

Urban Medical 2131

Chapter 2131: Umand Beast

The So, usually a few of them use Xilin Beast to earn some extra money.

Ye Chen naturally saw what these people meant, and just about to refuse to prepare to do it, the Devil Emperor's voice suddenly sounded in his mind: "There is something extremely important to me here, so I might as well gamble with them."

Ye Chen was startled, but withdrew his hand, and said to everyone, "Well, I'm really interested in this game."

When several people heard this, they were all happy!

Unexpectedly, this kid would be hooked so easily!

Immediately, Bai Shan laughed and said, "Brother Ye, I didn't see you wrong. He is a bold person. Okay, let's pick the spirit beasts. At that time, let's drink a little wine and match the dishes. Wouldn't it be nice to watch this spirit beast race?"

Immediately, Bai Shan and others took Ye Chen to the animal farm.

Before he walked in, Ye Chen heard the hiss of beasts not far away, like thunder!

A strange color flashed in his eyes!

When he saw the thousands of extraordinary spirit beasts, some of them were first born with dragon horns, some were covered in flames, some stepped on a whirlwind, and some were covered with dragon scales, in a gorge, grazing leisurely, each other When chasing the picture, it was also quite shocking.

Bai Shan and the others looked at each other and smiled. They were no strangers to this scene, but seeing Ye Chen look like this, it was obviously his first contact with this kind of spirit beast.

Such a person, they don't even need to rely on other means, and they are able to slaughter Ye Chen seriously by selecting them based on their experience of spirit beasts!

Bai Shan said casually to Ye Chen: "Ye Chen, since you are a guest, you should choose spirit beasts first, how about?"

Ye Chen glanced at Baishan and said, "Oh? Brother Bai is not afraid, I picked the best end?"

Bai Shan laughed, patted Ye Chen on the shoulder and said, "If you have such a vicious look, my little brother, I'll be convinced if I just lose!"

Although he said so, in his heart, there was a lot of mockery.

This spirit beast seemed to have little difference in breath, but it was completely different when it ran.

Ordinary people's divine minds certainly can't tell the difference, let alone Ye Chen, outsiders who have not been in contact with spirit beasts, even the natives of the southern region who have been gambling against the spirit beasts all the time, it's hard to say here. Pick the best one among thousands of spirit beasts!

Ye Chen ignored the gazes of a few people, his huge spiritual thoughts were released instantly, and he swept past thousands of spirit beasts!

Immediately, Ye Chen's eyes lit up and locked onto a black spirit beast!

This spirit beast, with black electric glow all over his body, had a pair of short pointed horns bent backwards on the top of his head. It looked like a horse, but it was slightly thinner.

However, its own momentum is much worse than other spirit beasts!

The other spirit beasts are all screaming, full of vitality, and very amazing.

And this black beast?

It was curled up on the ground, looking listless, slowly eating the spirit grass, it looked like a lifeless look!

There is no combat power at all!

What is the use of this spirit beast!

Several people looked at Ye Chen's line of sight, they were all taken aback!

Then, I couldn't help laughing out loud!

When several people looked at Ye Chen, they all smiled and asked, "Well, Brother Ye, did you see that spirit beast lying on the ground eating grass?"

Ye Chen nodded and said: "Yes, I will choose him."

Several people burst into laughter again, and one of them said humanely: "Brother Ye, do you know that the spirit beast's aura is very important? The spirit is like a dragon, and he is known as the strong one.

Take a look, the spirit beast you chose is sick and faint. I don't know. You think he is about to die. How does this compare with other spirit beasts? I advise you to choose another horse? "

This Ye Chen, how does he know nothing about spirit beasts!

He was a blind man with eyes and no beads!

Even Baishan had a glimmer of doubt in his eyes, shouldn't Ye Chen be so stupid?

How did you choose a spirit beast of this level? Could it be that I really read it wrong?

Ye Chen looked at several people with a sneer, shook his head and said, "Thank you for your kindness, but for some reason, I am quite fond of this spirit beast, and I have decided to choose it."

Several people looked at Ye Chen contemptuously, and they all secretly decided in their hearts to defeat Ye Chen by choosing the right spirit beast by themselves, and to defeat Ye Chen through a serious competition, so that Ye Chen could realize his ignorance.

Although they have a back hand that can win the game, facing Ye Chen, they don't even bother to use it!

They are confident, with their own vision, even if they don't use their back hands, they are enough to explode Ye Chen!

Even Baishan looked at Ye Chen with a little lack of interest. Does such an idiot really have much oil and water?

Soon, several people selected their own spirit beasts and brought them to the track.

At this moment, there were five spirit beasts standing on the track, in addition to the black beast chosen by Ye Chen, there was also a fiery red spirit beast with flames and golden eyes!

A white spirit beast with a pair of antlers surrounded by clouds and mist, faintly exuding fairy qi!

A dark red spirit beast with a pair of protruding fangs, a pair of **** eyes, and a furious aura!

The last horse is a very tall, holy spirit beast with a one-horned first born, pure white body, surrounded by colorful auras!

Ye Chen's black awn beast, if viewed alone, is still a sage, but now, among these spirit beasts, it looks weak and imposing.

If the other spirit beasts are horses, Ye Chen, the black beast, is simply a donkey!

Several people looked at the black beast, and laughed again.

Bai Shan glanced at Ye Chen and introduced to him:

"Little brother I see you, you don't know anything about spirit beasts. Let me introduce to you. The white horse I chose is called the Holy Spirit, and the dark red spirit beast is blood. Sha, the green white spirit beast is a fairy cloud, and the fiery red spirit beast is Chi Yan. These four spirit beasts are the top first-class beasts in my southern region.

As for your black beast..."

Having said that, the sarcasm in his eyes was so full that he continued to say:

"It is a race called Umang. Although this race can be called a spirit beast, it is the bottom of the spirit beasts of various races. Even among the mounts, it is a third-class race. Brother, you still think your choice is right now?"

Several people looked at Ye Chen with a smile, and were ready to see Ye Chen's ugly face.

However, Ye Chen said indifferently, "It's just a game, what should I care about? Don't talk about it, don't we want to place a bet? How?"

Chapter 2132: enough!

When several people heard the words, they were all taken aback, looking at Ye Chen somewhat inconceivably.

I saw him look indifferent, he didn't seem to be bracing at all.

how can that be?

Ye Chen's reaction, isn't it right?

This person not only doesn't care, but also actively asks questions about betting?

Isn't this person really a fool?

Several people looked at Ye Chen with weird expressions, and Bai Shan felt a strange feeling in his heart, always feeling that Ye Chen didn't seem to be as simple as it seemed on the surface.

It's so abnormal!

However, he didn't care too much, even if Ye Chen really had a unique vision, so what?

The corner of Baishan's mouth raised a sneer.

Immediately, Baishan was not verbose, his gaze condensed suddenly, his body was overwhelmed, and he faintly ran towards Ye Chen, and said in a deep voice: "Ordinary little jokes are not even a game for us, in order to be able to If we exchange feelings with you, how about we set a bigger bet?"

Ye Chen smiled coldly, he was very confident, what the Devil Emperor said was his choice.

why?

Ordinary people's divine mind may not feel the gap between spirit beasts.

But is Ye Chen an ordinary person?

He possesses the body of Nian Demon, and the quality of his own divine consciousness is far stronger than that of ordinary martial artists. What's more, his current divine consciousness has already surpassed that of the powerhouse!

With such a powerful mind, the strength of these spirit beasts has been thoroughly mastered by Ye Chen!

Immediately, Ye Chen ignored Baishan's coercion and nodded lightly: "No problem, then, let's start."

After that, he picked up the spirit wine beside him, took a sip, and put a piece of chopsticks monster meat into his mouth, with a relaxed look.

At this time, the few people were really dull, and the air at the border suddenly fell silent.

