

## **Urban Medical 2001**

Chapter 2001: This time, I owe you my teacher

Wu, for the devil! "

Ye Chen opened his mouth, but it was not his own voice, and he became another person.

Behind Ye Chen, an illusory figure appeared. His cheeks were masked and he couldn't see the real face, but the stalwart figure seemed to come from another time and space.

The eyes of the powerhouse of the kingdom of God widened, and even subconsciously stepped back a few steps, and murmured from the corner of his mouth: "Impossible! You can't be alive, as early as the ancient war, you were already dead!"

The Demon Emperor of the Demon Realm was besieged by thousands of powerful men from the Heavenly Dao and the Kingdom of God during the ancient war, and died in tears!

At the beginning, the Devil Emperor was alone, and he didn't know how many powerful people had been killed. The sky of the entire Lingwu Continent turned blood red.

If the Devil Emperor is resurrected, it will definitely threaten their kingdom of God.

In an instant, the killing intent on the powerhouse of the kingdom of God rushed out frantically.

He absolutely does not allow anyone to threaten the kingdom of God!

The whole figure of the powerhouse of the kingdom of God rushed towards Ye Chen directly, trying to destroy the eyes of the Devil Emperor.

At the moment he rushed past, the God Killing Demon Spear in Ye Chen's hand suddenly lifted.

A shot fell in an instant!

This shot pierced the entire void into a hole!

"I didn't want to shoot, because once I do it, it means a long sleep."

"But today, I will use a terrible rage to break the spirit of your high gods!"

"Look who is the ant!"

boom!

A shot pierced the chest of the strong man of the kingdom of God.

At this moment, the Devil Emperor possessed Ye Chen's body like a god.

Huh!

The power of the kingdom of God spouted blood and water, and the figure kept backing away from Ye Chen.

Ye Chen's eyes did not change in any way, the Demon Emperor phantom behind him stretched out a finger!

With one finger condensed, the entire dead city completely collapsed and shattered!

There was a vibration from the ground, cracking countless holes, and the cracks extended to thousands of miles!

The energy in a radius of thousands of miles continuously poured into one finger.

The powerhouse of the kingdom of God was ready to escape, but found that his figure had been locked and could not move at all.

Endless demon energy poured into this finger, and the terrifying aura made the warriors all over the world feel terrified.

What happened to Qiankun Killing Domain?

The appearance of heaven and earth visions one after another made their hearts a little heavy.

There are even some warriors who decided to leave the Universe Killing Domain. What happened in the past two days is really evil.

The power of the kingdom of God used all the power, but found that there was no way to break it.

This is not the arrival of the Devil Emperor, it is just a phantom in the eyes of the devil!

If the Devil Emperor descends, Ye Chen has not dared to imagine how terrifying the power that bursts out.

"You who were inextricable at the beginning, have you ever thought that one day you will become an ant!"

At this time, Ye Chen's voice sounded, and when his voice fell, the condensed finger suddenly fell.

boom!

As soon as he pointed it down, the power of the kingdom of God did not even make a miserable cry, and the whole person's body turned into nothingness.

With this finger, a hole appeared in the entire void, and the surrounding space became extremely unstable.

The phantom of the Devil Emperor gradually dissipated, and the devil energy on Ye Chen returned to his body.

"Boy, this time I may have been sleeping for a long time."

"All the strength I gathered in the Sea of Nine Nethers will disappear."

"However, I don't regret it."

"By the way, go to Shenhuo Academy as soon as possible. If I guess right, I have something on someone in Shenhuo Academy. This thing is one of the keys to reshaping my true body. That person is called..."

Before the Devil Emperor had finished speaking, he completely returned to Ye Chen's eyebrows.

Everything is silent.

At the same time, because of the disappearance of the people of the kingdom of God, the barrier in front of the ice sword was completely broken, and the restriction in the body also turned into nothingness!

The ice sword can move!

Bing Jian glanced at Ye Chen, who was constantly falling high in the sky, stepped on him, and hugged Ye Chen directly!

"Apprentice, you have suffered as a teacher."

"From now on, whoever dares to move you, even if it's the kingdom of God, I want them to pay a painful price!"

At this moment, Bingjian's eyes were filled with endless and cold killing intent!

The supreme coercion of half a step is completely released!

At this moment, he got a new life!

At this moment, there is no restriction, even if the power of the kingdom of God comes in person, he is qualified to shake!

"Let's leave the Universe Killing Domain first!"

Bing Jian glanced at his surroundings, no one knew if there were any powerhouses from the Kingdom of God coming, so he could only leave first before talking.

When he left, Bing Jian thought of something, and looked deeply at another ancient temple near the dead city.

He looked complicated and murmured: "It's a pity that that old friend was taken away by the people of the Kingdom of God not long ago. Otherwise, if this mighty power is rescued, Ye Chen would really be fearless."

"Perhaps, this is fate."

...

They all came out of the Universe Killing Realm, Leng Yan and Li Ting stopped and said, "Senior, let's leave first, if Ye Chen wakes up welcome him to Xiangxiao as a guest!"

Li Ting's injury has been resolved, and she needs to return to the sect to come out of the Universe Killing Domain.

In this line, they delayed too long.

But this memory is enough.

They believed that next time they saw Ye Chen, they might not be able to reach Ye Chen's height.

Bing Jian nodded slightly and glanced at Yan Kun. He didn't know how his apprentice had fooled the descendants of the Qiankun clan to serve him.

With his eyesight, Yan Kun's identity can naturally be seen.

Although Yankun's strength is not as strong as one-tenth of the strength of the Qiankun clan, if the body's strength is completely restored and awakened, I am afraid it will be a big help for Ye Chen to face the kingdom of God in the future!

"Let's go back to the Ten Thousand Sword Emperor Palace!"

When his spiritual thought disappeared from the reincarnation cemetery, the Wanjian Emperor Palace was already in crisis.

Now that a long time has passed, I don't know what happened.

It's a pity that Ye Chen is still in a coma, and in the battle against the power of the kingdom of God, the gap is too big, and the loss is extremely terrifying.

I'm afraid it will take some time to wake up.

The ice sword sacrificed the true artifact Feizhou, and directly brought the unconscious Ye Chen, Ji Lin and others! Towards the Ten Thousand Sword Emperor Palace!

I don't know how long it took, Ye Chen opened his eyes, looked at the ice sword staring at him, and quickly got up: "Master! Where is this?"

Now Ye Chen's body is very weak, there is no blood on his face, it seems that the wind will fall.

It will take some time to fully recover to the heyday.

Fortunately, Ye Chen possessed an immortal divine body and a demon body, so recovery was not too difficult.

Bingjian's eyes were astonished: "Disciple, I thought it would take you at least three days to wake up. With such a serious injury and waking up in such a short time, your physical body may not even be able to match a star-aperture-level expert."

"This time, I owe you to the teacher."

Chapter 2002: Some accounts should also be counted 1

Ye Chen smiled and said, "Master, along this path, I have faced many powerful enemies. What about the Kingdom of God?"

Suddenly, Ye Chen thought of something and asked: "By the way, Master, why have you been trapped in the Universe Killing Domain for so long?"

"Also, why does the dead city say Prisoners of the Kingdom of God?"

At this moment, Ice Sword Immortal Venerable's eyes were filled with anger, and it took a long time to restore calmness.

He came to the front of the flying boat, with his hands behind him, looking at the world condescendingly, he stretched out his hand and pointed at the masses of living beings underneath and said: "Trainer, do you know what the Kingdom of God means in Lingwu Continent?"

Ye Chen came behind Ice Sword Immortal Venerable and shook his head: "I only know that the kingdom of God is very powerful. As for what it means, I can't tell."

An overwhelming aura erupted from Ice Sword, and he said, "Ye Chen, the so-called top powers in Lingwu Continent, such as the mysterious Soul Palace, Sacred Dragon Family, Shenlong Family, Baixian Palace, and many other races, actually All have the shadow of the kingdom of God."

"The Kingdom of God controls the rules of Lingwu Continent, and even the chances of heaven in Lingwu Continent are controlled by the people of the Kingdom of God."

"They know everything, they are beyond doubt, they are the real heaven of Lingwu Continent!"

Ye Chen was startled slightly, he found that the kingdom of God was stronger than he thought.

Bing Jian sighed and continued: "Tier, do you know, why did the Blood Sword Sect formed by the Blood Spirit Clan attack Kunlun Xu in the first place?"

