Chapter 2041: Shenglong Sound Transmission!

for a long time.

The poisonous gas on Ji Lin's body dissipated,

Everything returned to silence.

However, when Ji Lin was ten miles away, it turned into a piece of yellow sand.

cannot be restored forever.

Ji Lin's eyes were filled with determination, and he muttered: "The address of the Linghu family is not difficult to investigate."

"However, judging from the aura in the screen, these people are not too powerful. It is estimated that there is a more terrifying existence behind the Linghu family."

"I am alone, after all, I can't compete."

"You must find Ye Chen."

"This Ye Chen is really unreliable. What kind of Shenhua Academy to go to."

"This **** college does not allow others to enter, it must be some pheasant school! Ye Chen will only waste time if he goes here."

"I must think of a way..."

If anyone in the world hears that Ji Lin complains so much about the Shenhua Academy that countless geniuses have longed for, I am afraid it will be frightened and dare not take a breath.

At the same time, the Holy Dragon Family, a mysterious forbidden place.

When the Holy Dragon Family knew that the original forbidden land could not trap Ye Luoer's awakening blood, they could only order people to transfer Ye Luoer to a sealed place.

The power of this sealed land comes from ancient times.

is trapped, it represents endless years.

Almost no one can save, and no one dares to save.

Eternal life and everlasting suppression.

If this seal were to be broken, it would be tantamount to destroying the foundation of the Holy Dragon family.

Endless desert.

Thousands of heavenly chains trapped a fair-skinned girl.

The chain has arcs of thunder.

The power of this thunder arc turned out to be the sky thunder!

The girl had a pale face, her eyes looked around, very firm.

"I thought it would trap me."

"My blood is constantly awakening, and some of the dusty memories deep in my mind are also swept in."

"My father is not dead, he is still alive!"

"Just..."

Ye Luoer's eyes suddenly dimmed.

She looked at the seal and suppression of countless chains.

somewhat helpless.

Pain is next.

Her bloodline has the ability to recover from the sky, no one can touch her.

Suddenly, she thought of something and quickly sat down.

"The Holy Dragon Sound Transmission Technique can span all sound transmissions. Right now, the only person I trust in Lingwu Continent is Big Brother Ye."

"I must cultivate this Holy Dragon Sound Transmission Art as quickly as possible, otherwise Big Brother Ye will not be able to find this place even if he knows that I am trapped by the Holy Dragon family."

The next second, the chain vibrated.

Ye Luoer was so restrained, and began to feel the magic in his memory!

It's just that this move went against the sky, and the pain she endured was also immense.

There are beads of sweat on her forehead.

However, the eyes are firm and fearless!

.....

Night falls.

In the reincarnation cemetery.

Ye Chen glanced at the red and blue ball above his head. He didn't know if it was an illusion. He vaguely felt that there was a ghost inside.

should be Xiao Huang.

"This ancient rib is really hard to refine."

Ye Chen murmured.

At this moment, a figure appeared beside Ye Chen.

The figure is in a black and white robe, full of rhyme.

was carrying a huge sword box behind his back.

The breath of the whole body is extremely distant.

The wind is clear.

Ye Chen quickly arched his hands: "Senior Feng."

Ye Chen found that Feng Qingyang was young among many great abilities, and even a little unruly.

Such a great ability, presumably the real body is also the top genius of the amazing Lingwu continent.

Feng Qingyang glanced at Xiao Huang and said, "If this guy returns to the peak state of the ancients, I won't necessarily be shaken."

"If you refine the ribs, it is estimated to be at least a thousand years."

Ye Chen was startled, and then smiled bitterly: "Then how long should I wait?"

Feng Qingyang shook his head: "I don't know, but there is one thing for sure. It will appear when you need it most."

"By the way, be careful tomorrow. That guy named Zhou Chun is not easy."

Ye Chen's eyes condensed, never expecting Feng Qingyang to remind him.

Is it really strong that week?

.....

No words for a night.

Today Shenhua Academy, sunny and cloudy.

Shenhua Academy has an open-air martial arts field, which occupies a very large area, about the size of a hundred basketball courts, and around the martial arts field, there are many seats.

There are a lot of seats, but there are not many audiences. After all, the teachers and students of the school, including all kinds of handymen, are only a few hundred people.

And these people, almost all of them are here today!

Zhou Chun has already entered the arena at this time. With his hands on his back, he is looking at the clouds in the sky. The whole momentum is calm, like an ancient tree that has been rooted here many years ago.

Not far away, there was a sound of footsteps, and a figure walked into the martial arts arena and came to Zhou Chun.

And at the moment this person entered the venue, a few hundreds of spectators broke out with loud shouts.

called Ye Chen's name! Among them, most are from women.

In the past few days, Ye Chen's various performances have been completely spread in the academy!

And the more it spreads, the more bizarre, there are even rumors that Ye Chen is not a human at all, but a descendant of the Kingdom of God, living in the world...

Many students, especially female students, have gone from being curious about Ye Chen to worshipping Ye Chen!

Compared to Ye Chen, Zhou Chun is much more low-key. Except for the second-year students, many other students don't even know Zhou Chun.

Ye Chen looked at Zhou Chun, Zhou Chun also looked at Ye Chen, both of them focused on each other, not paying attention to the shouts of the students.

Ye Chen's complexion gradually became serious, Zhou Chun was very strong, stronger than he thought!

This is no longer measurable by the realm.

Zhou Chun's full strength will inevitably close the door.

No wonder Feng Qingyang wants to remind himself.

Zhou Chun smiled at Ye Chen: "Hello, I am Zhou Chun."

Ye Chen nodded and said: "Ye Chen."

Ge Qing flew up and hovered over the martial arts arena. After coughing a few times, the martial arts arena was instantly quiet.

Ge Qing glanced at the two people in the field and announced: "In this college challenge, the winner will be eligible to go to the Nine Nether Kingdom to celebrate the royal family's birthday. Keep attacking, are you ready?"

"Ready!" The two replied at the same time.

Ge Qing said: "The challenge begins!"

As soon as Ge Qing's voice fell Zhou Chun, the whole person's temperament changed instantly.

He was originally as calm as an old tree, but now he is a sharp sword out of his body!

Under the agitation of the sword intent, most of the students present were chilling!

Zhou Chun, haven't shot yet!

Just standing, there is such a powerful sword intent!

Ye Chen's pupils shrank, and as Zhou Chun's sword intent exploded, Ye Chen also flashed an ultimate killing intent. Amidst the killing intent, there was still a tiger roar and a sword that could split the world. meaning!

The two have not yet shot, their momentum has already begun to collide!

A hint of surprise flashed in Zhou Chun's eyes. Originally, Ye Chen only had the cultivation base of the second-tier sky. In his opinion, even if he understood the power of the realm, it was only a relatively shallow level. That's it.

It seems that he was wrong.

Chapter 2042: Shocking battle!

He found that Ye Chen's comprehension of the power of the realm, although not as good as himself, had a very mysterious charm, which even he could not see through.

If he is a pure sword, a sharp and unmatched sword, then Ye Chen is the killing of chaos. There seems to be blood, tigers, and swords in the killing!

Zhou Chun suddenly laughed and said, "I thought that you were just relying on the opponent to underestimate the enemy and use brute force to win the victory. It seems that I underestimated you."

Although Zhou Chun said that he underestimated, there was an invisible arrogance and invisible contempt in his words.

Ye Chen also smiled, and said lightly: "What? Are you afraid? If you are afraid, you can give up."

Zhou Chun seemed to have heard some joke, haha laughed: "Afraid? Do you think you are scary?"

said, his smile cooled down.

"Ye Chen, I know that you are very talented, but you shouldn't, you shouldn't, you are blocking my way.

This road, there is no obstacle, it can stop me from going forward, you know?

If I say I'm afraid, the only thing I'm afraid of is that you are weaker than I imagined. If I make a move, I will miss you and kill you.

There is a saying in our Taiyi Sword Sect, which is called the sword enters the extreme realm, see God cut it.

Even if the gods block my way, I will cut them under the sword, Ye Chen, do you think you are a god?

Are you qualified to make me afraid? "

Ye Chen looked at him faintly and said, "Do you guys repair swords and talk so much nonsense?"

Zhou Chun is indeed, there is a kind of pride in the bones, Ye Chen believes that this kind of person, even if they die, will be proud, but what?

See God Slash?

Very good, then I, Ye Chen, is the **** of the gods!

