

Urban Medical 2101

Chapter 2101: What is his future?

The latest website: Wei Ying glanced at Ye Chen, a little confused: "Ye Chen is the biggest variable?"

"What is his future?"

Suddenly, she felt the fluctuations in the surrounding atmosphere, her eyes became cold: "Since I can't destroy the Holy Dragon Family, then today, I will hit the Holy Dragon Family hard!"

An ice sword appeared in her hand!

At the same time, Wei Ying tore through the space with her fingers, and directly threw Ye Luoer and Ye Chen in!

As for where it was transmitted, it doesn't matter!

She can't let these two people stay here, otherwise the aftermath is absolutely dangerous!

After doing all of this, there was a violent wind between heaven and earth, and Wei Ying walked firmly in one direction.

Before leaving, she wanted to let the Shenglong family and the shepherd family of the Kingdom of God feel her anger from Wei Ying!

.....

One day later.

Inside a dilapidated thatched hut in the Eastern Region, Ye Chen was lying on a bed with a 13 or 4 year old girl standing beside him.

The girl is slim, her face is full of green.

His whole body was wrapped in gauze, and there was no blood on his face, suddenly he slowly opened his eyes.

"you're awake?"

Ye Chen looked up and saw a little girl with ponytails.

"This is where?"

He remembered that Jiuyou Shuluo made a **** road, and then rushed out with Ye Luoer himself, and found it here when he woke up.

"This is the Southern Excalibur Palace!"

The little girl just finished speaking, the door of the room opened, and an old man wearing a shabby shirt came over.

"A Yin, you go out first, I have something to say to this kid."

As soon as the old man's voice fell, A Yin nodded lightly, smiled at Ye Chen, turned and left.

Ye Chen glanced at the old man and found that his cultivation level was not high.

His current state is not good, the spiritual power in his body cannot be used, and the backlash of overdrawn power makes him painful.

But with his immortal body and reincarnation blood, he should be able to recover in two or three days.

Suddenly, he thought of something and quickly said: "Luo Er!"

Ye Luoer should come out with herself, why is it missing!

The old man saw that Ye Chen was so flustered, he said quickly: "You said that girl, right there."

"The girl was seriously injured. I let the medical master of the sect see it. There is no way."

"I hope you are sorry!"

Ye Chen looked in the direction of the old man's fingers, and when he saw Ye Luoer lying quietly, he couldn't help but exhale.

He got up with difficulty and came to Ye Luoer's side, and his fingers touched Ye Luoer's pulse.

After a long time, he hissed: "It's okay."

Ye Luoer's main problem now is the thunder arc in his body and his scarred body.

He can solve all these, but it takes time.

"Little brother, you should have been chased by the enemy, right?"

The old man walked up and said with concern.

It is true that when he found these two people, his injuries were too serious.

Ye Chen nodded lightly, and then said: "Senior, if you are worried about something, I can leave."

"Haha, if I want to worry, I won't save you at the beginning. This is the site of the Excalibur Palace. Don't worry about your enemies looking for you."

Next, Shen Lao said something to Ye Chen, and let him stay at ease.

In the Eastern Excalibur Palace, although it is not a top power, it is also a first-class power.

But overall it is a bit weaker than Xuan Yuezong.

Here is divided into handyman, outer door, inner door, and core disciple.

Shen Lao was also an outside disciple, and later offended someone because of something, was abolished by someone, and even demoted, so he lived in this handyman area.

and it is the worst handyman area.

The next day, Ye Chen and Ye Luoer are living in a thatched hut. Old Shen will take out some medicine to treat his injury. Although the effect of the medicine is minimal, Ye Chen also accepts it.

He mainly relies on self-repair.

Ye Chen did not expect that he would come here.

He also knows a little bit about the Eastern Region of Lingwu Continent. The overall strength is not weak in several regions, and it is far stronger than the Western Region.

Ye Chen intends to heal his wounds here for a few days, and when he fully recovers, he will return to Xuanyuezhong and ask others to inquire about the Shenglong family.

He must figure out what happened afterwards.

Are there other death row prisoners still alive?

Naturally he can't go now, because the Sacred Dragon family is bound to be ready.

After eating at noon, A Yin helped Ye Chen and went outside the courtyard.

Shen's old courtyard is at the foot of the outer disciple's mountain. He most hopes in his life to be a disciple of the Excalibur Palace again. Later, knowing that his strength is impossible to recover, he pinned his hopes on Ayin.

Ayin did not disappoint. With his current strength, he can participate in the assessment this year.

For all this.

Ye Chen also smiled, he had no idea about Excalibur Palace.

I just hope to leave immediately after his injury recovers.

Ye Chen thought about something while basking in the sun, and Ain didn't bother standing by.

"Brother Ye, you said that this time, can I succeed?"

At this moment, Ayin spoke in confusion, and only one day was left before the examination of the disciple of the Excalibur Palace.

makes her very nervous, don't know if she can succeed.

"I believe you, there must be no problem."

Ye Chen smiled and said, through the past few days, he also knew that A Yin worked very hard.

In the Excalibur Palace, he may not have a very good ranking, but it is not a big problem to enter.

The two people chatted without a word, and Ye Chen rarely enjoyed a peaceful life these days.

The time of noon passed quickly, and the two of them found out that Mr. Shen had not returned yet.

"Brother Ye, did you think something happened to Grandpa?"

A Yin said worriedly Shen Lao usually went to the mountain to collect medicine. It stands to reason that he should be back early in the evening.

"Wait another hour, if we haven't come back, we will look for it."

An hour passed, Ye Chen and A Yin hadn't seen Old Shen's figure yet.

"Let's go, let's go to Wanlong Mountain."

Ye Chen's voice fell, and he took A Yin away with his hand. Wanlong Mountain crossed tens of thousands of miles and there were countless monsters and rare treasures.

Mr. Shen usually gathers medicine on the outskirts of Wanlong Mountain, and Ye Chen takes A Yin step by step in the dark.

At first, A Yin was still a little timid. Seeing Ye Chen's bright eyes, she felt relieved.

Ye Chen's realm has not recovered at present, although he can't use the spiritual power in his body, but the physical power has gradually awakened.

There is no problem in dealing with general good fortune star orifices.

But it's not going to work against the door closure.

Three hours later, Ye Chen and A Yin came to the outskirts of Wanlong Mountain.

"Brother Ye, grandpa has been collecting medicine in these places."

A Yin and Shen Lao had always been collecting medicine before, but because Ye Chen needed someone to take care of him, A Yin has not been following recently.

Ye Chen nodded slightly, he could feel a trace of blood in the surrounding air.

"let's go!"

Chapter 2102: potential?

Latest website: Following the smell of blood, Ye Chen and A Yin walked forward step by step, and finally, ten minutes later, they saw Old Shen.

When Ye Chen saw Old Shen, the anger in his heart could not be suppressed!

Old Shen was tied to a big tree, and there were blood stains on his clothes. Next to him, there were two warriors, both in the early stage of good fortune!

"Old fellow, quickly hand over the red flame grass!"

Shen Lao now has no cultivation base, and has been beaten to death.

"Stop it!"

Ayin's eyes were full of tears, and he ran over in an instant.

These two warriors are both outer disciples of the Excalibur Palace. They came to Wanlong Mountain to practice, and found that Shen Lao found a red flame grass, and was moved.

Shen Lao collects medicine all the year round, and has already discovered the two of them, secretly hiding the red flame grass.

is the present scene!

"Yeah, there is a little girl. Although she is a little bit younger, she is not bad. It seems that our brothers are very beautiful!"

The two of them had already seen Ye Chen, but they didn't take it to heart.

It's just a mortal, you can knead it at will.

As for A-Yin, his realm is very low. The two of them can solve it by just one shot.

"A... Ayin, why are you two here? Run!"

Shen Lao said in a daze. It was originally for Ayin to find the Red Flame Grass, hoping that the outer door Dabi could achieve a good result.

A Yin did not speak, wiped the tears from his eyes, and looked at both of them.

When the two were about to do it, Ye Chen stepped out and walked in front of A Yin.

"Leave them to me!"

The martial artist of the good fortune realm, Ye Chen really didn't look at it.

A Yin wanted to say something, and seeing Ye Chen's indisputable eyes, she had to stand silently behind.

"An ant also wants to be nosy and find death!"

One of the martial artists of the good fortune realm gave Ye Chen a disdainful look, the whole figure suddenly rushed over, and then clenched his fists.

With this fist, he believed that he could kill Ye Chen directly.

Ye Chen's face did not change in any way, instead there was a hint of sarcasm.

is so rubbish, he never paid attention to it.

At the moment when the disciple from the outer door of the Excalibur Palace rushed over, Ye Chen raised his arm and slapped it directly.

"Snapped!"

With a crisp sound, the figure of the disciple of the Outer Sect of Excalibur Palace revolved 360 degrees in mid-air, and landed on the ground, completely devoid of life.