Ye Chen thought of the words he heard in Qiankun Killing Domain, and said seriously: "Because of me?"

Bing Jian nodded: "The Kingdom of God does not allow all threats to exist."

"And you are the biggest threat to the kingdom of God from the beginning of its establishment to the present."

"Fortunately, your destiny is not checked by the heavens, and the power of the kingdom of God is not qualified to find out, otherwise, how could you still have the right to stand."

"Do you know that in the ancient battle of Kunlun Xu, why were those great abilities trapped? Instead of death?"

Ye Chen frowned: "Tui'er doesn't know."

Bing Jian raised his head, staring at the endless sky, and said lightly: "The most terrifying thing in the world is cause and effect."

"The people of the Kingdom of God know that the threat comes from Kunlun Xu, but they don't know that the threat is you."

"And those strong people who are trapped have one thing in common. You are in their cause and effect."

"This is a huge net, and you are the center of this net."

"The kingdom of God is trapped by those mighty powers, just trying to find you through this net and strangle you."

"I was trapped in the Universe Killing Realm, partly because of your cause and effect, and partly because I heard the conversation of those people back then."

"That is the game of the Kingdom of God."

"I don't deserve to know."

Ye Chen became serious in an instant: "Master, what did you hear back then?"

Bingjian Xianzun's hand behind him suddenly clenched, his eyes fell on Ye Chen, and he said word by word: "The Kingdom of God Ye Family."

"Ye Chen, you don't really think that the existence of the reincarnation cemetery, which is far beyond the holy soldiers, will come to you inexplicably?"

"The secret in you concerns the whole world."

"Your bloodline is the greatest threat to the kingdom of God."

"Hundreds of great powers are trapped, some are trapped in the Lingwu Continent, some are trapped in the secret realm, and some are trapped in the kingdom of God, and there are even endless abysses..."

"The ruler of the kingdom of God thinks that it traps your master, controls the so-called cause and effect, and kills the possibility of your growth."

"But they didn't expect that there would be such a strange thing in the reincarnation cemetery in the world."

"Hundreds of mighty divine minds draw their bodies, and a hundred ways are passed on against the heavens. Who in the world dares to think?"

"This is your greatest possibility against the kingdom of God."

"I am the first being rescued, and this is just the beginning."

"From today, Wanjian Emperor Palace will be your strongest backing!"

"You have to remember that you are not only the hope of a hundred mighty powers, but a hundred mighty powers are your strongest backing!"

Ye Chen felt heavy for the first time.

"By the way, I have to tell you one thing, disciple."

"Before, did you meet a person from the Kingdom of God in Qiankun Killing Domain?"

Ye Chen thought of deceiving the purple-robed man by himself, saying that he was Ye Lingtian.

The opponent seemed to be a person from the kingdom of God, and his strength was far superior to the person from the kingdom of God he was fighting against.

"The disciple did meet, and the other party was wearing a purple robe."

Bing Jian was stunned, and continued: "Then it makes sense, I can sense part of your breath from the opponent."

"As for why this matter is mentioned, it is because Qiankun Killing Domain is actually trapped by a mighty power."

"When I was in the Good Fortune Realm, the other party was already in the Sealed Door Realm. As for now, his cultivation should be in the Supreme Void Realm."

"In these ten thousand years, the two of us have hardly communicated, but I know that he has your cause and effect. It should be the same as me, related to the reincarnation cemetery."

Ye Chen's eyes were bright, and he did feel the two powerful breaths at the time. Since he rescued Ice Sword, he should treat him equally and save him!

Just as Ye Chen wanted to speak, Bing Jian continued: "I know what you are thinking, just save him."

"The man in the purple robe took him away. The causal aura on his body is very heavy. I am afraid it will be very important to you in the future. Judging from the eager state of the man in the purple robe, it should have been suddenly received. Certain information brought him to the kingdom of God."

"but--"

The ice sword suddenly stopped, and handed out a jade pendant from his waist: "Just when you were in a coma, my spirit found a jade pendant left by him. Bringing this jade pendant with you should be the key to activating his stone tablet. "

Ye Chen accepted the jade pendant and threw it into the reincarnation cemetery, and he felt a tombstone glowing with light.

This indicates that the new power is about to be triggered.

Bing Jian patted Ye Chen on the shoulder: "Well, there are some things I don't have to say more, I want you to understand them slowly."

"The Ten Thousand Sword Emperor's Palace has arrived, and some accounts should be settled."

...

Outside the taboo formation of the Ten Thousand Sword Emperor's Palace, the strong men of the Holy Dragon Family, Soul Palace, and Baixian Palace gathered together.

After such a long time, they have not destroyed the Ten Thousand Sword Emperor Palace, and they have not had much patience.

The taboo formation method has been weakened a bit because they brought hundreds of powerful array mages to cast anti-sky spells.

The effect of restriction is weak.

This is the best opportunity.

This time they decided to launch a general offensive and completely annihilate the Ten Thousand Sword Emperor Palace. They no longer wanted to drag on.

The warriors gathered by the forces from all sides are standing by, and there are even many powerful men in the middle and late stages of the closed door. As long as they give an order, they will rush into the Ten Thousand Sword Emperor Palace.

In the main hall of the Ten Thousand Sword Emperor Palace, the Fire Sword God and the many powerful men of the Emperor Palace were waiting in full battle.

They had already known the situation outside, and the Fire Sword God opened his mouth and said, "Presumably we can't support the Ice Sword to come back. In that case, let's give it a go!"

There was no timid look in their eyes.

It should come, after all, it will come!

Chapter 2003: Proclaim himself a saint king!

They have no time to wait any longer, but it's a pity that all forces are pressing on, or else...

The Fiery Fire Sword God no longer thinks about it anymore, and the instructions are passed on. The younger disciples of the Ten Thousand Sword Emperor Palace are ready to make arrangements to escape, leaving the last glimmer of hope for the Ten Thousand Sword Emperor Palace.

As for their older generation of strong, they coexist and die with the Ten Thousand Sword Emperor Palace!

Fierce Fire Sword God, they walked out of the main hall, and as soon as they looked up, they could see the black and heavy warriors.

The air was filled with a murderous breath, and there was a trace of desolation.

Ten Thousand Sword Emperor Palace, after all, it has reached the last step!

The powerhouse of the Hundred Immortal Palace and Soul Palace stepped out, looking at the sword \*\*\*\* of burning fire, waved, the warrior behind him rushed directly.

The killing aura spread in an instant, and the \*\*\*\* aura floated in the air.

Fiery Fire Sword God holds a sword in his hand, swings it wildly, and kills one more enemy, which is considered a profit!

At this moment, all the powerful in the Ten Thousand Sword Emperor's Palace have already killed Red Eyes, and they are not afraid of death.

Jian Xiu! Be brave and not afraid of any difficulties!

The killing lasted for an hour, and the powerhouse of the Ten Thousand Sword Emperor's Palace gradually lost strength.

have all kinds of injuries on their bodies. Although they are strong, they are hard to beat four hands in the face of the strong of the major forces.

Fiery Fire Sword God's arms were numb, and he didn't know how many swords he could still swing!

喂!

At this moment, a sky-shaking sword light suddenly descended, and terrifying ice appeared on the entire ground.

The ice stretches for thousands of miles, as if from the sky.

The hopeless eyes of the Fire Sword God gradually became brighter.

"To completely lift the taboo formation of the Ten Thousand Sword Emperor Palace!"

At this moment, the Sword God of Flames spoke directly!

The breath of this sword is too familiar, the ice sword is back!

One of the strong men of the Ten Thousand Sword Emperor Palace slashed directly on the Stone of Origin with a single sword.

boom!

The stone of the origin is broken, and the taboo formation of the Ten Thousand Sword Emperor's Palace is completely lifted!

In the distance, four figures gradually appeared, and the Fire Sword God saw Ye Chen and the Ice Sword Immortal Venerable next to him, tears glistening in his eyes.

At a critical moment, the Ice Sword Immortal Venerable finally returns!

And the aura of Ice Sword Immortal Venerable is infinitely close to Taixu!

Half a step is too empty!

"If you want to destroy the Ten Thousand Sword Emperor Palace, it depends on my disagreement!"

"I am the ice sword!"

"I took charge of the Ten Thousand Sword Emperor Palace today!"

