

Urban Medical 21

Chapter 21: shut up! apologize!

"Boy, do you know what you are talking about? Fake, believe it or not, someone will immediately take you away in the name of spreading rumors? I think you are not at ease in Derentang today!"

The girl's face is full of anger and disdain! In her opinion, Ye Chen is just ignorant trash! Try to smear Derentang with this behavior!

The security guard not far away also noticed Ye Chen, and just about to come over to take Ye Chen, the old man who came to his senses from the shock waved his hand and told them to retreat.

The old man glanced at Ye Chen with a deep meaning, and said seriously: "Young man, rice can be eaten, but you can't talk nonsense! To be honest, I am Zhu Rende, the owner of Jiangcheng Derentang. This painting is what I spent a lot of money on. Proceeds from the auction in Beijing! Before and after, more than 300 collectors have tested the authenticity, but without exception, the results obtained are genuine! You now say that he is a counterfeit, don't you say that those collectors eat dry food? Nothing!"

Ye Chen didn't expect that the old man in front of him was the owner of this Derentang, but he still said: "Yes, those collectors really eat dry food."

"You--" Even if Zhu Rende has the restraint, Ye Chen can't help but say so!

Because of those three hundred collectors, he is one of them!

Zhu Rende's face flushed, and he couldn't wait to knock Ye Chen with the crutch in his hand!

He suppressed his inner anger forcibly, picked up his crutches and pointed at the painting, "Okay! Very good! Boy, since you said this painting is a fake, give me a convincing reason! If not! Humph! Yes! Can't help it!"

Seeing that Grandpa is doing this, the girl hurriedly helped Zhu Rende and whispered softly: "Grandpa, don't be angry, the doctor said you can't fluctuate. What nonsense are we talking to this hillbilly? Let me kick this guy out!"

After finishing speaking, the girl kicked it out. What surprised Ye Chen was that the kick kicked by the girl felt angry.

An ancient warrior again? Interesting, it seems that the family behind Zhu Rende is not that simple.

The old man saw that his granddaughter had actually used that power, his face changed drastically, but he couldn't stop him anymore!

He suddenly regretted it, after all, if he stepped down, the kid in front of him was immortal and abolished!

This girl has been learning martial arts from the big man in Jiangnan Province since she was a child!

Not to mention, when the time comes, let this kid's family take care of the funeral affairs of the millions, and it can also be considered as a guarantee for the kid's parents for the rest of their lives.

The screen turns.

The girl's foot was about to fall on Ye Chen's body, and Ye Chen didn't move, she looked like she was frightened.

The girl enjoys this moment very much, she likes to look at this trash and panic!

She has been growing up since she was a child, and I don't know how many violent beatings of men who don't know the heights of the earth, she doesn't even let the children of those big families go, let alone this kid who seems to have no background!

But at the moment that a foot fell on Ye Chen, the girl's proud face changed, gradually turning into shock, and even more shocked when it came to the back!

Because she found that her foot seemed to fall on a wall, she couldn't move forward!

how is this possible!

The power of her kick has blown two solid sandbags!

But now, no matter how hard she tries, it is impossible to move forward a bit!

Ye Chen shook his head helplessly, and even more said: "Girls are not good at man martial arts. Maybe they will become a useless person later, I only remind them once."

After finishing speaking, Ye Chen stretched out his arm and pushed it lightly. A wave of air surged out and pushed the girl out directly. Fortunately, Ye Chen controlled the power, and the girl just sat on the ground.

"Excuse me! How can it be possible!"

The old man set off a stormy sea in his heart. From Ye Chen's shot, it can be seen that the other party has indeed reached this state!

But how can such a young warrior do it?

Seeing the scene of Ye Chen launching a girl, the old man mentioned his throat in his heart. Fortunately, his granddaughter was fine, so he let out a sigh of relief.

How could the girl suffer such a grievance, patted her butt, and prepared to go to Ye Chen aggressively! Unexpectedly, Zhu Rende took the first step and came directly to Ye Chen. He bowed his hands to Ye Chen and apologized: "Sir, I'm really sorry, it's our recklessness."

After finishing speaking, he glared at the girl and ordered: "Zixuan, apologize to this gentleman!"

The girl widened her eyes and looked at her grandfather in surprise, as if she wanted to see that the other party was joking.

Make her apologize? how is this possible! She is Zhu Zixuan, the daughter of the Zhu family! Since childhood, who would dare to make her apologize?

"Grandpa, how can you apologize to this hillbilly! What status are you? Even the leaders of the Jiangcheng government have to see you..." Zhu Zixuan reminded.

But she hadn't finished speaking, the old man interrupted her with a beating:

"Shut up! If you don't apologize, you will no longer be my granddaughter of Zhu Rende from now on!" The old man's voice even trembled.

He was nervous, extremely nervous!

I was not so nervous even in the war decades ago!

Because standing in front of him is a martial arts master, a martial arts master who can release his true energy!

This kind of master is the existence that countless families of China want to flatter! Never offend!

Even if Zhu Zixuan's master came, he wouldn't dare to make trouble in front of this person!

He carefully looked at Ye Chen in front of him~www.ltnovel.com~ for fear that the other party would get angry, he directly killed his granddaughter!

Zhu Zixuan never thought that grandpa would cut off relations with her for an outsider, isn't grandpa love her the most?

What happened today?

She watched her grandpa's eyes constantly beckoning, she could only take one step, and said unwillingly, "I'm sorry."

Ye Chen glanced at Zhu Zixuan, and said calmly: "If there is another time, I won't give you the right to live."

After finishing speaking, his whole temperament has completely changed, like a **** on the sky, overlooking the mortal world.

Zhu Zixuan, as a martial artist, naturally felt the change in her aura for the first time. She looked at the young man in horror, never expected that the other party was actually a master! And compared with his master's temperament, the gap is like a moat!

how is this possible!

There is a stronger man in the world who is more powerful than the master?

And how old is this guy, how did he do it at such an age?

Her back was soaked unknowingly, and the chiffon fabric of her blouse was almost touching her body, somewhat transparent.

Zhu Rende was also in a cold sweat throughout the whole process. Seeing that Ye Chen didn't intend to pursue it, he sighed and said, "Thank you, this gentleman for raising your hand, and I will take care of Zixuan more in the future."

Ye Chen didn't speak, and just about to turn around, Zhu Rende's voice rang in his ears again.

"Sir, please wait a moment."

Ye Chen frowned slightly, did not turn around, and said directly: "Is there anything else?"

Zhu Rende hurriedly stepped forward, came to Ye Chen's side, and cautiously said: "Sir, you just said that this painting is a fake, I want to know, where did you find it?"

The reason why he said this is not to paint, but to keep Ye Chen!

Chapter 22: Win this person at any price!

If their Jiangcheng Zhu family makes a good martial arts master, then their status in Jiangcheng will definitely rise!

What's more, the Zhu family's medicinal material business in Jiangcheng has been stunned in recent years. The Zhu family in Jiangnan Province has already had some opinions, and may even throw away the Jiangcheng Zhu family.

Then what should Zhu Rende do?

Only by making friends with the young people in front of them, their so-called Zhu family collaterals are eligible to enter the eyes of the Zhu family in Jiangnan Province!

Ye Chen thought for a while, then turned around and said to Zhu Rende: "If you want to know the truth or not, just take this painting down and give it to me, and I will prove it to you."

Zhu Rende did not hesitate, and ordered someone to take the painting down and hand it to Ye Chen.

He knows very well that even if this painting is real, it is worthless to young people!

"Sir, please enlighten me..."

Zhu Rende hadn't finished speaking yet, Ye Chen directly tore the painting worth ten million in half!

This scene scared everyone directly!

The security guard who took the painting was blindfolded!

The customers who lined up were also stunned!

Even the heartbeat of the old Chinese doctor who was taking the pulse of the old man almost stopped!

Nima, this is the treasure of Derentang's town shop!

You can tear it when you say it, without discussion?

Even if you tear it, you still tear it in front of our boss Zhu Rende?

Fuck, I don't look for death like that!

As soon as the security guard wanted to do something, Zhu Rende glared at him: "Don't disturb Mr.! Go back to your post!"

When the security guard heard the word 'Mr.', the corners of his mouth twitched.

Nima, is it a problem for this boy to be twenty years old? Mr. Zhu actually calls him the honorific name of Mr.