The Martial Artist of Good Fortune Realm, who was watching from a distance, almost knelt on the ground in fright.

The martial artist of the good fortune realm was beaten to death by a palm!

how can that be!

It's a pity that the facts are right in front of him, and he can't tolerate any doubt.

"You... don't come, if you come again, I will kill him."

He put a sword on Shen Lao's neck and said timidly.

is clearly visible, dense cold sweat bursting out of his forehead, dripping onto the ground.

It's a bit too evil that a mortal can slap to death a martial artist in the good fortune realm.

"In front of me, you are not qualified to threaten."

Ye Chen's voice fell, and his whole body shot out, only to see the afterimage of the place.

The warrior was shocked, and he was about to kill Old Shen with a sword, but found that one of his arms had been broken by Ye Chen.

Ye Chen's speed is too fast!

Although his cultivation base has not recovered, his physical strength is also amazing!

The arm of that warrior instantly turned into blood mist!

A look of disgust flashed in Ye Chen's eyes, and then he picked up the sword on the ground.

A sword penetrated his heart.

Old Shen was stunned, Ayin was covering his mouth with an unbelievable look in his eyes.

Two powerful people in the good fortune realm were just so easily killed by Ye Chen?

What strength is this mysterious man?

Isn't he injured?

"Ain, the two of us will take your grandpa home."

After hearing Ye Chen's voice, Ayin reacted and untied Shen Lao's rope.

Ye Chen took Shen Lao on his back and took Ayin's little hand to leave. As for the corpses of these two warriors, I am afraid they will be swallowed by the monster tonight.

When he returned to the residence, Mr. Shen had no serious problems, except that he still had some pain in his body.

After all, all he suffered was skin injuries, and nothing happened after a period of rest.

Old Shen called Ye Chen over in the room and said directly: "Ye Chen, you kill the two outer disciples. If Divine Sword Palace finds out, they will definitely not let you go. It's better to join A Yin. Check the door."

The outer disciple of the Excalibur Palace was killed. It is easy to find out. If Ye Chen joins the Excalibur Palace, nothing will happen.

Southern homicide is very common, and even the sect encourages killing, so that the weak will be eliminated and the strong will remain.

is just an outsider, the nature of killing the sect disciple is different.

"Old Shen, I'll talk about this later."

Ye Chen didn't care about killing the two outer disciples at all.

If he is really found out, he can just move out then.

As for joining the outer disciple of the Excalibur Palace, Ye Chen is repulsive from the bottom of his heart, but after another thought, Ayin will participate in the assessment tomorrow. This young and old will help him a lot. If there is an accident in the assessment, he will be able to take a shot. .

Take it as protecting A Yin and repay the kindness of these days.

After all, he should be leaving soon.

It's hard to meet this young and old in this life.

Moreover, Ye Chen was also curious about the Excalibur Palace assessment. It is said that the Excalibur Palace assessment is respected by the potential of kendo.

He is very curious. He who hasn't recovered his cultivation base, how much potential is in kendo.

Shen Lao sighed slightly, and he could see that Ye Chen didn't care, but he couldn't say anything more. Soon, one day passed in the blink of an eye, and the day for the examination of the disciples of the Excalibur Palace arrived.

Old Shen has no chance to enter the Excalibur Palace, and can only pin his hopes on his granddaughter.

"Do your best during the assessment. If you fail, it will be fine. You can continue the assessment after two years. This time you must listen to Ye Chen."

From the time he rescued Ye Chen, Mr. Shen knew what was extraordinary about him. Saving himself in the first place proved this.

Ye Chen and A Yin left the hut. Old Shen stood outside the door for a long time, tears shining in his eyes.

Shen Lao's hut was under the mountain of Excalibur Palace, and the two soon came outside the gate of Excalibur Palace.

There are twelve peaks in the entire Excalibur Palace. If you want to enter the outer gate, you must enter one of the peaks.

The two of them came outside the gate of Excalibur Palace and found a crowd of people.

Mr. Shen has already talked about the assessment.

The first stage is to enter the magic array to test Jianxin.

Only when the sword heart reaches 100 zhang is considered qualified, in this respect two-thirds of the warriors must be wiped out.

The Excalibur Palace uses swords to enter the Tao, and almost everyone learns swordsmanship.

Kenshin is the most important link, it can represent a person's kendo talent.

Ye Chen didn't care about this aspect at all, his comprehension of immortal sword intent and talent in kendo was unimaginable.

Chapter 2103: 6 swords of the sword god!

A-Yin is a little worried and a little excited. This is the first time she has participated in the assessment, and she doesn't know if she can pass.

She didn't want to disappoint her grandfather.

Outside the Excalibur Palace, young warriors talked endlessly, telling how to join Excalibur Palace and then become a strong man respected by everyone.

Facing these young people, Ye Chen was a little envious.

He has no youthful vigor for a long time, and he has experienced too many things to change his heart.

After waiting for a quarter of an hour, the gate of the Excalibur Palace opened, and twelve powerful men who closed the door half step appeared.

Those strong men who closed the door in twelve and a half steps were all the hall masters of the twelve peaks of the Excalibur Palace.

I hope to find some good seedlings among the outer disciples and cultivate them.

When the twelve hall masters appeared, the noisy crowd was silent for a moment.

A pair of eyes looked nervously, waiting for the moment to decide their fate.

How to keep them from being nervous and excited?

"I believe you are all aware of the examination of the Excalibur Palace. This hall master will not say more. I hope you can become a member of the Excalibur Palace. After a few years, let the Excalibur Palace be proud of you!"

As soon as the voice of a hall host fell, they sat on the chairs one by one, and took out a token in their hands.

The moment the token was crushed, the entire array burst forth.

Tens of thousands of warriors were shrouded in the big formation, Ye Chen and A Yin were also among them. Suddenly, Ye Chen's mind showed that thousands of sharp swords were coming.

There is no fluctuation in Ye Chen's heart, all this is just an illusion.

Everyone has different expressions on their cheeks, and some people even pee their pants in fright.

Such a warrior was eliminated in an instant, and basically had no chance to join the Excalibur Palace.

In the entire Excalibur Palace, I only look at the talent of kendo, but don't care about anything else.

"Chen Yi, I don't know how many people will be able to show up a good seedling of Jianxin."

One of the hall masters who closed the door halfway said, his eyes looked at the people who were enveloped by the formation.

Jianxin Qianzhang, if nothing happens, there will be basically no problem in practicing to the good fortune realm.

"It's still unknown, but Li Rong's swordsmanship talent in the Li family is good, and there is a chance to break through to a thousand feet."

Twelve hall masters, you all hope that there will be a good genius.

In the past hundred years, the Excalibur Palace has received fewer and fewer geniuses, and this continues.

Excalibur Palace will fall down sooner or later.

The power of a sect is not only because there are many strong people, but it also needs fresh blood.

"Look, that little girl!"

At this time, a beautiful woman suddenly spoke. A Yin beside Ye Chen's sword heart had reached one thousand and one hundred feet.

"Good! Not bad!"

A hall master clapped his hands and applauded. The genius who appeared thousands of feet just after the assessment made them extremely excited.

"I plan to accept this little girl as a disciple."

The beautiful woman spoke directly, Jianxin's talent of a thousand feet is qualified to become her disciple, and it is just the beginning, maybe it can break through to two thousand feet.

"Xueting, you have a lot of female disciples in Baihua Jianfeng, so it's better to let us give it to Tianjianfeng."

One by one, the hall masters began to bargain. Who wouldn't want a talented disciple on his mountain?

Bit by bit of time passed, some warriors reached 300 feet and some warriors reached 600 feet.

So far, only three warriors have appeared.

A Yin, Li Rong and a casual practitioner.

These three let the twelve hall masters fight vigorously, and there are not too many disciples with good talents.

As for Ye Chen, there was no movement, and no one paid attention, as if he had been forgotten.

Even the twelve hall masters have already planned to eliminate Ye Chen directly.

didn't even show up for one foot, so the kendo talent is simply useless.

Even the worst warrior has reached twenty feet!

The only people who received the most attention were the three of A Yin, which made the twelve hall masters quarrelsome.

"Look!"

One of the hall masters widened his eyes and found that Ye Chen beside A Yin had a talent for kendo at six hundred feet.

If this is the case, it will not attract attention, but the growth rate is too fast.

almost reached six hundred feet in the blink of an eye.

Unheard of!

As soon as his voice fell, the twelve hall masters looked around and found that it was six hundred zhang. It had reached one thousand six hundred zhang in an instant, and it did not stop at all, and the speed did not slow down at all.

hiss!

The twelve hall masters took a breath, and the tallest one is currently no more than Li Rong, at 1,800 feet.

However, Ye Chen reached two thousand feet in just an instant, and he did not stop in the slightest.