"If I want to move my Ten Thousand Sword Emperor Palace, I don't mind going to war with you so-called top forces!"

Ice Sword Immortal Venerable's entire figure rushed over. When he came to the front of the major forces, the Ice Sword in his hand was lifted up in an instant.

The moment the cold ice sword was raised, an extreme sword light suddenly fell.

Boom!

With one sword going down, the powerhouses in the Star Aperture Realm and the Early Seal Realm were directly killed!

turned into dust!

Seeing this scene, everyone in the Ten Thousand Sword Emperor's Palace was enthusiastic!

Such a force is enough to protect the Ten Thousand Sword Emperor Palace!

Saved!

The powerhouses of all major forces retreated madly, and the Ice Sword Immortal Venerable stood alone in the void.

One person is enough to withstand thousands of troops!

The warriors of the major forces, their complexion became difficult to look, and the flowing aura of the Ice Sword Immortal Venerable was too terrifying.

They are not opponents at all!

can't resist even a sword!

"Go away or die!"

"I tried to take the Ten Thousand Sword Emperor Palace in the late stage of the lockdown, ridiculous!"

Ice Sword Immortal Venerable spoke directly, and one sentence decided the life and death of the major forces.

The powerhouses of the Soul Palace and the Baixian Palace, glanced at each other, the whole person's face was very ugly.

"Withdraw!"

The half-step Taixu's strength is no longer what they can resist. The current Ten Thousand Sword Emperor Palace, with top powerhouses returning, it is not so easy for them to move the Ten Thousand Sword Emperor Palace.

If you continue to attack the Ten Thousand Sword Emperor's Palace, it will only be death!

The major forces left with a gray head and gray face, no way, the strength of the Ice Sword Immortal Venerable is there!

A group of them rushed over, not enough Ice Sword Immortal Venerable could kill it alone!

It is not so easy to want to move the Ten Thousand Sword Emperor's Palace in the future. It makes no sense for them to continue to do it.

But just as everyone was about to leave, a thousand-foot ice wall suddenly formed!

blocked everyone's way!

A strong man in the Saint-Long family who had sealed the door for seven levels had a wrong face, looked at the void and said: "What do you mean?"

Bingjian held his hands behind his back, and his eyes were killing intent: "The foundation of my Ten Thousand Sword Emperor Palace was ruined by you seven or eighty-eight."

"There are countless casualties among the disciples."

"Here, do you come as you want, and leave as you want?"

"You can go! Everyone present at their own expense repairs! Cut off one arm!"

Domineering!

no doubt!

This is Bingjian's attitude!

When he came back, it represented the beginning of the rebellion of the Emperor Wanjian Palace!

Although he half-step is too imaginary, but in the endless years, he has realized a trick that can fight the emptiness!

Saying this, I have enough confidence!

As soon as these words came out, the strong man of the Holy Dragon family paled!

Very angry!

He glared at Bing Jian: "Don't think about it!"

However, the words have not yet fallen, a void crack appeared in front of him!

In the crack, the cold wind howls! Snow falls!

Then! Surging killing intent!

The seven-story heaven of the holy dragon family's closed door turned into a blood mist on the spot!

Cruelty!

Bingjian finished all of this, his eyes swept across the crowd: "For three seconds, if you don't abandon your cultivation base and break your arms, you will turn into nothingness!"

"One."

"Two."

When San hadn't spoken yet, the field turned into pieces of blood mist, and countless arms tore! Cultivation is exhausted!

Under the shadow of Ice Sword, they chose to compromise!

This is the real fear!

Of course, behind them, there is a Supreme Void Realm powerhouse!

But these strong men are not here!

With a radius of thousands of miles, the ice sword is a true respect!

Who can shake!

Bingjian saw this scene With a wave of his arm!

The ice wall is completely shattered!

All the strong have fled!

His voice sounded like nine days: "Tell the people behind you."

"My Ten Thousand Sword Emperor Palace welcomes you to challenge at any time!"

"However, if you step into my Ten Thousand Sword Emperor Palace, my Ice Sword Saint King only allows dead people."

Ice Sword Immortal Venerable Half a step too empty! Qualified to proclaim himself a saint king!

He was canonized, and he wanted to tell Lingwu Continent that the Palace of Ten Thousand Swords had risen!

Ye Chen's blood boiled over seeing this scene.

Lingwu Continent is after all about strength.

The return of the Ice Sword Saint King is enough to change the situation.

But the three top forces are not good, the war has just begun!

However, this time, Wanjian Emperor's Palace is no longer passive.

Suddenly, Ye Chen sensed something and took out a piece of Xuanyuezong's communication jade pendant.

There was an urgent voice from the jade pendant:

"Brother, how long has passed since this, why haven't you come back."

"Tutor Chen has been to Xuan Yuezong more than a dozen times, and is asking when you will come back. Today is the last day you entered the Shenhua Academy."

"Shenhua Academy has already spoken, if you don't show up today, you will be at your own risk!"

Ye Chen was startled, and then he remembered what he had promised Chen Jiu.

Chapter 2004: The Horrible Academy of Holy Fire

This time Universe Killing Territory delayed too long.

It's time to sign up too.

After signing up, I can be free.

Some things can also be handled.

More importantly, when the Devil Emperor was sleeping, he explained that there was one thing to restore his true body in Shenhua Academy.

He must fetch it.

Also, there is a reincarnation monument in Shenhuo Academy.

Yan monument he must get!

Ye Chen stopped thinking, looked at the Ice Sword Saint King, and said, "Master, I must leave. Ji Lin hasn't woke up yet, so please ask Master to take care of me."

"When I finish my name registration, I will naturally return to Wanjian Emperor's Palace."

Ice Sword Saint King nodded: "Also, Shenhuo Academy has the shadow of the Kingdom of God, but it is not controlled by the Kingdom of God. If you go there, you may be closer to that game."

"Go ahead."

"Remember, you can come to Ten Thousand Sword Emperor Palace if you have any needs!"

"With my Ice Sword Saint King, no one dares to move you!"

Ye Chen answered with a good word, and the figure disappeared in the Ten Thousand Sword Emperor Palace.

.....

Soon, Ye Chen came to Xuan Yuezong.

Chen Jiu was already waiting on the flying boat.

It's just that his face is not so good.

Obviously, during this period, Chen Jiu was under a lot of pressure.

Ye Chen came to Chen Jiu and said, "Teacher Chen, I'm really sorry, I was delayed because of something."

Chen Jiugang wanted to yell at him, but suddenly he noticed something, his eyes widened: "You have broken through the realm of good fortune... how is this... possible!"

"And the breath in you..."

For an instant, the shock on Chen Jiu's face turned into joy, and he said excitedly: "Good good!"

"It didn't make me wait for nothing!"

"Shenhuo Academy even if the sky falls, I will support you! Hahaha"

"I really found a treasure this time."

As soon as Ye Chen was about to leave, Zi Ning's voice suddenly sounded: "Junior Brother!"

Ye Chen stopped, and looked at Zi Ning and Meng Xingyun beside him with a bit of reluctance: "Senior Sister Zi, Senior Brother Meng, I'm leaving."

Zi Ning looked at Ye Chen, her beautiful eyes flickered, but her mind was hot, she suddenly rushed to Ye Chen and hugged Ye Chen tightly!

This sudden situation caused Ye Chen to be stunned. Even with his current power of spirit and the blessing of blood, he was suddenly hugged by Zi Ning at this moment, smelling the fragrance of the woman's body that permeated the tip of his nose. Can't hold it!

Especially the magnificent waves in front of Zi Ning, normal men can't calm down.

"Master...Senior Sister?" Ye Chen couldn't help but shouted.

Zi Ning came back to his senses, and quickly released Ye Chen, his face was full of shame.

Ye Chen breathed a sigh of relief, if Zi Ning hugged him again, maybe he would lose his temper.

Zi Ning stammered: "You... don't think too much... just... just saying goodbye to you... nothing else."

Ye Chen smiled slightly and said, "Sister, take care."

Although he didn't say much, his heart couldn't help but become a little hot, Zi Ning's look like a girl, and the contrast between the extremely mature and deadly figure and the charming beauty, is simply enough to make any man crazy.

Ye Chen calmed down and boarded Chen Jiu's flying boat. The flying boat trembled and flew towards the distance at a very fast speed.