Ye Chen, regardless of the reactions of people around him, directly found a piece of paper from the gap in the painting.

The note is so small that most people can't see it at all.

"You can see the words inside with a magnifying glass."

Zhu Rende took the note carefully, and let people get a magnifying glass. When he saw the words in the note, his whole old face was blue.

"Grandpa, what did you see?"

Zhu Zixuan poked out her head curiously. When she saw the note under the magnifying glass, she burst out laughing.

Because it says: I don't know which silly person will take this fake, brother, sorry-Liu Yuan, 2002.

Obviously, this Liu Yuan is the author who imitated this counterfeit!

What is even more annoying is that the other party arrogantly left such a line of text!

is simply calling Zhu Rende stupid across time and space, can his face be unpalatable!

After a long time, Zhu Rende reacted and ordered someone to burn the painting. Then he looked at Ye Chen and said, "Thanks to Mr. Zhu Rende, otherwise I will always be kept in the dark. By the way, we talked. After so long, I don't know how to call my husband, why did he appear in my Derentang?"

"Ye Chen, the stars of the stars, I will buy some medicinal materials."

Zhu Rende was overjoyed, the other party came to buy medicinal materials, so he could make friends with him! To talk about the whole Jiangcheng, who is the most qualified to talk about medicinal materials is undoubtedly his Derentang!

Suddenly, Zhu Rende thought of something again.

"Ye Chen...Why is this name so familiar?"

Soon, he thought of the old thing five years ago.

Overnight, the Jiangcheng Ye family was destroyed by the big man from the capital, and the family of three who died seemed to be Ye Chen.

At that time, Ye Chen was probably a teenager. After five years, he was almost as old as Mr. Ye in front of him.

This incident not only caused a huge wave in Jiangcheng's circle, but even the big figures in Jiangnan Province were also aware of it.

But no one intervened, because the big man in the capital was not shaken at all. It was as easy as killing an ant to destroy a small family.

The Zhu Family in Jiangnan Province also specially asked him to secretly investigate the Ye Family who was Miemen, so Zhu Rende knew well about the Ye Family in Jiangcheng.

The deceased Ye Chen had a very low evaluation in Jiangcheng. Although he was regarded as the young master of the Jiangcheng family, he was mocked and played by countless children of the family. He heard that the other party was also autistic because of this, and attempted suicide several times.

Such a useless person, death can be considered a relief.

Zhu Rende looked at the young man standing in front of him again, shook his head, and said with emotion: "Why do two people with the same name have such a disparity in status? One is the **** that Jiangcheng is stepped on by countless people, and the other is in charge of everything. The martial arts master who has climbed to the top of the sky... alas..."

Zhu Rende didn't know at all, the Ye Chen in front of him was the trash that was trampled by countless people back then!

That waste is back!

.....

Zhu Rende woke up from the memory, smiled, and said respectfully: "Mr. Ye, tell me which herbs you need, and I will deliver it to your residence later."

Ye Chen didn't talk nonsense, and directly took out a written list and handed it over: "I need the medicinal materials on the list. The more the quantity, the better. As for the price, you can give me the market price."

Zhu Rende glanced at the list, and he was taken aback.

He thought that what Ye Chen needed was general healing medicinal materials, but after looking at it, he found that most of the medicinal materials the other party needed were extremely precious!

And many medicinal materials are counterproductive. Once mixed, if you take it rashly, you will definitely die!

"Mr. Ye, this prescription is very toxic..."

Ye Chen ignored Zhu Rende, and walked directly outside the door, and said as he walked: "You don't need to pay attention to the prescription. Just follow the list on my list. I will pick it up by myself tomorrow."

After speaking, his figure disappeared in Derentang, leaving only the two grandparents with a dazed face.

After a long time, the two of them were relieved.

Zhu Zixuan couldn't help it anymore. UU Read www.uukanshu.com said: "Grandpa, do you take this kid too high? I admit that he has the strength, but looking at the entire China, or the entire Jiangcheng, There are a lot of strong people, so what does Ye Chen do?"

Zhu Rende still stared at Ye Chen's away back, and said with emotion: "Zixuan, your vision is still too narrow, do you know what I saw just now?"

"what?"

"The advent of a master."

Zhu Zixuan almost screamed when he heard the word Grand Master.

She has followed her master to learn martial arts since she was a child, so she naturally knows what the word master means!

Budo Master can kill a well-trained SEAL team with his bare hands!

The Budo Master can face the burst of hot weapons without frowning!

Budo master can control the military battlefield! You can manipulate his life and death!

On this vast continent of China, as long as the family has a master, it is equal to invincible! No need to look at others' winks!

is more able to participate in the formulation of China's rules!

The top martial arts master in the capital back then forced a small family to the cusp of the storm!

And now, that so-called small family is already a behemoth in the capital!

No one shakes!

This is the power of the master!

"Grandpa, can you read it wrong... He is too young... How could the Grand Master be like him..."

Zhu Rende laughed, laughing very loudly, and suddenly, the sound stopped abruptly! He rightly said:

"You are wrong! He is not a grandmaster, but a more terrifying existence than a grandmaster! He is only twenty years old, if you give him another twenty years! What the **** the one in the capital!"

"Zixuan! Remember! From today, our Zhu family will win this person at all costs!"

Chapter 23: News from the doctor Ye!

Ye Chen naturally didn't know that he had become the target of the Zhu family.

For him now, he just wants to cultivate with peace of mind, and then set foot on the capital to slay the man standing on the top.

After coming out of Derentang, Ye Chen wanted to take a taxi, but he didn't know if it was due to the peak period. After waiting for a long time, there was no one.

"Forget it, run back, it's not far from the apartment."

Ye Chen put on the hat of the sweater and ran directly, his steps were very steady.

If someone pays attention, he will definitely find a faint air current under his feet.

ran all the way, but he found that Jiang Chenghe had changed a lot five years ago.

The Xiangmai yuan cake shop on the corner of Youth Street has disappeared, now it has become a little milk tea.

Ye Chen remembers that his mother often took him here to eat cakes. This was the time he missed the most.

"Time flies so fast, it's the parents' death day again soon..."

Suddenly, Ye Chen's eyes shrank, and a playful smile appeared at the corner of his mouth.

Someone followed him!

Looking for death!

Ye Chen quickened his pace, and soon came to an alley and disappeared.

A few seconds later, a man with a peaked cap also appeared in the alley. He looked around with a little surprise on his face.

"I lost it? No, this is a dead end, where will that guy go?"

Before the words were finished, a dark shadow fell from the sky!

Unable to let the opponent react, a pair of big hands directly strangled his throat, and even lifted him up!

"Boom!"

That big hand slammed his body against the wall without mercy!

This is so simple that it makes the man in the cap feel that his internal organs are shattered.

His face was full of horror, and he felt that his whole body could not move, as if he was suppressed!

He tried his best to break away from the opponent, but found that his opponent's arm was like a stone, and he couldn't break free.

Because of the extreme lack of oxygen, his face turned red, then turned blue again, his pupils were bloodshot, and the veins of his neck were visibly hideous. He gradually lost consciousness and was only a step away from the gate of ghosts.

Just when he thought he was bound to die, Ye Chen released his hand and threw the opponent to the ground!

"Who asked you to come? Zhu Rende?"

This is the only thing Ye Chen can think of. After all, he just exposed his strength, and the other party sent someone to investigate and he said clearly.

The man in the peaked cap breathed, he felt the air so fresh for the first time in his life.

After some relaxation, he looked at Ye Chen, his eyes full of horror.

The man in front of him was too frightened. In just a few seconds, he felt locked in by death.

He quickly took out a photo from his pocket and handed it to Ye Chen cautiously: "Big Brother...I...I didn't mean it. Now the whole Jiangcheng is looking for you both in the open and in secret. With a million bounty, my heart will follow you for a while, you must not kill me, I have the old and the young..."

Ye Chen took the photo, glanced around, and found that it was himself.

The whole Jiangcheng is looking for him?

Ye Chen's eyes grew gloomy, has someone in Jiangcheng found out that he is not dead?

Or did the man in Jiangcheng come to wipe out the roots?

If this is the case, it is the best.

Because he will tell everyone in Jiangcheng that he Ye Chen is back!

"Then do you know who is behind the reward?" Ye Chen asked.

