

## Urban Medical 1991

Chapter 1991: Wrath of Heaven!

"And, is it recognized as the master?"

"Damn it, it feels like this again!"

"A reincarnation monument has been refined, and my blood was stopped that day."

"I really want to know who is so bold!"

"If it were not that I could not leave this place, if it were not that I could not confirm your identity, you would have disappeared long ago."

"How can the power of the kingdom of God be shaken by ants!"

"That day, there were two divine minds blocking it. After all, I violated the rules, but if you break through today, I will give you the strongest thunder calamity in the realm of good fortune!!"

"Look at how you break through!"

.....

at the same time.

In the Universe Killing Domain, the entire space is constantly turbulent.

The ground shook the mountain, and a depressive breath continued to flow in the space.

The warrior in the Qiankun Killing Domain found that the entire space had become unstable.

seems to be about to break!

"What's the situation? Who made the entire killing domain turbulent?"

One of the warriors murmured, could make the entire Universe Killing Realm turbulent, even if it is a strong gatekeeper, can't it?

Above the Universe Killing Domain, dense dark clouds appeared.

In the dark clouds, the thunder is densely covered, and the breath of heaven is constantly coming.

In the ancient battlefield, the warrior who was looking for an opportunity, felt the pressure of terror, and lay directly on the ground without daring to move.

There are cracks and cracks on the ground, constantly breaking!

Thunder flashes in the sky, the sea keeps surging, and the wind keeps roaring.

The Wrath of Heaven!

Ye Chen felt the terrifying breath coming from Heaven, and was slightly startled.

Breaking through the realm of good fortune, of course, triggered the divine thunder.

But I never thought it was God's Thunder!

Heaven and earth cannot tolerate! Does God want to kill himself?

Didn't the eternal holy king say that the way of heaven can't check his own breath?

Stop thinking about it.

Blood Demon Sword and Zhutian God Demon Spear were placed in his hands, Ye Chen's face remained unchanged, and his eyes gradually became a little dignified.

The aura from the trial of heaven was more terrifying than ever, even Ye Chen didn't have certain confidence.

Boom!

A thunder fell, and the whole cave burst in an instant.

At the moment of the explosion, Ye Chen's body was covered with thunder.

The power of thunder flooded Ye Chen's whole body. At this moment, the Universe Divine Armor was leaking from the surface of his body.

The Universe God Armor is worn on the body, like an invincible God of War.

Ye Chen stepped out!

When Ye Chen stood tall, a terrifying aura came from Heaven, and he wanted to directly suppress Ye Chen!

The breath is constantly flowing, Ye Chen's body surface is golden light wanton, holding the Blood Demon Sword in his left hand, and the Zhutian Demon Spear in his right hand!

The sword points to the sky!

Since heaven is not tolerant, he broke the judgment of heaven!

The warrior lying on the ground raised his head, looked at the top, and found Ye Chen's figure.

"He...he didn't die!"

After a warrior saw Ye Chen, his whole face changed drastically!

Live to hell!

They saw with their own eyes that the black robe man blew himself up!

After a half-step closure, the strong man blew himself up, Ye Chen was able to survive!

how can that be?

Fortune Realm, Star Aperture Realm, half-step closure, as long as the strong in the Universe Killing Realm cannot stand up.

Tiandao's anger made them frightened in their hearts!

The strong from all forces, staring wide-eyed, spit out blood!

Ye Chen is not only not dead, but intact!

The self-detonation of a half-step door-blocking powerhouse cannot kill Ye Chen, who can kill it in the future?

The strong from various forces, there is a deep sense of powerlessness in his heart, and even some despair.

I'm afraid Ye Chen will fly into the sky in the future!

Ye Chen stood tall in the sky, feeling the terrifying aura from Heaven, and did not make any movements.

Click!

A huge thunder, like a dragon, suddenly fell!

At the moment it fell, Ye Chen's Blood Demon Sword suddenly lifted up, and an extreme sword light fell down instantly.

The moment Jianguang and Thunder touched each other, there was a violent explosion.

At the moment of the explosion, Ye Chen's figure receded slightly.

When he backed away, the thunder suddenly dissipated, but then another thunder fell suddenly at this moment.

Boom!

Thunder bombarded Ye Chen's body, and the Universe Divine Armor burst out with a bright light, directly resisting it.

When resisting, the dark clouds continued to spread, and among the dark clouds, thunder was dense.

The warriors of all forces felt their scalp tingling when they saw this scene!

I don't know how Ye Chen, a martial artist in the realm of Harmony, provokes the Dao of Heaven and makes it intolerable!

Endless thunder, like a sea of thunder, falling crazily!

The light of thunder was extremely dazzling, and the warriors lying on the ground did not dare to open their eyes.

The aura that came out of the thunder was enough to kill the strong fortune realm in a second.

If they were standing there, they would be killed by thunder!

Thunder came to the world, as if to destroy everything in this world, Ye Chen had no joy or sorrow on his face, and the God of Death Demon Spear and Blood Demon Sword shot at the same time.

At the moment he shot, the whole person flew directly up!

He wants to pierce this dark cloud with a single shot!

Let this heaven be judged, the smoke disappears!

Thunder fell on Ye Chen's body, the Universe Divine Armor, resisting most of the damage!

At this moment, a shot pierced into the dark clouds madly!

Boom!

Lei Ting followed the Zhutian Demon Spear to Ye Chen's arm!

The dark cloud above Ye Chen's head disappeared instantly!

At this moment, the dark clouds in the entire sky are torn apart!

The warrior on the ground, his heart is about to jump out!

A shot really pierced the judgment of heaven?

They couldn't believe it, Ye Chen was so crazy, other warriors had nothing but fear in the face of Heaven But he actually wanted to compete with Heaven!

There is a good saying, no matter how strong you are, you still have to surrender to the feet of Heavenly Dao, but Ye Chen did the opposite.

Ye Chen did not leave, he knew that all this was just the beginning.

If Heaven's Way could be defeated so easily, the world would not need to put Heaven's Way in its eyes.

As expected, the moment when the dark clouds were torn apart, they continued to regroup.

When the dark clouds condensed, it seemed that the whole sky would collapse!

Inside the dark clouds, the thunder constantly condenses!

These divine thunders did not fall, but kept condensing.

God Thunder condenses into a human phantom, his whole body is densely covered with lightning, and his eyes are filled with the power of lightning.

The power of thunder continued to erupt, and he waved his hand and his whole body made a blast.

The terrifying aura continued to spread, Ye Chen's body was slightly bent, and his teeth were constantly trembling.

The phantom that thunder condenses is too strong! Let him have a deep sense of powerlessness!

Even if it is breath, I feel that it can suppress him!

In the blink of an eye, Lei Ting Phantom had already arrived in front of Ye Chen, clenching his fist and sending out electric sparks. .

rushed towards Ye Chen with a punch. Although his fist hadn't arrived yet, the terrifying aura had already struck suddenly.

The breath of        seemed to pinch his neck, making it hard for him to breathe.

Chapter 1992: Against heaven! Punish!

A fist fell suddenly and hit his abdomen.

A mouthful of blood spurted out, and at the moment the bleeding spurted, Ye Chen's whole figure flew out.

The speed of Thunder Phantom just now was so fast that Ye Chen didn't even see it clearly.

He has fallen!

Ye Chen stood up hard, wiped off the blood from the corner of his mouth, his eyes fixed on the thunder phantom.

On the ground, all the forces saw Ye Chen being knocked down with a fist, and their hearts couldn't help but become excited.

Now they finally see the hope of Ye Chen being defeated!

As long as Ye Chen is killed by Thunder Phantom, then they can sit back and relax!

Ye Chen didn't know the thoughts of various forces, even if he knew it clearly, he would disdain it!

At this moment, he clenched the Blood Demon Sword and Zhutian God Demon Spear, and rushed directly.

At the moment he rushed to the Thunder Phantom, his arm suddenly rose, and the Blood Demon Sword fell madly.

The wind screamed, and the Blood Demon Sword was blood red, bursting out with a mysterious light.

At the moment of falling, Thunder Phantom clenched his fists, punched out, and resisted the blood magic sword.

The moment the two touched each other, Ye Chen only felt his arm numb, and his blood vessels were about to explode!

"Broken Star!"

Ye Chen murmured, the \*\*\*\* of death's magic spear in his hand burst out with a terrifying spear intent and suddenly fell.

The moment it fell, it was mixed with the might of destroying the world.

Boom!

A shot fell, stabbing the body of Thunder Phantom.

The spear heads of the God's Demon Spear poured into the Thunder Phantom, and there was a crackling noise.

