Chapter 281: Ghost prison!

In Jiang Jianfeng's eyes, although Ye Chen was full of uncertainty, he was an ant after all.

Such ants, he can easily crush or kill them.

But he didn't do it.

For the first time, he knew that Ye Chen had killed Yuan Jingfu, so he used Ye Chen as a toy.

He wants to see how long this toy can last!

He used to bet against his subordinates, betting Ye Chen could not last three days.

But he did not expect that this kid slapped him in the face invisibly!

again and again!

is now the first person in Jiangnan Province without knowing it!

Ye Chen being the first person in Jiangnan Province is nothing to him!

is just an instant surprise.

But at this moment, the ghost of the blood dragon on the head seems to despise the common people!

seems to be invincible!

How many people can understand the shock of this vision, and how many people can feel it!

For a moment, he even felt that Ye Chen's threatening words could really come true!

He is the ninth existence on the Huaxia Grandmaster list. Looking at the entire Huaxia, how many people can make him feel afraid?

Although there is, it will definitely not be the evil one in front of you!

But is this kid really a sinner?

There is a legend in the Huaxia Martial Arts Bureau that he has been sneerful before today.

"The blood dragon runs to the sky, killing and cutting the world!"

This sentence is about this situation!

He thought there was no such a vision at all, but this moment really appeared!

He witnessed a blood dragon phantom burst out of a teenager!

There is even a faint dragon sound coming from my ear!

Could this evil kind be the existence of Slaughter and Slasher!

how is this possible!

Isn't this son Fangen? Isn't there no talent for cultivation?

What is going on right now!

Could it be that the test was wrong at the beginning!

Countless doubts entangled in Jiang Jianfeng's mind, his eyes were extremely complicated.

At this moment, Ye Chen continued to speak: "Jiang Jianfeng, I want to know what happened back then! Tell me!"

His tone is not like asking, but command! Very tough attitude!

If it were changed to normal, Jiang Jianfeng might have already killed him.

But at this moment, the blood dragon above the sky is staring at him, and the cold pressure is covering it.

is very uncomfortable.

Jiang Jianfeng is scared! I'm really scared!

Ghost knows why this feeling suddenly arises.

He glanced at Ye Chen, swallowed his saliva, and said: "This matter has to be talked about decades ago. After your mother became an adult, he awakened the rare spirit root, which means a person's talent and strength. All of a sudden, your mother became China's beautiful girl, and the Jiang family's scenery is boundless."

"Unfortunately, the problem has arisen. Even though your mother has a strong talent, she does not have the heart to practice ancient martial arts, and even extremely repulsive of ancient martial arts. In order to avoid cultivation, she thinks of ways to leave the Jiang family every day, because she is from the Jiang family. For Zhibao, the Jiang family also had no choice but to fight her."

"Perhaps because of this, your mother was unscrupulous, and even at a dance party, she met Ye Tianzheng who was traveling to Beijing, that is, your father. The two fell in love, regardless of all obstacles, until the Jiang family discovered that they had already It's too late, your mother is pregnant! She even secretly married your father in Jiangcheng!"

"After knowing this, the family chief Jiang was furious! At first, the Jiang family realized that your mother had no intention of practicing, and had prepared a marriage contract for your mother. It is also a spiritual genius! Once the two get married, the child born must be top-notch. genius!"

"It's a pity that your mother chose your father, a humble ordinary person. Originally, your father was going to die, but your mother chose to leave the Jiang family to save your father. She will never enter the Jiang family forever!"

"Originally, the Jiang family had expectations of you. When you detect your spiritual roots and completely fall to the bottom, no matter how bad the Jiang family's blood is, it is impossible to give birth to a common root or a waste! You are an evil species to the Jiang family. One of the biggest failures, you don't have to stare at me, I'm just telling a fact."

Ye Chen's cold eyes closed, and he continued to ask: "What happened at Yunhu Villa back then? What is the origin of that Long Ye? Tell me, you should know his whereabouts."

This time, Jiang Jianfeng did not answer, but said: "The things at Yunhu Villa were not as simple as you thought back then. The water was deep. Don't know it. Although I look down on you, I even wanted to kill you, but I saw you. After that, I changed my attention. You shouldn't die now, because I want to see you go to the capital and disrupt this already uncontrollable situation!"

"What if I must know?" Ye Chen's indifferent voice fell, and the blood dragon phantom on the sky seemed to roar! In anger!

Jiang Jianfeng still shook his head: "It's useless for you to threaten me. Although the blood dragon phantom is dangerous, it's not easy to kill me! Moreover, the matter of Yunhu Villa is full of doubts, even if I am still investigating now, I have never figured it out. One thing, why did that person suddenly deal with your family? I once asked your parents, but your parents ignored me at all."

Ye Chen glanced at Jiang Jianfeng, the other party had no intention of probing. It seemed that the Jiang family did not know the existence of the black stone.

At the beginning, Yao Jingu only said that Lord Long was looking for something, not necessarily the stone carrying the reincarnation cemetery~www.mtnovel.com~ Maybe there was something else in his mother's hands.

"Where are my parents in the capital, take me to see them today." Ye Chen said.

He looked forward to this moment for too long!

Jiang Jianfeng refused: "Maybe you will be disappointed. Not only you can't see them, but I can't even see them now."

"Why?"

"Because they are in Huaxia's Ghost Prison!"

The words fell, Jiang Jianfeng's cell phone rang suddenly, he glanced at the text message, his face changed drastically.

He stood up abruptly, dropped a sentence, and said: "I asked you to come today, and I had the urge to kill you, but now I have changed my mind. Next, you can do it for yourself, the ghost prison thing, I have a chance. I'll tell you again, right now, there is an accident in the capital martial arts world, the Jiang family is in trouble, I must go to the capital immediately!"

The violent wind rolled up, and Jiang Jianfeng disappeared from Ye Chen's sight in an instant.

Ye Chen sat on a chair and lit a cigarette. He was very satisfied with the news today.

Although I don't know where the Ghost Prison is, but with a name, it will naturally be easier to find it.

Smoky, Ye Chen looked at the calm lake and muttered:

"Jiang family, I will remember this account first! Back then, my mother begged hard, and you treated me as a wicked species. Back then you looked down on our family.

But it won't be long before I will let you know what is truly unattainable!

I, Ye Chen, don't need the light of your Jiang family, the three of my Ye family can become the top family in China! At that time, you can only look up! "

Chapter 282: Change!

Ye Chen smoked a few more cigarettes on the park bench, cleared up some thoughts, and took out his cell phone to call Ye Lingtian.

"How much do you know about Ghost Prison?"

Ye Lingtian on the other end of the phone was blank and shook his head: "Hall Master, I have never heard this name."

"I will investigate the matter in the capital in the future and help me pay attention to the ghost prison by the way."

"Yes, the lord!"

Then, Ye Chen called Lei Shuwei again. The Dragon Soul's information system should be relatively sound, but the answer he got was the same.

It's as if there is no ghost prison in this world.

Hanging up the phone, Ye Chen fell into deep thought: "I don't know the existence of Dragon Soul, is there really any ghost prison in this world?"

Although Jiang Jianfeng is a little hostile to him, he shouldn't deceive himself.

No longer thinking about it, Ye Chen got up directly, ready to leave the park.

He raised his head and stared at the blood dragon phantom above the sky for a few seconds, and the blood dragon phantom swooped down from the sky!

The howling wind and dragon chants kept ringing!

"Boom!"

finally rushed straight into his body.

This blood dragon phantom was recently discovered by him. He thought he could only see it, but now it seems that a strong man of Jiang Jianfeng's level can also detect it.

Although I don't know how this blood dragon phantom was formed, it should do no harm to me.

When the blood dragon phantom rushed into his body, the reincarnation cemetery shook!

The third tombstone cracked again a bit, and a ghost gradually appeared.

agglomerate forming.

is an old man wrapped in a black robe. The old man's eyes are full of cold light, which makes people palpitate.

The black-robed old man glanced at the nearly a hundred tombstones behind him, his eyes were extremely solemn and responsible: "Is it really worth it that we put our destiny on a hairy boy?"

The words fell, the reincarnation cemetery suddenly blew up.

As the wind hits, the figure of the black robe old man completely disappeared.

The reincarnation cemetery returned to silence.