The man with the peaked cap does not know why, he always feels that there is a special breath in the air enveloping him, as long as he dares to lie once, he will definitely die!

"It's the Shen family! Shen Haihua! I really don't know the rest... and in recent days, I heard that Shen Haihua's power has become stronger and stronger. It is said that he has called Quanjian City's surveillance to come to you..."

Ye Chen just came across.

He gave Shen Haihua a life span of three days. If he didn't have his own medicine for these three days, he would definitely die!

There is only one dying person who will find himself at all costs.

As for whether to save Shen Haihua, he has no so-called bodhisattva heart, it all depends on his mood!

"Go tell Shen Haihua, if you want to survive, don't engage in this kind of tricks, come to me yourself!"

This sentence contains a trace of real energy, like thunder in the ears of the peaked cap, when he reacted, Ye Chen had disappeared.

.....

Jiangcheng North, Longyue Bay Villa District. Shen family.

Shen Haihua wore a Tang suit and walked back and forth in the hall, his brows frowned, losing his former look.

Shen Haihua was originally a newspaper editor. When he was young, he took advantage of the wave of reform and opening up. He quit his job and set up a factory in the sea. It took thirty years to create the giant Beiming Group! In Jiangcheng, he is also a famous upper-class figure, attending major government meetings and charity dinners.

But at this moment, this upper-class figure has no masters to the extreme!

Because his life span is only one day short!

If after a day, the genius doctor is no longer found, his life and everything he created will be destroyed!

In the past two days, he has not closed his eyes once, and he has activated all the power he can use to find the genius doctor!

But for some reason, it was to no avail!

This genius doctor appeared out of thin air.

He only knows that this genius doctor is called Ye Chen!

He went to the Jiangcheng Police Station and called up all the information of the man named Ye Chen, but none of them matched!

He even sent dozens of people to guard the Chengbei Park where Shen Mengjia met Ye Chen!

Still no news!

This Ye Chen seems to be a joke deliberately made to him by God!

only gave him three days of life, gave him hope, but disappointed him!

The mother Shen beside asked a little worriedly: "Haihua, do you think the genius doctor Ye will leave Jiangcheng? Otherwise, there can be no news. UU reading www.uukanshu.com"

Shen Haihua stopped, his fists clenched tightly, and seemed a little irritable: "I have sent people to all the stations in Jiangcheng. The intersections are guarded. It should be impossible to leave Jiangcheng. If there is no more news, no matter what, I can only send someone to search one by one, even if I search through the entire Jiangcheng, I will find Genius Doctor Ye."

Just then, a phone rang!

Shen Haihua, like an arrow from the string, rushed directly, picked up the phone, and said shortly, "Yes...Is there any news?"

His body trembled and was extremely excited.

"President Shen, there is news, Genius Doctor Ye has someone to bring you a message." said over the phone.

"What! Say it! Say it, are you going to die me in a hurry?" Shen Haihua almost roared out.

"The genius doctor Ye said, if you want to survive, don't engage in such tricks and go find him yourself!"

Hearing these words, Shen Haihua felt relieved and grabbed another mobile phone on the table.

"Prepare the car, now!"

.....

Dadu Apartment.

When Ye Chen got home, he found that Sun Yi was up and was putting on makeup.

Today's Sun Yi looks even more sexy. She has long soft hair on her shoulders, her upper body is wearing a white short chiffon cropped navel, and her lower body is a short black skirt with stiletto heels and beautiful legs. Unreservedly displayed in front of Ye Chen.

The key coat is too short, and Sun Yi's full chest is almost ready to appear.

This is too sexy!

Chapter 24: The first time for each other!

Sun Yi heard the movement behind her and knew that Ye Chen was back.

She turned around, turned around in a circle, blinked her eyes, and asked: "You can judge, is it beautiful for me to wear this way?"

"nice....."

When Sun Yi heard this answer, she seemed to be in a good mood, humming a small song and continued to make up.

"Why are you going to dress like this?"

Ye Chen said, he doesn't want Sun Yi to dress like this to attend any banquet or event. How much cheaper is this pervert!

Although he has nothing to do with Sun Yi, but after getting along these days, he has already regarded Sun Yi as the closest person in Jiangcheng.

Sun Yi stroked her hair behind her ears, turned around and smiled: "Women put on makeup, of course they are going out shopping..."

"Who is shopping with?" Ye Chen subconsciously asked.

Sun Yibai glanced at Ye Chen and explained: "Of course it is you, or who else is there. Today Saturday, I had a hard time taking a break and just took you to go shopping. You don't look at what you are wearing. You are sloppy. You buy a mobile phone, I don't want to be unable to contact you at the critical moment."

Ye Chen felt warm when he heard these words. Only Sun Yi cared about him in this familiar and unfamiliar city.

Afterwards, he took a look at his outfit and felt good about himself: "But I don't like shopping."

"No, you have to go!" Sun Yi directly dispelled Ye Chen's thoughts, and said, "Actually, I'm just curious, what will it look like if you dress up a little? Maybe it will make this girl feel like a girl~"

Ye Chen glanced at the **** Sun Yi, thought of something, and said: "It's not impossible for me to go, you change your clothes."

"Row."

.....

After a child, Sun Yi and Ye Chen walked out of the Dadu apartment in sportswear.

Sun Yi has been completely taken. No girl wears sportswear to go shopping. If Ye Chen didn't strongly demand it, she would be unlikely to wear this suit in her life.

Fortunately, Sun Yi's figure is too proud, even sportswear can't hide her brilliance.

Along the way, men look back at her frequently.

Jiangcheng Wanda Plaza.

Sun Yi took Ye Chen to cut her hair first, and a clean head made Ye Chen more energetic.

Coupled with the slanting eagle eyebrows, slender and sharp black eyes, thin and lightly pursed lips, sharp and angular outlines, slender tall but not rough body, like an eagle in the night, cold and arrogant but lonely and clear The arrogance and solitude exudes the strength of arrogant world.

"Don't tell me, your hair is cut like a different person. Now go to the university and take a walk to ensure that there are many girls around you."

Sun Yi said with emotion.

Suddenly, she seemed to have thought of something. She poked Ye Chen in the chest and said gossiping: "You tell me honestly, do you have a girlfriend? Would you like this girl to introduce one to you? Huamei Group does not lack single beauties~ "

Ye Chen shook his head.

In the past five years, he has been wandering between life and death, and he has been practicing madly. He just wants to come back and take revenge. There is no time to take care of his children.

Seeing Ye Chen shook his head, Sun Yi curiously said: "Ye Cheng, you're not an innocent virgin, haven't you been in love yet?"

Ye Chen frowned slightly, suddenly reminding him of a history.

Five years ago, when the Ye family was still there, he once liked a girl.

That girl was Chu Shuran, she was the school girl at the time, and countless people had a crush on her.

Although he was born in a big family, he is humble like an ordinary person and dare not confess.

Until one day, he plucked up the courage to secretly give Chu Shuran a love letter. He thought that the love letter would fall apart, but he did not expect that Chu Shuran would invite her to the back mountain of the school that day.

Chu Shuran told Ye Chen that as long as he could grab the microphone of the school leader the next morning and confess her in front of everyone, she would be willing to associate with him.

At that time, Ye Chen didn't know anything about the world. For the ridiculous love, he actually did this the next day.

He ignored the mocking faces of others, only hoping that Chu Shuran would fulfill his promise.

But unexpectedly, Chu Shuran rejected him in front of everyone, and pointed to Ye Chen's nose and said a word.

"You are a trash, and you are qualified to pursue me Chu Shuran! Toad wants to eat swan meat! Don't think that a Ye family standing behind you is great. In my Chu family's eyes, you and your parents are nothing!"

From that day on, Ye Chen began to feel helpless, and his name of trash was completely spread.

Even on the same day, he heard it in the toilet with his own ears. All this was just a bet between Chu Shuran and other Jiangcheng masters.

They bet on how **** Ye's waste is!

And he proved how **** he is.

Until now, he still clearly remembers the mocking faces of everyone reaching out and pointing at him.

Ye Chen woke up from the memory, a sneer appeared at the corner of his mouth.

Myself five years ago may really be a real waste.

But now, what does Chu Shuran do?

What is the Chu family, the head of the four Jiangcheng families?

He will stand on the pinnacle of this world one day and tell everyone that he has been here before.