The electric current traveled along the Zhutian God Demon Spear and sent it to Ye Chen's arm.

Electric snakes madly shocked Ye Chen's body.

"what!"

Ye Chen let out a painful roar, these currents constantly eroded his body.

drew out the Zhutian God Demon Spear, Ye Chen's figure kept backing away from the Thunder Phantom.

Two phantom beasts appeared behind Ye Chen, and slaughtered towards the thunder phantom.

In his body, there was endless magic energy.

These devilish qi continuously condense, a magic sword, standing in the void.

铮! Zheng! Zheng!

The magic sword made a buzzing sound, and the sword fell suddenly.

At the moment of falling, it seems that the world has lost its color, and the whole world is only left with this magic sword!

Boom!

The magic sword fell in an instant, and the thunder phantom was expressionless, at the moment the magic sword fell.

His body broke down directly, but the magic sword fell from the middle and hit a mountain on the ground.

The whole mountain was torn apart, and there was an explosion!

After the Thunder Phantom was decomposed, they continued to merge together.

Seeing this scene, Ye Chen's face gradually became gloomy!

This thunder phantom seems to have no solution!

"Fight against the way of heaven! Dang Zhu!"

At this moment, Thunder Void made a sound, and at the moment when Zhu Zi fell, a huge Zhu Zi appeared beside him!

The power of thunder flashed on the character 诛, and it fell in the direction of Ye Chen.

诛字 seems to suppress everything, anyone must surrender at the feet of heaven!

Immortal Divine Body is certainly powerful, but all this is not enough, and there are still some shortcomings against Zhu Zi!

The blood of God and the energy of Gengjin suddenly broke out!

Both of them frantically improved Ye Chen's body!

The Blood Demon Sword fell madly, and a series of sword auras attacked at Zhuzi.

The word 诛 went forward bravely and landed directly on Ye Chen's body.

噗嗤!

Ye Chen at this moment felt that his body was filled with the power of lightning.

These lightnings constantly eroded his physical body, and the magical body and the immortal body burst out directly.

Both of them madly protected Ye Chen's body, and the entire void was blown into a hole.

The power of Zhuzi gradually disappeared, and Ye Chen's face became paler and paler.

At this moment, there is blood on his body, dripping to the ground!

The blood fell on the trees, and they withered in an instant. Ye Chen stood up with difficulty, his arms trembling constantly.

"God wants to punish me, it's not enough!"

Ye Chen grinned, his mouth was full of blood, and his eyes stared at the thunder phantom.

Where is it so easy to kill him?

Thunder phantom was expressionless, he stretched out a finger again, and the power of thunder continued to gush out.

When these thunderous powers poured into the fingers, they condensed into a blue light.

The immortal sword intent on Ye Chen's body broke out completely, and he raised the Blood Demon Sword in his hand.

"My sword, cut the world!"

His eyes were filled with sword intent, as if it were substantive, the sword intent surged wildly.

In an instant, the entire void was filled with terrifying sword intent.

Sword intent continuously poured into the Blood Demon Sword, Ye Chen waved his sword and fell suddenly.

When the thunder flashed, the sword light fell crazily, and the moment the two touched each other, there was a terrifying sound.

The whole sound was like thunder, and the shocking aftermath made Ye Chen keep backing away.

At this moment, there is no blood on his face, but the Thunder Void stood there quietly, without even moving.

Any attack from Ye Chen seemed to have no effect on the Thunder Phantom.

Ye Chen showed a bitter smile at the corner of his mouth, and the power of the thunder phantom was beyond his imagination.

Ye Chen stood in the void, with no expression on his face.

Although the chance of defeating the Thunder Phantom is slim, I have to try my best anyway.

If not, there is only one result waiting for him, death!

"Eye of the devil, give me some devilish energy!"

Roar!

Nine Nether Shura, let out an angry roar.

When Nine Nether Shura appeared, a trace of movement appeared on the face of Thunder Void, but that was all!

The ghostly figure of Nine Nether Shura rushed over directly. Although Nine Nether Shura's figure was huge, it did not affect the speed at all.

rushed past the momentThe three heads of Jiuyou Shura opened their mouths directly!

Six arms waved out of his back, and every swing brought out gusts of wind.

One after another, the thunder phantom waved continuously.

Boom boom boom!

At this moment, the fists of Nine Nether Shura's six arms are already dripping with blood.

almost disappeared.

"How can the ants know that heaven is powerful!"

Thunder Ghost's voice fell off, and then he took a palm directly.

At the moment the film was taken, Ye Chen's whole body flew out directly.

In the void, Ye Chen steadied his figure and continued to rush, taking out the space-time soldier in his hand!

There is no such magic weapon, all of them are soldiers of time and space!

Seeing this scene, the warriors on the ground can't wait for the soldiers of time and space to be their own.

How many treasures Ye Chen has acquired, so many space-time soldiers, inexhaustible!

Facing the Thunder Phantom, Ye Chen had no choice but to do his best, even if all the power of the soul was exhausted, he would not hesitate.

"A thousand soldiers burst!"

Ye Chen murmured in his mouth, the space-time soldier on his arm threw it out in an instant! !

When it was thrown out, there was a buzzing sound from the space-time soldiers.

flew towards the thunder phantom.

Chapter 1993: Ice sword, do you want to do it?

boom!

At this moment, it explodes directly!

The sound of the explosion resounded throughout the world, and the warrior on the ground only felt that his eardrums were about to break.

She covered her ears with her hands and didn't dare to listen!

This explosion, if placed on their bodies, it would explode into powder in an instant.

Thunder Xuying's face gradually became gloomy, and he was almost injured just moments ago.

Although only a few minor injuries, it has made him completely angry.

ants can hurt him, unforgivable!

Thunder phantom raised his hands, in the sky, countless thunders unexpectedly poured out.

These thunders formed a huge beam of light and rushed towards Ye Chen's figure.

Ye Chen fled quickly, but the speed of the Thunder Light Beam was too fast.

fell on Ye Chen's body in the blink of an eye!

Boom!

A cloud of black mist erupted from the entire void. The strong on the ground looked at the black mist and didn't know what was inside.

Ye Chen should have fallen if he wants to come!

They can't imagine what kind of strength they can survive from the beam of light.

Lei Ting Phantom also thought that Ye Chen would definitely die, but he could not go back to his life without seeing Ye Chen's body, and could only wait quietly.

ahem!

A voice came from the darkness at this time.

The gazes of all the warriors stared at the void, and their gazes found Ye Chen got up.

is full of blood and water, and his breath is abnormally weak.

Lei Ting Xuying frowned, Ye Chen was still alive, not dead!

This is something he didn't even imagine.

Ye Chen stood up hard, his bones felt like they were about to fall apart.

Lei Ting phantom stretched out a finger, since Ye Chen has not been dealt with just now, I don't mind making another cut.

The light of a finger fell in an instant, and Ye Chen felt a fatal sense of crisis.

The terrifying aura continued to permeate, Ye Chen wanted to stretch out the Blood Demon Sword in his hand to resist, but with a slight movement, a severe pain came from all over his body.

"Are you going to die!"

Ye Chen murmured in his mouth, he already felt the sense of crisis of falling.

嘤!

At this moment, a red and blue light suddenly burst out of the body, making a deafening roar.

is the power of Xiao Huang!

The red and blue light turned into a monstrous behemoth phantom.

opened his mouth and directly swallowed a ray of thunder phantom.

Although Xiao Huang hasn't completely refined that rib yet, he still tries his best to help himself at this moment!

This scene made the complexion of Thunder Phantom completely difficult to look!

How could it be possible to swallow his \*\*\*\* thunder?

At this moment, a voice appeared between Ye Chen's eyebrows: "I can't act as the Devil Emperor, I will help you in the form of Devil Eyes."

Ye Chen was startled, his eyes condensed: "Okay!"

"Devil's eyes, open!"

At this time, Ye Chen roared all over, and the devilish energy in his body poured out frantically.

The magic energy of the Blood Demon Sword continued to erupt, and the magic energy condensed in the void, and a dark eye pupil slowly appeared!

The gusty wind howled, the magic energy surged in the entire ancient battlefield.

The terrifying devilish energy destroys all vitality. Some warriors are eroded by the devilish energy, and their eyes gradually turn into blood red.

Demonic energy invaded their bodies, turning these warriors into a killing machine!

Above the entire sky, the clouds are completely dyed blood red!

When the Demon's Eye appeared, the ancient battlefield seemed to be in ruins!

Whether it is a mountain or a palace, it is broken in an instant!