Zhou Chun laughed colder when he heard the words, and said Senran: "Very well, hope, you don't let me down!"

After that, a cloud of mist instantly enveloped the entire martial arts field!

Zhou Chun said in a low voice, "Yuntian Sword Realm, open!"

The power of the realm is surging in the sea of clouds. This entire sea of clouds is transformed by Zhou Chun's extremely condensed sword aura. In this sea of clouds, every cloud and mist can be transformed into a divine sword that cuts the sky and the earth. !

As soon as the sea of clouds came out, some third-grade students' faces changed!

Others can't see it, but they see it!

This sword world, which looks like a misty mist, is surprisingly strong!

Even, he touched the side of the door closed!

That Ye Chen is bound to lose!

Just relying on the cultivation of the good fortune realm, how can it compete with this realm that is close to the ultimate star aperture?

is still a sword world that inherits ancient times and is famous for its destructive power!

Many third-grade students looked at the sea of fog with anxiety. They felt that even if they were against Zhou Chun this time, they would be defeated.

At this time, Ye Chen, who was in the sea of clouds, frowned, and a layer of condensed murderous aura flowing around him.

When Zhou Chun expanded the realm, he wanted to expand the killing intent realm at the same time, but!

The power of his realm was completely suppressed by Zhou Chun!

can only protect him, not being affected by Zhou Chun's realm!

At this time, Zhou Chun's slightly mocking voice sounded in the foggy sea:

"Ye Chen, is this the capital of your pride? It seems that I am a little exaggerating you. You don't have the qualifications to scare me, and you don't even have the qualifications to stand in my way! Cut!! !"

The next moment, in the foggy sea, a dragon roar suddenly sounded, and vaguely, a foggy dragon could be seen. In the foggy sea, it flashed extremely fast, with unparalleled sword intent, and rushed towards Ye Chen. !

Zhou Chun slashed out with this sword, full of confidence. Since his practice, there have been very few people who can block his sword.

And what he faced has always been evildoers. He knew that Ye Chen might have some advantages, but he was also vulnerable to his sword!

His sword is everything!

And the other viewers, originally, they might have some confidence in Ye Chen, but now they saw the power of Zhou Chun's sword, they also shook their heads and sighed:

"This Ye Chen may be outstanding, but with him now, it is absolutely impossible to beat Zhou Chun."

Maybe, if you give Ye Chen another year or even a few months, he can catch up with Zhou Chun, but with him now, it's too difficult!

In their opinion, now, Ye Chen, who was originally arrogant, should also experience Zhou Chun's horror?

There are even people who have smiled disdainfully, waiting to see Ye Chen being defeated by Zhou Chun's sword!

Especially the second-year students!

Because other people may not know Zhou Chun because of his low-key, but Zhou Chun, who is also a second-year student, is their pride, their yearning!

In their opinion, Zhou Chun, is the most enchanting evildoer in ancient and modern times, Ye Chen is just a small one?

Just as Zhou Chun said, there is no qualification to get in his way!

Even, they are all done. After Ye Chen was defeated, he laughed and prepared for mockery!

At this time, Ye Chen, facing Yunlong who roared at him, his eyes brightened!

Zhou Chun's realm is made up of his sword aura, and between faintly, there is already a tendency to distinguish between the real and the false, with the false and the real, and this Yunlong, who uses the sword as the bone and the qi as the body, actually gave Ye Chen a kind of , The feeling of facing a real dragon!

Zhou Chun's sword, indeed, has its own uniqueness, and it can even be said to be a sword technique beyond Lingwu Continent!

Fighting against Zhou Chun will undoubtedly inspire him in the practice of Zhantianyijian!

As for terror?

Ye Chen has never been afraid even in the face of the gate-closure existence! Not to mention Zhou Chun?

The beast rotten sword moves, the world changes color!

The divine light flashed in Ye Chen's eyes, and his spiritual power surged. Amidst the vast sea of clouds, a golden glow suddenly rose up!

In this sea of sword intent, a strong sword intent burst out!

In the sword light, the shape of a tiger looms!

Strong! Very strong!

The audience was shocked again at this time, not only the students, but even some of the tutors were shocked!

Zhou Chun and the others knew it, so they were mentally prepared, but what about Ye Chen?

Even the mentors don't know much about the freshmen who won the first prize in the Thang Long Competition, but now, they see it!

Ye Chen's sword definitely has the ability to kill most of the star orifice powerhouses in seconds!

Even if you have been in contact with mentors who don't know how many amazing geniuses, you can't help but feel moved!

It's already extremely horrifying that good fortune cultivation can defeat the Star Aperture Martial Artist, but what about Ye Chen?

Even the pinnacle of the star aperture can be defeated with a single sword!

What kind of talent is this?

However, some instructors still shook their heads, looking with regret.

Ye Chen is indeed very good, but Zhou Chun he met!

The next moment, in the incredible eyes of everyone, the Golden Tiger and Yunlong roared and collided together!

The space is shattered, the earthquake is violent, and even the protective mask of the martial arts field begins to flicker!

Chapter 2043: Worship!

Zhou Chun, who was originally extremely confident, changed his face!

Ye Chen's sword is unexpectedly powerful!

Those second-graders who were going to laugh and mock at first also fell into a dumbfounded moment!

They knew very well how terrifying Zhou Chun's sword was. To them, the Yunlong just now looked like a real dragon!

In front of Zhou Chun's Stegosaurus, all they could feel was their insignificance!

But at this time, Zhou Chun's sword dragon was blocked by Ye Chen's sword?

It can be seen that Ye Chen's strength is beyond imagination!

They just wanted to laugh at Ye Chen?

Simply, extremely ridiculous!

However, the tiger-shaped glittering golden light finally dissipated under the attack of the billowing clouds, and the sword dragon, although its aura was greatly reduced, still flew towards Ye Chen!

Ye Chen's sword was actually suppressed by Zhou Chun's sword aura!

With a bang, the Stegosaurus slammed into Ye Chen's body firmly!

The second-year students, who had been dumbfounded, stunned, and even blushed, relaxed again.

Because they know that Zhou Chun is a top sword repairer that can no longer be top, and what is the most powerful sword repairer?

It is their attack power!

Therefore, even the remaining stegosaurus can still suppress Ye Chen to death!

In other words, Ye Chen, after hitting Zhou Chun's sword, must have already lost!

Someone even couldn't help but mockingly said: "Isn't it arrogant just now? What nonsense? I think, if Zhou Chun wanted to say a few more words, can he last three seconds? I should thank Zhou Chun! "

Another person also said with a sarcasm: "But, I heard that his physique is very against the sky? Will it be able to stand it?"

"Hahahaha? Can you hold it? Zhou Chun is a sword repairer! Is it comparable to ordinary warriors? What's more, what kind of cultivation is this kid?

Zhou Chun, have you already touched the side of the door? This can still be sustained, you are really a **** when you are him? "

Just when everyone heard the words, a burst of laughter, a cold female voice inserted into everyone's laughter.

"Why do you guys say that Ye Chen?"

The second-year students were stunned when they heard the words and looked at each other, only to see a tall woman with a hidden face, looking at them coldly.

It is Tianling!

She didn't want to speak at first, but after hearing these people, mocking Ye Chen so unscrupulously, finally she couldn't bear it!

When this second-grade warrior saw this, his pupils shrank, and he recognized that those people were Xing Zitang, Ji Xuan and other top-powered students!

I couldn't help but swallowed the words that I got to my mouth, but also smiled coldly: "What? You mean, this Ye Chen can survive the sword just now?"

Tian Ling stared at the opponent and said, "Can it survive? Ha ha, Ye Chen, not only can it survive the sword just now!"

Her gaze gradually became sharp.

"Ye Chen, will win this game again!"

"What are you talking about?" Several people looked at Tianling like a fool, and laughed: "Ye Chen can win? Are you serious? Don't make me laugh again, okay?"

At this time, Ji Xuan, who was sitting next to Tianling, spoke lightly: "Oh? Since several people think so, dare you to gamble with us?"

"Bet? How to bet?"

Although they are unwilling to take the initiative to enmity the disciples of the top powers, but since the other party took the initiative to send them to the door, it is no wonder they are?

All of them were full of self-confidence, and they believed that no matter how bad Ye Chen was, he couldn't be Zhou Chun's opponent.

Ji Xuan said lightly: "Just bet, how about Ye Chen's victory in this competition? As for the bet..."

