Chapter 251: simple! rough!

Lei Shuwei, Ying Qing and those dragon soul fighters clenched their fists!

Mr. Ye is finally here!

As for whether Mr. Ye can win, they are extremely sure in their hearts!

"By the way, who is the person wearing sunglasses and peaked cap next to Mr. Ye?" Lei Shuwei frowned.

He didn't remember that Ye Chen had such friends with him.

The key is that Ye Chen is used to being alone, how could he suddenly bring someone by his side?

"Ying Qing, have you seen this person?"

Ying Qing heard Lei Shuwei's question and shook his head: "Chief, I haven't seen it either. Maybe it's Mr. Ye's friend."

Lei Shuwei nodded, did not speak.

Zhongxin above the martial arts platform stared at Ye Chen at the door, with a trace of anger in his eyes.

What if he comes! It's just sending him to death!

Other party CITIC is the 99th existence on the Huaxia Grandmaster List!

The 100 Chinese Grandmasters list is a watershed!

What qualifications does this kind of garbage have to fight him!

"Ye Chen, since you are here, come up and die!"

A roar shakes the world!

Those in the martial arts bureau under the stage applauded, and the voices were loud!

Ye Chen glanced at the crowd, sketched a smile at the corner of his mouth, and said to Raksha Kitano, who was wearing sunglasses and a cap beside him, said: "Raksha, let's go, if anyone dares to break the rules, kill him."

"Yes, my lord!"

Under the sunglasses, there are a pair of cold eyes hidden.

Who would have thought that he would be the emperor Kitano Takeshi who made countless forces fearful!

is the Rakshasa beside Ye Chen now!

The two walked towards the martial arts platform!

When Ye Chen was three meters away from the martial arts platform, his feet gathered infurience and jumped up!

fell firmly on the stage!

Very relaxed.

Fang Zhongxin glanced at Ye Chen, with a suspicious look on his face, because he felt that Ye Chen's aura seemed to have changed upside down!

Is this a breakthrough?

At this moment, the three old men also flew up from the seats in the audience.

He glanced at Ye Chen and Fang Zhongxin, and said, "The three of us are the three referees of the martial arts platform this time. Now, let me read the rules! First"

Before he finished speaking, Ye Chen interrupted: "You don't need to read it out, I just ask the three of you one question."

The three old men with terrifying auras were startled, although they were not happy, they still said, "What are your questions?"

"Where do you all come from?"

The three sneered: "The challenge of the Jiangnan Provincial Budo Station has been under the control of the Huaxia Budo Bureau 30 years ago."

"In other words, you are all from the China Martial Arts Bureau?" Ye Chen said.

An old man headed by nodded: "That is natural. Although we and Fang Zhongxin are from the same association, we will pursue the justice of the Budodai! You can rest assured!"

Ye Chen smiled.

All the **** is the person behind Fang Zhongxin, can this referee be fair?

Yuan Jingfu last time is the best example!

But even so, he recognized it!

Moreover, Fang Zhongxin must die on stage today, and no one can stop it!

The three old men just wanted to continue talking, Ye Chen had already spoken: "Don't talk nonsense, just start."

"You!" The three are very popular!

They have hosted many martial arts challenges, almost everyone is polite to them, only this is Ye Chen!

completely ignore them!

arrogant!

This arrogant kid is doomed to die!

Fang Zhongxin smiled and said to the three elders: "Three seniors, don't be angry. This may be the last word of this son. Just go down and wait."

Upon hearing these words, the three old men nodded and whispered softly: "Grandmaster Fang, no matter this, be careful."

"Yes, senior!"

Soon, Ye Chen and Fang Zhongxin were left in the entire martial arts platform.

Fang Zhongxin's eyes were full of disdain, and he roughly knew Ye Chen's strength that day.

It is impossible for the opponent to defeat him!

This time it is destined to be a crushing game.

"Boy, you didn't come, maybe you can live a few more days, but since you are here today, then I'm sorry! No one who wants to kill the Huaxia Martial Arts Bureau can survive."

After finishing speaking, Fang Zhongxin's momentum continued to rise, and when he reached the extreme, he rushed out!

The wind howls! Speed is like thunder!

Ye Chen just stood like this, with his hands behind him, motionless!

There is playfulness and indifference on the corners of his mouth.

In the first battle in the banquet hall, he roughly knew Fang Zhongxin's strength, which was two small realms higher than his own.

originally wanted to use the Dragon Slashing Sword to deal with this person.

But now, there is no need at all!

because he has also stepped into two realms!

In the same realm, he Ye Chen is destined to be respected!

When Fang Zhongxin approached Ye Chen, his body leaped sharply and swept out his kick!

This kick, the wind is loud! Smashed Ye Chen's head with the force of destruction!

With one foot, the head can kick!

Inevitable blood stains the ring!

He didn't plan to keep his hands from the beginning!

Seeing that the extremely terrifying blow was about to fall, Ye Chen moved, his arm lifted, and a slight shock!

The sleeves are floating, and a strong airflow actually rushes out!

Fang Zhongxin's legs seem to have received endless resistance!

He noticed something was wrong, and just about to take it back, Ye Chen's five fingers were already open, and they snapped on Fang Zhongxin's ankle!

"not good!"

Fang Zhongxin turned around and wanted to break free!

But I found that I couldn't break free!

The opponent's hand is clasped like a vise!

"Let go!"

He gathered energy all over his body and rushed towards Ye Chen!

Ye Chen lightly waved his arm~www.mtlnovel.com~ The invisible suffocation directly broke the strength!

Fang Zhongxin was stunned. In just three days, the strength of this kid was more than doubled!

how is this possible!

"You just said you want to imprison my friend?"

An indifferent voice sounded!

from Ye Chen!

Fang Zhongxin became angry from embarrassment: "Small mess, let go!"

Ye Chen's eyes became cold, and his arms gathered infuriating energy, and he violently pulled Fang Zhongxin over!

Then! Infuriating burst!

push down!

"Boom!"

smashed Fang Zhongxin to the ground!

Simple! rough!

Who would have thought that this kind of situation would happen at Budodai!

There are no fancy martial arts, and there are not too many contests. They are crushed in a single way and are extremely violent!

Fang Zhongxin's face was covered with blood, and his body suffered a lot of damage!

The three referees under the stage, as well as those from the Huaxia Budo Bureau, turned dark one by one!

I thought Fang Zhongxin was crushing this son, but I didn't expect it to be the opposite!

A few seconds before it started, Fang Zhongxin was smashed to the ground with this method!

Didn't the CITIC **** wake up?

The powerful pain may have inspired Fang Zhongxin's fighting spirit!

Fang Zhongxin roared, and his whole body slammed Ye Chen's hand!

finally broke free!

At this moment, he got up in embarrassment, and his angry eyes stared at Ye Chen!

Insult!

naked insult!

"Smuggle, you die for me!"

With a roar, Fang Zhongxin's hands spread out, unexpectedly condensing a very strong momentum!

Even the wind is blowing around!

"This...this is the stunt against the wind that Grandmaster Fang obtained overseas!"

"He actually took this out to deal with this kid, it seems that he is really angry!"

"Last time he also used this technique to kill three strong men!"

"That arrogant kid is dead!"

The Huaxia Budo Bureau laughed.

Fang Zhongxin's momentum condensed to the peak on stage, and he rushed out instantly!

I saw his hands cut through the sky like two knives, dragging out a long wave of air, like two long knives falling from the sky, pulling out a sharp wave of air towards Ye Chen!

The two are several meters apart, but the threat of this trick is thorough! The fierce air wave hit Ye Chen.

It seems to be isolated from life and death!

Lei Shuwei frowned in the audience: "This martial art was auctioned overseas at a price of 2 billion, which is considered top martial art. I didn't expect it to be sold by Fang Zhongxin!"

"The general strong, under this blow, will die!"

A dragon soul warrior glanced at Lei Shuwei, and said excitedly: "Chief, will something happen to the instructor? I think something is wrong!"

Lei Shuwei and Ying Qing looked at each other, did not speak, and there was a mysterious smile on their lips.

The video of Jiangcheng Budo Channel back then, except for the leader of China No.1, only the two of them have seen it!

Except for the three of them, no one knows Ye Chen's guard against the sky!

That scene even appeared in their dreams countless times!

After waking up from the dream, my body is sweaty!

Fang Zhongxin wants to kill Mr. Ye, even if he has cultivated for a thousand years!

...

On stage.

Fang Zhongxin's headwind is about to fall!

Tear the air! The air bursts!

Extremely scary!

A gust of wind swept up all over his body, and countless broken stones instantly turned into powder under the attack of palm wind.

