Chapter 2121: Enough to fight against the too virtual strong cards!

The "Hand over the God Sword Box, spare you not to die!"

At this time, a warrior spoke!

The warriors of all the forces, a pair of eyes are all staring at Ye Chen!

The Heavenly God Sword Box is so important that he can never let him take it away!

A good fortune realm kid dare to rob them?

"What a \*\*\*\* God Sword Box, do you know the true name of this sword box is Six Dao Sword Box!"

"Are you sure you want to be my enemy?"

Ye Chen raised his head and spoke coldly, staring at the many warriors with a pair of killing eyes.

If he had scruples before, but now there is nothing to be afraid of!

These warriors, he didn't pay attention to them at all, just like a group of ants, they could crush and kill at will.

"Hehe, your combat effectiveness is indeed good, but in the face of so many warriors, you can't hold the sword box!"

One of the warriors who closed the door half-step opened his mouth. If Ye Chen didn't make it, he would definitely be besieged by all the warriors.

If you fight with one person, you will die!

Ye Chen shook his head slightly, and then said directly: "You want to compete for the Heavenly God Sword Box, you are not qualified!"

Ye Chen held the Heavenly Sword Box tightly in his hand, and the killing intent on his body was constantly released.

The surrounding air instantly solidified, and layers of ice appeared on the ground.

The warriors present only felt as cold as suddenly entering the ice cellar, making their bodies tremble.

"The first sword of the six sword boxes, one sword to cut the sky!"

Ye Chen murmured in his mouth, and the sword in his hand swung out directly.

Stabbed!

Jian Guang suddenly rushed over, in the air, wherever the sword light went, all condensed the meaning of death.

Many warriors felt the terrifying sword intent, and kept backing away.

Although their speed is fast, Ye Chen's sword is faster!

boom!

Going down with a sword, the ten closest powerhouses all turned into blood mist!

Seeing this scene, all the warriors took a breath.

It was too scary to kill so many warriors with a single sword!

"Who of you still wants to shoot!"

Ye Chen said, no warrior dared to speak any more.

They just feel cold and trembling constantly!

"We will leave now!"

One of the warriors spoke directly!

Comparing life and sword box, they naturally knew who was more important.

As soon as a warrior leaves, the rest of the warriors also gradually leave!

It doesn't make any sense to continue to stay, unless they are sure that they can take Ye Chen.

The martial artist gradually left, Ye Chen did not leave, ready to feel the sword intent in the six sword boxes.

Isn't this a chance.

After all, the time for a thought from the outside world, here is ten years!

Such a time ratio is enough to make him realize the third sword!

In the battle of the Sacred Dragon Family, Ye Chen's third piece was completely overloaded!

If he returns to reality, he can't do it at all!

If you fully comprehend it here, you might be able to perform it under normal conditions!

He sat cross-legged on the ground with the sword box inserted beside him, closing his eyes.

Time seems to stand still.

I don't know how long it took, Ye Chen suddenly opened his eyes!

The swords in the Tomb of Ten Thousand Swords flew up from the mountain peaks one by one!

Wan Jian flew together, and the scene shocked everyone. They stared at Wan Jian with a pair of eyes and found that the direction they were flying was exactly where Ye Chen was.

Behind Ye Chen, tens of thousands of swords stood in the void!

Wan Jian buzzed in the void, deafening!

All the warriors were dumbfounded. Some warriors had obtained the Heavenly God Sword Box before, and there was no such anomaly.

What exactly is going on?

They didn't know it at all, and they didn't even dare to approach Ye Chen. They could only watch from a distance, for fear that these tens of thousands of swords would be inserted into them.

There was a joyful expression on Ye Chen's face, Sword Master of Ten Thousand Tribulations! Be recognized by Wanjian!

This is the real opportunity for the forbidden area of Excalibur Palace!

The sword intent of tens of thousands of swords continuously poured into Ye Chen's body.

And it was sealed in Ye Chen's body!

If one day, Ye Chen loses to others and releases the meaning of ten thousand swords, who can match!

There is not only the sword intent of the strong star orifice!

There is also the sword intent of a strong gatekeeper!

Even the sword intent of the too virtual strong!

During this trip to the Forbidden Land, Ye Chen not only gained six sword boxes!

He even got a hole card!

Enough to contend with the existence of too virtual and strong!

Unfortunately, once the seal is opened, it will disappear completely.

This ten thousand sword seal can only be used once.

With such a powerful hole card, Ye Chen didn't want to use it before life and death!

...

At this moment, the outside world is only a few seconds away.

Jian Jiuhan was shocked to find that Ye Chen stepped into the ancient pagoda, and the ancient pagoda actually sent a strong shock!

Not only that, the swords of the forbidden land all fly out!

Even the sword in his hand broke free!

Jian Jiuhan's face changed slightly, and he grabbed his fingers with his five fingers, trying to grasp the sword in his hand, but found a surge of extremely strong power!

He can't control it at all!

"Ye Chen entered it...what happened..."

Not only forbidden, but outside the Excalibur Palace, the swords of countless disciples, hall masters, and elders flew high into the sky!

Even the saber on the waist of the waiting Frost Sword God is flying straight into the sky!

The shock in Frost Sword God's eyes lingered, but soon, a weird smile appeared on the corner of his mouth: "I'm afraid that the kid made this vision again..."

"This guy, it hurts wherever he goes."

In the sky of the Excalibur Palace, dense sword intents are suspended!

And what the meaning of sword refers to is exactly the forbidden area of Excalibur Palace!

At this moment, it seems that the Excalibur is coming out!

And the ancient pagoda in the forbidden area is also densely cracked!

"boom!"

In an instant, it exploded!

Smoke billows!

An arrogant figure suddenly appeared!

The figure's owner opened his eyes: "To be honest, it's really boring inside, but the harvest is good."

Ye Chen's gaze fell on Jian Jiuhan, Jian Jiuhan at this moment was like petrification!

He stared at Ye Chen's surroundings!

Surrounded by sword! All things to do!

Ye Chen entered inside, and was recognized!

And also the legendary Sword Master of Ten Thousand Tribulations!

The Sword Master of Ten Thousand Tribulations is not someone else, but the patriarch of the Excalibur Palace's founding faction!

He even found that the sword shadow around Ye Chen formed a ghost!

It is the statue in the deepest part of Excalibur Palace!

In the next second, "Pump!" With a sound, the Divine Sword Palace Sect Master Jian Jiuhan directly knelt down!

Kneeling in front of Ye Chen!

"The disciple Jian Jiuhan has seen Master Patriarch!"

This time, it was Ye Chen's turn to be confused.

Jian Jiuhan, where is this trouble?

He hurried forward: "Sect Master, you get up... what do you do on my knees!"

"I'm just a core disciple!"

Jian Jiuhan couldn't afford it for a long time: "You have obtained the approval of the ancestor, I will naturally bow down!"

"The person who controls the forbidden land and obtains the Sword Master of Ten Thousand Tribulations has the same rights in the Excalibur Palace as the Patriarch!"

Chapter 2122: He is also included!

Ye Chen was a little helpless, so he let Jian Jiuhan get up.

"Master Patriarch, I have to report something."

"Sect Master, please don't call me Patriarch, am I so old?"

"How about Senior Ye?" Jian Jiuhan said cautiously.

Ye Chen: "..."

"Forget it, it's up to you, by the way, what did you just want to say?"

Only then did Jian Jiuhan think of something, and quickly said: "A few people just went to the Excalibur Palace, and one of them was the Frost Sword God from the Ten Thousand Sword Emperor Palace."

Ye Chen was startled. Although the Frost Sword God came to him for some reason, he still said, "Take me quickly."

"Yes, Senior Ye!"

...

A few minutes later, Ye Chen arrived at the resting place.

He saw the Frost Sword God and Beigong Ziyu for the first time.

"master!"

Bei Gong Ziyu rushed up fiercely, and even hugged Ye Chen!

Ye Chen's expression is extremely weird!

He never thought that Frost Sword God would be with Beigong Ziyu?

This is totally unreasonable!

"Ziyu, what is the situation, why are you here?"

"Did something happen to the Beigong family in the Western Region?"

Bei Gong Ziyu thought of something, and quickly let go, his face flushed, and smiled: "Master, who dares to move my Beigong family with you."

"As for why I would be with Senior Frost, there is a reason."

"Did you know that a friend of yours met me?"

