Chapter 2021: Set foot on the springboard of the Kingdom of God!

Looking at the changes in Tu Yuan's body, Ye Chen didn't seem to be surprised. The method of madness just now was also a kind of supernatural power for overdrawing the potential of the body. Although the power is not bad, the side effects are naturally not small. .

Ye Chen put down Tu Yuan who was in a coma, moved his body, and restored his original appearance, with a slight smile on his face. The punch just now was quite refreshing.

Then, he turned his head to sluggish Huo Jiu and Chen Ke and said, "You guys, take him back to heal his injuries."

As he said, he turned and left. The big movement just now will probably attract Chen Jiu soon. He doesn't want to be caught by Chen Jiu, so he should leave quickly.

Chen Ke and Huo Jiu fell from the sky and raised Tu Yuan. The two looked at each other. Chen Ke suddenly smiled at Ye Chen and said, "That... Junior Brother, wait a minute, I haven't asked you yet. Your name?"

Ye Chen glanced at him and said lightly: "Ye Chen."

Chen Ke's smile remained undiminished, and continued: "Junior Brother Ye, before...we have offended so much. I'm really sorry, it's better...we ask you to go to the cafeteria sky area and have a meal. As a plea for sin, I don't know what you want. How about? Hope, you can forgive us..."

Although there was a pain in my heart, the three of them pooled together the food in the sky area and took out most of their savings, and they could still invite Ye Chen to eat.

Now, give him 10,000 courage, he dare not offend such a monster like Ye Chen to the extreme!

Instead, I have to do my best to please Ye Chen!

Ye Chen looked at him for a while, then turned his head and said: "The food in the sky area is unnecessary. If you want to apologize, do something for me."

Chen Ke heard the words, his eyes lighted up, his face was overjoyed and said: "Please tell me, please tell me, I will wait!"

Ye Chen said so, that is, there is room for forgiveness! Moreover, if there is a chance to help Ye Chen, Chen Ke believes that in the future, it will definitely have unimaginable value!

Ye Chen said: "A freshman in the first year, there is a girl named Xie Pingping. After that, I may have to leave the college for a while. During my absence, protect her for me and don't let anyone disadvantage her. "

Although Ye Chen seriously injured Zhao Liang, he had driven away the flies around Xie Pingping. After the news spread, no one should dare to approach Xie Pingping at will.

However, Ye Chen could not guarantee that when he left the academy and headed to the Nine Nether Kingdom, would anyone call Xie Pingping's idea, especially Zhao Liang. If he wanted to avenge Ye Chen, I am afraid he would leave in Ye Chen. At the time of the academy, he started with Xie Pingping.

When Chen Ke heard this, he looked at Ye Chen with ambiguous eyes, and smiled with his chest: "Don't worry, Junior Brother Ye, let this matter be covered by Senior Brother! I will definitely give you a good thank you when you come back. Junior sister's!"

Ye Chen paid attention to these people's thoughts lazily, put his hands behind him, and left directly.

Suddenly, what did he find!

his eyes shrank, and he used a hundred steps to move towards the southeast!

Just now, someone unexpectedly broke out to kill him!

Very strong killing intent!

However, when he rushed to that direction, he found no one.

"Am I wrong?"

As soon as the words fell, Ye Chen glanced at something, and with his five fingers, a sachet appeared in the palm of his hand.

He sniffed the tip of his nose slightly, and his face suddenly became gloomy.

The scent is exactly the same as that on Xia Ruoxue.

However, this is definitely not left by Xia Ruoxue.

The only explanation is the Lingxian Imperial Palace.

It seems that the Shenhua Academy also hides the eyeliner of the Lingxian Imperial Palace.

.....

At the same time, Lingwu Continent, Lingxian Imperial Palace.

is the palace.

The atmosphere is solemn to the extreme.

Two figures stood in front of a huge boulder, and the picture presented on the boulder was what Ye Chen had just happened in Shenhua Academy!

Xia Lingqiu smiled coldly, stared at the screen with amusement, and said: "Lingyun, this kid really surprised me a lot."

"The good fortune realm can burst out the power of the nine-layer heaven in the star aperture realm."

"I think based on this son's growth potential, there is no need to prevent Xia Ruoxue and Ji Siqing from seeing him."

"Maybe I have a good relationship with this person in the Lingxian Emperor Palace, and there are many benefits."

Lingyun heard Xia Lingqiu's voice, her fists clenched, her face flushed!

The ants she always thought threatened her!

Xia Lingqiu was very satisfied with Lingyun's current state. She swayed to a portrait, stretched out her hand and touched it carefully, and then continued: "By the way, how many days are there for your one-year appointment with him? Right?"

Lingyun's body trembled, her low voice, like a beast roaring: "Forty-one days."

Xia Lingqiu stretched out, revealing the full whiteness, and the evil voice sounded again: "You are going to lose."

Lingyun couldn't help it anymore, and shouted angrily: "I won't lose! I absorb part of the power of that stone, and I am now at the pinnacle of Star Aperture! I am not afraid of him! I will not lose to this ant!"

"Snapped!"

Xia Lingqiu suddenly came to Lingyun's face and slapped Lingyun's face with a palm.

Lingyun spit out a blushing blood at the corner of her mouth.

Xia Lingqiu's expression suddenly turned cold: "Lingyun figured out where you are! If you talk to me like this again, I will take your life back!"

"Also, I took the Lingxian Imperial Palace to glory! If you are ashamed of the Lingxian Imperial Palace, your sins cannot be forgiven."

"For a one-year appointment, I can only win the Lingxian Imperial Palace!"

"And That kid must die in the Lingxian Emperor Palace!"

"Understand?"

Lingyun covered her cheek, and knelt down directly: "Yes, the palace lord, Lingyun will never dare anymore."

Xia Lingqiu walked slowly to the thousand-year-old water chestnut, stretched out her hand, stroked the thousand-year water chestnut carefully, and muttered:

"Millennium Linghua only blooms once in a thousand years, so it is extremely beautiful."

"But after the flowers bloom, she loses value."

"Crack!"

When Xia Lingqiu's fingers were flashing a light, the Millennium Linghua instantly withered.

"Ling Yun, your value is here, I will let you win. And it is a crushing win."

"It's just that the process will be painful."

Hearing this, Ling Yun thought of something, her eyes filled with surprises!

"I don't care about pain! I don't care about the destruction of the foundation! I only want Ye Chen to die!"

Xia Lingqiu nodded in satisfaction: "Okay, I will send someone a war note for everyone in Lingwu Continent to witness. Ha ha, the one-year appointment is just the springboard for my Lingxian Imperial Palace."

"Step on the springboard of the kingdom of God!"

Lingyun looked at Xia Lingqiu, she could feel the ambition in Xia Lingqiu's eyes.

In this ambition.

Her aura is a chess piece.

The moment Xia Ruoxue and Ji Siqing entered the Lingxian Imperial Palace, they were also chess pieces.

She has no idea what Xia Lingqiu has changed. .

Maybe it started from getting that mysterious boulder.

Chapter 2022: Xuan Yan advanced!

After Ye Chen left, he directly returned to his dormitory, sitting cross-legged in the dormitory, and with a pinch, he called out a dark flame from his body.

is Xuan Yan.

Xuan Yan combines many flames, and there is even an immortal fire passed to him by the Lord of the Indestructible.

As soon as Xuan Yan came out, the bedroom was filled with an extremely hot air current.

"Whether we can successfully conquer the Yanbei this time depends on the Xuanyan."

"The refining of the dust stele was extremely painful, I am afraid that the powerful Yan stele is even more difficult."

"The Xuan Yan must be upgraded as soon as possible."

Ye Chen stared at the profound flame suspended in front of him, his expression was rather solemn. The Blood Burning Art was a very high-level supernatural power. This time I stepped up, I wanted to smelt a flame that is commensurate with the Blood Burning Art. It will be low.

Generally, fire repairers need to spend countless efforts and time to cultivate flames to advance flames. Therefore, it is not possible to have advanced flames that can quickly increase the level of flames.