Under normal circumstances, only Ye Chen can mobilize the great power in the tombstone to come out, but this time, he came out by himself.

weird to the extreme.

But Ye Chen outside didn't pay attention, he walked directly to the place where Xiao Deng parked, preparing to return to Mingcui Villa.

Suddenly, Ye Chen stopped.

He noticed something in his peripheral vision and stared at a figure in the distance.

That figure was limping up, carrying a huge snakeskin bag on his shoulder.

When he reached a good position, he put down his snakeskin bag and started to organize things and set up a stall.

Although it is still morning, there are already many people setting up stalls nearby.

At the entrance of the park, the traffic is very good.

Because they sell things that are used in life, several aunts are already asking.

Ye Chen stopped because he knew the limping man!

The other party's name is Zhong Xueyong, from Songshan County below Jiangcheng, he set up stalls to discuss life, and he was hearty.

When Ye Chenchu came to Jiangcheng, in order to make money, he bought a bunch of things to set up a stall in Chengbei Park.

was also at that time, was invited by Shen Mengjia to Shen's house and met Shen Haihua.

He still has a good impression of this uncle stall, and helped him a lot, simple and kind.

The key is why did he come to Jiangnan Province too?

And his feet are lame like this, he remembers that he was fine in the past few months?

No more thinking, Ye Chen walked over, and when he came to the booth, Zhong Xueyong smiled heartily: "Look and see, my old Zhong's things are sold with conscience, brother..."

The voice suddenly stopped.

Zhong Xueyong was stunned for a long time before saying: "Xiao Ye, why are you?"

"Uncle Zhong, it's a coincidence, I just came here for morning exercises, why did you come to Jiangnan Province?" Ye Chen smiled.

Zhong Xueyong explained: "My daughter's school has moved to Jiangnan Province. For the convenience of taking care of it, I put the stall nearby."

"By the way, Xiaoye, the things you set up last time are still with me. I waited for you in Jiangcheng for more than ten days, but I didn't see you appear..."

The two chatted briefly for a while, Ye Chen's eyes fell on Zhong Xueyong's legs: "Uncle Zhong, what happened to your legs..."

Zhong Xueyong's face changed, and he smiled immediately: "I accidentally dropped it, nothing happened..."

Ye Chen frowned. He glanced at it and found that his leg wasn't as simple as falling. It was obviously the result of a heavy blow, but since the other party didn't say anything, he didn't need to ask again.

Just then, I don't know who shouted: "They're here again!"

Zhong Xueyong glanced at a few people coming in the distance, full of panic, quickly put away the stall, and directly resisted on his shoulders, perhaps because it was too heavy, there was a trace of pain in his face, but he still clenched his teeth.

"Xiao Ye, let's stop talking, those guys are here..."

After finishing speaking, Zhong Xueyong limped out.

himself suffered a foot injury, and coupled with such gravitational pressure and violent running, he could feel a trace of life's hardship in Zhong Xueyong.

This is the backbone of a man.

Suddenly, Zhong Xueyong's injured right foot obviously couldn't bear the weight on his shoulder, and he fell directly to the ground!

Bleeding on the forehead.

Ye Chen saw it~www.mtlnovel.com~ Just when he wanted to help, Zhong Xueyong had already stood up, picked up something in a panic, and put it in a snakeskin bag.

At this moment, several men in uniforms with black plastic sticks in their hands have come to Zhong Xueyong!

"Fuck, the lame man is still running!"

A man headed by kicked Zhong Xueyong's chest even more!

Zhong Xueyong smashed to the ground instantly, and everything on his body fell to the ground even more.

"I've seen you **** a dozen times, and the lame one leg is not enough, why the **** want to lame the second leg? Last time I asked you to pay, but I didn't pay, and I wanted to come here to set up a stall, pooh! !"

The man headed by just wanted to smash a stick, a gust of wind rolled up, Ye Chen had already stood in front of Zhong Xueyong, and the five fingers even held the black stick fiercely.

"Go!"

Ye Chen flicked his arm, and the man was directly flew out and fell to the ground embarrassedly, spitting out a mouthful of blood in his mouth.

And that stick is already distorted.

Ye Chen helped Zhong Xueyong up: "Uncle Zhong, are you okay."

Zhong Xue shook his head bravely: "Xiao Ye, did you hit them? Oh, that's troublesome!"

Ye Chen just wanted to speak, and an angry voice sounded from behind: "Grass! Fuck! The dead lame found a practicer as a helper!"

I saw that the man had stood up, his eyes were bloodshot: "It seems that it was not enough to break your leg that day, grass, both of you broke your legs today!"

gave an order, and several other men in uniforms also gathered around.

Ye Chen shrank his eyes, his eyes flashed with a hint of anger, and said to Zhong Xueyong: "Uncle Zhong, did they break your leg?"

Chapter 283: Beijing earthquake!

Zhong Xueyong nodded and shook his head fiercely, and persuaded Ye Chen: "Xiao Ye, you go quickly, this matter has nothing to do with you, the uncle can carry it by himself, the big deal is to confiscate something, and then close it for a few days..."

Before Zhong Xueyong's words were finished, the man headed sneered: "You **** thought it was so easy! Dreaming! In this area, you bunch of trash stalls are all in charge of Lao Tzu. I want you to die, I want you Live it!"

Zhong Xueyong's face was extremely pale, Ye Chen's eyes were cold, and he said, "Do you guys get up the clothes you are wearing right?"

"What the **** is going on with this clothes, you take care of it! Do it!" The leading man waved his hand and rushed towards Ye Chen and Zhong Xueyong.

For this kind of garbage, Ye Chen really has no plans to do anything.

I simply dirty my hands!

But right now, this group of people are looking for death, he doesn't plan to let it go!

As soon as he wanted to make a move, a black shadow swarmed into the crowd!

For three seconds, everyone fell to the ground!

It was Xiao Deng who shot!

Xiao Deng glanced coldly at everyone on the ground: "Some people, you can't afford to offend!"

The headed person felt that the bones all over his body seemed to be shattered, so he subconsciously took out his phone and prepared to ask someone for help.

Xiao Deng has already walked up to him, took his cell phone, and dialed a call.

"Wang Jianqi, I'll give you five minutes. No matter what meeting you have, you will immediately rush to Huxi Park in Jiangnan Province. There are a group of people here, which should be considered under your jurisdiction. They should not be offended if you come one minute late. , Your position is not guaranteed."

The person on the other end of the phone was startled, and subconsciously said: "Who are you?"

"Southeast Military Region, Deng Yuankun!"

Hearing these words, the face of the person on the other end of the phone changed completely!

Xiao Deng squeezed the phone in his hand, then looked at the man whose eyes were full of fear, and ordered: "Next, you will understand who you have offended."

That leading man panicked!

Breathing, dare not even breathe!

Because there is only one Wang Jianqi in Jiangnan Province, the boss of his immediate boss!

Fuck!

Calling a big man in such a small matter?

He thought that the other party was pretending, but in an inadvertent moment, he swept in front of him. The man had a cold weapon on his waist.

is a gun!

Xiao Deng stood up, came to Ye Chen, and ordered: "Mr. Ye, the matter is handled, the group of people are probably temporary workers. You don't need to take care of this small matter."

Ye Chen nodded, glanced at the group of people on the ground indifferently, then looked at Zhong Xueyong: "Uncle Zhong, show me your legs."

Zhong Xueyong is completely in a daze at the moment.

He stared at Ye Chen fiercely, terrified.

Who is this Xiaoye!

Why is there such a strong beater who respects him so much?

He wanted to refuse, but subconsciously nodded.

Ye Chen helped Zhong Xueyong to the side, and pressed his hands on his legs.

"Uncle Zhong, it hurts for a while, you bear it."

"Xiao Ye, I know my legs, it's nothing serious." Uncle Zhong said.

Ye Chen smiled: "Uncle Zhong, you forgot what I did before setting up a stall. I am a genius doctor."

The words fell, Ye Chen's manual operation was stopped, only a "click!" was heard, and then a rush of real energy poured in.

Uncle Zhong's injury is nothing compared to Rakshasa. Even if he goes to the hospital, he is treated for half a month. Ye Chen only speeds up the process.

Besides, he felt that Uncle Zhong would not be willing to go to the hospital to spend this money.

