Chapter 2111: What is Excalibur Palace hiding?

By the way, Ye Chen, the reason why I was so excited just now was because that jade bottle should be Canggu Profound Liquid. The value of a drop is immeasurable! "

Hearing this, Ye Chen didn't talk nonsense, and went straight to the reincarnation cemetery!

If this ancient medical **** Cang is really as powerful as the Devil Emperor said, then Ye Luoer and even Chu Ying of the Nine Nether Kingdom can immediately wake up!

Ye Chen stood in front of the tombstone of the ancient medical **** Cang, and said, "Senior, I am the tomb owner of the reincarnation cemetery. I hope you can help my friend."

However, the words hadn't fallen yet, a mysterious aura surged!

The Canggu golden needle in Ye Chen's hand flew out and landed firmly on the tombstone.

"First, this golden needle belongs to the old man."

"Second, the old man does not save people."

"Third, get out."

The attitude is extremely proud!

Ye Chen just wanted to say something, the next second, a powerful force pushed him out abruptly.

Ye Chen touched his nose helplessly, although the mighty temper of the reincarnation cemetery may be very strange.

But it is still the first to be so popular.

The Devil Emperor looked at Ye Chen: "Okay, I'm a little weak, first enter your brows."

"The ancient medical **** Cang has no preferences and is extremely weird."

"Although the strength is average, the medical skills are shocking the entire Lingwu continent."

"With that Canggu Profound Liquid, my physical body can recover much faster."

"Thanks."

The demonic energy dissipated.

Ye Chen felt the tombstone of Canggu Medical God and let out a long sigh.

Afterwards, he collected the Origin Stone, and took out the jade bottle to drop a drop in Ye Luoer's body.

He instantly found that the lightning in Ye Luoer's body had lightened a lot!

This is amazing too.

Just when Ye Chen was about to drop another drop, the voice of Canggu Medical God suddenly sounded:

"If you drop one more drop, the girl will die."

Ye Chen was slightly startled, and quickly stopped.

And the Devil Emperor also explained: "This Cangu Profound Liquid is extremely unusual, and I can only bear one drop in my state. Ye Luoer's body injury is too serious now. If you drop another drop, your body will definitely not be able to bear it. People can save."

Ye Chen could only put things away.

It seems that it is better to get Feng Qingyang's sword box as soon as possible, and then leave.

...

The vision is over.

In a magnificent hall of Excalibur Palace.

Wang Chuan and the hall master of Twelve Peaks gathered together, and directly above was the master of the Excalibur Palace.

"Sect Master, I think there is something wrong with Ye Chen entering the forbidden area now."

One of the hall masters spoke directly, and all the powerhouses of the entire sect knew about the outer gate competition.

This time the hall master and the sect master were discussing together because of Ye Chen.

At present, Ye Chen's potential is seen from all over the Divine Sword Palace. The Divine Sword Forbidden Area is the core forbidden area of the Divine Sword Palace, and even the core disciples may not be able to enter it.

"Hall Master Xiao, what do you mean by this? My apprentice is a peerless Tianjiao, how can I not enter the Divine Sword Forbidden Area?"

Wang Chuan was in a hurry, slapped on the chair, and looked at Hall Master Xiao angrily.

When he became angry, Hall Master Xiao didn't dare to speak, and he was very scared of Wang Chuan.

"Uncle Master, you sit down first, aren't you discussing it!"

The Sovereign of Excalibur Palace looked at Wang Chuan with a headache.

It was also because of Ye Chen's talent that he thought about letting him in the forbidden area of the Divine Sword.

"Sect Master, I don't think Ye Chen has a sense of belonging yet. It's better to wait for him to enter the core disciple before we arrange him to enter the Divine Sword Forbidden Land."

When Xue Ting spoke, no one refuted it.

"This proposal is good!"

The other hall masters echoed, Ye Chen entered the inner door now, and it would take a few years to enter the core disciple.

These few years have been enough for Ye Chen to have a sense of belonging.

It won't be too late to let him in.

Wang Chuan didn't say anything. He also knew that the sect's major events should not be messed up.

The Sovereign of the Excalibur Palace pondered for a while, then nodded in agreement.

This situation couldn't be better. After Ye Chen had a sense of belonging, he wouldn't be anxious to go in again.

"Sect Master, that's it. When my disciple enters the core disciple, he must be allowed to enter the Divine Sword Forbidden Land."

Wang Chuan was afraid that they would regret it.

He was confident enough for Ye Chen to be able to enter the core disciple in a short time.

"Don't worry, what the Sect Master said is true."

The master of the Excalibur Palace couldn't laugh or cry, but he also knew that Wang Chuan's disciples were eager.

Night is approaching.

Wang Chuan found Ye Chen, thought about it again and again, and told Ye Chen about the forbidden area.

He hoped that the forbidden land would make Ye Chen's cultivation full of motivation.

However, Ye Chen's eyes were filled with excitement, and said: "Master, is there something hidden in the forbidden area of the Divine Sword Palace?"

"Is there a weird sword box?"

Wang Chuan fell into the memory and shook his head: "I can't remember the details."

"As for the sword box, it is also possible."

"I heard that the elders of the Excalibur Palace once went to a mysterious place in the Lingwu Continent and brought back something."

"Also, this person has stayed in the forbidden ground for a full hundred years."

"I just don't know why, I was eventually found dead in the forbidden area."

"Since then, the forbidden area has been completely closed."

"After the previous sect master fell, the current sect master didn't know why, so he set up a rule. The core disciples have the opportunity to step outside the forbidden area and feel the sword intent of the Divine Sword Palace..."

That night, Ye Chen talked a lot with Wang Chuan.

He faintly felt that the predecessors of this Excalibur Palace must have gone to the Kingdom of God!

The sword box must be brought back!

It takes one or two years to become a core disciple, and he can't wait so long!

His current strength is enough to push everything horizontally!

In the past two years, he will shorten it to one day!

...

Early the next morning, Ye Chen came to the inner gate alone.

Entering the inner gate, it can be regarded as the key training martial artist of the Excalibur Palace, and each has its own independent courtyard.

It's just that Ye Chen didn't want to be troublesome, and lived on the mountain peak.

Ye Chen came to the inner gate and met some disciples who greeted friendly.

They had already heard about Ye Chen's deeds.

It is impossible for them to offend such arrogance.

Ye Chen came all the way to the inner gate and entered the core martial arts field. Compared with the outer gate, there were not too many people in the martial arts field.

It is easier to enter the inner door but if you want to enter the core disciple, it is probably difficult.

There are only dozens of people in the entire martial arts field, and everyone is above Ye Chen.

And there is a strong killing intent surging in them, which is definitely an astonishing existence in actual combat.

They already have enough strength to attack the core disciples.

Ye Chen squinted slightly. According to the ranking, Divine Sword Palace was indeed somewhat weaker than Xuan Yuezong.

But if the sovereign of the Excalibur Palace completely competes for ranking, I am afraid this Excalibur Palace is much higher than Xuan Yuezong.

There might even be a chance to become one of the top forces in Lingwu Continent.

He was really curious, the Sovereign of the Excalibur Palace didn't seem to be pushy.

Hidden here, are you hiding something?

Chapter 2112: Fight the sky!

Ye Chen's appearance made everyone a little at a loss.

"He just entered the inner door, he won't want to challenge the core disciple, right?"

"How is it possible? I feel like just to come and see."

Some warriors whispered, if they just entered the inner gate, they would challenge the core disciples.

Then they are disciples who have been in the inner door for many years, are they still alive?

Ye Chen came to an elder step by step.

When the elder saw Ye Chen, he also showed a smile.

Ye Chen is now a legend in the entire Excalibur Palace.

"Elder, the disciple wants to challenge the core disciple!"

The words were astonishing, and the warriors who were present were shocked.

This...this... Ye Chen really wants to challenge the core disciple?

No one expected Ye Chen to be so crazy.

Just entering the inner door, they have to challenge the core. Why does it make them feel bad?

The news that Ye Chen was about to challenge the core disciple spread into the inner gate like wings.

Basically the entire inner disciple knew that Ye Chen wanted to challenge the core disciples, and all of them came to the martial arts ground to see the excitement.

Some warriors even think that Ye Chen is really arrogant, and that a warrior of the sixth-tier of the good fortune realm dares to challenge the core disciple.

"If you want to challenge the core disciple, you must have the strength of the Star Aperture Realm at least."

The elder glanced at Ye Chen and just wanted to talk.

At this time, Ye Chen stepped onto it, with a powerful momentum soaring to the sky!

The elder's expression slightly changed, isn't Ye Chen improving his strength too fast?

"Well, you wait for an hour, I will arrange core disciples."