At that time, everything in Jiangcheng is nothing but a tiny dust in his eyes!

Sun Yi on the side saw Ye Chen's face light and dark ~www.ltnovel.com~ thinking that he had touched his dignity, and quickly apologized: "Um...I shouldn't say that to you. What matters is that you are a virgin? I'm still a virgin...I'm even going to be even."

Looking at Sun Yi's nervous look, Ye Chen couldn't help feeling a little cute, and joked: "If that's the case, there is nothing wrong tonight anyway, or... the first time we gave each other...this is even the same. "

Sun Yi didn't expect Ye Chen to be so bold. His face was red to the root of her ears. She even found a few people turned to look at them. She gave Ye Chen a vicious look: "Just you talk a lot and want my first Once, unless you can pluck the stars in the sky and give them to me!"

Ye Chen raised his eyebrows, and said seriously: "Don't be fooled?"

He knew that the highest realm of cultivation could completely break through the void and manipulate the sun and the moon.

What's the point of picking a star!

Sun Yi naturally didn't believe Ye Chen could do it, and nodded like garlic:

"It's all right, my Sun Yi has the words to say, okay, don't talk, now I will pick a few clothes for you, you don't look at how your clothes are now! You still wear them all day long! Here It's a big city anyway. By the way, don't you have that prescription? You can sell a few at random. I guess you can even buy this Wanda."

Having said that, Ye Chen wouldn't do that.

He has countless prescriptions in his hands, but if he casually passes it to others, it will inevitably cause some forces to watch and even break the balance of the Chinese circle.

Only if you control the power, can you take out the prescription, otherwise it will only burn your body!

As for the low-level Zhuyan Pill, it is not a precious thing, and it has some miraculous effects for the beauty company.

Chapter 25: Meet acquaintances!

.....

Sun Yi took Ye Chen past an Armani brand store and stopped.

To tell the truth, she really wanted to buy Ye Chen inside, because after all, men wore the facade.

If Ye Chen wears such clothes, some people will naturally not offend him, but when she thinks of the price inside, she hesitates again.

In the past few years, I have been working hard in the Huamei Group, buying a car and an apartment, and her savings are not too much. If I bought Ye Chen the clothes inside, then she really has no money.

Go or not?

Ye Chen also noticed Sun Yi's hesitation, he glanced at the store and suddenly came over.

He was once the young master of a declining family, and he naturally knew Armani men's clothing.

When came, Sun Yi said that she would treat everything today, presumably Sun Yi was wondering whether to buy him the clothes inside.

"Let's go, I don't like wearing this brand of clothes. The Adidas next door is on sale. I think sportswear is good and comfortable. Besides, it hasn't been a few days since you and I have known each other, so why buy me such an expensive one? Something? Is it possible to support me?"

Ye Chen walked to the front after finishing speaking, but before he took a few steps, he was pulled back by Sun Yi!

"But I want to see what you do if you wear the suit on the model?"

"It's not necessary, they just posted a sign, and the next few stores seem to have similar..." Ye Chen said helplessly.

"But..."

Just when Sun Yi and Ye Chen were arguing, an exclamation sound rang behind them.

"Sun Yi! Is that you!"

Sun Yi was slightly startled when she heard the sound, then turned around and saw a woman with a rather fashionable dress.

When seeing this woman, Sun Yi's face was obviously a little unsightly.

Ye Chen naturally also noticed this woman, she looked pretty good, but she was more than a grade worse than Sun Yi.

And by coincidence, he also knows this person.

is Ye Chen and Sun Yi's high school classmate, He Qian.

Ye Chen is so clear because He Qian is Chu Shuran's attendant. Back then, in the class, if he had nothing to do, he would come to Ye Chen for trouble, open his mouth and leave waste.

At this moment, beside He Qian, there is a tall handsome man wearing a brand-name suit, and the other's eyes are constantly scanning Sun Yi's chest, very greedy.

"Sun Yi, I didn't expect it to be you. Why didn't I see you at the class reunion last year? I heard that you work for Huamei Group? Do you sell beauty drugs? These days, people who sell this beauty drugs can't make much money. I advise you to hurry up and find a rich man to marry, how easy it is~"

In the words, He Qian's face was full of pride. She has a wealthy family, although she is not at the level of Chu Shuran, but she is still enough to show off in front of others.

And when she was in high school, she knew that Sun Yi's family had no money, otherwise she wouldn't finish the college entrance examination, so she gave up university and entered society directly.

Sun Yi glanced at He Qian and didn't want to say anything. Just about to take Ye Chen away, He Qian spoke again: "Oh, Sun Yi, I haven't seen you in a few years. I have a boyfriend. It's just... you guy My friend doesn't look very good, except for a better-looking face, this outfit...tsk tut...it's probably a poor man just like you.

is also right, the poor can only be with the poor, but then again, why does your boyfriend look so familiar? "

He Qian frowned and seemed to be thinking about something. Suddenly, she patted her thigh and said with a smile: "By the way, do you remember that Ye family trash five years ago? The toad wanted to eat swan meat, so she dared to My family Chu Shuran confessed that your boyfriend is really like that Ye family trash. But that trash is a bit of a pity. He died so early, otherwise my family Chu Shuran still wants to tease him."

Ye Chen's face suddenly became cold. He never expected that after so many years, these ants would never forget that incident.

He just wanted to make the other party shut up. Sun Yi stood up and pointed at He Qian and cursed: "People are gone, can you consume a deceased like this? Also, He Qian, don't let me and you As familiar, after graduation, we will not have the slightest intersection!"

After finishing speaking, Sun Yi directly took Ye Chen to the Armani brand store!

Originally, she was still wondering whether to buy Ye Chen this dress, but now, she has decided! Even if her family is bankrupt, she will buy it!

She wants to tell everyone that she is not bad at Sun Yi!

Sun Yi pulled Ye Chen into the store abruptly.

He Qian and her boyfriend glanced at the storefront and sneered: "A poor man who still learns from others to visit Armani? I'll take a look, how do you go shopping!"

"Ajun, you see that your clothes are so dirty, how about we also buy some?"

He Qian acted spoiled, and the chest of the C cup rubbed against Ah Jun's arms, making the latter dry.

"Of course I buy, you should know that I can afford this store, but... can I find a friend to play with you at night? That kind of excitement..." A Jun licked his lips, quite Excited.

He Qian's eyes showed a trace of disgust, but in order to please the man in front of him, she nodded shyly: "You guys are really bad~"

.....

in the Armani shop.

The clerk looked at Ye Chen and Sun Yi's clothes with some doubts, but they still gave a polite reception. UU reading [www. uukahnsu.com](http://www.uukahnsu.com)

Sun Yi didn't know much about boys' clothes. Seeing He Qian and the others were about to come in, they could only point to the clothes in the window, and said stiffly, "Um... take the clothes on the window mannequin. We will have this set when we come down."

The clerk was a little bit confused by Monk Zhang Er. She was the first time she saw a customer buying clothes like this, she didn't try it?

And the dress in the window is a limited edition, with a price of hundreds of thousands.

"Miss, won't you try it for your boyfriend?" the clerk asked politely.

Sun Yi blushed again when she heard the three words from her boyfriend: "No...no, he is about the same figure as the model, he should be just right. You wrap it up for me and pay the bill..."

just finished speaking, an untimely voice came from behind:

"Oh, Sun Yi, you want to buy this dress? I heard it right. Do you know the price of this dress? This is the latest model designed by Master Terrence. Don't make yourself embarrassed for the sake of face~"

Sun Yi really annoys this He Qian, it's just lingering, she doesn't care what the price is, she directly said to the clerk: "Hurry up and wrap it up for me, we are in a hurry..."

The clerk didn't talk nonsense, and directly got the counter for the settlement, and then said with a smile: "This lady, because you have purchased more than 200,000 products, we have taken the initiative to upgrade you to an Armani distinguished member. New products enjoy a 5% discount. After folding down, a total of 390,000..."

Hearing 390,000, Sun Yi's hand holding out the bank card stopped suddenly!

Nima?

A suit of 390,000?

What a joke, even luxury goods don't have this price!

More importantly, her bank card is only 300,000 at most!

Chapter 26: I will be a nouveau riche today!

The clerk stretched out his hand, and just about to take the bank card, Sun Yimeng retracted the hand that handed the card back. This act shocked the clerk at the checkout.