"Good! Good! Good! My Excalibur Palace is going to have a peerless evildoer!"

Jianxin reached two thousand feet, and the future will break through to close the door without any problems.

Even as long as there are resources and opportunities, the Excalibur Palace can even give birth to a powerful person!

"I want to see how much this little guy's Jianxin can reach!"

As the masters of the Twelve Mountains, they have not been excited for a long time.

There was a peerless Tianjiao with a sword heart of five thousand zhang, which shocked the entire Excalibur Palace.

He did his best to train that young man, and he did not disappoint. It took ten years to reach the strongest person in the closed door state, but in the end...

This incident has always been a sore spot in Excalibur Palace!

"It's already four thousand feet!"

One of the hall masters said, now the eyes of the twelve strong men have been paying attention to Ye Chen.

As for Li Rong and them? No one paid attention at all.

It's not that Li Rong and the others have bad talents, but that Ye Chen's performance is too dazzling.

Each of the twelve hall masters had ruddy faces, and there was even a trace of madness in their eyes.

one by one is like taking stimulants.

"At the high point! At the high point!"

The twelve hall masters murmured one by one, when Ye Chen's kendo talent broke through to five thousand feet.

Each of the hall masters did not dare to gasp for fear of disturbing Ye Chen.

"Cangdian, you slap me, hurry up! I feel like I am dreaming."

Snapped!

slapped down, even though it was only using physical strength, he grinned in pain.

"Hey, I'm really not dreaming! Our Excalibur Palace is going to have a peerless talent."

was slapped, he was not angry at all, even his face was cheerful.

They have dedicated their lives to the Excalibur Palace, and what they hope most is to see geniuses joining.

However, five thousand feet is not the end of Ye Chen, it is still rising.

Six thousand feet!

Seven thousand feet!

Nine thousand feet!

Ten thousand feet!

When reached ten thousand feet, the twelve hall masters only felt that his breathing was a little difficult.

Boom!

At this moment, the entire array suddenly collapsed!

There was a buzzing sound between heaven and earth, like thunder.

Above the sky, an emperor formed. The emperor's figure happened to be Ye Chen.

嗖嗖嗖!

The swords of tens of thousands of warriors flew to the sky together, standing in front of the emperor's shadow.

"This...this is a vision of heaven and earth!"

One of the hall masters stood up with wide-eyed eyes, staring at the sky firmly.

The disciples who had been evaluated were suddenly interrupted and looked at the sky one by one.

Above the sky, Ye Chen's condensed emperor's shadow, stepped out, and the sharp swords around him found the buzzing sound, seeming to surrender Ye Chen.

Wanjian surrender!

Ye Chen seems to be the master of kendo!

The whole world seems to be eclipsed!

"I have a sword to cut the sun, moon and stars!"

Ye Chen's condensed emperor's shadow suddenly roared, and there was an explosion from the sky.

Ten thousand swords cut towards the sky, as if a crack appeared in the sky!

Boom!

The Heaven and Earth Vision is over Ye Chen still closed his eyes, he didn't know what happened.

In the illusion, he became the lord of ten thousand swords, and the court would bow down to worship him.

As if he is the strongest between heaven and earth!

At this moment, he is in the reincarnation cemetery.

Six swords Shenfeng Qingyang put his hands behind him, his eyes were extremely solemn.

Ye Chen was a little weird, and said in surprise: "Master, are you calling me in a hurry because my kendo talent is too bad?"

After all, he controls too much sword intent.

However, Feng Qingyang didn't have any praise or criticism, and there was a hint of excitement and moistness in his solemn eyes.

What's wrong with this?

"Master?"

Ye Chen yelled a few more words.

Feng Qingyang reacted, he looked at Ye Chen, very serious: "Ye Chen, your kendo talent is against the sky, but this is not the most important thing right now."

"Do you remember that I once asked you to promise me one thing?"

Ye Chen suddenly thought of something, and said seriously: "Looking for your six sword boxes?"

The wind is clear and rising in one step, the sword intent is vertical and horizontal, and the breath is ethereal! The nine heavens resounded through the cemetery of reincarnation!

"That's right! I just sensed the sword case I used to stay in Lingwu Continent!"

"It's... Excalibur Palace!"

what! !

At this moment, Ye Chen's turn is not calm!

Chapter 2104: Sorry!

Latest website: Once, when Feng Qingyang's tombstone awakened in the reincarnation cemetery, Feng Qingyang asked Ye Chen to find six sword boxes.

Ye Chen has felt how terrifying the sword box of the six sword gods is!

Only the power of divine consciousness can shake the strongest person!

If it is an entity, what level of existence is needed!

The key is, why are the six sword boxes in the Excalibur Palace?

The overall strength of the Excalibur Palace cannot be regarded as the top power in Lingwu Continent.

Could it be that what happened in this?

Ye Chen suppressed the shock in his heart and said, "Master, where is the sword case? Since I am here, I will definitely get the sword case back for you."

Feng Qingyang closed his eyes and felt a bit, and finally shook his head and said: "I sensed the moment when your sword intent triggered the vision of heaven and earth, but now it's over, and I have lost contact."

"But one thing is certain, the sword box must be in the area of the Excalibur Palace."

"If you get this sword box, the sword that I taught you can be strengthened!

Even the third sword you cast in the extreme state not long ago, you can make an exception and cast it again. "

"Of course these are not important. The most important thing is that the sword case I left may have my real whereabouts."

"I tried to recall the picture of my trapped, but found that the memory was blank, and I could not even establish a connection with the ontology by magic."

Hearing the last sentence, Ye Chen's eyes became serious: "Master, could someone cut the connection?"

"It seems that these six sword boxes are more important than I thought."

Feng Qingyang put his hands behind him, walked a few steps back and forth, stopped suddenly, and looked at Ye Chen: "Tui'er, if you want to know where my body is trapped, there is another way, that is to find you Kunlun Xu. Those trapped masters."

"They are trapped, even Bingjian and another great power are trapped in the Universe Killing Domain, and they all have the shadow of the kingdom of God."

"What the **** is the kingdom of God doing? Why does the reincarnation cemetery intercept our spiritual thoughts? I'm afraid this will only be known in the end."

"Well, you go out, you need to deal with the outside situation."

Ye Chen nodded, his thoughts left the reincarnation cemetery.

When Ye Chen woke up, he found that the twelve hall masters were looking at him with hot eyes, and he could not wait to rush over.

"These powerhouses in Excalibur Palace don't have some special hobbies, right?"

Ye Chen said in a low voice.

"Little guy, how about joining us Baihua Jianfeng?"

Suddenly Xue Ting came to Ye Chen with a kindly appearance.

Ye Chen hasn't figured out the situation yet, Xue Ting continued, "We don't have any male disciples in Baihua Jianfeng, all of them are beautiful and beautiful girls. You can marry her directly if you like."

The hall master of Baihua Jianfeng was shocked and almost made Ye Chen spit out old blood.

What the **** is this!

"Xue Ting, you old witch, who doesn't know that you Baihua Jianfeng only accepts female disciples. I think the girl next to him is not bad, let it be for you!"

At this time, another hall master rushed over. After speaking, he looked at Ye Chen and said, "As long as you join my Divine Sword Peak, I will immediately give you my only divine weapon. Then the next Hall Master It's you."

Whoosh whoosh!

The hall masters of the Excalibur Palace came to Ye Chen one by one and promised countless benefits.

Although Ye Chen didn't know what happened, he could also guess about the current situation.

The disciples who were originally assessed were all dumbfounded. What's the situation?

What about the dignity of each hall master? How about the majesty of the hall master? Why are all missing!

One by one, the hall masters spit the stars flying randomly, their eyes were blood red, and they were almost about to fight.

If this continues, the twelve hall masters will have to fight to fight Ye Chen. This is something that has never happened before.

"Huh, look at your style?"

When the twelve hall masters were about to fight, a voice suddenly came from the void.

He carried a sword behind his back, and there was a majestic look between his brows.

When the figure appeared, the face of the twelve hall masters changed slightly, and they said in unison: "Sect Master!"

They didn't expect that this incident had already alarmed the Sect Master!

The Sovereign of the Excalibur Palace is an extremely mysterious being. He practiced swords at the age of ten, broke through the Hedao state at the age of 13, reached the good fortune state at the age of twenty, entered the star aperture state at the age of thirty, and broke through the door closed state at the age of fifty.

As for later, the Sovereign of the Excalibur Palace no longer reveals his cultivation! May be hidden deliberately.

The division of forces in Lingwu Continent can only temporarily designate the Excalibur Palace as a first-class force.

The suzerain doesn't seem to care about this honor.

There are even rumors in the Excalibur Palace that the suzerain is not in the closed door realm, but in order to cover up, he has not revealed his cultivation.

Not only that, there was speculation in the Excalibur Palace that the suzerain had offended the people of the Kingdom of God when he was young, and this was so restrained.