Soon, the complexions of a few people changed slightly, as if thinking of something, their eyes were gloomy, and they looked at Ye Chen with a sullen face and said:

"Brother Ye, although this is just a game, you have to take it seriously. After all, if you renege on your account, such a person will definitely not be able to enter our Southern Territory. We even have reason to doubt your identity. You do some interrogation, do you understand?"

Ye Chen looked at the man with a trace of disdain from the corner of his eyes, and he only felt ridiculous about the threat in his words.

Interrogation? If a few people really do something to Ye Chen, Ye Chen wouldn't worry so much. With his current strength, these people are just **** that can be killed at will.

But, for now, there is no need to turn his face.

Immediately, with a wave of his hand, he put the bag containing a pile of sacred stones of the Southern Region that Ge Qing gave him on the table with a sneer and said:

"How many people seem to worry that I can't afford it?"

"There are a hundred in this bag. You don't have to worry that even this little money will go wrong, but I just don't know, dare you follow me with this hundred sacred stones?"

When several people heard the words, their faces were angry, their eyes fixed on Ye Chen, the spiritual power of the whole body was agitated, countless natural auras suddenly appeared, and the air instantly became cold!

How can a few people not be angry?

When they put their gazes on the bag that Ye Chen put on the table, the color of greed flashed in their eyes!

Taking out a hundred pieces at random, one can imagine how terrifying Ye Chen's wealth is!

If they are ordinary people, it is not worth their risk to kill people and win treasures, Ye Chen's financial resources have already moved their hearts!

Even, willing to bear the consequences for it!

Just when the aura of the few people became stronger and stronger, the killing intent became stronger and stronger, and the coercion directed at Ye Chen, a majestic shout suddenly sounded!

"enough!"

The few people were startled, they all converged their breath and looked in the direction of the sound.

That is the voice of Baishan.

Bai Shan stared at Ye Chen, his eyes flickered a few times, and smiled at Ye Chen: "Little brother, we are the one who underestimated you, very good, this bet, we follow!"

As he said, he glanced fiercely at a few of his men, and all of them shuddered.

Baishan knew that since Ye Chen could randomly take out a hundred pieces, how terrifying the forces behind it were, one could imagine!

Ordinary geniuses, if they disappear in the Southern Territory, they can easily cover it, but what if they are truly the top forces in the other regions?

In that case, in order to give the other party an explanation, Southern Territory might have to surrender his life for himself and others!

Immediately, Baishan didn't talk too much nonsense. He directly took out a bag and put it on the table together, and swept away the few people standing behind him, saying, "What are you still doing in a daze, take out the bet, don't lose us Southern Territories. Do you want Brother Ye to look down on his face?"

In the end, the few people were still cruel and put the sacred stone bag on the table!

Bai Shan nodded, and while tasting the wine, he raised his hand towards the arena, shot a ray of light, and shouted: "Start!"

The next moment, the light fell on the arena, and the five spirit beasts, which had a laid-back appearance, suddenly changed their expressions, raised their heads and neighed, and rushed out in anger!

These spirit beasts have been specially trained, and naturally reacted when stimulated by the law.

Everyone looked towards the arena, and immediately, their eyes were full of smiles.

I saw that the first one was the holy spirit beast that Baishan had chosen. The speed was extremely fast, and it was extremely fast!

The other Fairy Clouds, Blood Fiend, and Chi Yan are slightly behind, but they can keep up!

As for the black awn Ye Chen selected?

Slowly fell behind a few spirit beasts and ran crookedly. Compared with the other spirit beasts, it was like a turtle crawling!

Moreover, as the speed of the few spirit beasts gets faster and faster, the gap between the black mans and the few spirit beasts has been widened!

One of them immediately smiled at Ye Chen and said, "Brother Ye, are you really good-sighted?"

Just now we were shocked by the rhetoric, thinking you know more about spirit beasts how confident are you? But now?

You may not know that the behavior of sending money is not bold but stupid in our Southern Region's view! Hahahahahaha! "

"Don't say that, look at that Umang, the running speed is also good. There are almost half of the other spirit beasts, right? Maybe, there is a chance to comeback?"

Facing the words of several people, Ye Chen just drank lightly, not at all concerned.

Seeing that a few spirit beasts had run two-thirds of the track, the Umang was still behind the other spirit beasts by more than half a distance.

Several people looked at each other and couldn't help but use their eyes to signal Baishan.

Bai Shan knew how many of these people were asking himself if he wanted to make a move?

Their second hand also requires a certain amount of preparation time. If they don't make a move now, it will be too late to use it in a while.

Chapter 2133: Weird!

However, looking at the meaning of a few people, they are not ready to make a move. After all, using that backhand, although powerful, it is not easy. Looking at the appearance of this Umang, it is obviously impossible to win. Then they, Why bother in vain?

Baishan looked at the black awn, his eyes flickered. At this distance, he can't chase the legendary Tianlong spirit beast, right?

Immediately, he shook his head at several people, and did not intend to make a move.

The corner of Ye Chen's eyes caught a glimpse of the small movements of a few people, and a smile appeared at the corner of his mouth.

He knew that immediately, there would be a good show.

Just when Baishan and the others were drinking and eating meat leisurely, looking like a steady victory, the originally listless ebony spirit beast suddenly made a long hiss, and his whole body flashed with black electric lights. The light in his eyes was superb, and his body was so powerful. Up!

For a moment, the other spirit beasts that were speeding up and running all screamed in horror, as if they felt a great threat, running on four legs, they were faintly shaking!

Ye Chen's eyes lit up, and he secretly said!

In his divine mind induction, this black-beared spirit beast hides an extremely powerful bloodline in its body, which is definitely the most powerful alien species among countless spirit beasts!

And he possessed the body of demon thinking, and even the emotions of the black light beast could be clearly sensed.

The reason why this black-beared spirit beast behaved listlessly was entirely because it felt incompatible with the surroundings. Among those spirit beasts, there was no existence that could make it attractive and interesting!

It's like, a giant tiger is locked in a monkey mountain, can it be able to fight with monkeys all day long?

When Baishan and others saw this, their expressions changed drastically!

Baishan stood up directly, staring at the Umang Spirit Beast with his eyes, and the Umang seemed to have finally raised a trace of energy until now, and began to exert strength!

And its power turned into a jet of black lightning. The speed was so fast that it was unimaginable!

With the eyesight of Baishan's half-step closing the door, it is almost impossible to keep up with the speed of Umang!

How horrible you can imagine!

He blurted out in disbelief, "Impossible! How could this be!"

More than incredible? Even began to worry and fear!

Now, they just want to use that back hand, it's too late!

And one hundred holy stones, even for Baishan, is not a small sum!

"Damn it!" The others were pale and bloodless, and their eyes were full of horror!

And as if to turn the fears of a few people into reality, the speed of that Umang has accelerated again!

Seeing that the Holy Beast running at the forefront was about to cross the finish line, a black shadow flashed away, surpassing the Holy Beast and dashed across the finish line before it was allowed to happen!

With a few snaps, the wine glasses in Baishan and others' hands fell to the ground at the same time, smashing to pieces.

Baishan's eyes flickered, staring at the black awn, and exclaimed in disbelief, "Ancient Alien?"

The Umang itself is a relatively inferior race, but if it is an ancient alien species, it is completely different.

Such a spirit beast has inherited a trace of ancient blood in its body, and regardless of its race, it has a potential beyond imagination!

However, the ancient alien species are even rarer than the top monster beasts!

Such a spirit beast, just like Ye Chen, who seems to be completely ignorant of spirit beasts?

This Umang's ancient blood, but even Baishan and others don't know it!

This is not to blame for them, because there is almost no difference between the ancient alien species and the spirit beasts of this race. Only the top beast trainer can find it.

Could it be that Ye Chen could really be comparable to the top animal trainer?