Zi Ning stared at the flying boat disappearing into the sky, and felt a sense of melancholy for some reason.

.....

On the flying boat, Ye Chen asked Chen Jiu: "Teacher Chen, shall we fly directly to the college like this?"

Chen Jiu glanced at Ye Chen and said, "Of course not, you can fly like this, no matter how you fly, you can't get to the college, and even if you are a student of Shenhua College, it is impossible to expose the location of the college to you at will.

We will go to a secret teleportation array, let me set the coordinates and teleport it directly. "

A day later, Ye Chen and Chen Jiu came to a secret teleportation formation. Chen Jiu opened the formation with a token and set the coordinates. Then, Ye Chen and Chen Jiu disappeared completely under a burst of light. Up.

Ye Chen felt dizzy, and when he opened his eyes again, he couldn't help being shocked by the sight in front of him!

First of all, it is big!

very large!

At this time, Ye Chen and Chen Jiu were standing high above the gate of Shenhua Academy.

This school gate alone, I'm afraid, is a thousand meters high, right?

Moreover, the entire college is shrouded in a translucent light curtain. This translucent light curtain, even if it is high in the sky, cannot see the end at a glance, and it covers an extremely vast area!

What is even more amazing is that even if standing outside this academy, Ye Chen can feel the concentration of spiritual energy no less than the spiritual veins of Xuan Yuezong!

Under the leadership of Chen Jiu, Ye Chen walked into the Shenhua Academy. While walking, Chen Jiu said to Ye Chen:

"In a moment, I will take you to the school office to go through the formal admission procedures. After completion, I will assign you a dormitory. There are many different courses in Shenhua University, you can choose freely."

Soon, the two arrived at the school office of Shenhua University. After Ye Chen completed the enrollment procedures, he took the assigned jade symbol and walked to the dormitory.

Before Ye Chen left, Chen Jiu suddenly smiled at Ye Chen: "Ye Chen, after finishing the dormitory, you can go to the cafeteria to have a look. The delicacy of our Shenhua University is no better than the top restaurants in Lingwu Continent. Poor, all kinds of spiritual materials, monster meat, everything."

Ye Chen nodded and smiled: "Thank you for the reminder Chen."

Ye Chen was on the road, seeing the teachers and students walking in Shenhua University, he was slightly shocked again. There were not many students in the college. Due to the nature of Shenhua University students, not many students, and the tutors, also There are less than fifty.

But, don't underestimate these fifty mentors.

These instructors, with the lowest cultivation base, are also monks in the closed door realm!

Most of them are in the late stage of the door closed or peak!

There is even a tutor in the Supreme Void!

is certainly not too much, but it is shocking enough.

These dozens of mentors, united together, what a huge force!

One can imagine how terrifying the teachers of Shenhua University are.

And Shenhua University itself is a powerful existence that is never weaker than the top power, or even the super top power.

Moreover, the most important thing is that these door-sealing cultivators are not ordinary door-sealing powerhouses!

If you want to be a mentor of Shenhua University, it is not only the cultivation base that is enough, you must, but also have a special field!

That is to say, these strong gatekeepers, in the field they are proficient in, even far beyond the general gatekeeper peak existence, are real masters!

This is not something that a big power can easily do!

Perhaps, among the top forces, there are one or two who are particularly strong in closing the door.

But! You can imagine how difficult it would be to gather so many, in different fields, outstanding people who are strong in closing the door!

Only the Shenhua Academy in Lingwu Continent can have such a big handwriting.

Chapter 2005: acquaintance!

Ye Chen was thinking while walking toward the dormitory. Although he was scarred and scarred on this trip to the Universe Killing Territory, his strength had changed drastically!

His eyes are shining brightly, he knows that what he lacks most now is other aspects!

Also, we must find a way to get the reincarnation monument hidden in the Shenhua Academy as soon as possible.

At this moment, he could faintly feel the dust monument in his body shaking.

At this moment, Feng Qingyang's voice sounded: "Boy, Shenhua Academy is not easy, just take it easy..."

"Anyone who can guard the Reincarnation Monument, in the ancient times, was not low in status."

"The dust stele is the weakest among the ten, but the ancient Xuanyue Sect is not weaker than the top power."

"And Yanbei is extremely powerful... you should understand some things."

Ye Chen's eyes calmed down and said: "I understand."

Feng Qingyang thought of something, and then said: "Xuanyue's Bai Zhen is the strongest of the three elders. I guess that the reincarnation monument may be controlled by the power of divine consciousness. You should pay attention to the power of divine consciousness in the Shenhua Academy. Those people."

"Also, if you want to refine the flame monument of the samsara mysterious stele, you must improve the profound flame you control now, and use fire as the way to win the powerful flame stele."

"it is good."

.....

Soon, Ye Chen came to the dormitory and couldn't help being taken aback.

The dormitory here is just like a huge luxury villa!

While Ye Chen was slightly stunned, there was a laugh not far away: "Look, that silly boy, looking at the dormitory in a daze, hahahaha, probably, I have never seen such a big training place. Right?"

A man next to him echoed: "Looking at him like that, I guess he came from some garbage sect. I was shocked. It should be."

There is another humanity: "The academy is really declining. Anyone can be recruited, and the world of good fortune will be great, hehe..."

Ye Chen turned around faintly, looked at a few people, couldn't help being slightly surprised.

There were three men and one woman on the other side. Ye Chen had no impression of the few people who spoke. They were not the contestants on the Shenhua Ladder that day. Besides, these people, except the woman, all exude At the peak of the star aperture or the breath of a half-step closure!

The key strength is absolutely above the realm!

You know, the contestants who participated in the Thang Long Competition with Ye Chen are not so scary!

These people, it seems that they are only in their twenties and no more than thirty, but they have such a terrifying cultivation base, they can be called geniuses among geniuses!

Even some of the heads of the Lingwu Continent sects do not have their cultivation bases, and it is obvious that the strength of these people is much more than the average powerhouse!

Shenhua Academy, really extraordinary!

However, what surprised Ye Chen was not these men, but the woman who kept her head down and followed behind these men.

This woman, he knows!

Ye Chen couldn't help but shouted at the woman, "Xie Pingping?"

The girl shook her shoulders when she heard the words. She slowly raised her head and looked at Ye Chen. In her beautiful eyes, there was a hint of joy and said: "Ye Chen? It's you!"

This girl is impressively Xie Pingping who joined Zheng Yuan's team with Ye Chen that day to explore the ruins of Demon Lingzi!

Although her strength can be said to be very mediocre, it seems that she had some adventures in the secret realm, which made her very reluctantly among the top forty-nine people and was admitted to the Shenhua Academy.

And the three young men, when they saw Xie Pingping's expression, looked at Ye Chen, they couldn't help being cold.

The headed man was the one who spoke at the beginning. He is about 1.8 meters tall, has a healthy body, fair skin, sharp eyebrows, and a handsome face. He wears a white robe, embroidered with gorgeous gold silk, The pattern of the flying dragon flying into the sky, with a long sword at the waist, can be said to be extraordinary bearing.

His breath is also the strongest among these people.

The two people on his left and right, one in a red gown, short hair, high nose and wide mouth, and one in a weird dark blue robe, were thin.

The handsome man showed a hearty smile at Ye Chen and said: "This junior, my name is Zhao Liang, this red-robed man is Feng Gang, and this blue-robed man is Song Bai. Just kidding, don't mind.

By the way, you also know Pingping? What a coincidence, Pingping, won't you introduce me? "

said, he unexpectedly embraced Xie Pingping's slender waist with one hand without hesitation, and put her in his arms.

Xie Pingping trembled when Zhao Liang's hand touched her, and her pretty face paled for a moment. She seemed to want to struggle, but in the end she gave up. Her eyes were dim and she lowered her head and said:

"Brother Zhao, this one is Ye Chen... When we were in the Thang Long Competition, we used to form a temporary team to explore the ruins..."

Zhao Liang looked at Xie Pingping's submissive performance with a hint of satisfaction. Although he looked at Ye Chen, his face was still smiling, but in his eyes, he seemed to be laughing and showing off.

Ye Chen frowned upon seeing this.

This Zhao Liang is really annoying.

But he didn't mean anything to Xie Pingping. It didn't matter what kind of person the other party chose.