Zhong Xueyong gritted his teeth and felt severe pain, but something strange happened. After a few seconds, the pain was gone?

was replaced by a stream of heat.

"Uncle Zhong, stand up and feel it, there shouldn't be any big problems." Ye Chen said.

"So fast?"

Zhong Xueyong became more suspicious, even the genius doctor is not so exaggerated.

"Correct."

Seeing Xiaoye so swearing, Zhong Xueyong stood up supporting her body, took a step, and she was not lame!

There is not even a trace of pain!

His eyes widened, and his face was even more excited!

really good!

Zhong Xueyong looked at Ye Chen, excited to the extreme!

Although he has never seen the world, it does not mean he is stupid!

Then he knew that Xiaoye was not the same person as him, he was a real big man!

He thought of something, and knelt down quickly: "Mr. Ye, I..."

Ye Chen stepped on his footsteps, and a burst of true energy condensed, and Zhong Xueyong couldn't kneel down no matter how hard he tried.

Just when he wanted to speak, he noticed a tremor from the reincarnation cemetery, and no longer hesitated, he said to Zhong Xueyong:

"Uncle Zhong, you'd better call me Xiaoye. I have something to do today, and I have the opportunity to invite you to dinner another day. If you encounter anything again, you can contact someone around me."

After finishing speaking, he instructed Xiao Deng again: "Xiao Deng, leave your phone number to Uncle Zhong. If there is anything, please take care of it."

"Yes, Mr. Ye."

Soon, Ye Chen and Xiao Deng left, leaving only Zhong Xueyong holding a business card trembling in the wind.

There is only one name and a string of numbers on the business card.

But the four characters of the Southeast Military Region are engraved on the back~www.mtlnovel.com~ At the same time, there was a big earthquake in the Beijing martial arts world!

, a girl with a mask was born and seriously injured all the powerhouses of a dozen families!

There was even an old man in the martial arts family who was directly **** to death.

The Budokan, Budodai, and even some places with the breath of warriors in the capital were all swept by a strong wind!

And behind the gust of wind, there is a girl wearing a mask!

The girl is not tall, but in the eyes of those ancient warriors in the capital, it is a mountain that cannot be read!

The key is that the other party will do it if they don't agree!

Those families have no idea why they were beaten!

Inside a single-family villa on the Fourth Ring of Beijing.

A middle-aged man was vomiting blood in his mouth, his eyes staring in horror at the mask girl with Erlang's legs on the sofa.

He knelt on his knees, his body trembling constantly.

He is really scared and scared!

He is Bao Xinhe who is ranked 10th on the Huaxia Grandmaster List. How could he have suffered such humiliation!

Even if you are injured, you can't even handle ten moves!

Where did the guy on the sofa come from?

"You are the strongest existence I can find at the moment. I thought I could play more, but I didn't expect to fight so much. Is there anything stronger in Beijing?" Ji Lin wearing a mask said lightly.

Bao Xinhe didn't speak, he could feel an invisible pressure covering him.

"Senior, I have no grievances with you, why do you want to deal with me?"

Ji Lin stretched his waist: "I didn't kill you again. I just asked you to learn from it. Who would have thought you were such a trash."

Chapter 284: The way of killing!

Bao Xinhe's mouth twitched slightly, it was the first time he was called rubbish!

The key is that he doesn't even have the power to refute!

"I'll ask again, are there any better people in Beijing now?" Ji Lin said.

Bao Xinhe shook his head: "As far as I know, most of the other strong people on the Huaxia Grandmasters list are not in the capital. Some have gone abroad, and some are seeking opportunities in the mountains."

Ji Lin felt a little boring: "In other words, you are now the strongest in Beijing and China?"

Bao Xinhe was startled, and smiled bitterly: "This senior, if I were the strongest in China, I would not be so embarrassed. Aside from the Huaxia Grandmaster list, there are some top powerhouses in the dark! These powerhouses concentrate on cultivation, fundamentally I don't care about the ranking..."

"Where are these people, do you know?"

Bao Xinhe's eyes shrank, and he said helplessly: "Senior, I really don't know. When the ancient warrior comes to the back, besides caring about his family's affairs, who will care about other people's movements! Even if I am now a bright face of China It's ranked tenth strong, and I am not qualified to touch those powers!"

Ji Lin felt that it was impossible for this guy to lie under his own coercion. Just about to say something, the jade pendant on her waist flickered.

She took the jade pendant, a little unhappy.

Because her sister Ji Siqing confessed that the jade pendant flickered, she should go back to Kunlun Xu, otherwise she will be at her own risk.

"Isn't it said that I can stay outside for ten days and a half month? It's only a few days, and I have to go back. I haven't had enough things!"

She stood up, because she was a little angry, her breath was terrible.

Bao Xinhe watched Ji Lin come over, his face pale to the extreme!

Could it be that the other party wants to kill people and kill them!

"Senior, please interrupt my life!"

Bao Xinhe can't take care of everything.

In front of face and life, he chose the latter without hesitation!

If he dies, all his cultivation in this life will be wasted!

The key is that he has just entered the tenth place on the Huaxia Grandmasters list!

Everything has just begun!

Ji Lin glanced at Bao Xinhe and sneered: "Are you sure you want to live?"

"Yes! Of course I do!" Bao Xinhedao.

"Would you like to be my slave?" Ji Lin said.

Bao Xinhe's face became stiff, his generation of masters actually wanted to be someone else's servant!

His heart is extremely annoyed, if someone else uttered a rant, he would have killed him!

But the mysterious girl in front of him, he really didn't dare to do it! Also not qualified to do it!

"I...I do."

After Bao Xinhe said these words, he seemed to be a teenager.

Ji Lin nodded in satisfaction, then forced a drop of blood, and pointed it on Bao Xinhe's eyebrows: "I can't resist! Otherwise I die!"

A few seconds later, Ji Lin retracted his hand and said: "I will explain two things to you, and you must do it unconditionally!"

"First, prepare me some snacks and pack them in two suitcases! From now on, I will personally bring two boxes of snacks to Kunlun Mountain on the 3rd of every month. I will contact you at that time!"

Hearing these words, Bao Xinhe almost spit out old blood!

Just for such a small thing? Control him directly?

"The second thing, during this period of time, you pay attention to a man named Ye Chen. If he comes to the capital and encounters any trouble, you must help this person at all costs! Even if you die, he cannot get hurt at all. !Understand!"

"Understand."

Ji Lin took out a photo and threw it to Bao Xinhe: "If these two things can't be done well, I will not only erase your cultivation skills! I want you to become an out-and-out waste!"

"Yes Yes Yes!"

"Hurry up and prepare snacks!" Ji Lin shouted.

Bao Xinhe ignored his injuries and went straight to the door.

.....

Jiangnan Province, Mingcui Villa.

Ye Chen returned to the room and locked the door.

directly took out the black stone, touched with his mind, and instantly came to the reincarnation cemetery.

The powerful aura is refreshing.

Ye Chen's eyes fell on those tombstones!

I saw that nearly a hundred tombstones kept shaking, as if something was about to rush out.

"What's happening here?"

Ye Chen walked a few steps closer, and suddenly felt the blood of his body condensed and the ghost of the blood dragon rushed out again!

At this moment, coiling on a tombstone!

is the third tombstone!

A strong slaughter gas overflowed, and a sword intent was condensed to guard the tombstone!

"Are there any differences between the characters on the third tombstone?"

Ye Chen's tone was a little weird.

He even felt that the Dragon Slashing Sword seemed to be affected, and he was shaking violently.

He moved a few steps forward, as if a force was pulling him.

Soon, he came to the third tombstone.

"Crack!"

The tombstone split directly, and the killing text disappeared, and a black mist came out from it!

Ye Chen just woke up, he won't be the third tombstone!

He intends to keep his hole cards!

There is no danger now, what to inspire this guy!

At this moment, the black mist had already condensed and formed, and a rickety old man in a black robe appeared in front of him.

The old man wears a short, hard gray beard~www.mtlnovel.com~ A pair of tan eyes are deep in the sockets, and a tousled gray hair grows under the black robe.

The black robe old man raised his head, his extremely cold eyes staring at Ye Chen.

"The Lord of the Reincarnation Tomb, we finally met. I don't know how many years have been waiting for this day."