They stared blankly at the Umang lying on the ground, it was incredible to breathe!

Originally, the discovery of an ancient spirit beast was a great happy event, but now?

Several people have the heart to kill that Umang.

In an instant, the few people who woke up looked at Ye Chen fiercely. If they hadn't dared to take action because of Baishan's shock before, now they are on the verge of an outbreak and want to solve their problems!

Ye Chen with a calm smile on his face, staring at a few people, and said lightly: "What? What are you doing so looking at me? Just now, the Umong took the lead in crossing the finish line. Didn't I win? Or..."

As he said, his tone became cold, and he said, "Now, do you want to admit it? Or, you want to do something to me. This is the manner of the people of the Southern Territory? It's really impressive."

Hearing the words, the faces of several people are getting more and more squalid, and their auras are faintly blended. These few people are strong men who have fought together for many years, and they cooperate with each other and are extremely tacit, although they are only Star Aperture Warriors!

But under the joint hands, even a warrior like Baishan can support a few moves!

Just as the atmosphere became more and more serious, Baishan slammed the table, and smashed the wooden table with wine and vegetables into smash, and the breath of the whole body was released without reservation!

The expressions of those warriors changed slightly, and the aura that had originally faintly merged was broken in an instant!

Bai Shan gloomily looked at several people and shouted: "What are you doing? Don't you put me in your eyes?"

Several people looked at Baishan's cold twinkling eyes, all shuddering subconsciously, and immediately shook their heads and said, "Don't dare, the subordinates know their mistakes."

Hearing this, Bai Shan's expression eased, and he turned to Ye Chen and said, "Little brother, we have surrendered in this round. Don't worry, I'm Bai, although I'm not a good person, but I still have this reputation."

Ye Chen smiled faintly: "So, can I go now?"

When those warriors heard Baishan's words, their complexions instantly paled.

Baishan's eyes flashed slightly and said: "Yes, but..."

"But?" Ye Chen looked at Baishan with a non-smiling smile. What kind of credibility does he still have?

If Baishan really had credibility, would he still do such despicable things?

Ye Chen sneered in his heart, but did not show it on the surface.

Na Baishan looked at Ye Chen and said, "If you are Brother Ye, if you are leaving now, I will need to arrange the formalities for you and leave here temporarily, and it is not convenient to take you there, that is to say... .."

Ye Chen took a sip of the wine and sneered: "In other words, I will be alone in this wilderness with you, those who just lost money?"

The few people looked at each other, their eyes lit up again!

Bai Shan nodded, a trace of killing intent flashed on his face, and continued: "Why don't we, let's gamble again. During this period, I will tell you to go down in advance. After the gambling is over, Brother Ye, you can leave directly. Save me an extra trip, what do you think?"

Chapter 2134: Soul array!

After pondering for a moment, Ye Chen still opened his mouth and said, "It's up to you."

He knows that, no matter what, he wants to enter the Southern Territory without showing up. He must accept this bet!

Several people looked at each other, and a smile flashed across their faces.

Soon, they will let Ye Chen know what the real despair is!

Although they don't know, why the black mang that Ye Chen chose is so weird!

But what?

Before, they would lose. The main reason was that they underestimated the enemy and were careless. This kind of thing cannot happen twice!

No matter what kind of spirit beast, as long as they are there, it is impossible to successfully run the finish line!

Although this Umong is weird, they are also confident, using their means to completely stifle Ye Chen's hope of victory!

In other words, this time, Ye Chen is determined to lose!

Bai Shan glanced at Ye Chen and said, "Brother Ye, can you start now?"

Ye Chen nodded and said, "Go ahead."

Baishan played a Fajue, and under the stimulation of Fajue, several spirit beasts all rushed forward!

But this time, the state of the other spirit beasts was obviously much worse, and even they all deliberately suppressed their speed, so they didn't dare to run ahead of Umang!

Bai Shan and others looked at each other, and suddenly, there was a strange wave of fluctuations on their bodies.

Ye Chen raised his eyebrows, and Yu Guang glanced at several people. The fluctuations were very weak. If it weren't for him to possess the body of demon, he couldn't even find it now!

Soon, the fluctuations in the bodies of several people gathered in one place!

Feeling the breath of energy, Ye Chen couldn't help flashing a hint of surprise in his eyes!

This turned out to be a spiritual attack!

Ye Chen felt right, the real back hand of Baishan and others was this divine mind attack!

Originally, with their aptitude, it was impossible to become a soul cultivator at all, but if the Southern Territory possessed a secret technique that allowed suitable martial artists to practice, a few people could join forces to form a formation with the power of the soul.

Through this formation, several people can not only unite the spirits, but also launch the spirit attacks similar to the spirit skills!

But soon, Ye Chen's expression calmed down.

Because, he found that Baishan and others, although able to unite their divine minds and launch divine mind attacks, and their breath is extremely vague.

However, such an attack is still too rough, far from being able to compare with the real spirit ability!

Even the soul sword he learned from Muye's secrets is inferior!

However, the soul formation that was used together was really interesting. If there is a chance, Ye Chen would also like to comprehend.

But after Bai Shan and others completed the soul formation, they looked confidently at Ye Chen with a sneer. In their opinion, as long as they completed the soul formation, Ye Chen would definitely lose.

You know, a few of them, with their spirit attacks using the soul formation, may threaten the martial artist who closed the door!

Baishan glanced at a few people. They joined hands for a long time and naturally understood them. Immediately, a few people controlled the soul formation and locked the black awn.

The next moment, in the soul formation, a powerful psychic power burst out, directly attacking that Ugly man!

Although this Umant is an ancient alien species, it has not fully grown up yet and is not good at fighting!

Several people looked at Ye Chen with cold faces. They knew that immediately this black mang would be completely limp on the track. I don't know what Ye Chen would look like at that time?

Really, let them look forward to it.

At this moment, Ye Chen's eyes suddenly flashed a ray of light, and the soul burst out, condensing the soul sword, and slashed away at the invisible energy emitted by the soul formation!

Baishan and the others were originally full of mockery, but it solidified the next moment, solidified completely!

Because, the black awn in their eyes just continued to run on the track, and it didn't look like it was attacked by divine consciousness.

How is this going?

Bai Shan and others all had the expression of seeing a ghost at this time.

They have never heard of Ancient Alien Species, can they ignore the attacks of the Soul?

Now, not only those warriors, but even Baishan, are a little anxious! Cast the spirit attack again!

Ye Chen looked at several people, and in his eyes, a faint smile flashed, even if the other people joined forces, but whether these people are attacking by spirits or above the intensity of their spirits, the gap between them and Ye Chen is really great. Up.

Ye Chen's soul sword slashed out, and again, invisibly annihilated the attacks of those people.

At this moment, the expressions of Baishan and others were completely gloomy, they continued to use their soul abilities like desperately, but the black awns were still intact!

"What did you do!" Bai Shan turned and roared angrily at Ye Chen.

Now, even if he was stupid, he could still think that the problem was with Ye Chen, not with the blood of the black man.

At this moment, the Umang finally crossed the finish line first.

Ye Chen looked at Bai Shan and the others amused. At this moment, their expressions were cold and they faintly surrounded Ye Chen in the center. Where could they observe the gambling agreement?

Ye Chen drank the wine, and said faintly: "What do you do? Don't you guys have confidence in the spirit attack that you teamed up? Why bother to ask me, what did you do?"

"What?" Bai Shan and the others exclaimed in unison, looking at Ye Chen incredulously.

This kid unexpectedly discovered the actions of himself and others?

You know, even the general door-closing martial artist, even if they can prevent their soul formation attack, it is difficult to detect!

Their soul formation attacks are much rougher than their real soul abilities, but their only advantage is concealment!

What's more terrifying is that Ye Chen not only found out, it seems, but also cracked their soul array attack!