Zhao Liang's hand touched Xie Pingping's willow waist, and then said to Xie Pingping: "Oh? Have you explored the ruins together? Pingping, are you familiar with this younger brother? "

Xie Pingping heard the words, and her shoulders trembled again. In her big eyes, the color of struggle flashed, but in the end, it dimmed again and said quietly: "No, we haven't said anything."

When Zhao Liang heard this, he burst into laughter in front of Ye Chen, and said with sarcasm:

"It turned out to be like this, hahaha, sorry, Junior Brother Ye, we thought you were very familiar with Pingping, after all, when you saw Pingping, she hadn't spoken yet, so you took the initiative to greet her!

So, you are unfamiliar? I misunderstood it. If you are familiar, I would also like to invite you to stroll around the academy with us. If you are not familiar, then you can only give it up. "

After all, he said to Song Bai and Feng Gang next to him: "Let's go, so as not to disturb Junior Brother Ye from continuing to appreciate the dormitory. Such a high-quality cave world can be appreciated, and it's not common in other places!"

Hearing what Zhao Liang said, Song Bai and Feng Gang laughed and walked away.

Xie Pingping glanced at Ye Chen apologetically, but quickly turned his gaze back. She was afraid that Zhao Liang had discovered it.

Actually, after seeing Ye Chen's strength against the sky in the secret realm, she didn't have a good opinion of Ye Chen, but what about a good opinion?

No matter how strong Ye Chen is, can he be the opponent of these seniors?

Chapter 2006: qualifications

Although she wanted Ye Chen to help herself, she knew that there were some things that couldn't be changed.

Myself, if I showed kindness to Ye Chen at that time, it would only hurt Ye Chen and be targeted by these people...

Why bother?

Instead of doing that, it's better to clear up the relationship with Ye Chen here, she doesn't want to cause trouble to Ye Chen because of herself.

Moreover, she and Ye Chen do not know each other very well. Would Ye Chen be willing to offend a few strong people for himself?

Xie Pingping showed a wry smile. This Zhao Liang, not long after he enrolled in school, found himself, frequently showed his favor, and put pressure on him.

Originally, Xie Pingping felt extremely excited and looking forward to being admitted to the Shenhuo Academy, but because of Zhao Liang, the college life she had originally dreamed of no longer exists.

Top Best AI for Forex Trading 2024

Every day, Zhao Liang would find her, half requesting, half coercively requesting that she accompany him. Although Xie Pingping was unwilling, she also tactfully refused a few times, but Zhao Liang seemed to be unable to understand and still pestered her. Like her, a woman who is not strong and has no background, how dare to tear her face with a senior from the pinnacle of the star?

Moreover, although Zhao Liang's behavior is rogue, it is not considered a violation of the academy's laws and regulations. Even if Xie Pingping finds a mentor, she will warn Zhao Liang at most. In that case, her future life will probably be difficult...

And Zhao Liang began to be more and more presumptuous with his behavior, and he was getting more and more out of bounds. Xie Pingping didn't know how long he could hold on...

Ye Chen looked at the back of Zhao Liang and others leaving, his eyes flashed with coldness, but he didn't do anything, but entered his dormitory.

After all, this is Xie Pingping's business. Xie Pingping said that he is not familiar with him anymore. Even if he can see that Xie Pingping's appearance is not quite right, it is not good to intervene and be nosy.

However, in the end, Xie Pingping's apologetic look at herself still made his heart feel a little touched. Ye Chen sighed softly, then observe and observe. If there is really something wrong, it won't be too late to take action. .

The existence of several star aperture peaks, now he has not paid attention to it, even if these people are geniuses that are hard to see in the world, they are powerful people far beyond the same level.

Still, I can't get Ye Chen's eyes!

He has such confidence!

Now Ye Chen's true strength, without the help of the reincarnation cemetery, should be able to fight against the powerhouse at the pinnacle of Star Aperture.

Ye Chen entered the dormitory. The dormitories of Shenhua Academy were all single rooms. Although they looked luxurious on the outside, they were rather simple on the inside. Ye Chen sat on the bed, thinking about his next plan.

First of all, he decided to raise his cultivation base to the realm of the star aperture. Although his current strength has long surpassed the star aperture, but his own cultivation base, completely upgraded to the star aperture, may make him right. Tao's comprehension, more profoundly, helped him leapfrog battle.

Then, it was the Burning Blood Technique.

Blood Burning Art is advanced, and his Profound Flame should also be upgraded. Presumably, with the resources of the Shenhua Academy surpassing the top forces, there must be a lot of advanced flames, right?

Then, it's the divine mind. In fact, his divine mind is already very strong due to the practice of the God and Demon Reincarnation Art. However, if he only relies on the God and Demon Reincarnation Art, he wants to be promoted to a thousand soldiers that can freely use time and space. The extent of the explosive side effects, I am afraid, will take a lot of time, right?

This can only, find another way out.

Moreover, he is not familiar with the place of his life here. If he wants to determine the whereabouts of the Yanbei of the Samsara Xuanbei, he has to rely on people in the academy.

Chen Jiu counts as one, but Chen Jiu's status in the academy is not too high, and the other party does not necessarily know the secret.

He suddenly thought of the ideas Feng Qingyang provided.

It is possible for a person with a strong spiritual mind to control the reincarnation monument?

He looked at the schedule of Shenhua Academy and focused on the courses taught by a tutor named "Li Jinliang".

This Li Jinliang himself is a late-stage existence, and his area of expertise is Divine Soul, Divine Mind!

According to the introduction, it is said that the spirit protection set up by Li Jinliang can even withstand the spirit attack of a half-step too virtual strong!

And the intensity of his own spiritual thoughts is already close to being too empty!

This Li Jinliang, in the spirit and soul, seems to be really outstanding.

If you really want to talk about guarding the reincarnation mysterious monument, this person might be possible.

After thinking about the direction, Ye Chen got up and walked out of the dormitory. Now, he is going to the Treasure Pavilion of the Shenhua Academy to receive some suitable alien fires to absorb.

Improve Xuan Yan to qualify for the Flame Monument.

But before that, Ye Chen planned to go to the canteen of Shenhua Academy first.

Soon, Ye Chen came to the dining hall of Shenhua Academy, and when he walked to a location a thousand meters away from the dining hall, Ye Chen's eyes suddenly brightened!

So far apart, Ye Chen has already smelled a very strong fragrance!

There was a flash of golden light all over his body, and he couldn't help but display his body skills and head towards the cafeteria.

kilometers away, in a flash!

This canteen, like other buildings in Shenhua Academy, can be described in one word, that is, big!

Walking into this giant canteen, Ye Chen couldn't help but shook his head with a wry smile. Fortunately, they are all warriors. If ordinary mortals want to eat a meal in this Shenhua Academy, they will probably be exhausted!

At this moment Behind Ye Chen, a familiar female voice sounded: "Ye Chen?"

Ye Chen turned around and saw Xie Pingping standing behind him, looking at himself with a surprised look.

Ye Chen showed a slight smile. It seems that he and Xie Pingping are really predestined, and they can meet everywhere.

He took a close look at the woman in front of him. Although Xie Pingping does not have the beauty of Ji Siqing, Xia Ruoxue, Sun Yi, and Zi Ning, she is also a good beauty, which can give nine points. Moreover, Xie Pingping has a pair of slender and straight thighs. , Quite tempting.

However, at this moment, Xie Pingping's brow seemed to be locked with a cloud of clouds.

Xie Pingping was reddened by Ye Chen's look, and whispered: "What's the matter?"

Ye Chen smiled and said: "It's okay, are you coming to eat too?"

Xie Pingping nodded and said, "Yes, I am in a bad mood recently. Only when I am eating can make me happy. The dishes here are not available in Lingwu Continent."

Ye Chen smiled slightly, not talking nonsense.

While choosing the food he wants to eat, he casually asked Xie Pingping: "In a bad mood? Being able to join the Shenhua Academy should be a dream thing for many warriors? Why are you in a bad mood?"

When Xie Pingping heard the words, a haze flashed in her big eyes. After she hesitated for a moment, she forced a smile and said: "It's nothing, that is, just came to this place where geniuses gather. There is a little pressure. Let alone this. , You are here so late, let me recommend some delicious dishes to your satisfaction."

Chapter 2007: Waste of good luck!

With that said, Xie Pingping pulled up Ye Chen's sleeves and moved around in the cafeteria. The food in the cafeteria was divided into three areas, divided into sky, area, and human area.

