Chapter 2031: If the sky touches his scales, he will kill the sky!

"Are you going to the Nine Nether Kingdom too?"

The guess in Ye Chen's heart became clearer and clearer. Not everyone can go to the Nine Nether Kingdoms. Only the four imperial families, the deans of the four major academies, and top talents are eligible to participate, but Chu Ying has to go to Jiuyou. Birthday in the country?

Chu Ying smiled mysteriously: "Yes, you are sure, you are very curious about my identity? However, my identity will never be told to outsiders..."

Ye Chen couldn't help being a little speechless. This girl who looked like a fairy and was the owner of Wangyue Tower, but in front of Ye Chen, she acted like a girl.

After eating, a few people were ready to leave.

"Ye Chen, stay lightly."

Ji Xuan and Xing Zitang heard this voice, patted Ye Chen on the shoulder, and said in a way that you understand: "Brother Ye, take a moment."

Ye Chen ignored him, he stopped and went back inside again.

Chu Yingxiu moved her hand, and the door closed.

A fresh fragrance surging throughout the room.

Chu Ying's beautiful eyes flowed, and he poured a cup of tea for Ye Chen: "Ye Chen, there is something I want to ask you alone."

Ye Chen picked up the tea cup and smiled slightly: "What."

Chuying stood up, a trace of cold aura circulated, and said directly: "Ye Chen, have you been to the Demon Realm?"

"Why is your physical body a demon?"

"who are you!"

"Also, why do you have the breath of the fallen ancient man!"

Hearing this, Ye Chen was completely sure, this Chu Ying must be a person from the Demon Realm!

and definitely the person the Demon Emperor wants him to find!

Ye Chen stood up and looked at each other, even if he was a strong one, he was not afraid!

After a long time, he opened his mouth and said: "I am the emperor, where is the thing with you?"

But before the words were finished, a cold sword with endless demonic energy fell on Ye Chen's neck: "Insult the devil emperor, seek death!"

The killing intent from the cold to the bone marrow completely enveloped Ye Chen!

Life and death are about to happen!

.....

At the same time, Wanjian Emperor Palace.

Ice Sword Saint King slowly exhaled a suffocating breath, and withdrew his hand. He looked at Ji Lin in front of him and shook his head: "The congenital poison actually appeared."

"Fortunately, this congenital poison is on Ye Chen's side. If it is controlled by the Kingdom of God, Ye Chen will be in danger."

"It's a pity that this congenital poisonous body has awakened, but the cultivation base of this little girl can't support this terrible poisonous body."

"Ye Chen will be more and more difficult in the future. We must find a way to improve this little girl's cultivation as soon as possible, so as to help Ye Chen in a real sense."

At this moment, Ji Lin opened his eyes with difficulty.

When she saw the Ice Sword Saint King with her big eyes, she quickly sat up: "Where is Ye Chen?"

Ice Sword Saint King smiled and explained: "He has gone to Shenhua Academy and will come to you in time."

"Where is the Shenhua Academy, I want to go too."

Ji Lin planned to get up and look for Ye Chen.

The coma these few days made her figure out one thing, Ye Chen was too dazzling in the universe of killing.

Ye Chen is already strong enough now.

And Ye Luoer was taken away, she could not face it alone after all.

should also tell Ye Chen.

One day later, sister Luo Er may be in danger.

However, once you tell Ye Chen, I am afraid it will be another **** storm.

can't control it!

Ice Sword Saint King shook his head: "You are not a student of Shenhua Academy, you are not qualified to enter, you can only wait for Ye Chen here."

Ji Lin was a little annoyed, and went straight to the door: "What broke the rules, **** school."

As soon as he walked to the average, Ji Lin thought of something. He looked at the Ice Sword Saint King and said, "Well, do me a favor, do you have any spells to check what happened a long time ago? It must be of a very high level. Kind."

Ice Sword Saint King's brows condensed, and he pointed to Ji Lin's brows. Soon, Ji Lin showed a happy expression.

"Thanks, I will go out for a few days to investigate some things."

After Ji Lin disappeared, a figure appeared around the Ice Sword Saint King.

If Ye Chen were here, he would surely find that this person was the Frost Sword God who was injured in the Universe Killing Domain.

It's just that the injury of the Frost Sword God is almost restored at this moment. Although the cultivation base is not as good as the peak, it is also strong.

"Palace Lord."

Frost Sword Shinto.

Ten Thousand Sword Emperor Palace now respects the Ice Sword, and Ice Sword has naturally become the new Palace Lord!

Ice Sword Saint King looked at Ji Lin's disappearing figure and said directly: "You follow this girl, and you must not let her have an accident."

"Don't take action until the moment of crisis."

"His cause and effect are already connected to Ye Chen, don't get too involved."

"Yes! Palace Lord!"

Frost Sword God disappeared.

When only the Ice Sword Saint King was left in the entire hall, Ice Sword came to the stone table and set out a game of chess.

Holding Heizi in his hand, he just wanted to fall, and said: "Forever, how is that kid in Shenhua Academy?"

The words fell, the void cracked, and an old man holding a hip flask came out grinning.

is the eternal holy king!

The Eternal Saint King took a sip of wine, sat down on the stone bench, and took out a white child.

"That kid don't worry, except that the trouble is a little bit more troublesome, it's nothing serious."

"Now his strength, as long as he doesn't meet those people, he won't get into trouble."

Ice Sword Saint King dropped a chess piece, then turned around, suddenly said, "What if you foresee those people in advance?"

The Eternal Saint King was taken aback, hesitated for a moment, and continued: "That was the catastrophe he had hit."

"As far as I know, Ge Qing from Shenhua Academy has invited that kid to the Nine Netherworld Kingdom."

"That big banquet in the Nine Nether Kingdom, each had a ghost, and the storm was surging. I don't know what role this kid can play in it."

"If it falls, it would be a pity. If it is a chance, it would be a good thing. It is not enough for this kid to have you and me. With the help of the Nine Nether Kingdom, it might be much safer."

"I went to the Kingdom of God. The Kingdom of God and the Palace of Heaven are already tracking this kid."

"There are some things that I can't suppress even if I want to. There is not much time left for that kid, hey."

Ice Sword Saint King's eyes had a hint of killing intent: "No matter what, Ye Chen is my apprentice, the only apprentice I admit!"

"If those people want to move him first step on the body of my Ice Sword Saint King!"

The words fell, the chess pieces in the palm of the palm shattered and turned into powder.

Eternal Saint King didn't plan to play chess either, he glanced at the direction where Ji Lin was leaving: "What about the little girl?"

Bingjian said lightly: "Ask me for a spell, saying that I'm going to investigate things."

The eternal saint king's body was startled, his expression was solemn, he took a sip of wine, and slowly said: "Neither you nor I can interfere in this matter."

"It is estimated that Ye Chen will know about Long Luoer soon."

"This battle is going to be advanced."

"The Holy Dragon Family is the bond between the Nine Heavens Dragon Palace and the Kingdom of God. The power behind Long Luoer... is not something that a human can shake."

"This kid, when it touches the interests of those guys, I am afraid that he will break the sky."

Ice Sword Saint King suddenly smiled when he heard this: "Forever, Ye Chen has another name."

"Ye Jitian."

"He started with this name, it represents his attitude."

"If the sky touches him against scales, he will kill the sky and crush the sky!"

Chapter 2032: Taiyi Sword Sect

In the Mochizuki Tower.

The atmosphere is solemn.

Chuying holds a long sword in her hand, it is possible to do it at any time.

And Ye Chen looked at the sword in front of him, without panic at all.

If Chu Ying doesn't move the sword, he may not be able to completely determine the relationship between Chu Ying and the Devil Emperor.

It seems that even if Chu Ying is not the person the Demon Emperor is looking for, she cares about the existence of the Demon Emperor after all.

Chu Ying looked at Ye Chen without any fear, her eyebrows frowned: "Aren't you afraid that I will kill you?"

"Even if you are a student of Shenhua Academy, if I kill you, Shenhua Academy will not do anything to me."

"Even, Shenhua Academy does not dare to investigate too much."

Ye Chen shook his five fingers, and a cup of tea appeared on the palm of his hand. He took a sip, "As a girl, why are you so impatient?"

"What if I really are the Devil Emperor?"