Ye Chen looked at the expressions of several people and continued to sneer: "Is this the game of your people from the Southern Territory? I don't know, if this matter is spread to other regions, your game, Can you still play?"

After hearing this, several people's complexions changed drastically. If what Ye Chen said is true, if this matter is shaken out, they can say it is over.

With a hideous look on the Baishan face, he said to Ye Chenhan: "Boy, what are you talking about? Leave these holy stones and roll yourself, I can also open the net and let you enter, otherwise, it would be more than just You drive out of the Southern Territory, it's that simple."

The temperature outside the arena of the game instantly dropped below freezing point, and Baishan's eyes flashed with killing intent. The original disguise could no longer be maintained, and he yelled: "Hands!"

Immediately, the soul formations of several people revived and locked Ye Chen firmly!

Although Ye Chen saw through their methods and seemed to have some way to crack their attacks, Baishan still did not want to believe that a mere good fortune realm could restrain the soul formation that made them trust incomparable!

Chapter 2135: Eyes in the dark!

The Soul Array was launched, and a weird wave emerged, pressing down on Ye Chen!

Ye Chen sneered. Although he could crack the soul formation attack, he didn't do anything. He just watched Baishan and the others quietly!

A burst of invisible fluctuations spread, and the smiles on the faces of several people grew thicker. They knew that it was caused by the spirit attack and hit the target. Originally, Baishan had some concerns, thinking that Ye Chen would use some means at the end to resist. The attack, now, is finally relieved.

Several people heard the words, as if they heard the roar of a fierce beast, they turned around frantically, and saw Ye Chen standing behind them with his hands on his back, smiling, and looking at them with a smile.

When they touched Ye Chen's gaze, several people couldn't help but shiver, Ye Chen's gaze was very cold!

It makes them feel more terrible than the devil in hell!

At this time, even Baishan felt a trace of fear!

Their spirit attack just now clearly hit Ye Chen?

How could it have no effect at all?

The hearts of a few people sank in an instant, and the soul formation attack was not only a means for a few people to make money, but also the strongest means of attack for a few people!

Can't hurt Ye Chen now? More than it can't hurt, it has no effect at all!

Doesn't this mean that Ye Chen's spirit is stronger than the martial artist?

It doesn't matter if the spirit is strong, after all, the strength of the spirit is not necessarily strong, but what about Ye Chen?

Divine Soul is more powerful than imagined, and has the strength far beyond realm?

Is that human being?

It's a real monster!

Facing Ye Chen, several people stepped back again and again. They were really afraid and flinched.

In the end, it was Baishan, who calmed down first, and shouted violently at the other people:

"Bastard, don't mess yourself up first, this is a mere good fortune, even if it's unusual, how can it be our opponent? Don't be deceived by his bluff, give it to me! Take everything from him!"

After that, Baishan roared, and behind it appeared a golden armored war **** phantom holding a big axe. The phantom opened his eyes and flashed a red light. Then, it merged into Baishan body, and the whole body of Baishan was powerful in the next moment. Zeng, flipped his hand, and also held a big axe, and slashed at Ye Chen with one blow!

With one stroke, the situation changes!

The spirit beast neighed and fled, and the surrounding mountain walls, under the power of this axe, began to collapse!

And the other two warriors glanced at each other, they also flashed wildly, blocking Ye Chen's retreat, holding a long sword, and swinging the sword at Ye Chen to cut out a shocking sword light!

The combination of these people is indeed perfect!

However, even in the face of this near-perfect joint blow, Ye Chen's expression did not waver from beginning to end.

When he moved his hand, the beast sword fell into his hand. In his eyes, black and purple light flashed alternately. The next moment, the whole body flashed with lightning, thunder suddenly appeared, and the whole person disappeared out of thin air again!

At this time, Ye Chen, as if he was really incarnate in thunder light, flashed extremely fast in the sword light and shuttled!

His speed is so terrifying that it is faster than this energy attack!

For a moment, although Jian Mang Axe Light was locked in by the breath and chased Ye Chen continuously, it could not touch Ye Chen's body in any way!

After a few breaths, Baishan and others were completely dumbfounded!

As gatekeepers, they have seen various opponents, but when have they seen an existence that can pass the speed and throw off the attack?

What shocked them even more was that this kid was just a martial artist!

After a few breaths, there was a loud bang, and the dust filled the sky, in place, was blasted out of a huge pothole!

And in the pothole, it was empty!

That's not that the attack hit Ye Chen, but, under Ye Chen's control, the three attacks chasing their own, actually collided with each other!

A figure slowly walked out of the smoke and dust, Ye Chen had a faint smile on his face, Ye Chen was still extremely satisfied with the results of this wind and thunder!

Even if he hasn't really practiced yet, he has been able to use his speed to get rid of the half-step door-closing martial artist's attack. With full display, the average half-step door-closing martial artist can't even capture his figure!

As Ye Chen stepped out of the smoke and dust, Bai Shan and others felt like they had fallen into a bottomless abyss, so desperate that they could no longer despair!

The three of them teamed up to defeat the enemy, no matter who faced it, they would feel desperate!

Ye Chen glanced across the faces of several people, and sneered: "A few of you are really worthy of me! Join forces to perform a killer blow? Then, if I don't give you a gift in return, wouldn't the people of the Southern Territories laugh at you? I don't understand etiquette?"

"Also, even if the strong hiding in the dark knows the reason, there should be nothing to say."

After all, the black long sword in his hand suddenly moved, and Baishan and the others only felt that a terrifying and terrifying intent to kill, instantly enveloped several people, as if they were plunged into a boundless sea of blood. general!

The sword light flashed, and it came with a rain of blood, the voice of gods and demons was looming, the spiritual power of the world was surging rapidly, and everything in the world seemed to usher in destruction and rebirth under this sword!

There was a loud bang, a sword light, and at the same time appeared on the chest of the three people in Baishan. Their body protection magic weapon flashed, but in an instant it turned into a little fluorescence and dissipated, and the figure flew upside down and hit the mountain. On the wall, apart from Baishan, several other people were completely dead!

Chapter 2136: The Devil's Accident!

In Baishan's blurred vision, Ye Chen's figure gradually appeared, and he couldn't help but lift the remaining power in his body, begging:

"Don't kill me, it's because I have eyes and no beads that offended your Excellency. As long as you don't kill me, I swear with Dao heart and will never reveal any news about you..."

Now, Baishan has regarded Ye Chen as a super powerhouse with a hidden cultivation base, so that he can explain what happened before!

He didn't care about Ye Chen's purpose in coming to the Southern Territory. All he wanted was to live.

Ye Chen looked at Baishan with a sneer, "Dao Xin? For you, Dao Xin's oath is not enough, right?"

Baishan's breathing was stagnant when he heard this, and his panic was to the utmost. Just when he wanted to say something, Ye Chen suddenly took out a set of scrolls and opened it in front of him.

Top Best AI for Forex Trading 2024

Ye Chen said lightly to Baishan: "This is an extremely high spiritual deed. If you still want to survive, leave your mark on it, and then immediately arrange for me to enter the city."

"Yes, yes!" Baishan was overjoyed when he heard this. He knew that Ye Chen would not kill him for a while.

He didn't even look at the content of the contract carefully, and branded the spirit on it, because he knew that he had no right to refuse.

Ye Chen nodded and said: "Well, the content of the contract is also very simple. Just like you said, you must not mention anything about me. If someone leaks my news, not only them, but you will die. "

This spiritual deed was prepared by Ge Qing for him, just for this situation.

Upon hearing this, Bai Shan's heart shuddered and nodded like smashing garlic, for fear that Ye Chen would be unhappy and regret killing him.

He immediately took out a token, regardless of the injury on his body, forcibly lifted a trace of spiritual power and injected it into the token, then raised his head, reluctantly smiled at Ye Chen:

"Ye Daxia, you can leave here now. Don't worry, I handled it according to the formal process without any problems."