It's not that any core disciple has time to accept the challenge, but also to see if they have time.

Originally, Wang Chuan was still resting in the room and found that Ye Chen was not there, so he descended from the mountain and wanted to find it, but he heard that Ye Chen was going to challenge the core disciple.

Frightened him to come to the martial arts field in a hurry.

What's the matter with the disciple whom I took?

It's only a few days to challenge the core disciple, is it necessary to challenge the suzerain in a few days?

madman!

A complete lunatic!

When he found Ye Chen, he said nervously:

"Ye Chen, your current strength is not the opponent of the core disciple, hurry up and come back with me."

He didn't want Ye Chen to be embarrassed in the crowd, which core disciple was not a genius powerhouse in the sect?

Although Ye Chen could leapfrog the challenge, he didn't think Ye Chen could win.

His current plan is to give Ye Chen a year of breakthrough time!

"Master, I want to give it a try, even if I lose, it's fine."

Ye Chen would not say in front of Wang Chuan that he could enter the core disciple 100%.

Otherwise, Wang Chuan would definitely think he was talking big and let him go back.

Wang Chuan pondered for a while, and finally nodded in agreement.

He thought that it would be okay to make Ye Chen suffer, or else it would be smooth and easy to develop a proud personality.

Soon an hour's time passed, and the elder came to Ye Chen and told him that there was indeed a core disciple who had time.

Ye Chen naturally agreed, he didn't believe that there was a core disciple in the gate-closing state in Excalibur Palace!

As long as it is not a strong one, Ye Chen is sure to win!

He stood on the martial arts arena, and soon a warrior with an epee on his back and a hideous scar on his face came onto the field.

There were a series of sword marks behind him, and his whole body did not have any fierce aura, but everyone could feel a sense of oppression.

"This...this is Zhan Tianqiong, why did he come!"

"Ye Chen is definitely defeated!"

"I know that Zhan Tianqiong entered Wanlong Mountain for seven days and seven nights in order to sharpen his sword intent, and finally escaped with serious injuries. I heard that he successfully escaped in front of a monster close to the door."

The warrior below the martial arts ground already thought that Ye Chen would be defeated with one move.

Zhan Tianqiong is extremely powerful among the core disciples, and his swordsmanship is extraordinary.

All warriors think Ye Chen's luck is bad!

If you want to enter the core disciples, luck is sometimes part of it.

Some inner disciples can succeed when they challenge weak core disciples.

Wang Chuan, who was under the martial arts field, was also slightly tight.

Ye Chen couldn't see any changes on his face, and his eyes were immortal.

"Are you Ye Chen?"

Zhan Tianqiong stood on the ring, staring at him with a pair of eyes.

Even the core disciples had already heard about Ye Chen.

"Yes, today I will enter the core disciple, my time is precious."

Ye Chen's words made the warriors present chuckle.

This Ye Chen is really arrogant, it is impossible for a good fortune realm to enter the core disciple.

In the history of the Excalibur Palace, no good fortune realm disciple can enter the core.

There are a thousand inner disciples, but too few can enter the core.

"If you stay for a few more years, I might not be your opponent, but now? I still don't put you in my eyes."

Every one of the disciples who can enter the core is a arrogant talent and has his own arrogance.

Ye Chen smiled without saying a word, and took out a wooden sword.

When the wooden sword came out, there was an uproar!

If Ye Chen had challenged before, using the wooden sword would be strong!

Then Ye Chen now uses the wooden sword, it is tantamount to looking for death!

Zhan Tianqiong took out the epee from his back, the sword in his hand was at least ten thousand jin.

If one sword goes down, the powerful monster beast can be photographed into powder.

Every core disciple has the ability to leapfrog!

boom!

The six lanes behind Ye Chen buzzed.

The energy of Gengjin surrounds the whole body.

Ye Chen's breath continued to erupt, and Zhan Tianqiong wrinkled his brow while holding the heavy sword in his hand.

Now Ye Chen's aura was already threatening him.

war!

Ye Chen held the wooden sword in his hand, and the whole figure suddenly rushed over.

At the moment of rushing past, with the help of the strength on the ring, he rushed directly to the sky, held the wooden sword in both hands, and cut it down suddenly.

Ye Chen didn't use any techniques, just the simplest sword intent.

Avenue to Jane.

These simple offensives caused Zhan Tianqiang to retreat continuously.

boom!

Zhan Tianqiong held the epee in his hand to block Ye Chen's wooden sword, and then kicked it out!

This foot definitely has tens of thousands of pounds of power!

Sure to die!

However, Ye Chen stretched out his hand in full view!

At the moment he grasped it, Ye Chen stabbed Zhan Tianqiong's chest with a backhand.

Zhan Tianqiong broke free of Ye Chen's fingers, and the whole figure suddenly retreated.

When he retreated, Ye Chen refused to give up and rushed over frantically.

The martial artist under the ring was stunned, thinking that Ye Chen would be killed in a second.

Who knows now pressing and fighting against the sky.

Now everyone can see that Zhan Tianqiong is at a disadvantage.

Stormy waves are set off in Wang Chuan's heart! He found that he didn't know his apprentice at all, but Ye Chen brought him more surprises.

Chapter 2113: If you are really destined, so good

Zhan Tianqiong's face gradually became difficult to look at.

Everything right now is too shameful.

"what!"

With a loud shout, Zhan Tianqiong suddenly rushed to the sky, and the heavy sword in his hand suddenly fell.

This sword went down, as if the entire void was frozen!

The terrifying force caused gusts of wind to sound around, Ye Chen's clothes blew, but there was only indifferent eyes.

Although the realm of Zhan Tianqiong is not strong, the power of terror is too strong.

"Zhantianqiong, this is the secret realm of the Excalibur Palace, ten thousand swords return to the sect! I'll give you away!"

Ye Chen didn't intend to bully Zhan Tianqiong with his powerful martial arts.

Moreover, he did not release his full strength.

If he defeated Zhan Tianqiong immediately, it would not be good for him to find the sword box.

Countless sharp sword phantoms appeared behind Ye Chen, these sharp swords condensed in the air, and suddenly flew out.

Whoosh whoosh!

One after another sword light confuses people's eyes, and it is impossible to see the situation inside.

Jian Guang flew away, and the moment Jian Guang rushed past Ye Chen, his entire figure flew out.

boom!

In the Wandao Jianguang, Ye Chen pierced through with a sword.

Zhan Tianqiong's body was cut out with sword marks by the sword qi.

Ye Chen's sudden figure rushed over and caught Zhan Tianqiong off guard. In a hurry, he could only block with the sword in his hand.

Although Zhan Tianqiong's power is large enough, Ye Chen's body is stronger.

boom!

With a loud explosion, Zhan Tianqiong's entire figure flew out.

Stabbed!

The sword light suddenly broke out, the void faintly shook, and the entire ring collapsed.

Ye Chen had been hiding his strength all the time, just to issue the final blow at the critical moment to defeat Zhan Tianqiong.

The dazzling sword light made the warriors below the ring hard to see what happened on the field.

boom!

With a sword down, the dust flew, and when everyone looked at the situation inside, they found that Zhan Tianqiong had fallen to the ground.

On his chest, there is also a sword mark, braving a terrifying sword intent.

The elder on the side was dumbfounded, and Zhan Tianqiong was defeated!

How long is this!

Wang Chuan rubbed his eyes and looked at Ye Chen, breathing a little fast!

Does that mean that Ye Chen is already a core disciple now?

Looking back at Ye Chen, there was only peace on his face.

He stepped out, came to Wang Chuan, and said, "Master, can I enter the forbidden area ahead of time."

"The road to martial arts is endless."

"I want to pursue the sword intent of the forbidden land."

Wang Chuan was startled with a strange expression.

In the end, Ye Chen was actually just to go to the Divine Sword Forbidden Land?

However, from the very beginning, he hoped that Ye Chen would go to the Divine Sword Forbidden Land, and now this knotty eye would naturally not refuse.

"Go, disciple, I will take you to the Sect Master."

Sect Master said yesterday that as long as Ye Chen arrives at the core disciple, he will give him a chance to enter the Divine Sword Forbidden Land.

What he just promised yesterday, did not expect Ye Chen to become a core disciple today.

After Ye Chen left with Wang Chuan, the disciples in the martial arts field were still in a daze.

Just become a core disciple?

They just became inner disciples, and they became core disciples in less than a day. They just felt too unreal.

Soon the success of Ye Chen's challenge to the core disciple spread throughout the entire Excalibur Palace.

There is already a lot of talk!

Ye Chen's strength also refreshed everyone's cognition once again.

It's too scary.