It shows how terrifying the power!

As soon as he was about to cut it off, his mouth showed a cold smile.

Slash against the wind, a high-level martial skill in the Chinese martial arts world, condenses the power of the whole body into one burst! Attacks like a blade.

Killing is like cutting vegetables!

It is even more capable of confronting swords and swords, cutting iron like mud.

Although he has no success, it is easy to kill the mess in front of him!

At this moment, a faint voice suddenly sounded in Fang Zhongxin's ear!

"Did you just say that you want to destroy my parents' tombstone?" Ye Chen said.

No tension!

Very plain!

It's like treating Fang Zhongxin as air!

Hearing these words, Fang Zhongxin became angry, increased his strength, and shouted: "Grass! Don't talk nonsense to Laozi!"

As soon as the words fell, Ye Chen moved and went up against the wind!

A palm penetrates the storm and bombards away!

The palm of his hand seemed to be covered with a thin mask, and his palm was really angry!

This time, Ye Chen not only did it, but also directly collided with Fang Zhongxin's Against the Wind!

Because everyone feels extremely advanced martial arts, in his eyes, it is rubbish!

"Boom!"

Two powerful forces suddenly collided, and the waves of air on the martial arts platform rolled!

"Rumble..."

In an instant, like an earthquake, there was a crack in the Budo Station! Like a spider web!

The wind screamed, and the clash made a roaring sound, and the sky was full of dust.

"What kind of nerves does that kid have, let's carry Master Fang's headwind!"

"Haha, he is dead!"

"I'm afraid this kid doesn't even have a complete body..."

Seeing the martial arts platform filled with dust, everyone in the martial arts platform was in an uproar, with infinite emotion and grinning smiles.

Overweight people.

At this moment, the dust gradually dispersed.

There is only one figure on the court!

The Huaxia Budo Bureau is already carnival! Even the three referees have smiles on their lips!

"It is expected that Grandmaster Fang can win, haha, today we will go to the New Century Hotel in Jiangnan Province to celebrate..."

The voice of an old man of the Huaxia Budo Bureau is indeed getting lighter and lighter, and in the end it stops abruptly!

Because on the martial arts stage, the dust completely disappeared!

That figure is not Fang Zhongxin, but a young man!

An extremely cold and proud young man!

Ye Chen!

At this moment, everyone's eyes widened, staring at the situation in the field, for fear of missing any link.

But the result is still the same!

On the contrary, on the martial arts stage, another figure has fallen to the ground, vomiting blood!

"what....."

At this moment, the screams were particularly harsh!

Who else can there be without Fang Zhongxin!

The faces of the Huaxia Budo Bureau under the martial arts stage were more ugly!

This is simply a shame!

The strong man of the Huaxia Budo Bureau was lost to a little boy!

The key is to **** be defeated!

If this matter is known by the senior management, it will definitely be furious!

Ye Chen didn't care about the reaction off the court, and walked towards Fang Zhongxin who was vomiting blood step by step!

Fang Zhongxin noticed something, and a weak voice sounded: "You can't kill me! I'm from the Huaxia Martial Arts Bureau..."

Even if you say it, it's useless!

One of Ye Chen's hand has clasped Fang Zhongxin's ankle.

Fang Zhongxin was full of panic. Is this kid going to kick himself up and smash him?

madman!

A complete lunatic!

Which ancient warrior in China would do this!

The three referees off the court also noticed something was wrong and rushed forward!

He even said loudly: "Ye Chen, you can't do it. According to the "China Supreme Martial Arts Law", no one can arbitrarily kill the staff of the China Martial Arts Bureau!"

Ye Chen glanced at the three of them and sneered: "Seal my nationality? Prison my friend? Destroy my parents' tombstone? Do you know what sin means in my dictionary?"

"capital offense!"

In the next second, Ye Chen lifted Fang Zhongxin's feet high again and lifted it up!

Then, it hit the ground!

"Boom!"

Blood splattered!

Fang Zhongxin was killed on the spot!

There is no possibility of survival!

The three elders had already landed on the martial arts stage. Seeing Fang Zhongxin's body, his eyes were full of anger!

"Ye Chen, do you know what you are doing! Looking for death!"

One of the old men with the strongest breath said angrily! Red anger rushed all over!

Ye Chen did not fluctuate in the slightest, and said: "The ancient martial artist killed people at the martial arts platform, is it wrong?"

The old man was speechless, but still said: "Budotai is not wrong to kill, but you should not kill Fang Zhongxin! Fang Zhongxin's identity is special!"

"Special?" Ye Chen smiled~www.mtnovel.com~ What about special? Offend me, this is the end! "

"Arrogant boy! Take it!" The old man headed could no longer bear it, and ordered directly!

The three of them rushed towards Ye Chen together, just when they were about to arrive in front of Ye Chen!

A figure has appeared in front of Ye Chen!

The powerful breath rushed to the three!

"Bold! Who dares to move him!"

Chapter 253: How can it be!

Remember "Loveσkan÷5200→" in one second to provide you with wonderful novel reading.

this moment.

The three elders of the Huaxia Martial Arts Bureau were startled.

The three of them looked curiously at the man in front of them, wearing sunglasses and peaked caps in the room, how strange it is.

Of course they knew that this person came in with Ye Chen!

Guess should be a kind of friend.

It is estimated that the friend can't stand it anymore, so he made the move.

Judging from the breath, it is also an ancient warrior.

The headed old man sneered and said: "Since you are an ancient martial artist, you should know the consequences of offending the Huaxia Martial Arts Bureau. If you stand in front of this kid, you will definitely die."

Raksha (Take Takeshi Kitano) expressionlessly said, "Whoever dares to step forward, kill him!"

At this moment, Lei Shuwei and others also set foot on the martial arts platform!

Lei Shuwei took a step and said coldly: "You Huaxia Martial Arts Bureau is unscrupulous to this point! This is the martial arts platform, is it guilty to kill others at the martial arts platform? Believe it or not, I will push today's matter to the top, then you What consequences do you think you have!"

The face of the old man headed slightly changed, but he thought of the leader's explanation.

If Fang Zhongxin loses, Ye Chen can't get out of the martial arts platform!

No matter what means are used!

The old man looked at Lei Shuwei: "You have to stab it to the top casually, but this Ye Chen violated the Supreme Law of the Huaxia Martial Arts Bureau, so you must plead guilty!"

When Lei Shuwei wanted to speak, Ye Chen ordered: "Go down."

"Mr. Ye..." Ying Qing and Lei Shuwei's eyes were filled with surprise!

They didn't understand why Ye Chen wanted them to go down!

"I said, go down, this matter is a personal grievance between me and the Huaxia Martial Arts Bureau, and it does not involve the Dragon Soul."

Lei Shuwei, Ying Qing and the others looked at each other and could only get off the martial arts platform.

They dare not go against Ye Chen's wishes.

Of course the most important thing is that they believe that Ye Chen will not have an accident.

The three old men felt that Ye Chen was very acquainted, and couldn't help nodding in satisfaction.

"Since you know that this matter shouldn't involve other people, you just obediently catch it." An old man said quite arrogantly.

The tone is beyond doubt.

Ye Chen leaned on the pillar on the side of the martial arts platform, took out a pack of cigarettes from his pocket, shook it, held it in his mouth, and then lit it.

Smoky.

The three of them frowned, wondering why Ye Chen was still in the mood to smoke at this time.

Is it because there is pressure in my heart?

Suddenly, Ye Chen raised his head and said: "According to your martial arts method, I killed Fang Zhongxin, what consequences do I have to bear?"

The headed old man stood up and smiled: "Killing pays for life!"

"Oh."

Ye Chen had no more words.

After a few seconds, the old man stood up and said, "Boy, since you are enlightened, you can honestly kneel down and let us take it away! The Huaxia Martial Arts Bureau has euthanasia, at least it will save you from suffering."

Even so, no matter whether Ye Chen agrees or not, he will try to kill Ye Chen on the martial arts stage!

Just because of the command of the leader-Ye Chen can't get out of the martial arts stage alive!

"Oh."

The answer is still not salty.

Damn it!

The three elders from the Huaxia Budo Bureau were furious!

What the **** is this attitude!

"Boy, since you don't cooperate, it's no wonder we are. Today, you and Fang Zhongxin died on the martial arts stage together! We also give him an explanation!"

The old man sneered at the corner of his mouth. Just about to take a shot, Ye Chen pinched out the cigarette in his hand, took out his mobile phone, pressed the record button, and said: "Well, since we are at the martial arts platform, we will follow the rules of the martial arts platform. The three of you are not responsible for life or death against the two of us! How?"