Dormant in the rolling mountains.

"It's just a young talented person, you guys are arguing in public, not ashamed."

The suzerain reprimanded that no one dared to speak, but the corners of his mouth twitched.

Kendo talent reaches the vision of heaven and earth, is such a talent not bad?

Sure enough, he is worthy of the sovereign, and his character has reached a level that no one can match.

They admire the suzerain and admire them even more.

However, the next sentence made the twelve hall master dumbfounded.

"Little guy, this suzerain intends to accept you as a disciple. My daughter is 23 years old this year and is not yet married. I think the two of you are a match made in heaven. How about getting married directly?"

In a word, the face of the twelve hall masters completely collapsed.

This suzerain is really shameless! First of all, I used the momentum to suppress people, so that they dare not say a word.

Now I'm robbing my disciple again, and I'm planning to sell my daughter!

shameless!

The twelve hall masters basically have this idea in their hearts, but they dare not say it.

"Sect Master, the disciple with the best talent last time, has already worshipped you as a teacher, and this time I have to let us anyway."

One of the hall masters boldly spoke, how could they let it go with Ye Chen's talent.

"Yes, this time I have to give us Twelve Peaks anyway."

The twelve hall masters spoke one by one, and the meaning is self-evident, your suzerain wants Ye Chen, we disagree!

Now they face the suzerain and must work together!

The warriors who evaluated the outer disciples, one by one, can't wait to be Ye Chen As expected, people are more popular than others!

They were still thinking about joining the Outer Sect, but Ye Chen's talent had already caused the Sect Master to compete.

The Sect Master of the Divine Sword Palace changed his face slightly, looked at Ye Chen, and then said: "In this case, we might as well let him choose."

As soon as the voice fell, all eyes fell on Ye Chen's body.

Everyone looked like a wolf and a tiger, as long as Ye Chen dared to talk about other mountains or enter the sect master, he wanted to kill.

Ye Chen gave a wry smile, and didn't expect such a thing to happen.

But he didn't want to join the Divine Sword Palace at all, after all, he already had Xuanyue Sect in Lingwu Continent.

"Seniors, I'm really sorry, I don't want to be an outer disciple of Excalibur Palace..."

Chapter 2105: The origin of the girl!

Latest website: As soon as this was said, the surroundings instantly became quiet.

Countless eyes stared at Ye Chen in horror!

Participated in the selection of the outer disciple of Excalibur Palace, but didn't want to become a disciple of Excalibur Palace!

Could this son come to the Excalibur Palace to provoke!

If this is the case, Ye Chen must not be able to leave the Excalibur Palace today.

At the same time, the eyes of the twelve hall masters also cooled.

Even the eyes of the Sect Master of Excalibur Palace have a strange look.

Ye Chen suddenly heard the sound of a clear wind in his mind.

"Apprentice, I use magic spells in the reincarnation cemetery. The spells last a long time. You only need to stay here for a few days."

"At that time, I should have a way to determine the whereabouts of the sword box."

"This thing belongs to me, when you take it away, you leave the Excalibur Palace again!"

"At the moment, in order not to provoke the anger, you should choose to join the Excalibur Palace for the time being."

Ye Chen was rather helpless, Feng Qingyang sold himself so easily.

But he has more than a hundred masters, and he really doesn't care about one more.

Thinking of this, Ye Chen raised his head, arched his hands towards the Sect Master of the Excalibur Palace, and lied roundly: "Don't understand what I mean. My heart is not limited to the outer disciple of Excalibur Palace, I want to be an inner disciple. Even the chief disciple!"

As soon as this was said, everyone took a breath!

It's crazy!

Before stepping into the palace of the Excalibur Palace, arrogance actually pointed directly at the chief disciple of the sect!

But everyone was also surprised, Ye Chen did have such confidence!

His talent may be the first person in Excalibur Palace in ten thousand years!

It may even surpass the achievements of the suzerain!

But if Ye Chen really wanted to become the chief disciple, then only by choosing the Sect Master would this be possible.

At this moment, the Sect Master of the Excalibur Palace was smiling. How could he not please him if he could have a disciple of a peerless Tianjiao?

"I disagree!"

When Ye Chen was about to speak, a person hurriedly ran out.

The strength of this person is only the pinnacle of the star aperture, not as good as the twelve hall masters, and the fat all over his body is about to break his clothes and his hair is messy.

There is absolutely no prestige.

"This kid, from now on, will be my apprentice."

He spoke directly and domineeringly, and did not give the Sect Master and the Twelve Hall Masters a chance to refute at all. He walked quickly to Ye Chen and caught Ye Chen.

"Good apprentice, this is a meeting ceremony for your teacher, hurry up and apprentice your teacher."

He took out a true divine tool and various treasures and placed it in Ye Chen's hands.

A Cheng Yaojin was killed halfway, and everyone was caught off guard.

Some warriors who don't know the situation are confused. Who is this person?

In front of the twelve hall masters and the masters, it was nothing at all, but the strange thing was that the faces of the masters and the twelve hall masters were very ugly, but they didn't say a word.

Ye Chen took a look and found that the Sect Master hadn't said a word, and there was some hesitation and jealousy in his eyes?

This person is just such a cultivation base, why should these people be unified and silent?

Although I don't know who this person is, I am afraid that his status is even stronger than the sovereign.

He didn't think too much, anyway, worshiping everyone is the same, this is just a stopgap measure.

Ye Chen glanced at the hall masters and sect masters, and directly applauded under everyone's gaze.

"Yes, yes! Good boy."

The more Wang Chuan looked, the more satisfied he became, and then he took Ye Chen's hand and came to the twelve hall masters.

"What are you looking at? Didn't you see that this kid has already worshiped me as a teacher? Don't worry about my apprentice, hurry up and bring out the present."

The twelve hall masters were aggrieved in their hearts, but they had no choice but to take out gifts.

As soon as this gift was taken out, Wang Chuan nodded in satisfaction.

"Don't forget, what should you call him!"

In a word, the face of the twelve hall masters completely collapsed.

"Uncle Master, you let us..."

Before one of the hall masters had finished speaking, Wang Chuan stared, and he dared not say anything.

They are all powerhouses with half-step closures, and it is really embarrassing to say these words.

But they didn't dare to say anything more, the entire Excalibur Palace even the Sect Master had to respectfully call this person Master Uncle.

Ye Chen received a lot of gifts in confusion, but he still hadn't figured out the situation before him.

Due to Wang Chuan's power, the Sect Master took out the teleportation charm and gave it to Ye Chen.

As long as the teleport symbol is crushed, it can be randomly teleported to a place thousands of miles away.

It is definitely the best way to save your life!

After receiving the gift, Wang Chuan was in a good mood, and the next moment he hurriedly took Ye Chen away.

The warriors in the scene, look at me one by one, and I look at you. After a good outside door assessment, they finally became Ye Chen's personal show. It is really enviable and hateful!

After Ye Chen left, the assessment continued, and finally Ayin joined Baihua Jianfeng.

Ye Chen followed Wang Chuan to a mountain and found that there was no one around.

"Good apprentice, this is your yard. Master has some things to do. Come back at night."

After Wang Chuan finished speaking, he took out some practice exercises from the storage ring.

"These are the secrets of the Excalibur Palace. You can practice whatever you want."

Wang Chuan said two more words and left!

Ye Chen was the only one left. He was still in a daze, but he didn't think much about it. He went to Ayin for the first time and brought Ye Luoer to his room.

If you have come, you will be safe, now join the Excalibur Palace, next you must find a way to obtain the sword box, and let Ye Luoer wake up as soon as possible.

...

At the same time, the Holy Dragon family.

A ruin, devastated.

Who could have imagined that in the Holy Dragon City, the overlord with a radius of thousands of miles would become such a scene!

That day, the city of Holy Dragon was shaken!

That day, a cold sword seemed to be cut from the sky! Split the entire Holy Dragon City in half!

A shocking sword mark represents the supreme majesty!

On that day, Long Hongtian, the patriarch of the Shenglong family, was seriously injured! The guest of the Shepherd of the Kingdom of God, seriously injured!

If it weren't for the three retreat elders to leave the customs in time, the entire Sacred Dragon family would inevitably tend to be destroyed!

The key is that all of this is done by one person!

A mysterious woman with a veil!

Because of the appearance of this mysterious woman, even the people of the Sacred Dragon family forgot about the disappearance of Ye Chen and Ye Luoer!

At this moment, in the dilapidated palace, the atmosphere was solemn to the extreme.

Long Hongtian's face was pale He looked at the several elders beside him and the injured Mu Tiansheng, and sighed.

"Mr. Mu, the elders, do you know the origin of this woman."

"I never remember that our holy dragon family had offended such a terrifying girl!"

Mu Tiansheng snorted coldly, but there was a lingering shadow in his eyes.