As for Ye Chen, he followed Wang Chuan to the palace.

Sitting directly above was the Sect Master of the Divine Sword Palace, Jian Jiuhan.

Jian Jiuhan looked at Ye Chen, his eyes narrowed slightly, as if he wanted to see through all Ye Chen's secrets.

"Sect Master, you see that my disciple has become a core disciple, is the matter of the forbidden land of the Divine Sword..."

Wang Chuan did not continue, but the meaning was already obvious.

What you promised back then, Ye Chen has now become a core disciple, so he can't shame.

"Uncle Master, do we need to discuss this matter with the other hall masters?"

Jian Jiuhan smiled slightly and said.

"Sect Master, you promised me that if you don't let Ye Chen in, you will be at your own risk!"

Wang Chuan slapped his stool and quit!

In terms of seniority, he is higher than the sovereign!

Ye Chen, who was standing by the side, was also taken aback. He didn't expect this cheap master to be so sturdy.

Jian Jiuhan's face changed slightly, and if this incident really got there, he had no reason to refute it.

After all, he promised Wang Chuan and waited for Ye Chen to enter the core disciple before entering the Divine Sword Forbidden Land.

Who knows what he promised yesterday, today Ye Chen became a core disciple.

No one thought of this!

"Uncle Master, what's the matter, let's discuss it slowly, don't worry."

For his uncle, Jian Jiuhan had nothing to do.

"What to discuss slowly? I don't care, today I must let my disciple enter the Excalibur Forbidden Area."

Wang Chuan said coldly.

After finally meeting such a genius disciple, he doesn't want to lose it!

Jian Jiuhan rubbed his forehead with one hand, a wry smile at the corner of his mouth.

Ye Chen's talent is indeed extraordinary, but his origin needs to be thoroughly investigated.

It wasn't that such an example had never happened before, and this was the main reason Jian Jiuhan wanted to delay.

Otherwise, Ye Chen would have already entered the Divine Sword Forbidden Land.

"Well, let Ye Chen challenge the three core disciples. If all can succeed, I will let him enter the forbidden area of the Divine Sword."

When Jian Jiuhan spoke, Wang Chuan suddenly became a little unhappy.

Although his cultivation level is not high, he is not a fool either. Is this unclear to make his apprentice quit?

He was very clear about the strength of the three core disciples, Ye Chen alone would hardly be an opponent.

When Wang Chuan was about to say something, Ye Chen stopped directly and said to the palace master: "Okay, I challenge the three core disciples."

Ye Chen himself had enough confidence that the three core disciples were not his opponents.

Jian Jiuhuan nodded slightly, and then said: "You go back first. See you in the martial arts field after an hour. I will notify you later."

Ye Chen himself agreed, and Wang Chuan was too embarrassed to say anything, and could only leave afterwards.

After Ye Chen and Wang Chuan left Jian Jiuhuan whispered from the corner of his mouth: "Ye Chen, if you are really the destined person of that thing, it will be fine."

"If it's not, I might personally kill a monster genius who can master the Lingwu Continent."

...

Soon, Jian Jiuhuan released the news that after an hour, Ye Chen would have to challenge the three core disciples alone, basically the entire Excalibur Palace knew.

Ye Chen hadn't arrived yet, but the martial arts ground was already crowded.

Everyone bowed their heads and whispered, basically no one was optimistic about Ye Chen's challenge to the three core disciples.

Every core disciple is a genius, and leapfrogging challenges are commonplace.

How long did Ye Chen come to the Excalibur Palace? Wanting to challenge the three core disciples is tantamount to idiotic dreams.

Chapter 2114: Mysterious man!

The Ye Chen hasn't arrived yet, but as soon as the three core disciples appeared, there was a burst of exclamation.

"Unexpectedly, it turned out to be the top three of the core disciples."

One of the disciples said, never expected that this would be the case.

The first three core disciples of Excalibur Palace are all the three strongest disciples of Excalibur Palace!

Everyone has reached the pinnacle of the star orifice, and even the level of a half-step blockade.

Even if the twelve hall masters meet these three, they may not be able to retreat!

These three people represent the true evil spirits of Excalibur Palace!

Also a popular candidate for future hall masters and suzerains!

Looking at Lingwu Continent, they are all extremely enchanting geniuses!

Not only that, Kong Xiang, the strong man who ranked first, was admitted to the Shenfeng Academy, one of the four mysterious academies in Lingwu Continent!

But he directly refused!

"I really don't know what the old man, the lord, thinks, let the three of us deal with a good fortune realm together."

Next to Kong Xiang, a disciple with white hair in a blue shirt, with a feather in his mouth.

This person is among the core disciples, ranked second, Lan Yu.

Beside Lan Yu, a man dressed in black, with an indifferent expression, stood motionless, like a statue.

Yue Hai held a sword in his hand, and there was a soft light in his eyes, as if this sword was his passionate lover.

The three core disciples walked to the stage and waited quietly.

After Ye Chen and Wang Chuan arrived, Wang Chuan happened to see the three core disciples on the martial arts ground, and for a moment he was so angry.

Isn't this the top three among the core disciples?

Although Wang Chuan knew that the Sect Master would intentionally target it, he didn't expect it to be so obvious.

"No, I must go to the suzerain for theory!"

Wang Chuan only felt that the anger in his heart could no longer be controlled, and if he continued like this, he would have to be furious.

"Master, it's okay!"

Ye Chen grabbed Wang Chuan, crying and laughing in his heart.

Ye Chen still respected his cheap master in his heart.

Ye Chen said, he finally got Wang Chuan to agree, not to trouble the sovereign.

Regarding his challenge this time, all the twelve hall masters came over and jointly placed the seal.

Just to prevent the atmosphere of fighting from spreading to other disciples.

In less than a few days, Ye Chen's work was getting more and more crazy, even if it was them, there was a little complexity in his heart.

They wanted to see if Ye Chen could defeat the three core disciples, although hope was slim.

What they want to know most is Ye Chen's true combat effectiveness.

When Ye Chen entered the core disciple, he didn't seem to use all his strength.

This time the top three core disciples shot together, and Ye Chen could definitely make Ye Chen burst out of real strength.

This is what they are most looking forward to seeing!

Although Wang Chuan agreed to Ye Chen, he was angrily in his heart, and came to the viewing platform angrily.

The twelve hall masters also knew why, no one would touch Wang Chuan's mold.

Everyone knows that when Ye Chen agreed to enter the core disciple, he would arrange to enter the Divine Sword Forbidden Land.

Originally, they thought that Ye Chen could enter the core disciple for two to three years, who knows...

When they think about it, they feel it is a major mistake.

If I knew it, I should have said that Ye Chen would go in after two or three years.

Ye Chen walked on the martial arts field step by step, and when his figure appeared, there were cheers.

During this time, Ye Chen's popularity in the Excalibur Palace has risen sharply.

"One Sword King!"

"One Sword King!"

The cheers were deafening, and Ye Chen didn't expect that he would be so popular.

When Ye Chen stood on the ring, he looked at the three core disciples in front of him.

When seeing one of them, his eyes shrank slightly, Kong Xiang's strength had actually reached the gate-closing state, but his strength had been hidden.

And there was a cold danger on his body.

"It seems that this Divine Sword Palace is indeed mysterious, and the core disciples of the gate-closing state, looking at the entire Lingwu continent, are not many.

"Just listened to the following statement, this person rejected the Kamikaze Academy, and the Sect Master did not reveal his strength."

"This Excalibur Palace probably hides a big secret."

"It's just that the secret, is it really that windy six sword box?"

Ye Chen took out a wooden sword and looked at the three of them with a pair of eyes.

In the palace of the Shenjian Sect, there is a mirror next to Jian Jiuhan, which happens to be the scene in the martial arts field.

This time he specifically asked the top three core disciples to shoot, just to confirm Ye Chen's true strength.

Above the martial arts field, the three of Kong Xiang took out their swords and looked at Ye Chen at each other.

"Are you sure you still use this broken wood sword?"

"In the Excalibur Palace, insult the sword and you will die."

An extremely cold voice sounded.

Ye Chen smiled: "Mu Jian is used to it."

After the words fell, the three killing intents instantly locked Ye Chen!

Although the war had not yet begun, the disciples of the Excalibur Palace all felt a depressed breath and began to diffuse.

Ye Chen held the wooden sword in his hand and rushed over suddenly.

The moment he rushed over, Kong Xiang and the three of them moved.

One attacked from the front, and the other two disciples flew into the void.

Although they felt that using three people to deal with Ye Chen was a little overkill, but Rabbit Game still needed their best.

Ye Chen's whole body was like a sharp sword, flying away, and the wooden sword in his hand exploded with a terrifying breath.