When the old man heard this, he was happy in his heart. If Ye Chen was killed in this way, the Dragon Soul could not say anything!

Simply the best solution!

The key point is that the three of them are all in the top 100 of the Chinese martial arts rankings, and their strength is far beyond Fang Zhongxin. It is a piece of cake to deal with them.

"Okay! I like your character! The contradiction of a warrior should be resolved by force!"

The headed old man said heartily!

"Let's start then." Ye Chen said lightly, without the slightest ripple in his voice!

In the next second, the three old men rushed out! The cold murderous intent is approaching Ye Chen!

At this moment, an afterimage flickered, and the man with sunglasses still stood in front of Ye Chen!

"Step aside!"

An old man roared! It's even a palm to the other side!

Ye Chen, who was leaning on the pillar, suddenly narrowed his eyes, and a cold voice sounded: "Raksha, don't leave one!"

"Yes, my lord!"

The three old men just wanted to laugh when they heard Ye Chen's absurd order, the man with sunglasses had already rushed over!

The wind was rolling, and the palm of his hand was holding a short knife, which tore the air, and the sound of howling blew in their ears!

The expressions of the three of them all changed!

This speed!

This breath!

Top powerhouse!

No matter how they reacted, Rakshasa has arrived.

The blade wind roared, bringing out a series of phantoms, covering the sky and the earth, making it difficult to identify which one is the actual existence.

The three elders quickly backed away, and at the same time gathered the strongest blow towards Rakshasa!

The palms filled the sky, driving gusts of wind, and there were dull roars of constant confrontation.

"Boom! Boom!"

The air waves are overflowing, spreading towards the four directions, driving the dust to fly!

The three elders are at most eighty or ninety on the Huaxia Grand Master List! And Raksha, in terms of strength, is at least in the top 30 of the China Grandmaster Ranking!

This gap is like a moat! More like a chasm!

The three of them struggled more and more, and the more they fought, the more frightened!

"Tear!"

A cold light appeared on the neck of one of the old men!

The blood is getting stained! Fallen in a pool of blood instantly!

The old man's eyes widened, and his expression before death was completely horrified!

Rakshasa is like a killing machine, without staying in the slightest, and heading towards the remaining two again!

Seeing that something was wrong, the two old men ran towards the martial arts stage one after another!

They have confirmed that this guy wearing sunglasses is definitely one of the top 50 in the Huaxia Grand Master!

how to spell!

"Where to go!"

Raksha roared, white light flashed, and once again, the knife quickly passed over an old man's neck and across his skin, bringing a sensation of pain.

The old man subconsciously covered his neck, but found that he couldn't cover it at all, and his body separated!

Too overbearing!

Of the three powerhouses of the China Martial Arts Bureau, only one is left!

The eyes of the remaining old man were full of horror, what kind of evil is this Ye Chen friend!

So killing without blinking! The key block can't stop it!

It's so **** fierce!

Just what he wanted to say, Luo Sha stepped on the old man's chest!

The old man flew out on the spot, hit the ground fiercely, and vomited a mouthful of blood!

The bones in his chest almost shattered! Very painful!

The old man resisted the pain on his body, stood up, and a strong wind fell!

The man in sunglasses is here again!

The icy knife at the key is not going to give him a way to survive!

He could only condense his strength in his hands, turning his fists into claws, as if he was buckling the neck of the man with sunglasses!

But I can't touch it at all! Sword Qi has appeared on his chest!

The cold light flashed, and the short knife was fiercely inserted into his chest!

Blood bursts!

But the old man's five fingers just took off the man's sunglasses!

Without the sunglasses, he finally saw the other side's looks before he died!

But in the next second, the old man's eyes shrank to the extreme~www.mtlnovel.com~ his pupils were full of fear and surprise!

This face! He is very familiar!

Turned out to be Takeshi Kitano, the number one master of that island country!

The helm of Wuhuangsha!

Well-known top powerhouse!

how is this possible!

How could such a strong person be so respectful to Ye Chen!

How can he Ye Chen and He De!

Chapter 254: You're back?

Three elders from the China Martial Arts Bureau were all beheaded!

The whole process is only ten seconds.

This is too weird!

What kind of strength is needed for this!

Is it possible that the man wearing sunglasses is the top 50 of China?

If it is true, how could such a person appear in Jiangnan Province!

How could you stand beside Ye Chen without hesitation?

Budotai is full of bleak meanings.

Because Rakshasa was facing the group of people from the China Martial Arts Bureau, they couldn't see Raksha with his sunglasses off.

A sneer was outlined at the corner of Raksha's mouth, and with a scratch with five fingers, the sunglasses returned to his hand, even more hidden in front of him.

He walked towards Ye Chen step by step!

When he came to Ye Chen, he suddenly knelt down and said respectfully: "My lord, fortunately not insulting your life!"

Ye Chen nodded and said: "Get up."

This extremely simple dialogue has had a tremendous impact on everyone in the martial arts stage!

They feel the world is crazy!

What Kitano said was more like a heavy hammer that split their hearts apart!

Such a strong man actually knelt down in front of Ye Chen?

What attitude is this!

Doesn't it mean that the strong are extremely dignified?

Everyone can see that the strength of the man with sunglasses far exceeds Ye Chen!

But he did kneel down!

"hiss"

The crowd took a breath.

At this moment, everything was terrifying.

This top power is just Ye Chen's thug?

What is going on in this world?

The people in the Huaxia Budo Bureau stepped back one after another, not knowing what to do for a while.

Qunlong has no leader.

The three elders who died on the stage were the three with the highest status among the people sent by the China Martial Arts Bureau this time.

But it just died.

Without warning.

Everyone seemed to see the anger of the high-level Huaxia Budo Bureau!

The sky has changed, the sky has changed completely.

At this moment, Lei Shuwei and Ying Qing frowned, their position happened to see Luo Sha's face taking off his sunglasses.

Although it was only a moment, the familiar feeling made them sure that this person must have seen it somewhere!

They even suspected that they had taken Kitano.

But how could a top powerhouse like Takeshi Kitano be willing to become Ye Chen's thug?

Can't think of everything, they can only suppress the doubts in their hearts.

However, there was a trace of sadness in Lei Shuwei's eyebrows.

He stared at the corpses on the stage.

This time, four people died in the Huaxia Martial Arts Bureau, and the status of these four people is not too low.

Ye Chen really offended the Huaxia Martial Arts Bureau.

With the style of the Huaxia Martial Arts Bureau, Ye Chen would definitely not be better off.

But no matter what, Dragon Soul will spare no effort to stand on Ye Chen's side.

"Late, call number one, only number one may protect Ye Chen at the moment." Lei Shuwei murmured.

On the martial arts stage, Ye Chen was about to leave, and suddenly a member of the Huaxia Martial Arts Bureau spoke: "Ye Chen, you are in a big disaster!"

Ye Chen stopped, glanced at the people in the Huaxia Martial Arts Bureau, and said: "If you are upset, you can stand up, or you can go together. I will give you five seconds."

There was silence around the field at this time.

Soon, five seconds passed.

No one stood up!

The key is who dare to stand up, there are two extremely terrifying evil gods on the martial arts stage!

Going up is dying!

Ye Chen sneered, stepped on his feet, and his whole body leaped towards the outside!

"Raksha, let's go!"

Hearing these words, not only the Huaxia Martial Arts Bureau, but also Lei Shuwei and the others silently wrote down their names.

The name Rakshasa is destined to spread in the Chinese martial arts world.

But they searched for the existence of the top 100 on the Huaxia Grandmasters list, and they didn't find anyone named Rakshasa.

...

At the same time, deep in Kunlun Mountain.

Dozens of Wujia powerhouses are sitting cross-legged, practicing patiently.

They are waiting.

Although the robed old man agreed to sit in the Qin family and even accept Qin Zhengyang as a disciple, he did not get on the road immediately.

Instead, he brought Qin Zhengyang into the house.

No one knows what happened inside, they only heard hearty laughter for several days!

Not only that, there is a strong breath of breakthrough in the house!

Qin Zhengyang's father, Qin Kun, trembles with his hands. He knows very well that it is absolutely not a loss to trade all of Qin family heirlooms!

Not long after, "Chuck!" The door opened!

Qin Zhengyang and the old man in the robe walked out at the same time.

At this moment, Qin Zhengyang is not what he used to be, and his momentum is overwhelming!
Powerful to the extreme!

Qin Kun quickly stood up and said excitedly: "Zhengyang, you..."