Even in the Kingdom of God, there are few such amazing geniuses!

What happened to Lingwu Continent!

But he fought against this girl and got many clues!

This woman has the breath of the shepherd of the kingdom of God!

The death of Makino and his child must be related to this mysterious girl.

Chapter 2106: How long will I have to wait for your future?

Latest website: Mu Tiansheng stood up fiercely, his face solemn: "Long Hongtian, are you still qualified to ask me about this?"

"This woman appeared in your Sacred Dragon family, and I lost my only son! He is a member of the shepherd's family, can you bear this but can you afford it!"

Long Hongtian hurriedly apologized: "Mr. Mu, I'm really sorry, you also see that my Holy Dragon family has lost the most. This time, our elders of the closed door realm have lost as much as half. Not only that, but the entire Holy Dragon City, and even In Lingwu Continent, we will all become real jokes."

"If this thing can be avoided, I certainly don't want it to happen! As for the dog, I am very sorry, my Holy Dragon family owes Mr. Mu a life!"

"boom!"

Mu Tiansheng patted the jade platform beside him with a palm!

The jade platform shattered on the spot, and endless powder scattered in the air!

"Long Hongtian, can your Holy Dragon family pay for it! Dog's identity is the shepherd of the Kingdom of God!"

"Do you know what the kingdom of God means!"

However, before the words were finished, an old voice sounded: "Mu's little guy, are you too much?"

"Where you are standing, it's my holy dragon family anyway!"

After the words fell, the great elders of the Holy Dragon Clan released the pressure!

The injured Mu Tiancheng's forehead was covered with sweat.

Even so, he still looked at a few elders and said: "What a holy dragon family, are you planning to threaten me?"

An old man with a rickety body in the Sacred Dragon family stood up: "Just treat it as a threat."

"The Kingdom of God, it's not that we haven't been there. Since you have been sent here, it definitely means that your status in the Mu's family is not high."

"And our Sacred Dragon Family, every thousand years, the adults of the Nine Heavens Shenlong Palace will also come and take a look."

"Compared with our princes, your identity is really qualified for confrontation?"

As soon as he said this, Mu Tiansheng sat back in his position.

He could not be afraid of the Holy Dragon Family, but behind the Nine Heavens Shenlong Palace, he could not but be afraid.

Even the Nine Heavens Shenlong Palace does not recognize the Holy Dragon Family at all!

After a long time, he opened his mouth and said: "Several seniors, I feel a little sad about losing my dog. This is so rude. Please forgive me!"

When Long Hongtian saw that Mu Tiansheng had compromised, his eyes were filled with shock!

From the moment he was born, he heard the legend of the Nine Heavens Dragon Palace!

That is the sky that the Holy Dragon family looks up to!

He has never been!

What terrible existence does this place have that makes the people of the kingdom of God so afraid?

Is it a real nine-day dragon?

A supreme elder said: "That girl is not difficult to investigate, after all, a peerless genius who can enter the Taixu realm in her twenties."

"Furthermore, the combination of our efforts also hurt the girl."

"Furthermore, this girl's technique is chilly, it should be a cold technique."

"Send someone to investigate, there should be clues."

"But to investigate the influence of Lingwu Continent, I also hope that Mr. Mu can investigate the kingdom of God... After all, this kind of genius is more likely to come from the kingdom of God."

Mu Tiansheng nodded solemnly: "This girl is also related to the matter I came here to investigate. I immediately set off to the Kingdom of God to let the Mu Family investigate this matter. Once there is a result, I will communicate with several seniors."

Several elders nodded: "It's so good."

...

Lingwu Continent, a land of icebergs.

This place is extremely cold and cold, and there is no vitality for a hundred miles.

Even cultivators can't bear such a low temperature.

The key point is that there is no trace of aura, it is an out-and-out wasteland.

Snow flies, silence and frost.

But if you keep going deeper, you will definitely find that there is a magnificent and dazzling ice sculpture palace in the deepest part!

The vicinity of the palace is completely different from the periphery, the spiritual energy is liquefied, and it turns into a river in the land of glaciers!

On the palace, there are four vigorous and powerful spiritual characters!

The Palace of Absolute Frost!

No one thought that the revival of the Ancient Absolute Frost Palace would start from here!

And here, there are infinite opportunities and wealth hidden! Enough to amaze the strong outsiders!

The martial arts training ground outside the palace was loud.

A hundred female disciples are dancing swords! The breath of every move broke out, and it was even more powerful!

These female disciples are amazing talents outside! Let countless top forces compete!

What's completely different from the outside is that the palace is quiet and depressed.

Wei Ying sat cross-legged, her face a little pale, obviously injured.

Bai'er was whirling in tears. She had been with the palace owner for so long, and it was the first time that the palace owner had suffered such a serious injury.

She feels distressed.

I don't know how long it has passed, Wei Ying opened her eyes, glanced at Bai'er with cold eyes, and smiled slightly: "Bai'er, what do we cry and cry, this palace is not dead."

Bai'er wiped away his tears, and said displeased: "Palace Master, what do you say, you rule the world, and you will be in all directions; youth will stay forever, immortality! Even if the sky falls, you will not fall."

Wei Ying stood up, the bead curtain on her head rolled, and the red robe mopping the floor rose up.

A frown and a smile, with supreme temperament.

"Bai'er, this time my cultivation seems to be a bit more diligent, and sure enough, the road to martial arts, I still have to fight against the strong."

"It's a good thing to get hurt. If you never get hurt on this road, you can only die if you encounter danger."

"This is the way to survive, Baier, you have to feel it too."

Baier pouted, hesitated for a moment, or said: "Palace Master, don't talk nonsense, you are not for Ye Chen."

"If you didn't have Ye Chen, how could you be so!"

"Palace Master, your path is destined to be different from that of Ye Chen, why bother..."

Suddenly, Wei Ying turned around, her cold eyes swept away, and Baier closed her mouth completely.

She has been with Wei Ying for too long, and she knows what Wei Ying's expression represents at this moment!

That is anger!

"Bai'er, if you say that again, you are at your own risk."

"That guy Ye Chen may still need me to save him now. In the future, he may save me."

"I did this not only for myself, but also for the Absolute Frost Imperial Palace, understand?"

"Well, my palace is exhausted, you can withdraw."

Baier nodded, and walked out.

When only Wei Ying was left in the entire hall.

Wei Ying turned around and looked at an ice crystal mural behind her.

Among the murals is a modern tall building A young man leaps down holding a girl.

That is the story that happened in the teacher's apartment of Beijing Normal University.

"Ye Chen, how long will I have to wait for your future?"

Taking a closer look, Wei Ying's cold eyes were stained with mist.

...

Ye Chen spent a long time in the Excalibur Palace, and probably knew about Wang Chuan.

At the beginning, Wang Chuan was a mortal, but by chance he saved the ancestor, and later he was taken into the Excalibur Palace and accepted as a disciple.

He was originally a mortal, with no talent, but later he was promoted to such a realm by relying on pill.

It's just that it's obviously impossible to break through to the closed door in this life.

Chapter 2107: Not very lucky

The latest website: If you want to break through to the closed door, you can't succeed with the pill.

Otherwise, in this world, the gates would have been closed and the streets would run away.

When the Patriarch was driving Hexi west, he didn't know what was going crazy, so he added a sect rule.

No one is allowed to interfere with Wang Chuan's acceptance of disciples, even the suzerain!

Wang Chuan also knew that his talent was not good at all, and he didn't take cultivation seriously. He had been accepting disciples throughout the endless years.

At the beginning, some good disciples worshipped Wang Chuan as their teacher, but all of them left in the end.

The most important thing is that Wang Chuan misunderstood his disciples, and disciples with good talents, in the end, the speed of cultivation is not as fast as others.

Ye Chen also understood what was going on in the past two days, because Wang Chuan gave them all the exercises in a brain.

So many exercises are chaotic, so they can't wait to practice one by one, but in the end it is nothing.

There are even rumors in the Excalibur Palace that any disciple who becomes Wang Chuan will eventually become a waste.

This gradually became a curse.

In the last two days, many hall masters went to the suzerain, thinking that Wang Chuan would harm Ye Chen, and suggested that they be transferred to their name.

Not on the bright side, they can only dig Ye Chen secretly.

This incident made Ye Chen dumbfounded, but he also tactfully refused, no matter what, he had already worshipped Wang Chuan as his teacher.

And Wang Chuan treated him well.

The most important thing is that Wang Chuan's qualifications are deeper than anyone else!

If you want to say that the person who knows Feng Qingyang's sword box, I am afraid this person is most likely!

"Good disciple, today's outer selection will be the inner selection tomorrow. It stands to reason that the new outer disciple is not eligible to participate, but you have good talents and great ambitions, so you can try it, even if you don't pass. It doesn't matter, there is still time."

Wang Chuan found Ye Chen and said suddenly.