Chuying's eyes burned with anger, and there was no more amorous feelings before.

"Ye Chen, you are looking for death!"

The next second, she plans to move the sword!

However, a majestic and free and easy voice suddenly sounded!

"The devil, dye the sky with blood, shake the courageous world!"

"Devil, dare to laugh at the Emperor of the Three Realms, and destroy the Heavenly Dao Palace with the sword!"

"Demon Lingzi once knelt to me, but you held the sword to kill me?"

As soon as these words came out, Chu Ying's sword stopped.

Her beautiful eyes are filled with shock and shock.

"who are you?"

Ye Chen put his hands behind his back, his demon body opened, surrounded by endless magic energy.

At this moment, Chu Ying was a little shaken!

This scene is so familiar!

is exactly the same as the portrait in the Nine Nether Kingdom!

That is the supreme devil who shakes the world!

Is the Devil Emperor really not dead?

was born again into this young man!

Her sword was shaking, her body was shaking, and the majestic waves in her chest made people imagine.

And Ye Chen turned around and smiled: "It doesn't matter whether I am the Devil Emperor."

"The important thing is, do you have something from the Devil Emperor?"

"Can he restore his true existence?"

Hearing these words, Chu Ying pinched his fingers to set up a barrier, and then came to Ye Chen: "I understand the meaning of your words, but that thing is not by my side."

"In the country of Jiuyou."

"I will not treat you as an enemy, nor will I treat you as the Devil Emperor. After all, this matter is of great importance. I will send someone to the Devil Emperor's hometown to find the Demon Lingzi. If you dare to deceive me, I will kill you."

Obviously, Chu Ying believed Ye Chen for the most part, but she was still extremely cautious.

It's not a trivial matter that is related to the Devil Emperor.

The key point is that she does not want to believe that the Devil Emperor is still alive!

"it is good."

"I'll wait."

"Since that thing is in the Nine Nether Kingdom, I must go this trip."

Ye Chen walked outside, walked to the door, and suddenly stopped: "What happened today, nothing happened."

"I'm still Ye Chen, an ordinary freshman in the Shenhua Academy, and you are still the helm of the towering Moon Tower."

After speaking, Ye Chen left.

Chuying looked at Ye Chen's leaving figure, lost in thought.

She had a foreboding that the appearance of this mysterious young man would shake Jiuyou.

"If the Devil Emperor is really still alive, and today's words spread, I am afraid that Shenhua Academy will suffer...just take it as it has never happened."

.....

After Ye Chen left, a Feng Qingyang voice suddenly came in his mind: "This woman has a special physique and is born with a devilish body, which is incredible."

"Natural demon body?" Ye Chen was startled.

Isn't this thing an acquired thing, there is a natural birth?

Feng Qingyang nodded: "I am also a little surprised, presumably this woman has an unusual position in the Demon Realm."

"Born in Demon Realm, but being able to set up Mochizuki Tower in Shenhua Academy, this handwork is not something ordinary forces can do."

Ye Chen thought of something, curious: "Is this Chu Ying the trapped daughter of the Devil Emperor?"

Feng Qingyang sneered: "That's not the case."

"But the demon is too complicated, you better keep a little eye on it."

"This woman is harmless, but the interests behind her..."

Feng Qingyang didn't continue speaking, Ye Chen naturally understood.

"Senior Feng, what should I do next?" Ye Chen asked.

Feng Qingyang pondered for a moment, and said: "The power of Shenhua Academy lies in its spiritual veins against the sky! And it is one of the ten major spiritual veins in Lingwu Continent. With such a chance, you have something from Shenhua Academy Dean Ge Qing. ."

"it is good."

Ye Chen went to a certain direction in the academy.

The good fortune realm is one level of heaven, he is not satisfied, and it is time to enter the spiritual source of Shenhua Academy to practice.

At the same time, on the back mountain of Shenhua Academy, somewhere on the edge of a cliff, there was a man sitting cross-legged.

Beside the man, there was a cloud of mist, in the mist, a sword-shaped phantom could be seen faintly, floating behind the man.

The man sat on the cliff with his eyes closed, as if he had merged with the cliff. His whole body did not emit the slightest fluctuation of spiritual power, but the shadow of the long sword remained suspended behind him, showing no sign of dissipating. .

Suddenly, there was a mess of fog, and a figure appeared in the vaguely, walking towards the man.

The man opened his eyes in vain, and his eyes burst out with extremely sharp divine light. The whole person was like a sword out of his body, unstoppable!

At the same time, the long sword that originally hovered behind him flashed a glimmer of cold light instantly!

The figure walking towards the man paused, and a drop of cold sweat struck his forehead, and the moment the man opened his eyes, it surrounded him. Those seemingly flimsy and harmless clouds turned out to be like a magic weapon. The weapon is average and exudes a very dangerous atmosphere!

The man glanced at the figure, smiled and said, "Huiming, it's you, come to see me this time, what's the matter?"

When opened his mouth, the cloud and mist covering the cliff suddenly poured into the man's body and turned into invisible.

This sea of fog is actually the result of a man's condensed sword aura!

This man looks very young, dressed in a white robe, with an ordinary face and a medium build. He actually looks like a youth who can be seen everywhere.

If anything is abnormal, it is a pair of men's eyes.

Those eyes are very bright.

is different from a man's appearance, his cultivation level, even in the Shenhua Academy where dragons and phoenix are gathered, can be said to be an extremely outstanding existence!

This person is actually a warrior who has closed the door halfway!

certainly belongs to Xingqiao, but this is the closest existence of Xingqiao's gate closure!

He is the best genius in the second grade in Shenhua Academy, known as Yunlongjian, Zhou Chun.

can even crush most geniuses in third grade!

and once beheaded a strong man who sealed the door and shocked the whole school!

The man standing in front of Zhou Chun with a respectful look is Li Huiming, who is also a second-year student.

Li Huiming lowered his head slightly, and said to Zhou Chun: "Sorry, Brother Zhou, I disturbed your practice."

Li Huiming and Zhou Chun were both second-year students in Shenhua Academy, but he called Zhou Chun a senior because they came from the same force, a very terrifying force.

That is an ancient sword school named Taiyi Sword Sect, and at the same time, it is also one of the top forces in the Lingwu Continent.

Chapter 2033: Seems to be interesting

In Lingwu Continent, the territory is vast, and the top powers are not only a symbol of strength, but also a representative of their heritage!

And Zhou Chun is the best genius of the Taiyi Sword Sect in thousands of years, and at the same time, it is also the existence that was selected as the next head of the Taiyi Sword Sect.

Zhou Chun then shook his head and said, "Even if you don't come, I'm ready to collect my merits. This year, the day to celebrate my birthday in the Nine Netherworlds should be coming soon. I, too, must prepare."

Li Huiming frowned slightly when he heard the words: "Brother Zhou, I came to see you this time because of this. This time, the qualifications of the second-year students seem to have been cancelled."

"What did you say? Cancel?"

Zhou Chun heard this, the easy-going smile that he had kept, gradually disappeared.

A trip to the Nine Nether Kingdoms, he is bound to win, he is a true genius of Lingwu Continent, his vision has surpassed the level of ordinary forces.

Even the top power Taiyi Sword Sect, in the future, he may not be able to tolerate himself, and the hidden power that can truly override the Lingwu Continent like the Nine Nether Kingdom is his concern.

Following the dean of the Shenhua Academy to go to the Nine Nether Kingdom is a huge opportunity for him, and it is very important for his future planning.

Since childhood, Zhou Chun has hardly been unable to do what he wants to do. How can he allow his own opportunities to slip through his hands?

Li Huiming's body trembled slightly. He knew that Senior Brother Zhou was angry, and when this seemingly easy-going Senior Brother Zhou was angry, no one knew what would happen.

No one will want to bear his anger...

Zhou Chun pondered for a moment, then said:

"Why? Is it because this year's three places are all allocated to third graders?"

As far as he knows, among the third graders, how many people can really compare with him, it is Liu Xiao from the ghost knife? Or Xie Zhen from the Xie family?

"It doesn't seem to be..." Li Huiming said hesitantly: "It seems...this time the quota was given to a first-year student..."

"What!?" At this time, Zhou Chun's expression was completely gloomy. What do you mean?

Does the college think that they are inferior to a freshman?