Xie Pingping introduced: "All the students who join the Shenhua Academy can choose the food in the human area for free. Although it is free, don't underestimate it. The food in the human area is also super delicious!

A meal in the        ren area is definitely not worse than the most expensive dishes in the top restaurants in Lingwu. "

With that, Xie Pingping pointed to the other two areas and said: "But the sky area and the area are not the case. The food in the area is expensive, but some of the wealthy ones, such as the first-class and top-powered disciples, can still eat. ..."

In her beautiful eyes looking at the regional restaurant, she clearly showed the color of desire, and there was even a trace of crystal saliva flowing out of her soft pink lips.

Ye Chen also looked over. There are not many people in the area, but there are still some students who choose to eat in the area.

Xie Pingping hurriedly wiped her saliva and smiled at Ye Chen a little embarrassingly:

"Sorry...I'm just a disciple of a second-rate force. Although I have always wanted to eat, I was reluctant to buy it. However, I heard that the regional cuisine is ten times better than the regional cuisine!

That's a real world treasure. When I earn money from the tasks or activities released by the academy, I must go there for a full meal! "

"As for the sky..."

Xie Pingping looked at the area furthest away from them, with an obsessive look in her eyes.

"That is the legendary area. Every dish is a real genius. Not to mention the first-class power. Even the disciples of the top-powered power may not be able to afford it. The students who can eat there, among the entire college, There are not many people, go to the sky to have a meal, but my dream..."

Ye Chen looked at the sky area, and the seats there were empty and there was no one, which made Ye Chen a little interested.

In the Rising Dragon Competition, he killed many geniuses and gained a lot in the Universe Killing Realm. It can be said that he is extremely wealthy.

Therefore, Ye Chen is now considered wealthy. If you eat a meal in this area, you should, still can afford it.

Since he wants to eat, he doesn't mind eating better. He can't help but smile when he looks at Xie Pingping who is choosing food for him.

Moreover, he was also a little curious, how would she react if she took Xie Pingping to eat in Tianqu.

Xie Pingping is his friend after all.

At this time, outside the canteen, three men walked in.

A man in red, his eyes swept across the cafeteria, suddenly, he saw Ye Chen and Xie Pingping, his pupils shrank.

This person is Feng Gang.

Feng Gang grabbed Zhao Liang, who was talking and laughing with Song Bai beside him, and said, "Brother Liang, look, over there, is that the girl you saw and the ant we teased in the morning?"

Zhao Liang looked in the direction Feng Gang was pointing, his eyes widened and his face was angry!

The woman that I was fond of, now, she walked with the trash from the good fortune realm that she had only seen in the morning, still talking and laughing?

Doesn't this smear Zhao Liang's face?

If someone else knows that the woman Zhao Liang is fond of, but chats and laughs with a waste of good fortune, what would others think of Zhao Liang?

For Zhao Liang, this is simply a great insult!

Song Bai frowned and said, "This Xie Pingping, didn't you tell Brother Liang that she was not feeling well and didn't want to accompany Brother Liang to the Fairy Spring in the college?"

Why are you here now and happily eating with this waste?

Look, where is she feeling sick now?

Brother Liang, it's not that I said, this woman, you might have to take care of it. If it weren't for our sudden desire to come to have a meal and bump into this scene, they might..."

"Enough!" Zhao Liang yelled, looking at Ye Chen and Xie Pingping, his eyes became more and more stern and bitter.

Originally, he didn't like Xie Pingping much, but he knew that this girl was not strong, had no background, and did not have any connections in the academy, and she was good-looking and simple in nature. It is a very suitable object to play with her.

At that time, if you get tired of playing and just throw it away, there will be no big consequences. As far as he knows, this Xie Pingping is only from a second-rate sect. Even after graduating and leaving the college, Zhao Liang is a secret disciple of the top sect. , And will not fear Xie Pingping's revenge.

When he wanted to come, he could see this Xie Pingping, and he was willing to take care of her in the college. It was Xie Pingping's blessing at all. There was no guilt at all.

But, now this bitch, carrying herself on her back, is getting together with a trash?

He even had to hear the second grade classmates laugh at him!

Laughing at him, it's not as good as a waste of good luck!

Although he has not formally been with Xie Pingping, and Xie Pingping has not promised him anything, but Zhao Liang has been the proud son of heaven since he was a child, and he is the only one to pick others. When is it his turn to pick him?

Everything he wants has to get his hands, since he has taken a fancy to Xie Pingping, he already thinks that Xie Pingping belongs to him, only he can touch it!

But now?

Someone unexpectedly touched his plaything? Or is it a waste of good luck?

His anger is almost igniting his body and boiling his blood!

But, he knows, he can't be so obvious.

He calmed himself down, held up a smile, and walked towards the place where Xie Pingping and Ye Chen were.

At this time, Ye Chen suddenly stretched out his hand, took out the dishes Xie Pingping put on his plate, and put it back on the table.

Xie Pingping looked at Ye Chen puzzledly, and asked, "What's wrong with Ye Chen? Did the dish just now not match your taste?"

Ye Chen said with a smile: "Shall we go to Tianqu to eat? I am really interested in the dishes in Tianqu."

Xie Pingping was taken aback when she heard the words, and said, "Go to the sky area? But I don't have so many spirit stones..."

Ye Chen smiled gently and said, "I have it, just treat it as a thank you for choosing dishes for me."

Xie Pingping hadn't spoken yet, not far away, there was a very disdainful laugh:

"Hahahaha, Junior Brother Ye, I can't tell you, you have a good sense of humor. This is the first time you come to the cafeteria of our Shenhua Academy, right?"

Maybe you don't know yet, what price are the dishes in Tianqu? There, it's not a small restaurant, it's not you, wherever you want to go? "

Chapter 2008: Fooling and mocking

Song Bai also said: "I didn't know the situation, I just wanted to take someone there? You still have it? Junior sister Xie, you should know now, what is this person's skill?"

It's just a self-righteous, narrow-sighted, and has no idea about anything. In comparison, Brother Liang doesn't know how many levels better than this kid. Before he takes you to shame, you still come and join us. Let's eat. "

Feng Gang said lightly: "Boy, I advise you not to be ashamed. The price is not what you can imagine."

Ye Chen looked at these people indifferently. With his current strength and vision, he didn't care about these people at all, and he didn't bother to care about them.

Xie Pingping looked at Zhao Liang and the others, a look of disgust flashed in his eyes. Why do these people say Ye Chen?

Top Best AI for Forex Trading 2024

Do they know Ye Chen? How do you know that Ye Chen really can't eat the dishes in Tianqu?

Even if Ye Chen really couldn't afford it, she wouldn't think there was a big deal. Is it necessary to say these things in front of Ye Chen?

And, who do you want to eat with, what qualifications do they have?

However, although Xie Pingping was angry in her heart, she didn't dare to say anything. She just lowered her head in silence. She didn't want to attract the hatred of Zhao Liang and others to Ye Chen because of herself.

However, she did not move.

She really doesn't want to eat with people like Zhao Liang.

Ye Chen glanced at Xie Pingping. He already knew what Xie Pingping was thinking. Suddenly, he put down the dinner plate in his hand.

Xie Pingping was taken aback, and then, in her beautiful eyes, a reassuring expression flickered. It seemed that Ye Chen didn't want to have a conflict with Zhao Liang and others. Leaving the cafeteria at this time was the best choice.

However, while reassuring, there was also a faint disappointment in her eyes.

Although she knew that Ye Chen faced the three Star Aperture Martial Artists and wanted to get away, it was understandable, but in Xie Pingping's heart, there was still a glimmer of hope, hoping that Ye Chen could protect herself and drive away these endless entanglement. people.....

But Zhao Liang and others sneered, looking at Ye Chen contemptuously.

Although they didn't say anything on their lips, the contempt in their eyes was clear!

A rubbish, still want to touch my woman?

Zhao Liang looked at Ye Chen triumphantly, counting your acquaintances, knowing to get out of Lao Tzu's sight, otherwise, I will definitely teach you a lesson that will never be remembered.

Just when everyone thought that Ye Chen was going to be like a wild dog running away from the wasteland, rolling out of the canteen dingy with his tail, Ye Chen said directly: "I hate flies calling in my ears. , Let's go."

"Choose a quiet place."

"What!?" Zhao Liang and the others stayed, completely stayed, what is this Ye Chen doing?