Like Ye Chen, it is absolutely rare to absorb flames directly and refining into the source of fire, ordinary people can't even think about it!

First of all, the violent energy of the flame, directly absorbed and refined, is likely to damage one's body, even the foundation.

Ordinary warriors, even those who are extremely talented in controlling fire, are a little bit of refining the essence of fire, rather than directly absorbing flames in this way to enhance their original fire.

If it were seen by other warriors that Ye Chen absorbed the flame so directly to strengthen the original fire, I am afraid that he would be directly shocked to horror!

, that is, Ye Chen's aptitude and physique against the sky, dare to do this!

Ye Chen slowly adjusted his aura. He had just gone through a battle. Although he won quite easily, he still had some consumption after all.

This time, I have to refine several high-level flames. Even he dare not care about it. First of all, he must restore his state to the peak and try again.

An hour later, Ye Chen opened his eyes again, the light in his eyes was exquisite, his aura was mellow and restrained, obviously, he had reached a perfect state!

Finally, he stretched out a finger and moved a little bit into the void. A high temperature suddenly appeared in Ye Chen's dormitory. If the furniture in this dormitory had not been blessed, I am afraid it would have been directly lit!

An earth-yellow dragon-shaped flame appeared out of thin air. As soon as it appeared, it roared at Ye Chen spiritually and flew away from the dormitory!

Ye Chen snorted coldly, and a powerful divine spirit gushed out, and instantly locked the Jiuyuan Earth Dragon Fire. The surging spiritual power surged and turned into roots of crystal silk thread, blasted away, and penetrated the body of the Jiuyuan Earth Dragon Fire. !

Jiuyuan Dilonghuo let out a stern roar, as if unwilling to accept the fate of being absorbed, and struggled desperately!

And Ye Chen, his eyes flickered, and he manipulated his spiritual power in a hurry, pulling the Jiuyuan Earth Dragon Fire toward him inch by inch.

After a stalemate of two hours, Ye Chen finally pulled the nine yuan earth dragon fire in front of him, and the nine yuan earth dragon fire let out a desperate howl, and completely submerged into Ye Chen's body.

The next moment, Ye Chen's complexion sank, and a powerful fire burst out from his body in an instant. All of his clothes also turned to ashes in an instant!

The earth-yellow flame burned Ye Chen's body, enveloping Ye Chen's whole person in it, as if to incinerate Ye Chen completely!

Ye Chen's meridians, flesh and blood, bones, and skin on the body surface soon turned black!

This nine-yuan earth dragon fire is really extraordinary! Very powerful!

At this time, Ye Chen pointed at the Xuan Yan that was suspended outside his body, and the Xuan Yan trembled and quickly merged into the khaki flames that wrapped Ye Chen.

But, with the rank of Xuan Yan, it is impossible to suppress this powerful Jiuyuan Earth Dragon Fire!

Ye Chen took a deep breath. Although the flame is strong, but with its defying physical quality, it is not really hurting himself, and his whole body burst out with the power of Qilin Sha, Gengjin Qi, and God's blood. Above that flame!

In an instant, the flame that was still blazing, turned out to be so, it was suppressed by Ye Chen!

The Xuan Yan blended into the earthy yellow flame, and when he saw it, he let out a clear cry of joy, and began to swallow it unscrupulously...

After a day and a night, the flames on Ye Chen's body finally disappeared completely, but at this time, his appearance was also extremely miserable.

Ye Chen couldn't help showing a wry smile. Even if he possesses so many means and is an immortal divine body, it is not easy to absorb such a high level of flame.

At this time, the voice of Feng Qingyang sounded in Ye Chen's mind: "Boy, you are content, ordinary people, imagine you like you, directly absorb the flames of such a high level, but I can't even think about it. , You just looked a little ugly, and you didn't even suffer much injury. Let the Huo Xiu of Lingwu Continent know, I don't know, what you will be envious of."

Ye Chen nodded, he also knew that he just looked a little ugly, already, it was an extremely bad result!

That is, Jiuyuan Earth Dragon Fire!

Ye Chen didn't bother to clean up his body, but with a finger, another flame appeared in the dormitory...

After all, he still has several flames, which he needs to absorb...

Three days later, Ye Chen looked helplessly at his dormitory. At this time, the furniture that had been blessed by the formation was already charred, charred and destroyed.

I have absorbed the high-level fire one after another, even if it is affected by the fire when it is released, these furniture can no longer withstand it!

And now Ye Chen's appearance has returned to normal.

But soon, there was a flash of excitement in Ye Chen's eyes!

This time, the strength contained in the strengthened Xuan Yan made him very satisfied!

Especially after adding Absolute Frost True Liquid, Xuan Yan has undergone a qualitative change!

Ye Chen pointed his finger, and a lavender flame appeared in front of him. This flame gave a very strange feeling!

Although the flame contains extremely bursting energy, the temperature of the flame is not high, on the contrary, it gives a slightly cold feeling!

Feng Qingyang was quite content with a smile in Ye Chen's mind: "Boy, now even me, I have some expectations, how far can your profound flames be cultivated? In the future, if you can get Phoenix spiritual blood, you Homura, maybe it's still useful."

"But now, you must find the Yan stele hidden in the Shenhua Academy as soon as possible."

"The inflammation monument is very important to your blood."

"The dust monument protects you and makes you immortal, while the flame monument makes you stronger than the nine heavens!"

Chapter 2023: Old man!

Ye Chen put the mysterious flame away and curiously asked Feng Qingyang: "Phoenix spiritual blood? What does this mysterious flame have to do with Phoenix spiritual blood?"

Feng Qingyang said: "Phoenix fire is also an extremely powerful flame. The true phoenix fire has exceeded the level of Lingwu Continent and is considered a kind of divine fire. However, the phoenix fire is extremely difficult to find and can last. Keep improving."

"Oh?" Ye Chen blinked and asked, "How can I continue to advance?"

Feng Qingyang smiled and said, "Speaking of which, it is simple, that is, cultivate a flame that can be qualified to swallow the fire of the Phoenix!"

"Swallow the fire of the phoenix?" Ye Chen was shocked when he heard the words, and the flame that could swallow the fire of the phoenix should be, how heavenly?

You must know that in the Lingwu Continent, the Phoenix Fire is a platooned existence, even better than the True Dragon Fire!

And to be qualified to swallow the existence of phoenix fire, that flame is probably the divine flame among divine flames, right?

Ye Chen smiled bitterly and shook his head. Although the current Xuan Yan is good for him, it is still far from the point where it can swallow the phoenix fire. For the time being, there is no need to consider it.

Ye Chen suddenly thought of something and looked at the red and blue ball in the reincarnation cemetery.

Xiao Huang's refining is still not over.

"Hey, this time, Xiao Huang has evolved for too long. To be honest, I really miss it."

"Xiao Huang, I know that you can hear my voice, otherwise you would not rescue me with a force in the Universe Killing Domain."

"If you can hear, how about you reply?"

The words fell, Ye Chen noticed that the red and blue **** were shaking violently, as if nodding.

Ye Chen is overjoyed, sure enough! Xiao Huang can feel the sounds of the outside world!

"Xiao Huang, when will you be able to completely refine it?"

However, the red and blue **** were completely silent.

At this moment, a clear voice sounded: "Boy, how easy is it to reshape the body?"

"What's more, it's an ancient legendary monstrous beast."

"You just have to wait patiently, and it will appear when you need it most."

"At that time, it will be when the Lingwu Continent will shake."

What did Ye Chen think of from Feng Qingyang's words? He cared not only about Xiao Huang, but also about the blood dragon.

The blood dragon swallowed the divine object and the beast picture in the Lingxian Imperial Palace and disappeared.

The only clue is the Nine Heavens Dragon Palace.

Since Xiao Huang still needs time to wait, does that mean that he can go to the so-called Nine Heavens Dragon Palace in advance?

"Senior Feng, do you know that there is a place in Lingwu Continent called Nine Heavens Shenlong Palace?"

What surprised Ye Chen was that Feng Qingyang replied directly: "I know."

Ye Chen was extremely excited: "Senior Feng, can you take me with you! Finding the blood dragon is also a great help for me!"