"Miss, this is..."

Sun Yi pretended to look at the suit again, frowning and said: "I suddenly felt that the color of this dress didn't suit him. Let's look at it again."

After finishing speaking, he took Ye Chen out without waiting for everyone's reaction.

If you find that you don't have enough money when you swipe your card, you're really embarrassed and lost.

Just when the two were about to leave the Armani brand store, He Qian didn't know when he blocked the door, and looked at Sun Yi with a playful look.

"Sun Yi, Sun Yi, you guys don't dare to buy if you don't have money? If you don't have money, why come to such a place where upper class people can only visit?"

He Qian's white chin was raised high, and the expression in Sun Yi's eyes was full of disdain and contempt.

Although Sun Yi was a little angry, she could only reply: "It is my right to buy or not, are you in charge of it? I don't think these clothes are worthy of him at all, can't it?"

He Qian sneered: "Don't think I don't know. Your bank card doesn't have that much money at all. How much money can a seller of beauty drugs make. Oh, yes, you still have your boyfriend, he doesn't There

is no money for the meeting, right? Two poor ghosts come to visit Armani, haha, it really makes people want to laugh."

He Qian said more and more, and even walked a few steps, sarcastically: "When you were in high school, how poor your family was. Don't think I don't know. You seemed to get more than 600 points in the college entrance examination that year. You can go to major universities in Beijing, but why don't you go? Don't you just want to make money early to treat your sick brother? Why is it so difficult to admit that you are poor?"

Sun Yi's eyes were a little red, and she even wanted to rush over and slap her!

But she knows that if this slap is passed, she really won't have a foothold in Jiangcheng.

He Qian and Chu Shuran have a good relationship. In Jiangcheng, the authority of the Chu family is unshakable. If Chu Shuran wants to move herself, she really can't stay in Jiangcheng.

It doesn't matter if she can't stay, if the other party deals with her brother, it will be even more troublesome.

So this slap, she has to bear it anyway.

"Why don't you talk anymore? Did I say it? Poor ghosts dare to imitate others' pretends. It makes people want to laugh, but I think you can grow up pretty well. Find a rich person, not what you want. What is there?"

The more He Qian said, the more proud she was, she pointed to her boyfriend, and said, "Ah, I forgot to introduce him. This is my boyfriend Zhao Jun. Do you know his origin? Beiming Group heard that Come on, Beiming Group is more than your Puhamei Group. I don't know how many times it is expensive. My family Ajun is the CFO (Chief Financial Officer) inside, with an annual salary of 5 million. Do you dare to think about it?"

He Qian just wanted to continue, when a lazy voice sounded.

"What CFO? I'm still UFO."

It was Ye Chen who spoke.

He can't listen anymore. He Qian hasn't changed for so many years. As soon as she gave her a chance to speak, she tried to BB, as if everyone was worthless in front of her. He really didn't understand this kind of person. Where is the source of confidence?

He Qian noticed Ye Chen when he was interrupted. He glanced at Ye Chen from head to toe and said, "Oh, forgot you are a poor ghost. I don't know where you are. Pick up the broken ones, we still have a bottle of mineral water in the car, would you like it?"

After talking, He Qian and her boyfriend both laughed.

Ye Chen shook his head, and said confidently: "I am a genius doctor, a genius doctor who can kill life."

As soon as these words came out, the hall was quiet for a few seconds. Then burst into laughter!

"Haha, Sun Yi ah Sun Yi, your boyfriend is really interesting, but he is a genius doctor? He died? Hahaha...I'm going to die...I'm going to die of laughter...stomach hurt..."

Sun Yi also gave Ye Chen a blank look, and said softly: "You can talk in front of me as a profession, so don't say it in front of outsiders..."

Those extremely exaggerated pennants came to her mind again.

Ye Chen felt a little helpless when he touched his nose. Why doesn't anyone believe the truth these days?

He is really a genius doctor.

Isn't there another guy named Shen Haihua looking for himself all over the world? Do you want to pull him to testify?

By the way, the Shen Haihua of the Shen family seems to be the manipulator of the Beiming Group...

Thinking of this, Ye Chen suddenly looked at He Qian's boyfriend with a weird expression.

Sun Yi really couldn't stand others laughing at Ye Chen so much, and quickly took Ye Chen away.

"Let's go quickly, put your clothes down, no more..."

But Ye Chen didn't move. He looked at Sun Yi seriously and asked: "Do you really want to see me wearing this dress?"

Sun Yi was startled, for some reason, she suddenly had an unknown premonition.

In the next second, Ye Chen went directly to the cash register, handed out a card, and said to the store manager: "Wrap it and swipe this card."

The boss with a long mouth, Sun Yi thought Ye Chen was crazy!

What the **** is he doing!

Does she still know how much money this guy has!

I can't afford the rent!

even asked her to borrow three thousand the day before yesterday!

How could it be possible to buy these hundreds of thousands of things!

There is He Qian watching behind the key~www.ltnovel.com~ If the credit card fails, He Qian will inevitably mock her mercilessly!

Ye Chen Ye Chen, why do you want to be angry!

The store manager has been paying attention to the situation outside, and naturally knows that the men and women have no money.

She just wanted to refuse the request to swipe the card, but Yu Guang caught sight of Ye Chen's card!

suddenly, her face turned white!

Because that card is actually the ICBC VIP black card!

VIP black card, the deposit limit is not less than 10 million to apply!

She has stayed at Armani for three full years, so this vision is natural!

She changed her smile quickly and respectfully said: "Hello, gentleman, we have a cooperation with ICBC, you can show this VIP black card, this suit can still get a 10% discount on the original discount..."

As soon as these words came out, everyone's expressions were not right. They never expected that Ye Chen would actually show the VIP black card!

He Qian immediately stood up and asked: "Don't think that you can get through with a fake card. If you fail to swipe the card, you will go to jail for making a fake card!"

Sun Yi also pulled Yechen out, and said anxiously: "Get the card back, we'll leave right away! It doesn't matter if you are embarrassed! Do you still want to go to the police station!"

Ye Chen looked at the anxious Sun Yi, and smiled: "You don't believe me so much? Am I like someone with no money?"

Sun Yi is almost fainting, it's not like you are like a problem, you are a person with no money!

To everyone's surprise, Ye Chen not only gave the card to the store manager, but also said proudly: "Swipe it, give it to me! And, I don't want any discount! Just give me the original price! Lao Tzu, it's not bad today. money!"

Chapter 27: Let me see who dares!

At this moment, the store manager was a little dazed.

She has been a store manager for so many years, and this is the first time she has met such a strange customer.

Don't want to give you cheap? Must the original price?

She even wondered if the distinguished guest in front of her was a neurotic

But even so, she can only do it.

"This gentleman, please enter your password..."

He Qian still didn't believe that the man in front of him who was wearing a clothes stall could afford to pay, coldly snorted: "Boy, you lost the password! I want to see if you poor ghosts can play it!"

She even turned her finger at Sun Yi: "Sun Yi, Sun Yi, where did you find this kind of man? Your vision is really bad. Five years ago, don't think I didn't know that you secretly fell in love. That Ye family trash! Even when the Ye family trash had an accident, the family was buried. I really wonder, where is the Ye family trash?"

Originally thought that the trash was dead, your vision would be better, but I didn't expect that after so many years, your vision would still be the same. Look at the guy next to you, what's the best? You might as well go out and sell it like this, maybe those clients are better than this guy! "

He Qian said more and more, but Sun Yi's eyes were red!

She allows others to talk about her, but she does not allow others to insult the dead Ye family.

Her fists were clenched tightly, and her nails were even more sinking in the flesh, and a bright red blood oozes out.

He Qian still chattered: "Sun Yi, or I will introduce you to the business, you are a chicken..."

Before she finished speaking, a black shadow flashed before her eyes.

Before she could respond, he heard a "pop!"

Ye Chen slapped and slapped it firmly!

even directly fan He Qian to the ground!

even lost a tooth!

"I wanted to smoke your mouth a long time ago. If it weren't for your being a woman, you might have died long ago."

Ye Chen's voice was extremely cold, cold to the bone.

He had wanted to make a move a long time ago. If it weren't for Sun Yi's repeated blockades, could this kind of **** talk about it now?

This kind of person, if you be patient, the other party will only get better!

In the past five years, Ye Chen understood a motto between life and death, the enemy must be killed by one move!