"Who is it?" Zhou Chun's eyes flashed coldly, like a sharp blade thirsting for blood.

Li Huiming said: "This person seems to be a freshman named Ye Chen, and although he has just entered school, he can already be said to be a man in the academy.

In the past two days, he first defeated Zhao Liang in the cafeteria, and then he seemed to clashed with Tu Yuan, and forced him to suppress the maddening Tu Yuan.

In the end, what made him truly famous on campus was that he completely opened the moon gate in front of Wangyue Tower! Even Wu Xian, who used the secret technique, was not equal to this person in strength!

Therefore, Wu Xian, who was forced to provoke him, kneeled in public! "

At the beginning, Zhou Chun still had a look of disapproval. When he heard the end, a dignified look gradually appeared in his eyes.

People such as Zhao Liang and Tu Yuan were not unbeatable when he first entered school, but when he opened the moon gate completely, it was not that simple when he was in the first grade!

Although they compare strength, this way, they can't fully display their combat power, but it is already enough against the sky.

"The weirdest thing is..." Li Huiming continued: "This person has only the cultivation base of the good fortune realm!"

"Ok!?"

This time, even Zhou Chun couldn't keep calm.

Fortune? how is this possible? This kind of strength, at least, has to be the late stage star aperture, right?

How many small realms have you crossed in the realm of good fortune?

Even if Zhou Chun's vision is almost beyond the level of ordinary warriors on the Lingwu Continent, he still can't understand what kind of existence this new born named Ye Chen is.

Zhou Chun stood quietly on the cliff, looking down at the Shenhua Academy under the cliff, a cold smile slowly emerged from the corner of his mouth, and he muttered, "Ye Chen, it seems, it's a bit interesting."

.....

At this time, Ye Chen had already come to the entrance of the roots of the spiritual veins, and looking at the many students in front of him, Ye Chen couldn't help being taken aback.

If you want to enter the spiritual channel root cultivation, the required contribution points are sky-high, but there are still so many students here to practice. It can be seen how unimaginable the concentration of spiritual energy is.

Ye Chen walked to the entrance. At the entrance, there was a mysterious teacher whose realm could not be checked.

Ye Chen said: "Teacher, I want to enter the spiritual vein root cultivation."

The instructor glanced at Ye Chen and said lightly:

"The low-level spiritual room, three days at a time, 50,000 contribution points, but now the low-level spiritual room is full, and the people waiting here are all waiting for vacancies.

This is the number plate. You hold it. When it's your turn, you can pay the contribution points. "

In his mind, with Ye Chen's cultivation base, at most, he can afford the cost of the low-level spiritual room. After all, most students are like this, not to mention that Ye Chen's cultivation base is better than ordinary students. To be much lower.

Ye Chen scratched his head and said, "That...Is there any other empty room."

He didn't have time to wait that long. If he really wanted to, he might as well find a place to practice.

The instructor opened his eyes and stared at Ye Chen with a sneer:

"Yes, the advanced spiritual room, there is no need to queue, as long as you can pass the test of the spiritual vein, you can enter it, and it happens that there is the last place for today's test.

However, the test of the spiritual vein core requires one million contribution points. If it passes, you can enter the spiritual vein. The time spent is determined by the spiritual vein core. If it fails, this million contribution points, you Have it? "

In his opinion, Ye Chen is such a lofty student who doesn't even have the patience to wait for a while, so he should beat him up.

But who would have thought that the next moment, Ye Chen's behavior made him stare out of surprise!

I saw Ye Chen took out a token and handed it to him: "Excuse me, is this all right?"

"This, this is..." The instructor stammered: "The dean's token... How can you have this..."

Ye Chen honestly said: "The dean gave it to me."

Suddenly, the instructor was almost speechless. This token is a symbol of the dean's status. Seeing this token is like seeing the dean himself. There is no restriction on the use of contribution points at all!

How come it was given to this student who only has the cultivation of good fortune realm?

is simply ridiculous!

However, facing this token, the instructor still sighed helplessly:

"Yes, you can try it, but I want to remind you that even with this token, the assessment of this spiritual vein assessment can only be accepted once within a year. If it fails, you can't even enter the low-level spiritual room. To go."

Chapter 2034: Problems?

Ye Chen smiled indifferently: "I have confidence."

After speaking, he walked to the location of the core of the spirit vein.

Before stepping out a few steps, I heard a woman's voice behind me: "This junior, please wait a moment."

Ye Chen turned his head and couldn't help shrinking his pupils. Behind him stood a young woman with a graceful figure and a gentle smile, dressed in a lavender palace costume.

Although the face of this woman was beautiful, it was not yet so shocking that Ye Chen was shocked. After all, after the training of such super beauties as Ji Siqing, Xia Ruoxue, and Zi Ning, ordinary beauties were not enough to shake his nerves.

What really surprised him was the woman's cultivation!

This woman was actually a pinnacle of star aperture!

Moreover, the breath on the body has exceeded the realm!

And beside this woman, three men followed, looking at Ye Chen coldly.

Of the three men, two are from the Seventh Aperture of the Star and one is from the Eighth Aperture of Heaven.

These three are also strong in the late stage of the star aperture!

"Anything?" Ye Chen said lightly.

"That..." This woman with a good cultivation level suddenly squeezed, not knowing how to speak for a while.

Ye Chen's eyes flashed and said: "If there is nothing wrong, I will go."

Having said that, Ye Chen actually turned around and left, facing several powerhouses in the late Star Aperture stage, he didn't even show any face!

A wry smile appeared on the woman's pretty face, but she didn't say much, but the three men who followed the woman couldn't help it!

When have they been treated like this by a martial artist in the good fortune realm?

Moreover, in front of their goddess!

A man with a machete on his waist, a long face, and a strong black outfit stared at Ye Chen's back with a frosty face, and said sharply: "Who, let you go! Give me back!"

Another man with a fair complexion holding a folding fan turned his head and said to the woman:

"Shishi, you and this kid, why are you so polite?"

With his cultivation base, can he pass the trial of obtaining the core of the spiritual vein?

It's just a waste of contribution points, and it also costs a place to enter the high-level spiritual room. If it weren't for a problem with his brain, how could he want to challenge the test of the core of the spiritual vein with his cultivation base?

And this time to enter the high-level spiritual room to practice, it is very important for you to let this kid get out of it directly, this is also for his own good, and save the one million contribution points. "

At this time, Ye Chen had already stopped.

Although the palace-dressed woman also felt that Ye Chen should be impossible to pass the test, but it was Ye Chen's own business after all. They had no right to call the shots for Ye Chen, so they couldn't help saying:

"This is the junior's own business after all. It's a big deal. I'll wait one more day, and I will be tested tomorrow."

"Wait one more day?" The last man with red hair and a slightly sullen look sneered: "Shishi, this kind of person is not worthy of letting you wait one more day. He is not qualified."

Among the three, the red-haired man is named Du En, the man with the folding fan is named Ji Sixue, and the man with a machete on his waist is named Huang Feiyang.

The three of them and Zheng Shishi are all second-year students of Shenhua Academy. At the same time, these three are also Zheng Shishi's admirers.

Zheng Shishi is a second-grader. In addition to her beautiful appearance, she has a gentle temperament and a talent that is against the sky. It can be said that Zhou Chunxia, the best second-grade genius, such a woman is naturally the dream lover of many students. Up.

Today, during Zheng Shishi's practice, he suddenly realized that he wanted to find a place with extremely strong spiritual energy to practice, and see if he could make a breakthrough in his cultivation.

However, Ye Chen happened to get the last place in the assessment today.

These three people looked at Ye Chen fiercely, and in their opinion, with Ye Chen's cultivation base, under the pressure of the three late stage star orifice powerhouses, they would definitely leave here obediently, and even fled in panic.

But what they didn't expect was that Ye Chen was very calm and calm. There was no panic on his indifferent face.

He stared at Du En coldly and said, "You said I was not qualified?"

The three of Du En had always been above the top, and rarely interacted with students of Shenhua Academy who were not as capable as theirs. Therefore, they didn't know about Ye Chen and couldn't help laughing. How could they not laugh? A good fortune existed, so questioning A warrior in the late stage of the star aperture?

What a courage!