However, Feng Qingyang directly interrupted Ye Chen: "Boy, it's not that I don't want to take you there, but the Nine Heavens Dragon Palace. You don't even have the qualifications to step into it now."

"There is the real dragon forbidden area in Lingwu Continent!"

"Even the Kingdom of God dare not shake the Dragon Power inside!"

"The blood dragon went there, maybe it was a fate."

"There are too many secrets here, and there are very few people controlled by Lingwu Continent, but presumably the two ancestors of the Holy Dragon Family and the Shenlong Family should know..."

Ye Chen was startled. He had an antagonism with the two big families, and he was not even qualified to meet these two powerful ancestors.

Only practice as soon as possible right now.

Feng Qingyang finally said: "Boy, you have grown too fast, remember that the road to martial arts takes one step at a time."

"Shenhuo Academy is an extremely mysterious existence in Lingwu Continent, and the surrounding forces should not be underestimated."

"If you are here, the kingdom of God will not necessarily move you."

"So, you should practice here for a while with peace of mind."

"I heard that there is a place in Shenhuo Academy that is very suitable for cultivation. You have something for you by the dean, so you might as well go there."

"When you step into the star orifice, you will understand the meaning of the power of our reincarnation cemetery."

Ye Chen seemed to understand, he stood up and moved his body a bit. Since Feng Qingyang has said everything, he must break through as soon as possible.

One level of good fortune, although he can contend against the pinnacle of the star aperture, if he encounters a genius who can leapfrog like himself, it is bound to be dangerous.

According to Feng Qingyang's words, he would naturally not practice in the dormitory. The concentration of spiritual energy in Shenhua Academy is so strong because Shenhua Academy has a higher spiritual vein than the Xuanyuezong spiritual vein!

According to the distribution of student dormitories, the dormitory of the first grade is a weak area, the second grade is medium, and the third grade is strong.

However, the strongest spiritual energy is naturally the root of the spiritual veins!

The root of this spiritual vein is also open to students, and regardless of grade, it is just that if you want to enter it, you will spend a lot of contribution points for a day, and the average student can't afford it at all.

However, Ye Chen had the token that Ge Qing gave him, so naturally he didn't need to worry about this.

It's just that Ye Chen now has no plans to retreat directly, he still has some things to do.

Immediately, Ye Chen left the dormitory and headed for a certain direction in the college.

At the top of a small hill near the college, several figures stood. Suddenly, those figures turned their heads and looked in a certain direction. There was a smile on their faces. One of the big bald guys laughed. :

"Ye Chen, you are really hard to find. I have been in the academy for so long until now, I finally saw you."

Ye Chen saw these people, his eyes were happy!

Because of these people, it is Xing Zitang, Ji Xuan and others!

These people are worthy of the genius disciples of the top forces. Their strength has improved too fast!

Xing Zitang and Ji Xuan, and even Tianling, are now Xingqiao! Only Chixia, slightly weaker.

How long have they been in school? There is such a big improvement!

Xing Zitang patted Ye Chen on the shoulder: "Brother Ye, we will cover you in the next day! The effect of practicing together will definitely be better!"

Ye Chen shook his head: "I have to go out this time."

And when Xing Zitang and others heard this, their faces were also different, Ji Xuan asked: "Going out? Are you going to perform the tasks of the academy?"

They have just enrolled, and they don't need much contribution points.

Ye Chen shook his head and said, "No, you guys, do you know the Nine Nether Kingdom?"

Ji Xuan, Xing Zitang and others nodded. They came from top powers and naturally had some understanding of the hidden superpowers of the Nine Nether Kingdom and the Kingdom of God.

Ye Chen said: "Soon, there is a royal family from the Nine Nether Kingdoms whose birthday is about to pass. The academy will send several representatives to celebrate the birthday, and I will also go with the dean."

Chapter 2024: Wanli chase and kill!

At this moment, Ji Xuan's faces were shocked, and they were able to go to the Nine Nether Kingdom, which is not something that ordinary warriors can do!

is a lot of star-aperture peaks and even half-step sealed martial artists, who want to travel to the Nine Nether Kingdoms, they will not be allowed. For a long time, the Nine Nether Kingdoms have been extremely mysterious.

And Ye Chen, now has the opportunity to go to the Nine Yous Country, and can you still see the royal family of the Nine Yous Country?

Ji Xuan frowned suddenly: "As far as I know, in the past, Shenhua Academy would indeed go to the Nine Nether Kingdom to celebrate the birthday of the royal family.

However, two super geniuses in the third grade and one of the best geniuses in the second grade are usually selected to accompany the dean.

Ye Chen, this time the dean should have given you the second-year genius quota. I am afraid that the top-level geniuses in the second year will have some opinions, Ye Chen, you have to be careful. "

Several other people also nodded rather solemnly. Recently, they heard that Ye Chen had defeated Zhao Liang in the cafeteria.

Although Ye Chen's strength is extremely strong, far beyond the realm, but facing the top genius of the second year of Shenhua Academy, everyone is still quite worried about Ye Chen.

After all, the students of Shenhua Academy are getting better every year.

More than ten years ago, the academy still had many good fortune realms, and the half-step star aperture was considered ordinary in the academy.

Now ten years later, there are fewer and fewer good fortune realms in the academy, but the middle stage of the star aperture can only be regarded as ordinary!

The evildoers are endless!

On the one hand, it comes from the talents of new students against the sky, and on the other hand, it is because of the underground spiritual veins of the Shenhua Academy that are changing every year!

Training here, the potential and speed of the martial artist is greatly improved!

Ye Chen nodded, the top genius of the second grade, I'm afraid, is stronger than the big monster and fierce beast, there is a war intent in his eyes.

Now, only such an opponent is qualified to make him interested.

Xing Zitang smiled and said: "Okay, let's not talk about this. The main purpose of our meeting this time is not to get together and eat? You said, is it to go to the canteen, or where?"

Ordinary people can't afford it, but Xing Zitang and Ji Xuan are the core geniuses of the top forces. Together, they eat a meal in the canteen, which is nothing.

Ji Xuan said with a smile: "Compared to the canteen sky area, there is a place that is more suitable for me to meet."

Xing Zitang, his eyes lit up and said: "You said, but Wangyuelou?"

"Wangyue Tower?" Ye Chen couldn't help but looked at them with some doubts: "Where is this Wangyue Tower?"

Ji Xuan smiled and said:

"This Wangyuelou is a restaurant run by the Shenhua Academy personally. Its taste is not inferior to the Tianqu canteen. The operator is said to be able to reach the sky in Shenhua Academy! Moreover, Wangyuelou has another characteristic."

Ye Chen came with a hint of interest and said: "Features? What features?"

Xing Zitang replied: "If you want to enter the Moon Tower to eat, it is not enough to have money. It is said that the owner of this Moon Tower admires body refiners and powerful warriors. Therefore, to enter this Moon Tower, you need Pass a test!"

Ye Chen also showed a different color when he heard this, this restaurant is really unusual.

Xing Zitang said: "If you want to enter this Wangyue Tower, you must first open a moon gate before you can enter the building. The weight of this moon gate is not light, and it cannot be opened in the middle of the star aperture!

Moreover, the moon gate of the Mochizuki Tower will close soon after it is opened. If you want to bring your companions into it, you need to open the gate long enough, and every time you open it enough for one person to enter, it takes a lot of money. Strength will also increase rapidly. "

Ye Chen smiled and said: "This Wangyue Tower is really interesting."

He was a little curious, but when he pushed it, how long could the Moon Tower be opened? It just so happened to test the power of the Burning Blood Technique after the Profound Flame advanced.

Immediately, several people were going to move towards the position of Wangyuelou.

Everyone laughed, and under the leadership of Ji Xuan, they headed towards the Wangyue Tower.

Soon, a few people saw from a distance, an unusually gorgeous tall building exuding a soft brilliance like moonlight, standing in the forest. Their eyes lit up, and this Wangyue Tower did not disappoint them.

Just the exquisite and gorgeous appearance has made a few people quite satisfied. It's definitely not a good time to gather here.