Everyone didn't expect Ye Chen to start suddenly.

and slapped a woman to the ground in front of everyone.

Although Sun Yi felt very refreshed in her heart, when she thought of the consequences, her heart shook again.

Oh no.

got into a big disaster!

She even felt that every time Ye Chen was brought out, this guy would definitely run away!

He doesn't know how to write Shinobi! This guy is a violent temper!

Just a few days ago, he beat the Chen family in Jiangcheng, and even entered the police station. If it were not for legitimate defense, Ye Chen would definitely die!

But the situation is different now, this is Ye Chen's initiative!

Sun Yi's heart is extremely complicated at this moment.

He Qian finally woke up, with her hairless hair, like a mad woman, she stood up, pointed at Ye Chen and snarled: "You dare to hit me, since childhood, no one dares to hit me! No one! Believe it or not. ..."

Before the words were finished, the card swiping machine sounded a crisp voice:

"Successful swiping, I wish you a happy shopping..."

At this moment, the whole world seemed silent.

Sun Yi was stunned.

He Qian was also stunned, and even forgot the pain on her face.

Successful swiping?

This is not a small number! This price is almost the income of working for several years!

Pick up tatters?

Can you pick up a VIP black card? Even pay hundreds of thousands of prices without changing his face?

impossible!

"This...this must be fake...it must be a collusion between you and this shop! Otherwise, how could you possibly have paid..." He Qian said excitedly, her voice almost roaring.

The manager of the Armani shop saw that others questioned their credibility, and his face was not good: "This lady, we Armani is a global luxury brand, how can we do such a thing? If you maliciously discredit them, we Have the right to blacklist you!"

He Qian didn't expect everyone to point their fingers at herself, and quickly looked at Zhao Jun beside her, asking for help: "A Jun, they all bully me, don't you help me as a man?"

Zhao Jun nodded, patted He Qian on the back, stood up, handed out a business card to the store manager and said: "Hello, I am Zhao Jun, the chief financial officer of Beiming Group. First, I hope you apologize to my girlfriend. You should know that our Beiming Group and Armani just established a cooperation matter a few days ago. I don't want to cause problems with the cooperation because of your reason. Because your salary simply cannot afford it!

Secondly, this gentleman hits people in public and is in your shop. You have the right to drive away these two people! I will also ask my lawyer to come forward later. "

After Zhao Jun finished speaking, he raised his head and looked at the crowd. He enjoyed himself showing his power in front of others.

even glanced at Sun Yi.

don't know what kind of hot figure under that sportswear.

He planned to ask the woman for a WeChat after the matter was over. Maybe he would get to the bed after a few sums of money, and he would be as refreshing as he would be.

When Zhao Jun said these words, the clerk didn't dare to speak at all.

Beiming Group did establish a cooperation with Armani a week ago!

If she breaks this cooperation because of her, she really can't afford it!

She does not have to question the authenticity of the other party's business card! Because the other party's temperament is in front of you, just like the top of a big group!

She hurriedly came to He Qian, bowed her head and apologized: "This young lady is really sorry! I just didn't know Taishan..."

He Qian pointed to Ye Chen and Sun Yi and said, "Don't drive this poor ghost, UU reading www.uukanshu.com, and that chicken out!"

just after the words fell, another slap came over!

This time it is not Ye Chen, but Sun Yi! Sun Yi can't bear it anymore!

She has been backing down, but it does not mean that she is bullied! Open your mouth and curse a girl as a chicken, which girl can bear?

Ye Chen looked at Sun Yi's performance and couldn't help nodding.

A woman does not mean a good temper. You have to endure it all the time. A woman must be tough when facing such a messy guy!

Zhao Jun saw that his opportunity had come, stepped forward, and said to Sun Yi: "This lady, it's not good for you to beat people like this. I have some relatives and friends in Jiangcheng Police Station. You can definitely live in this kind of behavior. A few days.

But since you are a girl, I will give you a chance to go to the Hilton Hotel to accompany me for a drink. I will consider forgiving you. "

There is a wicked smile on his face, but it is well hidden.

Of course, Sun Yi knew what the other party meant. He opened his mouth and only said one word: "Go away!"

Zhao Jun did not expect that the other party's small group selling drugs would not give himself face, and coldly snorted: "In that case, you guys and dogs, just wait. I will put pressure on you Huamei Group today in the name of Beiming Group. , I see how you still stay in Jiangcheng!"

Zhao Jun's face is hideous! He is about to fall in love with this feeling of controlling power!

But soon, a pot of cold water was poured down!

A full of breath sounded from behind him: "It's a big tone, I, Shen Haihua, want to see who would dare to use my Beiming Group to put pressure on God Doctor Ye!"

Chapter 28: Ye Chen's attitude!

Zhao Jun heard this voice almost stiff.

This voice is so familiar to him!

Six months ago, I heard it almost every day in the group!

This is Shen Haihua's voice!

The founder of Beiming Group!

The entire Beiming Group says that there is a unique existence!

Only later, because Shen Haihua was terminally ill, he never appeared in the group again.

All the group directors believe that the Beiming Group will be caught up in the inheritance battle, and the position of president is likely to be replaced by Shen Haihua's children!

As for his identity as the chief financial officer, he is completely dependent on his father!

At that time, the group was already in panic, his father pushed him to the cusp of the storm in order to obtain more equity in the group.

He knew very well that if he relied on his strength, he would not be able to sit in this position!

Now the Lord has appeared, his back is already soaked.

He turned around slowly, and when he saw the man in Tang suit in front of him, he completely lost his strength!

is really Shen Haihua!

He... isn't he dead? How come alive again!

Is this a human or a ghost?

"Uncle Shen... Why are you here... Didn't I hear that you are sick?"

He changed his arrogance and put his posture to the lowest level, even with a hint of flattery in his smile.

Shen Haihua snorted coldly: "Humph! If I don't come again, some guys will ruin my efforts!"

Zhao Jun smiled stiffly, but he reached out his hand and politely said: "Uncle Shen, you are joking again. By the way, did you come here to inspect and cooperate with Armani?"

He originally thought that Shen Haihua would give him some face when he was outside, but he didn't expect that Shen Haihua would directly "pop!" and pat his hands away.

then went to the other side.

There are only three people standing there.

Ye Chen, Sun Yi and He Qian.

Sun Yi and He Qian are a little confused, what is the chairman of Beiming Group suddenly doing here?

Is it possible to find Zhao Jun back?

He Qian saw Shen Haihua walking towards her, and mistakenly thought that the other party was here to comfort her, and suddenly felt a little face, and hurriedly walked towards Shen Haihua:

"Uncle Shen, I heard Ajun often mention you, you don't actually have to come here in person. We can handle these two guys, and I will notify the family members to come over later, and then, none of them can run away!"

After finishing speaking, He Qian gave Sun Yi a vicious look.

seems to say, this is authority! This is face! You will never know about it!

Sun Yi's legs trembled a little. She knew that the matter was really up, but she never expected Shen Haihua to come out in person.

Once the Beiming Group called on them to prevent them from gaining a foothold in Jiangcheng, then she and Ye Chen would really not be able to live.

Just when everyone was tacitly aware, Shen Haihua skipped He Qian and walked straight to Ye Chen. He changed his usual serious face, with a smile on his face, and said respectfully to Ye Chen: "Mr. Ye, you It's so hard for me to find it. If you don't show up again, I might be dead."

Shen Haihua's words made the whole scene fall into deathly silence, so quiet that the needle can be heard!

Everyone's eyes are wide!

Because Shen Haihua's tone is actually low!

seems to please Ye Chen!

And he also used the honorific title!

Mr. Ye!

you!

How could such a big man say this to such a young person?

And Shen Haihua has been looking for Ye Chen? Can't find Ye Chen, he will die? This is too exaggerated.

"Guru!"

This scene was extremely shocking to Sun Yi beside Ye Chen. She was full of amazement, swallowed with great difficulty, and stayed in place.

She stared at Ye Chen fiercely! She didn't believe all this in front of her at all!

Isn't this guy just coming to Jiangcheng? How is it possible to know a big figure like Shen Haihua?

The key is to make the other party speak so lowly?

At this moment, she felt that Ye Chen seemed to be covered with a layer of mist, which made her completely unable to see through.