Ye Chen nodded, turned and left, waved his hand, and put the holy stone on the table into his pocket. He didn't mean to be polite with Baishan and the others. If he loses to Baishan and the others, they will pity themselves and save money. Give it back to yourself?

At the same time, Ye Chen said indifferently: "Finally, don't let me know that you will do this to people entering the country again."

Before leaving, Ye Chen glanced at the Umang standing in the distance.

The other spirit beasts all fled in horror during the previous battle. Only this black awn remained in place. At this time, those eyes were full of spirituality.

I was looking at myself flashingly.

Ye Chen smiled and said: "What? Do you want to go on the road with me?"

Hearing the words, the Umang raised his front legs and hissed happily, looking excited.

Seeing this, Ye Chen couldn't help but smiled and shook his head. It seemed that this Umang considered himself the master.

However, there is it for transportation on this road. In short distances, it seems to be more effective than a flying boat and a flash of wind and thunder!

That Umang trot all the way to Ye Chen's side, Ye Chen didn't hesitate, and stood up.

And at this moment, endless air currents surge!

Ye Chen didn't know when an old man appeared in front of Ye Chen.

The old man stared at Ye Chen with cold eyes: "Boy, it's not a good thing to kill in the Southern Region."

Ye Chen was slightly surprised.

The breath of this old man is similar to that of the Ice Sword Saint King, which means that the old man may be a half-step too virtual existence!

It seems that there are guardians in the southern frontier!

In fact, from the very beginning, Ye Chen didn't obliterate Bai Shan and the others. The biggest fear was that he always felt a pair of eyes staring at him.

He knew very well that he would never take the initiative to kill someone!

If Baishan and the others were the first to kill, he would have enough reasons!

Ye Chen didn't have any fear in his eyes: "Senior, you should know why I murdered."

"If in this case, the Southern Territory has to protect those few rat feces, isn't the Southern Territory a joke of Lingwu Continent!"

As soon as these words came out, the old man suddenly broke out with supreme coercion! Enveloping Ye Chen completely!

Those who insult the Southern Territory, die!

Ye Chen was slightly frightened, his face pale a little!

This kind of pressure is terrible!

Even now he can't bear it!

And at this moment, the black electric light flashed all over Umang, and the ancient aura surging around him!

It directly resolved the coercion!

Ye Chen's eyes widened!

He found that this Umong was even stranger than he thought.

This is half a step too virtual coercion!

A slight surprise flashed in the old man's muddy eyes.

"You can go, but I want to take away the spirit beast under you. You are not qualified to have it, and it belongs to our Southern Territory."

How could Ye Chen let the other party take away such a heavenly existence!

His eyes condensed: "Impossible! This beast has already recognized the lord! In Lingwu Continent, if the beast recognizes the lord by itself, outsiders should not have the right to interfere! If you have the ability, you can let Umang recognize you as the lord!"

Ye Chen made preparations, if this half-step too imaginary powerhouse shot himself to kill, he would use the Ten Thousand Sword Seal obtained by that Excalibur Palace!

Although there is only one chance and a little overkill, this is the only way at the moment.

Facing each other!

Ten seconds!

The old man withdrew the pressure, turned and walked in the other direction: "You should have noticed my existence long ago."

"Otherwise, you can kill those guys easily with your strength, let alone accompany them to participate in the Xilin Beast."

"Those people are responsible for their deaths."

"However, you took away Umang and provoke Southern Territory even more. I have no reason to kill you now, but I will stare at you."

"If you touch the rules of the Southern Territory, I will personally kill you."

"I remember your name, Ye Chen."

After speaking, the old man dissipated in the world.

Ye Chen looked at the black awn under him, but was a little surprised.

Xiao Huang and Blood Dragon are his beasts and partners, not mounts.

In Lingwu Continent, he really lacks a majestic mount.

But this Umang is the best choice!

Umang exudes a powerful light! Then took Ye Chen, turned into a black light, and galloped away from the city!

Ye Chen took out a map and swept his gaze from above. After a moment of indulgence, his spiritual thought moved, and the black awn beneath him sensed Ye Chen's guidance. He turned his head without hesitation and ran in a certain direction.

Ye Chen looked at the black awn under him and nodded slightly. This black awn is extremely spiritual, and coupled with the ancient bloodline, it is a superb mount!

I don't know how long it will be before the Demon Emperor at the center of the eyebrows said: "Wait, the old man has left some kind of restriction on you, he can easily know your whereabouts and monitor you."

"If I guessed correctly, he spied on your secrets, even the mount under you, but this type of person was very arrogant and didn't shoot you at that time."

"It is precisely because he didn't take action against you that he took his life back. Your ten thousand sword seals are more than enough to kill him!"

"Unfortunately only once."

Chapter 2137: Goodbye eternal holy king!

Ye Chen's face changed slightly: "Devil Emperor, can you remove that prohibition."

The Devil Emperor smiled: "Little prohibition, how could it be difficult for me, I have already removed it for you."

Ye Chen sighed, suddenly thought of something, and asked: "By the way, the devil, what is the origin of the mount under me?"

After the words fell, the Devil Emperor started to earnestly: "You all made a mistake about this Umang. His true origin has a lot to come!"

"I don't know what your boy's fate is. I am ashamed of this opportunity."

Ye Chen was a little curious: "Devil Emperor, what is the origin of this Umang?"

The Devil Emperor calmly explained: "This beast does have an ancient bloodline. He is different from Xiao Huang. He is a bloodline variant in the monster beast! It is an extremely rare mutation in the Lingwu Continent!"

"And it's a variant of the ancient monster and the ancient mount."

"It is precisely because of this attribute that makes it unique."

"If he grows up and you ride this guy to fight, the effect may be extremely terrifying!"

"One more thing, I gave you a hint at the time, but I wanted you to take this beast and wait for me to recover my body as my mount."

"After all, this mount has the blood of ancient beasts..."

"But now that I recognize you as master in advance, I won't fight for it anymore."

"Boy, treat this guy well, although the surprise this guy can bring you is not as good as Xiao Huang, but it is not limited."

Ye Chen looked at the black awns under him, slightly shocked!

How could the existence of the mount be recognized by the Devil Emperor?

...

At the same time, in a palace.

The old man who appeared in front of Ye Chen just now sighed and sat down directly. The more he thought about it, the more regretful he came back!

He always felt something wrong with the secrets of Wu Mang and Ye Chen!

Although he was greedy, he didn't make a move in the end!

Not because of morality, but because he could feel Ye Chen's determination!

It's like if you shoot yourself, you will die!

The more he thought about it on the way back, the more absurd he became!

Is he actually threatened by a good fortune?

At this moment, a gray-robed old man in the main hall noticed something and curiously said: "Brother Han Dao, your expression is wrong, what happened?"

Han Dao raised his head to look at the gray-robed old man, sighed again, and told what happened today.

Hearing this, the gray-robed old man quickly stood up: "Han Dao, you are really old and confused, how can a good luck realm boy deserve to have such a divine thing!"

"What about you killing him! What are the rules in the Southern Territory? The rule is the supreme strength!"

"Hurry up, you take me to find that kid, have you planted a restriction?"

Han Dao was completely awake, his eyes condensed with killing intent: "Fortunately, I kept a hand, I should be able to check the whereabouts of this child."

"What are you still waiting for! If that spirit beast is dedicated to the kingdom of God, then you and I will be able to improve your cultivation base!"

The gray-robed old man urged.

Han Dao didn't hesitate, pinching his fingers, and wanted to find Ye Chen's trace!

However, in the next second, he spouted blood! His face changed drastically!

The horrified eyes appeared in the eyes of a half-step too virtual strong!

"The prohibition I planted on that kid has been erased...how can it be!"

As soon as these words came out, the gray-robed old man around him looked wrong!