He was pretty good to Ye Chen. After hearing that Ye Chen during the day said that he wanted to become an inner disciple, he found the lord to lobby at night.

In the end, the suzerain agreed with an unprecedented breakthrough.

As for Ye Chen entering the inner gate, Wang Chuan didn't have much confidence either. Although his talent was amazing, he didn't have much time to cultivate.

He believed that waiting for Ye Chen to practice for a period of time, he would definitely be able to make a blockbuster and give him a face.

"Master, I will participate as an experience."

In fact, Ye Chen was sure to get the first place in the outer door, but he didn't say it for fear of scaring Wang Chuan.

At present, his realm has recovered somewhat.

Even because of the perception of the last battle of the Sacred Dragon Family and the spirit veins of the Shenhuo Academy absorbed by the reincarnation cemetery, he has been promoted to the sixth level of the good fortune realm!

He didn't want to cover up too much in Excalibur Palace, and deliberately suppressed his true strength.

If you tell Wang Chuan the truth, I am afraid that you will be so excited that you have a heart attack.

In the early morning of the next day, Ye Chen woke up from cultivation, took a sharp sword and held it in his hand.

As for the beastly sword, Ye Chen did not reveal it.

Ye Chen followed Wang Chuan to the martial arts field step by step.

When Ye Chen appeared, all the disciples looked at him.

Although Ye Chen didn't show up much, the whole sect knew about him.

Joining the Excalibur Palace caused a vision of heaven and earth, and this incident shocked the Sect Master. If it weren't for Wang Chuan's appearance, Ye Chen would probably be accepted as a disciple.

Some disciples admire it, but many disciples are gloating.

Who doesn't know about Wang Chuan's harm to his children?

In their eyes, I am afraid that Ye Chen was also deeply hurt, a genius turned into a waste.

This allows them to get a touch of comfort in their hearts.

Wang Chuan snorted coldly when he saw the eyes of these disciples.

All the disciples lowered their heads, they could secretly speak, but if it spread out, they would definitely die.

"Uncle Wang, why came here so soon today!"

At this time Xue Ting came over, and she happened to be next to Ain.

This time, the main thing is to let Ain have a long experience.

"Huh, you don't need to worry about it."

Wang Chuan ignored it at all, and after speaking to Ye Chen, he turned and walked to the top of the martial arts field.

He basically didn't participate in the Outer Sect Competition, but this time he finally received a precious apprentice, so he had to watch the game anyway.

When Wang Chuan came up, the hall master of Twelve Peaks was already sitting on it.

"Uncle Master, you disciple don't know how much of your true biography has been obtained?"

As soon as Luo Jianfeng's hall master, Lu Jun spoke, several hall masters nearby also echoed.

"Hmph, my apprentice, it's much better than your trash disciples!"

He didn't know Ye Chen's strength either, but it was his apprentice, and he certainly couldn't lose face.

"Uncle Master, how about we bet this time? Ye Chen can enter the top 20!"

As soon as the army's voice fell, he took out a cheat book, and then said: "This is a cheat book I got accidentally. How about betting?"

Wang Chuangang was about to refuse. After all, being able to enter the top 20 is basically a talent of evildoers, and he has cultivated for a long time.

But Ye Chen, the training time was too short, and his breath was not enough.

When he was about to refuse, the remaining eleven hall masters also took out the secrets, as if you could not agree with them.

Who doesn't know that Wang Chuan has the best face and has a lot of treasures in his hands. Now there is a great opportunity to not be fooled.

"You...you...my apprentice can definitely enter the top twenty."

Wang Chuan's face flushed, and he abruptly agreed.

All the hall masters grinned when they saw this scene, and each one had a secret book.

Wang Chuanqi's chest was up and down, and he could only hope that Ye Chen could compete and enter the top twenty.

He also knew in his heart that it was even more difficult to enter the top 20, and he could only eat coptis in the dumb, and he could not tell.

This time the referee of the Outer Sect Competition is a star-aperture peak powerhouse. The entire martial arts field is divided into four areas.

Each disciple took part in the assessment in the four areas, and the disciples went to draw lots, draw the same number, and compete in pairs.

Ye Chen and Ayin talked a few words, went to the place where the lottery was drawn, and found that they were holding the number 10.

A disciple competes in the arena, and the one who fails is considered a failure.

The entire outer disciple, each year the inner disciples only accept 20 soon to Ye Chen duel, called his number, he went to the ring.

"Uncle Wang Chuan, it seems that your apprentice's luck is not very good."

Ye Chen's opponent can be ranked in the top 100 in the outer door, don't underestimate this one hundred.

There are more than 3,000 warriors in the entire outer disciple, and it is conceivable to be able to enter a hundred.

"My disciple, I can definitely defeat Huang Lin."

Wang Chuan also knew that Huang Lin, the little genius of the Huang family, had a sword heart of nine hundred zhang when he first entered the Excalibur Palace, which was only one line away to reach one thousand zhang.

This year, Huang Lin's strength has reached the peak of good fortune, and this year there is a glimmer of hope to enter the inner door.

Ye Chen stepped onto the ring and glanced at Huang Lin, holding an extraordinary sword in his hand.

Chapter 2108: Weird! Only 1 sword!

Latest website: When he saw Ye Chen, Huang Lin's eyes showed a hint of mockery.

"Ye Chen, I know you, even if you are a genius, what about your genius? Today, I will be defeated by my feet."

As soon as Huang Lin's voice fell, an excited smile flashed in his eyes.

A peerless arrogant, stepped on by him, he feels inexplicable pleasure when he thinks about it.

Ye Chen did not speak, but instead held a wooden sword in his hand.

When dealing with a weak chicken, Ye Chen felt like an adult bullied a child.

When Huang Lin saw that Ye Chen only took out a wooden sword, his chest was up and down in anger, which obviously looked down on him.

"Wan Yu Jianjue!"

Huang Lin roared, the sword in his hand lifted, and in the sky, a phantom of sharp swords rose into the sky.

The moment the sharp sword phantom appeared, a terrifying aura broke out.

Originally, Ye Chen had attracted much attention, and when the fight started, almost all the martial artists looked over.

I want to see what is so extraordinary about Peerless Tianjiao.

"I remember Huang Lin is your Luo Jianfeng person."

Wang Chuan was in his seat and glanced at the army.

"Yes, my disciple is okay. He has already cultivated Wan Yu Jianjue to the realm of great achievement."

The army showed a gratified smile, believing that Ye Chen would be defeated.

Wang Chuan clasped his legs tightly with both hands and looked at the ring unblinkingly.

I hope Ye Chen can persist for two rounds, and he will not be ashamed by that time.

Above the ring, Ye Chen didn't have too many thoughts in his heart. With the wooden sword in his hand, the whole person rushed past like a ghost.

When he rushed past, Jian Yu fell instantly.

Ye Chen's figure quickly avoided, and suddenly came to Huang Lin, raised his arm, and the wooden sword in his hand suddenly pierced out.

boom!

A sword pierced Huang Lin's chest, and a huge force came.

Huang Lin's whole figure flew out directly and fell into the ring.

hiss!

Seeing this scene, the outer disciple of the Excalibur Palace took a breath.

They didn't understand what happened just now, and Huang Lin was defeated by a simple sword.

Ye Chen's face did not change at all, standing on the ring, putting away the wooden sword.

A Huang Lin, he was not an opponent at all.

Huang Lin's swordsmanship was good, but flashy. Once he faced the enemy with life and death, if he hadn't used the wooden sword just now, he would have been beheaded.

After a brief silence, Wang Chuan slapped his thigh and said with a smile: "Army, you disciple of Luo Jianfeng, are you the same food as you? Even my disciple can't stop him with a sword."

The smile on Wang Chuan's face wrinkled wrinkles, Ye Chen really gave him a long face. He thought it would be good to be able to persist for two rounds. Who knew that a single sword would kill his opponent.

The army didn't speak, and his face was gloomy. They could naturally see that it was not Huang Lin Taicai, but Ye Chen's speed was too fast, breaking ten thousand magic with one sword.

Ye Chen immediately refreshed their cognition when he shot.

The twelve hall masters have lingering fears. Fortunately, they are betting on the top 20, or else a cheat book is gone.

Wang Chuan was in a good mood, it didn't matter whether Ye Chen could make the top twenty.

Anyway, he was happy and lost only twelve cheats. He was rich and not afraid at all.

The strength of Ye Chen's shot made the disciples of the Excalibur Palace refresh their cognition, and no one dared to underestimate him.

At least Ye Chen's current strength could not possibly be able to fight the Star Aperture Realm.

There was no change in Ayin's face, she had known Ye Chen's strength a long time ago.

Before entering the Excalibur Palace, Ye Chen was already able to kill such a powerful person in seconds.

In the next battle, Ye Chen basically solved it with one sword, without any fancy.