Ye Chen frowned.

friend?

He doesn't have many friends in Lingwu mainland.

Long Xuan, Xing Zitang and others are in the Shenhua Academy, so naturally it is impossible to contact Beigong Ziyu.

What friends are there?

Suddenly Ye Chen thought of someone!

In order to find the whereabouts of the dust stele, Ye Chen went to the Shenglong Grand Competition and met a friend who came to Lingwu Mainland from China!

Chen Zhifan!

Chen Zhifan can be regarded as Ye Chen's acquaintance in another country, and Chen Zhifan's character is very appetizing to Ye Chen!

The two became friends of life and death at that time.

Only later he was brought back to Xuan Yuezong by Zi Ning, and Chen Zhifan's news was lost.

Before leaving, Chen Zhifan had gained the ancient heritage, but he didn't know what the result would be.

Did Chen Zhifan end his inheritance and found himself?

Ye Chen was a little excited, and said quickly: "This person is Chen Zhifan!"

Bei Gong Ziyu shook his head, just about to speak, a very penetrating voice came!

"Hall Master!"

Hearing this sound, Ye Chen's expression changed, he turned stiffly, and found a burly figure suddenly appeared!

The figure knelt halfway in front of him, his eyes were blood-red and moist!

"Ye Lingtian has seen the Lord of the Palace!"

Ye Chen was so excited that he rushed forward and directly pulled Ye Lingtian up!

A fierce bear hug!

If Ye Chen's subordinates, which one has the best relationship with him!

There is only one! It is Ye Lingtian!

China, Kunlun Xu!

Without Ye Lingtian, perhaps Ye Chen's dilemma in China would be much more dangerous!

He never thought that Ye Lingtian would come to Lingwu Continent!

How could he be unhappy! How can I not get excited!

"Ling Tian, how did you come to Lingwu Continent? How did you come?"

"Is it okay over there?"

"How are my parents there!"

"Also, how are Sun Yi and others?"

Ye Chen has too many questions!

Before finishing speaking, a soft voice came from inside the house!

"Are they okay, won't you ask? Xiaochenzi, you are afraid that you have forgotten me."

As soon as these words came out, Ye Chen's scalp suddenly numb!

He raised his head and found a fresh fragrance coming.

And the door of the house opened, and a hot girl appeared not far from Ye Chen!

The girl's eyes are like water, her figure is extremely turbulent, and her straight legs stop her breathing!

Sun Yi !!!

Time seemed to freeze for a few seconds, and Ye Chen rushed over in an instant!

Hugging Sun Yi fiercely!

The familiar touch seemed to bring Ye Chen back to the summer of many years ago!

In a sense, Sun Yi is Ye Chen's first woman!

The story of Dadu Apartment is the beginning!

Sun Yi whirled tearfully: "I have been looking for you for too long."

The Frost Sword God coughed slightly, and the crowd dispersed quite sensibly.

The door closed.

There are only two people left in the whole house.

The hormonal breath is slowly fermenting!

After the kiss, Sun Yi thought of something and suddenly said, "Ye Chen, there is a big thing to tell you."

"what?"

"There is a problem with the forbidden area of the blood alliance, and many people have died in Kunlun Void Spirit City. It seems... Lin Juelong has appeared! And Lin Juelong's breath is extremely terrifying! I came to Lingwu Continent to inform you of this news!"

Ye Chen smiled slightly, holding Sun Yi, feeling the perfect figure: "I have met Lin Juelong, and I have had more than one encounter."

"This person has become a person in the Soul Palace for some reason."

"More able to absorb the power of others!"

"However, don't care, he can't make waves in front of me."

"It's a pity that he ran away last time."

"However, he is immortal, and the danger still exists. In the sarcophagus in the Universe Killing Domain, I always feel that there is a conspiracy brewing in the Soul Palace, and the key to this conspiracy is Lin Juelong."

Sun Yi nodded: "I asked Han Yun and the others to investigate the blood alliance. If you want to go back to ancient times... the blood alliance has too many mysteries, and I have not been idle in the Lingwu Continent. Let Ziyu prepare me a record of the Lingwu Continent. Ancient ancient books, I always think Kunlun is not simple..."

Suddenly Sun Yi found something and raised her head to look at Ye Chen: "Why are you looking at me like this?"

Ye Chen smiled slightly: "You have something on your face."

"Ah." Sun Yiqiao blushed. After seeing Ye Chen again in a year, she wanted to give Ye Chen a good impression, "What's on my face..."

Ye Chen hugged Sun Yi more tightly: "Your face... is a little charming."

In the next instant, the two figures fell towards the bed.

Softness is flooded!

The tender love is released like a flood.

This is the time that belongs to Sun Yi and Ye Chen.

...

at the same time.

Soul Palace.

Deepest.

Forty-nine sarcophagi are connected to a crimson sarcophagus.

But under these sarcophagi is a river of blood!

That is the blood of warriors in the Lingwu continent.

The blood of the strong.

Countless bones piled up on both sides of the blood river, shocking.

The Supreme Hall Master of the Soul Palace stared at these sarcophagi and spoke to a black-robed man next to him: "After so many failures, it seems that the problem is not with these warriors, but with some more special existence."

"At the moment only Lin Juelong has succeeded."

"Could it be that the conditions of Lingwu Continent are not as good as Kunlun Xu?"

"It's a shame that those guys killed this method back then."

The black-robed man stared at the scarlet sarcophagus with an extremely complex expression. He suddenly said, "Hall Master, what happened last time seems to prove that the kid Ye Chen is the nemesis of this method."

"If Ye Chen doesn't die, there will still be a problem."

The head of the Soul Palace condensed, and the cold killing intent broke out!

For a long time, a piercing voice rang from the depths of the soul hall:

"Don't worry, Ye Chen won't live for a few days."

"Anyone who dares to block the way of my soul hall will die."

"He is also included."

Chapter 2123: Can the Chichen Divine Veins be transferred?

No words for a night.

When Ye Chen woke up, he found that Sun Yi was leaning on his chest.

This feeling made him seem to have returned to the Dadu apartment.

Sun Yi blinked her eyes and touched her soft body: "Ye Chen, I really like this feeling."

"It feels like everything is quiet."

Ye Chen smiled slightly: "You still want me to move, I haven't slept all night."

Sun Yi blushed and leaned against Ye Chen's chest and said: "Ye Chen, have you seen Xia Ruoxue and Ji Siqing?"

"Are they okay?"

Ye Chen didn't want to worry Sun Yi, so he said: "They are at least safe right now."

Sun Yi obviously felt that Ye Chen's tone was not right, and said, "What happened?"

"You tell me how good is it, now I have some strength, I don't know why, I always feel that my body has changed..."

"Especially after being with you, I can feel that I have become different."

Ye Chen was slightly startled, and quickly pointed at Sun Yi's pubic area!

As expected!

Ye Chen was horrified to discover that Sun Yi's bloodline had faintly changed!

"Sun Yi, you run the dantian, find a way to activate the power of the blood..."

Ye Chen said excitedly, he seemed to have touched some secret!

Sun Yi nodded suspiciously, and sat cross-legged, her proud figure was revealed and her exercises worked.

Gradually, a light of red dust appeared on Sun Yi's body.

"how can that be!"

Ye Chen is a little unbelievable!

He stood up, ran the reincarnation art of God and Demon, and suddenly slapped his palm toward the light of red dust!

The moment touched, a strong counter-shock force struck!

My own power can't be shaken!

Soon, the light of red dust dissipated!

Sun Yi's face was a little pale, and his forehead was covered with sweat beads: "Ye Chen, what are you doing... Also, when the body light appeared just now, I found that the aura of Dantian was completely exhausted... It's a strange feeling... .."

Ye Chen's eyes are solemn, and a stormy sea is set off in his heart!

Did he have a relationship with Sun Yi and passed the Red Dust Spiritual Pulse to Sun Yi?

He tried to activate the Chichen Divine Veins, the same as before! The Chichen Divine Veins are still in the body!

In other words, Sun Yi's blood has changed!

actually possesses a part of the power of the Red Dust Divine Veins!

Although it is not complete, if Sun Yi activates part of the Red Dust Divine Veins in his body, he can stop the strong from hitting!

this is a good news!

"Ye Chen...what's wrong?"

Sun Yi said curiously, but soon discovered that Ye Chen actually jumped up and suppressed her severely.