The only existence that can erase their prohibition is Taixu Realm!

Is there anyone who is too imaginary and strong next to that good fortune realm kid!

If this is the case, if they act on it, they will be wiped out in an instant!

Thinking of this, Han Dao and the gray-robed old man had cold backs!

...

Deep in the Southern Territory, on a cliff.

The six elders closed their eyes tightly, and there was a strong formation all over their bodies!

These six people are the Supreme Void Realm powerhouse sent by the Mu Family to hunt down the mysterious Veiled Woman!

The six powerhouses in the early days of the Kingdom of God Taixu, looking at the entire Lingwu Continent, are extremely handy!

Enough to obliterate any powerful person in Lingwu Continent!

Of course, there is another reason for the shepherd of the Kingdom of God to write so much!

At that time, the explosion of the Holy Dragon family was also connected with the dead Muye!

In other words, the mysterious veiled girl may also kill Makino!

Has the Shepherd of the Kingdom of God ever been so despised!

This is a shame!

They naturally want to completely erase the threat!

And the formation of six people is too virtual to find people!

A drop of blood is floating in the formation!

That is the blood of the mysterious veil girl who was injured and left in the holy dragon family!

As long as they are given a certain amount of time, they will be able to find the mysterious veiled girl at the expense of their cultivation base!

At that time, no matter how strong the veil girl is, she will definitely die when facing six people!

Sweat beads appeared on the foreheads of the six.

Suddenly, the six opened their eyes: "Who!"

In the next second, one of the old men scratched with five fingers, and a giant beast with a chill was sucked over!

Moreover, the chill behemoth could not withstand the pressure of the old man and turned into blood mist on the spot!

It's just that there is a jade card floating in the blood mist!

The old man shrank his eyes and shattered the jade pendant directly!

In an instant, an extremely cold voice resounded through the world:

"Shepherd of the Kingdom of God, why bother if you want to find me? Tomorrow, in the southern Tianhan Mountain, I will wait for you at the top of the mountain."

"Of course, you can also choose not to come, so that I can see how bad the shepherd family is."

The sound completely disappeared.

The six faces are pale!

They never thought that the crazy woman would take the initiative to fight!

The strong in Lingwu Continent took the initiative to challenge the family of the Kingdom of God, this is the first time in the history of Lingwu Continent!

An old man in the shepherd's family stood up, his robe agitated in the cold wind: "Really a lifeless girl, since she is so confident, I want to see how a weak woman in Tianhan Mountain will shake us six too weak tomorrow. territory!"

The eyes of the other five people also became extremely cold.

From the kingdom of God, they are confident enough! Even if the girl spreads the net in Tianhan Mountain!

The girl must die too!

Just because of the difference between the power of the Kingdom of God and the mainland of Lingwu, that is an insurmountable moat!

...

Night is coming.

With the bright moon in the sky and the stars, Ye Chen was riding a black awn, dashing across a desert where some extremely huge cactus-like plants grew. Along the way, he constantly scanned the surrounding landscape, the landscape of the southern region. It is quite different from the other domains, but it can also attract his interest, which is peculiar.

But right now, he cares more about Chen Zhifan's affairs.

However, what surprised Ye Chen was that there were almost no pedestrians on the road?

Just when Ye Chen was strange, Ye Chen finally saw an old man!

The weird thing is that the old man is playing chess while he is drinking!

Opposite him, there is no one!

Ye Chen asked Umang to stop, come down directly, and bow his hands: "Senior, I don't know..."

The voice stopped abruptly before the words were finished!

Because this weird old man is no one else!

It turned out to be the mysterious eternal holy king!

The key is why this old man also followed to the Southern Territory!

The Eternal Saint King raised his head and glanced at Ye Chen, and said unexpectedly: "Oh, isn't this Ye Xiaozhi, what a coincidence, why are you here?"

Ye Chen almost spit out a mouthful of blood, and silently sat opposite the Eternal Saint King: "I should ask you this sentence."

The Eternal Saint King smiled, stared at the chessboard, and drank a drink: "Oh, this chess seems to be lost."

"Ye Xiaozhi, look at this sunspot, is there a way out?"

Ye Chen was a little confused, stared at Heizi, and frowned.

Obviously a dead end.

"Really lost."

The Eternal King smiled, stood up, stretched his waist: "It seems that this game of chess is a dead end for that girl."

"Then Tianhan Mountain tomorrow, I'm afraid something will happen."

After talking about the eternal holy king, he dropped the chessboard and swayed away.

Ye Chen frowned, what kind of nerves did this eternal old man make?

Tianhan Mountain?

Girl?

What does this old guy want to show?

Why should I tell myself?

Ye Chen stared at the dead end of the chessboard, no longer thinking, stepped onto the Umang, and said: "Let's go."

Chapter 2138: People of the Southern Soul Palace!

Ye Chen has seen the marked points on the map. Tianhan Mountain is a giant mountain deep in the Southern Region.

The temperature of the giant mountain is extremely low, and the top of the mountain is extremely wide. Many strong people above the gate will solve the problem in Tianhan Mountain.

There are dense sword intents around Tianhan Mountain, which seems to represent a period of dusty history.

Tianhan Mountain is not too far from Tiandu City.

The reason why Ye Chen wanted to go to the capital city was because according to Ge Qing's intelligence, that mysterious inheritor had appeared in the capital city before.

Ye Chen went here, also wanting to inquire about the news. If he is lucky, maybe he can get any information?

But the more he moved forward, the deeper Ye Chen's brow wrinkled.

Top Best AI for Forex Trading 2024

why?

Because, on this road, it is too quiet!

Quietly weird!

Although this is a frontier fortress, it shouldn't be so desolate?

Did the eternal holy king clear the field ahead of time?

He went deep for a long time, but he still didn't see him alone, indicating that things are a bit more difficult.

But what makes him strange is that if there is any problem with this road, there should be hints in the information that Ge Qing gave him?

However, nothing is mentioned in the information.

However, Ye Chen didn't care too much.

With his current strength, the general danger is no longer concerned.

Ye Chen put on the mask casually, he was not sure whether the old man from the Southern Territory would come to look for him, and it was the safest to cover his face.

At this moment, suddenly, a gust of black wind swept across, and in the black wind, there was a creepy laughter.

Umang seemed to be frightened and threatened, he snorted, raised his front legs, and stopped.

Ye Chen looked at the black wind, his eyes flickered.

After a while, the black wind landed in front of Ye Chen, and several figures appeared.

Ye Chen glanced intently, and saw that these people were of different statures, tall and short, but they all looked thin and weak, and they were all dressed in black, their complexion was extremely pale, there was no blood, and a pair of sunken eyes. In, shining with green light!

What's even more frightening is that there is a huge bat standing on these people. This bat is completely dark, with black and shiny hairs, a pair of strange eyes, and those people in black. Similar, full of fangs, like a sword protruding out of the mouth, shimmering with a frightening cold light!

The feeling these people gave him reminded him of the Soul Palace!

Lin Juelong's breath is exactly the same as these people!

And beside this bat, there are several extremely injured warriors kneeling, with chains on their hands and feet, their eyes dimmed, and they look like prisoners.

More importantly, these warriors are all cultivation bases of the late stage or peak stage of the star aperture!

The Southern Region is stronger than the Western Region, but the strong star orifice is also considered a noble existence in the Southern Region!

How can I fall here!

The gazes of the men in black swept over Ye Chen and the Umang, they were actually taken aback at the same time, and then they showed almost crazy greed!

The root of the soul hall's exercises is related to the demons.

Some of them are tainted with magical energy, and they naturally feel the magical meaning of black awns!

Ye Chen swept away everyone!

Sure enough, I found the jade card of the Soul Palace!

What does the Soul Palace do in the Southern Territory? Is the collection of warriors for those sarcophagus plans?