A haughty smile appeared on the corner of Qin Zhengyang's mouth: "Dad, the master taught me the method of cultivation, and I only discovered that the ancient martial artist who has been practicing since childhood has been a **** shit! In the past few days, my cultivation level has continued to break through, and I feel that My whole body is full of power! Now I can even challenge the existence of the top 100 in the Huaxia Grand Master!"

Qin Kun took a breath and said excitedly: "Really?"

Qin Zhengyang nodded, glanced at the old man in the robe beside him, respectfully said: "This is thanks to the master's teaching."

The old man in the robe was expressionless, and said: "You have a good talent, but you haven't found the right way to practice. I just helped you correct it."

Qin Kun was overjoyed, thinking of something, and quickly asked: "My lord, are you planning to set off to the Qin family in Jiangnan province at this moment?"

The old man in the long robe looked in one direction, narrowed his eyes, and said, "You arrange the plane for the day after tomorrow, because before that, I will take Zhengyang to a place. No matter how you say it, I will also make sure that your Qin family gives me Things, are there other questions."

"Yes, my lord."

Qin Kun was very happy. From now on, who else is their opponent of the Qin family?

...

Ming Cui Villa.

Ye Chen naturally couldn't let Luo Sha live in the villa, and asked him to contact Wu Xiangming directly.

There are still a few empty rooms in Wu Xiangming's residence.

But this was not a long-term solution. Ye Chen called King Nanjiang and asked him to find a way to vacate the villa next to him.

Although the family has lived for a long time, as long as the money is in place, they will naturally leave.

In this world, either has strength or money!

Ye Chen entered the villa and found a white suitcase. His brows wrinkled slightly~www.mtlnovel.com~
Just as he wanted to speak, a beautiful shadow appeared in front of him.

The eyes are exquisite and energetic, the eyebrows are trimmed and the nose is pointed, and the pear vortex appears on the cheeks, which is beautiful and innocent.

Xia Ruoxue!

"Ruoxue, are you back?" Ye Chen's mouth showed a smile.

After a few days, he found that Xia Ruoxue became more and more beautiful.

Xia Ruoxue lightly nodded her head and smiled and said: "I was back a few days ago. There was a little incident in my grandmother's house, which was delayed. I heard my dad say that you have tossed a lot these days?"

Although Xia Hongye only expressed a few emotions and didn't say anything specific, Xia Ruoxue also noticed that something major had happened in Jiangnan Province.

And this event is extremely likely to be led by Ye Chen!

Chapter 255: The storm is rising!

However, she didn't have to go into it, as long as Ye Chen didn't have an accident.

Xia Ruoxue poured two cups of juice from the juicer in the kitchen. One cup was handed to Ye Chen, and she asked: "During this period, grandma said a lot of good things about you. I talk about you every day, and my ears will have calluses. ."

Ye Chen drank the juice out: "This can only show that grandma's wise eyes know beads."

"Your grandma's call is easy. People who don't know think it is really your grandma." Xia Ruoxue's eyes whitened at Ye Chen.

Suddenly, she thought of something and continued: "Tell you one thing. When I was at my grandmother's house, someone asked why my grandmother's condition suddenly recovered. My mother accidentally said that, if these days If someone troubles you to treat a disease or something, you don't have to look at my face."

She didn't want to trouble Ye Chen because of herself.

Ye Chen nodded, he was able to heal, but not everyone can heal.

Everything depends on mood.

"Okay, I'll take a bath first. After a day's journey, I should also take a rest. Do you want to be together?"

Xia Ruoxue joked with her beautiful eyes moving.

As soon as Ye Chen wanted to say something, Xia Ruoxue twisted her buttocks and moved towards the second floor.

"The bathtub seems to be too small, just think about it."

After the words fell, Xia Ruoxue's giggle came.

Ye Chen shook his head helplessly. How did Xia Ruoxue learn from Sun Yi's trick?

He didn't think too much, and went straight back to his room.

Holding the black stone in the palm of his hand, he thoroughly understood everything in the reincarnation cemetery.

The third tombstone remained silent.

Isn't your level enough?

and also! What did Chen Qingcang mean when he said that he was their turnaround person?

Could it be that this group of people unconditionally made him stronger, what is it to fight against?

Ye Chen felt puzzled in his head, no longer thought about it, and entered the cultivation state.

In an instant, countless spiritual energy from the Samsara cemetery surged towards Ye Chen's body, the red glow on his body flickered, and a trace of dragons shook the entire Samsara cemetery.

Beijing, China Budo General Administration.

"Boom!"

A man with a Chinese character slapped a palm on the stone table in front of him!

The stone table is made of Lingshi, extremely hard!

But under the palm of the man with the Chinese character face, a series of fine lines like spider webs appeared.

The man with the national character face is Zheng Renjue who has made countless Chinese forces frightened, covering half of the martial arts world with one hand!

Seventh on the Huaxia Grandmaster List!

Even two places higher than Jiang Jianfeng!

The Huaxia Grandmaster Ranking, the higher the position, the greater the gap between each place!

Zheng Renjue stared at the people in front of him with cold eyes, and said angrily: "Not only Fang Zhongxin is dead? Even the three referees sent by the China Martial Arts Bureau also died on the martial arts stage? That kid can't have this kind of strength!"

His voice is full of supreme majesty.

"Master Zheng, it was not Ye Chen who made the move. What we didn't expect at all was that there was a top powerhouse beside that kid named Raksha! The way he shot, he will definitely not be lower than the top 50 of the Huaxia Masters list. The presence!"

Hearing these words, Zheng Renjue's eyes shrank: "Raksha? There is no such figure in China at all. Do you have photos or portraits! I can roughly tell the top fifty of China's grandmasters."

The man quickly took out a photo.

The man in the photo wears a peaked cap and sunglasses, which is almost completely covered!

Zheng Renjue directly threw the photo on the table: "Although this person has covered his face, from the perspective of the main body, he should not be on the Huaxia Grandmaster list! Check it out for me! Also, Ye Chen killed him. Fang Zhongxin! There is no escape! In three days, bring these two craps to me!"

He wanted to see who was so arrogant and dare not put Jiangnan Province Budo Association in his eyes.

In fact, he looked down on Zheng Renjue!

Being caught by him, he will not let the two people die!

"Master Zheng, things are not that simple. This kid is standing behind the whole dragon soul. Not only that, he has recording files in his hands. A long time ago, China had stipulated that the life and death results of the martial arts challenge will be determined by the destiny. No forces can be held accountable..."

Zheng Renjue clenched his fists, his body exploded.

"What I want is a result, not a rebuttal. Anyway, this matter is left to you. I allow you to bring a few masters from the China Martial Arts Bureau! I only want Ye Chen and Na Luosha to kneel in front of me! If something goes out, where will we put the face of the Huaxia Martial Arts Bureau!"

The staff of the Huaxia Budo Bureau had no choice but to nod their heads: "Yes, yes!"

Although the Huaxia Budo Bureau closed all news after the Budotai, the matter still reached some people's ears.

A compound in the capital.

A lean man came hurriedly, before knocking on the door, Jiang Jianfeng inside the house was really angry, and the door opened.

He looked at the man and said indifferently: "Could it be that what happened to that kind of evil? By the way, what was the result of him and Fang Zhongxin's martial arts platform? Although Fang Zhongxin's strength is not strong, he can step into the top of the Huaxia Grandmaster ranking. One hundred, it's not the evil kind that can be hostile..."

He seems to be used to it a long time ago.

Every time a lean man appears, it inevitably means that Jiangnan Province has changed.

The lean man nodded, with a deep sense of fear in his eyes, organized the language, and said: "Mr. Jiang, the result of the martial arts platform... that evil kind of victory!"

Ok?

Jiang Jianfeng stood up, his eyes surprised and shocked.

If it was reasonable to kill Tang Ao in Jiangnan Province, then Fang Zhongxin's defeat was really unexpected.

"Won by that evil species? How could it be possible?"

The lean man thought for a few seconds, and then said astonishingly: "Mr. Jiang, not only did that evil species win, but he also killed Fang Zhongxin on the martial arts stage!"

"what!"

"Mr. Jiang, please listen to me, the matter is not over yet!" said the thin man.

Jiang Jianfeng's brows condensed Chuan, and he stopped talking.

The man continued: "Not only Fang Zhongxin is dead~www.mtlnovel.com~ The three referees of the Huaxia Budo Bureau have all died on the martial arts stage! This time, it is not only Jiangnan Province, but also the capital!"

Jiang Jianfeng couldn't help it anymore, stretched out his hand and grabbed the man's wrist. He broke out murderously, and said, "Can you guarantee the truth of the matter? Certainly?"