There is an aura of destruction in the demonic energy.

The eye of the devil comes to the world, and everything is destroyed!

Tens of thousands of demon gods gathered behind Ye Chen and kept worshipping Ye Chen.

Devil worship, Lord of all demons!

The Blood Demon Sword was held in his hand, and the sword was aimed at the Thunder Phantom!

The pain in his body did not affect his fighting spirit at all. At this moment, he could only kill!

The ghost-like figure suddenly rushed over, and the immortal sword intent burst out frantically.

Immortal sword intent is condensed on the blood demon sword, and the sword falls in the hand, like a brilliant light.

Boom!

slashed out with a sword, tearing the space apart, and the whole earth was trembling constantly.

A sword swept across the horizon!

An extremely brilliant sword, suddenly came in front of Thunder Void.

Boom!

slashed down with a sword, and the devil's eyes opened their eyes at this moment!

Mou!

When the eyes opened, a pair of eyes appeared in the entire void.

These eyes exude a frightening atmosphere!

Boom boom boom!

Above the void, a pair of eyes shattered and demonic energy poured out!

The whole ground is constantly shaking and torn apart!

The devilish energy rushed to the thunder phantom frantically, unstoppable!

The power of destruction is constantly hitting the thunder phantom.

The thunder shadow disappeared.

.....

Hoo!

The thunder in the void gradually dissipated, Ye Chen fell on the ground and sat down cross-legged!

Ye Chen took a deep breath and glanced at his dantian!

completely changed!

If the Hedao Realm is a lake, then the pubic area at this moment is the vast ocean!

The heavens of good fortune, success!

Ye Chen opened his eyes. At this moment, the injury on his body had not only recovered, but the aura on his body had reached a terrifying level.

.....

Mysterious place in Lingwu continent.

The man on the dragon stood up, his face was blue, and his endless anger surged!

The breath radiating from the whole body is like the master of Lingwu Continent.

Just now, he felt that his strongest breakthrough in the realm of good fortune thunder robbery was destroyed!

This time, he felt a real crisis.

He glanced at the reincarnation monument in the mouth of Shenlong, and muttered: "That kid can't check it for some reason."

"It seems that the rules can no longer be kept."

"This son grows up, absolutely threatening."

"I must know who this person is! Even if it alarms the troublesome guys!"

Heavenly Dao's body stretched out a finger and fell into the void.

At this moment, a mirror appeared in the void, and there was a picture flowing on the mirror, just at the moment when the red and blue ghosts appeared.

The red and blue phantom swallowed the divine thunder, causing the face of Tiandao's body to slightly change.

"This ancient fierce beast is going to reappear in the world? But this is just a breath, not the body, not a threat..."

"The key is the mysterious young man."

After        said, he forced a drop of blood from his fingertips!

.....

At the same time, in the barrier of the Universe Killing Domain, an old man with a reddish face was holding a gourd and drinking.

The old man was dazed, obviously drunk.

If Ye Chen were here, he would surely find that this old man was no one else but the eternal holy king!

Suddenly, the eyes of the Eternal Saint King opened, a helpless smile appeared at the corner of his mouth, and he looked at the opposite side of the barrier:

"This kid is really worried, I thought I didn't have to play."

"It looks like it still doesn't work."

"Ice Sword, would you like to do it?"

Opposite the barrier, a figure with a terrifying breath stood.

If Ye Chen is here, he will definitely find that the other party is Ice Sword Immortal Venerable!

It's just that the Ice Sword Immortal Venerable at this moment is no longer the Immortal Venerable Good Fortune, but the pinnacle of the gate, even reaching half a step into the Void Realm!

Endless years of being trapped, he did not give up.

He is waiting for someone. .

Bingjian stared into the depths of the Universe Killing Domain, ignoring the Eternal Saint King, but murmured: "Ye Chen, it's time for you and my master and apprentice to meet."

Chapter 1994: The bureau of the Ye Family of the Kingdom of God?

The Eternal Saint King took a sip of wine, stood up with difficulty, and said: "Forget the Ice Sword, let me do it."

"This barrier separates everything. It is difficult for you to block that power."

"That kid's killing domain in Qiankun completely angered the public."

"Ordinary forces' anger, maybe he can hold on for a bit."

"But the way of heaven... is far from what he can contend with now."

"I came here from Huaxia with him, but we can't let our hopes die in vain."

Bing Jian stared into the depths of the Universe Killing Domain, and finally nodded: "His identity cannot be discovered by Heavenly Dao. If I use my power, those in the Kingdom of God will also find out that Ye Chen will be harmed by that time."

The Eternal Saint King stretched his waist, his slightly narrowed eyes suddenly became serious.

He pinched his thin fingers, and an ancient golden text appeared.

The words seem to represent eternity!

"God, God, why must we kill them all?"

"You want to move him, old man, I won't agree!"

The eternal holy king stretched out a finger and landed in the sky!

And in front of the man in the remote and mysterious place, at the moment Ye Chen's picture was about to appear, the mirror shattered suddenly!

Click!

The mirror above the sky was torn apart and the man roared!

At a critical moment, someone stopped him!

Who is this time again!

"Those who block me die!"

The man above Shenlong felt the breath and forced out a drop of essence and blood, and then pointed to the shattered mirror and dropped his finger!

The breath above the fingertips was extremely terrifying.

The space is torn! The endless air current is surging wildly!

There was a violent storm in the Universe Killing Domain! Swept everything!

Countless warriors are horrified!

And the corners of the eternal holy king's mouth ooze red blood.

His entire complexion gradually paled, and a finger from the man above the dragon caused him to suffer serious injuries.

That man was really angry.

The eyes of the ice sword inside the barrier narrowed slightly, and said: "Forever, the power of this blow...can you bear it?"

"You have avoided him for so long, and if you continue to do this, he will find your existence."

The eternal holy king stepped out one step at a time, and pointed his sword: "Come on!"

The gourd flew in front of the eternal holy king and grabbed it!

Guru Guru!

Drink it all!

"That Ye boy dare to shake the thunder! How can my eternal holy king be afraid!"

"Before time is up, Dao can't leave the palace that day! You can only use this method!"

"If I can't solve this problem, what kind of saint king do I deserve!"

"Escape the vicissitudes of life, eternal for me, one finger breaks the sky, I hide everything! Open!"

There is no change on the face of the Eternal Saint King, no matter what, you must protect Ye Chen!

A white light condensed from his fingers, and it flew out in an instant, as if it had crossed thousands of miles and had fallen into Ye Chen's body.

Ye Chen didn't have any perception at all of this, and didn't even know it!

After doing all this, the corner of Eternal Saint King's mouth was filled with a smile, and he had shielded Ye Chen's breath.

It's just that the cost of this spell is too great.

Even if that person wants to find Ye Chen, it is not easy at all!

Bing Jian looked at the Eternal Saint King dignifiedly, and sighed: "We are not so big to help him. This kid must go to the Shenhua Academy as soon as possible. Only there can it be considered as having the power to counter those guys in the Kingdom of God."

And at this moment, a mysterious place surrounded by clouds and mist in Lingwu Continent!

The man above the dragon's chest was up and down, and he was about to be found, who knew he would be destroyed again.

His mood can be imagined!

His eyes condensed, and he suddenly sneered: "The breath just now...seems to belong to that guy."

"It turns out that guy is still in Lingwu Continent."

"Could it be that he still wants to set up the game of the Ye Family of the Kingdom of God?"

"After so many years, haven't you given up?"

"Eternal Saint King, Eternal Saint King, do you really think those legends are true?"

"Stupid!"

"ridiculous!"

Having said that, the man above the dragon looked at the entrance of the hall:

"Where is the god!"

Soon, a man appeared beside him.

The man's body was mixed with an aura of destruction, constantly flowing, his cheeks were black, and there was a red mark on the left half of his face.

"grown ups!"

Tiansha knelt down in front of Tiandao's body and waited quietly.

"Go to Qiankun Killing Domain to find someone, and then kill!"

"Also, the eternal holy king seems to be alive, please investigate it! Once you find it, bring it back here at all costs!"

The man above Shenlong pointed out and transmitted the image just now into Tiansha's mind.

With this as a clue, I believe that it does not take long to find a man against him.

Tiansha retired, and the man above Shenlong glanced at the reincarnation monument, his figure gradually disappeared.

And when he confronted the Eternal Saint King, various visions came from Lingwu Continent.

The sky of the entire Lingwu Continent seemed to have a crack, just like the wrath of heaven!

...

Universe kills the domain.