Ye Chen looked a little ugly, and said, "How long can you support?"

He thought the old man would answer for a few hours, but he didn't expect the old man to speak directly: "Ten days, or one month, or even longer."

"so long?"

The old man did not have any expressions, and said: "I will not directly give you something like the previous two. Your current cultivation base is too low, you can't bear it, it will only waste. I want to teach you the Tao that suits you best."

"The way that suits me best?"

The old man nodded, his cold eyes gleaming with cold light: "Kill Dao."

"Although you have experienced killings over the years, in my eyes, these killings are not worth mentioning. I want to take you into the real way of killing."

"For example?" Ye Chen said.

"Like this!"

The black robe old man suddenly disappeared, and in the next second, he appeared directly behind Ye Chen, and a long sword came directly toward his neck.

Ye Chen fiercely turned sideways, but the sword still slipped through his skin!

A crack opened, blood bursting!

Ye Chen quickly closed the wound with luck, and even took a blood gathering pill.

After adjusting his breathing, he stared at the black robe old man in front of him!

The strong man in the reincarnation cemetery wants to help him? How did it become to kill him?

Sword intent strikes.

"Today, I will teach you a sword called Bloodthirsty Slash! All the killings are a gorgeous performance!"

Chapter 285: Come, it will only die!

Endless sword shadows encircled Ye Chen's sword body. Although he avoided the vital parts, his body was hit by hundreds of swords at this instant, although it was an extremely small wound! The black-robed old man obviously took back his strength!

Once you use your full strength, blood will inevitably overflow and your breath will collapse. No matter how strong you are, you can't escape!

"This is Bloodthirsty Slash?"

Ye Chen's eyes were a little frightened.

Even if he saw the old man's sword in Kunlun Xu, he was not so weird and crazy!

The sword turned ninety-nine-eighty-one laps on him!

Very domineering!

Every sword can kill him! But every sword has a staggered key!

This feeling is crazy!

.....

Ye Chen stayed in the room for five full hours.

He could feel the killing thoughts in his mind as if all over his body.

This feeling is so cool.

Luo Yuntian and Chen Qingcang can give themselves a lot because of the short time, but he can absorb too little.

The black-robed old man in this reincarnation cemetery seemed to give nothing, but between life and death, his body seemed to remember those sword intents.

It was as if the Bloodthirsty Slash had been integrated into the body and became a part of him.

He looked at the black-robed old man and said, "How do you call the senior?"

The black-robed old man shook his head, his tone lonely: "How about knowing my name? I have long since disappeared in the long river of history. How many people can remember my name?"

"Boy, you got the cemetery of reincarnation, it seems you control the qualification to fight the sky, but this is not a bondage, your destiny has long been tied to our hundred people, you rise, our hundred people have some hope, you fall, The hundred of us will really disappear between the world and the earth. Let's do it for ourselves."

"Well, someone is looking for you outside, you go out first."

When Ye Chen came out of the reincarnation cemetery, his scarred body was healed strangely.

Is it an illusion?

He held the black stone, glanced at the reincarnation cemetery, and found that the black-robed old man had disappeared, but this time, the tombstone was not broken.

The black robe old man should still exist.

Ye Chen opened the door and found Sun Yi and Xia Ruoxue standing outside the door, his eyes a little suspicious.

Sun Yi said with her waist crossed, "Xiaochenzi, we have called you dozens of times, why didn't you respond at all? It was almost prying the door."

Xia Ruoxue glanced at the house, there was no one.

The two thought that Ye Chen had hidden a woman in the house, but now it seems they are thinking too much.

Ye Chen scratched his head and explained: "I have been really tired these few days. I slept very heavily while lying in bed. I really couldn't hear anything."

Xia Ruoxue smiled and said, "I wanted to wait for you to have lunch together, but now it's three o'clock in the afternoon, and the food is warming up for you. You can wash it and eat it."

"it is good."

After eating lunch, Ye Chen went out, wanting to go next door to see how Raksha broke his arm.

Just stepping out of the villa, he noticed something and said, "Lu Hanshuang, now the Blood Plum Palace has asked you to monitor me? You should know that what I hate most is surveillance."

Lu Hanshuang looked serious: "I'm here to tell you an important thing."

"what's up?"

"The headquarters of the Blood Plum Palace is going to move you."

Lu Hanshuang's tone showed a trace of fear.

After all, the place where she is located is the branch of the Blood Plum Palace Jiangnan Province. The killer here may be completely inadequate for Ye Chen now.

But if someone comes to the headquarters, it will be really troublesome.

"Last time your Blood Plum Palace's Ling Feng said that he had cancelled the pursuit of me?" Ye Chen said.

"Ye Chen, things are not as easy as you think. This time, it is the blood plum palace in the capital who called the name and surname to deal with you. If I guessed correctly, the killer has already come to Jiangnan Province."

Ye Chen ignored Lu Hanshuang and went to the villa next door.

Lu Hanshuang chased after him and said seriously: "The killer at the Blood Plum Palace Headquarters is not as simple as you thought. Moreover, this time, the killer at the Blood Plum Palace Headquarters in the capital is most likely the number one killer! Only blood was on his hands. , No failure."

"Ye Chen, can you not look like you don't care all the time? It's absolutely extraordinary to be able to please his presence. This person is extremely dangerous. These days, you'd better stay with the little girl who shot at Nanqin Mountain Villa. Only her I can save you."

This is the result of discussions between Lu Hanshuang and his wife.

Ye Chen stopped and said, "Maybe I will disappoint you, she has already left."

Hearing these words, Lu Hanshuang's face changed drastically!

If there is no such master, what would Ye Chen use to fight that person!

According to that person's working style, within three days, Ye Chen must be found!

is more likely to chop off Ye Chen's head directly!

Lu Hanshuang's palms were all sweaty, and he subconsciously grabbed Ye Chen's arm and said, "Ye Chen, before the other party has reacted, you should leave quickly, go to Hainan, or travel around in other countries. A few days will do. Bring Miss Sun and Miss Xia, isn't it just right?"

Ye Chen glanced at Lu Hanshuang's hand, and then stared at Lu Hanshuang's beautiful eyes closely, saying every word: "Lu Hanshuang, I understand your kindness, but why should I leave? UU read [www.uukanshu](http://www.uukanshu.com). Since he is coming, I am here waiting for him. I have given them the opportunity of the Blood Plum Palace, and this time they don't cherish it."

"No matter who it is, the result will be the same, he will only become the dead soul under my sword."

Hearing these words, Lu Hanshuang almost thought Ye Chen was crazy!

This kind of top killer in China, what kind of fight does Ye Chen fight?

Sword the dead soul?

When that guy started to kill, Ye Chen didn't know if he was still born!

Even though Ye Chen is now the first person in Jiangnan Province on the bright side, but in front of the strong people in the capital, it is not worth mentioning!

There are people outside of people, there are days outside of heaven!

Ye Chen doesn't know how much he converges?

Without that junior, he probably couldn't hold on to a single move!

Damn it!

Lu Hanshuang knows Ye Chen's character. Once he decides, no one can change it.

All she can do now is to remind her. Now that the reminder is over, her task is considered complete.

Lu Hanshuang looked at Ye Chen's back and shook his head helplessly: "You think you are on the pinnacle of Jiangnan Province, but you don't even know how vast the sky outside is. This is your greatest sorrow."

"Ye Chen, I wanted to pay you back. It seems that there is no chance in this life."

Lu Hanshuang's figure disappeared in Mingcui Villa, leaving only this sentence to sigh.

Ye Chen is naturally not afraid of the number one killer of the Blood Plum Palace headquarters. He might have been a little bit jealous at first, but now the third tombstone is open, and behind him stands a top powerhouse who takes killing as his path. He is afraid what?

He was looking for someone to try the power of Bloodthirsty Slash.

is here, it will only die!

Chapter 286: Who do you think you are!

There are 7 rooftops in Jiangxinbieyuan Community, 400 meters away from Mingcuibie.

A man wearing black gloves put down the high-powered telescope in his hand.

There was a hint of playfulness at the corner of his mouth.

"That kid is Ye Chen, the hunter who has been in the sky recently?" The man said, "It's not very good."

A middle-aged man beside him nodded repeatedly: "Yes, he is Ye Chen."