The disdain in Du En's eyes almost overflowed. For Ye Chen's cold eyes, he didn't care at all. Instead, he walked directly in front of Ye Chen and said with a smile:

"Why? Are you dissatisfied? It's okay if you dissatisfied? You beat me? Come on, I will let you beat, do you do it?"

There was a dead silence. Although Du En's voice was not loud, everyone present could almost hear it. Everyone turned their heads and looked at Du En and Ye Chen. Some people quickly recognized Ye. Who is Chen, but they didn't say anything or say anything.

They know that Ye Chen's strength far exceeds the realm, but the people in front of Ye Chen have unusual origins.

Ye Chen indeed defeated Wu Xian who used the secret technique to maximize his strength in the Moon Gate Gamble However, in the Moon Gate Gamble, after all, the comparison is still power. The strongest strength of a person.

Zheng Shishi looked worriedly at the two swordsmen. She wanted to persuade, but in the end she still made no sound.

Because she knows that sometimes the warrior is just one breath, no matter the reason, when the two sides have a dispute, neither party can back down.

Even though, she knew that it was Dunn and the others who were wrong first, but is this a reasonable world?

If Ye Chen didn't answer his lips, and didn't act aggressively, maybe, there was still a little room for change.

However, since Ye Chen has openly provoke Du En, he will never give in even if Du En does something wrong!

this is the truth!

In this world, strength is everything!

No strength? All truths will only be empty talk!

She sighed silently: "Junior brother, maybe today's incident may not be a good thing for you. Only by learning to curb your edge can you live longer in this world."

However, Zheng Shishi had also secretly decided that this matter was caused by herself, so she would never let Ye Chen's life be in danger, and would rescue Ye Chen when necessary.

Ye Chen met Du En's gaze, without the slightest evasiveness, his gaze was very plain, and there was no sign of wavering at all.

When Du En saw this, he laughed more wildly and even more presumptuously. He patted his face and said, "Why? Let you fight, you dare not fight? Just like you, dare to ask me. Are you unqualified? Are you hitting me?"

In his opinion, Ye Chen's silence was proof of the other party's weakness. It's about to come, it's not a counsel!

This kind of counseling that can only verbally bravely, he saw, too much!

Chapter 2035: Suspension Agreement!

Ye Chen stared into Du En's eyes, and finally spoke: "I can't hit you."

he can not.

Why?

Because, Dunn has successfully angered him.

If he shoots, he is afraid that he will be unable to control himself.

He was afraid that he would kill Du En directly.

Fighting with students from Shenhua Academy and wounding people is one concept, but killing people is another concept.

Even Chen Jiu, even the Dean, maybe, they could not protect Ye Chen.

Ye Chen, I don't want to make it difficult for these people, and I don't want to be an enemy of Shenhua Academy!

But when Du En heard this, he didn't think so. He looked at Ye Chen's eyes, and his contempt became stronger.

He looked at Ye Chen extremely contemptuously, and asked curiously:

"Oh? I want to know, why? Are you afraid that I will fight back?"

said, he turned his head, looked at the students who were waiting for the space in the spiritual room, and asked:

"He is, is he afraid that I will fight back? Can you tell me why he refuses to beat me?"

At this time, many students also laughed mockingly at Ye Chen, and more people shook their heads silently.

They originally had some expectations for Ye Chen's performance. After all, no matter how comprehensive their strength is, Ye Chen's power is still very frightening. After a real battle, Ye Chen didn't have no chance at all, but what?

Ye Chen's performance made them so disappointed.

They even pityed Wu Xian.

Ye Chen was indeed high-spirited at the time. Many people were shocked by Ye Chen and even regarded Ye Chen as their idol and goal.

Now it seems that it is the bet of the moon gate. There is no real battle, but strength competition, which gives Ye Chen the opportunity to bravish!

If it really starts to fight, does he really dare to fight with Wu Xian who has used the secret technique?

Wu Xian, I lost a bit!

And the instructor responsible for managing the spiritual veins also shook his head slightly, looked at Ye Chen's gaze, and looked away. Originally, he thought that since the dean would give the token to this young man, then this person must be extremely extraordinary, right?

He didn't stop it for a long time, too, he wanted to see what Ye Chen could do.

Now it seems, but so, he even wants to suggest to the dean to take back the order.

Is it really worth investing resources on such a person?

Even though, this Ye Chen's talent is indeed against the sky, and his understanding surpasses the world, but is this enough?

Sometimes, to practice a path is not only talent, but understanding is enough.

Cultivation is going against the sky, and for the martial artist, that kind of spirit, that kind of arrogance, too, is indispensable.

One, facing such unscrupulous provocation by a warrior who is higher than his own, how far can he walk a warrior who shrinks so much?

This instructor stood up. Since Ye Chen's performance, if only this is the case, this farce should also be stopped.

But at the moment this instructor just stood up, Ye Chen spoke again.

"The rules of our school, students should not conflict at will, have you forgotten it?"

Silence, everyone has a short silence, and then there is a hilarious laugh, everyone's hilarious!

Even the tutor who just stood up shook his head a little funny, this Ye Chen, at this time, what school regulations did he mention?

Although he is a mentor of the Shenhua Academy, he can't stand it anymore, this kid is too... nonsense.

Even this tutor looked down a little bit.

What's more, how about Dunn and others?

Ye Chen wanted to say that the Shenhua Academy stipulated that it was not allowed to kill other students, but he did not say, he knew that it would only stimulate Du En and others, he chose a euphemism, in exchange, Indeed everyone laughed and looked down.

He wants to abide by the rules, he wants to practice and live steadily in this academy. However, such an environment, such a classmate, allow him to do so?

Sometimes, a person will break the rules, not because he wants to break the rules and want to go beyond the rules, but because he is the only one who obeys the rules.

At that time, were the rules still rules?

That is nothing but a tool that the powerful and powerful have mastered.

What's more, although Du En's background is not a top-level power, it is also a very simple existence. Among the top-level powers, it belongs to the top of the top. His birth and talent have given him, within a certain range, who ignore the rules. privilege.

Although if he is caught by the harsh Chen Jiu, he will still be punished, but what is the big deal to teach a freshman in the good fortune?

Du En, I'm not afraid to shoot!

Ye Chen's eyes flashed with a cold light, he was already tolerant enough. If Du En would continue to offend himself, then Ye Chen can guarantee that he will regret it forever, even...

There is no chance to regret it!

At this moment, Du En suddenly had a flash of light in his mind. He looked at Ye Chen playfully and said, "Didn't you say that because you were worried that you violated the rules of the academy, so you refused to take action? Then... .."

He suddenly had a brilliant idea, an idea that completely humiliated Ye Chen and trampled on Ye Chen's self-esteem.

An opportunity that made Ye Chen unable to hide behind his excuses.

Du En suddenly took out a piece of paper from his storage bag, with the mark of Shenhua Academy on it.

Du En took this piece of paper, showed it to everyone present, and explained with a smile:

"This is a suspension agreement, and it has been stamped by the dean. It was originally prepared by me. In other words, as long as this agreement is signed, I am not a student of Shenhua Academy for the time being, then, There is no such thing as a violation of the academy's rules by fighting with me, right?"

Du En smiled very happily. He couldn't think that this agreement would work in this way.

This is what Duen prepared before, after violating school rules and severely injuring a student. Originally, he wanted to force the student to sign, so that the student was temporarily suspended from school. Can evade most of the college penalties.

But later, he settled it by other means, and this agreement remained.

Now, as long as he signs his name on this agreement, he will temporarily leave the jurisdiction of Shenhua Academy, and at the same time, he will no longer be protected by the rules of the Academy.

In this way, Ye Chen's claim that he cannot be shot against him because of the academy's regulations, is it still valid?

The rule, in the eyes of Dunn, is just an existence for profit.

When it is beneficial to oneself, it is the rule; other times, it is the things that oneself use to trample on .

Everyone looked at the suspension agreement that Ye Duen had come up with, and they were all shocked. Unexpectedly, he could come up with something like this. At the same time, he also mourned for Ye Chen. If, after Duen signed the agreement, Ye Chen, What should I do if I still dare not make a move?

His face is completely gone. Even staying in the academy will be ridiculed endlessly, right?

Du En's trick is really ruthless!

is just trying to fix Ye Chen to death! I don't want to leave the last trace of face to Ye Chen!