Say they are flies?

Xie Pingping also had a dazed expression. She didn't know why Ye Chen did this, but, for some reason, Xie Pingping's heart also had a warm flow.

And Ye Chen, under the dumbfounded gaze of Zhao Liang and others, led Xie Pingping to the canteen's sky area.

At the same time, he turned his back to Zhao Liang and the others, and said lightly: "Listen to you, Tianqu seems to be very expensive? I can't afford to eat, so I don't need to worry about it, but..."

As he spoke, he turned his head slightly and said with a sneer: "Several people, whether I'm going to eat in Tianqu, do you have the right to ask?"

"you!!!"

Zhao Liang yelled, staring at Ye Chen, this rubbish, dare to provoke himself?

He was already angry to the extreme. If it weren't for the regulations of the academy, now he would kill Ye Chen with one blow! How can he bear it?

However, even if he didn't make a move, the aura of the star aperture peak all over his body broke out completely, crushing towards Ye Chen.

However, a scene that surprised him appeared. He originally thought that the Good Fortune Realm Waste, who would kneel and tremble under his breath, walked towards the sky without being affected!

how is this possible?

Zhao Liang was a little lost in a moment, but he was far superior to the powerhouse of the same rank, why couldn't his aura even be overwhelmed by the existence of good fortune?

His anger keeps rising, he really wants to make a move, and he really wants to crippled this waste now!

However, just as he slowly raised his hand and was about to do it, suddenly, a person's face flashed through his mind!

Zhao Liang trembled for a while, but forced to let go of his hand. When he thought of Chen Jiu and Zhao Liang from the Ministry of Justice, he trembled involuntarily. He couldn't imagine how he would be punished after he shot Ye Chen.

But, he can't either. Just like that, let Ye Chen take Xie Pingping away?

Zhao Liang's eyes sank, and suddenly shouted at Ye Chen and Xie Pingping: "Pingping, don't be ashamed of this kid, he just wants to pretend to be in front of you, come here, let's go to the area for dinner."

With this loud shout, the students in the entire canteen could hear clearly, and in an instant, countless eyes focused on Ye Chen and Xie Pingping!

At the same time, many students started to talk.

"Wow, that boy, I haven't seen him before, he is in the first grade, right? He is going to eat in Tianqu? Is it from the top sect?" a girl said.

And the boy next to the girl laughed disdainfully: "Go to the sky area? Just him? You don't look at his cultivation level? Going to the sky area to eat, he can afford it? And, Zhao Liang didn't say Already? This guy just wants to pretend to be in front of girls."

"Good luck going to the sky to eat? Interesting, really interesting."

Listening to the discussion of many students, Xie Pingping looked at Ye Chen hesitantly. She knew that Ye Chen was doing this to help herself out. She was very grateful to Ye Chen, whether she could afford the dishes in Tianqu, for her , It doesn't matter.

However, after what Zhao Liang said, if Ye Chen arrives at Tianqu really, if he can't order the food there, then Ye Chen will definitely become everyone's laughingstock. It will spread among the academy!

In that way, as far as Ye Chen was concerned, he had just entered the academy, and he would be the subject of ridicule. Moreover, Ye Chen has offended Zhao Liang now. I am afraid that he will be retaliated by Zhao Liang and others. Right?

Then Ye Chen will definitely be sad in the future in the academy!

Xie Pingping still clearly remembers what a proud man Ye Chen is!

So, she absolutely didn't want to, because she made Ye Chen a laughingstock!

Xie Pingping suddenly stopped. She could no longer follow Ye Chen. Although she knew that Ye Chen was kind, Ye Chen, who came to the cafeteria for the first time, did not see the price of dishes in the Tian District. It's horrible!

Xie Pingping actually had no confidence in whether Ye Chen could order the dishes in Qitian District, and even if Ye Chen really ordered them, Xie Pingping did not want to make Ye Chen so expensive!

Ye Chen looked at Xie Pingping and asked, "What's the matter?"

Xie Pingping did not dare to look at Ye Chen's gaze, and whispered: "Ye Chen, I am a little uncomfortable. Can you send me back to the dormitory, we... we will come back to eat another day."

Although she speaks in a small voice, how can she hide the talented students who have paid attention to them?

Everyone heard what Xie Pingping said.

Before everyone said anything, a voice immediately rang in the cafeteria.

Chapter 2009: That kid is from the top power?

Sudden voice.

It was a laugh.

Zhao Liang's laughter.

Zhao Liang pointed to Ye Chen and sneered: "Hey, Junior Brother Ye, did you hear what Pingping said? People are uncomfortable, and when you are going to the sky to order food, you feel uncomfortable?"

Hahahaha, you said, why does Pingping suddenly feel sick? It's because, next, in front of so many people, I'm going to be ashamed of following you, so I feel nauseated and I'm not in the mood to eat, right? Hahahaha. "

After hearing Zhao Liang's ridicule, everyone burst into laughter.

In Zhao Liang's eyes, there was a smug light, boy, thinking that I can't deal with you, so I can't deal with you?

Haha, idiot, in this academy, even if I can't directly attack you, I still have a way to make you unable to mix and make you a grandstanding clown!

Enjoy your college life! Hahahahaha!

When Xie Pingping heard the words, her face was anxious, and she shook her head vigorously towards the crowd, anxiously defending: "No! It's not like this!"

But how can anyone listen to her? Everyone is laughing, laughing constantly.

Ye Chen's complexion was still so calm, as if he hadn't been affected by the people at all. Amidst this ridicule, he said lightly: "You don't go, I'm going."

"I'll go!" Xie Pingping still followed for some reason.

Now, if she and Ye Chen leave, Ye Chen will undoubtedly become the object of ridicule. In this case, even if she is ridiculed, she will have to bear with Ye Chen. This matter was originally because of her. caused!

Thinking of this, Xie Pingping's eyes became more determined, she must accompany Ye Chen!

Moreover, she had long wanted to see what the dishes in the Tian District were like, even if they couldn't afford it, there was nothing wrong with seeing them.

On the side, watching Xie Pingping not only didn't mean to leave Ye Chen and walk towards herself, on the contrary, she ignored herself with Ye Chen, Zhao Liang was so angry that his blood was boiling!

He kept roaring inside, why! Why! ?

Why doesn't this woman leave that waste?

Does she really want to be ridiculed by everyone with him?

Is she really stupid enough to choose this trash and not herself?

Zhao Liang was angry, unwilling, and was almost going crazy!

He really didn't expect that in the ridicule of all the people, Ye Chen still had the courage to continue to take Xie Pingping towards the sky area?

And he also did not expect that at this time, Xie Pingping would still be willing to stand with Ye Chen! ?

Zhao Liang's eyes were bloodshot, the cold light flashed, his eyes were as sharp as they were about to pierce Ye Chen.

However, Ye Chen's steps towards the sky area were still so calm and unaffected.

How could the ridicule of these students affect Ye Chen?

He walked all the way, not knowing how many hardships and tribulations he went through, and how many enemies who looked down on him were crushed.

Now, the ridicule of these people, in Ye Chen's view, is like the whispers of the ants.

Who will pay attention to what a group of ants are saying?

He can only use facts to shut these bugs.

Seeing Ye Chen walking towards the sky area step by step, everyone gradually calmed down.

They are not fools. At this time, in the face of so many people's ridicule, Ye Chen is still so calm and calm, it is impossible to say that there is no support.

They are now looking forward to it.

Could it be that it seems that a new student with a low cultivation base can really afford the dishes of the sky area?

Zhao Liang stared at Ye Chen coldly, suppressed his anger, and said viciously:

"Go, go, right away, you will fall into despair, right away, you will be completely reduced to a clown, and Xie Pingping's unrealistic fantasy about you will be completely broken, and then immediately abandon you and invest My arms leave you only humiliation, endless humiliation!"

But at this moment, among the crowd, someone suddenly whispered: "Do you think this person's cultivation level seems a little low?"

Another human said: "Yes, it is indeed very low. Generally, the students enrolled in the Shenhua Academy are the lowest, and it is impossible to be as low as the good fortune realm. There is a realm gap, and the world is different! How can it be so weak? Can you afford to eat dishes from Tianqu?"

The previous person said again: "This is so bad, so weak, you can still enroll, don't you think it is a bit unreasonable?"

A word of this person suddenly caused a commotion in the crowd!