It was not a trivial matter that the four strong men of the Chinese Budo Bureau had an accident at the Budo Station!

The key is that Ye Chen couldn't do such a terrifying thing even if the **** descended to the earth!

The man nodded fiercely, and said: "But the other three referees weren't killed by those evil things, they were a man named Raksha! This man is very mysterious, and his strength is unfathomable! If you talk about the Huaxia Grandmaster Ranking, it must be in mine. Come on! Even I feel that this person has exploded with all his strength and can enter the top 30 of the Huaxia Grandmaster!"

"The key point is that Rakshasa respects that evil kind of attitude...like...like Ye Chen's servant!"

Chapter 256: Don't be rude!

When the words fell, Jiang Jianfeng set off a stormy sea!

In the past few years, his heart that has not fluctuated because of a little boy!

The key is that every wave is higher than every wave!

A top powerhouse actually respects that wicked kind?

What a joke!

But the man in front of him cannot be deceived.

It seems that there are many secrets in that evil kind.

"Give me a plane to go to Jiangnan Province, I want to know what kind of character this Jiang family is like!"

The lean man was startled, and said in amazement: "Mr. Jiang, are you going to meet that wicked species? Didn't the old man say that he will permanently sever relationship with that family..."

Jiang Jianfeng smiled coldly: "I'm just curious, what kind of stuff Pei Rong's talent and an ant can give birth to... If that guy makes me unhappy, kill it!"

...

Three o'clock in the afternoon.

Ye Chen opened his eyes and exhaled a turbid breath.

He tried several times, but failed to break through the sixth layer of the aerodynamic realm.

But it's right to think about it. Today, I have broken through two small realms in a row.

He should also be content.

The only regret, the third tombstone, still did not move.

He took care of some of the information left by Chen Qingcang of Liehuo Sect, a large part of which was vague, but there was a martial skill that was extremely clear.

Burning Palm!

One of the top martial arts!

Burning Heaven's palm, the offensive is like a tide, like a sea of fire, superimposed on each other, with infinite power, training to great success, Burning Heaven blasts out, and can leapfrog and kill thousands of people!

Chen Qingcang won't have any **** on him, his martial arts must be top-notch.

Ye Chen ran True Qi according to the above line, slightly condensed, and his whole body condensed.

Suddenly, a flame burst out of the palm!

Very faint, almost invisible!

He could even feel a scorching sensation from the palm of his hand!

His eyes flashed murderously, and he blasted toward the door!

"Boom!"

The flame burst in his hand, and the whole door was shattered!

Not only that, but flames erupt all around!

This door was reinforced by Ye Lingtian with special materials!

It broke directly!

You can see the power of this palm!

"Fuck!"

Seeing the surrounding fire spread, Ye Chen's arm shook and the wind rose! It goes out instantly.

Ye Chen exhaled a suffocating breath, it seemed that he had to build a training room for himself.

He just wanted to try his power, and he hadn't released his full power before it turned out to be like this.

"Fen Tianzhang, really well-deserved reputation!"

At this moment, the door of the next room opened, and Xia Ruoxue in silk pajamas walked out.

The silk pajamas were as thin as fibers, and couldn't hide Xia Ruoxue's proud figure.

Even every step I took, my chest trembled lightly, and the turbulent waves made people short of breath.

More importantly, there is a vacuum under the pajamas!

There are faintly looming two small grapes.

Xia Ruoxue rubbed her sleepy eyes, glanced at Ye Chen's door in a daze, and said in amazement: "Ye Chen, what are you doing? Are you going to blow up the villa? I suddenly regretted moving in... You can deal with it quickly. , Otherwise you will be in trouble when Sun Yi comes back."

After that, her head was sober, and she looked down at Ye Chen's line of sight, and she found something in an instant, her pretty face blushed, and she quickly turned and headed into the house!

"that's it!"

The door closed.

Ye Chen woke up, glanced at the broken door, shook his head helplessly, and directly called Ye Lingtian, asking Ye Lingtian to send someone over to repair it.

In order not to disturb Xia Ruoxue, Ye Chen planned to go downstairs to practice.

As soon as I closed my eyes, the doorbell rang.

He frowned, got up to open the door, and when the door opened, he saw a young man.

Next to the young man stood two ancient warriors with good aura.

To have such a master as a bodyguard, the background behind it should be pretty good.

"Who are you looking for?"

Ye Chen said lightly.

There was no slight fluctuation in the tone.

"Are you Ye Chen?"

That person obviously didn't expect Ye Chen to be so young, he seemed to be only about twenty years old.

Ye Chen didn't speak, obviously waiting for the other party's follow-up.

"Xia Ruoxue's grandmother was cured by you?"

"Correct."

Ye Chen said, he had already guessed the origin of this young man, it should be what Xia Ruoxue said just now.

"Since you are Ye Chen, come with me, my grandpa needs your treatment."

The tone of the other party seemed to be filled with no doubt, it was not so much a request as it was an order!

Ye Chen's eyes flashed with a hint of displeasure, and he only uttered a word, "Go!"

In the next second, the door slammed shut!

Cut everything off!

The young man obviously didn't expect Ye Chen to refuse. He didn't even reveal his identity. Why did the other party refuse?

What reason does he have to refuse?

Before Ye Chen sat down, the doorbell rang again. He didn't intend to pay attention to it, but he thought that Xia Ruoxue was resting on it.

He opened the door again.

The young man hurriedly said: "Ye Chen, there are some things you may not understand. I might as well tell you, I am from the Han family in Beijing, and this time you are also the head of the Han family, who is the most powerful in the capital! You have no right to refuse. Once you are cured, I promise, your prosperity and wealth will never be enjoyed!"

"Also, I might as well tell you that my Han family holds an important position in the Huaxia Martial Arts Bureau. I heard that you are also a member of the martial arts world. If you still want to live well, I advise you to come with me!"

In his opinion, Ye Chen must understand how important this matter is!

Maybe even kneel and lick yourself!

"China Martial Arts Bureau?"

Ye Chen was startled, his eyes were a little surprised.

He's **** feuding with the Huaxia Martial Arts Bureau, this Han junior didn't even know?

Still let yourself save others?

You can't make it!

He had no idea that the China Martial Arts Bureau had blocked all news, even internally.

Except for a few high-level officials who knew what happened today, no one else knew!

Hearing Ye Chen's surprise, the young man nodded, and a breath came out: "The car, already waiting outside, let's go."

"What if I don't leave?" Ye Chen's eyes were cold.

The young man was startled, with a serious threat on his face: "If you can't go, you can't help but take it away!"

After the words fell, the two people beside the young man moved, but before they took a shot, they felt an extremely shocking wave of air rushing toward them!

In the next second, their bodies flew out directly!

A mouthful of blood was spit out in midair!

Seeing this scene, the youth obviously did not react!

"You're going to **** die..."

I haven't said it yet~www.mtlnovel.com~ Ye Chen kicked it out!

"I'll say it one last time, get out! If it wasn't for not wanting to get your blood at the door, you might have become a corpse long ago!"

His voice was cold to the bone.

The young man smashed to the ground and rolled, a little embarrassed. His fiery eyes shot at Ye Chen. Just as he wanted to speak, a beautiful figure suddenly appeared in front of him.

She is a woman about thirty years old.

"Sister! This little crap..."

Before she finished speaking, the woman slapped the young man's cheek!

Chapter 257: Heaven in Jiangnan Province!

"Don't be rude to Mr. Ye!"

"Sister, what is your attitude, you actually call this Xiaozhe..."

The young man's eyes widened, and he just wanted to speak, "Pop!", and slapped his face again!

Then, the woman looked at the old man who was following him, and said: "Old Yong, send this kid to the car, if he dares to have any disrespect, just slap!"

"Yes, miss!"

Soon, only the woman and Ye Chen were left at the door of the villa.

The woman smiled, quite charming, and owed Ye Chen even more, and said: "Mr. Ye, my name is Han Yan. It was my brother Han Ming just now. I apologize to you for what he did!"

If those in the capital circle knew that Han Yan was so low-pitched in front of a kid, she would definitely drop her jaw!

"I know." Just as Ye Chen wanted to close the door, Han Yan stretched out her hand.

"Mr. Ye, please listen to me. I know that Mr. Ye's medical skills can help him not only get the dying Zhu Rendla out of ghosts, but also help countless elderly doctors who are helpless... All over the world, if someone can rescue me The head of the Han family is Mr. Ye!"

Obviously, this Han Yan investigation was extremely clear.

Not only did he know that he had rescued Xia Ruoxue's grandma, he even knew that he had rescued Zhu Rende in Jiangcheng.

