.

Now his situation is not optimistic must find a place to recover from his injury.

Walking all the way, fortunately I didn't meet any warriors, found a dark cave, walked into it, and sat cross-legged on the ground.

His eyes are like the cold light in the dark night, and he said: "Today I will use the universe to kill the domain and break through the good fortune realm!"

In the next second, the reincarnation of the gods and demons will operate!

Break through the shackles between Hedao and Good Fortune easily!

Ye Chen walked all the way, and the chance he got was almost against the sky, but the breakthrough speed was extremely slow!

On the one hand, the blood of reincarnation has extremely high requirements for breakthrough!

But once it breaks through, it will be invincible in the same realm!

On the other hand, Ye Chen's foundation far exceeds any Tianjiao!

Now he wants to step into the realm of good fortune, extremely easy!

And above the sky, Thunder Tribulation suddenly formed!

Thunder fell from the sky, the vision started!

.....

Outside, a mysterious place in Lingwu Continent.

A dragon lying on the back, majestic and majestic.

Above the dragon, a man of extreme majesty closed his eyes tightly.

In the mouth of the Shenlong, the power of the reincarnation monument continued to converge into the man's body. .

Suddenly, the man opened his eyes, the emperor's breath surged, his eyes were like falcons in the night.

"That thing appeared again."