Du En looked at Ye Chen playfully and smiled:

"How about? If you kneel down and beg for mercy now, I can still not sign this agreement? You can think about it, is it now, kneel down? Or, I will take action later and let you kneel down? , I hope you don't spend too long."

As he said, Du En began to write his name on the agreement, stroke by stroke, slowly writing, while mocking: "I have to make a decision before my signature is completed?"

Chapter 2036: Immortal!

Unexpectedly, Ye Chen, who thought he would start to struggle, suddenly laughed, as if very happy.

Du En, couldn't help being taken aback.

What is going on in this good fortune realm?

is driven to desperation, can you still laugh?

Thinking of this, Du En couldn't help but sneer: "What are you laughing at? You still want to pretend to the end. I have to admire you. Why don't you become an actor? You can get the prize, right?"

When everyone heard the words, there was another burst of laughter, Ye Chen can still laugh now? It's not acting, that is, there is really a problem with the brain.

Ye Chen smiled faintly: "It's nothing, I just hope you can sign it soon."

Top Best AI for Forex Trading 2024

As soon as the words came out, everyone's laughter stopped abruptly.

Even Du En, who was originally full of complacency, couldn't help but feel stiff.

Ye Chen, really want to pretend to the end!

"Okay, very good." Dunn sneered and completed his autograph instantly.

He showed the agreement to everyone and said with a smile:

"Now that I have signed the agreement, I am no longer a member of the Shenhuo Academy. Now, this madness, but likes to follow the rules of the Shenhuo Academy genius, can you please shoot me?"

After all, if I act on you rashly now, I will be punished by your college? "

Ye Chen nodded and smiled: "Are you ready?"

"Prepare?" Du En laughed wildly, crying: "Fighting with you, do you still need to prepare?"

Ye Chen didn't say anything, just smiled and nodded.

The next moment, a punch blasted out!

The people who were still mocking, talking, and joking about Ye Chen, at this moment, their voices completely disappeared!

It's not that they don't want to continue talking, but that they can't do it!

You, when facing death, can you still talk and laugh indifferently?

Maybe, some people can, but! Most of the people present, no!

And, that's not the feeling of ordinary people pointing a gun at you!

That is, as if being in the **** ocean of countless broken limbs, the ultimate killing intent I felt!!

That is hardly the killing intent that humans can exude, and can freeze everything!

Ye Chen's punch was accompanied by such a terrifying killing intent. Under the cover of this killing intent, the students with weaker cultivation levels began to tremble uncontrollably!

And Du En, his face changed drastically! Terrifying!

is more than a horror!

At this moment, Du En, all ridicules and insults to Ye Chen, all forgotten, and they were all forgotten!

What he felt was the real breath of death!

He said before, let Ye Chen take the first shot, is there really no plan to prevent, the attack of the good fortune realm, can he hurt him?

Ye Chen is just a joke in front of him.

But now, he has no time to regret it!

Du En roared wildly, his blood-colored hair stood upside-down, and his whole body aura exploded in an instant, and the blood in his body burned crazily. Du En, who looked young and handsome, became old in an instant. At the age of ten, not only the essence and blood, but even the longevity, Du En began to burn!

Although he is arrogant, although he likes to mock and suppress others, he is not stupid.

is not a greenhouse flower without combat experience, on the contrary, Dunn is extremely good at fighting!

He knew that this terrifying punch, the power contained in it, was definitely not the power of good fortune!

In this punch, there is the Dao intent of the Star Aperture Realm, and even the power of the realm of the Star Aperture Peak exists!

This punch is the most terrifying punch!

Before this punch, he had already lost his first move because of his arrogance. If he still wants to survive this punch, there is absolutely no room left for him!

A great axe, a divine weapon, appeared in Du En's hands. He roared wildly and displayed his most powerful martial arts. On top of the great axe, it exuded a terrifying aura, with endless spiritual power, gathering in it. Not only that, Du En's The power of the star aperture and the power of the realm are also integrated into the big axe!

This axe hit Ye Chen's fist and cut it down!

And Ye Chen? In the face of this divine weapon, he did not dodge or evade, and did not mean to evade and retreat. That punch was an indefinite punch!

He unexpectedly wanted to use his flesh fist to defend the artifact!

All the students, even the tutor of the closed door realm, were shocked!

This is an artifact!

There are people who have the courage to hit the artifact with their fists?

Ye Chen, strong, strong, experience, still lacking!

And Du En, his face was ecstatic, this Ye Chen is crazy! Really crazy! Want to use your fist to fight against your own terrifying one-handed blow?

Even if this fist is horrible, Ye Chen will suffer!

Finally, the fist and the axe collided together!

The strong light surges, the world changes color, the brilliance of various colors flashes, and there are faint black voids, which are generated between the two, the power of the endless realm collides with each other, and the contradictory power oscillates. Some weaker geniuses have begun to speak. Spit blood!

The strange scene appeared. Originally, everyone thought that Ye Chen's fist would definitely hurt the artifact. Indeed, Ye Chen's hand burst into countless blood, splashing all around, but Ye Chen's face was still so indifferent. , So cold!

Nothing has changed!

Look at Dunn!

The joy of the original face disappeared in an instant!

The hand he was holding the axe burst instantly, leaving only the bones of his hand, and he still reluctantly held the big axe, far more miserable than Ye Chen!

And his body, like a cannonball, flew out and hit the wall fiercely!

His whole musculoskeletal body was completely shattered under the shock of Ye Chen's tremendous strength, and even his internal organs were broken into a mess. If not, his own foundation is not bad, and his bloodline is also outstanding, so that his Vitality, far beyond the average warrior, now, I am afraid that even the if there is no aura will not exist!

One punch, another punch!

The students looked at Du En, who was dying, dumbfounded. This strong man was solved by Ye Chen with a punch!

Ye Chen coldly looked at Du En, who fell on the ground and didn't know his life or death. His punch just now penetrated Du En's body, not only had the power against the sky, but also the powerful killing intent that could be transformed into a realm.

But in the face of the artifact, he still used a little bit of the red dust veins.

Otherwise, even if there are immortal gods and demons, they will still be injured a bit.

Now Du En seems to be in a coma, but in fact, his soul has completely fallen into Ye Chen's killing intent. He will experience it over and over again, in different environments, and experience being killed by Ye Chen taste!

In the future, let alone ridicule others, I am afraid that it is difficult to even look into the eyes of others, right?

The whole audience was silent, just staring at Ye Chen silently, their attention was all attracted by Ye Chen, their brains were blank, and nothing could be done except staring at Ye Chen.

Soon, someone's pupils trembled, because he found that Ye Chen's hand, which was originally hard to resist the giant axe, had almost shattered, but it should have been extremely serious, even after the recuperation, it might be left behind. The sequelae wounds, unexpectedly, under their gaze, began to heal at a speed visible to the naked eye!

is not only power, but also vitality, it is incredible!

Does such an evildoer really exist?

These geniuses have also heard those legends. In the legends, there are talented and terrifying existences that can be nearly immortal.

Chapter 2037: Break the limit!

No matter how much blood shed, multiple injuries, he can recover extremely quickly. Legend has it that a wizard with tremendous power, with a low cultivation base, can force a high-level existence just by relying on the power of the flesh, and hit the ground...

However, legends are legends after all. Warriors possess all kinds of magical powers, but there are still boundaries.

They know that the legendary story can only exist in the legend.

But, now, in front of them, they saw a living legend!

is simply more incredible than the legend!

This is Ye Chen.

An existence beyond imagination.

The instructor was also completely stunned. A wry smile gradually appeared on his face. Now it seems that I want to go to the dean, suggesting to take back the token in Ye Chen's hand, and to shut the door for repair, but did not see through Ye Chen's Strength, even, looking down on him, what a ridiculous thing.

Originally, when the two of them started their hands, he focused his attention on Du En, after all, in his thoughts, Ye Chen would definitely not hurt Du En.

Therefore, he wanted to save Ye Chen when his life was in danger under Du En's attack.

And he didn't take action to stop this battle, also because he saw Ye Chen a little uncomfortable, and wanted to teach Ye Chen a lesson, but...

Just because he focused his attention on Du En, he was negligent and almost, Du En was about to die under Ye Chen's fist!

Give Ye Chen a lesson?