A few girls, looking at this Wangyue Tower, their eyes brightened. Which girl doesn't like this beautiful, gem-like architecture?

Even the coldest Tianling showed longing.

As they approached Wangyue Tower, several people couldn't help but pause, and their faces were surprised. In front of Wangyue Tower, there was a glorious crystal door. Presumably, it was the moon door. But before this door, there was actually a row. Long line!

The popularity of the Mochizuki Tower is so high!

At this time, in front of the moon gate, a tall young man with all his muscles was standing, sweating profusely, pushing the beautiful crystal door. The door opened a little gap, but it was far from enough to accommodate one person.

Seeing this young man's strenuous appearance, the guests waiting in line around him couldn't help but laugh, and beside the young man, a woman in a red cheongsam also frowned slightly, looking at the strong young man, Lu annoyed.

Finally, seeing that the young man could not open the moon gate too late, the cheongsam woman snorted coldly:

"Since I don't have the strength, why should I be embarrassed to come here? Bring me with you! I'm going back!" He said, regardless of the young man, he turned and left.

When the young man saw this, he gave up pushing open the moon gate, chasing the woman with a flushed face, and defended: "No...no It's just today, I'm in a bad condition."

The guests in line were ridiculed again.

But at this moment, Ye Chen stared at the moon gate closely with a solemn expression.

Just now, he felt a tingling pain from his brows!

This should come from the eyes of the devil!

Did the eyes of the devil tell me that the person I was looking for was here?

Before everyone could react, Ye Chen shot a cold gaze in one direction!

Just now, he obviously felt murderous.

There was a man and a woman in the line of sight.

One of the men stepped out following Ye Chen's gaze and asked directly: "You are Ye Chen."

"I have something to ask you."

"Have you ever been to the Nether Valley?"

"The death of a young master in Ten Thousand Demon Valley was related to you!"

Hearing this, Ye Chen's eyes suddenly shrank!

Didn't Sikong Feixing deal with the fall of the Young Master Ten Thousand Demon Valley?

Why did you investigate yourself?

Did Ten Thousand Demon Valley find that he killed that person?

If this is the case, it will be troublesome.

Chapter 2025: Offenders, kill!

But of course, Ye Chen couldn't admit it, and said indifferently: "I haven't been there before and it has nothing to do with you."

"I don't seem to be qualified to answer you."

Hearing these words, the man and the woman walked over instantly.

Both of them are in the Star Aperture Realm, with strong aura and luxurious clothes. The man is very well-tailored and has a black robe with elegant patterns, while the woman is a purple dress, which is equally gorgeous.

And the costumes they wore, they all exuded a faint charm, obviously extremely impressive!

The family background of these two people should also be extraordinary.

At this moment, this man and woman looked at Ye Chen coldly.

is like an enemy.

Xing Zitang looked at the two of them, his expression was slightly cold, and his tone was cold and he said, "What are you, what right do you have to ask my friend?"

The black-robed man was taken aback when he heard the words. He looked at Xing Zitang in disbelief. He was targeting Ye Chen, although he could see that Ye Chen, Xing Zitang and others came to Wangyue Tower together.

But, he didn't expect that Xing Zitang would actually contradict himself in order to defend Ye Chen of Xuan Yuezong?

Xing Zitang looked at the black-robed man, but there was no fear on his face. In this Shenhua Academy, although his strength was not outstanding.

And, facing the young man in front of him, Xing Zitang would never be an opponent.

But, even so, as the core successor of the top power, he still has his confidence. Even in this Shenhua Academy, almost all students are born extraordinary, or have a tall teacher.

How many people dare to really provoke a top power?

Even in the college, Xing Zitang can't help him, but the teaching of Shenhua Academy only takes three years, and the students of Shenhua Academy always have to graduate.

After leaving school, who is confident and able to withstand the anger of a top power?

This is Xing Zitang's confidence!

The black-robed young man stared at Xing Zitang. His name was Wu Xian, from the Valley of Ten Thousand Demons.

is related to the young master who died in the Nether Canyon.

This time, his biggest purpose in entering the Shenhua Academy is to investigate the truth and take Ye Chen away!

Although the royal family stopped everything, but Ten Thousand Demons Valley got news, things are by no means simple!

Ye Chen, the disciple of Xuan Yuezong, has the most problem!

Next to him is his girlfriend, Wang Zixin, from the Lingxian Imperial Palace.

is also the eyeliner of Lingxian Imperial Palace in Shenhua Academy.

Ye Chen had also told him about the Nether Gorge that day.

The two were questioned by Xing Zitang hostilely at this time. Although their expressions were gloomy, they did not speak immediately, because they knew Xing Zitang's origin was not easy!

This bald young man feels like the genius among the top forces that he has ever seen!

But, even so, Wu Xian would naturally not just retreat under the questioning of a star-aperture martial artist. His eyes were fixed and he was about to respond to Xing Zitang, but one person suddenly walked up.

Ye Chen!

He stretched out his hand, stopped Xing Zitang, turned his head and smiled at Xing Zitang: "Brother Xing, since he came at me, I will deal with it myself."

Xing Zitang frowned slightly. This black-robed warrior had a dangerous aura and was even more of a monster. With Ye Chen's previous strength, I'm afraid he could not easily defeat the opponent. However, Ye Chen had the previous record of defeating Zhao Liang with a punch. It should not be defeated by this guy.

He thought for a while, nodded to Ye Chen, and stopped talking.

Wu Xian said coldly: "I only need the answer, and Xuan Yuezong is not qualified to compete against our Ten Thousand Demon Valley."

"You can't get rid of the death of the young master of Ten Thousand Demon Valley."

"If you killed it, you admit now, I might still give you a good way to die."

"Remember, the old immortal Bai Zhentang of Xuan Yuezong can't save you either!"

Before Wu Xian finished speaking, Ye Chen directly stretched out his hand.

Then, under everyone's eyes, I slapped it out!

"Snapped!"

The storm condenses, the air surges!

Wu Xian's body was shocked directly!

A deep palm print appeared on his face and red blood overflowed from the corner of his mouth!

What he just wanted to say, Ye Chen said every word: "Insult my master, another time, die."

"Even if the Sect Master of Ten Thousand Demons Valley comes, he can't save you!"

After finishing speaking, before everyone reacted, Ye Chen's eyes fell on the girl Prince Xin.

The eyes condensed, extremely cold.

Ye Chen smiled evilly, and handed out a sachet with a funny taste: "You should have lost this thing."

"Next time you watch, don't be so obvious."

"Also, the matter of Ten Thousand Demon Valley, is it the meaning behind your Lingxian Imperial Palace? Or that **** woman Xia Lingqiu?"

As soon as these words came out, Wang Zixin shot murderously!

Not only Wang Zixin, but everyone present almost stopped breathing!

Xia Lingqiu? Mean woman?

In the entire Lingwu Continent, who would dare to say that the Supreme Palace Master of the Lingxian Emperor Palace!

Even Xuan Yuezong's head Cang Ye is not qualified!

However, this Xuan Yuezong disciple who had just entered the Shenhuo Academy actually uttered such crazy words!

lunatic!

Wang Zixin condensed a short sword in his hands, and Wu Xian also shot a murderous shot! Offering a long sword!

As soon as he wanted to do something, an old man with a terrifying breath walked out of it.

"Wangyue Tower, no trouble!"

"Offender, kill!"

"If you are not satisfied, it is better to make an appointment with this moon gate!"

The old man turned out to be a strong person in the closed door realm!

Wu Xian and Wang Zixin quickly took away their weapons and apologized to the old man.

"The junior is reckless."

After finishing speaking, Wu Xian stared at Ye Chen closely, saying every word: "Ye Chen, if you have a seed, follow me to Ten Thousand Demon Valley confront my father."

However, Ye Chen completely ignored: "I even dare to scold Xia Lingqiu, what is your father?"

"I do not have time!"

"To confront, let him come to me in person."

Wu Xian's eyes widened: "You!"