The breath of immortal sword intent gushed out from the wooden sword.

Sword Qi was wanton, the wooden sword in Ye Chen's hand, the sword fell in his hand, and the sword was cut out suddenly.

Stabbed!

A sword light rushed towards Kong Xiang frantically. For Ye Chen, Kong Xiang was the most threatening.

To capture the thief first capture the king, Ye Chen decided to eliminate Kong Xiang first, and then deal with the other two.

After making up his mind, Ye Chen rushed towards Kong Xiang frantically. As for the two of Lan Yu, they didn't respond at all.

If you use the wooden sword and your own moves, there is not much pressure to deal with the three, but his identity cannot be revealed yet.

"God's blood, the gas of Gengjin!"

Ye Chen murmured at the corner of his mouth, and the aura on the whole body climbed directly.

For these three people, he did not dare to be too careless.

After all, these people have the ability to leapfrog!

Sword Qi struck, Kong Xiang didn't rush to block directly with the sword in his hand.

At this moment, two people, Lan Yu, behind Ye Chen rushed over.

The terrifying sword intent spread behind Ye Chen.

The moment Ye Chen turned around directly waved his sword and went down.

boom!

A sharp sword light rushed over suddenly.

At the moment when Jian Qi rushed past, Ye Chen drew a distance from Kong Xiang.

When pulling away, he put away the wooden sword and blasted it out with a punch.

Lan Yu didn't expect that Ye Chen, who had originally left, would charge once again and come directly towards him.

No way, Lan Yu abruptly received Ye Chen's punch, and suddenly only felt his blood surge.

Almost a spit of blood came out directly from his mouth.

Lan Yu looked at Ye Chen with shocked eyes.

Ye Chen's physical strength is so powerful!

Chapter 2115: What are you doing!

The disciples who watched the battle were full of enthusiasm. Everyone could tell that Ye Chen was one enemy three, not only did he not let the wind fall, but he was also comfortable.

The shouts on the scene, more than one layer.

When Wang Chuan saw this scene, he smiled with satisfaction, even if Ye Chen was defeated, there was no shame.

From now on, who would dare to say that he would not teach apprentices?

Ye Chen didn't have any proud look on his face. He knew that he was just warming up.

None of the three men's hole cards appeared, and the battle just started now.

Lan Yu clenched the sword in his hand and came to Ye Chen's side in the blink of an eye.

Immediately, the sword in Lan Yu's hand burst into brilliant light.

The light flickered, and a sharp sword gas rushed directly.

Ye Chen took out the wooden sword and blocked it directly. A sword flower appeared in the wooden sword in his hand.

The sword flower circulated in the air and rushed past in an instant.

When rushing past, Lan Yu cut directly with a sword, and the strength of the peak power broke out at this moment.

Kong Xiang suddenly came to Ye Chen's left, and his cold sword intent was suddenly released!

Not only that, when Kong Xiang shot, Yue Hai came behind him.

The sword qi in his hand burst out directly, and a sword cut out suddenly.

Three sides attacked, leaving Ye Chen no way to escape.

"Break it for me!"

Ye Chen roared, and he waved his sword out, rushing past with sword aura continuously.

The disciple outside was shocked, and he didn't know if Ye Chen could break through.

If not, I'm afraid Ye Chen will lose!

Lan Yu took out a small bag in his hand, and when he saw the small bag, Ye Chen frowned.

Last night, Wang Chuan explained the strength and methods of all the core disciples.

Lan Yu's own strength is not particularly terrifying, but there is a means to control the beast.

The monster beast that can be subdued can be used for combat.

When the monster bag opened, a giant beast appeared in front of Ye Chen.

The behemoth made a sizzling noise, and its speed was as fast as lightning!

At the moment the giant beast rushed over, Ye Chen didn't hesitate, and the wooden sword in his hand was directly cut out.

Sword in the air!

One sword breaks ten thousand magic!

When the immortal sword intent poured into the wooden sword madly, Lan Yu suddenly felt a huge sense of crisis.

The source of this sense of crisis came from Ye Chen.

boom!

A sword swept away, like a dragon roaring, rushing towards Lan Yu.

The disciples watching the battle can feel the horror of this sword.

If this sword were placed on them, it would definitely die without life, and would not survive at all.

Lan Yu frowned, and a strange mark was made in his hand, and the giant beast rushed over to protect his body.

He himself didn't have any certainty that he could withstand Ye Chen's blow, but he could only make the giant beast use his flesh to resist.

Stabbed!

The giant beast let out a painful roar, and its body turned into blood mist in a blink of an eye.

Huh!

Lan Yu spit out blood, even if he was across the giant beast, he could feel the huge impact.

Ye Chen's whole figure suddenly rushed over.

Lan Yu had been scared by Ye Chen's sword long ago, and had no ability to resist.

When Ye Chen rushed over, Lan Yu didn't make a move at all, and stood there abruptly.

If it were in the life and death battle, Lan Yu would have been beheaded long ago.

Ye Chen finally withdrew his strength.

Puff!

Lan Yu's body retreated violently, and a mouthful of scarlet blood came out from his mouth.

"You don't need to do anything."

After Ye Chen finished speaking, he turned to the remaining two people.

Kong Xiang's face became completely difficult to look.

Now only he and Yue Hai were left, and the battle became even more difficult.

When he was thinking about how to defeat Ye Chen, he found that Ye Chen's figure had come to Yue Hai's side.

Yue Hai's cold cheeks did not change in any way, but the sword in his hand rushed over.

Yue Hai specializes in cultivating the Unfeeling Seven Killing Swords, and each sword has no feelings.

There is only a sword in his mind, and a swordsman who cultivates unfeelingly has only a sword in his hand.

When the cultivation is ruthless and desireless, the Unfeeling Seven Killing Sword can be regarded as reaching the realm of great achievement.

boom!

A sword struck, Ye Chen didn't change his face, but between raising his hand, the wooden sword in his hand was directly cut out.

When the two were in contact with each other, a terrifying muffled sound erupted.

The disciples onlookers were all shocked at the sight. Fortunately, there is an enchantment jointly arranged by the twelve hall masters, otherwise they would not be able to bear the aftermath.

"The Realm of Killing!"

Ye Chen suddenly released the realm!

As soon as the realm came out, everyone present changed color!

The realm of good fortune can actually release the power of the realm!

What kind of evil is this!

"Who are you anyway?" Yue Hai asked in shock.

Ye Chen smiled without saying a word, and rushed over in a blink of an eye.

Stabbed!

Cut out suddenly with a sword!

At this time, Kong Xiang's face did not change, and a sword light rushed out.

The moment the two touched, there was a terrifying explosion.

With this explosion, countless dust erupted, and the entire array barrier was crumbling.

Boom boom boom!

The breath of horror spread, causing all the disciples to take a breath.

Is this really the fighting power erupted by the core disciples?

The battle above the void, these disciples can no longer see clearly, only the twelve hall masters can see the combat power above the void.

The sword intent of the cross-cutting measures is like a huge wave in the sky.

boom!

There was a terrible explosion, and two figures fell from the void. Everyone looked at them and found that Kong Xiang and Yue Hai were unconscious.

hiss!

There was an exclamation sound from the whole scene, and Ye Chen gradually fell from the void.

When he fell steadily, the whole scene exploded instantly.

"One Sword King!"

"One Sword King!"

The voice lasted for a long time, and Wang Chuan stood up excitedly. This is his apprentice, his pride.

Now in Excalibur Palace, who can still be the opponent of his apprentice?

"Ye Chen, I am waiting for you in the palace!"

Suddenly the palace lord's voice came, and Ye Chen came down from the martial arts arena and came to Wang Chuan.

"The lord calls you, do you need me to accompany you?"

Wang Chuan loved his precious disciple very much.

If anyone dared to attack Ye Chen now, Wang Chuan himself had to do his best.

"No need for Master, I can go by myself."

Wang Chuan nodded slightly, in the Excalibur Palace, no one would harm Ye Chen.

Ye Chen came to the palace alone and found that Jian Jiuhan had already been standing there.

His sharp eyes stared at Ye Chen, as if he was about to see through Ye Chen.

"Ye Chen, you should have rescued that girl from the Holy Dragon Family!"

"Do you know that the Sacred Dragon family has issued a kill order in order to find you!"

"What are you hiding in Excalibur Palace for?"

Jian Jiuhan roared, his eyes fixed on Ye Chen.

At this moment, as long as Ye Chen said a wrong sentence, Jian Jiuhan would take action.

...

At the same time, the entrance of Excalibur Palace.

Several figures stopped.

"Senior Frost, are you sure Ye Chen is inside?"