The middle-aged man who spoke was Fang Dongcheng, the person in charge of the Southeast Region of the China Budo Bureau!

Fang Dongcheng personally matches the top killer of the Blood Plum Palace!

Just because this matter is related to his life and career, success is not allowed!

He glanced at the assassin beside him, a little afraid.

He could feel the coldness and murderous intent on the opponent.

If the other party wants to kill him, it's extremely simple.

This is a threat from strength!

The opponent seems to be born for killing!

This kind of person is terrible!

The key opponent doesn't even have a name!

"Don't underestimate Ye Chen. Jiangnan Province doesn't know how many masters have been planted in his hands. The key is that he doesn't blink at killing people, his strength is erratic, the time is strong and the weak, and I can't figure out the origin of the opponent. "

The man sneered coldly: "That's just **** from your China Martial Arts Bureau. The breath of that kid is very weak to me. He may not even be able to hold three moves on me!"

Fang Dongcheng's expression changed, and the other party actually dared to insult the China Martial Arts Bureau!

He was very angry in his heart, if he hadn't asked him to invite this person, he would have been angry.

No matter how strong you are, you still have to be bound by the China Martial Arts Bureau!

Fang Dongcheng suppressed his inner anger, he didn't want this guy in front of him to be so confident! At that time, if you despise Ye Chen, you will die!

"This Ye Chen is not as simple as you think, you must be careful when dealing with him!"

The arc of the man's mouth is evil: "It's just a rubbish, so be careful, he won't see the sun tomorrow."

The words fell, the man actually took a step directly!

Jump off the eighteenth floor!

This scene deeply stimulated Fang Dongcheng!

Although the strength of the ancient warrior is strong, it is not enough to fly!

He hurriedly leaned out his head and took a look, only to see that the moment the man fell, a device in his arm shot out a steel wire, and the steel wire was inserted directly on another building!

With the help of the device on his arm, the man flies directly over the wall! Wandering in the more than ten floors of buildings!

Finally disappeared!

Fang Dongcheng's heart set off stormy waves: "Blood Plum Palace is the No. 1 killer organization in China. This killer is too terrible. It is estimated that Ye Chen will die this time! This kid will not die again. If he steps on the capital, he will definitely be a demon king!"

Ye Chen came out of the villa next door, Raksha's recovery ability was pretty good, and he was playing Go with Wu Xiangming inside. Not to mention, Raksha's Go level is very strong, much higher than martial arts. In ten minutes, Let Wu Xiangming lose the piece of armor.

Then Ye Chen returned to his villa and found that Xia Ruoxue and Sun Yi had changed their clothes.

A glamorous character, a sweet temperament.

It's just a visual pleasure.

Ye Chen smiled: "What are you two doing, are you going to go out?"

Sun Yi nodded, blinked her big eyes, and said: "Xiao Chenzi, a new store has opened in the Olympic Sports in Jiangnan Province. It is said that the business is getting better, so we are not planning to cook at home today. How about going out? You did not refuse Oh, the two of us have already voted for."

Ye Chen shrugged: "I'll change my clothes, otherwise I won't be worthy of you in this suit."

Xia Ruoxue covered her mouth and smiled: "You are now a man in the martial arts world of Jiangnan Province, and you are afraid that you are not worthy of us?"

"low profile."

Soon, Ye Chen changed into French tailored casual clothes.

There are no labels or patterns, but when worn on his body, he shows his upright figure to the fullest.

Standing in the center of Xia Ruoxue and Sun Yi is no less than a star.

"Don't say, Xiaochenzi, you are not only suitable for the martial arts circle, but also for the entertainment circle." Sun Yi exclaimed.

At 6 o'clock in the evening, Jiangnan Olympic Sports Plaza, 4th floor dining area.

When the three of them appeared, almost countless eyes shot over!

The eyes of those boys looking at Ye Chen were extremely envious and jealous!

One of Sun Yi and Xia Ruoxue is enough to surprise the entire Olympic Plaza!

Not to mention the two!

Xia Ruoxue came to the reception area and whispered to the waiter: "I reserved a box today, my surname is Xia"

The waiter checked, and quickly said: "Miss Xia, the box is at 7, go straight and turn right."

"Thank you."

Xia Ruoxue came to Ye Chen and Sun Yi: "Let's go, 7."

Just when the three were about to enter the store, a man in a suit walked out, and the waiter who received Xia Ruoxue quickly bent over and said, "Boss."

The man nodded, his eyes fell on Xia Ruoxue and Sun Yi, his eyes were slightly shocked, and then he quickly stepped forward: "Two beauties, I am the owner of this store, Yu Haisheng. Box 7 is a small box. It will be uncomfortable, or I will upgrade you to a big box for free, and everything you eat today will be free."

Xia Ruoxue directly refused and said: "No, I have reserved a small box, and I don't need to be exempted."

The attitude is extremely indifferent.

After finishing speaking, he took Ye Chen and Sun Yi directly into it.

It seemed that Yu Haisheng couldn't even match the air in front of her.

That's right, now that the worth of three people is comparable to the owner of a restaurant shop?

Still need a free bill?

ridiculous!

Yu Haisheng's expression was a little awkward, and even his eyes fell on Ye Chen for a few seconds.

He hasn't failed in this move, but what happened today?

Girls nowadays are cheap?

Also, why are two beautiful women accompanying this kid?

When the three of them disappeared from sight~www.mtlnovel.com~ he cursed inwardly: "Damn it, what a little boy!"

After eating and drinking, the three of them didn't eat too much. Originally, others thought that the store tasted good, but they thought it was very good, but in fact it was far from what Sun Yi made!

The three of them simply ate some, then checked out and left.

Unexpectedly, Yu Haisheng walked up again with a smile, and handed out business cards to Sun Yi and Xia Ruoxue: "Two beauties, the taste of the shop is not suitable? This is my business card with my WeChat on it. I have a chance to be together. When I come out to gather, I have more than a dozen stores in Jiangnan Province, and part of this Olympic Sports Plaza is my family's property."

Yu Haisheng deliberately demonstrated his strength.

He opened a store almost for fun, because the dining area is a gathering place for beautiful women, and you can meet some high-quality beautiful women almost every time.

In a month, almost all the beauties that can be played with these stores can't be counted.

And Sun Yi and Xia Ruoxue are almost the highest quality existence he has ever seen in his life, of course they will not give up easily.

Chapter 287: Viper in the depths!

Ruoxue didn't plan to pick up their business cards at all, but Ye Chen snorted coldly, "To be honest, the taste of your store is really rubbish, and we won't come back again."

"Also, you really look like a fly."

"Let's go."

After speaking, Ye Chen walked outside with his two daughters in his arms.

This scene directly burned the anger in Yu Haisheng's heart!

Even if he said that he shop trash, he even compared himself to a fly!

You can't find death!

He just wanted to rush up,

One hand directly clasped his shoulder.

Yu Haisheng became even hotter: "Who the **** touches my shoulder!"

hadn't finished speaking, "pop!" A slap was directly slapped on his face!

Yu Haisheng saw the middle-aged man in front of him clearly: "Green Lord, why are you hitting me?"

He didn't dare to offend the man in front of him, because even his father had to sullen himself when he saw this man!

And most of the equity of Olympic Sports Plaza is in the hands of the man in front of him.

How did this man appear here?

Green Master had cold eyes, and said seriously: "You didn't offend those three people, right"

His tone is extremely serious.

Now the situation in the whole Jiangnan Province is treacherous and changeable, and one man is leading him away!

Almost all the people behind the scenes of the big forces knew about Ye Chen's existence.

And wherever Ye Chen goes, someone will report to it!

Just to not sin!

The Wu family has offended Ye Chen and annihilated!

Tang Ao offends Ye Chen and annihilates the clan!

was originally the Qin family of the first family. He offended Ye Chen and disappeared!

The martial arts family, business family, and some giants with a central position in the circle all know Ye Chen's name!

Even nightmares are Ye Chen's face!

Everyone is like walking a tightrope every day, they are afraid that Ye Chen will appear in their own territory, and then accidentally offend them, their foundation will collapse in an instant.

At the moment Ye Chen appeared in the Olympic Sports Plaza for the first time, Qing Ye threw off all activities and went straight to the Olympic Sports Plaza!

His eyes were staring at Yu Haisheng, and a hand clasped Yu Haisheng's neck, and asked: "I ask you if you have offended that man!"