Du En didn't take his life into it, he was lucky!

Although Du En died by himself and signed some suspension agreement, but if Du En really died, he still has certain responsibility...

Ye Chen didn't care about Du En, who had only a trace of breath. After all, he was in the Shenhua Academy. He didn't want to really kill people. Since Du En survived that blow, then, give him a chance to live.

Anyway, even if he is alive, Du En is almost abolished. Even if he can get rid of the demons and recover from his injuries, it will take hundreds of years, even thousands of years, to say nothing.

Hundreds of years, what does it mean to a genius?

means that his entire life will be ruined. He will lose the golden age of cultivation, the opportunity to reach the top, the glory, the look of everyone, the name of genius, and everything...

And once, those who are shoulder to shoulder with themselves, or even worse than themselves, will look down at him, and they can crush him to death like an ant.

Like that, for Du En, who has been the most shining and outstanding existence among the crowd since childhood, wouldn't it be more painful than death by trillions of times?

That is, the real life is better than death!

Ye Chen turned to Zheng Shishi, and the other two men who were completely stupid, smiled faintly: "You guys, do you have a suspension agreement?"

When the two heard the words, their bodies were soaked in cold sweat instantly, and their two heads shook desperately like a rattle.

At this time, Zheng Shishi reacted, and she hurriedly said to the two:

"Quick! Save people first, Dunn keeps going like this, it won't be long before he will die!"

Although Du En's character is not very good, Du En is very attentive to Zheng Shishi, very good, and can be regarded as a friend. Of course, Zheng Shishi will not watch him die in front of her.

But when Ji Sixue and Huang Feiyang heard this, they rushed to Du En's side as if they were amnesty.

They were really shocked by Ye Chen!

In the future, as far as Ye Chen can be, as far as he can be!

The two people stuffed a few pills into Du En's mouth pretending to be concerned, then turned their heads, and shouted at Zheng Shishi: "Shishi, let's take Du En to see a doctor, his condition is very bad!"

said, he took Du En out of here regardless.

And Zheng Shishi, after taking a deep look at Ye Chen, followed the two of them and left.

Ye Chen lowered his head and glanced at the injury that hadn't fully recovered from his hand. The reason he used his fist, after all, was that he didn't want the blood to stain the Shenhua Academy red, and it was also a kind of vent.

to vent the hearts of the people in this world.

He originally thought that when he came to this Shenhua Academy, his life would be calmer, but there were still one after another, unconscious, and full of malicious villains, coming to him, he was really annoying.

Is it really necessary to wash the Shenhua Academy and completely break the peaceful academy life that one had originally expected to get rid of these annoying insects?

Ye Chen shook his head, stopped thinking about this, turned around, and walked toward the core of the spiritual vein.

The core trial of spiritual veins is actually a kind of pressure formed by extremely pure spiritual power. This test is also a kind of protection for students.

After all, not everyone's body can withstand such a high level of spiritual power. Therefore, students can only be qualified if they successfully withstand the tremendous pressure emitted by the core of the spiritual vein and walk safely into the root of the spiritual vein. Practice at the root of this spiritual vein.

When under the test, the body's state of bearing spiritual power determines how long it can stay in the advanced spiritual room.

Everyone now has no doubt about Ye Chen's ability to pass the core trial of the spirit veins. If such strength fails to pass, then it is true that no one can pass.

But everyone couldn't help but wonder, Ye Chen, how long can Ye Chen stay in this spiritual room?

Actually, ordinary first-year students and even second-year students with a low level of cultivation do not need to practice in the advanced spiritual room. Too strong spiritual power sometimes hinders practice.

Most people use low-level and intermediate-level spiritual chambers.

But Ye Chen is obviously different. The body's ability to withstand aura is also a manifestation of aptitude. Ye Chen's strength completely shocked everyone and left an indelible impression.

Then, I don't know what the core of the spiritual vein will give to Ye Chen's qualifications?

The nucleus of the spiritual veins looks like a group of colorful spiritual energy. This is the spiritual crystallization of the powerful spiritual veins born after countless years of evolution.

The core of the spiritual vein emits a burst of colorful light, covering the passage leading to the root of the spiritual vein. Ye Chen glanced at the core of the spiritual vein curiously. It was the first time he saw this kind of thing.

Then, he walked into the colorful light.

It stands to reason that he should feel the sudden increase in pressure like other people, and it would be difficult to walk. However, Ye Chen entered the light of the core of the spiritual vein, and he was slightly taken aback. Can't feel the pressure?

It's not because of his extraordinary power It's true, there is no trace of pressure!

It seems that the pressure formed by this extremely rich aura is not stressful for Ye Chen's body at all, and even the reincarnation blood in Ye Chen's body has begun to get excited, and is extremely eager for this rich aura!

For ordinary people, excessive aura may be harmful to the body.

However, for Ye Chen, it does not exist at all!

Not even a burden!

The core of the spiritual veins trembled, and it seemed that the five-color spiritual energy shrank a little, and it seemed that he was a little afraid of the existence of Ye Chen.

Ye Chen didn't think much, just walked to the root of the spiritual veins so casually.

When the student undergoing the test walks into the assigned spiritual room, the core of the spiritual vein will show how long this warrior can stay in the spiritual room.

This is the limit value of a spiritual vein evaluation.

Chapter 2038: I am not convinced!

In the history of the Shenhua Academy, there has even been a super evil spirit who can stay in the advanced spiritual room for tens of millions of years!

This value is the real limit!

I don't know, Ye Chen will get one this time, what kind of figure?

Soon, the five-color aura of the core of the spiritual veins began to change for a while, it seems, because of some problem, it began to entangle, and it took a while before it appeared, a number.

And when those students saw this number, they were completely dumbfounded...

A student rubbed his eyes in disbelief, stared at the number steadily, and muttered, "136.5 million years? I... Am I wrong?"

"He has been recognized by Lingmai for so long?"

"Also refreshed the record of Shenhua Academy?"

A person next to him was stunned and said: "Yes...You are really wrong..."

Hearing this, the student nodded and said, "Sure enough, I was dazzled."

How could someone be such a wicked one?

Can you stay at the root of this spiritual vein for more than 100 million years?

This is simply, too exaggerated, his reason tells him that this does not exist.

The man next to him glanced at him and said with a weird look: "You... missed a zero..."

"what?"

The previous person turned his head and looked at him. He couldn't understand what he heard.

What do you mean by missing a zero?

136.5 million years, plus a zero is...

The person next to him was silent for a moment before he said: "Ye Chen, in the high-level spiritual room, the time you can stay is..."

"1.365 billion years..."

1,365 million years!

Even the warriors have an unimaginable long life, this number is too long for them!

is beyond their imagination! !

Just when everyone felt that the brain was dizzy, and it was almost in chaos, the instructor of the closed door realm spoke.

He stared at the number blankly, as if speaking to others, and as if talking to himself: "1.365 billion years... this time, it may not be Ye Chenneng In the spiritual room, the time you can stay..."

Everyone's eyes brightened, and they looked at the instructor. It seems that there are other explanations at this time. Maybe it's because, what's wrong with the core of the spiritual vein?

The instructor greeted everyone's gazes and said: "This time... is this spiritual vein, the time it has been exhausted, 1.365 billion years, the spiritual vein will be completely exhausted. At that time, the high-level spiritual room, also It doesn't exist anymore, Ye Chen naturally can't stay any longer..."

"In other words, even if the spiritual veins are exhausted! It is not Ye Chen's limit!"

At this moment, [] everyone present took a breath.

Who on earth is Ye Chen!

Fuck!

.....

Ye Chen naturally didn't know the outside, but was shocked by the time he could stay in the advanced spiritual room.

Just in this stone room that seems to be located in the underwater world, I feel the extremely rich aura, showing a satisfied and intoxicated look.

At this time, the entire stone room is filled with aura that turns into liquid! And Ye Chen was immersed in it!

The cells all over his body are cheering! Chi Chen's Divine Veins completely awakened!

Crazy absorption!

Even, without the need to run the exercises, his body greedily swallows the surrounding spiritual energy on its own!

Ye Chen smiled, the aura environment here was much better than he thought.

Soon, Ye Chen calmed down. He didn't immediately immerse himself in the practice. Instead, he first completely recovered the injury on his hand, and then adjusted his breath to the best condition.