And the huge bat behind a few people, after seeing Ye Chen and Umang, was also agitated instantly, and the black-clothed men looked at each other and quickly calmed down.

A very tall and thin man headed by frowned, and he grabbed a thin man on the ground. When the man was caught, a very strong panic suddenly appeared in his gloomy eyes, tearing his heart. Weeping like lungs:

"No! Let me go! I am willing to contribute my blood!"

With that said, I was scared and incontinent!

When the other men and women kneeling on the ground saw this, they all trembled and lowered their heads and blocked their ears, seeming to escape from what happened before them.

The tall and thin man in black snorted coldly, and regardless of the man's wailing, he threw him directly at the giant bat.

In the eyes of the giant bat monster, a blue light flashed, and a mouth of the blood basin directly bit the man. The sharp, sword-like fangs effortlessly tore through the man's skin and muscles, and blood spattered out instantly!

But the man uttered a scream of fear and despair.

Ye Chen's eyes flashed with a hint of coldness, and he saw that the man's skin quickly dried out, and his bloodless skin was extremely pale. He was sucked up by the huge bat and turned into a human being!

Strangely, the blood of this warrior also disappeared!

The huge bat spit out the man's mummy, smashed his mouth with unsatisfactory thoughts, but finally calmed down.

The whole process, although not long, can be said to be quite cruel and terrifying!

Especially when the man screamed when he was bitten by a bat, it was obvious that when he was sucked blood by this bat, he was suffering unimaginable pain!

At this time, the tall and thin man led several other men in black to completely surround Ye Chen.

Ye Chen glanced at these people indifferently, these weird men in black had a messy breath!

The blood is extremely impure!

And that tall and thin man was the most terrifying, turned out to be a closed door!

However, Ye Chen keenly sensed that this man had a weird aura and seemed to be the result of forcible promotion!

Did the Soul Palace already control the ability to improve bloodline and cultivation?

If it is really based on depriving other warriors of their cultivation base and blood, it would be too shocking!

The most powerful aura is the weird bat behind them!

At this moment, the Devil Emperor's voice sounded: "That bat is called the bloodthirsty bat. It is a monster of the Demon Realm. It is good at absorbing blood and energy. It is impossible to absorb blood..."

"The demon beasts of the Demon Realm have escaped from the demon energy of the Demon Realm, and it is extremely difficult to survive, but what is the situation now? The people in the Soul Palace seem to have improved this bloodthirsty bat..."

"It seems that Lin Juelong, who is also from China, has a secret world hidden in his body. and Soul Palace likes to delve into this side door."

"What the **** is the Soul Palace going to do, collecting so many powerful..."

"Also, the aura of these people in front of you is weird. They can't bear the bloodline changes at all, but they are restricted by human beings, and they can barely last for a while."

Ye Chen's eyes were solemn, always feeling that something big would happen in Lingwu Continent next.

If you meet Lin Juelong next time, you must behead him at all costs!

One of the strong souls with a thin body looked at Ye Chen and said:

"Unexpectedly, I heard that Li Qi, a strong gatekeeper in the nearby border fortress, wanted to take action against our Soul Palace. He planned to evacuate here, but tonight, let us win such a big prize?"

It seems that even God is helping us! "

Chapter 2139: Swallowed blood?

Another man with a large skeleton said hoarsely: "Hey, the third child, I don't know what is going on with this kid? He is obviously a good fortune realm, and the blood on his body is so alluring!

And the spirit beast beside him should also have a good bloodline? Maybe, absorbing their blood, Lord Lin Juelong will reward us more? "

A bald man standing behind Ye Chen stared at Ye Chen, like a beast locked in a prey, and said impatiently: "Third brother, second brother, what are we waiting for? This son's cultivation base is low. Some, but the blood is pure, Master Lin wants this kind of person."

After all, these three people moved slowly towards Ye Chen.

It can be seen that there is a sense of urgency in their eyes. The reason why they did not rush forward is probably because the tall and thin man in the lead has not spoken yet.

Ye Chen's eyes were a little surprised.

Did Lin Juelong come to the South?

The only thing he can think of is the blood spirit race.

The only connection between the Soul Palace and the Southern Territory is the Blood Spirit Race.

After all, the ancient blood soul race was divided into two, the soul race and the blood spirit race.

Could it be that the seal of the Blood Soul Race was lifted and the two forces united?

There are too many mysteries in Ye Chen's mind at this moment.

Ye Chen stepped out and looked at the approaching people indifferently.

At this moment, the tall and thin man suddenly said: "Wait!"

The other black-clothed men had a meal at the same time, and they were extremely obedient to the tall and thin man's words!

The tall and thin man stared at Ye Chen with blue eyes. For some reason, this martial artist gave him a sense of danger. If it were normal, he might even choose to give up taking action against Ye Chen. The reason he is still standing now Here, there is only one reason, and that is that Ye Chen's blood is too attractive!

Ye Chen shrugged and said: "I don't want to do it, you can leave by yourself."

Several people were taken aback when they heard this.

They are the Soul Palace!

It is also the existence that makes countless people feel terrified!

Blessing a part of the power of blood, even if it is a closed door, it may not be qualified to let yourself and others pass the way?

A Good Fortune Realm actually doesn't take them so seriously?

The bald man who ranked fourth suddenly laughed and said, "Boy, don't you know the name of our soul palace? You know, many guys like you who talked to us before ended up miserably. of."

As he said, he pointed at the corpse that had become a human body, and smiled: "Do you know? This kid has a cultivation base that is much higher than you."

"It's just that his blood is really unpalatable."

Ye Chen didn't even look at the bald man. He just faintly faced the tall and thin man, and asked again: "I will ask you one last time, roll or not?"

Hearing this, the tall and thin man's eyes sank suddenly! In the eyes, the blue light flashed wildly!

"Let us go? I was just thinking about whether to give you a chance to survive. Now, if you kneel down and kowtow to us, we can still keep you alive. After all, your blood is really attractive. Well, Master Lin is probably very interested in you!"

After speaking, the tall and thin man roared and slapped the huge bloodthirsty bat beside him suddenly. Among the few people, he was the only one who could slightly drive this monster into action.

Although the tall and thin man was stimulated and extremely angry, he had not completely lost his mind. The threat Ye Chen had made him feel before still remained in his heart!

Therefore, he didn't have any reservations about this shot, and even directly used the Bat King.

Although the Bat King is powerful, every time he makes a shot, he has to **** most of the blood of his prey. Therefore, the tall and thin man is not willing to let the Bat King do it as a last resort.

The Bat King rose into the air, blowing black wind, turning into a shadow that covered the sky and the moon, and rushed toward Ye Chen!

The tall and thin men and others also made a strange cry, his clothes bursting, his muscles bulging, and his momentum exploded!

These people moved at extremely fast speeds and turned into four black shadows, accompanied by the Bat King, attacking Ye Chen!

Ye Chen looked at the bat king with a sneer. In his perception, the body of the bat king could be said to be extremely tough. I am afraid that with a full sword, he may not be able to cut it to death. In, it can be considered quite powerful.

However, no matter how strong this beast is, it is only a beast after all, and it is still a beast with unconsciousness, extremely strong beast nature, and angry at every turn. Such a strange animal spirit is generally not too strong!

Immediately, there was a flash of light in Ye Chen's eyes, staring directly at the green eyes of King Bat, and shouted in a low voice: "Soul sword out!"

The next moment, a wave of invisible fluctuations burst out from the center of Ye Chen's eyebrows. Vaguely, it turned into a smoke-filled phantom long sword. After a flash, it shot into the hideous complexion with its mouth wide open. , In the eyebrows of the seemingly terrifying Bat King!

At this moment, the four men in black also arrived in front of Ye Chen. The hands of several people turned into a pair of sharp claws. The sharp claws were wrapped with traces of blood. As long as it touches the enemy, it can instantly corrode the opponent's flesh and bones!