Just as the atmosphere was tense, the old man in the closed door realm stepped out and said to Wu Xian and Ye Chen: "Two, since there is a dispute, it is better to make a bet to resolve it."

"Bet? What to bet on?"

The old man pointed to the radiant crystal moon door and said, "Just gamble, how long does it take to open this moon door?"

"Yes." Ye Chen said directly.

Wu Xian and Wang Zixin were all taken aback when they heard the words, and then the two of them burst into laughter in front of Ye Chen!

If you want to open the moon gate, at least, you need the strength of the star aperture, right?

Moreover, physical fitness needs to reach a certain level, or a star-aperture warrior with excellent physical fitness.

This is still based on the standards of these super geniuses in Shenhua Academy, but what about Ye Chen?

Fortune Realm, even if you have a better physical fitness and reach the star orifice, it is far from reaching the standard for opening the moon gate. Just like that, not to mention pushing the moon gate, but also thinking, who pushes Wu Xian longer?

Chapter 2026: Gamble!

How can they not laugh? This person is simply a big joke!

Ye Chen ignored the two exaggerated laughs, and said indifferently, "You, do you gamble or not?"

Wu Xian finally put away his smile, and looked at Ye Chen sarcastically, "You want to bet? Of course you can, but what are you betting on?"

This has to be said well, otherwise, I will be afraid that you will regret it. "

Ye Chen looked at Wu Xian with a non-smiling smile: "Don't worry, I won't fall back on the bill. You don't want to fall back on the bill. If I lose, I will follow you to the Valley of Ten Thousand Monsters. What do you think?"

Wu Xian pretended to shook his head dissatisfiedly and said: "Not enough."

Ye Chen smiled coldly: "Then you said, what do you want to bet on?"

Wu Xian thought for a while, and then smiled at Ye Chen: "Otherwise, you would kneel to me in public?" His eyes were gloomy. This was the punishment for Ye Chen's provocation of Ten Thousand Demon Valley just now!

If the Xuan Yuezong disciple kneeled on him, it would be a good story for Ten Thousand Demon Valley!

He thought that Ye Chen would panic, shrink back, and make excuses.

However, what both he and Wang Zixin didn't expect was that Ye Chen's expression was so indifferent and he nodded without hesitation: "Yes."

Now, he almost laughed again. It seems that this person is really crazy and confident!

Ye Chen, regardless of other people's reactions, stared at Wu Xian and said, "Then, what about you? If you lose, kneel down for me?"

Wu Xian laughed and said, "Of course, we must bet, of course we must bet fairly!"

At this moment, Wang Zixin pulled Wu Xian's hand: "Ye Chen's strength is not as simple as you think. Although he is good fortune, he has the strength of the pinnacle of star aperture."

In the previous battle, Wang Zixin still had some shadows in his heart.

Wu Xian waved his hand and said, "This Moon Gate alone is not strong enough, but also has a realm. Even if he is against the sky, Dan Tian cannot be much better than me..."

"But..." Wang Zixin hesitated.

"Don't talk nonsense! I'm in charge of this matter!"

Wang Zixin sighed, shook his head, and stopped talking.

.....

Several people moved forward slowly in the team, and finally, Ye Chen and others came to the moon gate.

And Ye Chen walked to the beautiful crystal gate.

Everyone around, watching Ye Chen walk towards the moon gate, they all talked in surprise.

They had already seen Ye Chen, but they thought he was with whom and needed someone to open the door for him, but they didn't expect Ye Chen to open the door?

How could a martial artist of good fortune realm push the moon gate open!

"Who is that person? Go to push the moon gate with this kind of cultivation? Aren't you afraid of embarrassment?"

"Maybe, people just want to challenge it? Anyway, the challenge doesn't cost money."

"Hehe, you can't help yourself. If you want to challenge, wait for the star orifice to challenge again? Good luck? What is it?"

Listening to everyone's comments on Ye Chen, Wu Xian smiled more and suddenly said, "Everyone, please don't be offended, this junior, I must bet with me to see who opened the moon gate. longer."

Everyone was surprised when they heard this, and then there was a burst of laughter!

"Hahahaha, this martial artist in the good fortune realm, want to bet against the existence of the star aperture? It's a laugh!"

"Yes, this kid, I remember, and I will give him the names of the first and second stunners in the college."

"Hahaha, there is a good show, I don't know, what is their bet?"

Wu Xian listened to everyone's ridicule, and his face showed satisfaction. What he wanted was this effect. He didn't want to end up with a reputation that forced his junior to kneel down.

And Ye Chen, his complexion was still indifferent, everyone's discussion, he didn't take it to heart from beginning to end, at this time, he was already standing in front of the moon gate.

"Take this to try the power of the new Xuanyan."

He closed his eyes slightly, adjusting the spiritual power in his body, and a purple flame poured into his blood from his dantian!

There was a boom, purple light flashed, and a purple flame burned on Ye Chen's body, and the students who were closer to Ye Chen couldn't help but shiver, this purple flame actually exudes a strong chill!

Soon, the purple flames converged, and a flame pattern appeared on the center of Ye Chen's eyebrows. At the same time, on the body, many purple patterns shone.

And Ye Chen, looking at his palm, his eyes flashed with excitement and happiness.

After the advanced stage, Xuan Yan did not disappoint him!

Now, the power brought to him by the blood burning technique after the advancement is too strong!

Feeling the violent power in his body, that power is so huge that it can move mountains!

Ye Chen looked at the moon gate in front of him, and he couldn't help becoming a little eager to try!

Wu Xian and Wang Zixin looked nervously at Ye Chen, who had undergone an astonishing change. Their heartbeat accelerated. Wang Zixin looked a little ugly, and asked Wu Xian anxiously, "I always feel something wrong."

Wu Xian's complexion is not good, but he still maintains his composure:

"Don't be nervous, in terms of strength, I really haven't been afraid of anyone in Ten Thousand Monster Valley."

"If I use my secret technique in the Valley of Ten Thousand Demons, my strength can be greatly improved, and it will be a big difference in normal conditions!

Is it really afraid that he will not succeed?

It's just that, generally speaking, I only use that secret technique at the moment of life and death..."

He looked at Ye Chen's back with some hesitation, and finally showed a decisive expression. He gritted his teeth and said: "The stronger Ye Chen is, the more likely he is to face the young master in the Nether Canyon. If so, his performance, it really threatens me. Even if I use the secret technique, I will completely crush him and step on his self-esteem!"

Wu Xian was also completely ruthless at this time. Although the mystery of Ten Thousand Demon Valley was so powerful, he could even make the Star Orifice Cultivation him, forcibly surpassing a shackle, and defeating the Star Orifice Martial Artist!

However, in a lifetime, the number of times used is only twice. If it were not for the real life and death moment, Ten Thousand Demon Valley would not use this secret technique at will!

But, now seeing Ye Chen's performance, Wu Xian is truly stunned!

Even if he wants to waste a precious chance to use the secret technique, he still has to defeat Ye Chen in this moon gate gambling! Let Ye Chen kneel down in front of everyone!

After all, if he really loses and wants him to kneel down in front of so many people, or kneel down to a lowly-born commoner like Ye Chen, then it feels like a life for him and Ten Thousand Demon Valley. It's better to die!

He Wu Xian, it is absolutely impossible to do this!

And Wang Zixin, when he heard Wu Xian decided to use the secret technique, he was completely relieved. The secret technique of the Ten Thousand Demon Valley, but in the entire Lingwu Continent, is very, very famous.

Only those who have the blood of Ten Thousand Demons Valley can use it. Although there is a shortcoming of limited times, but! Nor can it conceal the almost infinite power of that secret technique!

Chapter 2027: The VIP of Mochizuki Tower!

And Ye Chen's hands, under the gaze of everyone, finally pressed on the moon gate!

Feeling the weight of the beautiful crystal gate that has deterred countless geniuses, a faint smile was raised on Ye Chen's face.

What did he feel?

light!

is too light!

Even, it's just like an ordinary wooden door, it can't cause any pressure on Ye Chen at all!

At this moment, everyone's hearts couldn't help but mention their throats. I don't know, can Ye Chen push open the moon gate?