Bingjian stared at the eternal holy king and asked, "How do you feel, is there any serious problem?"

The eternal holy king touched his beard: "It's a pity."

Bing Jian was startled, curiously said; "Unfortunately you are injured?"

The Eternal King smiled, took out the flask and shook it: "It's a pity that I drank this fine wine too fast just now. There is no fine taste."

"Such a good drink, so much wasted because of that guy's destruction, fortunately, it all fell into my stomach."

Ice Sword: "..."

The eternal holy king hung the jug around his waist, thinking of something, and said: "The time is almost too, should you call that kid over?"

"You've been waiting from the beginning, waiting for that kid to plunder and kill the domain, now it's almost the same."

"This killing domain is about to close. If you don't attract that kid, you will really be trapped here for the rest of your life."

"Well, I don't plan to stay anymore."

"I still have a lot of things to do. That guy will definitely send someone to investigate the matter of Qiankun Killing Domain. There are so many people, and I have to erase the memory of Ye Chen's martial artist."

"Also, the sarcophagus in the Soul Palace is out of sight, and I have to find a way to destroy it."

"Then Lin Juelong, who came up from the same place as Ye Chen...I always feel that the breath on his body makes me very uncomfortable..."

After speaking, the eternal holy king dissipated between heaven and earth.

Bing Jian glanced at everything behind him.

Inside the barrier, aura is thin.

Thousands of years ago, he was trapped here. He was frustrated, but he found unexpected joy.

There are countless wealth here!

Not to mention the true artifact, even the holy soldiers still exist.

Endless spirit stones and heavenly materials.

All these ten thousand years have been plundered and absorbed by him.

Eternal years can only be accompanied by cultivation.

Now that the apprentice waited, it was time to leave. .

Thinking of this, Ice Sword Immortal Venerable glanced at the barrier, dripping ten drops of blood, his entire face was abnormally pale, and a mouthful of blood spurted from the corner of his mouth.

Ten drops of blood were forced out at the same time, almost hurting the origin, but now he can't take care of so much.

Chapter 1995: Trapped dead city

Essence and blood flowed around him constantly, forming a huge beam of light.

At this time, the energy in the Ice Sword Immortal Venerable's body is constantly being transferred to the essence and blood.

A huge beam of light rose into the sky, and in the beam, there was an ice sword floating.

Ice sword can guide Ye Chen!

After doing all this, Bingjian Immortal closed his eyes and waited slowly.

I hope Ye Chen can see it in the universe of killing!

.....

In the ancient battlefield, Ye Chen noticed the vision of heaven and earth. He felt a little uneasy. He looked up and found a beam of light.

At the top of the beam of light, there is an ice sword floating!

Seeing this scene, Ye Chen's face changed!

This...this is the breath of the master!

At this moment, Ye Chen never wanted to find any chances anymore. He came to Universe Killing Domain to find the Ice Sword Immortal Venerable.

Now that he saw the guidance sent by Ice Sword Immortal Venerable, he could no longer control his excitement.

He must leave the ancient battlefield immediately, without any hesitation along the way, to find the black vortex he came before.

stepped out in one step and poured directly into the black whirlpool.

When he opened his eyes again, he found that he had come to a broken palace.

What does the strong soul hall want to lay out? What is the difference between the forty-nine sarcophagus inside and the sarcophagus in Qiankun Palace? He is not in the mood to investigate.

once again came to the black vortex, decided to take Ji Lin out of the cave and look for the master together!

Fortunately, the Eternal Saint King shielded Ye Chen's breath, if not, at that time, the Heavenly Dao body fell with one finger.

Relying on Ye Chen's current strength, there was absolutely no way to resist it.

One finger can definitely kill Ye Chen in seconds!

The Eternal Saint King had been secretly protecting Ye Chen before being hurt, and fortunately he noticed it this time.

Otherwise, Ye Chen would already be a dead person!

Ye Chen stepped into the black whirlpool.

Soon, he returned to the place he had agreed with Ji Lin and others.

Before getting close to the cave, Ye Chen found that the entrance of the cave had been surrounded by several experts in the Star Aperture Realm.

Universe Killing Domain is about to close, these robbers know that at this time, there are the most opportunities for warriors in the killing domain.

Then I planned to plunder.

Also, the cultivation base and aura of Ji Lin and others are not strong.

For them, there is absolutely no possibility of revenge.

Ye Chen walked towards those strong stars in the Aperture Realm.

The latter obviously also discovered Ye Chen, but these people did not step into the ancient battlefield of the Universe Killing Territory, let alone come from the Western Regions, and naturally did not know Ye Chen's identity.

stared at Ye Chen, and laughed when he realized that the other party was not in good luck.

"Boy, stop for me!"

However, Ye Chen didn't stop at all.

This makes the powerhouses of the Star Aperture Realm speechless, can they give them a little dignity?

must at least show a timid look!

When Ye Chen saw Ji Lin, Leng Yan and others, he let out a long breath.

At this moment, Ji Lin is sitting on a rock, while eating, looking at the people in front of him with disdain.

Yankun was guarded beside her, killing intent condensed.

"Xiao Kunzi, I don't want to waste my blood, please do it."

hadn't finished the words, Ji Lin discovered Ye Chen's figure, and quickly stood up and said excitedly: "Ye Chen, you are too deceiving, so go there for a while, how long has it been?"

"If you don't come back, I will be old."

"Also, these little miscellaneous hairs come one after another, which annoys me."

Hearing Ji Lin insulting himself so much, the star-aperture robbers looked pale.

Ye Chen smiled, walked towards Ji Lin, and said to Yan Kun:

"Yan Kun, these people are handed over to you, and give you a chance to perform!"

For these people, Ye Chen didn't want to do anything.

is just the beginning of Star Aperture.

Yankun looked at Ye Chen speechlessly, and he didn't want to take action at all of these people.

It's just Ye Chen's words, he still listened, stepped forward, looked at these warriors, and said coldly: "You people, let's do it together!"

'S star-aperture realm third-tier heavenly powerhouse frowned.

This shameless guy really looks down on them too much!

For them, it is a complete humiliation. Why, they are also strong in Lingwu Continent!

"Since these people are looking for death like this, let's do it together!"

The words fell, and several figures rushed out instantly!

Yankun frowned, and a trace of anger flashed in his eyes!

then clenched his fists and made a creaking sound, and the whole figure suddenly rushed over at this moment.

The moment he rushed past, he had already come to the two Star Aperture Warriors.

Yankun's speed is so fast that neither of the two warriors can see clearly.

At this time, a sharp pain suddenly came from their abdomen.

噗嗤!

Two people spouted blood and water, and the whole body fell to the ground.

One hit directly kills!

Ye Chen's face did not change in any way. If the people of the Qiankun clan couldn't solve the two star aperture realms, they wouldn't have ruled the entire Lingwu continent.

However, the strong man headed by him was completely stunned!

In just a short time, two Star Aperture Warriors were directly killed by a second!

This is too fake!

gave him a sense of unreality, and a bad premonition surged in his heart.

Sure enough, Yan Kun didn't give up after solving the two people, but rushed directly towards the warriors.

Yankun is like a wolf in a flock, taking away one person with every breath.

In less than ten breaths of time, the people who robbed were only the man in the lead.

The robbery team that was originally carried forward returned to the pre-liberation in an instant!

The man headed at this moment can't think of too much, and with a puff, he kneels down directly in front of Yan Kun.

He knew that he had completely kicked the iron this time, and he didn't know if he could survive.

Ye Chen took a look, and then directly said: "Kill!"

This kind of person doesn't know how to cultivate to the Star Aperture Realm and start robbery!

Yankun wouldn't have any rebuttal to Ye Chen's words, and he dropped a palm.

The martial artist of the third level of the Star Aperture Realm, his head was bleeding, and he fell to the ground abruptly.

After solving these robbers, Ye Chen did not explain too much, and directly continued on the road, rushing towards the guidance of Ice Sword Immortal Venerable.

An hour passed, Ye Chen found that the closer he got, the stronger the pressure became!

Li Ting could not support at all, she could only come next to Ye Chen and barely resist.

The cold face can still last for a while, but the pained look on his face becomes more and more intense.

Ji Lin had already come to Ye Chen's side long ago. As for Yan Kun, there is no big problem.

Although these pressures can bring some resistance to Ye Chen and the others, they won't make it difficult for them to move.

After walking for an hour, Ye Chen lifted his hair and now a dead city appeared right in front of them.

Chapter 1996: Master, I will take you away now!

The whole dead city was full of strong death aura, not only that, Ye Chen also noticed the breath of Ice Sword Immortal Venerable.