As if ordinary, for him, this kind of confrontation is really like a child's house, which makes people feel boring.

Wang Chuan was already very excited, and now Ye Chen has entered the top fifty, only 30 warriors from the top twenty, and he may not really be able to enter the inner gate in one fell swoop.

The face of the twelve hall masters collapsed, and the disciple who hated him was not up to date, how could he not be able to solve even a new beginner disciple.

Ye Chen refreshed everyone's cognition time and time again, so far, basically without a second sword, he can solve his opponent.

The opponent Ye Chen faced this time was a martial artist in the Star Aperture Realm, and he basically had no problems entering the inner gate.

When the twelve hall masters saw this scene, they showed a smile, and it seemed that Ye Chen's myth was about to end.

The disciples who are watching now have already said that Ye Chen is a sword king!

No one can withstand a sword in front of him, and many disciples of the Excalibur Palace worship.

Wang Chuan did not expect that Ye Chen's luck was so bad that he would meet the strong when he came up.

The twelve hall masters were gloating. Originally, if Ye Chen had a little better luck, he might really be able to enter the top 20, but now, his myth will be ended.

Ye Chen raised the wooden sword in his hand, no matter what opponent he faced, it was a wooden sword.

This is also just in case, if he doesn't use the wooden sword, the sword aura is too strong, and he can't possibly kill the disciple of the Excalibur Palace with a single sword.

In the outer door assessment, the opponent can be seriously injured, but murder is not allowed.

"I know your strength is good, but in front of me, you have no proud capital."

Li Linhai, can be regarded as a legend in the entire outer sect, with a superb sword intent, and many disciples are not opponents.

It is also one of the candidates to enter the inner disciple.

"You have too much nonsense!"

As soon as Ye Chen's voice fell, the whole person rushed over.

The moment he rushed past, a breath of terror suddenly burst out.

"This...this is the sixth heaven of Good Fortune Realm!"

One of the hall masters stood up and looked at Ye Chen with shocked eyes.

Wang Chuan opened his mouth, and the whole person was dumbfounded. He didn't even know that Ye Chen's strength had broken through to the sixth layer of the good fortune realm.

After all, Ye Chen hadn't recovered before, and when he participated in the Outer Sect selection, he was only in the same way.

Is the speed of this breakthrough a bit too fast, like riding a rocket?

The wooden sword in his hand exploded with a terrifying sword aura.

Ye Chen's speed was so fast that Li Linhai did not react at all.

The wooden sword in his hand fell on Li Linhai's neck, and he said coldly, "You lost!"

If it were against the enemy, Li Linhai would already be a dead person.

Li Linhai's forehead shed cold sweat. He didn't expect that he would have lost before he took a shot I lost! "

Li Linhai thinks he is a strong person in the entire outer door, who knows that there are people outside and there are heaven and heaven.

Li Linhai was so lonely that he stepped off the ring, and the disciples who watched the battle stared at him with big eyes.

Suddenly, I don't know who said something.

"One Sword King!"

"One Sword King!"

The disciples watching the entire martial arts field roared in unison.

A pair of fiery eyes stared at Ye Chen.

A white cloth and a wooden sword are both a sword!

One sword king is worthy of the name!

Chapter 2109: Open the seal of the kingdom of God!

Latest website: Uncle Wang Chuan, your apprentice, hidden deep enough! "

The army gave a wry smile, and the strength that Ye Chen showed now could definitely enter the top twenty.

There is no problem entering the inner door!

"Hahaha! My apprentice is a peerless arrogant, you have to prepare your secrets."

Wang Chuan did not expect that Ye Chen would give him such a big surprise.

"Uncle Master, the gambling is just a joke, I can't help but forget it!"

As soon as the army finished speaking, the other hall masters also spoke directly.

A cheat book is not an ordinary exercise method, even if they are not many.

"What? You want to deny!"

Wang Chuan glared, no one dared to say anything more, what they said was a figure with a face.

Denial things will definitely not be done.

"Fortunately, I have a master, otherwise the peerless Tianjiao will be put in your hands, and sooner or later will teach you bad!"

Wang Chuan's words made the corner of his mouth twitch.

Does Ye Chen's strength have a ghostly relationship with Wang Chuan?

Who doesn't know, Wang Chuan would never teach his apprentices.

It's just that no one dared to refute, and there is no way anyone can make a good apprentice.

Next, Ye Chen advanced all the way to the top 20, and it was no problem to enter the inner gate.

Twenty people are selected, and the next step is to challenge each other. If you can get the top three, Zongmen will also give certain rewards.

At this moment, Ye Chen came to the referee and said: "Elder, can I challenge the nineteen of them alone?"

In one sentence, the whole scene exploded instantly!

One person challenged nineteen people, something that had never happened before.

The elder gave a wry smile, he couldn't do this kind of thing.

"Let me ask."

After the referee finished speaking, he came to the front of the twelve hall masters and bowed his head and said a few words.

One challenged nineteen people, unprecedented in history.

After some discussion, the referee returned to the ring, and then directly said: "Ye Chen challenges the nineteen people alone. After discussion, you can agree!"

As soon as this sentence was said, the whole scene was fried.

"One Sword King!"

"Ye Chen!"

No matter whether Ye Chen can challenge and succeed, but this courage has surpassed everyone.

Wang Chuan himself did not expect Ye Chen to play such a big game, but he still agreed.

All of Ye Chen's current strength obviously did not burst out, and they were all one-shot seconds.

He also wanted to see where Ye Chen's potential was.

On the ring, nineteen warriors stood on it, and everyone's faces were gloomy.

What do they say, they are also the nineteen strongest warriors in the outer door, and now some people are brazenly trying to challenge everyone.

Let their proud hearts become completely angry!

Ye Chen didn't have too many thoughts, he must attract the attention of some people as soon as possible, and obtain the sword box in the shortest time.

Ji Lin was still outside alone, Ye Luoer, Chu Ying's danger had not been resolved.

Master, he still needs to be saved.

The one-year appointment is not long.

He has no time to waste in Excalibur Palace.

The more it drags on, the more disadvantages it becomes.

The battle hasn't erupted yet, but the warriors on the auditorium are full of enthusiasm, as if they are standing on it.

Ye Chen was holding a wooden sword, and suddenly a horrible aura erupted, when the referee started talking.

He stepped forward, suddenly rushed over, and performed a hundred steps! Gengjin Qi and Devil Qi flickered.

Seeing this scene, Wang Chuan and the twelve hall masters looked solemn.

This speed, if compared with them!

They will lose!

When Ye Chen rushed past, only an afterimage remained on the ground.

When it was only five meters away from the nineteen people, it suddenly stopped.

Eyes closed.

Nineteen warriors burn with anger!

Ye Chen closed his eyes at such an important moment!

Naked provocation!

One by one, they burst out the Dao behind them, roared and killed them.

Every warrior kept rushing and killing, and someone learned the secret way, hiding in the dark, preparing to give Ye Chen a fatal blow.

Ye Chen's complexion remained unchanged.

Because every sword intent cannot hurt him!

These warriors glanced at each other and decided to take action together to defeat Ye Chen.

In all directions of Ye Chen, sword lights suddenly struck.

Jian Guang was airtight and did not give Ye Chen a chance to escape.

The warriors in the auditorium looked nervously at the arena.

Sweat ran out of Wang Chuan's forehead. Once the situation is not right, he will directly take action. His apprentice should not allow any mistakes.

Feeling the sword light in all directions, Ye Chen smiled slightly, and the immortal sword intent burst out directly.

The wooden sword in his hand, as if alive, raised his arm and swung out a sword.

boom!

Wherever the sword energy went, a crack appeared in the ring, and the entire ring could not bear Ye Chen's sword energy.

With a sword down, there were screams suddenly.

The warriors in the auditorium felt a terrifying killing intent.

Obviously the sun is shining, but it makes them feel a chill.

In the air, all were condensed by the terrifying chill, and the sharp sword light was cut out.

Stabbed!

boom!

The remaining warriors fell directly to the ground, and all nineteen warriors were defeated!

Ye Chen stood alone on the ring, the wooden sword in his hand had been put away, but the warriors in the audience showed a fanatical look.

"One Sword King!"

The entire outer disciples shouted in unison, and Wang Chuan couldn't help shaking.

This is his apprentice. Who would dare to say that he would not teach apprentices in the future?

There was a wry smile on the corners of the twelve hall masters. He had known Ye Chen's strength, and he had to be included in the sect anyway.

It's good now, but it's cheaper Wang Chuan!

Ye Chen walked to the top of the ring step by step, and Wang Chuan rushed in front of him.

"Good apprentice, hahaha!"

The excitement in Wang Chuan's heart can no longer be described in words.

His apprentices challenged nineteen people alone and easily defeated them.

He is the only apprentice in the entire Excalibur Palace.