After all, although some people have seen Ye Chen defeating Zhao Liang, that battle was too weird and ended too quickly to have an exact judgment on Ye Chen's strength.

More people have just heard of Ye Chen's deeds, but haven't really seen him make a move. They are more curious about Ye Chen's power.

The next moment, Ye Chen put his hands hard, the giant crystal door in front of the door, like a plastic product, suddenly opened to the two sides, the huge force drove the door leaf, and the gust of wind that caused the close warrior could not help but retreat. Half a step later!

The rule of pushing the moon gate is not to push it inward step by step, but to open the moon gate with one push!

And Ye Chen's push actually caused the extremely heavy moon gate in front of him to make a bang and slam into the inside! Even the whole land shook!

This push completely opened the moon gate!

Silence, the air in front of Wangyue Tower completely solidified.

All the onlookers looked at Ye Chen dumbfounded. What kind of power is this? It's horrible!

This power is almost beyond the peak of the star aperture!

And what is Ye Chen's cultivation?

good luck!

Not even the Star Aperture Realm!

Is that human being?

Ye Chen didn't take it seriously. This was an expected result. He just turned his head and smiled at Xing Zitang and others who had fallen into sluggishness: "Brother Xing, Brother Ji, go in."

This time, the outside of Mochizuki Tower is completely boiling!

Countless people exclaimed and cheered. Ye Chen's performance was really shocking and perfect!

And Xing Zitang and others, also with You Rongyan, walked into the Wangyue Tower amidst the cheers of the crowd.

There are two people, but they can't blend into this atmosphere.

Wu Xian and Wang Zixin, unbelievably, looked at the moon gate pushed open by Ye Chen and couldn't close for a long time. For a moment, extremely pressure crushed their minds and bodies!

Wang Zixin asked Wu Xian with a trembling voice, "Can you win him?"

And Wu Xian was also silent, Ten Thousand Demon Valley's secret technique is very strong, it can be called against the sky, but it can only raise his strength to the limit.

But, the limit of self can be like Ye Chen, completely open the moon gate, can't it be closed for a long time?

Originally, Wu Xian, who was full of self-confidence, was finally afraid, and even regretted it!

He regrets, why is he doing nothing to provoke Ye Chen?

But who would have thought that, originally, I just wanted to step on the ant on the side of the foot, but this step has stepped on the dragon's tail!

Wu Xian's face was cold and sweaty, his heartstrings were tight, his brain was running fast, he was thinking, what is the solution!

But, Wu Xian, who was originally quite confident in his wits, had a blank brain at this time. Facing Ye Chen's incredible power, what strategy? It's just empty talk!

Wu Xian swallowed, no, he can't go on like this anymore, he hasn't taken any action yet, but he has already felt a crack in his Dao Heart!

If you really continue to bet against Ye Chen, if you are forced to kneel in public after the failure, your Dao Xin will completely collapse, right?

At this time, Wu Xian couldn't help but whispered to Wang Zixin: "Zixin, I...we, let's go first..."

Wang Zixin glanced at Wu Xian. She knew that Wu Xian had no confidence in surpassing Ye Chen by saying that. Then, if he continued to gamble, he would only end in humiliation.

She nodded, and the two of them turned around quietly, leaving Wangyuelou like this before the crowd noticed them.

But at this moment, someone suddenly said: "Right, just now, didn't someone say that they want to compete with this freshman?"

Just as this person's voice fell, everyone's eyes shuddered and focused on Wu Xian and Wang Zixin who were about to leave.

The faces of Wu Xian and Wang Zixin turned pale instantly.

Wu Xian thought desperately, trying to find an excuse to justify, suddenly, there was a sweet female voice not far away.

"Who is it that opened the moon gate to such an extent?"

Everyone was attracted by the woman's voice and looked back.

From the Wangyue Tower, riding on the moonlight, a curvy woman with a transparent veil flew up and looked at this woman, even Ye Chen was slightly dazed.

Although she is like Tianling, she uses a veil to cover her face, but that veil is much thinner.

The looming face, coupled with a pair of eye-catching eyes like a bright moon surrounded by stars in the night sky, has formed an extraordinary and incomparable beauty!

In Ye Chen's impression, only Ji Siqing, Xia Ruoxue, Wei Ying and others can compare with this woman in appearance, right?

However, what made Ye Chen pay more attention to was the strength of this woman!

This woman is very strong! Is a warrior in the closed door realm!

Just when Ye Chen was horrified, there was another tingling pain in the center of his eyebrows!

Who is she?

Is it really the person from the Shenhua Academy that the Devil Emperor explained?

The opportunity for the Demon Emperor to restore his true body lies with this person?

Ji Xuan beside Ye Chen pulled Ye Chen's sleeve and whispered, "This one should be the owner of Wangyuelou."

Ye Chen was shocked again when he heard this. Originally, he heard that the owner of Mochizuki Tower admired the martial artist with extraordinary power.

In his imagination, this person must be a tall man with a very strong figure and bold demeanor, but who would have thought that he was such a fairy-like woman?

However, Ye Chen still politely said to the woman: "I opened this moon gate."

The woman's bright eyes looked at Ye Chen. When she saw Ye Chen's cultivation, a strange color flashed in her beautiful eyes.

However, she didn't say much. She smiled at Ye Chen and said: "It's been a long time since there has been no newcomer. I can push the moon gate completely. My name is Chu Ying. Can you tell me your name?"

Ye Chen said: "Ye Chen, this year's college freshman."

Chu Ying nodded, and waved at Ye Chen, a pale golden card fell into Ye Chen's hand, Chu Ying smiled:

"Any genius who can fully open this moon gate can become a VIP of Mochizuki Tower. This gold card is the proof of VIP status, and only you can use it.

Thank you. In front of the Wangyue Tower, I saw an interesting scene again. Please don't refuse. This gold card is just a gift from me. With this gold card, you can get a 50% discount on consumption in the Wangyue Tower. "

Chapter 2028: The body of ten thousand demons!

Chu Ying's words caused an uproar in the crowd again, the VIP guest of Wangyue Tower!

That's not a normal treatment!

Wangyue Tower, itself is a high-end consumption place where powerful and powerful people gather. It is conceivable that those who can become VIPs will have the superior treatment and the benefits that can be said to be countless!

What's more, you can get a 50% discount on consumption in the Mochizuki Tower!

Wangyuelou's dishes are comparable to those in the food court, and naturally, the price is extremely high. This 50% discount can be said to be equivalent to a huge wealth!

If Ye Chen is willing, as long as he brings people to Wangyuelou for dinner, he can obtain a considerable fortune.

Ye Chen accepted the gold card, and said with a faint smile at Chu Ying:

"Thank you, Fairy Chu, but I'm disrespectful when I'm down."

Since this person might be the person that the Devil Emperor confessed, Ye Chen naturally wanted to befriend him.

Chu Ying saw that Ye Chen was so calm, but she was a little surprised.

Ordinary people, after getting the gold card of Mochizuki Tower, are often excited.

Ye Chen, but he didn't seem to put this gift of his own too much into his heart. This is something that even the children of many top powers cannot do.

However, Ye Chen's indifferent attitude also made Chu Ying become more interested in him.

She smiled and said to Ye Chen:

"This Mochizuki Tower is not the only one in the Shenhua Academy. In many parts of Lingwu Continent, there are many places where Yuelou can be operated. It is not just a restaurant. This gold card can be used in the industries under Wangyue Tower. generic."

After speaking, she was ready to return to Wangyue Tower.

And everyone cast a stark envious and jealous look at Ye Chen.

Ye Chen didn't care, but his eyes flickered slightly, and he was a little curious about the identity of this female shopkeeper. The identity of a woman who was able to give such a gold card at will, naturally, would not be simple.

However, he doesn't plan to consider these things now, and now he has another thing to do.

Ye Chen turned around slowly, facing Wu Xian and two of them who were about to flee while everyone was being distracted by Chu Ying, said lightly:

"Should it be your turn to push the moon gate?"

Since Wu Xian wants to gamble and wants Ye Chen to kneel down, then, Ye Chen, how can he let them go at this time?