"Come again... I want to verify something."

Sun Yi's face was flushed, and she couldn't help but pinch his fingers.

She knew that having children now would have a great influence on Ye Chen, and she could only isolate her with spells each time.

Soon, Sun Yi found that she was wrapped in warmth.

.....

Six hours later.

Ye Chen got dressed, his brows frowned, it seemed that something went wrong.

Sun Yi's Red Dust Divine Veins did increase with the increase in frequency, but the effect was not great.

and the cultivation base has also improved a bit.

Is this the defying nature of your own blood?

The blood of reincarnation is strong enough to improve the blood of others?

Then if he and Ruoxue are also doing things for men and women, can it also help Ruoxue possess some of the powers of the red dust veins?

Of course, all this is just speculation and needs to be verified.

Ye Chen told Sun Yi about some things that happened in Lingwu Continent, and Sun Yi was shocked.

After a long time, Sun Yicai said: "That is to say, you and Master Ruoxue have been competing for less than 20 days?"

"She was so strong at the beginning. Although you are much stronger now, she is certainly not weak. Are you sure you can retreat with your whole body?"

Ye Chen smiled slightly: "Although Lingyun's strength is unknown, she should not be able to threaten me."

Sun Yi still feels something wrong with her sixth sense as a woman, grabbing Ye Chen's hand and saying, "I always feel that there is something wrong with this matter."

"Ling Yun was only Good Fortune Immortal Venerable at first, even the strongest Good Fortune Immortal Venerable, the strength is growing too fast."

"Ye Chen, you have a hole card, it doesn't mean she has no hole card!"

"Furthermore, behind Ling Yun, there is Xia Lingqiu, the lord of the Lingxian Emperor Palace!"

"Since Xia Lingqiu is the lord of the palace, she will naturally not let Lingyun fail! Ye Chen, I don't think we should go, we can go to the Ice Sword Saint King, he is your master, there should be a solution!"

Ye Chen shook his head: "This battle is unavoidable. If I don't fight, my Dao Heart will be damaged. Even if there is a big danger that day, I must go!"

Sun Yi knew that Ye Chen could not be persuaded, so he said: "In this case, you must guarantee that you must win."

Ye Chen's eyes were filled with determination: "Well, time is almost up, we should also leave the Excalibur Palace."

"it is good."

.....

An hour later.

In front of the Excalibur Palace.

Ye Chen arched his hands and said, "Sect Master, Ayin and her grandfather also ask you to take care of them. Without them, I might not be able to bond with the Excalibur Palace."

Jian Jiuhan's eyes were solemn: "Senior Ye, please rest assured that their status in the Excalibur Palace will not be lower than that of the inner disciples. To be honest, from the moment you appeared in the sect, I knew that the Excalibur Palace could not accommodate you. ."

"The day of parting, although I knew it was fast, but I didn't expect it to be so fast You may be the core disciple who spent the shortest time in Excalibur Palace, but you are also the proudest of Excalibur Palace. Disciple."

Ye Chen nodded, he looked in one direction and asked: "Sect Master, where's the master?"

Jian Jiuhan sighed: "My uncle is not used to seeing goodbye, he won't show up."

"Although he has accepted so many disciples, I am sure that you must be the disciple he cares most about."

"I haven't seen Shishu smile for many days. These days may be the happiest days for Shishu in a hundred years."

"Senior Ye, I hope you will come to see us when you pass by the Excalibur Palace in the future. Also, if you are in danger, the Excalibur Palace will be your backing."

Ye Chen was filled with emotion, he glanced at the direction of the corner.

He knew that Master Wang Chuan was there.

Wang Chuan must have hoped that Ye Chen stayed in the Excalibur Palace as his disciple.

But he is destined not to stay in Excalibur Palace forever.

Ye Chen knelt in that direction, knelt his head heavily, and said, "Master, be a teacher for a day and be a father for life."

"Regardless of the future achievements of the disciple, you will be my master after all."

"When I set foot on the peak of Lingwu Continent, I will tell the world that there is a teacher in Excalibur Palace, and his theory is not wrong! He taught the best disciple in Lingwu Continent!"

Ye Chen finally bid farewell to the Excalibur Palace, and brought Ye Lingtian, Sun Yi and others to prepare to return to the Shenhua Academy.

Although the Shenhua Academy has restrictions, but now he has certain permissions, it should not be too difficult to accept these two people.

Chapter 2124: The whereabouts of the veil girl!

Ye Lingtian and Sun Yi have good talents. If they practice in the Shenhua Academy, they are naturally safe and fast.

Ye Chen was still worried about Ye Luoer.

Although Ye Luoer has improved a lot, she still hasn't recovered.

The injury in the body is too serious.

He glanced at the ancient medical \*\*\*\* Cang in the reincarnation cemetery, wanted to communicate, and was blasted out again.

This ancient doctor \*\*\*\* is against the sky, but his temper is too weird.

Ye Chen sacrificed the flying boat sent by Emperor Jiuyou, and first sent Beigong Ziyu back to the Beigong family.

And when she left, she gave her a lot of cultivation treasures.

These things are enough to make the Beigong family of the Western Regions much stronger!

If there were no Beigong Ziyu, Ye Lingtian and Sun Yi would probably face more dangers.

After that, Ye Chen controlled Feizhou to receive Ji Lin.

Ji Lin was happy to see Ye Lingtian and Sun Yi, but when she saw Ye Luoer unconscious, his anger burned!

"Ye Chen, let's kill the Sacred Dragon Family!"

"This \*\*\*\* dog, Saint Dragon, made sister Luo Er do this! My congenital poison will completely poison them to death!"

Ye Chen shook his head: "This matter must be discussed long-term. I can't determine what happened after the Holy Dragon Family."

"Go back to Shenhua Academy first, the dean has a wide range of news channels, and maybe I can find out what it is."

At this time, the Frost Sword God opened his mouth and said: "It is inconvenient for me to go to the Shenhua Academy. I should go back to the Ten Thousand Sword Emperor Palace first. Take care! You can come to me anytime if you have anything to do!"

Ye Chen nodded, the Frost Sword God made sense, after all, he was just a student of Shenhua Academy.

...

Ye Chen and his party returned to Shenhua Academy.

After setting up Sun Yi, Jilin and the others, Ye Chen directly found Ge Qing and explained to him the things in the cave.

Ge Qing nodded, he could trust Ye Chen.

"I will send someone to stare at this matter. There are many movements in the Demon Race, and Jun Mochen's ambition is really too great."

Ye Chen heard the name of Jun Mochen again with a serious expression: "Dean, is this Jun Mochen very strong?"

The yard nodded: "My strength is no match for this guy."

"The Nine Nether Kingdom is rumored to be against the Kingdom of God. That is the impression that everyone has stayed in the Nine Nether Kingdom in the past.

"After the fall of the Devil Emperor, the Nine Nether Kingdom is no longer there."

"The opposite is the Demon King Mochen."

"Jun Mochen has taken over the power of the Demon Race and killed all opponents of the Demon Race powerhouse. He is a real tyrant."

"And this person has lived from ancient times to the present, the cultivation base and background are immeasurable."

"Ye Chen, I don't want you to be an enemy of Jun Mochen. At least now I will never allow it."

"The fury of Lord Mochen is not something Shenhua Academy can resist."

Ye Chen faintly felt the tingling of the eyebrows.

Obviously the Devil Emperor was extremely angry with this Monarch Mochen.

In addition, a icy voice sounded: "The Blood Demon Sword is no longer useful. I suggest you repair it at the Shenhua Academy."

"The Beast Rotten Sword is powerful, but if the Blood Demon Sword returns to its peak, it won't lose all weapons."

"To repair the Blood Demon Sword, I will inject part of the power of the Profound Demon, which is also a chance for you."

Ye Chen nodded.

In the battle of the Sacred Dragon Family, the Blood Demon Sword released all the devil energy to help him, and he was extremely moved.

If you don't restore the Blood Demon Sword, you don't deserve to use the sword.

Seeing Ye Chen's solemn expression, Ge Qing continued: "By the way, the Sacred Dragon family has been wanted for you, not only for you, but also for a veiled girl. I heard that this veiled girl killed someone from the shepherd family of the Kingdom of God. , It hurts Mu Tiansheng, the envoy of the Kingdom of God!"

"The Mu Family is furious, I am afraid that Lingwu Continent will be a \*\*\*\* storm next."