Then, he closed his eyes and began to practice, and his breath was growing rapidly.

Two days later.

From the depths of the spiritual vein, suddenly, there was a long roar!

This long howl was extremely powerful, piercing through the clouds and resounding throughout the Shenhuo Academy. Some students with lower cultivation levels felt a tremor in the spirit.

As if, under this long roar, I felt like fear!

The gate-sealing realm tutor who was guarding outside the spiritual veins also opened his eyes, and a look of surprise appeared in his eyes.

The owner of this long howling, he knows who it is.

That is Ye Chen's voice.

Judging from the sound, Ye Chen's cultivation seems to have made a great breakthrough!

And Ye Chen entered the advanced spiritual room, how long did it take?

Two days!

Although the aura of the high-level spiritual room is extremely rich, but the speed of this increase is too fast, right?

However, this tutor was not too surprised. After all, Ye Chen had completely shocked him before. Now, even if he suddenly told him that Ye Chen was actually the reincarnation of the Holy King, he could accept it.

After a short while, Chang Xiao stopped, and a figure slowly walked out of the passage and appeared outside the spirit vein.

is Ye Chen!

At this time, his face was full of joy, and the harvest this time was far beyond his expectation!

The core power in the depths of the spirit veins was absorbed by him.

The reincarnation cemetery has also been greatly nourished!

When he cultivates in the future, as long as he has black stones, he will be able to cultivate in the spirit vein!

Now he has taken away most of the core existence of Shenhua Academy's spirit veins!

Ye Chen felt a little guilty.

But this was absorbed by the reincarnation cemetery, and he couldn't stop it.

sin.

And, within two days, the realm broke through to the second layer of the good fortune realm!

You must know that the existence of reincarnation blood his breakthrough is much harder than ordinary people!

As for what kind of existence can be shaken now, Ye Chen doesn't know.

The door-sealing state instructor glanced at Ye Chen, but his breathing was stagnant!

Why?

Because Ye Chen's breath at this moment is accompanied by a trace of coercion!

When Ye Chen entered the Spirit Vein, he was just a layer of the good fortune realm, right?

So fast, has already been promoted to the second heaven?

The key is that the aura of the second layer of heaven does not lose the star aperture at all!

Now, Ye Chen decided to return to his dormitory and stabilize his cultivation first.

It is estimated that in a few days, I will go to the Nine Nether Kingdom.

Thinking of this, Ye Chen walked towards the dormitory.

At the same time, in the dean's room, a young man with an ordinary face opened the door and entered. His face had a gentle smile, but his eyes were faintly shining with sharp light. It was Zhou Chun.

Ge Qing put down the scroll in his hand and smiled at Zhou Chun: "Here?"

Zhou Chun respectfully saluted Ge Qing: "President, I have already understood clearly about the journey in the Nine Netherworld Kingdom. Dean, will you give the quota that originally belonged to the second grade to the first grade?"

Ge Qing nodded disapprovingly and said, "Oh, yeah, what's wrong?"

The smile on Zhou Chun's face was more gentle and respectful, but his eyes were brighter and sharper.

Chapter 2039: The battle book of the 1 year agreement!

Zhou Chun said indifferently: "Dean, if this time, the quota still belongs to second-year students, who would you choose to congratulate the royal family in the Nine Nether Kingdom?"

Ge Qing said indifferently: "It must be you, the second grade, you are the first genius deservedly, even Zheng Shishi, Zhang Feishen and others are far behind you.

But, compared to you, it's worse, and still a bit far away. If I'm not mistaken, your current realm has already been closed for a while, right? How about this year, are you sure to break through to the door? "

Zhou Chun smiled and said: "The dean has overwhelmed the award, um...90% sure."

Ge Qing said with a pleased smile: "Yes, you don't have to worry, according to your state, after you reach the third grade, you will definitely have the opportunity to go to the Nine Nether Kingdom, the royal family of the Nine Nether Kingdom, you too You know, in the future, you won't be short of opportunities."

"There is no shortage." Zhou Chun smiled and nodded. He knew that he would definitely have a chance to go to the Nine Nether Kingdom when he entered the third grade.

"But—" Suddenly, Zhou Chun's gaze, charged with determination, looked directly at Ge Qing and said, "I, I'm not convinced."

"Not satisfied?" Ge Qing didn't care about Zhou Chun's attitude. At the same time, it was not surprising that he did not hide Zhou Chun from the beginning and the second grade quota was cancelled.

Zhou Chun nodded, his gaze calmed down, and continued: "I can't accept it, the first-year freshman, human talent, potential, above me, I have killed even the first level of the door, so Ye Chen counts. what!

So, I want to apply, the college challenges. "

Generally speaking, students in the academy are prohibited from fighting. Fighting privately will be punished by the Ministry of Law and Discipline. However, there are exceptions.

If some students are dissatisfied with the interest disputes caused by the decision of the college, they can submit a formal challenge application to the college to determine the ownership of the interests.

This is the college challenge!

And Zhou Chun, now, is to challenge Ye Chen! Compete for the quota of this trip to the Nine Netherworld!

Ge Qing's eyes flickered, and a smile was drawn at the corner of his mouth.

It's time to come.

He nodded to Zhou Chun and said, "Well, I agree. The time for the challenge will be tomorrow. I will inform Ye Chen."

Zhou Chun smiled upon hearing this, and turned around and left the principal's office.

At this moment, Ge Qing picked up the scroll in his hand and said lightly:

"Boy Zhou, you are indeed excellent, but this battle may not be as easy as you imagined.

Go back, get ready to prepare. "

Zhou Chun heard the words, his eyes flashed, but he nodded and said, "Yes, the students understand."

In his heart, his interest in Ye Chen is getting stronger and stronger.

In the past few days, he went to learn about this Ye Chen, about his recent severe injury to Star Aperture Du En from outside of the spirit vein, and he showed amazing resilience.

At the same time, when entering the high-level spiritual room of the spiritual veins, the time of their stay is even more terrifying judgment by the core of the spiritual veins, 1.3 billion years...

It's not that Zhou Chun had never been to the high-level spiritual room. At that time, the number he got was only 9.8 million years, which was barely at the level of tens of millions of years, but what about Ye Chen?

is more than a hundred times worse.

But, will Zhou Chun's confidence be affected by this?

Not at all, Zhou Chun, has his own pride.

But, in this way, he really paid much attention to Ye Chen.

1.3 billion years...This number is not something ordinary people can get.

As far as he knows, since the history of the Shenhua Academy, the largest number of people who entered the high-level spiritual chamber has been 82 million years, which is terrifying.

That genius possesses an extremely ancient bloodline that is against the sky, and his cultivation speed is shockingly fast, and he has a very high affinity for spiritual energy, not even under the ancient true spirit.

What about Ye Chen? Its affinity for aura is still above the true soul?

This is only possible for the descendants of the legendary gods, right?

However, it doesn't matter who Ye Chen is.

Zhou Chun's eyes narrowed, his sword intent was rippling!

"Even if it is a god, I Zhou Chun, I will kill it with one sword!"

The sword enters the extreme realm, it can be seen that the gods cut it!

This is Zhou Chun's pursuit!

Zhou Chun, once again came to the cliff, the originally empty cliff, with his arrival, instantly, was filled with white clouds.

At this time, this white cloud is no longer a harmless sea of fog!

But, a sea of sword intent full of fierceness and danger!

.....

At this time, Ye Chen was cultivating in his dormitory, and finally, he had already calmed down completely because of the impetuous aura he had just advanced.

He opened his eyes and kept himself introverted. After stretching, he climbed down from the bed and went downstairs to find Xing Zitang and the others. He should also have some delicious food and relax.

But he just came downstairs, and a pretty girl downstairs shouted to him: "Is it Ye Gongzi? Please stay!"

Ye Chen glanced at her. This girl, who seemed to be the dormitory in charge, immediately said: "I am, what's the matter?"

The girl took out a letter from her arms, handed it to Ye Chen, and said with a smile: "This is from the dean for you."

Ye Chen took the letter with some curiosity. After reading it, he couldn't help showing a pensive expression.

Cloud Dragon Sword Zhou Chun?

College challenge?

At the corner of Ye Chen's mouth, a smile appeared, which was a bit interesting.