Ji Xuan's eyes gradually cooled down: "You guys were very happy just now, didn't you laugh at it? If Ye Chen wins, how many people will you wait for and apologize to Ye Chen in public?"

When everyone heard this, their faces changed!

Apologize to Ye Chen in public?

They are the second-year students of Shenhua Academy!

Even if he knew that Ye Chen was exceptionally strong, it would be indescribable to apologize to a first-year student with good luck, and even the students at the same level would look down upon them.

It can be said that from now on, there are people with a face in the school who are not willing to get in touch with them!

But soon, their expressions calmed down again. All of these were things that waited until Ye Chen's victory. Can Ye Chen win?

Therefore, it is impossible for things like an apology to happen. They are now curious, Ji Xuan, let them apologize in public, what kind of bargaining chip will he use?

One of them couldn't help asking: "Then, if Ye Chen loses, what will you do?"

Ji Xuan said indifferently: "Let me invite a few people to have a full meal in the canteen sky area. How much can you eat?"

Several people looked at each other and they all saw the joy in each other's eyes. Although they are second-year students, they have never eaten in the cafeteria heaven!

What's more, it was a brazen meal in there?

Immediately, they all nodded and smiled and said triumphantly: "Okay, we bet!"

They thought that this Ji Xuan was just a momentary idiot who was struggling for face.

However, since they had made a bet with Ji Xuan, they were too embarrassed to talk more and watch the game quietly.

At this moment, in the sea of clouds, a roar sounded, and even the clouds and mist were scattered a lot, and a figure emerged from the mist.

When everyone saw this, they couldn't help but breathe stagnant!

And those second-year students who just made a bet with Ji Xuan and the others changed their expressions suddenly!

That figure is Ye Chen!

At this time, Ye Chen had a completely different appearance, a half-human, half-devil appearance, and at the same time, a faint purple flame was burning on his body, just standing there, exuding boundless power!

Faintly, people give birth to a feeling of wanting to worship!

What is even more shocking is that Ye Chen just now suffered a blow from Zhou Chun. At this time, it seemed that although there were some scars on his body, he was healing rapidly. On the whole, he seemed to be okay!

You know, Zhou Chun had a sword, but he killed the Cangming Xuangui with the strongest defensive power!

The Cangming Xuan Turtle, among the monster beasts, also possesses the top defensive power, but the physical body of Ye Chen's defense is still above the Cangming Xuan Turtle?

Everyone feels that their brains are about to stop working!

And those second-year students even stared out!

Ji Xuan looked at several people and smiled lightly: "Several people, didn't you just keep saying that Ye Chen can't survive Zhou Chun's blow? What about now?"

Chapter 2044: Extremely horrified!

The second-year student looked a little ugly, and forced a cold snort, "So what? It's just a fluke, isn't he, is he still losing to Zhou Chunyijian?"

Ji Xuan and others looked at them coldly, shook their heads slightly and said, "He is never what you can imagine."

Only those who have experienced Ye Chen will know what kind of existence Ye Chen is.

Ji Xuan and others didn't say much, because they knew that you would never wake up a person who pretended to sleep.

Then, let the results prove it!

Ye Chen stared at Zhou Chun. His sword just now did not match Zhou Chun's sword intent, but instead of retreating, Ye Chen became more excited!

Top Best AI for Forex Trading 2024

He can rely on the immortal divine body to take a blow that Zhou Chun was weakened by his sword intent next year, and he knows that every time he takes Zhou Chun a sword, he has a deeper understanding of his kendo, which also means that he is in The comprehension on Zhantian Yijian will also become more and more diligent!

Even Feng Qingyang in the reincarnation cemetery smiled and said, "So you want to understand from the hands of this genius Jian Xiu."

"Under the whole world, I am afraid you dare to grow up in such danger."

"A little carelessness is a dead end."

far away.

Zhou Chun's expression turned gloomy, he knew that he underestimated Ye Chen.

He has always been invincible, making his opponents desperate.

When did you feel the pressure from the opponent?

And now he feels the pressure for the first time, or is it from an ant in the good fortune realm?

This is called him, how can he accept it?

Ye Chen looked down on this kind of pride that had never experienced setbacks and had never struggled in a real despair.

The blood around is getting thicker and thicker, but Ye Chen didn't care, and said lightly:

"Zhou Chun, I will show you what despair is!"

"I have been called trash by everyone since I was a child, and the adversity and ridicule I experienced are beyond your reach in your life!"

Zhou Chun clenched his teeth, his mind was about to burn, and shouted at Ye Chen: "Shut up! With you, you are worthy of me! Give me a cut!!!"

In an instant, the sea of blood-colored swords surged, and a dragon chant sounded. The boundless sword aura engulfed in blood and light, it actually merged into Zhou Chun's body and turned into a blood-colored fog dragon. Come!

Zhou's purified dragon, with one scale and one claw, is lifelike, his whole body is full of blood, his
**** eyes are staring at Ye Chen, his eyes are cold and cruel!

This trick, he also used it for the first time in front of everyone!

This is his true strength!

He is confident, in the same rank, he is invincible!

Ye Chen, you said you want me to experience despair?

Then, I will let you understand what is the real hell!

As soon as the blood-colored foggy dragon appeared, everyone onlookers felt a sense of worship,
spontaneously alive!

Some students with weaker cultivation levels couldn't help but tremble slightly!

was really terrifying!

Ye Chen held his breath and concentrated on his mind. Although his current strength has improved compared with before, he still cannot fully release the Heaven Slashing Sword.

Therefore, he will continue to fight. Before he reaches his limit, he will improve his level of Zhan Tian Sword through his understanding of Zhou Chun's sword intent, so that he can use the ultimate Zhan Tian Sword at a lower cost!

Otherwise, even if he successfully defeated Zhou Chun, he would not have the opportunity to face the kingdom of God and the way of heaven! Confront the superpower behind the imprisoned hundreds of mighty powers!

Seeing the appearance of the scarlet dragon, those second-year students who mocked Ye Chen were obviously excited. Zhou Chun unexpectedly hid one hand!

In the past, although Zhou Chun was strong, but he didn't have such strength against the sky, right? After the pure human swords are united this week, the manifested dragon is probably invincible under the door.

They have never seen any warrior who has not reached the gate, who can perform such terrifying tricks, that is to say, the probability that Ye Chen can resist is very small!

They looked at Ji Xuan triumphantly, seeing that their expressions were also slightly dignified, and they couldn't help becoming more confident in their hearts.

Ye Chen is dead!

The blood dragon roared, with a strong sword intent, impacted Ye Chen, and the space was shattered wherever he went!

Ye Chen is like a flat boat in this sea of blood. With the huge waves constantly tossing, the beast sword in his hand dances frantically. For a moment, I don't know how many swords have been cut off toward that mighty dragon!

However, this giant dragon gently flipped its claws, but it seemed that thousands of sword lights appeared, which was actually the sword light that Ye Chen had cut, torn to pieces!

The second-year students were even more delighted when they saw this. The joy in their eyes almost overflowed their eyes. They gloated at Ye Chen with misfortune.

Ye Chen is indeed a genius against the sky, even better than their second-year students!

It's a pity that he provokes Zhou Chun, so there is only one ending, death, death to the point of death!

Therefore, the more talented Ye Chen is, the happier they will see Ye Chen being crushed!

For people who are better than themselves, many people feel that the more unlucky and miserable this person is, the happier they will be!

This stems from their jealousy of this person!

They know that they can never surpass this person, so they can only use this person's misfortune to comfort themselves! To fill up your self-esteem!

Ye Chen slashed out with a sword, and his whole body flashed with electric lights, displaying a hundred steps of electric power, while avoiding the dragon's attack, he kept swinging the sword!

Zhou Chun is indeed strong, so strong that Ye Chen has to temporarily avoid it!

But is even more frightening at this time, but it is Zhou Chun himself!

Because every sword Ye Chen slashed out, even though it was not equal to his sword intent, but!

Ye Chen's sword intent is constantly changing and strengthening!

how can that be?

Even a genius like Zhou Chun can only use unbelievable four words to describe everything he has experienced!

Who can keep getting stronger in battle?

Still facing an opponent like Zhou Chun who is so powerful that he is unimaginable?

Everyone has heard of it. In the legend, there are stories about some supernatural monsters with extraordinary talents, facing adversity, facing strong enemies, in desperate situations, seizing the chance to win and becoming stronger, and finally, the Jedi counterattack, and the story of defeat is victory.