He Qian took a step back subconsciously, she even rubbed her eyes, trying to prove that she was in trouble.

But the reality slapped her severely!

"How could this guy know Shen Haihua? Impossible! Never!"

Everyone is waiting for Ye Chen's response, and only Ye Chen's response can explain all this!

A few seconds later, Ye Chen looked at Shen Haihua and said: "I gave you the opportunity to the Shen family back then, but you didn't cherish it!"

Shen Haihua never expected Ye Chen to be so difficult to speak, and cautiously said: "Mr. Ye, I can't help but wait, I'll let the unbelievable beast come over and make amends to you!"

After finishing speaking, Shen Haihua turned around fiercely, and yelled at a man in the corner: "Menglong! Don't get out of here! Apologize to Mr. Ye!"

Even though Shen Menglong in the corner felt embarrassed, he could only walk out when he heard the scolding. He stood in front of Ye Chen, bowed his head, and said nothing.

"Don't kneel down for Mr. Ye, apologize!"

Shen Menglong clenched his fists, his heart was extremely angry, but he still "thumped!" He knelt down!

"Mr. Ye, I was wrong that day, please forgive me!"

He must kneel, if not! He must die!

Seeing Shen Menglong kneeling down, Zhao Jun in the distance was shocked.

Shen Menglong, what kind of character, he knows best, the two have almost grown up since childhood!

Shen Menglong has never subdued a person, let alone kneel to others!

But in front of us~www.ltnovel.com~ how should we explain?

His gaze slowly moved to Ye Chen's body, and he suddenly had an ominous premonition.

It seems that he has pretended to be too much, and has provoke a real big shot!

Is it possible that that guy is from Jiangnan Province? Or a bigger family?

If this is the case, then he is over too!

Thinking of this, Zhao Jun's legs trembled.

As the person involved, Ye Chen just glanced at Shen Menglong who was kneeling in front of him indifferently. He didn't make any statement. Instead, he patted Sun Yi, who was still in shock, and said, "Let's go. You pick some clothes, today, I have money!"

After finishing speaking, she left Shen Menglong and Shen Haihua on the spot and left with Sun Yi.

The clerk felt that his brain was not enough. She had seen countless arrogant people, but at this moment, she realized that there was no arrogant man in front of her!

Who is this man?

She really couldn't think of anyone in Jiangcheng who was better than Shen Haihua.

After Ye Chen left, Shen Haihua finally reacted, his face was dark, and he kicked his son.

"Look at what you have done! If Mr. Ye doesn't nod his head today, please don't get me up."

After he finished speaking, he looked at Zhao Jun again and angrily said: "Zhao Jun, did you offend Mr. Ye just now? Don't think that you and your dad did those things, I don't know, I don't know! You will pack things for Lao Tzu today Fuck off, and your father Zhao Deming! Even if I die, I won't let you get any shares in the company! Get out!"

seemed to have finished venting, Shen Haihua took a few deep breaths, and chased in Ye Chen's footsteps.

The rest of the people wanted to follow, Shen Haihua directly cursed, "Don't follow Laozi! A bunch of trash!"

Chapter 29: I can let you live! You can also take your life back!

.....

After Shen Haihua left, He Qian came over clearly from the trance, she took Zhao Jun's hand: "A Jun, what should we do..."

Zhao Jun heard the babble, couldn't help it anymore, and slapped He Qian on the face!

"It's all you stinky watch-child, you have nothing to do with me! I am so embarrassed to ask me what to do? Find death! Dig a hole and bury yourself!"

Zhao Jun seemed to feel puzzled, and he put a kick on He Qian's body!

"I tell you He Qian, you'd better put away your dog eyes! Otherwise, no one can save you by then! Get out!"

He Qian's face was pale, her eyes lost the look of the past.

She knew that she and Zhao Jun would never be possible again.

Those sports cars and houses that Zhao Jun gave her will probably be taken back by the other party.

She stared at the back of Ye Chen and Sun Yi away, her fists clenched tightly.

Blame these two people!

Without these two guys, how could everything about her be ruined!

From childhood to adulthood, she thought she was very noble, and her nobleness was not comparable to that of Cinderella like Sun Yi.

She is jealous of Sun Yi's appearance and figure, as long as she has the opportunity, she will mock this lowly born woman!

It was like this five years ago, and it should be like this five years later!

But she never thought, before she knew it, she would have been left behind by Sun Yi!

She is a little curious, who is the man next to Sun Yi?

Can make Shen Haihua of the Shen family in Jiangcheng be so humble.

Shen Haihua seems to call him Mr. Ye? Is the other party's surname Ye?

There should be no family surnamed Ye in Jiangnan Province, so does Jiangcheng have a family surnamed Ye?

doesn't seem to be either.

wrong! There is a Ye family who has been destroyed!

Suddenly, a name appeared in He Qian's mind-Ye Chen!

That Ye family waste! The Ye family trash who confessed that Chu Shuran was mercilessly humiliated!

Combined with the relationship between Sun Yi and that man, maybe that mysterious man is really Ye Chen!

When she thinks of this, her mouth grows up, and her pupils are full of panic.

"Ye Chen... didn't die? How could it be possible? He is back?"

I don't know how long it took before He Qian suppressed the shock in her heart. She took out the phone without hesitation and dialed a strange and familiar phone.

The phone was finally connected, and a cold voice came from inside: "What are you looking for me for?"

"Shu Ran, I have something very important to tell you!"

"What's the matter? Let's talk!" The woman on the other end of the phone was a little impatient.

"I... I seem to have seen Ye Chen..."

"What!" There seemed to be the sound of something breaking on the other end of the phone. It seemed that the phone fell to the ground. After a long time, a female voice came, "Which Ye Chen? Our high school classmate? That Ye family trash?"

"It seems...yes, but I'm not sure."

"In two hours, come to my Chu home!"

The phone hung up.

.....

Ye Chen took Sun Yi around for an hour and bought about five or six clothes.

Although Sun Yi said no, when she arrived at the women's clothing store, her eyes were shining, and she had no resistance to beautiful clothes.

But after this trip, Sun Yi bought some discounted clothes, which only cost Ye Chen one or two thousand yuan.

Ye Chen asked Sun Yi not to look at the price several times, but they were all rejected.

In desperation, Ye Chen could only let Sun Yi choose randomly.

"These years, such a woman really can't be found."

For this hour, Ye Chen also noticed that Shen Haihua had been following behind him, as if he was hesitant to talk.

He didn't care too much, and let the other party follow.

A dying person, in his eyes, there is no wave at all.

After buying the clothes, Ye Chen and Sun Yi took the elevator to the underground parking lot and found the car. The two were about to put down their clothes when they saw Shen Haihua walking over with a pile of clothes.

"What are you doing here?" Ye Chen frowned and was a little unhappy.

Shen Haihua smiled awkwardly, first put his clothes on Sun Yi's car, and then respectfully said: "Mr. Ye, you misunderstood. I didn't come to you. I was looking for this lady."

Sun Yi pointed to herself with a weird expression, and curiously said: "Mr. Shen, what are you looking for me for?"

Shen Haihua handed out a bank card and said seriously: "This lady, since you know my identity, I won't introduce you too much. I came here to apologize to you just now. An employee of the group insulted you maliciously. This is because I have no control. This card is my little sincerity of Beiming Group. Please accept it."

Sun Yi glanced at the bank card, and naturally knew that the money in it would not be less than five million, but she would definitely not accept such inexplicable money.

"There is no need for the money. I didn't suffer any loss from the incident just now. Please take it back to Mr. Shen."

Sun Yi refused decisively.

As a human spirit, Shen Haihua naturally knew that the other party would refuse, took back the bank card, pointed to the clothes on the car just now and said: "Since you don't charge money, these clothes are okay. I just pick them and the prices are not expensive. The key is you return it to me, I can't wear it either."

Sun Yi only noticed the clothes. Soon, her face showed a look of surprise, because she was very satisfied with the clothes she tried on just now, but she didn't want to mess with Ye Chen money instead of buying them.

When she returned to the car, she even regretted it a little. Never imagined that Shen Haihua would send these clothes over without pulling any of them.

Although she likes it very much, Sun Yi still refuses: "I'm sorry, President Shen, I don't need these things, I appreciate your kindness."

Ye Chen naturally noticed the surprise in Sun Yi's eyes, and said: "Since Mr. Shen is so caring, Sun Yi, you can accept it. UU reading www.uukanshu.com can't be worn by a man."