Seeing Ye Chen didn't speak, Han Yao smiled and continued:

"Mr. Ye, you can mention any conditions, and my Han family in Beijing will definitely satisfy you! I only hope that Mr. Ye will see the sincerity of our Han family and make one shot! No matter what the result is, my Han family will thank you!"

Han Yan finished speaking and looked at Ye Chen expectantly.

She thought Ye Chen would be moved, but she did not expect that Ye Chen said coldly: "In this world, people die every day, and everyone is equal before life and death. The same is true for your Patriarch Han! Also, in my Ye Chen's In my eyes, who to save is my choice, and I will not waste my energy to save irrelevant people! Don't give it away!"

Han Yan's face was pale, even a little angry!

He and Han Ming, one sang white face and the other sang red face. I thought it would be effective!

But he didn't expect that Ye Chen would not eat this set at all.

"Mr. Ye, will you be too cold-blooded if you don't save yourself like this? What's more, my Han family's position in the Chinese martial arts world, if you save it, maybe you will be protected!"

"Boom!"

Ye Chen closed the door directly, leaving only a cold word.

"I Ye Chen's life, I don't need the protection of any forces! Also, if your Han family dares to ring the doorbell to interrupt my rest, I promise, I will let you be buried here forever!"

Han Yan looked at the cold door and fell into deep thought.

She thought about the countless possibilities of coming to Jiangnan Province this time!

I just never thought I would be so ruthlessly rejected!

Is he Ye Chen crazy!

Dare to refuse the Han family!

...

In the villa.

Perhaps Xia Ruoxue heard the movement, changed her clothes and walked down. Meisou looked at Ye Chen and asked, "Has the Han family come to you?"

Ye Chen nodded.

First, he did not see any sincerity from the Han family, only saw the domineering, he could not save!

Second, the Han family is in contact with the Huaxia Martial Arts Bureau, and he is even more unlikely to save!

Third, the Han family in Beijing is certainly not comparable to the martial arts family in Jiangnan Province, but no force is qualified to make Ye Chen condescend!

Why should he save?

Xia Ruoxue poured a glass of water for Ye Chen and said, "It seems that you have refused. That's fine. Although the Han family has a lot of business, I heard that the Han family is extremely greedy. If you make a single move, they will make a difference.

However, if the Han family retaliated, it would be a troublesome thing. But according to your way of doing things, naturally you will not be afraid of them, right? "

Xia Ruoxue's beautiful eyes had a different look.

She woke up not because of the doorbell, but because of a phone call.

This call was from a friend of hers, who seemed to be asking her about Ye Chen.

It was okay for Xia Ruoxue not to ask, but when she asked, Ye Chen actually killed Tang Ao, the president of the Jiangnan Provincial Budo Association!

Not only that, but also against Fang Zhongxin of China Budo Bureau!

Her friend asked about the results of the Budotai.

Now it seems obvious that Ye Chen won.

Xia Ruoxue's beautiful eyes became more colorful, staring at Ye Chen deeply, her perfect face was full of surprises, surprises, shocks... She wanted to see Ye Chen through.

This once useless young man has slowly stood in the center of the storm.

Countless impossibility has been made possible by him.

Maybe it won't be long before Ye Chen will no longer be the first person in Jiangcheng, but the first person in Jiangnan Province!

Will she be able to fight for her own happiness at that time?

There has been no movement from Qin's house, and no phone calls.

Should still be in Kunlun Mountain.

Didn't invite the expert, what if the Qin family suddenly came back? This is her biggest worry.

Right now, perhaps only Ye Chen can stop the Qin family in the entire Jiangnan Province.

Her only hope now is that the strong man in Kunlun Mountain rejected the Qin family.

In this way, Ye Chen's strength is still possible against the Qin family.

But what if the Qin family succeeded? Where should she go?

"What are you thinking?"

Ye Chen waved his hand in front of Xia Ruoxue, and he said a few words, but Xia Ruoxue seemed to be wandering, without any reaction.

Xia Ruoxue reacted and smiled: "No...nothing, I just thought about why Sun Yi hasn't come back, I still plan to learn some dishes from her today."

"Or, I will try it today? I should be no worse than you in cooking!" Ye Chen said seriously.

The reason why he said this was because in part of the information Chen Qingcang gave him, there happened to be some rare delicacies from the ancient times.

These materials are not complicated, he should be able to get them.

The key is that these rare delicacies are nurtured with spiritual energy and supplemented by medicinal materials. Once taken, they will have great benefits for the body.

"Are you sure?" Xia Ruoxue showed a hint of surprise in her beautiful eyes.

"determine!"

"Well, Sun Yi and I are going to see what you can do. First declare that you can't order takeaway in advance."

"That is required."

Just when Xia Ruoxue and Ye Chen were happily chatting, a phone call came over.

Xia Ruoxue took out her phone and glanced at the caller ID, the smile on the corner of her mouth suddenly solidified!

Qin Zhengyang!

Do you want to be so coincidental!

Ye Chen felt something wrong with Xia Ruoxue's face, and asked, "What's wrong?"

Xia Ruoxue shook her head: "It's just harassing the phone. By the way, I will go to the room to get something, which is a special product I brought to you from outside."

"You wait for me below!"

Ye Chen nodded ~www.mtlnovel.com~ Although Xia Ruoxue felt a little strange, he didn't think too much.

Soon, Xia Ruoxue came to the room and locked the bedroom doors and windows.

Then the answer button was pressed.

"Xia Ruoxue, I have good news for you. Our Qin family will be back the day after tomorrow! I hope you can greet my Qin family in the best condition that day!"

"Of course, there is also my master Qin Zhengyang!"

"Perhaps starting from the day after tomorrow, the situation in Jiangnan Province will be completely changed! The entire Jiangnan Province is only respected by the Qin family!"

"My Qin family! It's the heaven of Jiangnan Province!"

Chapter 258: The first one!

When Xia Ruoxue heard these words of Qin Zhengyang, her eyes shrank slightly.

From the words, she knew two things.

First, the Qin family is finally coming back from Kunlun Mountain!

Second, the expert in Kunlun Mountain was invited back by the Qin family.

"Damn it!"

There was a trace of anger and panic in her eyes.

If the Qin family came back this time, if the expert is really like the legend, then the whole Jiangnan will have a big change!

More importantly, your marriage contract will be difficult to resist!

She thought of Ye Chen for the first time.

Can Ye Chen have a solution for the current situation?

Ye Chen's ability to kill Tang Ao at least shows that his martial arts strength is not weak at all!

The key Ye Chen's biggest problem is that he doesn't have his own power!

Tianzheng Group is at most a company, a tool for making money.

It is impossible to compare with so many powerful people in the Qin family!

The key point is that behind the Qin family this time is a Kunlun Mountain powerhouse.

Xia Ruoxue had never felt so irritable before, she forced herself to calm down, but found it impossible.

Ye Chen's urging voice was heard from downstairs.

Xia Ruoxue bit her red lips lightly, opened the suitcase, took out an amulet from inside, and then went downstairs to Ye Chen.

"This is for you, I asked for you specially." Xia Ruoxue swept away the smog, pretending that nothing happened.

Ye Chen was startled, looking at the amulet, a smile was drawn at the corner of his mouth.

The eyes are gentle.

What kind of amulet is needed for his current strength.

What's more, this amulet does not have the slightest light of spiritual energy and merit, and it does not have much effect.

Even so, Ye Chen didn't break it, and put the amulet on him.

"Ruoxue, this is the specialty you brought me? Are specialty products so deliberate these days?" Ye Chen smiled.

Xia Ruoxue was a little absent-minded: "You can wear it, it's very suitable, I'm a fisherman, I want to go out."

When Xia Ruoxue was about to leave, Ye Chen stretched out his hand and directly grabbed Xia Ruoxue's white jade hand.

Pull back gently.

Xia Ruoxue fell directly into Ye Chen's arms.

"How do I feel that you are hiding something from me?"

Xia Ruoxue flicked fiercely, but the panic in her eyes could not deceive Ye Chen.

"Let's talk about it, no matter what, I am here, and the sky falls, I still hold it."

Hearing these words, Xia Ruoxue's body was stunned. She thought of something and tentatively asked: "Ye Chen, how strong are you now?"

Ye Chen didn't expect that the other party would answer this. He pondered for a few seconds: "Have you heard of the Huaxia Grandmaster Ranking?"

"I have heard that it is the ranking of the strongest ancient warriors in China" Xia Ruoxue's eyes flashed with light.

"At present, if I want to discuss the ranking, I should be at 99th, because I beheaded Fang Zhongxin in this ranking."