But, the legend is just a legend!

and reality are completely different things!

Chapter 2045: The Way of Sword!

Facing an opponent who surpassed oneself, just wanting to resist and not being knocked down, you have tried your best, and still have a chance to become stronger?

Even with Zhou Chun's talent, if someone tells him that someone can continue to grow stronger in battle, Zhou Chun will sneer at the person and tell him that you don't understand cultivation at all.

But now, his understanding of practice has been completely subverted!

This young man, whom he originally looked down upon, was subverted!

No, you can't let him go on like this!

Zhou Chun, who was so proud that he was so proud, also had a trace of worry in his heart. Zhou Chun, who was full of confidence and thought that he would never lose, was now shaken.

He can't, delay any longer, no, give Ye Chen another chance to become stronger!

Even if there is only a slight possibility, he would not allow Ye Chen to surpass himself!

He admitted that he was afraid!

"Roar!!!"

With a roar, Zhou Chun's giant dragon violently accelerated, stirring the sword energy around him!

This sword aura gathered into Ye Chen's body in the blink of an eye! Turned into several crystal clear sword lights!

Zhou Chun gasped slightly. Obviously, this move was a burden!

However, Zhou Chun's eyes flashed with joy!

Ye Chen's ground changed fiercely, and the unicorn shadow flashed behind him, and the immortal divine body and the demon body started!

but! Even so, several crystal clear sword lights broke through the defense and penetrated Ye Chen's body in an instant!

Shatter!

Jianguang tore the muscles, blood splashed!

There was a sound of exclamation in the field!

Ye Chen was finally injured!

The divine light burst in Zhou Chun's eyes, right now!

He knew that with the sword light just now, Ye Chen could not be solved. His goal was to make Ye Chen suffer from a serious injury, and then he solved Ye Chen in one go!

No one, after being hit by him, can still be safe!

The dragon's speed increased again, and it was about to appear next to Ye Chen for one ten thousandth of a second!

However, at this moment, Ye Chen, who was spraying blood all over his body, showed a weird smile at Zhou Chun.

Zhou Chun was taken aback, Ye Chen was smiling?

What is he laughing at?

Don't know, are you going to lose?

Can you still laugh?

Suddenly a bad premonition surged in his heart.

At the next moment, it seemed that Ye Chen, who was already seriously injured, flashed with electric light all over his body, and started to act again! His speed did not seem to be affected at all!

Silence, deathly silence.

No one could think that Ye Chen would still be able to move after being hit by Zhou Chun Jueqiang?

Moreover, he looks completely unaffected by injuries!

Many people have always known that Ye Chen's physique is very strong, but they only now know that Ye Chen's physique is no longer what they can imagine!

In everyone's hearts, Ye Chen, who was covered in blood, gave birth to a kind of awe, no one wanted to be Ye Chen's enemy!

An enemy that can never be killed is something no one wants to face.

What's more, it's still an enemy with a talent to the extreme!

Ye Chen, the feeling it gives them now is just two words.

Immortal!

No matter how you really kill it, you can't kill the existence!

Ye Chen continued to evade Zhou Chun's attack, while constantly swinging his sword, his eyes became serious.

Although he supported his body by relying on the Gengjin Qi and the Burning Blood Technique, and was able to continue to move, Zhou Chun's sword was not without influence on him!

Zhou Chun is indeed an eternal genius, his sword aura is countless times more powerful than a strong one who seals the door!

Even if he had a lot of hole cards, Ye Chen couldn't completely ignore it!

"Boy, do you want me to help, if I give you strength or use your body, it will be enough to crush." Feng Qingyang's voice sounded in his ears.

Ye Chen shook his head: "No need, I can!"

Ye Chen refused.

He knows that he also has a limit. In this battle, it depends on who can grasp the victory and defeat the opponent before reaching the limit!

And Ye Chen's chance of victory is the ultimate Slashing Heaven Sword!

A sword he never used!

Zhou Chun was a little bit stunned at this time. He never dreamed that Ye Chen would be completely hit by his own sword light, yet he still looked okay?

He is confident that if an ordinary star-aperture peak martial artist is completely hit by himself, his body will completely collapse, and there will be no scum left. He knows that Ye Chen's physique is extremely strong, and he should not die.

However, he did not expect that Ye Chen would be more than immortality?

He doesn't even look injured!

Zhou Chun has always been invincible along the way. When has he encountered such an opponent?

For a while, his self-confidence was greatly hit, and he was a little bit at a loss!

Ye Chen smiled slightly. He knew that his goal was achieved. He is different from Zhou Chun. He has been playing games with the **** of death until now, and he has come through countless adversities. As far as Dao Xin is concerned, he, Far more powerful than Zhou Chun!

He, no matter what difficult situation he faces , he will not be discouraged!

After a brief period of loss of consciousness, Zhou Chun roared even more angrily. He now only hopes that Ye Chen will fall down. He only hopes that Ye Chen will disappear from his eyes and completely erase the stains in his life!

He knew that he was shaken by Ye Chen, so he wanted to defeat Ye Chen even more eagerly. As long as this stain disappears, he can be restored to the original Zhou Chun!

So that perfect Zhou Chun!

Zhou Chun stirred the blood-colored sword sea, several sword lights, and gathered again.

Ye Chen's eyes condensed, but a hint of joy flashed across his face, and the beastly sword moved!

With a bang, the sword light flashed, cutting out half of the sword light, and the other half penetrated Ye Chen's body again.

Not only was Ye Chen not angry because of the worsening injury, but rather happy.

He knew that Zhou Chun's sword was in a mess.

The giant dragon finally rushed to Ye Chen's side. The dragon claws waved and collided with the sword light that Ye Chen slashed out. Ye Chen vomited blood, and the huge counter shock force shook him upside down!

However, Ye Chen soon stabilized his figure and dodged the dragon's pursuit again. At the same time, he slashed at Zhou Chun with one sword and one sword!

The scene fell towards Zhou Chun for a while, and Ye Chen seemed to be just lingering.

However, no one dared to mock Ye Chen at this time, because they were completely shocked by Ye Chen.

No matter how strong Ye Chen was, how painful would it be to be pierced by Zhou Chun's sword light again and again?

Zhou Chun's sword aura is not an ordinary sword!

This sword energy enters the body, I am afraid that the muscles, bones, and meridians in the body will be smashed and shattered!

Normal people, even if the body can bear it, after receiving this sword, I am afraid that the mind will collapse because of the severe pain!

But what about Ye Chen? How many swords did he take during the fight against Zhou Chun?

I'm afraid, there are hundreds of swords, right?

Chapter 2046: Change the future of Shenhua Academy!

Having endured such unimaginable pain, is there any sign of giving up?

Not only did it not, but even though Ye Chen's aura has a weakening momentum, everyone felt that Ye Chen's fighting aura was getting stronger and stronger!

Although Ye Chen has been injured all the time, but in terms of momentum, he has already overshadowed Zhou Chun!

How can such a person not shock people?

Such a person, even if his body is broken, will continue to stand and continue to fight, how can he not admire someone who has a steel spirit?

Ye Chen hasn't won yet, but he has already convinced most of the students.

He is the Shenhua Academy, a well-deserved genius!

Ge Qing looked at Ye Chen, the divine light in his eyes became more and more dazzling.

He knew Ye Chen was amazing, but he still underestimated Ye Chen.

In his heart, there was a faint feeling that Ye Chen might be someone who could change the future of Shenhua Academy.

And sitting next to Ge Qing is actually Chu Ying!

At this time, with a smile on her face, she looked at Ye Chen with a touch of pride.

She is proud of Ye Chen's performance.

A genius like Zhou Chun, she has seen many people, these people are indeed very good, but they don't have Ye Chen's kind of talent, which can impress her and shock her courage.

This kind of spirit and courage, sometimes, is even more commendable than the one-in-a-million qualification!

This is also what she admires Ye Chen most!

"Even if Ye Chen is not the rebirth of the Devil Emperor, as long as he is given enough time, his achievements may surpass that of the supreme Devil Emperor above the Nine Nethers!"

One hour has passed, two hours have passed, and three hours have passed...

The battle continues.

Ye Chen at this time, it looked like he was already extremely miserable.

His body is in shattered condition. If it weren't maintained by a faint purple flame, I am afraid that this riddled body would completely collapse!

The immortal body cannot be restored in time, which shows how terrifying Zhou Chun is!