Ye Chen was slightly startled, veiled girl?

Why did this person appear in the Holy Dragon family?

He vaguely remembered the veiled girl he met when he went to Xuan Yuezong.

Is it the same person?

"Dean, do you have a portrait?" Ye Chen asked.

Ge Qing nodded and waved casually, a portrait appeared in front of Ye Chen.

Looking at the portrait, Ye Chen always felt very familiar.

Wei Ying?

Ye Chen shook his head, the veiled girl in the main portrait was too noble and cold.

And it seems to be the cultivation base of Taixu Realm.

How could Wei Ying be so against the sky, her cultivation base is too weak?

Then, Ge Qing asked again: "Don't look, this girl is too mysterious, she is not the same as you, but there are signs that this person is not simply seeking revenge in the Sacred Dragon family, it is more like saving you.

Her anger has broken most of the foundation of the Holy Dragon Family. If the old monsters of the Holy Dragon Family didn't take action, I am afraid that the Holy Dragon Family might be erased by her.

It's really weird, so young and with such strength, why can't I find any information?

Why does she save you the key? "

Ye Chen said excitedly: "Dean, can you have news about this woman?"

Ge Qing shook his head and nodded:

"There is no specific news, but there is still a small piece of news about this woman. That day, this person left the Holy Dragon family with injuries and seemed to be heading towards the southern region of Lingwu Continent."

"I am afraid that the shepherd family of the Kingdom of God also knows this news. I have a hunch that this veiled girl will have an accident in the Southern Territory. She is strong, but after all, there is only one person, still a daughter."

"In Lingwu Continent, those who oppose the Kingdom of God will almost die miserably."

Southland?

Ye Chen looked solemn.

Since the veil girl offended the kingdom of God to save herself.

He can't just sit back and watch.

But how does he fight the kingdom of God?

Suddenly Ye Chen thought of something, he had the Ten Thousand Sword Seal from the Divine Sword Palace in his body!

Once it is turned on, you can fight against a strong one!

Although there is only one chance, if it can help the veiled girl, it is worth it!

"Ye Chen, don't think about that girl, by the way, do you have any plans next?" Ge Qing said.

Ye Chen meditated for a while and replied: "I want to refine a weapon first, and at the same time, improve my body skills, and then improve my cultivation base, advanced star orifice, right, dean, do you have a \*\*\*\* level? Shenfa martial arts?"

The best is the Thunder attribute. "

Bai Zhentang gave him the power of his 100 steps, which is the Thunder attribute.

If you learn the same attribute god-level body technique, you will get twice the result with half the effort.

Ge Qing heard this a mysterious smile appeared on his old face, raised his hand, and threw a piece of jade slip to Ye Chen.

Ye Chen looked at the smile on Ge Qing's face and thought of his smile when he let himself participate in the journey of the Nine Netherworlds, and afterwards, Zhou Chun challenged and performed martial arts at the birthday banquet. He couldn't help showing a wry smile.

He knew that if he took this jade slip, he might have a lot of trouble.

However, Ye Chen still raised his hand, took this jade slip, swept his divine thoughts over it, and his face was overjoyed.

This martial skill is actually stronger than the 100-step rushing power, and it is also a Thunder attribute!

It is very compatible with the 100-step electric power he has practiced before. Presumably, the time to get started will be greatly reduced.

He took this jade slip, because he really needed a suitable body technique to increase his speed.

Secondly, it was also because he knew that Ge Qing treated him sincerely and helped him a lot.

Chapter 2125: must go!

Ye Chen is not an ungrateful person. If Ge Qing has something to do by himself, he will not easily refuse.

Ge Qing asked with a smile on his face: "How about this body technique?"

Ye Chen smiled helplessly: "Very well, Dean Ge, let's talk, what's the matter."

Ge Qing laughed and said, "Ye Chen, you are wrong to say that. Is the dean that kind of person?"

Ye Chen rolled his eyes, turned around and walked outside the door: "If there is nothing wrong, I will leave first."

Ge Qing was anxious, his figure flickered in front of Ye Chen, and smiled: "Although the dean is not such a person, but something has indeed happened and you need your help..."

Ye Chen sat down and said, "What's the matter, Dean, please tell me directly."

Ge Qing looked at Ye Chen, a flash of memory flashed on her face, he pondered for a moment, and then said:

"Actually, speaking of this matter, there may be some connections with you, Ye Chen, you entered the Lingwu Continent from Earth Kunlun Xu?"

Ye Chen was taken aback when he heard this, how could Ge Qing mention this?

However, he nodded and said, "Yes, how did Dean Ge know?"

Ge Qing smiled and said: "There is a record in the files sent by Xuan Yuezong. In fact, I also come from other planes."

However, it is not the earth. My brother and I have gone through a lot of hardships in order to enter the Lingwu Continent, but when we passed through the space tunnel, the turbulence of time and space caused the two of us to be dispersed.

For all these years, I have been tracking the whereabouts of my senior, but there is still no news..."

Speaking of this, Ge Qing, who has always been hippie smiling, can't help showing a sad look in his eyes.

"I also understand in my heart that brother should be no longer alive, and I have already let go of this matter.

After all, Xiuwu is going against the sky, full of difficulties and obstacles. Even if accidents are killed during this process, it is normal..."

"But!" Ge Qing suddenly brightened his eyes, and said with a little excitement: "Not long ago, I got news by chance that someone saw a martial artist who used a technique similar to mine!"

Ye Chen nodded, but asked with some doubts: "Is this person Dean Ge's senior brother? However, what does this have to do with my coming from the earth?"

Ge Qing shook his head and said, "No, I also conducted a lot of investigations later. Although the man seemed to be deliberately hiding his deeds and not showing others to himself, according to my investigation he is not my brother..."

"The reason why you mentioned the place where you were is because according to my investigation, this person is probably from the same place as you!"

"What!?" Ye Chen heard the words and stood up from his seat!

Chen Zhifan is an existence from China like him!

Could it be that the person Ge Qing said was Chen Zhifan?

Then, he had to pay attention to this matter!

Chen Zhifan is his friend of Ye Chen, and he was also the first close friend when he came to Lingwu Continent, and he came from the same place as him. Naturally, he was very concerned about Chen Zhifan's affairs!

Ge Qing continued: "According to my guess, because of an accident, my senior did not enter the Lingwu Continent, but went to China. However, he might later feel that there is no hope of entering the Lingwu Continent, so he stayed on Earth. inherited!"

"And that person with similar skills to me should be his inheritor! Although he did not succeed in coming to Lingwu Continent, his inheritor did!"

Ye Chen took a deep breath when he heard the words, and said, "Dean Ge, can your inheritance be related to Zhenwu?"

Ge Qing looked at Ye Chen and shook his head and said, "No, but brother, he changed the inheritance name, it is not known. When I discovered the inheritor of this brother, the originally silent mind became alive again, but When I was about to investigate his identity, I broke the clue!"

"What's the matter?" Ye Chen wrinkled.

Although Ge Qing said that his inheritance has nothing to do with Zhenwu, it does not mean that this person is not Chen Zhifan.

Moreover, even if it wasn't Chen Zhifan, Ye Chen would still be a little concerned if he was from Huaxia like himself.

He knew that not everyone who came to Lingwu Continent could grow up like him and had a foothold, and many people might have to endure a lot of contempt and insult, such as Chen Zhifan once.

If so, if these people from the same place still ignore each other, Lingwu Continent will probably never have a place for them.

This is not what Ye Chen wants to see.

Ge Qing's complexion also showed a solemn expression:

"As far as I know, that person didn't know why he went to the southern region of Lingwu Continent.

That is, the southern region where the veil girl who saved you is located.

Moreover, it provokes a family in the Southern Territory!

If the matter happened near the Shenhua Academy, I could still solve it, but in the Southern Territory, let alone solve it, it would be difficult for me to even hear his news!

However, according to the clues, the family did not kill him! But for not knowing what reason, he was imprisoned! "

As he said, Ge Qing sighed: "My Shenhua Academy and the Southern Territory are somewhat contradictory, and the address of the Shenfeng Academy is also in the Southern Territory. You may have also seen that I and Shenfeng Academy are still hostile.

Therefore, even me, I dare not rush into the Southern Territory. "

"One more point, the Southern Territory is different from the other regions. Any warrior who enters the Southern Territory will be strictly investigated. You must be careful when you go, and act low-key, and don't cause any trouble!"