Wang Chuan pulled Ye Chen and left directly. As for the outside game, he hadn't paid attention to it.

Ye Chen's current strength can rank first even in the inner door.

Enough to become the core disciple of Excalibur Palace.

However, the core disciples must be defeated before they can truly come into contact with the core of Excalibur Palace.

Ye Chen will have the right to speak at that time.

Wang Chuan took Ye Chen back to the mountain and gave a lot of good things to Ye Chen.

Let him practice hard and strive to enter the core disciples earlier.

As for Wang Chuan, he left in a hurry, not knowing what he was up to.

Ye Chen had no intention of cultivating, he came to Ye Luo'er, thinking of something, his fingertips forced the blood, and he fed Ye Luo'er to take it.

After all, his blood has a miraculous effect.

However, the blood had been fed for a few days, and Ye Luo'er's pale face was also blushing a lot.

Ye Luo'er still didn't mean to wake up.

He obtained Lin Qingxuan's medical skills in Huaxia and Kunlun Xu, but this medical technique was only for Kunlun Xu.

In Lingwu Continent, his medical skills are only the tip of the iceberg, and many problems cannot be solved.

This is also his biggest regret.

If there is Tongtian medical skills, Ye Luo'er, Chu Ying, and even Zi Ning with the reincarnation monument in the body may be able to save it!

And when Ye Chen was sad the devil emperor who had not made a sound spoke:

"Ye Chen, do you still remember the storage ring that a little girl gave you on the island?"

"At that time, I also fought the Yu Beast Spirit God before it dissipated."

Ye Chen was startled, only then did he think of the Chen family on the island.

That storage ring can be contended by the Devil Emperor and Yu Beast Spirit God at the same time, and its value is bound to be huge!

"Devil Emperor, are you going to completely open it?"

The Devil Emperor nodded: "I need to use the power inside to recover my body, and I am sure that in the cemetery of Samsara, there will be people awakened by this!"

"It's time to open the seal of the kingdom of God."

"The chance inside... is beyond your imagination!"

Chapter 2110: New power! Cangu Medical God!

Latest website: Ye Chen was a little excited when he heard the voice of the Devil Emperor.

No more thinking, just take out the weird ring.

When Chen Ling gave it to herself, he said that a mysterious old man gave her this ring.

It seems to control the origin inside.

But now it seems that it is obviously not that simple.

The ring is suspended in mid-air!

A tingling pain came from the center of the eyebrows, and a phantom of demonic energy suddenly appeared!

"Ye Chen, there are not many things in this world that can excite me, this ring counts as one piece."

"Sometimes I wonder why your chances are so terrifying, as if...some mysterious power is guiding step by step..."

"It's a bit like playing chess. Your chess piece seems to have plundered the fortune of heaven and earth... As a bystander, I feel terrified."

"I'm afraid, what you have to face will be even more terrifying than what I faced in ancient times."

The Devil Emperor stared at the ring and said slowly.

Ye Chen took a deep breath and suddenly said, "Devil Emperor, let's start."

"it is good."

The Devil Emperor stretched out his fingers, closed his eyes, and began to pinch.

Then, a black crystal sarcophagus appeared suddenly!

It is the sarcophagus that contains the flesh of the Devil Emperor!

"My strength is not enough to open this ring. Fortunately, part of the power of the mysterious demon is in the black crystal sarcophagus."

"Today, the price will be high, but everything is worth it."

After speaking, the Devil Emperor took a palm shot, and the endless devilish energy went towards the ring suspended in the air!

In the center of the ring, an endless vortex was produced.

Like the center of a storm.

Ye Chen was far away from the ring, but still felt the pressure!

However, he was surprised to find that a tombstone was shaking in the reincarnation cemetery!

A great power is about to come out!

"The spirit demon respects the cloud formation, transforms the world into demons, and breaks everything! Seal my heart!"

The Demon Emperor yelled, and his five fingers abruptly grabbed towards the center of the whirlpool!

The violent air surging!

The whole room shook!

Not only that, the Excalibur Palace also shook!

Within a hundred miles, the group of beasts moved, and the flowers withered! Dark clouds obscured the sky.

The hall masters on the twelve peaks came to the highest point together, looking at the dark clouds in the sky, with a solemn expression.

"A major event is about to happen in Lingwu Continent."

"Why do all these changes start from Excalibur Palace?"

And the roof of Excalibur Palace.

Sect Master looked at the vision of the sky with extremely complicated expressions, and finally his eyes fell on the place where Ye Chen and Wang Chuan lived, and muttered:

"This Ye Chen is a dragon that my Excalibur Palace cannot hide."

...

Inside the house.

Ye Chen looked at the ring nervously, he even found that with the power of the Devil Emperor, it was also full of difficulties.

What is the origin of this ring that controls the origin!

I don't know how long it took, Ye Chen found that the whirlpool of devilish energy gradually changed!

Colorful light covers it!

The whole house seemed to have become a bright Milky Way.

"boom!"

Suddenly, the Devil Emperor took a few steps back, his face was full of surprise.

Ye Chen hurriedly stepped forward and curiously asked, "Demon Emperor, has it failed?"

The Devil shook his head: "It seems that something went wrong."

"But I can't solve this problem."

"This prohibition seems to recognize the master."

"I thought I could break it forcibly, but now it seems that I still need a key."

"The key?" Ye Chen got a headache.

It's all about this, where can he find the key?

At this moment, the Devil Emperor thought of something and said seriously: "This thing will not appear casually, you can try it with a drop of blood."

Ye Chen was a little speechless, but still did.

The blood was forced out, and instantly fell in the center of the colorful light.

In the next second, an extremely strong force surged!

Then Ye Chen found that a tombstone was shining brightly in the reincarnation cemetery!

It can be motivated!

Not only that, but a crisp "click" sounded!

The ring broke on the spot!

This was not over yet, Ye Chen realized that three things appeared in front of him.

First, it is a black stone.

Ye Chen had a sense of familiarity, and quickly took out the black stone in his pocket. He vaguely discovered that the stone was somewhat similar to the one he had been carrying with him.

The Devil Emperor explained: "This is the origin stone, the strongest origin power in the world, but your own stone is more mysterious than this origin stone."

"Indeed, this small stone of origin can also make people in the kingdom of God crazy."

"Good stuff."

Ye Chen's eyes fell on the second thing again.

That is a golden needle.

The golden needles are engraved with extremely mysterious words.

Canggu Medical God!

Ye Chen stretched out his hand and held the golden needle, he could feel the emotion of the tombstone in the reincarnation cemetery.

It seems that the tombstone is the ancient medicine god!

The third thing is a jade bottle.

Ye Chen didn't know what was in the jade bottle.

But he found that the Devil Emperor's eyes were staring at the jade bottle extremely hot!

It is definitely a treasure!

"Ye Chen, this thing should be regarded as yours, can I ask you to give me a drop of jade bottle of liquid."

"I only need one drop."

Ye Chen was a little puzzled: "Devil Emperor, what are these things?"

"If you want to use it, just take it."

Before the words fell, the jade bottle appeared in the palm of the Devil Emperor's hand.

The Devil Emperor opened it cautiously, dropping a drop into the black crystal sarcophagus, and then directly handed it to Ye Chen's hand.

"Ye Chen, you don't know how precious these things are."

"If I guessed correctly, the contents of this ring belong to the ancient doctor god."

"Do you know the legend of Cang Ancient Medicine God in Lingwu Continent, and even the kingdom of God?"

"In the Lingwu Continent, the strength of the warrior can shake the world, and the lifespan is unlimited. There is no need for a healer!"

"However, the strongest warrior will face life and death."

"And this ancient medical **** Cang is the existence that can resurrect the fallen strong!"

"His medical skills are the pinnacle of Lingwu Continent, and his martial skills are extremely simple, with only one move."

"That is Cangu Golden Needle."

"It is said that at the peak of Cangu Medical God, it takes only one shot to kill a strong Supreme Void peak."

"The needle falls, death is coming!"

"Also, there is no cure."

"It's just that such defying medical skills suddenly disappeared."

"No one in the world has ever seen the ancient medical **** Cangu and I don't know his whereabouts. It is said that the Heavenly Way Palace of the Kingdom of God once invited the ancient medical **** Cang to act at all costs!"

"However, Cangu Medical God turned down the Heavenly Dao Palace in the presence of countless gods!"

"As for why he disappeared, he is still a mystery in Lingwu Continent."

"The ancient medical **** Cang has only made seventeen shots in his life, and every one he saved was a powerful person in the Evil Slayer."

"He has an extremely weird temper. Although he is good at healing, he is notoriously unable to save him or even accept disciples. It is a pity that his medical skills have not stayed in the Lingwu Continent."

After the Devil Emperor finished speaking, he couldn't calm down.

It will take time for him to recover his body.

If the ancient doctor **** Cang is willing to make a move, I am afraid that he can wake up in seven days!