"But I don't know the actual strength."

"Why did you suddenly think of asking this?"

Hearing this answer, Xia Ruxue's eyes were a little dim.

But soon the bleakness disappeared, and Sadyzhi's smile was on his face: "I just asked casually. I was a little curious when someone asked me about the martial arts stage. Okay, I'll go back to Xia's house. Get something."

Ye Chen released his hand without thinking much.

After Xia Ruoxue left, he still called Ye Lingtian and asked if there were any problems with the Xia family recently.

The result is naturally no.

Ye Chen still felt something was wrong, he took out a tortoise shell and copper coin from the reincarnation cemetery.

Put it on the coffee table.

Close your eyes and pinch your fingers quickly!

The mouth is constantly muttering: "If there is a delusion, it is a surprise to the god; if it is a surprise to the god, it is all things; if it is all things, it is to be greedy for Yin and Yang to rebel against chaos, and everything is open!"

In the next second, the copper coins on the coffee table spun automatically!

The speed is getting faster and faster!

The tortoise shell was also affected by some kind of magnetic force, constantly changing its position.

Countless golden rays of light shuttled between these things.

This is a spell he learned from the old man, although he can't survey his fate!

But surveying Xia Ruoxue's fate is more than enough!

In ten full seconds, everything stopped!

Ye Chen opened his eyes, his eyes shot a sharp light, and his five fingers patted on the coffee table!

The tortoise shell and the copper coin remained motionless.

He stared at the image on the coffee table.

Great omen.

The disaster of blood and light.

Ye Chen's face was a little ugly, the reason why the old man let him step into Jiangcheng first!

Just to stop Xia Ruoxue's **** disaster!

This disaster of blood and light is enough to make her die!

And the only breaker is him!

Uncontrollable existence of heaven!

He always thought that this day would be late, and he never thought it would be just recently!

However, the hexagram shows that it should not be today.

Even so, Ye Chen didn't dare to take it lightly, and directly called Rakshasa!

He sent Xia Ruoxue's picture to him, and then ordered: "Even if you die, you can't let her have any trouble!"

"Yes, my lord!"

The strength of Raksha almost crushes most of the martial arts powerhouses in Jiangnan Province.

With his protection, Xia Ruoxue is naturally the safest.

"This is not enough. In the next few days, try your best to stay with Xia Ruoxue."

When Ye Chen was in deep thought, Lei Shuwei called.

He thought that Lei Shuwei was here for the China Martial Arts Bureau, but he didn't expect that the other party directly threw a blockbuster!

"Mr. Ye, the one from China No.1 wants to see you."

"what!"

Ye Chen was a little startled!

He never thought it would be the one of China No.1!

This is the controller of China's highest power!

The key is that the old man is in a high position and controls all major events in China!

With such a daily existence, you want to see him?

"Mr. Ye, do you have time to go to the capital? The special commissioner No. 1 should be chasing you right away." Lei Shuwei said seriously.

He didn't think Ye Chen would refuse, after all, this was a great opportunity for Ye Chen.

Although the old man does not control the Chinese martial arts world, as long as the martial arts world is within the Chinese martial arts world!

This old man has absolute right to speak!

Moreover, the old man sent a special commissioner around him to pick up Ye Chen, just to send a signal to the Huaxia Martial Arts Bureau!

This son is his person, anyone who wants to move him, weigh himself first!

"Thank you for helping me, I may have something recently, UU reading www.uukanshu.com can't leave Jiangnan Province!" Ye Chen said.

Hearing this answer, Lei Shuwei was stunned!

Ye Chen actually refused?

I still refuse the invitation of the head of Huaxia One to go to the capital!

Is this crazy?

Since the old man took the position, no one has dared to refuse this invitation!

Is this Ye Chen the first person to be the first person in the past?

Lei Shuwei knew that Ye Chen was arrogant and also knew that Ye Chen had arrogant capital!

But there is absolutely no need for that in front of the chief!

That chief is saving him!

Chapter 259: dialogue!

If at the moment, in the dispute between the Huaxia Martial Arts Bureau and Ye Chen, there is no strong person to pull him, Ye Chen would be in great danger!

No matter how strong Ye Chen is, even if there is that mysterious Rakshasa standing behind him!

It's useless!

You know, there are at least two powerhouses in the Huaxia Martial Arts Bureau, who have entered the top ten of the Huaxia Grand Master!

There is even one in the top five of the Huaxia Grandmaster!

Lei Shuwei has a headache at this moment!

He wanted to say Ye Chen, but he didn't dare to say it!

"Mr. Ye, the opportunity is rare. You have gone to the capital. The China Martial Arts Bureau dare not touch you at least temporarily. Please think deeply."

Lei Shuwei persuaded.

Even so, Ye Chen still refused: "At the moment, I really don't have time. I must also be in Jiangnan Province. If I set foot on the capital another day, I will personally apologize to that person."

This is Ye Chen's attitude.

If the number one and Xia Ruoxue ulcer, Ye Chen will ulcer Xia Ruoxue without hesitation!

"Hey!" Lei Shuwei didn't know what to say, so he hung up the phone.

Five minutes later, the phone rang again.

Still Lei Shuwei.

Lei Shuwei said directly: "Mr. Ye, I have communicated with that person. Since he does not go to the capital, he will not be able to send a signal to the Huaxia Martial Arts Bureau. From now on, you can only handle this matter yourself. If you are psychologically prepared, it is almost impossible for one person to fight the Huaxia Martial Arts Bureau!"

"Although I can't go to the capital, I still have to meet today. He has some questions to ask you in person. Also, the first leader's car originally wanted to take you back to the capital. Now it seems that it can only be a compromise. Come to the base in Jiangnan Province, shouldn't it be okay? There is a machine here that can talk to the number one, Mr. Ye, please don't refuse this, otherwise that person will really get angry."

After Lei Shuwei finished speaking, the atmosphere did not dare to take a breath.

Mr. Ye, dare to do anything!

"it is good."

Fortunately, Ye Chen finally agreed.

After hanging up the phone, Ye Chen changed his clothes, and as soon as he went downstairs, the doorbell rang.

Ye Chen thought it was the car number one, but he didn't expect it to be the Han family sister and brother!

But this time, there were a few more people around them.

"It seems that the lesson is not enough?"

Ye Chen's eyes filled with coldness!

Han Yan said: "Ye Chen, I only want you to make a shot once, no matter what the cost."

"We have always wanted to maintain a good relationship with you. Why are you not willing? My Han family doesn't seem to have sinned against you."

Han Ming also said: "Ye Chen, we didn't want to have nasty things with you, but today you must go even if you don't want to go, and you can't help it!"

"The one next to me is Pan, who holds an important position in Beijing"

Before he finished speaking, a car drove directly into the villa.

The Han family didn't think so when they saw the car and the license plate!

The complexions of a few people changed drastically!

Pale to the extreme!

This license plate is the number one leader's car!

How could it appear in Jiangnan Province?

Damn it!

The first reaction of Han's sister and brother was the deck car!

Deck is a big sin!

The car with deck number one is even more a capital crime!

What a fate!

At this moment, the car door opened, and a young craftsman came directly in front of Ye Chen, saluting a standard military salute, and said: "Mr. Ye, please get in the car, the chief is already waiting for you!"

"it is good."

Ye Chen ignored those people and got into the car directly.

At this time, the Han family siblings and the others were all dumbfounded!

License plates can be faked!

Can the driver also cheat!

This man is the existence beside the one!

The key to the sentence just now is obvious, it was the old chief who personally invited Ye Chen!

This relationship is incredible.

At this moment, a few people just felt a cold sweat behind them.

They were definitely looking for death when they offended Ye Chen just now!

Jiangnan Province, Dragon Soul Base.

Ye Chen was taken to a conference room.

The conference room has a circular screen and seven or eight special instruments are operating.

Lei Shuwei was also inside.

Lei Shuwei saw Ye Chen with a complicated expression. He walked up and reminded: "Mr. Ye, the number one will connect from Zhongnanhai later, and I hope Mr. Ye will temper his temper."

Ye Chen nodded.

Although he is arrogant, it does not mean that he is ignorant.

Not long after, the screen signal flickered, and an old man projected directly.

The old man's hair was a bit gray, and he looked tough in a suit, but he looked tired.

When he saw Ye Chen, the old man's eyes flickered.

Lei Shuwei paid a military salute to the old man in the video, and then walked outside.

The door was closed, leaving only Ye Chen and this old man with top power in Huaxia.

The air is quiet.

The old man finally spoke: "Ye Chen, perhaps the name I hear the most during this time is these two words."

"You are a very interesting young man."