Immediately, several people raised their hands and completely blocked Ye Chen's dodge angle!

The **** claw shadows fell on Ye Chen!

Feeling the touch of the hand, the men in the Soul Palace all showed joy!

Their claws really fell on Ye Chen!

This weird blood claw, even an ordinary star-aperture peak martial artist, would be injured if caught by them like this, let alone a good fortune?

This arrogant kid is dead!

With a loud bang, there was a big pit where Ye Chen stood in an instant. Ye Chen stood in the center of the big pit. Around him, there were the four strong soul halls.

At this time, the four strange claws were firmly clasped on Ye Chen.

Originally, the ugly and hideous faces of a few people still wore disgusting smiles. They wanted to watch Ye Chen fall in pain and wailing, but the smiles on their faces solidified the next moment!

At the same time, in the sky, there was a mournful wailing. The huge bloodthirsty bat that made them trust incomparable and terrifying, actually let out a scream, and in their eyes and ears, countless blood poured out directly from the air, fell heavily to the ground!

"Not good!" The tall and thin man yelled secretly, and was about to speak to remind him, there were two muffled bangs in his ear!

Ignoring the power inserted into his body, Ye Chen suddenly raised his figure God Blood, Burning Blood Secret Art, God and Demon Reincarnation Art! Do everything, with a low whistle in the mouth, punches!

Very fast, hit the head of the second and third child!

These two blood demons with countless murders, just like that, before they even screamed, they were blasted into two blood mists by Ye Chen!

Chapter 2140: Crisis 4 volts!

Both the tall and thin man and the bald man changed their expressions wildly. Although the two punches did not hit them, they shattered their thinking!

What happened just now?

Why is the extremely powerful Bat King suddenly seriously injured?

Why did my two companions suddenly burst into blood mist?

Too many unreasonable, so that these two bloodthirsty soul temple powerhouses, rediscover the fear in their hearts!

You know, the body of the bat king is so strong that even the martial artist of the gate may not be able to cause harm!

Why did you fall down so inexplicably?

Not to mention the bat king, even they themselves, after the mutation, can withstand the attack of the martial artist at the peak of the star aperture with their physical bodies, but Ye Chen casually smashed the second and third into blood mist!

How terrifying is this power?

The tall and thin man and the bald-headed man screamed at the same time, where they could care about the others. They went crazy and fled in different directions!

Now, no matter how attractive Ye Chen's blood was, they would never look back!

No matter how delicious the blood is, it must have a life before you can taste it!

Looking at the two dark shadows flashing quickly, Ye Chen smiled faintly and said, "I want to go now, don't you think it's too late?"

The next moment, Ye Chen's body flashed with electric lights, and the whole person turned into an electric light and appeared behind the tall and thin man in an instant!

And Umang turned into a magic shadow and appeared in front of another person!

Umang's feet volleyed into the air and stepped down fiercely!

Devilish surging!

After a roar, the bald man turned into blood mist on the spot!

Seeing this scene, Ye Chen was slightly shocked.

Not only is Umang's speed terrifying, it can also explode with amazing combat capabilities!

The key Umang kills is the star orifice powerhouse of Soul Palace!

No wonder the Devil Emperor wants to use Umang as his mount for such existence!

The tall and thin man naturally felt Ye Chen's appearance, and even saw Umang killing with his own eyes! As if seeing a ghost, yelled in horror!

He raised his hands, and the unstable door-closing aura broke out completely. The entire desert seemed to be affected by this shocking aura, and even the temperature dropped rapidly!

Ye Chen's eyes flashed, this tall and thin man really still has some strength!

Immediately, he flipped his wrist and fell into his palm again!

The tall and thin man screamed: "Die to me!!!"

His hands were shining brightly, turning into a ball of **** flames, burning blazingly!

As soon as the flames came out, even the earth was burned out of countless cavities, and the extremely strong evil spirit whizzed out. Under the influence of this evil spirit, the weaker creatures directly exploded and turned into a little blood. Into this flame!

Stunningly weird!

The tall and thin man waved his hand abruptly, and the flame in his hand turned into a pillar of fire, bombarding Ye Chen away!

The whole desert was turned into blood in an instant!

The tall and thin man smiled with joy. At this critical moment, he actually performed that forbidden technique!

Ye Chen faintly looked at the flames blasting towards him, his expression unchanged, the beast rotten sword slammed down at the flames!

The sword light flashed, like a meteor piercing the sky, and like a black hole that swallowed everything!

It seemed that the extremely terrifying blood-colored pillar of fire was actually annihilated under that icy sword light!

And in the heart of the tall and thin man, a glimmer of hope that was originally born, also dissipated into the darkness with this pillar of fire!

He stopped thinking about it, forced out his blood and took out two jade medals!

One is the Jade of the Soul Palace! A jade medal turned out to be the blood spirit clan!

The tall and thin man was full of blood and evil spirits, his speed increased to the extreme!

...

Under the curtain of night, a weird black shadow was flashing crazily, and the ugly face of the strong soul palace at this time was full of fright!

The tall and thin man knew that everyone was dead!

He must go back and inform! Must tell Master Lin Juelong!

At this moment, a ray of light was vaguely caught in the corner of his eyes, and it flashed past him!

The tall and thin man stopped abruptly, like a frightened bird, turning his head frantically, his eyes flashed with blue light, and the darkness was empty except for the sand and the huge cactus-like plants.

He breathed out a little, relaxed a little, and prepared to continue running away as soon as he moved.

But at this moment, an indifferent man's voice rang in the ear of the tall and thin man.

"Have you run enough?"

This voice came from behind him!

The tall and thin man turned around abruptly, and saw Ye Chen standing quietly behind him with a smile on his face.

"Ah!" The tall and thin man exclaimed, and then his pupils shrank again!

"Let... let me go... I am willing to sign a contract and recognize you as my master! From now on, I will obey you! As long as I have enough blood, I can continue to grow stronger! Definitely, it will be useful to the master of!"

That bald man, where is the slightest anger and cruelty at this moment?

He said in a low voice, his legs trembled, and he knelt in front of Ye Chen suddenly. He knew that he could never escape from Ye Chen's hands with his own speed.

A hint of violent flashes flashed in Ye Chen's eyes, and he suddenly stepped on the tall and thin man who was kneeling on the ground.

Endless dust surging!

"I don't need a contract. I will ask you a few questions, and you just have to answer them."

The tall and thin man nodded fiercely: "Sir, you can ask me anything, but I think it's better for an adult to leave as soon as possible, after all, the people behind the soul hall will know that something has happened."

However, Ye Chen's expression was faint, he reached out his hand and took off the mask: "Oh? Are you talking about Lin Juelong?"

When the tall and thin man saw Ye Chen's true face, his pupils suddenly enlarged!

"You...you are Ye Chen!"

Who does not know Ye Chen in the Soul Palace!

Even Ye Chen had the highest reward in the hunting list of the Soul Palace!

Unexpectedly, Ye Chen actually appeared in the Southern Territory!

The devil has come!

Ye Chen saw that the tall and thin man did not speak shook his head and glanced at the Umans!

In the next second, the Umong turned into a magical shadow, rising to the sky! He stepped on to the tall and thin man!

The tall and thin man panicked completely, and hurriedly said: "One day ago, Lin Juelong came to the Southern Territory with the lord!"

"Why come to the Southern Region?" Ye Chen frowned.

The tall and thin man continued: "Why only Lin Juelong and the palace master know exactly!"

"Since Lin Juelong's appearance, the palace owner seems to be busy with Lin Juelong. They seem to be very interested in plundering the blood of others and have been experimenting."

"These days, there are thousands of strong people caught by the Soul Palace, most of them are good fortune star orifices, of course, there are also a small number of strong people."

"Even, the hall master still experimented with the elders of our soul hall! The hall master is completely crazy!"