He walked quickly over and found the words Prisoner of the Kingdom of God engraved above the dead city.

Isn't it an accident that Bingjian Immortal Venerable was trapped?

is the kingdom of God?

At first, the Ice Sword Immortal Venerable was only a good fortune realm, why did the Kingdom of God trap the Ice Sword Immortal Venerable for thousands of years?

What Ye Chen didn't know was that the reason why the Ice Sword Immortal Venerable was trapped in the Universe Killing Domain was because he accidentally heard secrets from several gods, but the gods did not choose to kill the ice sword immortal. Zun, instead chose to imprison Ice Sword forever in this dead city.

In their view, the endless abyss and silent world tortured an ant and let the other party die slowly is more interesting than killing it directly.

As for rescue, it is impossible.

Only the blood of the kingdom of God is qualified to break open!

There are countless spiritual energy and wealth in the dead city, which can be cultivated, but the ice sword fairy can never leave the dead city.

Those high-ranking gods want to wipe out everything about Ice Sword Immortal by this! Even Dao Xin!

Ye Chen asked others to wait outside the door.

He stretched out his hand, his hand trembling.

In the end, it touched the coldness of the door.

The reincarnation cemetery is changing.

Ye Chen knew that it was the tombstone of Bingjian Xianzun.

"Crack--"

The door opened.

The cold light made Ye Chen's cheek a bit tingling.

He walked in slowly.

Endlessly cold, there is no sound.

One can imagine how painful it is to stay here alone!

Farewell to ten thousand years, even one day is enough to make Dao Xin collapse!

No communication!

You are the only one in the world.

Ye Chen didn't understand this kind of loneliness, and hoped that he would never understand it in this life.

Ye Chen walked toward the depths.

The mist dispersed.

He saw a figure, a white robe, immortal.

His eye sockets are a little red, and the past is like a flood.

"My name is Bingjian Xianzun, and my real body is the Seventh Elder of the Ten Thousand Sword Emperor Palace in the Northern Territory of Lingwu World. My real name is Lan Xueyue!"

"I am the master of the Kunlun Void Light Palace. Now I am attacked by the Blood Sword Gate in Kunlun Void, and I have to face the attacks of several Dao Realms and dozens of Hunyuan Realms!"

"Which family are you descended from Lingwu?"

"neither....."

"It's okay, I'll help you."

"Boy, I will be your master and teach you the sword art of the Emperor Wanjian Palace!"

"It's wrong for you to perform this way, you lack control, come back..."

"Apprentice, remember, you are my faith and the hope of our hundred people!"

"Apprentice, the teacher is about to disappear, I hope we can have a chance to meet..."

"I just don't know when the meeting will take place, and whether I can support that time..."

"I have no regrets as a teacher, the biggest regret is that I didn't see you set foot on the peak of Lingwu Continent..."

The past disappears.

Ye Chen stopped.

eyes meet each other.

He saw the body of the first power in the reincarnation cemetery.

is called Blue Blood Moon, also known as Ice Sword Immortal!

This time, it is finally not divine mind.

Every power in the reincarnation cemetery, Ye Chen knows that they are kind and selfless.

Without them, he would have fallen on the road of martial arts!

And what he has to do is to rescue it at all costs!

At this moment, Ice Sword Immortal Venerable also saw Ye Chen, his eyes gradually moistened.

He smiled.

"Good, good!"

He thought he would be trapped in the dead city for a lifetime, but his apprentice came after all!

"Master!"

Ye Chen was about to step out in one step, and two white beams of light suddenly appeared above the void.

A beam of light directly enveloped Ye Chen, and another beam of light enveloped Bingjian Immortal.

Bingjian Xianzun spoke, but Ye Chen didn't hear any sound.

Obviously the cultivation base is not enough.

The two of them are so close, but they seem to be in two time and space.

Ye Chen took the bleeding magic sword and the Zhutian \*\*\*\* magic spear.

He must find a way to break this restriction, otherwise they will be trapped and die here, and there will never be a way to rescue the master.

The Blood Demon Sword burst out with brilliant light, and a sword fell suddenly.

The Blood Demon Sword fell into the white beam of light, but the beam of light did not move, not even a trace of crack appeared.

The Demon Spear of the God of Death, fell instantly, and the sword aura and spear intent continued to flow in the restriction.

Boom! boom! boom!

Ye exhausted all the strength of his whole body, but it had no effect. The beam of light seemed eternal.

Even if Ye Chen broke out a strong attack, it would not help!

Ye Chen's heart gradually became a little irritable.

He was only one step away from his master, but he still couldn't step out.

Behind Ye Chen, endless demonic energy surged, making noises.

The blood of God, the aura of gold, the realm of killing... countless cards burst out!

The demon energy in the blood demon sword, madly gushing out, the immortal sword intent, completely burst out at this moment.

Ye Chen raised his arm and swung a sword out, he didn't believe it, he couldn't break the beam of light!

Leng Yan and Li Ting outside took Ji Lin and kept backing away.

Ye Chen's aura that erupted from his body was too terrifying.

They couldn't resist it at all, and only Yan Kun could resist it reluctantly.

The sword light fell on the beam of light, there was a boom, and there was a blast, but the beam of light still did not react.

Ye Chen's eyes were red, and he retracted his weapon, hitting the barrier with one punch after another!

is like crazy!

He entered the Universe Killing Domain for so long, just to find the Ice Sword Immortal Venerable!

But now that we meet, they are so far away!

This kind of pain, he doesn't want to endure it!

"Boy, brute force is not enough."

"If you want to break through the prisoners of the kingdom of God, only those selected by the kingdom of God have the opportunity to enter and at this moment, there is a clear voice in the cemetery of Samsara.

As soon as the breeze was clear, he continued to speak: "You have stimulated part of the blood of reincarnation, and you can use the blood of reincarnation to condense the mark of divine fire."

Ye Chen nodded slightly when he heard Feng Qingyang's words, the blood circulation in his body, the red dust divine veins, constantly pouring out.

On his forehead, a fiery red mark appeared.

At the moment when the fiery red mark appeared, Ye Chen felt the slight fluctuation of the restraint.

Ye Chen's eyes were overjoyed, and he stepped out one step, walked out of the restriction, and came to the front of Ice Sword Immortal Venerable.

"Master!"

Ye Chen just wanted to practice the power of master and apprentice, Ice Sword Immortal Venerable waved his arm, and the invisible power hindered Ye Chen.

"Disciple, there is no need to salute between you and me."

At this moment, Ice Sword Immortal Venerable looked at Ye Chen with a look of relief. If it hadn't been because of the reincarnation cemetery, the two of them would not have any intersection.

Regardless of whether Ye Chen can take him away, as long as he has this intention, it is enough.

"Master, I will take you away now!"

Ye Chen's voice fell, and Bingjian Immortal nodded slightly. When the two of them were about to step out of the restriction, they found that he was able to come out safely.

Ice Sword Immortal Venerable can only be trapped inside!

Chapter 1997: You are not qualified

Originally, he thought that the power of urging the blood of reincarnation would be able to take away his master, but now it seems that it is not possible.

"Ye Chen, although you are qualified to enter and leave here, you just want to rescue the Ice Sword Immortal Venerable, you must use your essence and blood as a guide to break the Divine State Formation Stone in the center of the dead city, but once you break the Divine State Formation Stone, The strong will find out."

After the breeze was over, it did not continue.

Ye Chen obviously also understood that once the kingdom of God found out, it might not be so easy to withdraw from the dead city.

"I know, but my master, I must be rescued!"

Ye Chen's eyes were filled with a firm look.

What about the strong in the kingdom of God?

At the beginning, he was able to fight against the Dao of Heaven, is it possible that the power of the Kingdom of God is more powerful than the Dao of Heaven?

Today, no matter what, Ice Sword Immortal Venerable will be rescued, even if he pays any price, he will not hesitate.

"Master, wait for me and take you away immediately."

The matter of the Kingdom of God, he will do it himself!

At the beginning, the Ice Sword Immortal Venerable had saved himself many times, and even taught him his skills.

Even if you pay any price, you must save your master!

What was promised must be fulfilled.

Bingjian Xianzun looked at Ye Chen's back with a complicated expression.

Although he wanted to go out, but according to the intention of the eternal holy king, to go out by himself, his cause and effect would have to be accepted by Ye Chen.

This time, is Ye Chen going to fight the kingdom of God in advance?

Fortune Realm to fight against the Kingdom of God is simply a fantasy!

However, he did not stop.

Because the eternal holy king told him that this is the calamity that Ye Chen must face in his life!