Everyone looked at the two who were about to escape, and couldn't help laughing.

"Hey, look, this guy, isn't this the warrior who just said he wants to bet?"

"Hahaha, I talked so loudly about the gambling fight just now, why are you eager to leave now?"

"Seeing this new student, this kind of performance against the sky has even led to Boss Chu. If it is me, I will be scared and run away?"

Chu Ying, who was about to leave, turned around interestingly when he heard the comments from everyone, and asked Ye Chen curiously: "You guys, what are you betting on?"

Ye Chen stared at Wu Xian, who was extremely pale and tried to restrain the trembling body. He said one word: "This brother Wu seems to be extremely confident in himself. He must let the loser kneel in public."

His eyes are getting colder and colder.

"Or, this brother, has a good habit of kneeling? Then, how can I let him miss such a good opportunity? Brother Wu, please?"

Wu Xian stared at Ye Chen fiercely. He would hate Ye Chen now, but he just took Ye Chen, and there was no way.

After all, this bet is indeed what he asked for!

Wu Hyun now has all the desire to die...

and Chu Ying smiled and clapped her hands:

"Interesting, so interesting, I didn't expect that Ye Chen, the fun you brought to me is more than simply pushing the moon gate completely open.

That person over there, is that brother Wu?

Come here, I can't wait, I can see and see the skills of this brother Wu.

In this gambling fight, I wonder if I can be the referee? "

Ye Chen smiled and said, "As Fairy Chu, there is naturally no problem."

Chuying smiled and looked at Wu Xian, who was increasingly pale, and said, "The one over there, you are refereeing me, is there any problem?"

Wu Xian clenched his teeth, he wanted to say, yes, too much! I don't need any referees at all, because I don't want to compare at all!

Who would want to compare, a contest that must be lost?

Moreover, the loser of the competition still has to kneel in public!

But, does he dare to say that to Chu Ying? He was in the upper circles of Lingwu Continent, and he knew a little bit about the forces behind this Wangyue Tower!

The background of the beautiful Chu fairy in front of him is not simple at all!

Wangyue Tower is a force on the Lingwu Continent, covering huge organizations in various industries, even without fear of the Kingdom of God.

The power that can do this kind of thing, naturally, is extremely extraordinary!

There is even a legend that Mochizuki Tower has a very close relationship with the mysterious Nine Nether Kingdom!

Chuying, as the owner of the Wangyuelou restaurant in the Shenhua Academy, is definitely not an ordinary existence...

Besides, she is also a warrior in the closed door realm...

The cultivation base reaches the gate-closing state, even if it is a martial artist of ordinary origin, any warrior who has not reached the gate of the power cultivation base dare not disrespect such a person, at least, Wu Xian dare not.

After all, the gate-closing state is already enough to stand alone in Lingwu Continent.

Wu Xian, facing Chu Ying's question can only support her and nod her: "I have no opinion..."

Chu Ying nodded, and beckoned to Wu Xian, Wu Xian's body was brought to the moon gate by a huge force without resistance.

Chu Ying smiled and said: "Then, let's get started. I want to see if you can also create a miracle like Ye Chen's. If you can also completely open the moon gate, I will call the shots so that both of you will avoid For gambling, I will also give you a gold card."

Wu Xian is almost crying now. Although Chu Ying's words are very good, it is clear that if he is not as good as Ye Chen, Chu Ying does not intend to let him go.

However, Wu Xian is a disciple of Shenhua Academy after all. He quickly turned to his face with determination. Now, he can only fight!

He has a dignified face, his hands have a weird seal, and the aura all over his body has begun to become obscure, bursts of black aura radiating from Wu Xian's body!

"Ahhhhh!!!"

Wu Xian let out a painful roar, and his skin gradually turned into a pure black color. Even the white of his eyes turned black, but his eyes, which should have been black, turned white!

At this time, Wu Xian looks strangely indescribable!

What's even stranger is that his breath is climbing at an astonishing speed!

This is the secret technique of Ten Thousand Demons Valley, the body of Ten Thousand Demons!

Chapter 2029: Strong divinity!

But when Wu Xian's breath reached its extreme, it finally stopped growing!

He panted heavily, raised his hands, and gathered his spiritual power into it. The power of the realm exploded wildly, staring at the re-closed crystal door!

"Roar!" Suddenly, Wu Xian burst out with a loud roar, and slapped both palms toward the moon gate!

With a loud bang, the entire Shenhua Academy was shaken by Wu Xian's shot!

The momentum of this blow was actually extremely shocking, and it was still above Ye Chen!

Everyone looked at Wu Xian in shock. The other party first performed a secret technique, and the cultivation base instantly skyrocketed. Then, they issued this terrifying blow to shake their original confidence in Ye Chen.

This Wu Xian is also a terrifying existence!

And Wu Xian himself also showed ecstasy on his face. Under this tremendous pressure, Wu Xian seemed to have broken through his own limit. The palm just now was almost the most powerful shot in his life. Palm up!

Its speed and strength have reached its peak, maybe, it is really possible to surpass Ye Chen!

In his heart, there is not only a glimmer of expectation!

However, Ye Chen didn't show the slightest color when seeing Wu Xian's performance. Instead, he wore a faint smile.

This Wu Xian, although he was a little surprised when he used the secret technique to improve his cultivation, his level, now it seems, is nothing more than that.

Chu Ying, who was standing next to Ye Chen, also shook her head slightly. She did not deny that Wu Xian's strength was indeed not small, but she knew that Wu Xian had already lost.

I want to open the moon gate perfectly, but no, brute force is enough.

still need, extremely precise control of power!

Maybe Wu Xian's power has reached the level of pushing the moon gate perfectly, but!

Its control of power is different from Ye Chen's! too poor!

The crystal door of the Moon Gate trembled, and it opened to both sides at a very fast speed.

And everyone was staring at the crystal door of the moon gate. In this very short period of time, the atmosphere was extremely tense!

Finally, just before it was about to fully open, the two crystal doors of the moon gate were completely still.

Looking at the moon tower, there was silence, everyone looked at the still door leaf, and Wu Xian's blow was unexpectedly defeated by Ye Chen?

Ye Chen's power, to what level is it terrifying?

Everyone felt that their brains were swelling, and they were dizzy. Almost, they were so shocked by this incredible scene that they could not think!

And Wang Zixin, at this time, his face was ashamed, Wu Xian lost, really lost, even if he used the most precious secret technique, even if he had the cultivation base of the peak of the star aperture, he still lost?

It seems that the Lingxian Emperor Palace has far from enough information.

The one-year appointment between Ye Chen and Lingyun's deputy palace lord, the result is really unpredictable.

At this time, Chu Ying said indifferently: "Ye Chen wins this gambling fight!"

While hearing Chu Ying's voice, Wu Xian, as if hearing the judge's death sentence, was completely and completely plunged into despair. He looked at Ye Chen with empty and godless eyes.

met with a pair of proud and extremely cold eyes.

For an instant, Ye Chen's figure became extremely tall and terrifying in Wu Xian's eyes!

It seems that he is just an ant, and Ye Chen is a towering giant!

ants, if you accidentally annoy the giant, what will happen?

Maybe, the world of ants, the whole world, will be destroyed, right?

Ye Chen said to Wu Xian: "You, shouldn't it be time to fulfill the bet?"

Wu Xian is not worthy of his mercy. Anyone who offends him will have to pay a heavy price!

Chuying also urged with a smile but a smile: "Since it's your gambling contract, then, start executing it quickly?"

She was still interested in Wu Xian kneeling down.

A Star Aperture Warrior, kneeling to a Good Fortune Warrior?

Such an interesting thing, who doesn't want to watch it?

Wu Xian knew that he was done.

From then on, he couldn't look up again.

Even the honor of Ten Thousand Monsters Valley is also swept away!

The circle he has been running, after receiving this news, will start to reject him.

This is a circle so indifferent and so realistic.

And this circle, once, was everything he believed in, everything he pursued, a symbol of his status, and a source of his pride.

But now, it's all over, because of Ye Chen in front of me.