And Zhou Chun was obviously not doing well. The dragon looked sluggish, and even his body was already covered in blood. During the battle, Ye Chen gradually hurt him.

Suddenly, the two people had a meal at the same time, but they all stopped their movements. They just hovered in the martial arts field and confronted each other in the air.

With a bang, the blood mist dragon slowly dissipated, revealing a pale Zhou Chun.

He stared at Ye Chen, stared at Ye Chen's broken body.

He didn't understand, Ye Chen, why can he keep fighting like this?

Zhou Chun also had a few sword wounds on his body, and bones are clearly visible. Since he was sensible, he has challenged many opponents, but never once, like today, was injured so badly.

The injury he suffered is far less serious than Ye Chen's, but he has already felt that kind of unforgettable pain.

Fighting turned out to be Zhou Chun's hobby, Zhou Chun's entertainment, and it was the moment when Zhou Chun crushed the enemy and became energetic.

But, now Zhou Chun knows that, that is not a real battle.

The real battle is painful.

And the person who caused him pain was Ye Chen who was like an undead war ghost in front of him!

At this moment, Zhou Chun finally broke out. He has always been low-key, and even often too lazy to talk to his opponents, he snarled frantically at Ye Chen:

"Why? Why are you still standing? Why don't you fall down? Come down to me! Ye Chen! Why, you are in my way!

Before you appeared, I was invincible and proud. Why did you ruin it all? how dare you! ? "

Facing Zhou Chun's roar, Ye Chen remained unmoved, his eyes closed slightly, and after a while, he slowly opened.

In his eyes, it seems that there is some kind of power lodged.

At this moment, Ye Chen seemed to have transcended the existence of the whole world for a moment.

Ye Chen faced Zhou Chun and said lightly: "Fall down? Zhou Chun, you have to understand, what you are expecting now, shouldn't be, let me fall..."

He stared at Zhou Chun, the sword intent brewing.

"What you want is to become stronger, strong enough to not lose to me, Zhou Chun, you said I am not qualified and get in your way?"

In my opinion, you are not even qualified to be blocked by me, do you understand? "

As soon as the voice fell, a strong sword intent rose to the sky, completely different from what Ye Chen had cut out before!

is simply not a level of existence. This sword intent has just emerged, and the laws between heaven and earth seem to have been distorted by it. Even Ge Qing and Chu Ying both changed their colors at the same time and whispered:

"The magical powers of the kingdom of God!"

"Be stronger, stronger?" Zhou Chun whispered. These words, which seemed like a game of words, changed his mood.

Ye Chen slowly raised the sword in his hand, and said lightly: "Zhou Chun, come out with the sword, come out with your strongest sword."

Hundreds of swords' damage finally made him catch, the essence of Zhou Chun's sword intent, Ye Chen's sword, finally had a breakthrough!

Zhou Chun was silent for a moment, took a deep breath, and replied: "Ye Chen, I have to say, you are a rare opponent. I benefited a lot from this battle."

In his eyes, confidence flashed again, and Zhou Chun's sword intent had a breakthrough!

Ye Chen smiled, the sword intent burst out, a ray of golden light appeared between the world!

And Zhou Chun, the same sword intent surging, boundless sword energy, turned into a blue dragon, descending from the sky!

"Slash the sky with a sword!"

"Yunlong Chuitian sword!"

Swordsmanship and sword intent, shocked and shocked all around!

Invisible, there seems to be a **** of swords and a **** of swords, confronting each other, and the two sides strike, unexpectedly revealing the gods!

The light burst and converged, and there was only one figure standing on the martial arts field.

Zhou Chunyao looked at the sky, the blue sky was clear, there was no cloud, and the dazzling sun was shining above the sky.

A cloudless sky, where is there room for a dragon to take off?

I'm afraid, only the real Tianlong can soar under the scorching sun, right?

There was a wry smile on his ordinary face, and he said lightly: "I, I lost."

Ye Chen looked at the fallen Zhou Chun, then looked at the blood on his chest That was Zhou Chun's last sword, the wound he caused, and his sword of Zhantian had another advancement. .

But, if it weren't for the immortal divine body and demon body that defies the sky, I am afraid that the one who loses in the end would be yourself, right?

Zhou Chun is indeed very strong, and he believes that the last sword has reached the level of the initial stage of closing the door.

However, it was Ye Chen who stood last!

never fall down!

This is Ye Chen's pride!

The next moment, on the huge martial arts arena, the cheers of the audience resounded.

Almost everyone is shouting Ye Chen's name!

Those sophomores who had mocked Ye Chen before had a crying expression.

Now, is Ye Chen more than just winning? He has become an idol in the academy!

Chapter 2047: Step into the country of 9 secluded

I, if I let others know that they had insulted Ye Chen like that...

In the future, in the academy, how difficult it is to mix, you can imagine...

Ji Xuan looked at a few people blankly and said, "How many, can you honor your bet?"

The complexions of those people changed several times, they wanted to refuse, but, can you?

Just now, Ji Xuan was not the only one who heard them talking, but at this time, there were already several eyes looking at them.

Now, what else can I do besides apologizing?

The few people gritted their teeth, and finally stood up, almost under pressure, and their hearts became unstable. They bitterly faced Ye Chen standing proudly on the martial arts field and shouted:

"I'm sorry, Ye Chen, it's because we have no eyes, dogs look down on people, how offensive to you, your strength, undoubtedly, is not the existence that we can guess, it is us, we are wrong..."

Everyone stopped cheering and looked at the few people quietly. Their gazes, like a sharp blade, penetrated the hearts of the few people!

How regretful they are now, how hopeful that they had never mocked Ye Chen like that in the beginning!

Now, myself, is the most ridiculous joke!

No one said anything, but do I need to say?

The disdain and contempt in their eyes is worth a thousand words!

The few people couldn't bear it anymore, and left the martial arts field grievously...

Ye Chen glanced at those people indifferently. He knew that there are many outstanding people who are not understood by those mediocre people.

He is not a person who cares about the opinions of others. What he cares about is his own heart and his own rules.

Reality, will teach those who have looked down upon themselves severely for themselves.

Suddenly, Ye Chen's figure shook, and he was dizzy, like a wave of darkness, pouring into his brain and swallowing him.

"Damn it!"

Ye Chen cursed in a low voice, his injury was too serious, and, although the realm of Zhantian Yijian had been broken, but he could not completely avoid the burden brought by Zhantianyijian.

Under the influence of the two, Ye Chen finally passed out.

Ge Qing moved Ye Chen and Zhou Chun in his hands, and personally took them back to the tower for treatment.

Looking at the two, a smile appeared on his face.

Ye Chen and Zhou Chun did not disappoint him!

.....

Ye Chen opened his eyes and found that he was lying in a strange room, and, still moving at high speed, he shook his somewhat dizzy head, got out of bed and walked outside the door.

As soon as the door opened, a white-haired old man appeared in front of him, it was Ge Qing!

Ge Qing smiled at him and said: "Ye Chen, you finally woke up, and I am still worried, what should you do if you have been in a coma when you arrive in the Nine Nether Kingdom."

Ye Chen was taken aback when he heard the words, and asked Ge Qing: "Principal, who are we?"

Ge Qing said: "It has been, one day has passed since you and Zhou Chun were fighting, and now we are on our way to the Nine Nether Kingdom.

According to my observation, you are in a good state, and you should be able to recover before you reach the Nine Nether Kingdom.

So, I took you directly on the flying boat, but I didn't expect that after only a day, you would wake up. "

Ye Chen nodded, his Heaven Slashing Sword had already risen to a higher level, and the side effects were greatly reduced. If it weren't for the heavy injuries in the battle with Zhou Chun, he shouldn't have been unconscious.

Ge Qing said again: "By the way, that girl from Chu Ying asked me to tell you that she has something to do, so she will go to the Nine Nether Kingdom by herself."

Ye Chen looked at Ge Qing with some doubts: "Principal, Fairy Chu, what is the identity? Why was she also invited to participate in this royal birthday celebration in the Nine Nether Kingdom?"

Ye Chen knew that Chu Ying's identity was related to the Devil Emperor.

But he didn't know his true identity.

Presumably, Ge Qing, as the principal of Shenhua Academy, should know better than him.

Ge Qing said with a mysterious smile: "Chu Ying, this girl is from the Nine Nether Kingdom, and she is also the daughter of a very mysterious family of the Nine Nether Kings. Naturally, she has the qualifications to attend the royal birthday banquet.