Maybe he goes out to better protect Ye Chen!

There is no regret for having such a disciple, even if it is dead!

.....

Ye Chen came to the center of the dead city and found a palace standing tall. He opened the door and walked into the palace. There was a burst of death.

looked around and found countless bones piled in the corner of the palace.

These bones don't know how long they have been dead, and the constant flow of lifelessness made Ye Chen feel uncomfortable.

He looked around warily, what is in this dead city, everything is unknown.

Click!

There was a noise at this time, and the dead bones stood up one by one.

When they stood up, they rushed towards Ye Chen's figure.

Every step they took, there was a creaking sound from their bones, which seemed to be about to break.

The Blood Demon Sword in Ye Chen's hand was clenched, and the ghostly figure rushed over.

The moment he rushed past, the devilish energy on his body continued to erupt.

A sword slashed out, and a sharp sword aura suddenly fell.

Sword Qi swept across, and the front row of bones was directly shattered!

The strength of these bones is not strong, Ye Chen wants to solve it easily, but it takes a little time.

The sword intent continues to spread, and every time it is swung out, a large piece of bone is taken away.

Ye Chen stepped forward and kept moving forward.

At the very end of the bones, Ye Chen couldn't help speeding up when he saw the Panshi of the Kingdom of God.

After solving these corpses continuously, Ye Chen was only two hundred meters away from the Panshi of the State of God.

As he was about to pass, suddenly there was a cold wind.

Ye Chen stood on the spot, his brows furrowed, watching the surroundings carefully.

Ta Ta Ta!

At this moment, there was a sound of footsteps.

In the dead city, a phantom appeared.

"You are not qualified enough if you want to destroy the Rock of God's National Front."

Ye Chen looked up and found that the man was wearing a black suit and holding a sickle in his hand!

There was a cold light on the sickle, he stepped out, and a deep footprint appeared on the whole ground.

wears a black hat, cheeks are looming, in the darkness, like a \*\*\*\* of death.

The Zhutian God Demon Spear in Ye Chen's hand was taken out, and he suddenly rushed over at lightning speed.

Since        is an enemy, there is no need to waste words.

The moment Ye Chen rushed past, the black-clothed man didn't make any movement. His arm was slightly raised, the sickle in his hand was tightened, and the knife fell.

At the moment the sickle fell, a terrifying killing intent suddenly spread.

Killing intent spread, I don't know how many warriors the black-clothed man killed before reaching this step.

Ye Chen's eyes gradually became dignified, and the Zhutian God Demon Spear suddenly fell at this moment.

boom!

The moment they touched each other with one shot and one knife, a huge counter shock was heard.

The aura of counter-shock force caused Ye Chen to retreat continuously. When he retreated, the Blood Demon Sword was immediately held in his hand.

A sharp sword light rushed towards the black-clothed man in a blink of an eye.

The sword light burst out with dazzling light, tearing the space constantly.

At this moment, the black-clothed man finally made a move, and his whole legs bounced with the help of the ground.

disappeared into the void at the moment of jumping up.

When he disappeared, Ye Chen felt the crisis behind him.

turned around in the blink of an eye, and the Blood Demon Sword in his hand blocked it directly.

When blocking, there was a huge counter-shock force.

Ye Chen's whole figure kept backing away, and the \*\*\*\* of death's magic spear immediately stabbed out.

The spear intent burst out continuously, like a golden dragon hovering, roaring, and rushing over.

咚!

With a dull sound, Ye Chen was shocked by the force of the shock, and a trace of blood overflowed.

Blood water is constantly pouring out, and the figure of the black-clothed man has arrived in front of Ye Chen.

He looked at Ye Chen and lifted the sickle in his hand directly.

The cold light on the sickle surged, and a terrifying and suppressed breath fell on Ye Chen's body.

The suppressed breath locked Ye Chen's figureThe sickle fell in an instant.

The Blood Demon Sword in Ye Chen's hand, directly lifted it up, and cut it with a sword.

Killing intent!

"The realm of killing, slash the sky with one sword!"

Ye Chen waved a sword, the meaning of death was all over the blood demon sword, and the temperature of the surrounding air dropped suddenly.

Layers of ice appeared on the ground, and the sword shone on Kyushu and swung out!

A fierce sword glow circulated in the space, as fast as lightning, and came to the man in black.

"Ant, do you know the power of the kingdom of God!"

When the black-clothed man's voice fell, the sickle in his hand waved out. When the sickle was waved out, the same six-handled sickle phantom appeared in the void.

The sickle phantom was like a broken bamboo, directly breaking Ye Chen's sword light and rushing in his direction.

Ye Chen jumped up from the ground and fell instantly with one sword and one shot.

Boom! boom! boom!

One shot kept stabbing out, and one sword kept slashing towards the black man's chest.

The fierce spear intent and sword intent burst out continuously, and in the surrounding air, the sword intent and the spear intent were spreading, the two mixed together.

The figure of the black-clothed man receded slightly, and his eyes suddenly became blood red.

The blood-red eyes make people look abnormally scary, just like the eyes of a vampire.

Chapter 1998: Provoking the majesty of the kingdom of God, killing without mercy!

He stretched out his fingers, and his fingertips kept pouring out blood, becoming longer and longer!

The blood qi stretched extremely fast, directly piercing Ye Chen's abdomen and arms.

The blood-red eyes were fascinating and weird. In an instant, a red light burst out of his eyes.

The red light was mixed with the power of destruction, and he wanted to directly crush Ye Chen's body.

Ye Chen cut his blood directly with a sword, and his figure avoided the red light.

At the moment of avoiding, Ye Chen's strange figure came to the man in black.

The Zhutian God Demon Spear in his hand suddenly stabbed out!

boom!

A shot fell, directly piercing the black man's chest.

The corners of the black-clothed man's mouth rose slightly, and a sneer came.

He held the Zhutian God Demon Spear in one hand and immediately pulled it out with force.

When        was pulled out, at the speed visible to the naked eye, the blood hole that appeared on the chest of the man in black became as good as ever.

Seeing this scene, Ye Chen's face became serious.

The Blood Demon Sword in his hand directly cut the waist of the man in black.

The waist of the black-clothed man was separated from the middle and cut in half. The front part of the body fell on the ground, and then he fell towards the broken place.

At the moment of falling, he continued to heal, but in the blink of an eye, there was not a single wound on the man in black.

"I have immortal blood, how do you kill me!"

As soon as the black man's voice fell, a sneer came from the corner of his mouth.

The undead bloodline can be reborn from a drip, even if Ye Chen kills him ten thousand times?

Ye Chen did not speak, he also knew the so-called immortal bloodline, but it was not eternal immortality in the true sense.

As long as the injury becomes fatal and he cannot heal for a short time, he will die over time.

The most effective against the undead blood is the law of time!

The law of time in Ye Chen's body was constantly flowing, and he stretched out a finger, the fingertip condensed with a light yellow light.

The dead city is full of the breath of the law of time.

"The years have passed!"

murmured in his mouth, the yellow light condensed from fingertips, instantly fell.

When he fell, he rushed into the body of the man in black.

The black-clothed man smiled contemptuously, no matter what method Ye Chen used, he would still not die.

Ye Chen has no joy or sorrow on his face. Although the man in black has an immortal blood, the power of the law of time can consume his life.

Even if he can't kill, when the life span disappears, he can't escape the fate of time after all.

The black-clothed man obviously didn't notice this, and the ghostly figure suddenly came to Ye Chen's side.

The sickle in his hand fell in an instant, Ye Chen slightly avoided, the sickle fell on the ground, a crack appeared, and the dust was flying in the air wanton.

Ye Chen continued to explode the law of time in his body.

Inside the dead city, full of the power of the law of time, quietly consuming the life of the man in black.

"For the sword of the devil, die!"

The Blood Demon Sword was immediately lifted up, and the power of the law of time in the surrounding air poured into the Blood Demon Sword.

At this moment, the Blood Demon Sword burst out with dazzling light.

An extreme sword light had already fallen in an instant.

Sword light swept across, like a tornado storm.

The whole dead city shook, and there was a violent loud noise.

Ye Chen's whole face was slightly pale, this sword consumed most of his energy.

If you fail to succeed, you will become benevolent!

The speed of the sword energy reached an extreme, the black man had not yet reacted, and the sword light had already rushed over.

Boom!

A sword fell, and a hideous wound appeared on the abdomen of the man in black.

"I've been, I have immortal blood, how do you kill me?"

The black-clothed man smiled grimly, and the wound on his abdomen healed immediately.