He looked at Ye Chen and suddenly said with a smile: "Ye Chen, so you know now, why should I choose you?"

I guess Southern Territory could not even dream of it. Shenhuo Academy would give birth to a good fortune realm cultivation base, but it would have an unimaginable evil that could rival the strongmen who closed the door!

What's more rare is that the old guy from the Kamikaze Academy didn't know why, after returning home, he didn't mention anything about you. The guy from the Southern Territory didn't even notice you!

This is really There is no more suitable candidate than you! "

Ye Chen's eyes flashed. He knew that the reason why the dean of the Shenfeng Academy did not mention him was probably because of the requirements of the emperor of the Nine Nether Kingdom.

Even if it wasn't for Chen Zhifan or the mysterious girl, he would go to the Southern Region once.

Just because the Southern Territory is where the Blood Sword Gate and the Blood Spirit Clan's main hall are located.

It is also the place where Kunlun's virtual power is imprisoned!

The one-year agreement is approaching, and before that, he must settle the blood spirit race's affairs.

Otherwise, if they were to attack Kunlun Xu in advance, the consequences would be disastrous!

Immediately, he nodded to Ge Qing, and said in one fell swoop: "Okay, Dean Ge, leave this to me!"

Although, entering the Southern Territory may face some unexpected dangers, but he must go!

Chapter 2126: Absolutely confident!

Ge Qing immediately opened his eyes and smiled, took a jade slip from his arms and threw it to Ye Chen:

"Ye Chen, that family's information is all recorded in this jade slip. What resources do you need to go to the Southern Territory? Use my token to find the academy instructor to arrange it for you.

However, you must also be careful and take your own safety first! I thank you here first. "

In the end, Ge Qing couldn't help being serious. He definitely didn't want to make students encounter any accidents because of his own business.

Ye Chen smiled and said, "Dean Ge, you don't have to be polite. I want to thank you and tell me about this. If that inheritor is really my friend, I owe the dean a favor."

Ge Qing laughed and said: "Okay, we don't need to be so polite anymore. Go ahead. Don't worry, I was negligent before. This time I am in the academy. Your friends, I will do it for you. Take care."

Ye Chen said gratefully, "Thank you."

After speaking, he walked outside the dean.

After leaving the tower, Ye Chen first found a forging workshop in the Shenhua Academy.

According to the instructions of the Demon Emperor, the Blood Demon Sword must be reshaped.

As soon as he walked into the forging workshop, Ye Chen saw an old man with a short stature but very hot muscles, short hair, a gray beard, and a naked upper body wearing an apron.

The old man was sitting in the doorway, asleep.

Ye Chen couldn't help laughing, but he heard that this forging workshop was run by one of the most respected instructors in the academy!

However, this old man, although seemingly unruly, his cultivation base is actually a solid post-closing existence!

Moreover, Ye Chen, who possesses an immortal divine body and a demon body, can easily feel that the body of this old man contains extremely terrifying power!

The old man seemed to feel Ye Chen's arrival, and slowly opened his eyes, stretched his waist and said, "Little guy, come to see the old man, what's the matter?"

Ye Chen smiled and said, "The younger generation wants to build something."

"Oh?" The old man waved his hand and said to Ye Chen: "Here, don't call me a mentor or a mentor. Call me Old Man Wu and come in with me."

After that, he turned and walked into the forging workshop.

Ye Chen followed him into it. As soon as he entered the workshop, he felt a very hot breath rushing toward his face!

A hint of surprise flashed in Ye Chen's eyes, this temperature is terrifying!

If it's an ordinary Star Aperture Martial Artist, I'm afraid it will be difficult to withstand the temperature here?

But with Ye Chen's physique, this is nothing, not to mention that he still possesses Profound Flame, even if the temperature is increased tenfold, Ye Chen can still endure it.

Elder Wu glanced at Ye Chen, his eyes flashed, and he smiled: "Boy, you have a good physique. You have passed this first level."

"Huh?" Ye Chen was taken aback when he heard the words, "Old Wu, what do you mean?"

Old Wu frowned and looked at Ye Chen and said, "Don't you know the rules of my workshop?"

Ye Chen wondered: "What's the rules? Isn't this workshop paid for college points for trading?"

Old Wu shook his head and said: "My workshop never accepts points. Even if the old man Ge Qing comes by himself, he still has to act according to my rules. First, he can withstand the temperature in this workshop!"

After all, he continued to walk towards the inside of the workshop.

Ye Chen naturally followed closely behind.

He knew that Crouching Tiger, Hidden Dragon at Shenhua Academy was not easy for this old man.

Soon, Mr. Wu came to a small room with three types of hammers from large to small.

Elder Wu pointed to the three hammers and said:

"Old man, only build three weapons of equal rank, time and space weapons, artifacts, and true artifacts. To create different weapons, you need to be able to lift and swing hammers of different weights. This is the content of the second level!"

Ye Chen nodded when he heard this, and immediately looked at the biggest hammer!

He naturally hopes that the Blood Demon Sword will become the strongest!

Elder Wu looked at Ye Chen's expression, could not help showing a trace of helplessness in his eyes, and smiled:

"Boy, I know that you are Ye Chen. Your strength is indeed very strong, but I advise you not to be too high-minded, and find an old man to build a real artifact?"

The weight of this hammer is beyond your imagination!

Don't think that you are omnipotent just because you have some strength. It is good to have self-confidence, and blind self-confidence is stupid!

Strength and physical strength cannot be equated.

Moreover, I can remind you that if you find an old man for forging, you can only qualify once a year!

This time I failed. Within this year, I will not accept your forging request again, do you understand? "

After Mr. Wu finished speaking, he looked at Ye Chen triumphantly. Ye Chen's aptitude was indeed very good. He was also very optimistic about Ye Chen. However, he still felt that Ye Chen was a little arrogant, so he wanted to take this opportunity to beat him. Yifan Ye Chen.

But who knows, after hearing what Wu Lao said, Ye Chen still said firmly: "Thank you Wu Lao for reminding me, I understand, but I still choose this true artifact hammer!"

"What?" Mr. Wu looked at Ye Chen with a beard, a little angry. Why doesn't this young man listen to persuasion?

However, even he himself did not notice that there was a trace of appreciation hidden deep in his eyes!

Although choosing a hammer with a lower weight is indeed a more reasonable and advantageous choice, there are always people in this world who know the difficulties and have to challenge the limit!

Knowing that it is unreasonable, you must continue to be proud!

Mr. Wu, he actually admires such people!

Because when he was young, he had such a character!

However, Old Wu still snorted to Ye Chen: "Huh, boy, don't blame the old man for not reminding you."

Ye Chen took a deep breath, staring at the real artifact sledgehammer!

The coercion that the true artifact exudes, even if it is oneself, can not treat it at will!

Immediately Ye Chen yelled, God and Demon Reincarnation Art, Burning Blood Art, Heaven Demon Manifest, Divine Blood, all display!

An extremely strong aura rose from Ye Chen's body!

With the growth of Ye Chen's cultivation base, his strength has also improved a lot!

And when Ye Chen condensed his breath, Elder Wu was shocked!

He has devoted his entire life to forging, and he is no stranger to power. While Ye Chen transforms, he can clearly feel that Ye Chen's body contains terrifying power like a prehistoric top fierce beast!

Originally, he thought that Ye Chen said that he wanted to choose the Sacred Tool Hammer, but this kid was so lofty and arrogant!

It seems that I was wrong!

Really missed it!

Ye Chen is not arrogant, but, in terms of strength, he has absolute confidence in himself!

Chapter 2127: 1 condition!

But he stared at Ye Chen's back, still a little skeptical.

He knew that Ye Chen's power was very strong, but whether he could really lift the real artifact hammer is still unknown!

After all, he has stayed in the Shenhua Academy for quite a long time, and he has seen countless geniuses, among them there are many extremely powerful existences!

However, even these evildoers, no one can lift the hammer of true artifacts in the realm of good fortune!

Even the number of people lifting up in the closed door realm is pitiful!

Those people are two realms higher than Ye Chen!

Lao Wu is one of the most senior tutors in Shenhua Academy, and one can imagine how many enchanting people he has encountered!

Soon, Ye Chen came to the True Sacred Tool Hammer. He held the handle of the hammer with both hands and exerted a slight force. Then, his brows wrinkled!