Boy, although your talent is indeed amazing, but Chu Ying, this girl, can be considered worthy of you. "

"Moreover, the family behind Chu Ying is said to have a lot to do with the legendary Demon Emperor."

"The Devil Emperor fought against the Heavenly Dao, and fought with countless God Kingdom powerhouses, shaking the earth."

"And on the eve of this battle, the Devil Emperor only saw one person, and that person was Chu Ying's ancestor."

"However, no one knows what the Devil Emperor explained that night."

Ye Chen's eyes were deep.

It seems that on the eve of that battle, the Devil Emperor must have given something to the family behind Chu Ying.

This is the key to resurrecting the flesh.

The Devil Emperor may have known that he would fail, and he has left behind.

finally met myself.

In this game of chess, everyone thought that the Devil Emperor had lost.

is not actually.

This trip to the Nine Netherworld Kingdom is probably the beginning of the chess game!

Ye Chen spent the rest of the time practicing and recuperating in his room.

Although he has woken up, there are still some injuries on his body that have not fully recovered.

He hoped that he would be able to return to his peak state before reaching the Nine Nether Kingdom. After all, in his opinion, this trip to the Nine Nether Kingdom was not as simple as congratulating the royal family on the surface.

After half a day, Ye Chen opened his eyes, the purple light flashed in his eyes, and his body was full of aura. He actually faintly produced a shocking power. However, soon, Ye Chen reduced his power and showed a hint of joy. His body was already Completely recovered.

It didn't take long before he felt the flying boat stop at high speed, and then Ge Qing's voice rang in his ears.

"Come out, we're there."

Ye Chen heard the words, walked out of the room, and came to the deck of the flying boat. This flying boat is a flying magic weapon of the magical level.

is attached to the supernatural power of space, the inside is extremely wide, and on the surface, it is just the size of an ordinary sea boat. At this time, besides Ge Qing, there are two figures standing on the deck.

Ye Chen's eyes flashed. These two men, one in twenty-five and six years old, were dressed in dark blue long gowns with sharp short hair. They carried a seemingly simple and heavy edgeless giant sword on their backs. They were tall and straight. The heroic spirit is pressing.

The other man was one or two years younger than the heroic man. He looked gentle and introverted, with an elegant temperament, a white robe, long flowing hair, one hand upside down, and a scroll of ancient books in the other. He was reading with gusto.

However, what made Ye Chen quite moved is that these two people exude an atmosphere close to the door!

Presumably, these are the two third-grade geniuses from the Shenhua Academy.

Shenhua Academy is really Crouching Tiger, Hidden Dragon!

At such an age, he is about to step into the door. I can't imagine the talent and heritage behind this!

Ye Chen stepped forward, and the three of Ge Qing turned around. The two men both gave Ye Chen a kind smile.

Yingwu male said: "Junior brother, my name is Shi Hua, a third grader."

The white-robed man put away the book and nodded and smiled: "My name is Zhao Lun, and I am also a third-year student. The performance of the junior brother before facing Zhou Chunshi was really amazing."

Ye Chen said: "Two brothers, I am Ye Chen, a first-year student."

Soon, Feizhou landed on the ground. It turned out to be an endless wasteland. Ye Chen looked around in a weird manner. This wasteland seemed to be empty for tens of thousands of miles. Isn't their destination the Nine Nether Kingdom?

Chapter 2048: News from Ye Luoer!

Several people just got off the flying boat, they heard a laugh from the old man not far away:

"Oh, Ge Qing? What a coincidence."

A few people turned their heads and looked, only to see a wrinkled gray-haired old man in a green robe, walking towards their place with three young people.

This old man, even though he said it was a coincidence, but it seemed that he had been waiting for them here.

Ge Qing narrowed his eyes and said to Ye Chen:

"This person is the dean of the Kamikaze Academy. His name is Chen Bei. The Kamikaze Academy has always had some problems with us."

"By the way, Ye Chen, I will release a part of the breath of your divine veins a little bit later, and count as what I owe you."

He knew, how could Chen Bei greet them kindly?

just want to show off the academy's strength.

However, Ge Qing remained unmoved. In previous years, perhaps Shenhua Academy was the weakest among many academies, but this year is different!

Because this year, Ye Chen is here!

Ye Chen heard the words and looked at the three young people behind Chen Bei, presumably, these are the geniuses of Shenfeng Academy who came to celebrate their birthday this time.

Of these three people, one is a half-step closure of the door, the other is infinitely close to the closure, and the remaining one is in a real state of closure! And it's not just a two-tier sky.

It seems that Shi Hua and Zhao Lun, in overall strength, are a bit weaker than each other's third graders!

Especially the genius of the gate-closing state of the Shenfeng Academy, even Ye Chen felt a lot of pressure from him!

That Chen Bei glanced across the faces of Shi Hua and Zhao Lun, with a look of disdain, he didn't care at all, but when he saw Ye Chen, he was taken aback and exclaimed after a moment:

"This is... a mark!"

"No, this child still has a part of the breath of the divine vein!"

Ge Qing heard this, showing a complacent look, and smiled:

"Chen Bei, you are not mistaken, his name is Ye Chen, he is a freshman in our Shenhuo Academy!"

In the tone of _____, unspeakable pride, after all these years, he finally has a chance to find face in front of other deans!

Chen Bei looked at Ye Chen in disbelief, and confirmed it several times up and down, it was a genuine breath of energy!

Generally, only Shenlong Academy and Shenhuan Academy can have such a powerful genius. Now, Ge Qing from Shenhuo Academy does not know what kind of **** luck he has taken, but he also received one?

He came over this time, originally wanting to mock Ge Qing, because among the students he brought this time, the genius of the gate-sealing realm was very strong.

He is confident that he can crush the third-year students of Shenhua Academy, but now that he sees this genius with the aura of divine veins, even the genius of the closed gate realm in his own academy has been eclipsed.

Chen Bei shook his head, and was about to turn around with a few people. At this moment, a young man standing behind Chen Bei let out a sneer:

"Principal Chen, is the divine vein you mentioned just now very powerful? Just rely on him? In my opinion, this divine vein is nothing remarkable. A martial artist with good fortune and cultivation can get a divine vein. , Isn't it that great?"

This person is exactly the half-step guarding martial artist. He wears a black robe with long slender eyes, and his name is Wu Yang.

Chen Bei turned around abruptly when he heard the words. Just now, because he suddenly sensed the incomplete divine vein aura, it was so shocking that he subconsciously ignored Ye Chen's cultivation.

Now, he stared at Ye Chen with small eyes, but he was a little dull.

Because, he suddenly discovered that this should have shocked the eternity and made most geniuses in Lingwu Continent feel inferior, but unexpectedly, there is only the cultivation base of the good fortune realm?

how can that be?

However, despite the shock, Chen Bei's heart gradually became balanced, because the Shenhua Academy student named Ye Chen in front of him seemed to be far worse than the dazzling candidates for the Kingdom of God that he had seen before. Up.

Shenhua Academy, even if it has a student with a mark and a vein, it is nothing more than this kind of stuff!

Chen Bei's old face gradually showed a smile.

He pretended to scold the student who spoke:

"Wu Yang, how do you talk? You don't know yet, the horror of Shenmai?"

Look, people's cultivation base is a little lower, but maybe he is a monster who can leapfrog?

right?

How many times have I taught you, don't underestimate others at any time, have you forgotten? "

He said so on his lips, but in his tone, it was arrogant!

Wu Yang said indifferently: "Fighting by leapfrogging, which genius of our Kamikaze Academy can't fight by leapfrogging? Ordinary geniuses who can leapfrogging are just ordinary warriors in front of us, not to mention his good fortune on the second floor. Tian Xiu base, even if you can leapfrog, where can you go?"

Don't tell me, he can cross almost two realms and defeat the Martial Artist? Principal, is this possible? "

Chen Bei coughed twice: "Well...Anyway, I have lived for so many years. I haven't seen it before. I just don't know, Dean Ge of Shenhua Academy, what special methods do you have to cultivate disciples?"

After finishing speaking, several people from Shenfeng Academy laughed in front of Ye Chen and others.

Ge Qing, Ye Chen, and the others all had a cold expression. Just when Ge Qing was about to speak, they landed on this wasteland and there was a loud bang!

A huge space crack opened directly in front of several people, and gradually twisted into a huge Nine Nether Gate.

A burly figure walked out of the door, a middle-aged man with a grim complexion.