A clear voice sounded.

Surprisingly, the owner of this voice is actually Beigong Ziyu from the Beigong family of the Western Regions.

And a man and a woman stood beside Beigong Ziyu!

The man is full of breath with murderous intent all over his body.

On the side, the girl's eyes were like autumn water, her long hair fluttered slightly, her slender eyebrows, her beautiful nose, and her delicate lips were extremely attractive.

The key girl's figure is hot enough.

If Ye Chen were here, he would definitely find that this was Sun Yi!

Sun Yi stared at the gate of Excalibur Palace, excited!

She knew that as long as she stepped into this door, she could see Ye Chen again!

Frost Sword God glanced at the door: "Let's go, according to Ye Chen's temperament, this Excalibur Palace will suffer."

Chapter 2116: The teacher is injured, the disciple is willing to kill for 9 days!

The Frost Sword God came to the gatekeeper of the Excalibur Palace and said: "I am the Frost Sword God of the Ten Thousand Sword Emperor Palace. I came to look for Ye Chen. I don't know if this person is in the Excalibur Palace."

"If so, please report, I have something to look for this person."

The reason why the Frost Sword God would be with Bei Gong Ziyu and others was entirely because Bei Gong Ziyu brought a man and a woman to the Ten Thousand Sword Emperor's Palace a few days ago.

After all, after the soul clan affairs were over, Ye Chen told Beigong Ziyu that he was going to Wanjian Emperor Palace.

Bei Gong Ziyu knows that it is difficult to find Ye Chen in the vast crowd, only the power of Wanjian Emperor Palace is possible!

However, when they arrived at the Ten Thousand Sword Emperor Palace, they only learned about the Holy Dragon Family!

The Holy Dragon family wanted Ye Chen in the entire Lingwu Continent!

Bei Gong Ziyu thought it was impossible to see Ye Chen.

Unexpectedly, the Ice Sword Saint King of Ten Thousand Sword Emperor Palace gave them an address.

It is the Excalibur Palace!

Not only that, but also let the Frost Sword God of Ten Thousand Sword Emperor Palace **** all the way to the Eastern Excalibur Palace!

The disciple of the Excalibur Palace was a little wary at first, and when he saw the jade card in the hands of the Frost Sword God, his expression suddenly became nervous!

After all, the status of the wheel, the undisputed Excalibur Palace is a bit weaker than the Ten Thousand Sword Emperor Palace.

"Senior, please wait a moment, I'll report it."

"You can rest for a while in the pavilion next to it."

The Frost Sword God nodded, his eyes closed tightly, waiting patiently.

Not long after, the disciple of the Excalibur Palace walked out and said, "A few, it's windy outside, and the hall master wants you to go inside first."

"However, the person you are looking for has important matters and cannot come to see you yet."

Frost Sword God's eyes narrowed slightly: "No problem."

A few people came to Wangchuan's place and waited patiently.

It's been a long time since Ye Chen has been looking for, so naturally he doesn't care about the time right now.

...

At this moment, in the Excalibur Palace.

The atmosphere is solemn to the extreme.

Jian Jiuhan's murderous intent was released, as long as Ye Chen's answer made him unsatisfied, he would completely kill this enchanting genius!

However, at this moment, there was no change on Ye Chen's cheek, and he smiled and said, "Sect Master, first, I am not hiding from the Holy Dragon Family. You should know that when I woke up, I appeared here inexplicably. It is caused by spatial turbulence.

Because my strength hasn't recovered, I can only temporarily stay in Excalibur Palace. "

"Second, at the beginning I didn't have the slightest sense of belonging to the Excalibur Palace. I just wanted to leave, and even participate in the Outer Sect selection, just to return the favor of a little girl."

"However, after staying in the Excalibur Palace for a few days, I gradually understand a truth. I really will not stay in the Excalibur Palace for too long, but I have already admitted the Excalibur Palace to be my master."

"The teacher is humiliated, the disciple is angry! The teacher is hurt, the disciple is willing to kill for nine days!"

"This sense of belonging comes more from everyone's recognition, of course, the most important thing comes from the master."

"The master knows that he can't practice. His only wish in the Excalibur Palace is to teach a disciple who is world-renowned."

"The expectation in his eyes is similar to the ardent look in our pursuit of martial arts. I don't want to let the master's eyes appear disappointed."

"Today, I am a disciple of the Excalibur Palace, and in the future, I will still be a disciple of the Excalibur Palace."

"Even if you don't admit the leader, if Divine Sword Palace is in trouble, I am willing to take action at all costs."

A few words made Jian Jiuhan fall into contemplation.

The whole scene suddenly became quiet, and Ye Chen stood there without saying a word.

Now all the decision-making power lies in Jian Jiuhan's body, and Ye Chen is ready to make a direct shot.

Once the situation is not right, he will do everything possible to escape.

As for the sword box, it can only be discussed in the long term.

At this time Jian Jiuhan said, "Fine, I won't pursue your origins, as long as you don't betray the Excalibur Palace, that's enough."

A word made Ye Chen breathe a sigh of relief in his heart, no matter what, this level was finally over.

"About the Excalibur Forbidden Land, you don't have much time, let's set off immediately."

"Today, maybe your last day in Excalibur Palace."

Ye Chen was startled slightly, what does Jian Jiuhan mean?

He is leaving?

However, the injury has recovered, and it is time to find Ji Lin and Huishenhuo Academy.

...

Soon, Ye Chen followed Jian Jiuhan to a forbidden area of the Excalibur Palace.

Numerous swords were inserted in the forbidden ground, and the aura from each sword was extremely terrifying.

"You should be curious, why I have not exposed my strength, and even tried my best to suppress the reputation and ranking of Excalibur Palace."

"I just want to keep this forbidden area."

"The greater the reputation of the Excalibur Palace, the stronger its strength in the outside world, the existence of this forbidden area will become the fuse for the destruction of the Excalibur Palace."

"However, when you appeared, I had a foreboding that the mission of this forbidden area should also end."

Jian Jiuhan said softly from the side.

Ye Chen nodded slightly, and after walking for a long time, the two finally came to one place.

This place is a clearing, there is nothing, not even a place for the teleportation array.

As soon as Jian Jiuhan raised his hand, his blood spurted out, and the formation was triggered. The entire ground shook, and suddenly a simple tower appeared.

The entire tower is not high, only ten meters, Jian Jiuhan waved his hand, and the gate of the tower opened.

"Ye Chen, go in by yourself, don't be surprised no matter what happens."

Jian Jiuhan's words made Ye Chen startled, and he didn't know what would happen inside, so he could only take one step to see.

When Ye Chen walked inside, his figure gradually disappeared, Jian Jiuhan waved his hand, and the gate of the entire tower was directly closed.

After closing, Jian Jiuhan murmured in his mouth: "I don't know how many swords Ye Chen can recognize this time."

As soon as the voice fell, Jian Jiuhan's whole figure disappeared.

After Ye Chen entered the tower, he found that the surrounding area was completely dark.

Moreover, he was shocked to find that his dantian and spiritual power were completely sealed.

Unavailable!

And this control is still strengthening!

At this moment, the sound of the breeze in the reincarnation cemetery sounded: "Disciple, it seems that this Excalibur Palace is not that simple."

"The tower actually contains a source of power for the eyes a big handwriting."

"It can be said that it uses the power of the source to form a world on its own."

"Next, not only your dantian will be sealed, but you will be isolated from the Samsara cemetery and even the devil emperor in the eyebrows, otherwise the Samsara cemetery and the devil emperor will definitely be discovered."

"You will enter the mood of the sword. If I guess right, the sword box is inside."

"As for whether you can get it, I'm not sure."

"Open your eyes."

After the words fell, the clear wind voice disappeared.

Ye Chen wanted to communicate with the reincarnation cemetery, and sure enough, all connections disappeared!

There is no dantian and cultivation base, no reincarnation cemetery, what should I do if I encounter danger?

Ye Chen opened his eyes and found himself in a dungeon of countless bones.

Chapter 2117: 10 years inside, 1 moment outside!

The entire dungeon is airtight, and the cold killing intent is condensed around it.

Ye Chen glanced at himself, and found that his whole body had been handcuffed. It was so strong that there was no way to break it with brute force.

"What the **** is Jian Jiuhan doing?"

"Where is this again? The world of swords?"

"I can endure my Dantian being blocked, why am I bound when I open my eyes?"

Ye Chen really has the urge to curse!

Crunch!

At this time the dungeon opened the door, and a beautiful woman appeared, wearing a gorgeous robe, and two disciples beside her.

"Are you the new disciple of the Excalibur Palace?"

"Unexpectedly, Jian Jiuhan would even let people in."