"Really? Look at your body."

Ye Chen smiled and said, the power of the law of time had already poured into his body.

constantly destroys his lifespan. The years are just an appetizer, but the real highlight is the time to kill the sword.

This may not be Ye Chen's strongest blow, and the law of time is much worse than other cards.

However, right now, this must be the most effective blow to the man in black!

The black-clothed man frowned, stretched out his arm, and found wrinkles on his arm.

He took a step, a sharp pain in his bones.

Now his life span is almost disappearing, like an old man waiting quietly for death.

Don't move, I'm afraid it will be extremely difficult to reach out a finger.

The black man's cheeks were already wrinkled, he opened his mouth and wanted something.

However, the teeth in his mouth fell directly, and his body fell directly to the ground at this moment.

He stared at Ye Chen with bitter eyes.

He was originally an immortal bloodline, thinking that he was immortal, but...

Ye Chen dropped another sword, just in case, directly shattered his heart.

The man in black is too confident about his bloodline, otherwise he would not lose so quickly.

Where is the real immortality in this world?

Ye Chen came to the side of the Panshi of the Kingdom of God, and raised the Zhutian Demon Spear in his hand.

The blue veins on his arm burst out, and the energy in his body continuously poured into the Zhutian God Demon Spear.

Boom!

A shot fell, the National Front Rock is intact and there is no movement.

On the rock of the Kingdom of God, the strong of the Kingdom of God, in order to prevent damage, specially placed a layer of prohibition, just to prevent damage.

Ye Chen frowned. If he doesn't break the rock of the National Front of God, the master has no way to come out.

The blow of the Zhutian God Demon Spear just now should have alarmed the powerhouse of the Kingdom of God, and there is not much time left for him.

We must quickly break the Rock of the Kingdom of God or else the power of the Kingdom of God will be more troublesome.

At this moment, Ye Chen's eyes gradually turned red, and the demonic energy on his body was constantly surging.

.....

In a luxurious palace on the Lingwu Continent, several powerhouses from the Kingdom of God who had originally played chess suddenly stopped in midair with their chess pieces.

They felt that in Qiankun Killing Realm, someone wanted to break the rock of the National Front of God.

"Presumptuous!"

One of the powerhouses of the Kingdom of God slapped the chessboard with a slap, and the chessboard split in four or five.

"Someone dared to provoke the majesty of our kingdom of God and look for death!"

They left the Kingdom of God's rock in the Qiankun Killing Realm. Now that someone wants to break it open, it is tantamount to directly provoking their majesty and not putting the Kingdom of God in their eyes.

"I want to see, who would dare not put our kingdom of God in my eyes."

A drop of scarlet blood condensed in his hand.

The blood is flowing in the air, and there is great pressure. A drop of blood can suppress the strong.

He stretched out a finger, and the energy in his body poured into his blood.

The blood in the void at this time circulates rapidly and expands continuously, turning into a domain gate.

The essence and blood condensed the phantom of the powerhouse of the kingdom of God, and he stepped in.

provoke the majesty of the kingdom of God, kill without mercy!

Chapter 1999: Pass me first!

Ye Chen, who was already enchanted at the moment, didn't know that the powerhouse of the kingdom of God had already been killed. He clenched the Zhutian God's Demon Spear in his hand, and the devil qi continued to pour into it.

When these devilish energy poured in, the tip of the God's Demon Spear radiated black light.

boom!

A shot fell directly, and the entire prohibition on the National Front Rock was broken. At the moment of breaking, the tip of the gun fell on the National Front Rock.

Click!

With a crisp sound, the entire National God Formation Rock was torn apart at this moment!

At this time, Ye Chen found that the entire palace was constantly collapsing, the ground was trembling, the mountain split in two, and it exploded in an instant.

Ye Chen left in a big stride, now that the Panshi of the National Front has been destroyed, he must take the Ice Sword Immortal and the others to leave as soon as possible.

When he stepped out of the Palace of the Dead City, a domain gate suddenly appeared in the void.

"Since you dare to destroy the prohibition of the kingdom of God, then go to death!"

An indifferent voice came from the domain gate, and then a flash of light appeared, which fell instantly.

Click!

The light has not yet arrived, but the terrifying aura is already crushing the palace of the dead city.

Ye Chen felt a huge crisis, his hole cards burst out at the same time, the red dust veins were activated, and the demonic body on his body surged.

The Universe Divine Armor appeared on Ye Chen's body.

Boom!

One finger fell directly on Ye Chen's body, and the terrifying aura condensed on Ye Chen's body.

In an instant, the Universe Divine Armor lost its original light, and Ye Chen's whole body appeared with a trace of cracks, and he flew out directly.

His figure hit the palace, and kept flying out, landing at a distance of one kilometer before stopping!

The ruins of the palace conceal Ye Chen's figure. In the void, a man wore a golden robe.

At the upper right of the robe, pierced with the word God Kingdom!

At this moment, he seemed to be a high god, indifferent and arrogant, despising all living beings.

Ye Chen came out of the ruins, and he was seriously injured in just one blow.

Fortunately, there are the Chichen Divine Veins and the Universe Divine Armor, otherwise, the gate-closing state will die!

Ye Chen took out all kinds of pills from the reincarnation cemetery, put them in his mouth, and fixed his eyes on the powerhouse of the kingdom of God.

He can't detect the realm of a strong man in the kingdom of God, only feels like a vast ocean, unfathomable!

The pinnacle of closing the door?

This is the power of blood!

What kind of strength the body should be!

The powerhouse of the Kingdom of God raised his brows, but he didn't expect Ye Chen to be alive.

The attack just now killed the strong in the early stage of the lockdown without any problems.

It's almost impossible for a small creation realm to be able to withstand a single blow without killing him.

His eyes are filled with doubts.

And his expression is a bit wrong.

Since this kid can enter, is the opponent a member of the kingdom of God?

But all this, he can't think about it.

This kid must die.

"Ant, dare to despise the majesty of our kingdom of God, be punishable!"

His words were mixed with divine and soul attacks, Ye Chen's eardrums instantly shed a trace of blood.

Ye Chen's face was stubborn, but with a pair of blood-red eyes, he fixed his eyes on the power of the kingdom of God.

The arrogance of the powerhouse of the kingdom of God, he sees it!

despise all living beings, they seem to be the masters, they are also in the eyes!

In his body, the intent to fight is constantly pouring out, as if he wants to break the boat!

The prince and general Xiangning is kind!

What about the strong in the kingdom of God? Why do you want to control his destiny!

Ants? The power of the kingdom of God is not a bigger ant.

All beings are equal, no one can control his destiny!

I, Ye Chen, don't believe me!

The strong man of the kingdom of God frowned, and a look of shock was revealed in his indifferent eyes.

An ant wants to compete with him. Where is the courage?

Of course he didn't take it seriously, even if Ye Chen had the courage to attack him?

In the face of real strength, courage is nothing but stupidity!

Isian Sword Immortal in the distance noticed the situation, his face changed!

He never expected that the people of the Kingdom of God would come so soon!

Ye Chen is in danger!

He wanted to help Ye Chen, but the restriction in front of him blocked him firmly!

can't move!

Damn it!

.....

Ye Chen at this moment has a solemn expression.

There is too much difference in strength between him and that person from the kingdom of God!

What if his fighting spirit is overwhelming!

At this moment, a clear voice from the reincarnation cemetery came: "Now it is very difficult for you to fight this person. Completely activate the bloodline. I will give you some strength."

In the next second, Ye Chen's momentum began to rise!

Obviously the power of Feng Qingyang's divine consciousness has gathered!

"Reincarnation Profound Stele, Chichen Divine Vein, open it for me!"

In an instant, Ye Chen could feel that his own reincarnation bloodline was beating, and the blood in his whole body was boiling, as if to burn.

The aura of the red dust divine veins constantly pouring out of his body!

The devil qi was mixed with the aura of the red dust divine veins, and the \*\*\*\* Zhutian demon spear in his hand was suddenly lifted.

The spear points to the powerhouse of the kingdom of God!

The eyes of the strong man of the kingdom of God filled with anger, and an ant dared to provoke him?

is really looking for death!

"I, grant you death today!"

As soon as the voice of the strong man in the kingdom of God fell, he stretched out a finger and fell suddenly!

At the moment of falling, the entire void changed color, and the surrounding palaces in the dead city were constantly shattering!

The wind is roaring! The thunder is roaring!

"You! You have no right to decide my life or death!"

Ye Chen will one day take his life in his own hands.