When Ge Qing and Chen Bei saw this person, their expressions changed slightly. These two existed as powerhouses on the Lingwu Continent, and they also saluted the middle-aged man: "Brother Mo, long time no see."

The name of the visitor is Mo Wei, whose breath is extremely mysterious.

Mowei nodded to the two of them, "Brother Ge, Brother Chen, please follow me into the Nine Nether Kingdom."

After said, he turned around and went inside the door. Ge Qing snorted to Chen Bei, and had to put aside the dispute temporarily, and led Ye Chen and others into the gate of Jiuyou.

Ye Chen walked into the door, his brain was dizzy, then his eyes lit up, and there was a loud noise in his ears.

He raised his eyes and looked around, only to see that at this time, they had come to a very prosperous street.

Ge Qing said to Ye Chen, "This is the capital of the Nine Nether Kingdom. It is quite prosperous. There are also many things that are rare on the Lingwu Continent. I have something to do now.

I have booked a room in a hotel called Yuelai in this capital city. You can now go back to your residence first, or you can stroll around in this city. "

After speaking, without waiting for Ye Chen and the others to respond, after distributing the vouchers for entering the hotel, they left on their own.

Ye Chen glanced at each other, all with wry smiles. This Principal Ge really does his own way.

Zhao Lun said: "I plan to return to the hotel to read a book first, how about you?"

Shi Hua smiled and said, "Reading again? You are really a bookworm. After finally coming to the capital of the Nine Nether Kingdom, I will naturally take a stroll."

said, he suddenly showed a wretched smile and looked at Ye Chen and said, "Junior Brother Ye, do you want to come with me? I have asked about a lot of good places to enjoy in advance."

Ye Chen was taken aback when he heard the words, then shook his head and said, "Brother Shi, I am not interested in those places."

Shi Hua curled his lips when he heard the words, waved to the two of them, and left on his own.

Zhao Lunyang asked Ye Chen with the book in Yang Yang's hand: "Junior Brother, would you like to follow me?"

Ye Chen felt the surroundings and was curious: "Brother, the Nine Nether Kingdom is within the Demon Realm? If I want to go to the Demon Race, how should I go?"

Zhao Lun's expression was a little ugly: "Junior Brother seems to know too little about the Demon Realm. When the Demon Emperor fell, Jiuyou left the Demon Realm, chose a forbidden area, and declared himself a country."

"Jiuyou does not want to have any connection with the chaotic Demon Race."

"Countless days and moons alternate, Jiuyou has no war, and controls the Jiuyou Zhibao. The people in the Nineyou Kingdom practice with great concentration, hiding the strong."

"As for the demons, there are too many beasts and killings. Jun Mochen is a real tyrant. I am afraid it is very dangerous if you go to www.mtlnovel.com~ Zhao Lun found that Ye Chen's face was ugly and asked, "Junior Brother, Are you still listening? "

However, Ye Chen did not answer.

Because just for an instant, he felt time and space in his mind shaking.

A picture suddenly appeared, as if forced in.

There are countless chains in the screen.

Under the chains is a scarred girl.

Surrounded by dragon shadows! Thunder arc spreads!

Ye Chen's eyes widened, and he exclaimed: "Luo Er!"

"how is this possible....."

Chapter 2049: Opportunity for the Devil Emperor to Awaken

The picture in Ye Chen's mind was fleeting.

seems extremely unstable.

However, the realism of the picture made Ye Chen feel that this has actually happened!

Ye Luoer has an accident!

But Ye Luoer has no enemies, why is it so?

At this moment, Ye Chen's body was covered with a layer of killing intent, and the surrounding Jiuyou Powerful all noticed Ye Chen.

Zhao Lun's face changed slightly. If this continues, they will all be dead. He hurriedly said to Ye Chen: "Junior Brother, what's wrong with you?"

"Who is Luo Er?"

"If you release murderous aura again, the consequences will be serious!"

Ye Chen only then woke up and shook his head: "Nothing..."

"Brother, I want to be quiet by myself."

Although Zhao Lun was puzzled, he nodded and agreed, turned and left.

The flow of people in the Nine Nether Country.

But Ye Chen's eyebrows were filled with gloom.

That thing just now seemed like some kind of magical association.

Ye Chen quickly asked Feng Qingyang: "Senior Feng, was the picture in my mind just an illusion?"

The wind was clear and raised for a moment, and then he said: "Just now I found that the space around you fluctuates greatly..."

"This seems to be an ancient technique that can break through the void and contact others, but this technique is very costly, and the person who casts the technique has not yet completed cultivation, so the picture is extremely unstable."

Ye Chen's face was solemn: "It seems that this is true. Ye Luoer didn't know why, and came to Lingwu Continent."

"And, something happened."

"Who wants to trap an ordinary girl with these countless chains?"

Ye Chen suddenly thought that Kunlun Xu Ye Luoer's master seemed to have mentioned Ye Luoer's life experience.

is related to Lingwu mainland.

Is it the family behind Ye Luoer?

"Damn it!"

"I must find Ye Luoer as soon as possible..."

Feng Qingyang saw Ye Chen's chaos and said, "Boy, you don't have to be nervous."

"Since the girl notified you with an incomplete spell just now, there must be a reason."

"No matter how urgent it is, it's useless. You might as well wait for her to practice that ancient technique to perfection. Then it will be a complete picture, and you can follow the picture to find the other person."

"At the moment, this trip to Jiuyou is extremely important."

"You might as well take a walk around now, maybe there is something to gain."

Ye Chen let out a long sigh, and could only put Ye Luoer's affairs on hold.

Waiting for Ye Luoer to inform herself again.

Soon, Ye Chen discovered that in the capital of the Nine Nether Kingdom, the existence of good luck star orifice cultivation could be seen everywhere on the road, which showed that the level of cultivators was indeed much higher than that of the east, west, south and north regions of Lingwu Continent.

As he walked, a strange smell of wine suddenly poured into Ye Chen's nose.

Feng Qingyang's eyes brightened, and he smiled: "Boy, this wine is interesting, it's worth a drink."

"Drinking?" Ye Chen gave a white look and said, "I'm not in the mood to drink."

Feng Qingyang said directly: "Boy, there must be a reason for me to say that."

"The devil in your eyebrows fell asleep because of that battle. You stepped onto Jiuyou. If you want to resurrect his true body, you must wake up the opponent."

"And the best way to wake up the other person is the thing he once loved."

"And the fragrance of this wine seems to be passed down from ancient times."

"Don't you try?"

Ye Chen nodded helplessly, and looked in the direction where the fragrance of wine came from. He saw an exquisite pavilion with the words Shenquan Tower written on a plaque in front of the door.

Ye Chen walked towards the Shenquan Tower, and just walked to the door, there was a beautiful girl who came up and smiled at him: "Hello son, may I ask, are you here for a drink?"

Ye Chen thought of Feng Qingyang's explanation, and could only say: "Yes, I want to taste it."

The welcoming girl kept smiling and said, "My son, do you have an appointment?"

"Make an appointment?" Ye Chen was a little surprised. It was the first time he saw a restaurant that needed an appointment in Lingwu Mainland.

At this moment, above Shenquan Tower.

The three men were holding wine glasses and staring at the bustling crowd downstairs.

In their eyes, these people are ants.

If Ye Chen noticed, he would definitely find that these three were the geniuses of the Shenfeng Academy!

The most mysterious youth of the three, his eyes showed a cold light: "That guy always makes me feel very uncomfortable."

"Although the realm is only the second layer of the good fortune realm, but I feel that if it explodes with full strength, it will be unfathomable."

In addition, the eyes of the two people from Kamikaze Academy widened.

The most enchanting genius of the Kamikaze Academy, actually said that a realm of good fortune is unfathomable?

Wu Yang, who closed the door halfway, shook his head: "This person certainly has imprints and incomplete spirit aura, but he is only in his twenties, and he is only in a mere natural state, which is enough to prove his low potential."

The mysterious young man showed a smile: "In this world, you can't cultivate to be a hero. That's all for me."

After speaking, he turned and left.

Wu Yang's attitude towards the mysterious young man was a bit displeased, but when he thought of the identity and strength of the other party, he endured it.

He could only glare at Ye Chen at the door, thinking of something, and quickly walked downstairs.

.....

Ye Chen at this moment, since he needs an appointment here, he has no interest.

It is important for the Devil Emperor to wake up, but he thinks it is still impossible to rely on wine.