This artifact hammer was even heavier than he thought!

Seeing Ye Chen's expression, Old Wu shook his head and smiled proudly: "Boy, how about it? You know it's amazing? Have you ever heard a saying, don't listen to the old man..."

However, before Mr. Wu finished speaking, Ye Chen screamed in a low voice, using his hands to lift up the hammer of the real artifact, and, even in this blacksmith's room, there was a wild dance. !

The sledgehammer with a terrifying weight, in Ye Chen's hands, seemed to have become an ordinary wooden stick!

The sledgehammer danced in Ye Chen's hands, causing gusts of wind, and the objects in the workshop were blown to each other!

But Elder Wu was dumbfounded!

It was so horrified that I couldn't speak!

The mouth under the gray beard was wide open, unable to close it!

If it was Ye Chen, it would be okay to just lift the hammer, Mr. Wu could still barely accept it, but like now, there was a wild dance when lifting the weight?

All this makes Old Wu wonder if there is something wrong with his eyes!

This is more than just lifting and waving?

It's almost like playing, right?

Old Wu's brain cells are really going to freeze!

Ye Chen put down the giant hammer, smiled and said: "Old Wu, I count this, are you qualified?"

Hearing Ye Chen's voice, Old Wu came back to his senses, looking at the giant hammer, there was an extremely excited light in his eyes, and he nodded and said: "Passed! Passed! Not qualified! Qualified again!"

The main reason why he wants to set up three barriers in the workshop is to find heirs with excellent qualifications!

Although he has taught many, many talented disciples in Shenhua University, and has accepted some true disciples with good aptitude, no one can get the essence of his forging skills!

And Ye Chen, in terms of physical patience and strength, has shown extremely amazing talents. Now, Wu Lao looks at Ye Chen as if he sees Bao, his eyes are shining, how can he not be excited?

Ye Chen was a little embarrassed by Mr. Wu, and couldn't help asking: "Old Wu, what else will you do next?"

Old Wu smiled and said, "Boy, do you know that forging is the most important thing besides patience and strength?"

After Ye Chen pondered for a moment, he replied: "Savvy?"

After all, the forging \*\*\*\* also taught him this.

Old Wu laughed and shook his head: "Boy, it's divine mind! Only with strong enough divine mind can you have enough control over the materials!

Although comprehension is also very important, you don't have the talent for spirituality, and no matter how high your comprehension is, you can't grasp the essence of forging!

This third level lies in the test of divine consciousness! "

Ye Chen actually showed a relaxed smile when he heard this. He has the body of demon thinking, more than divine mind?

Although his power is already enough against the sky, Ye Chen's divine mind is the most against the sky!

Seeing Ye Chen's expression of lightness, Elder Wu coldly snorted: "Boy, don't be proud, your strength is indeed excellent, but the reason why I put Divine Mind in the third level is because it is The hardest level! Don't be careless and come with me."

With that said, under the leadership of Mr. Wu, Ye Chen came to a long narrow corridor.

Even if he hadn't walked into this tunnel, Ye Chen could clearly feel through the body of demon thinking that in this tunnel, there was a strong pressure of divine thought!

Old Wu said indifferently: "Boy, the last pass is to pass through this corridor within half an hour. Don't look at this corridor as being only ten meters long, the horror is beyond your imagination!

This time, you must listen to me, don't push it too far, and pass slowly. If you rush too quickly, your spiritual thoughts will not be able to withstand the pressure, and you may even be seriously injured. Do you understand? "

Ye Chen smiled and said, "I understand."

The next moment, his whole body flashed with electric lights, and he used a hundred steps to drive the electricity, rushing towards the corridor, and rushing!

It's not that he doesn't want to listen to Old Wu, but he really doesn't want to spend too much time on forging. He wants to go to the Southern Territory as soon as possible!

Perhaps Chen Zhifan, the mysterious girl, and the masters of Kunlun Xu are now waiting for themselves!

When Mr. Wu saw this, his complexion changed drastically, and he yelled, "Boy! Come back to the old man soon!"

With that said, the coercion in the late stage of his lockdown broke out in a frenzy, and he had to do his best to save Ye Chen!

In his opinion, with Ye Chen's speed, he would have to directly bear the pressure of the spirit of the entire tunnel!

Even if the door is strong, if you do this, you will be seriously injured!

But the next moment, across the corridor, Ye Chen's faint voice sounded: "Old Wu, don't worry, I'm fine, I went a bit faster just now, just a bit in a hurry."

what?

At this time, Old Wu was even more shocked than when he saw Ye Chen wielding the hammer of the artifact.

Even the whole person's body became stiff, and his eyes looked forward empty.

Why is Ye Chen not injured?

There was chaos in Old Wu's brain.

He originally thought that Ye Chen's physical fitness and strength were already excellent enough. He didn't expect too much from his spiritual sense, so he could barely pass it. After all, spiritual talent is better than strengthbody Quality is even more rare!

But what?

Ye Chen, completely subverted his cognition!

Is this still a human?

I am afraid that looking at the history of the entire Lingwu Continent, you can't find a second genius like Ye Chen, right?

Seeing Mr. Wu fell into a sluggish figure, Ye Chen's figure flickered again. He turned a blind eye to the horrible divine sense tunnel, returned to Mr. Wu again, patted Mr. Wu on the shoulder and said: "Old Wu? Are you okay?"

At this time, Wu Laocai suddenly woke up, he tightly grasped Ye Chen's hand and said: "Tell me, I am not, I am dreaming?"

Ye Chen had to smile wryly: "It's not a dream, now, can you forge it for me?"

Old Wu looked at Ye Chen kindly and smiled: "Naturally, do you bring the materials? Even if you don't, I can forge it for you, but I have a condition, I hope you can agree."

Chapter 2128: A trip to the South!

After this test, plus Mr. Wu's reaction, Ye Chen naturally guessed Mr. Wu's conditions, and said helplessly: "You speak."

In fact, he was also quite interested in the forging technique of Lingwu Continent.

He even wants to transform the thousand soldiers who forged the gods!

The more the Thousand Soldier Blast reaches the later stage, the less powerful the effect. If the Thousand Soldier Blast is improved, plus enough artifacts and true artifacts, there may be unexpected gains!

Old Wu smiled and said, "That is to inherit my mantle and learn to forge from me."

Ye Chen nodded and said, "Yes, but I can't learn from you right away. Before that, I have other things to deal with."

Old Wu haha smiled and said, "No problem. Although the old man is very old, he does not lack this time. Take out the items you want to forge."

Immediately, Ye Chen handed the Blood Demon Sword and the materials obtained from Muye to Old Wu Dao: "I hope to upgrade this sword."

Old Wu saw the Blood Demon Sword, his eyes twinkling, he touched the mark on the Blood Demon Sword, and said with emotion: "This sword is unusual."

"And, if I guessed correctly, this sword has exhausted the last bit of strength to save you."

"The damage is too great."

"And it's still a magic sword. The magic sword needs to be led by the magic... I can repair and improve this sword to the extreme, but the magic sword needs you to handle it."

Ye Chen smiled slightly. As for the devil, the devil had already agreed to him, so he naturally didn't have to worry.

Elder Wu didn't say much, and said, "Leave it to me. You can leave now. Forging can't be done in a few days. I will notify you when I'm done."

"I am very interested in this sword. The day it is recast may be the time to shake the Lingwu Continent."

"Ye Chen, you will be surprised."

After that, he took the materials and walked to the forging room on his own.

Ye Chen was taken aback, this old Wu, when he mentioned forging, he seemed to have changed himself.

Ye Chen went to find Sun Yi, Jilin and others, and explained what he was about to leave.

Will come back before Lingyun's one-year appointment.

After explaining everything, he sacrificed the flying boat and headed towards the southern region.

Standing at the top of the flying boat, Ye Chen looked down at the entire Lingwu Continent and muttered, "I don't know what happened to the masters."

"The connection between the Bleeding Spirit Race and the Kingdom of God was passed on last time, what exactly is the Kingdom of God doing?"

Although the Feizhou rank is extremely high, it will take some time to rush to the Southern Region.

Immediately, Ye Chen took out the god-level body technique that Ge Qing gave him. Its name is Feng Lei Yi Xian. It is based on the thunder attribute and supplemented by the wind attribute. Even in the \*\*\*\* level, it is an extremely Advanced physical and martial arts.