"Which man?" Yu Haisheng panicked

He couldn't figure out what Qing Ye was suddenly angry with!

"Boom!"

Qing Ye directly kicked Yu Haisheng's chest and said: "You **** kill yourself, don't hurt Lao Tzu! I'll ask again, have you offended those two women and one man! Especially that man!"

Yu Haisheng was stunned, and a storm raged in his heart. Is it possible that those three people are some big people?

"Snapped!"

Green Master slapped him over and said excitedly: "What did that man say to you just now! Tell me without missing a word! Hurry!"

"They said my food was unpalatable and they said I was a fly" Yu Haisheng said.

Qing Ye realized something, his eyes became cold: "Damn!"

"Come on, drag this thing that doesn't have eyes long! If I were killed by you, don't your family want to live!"

Yu Haisheng panicked, and before he said anything, he was dragged by the two behind Qing Ye!

It is impossible for him to struggle!

The three of them had just left the Olympic Sports Plaza, an old voice suddenly blasted in Ye Chen's ears.

"Boy, you have been followed."

what sound!

Ye Chen stopped and suddenly reacted!

This voice came from the cemetery of Samsara!

is the old man in black robe!

Ye Chen looked around and didn't notice the slightest.

"You can't find it. This person is very good at hiding. The key is to always keep a long enough distance from you, let alone you. Even people two levels higher than you may not be able to detect it."

"This person has a very strong evil spirit. The killing spirit on his body is very heavy. If I am not mistaken, I am here to kill you."

"The other party has only one person, and he starts to observe you during the day, and his strength is much stronger than you. If I were you, I would go to him. This person is the best choice to extract Bloodthirsty Slash."

Ye Chen nodded, he said to Xia Ruoxue and Sun Yi: "I temporarily thought of something to deal with, let Xiao Deng send you back first."

The two looked at Ye Chen in surprise, and nodded: "Okay."

Ye Chen drove the two into the car, and at the same time asked Ye Lingtian to send someone to stare at him secretly, and then his gaze fell in a corner at ten o'clock.

A smile was drawn at the corner of his mouth, he stretched out his hand, and silently compared a middle finger.

now! A man a hundred meters away put down his binoculars, his eyes were deeply horrified!

He was discovered!

how is this possible!

He hunted down countless strong men, and those strong men were far stronger than the immediate goal!

No one has discovered his existence!

But what about the **** in front of me!

An uneasy feeling of danger came to my heart.

Professional sense of smell told him that the kid was more dangerous than he thought.

Is what Fang Dongcheng said true?

He picked up the telescope again to take a look at Ye Chen, only to find that the other party was gone!

Suddenly, a cold chill came directly!

The man's face changed drastically, and he subconsciously threw the telescope in his hand out!

"Snapped!"

The telescope is directly turned into powder!

The cold light is still there!

"噗哧!"

A black dart slid directly against his clothes!

A light blood stain appeared on his right arm!

"Ding!"

The dart was nailed directly to the wall, shaking constantly.

The man glanced at his wound, and then his eyes fell on the blood-stained dart!

His expression is weird to the extreme!

Because that dart is the blood dart of the Blood Plum Palace!

There are only ten blood plum palaces!

How can the key appear here!

Could it be that the people in the Blood Plum Palace are dealing with themselves?

impossible!

At this moment ~www.mtlnovel.com~ a cold voice sounded: "Let me guess who you are, Huaxia Budo Bureau? Jingcheng Jiang Family? Or is it the Blood Plum Palace?"

The man looked along the source of the sound and saw a cold and proud young man.

Ye Chen!

At this moment, the man's eyes are shrunk to the extreme!

He never thought that this kid was so fast!

It only took 7 seconds from discovering myself to appearing in front of myself!

How could the key opponent have such a keen intuition?

China's top killer is nothing more than that.

Before he knew it, he turned from a killer to a target!

Anti-hunting!

"Why do you have a blood dart?"

The man's indifferent voice sounded.

Ye Chen appeared in the hand of the Dragon Slashing Sword, and said lightly: "It seems that you are the number one killer sent by the Blood Plum Palace. I originally had some expectations for you, but now it seems like that."

The man stretched out his hand, wiped the wound on his arm, and then licked his blood-stained finger: "No one has let me bleed for a long time. You are the first and will be the last!"

The words fell, and the man's figure disappeared instantly.

turned, suddenly appeared in front of Ye Chen, and shot directly with a palm!

Ye Chen didn't hesitate, his true energy burst out, stepped out in one step, and smashed out with a punch!

Two forces touch instantly!

The air waves are rolling! The toughened glass on both sides shattered directly!

Chapter 288: Kill!

"Boom!"

Because of the collision between the two, a slight crack appeared on the ground!

It can be seen how terrifying this blow is!

And Ye Chen and the man backed away one after another!

Under one hit, it's comparable!

"Interesting, really interesting! But then, I will make you feel the joy of killing!"

The man's gloomy voice suddenly sounded!

Suddenly, a steel wire shot out of the man's palm!

The end of the steel wire is extremely sharp! Extremely fast!

"Hey!"

Ye Chen directly avoided the hidden weapon on the side of his body!

"You think it's too simple!"

The man sneered, his eyes surged with murderous intent, his energy exploded in his arms, his arms seemed to be thick a whole circle!

Then, his arm shook suddenly!

The steel wire was like ten thousand horses collapsed, forming a long sword intent, and went directly to Ye Chen's neck!

Ye Chen's face changed slightly!

pressed down, slapped a palm on the ground, and jumped up!

Five fingers grabbed the wire fiercely!

"Tear!"

The man was abruptly pulled back by Ye Chen!

"Suffer to death!"

The Dragon Slashing Sword in Ye Chen's hand was filled with innocence, and it was slashed with a sword!

This sword is like the flood of a dam suddenly released, roaring!

The man sneered: "The difference in strength between you and me is too big. It is not that easy to kill me with this sword!"

The words fell, the steel wire in his hand was actually condensed into a soft sword, and it was cut to Ye Chen's sword!

His steel wire is not ordinary steel wire!

can also be condensed into a sword!

is a joint creation of Lingshi and high-tech, with many changes in form, and the key common weapons cannot be destroyed at all!

"Broken!"

Two cold lights flashed by!

Mars masterpiece!

"Stab!" A strange thing happened!

His soft sword broke!

Countless steel wires are scattered!

The man's eyes widened to the extreme, and he said in shock: "How is it possible!"

Before he could react, Ye Chen's Dragon Slashing Sword had already been cut!

The sword intent that destroys the dry and decayed tears the air, just like the sword of the gods, directly smashes it down!

The man retired quickly!

Even so, his clothes were torn apart by the violent sword intent!

The man glanced at his clothes and smiled.

"This is the first time someone has made me so embarrassed, but the game should be over!"

"Do you know where my explosive strength is on the Huaxia Grandmaster Ranking? You are not qualified to know, but I just killed a 30th strong man the day before yesterday! What are you fighting against me!"

In the next second, countless black energy surrounded the man! His body suddenly grew a bit larger, and black energy penetrated into his eyes, and a cold killing intent covered it.

Ye Chen was startled, just about to start, a voice came from the reincarnation cemetery.

"This is the real face of that guy. This person's martial arts is also a murderous way. Now it is not easy for you to deal with him, and the stronger you are, the heavier his murderous aura, the more terrifying his strength. I did not expect Xiao Huaxia to have this. The existence of this secret method is interesting."

Ye Chen took a step forward, releasing the killing intent with the Dragon Slashing Sword in his hand, sweeping towards the man with the black light of death.

Sword moves are light and erratic, seemingly random, but it contains infinite murder and power.

"Broken!"

Seeing the sword will touch the man, the man roared! A black short knife appeared in his hand!

With a stroke of the knife, the knife gas rippled away!

Ding

A clear voice came, as if traveling through the ages of eternity, and as if it came from a voice from outside the sky, giving people an illusory and heavy feeling.

The swords and swords intersect, and the ultimate light bursts out from the intersection, like a dazzling sun, which is extremely dazzling.

A layer of invisible air waves rushed towards the surroundings, raging everywhere it passed, and all objects were shattered.

Ye Chen actually took a full three steps back!

The opponent's power has increased more than five times!