When she opened her mouth, her voice was unusually charming.

"You come out with me!"

As soon as the beautiful woman's voice fell, and with a wave of her hand, the door of the entire dungeon opened.

Ye Chen walked out honestly, he didn't know what was going on now.

Ye Chen followed the woman to a palace. She asked the maid to leave, staring at him closely.

Being stared at by a woman like this, Ye Chen felt a little hairy inside. This beautiful woman would not have a habit of accepting male pets?

"The place where you are is called Chenzong. I am the Sect Master of Chenzong. Jian Jiuhan can let you in. Your sword intent should be very good, right?"

Facts have proved that Ye Chen thinks too much, Sect Master Chen has no such thoughts at all.

Ye Chen could only nod his head.

"In that case, I can let you live and live in the dust sect temporarily, but after ten years, I will help my dust sect to fight for the **** sword box!"

Ye Chen frowned, what is the Heavenly Sword Box?

Could it be the six sword boxes of clear wind?

wrong!

The sword box is not important anymore!

What is important is that Sect Master Chen actually said that he would stay here for ten years?

Dantian was sealed for ten years? ?

What nerves did Jian Jiuhan make! What test is this!

Ye Chen just planned to leave, Sect Master Chen smiled and said: "Don't worry, the outside world will be ten years inside for a moment."

"All of this is just in one thought."

"As for why your dantian was sealed, that is the rule here. You have to practice again and forget everything."

"You only have a sword in your heart."

"A dusty heart cannot contain any impurities."

"After all, this is the world of swords."

Seeing Ye Chen's puzzlement, Chen Sect's Sect Master continued to speak: "In the entire world of swords, there is a tomb of ten thousand swords. Ten years later, regardless of any power, the sword repairmen of the sect will enter it to fight for the gods. sword."

The Sect Master of Chenzong told Ye Chen the whole thing.

At this moment, Ye Chen had an intuition that the Tomb of Ten Thousand Swords was where he was really tested.

Sword repair in the world of swords has no benefit, but is suppressed everywhere, after all, because of the rules of this world.

If there is a sect who can obtain the Heavenly God Sword Box, he can control the world of swords.

Each time the Heavenly God Sword Box will only guard the sect for ten years, and will return to the Tomb of Ten Thousand Swords once the time limit expires.

In ten years, Ye Chen had no blood, no pill, no chance, so he could only cultivate endlessly.

Only by reaching the outside world's own realm can they be qualified to enter the Tomb of Ten Thousand Swords.

Time passed in a flash, and ten years passed in a hurry.

Ye Chen opened his eyes, and his breath also stayed in the sixth layer of the good fortune realm.

This ten years, he has been with the sword.

It made up for the regret of outside cultivation.

He has an extra ordinary heart.

A heart of reverence for Kendo.

Not only that, the immortal sword intent in his body was completely aroused!

Even though he only has the strength of the sixth layer of the good fortune realm, and there is no existence of the devil emperor and the reincarnation cemetery, he can still leapfrog!

This gave Ye Chen a certain amount of confidence, and finally had the strength to protect himself in the world of swords.

The Sect Master of the Dust Sect brought Ye Chen over and prepared to go to the Tomb of Ten Thousand Swords as agreed.

Their dust sect is not that strong in the world of swords, they can only have one qualification.

There is no sword repair itself, because Ye Chen will participate.

When she noticed Ye Chen's body, she discovered that the sacred breath was related to the sword intent, and then she made the original decision.

Although hope is slim, I have to give it a try.

The location of the Tomb of Ten Thousand Swords is random. As early as a month ago, a vision appeared in a mountain range.

In the void of the entire mountain range, large and small vortices appeared, but the vortex was the passage to the Tomb of Ten Thousand Swords.

When Ye Chen followed the Sect Master of Chen Sect, he found that there were already many forces around him.

Even if there are a lot of Demon Dao sects, no sect can make a move within one month of the opening of the Tomb of Ten Thousand Swords.

The Tomb of Ten Thousand Swords is the largest prosperous age in the world of swords, and sword repairs from all directions will appear.

Ye Chen looked up and found the whirlpool above the void.

At this moment the vortex has not yet formed, and it will take a day or two to wait.

After a day or two, the vortex has formed, and the Sect Master of the Chen Sect glanced at Ye Chen: "It's your turn."

Ye Chen smiled slightly and rushed directly into the void into the whirlpool.

This time he entered the Tomb of Ten Thousand Swords, I am afraid he would not appear in the world of swords.

When Ye Chen entered, a group of casual cultivators entered one after another.

After a while of dizziness, Ye Chen opened his eyes and found that there were dense swords all around him.

These swords are inserted in the mountains, and there is a continuous flow of sword intent in the air.

At this moment, Ye Chen seemed to come to the world of swords!

Surrounded by sword energy, sword light was still floating in the air.

These sword lights have no harm, just like an ornament.

There is no sun above the sky, but it is extremely bright.

Ye Chen no longer thinks about it. No one knows where the Heavenly God Sword Box is. Everything can only be done by fate.

When Ye Chen walked for two hours, he found a group of martial artists, only three people, but they were all cultivation bases of the Star Aperture Realm.

When these warriors saw Ye Chen, a fierce smile appeared at the corners of their mouths.

In the Tomb of Ten Thousand Swords, in addition to the warriors of their own forces, any warrior is an enemy.

There was only Ye Chen in the entire Chen Sect, and naturally there were no teammates.

Three martial artists of the Star Aperture Realm came to Ye Chen's front, and then directly said, "You can judge yourself!"

They have arrogant and domineering capital in front of the sixth-tier Celestial Martial Artist of Good Fortune Realm Ye Chen's face did not change in any way, but there was a faint smile on the corner of his mouth.

He took out the Tianchen Sword in his hand, this was the Sect Master of the Chen Sect, specially prepared for Ye Chen on the way.

Seeing this scene, the three star warriors suddenly dismissed it with a smile.

An ant with the sixth-tier sky in the good fortune realm, also wants to attack them?

"Yue Chi, go and solve him!"

One of them said!

The young man named Yue Chi walked out of the three figures, his face filled with a hideous smile.

He clenched the sharp sword in his hand, glanced at Ye Chen disdainfully, and then suddenly rushed over with a sword.

Ye Chen had a pair of immortal eyes without any fluctuations, and then raised the Heavenly Dust Sword, the immortal sword intent, burst out from his body.

Chapter 2118: Sword box of 6 Excalibur!

The A sharp sword light exudes a dazzling light.

The aura of immortal sword intent filled the air, and a sword fell like a horror.

boom!

At the moment when the two touched each other, Ye Chen's sword light directly tore Yue Chi's sword energy apart.

The sword light is like a broken bamboo, rushing to Yuechi!

Yue Chi's entire complexion changed drastically, and he did not expect Ye Chen's sword light to be so strong.

He just wanted to hide, but found that his figure had been locked.

At the moment of locking, sword light suddenly descended.

boom!

With one sword down, Yue Chi's whole body was directly cut in half!

hiss!

The remaining two Star Aperture Realm martial artists took a breath, and Yue Chi was killed so easily?

Their legs were trembling a little, looking at Ye Chen's eyes, completely changed!

How is this a soft persimmon, it is exactly a **** of murder!

run!

They ran away without any hesitation, facing Ye Chen without any will to fight.

Yue Chi's strength is similar to them, and one sword can kill Yue Chi in seconds, and they are probably the same.

"Since you want to die, just stay!"

Ye Chen gave a soft drink, and the Tianchen Sword in his hand suddenly cut out two sharp sword lights.

Jian Guang burst out with brilliant rays of light, as fast as lightning, and suddenly rushed over.

boom!

The two fleeing figures fell directly on the ground, completely without alive.

All of this was just an episode in Ye Chen's eyes. He put away the Tianchen Sword and continued to walk forward.

After walking for an hour, Ye Chen found that the sword intent around him became stronger and stronger.

On a mountain peak, a sword box stood high in the sky, emitting a dazzling light.

And there are six divine swords floating around the sword box!

The power of the divine sword is daunting!

Three of them, Ye Chen, are very familiar!

One, the golden light covers the sky!

Slash the sky with a sword!

Together, burn the sky!

Burning the sky with a sword!

The third way is the third sword that contains the supreme thunder!

As for the remaining Three Swords, Ye Chen only glanced at it and found that his heart was shaking, and a mouthful of blood was spit out from his mouth!

What a strong sword intent!

Feng Qingyang's sword box is so strong, what strength is Feng Qingyang's body!

Feng Qingyang despised the Kingdom of God! Could it be that Feng Qingyang has left some shocking legends in the kingdom of God!