"I disappeared for five years. After I came back, it turned out to be like a different person. I thought I was sitting in this position, and all my secrets were invisible, but I didn't expect that the five years you disappeared was like a mystery. , I sometimes wonder, where is it, what kind of person can cultivate a desperate person into such a powerful martial arts expert in just five years?"

"Don't get me wrong, I don't have any thoughts of exploring your secrets, just sigh."

"I can't even be sure, whether you are lucky or bad for Huaxia."

"Ji Zai you are the chief instructor of the Dragon Soul * Xia has you, without fear in all battles!"

"The fierceness is because of your character, your arrogance, Qingmen, Jiangnan Budo Association, Wujia, Huaxia Budo Bureau and then continue. I don't know who will suffer. I even wonder if China will be broken by you. God? How should you be responsible for the public security of the society? You can't kill the door at every turn, will it be too much?"

"Remember, as long as you are in China, any behavior of yours will be stared at by a pair of eyes. You can call it the eye of China!"

Ye Chen didn't speak from beginning to end.

At the end, Ye Chen couldn't help it anymore, and said: "You are looking for me, maybe you are not talking about these things, if you have any questions in your heart, just tell me directly, I will not hide and choke."

The old man was startled and suddenly laughed.

"Okay, I like your character a little bit. In that case, I don't talk nonsense anymore, let me ask you a few things!"

"First, is the incident in the island country Wuhuangsha related to you? As far as I know, there is a tragedy over there~www.mtlnovel.com~ Some people are very upset, and the situation is very serious."

Ye Chen didn't hesitate, and said, "I did it."

"Secondly, isn't Takeshi Kitano dead? The Rakshasa you accompanied at the Budodai today, is Takeshi Kitano?"

Speaking of this question, the old man was obviously a little excited.

Or maybe it's incredible!

Although his think tank has guessed the identity of Rakshasa, he needs an affirmative answer!

"Yes!" Ye Chen still said.

Hearing this answer, the old man took a breath, really not calm!

Chapter 260: Happy for you!

How can the old man calm down?

Takeshi Kitano actually came to China!

The key is to be abducted by Ye Chen!

He was not after Kitano's martial arts strength!

It's the influence of Takeshi Kitano!

Kitano Takeshi is almost the belief of countless people in that country!

In the eyes of those people, the status is even higher than that of the prime minister of that country!

Now the faith of countless people actually came to China to be a thug for a young man, no one would believe it!

His body trembled a bit, but he quickly recovered a trace of seriousness, and said seriously: "Raksha is really Kitano Takeshi? How is it possible, his strength and style, it is impossible to sacrifice his life for the Chinese!"

Ye Chen sat in his seat and shrugged: "This is a fact. As for why, I can't tell you. Everyone should have their own secret, right?"

Check out new PVP arena battles!

Hearing these words, the old man nodded and said three good words: "Good! Good! Good! I want to ask one more point, will Kitano take your opinion?"

"I let him die, he must die too." Ye Chen said astonishingly.

As soon as this remark came out, the old man was startled, and his face immediately showed joy.

China and that country have recently appeared some irresistible contradictions on certain issues.

Right now, if China wants to become the initiative, Kitano Takeshi is the key person!

"Ye Chen, can Kitano take advantage of Huaxia?" The old man said without concealment.

"no problem."

The old man was overjoyed, and just about to speak, Ye Chen continued: "But, I have the conditions!"

Ye Chen knew this was his best opportunity!

What happened to Yunhu Villa, the mystery of the parents' life and death, and the whereabouts of Beijing Dragon Lord!

He may not know, but someone must know!

That's the old man in the video!

He holds China's top power in his hand, and all secrets are invisible.

The old man seemed to have guessed something and said: "You want to know about Yunhu Villa."

Ye Chen nodded, his eyes extremely solemn: "I don't just want to know about the Yunhu Villa back then, I also want to know where the Dragon Lord in Beijing is!"

The cold murderous intent was released.

Even after the video, the old man in Zhongnanhai was shocked.

After hesitating for a few seconds, the old man sighed and said: "It's not that I don't want to tell you, but I promised one person that I can't disclose this incident back then."

"It seems to only happen in a small Jiangcheng! But I can tell you that this involves the three top families of China! None of these three families is now you can shake, even I should be afraid!"

They represent the three strongest forces in China! No doubt! If these three families are angry, China will usher in an earthquake!

Even the behemoth Huaxia Martial Arts Bureau you are facing now, in front of these three families, dare not show any disrespect! "

"If you think that I am the top power! You are wrong! The true top power of China is these three families!"

The old man's voice sounded like thunder in his ears!

Ye Chen's body also curled up with monstrous evil intentions!

An invisible anger suddenly formed!

Seemingly aware of Ye Chen's anger, the old man said: "Ye Chen, although I can't tell you everything about Yunhu Villa back then, there is one thing that deserves your promise to me just now!"

"What?" Ye Chen said solemnly.

The old man's eyes condensed and stood up, with his hands on the table in front of him, he said word by word: "Your parents are not dead!"

"Boom!"

Ye Chen's heart seemed to be hit by a shell!

The whole person was extremely excited.

His eye sockets were red, and his veins burst.

Although all the information he is investigating now shows that the parents' death was strange and may even be alive, but he really couldn't calm down after hearing the affirmative tone of the old man in the video.

"Where are they?" Ye Chen said excitedly, these words almost came out of him roaring.

The old man shook his head: "I don't know about this. Even I can't touch the affairs of those three families, but you should know soon. Someone has come to Jiangnan Province to look for you."

The old man was afraid that Ye Chen would continue to ask things that shouldn't be asked. He looked at the time and said: "I will fly to the country soon. There is a meeting. Today's video is here. I will let someone come to contact you about Kitano Takeshi. "

"Also, I have two suggestions for you. First, be careful of the Huaxia Martial Arts Bureau. Second, don't touch those three families until your wings are full, don't."

The words fell and the screen was interrupted.

Ye Chen left the Dragon Soul base directly without asking Xiao Deng to send it.

He chose to walk back.

He dialed Ye Lingtian's phone immediately: "You have to investigate the top three families in Beijing at all costs!"

Ye Lingtian quickly sorted out a piece of information to Ye Chen.

But to his disappointment, those three families were not included in the information.

He was sure that one of them must be the family behind his mother, the Jiang family!

Jiang Jianfeng is the only clue.

The second one should be Long Ye's family, he doesn't even know his last name.

As for the last family, it was even more mysterious. He couldn't figure out which part of Yunhu Villa would involve this family.

"China's three top-tier families? Haha, if you are replaced by ordinary people, you may think you are unattainable!"

"But in my eyes, Ye Chen, this Huaxia and even the entire earth are not as small as dust!"

The reincarnation cemetery is his greatest support!

Just as Ye Chen was lost in thought, a powerful roar rushed over!

I saw a black Hummer rushing towards him!

Not only did the speed not decrease, it kept accelerating instead!

It has exceeded two hundred yards!

Ye Chen's eyes exuded a trace of coldness, and he was so angry!

Obviously, some people can't sit still!

In the blink of an eye, the Hummer rushed to Ye Chen's front!

Seeing that he was about to hit Ye Chen, Ye Chen bends his knees, and his feet gather in real energy!
Take a leap!

Suddenly broke out!

The body is directly five meters above the ground!

At the moment the Hummer rushed out, Ye Chen's figure fell and landed on the top of the Hummer!

The five fingers hit the roof like steel bars!

"Ziss!"

The sparks flickered and directly penetrated the roof steel plate!

Stabilize your figure!

But this was far from over, Ye Chen's eyes condensed, and then his arm was bombarded with a fierce tugging, and he tore directly!

There are five people in the car! The breath is not weak! One of them even gave Ye Chen a sense of threat!

The five obviously didn't expect Ye Chen to be so domineering, and no longer hesitated, murderous intent broke out!

Ye Chen snorted coldly, and shot a wind blade in his hand, slashing directly on the driver's neck!

The driver beheaded on the spot!

The blood was gradually stained on the glass windows~www.mtlnovel.com~ At the same time, the Hummer lost control and ran into a mountain wall!

The remaining four powerhouses in the car noticed something was wrong, and rushed out of the Hummer, heading directly towards Ye Chen!

"Boom!"

With a loud noise, I saw that the Hummer had hit the mountain wall, and the flame broke out!

On the ground, the four powerhouses have fallen firmly in front of Ye Chen.

The cold murderous intent began to spread.

"Ye Chen, I wanted to give you a pleasure, since you refused, then I'm sorry, you will enjoy torture next!"

An icy cold word came through with a rolling energy!