The man's grim smile sounded: "I want you to die, you must die. Remember, you die on the scarlet hands of the Blood Plum Palace! I am scarlet! Scarlet of blood!"

Obviously Scarlet is the code name of the opponent!

In the next second, the man has appeared in front of Ye Chen!

The short knife in his hand made a death arc in the air! The energy bursts!

slashed down towards Ye Chen mercilessly.

Once this knife is dropped, there is only one possibility!

die!

Just at the very end of the hair, a voice rang in his mind!

"The way of killing, you can condense your fingers and break the sword, and use your fists as a tool! The heart of killing is not afraid of everything! You control the blood dragon phantom, you can use this as a weapon!"

"To kill this person, five fingers! Plus bloodthirsty cut, that's enough!"

At this moment, Ye Chen seemed to be empowered! He has a better understanding of the way of killing!

A strong blood burst out of his body instantly!

Blood evil seems to have formed a blood dragon! Wrapped on Ye Chen's arm!

The hand of Panlong, there is death but no life!

Next second!

Ye Chen moved suddenly!

slammed the murderous blade!

From the man's point of view, Ye Chen was almost looking for death!

actually tried to resist his sword intention with his hands!

Is this guy looking for death?

Don't talk about the hands, even if a huge rock blocks in front of him, it will inevitably be cut to pieces!

"Dead!"

The speed of the short sword is getting faster and faster, and Hanguang seems to be distorting the entire space! The cold death will spread!

rumbling

Immediately after the thunderous blasting sound, one after another, the dust filled the sky, and the earth began to shake.

Ye Chen's hand collided with the terrifying short knife ~www.mtlnovel.com~ There was a hot spark and a sharp rubbing sound.

The next second, the picture seems to freeze!

The man's eyes were full of horror, because his knife was held tightly by a hand!

No break!

there is no blood either!

was held like this!

Not only that, but he seemed to hear a dragon roar in his ear!

Vaguely, Ye Chen's hand seemed to have turned into a blood dragon, the blood dragon's huge mouth opened, and he bit the short knife firmly!

The sword spirit disappeared! All power has been absorbed by the blood dragon!

how is this possible!

"You are not alone in the way of killing. Also, obviously, your way of killing is no different from garbage in my eyes!"

"Crack!" With a sound, the blood dragon phantom roared!

His knife broke directly!

The man's face was pale, his whole body was trembling, he took a step back subconsciously!

His eyes fixed on Ye Chen in front of him!

He discovered that Ye Chen is not alone! Behind him is a hideous blood dragon!

The blood dragon exudes an extremely terrifying aura.

icy cold. asphyxia. Kill.

It seems that just one look can swallow him!

"who are you?"

The fear spread, causing the man to retreat continuously. A deep gully was printed wherever he went, and his footprints were deeply plunged into it.

This is the coercion of the blood dragon! This is the meaning of killing condensed form!

"who am I?"

Ye Chen's eyes condensed, and he slashed the dragon sword in a tight handshake, the dragon roared into the sky!

"I am Ye Chen, the master of killing!"

Chapter 289: invite!

The man was startled when he heard the words Slaughter Dominate!

He realized that this would never work!

The strength and strength of the opponent is not his opponent at all! But it is suppressed everywhere in the meaning of killing!

And that blood dragon phantom!

He felt a deep crisis!

In the next second, his eyes flashed with determination, he bit his finger and forced a drop of blood!

Point directly above the eyebrows!

There is a blood lotus on his forehead.

The blood lotus seemed to surging with a ray of light!

The light became more and more dazzling, and the pressure on the man completely disappeared!

He no longer hesitated, and quickly rushed out towards Ye Chen!

If this child does not die, there will be endless troubles!

"Even if I burn my blood and cultivation base, you will die!"

A low roar sounded!

A voice suddenly sounded in Ye Chen's mind: "While the power of the other party's essence and blood has not yet condensed to the extreme, Blood Moon Slash! Quick!"

Ye Chen's murderous intent broke out, and his true energy was concentrated on his right hand, and the voice in his mind would not lie to him.

There was a sudden wind around, and the blood dragon phantom behind him seemed to be struggling!

In the next second, the Dragon Slashing Sword turned into a sword shadow!

The endless sword shadow rushed out, rippling in the entire space!

Swinging out a beam of air formed by sword energy, piercing the man.

The moment the beam of air rushed away, the phantom of the blood dragon broke out, a masterpiece of red light!

The bloodthirsty sword aura slammed at the man like raindrops!

For the man, nearly a thousand blood swords gathered all over his body!

"What kind of swordsmanship is this!"

"Why do I feel that my whole body is being stared at by the meaning of death, so uncomfortable!"

He could only resist the sword qi indiscriminately, and a lot of sparks and blood splashed.

The air vibrated, the wind roared, and sword marks appeared under the man's feet.

After a few seconds, Jian Ying disappeared and everything returned to silence.

There was no wound or blood on the man.

He glanced at Ye Chen and sneered: "Your swordsmanship is terrifying, but it can't hurt me at all, haha..."

"is it?"

Ye Chen had already retracted the Dragon Slashing Sword, with his hands behind him, the smile on the corner of his mouth was extremely cold.

Suddenly, the man's smile solidified! He slammed his head down, but found countless sword marks on his body!

His clothes are completely shattered!

Blood shot out! Like a fountain!

His pupils were dilated, and his eyes were terrified to the extreme!

It turned out that the kid's sword intent broke out completely at this moment!

how is this possible!

He actually died in the hands of a most dismissive target!

"you are--"

Before he finished speaking, his body exploded!

Torn apart!

No life!

Ye Chen exhaled a turbid breath, his back was soaked.

The sword of Bloodthirsty Slash is too exhausting.

His dantian hardly lost his anger!

"The martial arts I master now are too advanced, and my body can't keep up. I must improve my cultivation as soon as possible."

"The three big families in the capital and the ghost prison are definitely not that simple. Strength is king."

Just when Ye Chen sighed, the black stone flew out and suspended in front of Ye Chen.

The black mist is surging!

A black robe old man stood in front of Ye Chen.

At this moment, everything around seems to be its own domain!

The cold murderous intent is like falling to hell!

The black-robed old man glanced at Ye Chen, and said lightly: "Not only Bloodthirsty Slash or Burning Heaven Palm, they are actually not high-level martial arts, but they are more than enough to deal with China. Can you feel this battle?"

Ye Chen nodded, he could feel that his body and cultivation level had improved a lot during this battle.

The black-robed old man closed his eyes, and countless spiritual energy and dead energy around him enveloped him.

He grabbed his five fingers and formed a black and red ball of light!

In the next second, he slammed at the blood dragon phantom on Ye Chen's head!

"Boom!"

Red light masterpiece! Long Yin bursts!

Ye Chen was horrified to find that the ghost of the blood dragon was a bit huge!

The black-robed old man nodded in satisfaction, and said: "I ask you not to ask how your cultivation is, but this blood dragon phantom!!

It may be because of your practice that this blood dragon phantom became the bearer of your way of killing.

The more people you kill, or the stronger your anger, the more terrifying this blood dragon phantom!

Its growth is your growth!

It is strong, you are strong!

If one day it becomes a blood dragon, invincible! That's when you achieve the supreme killing!

At that time, you will let the Buddha block and kill the Buddha, and the **** block and kill the god! "

"Today, it is impossible to kill the opponent with your strength. This blood dragon phantom saved you! Remember, if you encounter a strong enemy in the future, this blood dragon is more useful than the sword in your hand!"

After the black-robed old man finished speaking, he turned into a black mist and dissipated in the world!

Ye Chen glanced at the phantom of the blood dragon above his head, this figure is too far away from the ten thousand feet.

Now, it is estimated to be the length of a truck.

He took back his breath, and the blood dragon descended from the sky and penetrated into his body.

The blood evil is hidden.

After that, Ye Chen took a few pills, and he could feel the exhaustion of his whole body disappeared.

He didn't need to stay longer, went straight downstairs and headed out of the Olympic Sports Plaza.

At the door, he received a WeChat message from Xia Ruoxue and Sun Yi to arrive home, and he planned to let Xiao Deng pick him up.

Before the call was broadcast, a red sports car stopped in front of him.

The window slowly fell, and a girl wearing sunglasses in the driver's seat waved to Ye Chen!