Soon, Ye Chen was immersed in the comprehension of the wind and thunder. He now has to seize all the time to improve his strength.

Moreover, although the goal of this trip to the Southern Territories is only a family, who knows if there will be any changes along the way?

Before reaching the Southern Territory, it is good to be able to improve one point of strength.

At the beginning of comprehension of this wind and thunder, Ye Chen was a joy. As expected, his experience of practicing a hundred steps to chase electricity is very helpful to comprehend the wind and thunder!

However, Ye Chen frowned again soon, and even so, this flash of wind and thunder still made him feel quite tricky, the content of it was really too obscure and too esoteric!

After a long time, Ye Chen separated from the enlightenment and opened his eyes abruptly. The purple light flashed in his eyes, and there was a hint of thunder.

The next moment, Ye Chen's figure moved, and instantly disappeared from his original position, and his figure flickered extremely fast!

If someone pays attention at this time, only a burst of golden electric lights can be seen, flashing wildly within the explosion, which is dazzling, but Ye Chen can't be seen clearly!

After a while, Ye Chen stopped and reappeared indoors, with a hint of satisfaction on his face.

This wind and thunder flashed, although extremely high and deep, but also extremely powerful!

Ye Chen has only understood part of the thunder part, and has not fully grasped the part of the wind attribute. It is not a real entry, but only the part of the thunder attribute has a great bonus to his body.  
Up!

Coupled with the wind \*\*\*\* boots, which are originally wind attributes, they complement each other, and the speed is greatly increased!

Now Ye Chen's speed, even at the gate-closing level, was enough.

At this moment, he felt that the flying boat that had been traveling at extreme speed had a meal!

Southern Territory is here!

Ye Chen packed the flying boat and walked outside. At this time, many people had gathered outside. Some people were surprised at the scene in front of them, while others looked plain, as if they had already seen no surprises.

And those who are surprised are obviously like Ye Chen, who came to this southern region for the first time.

Ye Chen looked at the border fortress in front of him, and his eyes flashed, a little surprised.

What a strong momentum!

The surrounding formation is even more charming!

Generally, it is impossible for a strong door to break open!

You can only go through the gate!

Ye Chen didn't hesitate, and followed the crowd towards the city gate.

Outside the gate of the city, several soldiers in golden and red armor were guarding them, checking the credentials of those entering the country one by one.

Ye Chen looked at these people. They were all good at strength. Even one of them was standing behind the soldiers, who was like a general, and he still closed the door halfway!

I don't know if it is because of the grievances between the Kingdom of God and the veiled girl, which has improved the strength of the goalkeeper!

It is conceivable that this Southern Territory is not simple!

The team progressed gradually.

Soon, it was Ye Chen's turn.

Ye Chen's expression was indifferent, and he gave Ge Qing's prepared voucher and other items to the soldier guarding the gate.

The soldier checked Ye Chen's credentials and confirmed that there was no problem, and then returned these to Ye Chen. When he was about to let go, the general standing behind several soldiers suddenly shouted:

"and many more."

Several soldiers were taken aback and then they all looked at Ye Chen with a smile, but the soldier who was about to let go also coughed and changed his words: "Your information, there are some questions, follow me Brothers go and check."

"Problem? What's the problem?"

Ye Chen frowned slightly. Naturally, there could be no problem with the information that Ge Qing prepared for him.

Moreover, this soldier was obviously ready to let him go, but after the general who hadn't even read the information shouted and waited, he changed his mouth?

Then contact a few people with the expressions, obviously, this matter has nothing to do with his information!

After hearing Ye Chen's questioning, the soldier looked impatient, and said coldly: "If you ask you to go, you go, where is so much nonsense?"

Hurry up, the next person is still waiting, the review was delayed, I will rush you back directly, and forbid entering our southern region. "

Ye Chen's eyes sank, and he glanced at the soldier deeply, slightly annoyed.

Chapter 2129: problem occurs!

The few people behind Ye Chen looked at Ye Chen with some pity. They knew that this kind of thing would happen once or twice every time they entered the country. The young man could only be blamed. Bad luck. .

However, even though Ye Chen was annoyed, he followed a soldier in front of him to the city.

He came this time and had a task in his hands, so naturally he didn't want to make matters worse.

And the soldier, after bringing Ye Chen into a small attic not far from the gate, smiled playfully: "You, wait here first, and our leader will ask you some questions later."

Ye Chen's eyes flashed and said: "When?"

"When?" The soldier walked out of the attic, looking at Ye Chen with a sneer, "Naturally, it's time for him to come."

After that, he went out and closed the attic door.

Ye Chen looked at the gate, with an array attached to it. If there was no order to open, if he forced it out, at least it would require a half-step attack at the level of the gate, which is completely impossible for ordinary Star Aperture Martial Artists.

However, with Ye Chen's strength, of course this door could not close him.

However, what is the use if he forcibly breaks through?

If you do that, you will definitely be wanted and deported.

When the time comes, he will be delayed in saving people.

Ye Chen smiled bitterly. It seemed that he was really unlucky, so he was caught by the leader inexplicably.

At this time, the soldier who brought Ye Chen into the attic had already returned to the gate. The leader glanced at him and said with a smile: "How about? Is the kid honest?"

The soldier also smiled, and replied, "What else can he do if he is not honest? A mere six-tiered sky in the good fortune realm, would he still dare not do anything to me?"

Hearing this, several people laughed.

One of the soldiers asked the leader: "General Bai, why do you like that kid? I think the young woman who passed by just now is pretty good."

General Bai smiled and cursed at the man: "Stupid, full of women in his head, that young woman is not bad, but at most, she can only eat tofu. How dare you really treat her?"

That matter, but it's not easy to suppress it, General Li blamed it, can you afford it? "

The man seemed to think of something, and shrank his head and said: "That's fine, but I look at the kid, there is nothing greasy?"

"There is no oil and water?" General Bai scolded with a smile: "You idiot, what kind of world have you seen? How do you know who has oil and water and who has no oil and water?"

My vision can't be wrong, this kid gives me a weird feeling, it's definitely not as simple as it seems. "

The soldier quickly flattered with a smile: "What General Bai said is."

General Bai nodded and said with a smile in his eyes: "Well, these people who have entered the country have almost been checked. We should go back and entertain our guests."

Several soldiers looked at each other, all smiling, and there was going to be a good show.

Soon, a few people returned to the attic where Ye Chen was located and pushed in.

The General Bai glanced at Ye Chen, who was sitting in the attic with a calm expression, and his eyes became more smiling.

This young man gave him a very unusual feeling. Although he didn't have the domineering feeling of those dudes, it gave people a sense of independence and detachment.

General Bai knew that this was the temperament that only that kind of super enchanting arrogant would have.

Seeing that Ye Chen was still so indifferent in such a situation, General Bai was even more sure of his guess.

Immediately, General Bai smiled at Ye Chen and said, "Young man, I am Baishan, and I am the head of the Southern Territory Immigration Inspection. What is your name?"

Ye Chen glanced lightly at Baishan, who was closing the door for a while, his eyes trembled slightly, and this person was pale.

He looks thirty-four years old, with a goatee, dressed in general gold armor, and a long sword on his waist. The appearance of the whole person is a bit sassy, but this life has a hooked nose, which is slightly stern. , With a fake smile on his face again.

That smile made Ye Chen quite disgusted.

However, this person is the gatekeeper of the Southern Territory after all, Ye Chen still said, "Ye Chen."

It was written in his information that Ye Chen, and neither Ge Qing nor he intended to conceal it. After all, if the dean of the Shenfeng Academy really leaked Ye Chen's information, it would not be possible to conceal his name only by concealing his name. of.

General Bai nodded and said, "Well, Ye Chen, there seems to be a problem with your entry information. It is still under review. This time, it can be long or short, and we are not sure."

After all, a playful smile appeared in his eyes.

Ye Chen frowned slightly looking at this Baishan.

However, Baishan quickly went on to say: "But, don't get me wrong, we don't mean anything else. We don't want to blackmail you. It's just a normal and compliant process. Ye Chen. Don't think too much, hahahaha."

Ye Chen looked at Baishan and was silent for a while, don't think too much?

This Baishan made it clear that he wanted to use his position to blackmail himself, but now he deliberately said such high-sounding words, which made Ye Chen feel disgusted.