Ye Chen stopped thinking about it, and walked in the direction of the sword box!

As long as you find the sword box, you can leave this world!

Ye Chen walked quickly and came to the foot of the mountain, and found that many warriors gathered.

Even the expressions of the warriors at the peak of the Star Aperture Realm are somewhat solemn!

From their expressions, Ye Chen could observe that the sword box should be on the top of the mountain!

Thinking of this, Ye Chen couldn't help but feel a little excited.

Of course, he didn't climb the mountain rashly. None of the warriors in the Star Aperture Stage went up. There must be something.

As time passed bit by bit, more and more warriors gathered.

One of the martial artists of the fifth floor of the Star Aperture was really unbearable, and was going to climb alone.

The sword box is just above the top of the mountain. If they want to go up, it only takes an hour.

The warrior on the fifth floor of the Star Aperture, stepped forward, rushed up quickly, but walked a third of the distance.

The warrior's entire face turned into a look of horror, and suddenly he screamed!

The whole body fell in the mountains!

The warrior who was eager to try, never dared to go up again!

The strong man just now died completely without knowing what happened.

Some things, unknown things, are the most terrible!

Ye Chen furrowed his brows, seeing the scene just now, and he didn't understand.

Just now, what did the martial artist of Xingqiao Fifth Floor Heaven encounter, so terrifying?

The sword box is on the top, it only takes an hour to get it, but no warrior dared to move.

Although the sword box is good, his life is even more important!

"You! Go two steps in the past, if there is any danger, immediately retreat!"

At this moment, a warrior at the pinnacle of Star Aperture Realm came to Ye Chen and said directly.

The strength of the pinnacle of the Star Aperture Realm was considered a strong person in the Tomb of Ten Thousand Swords.

In his words, he obviously wants to force others to test the water!

Ye Chen frowned, wanting him to be a mouse to explore the way?

"roll!"

A word directly directed at the martial artist of the star aperture peak!

Among the warriors present, his realm is considered the lowest level!

The warriors of the Star Aperture Realm naturally look for soft persimmons!

When Ye Chen's voice fell, the warriors present stared at him with some doubts and some scorn.

A small Fortune Realm who dared to scold a Star Aperture Realm powerhouse is really a brain problem.

The martial artist at the pinnacle of the star aperture gradually became gloomy.

A martial artist in the good fortune realm dared to say silly words in front of him, completely disregarding him.

Ye Chen took out the Tianchen Sword in his hand, knowing that this battle could not be avoided!

The surrounding warriors made a clearing, and now no one dares to climb to the top, naturally hope to see the excitement.

They want to know what exactly Ye Chen has the confidence to dare to attack the powerhouse at the pinnacle of Star Aperture.

Of course, in the eyes of more warriors, they think that Ye Chen is purely a lunatic, or that he is already a dead person.

A star-aperture realm powerhouse can shoot Ye Chen to death with one slap!

The immortal sword intent burst out frantically on Ye Chen, and the energy in his body continuously poured into the Tianchen Sword.

He doesn't have all the cards, but he has a sword!

The heart of kendo, the strongest is not to admit defeat!

Xingqiao pinnacle powerhouse, a disdainful smile appeared at the corner of his mouth, and then he held out a finger!

He wants to crush Ye Chen with one finger!

The frantic condensed energy at his fingertips, and the terrifying aura suddenly spread.

A finger fell in an instant, Ye Chen did not hesitate at all, and the Tianchen Sword in his hand suddenly lifted.

A sharp sword light condensed in an instant and fell suddenly!

At the moment when the two touched each other, there was a terrifying explosion.

boom!

With an earth-shaking sound, Ye Chen's ghostly figure suddenly rushed over.

The complexion of the martial artist in the Star Aperture Realm changed slightly Ye Chen didn't even have a finger crushed to death!

how can that be?

The martial artist next to him showed a strange look in his eyes, and he looked at the star-aperture realm peak powerhouse with a little contempt.

You are a star-aperture realm powerhouse, and you can't even kill a martial artist in the good fortune realm. I am afraid that you have cultivated to a dog, right?

Ye Chen at this moment is eye-catching!

They wanted to see where Ye Chen could go, and whether he could kill the Star Aperture Realm powerhouse.

Although this thought, flashed in the mind of the warrior.

Feeling the gaze around, the martial artist at the peak of the star aperture, the whole person was furious!

The sharp sword in his hand was suddenly pulled out, and a sword pierced Ye Chen's chest.

As he stabbed past, a blossoming sword flower came.

Chapter 2119: worth it!

The Heavenly Dust Sword in Ye Chen's hand suddenly fell, and a sword slashed on the sword of the Star Aperture Realm martial artist.

boom!

There was a crisp sound when the blade of the sword was only three centimeters away from Ye Chen.

Ye Chen's figure moved to the left, avoiding this sword.

At lightning speed, he came directly to his side.

When he rushed, his fists were slightly clenched, and there was a creaking sound.

A fist fell suddenly!

This punch burst out a terrifying breath, like a flash of thunder.

boom!

A strong star in the Aperture Realm, the whole figure keeps backing away.

Huh!

A mouthful of blood came out directly from his mouth.

The martial artists watching around, all opened their mouths in surprise!

Although it was only a brief fight, everyone was not a fool, and they could all tell that Ye Chen had always had the upper hand.

It's weird!

The good fortune realm can burst out such a terrifying combat power, how enchanting is the talent?

They can't imagine it anymore!

At this moment, the Star Aperture Realm powerhouse is suffering, and his aura is completely unable to suppress Ye Chen.

It was even vaguely suppressed by Ye Chen!

Where does this make him reason?

If it were an ordinary martial artist of good fortune, he would have already slapped him to death.

Ye Chen couldn't see any expression of joy on his face, it seemed that it should be!

If it weren't for the means that he couldn't use, he would have killed his opponent in a single battle, so why waste the time now.

Fortunately, everyone didn't know Ye Chen's thoughts, otherwise they would have their jaw dropped.

Ye Chen rushed over again, and the immortal sword intent in his body continued to gush out.

The energy in his body rushed into the Tianchen Sword madly, and he no longer wanted to waste time anymore.

The blue veins on his arms violently violently, the Tianchen Sword suddenly lifted up at this moment.

When he lifted it up, the martial artist of the Star Aperture Realm felt a terrifying aura.

He seemed completely unstoppable!

This is a premonition in his heart. Although it is ridiculous, it is real.

The Tianchen Sword burst out with brilliant rays, and the sharp sword intent surged wildly.

The sword intent was flowing in the surrounding air, and some warriors quickly stepped back.

They discovered that they couldn't resist the terrifying sword intent.

A pair of shocked eyes stared at Ye Chen, could he really defeat the pinnacle powerhouse of the Star Aperture Realm?

The doubts in their hearts disappeared with Ye Chen's sword!

The sword in Ye Chen's hand went down, and it fell in an instant.

boom!

At the moment of falling, the Star Aperture Realm powerhouse found that his figure had been locked, unable to retreat, and could only raise the sharp sword in his hand to block.

With one sword down, the entire figure of the star-aperture peak powerhouse flew out directly.

The moment he flew out, a **** scar appeared on his chest.

The blood in his body was constantly pouring out, a mouthful of blood pouring out of his mouth.

Ye Chen put away the Heavenly Dust Sword and came to the Star Aperture Realm martial artist, grabbing his collar with one hand.

"You... what do you want to do?"

"Naturally let you feel what is in the mountain peak."

As soon as Ye Chen's voice fell, a harmless smile was revealed, but in front of the Star Aperture Realm martial artist, it looked like a devil's smile.

"No...no, I was wrong, please forgive me!"

Ye Chen smiled without saying a word. If it wasn't for his strength, he would either compromise or be killed by him!

Want him to forgive? If Ye Chen is really weak, will the Star Aperture Realm martial artist forgive him?

Ye Chen waved his hand and threw him directly onto the mountain.

At this moment, a gust of wind blew, making the Star Aperture Realm martial artist a little scared.

The warriors onlookers do not know what to say?

Are the warriors at the pinnacle of star aperture weak? No, it's just that Ye Chen is too evil.

Of course no one would pity him. If he hadn't forced Ye Chen to go back then, there would be nothing like the present.

To put it bluntly, it means to be self-inflicted and not to blame others!

The martial artist of the Star Aperture Realm stood tall in the mountain, not knowing what to do.

Once down, Ye Chen would probably kill him directly with a single sword. He gritted his teeth and decided to find out!

If he is climbing a mountain, he may not have a chance to survive. If he retreats, he will definitely die!

At this time, his legs were trembling constantly, and he walked cautiously step by step.

With every step he took, he felt himself dancing on the tip of death.