This, the young man he originally looked down upon.

There was a line of tears in Wu Xian's eyes. Under everyone's attention, he knelt down in front of Ye Chen with a pop.

This is not because he decided to kneel.

However, when his mind collapsed, he could not support his body and knelt down subconsciously.

Ye Chen coldly looked at Wu Xian who was kneeling in front of him, and said:

"I am indeed from an ordinary background, without what you call a family background."

Since he embarked on the road of cultivation, he has walked step by step, relying on himself!

Without the support of the family and the support of blood relatives, he can live today, not by any means of communication, or by his noble words and deeds, but by the iron and steel he has trained for survival since his childhood. Will, the spirit of never surrendering!

"Now, I will tell you here, your so-called family background, so-called background, in my opinion, is worthless!

I am Ye Chen alone, my family background, myself, my background!

Do you think that your family background can make you superior to be able to despise others?
Extremely ridiculous!

You are just an ignorant clown blinded by vanity. Even if you try hard to raise your own value, you cannot change your humble nature! "

"Now, you kneel in front of me, that is the best proof! Remember, no matter what great family background and background you have, there is still existence in this world that you can never offend!

These people cannot be measured by your so-called family background! "

Wu Xian heard this, the Dao Heart trembled violently, he let out a very painful scream, his seven orifices were bleeding, his soul screamed, and he passed out instantly!

Everyone looked at Ye Chen in shock. For a while, they didn't understand what happened!

They know very well that Ye Chen has not shot Wu Xian!

But, based on his words, Wu Xian has become this miserable look?

This! It's too scary, too weird!

Everyone looked at Ye Chen tremblingly, this young man in the good fortune realm had caused these geniuses who crossed the Lingwu Continent to have a chill from their souls!

There are only a few people present, who understand what happened!

Ye Chen, the reason why Wu Xian was able to speak makes Wu Xian look like this, because the words he just said contained a strong divinity!

Chapter 2030: The person the Demon Emperor is looking for!

These divine words hit the key point in Wu Xian's heart, and in an instant, it eroded his Dao Heart, leaving a mark in his soul!

Ye Chen's imprint of divinity has deeply penetrated Wu Xian's soul, and even if it is a Martial Artist of the Sealed Door, it is impossible to erase it!

Originally, Chu Ying, who was only interested in Ye Chen, now looks at Ye Chen's gaze, has completely changed!

Her background is extraordinary, and she has seen many unimaginable geniuses, but there are very few people like Ye Chen who can do this kind of thing!

In her impression, I am afraid that only one person can do it, right?

And she herself has the power of divinity in cultivation, but even if she has the cultivation base of the early stage of the gate closure, asking herself, she can't use the divine power to such a degree like Ye Chen.

And Ye Chen, this is the existence!

Chu Ying looked at Ye Chen, her beautiful eyes gradually brightened up!

Originally, she thought that the episode in front of Wangyue Tower tonight was just a surprise that brought her a little bit of fun to her boring night.

did not expect that this accident brought her a great surprise!

Chuying is very beautiful, with an extraordinary background and natural, and there are countless suitors, but she has never really moved her.

But now, in front of the Wangyue Tower, which she runs for pleasure, Chu Ying's calm and unwavering heart, for the first time, because of a man, ripples are rippled.

This young man named Ye Chen, who made her very curious and made her unable to see through.

This is a genius with only good fortune realm, but showing that terrifying potential.

And tonight, in front of Wangyue Tower, these geniuses who will smash the Lingwu Continent in the future, have remembered a name, a name that will make them unforgettable forever.

Ye Chen.

.....

After Wang Zixin left with Wu Xian, Chu Ying smiled at Ye Chen: "Ye Chen, you and your friends, did you come to Wangyue Tower for dinner?"

Ye Chen smiled and said: "Of course, we are not here to push the door to play, right?"

Chu Ying suddenly pulled Ye Chen up without any scruples, and while leading him to Wangyuelou, she smiled:

"Come with me, I'll take you to the top floor of the Moon Tower, where you can only receive my friends.

Even ordinary VIPs cannot enter. "

Her movements are naturally incomparable, as if she had known Ye Chen for a long time.

Everyone was taken aback.

Even Ye Chen was a little unclear, but he didn't refuse.

This woman is very mysterious, he must now determine what is the relationship between this person and the Devil Emperor!

Feng Qingyang also smiled in Ye Chen's mind at this time: "Boy, it seems that you have provoked an incredible woman again. I would like to see if one day in the future, is it even a true goddess? Will you show your favor."

Ye Chen smiled bitterly and said, "I love you? How is it possible? Chu Ying and I just met, right?"

Feng Qingyang smiled and said: "You don't understand, women are all emotional creatures, even the goddess of the nine heavens. If you attract them, even if you have only heard rumors about you, you may fall in love with you. of."

Ye Chen gave Feng Qingyang a white glance: "It seems that Senior Feng is an old driver..."

The wind is clear and uplifting, surprised: "What is a driver?"

Ye Chen: "....."

Ye Chen glanced at Chu Ying, who was holding him. Could it be that this woman with a mysterious origin and excellent cultivation base really fell in love with him?

Or is it because he has the aura of the Devil Emperor?

Is this a good impression?

His gaze crossed Chu Ying's veil-shrouded face, and suddenly he had an impulse to take off the veil from the other's face...

Soon, under the leadership of Chu Ying, everyone came to the top floor of Wangyue Tower.

Wangyuelou was originally a very elegant place, and its decoration patterns are all exquisite, but compared with the top floor of this Wangyuelou, it is like just a restaurant that can be seen everywhere on the street.

Even Xing Zitang, Ji Xuan and others, who came from the top powers, couldn't help being shocked by the scene before them.

Beautiful, so beautiful!

Although it is still wooden walls, windowsills, tables and chairs, it seems, nothing special.

However, these decorations and architecture are perfectly integrated, without the slightest inconsistency. In the rendering of the moonlight from the skylight, it exudes an atmosphere like an immortal residence.

Being able to drink and eat here is not only a kind of enjoyment, but even the exercise of the mood and the comprehension of Tao Yun will be improved!

This seemingly ordinary top floor of the Mochizuki Tower, absolutely, not from ordinary hands!

Ye Chen glanced across the top of the Moon Tower, and his pupils contracted. The person who was able to design the top layer of the Moon Tower, his cultivation level must be still above the door!

In other words, the person who built the top floor of Wangyue Tower by Chu Ying had a deep understanding of Dao Yun, formation, and construction!

Such an existence, even among the first-class forces, is an existence like the Supreme Elder, how could it be possible to easily build a restaurant for others?

The origin of Chuying, I am afraid, is more terrifying than he thought!

Chu Ying led the crowd to sit down at a round table carved from wood, and smiled:

"Wait a moment, today, I will cook by myself, please try my craft."

After finishing , without waiting for everyone to speak, he walked out the door.

After Chuying left, Xing Zitang couldn't help but laughed at Ye Chen: "Brother Ye, we are really drenched in your light, so that we have the honor to taste the delicious food cooked by such a fairy-like beauty!"

Ye Chen smiled bitterly: "Why did it happen to me again? It's just that Fairy Chu was on a whim."

But Ji Xuan and Xing Zitang couldn't help laughing.

Soon, Chu Ying personally carried a delicious delicacy in color and fragrance, and put it in front of Ye Chen and others. For a while, everyone's attention was completely attracted by these delicacies.

I have to say that Chu Ying's identity seems extremely difficult, but his cooking skills are so exquisite that they can't be more exquisite!

These dishes are even more delicious than the food in the canteen area!

is simply the ultimate delicacy of Lingwu Mainland!

And Chu Ying herself, also sat between the seats, and talked happily with everyone, like a friend, without the pretense of a strong person.

When Ye Chen mentioned that soon after he was going to follow the dean to the Nine Nether Kingdom, Chu Ying had beautiful eyes shining with joy and said:

"Ye Chen, are you going to congratulate the nine princesses of the Nine Nether Kingdom? That's great, I also want to go. It just so happens that I have to ask the dean to go with me, so that during the journey, I won't lonely."