He has always been a little annoyed, because in the academy, there is always garbage provoking him at every turn. This academy challenge will be carried out in public.

In other words, he has an opportunity to show his strength in front of many students. This is a good way to do it once and for all.

After this battle, there shouldn't be so many annoying bugs to disturb yourself, right?

Ye Chen thought, walking towards the outside of the dormitory. Even if tomorrow, he was going to fight the super enchanting Zhou Chun in the second grade, he did not change his idea of eating with friends.

Because he doesn't think he will lose!

Before he took a few steps, he saw another acquaintance.

Wang Zixin of the Lingxian Emperor Palace Wang Zixin blocked Ye Chen's path, his eyes cold as ice for a thousand years.

"Let me guess, Xia Lingqiu and Lingyun let you come?"

Wang Zixin threw out a war note: "Ye Chen, this is a one-year appointment between you and the deputy master of the Lingxian Imperial Palace! My Lingxian Imperial Palace has announced the Lingwu Continent!"

"You don't even have the right to refuse now."

"Even if you have the ability to fight the peak of the star aperture, the cultivation base of the deputy palace lord after retreat is not something you can shake."

"The deputy palace lord asked me to tell you that even if you step into the closed door, she can still crush you to death, and you don't even have a chance to make a move!"

"My Lingxian imperial palace puts all resources on one person, what kind of effect will it produce, you can't imagine!"

"Oh." Ye Chen stretched out and said lightly.

Chapter 2040: Ji Lin's anger!

He glanced at the battle book, but he didn't expect that there was not much time left for the one-year appointment.

According to this point in time, the Blood Sword Gate of the Blood Spirit Race will also attack Kunlun Xu.

It's time to go to the Blood Sword Gate some time.

Those Kunlun imaginary powers should also be rescued.

When he left the Universe Killing Domain, he accidentally asked the Ice Sword Saint King when it was the most suitable time to go to the Blood Sword Gate.

It was just the answer from the Ice Sword Saint King, that a strong man from the kingdom of God went to the blood spirit clan, and now is not the time for a head-on confrontation.

Ye Chen can only wait.

I just don't know what kind of cultivation level this Lingyun will be when this year's appointment expires?

Close the door?

Ye Chen didn't think much anymore, ready to leave.

At this moment, Wang Zixin continued: "But Ye Chen, it's not certain whether you can live for the year."

"Do you know that Zhou Chun's background? He is the strongest second-year student in the history of Shenhua Academy!"

"It is the future head of the top power!"

"Even the strongest person who closed the door died under his sword! Leapfrog battle is extremely strong! Are you sure you are a good fortune realm, qualified?"

"I'm afraid you will end your destiny tomorrow, hahahaha!"

"Oh."

Ye Chen replied with one word, and then left.

After meeting with Xing Zitang, Ji Xuan and others, he went directly to Wangyue Tower.

Chuying personally received.

But what surprised Ye Chen was that Chu Ying had the same attitude towards herself as that day.

The matter of the Devil Emperor seems to have never happened.

Ji Xuan also heard about Zhou Chun, frowning and said: "Brother Ye, this Yunlong sword Zhou Chun is not easy, you have to be careful."

"Oh?" Ye Chen showed interest and looked at Ji Xuan, "Brother Ji knows this person?"

Ji Xuan and Xing Zitang looked at each other, and smiled bitterly at the same time:

"Brother Ye, this person comes from a top power called Taiyi Sword Sect, which is an ancient sword sect.

Its strength and background are extraordinary. Most of the young generations of our top powers know each other, and Zhou Chun, among us, is also a very famous person. "

Xing Zitang said: "This week Chun, the talent in kendo is terrifying, and he is extremely proud!

Although on the surface it looks ordinary and even gentle and polite, his pride is carved in his bone marrow and in his sword...

When he was thirteen years old, he did a great event that shocked the Lingwu Continent, but not many people knew about it. "

Ye Chen curiously asked: "What's the matter?"

Ji Xuan was silent for a moment before he replied: "He used to go to a first-class power in the southern region of Lingwu Continent to worship the mountain gate with one sword and one man, to challenge the younger generation of geniuses in this power..."

Xing Zitang said: "Back then, all the powers, the top evildoers under the age of fifteen, almost all were defeated by Zhou Chun's sword. It was also at that time that he was awarded the title of Yunlong Sword..."

Ye Chen took a bite of the dish and brought it to the mouth, his eyes flickering, it seems that Zhou Chun is really not easy this time.

Ji Xuan's complexion was a bit solemn and said:

" According to legend, the sword technique of Taiyi Sword Sect was cultivated to the extreme, and it could even surpass the martial arts of the gods, becoming an unimaginable magical skill, extremely terrifying.

And Zhou Chun is said to be the first sword repairman who has hoped to reach this state in thousands of years. "

"Someone in the Kingdom of God has seen him."

"Ok?"

Ye Chen's eyes lit up, this Zhou Chun, it was really unexpected to him.

However, in this way, a fight with the opponent may allow him to gain some insight from the opponent's swordsmanship.

Perhaps, there are unexpected benefits for him to practice Zhantianyijian!

In Ye Chen's eyes, the fighting spirit surged, and his aura faintly agitated. He was more and more looking forward to tomorrow's battle with Zhou Chun.

For others, there is only despair when they encounter a terrifying opponent like Zhou Chun, but for Ye Chen, it is expectation and excitement!

.....

Lingwu Continent, a desolate land.

A thin figure suddenly appeared.

is Ji Lin.

Ji Lin's thin body, did not know where he got a pair of pink glasses and a hat, leaning on a wooden stick, seeming to imitate Sherlock Holmes.

Even the Frost Sword God who was protecting Ji Lin from a distance was a little confused.

"What the **** is this little girl doing?"

At this moment, Ji Lin frowned, stared at the desolation of Fangyuan, and said, "It should be here."

"That day, sister Luo Er and I teleported to this neighborhood, and it was here that we met those mysterious people."

"The mysterious group of people seems to have come for sister Luo Er.

"Presumably, sister Luo'er's life experience is related to Lingwu Continent."

"According to the China TV series I have watched, Sister Luo Er will not be involved in any throne fight, right?"

"Isn't Sister Luo'er's identity unusual, touching some people's interests?"

"Hey, it's all over the corner, why don't I think about these."

Ji Lin shook his head.

She didn't know, she had actually guessed it.

Ji Lin sat cross-legged and pinched his fingers: "Today, I, Fuer Jilin, must find out which **** sister Luo Er took away!"

The words fell, her whole body was surrounded by colorful rays.

The light surrounds the whole body.

A sword appeared above her head!

Sword of Time!

The secret method of the Ten Thousand Sword Emperor Palace!

Countless pictures flashed in front of Ji Lin.

For a moment, it feels like ten thousand years.

"stop!"

Suddenly, the screen stopped.

Ji Lin, Ye Luoer, and a group of mysterious people appeared in the screen.

Ye Luoer stimulated the blood and pushed Ji Lin away at the last minute!

Seeing this previous scene, Ji Lin's eyes were full of tears.

"Sister Luoer, Ji Lin is sorry, don't blame me..."

"It's been so long before I came to find the truth."

"I have now awakened the Innate Poison Body, and I have become more powerful. When I am sure of your whereabouts, I will immediately find Ye Chen and kill them together for nine days!"

She bit her lip and stared at every detail in the picture.

Suddenly, her eyes were serious.

Her small fingers zoomed in on a picture.

There is an old man in the picture.

A jade pendant was hung around the old man's waist.

jade pendant is engraved with four powerful characters!

Linghu family.

At this moment, Ji Lin's tears disappeared, and a terrifying killing intent appeared all over his body!

Congenital poisonous body surges.

A stream of green poisonous gas surrounds Ji Lin's body and the airflow continues to expand!

The boulders all over the body are completely turned into powder!

There is no grass in a radius of thousands of miles! Only death!

The face of the Frost Sword God in the distance changed drastically, and he quickly cast a spell to protect his body!

However, even so, his blood is still extremely uncomfortable.

Even the protective barrier in front of me is faintly broken!

Regardless of everything, retreat hastily!

"This little girl still needs my protection?"

"With such a poisonous intent, I am afraid that the strongest people in the closed door realm will fall here!"

"Just what did that little girl see, so angry?"