Ye Chen squinted his eyes and stared carefully, but he wanted to see what was strange about this mountain.

The Star Aperture Realm martial artist moved forward step by step, and when he reached one third of it, he suddenly stopped and was afraid to continue forward.

The warrior who died just now, there is still a trace of warmth on the body, not cold at all.

He just stepped out and died directly!

Finally, the Star Aperture Realm martial artist gritted his teeth, closed his eyes, and decided to take a step.

boom!

When he took a step, he opened his eyes and found that he was not dead.

Suddenly he was ecstatic, he became a little bolder, and continued to walk forward.

However, he did not walk more than a hundred steps, and suddenly showed the same expression as the previous warrior, and his body crashed to the ground!

The warrior under the mountain, seeing this scene, his face was even more ugly.

Isn't it possible to climb the mountain? How do you get the Celestial Sword Box?

Ye Chen didn't speak, he found a trace of problems. When the Star Aperture Realm martial artist stepped forward, the mountain trembled slightly.

It was also because of that tremor that caused the death of the Star Aperture Realm martial artist.

In that tremor, he didn't know what the Star Aperture Realm martial artist had seen, and he showed a terrified expression.

Although he felt a slight problem, Ye Chen didn't dare to try it rashly.

Ye Chen could observe that some sharp-eyed warriors could also find it.

In an instant, the warrior became active. When the mountain was trembling, as long as he remained still, would he be able to pass safely?

Once you have this idea some brave warriors are ready to try it.

They stepped into the mountain with their feet and started to move, watching carefully, and they would stop when the mountain trembled.

When the mountain was trembling slightly, staying still, it was safe and sound.

Some warriors who were on the sidelines couldn't help seeing this scene anymore and went straight to the mountain.

The sword box is on the top, although it takes some time, but as long as it can be obtained, how much time was wasted is worth it!

Ye Chen opened his legs and started to move forward. Occasionally, there was shaking from the mountain peak, and some warriors who did not pay attention directly died.

Time passed bit by bit, even though some of the warriors had died, Ye Chen finally came to the top of the mountain without any risk.

At the top of the peak, a simple sword intent came from the sword box, preventing any warrior from approaching.

Want to take away the God Sword Box, how easy is it!

Chapter 2120: All back!

Ye Chen took a step and felt the suppressed sword intent. Although it was strong, it was still within the scope of his endurance.

"Now let's clear the venue!"

At this moment, a star-aperture realm peak powerhouse stood up and glanced at everyone present.

At this moment, the warriors of the other top forces stood up one by one.

There is an unwritten rule!

Finally, as long as it is not a warrior of the top forces, all of them need to leave.

The Heavenly God Sword Box can only fall into the hands of their top forces.

A famous warrior stood up, Ye Chen took a look, and found that there were at least five half-step door-closing powerhouses, and ten star-aperture-level peak warriors.

This lineup has already been able to kill any forces here!

The sword repairs of the other forces saw this scene, and the whole person's face became extremely ugly.

They really didn't expect that the top warriors would be so overbearing!

Ye Chen frowned, Feng Qingyang's sword box must be obtained, but the five half-step door-closing powerhouses had already caused him some headaches, besides, there were ten star-aperture-level peak martial artists, staring at him.

"The sword box is originally an unowned thing, why should it be cleared?"

Ye Chen stood up at this moment, and now he had to show up, letting the warriors of the other forces fight with the top forces.

The more chaotic the scene, the better, so that he can have a chance to get the sword box.

When Ye Chen stood up, the warriors of the other forces focused on him.

"Everyone shot together, I don't believe that top forces can cover the sky with just one hand."

The warriors of the other forces do not lack the Star Aperture Realm, but lack some peak combat power.

If you really want to fight desperately, even if the top forces have the upper hand, they cannot be completely suppressed.

The warrior on the top power side stared at Ye Chen, his expression gradually becoming unkind.

If it weren't for Ye Chen's strength at the foot of the mountain, I'm afraid he would have already shot it now.

At least Ye Chen's original combat power could threaten the peak of the star aperture.

The remaining forces who did not stand up will leave due to the strength of the top forces.

But now, they want to try it!

Ye Chen's abacus, these warriors are very clear in their hearts, but what about?

They also want to mess up the whole scene.

Everyone knows how to fish in troubled waters. As for who can get the sword case, of course it depends on his own ability.

Ye Chen took out the Tianchen Sword and took the lead at this moment.

The moment he shot, the warriors of all forces also shot!

The warriors of the top forces have an unusually ugly face and can only force their moves.

In an instant, beside Ye Chen, a strong man who blocked the door half step appeared.

The sharp sword in his hand stabbed over suddenly.

The moment he stabbed out, Ye Chen's whole figure avoided slightly.

He doesn't want to do it now.

This time the Heavenly Sword Box was the top priority, and only getting the Heavenly Sword Box was his main task this time.

Ye Chen wanted to leave, but the warrior who closed the door halfway did not give him a chance to leave.

Keep pressing every step, so that he can't move forward!

Ye Chen furrowed his brows, a touch of anger appeared on his face, the clay figure still had three points of fire, let alone him?

The Tianchen Sword was directly held in his hand, and the sword was suddenly slashed out.

The sword intent on his body burst out frantically, and the sword light circulated in the air, making a humming sound.

boom!

Going down with a sword, the warrior who closed the door half step back slightly back five steps, taking advantage of the current time, Ye Chen rushed over.

However, behind Ye Chen, a fierce sword light blasted!

Jianguang came here wanton, Ye Chen had no choice but to turn around and also swung a sword.

At the moment when the two were in contact with each other, the aftermath of the horror, the two shocked directly flew out.

Ye Chen fell on the ground, spitting out a mouthful of blood from the corner of his mouth. Here, there is no blood and reincarnation cemetery, and there is no everything in the past. There is still a gap between him and the half-step closure.

It's not so easy to pass!

Standing up from the ground, the immortal sword intent on his body completely burst out.

Immortal sword intent filled the air and rose into the sky.

At this moment, the Tianchen Sword emitted a dazzling light.

Ye Chen raised his arm and swung out a sword directly.

The sword light swept across the thousands of troops, tore through the space, and rushed towards the half-step closing the door.

The face on the door half-step was slightly solemn, and the sharp sword in his hand swung out.

boom!

At the moment of the explosion, Ye Chen's entire figure rushed over.

Now he must solve the half-step closure as soon as possible, and then get the Heavenly God Sword Box.

When Ye Chen came to the front of the half-step sealing door, the Tianchen Sword suddenly stabbed out.

The sword flower circulates, and the sword will dance freely.

boom!

Stabbed!

Going down with a sword, he directly cut through the clothes that half-stepped the door, and the blade plunged into his chest.

what!

The strong man who closed the door half-step roared, and the whole person let out a roar.

The sharp sword in his hand was directly thrown out and pierced towards Ye Chen's heart!

The sound of breaking through the air came, and the sharp sword flowed rapidly, and Ye Chen's face did not change.

The figure evaded slightly and directly hid, but the Tianchen Sword in his hand continued to penetrate into his body.

Then a sword was drawn directly!

At the moment it was pulled out, a blood stream surged.

The figure that half-stepped the door fell directly to the ground.

Ye Chen put away the Tianchen sword, took a look, and found that the whole scene was completely messed up.

The smell of fighting and blood filled the air.

Ye Chen raised his head and glanced at the Heavenly God Sword Box, and his whole figure rushed over.

At the moment he rushed past, he found the powerful sword intent emanating from the Heavenly God Sword Box, constantly rushing towards him.

These sword intents want to stop Ye Chen from moving forward!

The immortal sword intent on Ye Chen burst out to resist this sword intent and move forward step by step.

Some warriors saw Ye Chen rush towards the Heavenly God Sword Box, and immediately wanted to stop it.

As soon as he passed he found endless sword intent rushing over, making it difficult for him to move!

Ye Chen was still resisting with difficulty. Although he walked slowly, he did not stop.

One step, two steps, and continued walking, getting closer and closer to the Heavenly Sword Box.

At this moment, Ye Chen gritted his teeth and kept moving forward. When only ten centimeters away from the Heavenly God Sword Box, he stretched out his arm and suddenly grabbed the Heavenly God Sword Box.

boom!

At this moment, the entire mountain began to collapse continuously, and all the warriors who had been fighting had stopped.

Their eyes fixed on Ye Chen!

In control of the Heavenly Sword Box, Ye Chen at this moment discovered the immortal sword intent, the blood of the gods, the devilish energy, the energy of energetic gold, and even the three swords of clear wind! Constantly pouring out of his body.

Ye Chen grinned, everything that had disappeared, at this moment, all returned!