However, he also knows that he really can't do anything just because of this. After all, this is the territory of the Southern Territory. If the other party does not want you to enter, he can even drive you away, just check the information for a while, Ye Chen still There is really no way.

Seeing Ye Chen's silent appearance, Baishan and the other soldiers were proud of their faces. Regardless of what super genius, peerless evildoer, and respectable status you are in the other regions, you still have to give it to me when you arrive in our southern region. On tummy?

Seeing the expressions of Baishan and others, Ye Chen couldn't help but flash a trace of anger and unwillingness!

He looked at the faces of Baishan and others, thought of the dean's explanation, and secretly vowed: "I, Ye Chen, one day, will definitely become the most powerful existence on the Lingwu Continent, the existence that is worshipped by all forces!

Even hidden forces like the Kingdom of God! "

...

At the same time, the icy land deep in the Southern Territory.

The Palace of Absolute Frost.

Wei Ying opened her eyes, her face still pale.

The injuries caused by the old fellows of the Holy Dragon family have not fully recovered!

Damn it!

She looked at Baier who entered in a panic not far away, and said, "What's the matter?"

Baier hesitated for a few seconds or said: "Palace Master, two things, the first one, the people of the shepherd family of the Kingdom of God seems to have sent someone into the Southern Territory, and it is very likely to come here! "

"The Shepherd Family of the Kingdom of God has dispatched six Supreme Void Realm powerhouses this time... If they are found here, the Absolute Cold Imperial Palace is definitely in danger."

However, Wei Ying did not panic.

Her eyes were full of killing intent: "What if it comes, it just adds a few more bones to this land of ice and snow."

"What's the second thing?"

Baier sighed and continued: "Palace Master, Ye Chen has come to the Southern Region."

When these words came out, Wei Ying suddenly stood up: "What!"

"Why did he come to the Southern Territory at this juncture!"

Chapter 2130: Baier, give 1 copy

Wei Ying looks solemn, frowns her eyebrows, and murmurs: "He and Lingyun are less than 20 days a year. Shouldn't we concentrate on practicing during this time?"

"How come to the Southern Territory?"

Baier shook his head: "I don't know the palace lord, now he is stuck on the southern border, so it should be fine."

"Do you need me to go to the border to inform Ye Chen."

Wei Ying pondered for a moment, and said, "He doesn't know who I am, so he shouldn't find it here."

"The people of the Shepherd Family of the Kingdom of God will find here after all."

"This battle is unavoidable, and Ye Chen will be of no avail when he comes. On the contrary, he will waste his life in vain."

"Help me keep an eye on his movements."

"I have an ominous hunch that this time facing those strong in the kingdom of God, it will be a huge threat before the rise of the Absolute Frost Imperial Palace."

"Senior told me that the road of martial arts cannot be too smooth. Once it is smooth, the pain you will endure in the future will be enough to kill yourself."

"Since we are here, our Absolute Frost Imperial Palace cannot retreat."

Baier hesitated to say something and stopped: "Palace Master, you still have injuries... it's better for us to hide first."

"It really doesn't work, let's go ask that one."

Wei Ying held her hands behind her, and the bead curtain above her head was rippling a bit: "My Absolute Frost Palace was the first sect in ancient times. It was even hundreds of years before the establishment of the Kingdom of God. Today, the family of the Kingdom of God When we go to war, we will let them understand how to write the four words of Absolute Cold Imperial Palace!"

"Bai'er, give those people a war note, agree on the location, and I will meet in person!"

The words fell, endless coercion enveloped, the temperature of the entire hall dropped to the extreme.

Baier sighed, she knew very well that the Palace Master was so stubborn.

Although the current Absolute Frost Palace has the qualifications to fight against the first-class and some top-level forces in the Lingwu Continent, it is still worrying when facing the family of the Kingdom of God.

"Bai'er, withdraw."

"Yes, Palace Master."

...

At the same time, Ye Chen is here.

The atmosphere is tense.

If it weren't for the dean's account, perhaps he would have taken the shot long ago.

These people pose no threat to him.

Bai Shan looked at Ye Chen's expression, his eyes flashed.

They usually squeeze oil and water occasionally to immigrants, and the upper head also opens one eye and closes one eye, but if Ye Chen is really angry, he will take action desperately.

This incident will definitely reach the ears of the powerful people who sit here. This is not what a few people hoped for.

Immediately, Bai Shan smiled at Ye Chen and said, "Ye Chen, don't worry, let's play a game. When the game is over, your information may be reviewed, what do you think?"

When Ye Chen heard the words, his eyes sank, the game?

It seems that these people in Baishan are finally about to get to the point.

Seeing that Ye Chen didn't answer, a martial artist next to him had a hint of coldness in his eyes. Since they spoke, can Ye Chen refuse this matter?

Immediately, the warrior said: "What? Brother Ye is not interested? Is he not interested in playing games? Or is he hostile to the people of the Southern Territory and don't want to have a good relationship with us? Huh?"

Another warrior also jokingly said: "Hehe, maybe, is it nervous? If there is any other purpose to come to our Southern Territory, now, surely there is no mood to play games, right?"

Another person said: "Yes, after all, while a normal person is waiting, if someone accompanies him to have fun and pass the time, he can't ask for it?"

At this moment, Bai Shan said with a hypocritical smile to Ye Chen slowly:

"Ye Chen, we don't mean anything against you, but if you refuse to play even a game, it looks a little weird. We are not saying that you have any problems, but we still cannot let you in for the sake of safety. Southern Territory, you can definitely understand it, right?"

Ye Chen took a deep breath and said faintly: "What game?"

Ye Chen wanted to see what these people were planning to do!

Several people in Baishan were happy when they heard this, and looked at each other!

Immediately, Bai Shan walked to Ye Chen, patted him on the shoulder, and smiled gently:

"Let me wait, this game is still quite interesting, I think you will like it."

Ye Chen ignored Baishan's words, but said indifferently: "If it is, this game is over, my information has not been determined yet, and the consequences are at your own risk."

Bai Shan looked at Ye Chen playfully and smiled: "That's natural."

Ye Chen stood up and nodded slightly: "Lead the way."

Bai Shan and others immediately led Ye Chen to a place in the frontier fortress.

Soon, a few people came to an extremely open area.

Ye Chen looked at the scenery in front of him, his eyes flickered slightly!

This place seems to have been artificially transformed into a circular racetrack, which looks quite similar to the racetrack on the earth!

At this time, Bai Shan narrowed his eyes and said to Ye Chen: "Ye Chen, do you know about the Sai Ling Beast?"

Ye Chen shook his head when he heard this, "Sailing Beast? I don't know."

Baishan sneered in his heart, the spirit beast is one of the specialties of the Southern Region.

In the entire Lingwu Continent, only the Southern Region has developed the Sai Ling Beast into a popular entertainment activity. If they know about the Sai Ling Beast, they can be said to be the number one in the Southern Region!

Bai Shan explained: "Sai Ling Beast, it is very simple, this track, there are five grids, in a while, we will choose one from each of the thousands of Ling Beasts, and make up five of them to race, see if it is. Who chooses the better spirit beast to win the first place, simple?"

Ye Chen also looked at Baishan with some playfulness: "Oh? Is this over?"

If this game is really that simple, Baishan and others don't have to spend a lot of time to bring themselves here.

Baishan chuckled and said, "In addition, we have a tradition in the Southern Territory, that is, when the spirit beasts, they will add some color to increase the fun of the game, otherwise, just watching the spirit beasts race, isn't it? Boring?"

Ye Chen's eyes flashed, and this person finally said his purpose!

And those warriors also faintly surrounded Ye Chen, and their aura was slightly revealed. Now, even if Ye Chen wanted to refuse, they would not agree.

A few people looked at Ye Chen with a smirk on their faces, a good fortune warrior, no matter how enchanting, no matter how strong, can he withstand the pressure of a few star orifices and a half-step seal martial artist?

Even if Ye Chen had a steel-like will, they believed that in the end, Ye Chen would collapse in the face of the coercion brought by a few people and succumbed. This is their usual trick!

This game arena is no better than the attic over there. If they really start their hands, they will kill Ye Chen, as long as they handle it properly, they will not necessarily expose their deeds and be detected by the people above.

This is why they choose to be here.

However, these people didn't really have any plans to kill people and overwhelm them.

If it doesn't work well and exposes it, it's not a trivial matter. Given the personality of the person above, the punishment must not be light.