He was about to leave when a voice suddenly sounded.

"It turned out to be a genius of the Shenhua Academy? Do you want to go in for a drink too?"

Ye Chen turned his head and looked, only to see Wu Yang, who had spoken harshly to him earlier, was looking at him interestingly.

Ye Chen didn't care too much. The real strength of this person was still below Zhou Chun. This kind of person could not attract his interest now.

Wu Yang saw that Ye Chen didn't speak, and the color of disdain flashed in his thin eyes, making him even more proud.

In his opinion, someone like Ye Chen, how dare to answer him?

Even if there are any so-called imprints and divine veins that are unknown, most of them are just vain things. Isn't his silence now the best proof?

Where did he know, Ye Chen, just too lazy to care about him.

Wu Yang didn't let Ye Chen mean He sneered and said:

"Boy, do you want to go in for a drink? I'm afraid, you haven't even heard of the name Shenquan Tower, right?"

Ye Chen glanced at Wu Yang lightly and said, "I haven't heard of it."

Wu Yang pointed to Ye Chen and said, "Look, this man, he hasn't even heard of the name of Shenquan Tower, and he didn't even know the appointment, so he was ready to go in? That's right, a restaurant in the country, I'm afraid there is no need to make an appointment, right?"

When the passers-by heard Wu Yang's words, they also watched Ye Chen whisper.

Listening to everyone's words, Wu Yang looked at Ye Chen more proudly, and said:

"Let me tell you, this Shenquan Building is not a place where you can go if you have money. If you want to have a glass of wine in Shenquan Building, you need to make an appointment in advance. Every glass of spirit wine in Shenquan Building is a masterpiece.

has a limited supply every day. His appointments are all a few years away. Where do you get in as you want? "

Chapter 2050: Beauty Covenant

Ye Chen frowned slightly when he heard this, and asked the welcoming girl: "Excuse me, if you want to make an appointment, when can you make an appointment?"

"My son, please wait a moment." The welcoming girl took out a jade slip, inquired and replied: "If you want to make an appointment now, you can make an appointment in the afternoon in a year or three months."

Ye Chen raised his eyebrows, although it was not as exaggerated as Wu Yang said, but one year or three months later? It's been too long. At that time, he was no longer in the Nine Nether Kingdom. It seemed that the Shenquan Tower was indeed very famous.

Wu Yang looked at Ye Chen pretentiously and said, "Boy, I will open your eyes today."

Top Best AI for Forex Trading 2024

said, he took out a jade charm and handed it to the welcoming girl.

After the welcoming girl confirmed, she smiled at Wu Yang and said: "Mr. Wu, your appointment is tonight at the herringbone table." Feeling the eyes of everyone, Wu Yang was extremely proud. He wanted to get the opportunity to enter the Shenquan Tower. , You can work hard.

Ye Chen ignored Wu Yang and was about to leave, but Wu Yang suddenly shouted to him: "Wait!"

Ye Chen looked cold and looked at him and said, "Something?"

Wu Yang stared at Ye Chen's eyes and sneered: "Why don't you try a game with me?"

He tossed the jade talisman in his hand and said: "If you win, I can give you this opportunity to enter the restaurant, how about?"

The original noisy street, for a while, quieted down, everyone was waiting for Ye Chen's decision.

However, Ye Chen said lightly: "Not interested." He turned around and left.

And everyone couldn't help but let out a slightly disappointed sigh, Wu Yang looked at Ye Chen's leaving back, his eyes became more disdainful, so he didn't dare to fight?

This imprint and the incomplete divine veins are nothing but a fame.

He even shouted at Ye Chen's back: "It's okay if you don't compare it. Why are you walking in a hurry? At night, if we can't finish drinking, we can take the rest of the wine back for you to drink!"

Ye Chen actually looked at Wu Yang and was a little unhappy, but he knew that this Jiuyou royal family birthday banquet would never be that simple. When the time comes, there will definitely be a chance to teach this guy.

But now, he is not interested in being provoked by such a person, so he just shot it casually. After all, Wu Yang's strength, Ye Chen simply can't raise the interest in it.

However, this does not mean that he will forget what Wu Yang said just now.

A Senhan smile gradually appeared on Ye Chen's face. He was a little expectant, what kind of expression this self-righteous Wu Yang would show when he was stepped under his feet at the birthday banquet of the King of Jiuyou .

At the same time, in a very spacious and luxurious mansion in the capital, a woman is in the wing room, dressing and dressing under the service of a maid.

The maid combed the woman's hair carefully, looking at the woman's face in the mirror, she couldn't help showing an obsessive look: "Miss, you are so beautiful..."

"Really?" Chu Ying looked at herself in the mirror with a faint smile, and whispered, "I wonder if he thinks that way?"

"What did you say, miss?"

"Huh?" Chu Yingqiao's face was flushed, and she concealed: "It's nothing, by the way, Yuaner, wait a moment, help me go to the Shenquan Building to order a Tianzi table, and then go to Yuelai Hotel and find someone named Ye Chen's man, told him, I want to invite him to drink tonight."

Yuaner's delicate face showed a look of surprise, Chu Ying, as the third young lady of the Chu family in the Nine Nether Kingdom, when did you invite a man to drink?

However, she still nodded and said: "I know, miss, I will do it now."

At the same time, Yuan'er couldn't help feeling a little curious about the man named Ye Chen in her heart.

.....

in the forbidden area.

Ye Luoer glanced at her hands, then sighed helplessly: "Shenglong Sound Transmission Art is too complicated."

"But now I have figured out some things clearly, I guess it won't be long before I can cultivate to Consummation."

"When I complete my cultivation, I should be able to tell Big Brother Ye something clear."

"But Brother Ye knows, will he really come over?"

"Can his strength compete with the Holy Dragon Family?"

"I'm afraid Big Brother Ye can't even enter this forbidden land...what should I do..."

Ye Luoer's white face was full of worries.

"By the way, Ji Lin doesn't know how."

"She should be all right."

.....

"Ahee!"

Standing in the center of the Ten Thousand Sword Emperor's Palace, Ji Lin touched his nose and muttered, "Who is thinking of me?"

Suddenly, she thought of something, her big eyes looked at the Ice Sword Saint King in front of her: "That...you said you have news about Ye Chen?"

The Ice Sword Saint King on the main hall nodded: "Indeed, Ye Chen should have left Shenhua Academy."

"If you find him now, it should be easier."

Ji Lin showed a hint of surprise in his eyes, and hurried to the front of the Ice Sword Saint King: "Ye Chen, where is it?"

"I have a clue about what I investigated, and I am looking for Ye Chen!"

Ice Sword Saint King smiled, and spit out four words: "Nine Nether Kingdom."

Ji Lin was a little puzzled: "Where is this again, why does it sound so crass?"

Ice Sword Saint King said: "There are many restrictions here. You can't enter the Nine Nether Kingdom, but when you are outside the Nine Nether Land, you can find ways to contact Ye Chen."

"Okay." Ji Lin nodded, "Then let's set off now, who will take me there? I hope the sooner the better."

Ice Sword Saint King didn't have any nonsense, grabbed Ji Lin and tore the void in front of him!

Space ripples!

The two completely disappeared in the Ten Thousand Sword Emperor Palace.

.....

At this moment, the capital of the country of Jiuyou.

Ye Chen didn't go shopping for a long time before returning to the hotel. After handing over the check-in voucher, the woman at the front desk smiled at him: "Are you Mr. Ye Chenye? There is a girl who has been waiting for you for a long time."

"wait for me?"

Is it Chu Ying?

Behind the front desk, a woman walked up and looked at Ye Chen, then smiled at Ye Chen: "Excuse me, is it Mr. Ye?"

Ye Chen looked at her suspiciously nodded and said: "Yes, you are?"

This girl has a pretty face, but he has never seen it before.

Yuaner smiled and said: "I am Miss Chuying's maid Yuaner. Our young lady asked me to inform you that she would invite you to drink in the Shenquan Building tonight."

Shenquan Tower?

Hearing these three words, Ye Chen's expression was a little weird. He had just been there, and after eating closed doors, he didn't expect that Chu Ying would invite herself to drink there so soon?

, according to Feng Qingyang's words, the Devil Emperor's awakening method should be tried.

Even if there is only one percent chance, he will try.

He nodded to Yuan'er and said, "I know, I will go tonight."

Soon after Ye Chen returned to the room to rest, he got up and walked towards Shenquan Tower.