"Yes, it's really not normal to be able to enroll with such a low cultivation base."

"So, this new student, maybe not easy?"

The person who spoke at the beginning said again: "The Thang Long Competition test, although the format is different each time, and enrollment may also have a certain element of luck, but in general, it is based on strength. However, There is only one exception There is only one kind of person who can be admitted to the Shenhua Academy even if the strength is not good, do you remember?"

At this time, someone said puzzledly: "Who is it?"

The man pretended to smile deeply and said: "These people, the forces behind them, even for existence like Shenhua Academy, have to bow their heads."

Speaking of this, someone suddenly exclaimed: "You mean, he is a secret disciple of the top power!"

As soon as this remark came out, there was an exclamation in the crowd.

That's right, the disciples of the top powers are the only ones allowed to go through the back door in the Thang Long Competition. Such people, even if they are not strong, are likely to be admitted to Shenhua Academy.

Moreover, even if such a person has little strength, in Shenhua Academy, no one dares to provoke them. After all, even if the opponent is in the academy, they can't do anything. However, the students of Shenhua Academy will one day graduate.

After graduation, who can be sure to bear the anger of a top power?

Thinking of this, everyone's gaze at Ye Chen changed.

Important disciples of the top forces, even in the Shenhua Academy, are not many!

And to say that the most ugly face at this time is none other than Zhao Liang!

Top power?

If Ye Chen is really a descendant of the top power, then, they mocked each other so much before, are they completely enmity with each other?

A disciple of the top power, which one is not arrogant to the extreme?

Even in their opinion, Ye Chen is so weak that it hardly seems to be from a top power. However, if Ye Chen can really afford food in Tianqu, then, apart from his origin, it seems that there is no other explanation. !

The hearts of Zhao Liang and the others were raised at this time. After all, no one wanted to be targeted by a descendant of a top power, and no one wanted to fight against such a person!

Chapter 2010: Ye Chen's qualifications

Song Bai asked Zhao Liang, "Brother Liang, what should I do? Looking at the boy's appearance, it seems that he is really sure that he can afford the dishes in the sky area. We, won't we really offend a disciple of the top power?"

Zhao Liang frowned, what else could he do now?

Zhao Liang is already regretting now. Why would he offend a disciple of a top power because of a woman without background and strength?

This kind of person, no matter how weak they are, as long as he says a word, some people are willing to teach themselves for him. After all, where do you go to make a disciple of the top power?

He can only pray now, that Ye Chen can't afford the dishes in the Tianqu, and that Ye Chen will be laughed at by everyone!

Just after everyone almost regarded Ye Chen as a disciple of the top power, a voice rang from the crowd.

"He is not a disciple of the top power."

Who is the speaker?

Everyone looked at the man, and saw that he was an ordinary face, round face, yellowish complexion, a purple robe, and a simple ring on his finger. He looked ordinary and unremarkable. It's okay, but I don't know if he is a second grader or a third grader.

The person who spoke at the beginning, seeing this person refuting his judgment, said with some dissatisfaction: "He is not a disciple of the top power? Then, why is he so confident? And, why do you say he is not?"

This person obviously didn't know this purple-robed warrior.

However, his lack of knowledge does not mean that others do not know!

When Zhao Liang saw the man, his eyes lit up!

This person, named Xiao Feng, is a second-year student of Shenhua Academy. He has a good talent in Shenhua Academy. However, this person has a weird temperament. He has always been alone and is unwilling to communicate with people in his class. of.

Therefore, most people do not know the details of Xiao Feng.

However, Zhao Liang had heard a rumor related to Xiao Feng.

That is, Xiao Feng's true identity is the core disciple of the Lingwu Xiao family!

Now that Xiao Feng has spoken, Ye Chen is almost certain that he is not a disciple of the top power!

Finally, Ye Chen brought Xie Pingping to the sky area of the canteen.

Xie Pingping looked at the prices of those dishes, her little heart beating faster and faster, the price was really terrifying!

A bowl of rice cooked with a thousand-year-old spirit rice, a superb \*\*\*\* fire spirit crystal, a plate of passion flower stir-fried cold water, fifteen super \*\*\*\* fire spirit crystals, a thousand-year-old red fruit platter, ten super \*\*\*\* fire spirit crystals...

Shenhua Lingjing is a currency unique to Shenhua Academy, and only one Wan Lingshi can be exchanged for one.

Xie Pingping looked at these prices, almost dizzy. Originally, she still had some confidence in Ye Chen, but looking at the prices that were exaggerated to the extent that they could not be exaggerated, her confidence was gradually crushed.

Zhao Liang and the others looked at Ye Chen's silence in front of the dining cabinet in the sky area, and almost blurted out the mocking words.

But after Ye Chen glanced at the dining cabinet, he turned his head and smiled at Xie Pingping: "Xie Pingping, what's the matter? Don't you, have always wanted to eat the dishes in the Tianqu? What are you still doing, order? "

Order?

Ye Chen, asked Xie Pingping to order?

Zhao Liang and the others were all stunned. Ye Chen saw the price of the dishes, wasn't he supposed to be so scared that he couldn't speak?

Now, why are you still calmly calling Xie Pingping to order?

Could it be that when he arrives at this time, he still has to install it?

Xie Pingping also looked at Ye Chen in a daze, but she still looked at the dining cabinet as she said.

Xie Pingping swallowed a few more salivas and cautiously ordered a cold millennium dragon yuan fruit that only had five gods fire spirit crystals.

Then turned to Ye Chen and said, "I...I just eat this."

Ye Chen looked at Xie Pingping's cautious appearance and couldn't help but smile: "Don't worry, the price of the food here is nothing to me. You can order anything you want."

With that said, Ye Chen first ordered a barbecued golden-winged bird, two bowls of Lingdao rice, a plate of Tian Ling pepper fried dragon elephant meat, and a plate of clear-fried green light fruit.

Ye Chen, he really ordered food, and he ordered a lot!

Zhao Liang and the others, their faces are already hard to look at again.

This Ye Chen, wouldn't he be a nouveau riche?

Under Ye Chen's urging, Xie Pingping finally ordered another dragon elephant ribs soup, and Ye Chen finally walked towards the counter.

The waiter at the counter, a beautiful girl, smiled at Ye Chen and said, "Hello, my son, there are a total of 103 God, Fire, God, Fire, Supreme Spirit Crystals."

One hundred and three Surefire Supreme Spirit Crystals!

Well, one hundred and three Shenhua Supreme Spirit Crystals!

Ye Chen's meal can be said to be very luxurious. After all, although the dishes in Tian District are expensive, the quantity is quite large.

And Ye Chen ordered four dishes and one soup!

Everyone couldn't help but swallowed their saliva, staring at Ye Chen, wanting to see if Ye Chen could come up with so much money Ye Chen's expression was indifferent, his wrists turned, and some supernatural spirits Jing placed on the counter.

This is what he exchanged with Chen Jiu on the flying boat.

The girl at the cash register also glanced at Ye Chen somewhat unexpectedly.

Although she was very polite to Ye Chen, she also felt that this young boy with a low cultivation level should, cannot afford it.

Unexpectedly, Ye Chen would pay the money so casually!

At this moment, among the crowd, it can be said that there has been an uproar!

"He really can afford the dishes in the sky area!"

"It's not just that he can afford it! He was invited into the box by the waiter. That is the treatment he can only get after spending more than 100 Sacred Fire Supreme Spirit Crystals! This is not the result of a person who has a swollen face and a fat man. what!"

"I'm going, what is this person?"

At this time, Zhao Liang's complexion was completely gloomy.

Especially Zhao Liang!

There are already many people looking at them with a smile!

Before, they kept saying that Ye Chen couldn't eat the food in Tianqu, now?

My face is swollen!

It's not that Ye Chen can't afford it, it's that they, dogs look down on people!

But Zhao Liang and the others turned around and were about to leave.

At this moment, Ye Chen suddenly turned his head and smiled at Zhao Liang:

"Brother Zhao, aren't you here to eat? Why, I'm leaving now and I won't eat anymore? If you don't bring enough money, come and eat some together?"

The prices of the dishes in this area are a bit high, but that's all. I really don't understand why, to you, how terrible it seems?

Almost scared me, I didn't dare to come over for dinner. Next time, I will invite Brother Zhao to you, don't do anything, make all this fuss, as if I have never seen the world before? Yes, it makes people laugh. "