The girl's big wavy black hair has just the right texture, and her slender thigh wears a white and blue skirt, showing her perfect figure.

The body is slightly slanted, a pair of peaks and peaks ready to fly, half-covered and half-covered, not too large in scale, but beautifully shaped, just like an adult male can grasp with one hand, under the skirt, a white and slender leg is exposed.

"Mr. Ye..." The girl took off her sunglasses and said with a smile.

Ye Chen was still a little confused, but when he saw the woman's true face, he suddenly came over!

Zhu Ya from Zhu Family in Jiangnan Province!

After the dragon sword was repaired last time, the two had never seen each other again.

"Mr. Ye~www.mtlnovel.com~ If you don't like it, just get in the car."

Ye Chen nodded, put the phone in his pocket, opened the door, leaned slightly and sat in.

"How will you be here?"

Ye Chen said curiously.

Zhu Ya stepped on the accelerator slowly, although it was very light, but the roar still sounded.

She smiled: "Now in Jiangnan Province, almost all the forces are paying attention to Mr. Ye's movements, and my Zhu family is naturally the same."

"My trend?" Ye Chen frowned.

Zhu Ya said while controlling the steering wheel: "Mr. Ye knows something. The situation in Jiangnan Province has undergone a complete reshuffle. Now that Mr. Ye has become the first person in Jiangnan Province, as long as those dormant in the depths of Jiangnan Province If you don't move, Mr. Ye's movements will inevitably be paid attention to. Those big families and forces don't want their juniors to offend Mr. Ye."

Chapter 290: The clue to the ghost prison!

Ye Chen didn't expect that his movement would be paid attention to by so many people. What did he think of and curiously asked: "What do you mean by the person who is dormant in your mouth?"

Zhu Ya glanced at Ye Chen and explained: "I don't know how many years my Zhu family has made swords for the strong. Naturally, I know more than ordinary people. There are actually some forces dormant deep in Jiangnan Province, but they don't like it. It's just a struggle, but once they touch their interests, they must be awakened lions, and they can kill a huge force with one bite."

Ye Chen stared at Zhu Ya's profile, and suddenly wondered, Zhu Ya's news channels are so wide and his contacts are connected to the sky, will he know about the ghost prison?

Although Ye Lingtian had touched some things, they were all blocked by a layer of strength.

The Dragon Soul is an official power, and Lei Shuwei's access to things is not the highest level. He knows that China has a ghost prison, but he has no permission to view it.

Zhu Ya may know something right now.

Ye Chen no longer hesitated, and said directly: "Miss Zhu, do you know that there is a place in China called Ghost Prison."

"laugh!"

Suddenly, Zhu Ya stepped on the brake and stopped directly.

Her beautiful eyes stared at Ye Chen curiously, and the whiteness of her chest was constantly rising and falling!

"Mr. Ye, why did you think of asking this?"

Zhu Ya's voice was a little rush and trembling.

Ye Chen was overjoyed, and the other party knew it!

"Miss Zhu, Ghost Prison is very important to me. If you know, please let me know!"

Ye Chen grabbed Zhu Ya's wrist directly after one.

Zhu Ya could feel the excitement of Ye Chen's tone, thought for a while, and said: "The Ghost Prison is the highest, most severe, and most mysterious prison in China. It contains countless powerful people in China. These people either have serious crimes or cannot control China. , Or do extreme things to society.

You have to know that if some martial arts masters in China do something to ordinary people, then the matter will be very serious. The disappearance of Pingyang Town in 1999 that was once a sensation was the work of a martial arts expert. Thousands of people were killed overnight. Beheaded, Pingyang Town was even razed to the ground.

The Chinese authorities spent a lot of energy and countless strong people before catching the man and putting him in the ghost prison.

In recent years, some unsolved mysteries of China or the killing of the door have been completely blocked from news, ordinary people have no way to understand, even if someone witnesses it, they will be wiped out.

Almost all the people involved in these matters were imprisoned in the ghost prison.

This also caused many people in it to be extremely violent. "

Ye Chen's eyes were extremely serious, and the blue veins on his arm burst out.

Although Yunhu Villa involved three top families and the plot was extremely serious, why did it imprison its parents?

His parents don't have any strength, they are just ordinary people!

Jingcheng Longye was at large outside, but his parents didn't see the sun in Ghost Prison. What the **** is this!

Ye Chen was a little angry, and his anger surged.

"Miss Zhu, do you know where the ghost prison is?"

Zhu Ya's Qiqiao Linglong, naturally guessed something, and asked: "Mr. Ye asked if it was because of the Yunhu Villa back then?"

Ye Chen also had no need to hide, and nodded.

"Mr. Ye, the ghost prison is called the ghost because no one knows where it is. I even suspect that the prison is mobile, but according to some sources, it can be known that the ghost prison should be under the capital."

Zhu Ya said.

"Under the capital? This concept is too broad. I want to know the specific location. If Miss Zhu knows anything, please let me know."

Ye Chen calmed down and said seriously.

Zhu Ya thought for a few seconds, and said to Ye Chen: "I only know a general idea about the ghost prison, but I know someone who has been to the ghost prison! If you can convince him, maybe there is a drama."

"Who?"

Zhu Ya took out an invitation from her bag with a traditional Chinese character for "medicine"!

"China Pharmaceutical Alliance Xiang Chengdong!"

Ye Chen took the invitation and glanced at it, and found that his name was written on it. It was obvious that someone invited him.

Zhu Ya explained: "Mr. Ye, I came to you today for this invitation. The day after tomorrow, Xiang Chengdong, chairman of China Pharmaceutical Alliance, hosted a banquet in the Valley of Kings of Medicine in Jiangnan Province to gather the heroes of Jiangnan to witness the birth of an elixir. Not only did they invite me, they naturally also invited Mr. Ye."

"China Pharmaceutical Alliance?"

"Yes, I just said that there are some terrifying forces hidden in China, and Yaomeng is one!"

"Mr. Ye should know that Huaxia medicines are extremely scarce, and there are very few medicine masters. The average martial arts family can't touch high-quality medicines. The existence of Huaxia

Medicine League is respected by herbal medicines and medicines. They have been studying The ancient method of alchemy was hoping to refine the pill. In recent days, a top alchemist of the Yaomeng has developed a set of pill refining methods that can refine the third-class pill.

This event almost tremors the martial arts world in Jiangnan Province and even China. It is important to know that no one in Jiangnan Province has been able to refine the third-grade pill. Once the pill is completed, the Huaxia Medicine League will inevitably become the target of countless forces.

Xiang Chengdong's status will also rise, so this time is the best opportunity for Xiang Chengdong to show off his strength in front of countless strong men. "

Ye Chen's expression was a little weird.

He realized that Huaxia Pills were scarce when he was auctioning pill in Jiangcheng, otherwise the group would not be rushing wildly.

He thought that Jiang Cheng was too young, looking at the entire Huaxia, there should be some senior pill masters.

It now appears that there are not many that Huaxia can refine pill.

Is it going to be so exciting for the mere three-product pill? Also **** Jiangnan heroes?

He can now refine the fourth-grade pill now, isn't it just slaying everything?

The key is, what is the relationship between Huaxia Pharmaceutical League and Ghost Prison?

It seems that I feel Ye Chen's doubts~www.mtnovel.com~Zhu Ya said again: "Mr. Ye does not know that Xiang Chengdong is not only the chairman of the Pharmaceutical League, but also a master of medicine. Three people in Ghost Prison were on the verge of death. It was Xiang Chengdong who rescued him. If he didn't know the Ghost Prison, everyone in China would not be qualified to know."

Ye Chen accepted the invitation and promised: "Okay, I will go with you that day."

In any case, this Chengdong is the only clue to Ghost Prison.

Since the other party likes pill, it's a big deal to refine a fourth-grade pill in advance and give it to him.

He didn't believe that the other party hadn't explained the ghost prison!

A smile bloomed at the corner of Zhu Ya's mouth. She was still struggling how to convince Mr. Ye along the way. Now it seems that it is completely effortless!

If Mr. Ye were to go with her, her Zhu family would not lose their identity this time like the previous few times, and be extremely embarrassed.

The key is Ye Chen's domineering force, and being able to tie up with this top powerhouse is completely invincible. The best city doctor