I have to say that Shen Haihua still has some skills in this seat.

Knowing that he could not please himself, he opened a breakthrough from Sun Yi.

During the whole shopping process, he noticed Sun Yi's true preferences. Ye Chen also admired his ability to observe words and colors.

"But..."

As soon as Sun Yi wanted to say something, Ye Chen patted her on the shoulder and said, "You go to the start, I'll be right there."

"it is good....."

When Sun Yi returned to the car, Ye Chen opened the door to Shen Haihua and said: "This time I will give you a chance. I will come to Shen's house at nine o'clock tomorrow morning. Otherwise, don't disturb my life anymore. Don't disturb the people around me, otherwise, I can heal you or take your life back.

Also, the second-stage consultation fee has been raised to 80 million. "

Shen Haihua's whole body trembled upon hearing these words! The eyes are reddened!

No one knows what his mood is now!

He followed Ye Chen for more than an hour, just waiting for these words!

Mr. Ye said that, it means that he Shen Haihua can survive!

"Thank you...Mr. Ye...Thank you, you are my reborn parents of Shen Haihua. If you have any needs, Shen is willing to do your best!"

This sentence comes from Shen Haihua's heart and soul.

Because Ye Chen took his life back!

As long as Ye Chen nodded, he has the right to continue living!

Ye Chen ignored Shen Haihua, opened the car door directly, and sat in.

Soon, the car disappeared in the underground garage of Wanda Plaza...

Only Shen Haihua was left with a complicated face and secretly wiped away tears.

Chapter 30: Chu Shuran's pride!

River City, beside Qingming Lake.

The environment here is very quiet, with a big house in the middle of the lake.

Behind the mansion is the famous Qinghu Mountain in Jiangcheng. It can be said that the Fengshui location of this mansion is the best in the entire Jiangcheng.

Of course, there is another important reason. There is a big family here-Jiangcheng Chu Family!

The history of the Chu family in Jiangcheng can be traced back to the Ming Dynasty, and the ancestor of the Chu family is a general of the Ming Dynasty!

Once a man rode into the enemy army and killed nearly a thousand enemies! Even more retreat!

This battle directly pushed the Chu family to its peak!

Later, with the passage of time, the Chu family gradually declined, but in Jiangcheng, it is also the throne of the four major families!

No one shakes Jiangcheng!

At this moment, a young girl is watering flowers in the courtyard of the Chu family.

The girl is quite glamorous, wearing a tight strap with bare shoulders on her upper body, and her white skin is embedded on her extremely skinny shoulders. The straps can't cover her proud breasts. The peaks are undulating, graceful and graceful. The slim waist, the curve is balanced and the figure is bursting, it can definitely be described as the word 'devil'.

wears a pair of white slacks to complement her tall and slender figure. With a pair of white casual shoes, the whole person looks charming and elegant.

She is the daughter of the Chu family, Chu Shuran.

While Chu Shuran watered the flowers, a gloomy flash of beautiful eyes.

Ever since Jiangcheng Ye's family was wiped out by the Beijing guy, she often had nightmares. In the dream, there will always be a boy covered in blood. Although she can't see the boy's appearance, she is sure that the boy is Ye Chen.

Ye Chen who was humiliated by her in front of countless people.

Five years ago, she was just for fun. Five years later, she actually feels a little regretful now.

She sighed, put down the kettle, and murmured: "Why do I always think of this guy, it's just a trash, even if he is not dead, with his cowardly character, he might have been living on the street and become a real trash."

At this moment, He Qian came over panting.

"Shu Ran, I finally saw you. We haven't seen you for about half a year. You are getting more and more beautiful now. I don't know how many people have been fascinated by you!" He Qian was quite excited. Said.

But Chu Shuran nodded indifferently: "Sit down."

"Okay." He Qian also felt the coldness of the other party. She knew very well that after graduation, Chu Shuran went abroad and stayed outside for three years. After coming back, she felt like a different person. A little strange.

"You said you saw Ye Chen, are you sure that it is Ye Chen who confessed to me?" Chu Shuran said calmly, with a very plain tone, as if indifferent to this matter.

He Qian nodded, and even recounted what happened at Wanda Plaza today.

When Chu Shuran listened, she didn't show any expression at first, then frowned, and finally fell into deep thought.

After a long time, she raised her head and asked: "In other words, you are not sure that the guy is Ye Chen? It just looks like it, and the other party happens to be Ye?"

He Qian was startled, but nodded.

"Shen Haihua, I have dealt with. This person is extremely sophisticated and very good-looking. It is not impossible for you to say that he bows to a young man.

But that young man must have a very high status, or have a very strong strength! "

"Do you think that waste was alive at the beginning, five years later, what can he achieve?"

Chu Shuran fiddled with the flowers and plants, and said confidently.

He Qian just wanted to speak, Chu Shuran continued: "The Ye family has disappeared five years ago, and Ye Chen is no longer there. Even if he survives under Dongqian Lake, he can only become a homeless man.

This world cannot tolerate this humble ant, he will only be ruthlessly crushed by the rules of this world, and then slowly yield. Isn't the incident at Yunhu Villa five years ago the best proof? He Qian, do you understand what I mean? "

He Qian felt that she could no longer see Chu Shuran in front of her. Chu Shuran now seemed to have an inexplicable arrogance. Whether she spoke or looked at her eyes, she seemed to control everything.

She knows that this kind of temperament must be built on strong self-confidence.

At last year's class reunion, she seemed to have heard that the old man of the Chu family in Jiangcheng entered the martial art realm. The Chu family might even become the first family to cross from Jiangcheng to Jiangnan Province.

Is Chu Shuran's confidence here?

"Shu Ran, in case, I mean in case... what should I do if it is Ye Chen that I saw today?" He Qian still reconciled.

Chu Shuran stopped the hand that fiddled with the flowers and plants, and sneered:

"What if he Ye Chen comes back? Jiangcheng is no longer the Jiangcheng five years ago! My Chu Shuran is not the Chu Shuran five years ago!

Even if Shen Haihua bows to him! Even though he has great strength!

Once he stands at the door of my Chu family, he can only look at my Chu family like five years ago, looking up at the stars! "

When 's words fell, He Qian's face was a little pale, and she was suppressed by Chu Shuran's extremely strong aura.

She really wanted to ask Chu Shuran what she had gone through over the years, but the latter had already ordered her to leave.

"Hey, maybe I will look up to Chu Shuran for the rest of my life. I don't know what kind of man can conquer her." He Qian murmured.

.....

Dadu Apartment.

Ye Chen and Sun Yi returned home with large bags.

Not to mention, Sun Yi was so excited after shopping that she even cooked Ye Chen a delicious meal.

Two meats, one vegetarian and one soup.

Ye Chen ate six bowls of rice before giving up, which shocked Sun Yi.

She knew Ye Chen would eat, but this would be too good. UU Reading www.uukahshu.com

"You are a starving ghost reborn, people who don't know think I'm abusing you!" Sun Yi secretly laughed.

Ye Chen swept away the leftovers again, patted his stomach, and smiled: "Don't say, I really haven't eaten such a meal in these years. My mother always..."

At this point, Ye Chen's voice stopped abruptly, and he smiled immediately: "I won't tell you the past, let alone, are your dishes really delicious? Will you still make them tomorrow?"

Sun Yi naturally knew that Ye Chen thought of the dead parents again. For some reason, the softest part of her heart was affected, her eyes flushed, and she vowed: "You want to eat in the future. I will make it for you every day. How about it? This landlord is interesting enough."

"Then you won't marry anymore?" Ye Chen blinked and said, "Or, you are confessing to me in disguise. I tell you, I am looking for a wife, but I have a lot of demands."

Sun Yi showed interest: "Tell me, I can help you find something."

Ye Chen cleared his throat, and said solemnly: "First, big breasts. Second, big breasts, third, or big breasts... I think you happen to fit, why don't we make do?"

Sun Yi quickly picked up a pillow from the sofa and threw it at Ye Chen! If you are co-authoring, you care about whether girls have big breasts!

This guy owes too much.

But because she moved the pillow too much, the proud thing on her chest undulated, let Ye Chen feast his eyes.

"Go on... There are a few more smashed over... The movement range is a bit larger, it hurts like this..."