As soon as his voice fell, the power of the red dust divine veins continued to flow out, and the figure was like a shock, fast as lightning, evading the power of the power of the gods.

has already come to the front of the powerhouse of the kingdom of God in an instant.

There was a sneer from the corners of the strong man of the kingdom of God. Ye Chen's speed was indeed amazing to him just now, but that was all.

He stretched out a punch, and saw the ghost of Dragon and Tiger roaring vaguely in his fist.

With a punch, a bright golden light burst out, and it suddenly landed on Ye Chen's abdomen Boom!

With a fist, Ye Chen spit out a gulp of blood from his mouth. He forcibly resisted the pain, and the Zhutian God Demon Spear stabbed out!

The spear intent surged wildly, stirring the situation!

A shot condenses into a whirlpool, and it falls in an instant.

boom!

Ye Chen's face changed slightly, and after one shot, he didn't even pierce the clothes of the strong man in the kingdom of God!

In the eyes of the strong in the kingdom of God, Ye Chen's courage is commendable, but his brain is a little stupid.

In his opinion, in the face of the strong, one should bow his head and be honestly a slave!

This way can at least save your life!

The power of the kingdom of God kicked out, Ye Chen's whole figure rolled in the void and fell to the ground.

Boom!

A huge deep hole appeared on the ground, Ye Chen's figure was in the deep hole, and the aura on his body gradually became a little weak.

ahem!

Hemorrhage was vomited in his mouth, Ye Chen felt severe pain with a slight movement of his body, and his bones were about to fall apart.

He stood up hard, his cheeks were covered with scars, and his eyes were filled with unyielding expressions.

It is impossible to make him bow his head!

"If you want to kill him, pass me first!"

Chapter 2000: Howling ghosts!

When Yan Kun came to Ye Chen's face, the rock of the National Formation of God had been destroyed, and the prohibition of the dead city had lost its effect.

Except for the Ice Sword Immortal Venerable who was bound by the restriction, Ji Lin, Li Ting, and Leng Yan all came to Ye Chen!

Ice Sword Immortal Venerable is extremely angry!

Seeing Ye Chen's scarred body, his eyes were already wet.

If it weren't for him, Ye Chen wouldn't be in crisis.

Eternal Saint King This is Ye Chen's chance!

How can there be such a chance!

Yankun stared at the powerhouse of the kingdom of God, without any fear in his eyes.

His Qiankun clan will not be afraid of any strong people!

Yankun's whole figure suddenly rushed over, daring to hurt Ye Chen, he must pay the price!

Top Best AI for Forex Trading 2024

However, when his figure rushed past, the power of the kingdom of God only stretched out a finger and landed on Yan Kun's body.

噗嗤!

Yankun spit out blood, and the whole figure fell on the ground.

His breath gradually weakened, although he was not dead, but one blow had already seriously injured him.

In the passing of years, his cultivation has already fallen to the Star Aperture Realm.

has not had time to fully recover.

Now he is naturally impossible to be the opponent of the power of the kingdom of God!

Ji Lin and Leng Yan took out some pills and put them into Ye Chen's mouth.

They didn't make a move. At their current state, the powerhouse of the Kingdom of God could kill in a single blow.

The power of the kingdom of God still stands in the void, like a god, high above!

Whether it is Ye Chen or Yankun, there is only contempt in his eyes.

But when the line of sight fell on Bingjian's body, he was slightly surprised.

That trapped ant actually broke through to this state in endless years?

This is the so-called blessing in disguise?

Fortunately, the opponent is still restrained, otherwise he is in danger.

.....

this moment.

Yankun's fall completely aroused Ye Chen's anger!

His eyes are filled with flames, and the blood in his body is burning!

"A group of ants also want to fight against the kingdom of God? Sad and ridiculous!"

The corners of the mouth of the strong man in the kingdom of God showed a hint of mockery.

Laugh Ye Chen and they are overpowered!

In front of Ye Chen, he is the sky!

How stupid it is to fight against the sky.

The power of the kingdom of God stretched out a finger once again and aimed at Ye Chen and their figures.

The energy between the surrounding sky and the earth continuously poured into his finger.

The depressive breath made Leng Yan and Li Ting unable to raise their heads.

Facing the powers of the kingdom of God, they appear unusually small, and they don't even have the ability to resist.

Ye Chen took a difficult step, his eyes did not have any color, he regarded death as home, as if the two countries were at war, only one general was left, facing thousands of troops, still holding a spear and rushing over.

"Don't hurt, Brother Ye Chen!"

When Ye Chen started to move forward, Ji Lin rushed over.

The poison gas from the congenital poison body broke out completely.

At this moment, Ye Chen's entire face became completely flustered.

How can Ji Lin resist the powerhouse of the kingdom of God!

"Come back soon!"

The green veins on Ye Chen's body violently snarled.

Ji Lin looked firm, but ignored it!

"Brother Ye Chen, you have always been protecting me, let me go to this day, this time I will protect you!"

Every sentence of Ji Lin is full of firmness. On the surface of her body, terrifying innate poison gas is constantly pouring out.

Toxic gas filled the entire dead city, and some of the dead bones turned into pus.

On the surface of Ji Lin's body, hovering a poisonous dragon, with scarlet eyes, staring at the power of the kingdom of God.

Void tremor!

Heaven and Earth Vision!

Endless poison envelops the whole world!

Ye Chen rushed over quickly, trying to stop everything.

噗通!

There was severe pain in his body, which was extremely difficult.

stood up a little bit hard, his fingers clenched into a fist, his nails sinking into flesh and blood, but he didn't know the pain at all.

He definitely can't let Ji Lin have trouble!

The power of the kingdom of God saw the face of the poisonous dragon suddenly change: "Innate poison body!"

"There are still congenital poisons in the world! How could it be possible!"

"If this innate poison is allowed to grow, the kingdom of God may be in danger!"

"Fortunately, this innate poison is not yet completely powerful!"

"In that case, I will obliterate it!"

The killing intent of the strong of the kingdom of God is condensed, and one finger falls directly, and the light above the fingertip is brilliant.

The terrifying breath swept away, and suddenly fell towards Ji Lin's body.

The light hasn't arrived yet, but Ji Lin's body is almost too much to bear, a trace of blood overflows from the corner of his mouth.

"what!"

Ye Chen let out a roar, and the six-track plate with some cracks in his hand appeared, and he threw it out!

Even if the six discs of reincarnation are destroyed, Ji Lin's life must be saved!

The six-track plate of reincarnation appeared in front of Ji Lin, instantly becoming bigger!

The entire six paths of reincarnation enveloped Ji Lin's body, and a finger crashed down.

Boom!

In the area where Ji Lin exploded, a cloud of black mist appeared. Ye Chen rushed in without hesitation.

He must find Ji Lin, whether it is life or death!

Leng Yan and Li Ting on the side were completely shocked by this scene!

A little girl, who was able to give her life for Ye Chen, in this hypocritical world, how many warriors can do this step?

The two of them have some envious feelings between Ji Lin and Ye Chen.

can give their lives for each other!

Ye Chen came out of the black fog, holding Ji Lin on his arm.

Ji Lin has passed out in a coma at this moment. Fortunately, there is still aura on his body. At the critical moment, the six-track reincarnation can withstand most of the damage.

There was only a small shock, which stunned Ji Linzhen.

Although there were some injuries on , they were not fatal.

As for the six-track reincarnation plate, it has completely lost its remaining luster, like a broken bronze iron In Ye Chen's eyes, although the six-track reincarnation plate is powerful, it is less than one-tenth of Ji Lin.

"Protect Ji Lin!"

Ye Chen put Ji Lin in Leng Yan's hands, his cheeks did not show any expression, but his heart was full of anger, burning!

His eyes were scarlet and a little strange, and a whole body of demonic energy kept surging from his body.

Every step taken, a monster lotus flower suddenly bloomed, and he stood in the void.

A pair of eyes became aloof and domineering!

The black magic energy in his right eye was constantly gushing out, and a drop of blood fell on the ground.

The sky became completely dark at some unknown time, and the whole world seemed to have no light.

Great dark sky!

With a radius of thousands of miles, the wind and clouds are changing color, the wind is roaring, the ghost is crying and howling!

Above the void, the black thunder flickered. He stepped out one step, and the power of heaven and earth continuously poured into Ye Chen's body, as if he were the master of heaven and earth.

The eyes of the power of the kingdom of God Heng Gu Wubo, seeing Ye Chen's right eye, his face became completely horrified.

A pair of pupils shrank, and the whole body was shaking!

His heart is scared! Trembling!

Those are the eyes of a demon emperor!

"I am the emperor!"
